VOLUME TWENTY-EIGHT

Lockney, Texas, Thursday, June 13th, 1929

Number 39

## Extensions on 2 Rural Routes on July 1st

Mickey Route Extended 12.50 Miles; Route One Extended Four Miles

Postmaster Homer Howard was notified yesterday by the Postal Department that the applications which had been presented for extensions of rural routes out of Lockney had been granted and would become effective on July 1st. Mickey Route is to be extended 12 1/2 miles, the new extension will begin at the Bean farm, just south of town and go west to the A. J. Sams place, thence to the J. R. Bowman, S. T. Cooper, T. F. Beall, C. W. Murphy, W. E. Taack, T. N. Clark, Tom Weeks, Geo. Tierce, and W. W. Cooper places, then east to the old Cornish and Schacht places and then into town by the Chas. Wells place. This route will serve all the people adjacent to it on this added extension.

Route one has a two-mile extension, beginning at the corner of the old Robbs farm, about twelve miles north of Lockney, thence east to the store and school house at Lone Star, thence north one mile to the C. Applewhite place, then west to T. S. McGehee place, intersecting the old route at the E. H. Rankin place. Another extension of two miles is made on this route beginning at the southeast corner of the Albert King place, thence east to the T. J. Jarboe place south to the T. V. Rankin place, then west to an intersection with the old route.

The extensions on these routes will go into effect on July 1st, and Postmaster Howard asks that those who are to be served on these extensions to arrange their boxes accordingly. He also requests that all new boxes put up must be the Standard No. 2 boxes, as effective July 1st the postal department will demand all new boxes to be of this kind and size.

## LOCKNEY BOY GETS COLLEGE DEGREE AT GREELEY, COLO.

As a member of the big spring graduating class at Colorado State Teachers College David White of Lockney received the degree of bachelor of arts on Saturday last, June 8. David White, son of A. J. White, in cap and gown took part in the academic procession which marked the formal commencement exercises held on the beautiful campus at Colorado's teacher-training institution at Greeley. The commencement address was delivered by Dr. William C. Bagley of Columbia University.

The class of which White is a member numbered 343, sixteen of whom received the master of arts degree, 119 the bachelor of arts degree, and 298 the life certificate in teaching. Membership of the class represented seventeen states outside of Colorado, Hawaii, and eighty-nine cities and towns in the Centennial State.

## Opening Soda Grill In Baker Hotel Bldg.

W. G. Hodel Is Installing First Class Confectionery With New Equipment

William G. Hodel, who has been conducting a confectionery on the east side of Main street, in the Thomas building, has moved his business to the corner room in the Baker Hotel, where he is installing a first-class confectionery, with a new soda fountain and other fixtures, and will be ready for business Saturday of this week.

The name of the new confectionery will be the Baker Hotel Soda Grill, and Mr. Hodel needs no introduction to the people of Lockney as he has been reared here, and is well and favorably known to most everyone. He will appreciate your patronage and invites every one to visit him on the opening day, Saturday, June 15.

## LOCKNEY ELECTRIC MOVES TO THOMAS BUILDING

The Lockney Electric, owned and operated by Mr. Jno. T. O'Hearn, has moved to the Thomas building, just vacated by Hodel's Confectionery, where they will be better prepared to care for the electrical trade. The business was temporarily moved to the Baker Hotel building, several weeks ago, awaiting the removal of Hodel's Confectionery. Mr. O'Hearn will be glad to have his patrons call on him at this place of business.

C. L. Cowart was down from Silvertown Monday of this week.

## SOUTH PLAINS SCHOOL WILL BE \$40,000 INVESTMENT

Modern High School Building Will Be Erected in Town of South Plains

According to Dr. Jordan, local physician at South Plains, the school question in that little city has been settled, and South Plains will now have a \$40,000 school building. The building at Sunset will be torn down and moved to South Plains, and the material in the brick building will be used to help in the construction of a new brick school building in South Plains. The Sunset school district is one of the largest and best common school districts in the county, and the people of the county are glad to see the school moved to South Plains, as it will solve a question in regard to high school facilities in that part of Floyd county.

## 4 Boys Draw 4-Year Suspended Sentences

Will Try Negro for Murder Next Monday—Special Verdict of Seventy-two Summoned

Judge Charles Clements of Plainview served as special judge of the district court last week, while cases were called for trial in which Judge Han was disqualified. Judge Bain filled Judge Clements' bench at Plainview, while Clements was over here.

The four boys charged with burglary, Dud Fox, Nip Fox, Cecil Hill, and O. B. Woolsey, were tried jointly this week in district court, and a four year suspended sentence was imposed on each of them. The eldest of the four was 19 years of age.

C. W. Mitchell vs. F. P. Adams, trespass pass to try title, judgment for plaintiff.

Wanda Potter vs. C. D. Potter, suit for divorce, granted, and maiden name of Wanda Montague restored.

W. M. Thorn, charged with transporting liquor, went to trial Tuesday morning.

Roy Grigsby, charged with driving car while intoxicated, case set for trial yesterday (Wednesday).

The case of Jo Brown, charged with the murder of Silverster Jones, is set for trial Monday of next week, June 17th, and a special venire of 72 men has been called from which to select the jury. This is the case where a negro was murdered in a restaurant in the negro quarters of Floydada some time ago.

The grand jury will reconvene next Monday, June 17th, to finish up the business for this term of court. Next week is the last week for this term of court.

The jury list for next week, to appear Monday, June 17th, follows:

Jno. Hodel, A. M. Battey, J. R. Baker, J. C. Hay, B. R. Carthel, T. P. Collins, W. L. Norman, Frank Walters, J. B. Jarnigan, Albert King, R. G. Morgan, R. A. Weiss, R. W. Smith, L. E. Fagan, E. O. McElvoo, T. T. Hamilton, Fred Bell, Chas. Elen, S. L. Snodgrass, Gyp Hudson, Auther Beely, Frank Boerner, Ralph Ashworth, H. Lee Howard, R. L. Teeples, S. E. Duncan, E. R. Borum, R. S. Doak, R. C. Smith, E. C. King, W. J. Rhoades, R. F. Lutteral, Elmer Caudle, J. B. Davidson, Tom Smith, Fred Nickles.

## HAIL WAS BIG THAT FELL HERE THURSDAY NIGHT

A two-inch rain, accompanied by probably the biggest hail in size of the stones, fell over the town of Lockney and for a few miles near the town Thursday night at an early hour.

Some of the hail stones measured from nine to eleven and one-half inches around, being larger than a common base ball. However, these hail stones were scattering, and had very little force behind them, therefore, the damage done was very small. One or two houses in the town reported that hail had gone through the roofs, but in each only one hail had fell hard enough to break through. Slight damage was done to wheat in this area, and the worst damage done was to cotton and feed crops where the water washed the ridges into the furrows and covered up vegetation, necessitating the replanting of crops. However, the replanting over the entire district was not necessary, as only a few farms failed to have cotton and feed that it was not covered up.

The moisture in the ground at this time is sufficient to carry the row crops far toward the maturing stage, and dry, warm weather at this time will cause the wheat, which is practically matured, to ripen and threshing will be in full swing within the next few weeks.

## GOOD GAME BASE BALL AT QUITAQUE SUNDAY

In a game between Lockney and Quitaque Sunday afternoon the score stood one to one at the end of the eighth inning, and the game closed as a tie. This was the best game of ball to be played in this section of the country for some time.

While playing ball, Ed Holmes of the Sand Hill community, who was playing third base for Lockney, was run into by a Quitaque player, and his left leg broken. Reports that his leg was broken just above the ankle, and that both bones were broken.

Mr. and Mrs. Floyd Barber and Miss Roberta, spent Sunday in Lubbock visiting friends.

## Chamber of Commerce To Investigate Shows

Frank Norfleet Asks Help of Chamber of Commerce on Moving Picture Deal

At the regular weekly luncheon of the Chamber of Commerce Monday at noon, the attendance was better than it had been for some time. At this time the interest in the organization seems to be growing, and every luncheon day the table is filled to its capacity with Lockney business men.

Frank Norfleet, of Hale Center, was before the Chamber of Commerce, and asked that this organization help him in putting the picture "Norfleet" to the amount of \$750 over. The proposition was turned over to a committee to dispose of by Thursday of this week.

The question of regulating the showing in Lockney of carnival companies and tent shows was brought before the body and after several members discussed the matter, a committee composed of H. B. Adams, chairman, Floyd Huff, and Dr. S. T. Cooper, was appointed to act as a board of censors for the Chamber of Commerce, and endeavor to let only the better class shows come to the city. They were instructed to meet with the city council in regard to the matter, and act in conjunction with that body. The reason for this step being taken at this time, is, there are many carnival companies and inferior shows of different nature, that will be showing the towns in the wheat belt within the next few weeks and as a precaution to keep down the fleecing the people out of their money. It will be the intention of the committee to find out whether the companies desiring to show here are clean and legitimate concerns and refuse all those who they deem unfit for the people to patronize.

Messrs. F. O. Sampson and Geo. Bennett, of Lubbock, contractors for the new school building, were visitors at the luncheon Monday. They are here to begin work on the new building, which will be erected this summer and early fall.

A resolution was adopted at the Chamber of Commerce meeting sanctioning the city of Lockney in buying the old college grounds, and converting them into a city park, auditorium and fair ground, and pledging the support of the organization to the city in helping the council to secure said property.

## First Two Couples Get Licenses Free

New Marriage Law Is Now In Effect—Men Must Have Health Certificate

The new marriage law in Texas went into effect yesterday (Wednesday, June 12th) and now notice must be filed three days before a license is issued and the man must file a health certificate.

County Clerk Tom Deen states that he will give the license fee free to the first two couples applying for marriage licenses under the new law in this county. The fee now will be \$2.50 for marriage license, before the law went into effect the fee was \$1.50.

The following marriage licenses have been issued since our last report: O. B. Dorman and Miss Ollie Mae McMiner, May 29th.

J. B. Bell and Miss Una Keeling, May 31st.

M. P. Scott and Miss Velma Taylor, June 7th.

J. D. Deakins and Evelyn Maddox, June 7th.

Walter Whorton and Miss Alba Germany, June 7th. Walter Whorton is the son of Mr. and Mrs. E. M. Whorton of near Petresburg. Mr. Whorton is employed in the City Drug Store at Petresburg, which establishment is owned by T. H. Stewart of Lockney.

Joe Breed and Miss Ruth Rosser, June 8th.

## REUNION OF PIONEERS SET FOR AUGUST 15-16

Birthday of Uncle Hank Smith Is Opening Day of Rock House Reunion

August 15 and 16 are the definite dates for the annual reunion of West Texas Old Settlers at the Old Rock House in Blanco Canyon, according to R. B. Smith, chairman of the arrangements committee, who this week called officials' attention to the definite date. Erroneous dates were given in last week's Hesperian, due to a misunderstanding by the officials.

August 15 is the birthday of Uncle Hank Smith, who built the Rock House and was the earliest settler in this section, and it was the original intention of the organization of the association to begin the picnic on this date.

