MAYOR TO BE NAMED IN SPECIAL ELECTION SATURDAY, MAY 27th

Elsewhere in this issue of the News is a formal notice announcing a special election to be held Saturday, May 27, for the purpose of electing a Mayor for the City of Dimmitt. A previous election resulted in the election of Jack R. Cowser by a write in campaign. Mr. Cowser refused to qualify for the office. Mayor L. G. Manning, the only other candidate, refused to serve unless duly elected.

City Commissioners Ernest Jones and Clarence Bearden passed the order for the special election at a meeting of the commission on April 12.

The only name filed to date for a place on the special election ballot is L. G. Manning, who has agreed to serve as Mayor in event he is elected.

Dimmitt Chorus Wins Honors

Entering this year for the first time in regular Class B Choral contest, the Dimmitt Bobcat Choruses brought back several honors to Dimmitt.

The Contest, held last Friday at WTSC at Canyon, included some sixty choral organizations from the entire Plains area.

Ratings of from Division 1 (the highest possible) to 5 were being given.

Both the Boys' Chorus and the Mixed Chorus distinguished themselves by making a Division 1 in Sight-reading; and, as a result, brought home two bronze award plaques signifying same.

Further distinction came as a result of the girls' sextet placing in Division 2. Members of the girls' sextet were: Louise Simpson, Peggy Messenger, Pat Youts, Fayrene Greathouse, Dona Lee Robertson, Bobby Ruth Wooten.

Four more Division 2 ratings were received: Girls' Chorus Sight-reading, and a Division 2 in Concert singing for each, Boys' Chorus, Girls' Chorus, and Mixed Chorus.

Five certificates showing the above ratings were brought back and are now displayed among the other awards.

Last year, these choruses entered in Class D as beginners and came home with only one certificate signifying a Division 2 for Girls Chorus Concert singing.

Members of the Boys' Chorus are: Fred Bruegel, Jess Burch, David Burkett, Douglas Dennis, Edgar Dennis, Gene Easley, Don Hardy, Charles Houtchens, Jack Howell, Bill Hunter, Dale Maxwell, Bill Murphy, Fawayne Murphy, Don Nelson, Clarence Rogers, Ivan Earl Sinclair, Marlin Truelock, Jerry Vandiver, Lawrence White, Richard Wood, Donald Wright.

Members of the Girls' Chorus are: Christine Anderson, Carolyn Bagwell, Kay Bearden, Yvonne Bearden, Tillie Bednorz, Florence Brock, Sunnye Brown, Charlyne Campbell, Jacqueline Cartwright, Braunita Cole, Lanelle Clowdus, Mary Ann Davis, Pat DeLozier, Mary DeLozier, Peggy Dixon, Ann Dowty, Wyonna Gibson, Fayrene Greathouse, Beth Hance, Patsy Rae Hardy, Laoma Hershey, Raneal Ivey, Monette Kennore, Janet McMahon, Mary Jo McMillan, Connie McRee, Peggy Messenger, Sandra Neumayer, Margaret Odom, LaNora Poe, Regene Reynolds, Dona Lee Robertson, Carolyn Rothwell, Louise Simpson, Gwendolyn Smith, Lelda Thompson, Margaret Truelock, Frances Waggoner, Bobby Ruth Wooten, Patsy Youts.

The Boys' Chorus and the Girls' Chorus combine to form the Mixed Chorus.

Local Men Attend Canadian Dam Hearing

Mayor L. G. Manning and John McFarland left Sunday for Washington to testify at a congressional hearing on the proposed Canadian Dam project. The meeting was attended by city officials and Chamber of Commerce officials from a number of South Plains and Panhandle cities. Information received here is that the West Texas representatives are optimistic about the success of the huge undertaking following their interview with national officials.

Mr. and Mrs. W. G. Baxter of Batesville with their daughters, Mrs. Harold Hunter and Mrs. Duck Boswell, of Uvalde, were here Monday for a visit in the home of Mr. and Mrs. Edgar Ramey.

Mr. Ozro Stephens of Amarillo was here Monday for a visit with his son, Harold Stephens, and Mrs. Stephens.

Soil Conservation District Week—May 15 to 21—will give all Texans an opportunity to learn about this program of grass roots democracy that is going on in their midst.

Jo Windows of Midland was here recently for a visit with friends and relatives.

