Number 51

COMMISSIONER TROWBRIDGE ON DEMONSTRATION WORK

Editor Lockney Beacon:—

Have just read your report of the Boys and Girls Club Encampment. It made my poor old soul both sad and glad. Sad to think there were just four farmers interested enough to go and spend the day with the children. Glad when I read these lines: "The Encampment was a grand success. Much interest was manifested. It will prove of lasting benefit to our boys and girls. Mr. W. H. Darrow, our County Agent, and Miss Jocie York, Economic Demonstrator, are doing grand work in this county in Club work. Their work will reflect upon the future farmers and housewives of this county. The Beacon considers this home demonstration work the most constructive ever undertaken in this or any other county." I, as one of the commissioners, want you to know that I certainly appreciate the fact that you are one among the few that endorse what the commissioners of this county are trying to do for this and coming generations. All we ever hear about our work is cussing, and growling, and when we hear of as many as three or four endorsing our work it almost gives us the big head.

Now Mr. Beacon, to show you how the people appreciate the work of the commissioners I will give you some of my personal experience. Just a few years back I bought and improved a home in the Harmony and Car's Chapple neighborhood, for I knew it was one of the best of the county, and I will say there is no more honest and upright people in the whole world than there is in this community. But now to the point. They begin to solicit me to run for commissioner having had experience of this kind before. I refused, but solicitations kept coming and I began to consider the matter. We positively had no roads to our markets. I will admit we had an open space, but it would not do to be considered a road. So I announced for commissioner, one of the most important offices in the county with the least pay of any of them. The result was, I was elected. The next point is, did I do any thing for them? Just as soon as I could get the road outfit I built them the best road in the county, got rounding corners so they could keep their

"lizzies" almost wide open in coming around them. I am sure they appreciated it. I also built them a bridge over the draw, and the day we received it there could be no doubt but that they appreciated it. It was something wonderful how they put the grub to us. Everything has gone fine so far, but here is what makes me feel sad. When I appropriated a few cents from each one to help the boys and girls here is where they sit down on me. At our last meeting we signed a contract to set aside \$1000 for a county agent. This year it cost us \$500. Now keep in mind this contract was made a month ago. Now comes three of my neighbors, and they are good men, with a petition, signed I suppose by nine-tenths of my neighbors, asking us not to make a contract for next year when the records of the court will show that the contract was made a month ago. The tax rolls will show that it will cost one of the twenty cents, and the other one 18 1-2 cents per year. Why this opposition. My poor feeble mind can not comprehend, and in the language of our Savior just before the crucifixion, "Prey the Father to forgive them, they know not what they do." I have lived long enough to learn that all things educational comes slow. I remember when the Sandhill people began to talk about a brick school building there was great opposition, and when the election came (if my memory serves me right) it just carried by one vote. Later on they begin to talk bonds at Lakeview for a good school building. There was opposition. We carried it by some little majority over Sandhill. Now I notice when the returns comes in for school bond elections they are always unanimous for the bonds.

Now, Mr. Beacon man, this article is getting too long to prolong it arguing the good this work will do, but if anybody will put the thing to work under their hat they will begin to see the good in it. As to our present county agent, I find him to be an educated man, a perfect gentleman, a man of high ambition. I am proud of the fact that my boy is associated with him in this work. Some of you knockers stop and see my boy's pig. In conclusion, I want the world to know that I am for the boys, girls, and anything to help to develop this great country.

Yours truly,
Chas. Trowbridge.

THRESHES BIG CROP OF OATS IN CURLEW SECTION

Mr. A. J. Mabry living in the Curlew community, threshed a 22 acre crop of oats one day last week and got a yield of 97 1-2 bushels to the acre. This is the best yield reported from that section of the county. The wheat of the Curlew section is also fine, having averaged around 30 bushels to the acre.

Floyd county has the best grain crop in years, and when it is all marketed will put this section in fine shape financially.

FLOYD COUNTY FAIR ANNOUNCES DATES FOR COMING FAIR

Floyd County's 12th Annual Fair will be held at Floydada October 2, 3, and 4. Preparations have been made for the largest Fair ever held in this county. The list of premiums will be the largest ever offered. The farm and stock exhibits this year will surpass any previous undertaking along these lines. Besides the regular stock exhibits the Boys' Clubs of Floyd County will have their exhibits on display. This exhibit alone will be worth a trip to Floydada to see.

The Beacon urges the people of the north end of the county to arrange to attend the Fair one or more days. Let's make it our Fair, or in other words an all Floyd County Fair. Nothing advertises a county as much as a splendid county Fair.

MAJESTIC DEMONSTRATION AT THOMPSON'S THIS WEEK

The Great Majestic Demonstration at E. P. Thompson & Son this week, conducted by a special representative of the factory, Mr. F. E. Spencer, is meeting with much success. Fourteen of these popular ranges were sold up to Thursday morning. Wednesday's sales, according to the popular manager of this firm, Mr. Rayburn Thompson, were seven. The Majestic Range is in a class within itself, and there are perhaps more of these ranges in use than all the other makes combined. If you haven't been around to see the demonstration you should do so at once. The demonstration closes tomorrow.

UNCLE THEO GRIFFITH BACK TO HIS OLD STAND

Uncle Theo Griffith moved this week to his former stand in the rear of the First National Bank, having been crowded off of Main street through the sale of the building where he was located. He says he will get back on Main street as soon as he can get a house put up for him. No matter where Uncle Theo is located he will command a nice business. He has been in business here a long time, and through fair dealings he has a patronage that will go with him anywhere.

Mrs. E. E. Dyer was a Plainview visitor Tuesday.

FARMERS' EXCHANGE SELLS TO SILVERTON PARTY

The Farmers' Exchange grocery business was sold this week to Mr. Morris of Silverton. Mr. Morris is an experienced merchant, and is moving to Lockney to make his home. The Union retains for the present their coal and grain business. The building was sold to Walter Long. The new management will occupy the building, invoicing to start the latter part of this week or the first of next.

The Beacon, on behalf of the business interest and citizenship of the town in general, welcomes Mr. Morris and family to our town, and bespeak for them a pleasant and profitable business engagement and stay in our city.

Charter of Panhandle Short Line Is Granted At Austin

Austin, Texas, Sept. 5.—The charter of the Panhandle Short Line Railway Company, capital stock \$300,000, principal office at Dalhart, was approved today by the Attorney General's Department.

The company proposes to construct a line of railroad from Dalhart through the counties of Dallam, Hartley, Oldham, Deaf Smith, Castro, Lamb, Hale and Lubbock counties, a distance of 200 miles.