"We are very anxious for everyone to keep the right dates in mind and make their plans now to attend the reunion," R. B. Smith said. Mr. Smith is a son of Uncle Hank Smith and resides in the Rock House.

## Chiropractors Convention This Week End

South Plains, Panhandle, and Red River Districts Will Hold Convention Here Sunday

The Chiropractic Associations of the South Plains, Panhandle and Red River Districts of Texas will join in a convention to be held at the Baker Hotel in this city Sunday, June 16th. Between fifty and sixty chiropractors are expected to be present, and the business sessions of the organizations will be held Sunday.

A public meeting will be held at the high school auditorium in Lockney Saturday night, to which the people of Lockney and surrounding country are invited to attend. At this meeting Dr. Jas. R. Drain, president of the Texas Chiropractic College of San Antonio, Texas, will be the principal speaker, and a program consisting of a male quartette, readings by Mrs. O. E. Stevenson and Mrs. Chas. Simpson, piano solo by Miss Jane Guthrie will be rendered. The male quartette will sing a song entitled "Daddy's Floating Kidneys Are Anchored Now."

Little Misses Mary Alice Baker and Frankie Dodson will also give readings on the program Saturday night.

Notice has been received from F. Lee Lemly, State Secretary of the Chiropractic Association, that he will be here Sunday and take part in the meeting.

## J. F. ANTON OF SANTA FE LINE DIES OF INJURIES IN CRASH

Amarillo, June 11.—Injuries sustained in an automobile accident about a week ago proved fatal for J. F. Anton, 44 years old, former resident of this city, who died in the Santa Fe hospital at Clovis shortly before 1 o'clock yesterday afternoon. Mr. Anton was superintendent of the New Mexico division of the Santa Fe railroad, with headquarters at Las Vegas.

He had been in the Clovis hospital since Monday night, June 3, when the machine in which he was riding with his secretary, O. F. Brady, turned turtle on the road near Fort Sumner. Brady was not seriously hurt.

Before his appointment to the superintendency at Las Vegas, Mr. Anton had served in a similar capacity on the South Plains division, with headquarters at Slaton. During that time he was considered one of the most popular men on the South Plains.

Rise Was Meteoric

Fred Anton's rise in the railroad world has been meteoric. At one time he was the youngest railroad superintendent in the country, and was among the youngest at the time of his death.

In 1905, at the age of 20, he was given the position of yardmaster for the Baltimore & Ohio railroad at Pueblo, Colorado, where a year later he became connected with the Atchafalaya, Topeka & Santa as switchman. He was soon promoted to engine foreman at La Junta, Colorado, and soon afterwards to the same position in the yards at Las Vegas, N. M.

His next promotion was to the position of night yardmaster at Las Vegas, in 1907, and then to general yardmaster, which he held until January, 1913, when he went to Hurley, N. M., as assistant trainmaster. He left Hurley in 1918 to go overseas in the world war.

In February, 1922, he came to Amarillo as trainmaster, and went from that position here to division superintendent at Slaton. He had taken the Las Vegas superintendency only a few months ago.

Surviving Mr. Anton are his wife and two daughters, Mary, 16, and Catherine, 12.

## HASKELL COUNTY DISTRICT VOTES HIGHWAY BONDS

Abilene, June 8.—Voting in southwestern Haskell county made the \$125,000 in bonds available for the paving of Highway No. 18 across the southwestern part of the county today. The issue carried 211 to 65. It is understood that federal aid has been promised.

(We clip and reprint the above results of a bond election in Haskell county, with a good deal of interest, as every time we go to Central Texas, we go over the road that is to be paved with this money, and will say that it always has been the worst piece of road between here and Fort Worth on this route, which is the best and shortest route from the Plains to Central Texas. This writer got his car stuck in the mud on this road three weeks ago, and had to be dug out with a spade. Now if Floyd county will build a good road from Floydada to the Spur highway and keep it up in good shape, the people of this section can have an excellent road to Central Texas, over the shortest mileage possible at all times. We would be glad to see a lot of people in Floyd county get their minds set on doing a good job of road fixing, like these farmers in the southwestern part of Haskell county have done according to the above notice. It would be worth the money many times to the farmers, as well as the others who travel over our roads.—Editor's note.)

Ray Ayers was visiting in Lockney yesterday.

## STALLWORTH JURY HANGS; IS DISMISSED

Stood Seven to Five for Conviction On Each of Thirty Ballots; Out 43 Hours

Amarillo, June 8.—Hopelessly deadlocked after approximately 43 hours of deliberation, the jury in the trial of Mrs. Levi P. Stallworth of Amarillo for the slaying of Mrs. Grace Morrison of Plainview in front of a hotel here on May 13 was discharged today.

The jury voted seven to five for conviction on every one of about 30 ballots, it was said.

Mrs. Stallworth was released under a renewal of her bond of \$15,000. Defense counsel sought to reduce the amount materially, but met strong opposition from the state.

Although defense counsel had not made an official announcement that they would ask a change of venue, it was generally recognized that it would be difficult to select another jury in Potter County.

## Re-Locate New High School Building

Site on West Fourth Street Is Substituted for Site in West End of Town

At a meeting of the school board Saturday afternoon at 2 o'clock, the location of the new high school building was changed from the eight acre plat in the west end of town to the four acre plat on West Fourth Street, known as the Dagley property.

There had been much contention pro and con about the location of the new building, and a half dozen sites had been proposed from time to time in the town, and as the school board proved to be divided on the location, after new members were substituted for those that had resigned to become members of the city council, a compromise was made and the new location selected.

Work has already begun on getting the new site in shape to begin the erection of the new building, and the contractor will begin actual construction at once. The building will not be ready for occupancy until about Oct. 15th, an account of the delays occasioned by the money for the bonds failing to arrive until the past week. At the time the contract was let it was expected that the building would be ready for occupancy by the time school started this fall.

The bond issue voted March 5th, was for \$115,000, \$85,000 worth of these bonds have been sold, and the building will be complete with the exception of an auditorium. As soon as the district's bonded limitations reach the necessary \$30,000, the remaining bonds will be sold and the auditorium built. It is thought the increased taxable values in the district within the next year or two will be sufficient to cause the sale of these bonds, and have the auditorium erected. The specifications for the building are such that the annexation of the auditorium can be made without any loss to the building now being built, and the building will then be complete with the gymnasium at one side of the class rooms and the auditorium on the other.

## LUBBOCK TECH DORM BILL PASSES SENATE

Austin, June 10.—Regents of Texas Technological College, Lubbock, would be allowed to pledge rent revenues for the construction of dormitories for the West Texas institution under the Parrish bill passed unanimously by the senate today.

A similar bill affecting the College of Industrial Arts was sanctioned by both houses during the first special session. The bill was not signed by the governor.

## PATTERSON GIN AT OLTON SUFFERS BIG LOSS

In the cyclone that swept over the Olton country, west of here, Thursday night, the gin plant belonging to R. E. Patterson of Lockney, suffered about \$3,000 damage. The seed house, storage house, and water supply was badly damaged, and considerable damage was done to the entire plant.

## Jack Weaver Buried Here Saturday

Mr. Jack Weaver, age 34 years, died at the State Institution for the Insane at Wichita Falls, Texas, Wednesday, June 5th, and the remains were brought to Lockney Saturday morning.

Funeral services were conducted at the Church of Christ in this city Saturday afternoon, Elder Arceneaux and Rev. J. E. Stephens, officiating, and burial was in the Lockney cemetery.

Mr. Weaver was carried to the Wichita Falls Institution about six months ago. He leaves a wife and three small boys, his father, W. J. Weaver, of McAdoo, Texas, and two brothers and five sisters.

Mr. Weaver was raised in Lockney, having been here for more than twenty years.

## Live Communities Not Accidents

Only Consistent Co-operation of the Merchants and Buying Public Can Accomplish Desired Results

When you find high class public school located accessible to your children; when you find a community of fine churches; when you find all the conveniences of modern life at your elbow, just stop and think that this is the result of successful home trade, which has made it possible to create a splendid center of civilization in your locality. If everybody had decided to trade away from home these things could not exist in your neighborhood. They might exist in some remote city where your welfare is never considered, and you might as well be in the wilds of Africa, for all those who had profited by the money you sent them would care.

A safe and sound bank, a live mercantile establishment, or an industry that is commanding business in the community is a great asset to every person in that community. It is the thing that decides the stability of the town and determines the growth of the place and its desirability as a place in which to live. No person cares to locate in a town where business is uncertain and shaky, or where conditions are so uncertain that investments in real estate would be a doubtful venture. And all of these conditions depend in the final analysis on what you are doing with your money and whether the town is receiving the business to which it is entitled.

In home trade, however, you are dealing with neighbors and friends. You are dealing with those who grow with you when your loved ones are taken. You are dealing with those who are ready to chip in and help as far as their means will allow them when you and your family are in distress; you are dealing with those who are your joint partners in the joys and sorrows of your home community. Disaster to you is disaster to them.

The welfare of the people of a community is inseparable. Selfishness and shortsightedness exist, but it is the liberal broadminded spirit of live and let live that make your home community an abiding place worth while. Very few of the country towns of the state offer better business opportunities than they did twenty years ago, and in many of them the prospects are not so promising as they were at that time. One reason for this, perhaps, is the growing tendency to patronize mail order houses and stores located in the larger centers. It is worth noting that farm values depend, in some measure, at least on the proximity of the property to a good town. Eliminate the country town, and land values surely will drop. We believe the small town is needed, and that farmers and townspeople are exceedingly shortsighted when they fail to patronize home merchants and their home institutions.

LUBBOCK TECH DORM BILL PASSES SENATE

Austin, June 10.—Regents of Texas Technological College, Lubbock, would be allowed to pledge rent revenues for the construction of dormitories for the West Texas institution under the Parrish bill passed unanimously by the senate today.

A similar bill affecting the College of Industrial Arts was sanctioned by both houses during the first special session. The bill was not signed by the governor.

## PATTERSON GIN AT OLTON SUFFERS BIG LOSS

In the cyclone that swept over the Olton country, west of here, Thursday night, the gin plant belonging to R. E. Patterson of Lockney, suffered about \$3,000 damage. The seed house, storage house, and water supply was badly damaged, and considerable damage was done to the entire plant.

## Jack Weaver Buried Here Saturday

Mr. Jack Weaver, age 34 years, died at the State Institution for the Insane at Wichita Falls, Texas, Wednesday, June 5th, and the remains were brought to Lockney Saturday morning.

Funeral services were conducted at the Church of Christ in this city Saturday afternoon, Elder Arceneaux and Rev. J. E. Stephens, officiating, and burial was in the Lockney cemetery.

Mr. Weaver was carried to the Wichita Falls Institution about six months ago. He leaves a wife and three small boys, his father, W. J. Weaver, of McAdoo, Texas, and two brothers and five sisters.

All We Know is What We Hear

(By Rasmithum)

Now Then, Inventors!

Most any golfer, poor or rich. Would never count the cost. Could he buy a golf bay which would bark when it was lost.

Answers.

