Auxiliary Legion Meet Be Tonight

Roy Rhoades Legion post auxiliary will meet tonight at the American Legion hall in plans for the 18th district convention here in the fall, under J. E. Rainey said to-

Daniel Lashes AFL Today

The AFL and CIO have defense effort, Gov. U. S. Senate candidate, today.

if elected, he would introduce into congress to prevent strikes in defense industry, similar to the measure in the Texas legislature. He argued that the nation is imperiled by the rise of pussyfooting politicians. He pointed out that boys, drafted into the army, are having to train with rifles because gun factories are closed. He said when he thought of that, and of the fact that we have no tanks, cars and trucks to get them to defense positions, he made his blood boil.

He said today that O'Daniel publicity seeker. Attorney Mann said he would have an important announcement concerning the Senate race which is being made at 9:45 tomorrow from Paris over the TNQ. House has refused to concur in Senate proposal to adjourn but both branches may adjourn June 14. O'Daniel has said not start his road campaign argument is taken.

National Open Golfney Starts

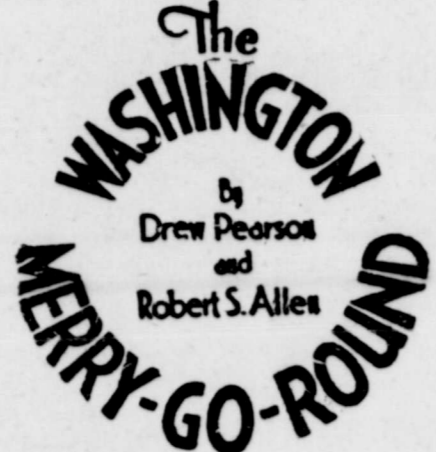

Worth. — The National golf tournament teed off here morning, with a field of approximately 160 of the world's best golfers taking part. The hole, a 460-yard par 5 known as "suicide gulch," is a plenty of them trouble.

Tank Swafford Is Dead Of Injuries

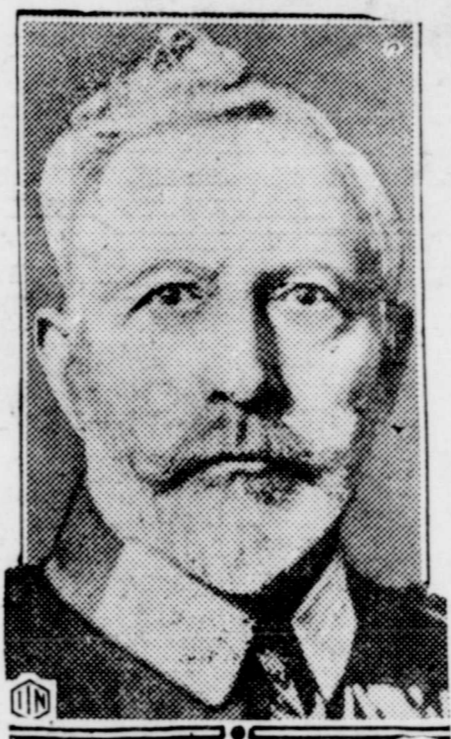

Tank Swafford, about 38, Dalhart livestock dealer, died at 10:30 last night in a Shamrock hospital of injuries received Sunday night in a head-on auto collision near there.

His body will be returned to Dalhart tonight, but at mid-afternoon funeral arrangements were still pending.

Mrs. Swafford and two children were called to his bedside early Monday. He had suffered seven broken ribs, and lung and other internal injuries.

Six persons were killed in or died soon after the wreck which occurred on Highway 66 and seven miles west of Shamrock. A heavy rain was falling and the 12 persons involved were not found until four hours later.

One of the six who died soon after the crash was John Klaverweiden, 41, another Dalhart livestock dealer; and another was Mrs. Duke Morgan of Shamrock, sister of Swafford. Funeral services for her are being held late this afternoon in Shamrock. Rites for Klaverweiden were held at 2:30 this afternoon in Guymon, his old home.

Ex-Kaiser Wilhelm II

Kaiser Bill Dies In Doorn Refuge

Wilhelm Hohenzollern, known as Wilhelm II, kaiser of Imperial Germany, died last night at his castle in Doorn, Holland, where he had been an exile since Nov. 10, 1918, the day before the Armistice in the World War which he was charged with starting.

He was known to millions of Americans as "Kaiser Bill," a nickname he was given by doughboys during the World War. He was 82 when he died, and will be buried in the chapel of Doorn castle though he had often expressed the hope his body would at last rest in German soil.

Rains Fall Over Plains Last Night

Panhandle rainfall, that centered in the Hereford area southwest of Amarillo, last night gave Dalhart .19 of an inch, the U. S. field station said. That raises total June rainfall to .23 of an inch.

