## Derrell Dollar Killed In Auto Accident

Car Overturns Killing One and Wounding Two Others Near Carlsbad Sunday Morning

Mr. Derrell Dollar, age 27 years, 11 months, and twenty days, son of Mr. and Mrs. J. F. Dollar, who lives nine miles southwest of Lockney, in the Irick community, was killed in an automobile accident one and one-half miles north of Carlsbad, N. M., about 10 o'clock Sunday morning, and Marsh Collins, son of Mr. and Mrs. W. M. Collins, of this city, and J. B. Downs of Hereford, Texas, were badly injured.

The following is a summary of the accident as has been told to the Beacon:

Marsh Collins and Derrell Dollar, both Lockney boys, but who have been working in a Chevrolet garage in Hereford, Texas, in company with J. B. Downs, a young man of Hereford, left that city about 2 a. m. Sunday for the Carlsbad Cavern to go through the cave on that day, driving through the night the boys were taking time about driving and sleeping, and at the time of the accident Marsh Collins was driving and the other two boys were asleep. It seems that Collins dozed off while driving, and as he awoke the car was just going into the ditch, and in trying to right the car, the loose gravel on the side of the road allowed the wheels to slip and the car turned completely over, and lit on its wheels again. As the car turned over Dollar's head was caught under the steel rod at the corner of the windshield, his head being against the ground, the steel rod stuck into the top of his head, crushing his skull, also the side of his face was mashed very badly. Dollar died just as they reached a hospital with him, a few minutes after the accident, without regaining consciousness, therefore, he never knew anything about the wreck, as he was asleep when the accident occurred.

Marsh Collins was wounded about the lower part of his back, and it is said that one of the V bones near his loins was crushed. J. B. Downs received wounds about the head and shoulders, and although both boys wounds were of a serious nature, it is not believed they will prove fatal.

Baylor Byars, brother-in-law of Derrell Dollar; Grady Crager, undertaker; W. M. Collins and Leslie Gilbert, father and brother-in-law of Marsh Collins, left Sunday, about noon for Carlsbad to bring the boys back to Lockney. The ambulance bringing the body of Dollar back arrived here Monday evening about 7:30, and the party with Marsh Collins arrived here at 2 a. m. Wednesday morning.

Derrell Dollar was born in Bosque County, Texas, on September 15th, 1901, and moved with his parents to the Plains twenty-three years ago, settling near Hereford, Texas, about seventeen years ago the family moved to Floyd county, settling on a farm just west of Lockney, and later moved to their present home nine miles southwest of the city. Derrell received his education in the Lockney and Irick schools, and was a member of the younger set in Lockney, where he spent practically all his life. He was well liked and was identified with the organizations of the young folks of the town and a member of the Lockney Fire Department. He is survived by his father and mother, Mr. and Mrs. J. F. Dollar, and twelve brothers and sisters, all of whom present for the funeral except Austin Dollar, who was in Canada.

Funeral services were conducted at the Baptist church in Lockney Wednesday afternoon at 4:30 o'clock, Rev. C. J. McCarty, former pastor of the Baptist church here, but now of Lubbock, officiating, and burial was in the Lockney cemetery under the direction of Crager Undertaking Co.

The pallbearers were Dewey Sparks, Otto Hampton, Bryan Wells, Bill Hodel, Marvin and Jack Gilbert.

He was the first of a family of thirteen children to die.

## Belyeu Will Build Produce House Here

Brick and Tile Building Will Be Built Across Street East of Lumber Yard

Mr. Sam Belyeu, who was the owner of the Lockney Produce Co., which burned in this city several weeks ago, will begin the erection within the next few days of a brick and tile building 30x80 feet on the lot just across the street east of the Woodridge Lumber Co., in this city.

Mr. Belyeu states that he expects to have the building ready to re-open

## IRRIGATION IS SUCCESS ON FLOYD COUNTY FARM

W. H. Crawford, farmer of Floyd county, is an irrigation enthusiast and has just recently installed a new power pumping plant on his irrigated farm, replacing an old installation that he has used successfully for many years.

Crawford started his irrigated farming operations in 1925, moving here from Clarendon. Despite having had no previous experience with irrigation, he is making a success of his farm.

Part of his land was taken for the right-of-way of the Fort Worth and Denver Railroad, but he has some 300 acres left, of which 285 are irrigated.

His pump has a capacity of 1,100 to 1,200 gallons of water per minute. He raises alfalfa, corn, grain sorghum, cotton, and wheat. His wheat crop did not get all the water that it needed, but even at that his yield was above that of unirrigated wheat in his vicinity. Crawford is a firm believer in irrigation for the Lockney country and has made money on alfalfa especially every year. This year he was able to sell every bit of his crop right at the farm, without having so much as to haul it to town. From 26 acres he made 118 tons last year besides his pasturage, an average of 4 1-2 tons per acre. He got one ton per acre on the first cutting this year.

With new equipment now on his farm, Crawford expects to set a record for economical irrigation.

## Lockney Schools Will Begin September Ninth

Teachers Institute Will Be Held In Lockney First Three Days Next Week

The Lockney Public Schools will open for the fall session of 1929 and the spring session of 1930 on Monday morning, September 9th, at the old school building in Lockney. The new school building will be completed about October 1st, when the high school will be moved from the old building to the new building, and the grammar and high school will be in two separate buildings. The growth of the school enrollment in Lockney has made it necessary to have more school room, hence the new high school building is being erected this year to take care of the needs of the district and the districts surrounding this, which have transferred a number of pupils into the town school.

The teachers institute for the Lockney public schools will be held in Lockney this year, instead of the teachers going to Canyon to the institute, as has been the case for several years past. The institute will meet next Monday morning, Sept. 2nd, and will be in session for three days, after which, beginning Thursday morning, that day and Friday will be used for enrolling the pupils in the Lockney schools, placing them in their proper grades and getting them supplied with the equipment ready to begin school proper on the following Monday morning. This will mean a saving of time, as in the past the first two days of the first week of school have been used for enrolling and getting the children ready for work.

The following will be the faculty for the school this year:

**High School**  
Superintendent, W. D. Biggers,  
Principal High School, Wilford Jones

Miss Alice Bridges, English  
Miss Carma Thomas, English,  
Miss Naomi Halsell, English and History.

Mrs. R. C. Haithecock, History.  
Miss Elsie Simpson, Spanish.  
Miss Melba Thomson, Home Economics.

Miss Ethel Rice, Science.  
Warner Reid, Coach and History.  
Donald Turner, Vocational Agriculture.

**Grammar School**  
G. D. Tate, Principal, History.  
Miss Thelma Steele, English.  
Mrs. Ray H. Wall, Arithmetic.  
Mrs. Leslie Gilbert, Geography.  
Miss Mary Chambers, Spelling and Writing.

Miss Hilda Bradut, Reading.  
Miss Hula Coleman, 4th grade.  
Mrs. Marvin Gilbert, 4th grade.

**Primary Department**  
Miss Mollie Newman, Principal, 3rd grade.  
Miss Grace Wise, 2nd grade.  
Mrs. Bryan Wells, 1st and 2nd grades.  
Miss Olga Honea, 1st grade.

his produce business within the next thirty or forty days, when he will again begin to buy and sell produce and cream in the city. He will retain the agency for the Armour & Co., packers, and expects to have a larger and better business here than he had before the fire.

## Graf Zeppelin Passes Over Lockney

German Airship on World Tour Passed Over City at One O'clock Wednesday Morning

The mammoth German Graf Zeppelin, that is making a tour around the world passed over Lockney about one o'clock Wednesday morning on its way from El Paso to Oklahoma City, and many of the residents were awakened by the noise from its motors and watched the large airship, which was supposed to be making a speed of about eighty miles per hour as she passed over this section of the Plains. The ship was traveling in a northeasterly direction, and just about on an airline from El Paso to Oklahoma City.

## Highway Dept. Proposes Grade 3 Plains Counties

Nearby County Highways to Be Graded By State If Acceptable

Counties surrounding Hale county will have better roads in the future if they accept a generous offer recently made them by the State Highway Department, it had been learned. J. B. Wilmett, district highway supervisor, said yesterday the state had offered to grade and install drainage structures on Highway 28 in Floyd county and on Highway 9 in Swisher county provided these counties furnish right of way 100 feet wide and running as desired by the department.

As a result of this offer, roads leading from the ends of Hale county's paved highways will be placed in much better condition and will be almost ready for the paving should the counties desire at some future time to vote bonds for their paving.

Drainage structures and grading east of Plainview on Highway No. 28 has been completed. This leg of No. 28 ended in a field of John Long at the Floyd county line. Floyd county has purchased right of way to bring this highway to temporary connection with local roads in Floyd county. A jog north and the road now goes straight to Aiken school house, following the old Plainview-Lockney Highway into Lockney.

The Texas Highway Commission's proposal is that if Floyd county will provide 100-foot right of way it will grade and install drainage structures on a new road, which would be a prolongation of Highway No. 28.

In Swisher county the proposed highway would follow the Santa Fe, underpass at optional points being provided, thus eliminating the grade crossings and somewhat shortening the route.—Plainview Herald.

## Lockney Will Play Fort Worth Panthers

Will Play at Floydada, Thursday, September 19th, Against Big Texas League Team

Closing their most successful baseball season the Lockney baseball team will meet the Fort Worth Panthers, Texas League team, at Floydada on Thursday, September 19, the opening day of the Floyd County Fair. An agreement was made by the fair officials with Elmer Mickey, manager of the Lockney team, and Jimmie Walkup, premier Texas league pitcher, who will have charge of the Fort Worth team.