When a fad hits town everybody goes wild over it for a little while, and we contribute this fact to be the reason that golf playing is raging at this time in Lockney. Why they have got the bug so bad that we understand that we are to have a second golf course near Lockney. When Bill Pennington started his golf course east of town we thought we would have plenty of space and a great many idle hours to offer the public, but we understand that Dr. Ball has become of the opinion that two golf courses will pay here, and that now a second golf course will be established to the north of the city. Well, go right ahead and establish a half dozen courses if you want to, maybe when these golf fans get tired of chasing the "Pills" around this summer the land can still be used to farm on or will be good hunting places next winter when the ducks arrive. They tell us when a fellow once gets to playing golf, he gets so stuck on the game that he goes plum wild about it, and from the showing that is now being

made in Lockney, darned if we don't believe there is something more attractive about the game than we have been able to comprehend. However, we have no intention of going out and sampling the game to see what there is in it. We just haven't got the time to waste.

We have been trying to figure out a proposition, but we need a lot of help. We have been down to Roaring Springs twice in the last sixty days, and last Sunday we looked over the district that was washed away Wednesday of last week, and it looked like the old time washouts on the Brazos River down near Waco. But what we have been trying to figure out is why people who had sense enough to come as near the Plains as those people living in the Roaring Springs country, did not get on top of the cap rock. We are talking about farmers; for ranching that broken country looks alright to us, and is a good cattle country, but to see farmers trying to make a living out of those small hillside patches, that when it rains washes into creeks, when they could get good farm land, level, that doesn't wash, and will produce just as good crops, if not better, when they do not have to grub shinnery, by traveling only a few miles further. We guess that people who stop down there to farm mostly come from a rough section of the country and haven't never lived on a level Plains country and therefore don't know but to farm in a broken country. For farming purposes we wouldn't give ten cents an acre for such land, but every person to his own notion. If they can stand being washed away, and want to grub the shinnery out of their land it suits us very well, for they wouldn't feel right where they could farm level land, and never had a crop washed away.

SAVING ADVERTISERS' MONEY

(Denton Record-Chronicle) Merchants of Gainesville were saved approximately \$5,500 during 1928 by the advertising committee of the Gainesville Retail Merchants Association, an indication of the amount of money that often is wasted even in the

smaller cities through the activities of the unscrupulous advertising solicitors. Thirty-one advertising propositions were presented to the retail merchants association during the year, and only three were given letters of endorsement and there were left optional. Nine fines of \$5 were collected from merchants who took advertising in unauthorized propositions.

What is true in Gainesville is true in dozens of other smaller and larger cities. Every legitimate advertising medium does all it can to educate advertisers in regard to the futility of spending money on advertising propositions whose chief purpose is to make money for the promoter with very little return for the advertiser. Often these efforts on the part of the legitimate advertising medium are questioned by some who think that the sole reason for such educational work is to reduce competition.

Every legitimate advertising medium realizes that advertising is often abused with resultant discredit on worthwhile advertising. It is the duty of an advertising medium to give to the advertisers the greatest possible service for the money spent, whether it is poster advertising, newspaper advertising, magazine advertising, or any of the other established advertising media. When there is no assurance that this duty will be complied with, steps should be taken to protect advertisers, as the Gainesville merchants have done with success.

90-DAY BILLS WENT INTO EFFECT WEDNESDAY

New Marriage Law Holds More Interest to the General Public

Laws, ranging from "gin-mating" marriages to motor truck regulation went into effect Wednesday midnight. These are the 90-day bills of the regular session of the legislature early this year. Among the principal general laws effective at this time are:

Requiring 3-day notice of intention to marry, and physician's certificate for man.

Authorize city of Austin to acquire river banks for parks.

Authorize self-paying dormitories at University of Texas.

Create rural credit unions.

Place motor truck lines under railroad commission.

Theft of cotton or cottonseed a felony.

Unlawful to drink in airplane or common carrier.

Real estate sold for taxes only on foreclosure suit.

School teachers must be American citizens.

Deer season November 16 to 30 west of the Pecos.

Minimum school age 6 years, beginning September 1.

Legal notices may be posted or published.

Regulating pharmacists.

Felony to steal fowls.

Unlawful to contribute to delinquency of minor.

Poll tax receipts may be mailed.

Cities may annex territory by majority vote.

Create state game commission, effective, September 1.

Create board of nurse examiners.

Close coastal waters to commercial fishermen.

No closed season on squirrels in Travis, Williamson, Hays, San Saba, Llano, Lampasas, Burnet, Goliad and Blanco counties.

Extend tick eradication work to all parts of state.

Authorize state pellagra and cancer hospital.

Unlawful to entice laborers from plantations.

Jail terms for wife or child desertion.

Highway shall be 40 to 100 feet wide.

Bond required for state on public contracts.

Prohibit justices and constables from collecting debts.

Prohibit blacklisting of workmen.

Old San Antonio road shall be state highway.

Survey Pecos river reservoir sites.

Regulate mutual aid societies.

Regulate making of returns in primary elections.

School funds may be invested in university pledges.

Create experiment station in 50 miles of Abilene.

Create citrus belt experiment station, and experiment station in North-east Texas.

Convert Kingsville normal into college of arts and industries.

"True measure" law to prohibit fraud in gasoline sales.

Pure seed law.

Pensions shall be paid monthly and income increase pensions of Confederate soldiers (amended in special sessions, resorting quarterly payment and raising widows to same pension as veterans).

Remit state taxes to Port Arthur for seawall construction.

Physical education compulsory in public schools.

Protect furbearing animals.

KNOW TEXAS

In 1926-27 Texas spent \$46,500,415.31 on its public school maintenance, of which \$25,949,133.31 was from local taxation. State apportionment was \$15 and from local taxes \$19.23.

Hereford claims the largest single wheat field, under one fence, in the State. It comprises 6,000 acres.

"The largest privately owned irrigation system in the world" is the claim for the system that supplies the

Mercedes and Weslaco sections in the Rio Grande Valley.

In March, 1929, Texas produced a daily average of 809,000 barrels of oil against 789,000 in February and 694,000 in March, 1928.

About half the commercial winter spinach crop of the United States is produced in Texas from 29,000 acres sown to that crop.

Texas is looking forward with much interest to the 1930 census, confident that the figures developed from the enumerators' work will reveal that Texas has made in the present decade the greatest advancement in its history. In every line, Texas has made accelerated progress since 1920; estimates are probably conservative, but the exact figures—more important ones likely to be available early in 1931—will be helpful in many ways as well as confirming or rejecting previous estimates.

Wharton county potato growers are shipping 700 carloads this year and at last accounts were getting \$2.25 a bushel.

Rains that fell during May, extending from the Panhandle over pretty much all of the wheat growing area, are estimated to have improved the Texas wheat outlook to the extent of from five to ten million bushels. Crop estimators are figuring on a State crop of 20,000,000 to 25,000,000 bushels.

E. J. Hughes, Dublin, president of a well-known Jersey breeder, kept the Future Farmers of Texas and son books on his two registered Jersey cows. In 12 months he cleared \$553 one producing 555 pounds of butterfat and the other 580 pounds. His labor income after paying all expenses was \$1.55 an hour, his records showed.

The dairy industry is bringing Parker County \$300,000 a year exclusive of milk and butter used at home. During April a Northern creamery bought 604 cans of cream which netted the producers about \$10 a can.

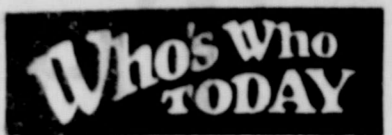

Mr. and Mrs. Grisham of Plainview were in Lockney last Sunday visiting Mr. and Mrs. J. H. Hohlaus.

Sounds Like a Paradox . . .
Compared with 20 years ago, the cost of coal has greatly increased;
The cost of transporting coal has steadily increased;
The cost of building plants for the generating of electricity by steam, the cost of equipment and the costs of operation have steadily increased;
But—the unit cost of generating a kilowatt-hour of electricity by steam plants has steadily decreased.
The research required for the improvements made in the art of generating by steam has cost millions of dollars, but if that money had not been spent SUCCESSFULLY, the cost of light and power service to the consumer would be much greater than it is today.

## WHEN MARKETING YOUR CREAM IN FLOYDADA

We would appreciate your patronage.  
Most Prompt and Efficient Service Possible

### FLOYDADA CREAMERY

## Introducing Floydada's Most Appreciative Business Men

HARMON FURNITURE CO.

Dealers In Furniture, Ambulance Service, Undertaking

Mr. Harmon, manager, says this is not a fly by night business, but a permanent one and a business that can back up their merchandise. They have a good plan for the person desiring to pay for furniture as you use it.

Mr. Harmon says, we appreciate your business and use this medium of telling you.

BAKER, HANNA & CO.

Featuring the very latest in all wearing apparel for the entire family, the Baker, Hanna & Co., store in Floydada has built a large trade since coming to Floyd county. They have literally made the motto "Where Most People Trade" come true, as they have convinced their many patrons that they can expect to get the best of goods at the very best price possible at all times at this store. At this time the store is running some excellent Harvest Time Bargains, and are enjoying a large trade from the people from every section of the county. This business is now located on the West Side of the square, where they invite the people, who have not been trading in Floydada to visit them, and solicit a continuation of the patronage of those who have been taking advantage of quality goods and low prices that they have been offering.

WILSON STUDIO

We find these men are not amateurs, but professional men at this business and have one of the best equipped plants of its kind in West Texas and appreciate your business.

JOHN McCLESKEY AUTO TOP SHOP

Owned and operated by Mr. John McCleskey, has lived in Floyd County all his life, during which time has made numerous friends and customers feels it his duty to try and show his appreciation through this medium. Solicit your future business a long his line. He does top and body work, upholstering, and glass fitting.

FLOYDADA CREAMERY

Extends a cordial invitation to all to come in and inspect their new plant. Mr. E. S. Angus, manager, states that they already get a nice business throughout this section, for which he appreciates very much and hope to merit a continued patronage.

FLOYDADA MATTRESS FACTORY

Mr. Ed Featherston, manager, says, Folks, I take pleasure in thanking you for your business and wish to announce that we have one of the best cleaning machines to be had for cleaning mattresses, rugs, etc., and would appreciate your future patronage. Also have on hand about thirty used sewing machines, priced right.

FIRST NATIONAL BANK IN FLOYDADA

A banking institution since 1903 has made itself a reputation worth while, due to service, a square deal, and co-operation. The good will of the people is considered an asset of this bank and they take this opportunity of thanking you for past patronage.

MILADIES SPECIALTY SHOPPE

The manager states that she certainly enjoys a nice business from Lockney and surrounding territory and wishes to announce at this time that it would pay you to come in and take advantage of their unusual values in ready-to-wear, as they have cut the prices on all merchandise in order to introduce themselves better and to make even more friends and customers. They appreciate your business.

BAKER-CAMPBELL COMPANY

At this time the Baker-Campbell store building is undergoing a remodeling of the front part of the store, where large show windows are being installed to afford a better display for the goods that are placed on exhibition. Also at the rear of the building an extension is being made, so that there will be more floor and shelving space for the stock. The business has had a continued growth for many years, and is one of Floydada's most popular dry goods and furnishing stores, and the management wishes to express his appreciation for the nice trade he has received from the people of Floyd county, and invites them to continue their patronage of this store.