The incorporators: E. G. Cook, W. R. Ferguson, O. O. Vernon, M. McGinley, J. H. King, W. A. Pritchard, W. A. Squires, A. E. Brown, E. B. Polard, T. L. Leichman, J. H. Wambeam, and John Phillips, all of Wichita Falls, and S. M. Potter of Caney, Kan.

HOWARD FAMILY IN REUNION

Judge and Mrs. Jno. W. Howard and their children and grandchildren, enjoyed a family reunion last Sunday at the Howard home in Starkey Community. 21 members of the family were present.

Out-of-town members of the family present were Mrs. E. M. Chapman and Mr. Chapman, of Crosby county and Weaver Howard, of Pueblo. Mrs. Weaver Howard and two children were the only members of the family not present at the reunion.—Hesperian.

A. R. Meriwether and V. N. Dillard returned Monday from the oil fields.

BOY GRIFFITH MOVES TO NEW BUILDING; ADDS NEW STOCK

This week Roy Griffith moved his confectionary business to the brick building recently vacated by Theo. Griffith. Roy purchased this building some time ago, and he will make a permanent location where it is now moved to. He is adding to his stock on confections, jewelry and drug sundries, stationery, cut glass, China ware, and in fact putting in an up to the minute business. He is installing a swell line of fixtures, wall cases made of walnut, with floor cases to match. When he gets his fixtures and stock arranged he will have the swellest place in town. The Beacon congratulates Roy in his enterprise, and bespeak for him a liberal business at the hands of these good people.

BUYS STOCK OF HARDWARE FOR LOCKNEY STORE

Norton Baker, with the firm of Norton Baker Hardware & Furniture Co., returned Thursday from the St. Louis and other markets, where he bought a full stock of shelf hardware for his store here in Lockney. He bought Warner's wall cases and floor cases, which will show off his stock to advantage. He also secured the Diamond Edge Tools and Cutlery, standard the world over.

Mr. Baker also bought Furniture while gone, and in this connection he stated that it was hard to get at any price.

Mr. C. L. Cowart is connected with Mr. Baker in business. They expect to open their new stock of hardware in the near future.

MEETING AT LONE STAR

The meeting at Lone Star school house is progressing nicely, conducted by Elder Chas. Watkins. Song service is good, conducted by Brother Estes. The meeting will continue over Sunday. Dinner on the ground. Everybody invited to attend these services.

First sermon at the College last Sunday under a contract with the Christian church of this place. Elder Sanders is from Lubbock, and has moved to our town with his family. Elder Liff Sanders preached his

LOCKNEY DRUG CO.

The courtesies of this drug store are extended to each and every one. We want you to feel that we appreciate you trading with us.

We have a full line of school supplies.

Superior Grain DRILLS

It is about time to think of sowing your wheat, and don't forget that we have the

Famous Superior Line OF DRILLS

With the last improvement that has been made on this drill it will give you satisfaction in every way. Be sure to see the SUPERIOR before you buy

E. P. Thompson & Son

TO THOSE WHO WOULD DO AWAY WITH PROGRESS

Attention is called to the article from Commissioner Trowbridge, appearing elsewhere in these columns, as to the effort of some to do away with the Farm Demonstration Work as has been carried on in this county by Mr. Darrow this year. While the Beacon respects the views of any man on this or any other subject, yet, at the same time, we consider the move of some farmers in the south end of the county to do away with this most important work a backward step. The work being done by the Commissioners' Court in this farm Demonstration work is the most constructive ever undertaken, and will add additional wealth to the people of this county. It is a system of education along progressive farming lines, and to deny the importance and benefits of same would be denying the whole scheme of education. Farm Demonstration work in this county is highly educational, and is laying the foundation for better and more scientific farming. The theory is "To make two blades of grass grow where one formerly grew," and when one takes into consideration the large field for research and advancement along the lines of better farming and stock raising we are surprised that any man or set of men would oppose same. Besides the benefit the work of Mr. Darrow to the farmers in general there is that of the Boys' Club work, which out reaches all others in point of importance. Mr. Darrow is giving our boys practically the same course here at home that would be given them should they be sent to Agricultural Colleges. The cost of this course would cost each boy at \$1000 if sent to the A. & M. College of

Texas or similar schools of other states. Thus Mr. Darrow is teaching a class of more than a hundred for the cost of one boy's education. Just apply some figures. The Commissioners' Court is paying Mr. Darrow for next year's work \$1000 as salary. If the 100 boys he is educating in this county along the same lines as taught at the Texas A. & M. College should have to be sent away for this information it would mean an expenditure of \$100,000. Thus the court is saving the people in education \$1000 less than \$100,000 or in plain figures, \$99,000 annually is being saved the people of this county in Agricultural education. Perhaps one or two out of the 100 boys being trained by Mr. Darrow would have an opportunity to attend an agricultural college, and the remainder would never have an opportunity to receive these beneficial instructions. Thus it will be seen that the Commissioners' Court has brought an agricultural college to Floyd county, and placed it free within the reach of every boy in the county. Who can deny these figures and the beneficial results of Mr. Darrow's training?

The Beacon heartily endorses the Commissioners' Court in making the \$1000 appropriation for this work next year. The work would be cheap at ten times that amount. The man or men that's fighting this proposition and petitioning the court not to employ an Agricultural Agent ought to be ashamed of themselves. They should nail up their school houses, close their churches and return to the ancient way of doing things. They should cast aside their improved farm machinery which has come through education and take up the forked stick again.

Purchased Our Hardware Stock

Our buyer, Mr. Norton Baker, is just back from the markets where he purchased a full line of shelf hardware. We have secured the Diamond Edge Tools and Cutlery, which are standard the world over. Our fixtures will consist of Warner's Shelving and Floor Cases, which, when installed, will give us a neat display of our goods

FURNITURE

We found Furniture scarce and hard to obtain at any price, however, we purchased a car which will be shipped soon. Furniture prices have greatly advanced since we were in the market last, but we bought regardless, selecting the very best the market affords. We will be able to show you many beautiful things in the way of Bedroom Suits, Parlor Sets, Dining Sets, Kitchen Cabinets, in fact outfittings from kitchen to parlor.

We also bought a beautiful line of Rugs which have begun to arrive.

Just arrange to drop in and see our socks, both Furniture and Hardware.

Display advertising rates on application. Classified advertising 10 cents per line. All advertising matter will be run until ordered out, unless otherwise arranged. All advertising charged by the week. All bills payable monthly.