Lockney has won thirteen games and only lost two during the season although some of the fastest and best teams in this section have been their opposition. Mickey has been managing the team throughout the season and is confident that he can place a real team in the field against the Panthers. It is possible that "Lefty" Holmes, a Floyd county product, who is making quite a record in the Western League, will be seen in action against the Texas leaguers during the fair.

According to Walkup the Fort Worth delegation will include practically every member of the first string team. Fort Worth has one of the strongest teams in the league and the Floydada game will be one of the first to be played on their barnstorming tour.

A large crowd from Lockney is expected to watch their favorites in action against the Cats.

Mr. and Mrs. T. H. Stewart and children returned Friday from a trip of several days spent in New Mexico, where they visited the Carlsbad Cavern, after which they visited the mountains in the region of Santa Fe.

## Best of Road Material Pentiful Near Lockney

Caliche Red at Merian Day Place, South of Lockney, Equals Any Road Material in This Section

Today the people over the Plains country are looking for material to build roads and streets of the towns, and a new road material is being put into use on the North Plains, and from all accounts is proving to be just as good as concrete, at about one-third the cost in building roads.

Artie Baker and members of the city council visited the road work going on in Amarillo and the oil fields near Berger last Tuesday and inspected the work and brought back some of the rocks that are used for this new road material, which is said to make just as good roads as concrete roads.

Wednesday morning Marian Day, Artie Baker, J. W. Monroe, and H. B. Adams went to the gravel pit belonging to Mr. Day, seven miles southwest of Lockney, and made a survey of the material to be found in that pit, and upon comparing the rocks with those brought from the road works on the North Plains, found that the material was identical, and that the people of Floyd county have here at home the material for the building of the streets of the towns and roads of the county and that by using this material we can save about two-thirds of the price of paving. Plans are now under way to have a block paved with this material in the business part of Lockney, where it will be given a thorough test, and the people of this town and section can see just what may be expected from this rock in the way of street and road building.

The supply at this pit is sufficient to pave all the streets of the towns and many miles of highways, and is easy to get from the quarry to the roads of this section.

Mr. Day has been working on the proposition for some time, having sent samples to the chemistry department of the State at Austin, and all answers have been to the effect that this material was best suited for the building of roads. The rock is a formation of what is called Caliche, which when wet runs together making a kind of cement, and it is stated that where it has been put on the roads, as travel passed over it becomes harder and cements together more firmly, until its surface becomes as hard as concrete.

The matter of using this and the cost of getting it from the pits to the roads and laid is now being figured on, and an effort will be made to have the pit opened at an early date, and some test work begun in this city.

## A. B. Blount Has Read Beacon For 25 Years

Has Been Subscriber That Many Years and Has Never Missed a Copy of Paper

Mr. A. B. Blount, who lives just northeast of Lockney, gave us a dollar Saturday, taking advantage of the bargain days rate, which was the twenty-fifth year he had been a subscriber to the Lockney Beacon, having subscribed for the paper in May, 1905. Mr. Blount states that he has never missed a copy of the paper since he became a subscriber and he has witnessed many changes in the ownership and appearance of the paper.

We appreciate such men as Mr. Blount, because they are the kind that can be depended upon as the years go by. He has been farming here these many years, has been a constant asset to the town and community, has been a continual booster for his town and country, and one of the stand-bys of the Beacon as it has struggled down through these twenty-eight continual years of service.

Such people as Mr. Blount are the people who develop the country with the kind of development that counts for most in the long run.

## WILL FORM EX- STUDENTS ASSOCIATION

The ex-students of the Lockney High School are requested to meet in the auditorium of the old school building Monday, Sept. 9th, at 4 p. m., for the purpose of organizing an ex-students association.

All ex-students are requested to be present and take part in the forming of the organization.

W. M. Collins, Leslie Gilbert, and Baylor Byars went to Carlsbad, N. M., Sunday, in response to the message about the death of Derrell Dollar, and the injury sustained by Marsh Collins, in an auto accident near that place Sunday morning.

## PROSPECT GOOD FOR FOOTBALL TEAM

According to Warner Reid, head football coach of Lockney High School, prospects were never better for a winning team, as eleven letter men have signified an intention of returning to school this year. Besides the letter men, the team will be strengthened by a number of transfers from the rural schools.

Games with Tullia, Matador, Hale Center, Floydada, Ralls, and the Amarillo Yagnigans have been scheduled leaving five open dates that will be filled by September 1st.

Coach Reid opens training camp on September 1st, and the Longhorns play their first game on September 13th.

## Floyd County Fair Will Be Bigger and Better

Big Display of Agricultural Products Will Be Feature of Fair, Many Entertaining Features

Living up to its reputation of being the largest free county fair in West Texas the program announced by the directors of the Floyd County Fair, which will be held in Floydada September 18 to 21, contains a number of entertainments that will be entirely free of cost as well as many features that will attract attention from over the entire South Plains. From the interest being manifested in the coming event the directors have estimated that the attendance will exceed 15,000 people.

All the rural communities will have their representatives in Floydada on Wednesday, Sept. 18, making preparations for the best agricultural exhibit ever seen on the South Plains. Lakeview, Cedar Hill, Pleasant Valley, Pleasant Hill, Campbell, Harmony, and several other communities have already contracted for exhibit space and others are expected to make their contracts within the next few days. Wednesday will also be the day that exhibits of flowers, art, and other departments are erected.

Pioneer citizens of West Texas will have charge of the day on Thursday when arrangements will be made to have the old settlers entertained with old fiddlers contests and square dancing. Many of the pioneers are making preparations to bring their lunches and spend the day. A shady place on the east side of the court house lawn has been selected for the visitors and the Floydada Chamber of Commerce is making special preparations for their comfort.

Thursday will also be the day of the baseball game between the Fort Worth Panthers and the Lockney Independents. The opportunity to see the real "cats" in action is expected to draw a record breaking crowd. The game has been announced to begin promptly at 3:30 in the afternoon. Elmer Mickey, the manager of the Lockney team, will have some of the best baseball stars on the South Plains in the game.

Friday, the third day of the fair, will be Floydada day and in the afternoon the Floydada Whirlwinds will open the football season at the Floydada baseball park. One of the best Class A teams in this section will be pitted against the local eleven and this contest will be watched with interest by football lovers over the Plains. Special fireworks display will be fired on Thursday night.

Floyd County Day and School Day will be held on Saturday, the closing day of the fair. A special cash offer to the school having the largest delegation of school children in the parade on this day is being made by the officials of the fair. The parade will start moving promptly at 2:00 p. m. on South Wall street. City officials are announcing advance warning to people to remain on the side walks to witness the parade. Last year the crowd was so large that it was practically impossible to see the parade in the distance it traveled but this year the fair officials have made arrangements to have the parade pass over a number of streets.

Fair catalogues are being mailed out this week by Secretary Ed Bishop and will be in the hands of the exhibitors in ample time to prepare exhibits.

## School Building Nearing Completion

The two-room brick veneer school building being erected at Muncy Switch, 5 miles southeast of Lockney, is nearing completion, and will be ready of acceptance by the school board by the last of this week or the first of next week. It is a neat two-room structure and a decided improvement over the old building.

The Board of Trustees of the Muncy District will offer the old frame building for sale when the new building is ready for occupancy.

## Crops as Good Here As Any in West Texas

Reports Verify the Fact That Entire South Needs a Drink in the Worst Way

When a drouth is on most people think that they are in worse condition than any one else, but when they go to looking around they might find out that they are in better condition than the other sections of the country, and this is true this year here in the Lockney country.

The editor "gads" around a good deal over the week ends, and has traveled over a good many miles of ground, he also hears the people who have been visiting in other localities express the conditions they have found in those communities, and we find, that although Floyd county crops are badly in need of a drink of water at this time, there are many sections in far worse shape, and very few in as good shape as our crops are at the present time.

The writer went to Carlsbad Cavern the past week end, going over one route and returning over another route, and we find that crop conditions on both routes are anything but promising. We found that here and there along the route would be fields of cotton that were holding up fairly well, and promised some cotton, probably at the best not more than a quarter bale to the acre, but taking the crop as a whole you could not expect a bale off every ten or fifteen acres, as in most fields where cotton was planted there would be little or no cotton to mature, and in most of the fields the cotton leaves looked like the cotton was beyond redemption, if rain should come at this time. The feed that was planted early has made a fairly good crop and has matured, but the late feed is badly burned and unless it gets moisture at once there is little hope for it to make very much grain. In spots here and there, but small spots in all instances, the cotton and feed is holding up fairly well, but taking it in general crops will be very short over the country to the west and southwest of Lockney over into New Mexico. A few weeks ago we went down in the Sweetwater country and at that time the crops were practically burned up, and we understand that they are a total loss now most all the way down in that section, occasionally a field or small strip of country has a chance to make a fair crop, we are informed, but generally speaking the crops are of no value in that section. The same story comes from all parts of the state, east, north, south, and west, and it does not stop at state lines, but the drouth seems general all over the farming sections of the United States, except in spots. We have been told that the crops are very spotted all over the south from Lockney to Virginia, they are short in Oklahoma, Missouri, Kansas, and many other states. It is said that taking Texas as a whole that it is drier in this state at this time than any time since the year 1887, which was the drouthiest year on the records of the state.

We found the best crops that we have seen between Sand Hill and Lockney on our trip to New Mexico, that the vegetation was greener in this section and a promise of maturing was better, however, we didn't see any crops to crow about between Sand Hill and town.