Herman Haberer Is Heart Attack Victim Sunday

Funeral services were conducted at the Earth Methodist Church Tuesday for Mr. Herman Haberer 52, who died of a heart attack at Littlefield Sunday. Performing the last rites was Rev. Hugh Blaylock of Miami. Burial was in the Earth cemetery.

Mr. Haberer was rushed to the Littlefield hospital Sunday afternoon after his car had collided with another while on Highway 51 in North Littlefield. Excitement from the car mishap, which was not of a serious nature, is believed to be the cause of Mr. Haberer suffering a heart attack.

Mr. Haberer, a long-time resident of the Earth community is survived by his wife and two sons, Russell and Ted, of Earth.

Soil Conservation Official Makes Statement

By Walter S. Davis, Jr.
Pres. Ass'n. Texas Soil Con. Dist. Supervisors

Soil Conservation Districts are democracy at the grass roots. That is why so many Texans are becoming more and more interested in them.

In these days of increasing governmental regulations, it is important for everyone—farmers, ranchers, and businessmen—to understand what Districts are, who runs them, and what they do. It is easy to confuse them with one of the other of the agencies of the Department of Agriculture.

Under the law, Soil Conservation Districts were organized by vote of the local landowning farmers and ranchers. They are run by their Supervisors, who must be local, resident landowning farmers and ranchers elected to office by their neighbors. With no powers of taxation nor eminent domain, the Supervisors' responsibility is to coordinate all efforts, public and private, to the soil conservation task. This coordinated effort is first developed on a District-wide basis by the local people themselves.

In every one of Texas' now 156 Districts, covering nearly 90% of the State, there are Programs and Plans of Work, developed and written by the home folks. They serve as a guide to each District's operation.

With its Program and Plan of Work as a basis for action, the District's Board of Supervisors is ready to go to work. As a rule, all State and Federal agricultural agencies pledge their cooperation to the Supervisors. The Extension Service and the Department of Vocation Agriculture have a big educational job. PMA payments help landowners pay part of the costs of soil conservation. The technicians of the U. S. Soil Conservation Service, cooperating with the Supervisors, make detailed farm and ranch conservation plans with the local operators on farms and ranches as directed by the District Supervisors.

These farm and ranch conservation plans are the key to what many call the New Agriculture. They are developed with the owner to suit his operating needs as well as those of the land. When all the planning is over, the results are put on paper, with a map, and all details are then agreed to by the owner and the Board of Supervisors.

Operating in accordance with these plans, farmers and ranchers are discovering that it pays to treat the land according to its needs and use it according to its capabilities. Production per acre rises and unit production costs are lower. Owners find, too, that crops are higher in quality.

These are things that consumers in general and all businessmen can understand.

Soil Conservation District Week—May 15 to 21—will give all Texans an opportunity to learn about this program of grass roots democracy that is going on in their midst.

LaMaster For Congress Club Organized

PERRYTON, April 20—Leroy "Pete" LaMaster, candidate for Congress from the 18th Congressional District, is receiving strong support from home town folks, and from the North Plains area where he and his family are well known.

The LaMaster for Congress Club, organized in an effort to promote other such county clubs and to assist in the LaMaster campaign, is now concentrating on acquainting other counties in the district with "Pete's" qualifications for the Congressional office.

An old-time political rally Saturday night in Perryton launched the campaign assistance and workers are now contacting friends over the district seeking support of the young farmer-stockman who is waging an intensive personal campaign throughout the 28 counties.

The high points of LaMaster's platform are economy in government, a sound farm program, fair labor laws both to labor and management with teeth enough to be enforced when needed, a stern foreign policy striving for peace, but constantly ready to defend America's freedom if peace agreements fail, and ability to make honest decisions regardless of pressure applied from the "supposed" big boys of politics.

LaMaster has a scrupulously avoided any tie-ups with any organization, or any voting group, being determined to carry out his original declaration of representing all the people of every part of the district, if elected.

He is a World War II veteran, having served in combat with the Navy, was born and reared on an Ochiltree county farm, has a college degree in agriculture, and is fully determined to make a conscientious public servant if he is elected to Congress.

Mrs. Franklin Latimer and children returned home Tuesday from a visit with relatives at Shattuck, Okla.