Clovis also was drenched, and parts of it are slightly flooded, with several inches of water in the streets.

Frio draw is up, and bank-full, is bearing down on Friona.

The Rock Island reported a fall that ranged generally from a half to an inch and a quarter of rain from Liberal to Tucumcari. The fall tapered down from Tucumcari to Amarillo, being .75 in the latter.

Channing reported a half inch, the Denver said. Rainfall immediately south of Amarillo ranged up to two inches, and held that figure to Clarendon and Memphis, the Denver reported.

Blaze At Zielke Home Is Baffling

Fire broke out early this morning in a small dead air space between the walls in the front room at the Sam Zielke residence, 1419 Channing street.

Fire Marshal O. W. Raillard said there was a 2x6 below, and another two-inch board above the space where the fire broke out, and there were joists on each side. The outside of the house is stucco.

There were no electric wires in or near the space, and no stove-pipes or fuel lines. "I just can't imagine what caused it," Raillard said. The department was called at 8:10.

There was small damage to the house, and none to the furniture.

Special Masonic Meeting Tomorrow

Dalhart Masons will hold a called communication tomorrow night at which Amarillo Masons will confer a master's degree. Fred Lyons, formerly a Dalhart member and now master of the Amarillo lodge, will head the degree team.

CRIPPLED CHILDREN CLINIC IS SATURDAY

Parents of children needing treatment are reminded of the Crippled Children's clinic in St. Anthony's hospital in Amarillo Saturday, Mrs. E. R. Stewart, director of the Dallam county welfare board, said today. Dr. Chas. F. Clayton of Fort Worth will be in charge, she said.

Applicants for this service are asked to see Mrs. Stewart before tomorrow night so that transportation arrangements may be made.

Ambassador Club To Meet Tonight

All members of the Ambassador club are urged to attend the regular meeting tonight at 7:30 in the club rooms, William L. Johnson, president, announced today.

New members will be initiated, and routine business will be transacted, Johnson said.

KOEHLERS MOVE

The Hubert Koehlers have moved into their new home that they recently bought on Hillcrest street.

Strikes continue to hamstring the U. S. defense and aid-to-Britain effort, while England prepares for opening of another front in the Middle East, and observers increasingly wonder if the British can hold out till September—the earliest possible moment for U. S. aid to become really effective.

United Automobile Workers struck this morning for higher wages at the Inglewood, Calif., plant of the North American Aviation company. They charged that the company had been stalling with mediation efforts.

The company immediately closed down the plant, awaiting word from the National Mediation Board. The plant produces about a fifth of all warplanes manufactured in the U. S.

UAW officials admitted at noon that union negotiators in Washington had not approved the strike, but said they had not disapproved it.

London indicated that Britain at last may be going to take the offensive against Germany in the Middle East. It said General Sir Archibald Wavell, Middle East commander, now feels he can extend his front.

The new front apparently is going to be French-mandated Syria, which the Vichy government has said it would protect against "British aggression."

British have been bombing Syrian airports, charging that they were being used by Nazi warplanes. The British also charged that Nazi troops have landed in Syria. The Vichy government bitterly denied both charges, but Egypt last night broke off all relations with Syria, saying it is "German-occupied territory."

A Bucharest report, seeping out through the blanket of Nazi censorship, said today that Rumanian ships have been made available to Germany for moving troops from Constanta.

This means the German-laden ships would have to move through the Black Sea—which has long been considered a Russian lake—and would also have to move through the Dardanelles, Russian gateway. These facts will again force Uncle Joe Stalin to a showdown.

RAF planes last night heavily bombed Axis objectives in Libya and the Docecanese islands. And London seemed to be making headway with a propaganda campaign in Syria. It is hurling French language broadcasts at the little nation, protesting against French-German collaboration and apparently is getting a wide and sympathetic hearing.

General Charles DeGaulle, leader of the Free French Forces, also is in nearly Palestine and reportedly is trying to get Syrian authorities to permit a peaceful British occupation of the country. This would (Turn to Page 4, Column 2)

Merry-Go-Round Still Way Ahead

Two current front page sensations in the U. S. press are the power and steel shortage, announced by Secretary of Interior Ickes and the OPM last week-end.

The Washington Merry-Go-Round, published daily in The Texan, revealed the shortages well over two weeks before. The power shortage was disclosed May 13, and the steel shortage May 15.

Patrols and Convoys For The Plains

There is a lot of talk these days about convoys and patrols, and we notice where the Washington Merry-Go-Round says that the new U. S. Atlantic patrols are, in fact, just a highly improved and streamlined version of the old World War patrols.

For instance, the new-type patrol criss-crosses the Atlantic with planes, and men in planes can see submarines for miles whereas from surface vessels they can't spot them more than a mile or two away.

Now all this talk of war-time convoys and patrols, reminds us that there are also patrols right here on the Plains that must go on in war or peace.