A good rain at this time would make a lot of feed in this country, and probably do the cotton some good, but the crops over this section are sure to be far below par this year at the best.

## Floydada Boosters to Breakfast in Lockney

Twenty-five Business Men From Floydada Will Eat Breakfast With Lockney Boosters Sept. 5th

Arrangements have been made for the entertaining of the Floydada Boosters in Lockney for breakfast at the Baker Hotel on the morning of Thursday, Sept. 5th, at which time twenty-five business men of that city will join a like number of business men of Lockney, and after the breakfast will take a sight seeing trip over Lockney.

The purpose of the meeting is of the inter-city relations, and is to bring about a better acquaintance between the business men of the two towns of Floyd county, with the intention of welding more friendly relations as we know each other better.

Letters from the Floydada Chamber of Commerce have been received by many Lockney business men, urging them to be present at the breakfast.

Letters from the Floydada Chamber of Commerce have been received by many Lockney business men, urging them to be present at the breakfast.

The Lockney Beacon

Entered April 14th, 1902, as second class mail matter at the Post Office at Lockney, Texas, by act of Congress March 3rd, 1879.

SCHOOL INFORMATION

Within the last few days the writer has been asked by several parties living around Lockney, "What the law was concerning the transferring of land from one school district to another," and as we were unable to answer the question at that time, we asked the county superintendent about the matter, and will now try to give the information. The law is, we understand, "That any person or body of persons who have land adjacent to any school district can petition the county board to transfer their land into that district."

A Word to the Wise

"You want to have your earnings and your property secure. You want a free and fair opportunity to conduct your own business and make your way in the world without danger of being overcome by a Government monopoly. When the Government goes into business it lays a tax on everybody else in that business and uses the money that it collects from its competitors to establish a monopoly and drive them out of business. No one can compete. When the Government really starts into a line of business that door of opportunity is closed to the people. It has always

been an American ideal that the door of opportunity should remain open." Calvin Coolidge, former President of the United States.

More Knowledge of Government Needed

America's greatest need is "a more complete and thorough knowledge on the part of our citizens of what their government is and for what it stands," says Governor Allen of Massachusetts.

"A well-informed electorate is the best guaranty we have that our officials will be of the right calibre. A keen interest on the part of those who constitute the government and a desire to inform themselves thoroughly upon every issue are the best assurances we have that government will be efficient. Prodigality and indifference to public interest and welfare usually result from ignorance or corruption."

Built for Safety

Modern automobile construction is undoubtedly responsible for the saving of many lives in the thousands of accidents occurring daily.

All-steel, one-piece bodies, non-shatterable glass and other such improvements afford driver and passengers a higher margin of safety. It is a common thing to witness "I-don't-see-how-he-came-out-alive" accidents in which a car rolled down a bank or turned over, only to have the occupants escape without major injuries. Carelessness and incompetence create a constant driving menace but progressive automobile manufacturers are doing a great deal to make motoring safe.

Electricity in the Future

What the expansion of the electric industry will be in the future is a good subject for the active imagination to consider. Experts hold that home lighting and industrial power development is still in its infancy. Farm electrification and electrified railroads are almost virgin fields for progress.

In 1912 the electric industry had fewer than 4,000,000 customers; now it has more than 23,000,000. In the former year 36.1 per cent of electricity was used for industrial power; now industry employs over 66%.

More and more of America's industrial power requirements are being met by electricity. Manufacturers are discounting the operation on their private plants in favor of the increased efficiency, economy and dependability of service afforded by great central stations and interconnected systems.

With the consolidation of small electric units into large united systems, the cost of power goes steadily down due to increased efficiency of operation. It is far below the pre-war level in spite of greatly increased wage and commodity prices.

Common Sense and Crime

The American people as a whole may be negligent about our crime record, but there is no dearth of suggestions on the part of the optimistic reformers.

Possible cures include harsher and more stringent punishments for offenders, more laws to make more acts illegal, prohibitive revolver and pistol legislation, and restrictive legislation of 57 varieties, all injuring the law-abiding in the "hope" of curbing the criminal.

It is all very fine, but somehow it does not ring true. Laws which will principally affect the good citizen rather than the real criminal, are hardly a crime cure. We have had considerable of such legislation in the past quarter-century and all it has done is to make more criminals.

It might be a good idea to let up legislation against law-abiding citizens and direct our energy to subduing the murderer and thug and thief.

The United States has the most laws of any nation in the world and likewise the most crime. Our judicial procedure is the most technical and long drawn-out. We have an army of peace officers but the majority of criminals are never punished.

We need fewer laws but more effective ones. Our legal system requires a release from red tape caused by the delays and evasions made possible by countless laws. The application of a little common sense might do more to subdue crime than additional and dubious panaceas offered by enthusiastic, but misled, reformers.

HELPING TO BUILD TEXAS

With fuel a prime necessity in practically all industries, the development of Zavala county is expected to be accelerated by the development of its apparently tremendous possibilities in gas producing. One 35,000,000 cubic-foot gasser was brought in recently 12 miles south of Uvalde.

The Hilton Hotel Co. is to erect an 8-story, 110-room hotel at Marlin, Central Texas hot well resort.

Carbon black manufacture is a growing industry in Texas. An application recently filed was for permit to install a plant with a capacity of 30,000,000 cubic feet of gas daily. Carbon black, which used to be consumed mostly in the manufacture of printers ink, is now in demand for a number of other purposes, perhaps chief among them in the manufacture of rubber goods, including automobile tires.

The Texas Cresoating Co. or Orange has paid \$500,000 for the Houston Wood Preserving Co. plant at Houston and will continue the operation of both plants. The orange company is one of the largest producers of cresoate products in the country and its red top cresoate poles have attracted attention among pole users.

Natalia, 30 miles from San Antonio is to have a canning plant with 10,000 cans daily capacity, and it is expected to have it in operation by the time winter crops mature. The plant will cost \$25,000 when ready to operate.

What's Doing in West Texas

The LUBBOCK Hilton a \$1,400,000 structure is now up six stories. A five-story addition to Hotel Lubbock, totaling \$222,650 comes next in line. Brick work on this hotel is almost complete and the addition is expected to be complete during October.

SAN ANGELO building permits for the year have already exceeded a million and a half dollars. The western Reserve Life Insurance Building, for \$185,000, the new Texas Theatre for \$135,000, the Baker-Hemphill building for \$121,000, and other buildings of like kind for similar prices are nearing completion.

An AMARILLO farmer, J. R. Durrett uses an unique method to make his more than 7000 acre farm pay. Renters are allowed to keep cows, hogs, and chickens during the slack months for an income and are relieved of their care during harvest time on a profit sharing plan.

DECATUR Baptist College, the property of the Baptists of the state is under the supervision of the Baptist General Convention, a junior college, correlated with Baylor University, and affiliated with the State Department of Education. It is the oldest junior college west of the Mississippi river.

SEYMOUR'S growth and development over the last half century will be chronicled in the Half-Century Anniversary Number put out by O. C. Harrison, editor of the Baylor County banner this month. Prosperous business concerns, permanent homes, progressive citizens and plenty of modern improvements are Seymour's.

MARFA is coming to the front as a western town with a western outlook on life. Sixty thousand dollars worth of paving, a white way, \$35,000 telephone system, her Highland Fair, grazing land, building program, marble quarry, quick silver mine, and other enterprises are getting her headlines in the daily papers.

PLAINVIEW, the home of Wayland College is a staunch supporter of the school. The school has enjoyed an unparalleled growth since it was founded by the Staked Plains Baptist Association in 1908. In 1917 it was recognized as a standard junior college and has kept that rank ever since.

GOREE'S first bale of cotton for the season was brought to town by W. C. Coon who lives north of Goree across the Brazos river. The bale was ginned by the Goree Gin company and bought by G. W. Moore for 18 cents per pound. A premium of \$27.75 was given Coon by business men.

MUNDAY is the home of the boy who was awarded second place in the individual judging of dairy cows at the short course at College Station. He is Gilbert Myers, and competed with 153 entries. Tenth place in dairy judging and first place in poultry judging was won by the Knox County Club boys.

McLean's \$65,000 fire truck is now installed and ready for any emergency. The truck is of the pumper type and has a maximum capacity of 5000 gallons of water per minute delivered through the hose nozzle. It is powered by a heavy duty six-cylinder engine capable of making 45 miles per hour on runs.

HEREFORD has one hundred blocks of paved streets, a fine courthouse built of Georgia marble, a modern \$30,000 city hall, the very best of fire fighting equipment, \$200,000 worth of churches, a population of 5,000, natural gas, modern telephone system, and a fine water system.

ABERNATHY is the home of Elton Beene, the youngest cornet champion in the United States. The boy is twelve years old and has played the cornet half his life. He is the son of C. W. Beene, band master at Abernathy.

NEW YORK'S NEW AUTO ACCIDENT LAW MODERN

What is believed by a good many traffic law students to be the most perfect possible automobile accident legislation is contained in a new New York law effective next September.

When a motorist involved in an accident is found guilty of reckless or fast driving, driving while intoxicated or doing a "hit-and-run," he is required to give proof of his ability to satisfy any judgment that may be lodged against him up to \$10,000 and \$1,000 property damage. Failing to provide this, his license is revoked and the registration of his car cancelled.

Further, under the new statute, if a motorist loses a civil suit growing out of an automobile accident, even tho he has committed none of the violations enumerated, his license is suspended until he meets the judgment and gives proof, thru a bond or

cash or insurance policy, that he will be financially responsible for any future accident in which he may figure.