It is announced that Hillburn & Miller, publishers of the Plainview Herald, will enter the newspaper field at Lubbock, and establish a new paper.

Almost two million and a half dollars, \$2,460,688.81 to be exact, will be distributed to citizens of the Eleventh Federal Reserve District on September 15. This vast sum will be distributed by the United States Government. It is a semi-annual interest payment on the Third Liberty Loan.

Fifteen states have ratified the suffrage amendment. Twenty-two more states, it is said, will ratify the amendment as soon as their states hold legislative sessions. It now looks like its a cinch that the women will have equal political rights with men folks. Bailey and Ferguson have not been able to stay the popular tide for equal suffrage.

The Roosevelt Memorial Association is an organization of national scope, with headquarters in Texas, who seek to raise funds to erect a suit-able monument to the memory of the Rough Rider. In a recent communication received at this office, the following expresses the aim and object of the movement: "The Association desires such contributions as may be made to come from those who respect the ex-President and who admire him as an American citizen that was unqualifiedly a true American."

There are now 10,800 French war brides in this country and the report is also current that many are returning to their native land, dissatisfied with America from a marrying standpoint. They say American husbands are not as demonstrative as the French, and do not love their wives in the same degree as the French husbands. Doubtless the romance connected with many of these war time weddings have played out, and these romantic French brides are facing the realities of American married life.

Being a friend to Ben Smith of the Beacon, we are glad he didn't run for the legislature, for he could not, on account of having weak eyes, afford to risk visiting the Deep Eddy bathing beach at Austin.—Plainview News.

We guess you and Lee Satterwhite of the Panhandle Herald ought to

know, for its said you held most of your session at Deep Eddy during the latter part of the Legislature. Your eyes, from what people say, are none the worse for it and we reckon we could have stood a few of them sights. They tell us you don't have to go to Austin to see sights that impair one's vision. Jess admits that much himself. He says its not good for us to come to Plainview for that very reason.

L. G. Wagoner, editor of the Miami Chief, and his family have returned home from a vacation spent in the mountains and along the stream of Colorado. Wagz says he put in from three to fifteen hours per day fishing and the party always had plenty of fish the supply of course depending on what canned fish they purchased at the nearest store. He should have known better. Who ever heard of an editor who has lived on the Plains all his life knowing how to catch real live fish. When we went fishing we took a fisherman along with us.—Canadian Record.

We imagine that fishing as a dry-bone proposition is rather poor sport these days. We are not surprised that Wagz failed to catch enough fish to make the pan stink, for who ever heard of an editor catching fish without the proper bait. If our Miami friend had been right smart he would have made a trip to Plainview and elicited Jess Adams' help. We imagine fish bait of the alfalfa tea order would have made them fishes come out on the bank to bite for the Miami editor.

W. H. (Coin) Harvey, originator of the Ozark Trail movement, announces that he will not accept another term as president of the Association, but will devote his time to Nation-Wide Concentration on Character Building, the lack of which threatens to engulf civilization. Mr. Harvey has been President and General Manager of the Ozark Trails Association since its inception in 1913. Under his leadership the Association has developed from a nucleus of 60 road enthusiasts to a strong organization of 5000 members. He says civilization is threatened through a lack of nation-wide concentration of character building and he proposes to devote his entire time to averting as far as he is able, repetition of a fate which he points out, has engulfed former civilizations.

"The Politician has no place in the Ranks of the American Cotton Association," so states Col. R. M. Nixon of South Carolina, director of the Association who visited Texas this week. The Association, according to Col. Nixon, has for its purpose the putting of cotton on a cost of production, plus reasonable profit basis. He says the Association wants no unfair advantage over any business. All they want is a fair break with other business, conceding to others the right to make a profit and demanding the same right. A recent interview with Col. Nixon at Dallas, follows: "When the work of the organization is concluded we are going to begin the establishment of warehouses all over the country, with a system of uniform

receipts that will eliminate the "country damage" from which 125,000 bales of last season crop have been lost. These warehouses will be in charge of bonded warehouse managers and their receipts as to grade, weight and staple will be accepted as negotiable anywhere in the world, which is not the case under the present system. We are going to run the association on business-like principles and the first man who seek to play politics from within the Association will find himself on the outside immediately."

Ben Smith of the Lockney Beacon threatens to boycott the high price of shoes and go barefooted. Don't do it Ben, shoes are about as cheap as scap.—Panhandle Herald.

Now the idea Lee, here you go trying to advise Ben Smith on the above subject when he knows more about it than all the rest of us fellows put together ever will know. Ben was fifteen years old before they put pants on him, and he must have been at least nineteen before he got a pair of shoes. He knows whereof he speaks about this barefoot business.—Miami Chief.

That kind of talk about us once going our shirt-tail is scandalous. Jess Adams starting that report on us after he got mad about us showing him up in that Arkansas Cat-Hollow whiskey hunt of his'n. We deny the allegation ad defy the aligator. We have always been well shod, and well clothed. Jess Adams and you North Plains editors notwithstanding. We now demand that you bring forward the "proof that we ever went barefooted in Texas. If we had been to the legislature there might be some suspicion that we went without socks.

The Tribune Publishing Company of Amarillo has been organized with a capital stock of \$100,000. An evening paper will be published as soon as a building can be erected and machinery can be installed. R. H. Nichols, editor of the Vernon Record is to be the editor of the new paper, with Eugene Thompson, traveling salesman for the Southwestern Paper Company of Dallas, as business manager. The directors of the company are R. H. Nichols, Eugene Thompson, L. E. Blevens, Ben H. Stone, T. E. Durham, C. H. Dixon and J. W. Crudgingaon, all of Amarillo except the first two mentioned names.

The paper situation is becoming acute again for the newspapers.—Canadian Record.

The profiteer is no despecter of person or professions when it comes to grafting the people out of their money. The war which we went through has its horrors, but the plain people are experiencing some of these horrors as after-war effect. There is only one remedy we can see, and that is for Congress to revise the Food Administration law, or rather change it so that every necessity of life can be regulated. The investigation and prosecution by the Department of justice is too slow to get results, and the country too large and profiteering too general to undertake to regulate these matters as is being done now. There should be a representative in each county, with deputies throughout the county whose duty it should be to regulate the prices to be charged. These administrators should have the power to call for a man's invoice and see whether he is charging from 100 to 500 per cent profit.

Some of those Fort Worth merchants haven't got much nerve. A recent investigation of prices showed that one merchant was buying a shoe for \$4 per pair and selling them for \$10. Looks like the high cost of profit instead of the high cost of doing business.—Miami Chief.