We don't think much about them, because we take them as a matter of course. They've been going on for centuries, and each year finds them a little better than the year before.

Agriculture started way back when Sugar Daddies where Stone Ax Papas, and everybody wore less clothes than a modern Follies girl. There is no accurate record of how it started, but probably accidentally. Man dumped some seeds somewhere, then later noticed plants coming out of the ground.

Agriculture made concentrations of people possible, and that in turn made possible the foundations of modern civilization, which occasionally are attacked by such termites as Hitler and Mussolini.

Anyway, what we are getting around to saying is that patrols and convoys are to protect and, in a large sense, to nourish to completion some phase of operations that is a part of some much greater operation.

For instance, a crooked stick was the first thing that patrolled a farm field, and convoyed the tiny, frail plants to an abundant harvest. But modern agricultural implements for patrolling fields, keeping out weeds, conserving moisture, developing crops are vastly different.

You should see the new Farmalls—the new McCormick-Deering equipment—and realize for yourself what a treat it is to farm the Farmall way.

There never has been a finer season than this year—and we have never had a finer Farmall, and a finer line of McCormick-Deering Implements than this year.

**And Mrs. Asa Willis Are
 Hosts At Family Reunion**

Mrs. Asa Willis were the past week at a family reunion at their Hartley county home. The first time that all immediate members of Mr. Willis' family had been together in nine years. The guests were: Mrs. Robert Longmott, Texas; Mr. and Mrs. Epting, Itasca, Texas; Mrs. Alice Glass, Wichita, Kan.; Mrs. Annie Marshall, Mr. and Mrs.

Jack Marshall and son Jack, Henrietta, Texas; Mrs. Roy Wilcox, Caldwell, Idaho; Mr. and Mrs. Russian Willis, Jenks, Okla.; Mr. and Mrs. Roy Sherrill, Oklahoma City; Miss Margaret Johnson, Mount Morris, N. Y.; Mrs. Vernon Tiley, Oklahoma City; Mr. and Mrs. Joe Harcrow, Martha Jo Harcrow, Childress; Mr. and Mrs. Loyd Willis, Edwin Lee and Billy Ruth Willis, Elk City, Okla.; Mr. and Mrs. Charles Greenhill, Hartley.

**Mesdames LeGer, Johnson
 Bridge-Luncheon Hostesses**

Mrs. C. LeGer and Mrs. Lyle entertained yesterday with a luncheon at the LeGer home on Rock Island Ave. The luncheon was held in the dining room and tables were decorated with bowls of flowers and other summer garnishes. The guest list included Mesdames E. U. Johnston, Victor James L. Wilson, Chas. Jack Wade, O. E. Dugger, Elliott, Chas. Youts, Peoples, Dan Spencer, W. Karl Pieratt, Clarence Barry Conner, Bill Clinkenberry, Herman Steele, Cecil Jones, and Raymond Jacques. The guests were presented to Mrs. LeGer and Mrs. Wade.

of his granddaughter, Miss Phoebe Ann Farwell and Bascom Lang, which will take place Saturday night. Mr. and Mrs. H. L. Adams are recovering from attacks of flu at their home in North Dalhart.

 BROTT BETTER HEALTH**

Hoyt's Compound Ended Back Pains, Kidney Misery and Night Risings, States Mrs. Carter of San Angelo.
 Mrs. Ellen Carter of 31 East 16th street, San Angelo, Texas, says: "I suffered muscular aches

MRS. ELLEN CARTER
 and pains in my limbs and back. My kidneys gave me considerable trouble. I had very little control. I could not walk without pain and used a walking stick. "Now I have finished my second bottle of Hoyt's Compound and there is no question about the results I have gotten. The aches and pains have left my limbs and back completely. My kidneys bother me no more. I feel so much better and my appetite has improved. I am better in every way and owe it all to Hoyt's!"
 Hoyt's Compound is recommended and sold by the Wolf Drug Store and by all leading druggists in this area.

**MRS. FARRIS IS
 BEING HONORED**

Mrs. Frank Farris of Kansas city has been a guest of honor this week at the reunion of her family held at the J. C. Farris home. A dinner on Sunday attended by thirty-five, was given in celebration of Mr. Farris' 64th birthday.

**MRS. MOREMAN
 RECEIVES DEGREE**

Mrs. H. C. Hudson and Mrs. Loyse Caldwell have returned from Canyon, where they attended commencement exercises at West Texas State college on Monday.

Mrs. Leland Moreman, daughter of Mrs. Hudson and sister of Mrs. Caldwell, was a member of the graduation class. Mrs. Moreman majored in Primary Education and Music and is affiliated with the Alpha Chi scholarship society.

Miss Maurine Tandy, Dumas, and Lawrence Anderson, Denver, have been guests this week of Mr. and Mrs. Felix Reeves.