SOUTH PLAINS FAIR MAN HERE THIS WEEK

M. G. Miller, advertising manager of the Panhandle South Plains Fair Association of Lubbock was in town of Lockney working in the interest of the fair, which will be held Sept. 30, Oct. 1, 2, 3, 4, and 5.

A full week of educational exhibits, entertaining amusements and other attractions will be offered the people of the Panhandle Plains section at the fair this fall, Miller stated.

Six free acts of the very highest class and a free football game will be featured each afternoon and an outstanding fireworks display will be offered each evening along with six free acts.

An unusual interest is being displayed this year in the county agricultural exhibit class due to the fact that the Lubbock Chamber of Commerce is spending \$22,000 this year in advertising the South Plains section, through the farm journals of the nation. Over 5,000 inquiries have already been received from the advertising and a good number will avail themselves of the opportunity of seeing exhibits from all counties of the Plains section at the fair.

The live stock and poultry shows will be larger than usual this fall, Miller states, based upon the entries already received.

Over 130,000 people crowded through the gates of the Panhandle South Plains Fair last fall, Miller said, and an even larger number is expected this fall, Sept. 30 to Oct. 5, inclusive.

NEGRO IS SLAIN IN KNIFE FIGHT

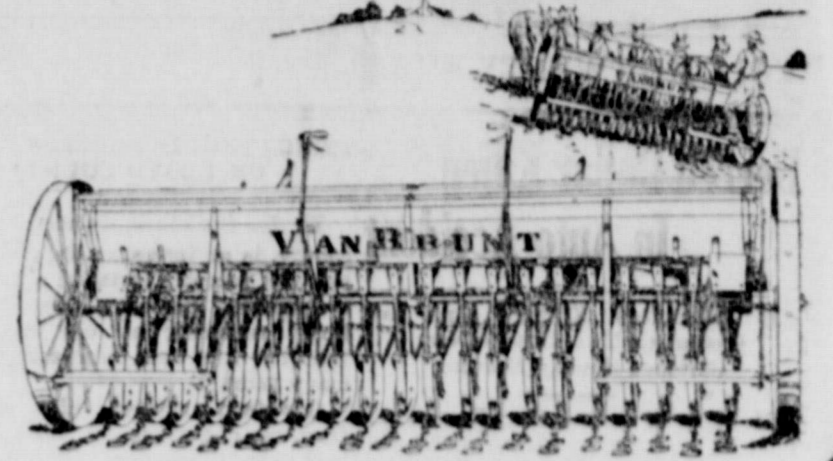

Plainview, Aug. 26.—"Buddy" Fisher, a familiar figure in the negro section, was killed last night in an altercation with knives in the flat. Fisher was stabbed in the front part of the neck and died shortly afterwards.

Oscar Roquemore, another negro was arrested by Chief of Police Ote Martine and charged with the crime. He was turned over to the county officers and placed in the county jail this morning.

Officers said the negroes had been in a card game and an argument which arose in the game was settled later when the two men met with knives.

Fisher had a good reputation in negro town, the officers said, and they regarded him as a peaceable sort. He had, however, served a term in the

60 Years of Experience Are Built Into This Drill

John Deere-Van Brunt Double-Run Grain Drill

When you buy a John Deere-Van Brunt Double-Run Grain Drill, you are investing in a drill that is the outgrowth of over sixty years of successful grain-drill manufacture. Its accurate job of seeding either in hilly lands or on level ground, and its long life are the result of the experience gained through the years of building high-quality grain drills for the farmer.

If you plant your fields with a John Deere-Van Brunt, you will not be troubled with the seed clogging or bunching. The accuracy of the planting is maintained regardless of the kind of seed sown or the jarring of the drill in going over rough ground.

Remember, the Van Brunt Double-Run is the grain drill that does not buckle or sag, because it is built like a steel bridge. It's the drill you'll be proud to own.

penitentiary on a charge of selling home brew.

KNOW TEXAS

Texas products—from farm, ranch, mine, and forest—in 1929 are expected to total \$2,000,000,000 with agriculture, on present prospects, counted on to produce half of it.

Altho its development is comparatively new, Texas is fourth State in the production of gypsum with total sales value of \$3,094,145 last year. New York, Iowa, and Michigan lead Texas.

Texas' wealth is increasing at the rate of \$1,400,000 a day.

CONFIDENCE

Any business, if it is to succeed, must have the confidence of those whom it seeks to serve.

To gain this confidence and hold it, the organization must deserve it.

A business can deserve it only by adopting as a policy in the transaction of its business the old-fashioned virtues of honesty, fair dealing, straight-forwardness and a willingness at all times to give fully and freely information of any kind and character pertaining to its business.

Particularly in the utility business is confidence the basis of sound and lasting prosperity.

We call for and deliver

There were quite a few from this community attended the singing at Prairieview, Sunday.

Mrs. Clyde Phillips returned home after spending a few weeks with homefolks at Weinert.

Bill Bennett, Roy Bennett, Amos Ratjen, and Herman Ratjen went to Plainview Sunday to see the airplane stunts.

**PLEASANT VALLEY**

Aug. 26.—Mr. and Mrs. Tiny Hunt and family of Plainview spent Saturday night with Mr. and Mrs. D. P. Childress.

Mr. and Mrs. R. E. Harrell of Vernon spent Tuesday night with Mr. and Mrs. J. T. Marr.

Mr. and Mrs. W. H. Fields and family spent Sunday with Mr. and Mrs. W. E. McClure.

Mrs. W. M. Ferguson and son, Hall, returned Monday from Hydro and Annadarko, Okla., where they spent several days with their son and brother, Mr. Loy Ferguson and Mrs. Ferguson's brother, W. E. Lane.

Mr. and Mrs. W. C. Hubbard spent last Thursday and Friday in Snyder.

Mr. and Mrs. C. F. Harris spent Sunday afternoon with Mr. and Mrs. F. U. Payne.

Mr. and Mrs. Davidson and Mr. and Mrs. Thomas of Floydada spent Wednesday night with Mr. and Mrs. D. P. Childress.

Miss Lucile Marr spent last week with her sister, Mrs. F. S. Shearer, of Prairieview.

Mr. W. M. Ferguson spent Sunday with his children, Mr. and Mrs. Carl Ferguson, of the Prairie Chapel community.

Miss Evelyn Fields spent Sunday with Lajuana Ramsey of Lockney.

Mrs. Lee Reeves and daughter, Fay, spent Friday afternoon with Mrs. W. E. McClure.

Mr. and Mrs. R. C. Yarbrough spent Saturday night with Mrs. and Mrs. Jerome Watson, of Canyon.

Mr. and Mrs. D. P. Childress spent Sunday in Floydada with friends and relatives.

Mr. and Mrs. S. L. Baldwin of young county spent Friday night with Mr. and Mrs. Jess Willis.

Anna Mae Bloxom spent Sunday afternoon with Jeane and Fay McClure.

Miss Lucile Marr spent Wednesday afternoon with Mrs. Edd Shearer.

Mr. and Mrs. N. T. A. Byers spent Sunday afternoon with Grandmother Byers, of Lockney.

Mr. and Mrs. S. L. Baldwin of Young county spent last week with their parents, Mr. and Mrs. H. M. Orr. Mr. Orr and Mr. and Mrs. Baldwin spent Thursday in Dimmitt on business. Mr. and Mrs. Baldwin have been on a tour through Colorado and points of interest in the West.

Mr. and Mrs. W. H. Fields returned Thursday from Carlsbad Cave and other points in New Mexico.

Mr. and Mrs. Edd Pratt and daughter, Gladys, Mr. and Mrs. Jess Willis and mother, Mrs. Cowart, spent Sunday afternoon in Silverton.

Mr. and Mrs. Carl Ferguson and daughter, Irene, visited Mr. and Mrs. Edd Pratt Friday evening.

Mr. and Mrs. J. T. Marr attended the singing at Prairieview, Sunday.

**AIKEN**

Aug. 26.—Bro. Sherman filled Bro. McGahee's appointment at the Baptist church Sunday and Sunday night. Bro. McGahee was in a meeting at South Plains.

Mr. and Mrs. Bird are away on a visit. They bought a new Ford car to make the trip in.

Mr. Ward from Lockney, who has bought an interest in the gin here, has also bought the house and lot recently vacated by Mrs. Meredith and is remodeling the house and will move here.

Mr. and Mrs. Oscar Allen and daughter, Wilora, left last Tuesday for Carlsbad, N. M., and Arizona.

Mr. and Mrs. John Morrison were Plainview callers Saturday.

Mrs. Bruton had the misfortune of getting pretty badly scalded last week while washing.

Mr. and Mrs. McReynolds and family returned home last Friday from a visit to Fort Worth.

Miss Addie Shugart is on the sick list this week.

Mrs. Clark and daughter, Miss Mary, were shopping in Plainview last Saturday.

Mrs. Henry Owens had as her guest Saturday night and Sunday, her sister, Mrs. Tison, from Plainview.

Mrs. Hutchinson visited in the Shugart home, Sunday.

This community certainly sympathizes with Mr. and Mrs. Dollar and family of the Irick community, in the death of their son, Derrell.

**LAKEVIEW**

Aug. 25.—Miss Fay Channey of Canyon is visiting her sister, Mrs. Kiker of this community.

Mr. and Mrs. Gilpin in company with friends of Lubbock, visited Carlsbad Cavern last week, and like every one else who has visited that place from here, they say that it is impossible to describe it.

Mr. and Mrs. O. M. Conway took their little daughter, Florrie, back to Dallas last week for an examination. The doctors were well pleased with her condition, which is the result of an operation last spring.