The high cost of living is causing much comment at this time. Its the time when we have to buy our winter clothes and other necessities incident to winter. The Fort Worth man charging \$6 profit on a pair of shoes is on par with the man in that city that has been charging 50 cents per pound for liver. Liver in Fort Worth that cost 8 cents per pound was sold in one butcher shop for a half dollar per pound. Meen have become cold blooded indeed when they raise the price of liver to 50 cents per pound. Liver is the mainstay with many people, and the Beacon editor was congratulating himself that he knew a way around the high cost of meat this winter. We had planned to eat liver a few times a week, and thereby get by, but if this 50 cents per pound becomes general we reckon we will have to take to the Plainview jack rabbit habit. A man that raises the price of liver ought to be shot.

Get your winter coal now while you can get it, while the getting is good. There will be a shortage latter on. We have the Niggerhead and Matland coal. Farmers Exchange 4911

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel!

E. J. Reynolds Tobacco Co. Winston-Salem, N. C.

18c a package

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways Camels are in a class by themselves!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate this remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums coupons or gifts!

Camel CIGARETTES

LOCKNEY PUBLIC SCHOOL OPENS WITH MOST FLATTERING PROSPECTS FOR 1919-20 TERM

Lockney's Public School opened Monday with the brightest prospects that has ever greeted teachers, pupils and patrons. The enrollment was 337 pupils. The auditorium was comfortably filled with patrons and friends of the school, together with the large enrollment of pupils. A nice program was rendered, consisting of speeches from trustees and ministers of the town, together with music and readings.

The exercises were opened with a song, America, with Mrs. Dana Harmon at the piano, after which invocation was pronounced by Rev. Dick, Pastor of the Baptist church. Prof. A. L. Foster, Superintendent of the school, made the first address, outlining the year's work, and asking that the faculty and Board of Trustees receive the hearty co-operation of patrons in general. He stated that there were enrolled in the graduating class this year 18 boys and girls, the highest number ever enrolled at any one time. Three of these came from one out side district, which was evidence that other school districts and patrons outside of Lockney Independent School District are expecting

great things from the school in Lockney this year and the fact is recognized and accepted not only here in town but all over the country that Lockney this year is going to have a fine school. Prof. Foster stated that the board had used a great deal of judgment in selecting the present faculty, which has enabled them to bring together this year the strongest faculty that has ever been employed in Lockney.

At this juncture Miss Gladys Brown expression teacher, was called on and favored the audience with one of her readings.

Following Miss Brown's reading, Judge E. P. Thompson, President of the Board, was called for and responding he delivered an address, on the "Improvements Contemplated During the Coming School Year." Among other things Judge Thompson stated that the Board had discussed and had under consideration the consolidation of a number of outlying districts with Lockney for the purpose of building the strongest and best High School in the Panhandle. He stated that it would require much thought and careful laid plans to bring about this much desired change in the school situation here and in adjoining districts.

Following Judge Thompson's remarks, Elder Liff Sanders, newly employed minister of the Christian church, worshipping at the College, was called on, and responding delivered an able address to pupils and patrons. He gave much statistics

showing the value of education, and the advantage educated men and women have in this day and age as compared to the uneducated men and women. He appealed to the boys and girls to apply themselves and master every task assigned them, realizing that anything worth while in this life carries with it responsibility and effort.

Dr. Greer, a member of the Board, followed Elder Sanders, and discussed school life from a hygienic viewpoint. He had many useful and important suggestions in the matter of health and the best methods of keeping pupils in a healthy state during the school term.

Following Dr. Greer, Prof. J. K. Greer, principal, announced his plans as to athletics of the school, and stated that this important feature of the school would not be neglected during the present term, and that it would be his purpose and plan to see that Lockney High School ranked first as to athletics over other schools of same size and importance. Prof. Greer comes from the Texas State University full of enthusiasm and will doubt-

less put Lockney School on the map in the athletic field. His wife will have charge of the girls' athletics.

Following Prof. Greer, Rev. Dick responded and delivered an able and well received address on education, finishing up with the humorous story of the Jew and mustard plaster. Rev. Dick is a pleasespeaker, full of enthusiasm, and the cause of education.

This concluded the program, after which Prof. Foster made a number of announcements, important among which was the announcement of the first meeting of the Mothers' Club at the school auditorium next Friday afternoon, at which time every mother interested in the school is invited to be present. The year's work will be outlined at this meeting and a full attendance is urgently desired.

A WORD OF THANKS

We wish to express our heart felt thanks to all who assisted us in any way during the long illness and death of our dear child, Birdie May. She was mindful and thanked you many times for bouquets and other forms of kindness shown us in any way. Those forms of kindness will long be remembered and may God bless you all is our prayer.

Mr. and Mrs. H. N. Estes.

Kind of Old Style . . .

But it lasted a long while because it was built of the best lumber obtainable in its time.

Why not build your erections with the same A-No. 1 Lumber?

It does not pay to put up crumbly frame works. Come and look through our display yards where there are piles of the finest woods in the country.

Build your home sure. Build it with our materials.

City Grocery

LARGE DELEGATION WILL ATTEND OZARK CONVENTION

There will be held at Roswell, New Mexico, October 1, 2 and 3 the biggest gathering of good roads enthusiasts ever held in the Southwest. This occasion will be the Ozark Trail Convention, when the enterprising citizens of the West will gather by the thousands, in the beautiful city in the Pecos Valley. Five Relay Runs, starting from that many points in the west, are scheduled to arrive in Roswell the evening of the 30th. There will be meetings in all towns passed through, with speaking cars and cars carrying music, running 15 to 20 minutes apart and all joining in one big meeting at night, with bands serenading the towns or cities in which the night stops are made. Two balls at night stops will be given by host cities. The Relay Run starts in Arkansas and when it reaches Lockney,

September 29th, there will be thousands of cars in line.

An itinerary and schedule of each Relay Run is as follows:

One will start on the Mississippi river coming west via Springfield, Poplin, Miami, Tulsa, Oklahoma City and Chickasha, with all branch lines joining in. Another will start at Las Vegas traveling east and south to Roswell, via Santa Rosa, Tucumcari, Clovis, and Portales. Another forming at Abilene, Texas and traveling north, via Anson, Stamford, Haskell, Seymour, Wichita Falls, Vernon, Quanah, Paducah, Matador, Floydada, Lockney and Plainview. Another starting at El Paso, traveling north and east, via Alamogordo and Tularosa. All arriving in Roswell the evening of September 30. All coming from the east and off the Abilene-Seymour line, will be scheduled to arrive in Plainview the evening of September 29, and finish the run, together,

er, to Roswell September 30. A special program is being prepared by Plainview that will make the stop there memorable.