Roy Delk, Texline city clerk, was a business visitor here yesterday.

MERRY-GO-ROUND—

(Continued from Page 1)

plenty of financial backing.

Independently wealthy as a result of earnings from his trans-Atlantic flight, Lindbergh's wife also inherited a fortune from her father, the late Senator Dwight Morrow, a J. P. Morgan partner. Wealthy elements financing the isolationist-appeasement movement also have assured Lindbergh of unlimited funds for any political campaign he may undertake.

WHEELER VS. LINDBERGH

One man particularly interested in Lindbergh's presidential ambitions is Senator Burt Wheeler, who considers himself the No. 1 foe of the President's anti-Axis policies. Wheeler has strong White House yearnings of his own; in fact, has had them since 1924 when he ran on a rump ticket with the late elder Senator Bob LaFollette. Again in 1932 Wheeler strenuously tried to get on the Roosevelt slate in place of Jack Garner, and one of the principal reasons for the Roosevelt-Wheeler split was his peeve at what he considered the President's ingratitude.

On the surface, relations between Wheeler and Lindbergh are friendly, but under cover the two men are none too cordial. On Wheeler's part this situation has not been improved since he has suspected Lindbergh's presidential aspirations.

Fifty-nine years old, Wheeler's last chance for the White House will be 1944; and he doesn't take kindly to the idea of having it wrested from him. He deems himself the top isolationist leader, and expects to cash in on that three years hence—when, he is convinced, a new political party will have come to the fore and the situation will be ripe for a sweeping overturn.

Such a new party already is being quietly discussed in isolationist-appeasement quarters. At a recent secret meeting attended by several wealthy industrialists, one name proposed was the American Christian party.

NOTE.—Another America First campaigner who harbors secret presidential ambitions is Phil LaFollette, younger brother of the U. S. Senator. While governor of Wisconsin three years ago, Phil launched an abortive National Progressive party that had a lot of the trappings of Nazism, including a symbol resembling the swastika. Strong-willed and one of the most effective political haranguers in the country, Phil considers himself a "man of destiny."

'WEEKEND' CAMPS

"Weekend" recreation camps—new wrinkle in Army morale activities—soon will be established all over the country. Idea is to give soldiers, particularly those stationed in rural areas, a Friday-to-Sunday respite from military regimen, plus a taste of city life.

The new camps will be located

outside of those cities which can offer a wide range of recreational facilities—golf, public beaches, swimming pools, regulated dance halls, tennis courts and first-run movie houses. Military discipline will be kept at a minimum, with no reveille in the morning nor taps at night. The men can come and go without restrictions.

Each camp will accommodate from 400 to 800 men. There will be no charge for lodging, but meals taken at the mess hall will cost a small fixed sum. Soldiers will be transported to the center in rotated groups, so that every man can take a weekend off at regular intervals.

Eight experimental "weekend" camps already are in operation along the Gulf Coast, where many of the early inductees are concentrated. They have been so successful that the Army has decided to make the program nation-wide.

NOTE.—Also under consideration as morale boosters are free postage for service men, plus night baseball. Both proposals have been heartily approved by the President, and are now pending in the hands of military authorities.

Cantrell Firm To Open On Saturday

Cantrell's Furniture and Appliance store in the La Rita building will be open for business Monday morning, W. E. Cantrell said today. The firm's formal opening has been postponed to a week from Saturday, because of delay in receiving stock.

Since 1929 Cantrell has been associated with the Peoples Furniture company, except for a period between 1935 and 1937 when he was connected with the Allender & Cantrell Appliance company, he said.

SYRIA MAY—

(Continued from Page 1)

be a big help to Britain in crippling any German drive toward Syria or Iraq, which British this week brought under control.

A crisis flared in the Orient today when Japan made some kind of demands—presumably economic—on the Dutch East Indies and gave them 24 hours to answer. Dutch said the answer would be made on time, but would not be made public.

U. S. Ambassador Dred, and also Axis ambassadors conferred today with Foreign Minister Matsuoka in Tokyo.

The Navy department today announced transfer of 3000 U. S. coast guardsmen to the operation of navy transports and auxiliary vessels.

L. B. Hershey, deputy national director of the selective service program, today asked congress for legislation permitting group deferment of all registrants who were 27 years old on Oct. 16, 1940.

There were also growing indications that all branches of the armed forces soon will give up any skilled workers needed in defense industries.

The OPM announced today that manufacture of sheet and strip steel for automobiles would have to be curtailed to make the rolling mills available for ships, railroad cars, and other essential defense work.

After defense needs are met, the mills can work on civilian programs, it was said.

Softball Meeting Is Tomorrow Night

All softball team captains and managers must attend the meeting tomorrow night at 7:30 in the county court room and have their team rosters ready for submission to league officials if play is started in Dalhart June 9.