School begins at this place Sept. 5. The new teachers are Mr. Murray and Miss Cowan. Mr. and Mrs. Gilpin

and Mr. Wallace will work here again this year. We are expecting a good school.

The Missionary Baptist are in a revival this week. Bro. Bass is assisting Bro. Reed with the preaching. Claude Merle Patton has returned from a visit with her sister, Mrs. Clara Harry, of Amarillo.

Mr. and Mrs. Wayne Wright and children, and Mr. and Mrs. Bert Battey attended a family reunion in Amarillo last week.

Mr. and Mrs. Elmer Newton are building a new home in Dougherty and will move as soon as it is completed. Mr. and Mrs. Kiker will occupy the house vacated by Mr. and Mrs. Newton and manage the gin.

**MUNCY**

Aug. 26.—Mr. Bider and family of Lakeview community are visiting Mr. H. V. Ivie and family this week.

John Wood and Wayne Vandergriff visited Earl Ivie, Wednesday.

Mr. and Mrs. R. L. Nichols went to Floydada Wednesday morning.

Mr. Oscar Jerton visited at the Vandergriff home Tuesday.

Mr. Andrew Wagner of Lockney was a visitor in this community, Monday afternoon.

Mr. Wood went to Floydada Monday afternoon.

Wayne and Loretta Vandergriff visited Joe and Flossie Ferguson, Thursday.

Mr. Arch Muncy went to Floydada Thursday.

Mr. and Mrs. Claude Nichols spent Wednesday night with a friend at Floydada.

Joe Ferguson went to Lockney Thursday night.

Mr. and Mrs. R. L. Nichols visited Mr. and Mrs. W. M. Vandergriff, Thursday night.

Mrs. Jack Hough visited Mrs. Edd Muncy Thursday afternoon.

Mr. and Mrs. Claude Nichols have moved to Floydada, where they will make their future home.

Lois Vandergriff has returned to her home after a week's visit with her cousin at Floydada.

Several from here went to the Lewis ranch Sunday on a picnic.

Mr. Marvin Shurbert visited at the Vandergriff home, Saturday.

Several attended the party at Mr. Jack Hough's Friday night. Every one reported a nice time.

Robert Muncy and Jimmie Fields visited at the Vandergriff home, Saturday.

Grover Freeman and Miss Susie and Alvie Smalley went to Floydada Saturday.

**300 Acres of Wheat Worth 2,000 Dollars more when Planted with a SUPERIOR DEEP FURROW DRILL**

Mr. DuD'is Walker of Hereford, Texas has this to say about his crop planted with two SUPERIOR DEEP FURROW DRILLS—

"I drilled eight hundred (800) acres to wheat, encountering wet, dry and trashy conditions. Under all conditions the SUPERIOR DEEP FURROW DRILLS functioned properly and I got a perfect stand of wheat.

Today I compared my wheat with wheat sown at the same time as mine and under the same conditions but with a regular spaced drill. I figure my eight hundred acres of wheat are worth two thousand (2,000) dollars more than they would be had I used regular spaced drills."

What the SUPERIOR DEEP FURROW DRILL has done to increase yields for this progressive farmer it has done for hundreds of others and will do for you.

If you are interested in 25 to 50% greater yields than you are now getting, you will be interested in this remarkable drill. The seed germinates quickly in the moist soil without waiting for rain. The deep furrows catch the snow insuring a plentiful supply of moisture and protection against winter killing. This is truly a remarkable drill that will increase your profits and yields.

See this great new proven drill at our store today. Sow your next crop with this drill and pay for it out of the extra profits it will bring you at harvest time.

THE LOGICAL STORE FOR BOYS

SCHOOL TOGS

They're durable and they're stylish. They're tailored with care and they offer the values of the season. And in all instances they're presented with the extra trousers.

It is time to get that boy ready to start to school, and here you can find the clothing he will need.

BOYS SUITS, with long or short pants, ages 7 to 18. "PREP" SUITS for Young Men, 18 years and up.

LADIES' NEW WASH DRESSES

New Fall Line of Ladies Wash Dresses just arrived

E. L. AYRES, DRY GOODS

The Home of Hart Schaffner & Marx Clothes

with Mrs. Daff Griffith as leader. The topic was "Home and It's Different Phases." A few on the program was absent. We wish for all to attend and when on the program not to disappoint us.—Mrs. J. E. Stephens, Reporter.

SUNDAY SCHOOL CLASSES VISIT CETA CAMP GROUNDS

The Sunday school classes of Mrs. N. E. Greer, girls, and H. A. Brotherton, boys, of the Methodist church, went in a body to the Ceta Camp Grounds, near Canyon, Friday of last week, and spent the day picnicing.

Prairie Chapel Home Demonstration Club

The Home Demonstration Club met at the home of Mrs. J. B. Teaff, Monday, August 19. Ten members and three visitors were present. Miss Strange was present and our demonstration was on "Correct Table Service." The club members brought lunch ready to serve. Our next meeting will be at the home of Mrs. G. E. Tannahill.

Every family in the community is invited to attend the opening day of school and bring lunch.—Reporter.

Sunrise Breakfast

Elizabeth McCollum chaperoned a party of girls to Blanco Canyon for a Sunrise Breakfast Thursday morning.

Hiking, swimming, and sunbaths were the order of the day.

Those enjoying the outing were: Martha Meriwether, Juanita Dagley, Melba Hadley, Doris Gray, Carrie Lee Prickett, Nettie Mae Wilkinson, and the chaperone, Mrs. Elizabeth McCollum. Ineta Wilkinson and Pauline Turner joined the party later in the day.

Rebekahs Given Treat

Mr. and Mrs. Rives gave the Rebekahs a rare treat last Tuesday night by bringing in five large watermelons from their farm. If the Rebekahs can locate the patch they will hold their next meeting there.

The Rebekahs meet every Tuesday night and are a live wire in the town. It is our wish to help needy families prepare for school now. We have material to make little blouses and trousers for boys and gingham dresses for girls. If anyone can turn into the lodge names of families that are in distress we would appreciate it. Our work is done quietly and in the name of the "Lowly Nazarene" who bade us to care for the distressed and needy.

FAIRVIEW

Aug. 27.—The Baptist meeting began Sunday and everyone is invited to attend.

The Methodist meeting closed last Monday night. It was a great success.

Mr. and Mrs. Alvie Jackson spent Sunday with her parents, Mr. and Mrs. Ambwim of Floydada.

Mr. and Mrs. Perry Campbell and Misses Lavinia Perry and Hazel Brown spent Sunday with Mr. and Mrs. A. C. Jackson.

Miss Vera Laminack spent Monday with Miss Mabel McNeill.

Mr. and Mrs. G. A. Stewart left last Tuesday for Wise county.

Lonnie Saunders left Tuesday for California.

Mr. and Mrs. Lee Rushing returned

Sunday from a trip to Yellow Stone National Park, California, and other points.

Mr. E. C. Austin has returned from Colorado.

Miss Anna and Louis Austin have returned home from Hale Center.

Bill McNeill spent the week-end at his home in this community.

We are all in sympathy with Mr. and Mrs. J. B. Tinnin and family in the loss of their little son and brother.

Mrs. Clyde Tinnin has been on the sick list this week.

RAMSEY

Aug. 26.—Miss Avis King returned Friday from a visit with friends at Wichita Falls.

Mr. James and Miss Katherine Miller returned Wednesday from Oklahoma City. They were accompanied home by their grandmother, Mrs. White, who will visit here a while.

Mr. and Mrs. Jackson of Lockney visited Mr. and Mrs. J. J. Hill and family, Sunday.

Mr. and Mrs. Judson Miller visited at the Dollar home, west of Lockney, Sunday afternoon.

Mr. and Mrs. Luther Rhine visited at Plainview last Wednesday.

Mrs. Spotts of Aiken visited Mrs. W. J. King, Monday afternoon.

Little Pauline Hill had the misfortune of getting one of her eyes split open by a stick thrown by a playmate Sunday afternoon. She was carried to a sanitarium at Lubbock for treatment, but no hope to save her eyesight was expressed.

Miss Minnie Dobson and Mrs. Gladys Cagle of Lockney visited their sister, Mrs. John Smalley, Monday afternoon.

Mrs. J. R. Davis visited Mrs. Landrum and family, Sunday afternoon.

Citation By Publication

THE STATE OF TEXAS.

To the Sheriff or any Constable of Floyd County—GREETING:

You are hereby commanded, That you summon, by making Publication of this Citation in some newspaper published in the county of Floyd, once each week for four consecutive weeks previous to the return day hereof,

Mary R. McNally, R. Martin Bruns and Mary M. Bruns, whose residence is unknown to, be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada on the 7th day of October, A. D. 1929, then and there to answer a Petition filed in said court, on the 23rd day of April, A. D. 1929, in a suit numbered on the docket of said court No. 2144,

wherein S. F. Whitmore is plaintiff and K. Saumann, Mary R. McNally, R. Martin Bruns and Mary M. Bruns are defendants. The nature of the plaintiffs demand being as follows, to-wit: Suit in trespass to try title and to recover from defendants the following land situated in Floyd county, Texas; Beginning at a 2 inch pipe 1119.7 vrs, north from a wagon spindle set in edge of a basin for the common corner of surveys 121, 122, 125, and 126 block D-2; thence north 1119.7 vrs. to 1-2 inch galvanized pipe in south line of survey 7 block M-14; thence west 96.4 vrs. to a 3-8 inch pipe with bolt in top of it; thence south 1120.8 vrs. to 1 1-4 inch pipe in fence line; thence east to the beginning, and being the N. E. 1-4 of survey number 126 block D-2 H. E. & W. T. Ry. Co. Cert. number 431.