## FIRST NATIONAL BANK IN FLOYDADA

Three Towns Swept by Wind, Hail Storms—Causes Great Property Damage

Plainview, June 7.—Two lives, injuries to nearly a score of persons and great property damage was the tabulation today of the results of windstorms, accompanied by hail and rain, which swept this section late yesterday.

Three towns, Runningwater, an inland Hale county village; Flag, in Castro county, and Olton, a Lamb county town, felt the full blast of the winds.

At Flag, R. A. Cassidy was killed when a storm blew away his home. Mrs. Cassidy was injured. Three other houses were destroyed, and several persons hurt.

J. A. Snipes was killed at Runningwater, and six members of his family were injured. Six houses were destroyed and automobiles were tossed about the prairie around village as a tornado swept down.

In and near Olton a dozen houses were demolished and a number of persons were injured. A child of Jesse Jeter suffered a fractured skull and broken rib. Seventy-four windmills, a theatre, a garage, and two gigs also were damaged.

Crops over the affected area were damaged by hail and rain.

**CENSUS BEGINS NEXT APRIL IN COMPROMISE**

Expect Little Difficulty Now Obtaining Final Approval

Washington, June 10.—Census enumerators will be ringing doorbells throughout the country beginning next April under a compromise on the census-reapportionment bill reached today by senate and-house conferees.

Virtually all points of controversy between the two branches now are settled and leaders felt tonight that there should be little difficulty in obtaining approval, first by the house and then by the senate, so that the measure could be sent to President Hoover.

Opposition to a November date rested largely on contentions by representatives of agricultural sections that if the census were taken in the early winter it would find many persons in the cities who normally reside on farms. Because of this, they argued, the representation of farming districts would be cut down by the house reapportionment, which will be based upon the population count.

Only two other major differences existed in the form in which the bill was approved by the two branches. A senate provision requiring the census takers to conform to civil service requirements was stricken out by the house. This action was sustained in conference.

The house also struck out a requirement that a census be taken of the unemployed. Later it reconsidered the action and on a third vote decided again to strike it out. The conferees left the provision in the measure.

**NEW BILLS IN TEXAS HOUSES**

Austin, June 9.—New bills listed with the Texas senate and house are given below:

**Senate**

65 (Holbrook) Directors must own minimum of \$500 in stock of bank up to \$17,500 capital stock and \$1,000 above this.

**TWO COUPLES AT HOTEL WERE ARRESTED FRIDAY**

Plainview, June 10.—R. G. Jones and F. L. Terrell and two girls, Myrtle and Lucille Popejoy, were arrested at a local hotel Friday by deputies J. K. Hooper and Gorge Boswell and C. C. Lusby, Hale Center, and the two men will be turned over to the Federal authorities for violation of the Mann and Dyer acts and for transporting a stolen automobile from one state to another.

According to the officers the two men took the automobile at Roswell, N. M., on the night of May 21, went to Pauls Valley, Okla., where the two girls joined them. They had been living here several days and the officers said they were registered at the hotel as man and wife.

All four are being held in the county jail. The automobile, a Chevrolet roadster, is being held for Roswell authorities. Mr. Lusby arrested Jones at Hale Center and the other three were at the local hotel when arrested.

**ROTARY CLUB HOLDS OPEN HOUSE TO LADIES**

At the meeting of the Rotary Club in this city Friday night at the Baker Hotel Coffee Shop, the club held open house for the Rotary Anns. A nice program was rendered, in which the ladies were the principal talkers. Arthur Barker was toastmaster and Dr. Colvern Henry song leader. Those taking part on the program were Mrs. Ray H. Wall, Mrs. O. E. Stevenson, Mrs. Carl McAdams, Miss June Guthrie, Messrs. Carl McAdams, J. H. Hoblaus, R. E. Patterson, and Ray H. Wall. About forty members and visitors were present. The visitors other than Rotary Anns, were Mr. and Mrs. Frank Perkins and Mr. and Mrs. Floyd Huff.

Harris Ball, Jr., has gone to Fort Worth, for a visit of several weeks with his grandparents, at that place.

**ANNOUNCING**

THE OPENING OF THE

GOOD ROADS WILL MEAN MORE TO AUTOIST THAN FEE CUT, SAYS COMMISSION

\$30,000 Is Needed Yearly, Avers Board

Money spent for good roads will mean a greater saving to automobile owners than reduction in the tax on gasoline or in license fee, the State Highway Commission declares in a statement just issued by the chairman, two members of the commission and Gih Gilchrist, engineer. The information is offered in a statement signed by R. S. Sterling, Cone Johnson, W. R. Ely, and Gilchrist.

An income of \$30,000,000 yearly is needed to build road as the majority of Texans wish them built, it is pointed out, and this can not be obtained with a two-cent gasoline tax, which brings in only about \$22,000,000 each year.

The statement in full follows: For the consideration of those interested in the continued construction and improvement of the highways of Texas the following information and suggestions are submitted:

The people of Texas at this time have an investment of not less than one thousand million dollars in motor vehicles; there are of value to their owners in proportion to the condition of the highways or roads over which they are operated. It is sufficient to perceive that there is any general clamor for a reduction in registration fees which average in Texas approximately \$14 per vehicle, particularly if such reduction will result in reducing the available income of the department for the upkeep, improvement and construction of adequate highways, demanded by the people. The

loss to the owner of an average motor vehicle in a trip of 100 miles or so over a rough road such as may be found in not a few places on some of the most important highways of our state, will amount to more than the saving to him from any proposed reduction in license fees.

Source of Saving We are forced to believe that the people of Texas are aware that the practical source of saving to them lies in improved roads—savings in time, comfort, consumption of gasoline, and oil and in the wear and tear of vehicles. The registration fee on the ordinary car is less than the cost of a year's insurance against fire and theft, which insurance, we are advised, is required on cars sold on the installment plan.

The average life of motor vehicles does not exceed four years; at the end of which time the sale or trade in value of a car costing \$1,000 will not exceed \$250; while the annual cost of the operation of the average car in repairs, parts, oil, and gasoline exceeds \$100. In the light of these facts the cost of registration, part of which goes to the improvement of the county roads and part to the improvement of state highways, can not be a matter of paramount importance to the owners of motor vehicles interested in better roads in Texas.

The problem of financing highway improvement in Texas is not difficult of understanding; highway funds are derived from two sources, (a) a tax on gasoline and (b) fees from the registration of motor vehicles.

Conditions at Start When the present Highway Commission took over the department, Feb. 1, 1927, the balance on deposit to the credit of the department in the

State Treasury was approximately \$660,000, whereas outstanding liabilities of the department were then approximately \$6,300,000. At that time federal aid had been withdrawn from Texas upon the grounds that federal aided highway were not being properly maintained and that contractors on federal aided jobs were not being paid. This situation, together with other needs of the department, was brought to the attention of the Forty-ninth Legislature, then in regular session, and that body, in March, 1927, increased the gasoline tax to three cents per gallon; but, unfortunately for the department, by the terms of the act the gasoline tax was automatically reduced to two cents per gallon beginning Sept. 1, 1928; since which date the gasoline tax has been two cents per gallon.

Due to the fact that by means of legislation, the income from the gasoline tax is measured by the fiscal year, while the income from license fees is measured by the calendar year, there has been no period of 12 months, under the present administration, throughout which both the gasoline tax and registration fees have been uniform. But the receipts of the department for the fiscal year from Aug. 31, 1927, to Sept. 1, 1928, will answer all practical purposes. During that period the income from the department was as follows:

From the gasoline tax of 3 cents, \$14,408,319.14. From license or registration fees, \$9,958,624.36.

Making a total for the fiscal year 1927-28 of \$24,366,943.50.

The income of the department since Sept. 1, 1928, to May 27, 1929, has been: From the gasoline tax of 2 cents, \$7,597,553.37. From registration fees, \$11,007,188.46. Making a

total of receipts from Sept. 1, 1928, to this date, May 27, 1929, of \$18,604,741.83.

Due to the fact that automobile registration is required to be made by Jan. 1 of each year, the bulk of receipts from that source for the present fiscal year already has been received.

Estimated receipts from May 27, 1929, to the end of the present fiscal year, Sept. 1, 1929, are as follows: License fees \$ 467,811.99 Gasoline tax 3,404,397.99 Depository interest 37,162.27 Miscellaneous receipts 7,996.79

A total of \$3,917,368.59

Making a total income for the present fiscal years 1928-1929, in round numbers of \$22,500,000, produced from a 2-cent gasoline tax and present rate of license fees.

If there had been no decrease in the gasoline tax from 3 cents to 2 cents, as occurred on Sept. 1, 1928, the income of the department for the present fiscal year ending Sept. 1, 1929, would have been approximately the sum of \$27,975,000; derived as follows:

From 3 cents gasoline tax, \$16,500,000; from license fees, \$11,475,000. Making a total for the present fiscal year 1928-29, of \$27,975,000.

No one familiar with the necessities of the Highway Department can say that its annual income from state sources ought to be less than \$28,000,000, and if the program of highway development is to be speeded up to meet the general demand of the great body of people of Texas, the annual income of the Highway Department from state sources ought, under no circumstances, to be less than \$30,000,000.

At the regular session of the Forty-first Legislature of 1929 House Bill 495 passed the House of Representatives, but failed to become a law. That bill proposed to reduce license fees approximately 50 per cent; the entire loss of revenue from such reduction falling upon the Highway Department. Under that proposed act the annual income of the Highway Department from registration fees (including trucks, buses, motorcycles, tractors, transfers, dealers' licenses, etc.) would have been approximately \$2,369,000, a net loss in the income of the department of approximately \$9,000,000 per annum. With the enactment of House Bill 495, without an increase in the gasoline tax, the income of the department for the fiscal year of 1929-1930 would not have exceeded \$14,188,000.

Increase Sought However, the proponents of the 50 per cent reduction in registration fees announced their purpose to increase the gasoline tax. Let us assume that the license fees had been cut 50 per cent as proposed and that the present 2-cent gasoline tax had been increased to 3 cents. When then would have been the income of the department for the fiscal year 1929-1930?

From a 3-cent gasoline tax, approximately \$17,000,000; from license fees as cut 50 per cent, \$2,653,000. Making a total of only \$19,653,000. A reduction in income of the department by \$2,000,000 below its present annual income from a 2-cent gasoline tax and license fees.

A 4-cent gasoline tax with proposed cut in license fees of 50 per cent would produce an annual income as follows: From a 4-cent gasoline tax, \$23,000,000; from license fees with proposed cut of 50 per cent, \$2,653,000. A total of \$25,653,000.

This is \$2,500,000 below the minimum income of \$28,000,000 and \$4,500,000 below the necessary income of \$30,000,000.

The Highway Commission has taken the position that the problem of raising revenues to meet the needs of the department is one for solution by the legislature; but, in the present emergency, we may with propriety suggest what appears to us to be a practical mode of procedure in the levy of those taxes. First, determine the total sum to be raised from all state sources for the annual operation and activities of the department, requisite to cover its running expenses, the purchase of equipment, maintenance, betterments and construction; then, determine the rate of the tax on gasoline which ought to be and which can be levied; then the sum total to be raised from license or registration fees will be one of mere calculation; the adjustment of these fees to the various kinds of motor vehicles to be made by the legislature as in its judgment will be fair and just.