That is the word today from W. H. (Lefty) Fowler, who was elected president of the Dalhart Softball League last week. E. A. Kimmins is vice-president, and A. O. Swoford is secretary-treasurer.

Fowler reminded that each team roster is limited to 14 men. And men not on the roster when the schedule opens will have to file their names with the secretary-treasurer, then wait seven days before they can enter league play.

The meeting tomorrow night is open to anyone interested, Fowler said, but it is imperative that captains and managers be on hand.

Color Rampant In 'Blood And Sand'

In "Blood and Sand", which previews at the Mission theater Saturday midnight and continues Sunday and Monday, movie audiences will see the passions, the love and the hatreds of a fearless matador unfolded against a lavish setting of vibrant colors.

It is an all-Technicolor production.

Tyrone Power is cast as Juan Gallardo, a poverty-stricken matador who suddenly finds himself the darling of Spain and Zooms like a meteor to the pinnacles of fame and fortune.

The ascent is too rapid. He's dizzy. He loses his sense of values—everything but his dare-devil courage. And that almost senseless bravery of his carries this dynamic film to a climax of seething emotions.

The other two stars are Linda Darnell, as Juan's wife; and Rita Hayworth, the alluring temptress.

Free Show Here This Afternoon

This is the day of the free show at the Mission theater.

The feature is "They Met In Argentina", a sparkling musical, replete with color, drama and romance.

The show opened at 2:00 this afternoon and will run to midnight.

Everybody in the world (except Hitler and Mussolini) are invited. Uncle Joe Stalin of Russia and Premier Matsuoka of Japan are on the doubtful list a-plenty, but if they pay in cash double the amount of the national debt at the door they might be admitted, according to Manager J. C. Parker.

"Seriously", he said, "we hope everyone in this whole territory will be our guests today. We are especially anxious to have those from rural areas and outlying towns because so often we are denied the privilege of playing host to them because of bad weather."

Tom Collins of Channing was in Dalhart yesterday on business.

Creamery Project To Be Talked Tomorrow Night

Chamber of commerce directors meeting tomorrow night at 8:00 will discuss, among other things, the farmer-demand for pasteurization plant and creamery in Dalhart.

A bumper feed crop is promised this fall. Many farmers are convinced that the smartest way to market it is through increased dairy production, providing that an assured and brisk market can be found.

So they have asked chamber directors to see what they can do about getting a creamery and pasteurization plant to locate here.

The owner of the Crescent Creamery at Tucumcari is interested in establishing a plant here provided he can be guaranteed, to start with, a milk production of 100 gallons per day.

Farmers and the chamber are now assembling data to show what production would be immediately available to a creamery, and how much it likely could be increased if the creamery is established.

Forty-Two Meet Resumes Tonight

Dalhart's forty-two tournament that opened last weekend will resume tonight at 7:30 in the Knights of Columbus Hall.

The event probably will close tomorrow night. Couples holding high scores at that time will be winners.

Several persons who had bought

tickets were unable to attend the opening session. C. B. Cox and Claude Covington, co-chairmen of arrangements, said they could start yet and perhaps catch up.

Tom Monroe reminded today that his partner is Chief of Police J. C. Dickey. The Chief's name was left out of the list of players given yesterday.

Sea Scout Ball Will Be Tonight

The district Sea Scout Bridge and Ball tonight at Cathedral hall in Amarillo will be attended by at least five Dalhart sea scouts and dates and Field Scout Executive Chester L. Dunlap and wife and Mr. and Mrs. A. O. Swofford.

The Bridge which corresponds to the Boy Scout court of honor, will be at 8:00, followed by the dance.

Sea Scouts planning to attend are Vernon Brewster, Billy Corkill, Billy Stites, Frank Rader and Billy Brewster.

"IF MORE OLD PEOPLE

would use ADLERIKA they would feel better. I'm 70 and have had it on hand for 14 years." (L. M.-So. Dak.) For QUICK bowel action and relief from bloating gas, try ADLERIKA today. Wolf Drug Co. and Wanser Drug Co.

ELTON OLDHAM and JAKE FELDER, Managers

Memorial Service To Reunion High Spot

Monday night memorial service will again preface the sixth XIT Reunion in Dalhart and Tuesday, Aug. 4-5, will be one of its most notable events. The General XIT Committee met last night.

Coombes, committee member in general charge and is a nationally-known speaker. Two years ago, this service has come to be one of the most important parts of the Reunion. The XIT and its pioneers of the XIT and West, who built well and possible the modern New

pre-Reunion activity this year will be a dance for the young and the pioneers on Saturday night, Aug. 2. J. C. Parker will be in charge of it and the two big dances Monday and Tuesday.