HEREIN FAIL NOT, And have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this 27th day of August, A. D. 1929.

T. P. GUMARIN, Clerk District Court, Floyd Co. Texas

SAFEGUARD THE HEALTH OF THE COMMUNITY

By the middle of September our schools will be filled, probably to overflowing. Children will be segregated in school rooms and will there be closer confined than has been their lot during the summer months. The lack of exercise, hurried eating of lunches, and so forth, are all factors in the production of ill health and diseases peculiar to childhood.

Lowered resistance under these circumstances and the regrettable prevalence of the germs of infectious diseases, such as measles, scarlet fever, diphtheria, etc., in this, as in all similar communities, will require the eternal vigilance of the school authorities, the Parent-Teachers Association, and the individual parents in order to prevent epidemics that sometimes threaten continuance of the schools.

A wild animal may be excused at making a mistake that may seriously threaten his well-being of even his existence but a "Thinking" human being, knowing of the dangers that obtain, should receive only blame for allowing preventable conditions to occur. There is no excuse for "Carelessness." Carefulness in protecting the lives of our school children raised the standard of the nation.

The school authorities are due the support and co-operation of the parents and Civic Clubs of the community. Remember: An Ounce of Prevention Is Worth a Pound of Cure.

BOY IN MELON PATCH IS SHOT

Second Child Shot Near Lubbock In Week

Lubbock, Aug. 24.—Oscar Cothren, 14, is resting well after being shot in a watermelon patch near Lubbock Friday night. W. A. Wolfe, 74, owner of the place, is out on \$1,000 bail awaiting questioning by the grand jury Sept. 2. Wolfe admitted shooting a 12-gauge shotgun which evidently sent 30 shots into the left side of young Cothren and also a .32-calibre pistol when of the boys in the patch yelled back "Go to—" when Wolfe hollered for them to "Get Out." Cothren declared the boy with him was unknown to him. He has not been located. A similar shooting took place near Lubbock Wednesday night when Doris Cain, 14, was shot while passing through an orchard on her way home from church. She too is resting well.

KNOW TEXAS

As railroad building bonuses Texas gave 35,000,000 acres of its public domain—roughly the equivalent of 43 counties of the average size of 900 square miles.

"Made in Abilene" is the inscription on an electric locomotive just put into use by the Roby & Northern Railroad.

It was built in the shops of the West Texas Utilities Co. and will make 50 miles an hour.

Growing interest in the production of pecans is indicated by the number of "pecan schools" being held. Brady, county seat of McCulloch, held a successful school in May, with experts giving instruction in pecan grafting and budding and putting on a demonstration of the work. J. F. Roseborough A. & M. horticultural expert, who is devoting a lot of time to this work, was in charge.

Students of the industrial education department of the Childress High School inspected the Lake Pauline plant of the West Texas Utilities Co., spending the day on the inspection tour, which, according to the Childress Index, was "in keeping with the line of work studied in their classes the past year and will give them a concrete knowledge of the working of the plant."

In the period from 1849 to 1929—79 crop years—Texas has produced 154,255,204 bales of cotton, according to Stuart McGregor, editor of the Dallas News Texas Almanac.

Construction work started on road between Grapevine and Fort Worth.

Mr. and Mrs. S. R. Roberson and little daughter, Maggie Le, of Vinson, Okla., have been visiting his brothers, W. C. Roberson of Lockney and L. D. Roberson of Irick, the past week.

J. H. Hohlaus, Claude Thornton, and Floyd Barber plans to leave in the morning for Ross Cope's place, in the mountains, near, Pecos, N. M., for a fishing and hunting trip of several days.

Mrs. Emery Sell and children and Mrs. G. C. Bateman and son of Texline, Texas, have been here this week visiting Mr. and Mrs. J. H. Hohlaus.

Mrs. Bateman is a sister of Mrs. Hohlaus.

Mrs. A. R. Meriwether, Misses Maenon and Martha, Marvin Shurbet, and Jim Hill went to Carlsbad, N. M., Sunday, where they went through the cavern on Monday, returning home Tuesday of this week.

Mr. and Mrs. Roy Griffith and daughter, Miss Evon, and Mrs. E. Guthrie and daughter, Miss June, returned last Thursday afternoon from a trip to the mountains of New Mexico, and a visit to Carlsbad Cavern.

Grady Crager went to Carlsbad, N. M. Sunday to bring the remains of Derrell Dollar, who was killed in an accident there Sunday, back to Lockney for burial, arriving home with the remains Monday night.

O. E. Stevenson and son, Glenn, returned from a business trip to Fort Worth and Dallas last Monday. Mr. Stevenson says crop conditions are very unfavorable through the section which he traveled over while away.

"Smoky" Price returned Friday from a trip of several days spent in Fort Worth and Dallas. Mrs. Price accompanied him, but on the return trip she stopped over at Clyde, Texas, for a few days visit with her mother.

H. H. Nicholas, who has been attending school at Abilene Christian College, during the summer, has returned to Lockney, to be ready for the opening of the school in the

# SCHOOL DAY NEEDS

## MASTERPIECE SCHOOL SUPPLIES

We have just received and placed in stock a full line of the famous "MASTERPIECE" SCHOOL SUPPLIES, everything the children will need to make their work a success in the school room.

Send the children to this store for their school needs and they will be given prompt and courteous attention.

### STEVENSON'S VARIETY STORE

Prairie Chapel community the coming school season.

J. B. Downs spent last week in Taylor, Runnels, and Mitchell counties on business. J. B. says that he visited a place in Taylor county where he lived forty-five years ago, and that the place was well preserved, and looked as good as it did in that far off time.

Delmar Ashworth, who has been at Canyon this summer attending the teachers college, is here this week visiting his brother, Ralph Ashworth, and family. He will teach again this year at Lipscomb, after which he intends to go to a school of Journalism, and make a newspaper man out of himself.

Drs. Colvern and Mary Henry, and baby, Mary Alice, returned Thursday from San Antonio, Texas, where they have been for some time, and have resumed their practice of medicine in Lockney. Dr. Colvern says he was not off on a vacation, but that he has been hard at work since he went to San Antonio.

Mr. and Mrs. A. B. Blount and children, George Newman and wife, of Lockney; and Mr. J. E. Blount of Alabama, and his daughter, Miss Eva Mae Blount, of Memphis, Tennessee, and Mrs. F. E. Brown, of Lockney, went to Carlsbad Sunday, going Abraham Lincoln.

through the cave Monday, and returned home Tuesday, of the past week.

A letter from Mrs. W. E. Stone, who is at the bedside of her daughter, in Kansas, to Mr. W. K. Stone, of this city, states that their daughter who has been ill with typhoid fever for the past three weeks, is getting along very well, and that she believes that her daughter will soon be well.

Mrs. Roy Coop and children of Quitaque are here visiting Mr. and Mrs. Fay Guthrie and Mr. and Mrs. Roscoe Snyder.

Texas promises again to lead the United States in new railroad construction in 1929 as in 1928. The Denver, Frisco, Rock Island, Texas & Pacific and Santa Fe are planning extensions or seeking permits for new construction. The Santa Fe has let contracts for a 65-mile extension from San Angelo to Sonora. The Fort Worth & Denver Northern has applied for permit to build 110 miles from Childress to Pampa. The Texas & Pacific is seeking permit to extend the Abilene & Southern to San Angelo.

"In all that the people can individually do as well for themselves government ought not to interfere."

The phenomenal growth of Lubbock is indicated by the fact that from 670 telephone connections in 1920, in 1928 it had 3,043.

Central Texas Refining Co. has just opened a \$150,000 refinery at Luling with a daily capacity of 2,000 barrels.

Crops are said to be better in Floyd county than most any other county in West Texas today. Some sections of the state cannot possibly make a crop this year, on account of the drought.

Pellagra

Dr. J. L. Leverette, prominent Paris, Texas, Specialist, is attracting National attention with his NEW method of treating Pellagra and certain forms of stomach trouble closely resembling Pellagra. Under a rigid test of more than 3000 patients the treatment proved to be all that was claimed. A 28 day trial treatment for \$5 and this money back if the patient is not benefited and the patient is the judge. The medicine doesn't make you sick to take it. For particulars, testimonials and blank for FREE diagnosis write.

J. L. LEVERETTE, M. D., Paris, Tex.

# Plainview Business College

— AND —

## Watson's School of Correspondence

J. E. WATSON, PRESIDENT, PLAINVIEW, TEXAS

### JUDGE YOUR BUSINESS COLLEGE BY THE SUCCESS OF ITS GRADUATES

Plainview business men employ P. B. C. students almost exclusively. Over 100 of them employ to-day 162 of our students. It is a well known fact, correctly arrived at from a correct census and tabulation of the town's office help that 95% of all office positions are being held by P. B. C. students. It is also an established fact that a WATSON trained student seldom ever loses a position. THERE'S A REASON.—CORRECT TRAINING counts most in the business world. Largest daily and yearly attendance, most modern home, and more graduates holding positions on the Plains than any other school of its kind. New equipment. Experienced and competent instructors in all departments.

Numbers of Lockney and Floyd County young people have attended this school and have made good.

Mr. Levi Cole a Lockney boy completed a five month's course in six weeks. He now has a good position with the First National Bank, Canyon, Texas.

Lester E. Lankford who is in school now will complete a four month's course in less than two.