J. B. Alley and Ira Clingsmith left Wednesday for a business trip to Colorado Springs, Colo.

Dimmitt Stu'n's Attend Festival

Twenty-seven music students and parents attended the Pi Mu Zone Festival in Littlefield Saturday, April 15. The object of the meeting was to bring together all Pi Mu members, advisors, teachers, parents and friends, to exchange ideas and promote the cultural and educational functions of Pi Mu, and to seal the friendship between the chapters in this zone. The principal speaker was Mrs. O. J. Didzun, Chairman, Division of Music at Midwestern University in Wichita Falls, Texas.

To the teachers, Mrs. Didzun stressed the importance of keeping themselves qualified by continued study of the planned program for the student, and also stressed the importance of Theory and Ear-Training, Harmony and study of composition, which are of the utmost value to the student desiring to gain a thoro music education.

Parents were complimented on the sincere interest shown, and for continued cooperation with the program and the teacher.

Chapters each presented one or more students on the program in a musical number of skit. Gamma Upsilon of Texas in Dimmitt presented Miss Carolyn Rothwell of Dimmitt, and Miss Evelyn Benson of Hereford.

At three P. M. separate meetings were held to elect new officers for the ensuing year. In the mother's council, Mrs. Ruth Rothwell was elected as President. In the student council, over which Miss Betty Haberer presided, officers were chosen from Amarillo and one or two other towns.

Following these meetings were the award presentations. In the Dimmitt group Miss Betty Haberer presented on the piano the 'Rachmaninoff Prelude in C minor. Miss Haberer was well received and it was announced that she had been awarded the De Wolfe Freshman Scholarship for the following term at the St. Louis Institute of Music. Students accorded this Scholarship must maintain the highest scholastic record both in school and in music study. Miss Haberer merits the highest praise for being able to meet all of the requirements necessary to win this honor.

Following are those representing Gamma Upsilon in Dimmitt who attended:

Mrs. Ivor Bagwell and daughter, Nelda Jean; Mrs. George Bagwell and daughters, Sue Vernelle and Carolyn; Mrs. J. R. Rothwell and daughter, Carolyn; Mrs. M. E. Cleavinger and daughter, Judith; Mrs. Leland Smith and daughters, Zella Vee and Elzada Faye; Mrs. F. J. Mears and daughter, Charlotte; Mr. and Mrs. H. F. Benson and daughter, Evelyn; Mrs. J. M. Wright and daughter, Sandra; Miss Sandra Hembree; Mr. and Mrs. Roy E. Haberer and daughter, Betty Joy; Mr. Roy De Wolfe and daughter, Leah June.

The Methodist Women's Society of Christian Service met April 10 with twenty-three ladies from the organization at Hereford, as guests.

Mrs. Hunter welcomed the guests. The opening song was "Give of Your Best to Your Master". Mrs. Brooks brought a devotional. Mrs. Webb gave a talk on "Needs of the World and Recruiting Young Leaders". Mrs. Nichols discussed "Why is Specialized Training Necessary and What Must We Do to Recruit These Workers?" Mrs. Hershey and Mrs. Blanton sang a special number.

During the social hour Mrs. Benson poured from a beautifully appointed table, centered with a bowl of daffodils.

April 17 on our regular meeting, Mrs. Brannan brought the first lesson on the study, "We the People of the Ecumenical Church". Mrs. Estes gave a timely devotional on charity. Everyone come next Monday and enjoy the studies.

ARE YOU GOING TO TAKE THE VETO OF THE KERR BILL LYING DOWN?

EVERY Democratic Congressman from Texas and both our Democratic Senators pleaded with the President not to veto the Kerr Bill. The Kerr Bill represented economic security for every single citizen of the Panhandle. The Kerr Bill would have prevented the Socialists in Washington from plundering our natural gas reserves and setting prices however they wanted them.

BUT the big bosses of the crooked northern political machines ordered the President to veto the Kerr Bill—or else. The Socialists said the folks in the Panhandle would continue to be suckers and vote Democratic no matter what was done to them. So the President obeyed the order of the gangster-ridden political machines and stabbed the decent citizens in the back. He vetoed the Kerr Bill.

WHAT ARE YOU GOING TO DO ABOUT IT?

IF YOU were to elect another Democrat to Congress on May 6—no matter how able he or she might be—you would be telling the Socialists that the people of the Panhandle would continue to come back for more no matter how much they were kicked in the teeth.