The committee last night signed under which the famed Elks, rodeo stock of Elk and will be used in the Reunion rodeo. This stock is the best, if not the best in the southwest, and is used by the Southwestern Exposition and Fair. Allyn Finch will again be in charge of the Reunion rodeos.

Stewart is in charge of the XIT Reunion band con-

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

tests and the XIT parades, always two of the most colorful and intriguing events on the entire program.

Dan Spencer, chairman of the committee of which Coombes, Parker, Finch and Stewart are members, is also in charge of publicity

and advertising. He announced last night that all Reunion advertising posters themselves. However, newspapers this year would go into papers of this region have been newspapers. "For the past few more kind in supporting the event, years," he said, "we have used and while our advertising budget about a half dozen billboards a is not as big as we would like for year because they have been given it to be, we are going to spend it to us with exception of the few all with newspapers."

Thief Replaces Tires
Fall River, Mass. (UP)—A considerate thief stole three used automobile tires from Ralph Saccone. In their place he left three old tires.

Try newspaper advertising first.

**IN THE ARMY NOW!
WHY AND HOW**
By S. T. Williamson

At Fort Benning this week two 250-foot towers are put to practical use in the training of U. S. parachute troops. That's the Army for you! It does some things quicker than you can say "Secretary Stimson!" But when it gets back on its heels and some supposed urgent matters get routed "through military channels"—which is an Army expression synonymous with passing the buck—it's slower than cold molasses. A year has passed since the skies over Belgium and the Netherlands rained Germans parachutists. Two years have passed since a steel parachute tower was set up at the New York World's fair, and thrill-seekers could experience a parachute descent at 50 cents per and in armchair comfort. They were at it even last fall when our first parachute battalion was formed and had no steel towers to practice from.

Like many other weapons and military gadgets, the military parachute was perfected by Americans but was first adopted for use in offensive warfare by other nations. In the 1920's the U. S. Army had trained parachute jumpers, but for 'chute testing and technique and not for tactical purposes. In the early 1930's the Red Army took up the parachute in a serious way. At a Moscow review eight years ago three transport planes flew overhead, out of which tumbled 62 parachutists.

Almost everyone took this for a typical Communist "act" — much demonstration and plenty talk. Even four years later, parachuting was not taken seriously although Colonel I. Crockett wrote in the Infantry Journal, "Aerial infantry is no longer a dream. We should organize a regiment of it." We and other nations kept on dreaming—but the Germans didn't.

The mail should keep us awake. J. U. C., Pittsburgh, Pa.: What is the status of a college night

NYA Information Program Slated At Canyon In July

Canyon. — An NYA information program will be held at West Texas State college here July 9 and 10 to discuss the student and school work program, and the out-of-school program in the Panhandle.

Planning and organization, administrative techniques and evaluation of programs will be discussed by several hundred school men. Arthur Bullock, Lubbock, student work coordinator and a representative of the NYA state office, will conduct the program.

All school executives, and other persons working with them in trying to establish or in conducting NYA projects, are invited to the meeting.

Stamford To Award \$3500 In Premiums

Stamford, June 5.—Premiums and cash prizes amounting to \$3500 will be awarded in various events in the twelfth annual Texas Cowboy Reunion here July 3-5.

Expensive saddles will be awarded to the champion calf roper, champion wild cow milker, winner of the cutting horse contest, and

student who gets his degree in June 1942? He is getting his degree from college, not from any defense work. He is also married six months. However, his wife is working to help pay school.

The Selective Service Act defers no students after July of this year. Local boards consider each case on its merits. But the chances are that a man whose wife is working to pay his cost of tuition would be deferred on these grounds.

S. H. B., Litchfield, Conn.: Are dog mascots officially recognized in the Army?

No. But some dogs have adopted companies and regiments in the Army.

winner in the sponsors' contest. Sterling silver belts, with gold overlay and set with rubies will be presented to champion bronc rider and champion steer rider. A grand prize of similar value will be awarded in the bareback bronc-riding contest.

In the rodeo events, day money will be paid in calf roping, cow milking, saddle bronc riding, steer riding and bareback bronc riding.

Cash prizes of \$650 will be paid in the quarter-horse show being held jointly by the Reunion and the American Quarter-Horse Association.

The most typical cowboy over 55 years of age will be presented a cowboy Stetson hat and the most typical cowboy under 55 will receive a gold watch.

Cash prizes of \$105 will be awarded for best entries in the various sections of the grand parade. Cash awards in the old fiddlers' contest will total \$32.50.

Here And There

Mrs. Elmer Elliott and son, Dale, returned yesterday from New Mexico Military Institute, Roswell, where he has just completed his freshman year of the college. Ralph Nafiger, Kansas City, also a NMMI student, came to Dalhart with the Elliotts for a few days visit.