And there are many other Lockney people who attended this school who hold good positions: Miss Vivian Cole, Baird Buick Co., Plainview; Cassie Mae Rogers, Texas Utilities Co., Plainview; Edith Smith, Plainview Evening Herald, Plainview; Luella Cope, County Clerk's Office, Plainview; Anna Prickett, Baker Mercantile, Lockney; Leo Bolin, Noble Motor Co., Plainview; W. J. Bybee who formerly worked for Security State Bank, Lockney; Miss Leo Simpson, first position Connor-Mathis, Plainview, later accepted a good position in Los Angeles, California; Miss Ruth Hartman, formerly with Baker Mercantile about five years. There are many others who deserve favorable mention, but space will not permit.

Our THOROUGH training and FREE employment service has established a National reputation for the school. P. B. C. students are employed in each state in the Union. There are P. B. C. students working in business offices in the following large cities, New York, Chicago, Denver, Los Angeles, Washington, D. C., Dallas, Fort Worth, Houston, Waco, Cleveland, Bowling Green, San Antonio, Kansas City, Portland, Oklahoma City, Jackson, Phoenix, and scores of others throughout the United States.

The call to higher salaried positions comes to a man or woman only after he or she has fitted himself or herself to make good. Success in life comes to the man or woman who has prepared to take advantage of opportunities when they come. When you invest your money in education you cannot lose.

BUSINESS TRAINING secured in a reputable business school backed by EFFICIENT and CORRECT TRAINING and years of successful experience insures BUSINESS SUCCESS.

Our classes are made up of boys and girls, men and women from the very best homes of Plainview and surrounding territory. Wholesome environment. STANDARD COURSES. COMPETENT INSTRUCTORS.

The business men have placed their STAMP OF APPROVAL on P. B. C. by employing our graduates almost exclusively. Our DIPLOMA is an important step toward a successful business and social career.

References: First National Bank, and over 100 business men in Plainview who employ 162 of our graduates.

Fall Term begins September 2—9. Day and Evening School—Home Study Courses. Arrange for your course early. Address J. E. Watson, President, Box 532, 613 1-2 Broadway, Plainview, Texas.

LOCKNEY, TEXAS

PRAIRIEVIEW

Aug. 27.—The singing at Prairieview Sunday was well attended and everyone enjoyed the day. B. Y. P. U. was held at this place Sunday evening, the Seniors rendering the program. We had several visitors present and some new members which we were very glad to have. Rev. Pipes will fill his regular appointment at this place next Sunday morning and evening, also Saturday evening. Eylee Brandes spent Sunday afternoon with Ethel and Marie Gamble. Mrs. Wood's sister, Mrs. Holland, and children, left last Wednesday for their home at Longview, Texas. Mrs. W. J. Toyler was on the sick list last week. Mr. and Mrs. Willie Sammann left Saturday for the Rio Grande Valley, where they will visit friends and relatives. Our young people went to the Plainview damn last Tuesday evening for a weenie roast. They were accompanied by Mr. and Mrs. Paul Williams and Mr. and Mrs. Willie Sammann. A very enjoyable time was had by all. Mr. and Mrs. Perry Wood visited friends at Tulia, Sunday. Mr. and Mrs. J. W. Gamble visited

with relatives of the Snyder community, Sunday afternoon. PLEASANT HILL Aug. 27.—Everyone is preparing for the beginning of the fall school term. We hope that it will be as great a success as it was last year. Mr. and Mrs. P. J. Wilkes and family returned home Wednesday afternoon. Mrs. L. Y. Woolsey and children spent Thursday with Mrs. S. L. West of Floydada. Visitors in the Towry home Saturday night were: Mrs. Ollie Clark, of Whitesboro; Charlie Clark, of Roaring Springs, and Walter and Oscar Clark, of Lubbock. Mr. and Mrs. P. J. Wilkes and little son spent Sunday afternoon in the L. Y. Woolsey home. Mr. G. W. Blankenship and family spent Sunday afternoon with Mr. and Mrs. Burleson. Mrs. J. R. Evers and daughters, accompanied by Miss Ophelia Bartlett of Mayview, left Sunday morning for Hill county, where they will visit with relatives. Mr. and Mrs. Charlie Kester and small son of Odell, spent Sunday night with Mr. and Mrs. L. Y. Woolsey.

Clyde Day, Ogie Evers, and J. R. Evers visited with Orby and Floyd Wilkes, Sunday. Randle Blankenship spent Sunday afternoon with Winston Woolsey. LIBERTY Aug. 26.—Mr. and Mrs. T. E. Duke and children of Tulia visited her parents, Mr. and Mrs. A. J. Jetton, Sunday. Mr. and Mrs. Myrth Yeray and children left Monday for their home in Globe, Arizona. Mr. and Mrs. J. L. Williams and family returned Saturday from a visit in Oklahoma. Mr. and Mrs. Jim McGuffey and family have been visiting in Collin county. Mr. and Mrs. M. H. Taylor visited with Mr. and Mrs. C. A. Strickland, Sunday. Miss Lucile Anderson has returned home from Trinidad, Colo., where she attended school. Misses Jennie and Ruth McCormick visited Misses Maxine and Asala McGuffey, Wednesday afternoon. Mr. and Mrs. Edd Durham spent Monday of last week in the C. A. Strickland home. Mr. and Mrs. Weldon McCormick returned home Wednesday from a visit with relatives in Childress. Mr. and Mrs. John Clendennen spent Sunday with Mr. and Mrs. A. J. Jetton. Misses Jennie and Ruth McCormick spent Saturday night and Sunday with Christalene Bean. Mr. A. J. Jetton and family have relatives from Arkansas visiting them this week.

SOUTH PLAINS

Aug. 26.—The Baptist meeting was quite successful. Forty-four members were received into the church, 21 by letter and 23 by experience and baptism. There were 30 conversions and 12 reclamations at the close of the Sunday night services. Fifty-five stood in line and received the right hand of Christian and church fellowship. The church was greatly revived and we trust many others that were not Baptist received a great blessing from the meeting. Everyone enjoyed the singing of Bro. Frasher and his work with the children was fine. Bro. Phillip McGahee did some real gospel preaching. We pray God's blessings on these men, together with the pastor, Bro. Cal McGahee, and this church. The building committee of the First Baptist church of South Plains met Monday and selected their building site for their new church and will begin work on excavating the basement Tuesday morning. The work on the new school building is progressing rapidly. Mrs. Homer Harper and children and Miss Mamie Lou Jarnagin returned home Saturday after visiting in Mexico. Miss Ruth Childress visited in Tulia part of last week. Mr. and Mrs. Truman Bradshaw and son, Eulan, are visiting in Mexico, this week. Mr. and Mrs. Carl Daniels and baby, Mrs. Clark and Mrs. Phegley and children visited Mr. and Mrs. R. M. Haverly and daughter, Lowell, Monday afternoon. Mr. and Mrs. Carl Calahan were Lockney visitors, Saturday. Miss Mary Nell Calahan returned home this week from Collin county, where she has been visiting.

this past week from a visit in Louisiana. Mrs. Bobbitt and Mrs. Allen entertained the Junior B. Y. P. U. Thursday afternoon at the home of Mrs. Bobbitt. Several out door games were played and at five o'clock ice cream and cake was served to twenty-six boys and girls. Ten of the mothers were present also. After the refreshments were served the children sang several songs that they had learned for their B. Y. P. U. Luther Cooper and family are leaving this week for Asperment, Texas, for a few days visit with his grandparents.

CEDAR Aug. 26.—We are still suffering for rain in this vicinity. Mr. Joe Fortenberry and family were visiting in Silverton, Sunday. Their niece, Miss Willie Mae Dillard, came home with them for a few days visit. Mr. C. A. Strickland and family and T. F. Love and wife were visiting in the M. H. Taylor home, Sunday. Mr. and Mrs. Clarence Guffee returned Saturday from Denton Texas, where Mr. Guffee attended summer school. The infant baby, which was born to Mr. and Mrs. Foster Griffin last Wednesday was buried Thursday in the Lockney cemetery. It only lived a few hours. Mrs. E. C. Durham spent Saturday with Mrs. W. P. Portwood. Mrs. Al Barton and children of Matador were visiting in the J. D. Seay home, Monday. Her daughter, Mrs. Cantrell, returned home with her. Mr. and Mrs. Syd Brown were visiting Mr. and Mrs. Elliott Higgins, Sunday. Mr. Leroy Durham returned home Saturday from Amarillo. Mrs. Belle Cantrell of near Matador, has been visiting her brother, J. D. Seay, and family, since last Thursday. Mr. and Mrs. McCormick were visiting Mr. and Mrs. D. B. Love, Sunday. Mr. Pete Love is visiting in Childress this week. Mr. Evans and family of Flomot were visiting Mr. and Mrs. W. P. Portwood, Sunday. Mrs. J. C. Fortenberry has been on the sick list the past week. Two of Mr. Joe Hanna's sisters are guests in his home this week.