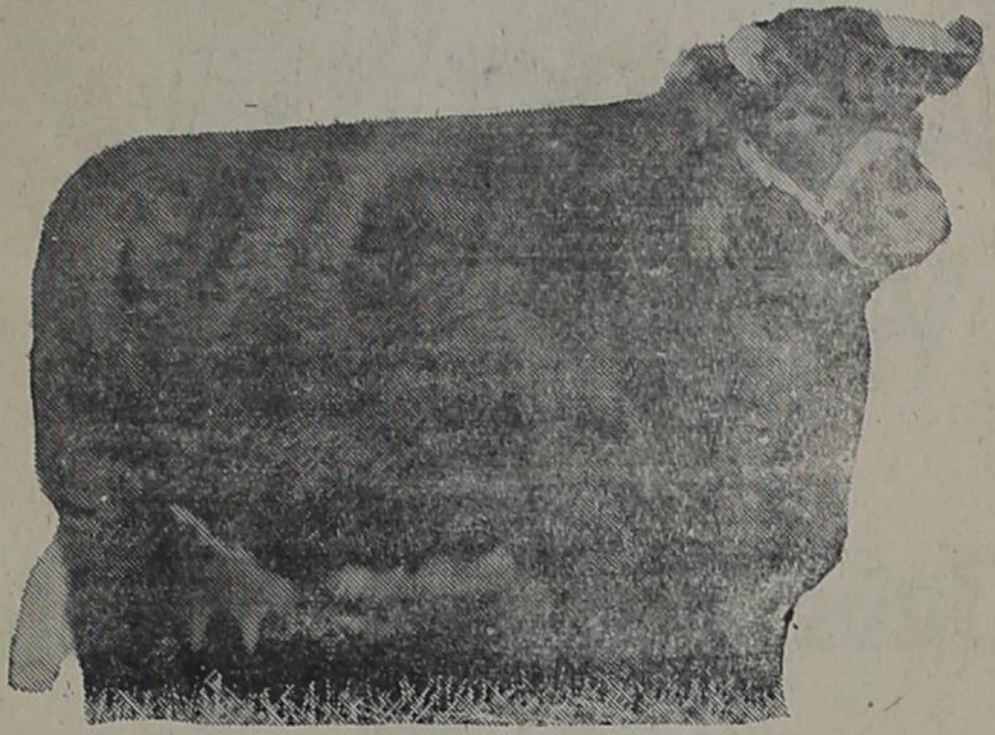

BEN GUILL has promised to bring the treacherous veto of the Kerr Bill to the floor of the House. He will be given the complete and unanimous support of every Republican leader in Washington to redress the wrongs of the Panhandle. No such assistance would be given to a Democratic Congressman from the Panhandle. He wouldn't get to first base. **THE ONLY WAY THE DEFRAUDED CITIZENS OF THE PANHANDLE CAN GET ANY CONSIDERATION IS TO SHOW THEIR INDEPENDENCE AND PROVE THAT HERE, AT LEAST, THE PEOPLE ARE STILL BOSS. THE ONLY WAY THEY CAN DO THIS IS TO ELECT**

BUT IF YOU ELECT BEN GUILL, THE REPUBLICAN CANDIDATE, TO CONGRESS YOU WILL BE SERVING NOTICE ON THE SOCIALISTS WHO HAVE STOLEN THE DEMOCRATIC PARTY AWAY FROM YOU THAT THE PEOPLE OF THE PANHANDLE CAN NEVER AGAIN BE INSULTED AND BETRAYED WITH SAFETY.

BEN GUILL

SPORTS AFIELD

The difference in a fisherman's luck is often only the difference between a well-designed hook and a poor one. The importance of using good hooks, efficiently shaped, and of keeping them needlesharp cannot be overemphasized.

Unfortunately, most anglers judge hooks as they do women—by pretty curves. But commercial fishermen, who cannot afford to indulge in such aesthetic notions, know better. They use mainly hooks with the nearest thing to a plain round bend that they can find and with the point parallel to the shank.

According to Jason Lucas, whose book on bass is bible to many fishermen, this parallel

point is undoubtedly the best for setlines; but for angling, where one must drive home the barb at just the right instant, he prefers a hook with a very slight out-point. In penetrating tissue deeply, this is not so efficient as a parallel point—but it starts in faster instead of sliding from the fish's mouth without pricking him.