Method Outlined Suppose the legislature should determine that the total income of the department from the gasoline tax and license fees shall be \$28,000,000. If the gasoline tax should be fixed at 3 cents the annual income from that source would be approximately \$17,000,000; and the sum to be raised from license fees approximately \$11,000,000.

If a 4-cent gasoline tax should be levied the income from that source will be approximately \$23,000,000 as we have already seen, requiring \$5,000,000 from license fees to bring the income of the department up to \$28,000,000; or \$7,000,000 from license fees if the income of the department from both sources, should be fixed at \$30,000,000.

The present commissioners during their term of office have visited every section and nearly every county in this state; they have conferred with a large percentage of the citizenship of the state, and they have not found any substantial sentiment in favor of

COTTON ASSOCIATION  
ADOPTS NEW PLANS

Dallas, June 9.—The Farmers Marketing Association has adopted a new plan for handling cotton, W. B. Yeary, president, has announced. The program was agreed upon at a meeting of directors of the organization here June 3 and 4.

The directors contracted with M. H. Wolfe, cotton factor, to act as general sales agent for all of the association's cotton and a director of organization work was employed. Under the new plan the organization, which has a state charter, will contract with individual farmers for the sale of their cotton, each such farmer automatically becoming a member of the organization.

HENRY'S RETURN FROM TWO WEEKS VACATION

Dr. S. M. Henry, wife and son, Charles Morgan, returned Thursday of last week from a two week's vacation, spent at Corpus Christi and other points in South Texas. Dr. Henry reports a good trip and that he killed some squirrels while away, but would reserve his fishing story for some future issue of the Beacon.

## BANKERS IN NATIONAL MOVE FOR UNIFORM FINANCIAL PRACTICES

Would Promote Greater Consistency Among All the State Laws in Respect to Banking Conditions—Uniformity of Practice and Understanding Will Make for Greater Convenience, Efficiency and Safety for All Business.

By S. J. HIGH

President State Bank Division, American Bankers Association

RAPID interchange of business and the quick transportation of goods in the United States, coupled with almost instantaneous means of inter-communication by telegraph, telephone and wireless, have welded the country into an economic unit. The nation is not, in a business sense, conducting its affairs in water-tight compartments, as in a measure it did in the days of slow travel and remote places, but styles, methods, commodities and business practices flow freely today in all directions. Therefore it is desirable that finance, trade and industry throughout the country operate along generally uniform or at least consistent lines, so that a contract or an agreement or obligation in connection with business transactions shall mean virtually the same thing in all parts of the country. Particularly necessary in this connection is the establishment of uniform financial and banking practices so as to facilitate the flow of trade along accepted and understood lines.

S. J. HIGH

Banking in the United States is recognized as a semi-public type of business and is therefore subject to laws to define the scope and character of its activities. These laws at present set up a great diversity of conditions

under which banking is conducted in various parts of the country since they come from both state and federal authorities. The national banks are all chartered by the federal government and therefore operate on the same lines in every state of the Union, but there is no such regularity in respect to the conditions under which the state banks chartered by the respective forty-eight states must conduct their business. All state banking codes, while they have similarities, also have many great dissimilarities in respect both to the national bank laws and the banking laws covering state bank operations in other jurisdictions.

Bankers Move for Uniform Laws

The State Bank Division of the American Bankers Association, which latter includes in its membership banks of all descriptions throughout the country subject to all the variations of state and federal banking laws, is committed to the effort to bring about greater consistency and uniformity among the statutes of all these various jurisdictions. This body is conducting a vigorous nation-wide campaign urging that active steps be taken to secure greater co-ordination in banking legislation, more equitable conditions and more uniformly efficient public supervision of banks in the several states.

The organization is particularly concerned with fostering this movement to bring about more uniformly desirable conditions throughout the United States in respect to the public supervision of banking institutions by the state banking departments. It is on record as favoring the policy that the important office of state bank commissioner should be kept as free from entangling partisan politics as the judiciary itself and should be completely detached from all other functions of state government.

It is also on record as favoring the policy that the tenure of office of state bank commissioners should be made more secure and lasting than is now the case in many state jurisdictions and that this important public officer be granted sufficient compensation and discretionary power so that the office shall attract and retain the services of men of outstanding executive ability and successful banking experience.

It is also a part of this policy that

the bank commissioner's ability to carry out the duties of his office on the highest plane of usefulness to the public as well as to banking.

The Trend of State Laws

The Association's State Bank Division has recently concluded a nation-wide survey of state banking legislation and conditions and in general has discovered a definite trend along the following lines:

There is a distinct tendency among the states to raise the minimum capital required for banking institutions to \$25,000 and also to give the bank commissioners or the banking boards sole power as to the granting of charters for new banks, thus enabling them to use discretion as to the need or desirability of added banking facilities or the fitness of the organizers to enter the banking field. In this connection many states are creating banking boards to act in an advisory capacity with the state bank commissioners.

There has also been observed a tendency to increase the compensation of the bank commissioners and to strengthen their terms of office and to give them power to appoint necessary deputies and examiners so as to build up an adequate force to carry out their responsibilities and duties. An important augmentation of the powers of bank commissioners in some states is found in laws giving them complete charge of insolvent banks and their liquidation as distinguished from more costly liquidation through the courts.

In the Public Interest

Distinctly in the public interest are laws prohibiting or limiting an officer or director of a bank from borrowing from his own bank unless his collateral security is approved by a majority of the board of directors of the bank. Also there is recent legislation noted providing for closer supervision and regulation of building and loan associations, credit unions, finance companies and private banks.

In some states measures have been enacted broadening the field for investment of funds of savings banks and trust companies, which have materially enhanced the service that these institutions can render, particularly in the way of co-operation with their customers in personal financial management. Another type of legislation, important especially to banking in view of the frequent efforts to defraud banks, is that which makes the issuance of worthless checks a misdemeanor with specific penalties.

The State Bank Division of the American Bankers Association endorses in the fullest degree in principle the development of banking laws along the foregoing lines and is actively engaged in fostering the spread of such legislation wherever its services are considered useful both to banking and to the public. Uniformly sound banking institutions and practices, together with common methods and understanding, will materially add to the convenience, efficiency and safety of business in serving the well-being of the public in all parts of the nation, especially in those transactions involving dealings between different localities.

GOOD ROADS WILL MEAN MORE TO AUTOISTS THAN FEE CUT SAYS COMMISSION

(Continued from Page 10) a reduction in registration fees, if such reduction is to be at the expense of crippling or hampering the work of the department. The people of Texas are deeply interested in the prosecution of a reasonable program of highway construction and improvement; they demand that existing highways be adequately maintained, and

they look to the legislature to make adequate provision for such a program. The man who pays the registration fee for the operation of his motor vehicle, also pays a gasoline tax; and while some readjustment of these taxes, involving a substantial increase in the gasoline tax and a possible reduction in registration fees may be necessary or advisable, still if such readjustment should involve a reduction in the annual income of the department below that which is necessary to carry on a real, and not a haphazard, program of highway construction, improvement and maintenance, the great body of the people of Texas will be disappointed.

Condition Shown

The following statement shows the condition of the highway fund and income, together with the expenditures which must be made out of that fund, to the end of the present fiscal year: Balance to the credit of the State Highway Fund May 27, 1929 \$13,813,044.78 Estimated receipts from May 27, 1928, to Sept. 1, 1929, of:

Licenses fees	\$ 407,811.54
Gasoline tax	3,404,397.99
Depository interest	37,162.27
Miscellaneous receipts	7,996.79
<b>Total for the year</b>	<b>3,917,368.59</b>
<b>Total</b>	<b>\$17,730,413.37</b>

Amounts to be paid out of this fund to Sept. 1, 1929:

Legislative appropriations	\$ 257,249.99
Purchase of equipment	333,520.24
Maintenance of Highways	6,780,145.00
Miscellaneous expenditures	33,116.53
<b>Total</b>	<b>\$7,404,031.86</b>

Note—The listing of these estimated expenses does not mean that all of these payments will be made prior to Sept. 1, 1929. The amounts shown are those which have been authorized for this fiscal year but due to weather conditions and for other reasons, many of the authorized maintenance projects will overlap into the next fiscal year and the funds reappropriated. Also due to present unprecedented rains it is estimated at this time that from \$500,000 to \$1,000,000 may be needed to replace roads and bridges washed out and otherwise damaged by floods.) On construction under way, and contracts which have been let, including those awarded at the meeting of the commission, May 24-25, 1929 \$ 7,586,270.97 Total \$14,990,302.83

## WHAT IS THE DIFFERENCE?

It has been said, the reason a woman likes to look at the man is because there is a man in it.

She is an optimist, but the woman who refuses to look at the man because there is no chance to get the man, is a pessimist.

So it is with many of us, we are afraid to look on the bright side of life for fear there may be some dark spot ahead. We can't afford to go to either extreme if we wish to get the most in store for us.

With the wheat already made and near to harvest of grain, we feel that we should raise our eyes and look for the sunshine of life is beckoning us with glittering golden grain, yet we feel that we should not be over estimating our prospect and become reckless and fail to trade where we can get our money's worth in exchange, but be careful in business and look up the Old Reliable.

When you have found us, on the dot, with plenty of fresh groceries and meats to suit the taste, of many of the most pessimistic and optimistic trade, if you don't care to take what we say, just phone or call one old day, and the proof of our good store will be delivered right at your door.

FRESH GROCERIES AND MEATS AT ALL TIMES  
JUST CALL TELEPHONE No. 10—WE'LL DO THE REST

# RILEY & BREWSTER

Leaving an estimated balance to the credit of the State Highway Fund on Sept. 1, 1929 \$2,740,110.54

Federal Aid  
Texas now has a yearly apportionment of federal aid for highways of approximately \$4,500,000.

With the letting of contracts at the May meeting of the State Highway Commission his apportionment has been entirely placed under contract and no more federal aid is available until the 1930 apportionment becomes available on Dec. 1, 1929.

The State Highway Department awarded contracts during 1928 of approximately \$27,000,000. To date, in 1929, contracts have been awarded in the approximate amount of \$17,000,000 and more satisfactory prices have been obtained by reason of volume. If funds are made available at an early date the construction program for 1929 can easily exceed that of 1928 as there are incomplete road programs in many counties and on many important highways.

For the general maintenance of the state highway system an annual expenditure of \$10,000,000 is needed

with \$2,000,000 additional for betterment work, making a total of \$12,000,000 for maintaining and preserving the highways. Taking for 1930 the federal aid apportionment of \$4,500,000 and assuming county aid at the same figure which will be approximately correct we would have with the present income from license fees and a two-cent gasoline tax, a construction program for 1930 of approximately \$20,000,000.

With a three-cent gasoline tax and license fee cut 50 per cent the construction fund would be approximately \$16,000,000.

With a four-cent gasoline tax and license fee cut 50 per cent the construction program would be about \$22,000,000.

All of these estimates for construction fall below the demand and the amount of annual expenditures on which the department can efficiently operate.