Mrs. James L. Wilson and daughters, Janice and Mary, are leaving tomorrow to spend a few days with Mr. and Mrs. Tony Farrell and other friends in Pratt.

MIKE ASKED ME TO COME OVER AND TALK TO YOU KNOBBY AND I WANT TO TALK AS A FRIEND AND A BOXING WRITER.

I DON'T WANTA TALK ABOUT IT MURRY. HOW KIN I TALK TITLE BOUT? BRICK AINT READY--

YOU KNOW HE IS. THERE'S NO COMPETITION. IT'S JOE YOU'RE THINKING ABOUT.

AWRIGHT THEN. I NEVER EXPECTED A TITLE SHOT. I DIDN'T EXPECT BRICK T'GO AHEAD SO FAST--

I FIGGERED JOE WOULD BE OUTA TH' ARMY AN' I'D GIVE RENSHAW'S CONTRACT T'SOME BUDDY LONG BEFORE A TITLE CHANCE COME ALONG.

LOOK KNOBBY. JOE VACATED THE TITLE AND YOU HAVE TO COME THRU FOR RENSHAW.

JOE WOULD INSIST ON IT. IT'S THE ONLY REAL ETHICAL THING YOU CAN DO.

TELL MIKE I'LL LET HIM KNOW. I'M GONNA WIRE JOE BEFORE GIVE A ANSWER.

EXCUSE ME, ABBIE... I MUST BE GETTING OLD... I SAT UP TALKING TO ROBERT FOR A LITTLE WHILE LAST NIGHT AND...

"A LITTLE WHILE"? YOU WERE UP ALL NIGHT... NO WONDER YOU'RE TIRED

NOT THAT I BLAME YOU... WE HADN'T SEEN OUR BOY FOR A YEAR... BY THE WAY, DID HE SAY ANYTHING ABOUT TAKING CARE OF ANNIE AFTER WE SAIL??

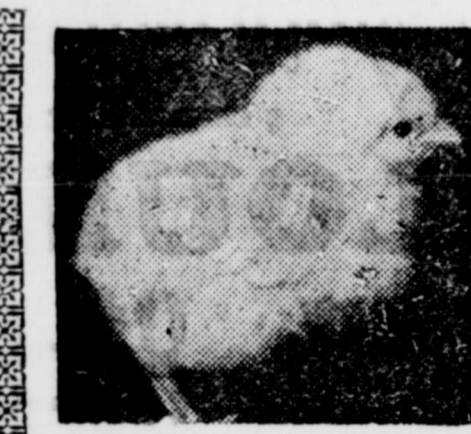

I'LL BE JEWEL'D IF I DIDN'T FORGET ALL ABOUT ASKING HIM... BUT YOU KNOW HE WROTE A LETTER SAYING HE WANTED TO TAKE CARE OF HER...

BUT WHAT DOES ROBERT'S WIFE SAY?

MAN AND BOY, I'VE KNOWN CAPTAIN ROBERT SINCE HE WAS KNEE HIGH TO A DECK-BUCKET-- AN A FINE SAILOR AN' SHIPWRECK... NEVER SMELLED SALT-WATER...

YOUR FAVORITE BREED OF BABY CHICKS!

A 20th Century-Fox Picture

Better Times Ahead For Farmers Of U. S.

By ROGER BABSON

Babson Park, Mass., June 5.—The industrial and defense areas of the country have long occupied our attention. Now comes the turn of our rural areas. The outlook for farm communities is now seen more clearly than was possible at the time I made my Annual Business Forecast on Jan. 1, 1941. It will be a good year for farmers. Defense spending has been filtering through for several months past into the great agricultural areas. Large crops, the signing of the Fulmer Parity Bill by the President, continual government buying, and other factors, all forecast better times in the wheat belt.

What Is Parity?

For the past twenty years, succeeding administrations have tried various ways to restore farm purchasing power to the level of the years 1909-1914. To bolster the latest attempt, the current farm bill provides for Commodity Credit Corporation loans up to 85 per cent of the prices which wheat, corn, cotton, rice, and tobacco brought in 1909-1914. Thus, farmers would be able temporarily to provide for their needs in keeping with advancing living costs if market prices do not rise high enough to make cash sales more attractive.

Commodity prices, wage rates, and other factors in the cost-of-living picture are moving upward gradually at the present time. Unless the farmer can receive something more than existing farm benefits he may find himself in a bad way in competing with industrial workers for the necessities and some of the luxuries of life. The farmer is in a far different position economically from the wage worker in that he has no one to look to for a raise in wages. Hence, the administration set up machinery in the form of the mandatory loan bill to permit the farmer to borrow larger amounts against his crops than has been the case in previous years.