A hollow point will penetrate better than a spear point. In some hooks, an inward turn of the point or barb gives the illusion of a true hollow point, but it doesn't give as good results. Watch out for that.

When fishing, test your hooks frequently for sharpness by passing the ball of the thumb lightly down behind the barb—not across

the top of it. If the point doesn't dig in easily, it is too dull.

For sharpening hooks at home use a small half-round file of "smooth" cut. When out fishing, carry one of the small whetstones made for the purpose.

For the first quick penetration, always sharpen from the inside and sides of the point only. Never touch to back except to remove a "wire edge". However, some people like a very slight wired edge for the first quick start in. Keep the side of your stone or file almost parallel to the tip to make a long, thin point which will naturally penetrate much better than a snubrier point.

Winter Survival of Screw-Worms Highest on Record

A recently completed survey shows that the screw-worm fly survived this winter in a much larger area than ever before. This situation creates a real threat to the livestock industry of the state, says J. A. Deer, assistant extension entomologist of Texas A. & M. College.

He says the survey made by entomologists of the USDA Bureau of Entomology and Plant Quarantine at Kerrville, shows that in Texas the area where the fly was found to have survived the winter extends at least 300 miles farther north, 150 miles farther northeast and 200 miles farther northwest than during

any winter since 1943 when the survey program was started. Three of the affected counties—flies were found in 134 Texas counties—border Oklahoma just east of the Texas Panhandle. Records show that during previous winters, the screw-worm fly survived in less than 30 counties in southern Texas and usually in no other states west of the Mississippi. This year they were found in 3 southwestern New Mexico counties, 9 southern Arizona counties in Southern California.

Deer says that it now appears certain that the migration of the fly will be earlier and that it will probably migrate much farther northward than usual. He says the possibility of transporting screw-worm infested animals

from the southern zone to northern states is greater this year than ever before.

Livestock owners, he says, should be on guard and should watch for early screw-worm infestations, especially in animals that are to be shipped to the northern states. He points out that dealers of livestock supplies should be ready with plenty of Smear 62 should serious outbreaks occur in the state. Weather conditions during the next few weeks may be a determining factor in the seriousness of the situation he says. Moisture will increase the possibilities of serious outbreaks.

In conclusion, he says, livestock owners should treat all wounds promptly with Smear 62 whether screw-worms are present or not.

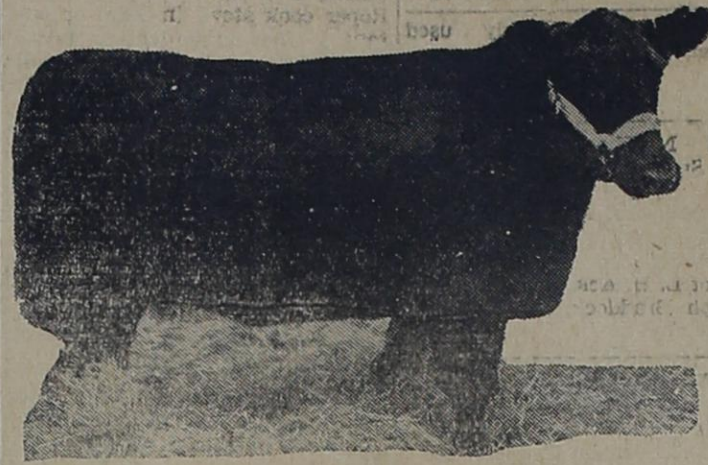

It is a surgical dressing as well as a worm killer and its use is just good insurance against screw-worm infestations.

Home accidents took 30,500 lives in the nation last year and falls led the list of causes. It is dangerous economy to leave out of the plans for any farm building safety features that might prevent a serious accident.

Livestock owners are warned to be on the lookout for earlier than usual screw-worm fly migrations. They survived the past winter in the largest area since survey records have been kept. Livestock being shipped from the south to northern states should be checked very closely for infestations before shipping. Use smear 62 on all animal wounds.

April 30-May 6 will be observed as National Home Demonstration Week.

Mr. and Mrs. T. R. Davis and Mr. and Mrs. Robert Brooks accompanied the Seniors of 1949 to Amarillo on Tuesday afternoon for a reunion and to attend the Ice Show that night.