What is a Relay Run?

As many places as possible will show the interest in this great road movement, that is daily giving them desired publicity and business, by sending one or more delegates and at least one car through to the Convention, leaving on schedule time, joining the Caravan of cars that will increase in number as the trip proceeds. Additional to the number of persons going in these through cars, all others wishing to go, holding appointments as delegates and members of their families accompanying them, will be given seats in automobiles (no cost of transportation) that will be run by our members and committees for distances varying from 50 to 100 miles, transferring their passengers to like cars that make the next Relay Run—and thus on to Roswell.

Each run will be well organized so as to proceed like clock work with a "trouble car" in attendance from place to place. A meeting with public speaking, will be scheduled in each town passed through, by the different Relay Runs—thus giving the benefit of a fine road meeting and entertainment in some 200 towns: the Relay Runs will pass through during the six days preceding the big event at Roswell. The cars carrying our speakers will be run fifteen minutes apart and each town, en route, will get the rare opportunity of hearing some of the best and most entertaining speakers of the West. We expect one to be

town. It will be a big sight to behold. Just think of thousands of cars passing through Lockney, with bands and speakers. We Floyd county folks should be ready to boost our county in every way possible.

LABOR SITUATION FOR FLOYD COUNTY

It will be of interest to all farmers of Floyd county in need of harvest help to learn the results of the investigation of labor conditions at El Paso, Texas, made by the County Agent last week.

Mr. Darrow reports that parties wishing to bring Mexican laborers out of Old Mexico must contract with the United States guaranteeing that such labor will be as well paid for as other labor in the community, that the laborer be properly housed, and that each one be returned at the end of the period contracted for at the point he was brought from. In case of desertion the contracting party must pay all expenses of the authorities in locating and returning the deserter. Officials stated that desertions had been running from 30 to 60 per cent.

In securing Mexican help on this side of the border no such guaranty need be given, but good help at El Paso is rather scarce at present, and many labor agents are bidding for them. It would cost something like \$2.00 per head to round them up there, and transportation would have to be furnished, in many cases for entire family. Unless the man who hired them (one speaking Spanish) could spend his time looking after them, the Mex-

NO DEPOSITOR EVER LOST A DOLLAR IN A STATE BANK IN TEXAS

SAFETY IN A SINKING FUND

If you have a mortgage on your property, of course you want to meet it when due.

If you have personal obligations for the meeting of which your friends have endorsed your paper, honor demands that they be met promptly.

The best way to create a Sinking Fund to meet these obligations is to establish a savings account at this bank.

And the best feature of this kind of savings is that it cultivates a habit of saving, which will prove your most valuable asset.

See us and let us co-operate with you.

The Lockney State Bank

NO DEPOSITOR EVER LOST A DOLLAR IN A STATE BANK IN TEXAS

The Reason Why

Rubber and Automobile Securities are Good Investments

The following facts and figures regarding the immense profits that have been and are being made in the Motor Vehicle Business are the most astounding the world has ever known.

Chevrolet

The Chevrolet Co., is one of the best examples of the profits of the automobile business, starting with a very modest working capital it recently increased its authorized capital to \$80,000,000 in order to exchange its stock for that of the General Motors. One hundred dollars originally invested in this stock is said to be worth \$28,000.

Dunlap Tire Co.

(ENGLAND)

Commenced business with \$112,000 capital. This Company was in business only two years when it sold out for Fifteen Million Dollars cash.

We represent in the sale of stock the Texas Motor Car Association and the Southland Tire and Rubber Company of Fort Worth. Stock is \$100 a share. There is no better investment anywhere. See us for further particulars.

C. A. Wofford,

with us from the National Highway Department at Washington—with a view of information obtained in routing a National Highway across the continent.

While those in each Relay Run, to keep the meeting going properly, will be scattered out during the day, they will all come together at the night stops. Each night there will be a meeting, music and speaking and we expect to arrange for a number of balls, en route, for entertainment at the night stops all of which will be announced in the Itinerary and schedule to be printed about September 1. At night stops, on the one Sunday the Relay Runs will be on the road, sermons will be requested from local ministers on the subject of roads; and we will seek opportunity for any minister in our party to be invited to speak from the pulpit. By this method and program the Roswell convention will result in numerable meetings, preceding the big Convention in that Western City.

Lockney and Floydada should be ready with their delegation to join the Relay Run on its arrival here and at Floydada. Our Commissioners should arrange to go to Roswell in a body. The Beacon will give further information as to time of exact arrival of the Relay Run in Lockney, and will give notice so the entire country may lay off and come to

work, split up into small groups throughout the count would fail to work properly, or would desert. The cost of employing such men would be around \$250 per month.

Mr. Darrow states that it is his opinion after much investigation, and the opinion of practically all informed and experienced men at El Paso, that Mexican labor is a very poor proposition and not to be considered except in extreme cases.

He did find, however, that the farmers could bring up 100 or more discharged soldiers from Ft. Bliss by paying their transportation here. These men would be willing to come for the most part, it was thought, on a piece work basis. While this help would not be in all cases ideal, authorities there believed that it would be fairly satisfactory and much better than importing Mexicans.

Several men, including the County Agent are trying to attract hands here from various places.

NOTICE

I have purchased the dray business of O. T. Prickett, and would be glad to do your hauling. Am prepared to do all kinds of draying. We will endeavor to give satisfaction. When you have anything to haul call us up.
48-4f W. Husky.

Cheap Lands

We have a number of small and large tracts of land which are at bargains considering the price of land generally. Our lands are situated in Floyd, Briscoe, Swisher and Randall counties

We have some special listed ranches from \$14.00 and up. Bargains in small farms in Floyd and adjoining counties.

We want your lands on our list. We have buyers coming in all the time.

Huggins & Fairey

MOVED

I have moved my stock of groceries to the rear of the First National Bank, in the old Red Cross Work Rooms, where I will be glad to have my friends and patrons to call and see me.

We still cater to the grocery trade of Lockney and community with fresh stocks of the best the market affords.

Remember the place, in the rear of the First National Bank Building.

Theo Griffith

Who's Your Lumberman?

The J. C. WOODRIDGE LUMBER COMPANY solicits your lumber business. Best of service, a complete stock carried. Let us figure your house bill, or your repair job. We are sure we can please you.