TEXAS HIGHWAY COMMISSION.  
R. S. Sterling, chairman; Cone Johnson, W. R. Ely, commissioners; Gibb Gilchrist, state highway engineer.  
June 6, 1929.

THE RIGHT-OF-WAY

Senior Epworth League Program For Sunday, June 16... Leader—Elwood Reasonover... Song—Scripture Lesson—Philippians 1:9-11; Hebrews 6:1-3, 11-12... The Spirit of Christ and the Temperance Crusade—T. H. Stewart... The Spirit of Christ and Our Community—Raymond Cox... The Spirit of Christ and Other Races—Clifford Reasonover... The Spirit of Christ and Poverty—Evelyn Fields... The Spirit of Christ and Industry—Mattie Belle Wofford... The Spirit of Christ and Other Nations—E. W. Ward... Enlarging Our Horizon—Chas. Collins... The Lord's Prayer... Announcements... Benediction... The Lockney League is proud that

three of her leaguers, Mr. Winston Wofford, Misses Annetta Johnson, and Ermine Ida Thomas were able to attend the League Assembly at Abilene, Texas. We wish that more of our leaguers could have attended, but we feel sure that these who are going will receive much inspiration from the assembly, and be of great help to us when they return home.—Reporter... Rowan Ward Has Party... On Tuesday evening, June 4th, at 7 o'clock, the scouts surprised Rowan Ward with a party at his home, it being his 13th birthday... While Rowan was kept away from home, the boys hid many nice presents in the hedge and helped Mrs. Ward set the table on the lawn, then hid themselves, and when Rowan came they treated him to a regular scout rough housing, after which they expressed a need of refreshments so were filled in boy fashion with ice cream, cake, and pop corn, after which Rowan was made to hunt in the hedge

till all the presents were found. Games of all kinds followed. Each boy expressed himself as having had a regular time... Blanco Home Demonstration Club... The Blanco Home Demonstration Club met with Mrs. Will Lewis Monday afternoon, June 10, with one visitor, ten members, and Miss Strange present. We answered the roll call by telling "My Families Favorite for a Cold Lunch."... Miss Strange told us of the place of cold lunches or suggested different things that were nice used cold. She also gave a demonstration of chicken sandwiches which was enjoyed by all. We meet next with Mrs. Clyde Bagwell, June 20, at 3 o'clock with Mrs. Wheeler to be leader... The subject will be "Kitchen Conveniences."... 1. Large Equipment and How to Arrange It.—Mrs. J. D. Christian... 2. Small Equipment and How to Arrange It.—Mrs. Badgett... 3. Cleaning Equipment.—Mrs. McCarty... Since the days are so long and hot it was decided to meet during the summer months at 3 o'clock instead of 2.—Reporter

SCOUT NEWS... The scouts held their regular meeting Monday night and as their scoutmaster, Mr. Crocker, got married and was on his honeymoon, Mr. Monroe took charge of the meeting... Several of the boys went camping Wednesday noon, but didn't get to stay all night in the canyons, as it rained. We slept in a barn two miles from the canyons... Mr. Whitfill, our chaperone, notified our parents that we were all safe and sound out of the rain and in a barn with a good dog as our guardian. It was a good dog, but full of fleas and kept us awake all night scratching. We hope to have a better trip next time.—Scribe

PAVED ROADS ARE GREAT ASSET TO TRAFFIC IN HALE... Plainview, June 8.—Following the completion of the seventy miles of hard-surfaced roads in Hale county that are now under construction, and the linking up of several counties east and west of Hale county in the concerted action to get State Highway

28 and Federal Highway 70 paved from Vernon to Clovis, N. M., an enormous increase in the big tourist traffic through this section is expected... East of Plainview every county between Plainview and Vernon has voted bonds for the paving of the highway except Floyd county, and it is expected that it will vote them during this year. Most of the construction is under way, and before next spring the road should be paved practically all the way to Vernon. In Hale county the grading and drainage structures are being built now.

PERSONAL MENTION

Mr. and Mrs. T. B. Cox and children of Happy are here this week visiting Mr. Cox's parents, Mr. and Mrs. E. C. Cox... Miss Celia Whitt arrived Saturday morning from Austin, Texas, where she has been for some time, under the treatment of a doctor... John Stapleton returned home the last of the week from Austin, Texas, where he has been attending law school the past term... Mr. and Mrs. O. E. Stevenson and sons, Glenn and Wood, spent a few days last week visiting in Fort Worth and Dallas... Dr. and Mrs. Sam Ball of Amarillo, were here over the week-end, visiting his brother, Dr. H. H. Ball, and family... Mr. and Mrs. A. B. Brown and children, and Miss Hazel Bybee, were here from Lubbock over the week-end, visiting with friends and relatives... Mrs. Leslie Gilbert has gone to Canyon, where she has entered the West Texas State Teachers College, to take a summer course... Miss Mary Chambers has gone to Boulder, Colo., to enter a college for the summer... Mrs. R. C. Halthcock has gone to Canyon to enter the West Texas State Teachers College, to take a summer course... Misses Ruth Stapleton and Alice Green have returned to their homes in Lockney to spend the summer, after having attended school at the West Texas State Teachers College at Canyon, for the past term... E. M. Champion of Slaton, Texas, was here the first of the week visiting his wife, who has been visiting her parents, Mr. and Mrs. U. S. Braswell, for several weeks... Oscar Shurbet returned Saturday from a two weeks stay in Mineral Wells... R. C. Hutsell, who has moved to his farm in Briscoe county, was in Lockney Monday. Mr. Hutsell states that he is doing considerable improving on his farm at this time... Ed Brown of Brownfield, Texas, and sister, Mrs. H. C. Stovall, of Cisco, have been here this week, visiting their father, Mr. S. M. Brown... Mrs. L. C. Hicks and children of Plainview spent the week-end here visiting her parents, Mr. and Mrs. T. Gilbert, and other relatives... Mr. and Mrs. Frank Morris have returned from a short vacation spent in the mountains of New Mexico... Misses Ruth and Dorothy Ford were over from Lubbock Sunday visiting their parents, Mr. and Mrs. Frank H. Ford... Mrs. A. J. Crager has returned home from a stay of several weeks in a Dallas hospital. She has been very sick since her return home, but is reported better... Mrs. Henry Hagood of Amarillo, Mrs. Ray Light of Dallas, and Mrs. J. M. Johnson of Plainview, have been here the past week, visiting their parents, Mr. and Mrs. A. J. Crager... Mr. and Mrs. Homer Rook, Mrs. Mollie Rook, and Mrs. E. A. Rodgers of Plainview, were over Sunday visiting A. J. Crager and family... Mrs. G. J. Stapleton has returned from a several weeks visit to her sister, Mrs. J. A. Kemp, at Wichita Falls, Texas... Homer Howard and wife of Lockney, and John W. Howard of the Starkey community, accompanied by their mother, Mrs. C. W. Hokard, have just returned from a trip to Pollett, Texas, in the north Panhandle, where they visited Mrs. C. W. Howard's sister, Mrs. Goodman. This is the first time the ladies have seen each other in seventeen years... Mr. and Mrs. J. W. Wise and children of Dallas, were here several days this week visiting Mr. and Mrs. Lindsay Busby... Mrs. H. H. Ball and Mary Taylor, have gone to Fort Worth for a visit with relatives... Prof. and Mrs. W. D. Biggers and children have moved to Lubbock for the summer, while Mr. Biggers is taking a course in the Tech College at that place... The small son of Mr. and Mrs. Ed Whitfill has been very ill the past week with bronchial pneumonia... Mr. and Mrs. H. B. Adams, Douglas and Milton, and Mr. and Mrs. Geo. F. Kinyon spent Sunday in Roaring Springs, visiting Mr. and Mrs. C. S. Adams... John R. White of Greely, Colorado, has been here this week visiting his brother, A. J. White, and family, and renewing old acquaintances... Jim Harper, who got his right foot hurt several weeks ago, when a truck ran over same, is able to walk on the foot again... C. T. Calloway and family of Blue Ridge, Collin County, Texas, is visiting Luther Wofford and family. Mr Calloway is here for the relief of asthma and has been on the plans for two months and has not had an attack since coming here.

BREAKS ALL ENDURANCE FLIGHT RECORD... Fort Worth, Texas.—The single-motored Ryan Monoplane Fort Worth, with two civilian pilots aboard, topped the refueling endurance record of 150 hours 40 minutes and 50 seconds established by the army monoplane, the Question Mark. The Fort Worth was entirely rebuilt for the venture and took off from Fort Worth on Sunday, May 19, at 11:33 A. M. The pilots were R. L. Robbins and Jim Kelly, both residents of Fort Worth, Texas.

Mrs. J. H. Hohlaus and children will leave tomorrow for Texline, Tex., to spend several days visiting Mrs. Hohlaus' Mother, Mrs. J. A. Abney, and other relatives... Miss Nona Wells is in Lubbock for the summer, attending school at the Tech College... Mr. and Mrs. J. H. Roberson, who were married Wednesday of last week near Mineral Wells, Texas, arrived in Lockney Saturday, and are now at home on his farm north of town.

ATTENTION LADIES! For cheaper laundry try a wet wash, minimum bundle, 20 lbs for \$1.00.—Phone 99. Itp

FLOYDADA RECEIVES FIRST LOAD OF NEW WHEAT... Floydada, June 12.—Floydada received its first load of 1929 wheat today when I. D. Holland sold a load to the Farmers' Elevator and received 77 cents a bushel with a premium of 3 cents a bushel.

The field is cutting 20 bushels per acre and the first load tested 62 1-2 pounds per bushel... With the exception of last year when the first load was received on May 30, this is the earliest delivery of wheat on record in this county. Harvest will be in full blast in 20 days.

Miller Exhibits Big Hail Jason Miller, who lives west of Lockney, was in town Friday morning exhibiting a hail that fell Thursday night. The stone was about the size of a base ball, cut in half, and probably broke half into when it hit the ground. He had it wrapped in paper Thursday night, and it had melted a great deal, it had been about twelve hours since the hail storm passed over, and from the size of the hail on Friday morning, it must have been as much as twelve inches around at the time it fell.

Harmony Home Demonstration Club The Harmony Home Demonstration Club met with Mrs. O. H. Heard, June 5th, at 2:30. The subject for the meeting was "Cold Lunches." The following program was rendered: The Place of Cold Lunches—General discussion. Variety in Foods for the Cold Lunch.—Blanche Ramsey.

Miss Strange gave a talk on cold lunches and demonstrated the making of chicken sandwiches. The club voted to send Mrs. Chas. B. Smith to the short course at A. & M.

Our next meeting will be with Mrs. Chas. B. Smith, on June 19 and "Kitchen Conveniences" will be the subject.—Reporter... Brownville and Laredo had the fewest negroes—the figures being 49 for Brownville and 41 for Laredo.