LONE STAR

Aug. 26.—Sunday school was well attended at the Methodist and Baptist churches at Sterley. The Baptist meeting began Sunday with the pastor, Bro. Blair, doing the preaching, and Mr. Bill Young of Plainview has charge of the singing and Juniors. Mr. Cleve Hartman and family of Hereford visited Mr. and Mrs. W. B. Hatchett, this week. Mrs. Bob Reeves has relatives visiting her this week. Mr. Jim Johnston and family and Mr. Bill Johnston have gone to Carlsbad for a vacation of several days. Mr. and Mrs. Joe Reeves and Mr. and Mrs. Howell returned from a two weeks visit in Colorado. Mr. Neil Rigler and Frank Barns of Plainview visited Mr. Bill Bobbitt, Sunday. Several people from this community attended the Baptist meeting at South Plains last week. Also several attended the baptizing under the cap Sunday afternoon. Mr. and Mrs. E. C. Melod returned

We cater to the needs of the school children, and carry a large stock of school supplies at all times. Send the child to us, it will receive the same consideration as would be shown to gown-ups. STEWART DRUG COMPANY

ANTELOPE Aug. 27.—A large crowd from here attended the ball game between Afton and Dougherty, Sunday. Mr. and Mrs. Cooper and family spent Saturday night at the Roaring Springs. Mrs. Ball of McKinney, who has been visiting her daughter, Mrs. Bob Hinsley, returned to her home, Sunday. Mr. and Mrs. W. F. Combs and family spent Sunday with Mr. and Mrs. Will Palmer. Mrs. W. D. Wisdom visited Mrs. Adolph Moore, Thursday of last week. Several families of this community took supper at the Roaring Springs Sunday, celebrating the birthday of Miss Donna Mae Aston. McCOY Aug. 26.—Rev. W. H. Strong of Lockney closed a wonderful meeting at the Methodist church Monday morning. The Baptist meeting begins Saturday night. Many from the Blanco community attended the dinner given at the home of Mr. and Mrs. W. J. Berry, honoring their Silver Wedding Anniversary. Miss Bernice Holleyfield was the Sunday afternoon guest of Miss Jessie Dalton of Starkey. We regret very much that Mr. and Mrs. Bartlett and family are moving back to Sweetwater this week. Their son, Alva, is going to attend college at McMurray College at Abilene, the coming year. Misses Opal Smith and Bernice Holleyfield spent Thursday with Misses Ilma and Ina Nell Jackson. Misses Clara and Thelma Smith, and Mr. and Mrs. Harvey Tardy spent Sunday in the home of Mr. and Mrs. John Gray. Mr. and Mrs. E. P. Reese of Sweetwater, Mrs. Harold Hamilton and little daughter, Mary Jane, of Plainview spent a few days of last week in this community.

Mineola—New municipal building will cost approximately \$20,000.

FLOYD COUNTY COWS GET NOTICE IN BULLETIN OF CLUB

Nationwide recognition of the Stansell dairy herd owned by O. D. Stansell of Floydada, who is president of the Texas Panhandle Dairy Show, was received this month when the record of three of his herd was given special notice in the Jersey Bulletin, a magazine issued by the American Jersey Cattle Club. The bulletin contained the following:

"Three young daughters of Allen's Premier 242754, Texas Jersey sire, have just completed register of merit records with an average yield of 432.76 pounds of butter fat, starting on a test at the average age of 1 year and 11 months.

"This exception yield for heifers of this age was made on a twice a day milking. Calculated to a mature basis this yield is equivalent to a production of 592.7 pounds of butter fat in 365 days.

"O. L. Stansell of Floydada, owner of this sire and the three promising young daughters, tested the trio, Prince's Combination Ula, Allen's Premier's Lola and Allen's Premier's

Darling, giving them only the care given cows in a dairy herd.

Prince's Combination Ula 739847, the youngest daughter, was started on a test at the age of 1 year and nine months and in the ensuing 365 days produced 461.54 pounds of butter fat and 9,686 pounds of butter.

Allen's Premier's Lola 614856, started on test when just 2 years of age, yielded 419.92 pounds of butter fat and 7,851 pounds of milk in 365 days. Lola was with calf for 206 days of the year of the test.

"Allen's Premier was bred by W. I. Allen of Floydada, and sold to Stan-

sell in 1924 when a few weeks old. Five daughters of this bull have register of merit records, and he has a total of 17 registered, progeny, 10 of which are daughters."

The article which appeared as above will be sent to Jersey breeders over the entire nation.

TRUCK OVERTURNS BORGER MAN DEAD

Borger, Texas, Aug. 24.—Leslie

Turner, 23, was crushed to death beneath his motor truck near Morse,

Hansford county, yesterday. Funeral services for him were held at Gruver, Texas, today. The body was found beneath the overturned machine by passing motorists. The coroner's verdict was "accidental death."

Mr. and Mrs. D. A. Rosenberg and Mrs. Mary Lovejoy returned Sunday from a visit of several days in De-

catur, Texas, where they visited with relatives.

# WHEN Horseless Carriages Had Whip Sockets

- -the Pierce Petroleum Corporation was making Quality Lubricating Oils

## THE NEW MOTOR OILS

Years bring experience--and takes years of "knowing how" to produce the correct lubricating oil for your car. For motor safety, consult the New Pennant S. A. E. Chart.

Over 1st National Bank Lockney, Texas

## We Want Your Business

When you have grain or feed of any kind to sell let us make you an offer on same. We are in the market at all times for the crops that you raise.

### GRAIN, COAL, CHICKEN AND COW FEEDS

We carry the very best grades of Coal that can be obtained and will be glad to supply your demands. Now is the time to lay in your supply for the winter needs. Coal is harder to get, and generally higher in price in the winter, when the rush is on, than during the summer months, so fill your coal bin now and be ready when cold weather sets in.

If 75% of the school children have curvature of the spine, which is according to Dr. Crenshaw, M. D., of St. Louis, and he says, these are cause of many grave and dangerous diseases, wouldn't it seem the part of wisdom to have them corrected as a preventative. That is what we Chiropractors do.

No charges for examining the spine. S. T. COOPER, D. C. Ph. C. Up Stairs Next to First Nat'l. Bank Lockney, Texas

BLEEDING SORE GUMS If you really want quick, certain, and lasting relief, from this most disgusting disease, just get a bottle of Leto's Pyorrhoea Remedy and use as directed. Leto's is always guaranteed.—Stewart Drug Co.

10 YOUNG MEN

Can earn room and board by working a few hours a day, while securing training in the most favorably known business training institution in the West. These places will be filled by those making first reservations. A wonderful opportunity for ambitious young men—equal opportunities for young ladies. Write or phone us. DRAUGHON'S BUSINESS COLLEGE LUBBOCK, TEXAS

A "Chamber of Death" test is your guarantee of FLY-TOX efficiency. The FLY-TOX "Chamber of Death" is a small room in which live, healthy insects are turned loose. They are strong and lively. As they fly and buzz around inside of the "Chamber of Death," FLY-TOX is sprayed inside. Less than a teaspoonful is used.

Almost at once the buzzing stops. Within five minutes all is still. The insects are dead. This test shows you how quick and positive FLY-TOX works. Just what you need for those pesky flies and mosquitoes that bother you now. FLY-TOX is positively harmless to people. It has a delightful perfume-like fragrance that pervades a room like delicate incense. It is stainless. FLY-TOX was developed at Mellon Institute of Industrial Research by Rex Research Fellowship. Every bottle guaranteed.—Adv.

FLOYD COUNTY SCHOOL NEWS

The Floyd County School Board and a number of the trustees from the Common School Districts of the county held a meeting at the court house in Floydada, Thursday of last week. John Lee Smith, of the State Department of Education, was the principal speaker at the meeting and his talk was on the new school laws that have been passed by the last session of the legislature.

The teachers from the Common School Districts of the county will be in Canyon the first three days of next week, where they will attend the teacher's institute, after which they will return to the schools in this county. Part of the rural schools of the county will begin on Thursday of next week, and the remainder of the schools will begin on the Monday following.

A contract will be let Friday (tomorrow) at 2 p. m. for the erection of a four-room brick school building at Goodnight, in the northeastern part of the county. The building will be constructed with folding doors between two of the rooms, so that the doors can be opened and make the two rooms into an auditorium. \$10,000 worth of bonds have been voted in that district to take care of the expense of building of the new school building.

The new school building at Dougherty is being completed this week, and will be received by the trustees of that district the latter part of the week. School will begin at Dougherty Monday, September 9th.

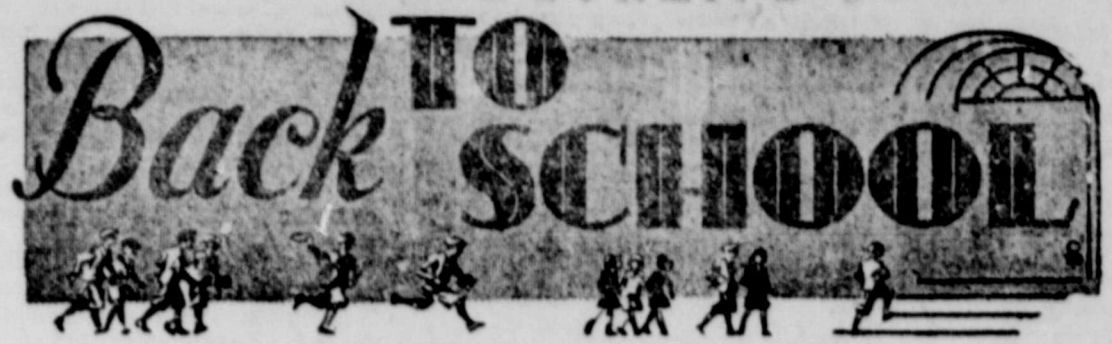

The two-room frame school building has been completed at Sterley, and will serve as a ward school for the Prairie Chapel District for the present time.

Methodist Church

We will fill our regular appointment next Sunday at Sterley. Also at South Plains at 3 p. m.

Let all our people take notice. W. H. STRONG, Pastor.

Mrs. A. J. Haskins of Hebron, Tex., visited her sister, Mrs. H. A. Huskey, and other relatives, the past week.

Those who are contemplating going away to school will do well to visit our store. We have collected numerous items necessary to the College Student.