J. C. Wooldridge Lumber Company

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

ONE CENT A DOSE

Do You Suppose

A store could be operated on a "Save You Money" basis occupying one of the best stands in town, proclaiming to an intelligent public constantly that they can save them money by trading there, do business and thrive unless they actually did save their friends money. Wouldn't some one very soon find out that the very seat of their business was a fairy story and then others and others until soon the store wouldn't have enough business to support a peanut stand. We have been in business in Lockney six months, our business has continually grown and we have saved the people of this vicinity several dollars by trading with us. Suppose you try trading with us 30 days, at the end of that time figure your grocery bill with preceding months and see if you have not "Had it For Less."

Remember the celebrated Marechal Neil Flour.

BOB MALONE SERIOUSLY INJURED BY MULE

Yesterday morning about 6 o'clock, at the Knight ranch, twenty miles west of Plainview, Robert Malone, son-in-law of L. A. Knight, was seriously injured by a mule.

It seems that he was leading a horse with a rope, and some of the employes of the ranch were driving some mules out of a pen. One of the mules ran against Malone, knocking him down. The mule trampled him in the face. The right ear was slit and lacerated, the right cheek badly bruised and the back of his head hurt.

It was about two hours before a doctor could be secured from town. He was brought home later in the day, and this morning is reported in a satisfactory condition.—Plainview News.

LOCKNEY STATE RECEIVES TREASURERY CERTIFICATES

Twenty of the new \$100 Registered Treasury Savings Certificates have been received from the Federal Reserve Bank at Dallas by the Lockney State Bank. If you have not seen one of them, go to the bank and the cashier will be glad to show you what one looks like and to take your order for one.

These new certificates are the most attractive securities ever issued by the government. They are somewhat similar to Liberty Bonds in appearance, but have the purchaser's name written on them and are registered when issued, thus assuring them against any kind of loss.

Every month these certificates increase in cashable value—the price also increasing. They come in sizes of \$100 and \$1000. The \$100 Certificates cost \$84 in September and the \$1000 Certificates cost \$840. The difference is the interest the purchaser makes on the transaction.

Invest in Registered Treasury Savings Certificates. You'll find them worth buying and worth holding, but if you need the money you have put in them you can get it—with interest.

BORN—To Mr. and Mrs. W. H. Fields, September 10th, a girl.

IRICK

Mr. and Mrs. J. W. Weatherman left Thursday morning for Rising Star, Texas, after spending the summer with W. D. Mayben and family.

Mrs. Les Byres was considerably bruised about the head and ankle last week when she was knocked down and run over by a horse. She is improving at this writing.

—BLUEBELL

METHODIST MEETING CLOSED WEDNESDAY NIGHT

The Methodist meeting closed Wednesday night after being in progress some ten days. The preaching was done by the pastor, while Mr. C. G. Spindler of Tulsa, Oklahoma, led the singing. Mr. Spindler has a beautiful baritone voice and his solos were most touching. His direction of the choir was also of high order. Large congregations attended throughout the meeting, there being fully a thousand present Sunday night. Fifty-five people were converted during the meeting, about forty were added to the Methodist church. Several will join the other churches of the community.

Rev. H. Bascom Watts, pastor, did some splendid preaching, during the series of meetings, and labored faithfully in the saving of souls. His efforts were rewarded as indicated above, and his influence in the community will follow him.

Mrs. D. R. Jones and daughter, Nell, of the Meteor community, were in town Tuesday shopping. They were accompanied by their friend, Mr. T. A. Bay.

Jack Cox came in Monday from Ranger where he has been visiting his sister. Jack has just recently returned from overseas.

I ask that you give me a share of your business.

E. D. VAUGHN, Owner and Manager.

12th Floyd Co. Fair, Floydada, Oct. 2-3-4

Floyd County Boys' Agricultural Club Members

Dear Club Member:

You will find enclosed a list of the prizes to be given boys at the Fair and the best of award in each of these contests. Note that I have divided the maize club and pig contests into several parts in order to give each boy a better chance to win a prize. Read the conditions carefully, and note that in every contest the record book, history and exhibit counts heavily in awarding the prize. The yield or gain alone that you are producing will not in itself win for you.

I am also enclosing for your benefit explicit instructions, telling you just how to complete the work in each contest so that you will be eligible for a prize at the Fair. Stop right now and read this, and when you think you understand, tack the whole sheet up on the wall to refer to later.

We are about to close up the first year's work of the Boys' Agricultural Clubs in Floyd County. We are about to finish the job we set out to do, we are on the last lap of the race. Did you ever watch a good foot race? Did you ever see a runner who started out strong but who fell behind as the race progressed and who finally dropped out because he thought he couldn't win it? What do men call such a runner? A QUITTER. Are you a quitter? I don't think so or I wouldn't send you this letter. The man who wins is the man who sets out to do a thing and finishes it. The winner is the one who plugs along all through the race and then at the end puts his whole thought and strength and will into it. He may not win first place but he's a winner, because he finished what he started.

Can you finish what you started? Of course you can, and what's more you WILL, because you aren't a quitter. A little "pep" now, we're on the home stretch.

W. H. DARROW, County Agent.

BOYS' CLUB DIVISION

Rules and Regulations

- 1—Every boy showing in this division must have been between the ages of 10 and 18 years on January 1, 1919.
- 2—Every boy showing in this division must be a regularly enrolled member of a boys' Agricultural Club in Floyd County, 1919.
- 3—Any boy may exhibit and compete for a prize in as many classes of Club Competition as he has completed the work in.
- 4—Every boy competing in any class of Club Competition must submit to the judges his complete Record Book in that class, kept in the manner prescribed by the County Agent.
- 5—Any boy competing in any class of Club Competition must show an exhibit of his crop or his animal at the Fair, as prescribed by the County Agent.
- 6—The basis of award in all crop competition will be as follows:

(a) Greatest Yield per acre30 per cent
(b) Best Exhibit20 per cent
(c) Best written account showing history of the crop and how to select seed20 per cent
(d) Best showing of profits on investment based on market price of crop30 per cent
Total100 per cent
- 7—The basis of awards in all fattening contests, pigs, sheep, and baby beef, will be as follows:

(a) Daily Gain30 per cent
(b) Cost of Gain40 per cent
(c) Record, including story of animal30 per cent
Total100 per cent
- 8—The basis of award in all contests where the development of a good breeding animal is the object, such as gilt pigs, young boars, dairy calves, ewes, and beef type heifers, will be as follows:

(a) Individuality, best animal with respect to the purpose it is to serve40 per cent
(b) Greatest Daily Gain15 per cent
(c) Cheapest Cost of production25 per cent
(d) Best Kept Record20 per cent
Total100 per cent
- 9—The basis of award for the sow and litter contest will be as follows:

- | | |
|---|-------------------|
| (a) Best sow and litter, considering purpose they are to serve |25 per cent |
| (b) Average rate of gain per pig |15 per cent |
| (c) Cost of gain including keeping sow from April 26, 1919, to end of contest |30 per cent |
| (d) Percentage of pigs raised from total number farrowed |10 per cent |
| (e) Best Kept Record |20 per cent |
| Total |100 per cent |

10—The Club Competition is divided into 15 classes, as follows:

- 1—Senior fattening pigs (Weight April 26, 1919, 60 pounds or more.)
 - 2—Junior fattening pigs (Weight, April 26, 1919, Under 60 pounds.)
 - 3—Untried Gilts.
 - 4—Sow and Litter.
 - 5—Young Boars.
 - 6—Red Milo Maize.
 - 7—White Milo Maize.
 - 8—Kaffir Corn.
 - 9—Feterita.
 - 10—Indian Corn.
 - 11—Cotton.
 - 12—Peanuts.
 - 13—Baby Beef.
 - 14—Dairy Calf.
 - 15—Fattening Sheep.
- 11—In any class Competition in which not over 5 Club Members compete no more than two prizes shall be awarded.

In any Class Competition in which not over three Club Members compete no more than 1 prize shall be awarded. In any class competition in which one Club Member only competes, the prize awarded shall be Second Prize only.

- 12—The First Prize in every Class of Competition shall be, either:
- (a) Trip to Dallas State Fair, meals and lodging and admission to Fair Grounds for four days free, and \$20 in cash to defray railroad fare to Dallas and return—OR—
 - (b) One Pure Bred Gilt Pig.

Since there are only six free trips to the Dallas Fair offered, the winners in the various competitions will have to draw lots to determine which ones shall go to the Fair

and which one shall receive the pure bred pig as a prize. The Second Prize in every Class of Competition shall be:

- \$10 in Thrift Stamps.
- The Third Prize in every Class of Competition shall be: One year's subscription to any farm paper in America.
- In classes where there are fifteen or more competing Club Members, honorable mention ribbons shall be awarded for 4th, 5th, and 6th places respectively.
- 13—There will be given 6 prizes and awards to the best 6 School Clubs in the County, the awards to be determined as follows:
- | | |
|--|-------------------|
| (a) Percentage enrollment of boys between 10 years and 18 years in the school |25 per cent |
| (b) Percentage of boys enrolled finishing work |50 per cent |
| (c) Value of Prizes Received by Members of School in Individual Competition in the various classes |25 per cent |
| Total |100 per cent |

- 14—The First prize given the school in Floyd County making the best showing in Boy Club Work shall be: A VICTROLA. The second prize for same shall be: An Agricultural Library of the Value of \$25. The third prize for same shall be: An Agricultural Library of the Value of \$15. The three schools finishing 4th, 5th and 6th respectively shall receive an honorable mention certificate.

- 15—Every school in Floyd County whose Boy Club and Girl Club finishes ONE HALF of its enrolled members at the Fair, that is, one-half the entire number enrolled finish all the work prescribed by the County Agent and the Home Demonstration Agent, and show their work at the Fair, every such school shall receive a beautiful picture to hang in the school room. These pictures will be reproductions of famous paintings and will be bought in Boston Mass.
- 16—Every boy completing his Record book and showing an exhibit at the Fair will be awarded a handsome Boy Club Pin, regardless of any Prizes taken.
- Mr. Jas. K. Green of Floydada offers a special prize of \$5.00 for the best fat hog shown by a Club Member.

Instructions for Completing Club Work

MAIZE, KAFFIR OR FETERITA

- 1—Get a neighbor or your father to measure with you exactly one acre of your crop. In the back of your record book you will find a piece to put down the number of yards long and the number of yards wide your acre is, and these measurements multiplied together must equal 4,840 sq. yards (1 acre). Have the party that helps you measure sign at the place provided, thus showing that an outside party has witnessed that your measurement is correct. You may measure from row to row instead of middle to middle.
- 2—Head all of the grain included in your acre AND NO MORE. At the end of five days or later weigh the entire crop from the acre. Then weigh 100 pounds of heads and thresh them out by hand. Weigh the threshed grain and from this compute the number of pounds of threshed grain you have in the entire crop. Reduce this to terms of bushels (50 lbs to the bushel) and enter it under "Business Showing." Do not enter the price per bushel until you come to the Fair.
- 3—Add up all the items of expense that you have been keeping record of during the season and enter them in their proper places under "Business Showing." Reduce all these items of expense to terms of one acre. Example: If it cost you \$5 for preparing and planting 5 acres, enter the cost of same in "Business Showing" as \$1 or what it cost to prepare and plant 1 acre. If you fail to finish this all up don't let it keep you from coming to the Fair. If you have all the necessary costs entered but have not balanced the book up, come to my office the first day of the Fair and I will help you finish.
- 4—Write fully, under the space provided for "History of the Crop," about your work with the crop from the time the land was prepared until Fair time, including the best methods of selecting seed. This will count quite heavily in awarding the prize. Don't put it off.
- 5—Prepare an exhibit of at least 10 good heads of your crop, using as a guide the paper I sent you some time ago on "Seed Selection for Club Members," and bring this exhibit to the Fair the first day. Space will be provided for your exhibit, and you cannot compete for a prize without showing one. If you want to exhibit more than 10 heads, that is your privilege.

COTTON

- See Sections 1, 3 and 4 under Maize, Kaffir and Feterita. These apply to cotton as well as to other crops.
- YIELD**—Your yield will not be determined by actually weighing the entire acre because the lateness of cotton prohibits this. Pick 2 lbs of cotton any place in your acre field provided you pick it along 1 row in other words skipping around will not answer. When you do this get a neighbor or your father to witness it. When you have picked exactly 2 lbs along one average row, measure carefully the number of feet of row it took to make the 2 lbs. Then write on a piece of paper very neatly the following: "I certify that I picked 2 lbs of cotton along _____ feet of one continuous row." Fill in the number of feet of row it took to make 2 lbs of cotton, sign your name at bottom, and have the party that witness you do it sign below your name. Paste this in the back of your record book.
- EXHIBIT**—Bring in to the Fair for your exhibit the 2 lbs of cotton mentioned above, also 10 good bolls. Space will be provided for you. Bring this in the first day of the Fair, October 2nd.