PLEASANT VALLEY

June 11.—Pleasant Valley folks are thankful not to be hurt any more than they were by the hail storm that passed over our part of the country Thursday of last week. Hail stones fell as large as hen eggs, but they were not very thick and there was very little wind. Mr. A. J. Smith's windmill was torn to pieces. Mr. W. E. McClure had a cow shed blown down, and the barn on the old Brown place was blown away. Quite a lot of fruit was knocked off, but the crops were not damaged very much. Sunday, Mrs. A. J. Blankenship celebrated her sixty-fourth birthday. Mr. and Mrs. George Blankenship and Miss Vera Allmon of Dougherty came with a lovely dinner and presented Mrs. Blankenship with a large cake, on which were sixty-four candles. At the noon hour fourteen guests partook of the dinner which had been prepared and every one enjoyed the day. We hope Mrs. Blankenship will enjoy many more birthdays just like this one. Mrs. Fields and daughters, Evelyn and Dorris, spent Thursday evening with Mrs. D. P. Childress. Mr. and Mrs. R. C. Yarbrough and family spent Sunday afternoon with Mr. and Mrs. C. F. Harris. Mr. and Mrs. Bloxom, Miss Sue Bloxom, and Grandpa Bloxom spent Sunday afternoon with Mr. and Mrs. W. E. McClure.

Mr. and Mrs. W. C. Hubbard and family spent Sunday afternoon with Mr. and Mrs. D. P. Childress. Mr. and Mrs. T. B. Mitchell are the proud owners of a new Ford sedan. Miss Elizabeth Morgan of Lockney spent Monday with Miss Lucille Marr. Mr. W. M. Ferguson and son, Carl, spent Saturday and Sunday in Oklahoma, visiting their son and brother, Mr. Loie Ferguson, who recently moved to Oklahoma from Arkansas. Rexine Sams of Lockney spent Sunday with Katherine Harris. Mr. and Mrs. E. A. Childress and Mr. and Mrs. Smith of Floydada spent Sunday evening with Mr. and Mrs. D. P. Childress. Mrs. N. T. A. Byars and son, Ribbin, spent Sunday evening in the Blankenship home. Mrs. J. T. Marr went to Abilene last week to attend the commencement exercises. Miss Lucille Marr finished at Simmons this year, and will spend the summer with her parents. We are proud that we have several college girls and boys in our community. Mrs. D. P. Childress and daughters, Lola Lee and Mozelle, spent Friday with Mrs. A. J. Blankenship. Mr. and Mrs. Lonnie Byars and Mr. and Mrs. Albert Byars and families of Canyon and Mr. and Mrs. John Waddle of Plainview spent last Sunday with Mr. and Mrs. N. T. A. Byars. Mrs. Sammie Belding of Floydada

spent Friday night with Mr. and Mrs. J. T. Marr. J. C. Harris spent Sunday night with Herchel Blankenship. Mr. J. T. Marr and daughter, Miss Lucille, were Plainview visitors last Friday.

IRICK

June 10.—The hail which fell over a large portion of the country did considerable damage to the crops. The farmers are hoping that it is ready to stop storming for a while as it is almost time for harvest. Misses Helen McElroy and Lily Mae Taack were the guests of Miss Frankie Smith Sunday. Messrs. Walter Taack, Harrell Dollar, Carroll Feagan, and Hugh Poage spent Saturday night with C. W. Murphy. Mr. and Mrs. G. L. Blanton of Dimmitt, Texas, and family, were visitors in this community Saturday night. Mrs. Murphy and children have returned from their visit friends and relatives in Dallas. Miss Lela Dollar was a visitor in the Hampton home Saturday evening. A party given by Mrs. J. F. Dollar was enjoyed by many young folks of this community Saturday night. Mr. Melvin Glass, Dorothy Glass, and Donna Nell Murphy returned Sunday, after a visit in Tulsa. Mr. Carroll Feagan has returned home from a visit with relatives in Burburnett. Miss Lucille Hampton, Earl Poage, and Dewey Sparks were visitors in the home of Mr. W. T. Glass Sunday. Mr. and Mrs. Lewis Howell and family spent Sunday evening with Mr. and Mrs. H. D. Ashby. Miss Ollie Glass spent Saturday night with Miss Lucille Hampton. Mr. Murphy and children have gone on a visit to Las Vegas, N. M.

SUNSET

June 10.—There was a large attendance at the singing Sunday, which was enjoyed by all present. Mr. J. A. Webster returned to his home Monday in Amarillo, after a week's visit with his daughter, Mrs. N. D. Clark, who has been sick for the past month. Mrs. B. C. Phegley and daughters were Plainview shoppers Monday. The bond election, which was held Saturday for the issuance of bonds to build a school building at South Plains, carried by a majority. Among those who visited Mrs. N. D. Clark, who has been confined to her bed for the past month on account of illness, were Mr. and Mrs. Geo. Webster and son, of Lockney; Mr. and Mrs. O. Wicker, of the Roseland community; Mrs. Roberson and Mrs. Hanna, of the Irick community; and Mr. and Mrs. Hartman. Mrs. Bowman, who has been sick with pellagra for the past two months died in the West Texas Sanitarium in Amarillo last Tuesday. She was taken to Hereford, Texas, her former home for burial. Our community extends their sympathy to the bereaved ones. Mamie Lou Jarnigan visited with Mrs. Homer Harper and children last Saturday. Little Fannie Margarette Harper is visiting relatives in Littlefield this week.

BLANCO

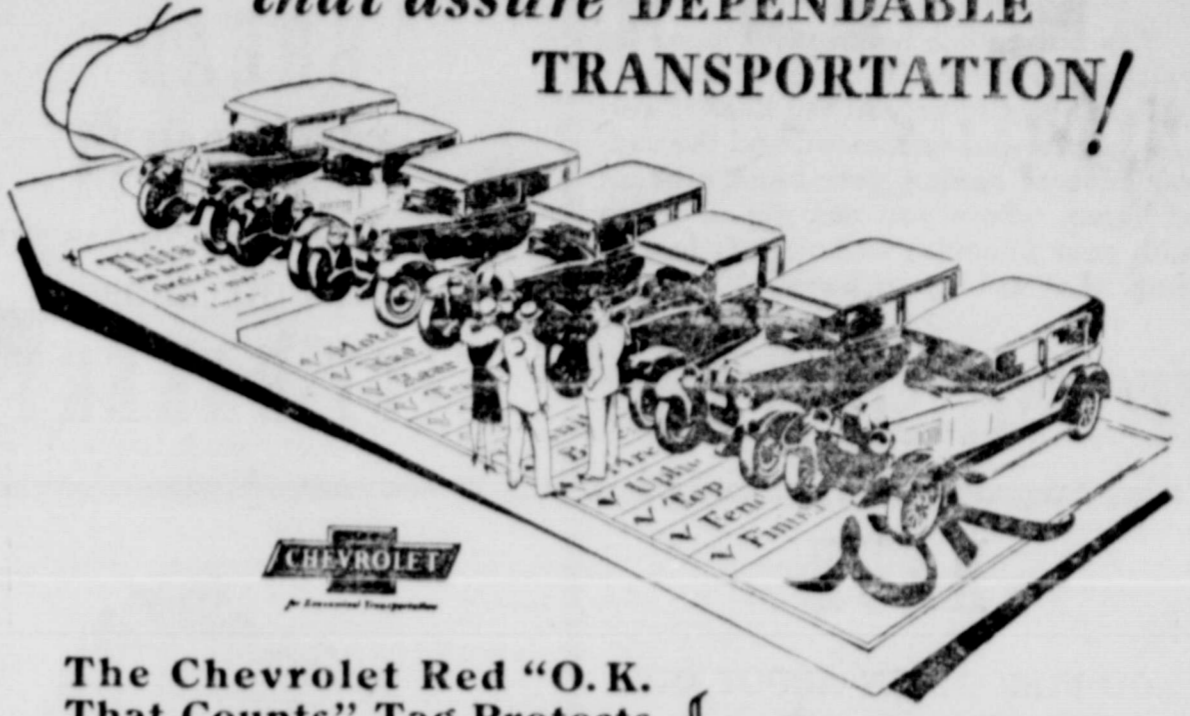

June 10.—Mr. George Smith spent last week with her sister-in-law, Mrs. Mike at Sand Hill. Mrs. Mike is the proud mother of twin babies, a girl and a boy. Mrs. Ham Smith and daughter, Mary Katherine, attended the shower given Mrs. Seaborn Teague Tuesday. Mrs. Teague is to be remembered as Miss Marie Bagwell. Mrs. Wm. Snell visited in the Will Holleyfield home Friday. Mr. and Mrs. S. F. Smith and Mr. and Mrs. Alva Smith motored to Monday, Thursday to visit Mrs. Frank Hendrix. They were accompanied back by Miss Opal Smith. Mr. and Mrs. Moss Howell and son spent Sunday in the Bagwell home. Mrs. Boothe and daughter visited in the Gilbreath home last week. Mr. and Mrs. D. Lewis had as their guests last week, Mr. and Mrs. Davis of Floydada, Mr. and Mrs. I. L. Brown, Mr. and Mrs. Hargrove, and Mr. J. L. Douglas and family. We feel very lucky not to have been damaged by the hail.

McCOY

June 10.—Mrs. W. W. Smith entertained the young folks Monday night with a lawn party. Misses Lounetta Parr and Lou Berry's friends of Tullia spent Sunday in the Berry home. Mr. and Mrs. Keller Holmes and family spent Sunday in the home of E. W. Holmes. Mr. and Mrs. Williamson of Floydada were the Sunday guests of Mr. and Mrs. C. D. Thacker. Mr. and Mrs. John Crop and little son visited Mrs. Crop's parents, Mr. and Mrs. Henry Puckett, Sunday. Mr. and Mrs. Barriat and family, Mr. and Mrs. Snell and family, Mr. and Mrs. S. F. Smith and daughter, Opal, and Miss Etta Berry were the Sunday guests in the home of J. W. Dalton at Starkey. Mr. and Mrs. Orval Payne and little son, and Mr. and Mrs. Charlie Payne and family motored to Amarillo Sunday to visit their brother, Otto. Mrs. S. F. and Mrs. Alva Smith of Blanco visited in the home of Mrs.

Honest Values

that assure DEPENDABLE TRANSPORTATION!

The Chevrolet Red "O.K. That Counts" Tag Protects Your Used Car Purchase.

Every reconditioned car we offer for sale is identified by means of the Chevrolet red "O.K. that Counts" tag. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconditioned—and that the price is based on the car's actual ability to render service. Due to the overwhelming popularity of the new Chevrolet Six, we have on hand at this time an unusually large group of these "O.K.'d" cars. Come in! You are certain to find the car you want—at a price that will save you money. Make a small down payment and drive your car away!

USED CARS with an OK that counts

W. J. Jackson Monday. Mr. and Mrs. C. D. Thacker and family have been attending church at Floydada this week. We are very glad to see Mrs. J. W. Jackson up again. She has been very ill the past few days. There was a large crowd at church Sunday. Bro. Harder preached. The hail which fell Wednesday evening did very little damage in this community.