Big Supply of Wheat

Considering all crops, current surveys indicate that total acreage planted this year will be about the same as last year. Allowing for favorable weather, the yield should thus be about the same as a year ago. Wheat is the one crop, however, that looks like it is going places in a big way. At least, with forecasts of a total supply of 1250

million bushels, we shall have a domestic supply equal to the record of 1250 million bushels in 1931-1932.

Certainly, 1941 will be a good year for the grains although from a statistical point of view the situation does not look so favorable. This is due to two factors. First, the large carry-over; second, a big prospective crop. The large carry-over is not such a factor this year as in previous years. After all, our rate of domestic consumption is running at high levels. True, normal export markets are shut off at the moment; but before the year is over we may be called upon to feed some of the conquered nations. Part of the government-owned supplies will go to feed our armed forces. While in any year of so-called normal conditions I would be disturbed over the statistical position of the grains, yet I can not now get excited over either the size of the carry-over or the new crop.

Farmers to Share in Defense Profits

With the rise in consumer purchasing power, due to increased wages and dividends, more money will be spent for farm products. Not only the wheat grower and those engaged in the raising of other grains, but also all other types of farming, including cattle and hogs, fruit and poultry, cotton and sheep, as well as dairying will bring in more money as the defense program continues. We also must not forget that the purchasing program covers the export of farm products under the provisions of the Lease-Lend Act. Already the combined average prices for all farm products are the highest in four years. Washington will undoubtedly attempt to curb any runaway tendencies, but after all the farmer deserves any breaks he can get. The administration cannot continue to let wages soar without permitting the farmer also to get more for his labors.

All this makes good news for the 30,475,000 farm population. Incidentally, the number of persons living on farms is about the same as it was ten years ago. The census reports, however, show a decrease of three per cent in the number of farms under cultivation. More than the above-mentioned farm population are actually supported by some form of farming, when the dependents of farmers are taken into con-

sideration. With something more than one quarter of our population dependent upon agriculture for their livelihood, we must have prosperous farm conditions before the rest of us can look forward to real prosperity. I believe the day is close at hand when the farmer will receive his just deserts, although I think there is a better method than by getting him to borrow on his crops. Of this, I will write some later week.

What About Prices?

Wheat at \$1.00 a bushel is cheap. No. 2 Red Winter wheat got up to \$2.29 in 1917 and \$2.32 in 1920. Recent advances have been due to the passage of the Parity Loan bill. Quotations are still below the prices which may be expected from 85 per cent parity loans. Irregular swings will, of course, develop from time to time, but the year-end should witness higher levels.

When the war ends, we will be called upon for heavy supplies of eatables from all parts of the world. Hence, foreign developments should be watched closely. Heavy movements of grains are already under way to our seaports. This is necessary to make room for coming new crops. It is also bringing our exportable surpluses a step closer to markets abroad.

Burnett And Potter To Fire Convention

Fire Chief Elmer Burnett and Ernest Potter, delegates from the Dalhart volunteer fire department, will attend the State Fireman's and Marshal's convention next Monday,

Tuesday and Wednesday at Wichita Falls, Burnett said today.

The pumper drill team will go down for the races Wednesday, Burnett said. The team which won second in the district competition and will be competing in the state race for the first time, is B. W. McMeen, E. B. Wadkins, Sank Johnson, H. J. Kromer, Ed Cranfill, Jr., and Gene Duggar.

Recently subscriptions amounting to \$64.50 were contributed to the fund to send the team to this convention, Burnett said. The delegate and fire chief are always sent by the department, he said.

Mrs. Jeanne Cornett, daughter of Jeanne, Mr. and Mrs. M. K. Kromer, and Merle Kromer have returned from Shamrock, where they attended last rites for Mrs. J. A. Myers Wednesday afternoon. Mrs. Myers, a sister-in-law of Mrs. Cornett, died Monday morning.

SPRING TUNE-UP SPECIAL 15 OPERATIONS

(Your car needs every one of them) ALL FOR ONLY . . . \$24

1. Test (distributor) percentage of dwell at high and low speeds.
2. Test ignition coil output.
3. Test all electrical circuits which have to do with efficient motor and battery operations which include—
 - A. Battery condition test.
 - B. Test resistance of ground circuit.
 - C. Test resistance of generator to battery circuit.
 - D. Test starting motor under load.
 - E. Test resistance and continuity of primary circuit.
 - F. Test percentage of dwell.
4. Clean and test spark plugs.
5. Test condition of battery, add water if necessary.
6. Clean carburetor thoroughly and adjust float level.
7. Adjust idling speed.
8. Adjust idling jets.
9. Diagnose manifold vacuum.
10. Clean and inspect fuel system which includes fuel pressure test and vacuum test.
11. Flush cooling system.
12. Inspect thermostats, tighten hose connections.
13. Adjust fan belt.
14. Refill radiator, adding inhibitor M-1068.
15. Test horns. (Complete Engine Tune-Included.)