Word was received here on Tuesday of the death of O. L. Derrington, Sr. in Plainview. Interment was at Lamesa. Mr. and Mrs. Derrington lived here several years during the war.

Mr. and Mrs. Percy Hart were in Canyon on business on Tuesday. Supt. and Mrs. M. M. Hastings went to McKinney on Thursday to be with her mother during a major operation. Mr. Hastings was to return on Monday and Mrs. Hastings stayed to help care for her mother.

Mary Helen Maples had her tonsils removed on Thursday. Mrs. Pyeatt taught for Mrs. Maples so that she might be with her daughter.

Mrs. Robin Vann and Mrs. Hawkins, Sr. were in Hereford on business on Saturday morning.

Mr. and Mrs. Johnnie Thompson, Jr. went to Hico on Friday morning. We are informed that they had a business house to burn there during the week before they made the trip. Mrs. Howard Bridges taught for Mrs. Thompson.

The Rigby girls of Lockney spent Friday with their cousin, Myra Newsom.

T. U. Smith and son, Rodney were in Amarillo on Monday selling cattle.

Mrs. Bob Bennett spent the week end at Tulsa, Okla. visiting her aunt.

Mr. and Mrs. E. I. McLain and Mr. and Mrs. Ray Bennett spent the week end in El Paso.

Mr. J. M. Scott is in Sherman visiting relatives this month.

Mr. and Mrs. I. S. Scott have returned from a trip to the Northwest and Canada.

Visitors for the week end in the Robert Brooks home were her mother, Mrs. A. T. Matsler, her sister-in-law, Mrs. John Matsler of Plainview and her sisters, Mrs. Robert McCollum and Mrs. Cliff Wiley from Borger.

The F.F.A. boys entertained the community with an Amateur Night on Friday. Dean Phillips won first place. Joe Percy Hart won second and Stewart Newsom won third.

Mr. and Mrs. Willis A. Hawkins Sr. entertained for Robert Lewis

on his birthday in their home on Saturday night with a square dance lesson. Mrs. Lester McLain helped the youngsters. Ice cream and cake were served.

Mrs. T. U. Smith is able to be at home again after spending several days in the Amherst hospital.

Mr. Herbert Williams took his F. F. A. Dairy judging team to Lubbock for the livestock judging meet held on Saturday at Texas Tech Farm. Members were John Bridges Wesley Sharp and Joe Percy Hart with Neal Wall alternate. The team won fourth place which was very good considering that there were 93 teams in that competition. John Bridges was one of the ten high point men of the Dairy judging.

Mrs. J. B. Slade of Amarillo was visiting in Hart on Sunday afternoon.

Mr. and Mrs. Jim Height and Mr. and Mrs. Chas Taylor and sons were in Amarillo Sunday afternoon for the Ice Show.

We are most thankful for the moisture we received the last part of the week. We had light rain on Thursday, a little again on Friday and a "spot" of rain on Saturday night. The Saturday night shower set in just about dark and fell very hard and fast for a short time. Some places had 3/4 inch of rain while most of the community reports only a trace.

Hart Has Pressure Water System

The Hart Development Co. has installed a modern pressure system costing approximately \$20,000.00. The six inch well with a 3000 gal pressure storage tank and pipe lines will furnish the town of Hart with water for house and yard. It is hoped that all persons will have lawns and landscape his property.

The American Legion has set out hundreds of Chinese elms along property lines. Owners pay for the trees and the Legionnaires set them out. They also set trees on all sides of the cemetery. These trees will be paid for by voluntary contributions to the cemetery trustees.

Local people are urged to buy stock in the well property.

MOSCOW GETS BULLISH OVER ELSIE THE COW

(SPECIAL)—According to press dispatches from Moscow, Elsie the Cow has been cited in the Soviet humor magazine "Crocodile" as an example of "The Wild Morals of the Transoceanic Monarchy of the Dollar—The Land of America." "Crocodile" told its Russian readers how Elsie travels around the country in style, published a photograph of her with her holiday hat on and another of her traveling kit, including her famous cows-metics and perfumes. The description of Elsie's whimsical stage props, as if she really used them, showed the usual absence of humor by the Soviets. According to Elsie's spokesman, the famous bovine doesn't give "two moos" what the Russians think of her, and that where the Reds are concerned, "No moos is good moos."