LIBERTY

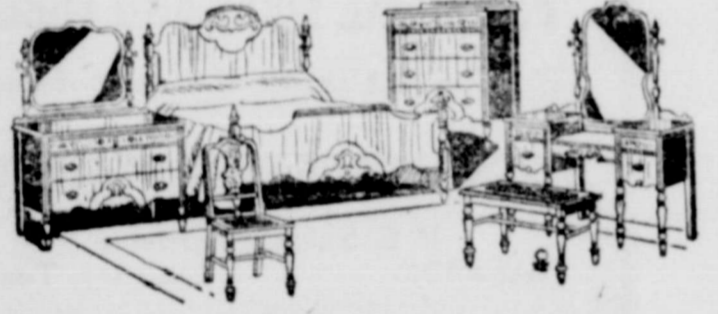

June 11.—Miss Nina McCormick of Wichita Falls is visiting her father of this community. Miss Odessa Clendennen returned to Canyon last week, following a few days visit with relatives here. Messrs. Arthur and Clarence Strickland of Los Angeles, Calif., are visiting their parents and other relatives here. Darel and Junior Yeary of Globe, Arizona, came in Sunday for a two months visit with grandparents, Mr. and Mrs. A. J. Jetton and Mr. and Mrs. B. Yeary of this community. Mr. Berette Eubanks of this community and Miss Irene Mathis of Cedar Hill were married Friday. We wish for them a very happy and successful married life. Miss Lucille Anderson left last week for Colorado, where she will enter summer school. Mr. and Mrs. A. J. Jetton were South Plains visitors Wednesday. Messrs. Andrew Jetton and Bailey Bean were Plainview visitors Friday. Miss Elsa Anderson spent Saturday night with Miss Altha Strickland. Miss Altha Strickland visited Miss Eddie Hammitt of Cedar Tuesday afternoon. Carl Gilley spent Thursday night with Austin Strickland. Misses Jennie and Ruth McCormick spent Sunday with Miss Tincy Bean. Mrs. J. A. Dunlap was in Lockney Thursday afternoon for medical treatment. Misses Altha Strickland, Elsa Anderson, Erma and Berna Bean, and Messrs. Earl Cooper, Cotton and Woodrow Wilson motored to South Plains Sunday.

HARMONY

June 10.—Rev. Kieby filled the pulpit at Carrs Chapel Sunday. He is the new pastor of the charge since the resignation of Rev. Payne. Mrs. Erhardt, Mrs. Hyde, and Mr. Russel Erhardt of Amarillo, visited over the week-end in the home of Mr. and Mrs. M. D. Ramsey. Mrs. L. A. Williams spent a part of last week in Lubbock with her mother, who has recently undergone a major operation at the Lubbock sanitarium.

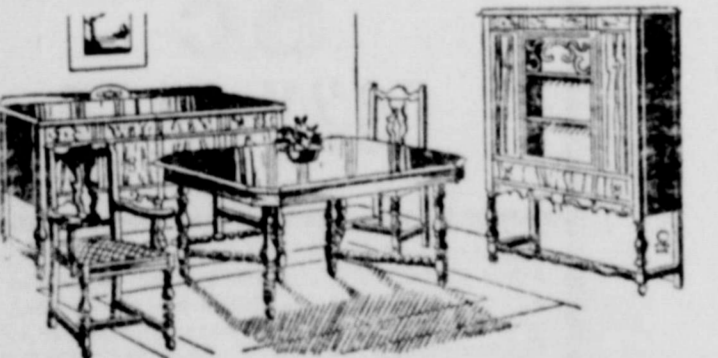

Mr. Hal Scott and Miss Blanche Scott motored to Plainview Sunday morning. The Home Demonstration Club met with Mrs. O. H. Heard Wednesday. Miss Strange gave an interesting talk and demonstration on cold lunches. Mrs. Floyd Trowbridge of Amarillo is visiting relatives in the community this week.

E. M. Cornelius Operatde On Mr. E. M. Cornelius, who recently moved to Lockney from Estelline, and is shoe man for Baker Mercantile Co., went to Temple, Texas, last week, where he went through a clinic, and was operated on. The cause of the operation was not stated in news reaching here, but he withstood the operation in good shape and is now convalescent.

HEAL THOSE SORE GUMS

If you suffer from Sore Gums, Bleeding Gums, Loose Teeth, Foul Breath, or from Pyorrhea in even its worst form, we will sell you a bottle of Leto's Pyorrhea Remedy and guarantee it to please you or return money. This is different from any other treatment, and results are certain.—Stewart Drug Co.

Took Soda 20 Years for Gas—Stops Now

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—John B. Hardy.

Adlerika relieves gas and sour stomach at once. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! Overcomes constipation. Stewart Drug Co.

What's Doing in West Texas

Anson is doing a great deal of building. A theatre with a capacity of 450 on the main floor and 100 in the balcony is to be erected by Knox Pittard. The plans call for a modern theatre front, three entrances, the foyer of tile. Floor will be of cement and tile. The dimensions will be 30 by 120 feet. Hereford celebrated the opening of

a new \$30,000 Baptist church by starting a revival in it. All precedents in church construction were broken in the decoration, seating and architecture of the distinctive church. One thousand auditorium or theatre chairs are in supply. The rose colored roof, eaves, and circular-topped windows suggest the Spanish motif.

The De Leon Free Press recently celebrated its 40th birthday. It was established late in June in 1889, eight years after the establishment of the town, and has been published continuously ever since.

O'Donnell Methodists are spending \$2,500 remodeling their church. Seven Sunday school rooms will be built, besides other improvements. When completed this will be a splendid edifice, and up-to-date in every respect.

Tahoka is to have a new business block. C. A. Hill of Lamesa has announced that he will erect a brick building 50x125 in size to house a chain grocery store and an automobile agency. The old Howell building, one of the first garages erected in this section will be razed for the new structure.

A Big Spring building is nearing completion. It is the \$55,000 Read building which contains seven stores on the ground floor, and a 25 room hotel on the second floor. It extends the business district one block on East Seventh. Other buildings nearing completion are the Alta Vista Apartment house, Studebaker plant, and six-story Petroleum building.

Silverton's new high school building will cost \$80,000, and will be completed by August 15. The school board will make plans to organize both a Junior and a Senior High School, according to C. D. Wright, president of the board.

Brownfield is rushing its street paving. At a meeting of the city council recently, a Wichita Falls firm was employed as engineers on street paving with instructions to start actual construction as soon as possible. It is thought that the proceeds of the bonds recently voted will provide for the paving of several additional blocks.

The Coleman Chamber of Commerce recently elected Sim O'Neal to serve another year as secretary of the civic body. Elmo V. Cook head of the agricultural department and teacher of agriculture in Coleman High School, tendered his resignation to accept a position as agricultural agent in Bosque county.

Borger, the worlds largest carbon black manufacturing center, has ten plants now operating or nearing completion, with 63 units, consuming 315,000,000 cubic feet of residue gas daily. Four hundred and seventy five thousand pounds of carbon black for tires, etc., are made every day.

The Wichita Falls cheese plant is buying 27,000 pounds of milk a day from farmers and dairymen in the area, which means an income of \$600 daily and \$20,000 monthly from a source that was non-existent only a few months ago. Other creameries and purchasers of milk in that city swell the total considerably.

Perryton will soon have a modern three story hotel. It will contain 41 rooms and will supplement another good hotel under construction containing 25 rooms. Paving of 14 1-2 blocks in the business district is under way and a \$50,000 theatre, equipped with vitaphone is nearing completion.

PROVIDENCE

June 10.—There were quite a few from this community attended the singing at Sunset Sunday.

Mr. and Mrs. McPeak spent Sunday with Mr. and Mrs. White.

Mr. and Mrs. Brock moved Monday to Post, where they will spend the summer.

Mr. and Mrs. Wade Lovvorn visited Mr. and Mrs. Dock Bennett Friday. Mr. and Mrs. Clarence Powell visited Mr. and Mrs. Charles Powell Tuesday.

Miss Mildred Nelson of Plainview spent Saturday night and Sunday with Mr. and Mrs. Dock Bennett. Mr. Joe McPeak returned home from Pampa Saturday.

Roy Bennett, Harold McLaughlin, and Herman Ratjen attended a party in the Prairie Chapel community Saturday night.

ROSELAND

June 11.—Roseland was well represented at the County Singing Convention at Sunset Sunday. Mr. G. C. Hillborn attended the business session there Saturday.

Mr. and Mrs. McKinsey of near Groesback, Texas, visited their daughter, Mrs. John Smitherman, and family last week.

Mr. and Mrs. Ben Madison left for a visit at Praris, Texas, last Saturday.

Rev. Giles of Lockney, will preach for the Baptist next Sunday morning. Bro. Ashby, who has been ill for some time will be unable to fill his appointment.

The Home Demonstration Club at their meeting Friday decided to have another "42" party next Friday nite. Everyone invited. Ice cream and cake will be served. Come and enjoy the evening.

Mr. and Mrs. W. A. Whitlock left Friday night for Hillsboro, Texas, to attend the funeral of Mr. Bobbitt, an old friend. They will visit relatives at that place before returning home.

Mr. J. M. Lester, Sr., returned home Monday from an extended visit in Arkansas and points in Texas. Paul Sims and mother left Saturday morning for a visit with relatives at Roscoe and Atlena.

The NEW Pedigree STYLES for 1929....

The Panama

Not alone are we style authorities; but caterers to the prevailing dictates of an exacting clientele. Worthy of your choice is a PEDIGREE PANAMA. Our standard is your assurance. With all PEDIGREE HATS one feels, "Well dressed" rather than "Dressed up."

Your hat awaits you!

Nofade COLORS GUARANTEED

It Beats The Laundry!

You can't go wrong on anything that's right! Selling at our shirt counter at

BAKER MERCANTILE CO.

"The Store With the Goods"

Little Rex Smitherman was reported real sick last week.

Mr. and Mrs. Hamilton and family of near Floydada visited in the C. V. Ford home Sunday afternoon.

Mr. and Mrs. Ford of Floydada visited their daughter, Mrs. P. M. Smitherman and family Monday.

LONE STAR

June 10.—Sunday school was had at both the Baptist and Methodist churches at Sterley. After Sunday school there was preaching at both churches, but the Baptist had no preaching service Sunday evening as the Methodist were closing their meeting. The Methodist meeting only continued one week, but they had a fine meeting. They had over sixteen conversions and over ten additions to the church.

The Methodist young people will organize a league next Sunday evening.

The Baptist have already organized B. Y. P. U. unions and are doing good. Let everyone come and help the league get to work. If you have never belonged to either one of these

young people's organizations, come and join one of your choice.

Several from our community attended the singing convention at Sunset Sunday.

Several people from Roseland attended the Methodist meeting last week. We are always glad to have them and invite them back again.

Mr. and Mrs. J. B. Allen and children visited with relatives in Childress Sunday.

Mr. Bert Bobbitt went to Hillsboro last Friday evening to attend the funeral of his grandfather, Captain Bobbitt. He was accompanied by Mr. and Mrs. W. A. Whitlock.

Mr. and Mrs. Leslie Taylor of Plainview visited with their parents Sunday and attended church Sunday night.

The hail did not damage much this time and we hope that we will have no more this year.

Mr. and Mrs. R. E. Patterson and children spent Saturday in Olton visiting, while Mr. Patterson was looking over the damage done to his gin plant at that place in last week's storm.