PIG, BABY BEEF, DAIRY CALF, AND SHEEP

- 1—Count up all items of expense, such as feed, pasture, slop, green stuff, and your own labor, and enter these in the space provided in the record book. Do not weigh the animal until you get to the Fair, and then weigh on the Public Scales.
- 2—Write up before you come to the Fair the Story of the Pig in the place provided in the record book, or in the case of calves, or sheep, write the story on a separate sheet of paper and pin it to your record sheet.
- 3—It is absolutely necessary that you bring your animal to the Fair, otherwise it cannot be judged with the others. Bring it in the morning of the first day, Oct. 2nd, and provision will be made for taking care of it the entire time. Get your animal looking as fine and silky and sleek as possible by cleaning up and then currying or oiling. Bring feed enough to last three days.

CORN

Instructions for finishing the Corn Contest are the same as for the Grain Sorghums (Maize etc.) except that you weigh out 100 lbs of ears, shell them, weigh the shelled grain, and from that figure what the entire yield is, (56 lbs corn to bushel).

Look over the prize list carefully—over \$425 will be given to you boys in prizes—note very carefully just what things you will have to do to finish your work—observe that many things are counted in when the prize is determined.

Don't stay away from the Fair with your record and exhibit because you didn't have time to finish—hurry up, do all you can before the Fair, and then come in with your record book and exhibit as it is. Are you a quitter? NO!

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

Guaranteed by
The American Tobacco Co.

WEEKLY CLUB LETTER TO BOYS

(By W. H. DARROW, County Agent)

You boys have heard much talk by grown-ups about "co-operation" but the chances are you don't really know what it means. It is vastly important to the future of yourselves and of agriculture and the Republic that every boy learn early in life the true meaning of co-operation, and that he begin practicing it before he becomes of age.

To put it simply, co-operation is team work, it is pulling together for a common good. Why? Because the only way you can get certain things you want is by common action. Haven't you helped a number of others roll a jitney out of a mud hole by pulling together? Could you have rolled one out alone, or could any one of the party have done it? No, of course not, but by co-operation the job was done. When your four horse team pulls the lister or plow you have a good example of co-operation. Not

one of the horses could handle the implement alone, but by working in unison they pull it easily.

As you grow older and watch men work and study things out you will see that there are many jobs to be done in the country that require just such team work. Our farmers at the present time do not co-operate a great deal, but if they pull together more they would make more money and make it easier, and also have a better country in which to live. Such jobs as the building of community centers that will furnish social entertainment education and recreation; better schools; better roads; better seed and better stock; better grading and marketing of produce; and better homes and farms,—such jobs can be done only when all the farmers of the community put their shoulder to the wheel and work as one man for them.

The next generation of farmers—your generation—will be, must be, better farmers and better citizens

should do something to remedy this before the Ozark Trails Convention crowds comes here" The trip was over the Ozark Trails and the Santa Fe Trail.—Plainview Herald

CLOVIS GIRLS' CONCERT BAND WILL PLAY AT FAIR

The Floyd County Fair will have one of the best bands in the southwest to play during its three days celebration October 2, 3, and 4. Last week the association contracted with the Clovis Girls' Concert Band, of Clovis,

than the past or present. You must co-operate, not because some one tells you you ought to, but you, through education and using your head, see that it is the only way to improve your condition and that of others.

If the Boys' Agricultural Club work you are a part of does nothing else than to teach you the great lesson it will be worth all the time and effort and money put into it. And to get to the point I have in mind, you have right now the biggest opportunity of your life to co-operate in something worth while. In this Club work big prizes are offered to the schools making the best showing. You may win a prize as an individual member, but your school cannot possibly win a prize unless all of the members in your school make a concerted effort to do the best you know how. It is in your power to influence some other boy to finish his Club work and show an exhibit at the Fair. It is in your power to put the "pep" in the rest of the members of your school that will make you win a school prize.

This is no time to stop and wonder whether you will do what is expected of you, now is the time to act. Talk it up to the others, make your club into a smoothly pulling team, and demonstrate to the county that boys, at least, can accomplish big things by co-operation.

SHOULD POST ROADS BEFORE CONVENTION, SAYS BRASHER

"The Panhandle and Plains are behind the times in marking the roads," said Olin E. Brasher this morning to a representative of the Herald. "This is the only section of the country we saw on a three thousand-mile automobile trip in which the roads were not well posted. Even in the small towns you would find signboards with arrows pointing the direction of roads to the various towns and the distance. The roads as a rule were much better posted than ours. I believe we

Removal

I have moved my confectionary business to the building recently vacated by Theo Griffith. I have purchased this property and are making a permanent location of same.

We ask our friends to call and see us, where they will find the best confections to be found anywhere, with cold drinks, etc.

Come in and see how we are fixed up. We want your trade and will treat you courteously.

Roy Griffith

vent to Lockney Saturday. Messrs Ralph and Curtis Wilson spent Saturday night and Sunday in Lockney.

Mr. Ralph Childress was the guest of Eslie Yeary Saturday night.

Murray Jullian was the Sunday evening guest of Gerald Wilson.

Wheat threshing has been in full swing for the past two weeks. Some oats have averaged 97 bushels to the acre, some wheat made as high as 40 bushels to the acre. Wheat and oats are both making a good average.

Maize and kaffir is now ripe and the farmers are sure kept busy. Cotton in this community seems to be pretty good.

—SUNSHINE—

Mr. and Mrs. W. T. Perry returned Wednesday from a month's vacation spent at Hot Springs, Arkansas, and in the Ozarks of that state. He will resume the management of the Woolridge Lumber yard. Their many Lockney friends are glad to have them back again.

Vulcanizing

It's a fact! We can fix that tire of yours and make it as good as new. It takes an expert to do tire repair work properly and we're specialists in this line.

FLOYDADA, TEXAS

A 3 1/2 Size Tire That Really is 3 1/2

THIS over-size adds wonderfully to the life of the tire, for most Fords are overloaded a good share of the time.

The 10% greater air space is but one of the many reasons why Horse-Shoe Tires have been giving such wonderful service locally, often doubling and trebling their guarantee of 5000 miles.

The Horse-Shoe tread not only prevents side skidding, but gives the wheels the firm hold so necessary when braking.

While anti-skid, this tire can be used on either front or rear wheel. It will not climb out of ruts, or make steering hard. Let us tell you more about it.