Gordon MacRae, recently making a personal appearance at the Strand Theatre, in New York City, has been besieged by autograph seekers every time he sets foot outside the stage door.

Gordon MacRae, who is star of NBC's "Railroad Hour," is also the star of a new movie, "Backfire," playing at the Globe, another New York theatre. His most enthusiastic fan was the youngster who asked him — at the Strand stage door — to hurry up and sign her autograph book, so she could get over to the Globe in time to catch the next performance of his picture!

Robin Morgan, who plays Dagmar in the CBS-TV period comedy-drama, "Mama," has just been catapulted into a hobby she claims she'll never give up.

Four weeks ago, a scene in "Mama" necessitated a stamp album and stamps as a part of the props. After the program was over, eight-year-old Robin was given the props and by now is a confirmed philatelist, writing all her friends all over the world for additions to her ready-made collection.

Bart Robinson, who plays Walter Manning, husband of "Portia," the lovely attorney, in the NBC daytime drama, "Portia Faces Life," received his favorite fan letter the other day. In the script Bart, as Walter, has been on trial for murder and, after much suspense, Portia finally succeeds in proving his innocence.

The fan wrote that she had known all along who really committed the crime, but "I was so sure Portia would get you off, I decided not to say anything unless I had to."

Elizabeth Watson, of MBS's "Juvenile Jury," was visiting a neighbor who had just added a brand new baby girl to her family. As seven-year-old Elizabeth's favorite fiction character at the moment is "Snow White," the neighbor said that she supposed that was what Elizabeth would have named the baby. "No," answered the little girl, as she watched the squalling, very pink-faced infant, "I'd call this one 'Rose Red'."

Nazareth Round Up Around Town

By Julene Heiman

Very Rev. G. A. Boeckman, who just recently returned home from St. Mary's of the Plains Hospital, Lubbock, announced to the congregation here on April 16 that the bishop, His Excellency, the Most Rev. Laurence J. FitzSimon, has made arrangements to transfer him from Holy Family Parish here to a smaller parish elsewhere because of his poor health.

On April 4 the Nazareth Swifts went to Springlake for the first game of the season. It was a defeat for the Swifts with a score of 15-4. The next two games were much better. The Nazareth Swifts played Petersburg on April 11. The Swifts defeated Petersburg on the home field with the final score of 15-9. The Swifts felt better. On April 14 they went to Olton. There they defeated Olton on their field with the final score of 14-0. The team came home happy. The next game for the Swifts will be at Nazareth on April 21. Spring Lake will be the visitors.

A shower was held during the afternoon of April 13 in the home of Henry Schmucker for Miss Hazel Guerry, bride-elect of Clarence Wilhelm. Hostesses were Mrs. Henry Schmucker, Mrs. Henry Wilhelm, Mrs. Joe Warren, and Mrs. Frank Annen.

Another shower was held in the home of Arthur Kleman on April 16 in honor of Delphine Eggemeyer, bride-elect of La Vern Kleman. Hostesses during this social event were Mrs. Elmer Kleman, Mrs. Victor Eggemeyer, and Mrs. Leola Kleman.

An address was given to all the girls of N. H. S. on April 17 by Nurse Florence Wilhelm, assisted by Sisters Mary Catherine and Bernard Marie, all of St. Anthony's Hospital, Amarillo. This talk was very educational. The speaker told much there is to be known about the training, aims,

requirements, and tuition involved in becoming a nurse. Father Drury, also of Amarillo, accompanied them.

A shower was held in the home of Mike Dobmeier on April 20 honoring Miss Marguerite Ann Schacher, bride-elect of Jerome Brockman. Hostesses were Irene Brockman, Leona Schacher, and Wilma Dobmeier.

Mr. and Mrs. Robert Huseman announce the arrival of a daughter, Lynda Faye, who was born on April 11.

Mr. and Mrs. Andrew Acker left for Oklahoma City for a business trip concerning the Catholic Foresters Association.

Mrs. Bernard Britten, daughter Louise, Mr. and Mrs. Ray Britten, Mrs. Tom Britten, and Mrs. John Homer of Groom, Texas, visited the Philip Ackers and other relatives on April 16.

Many guests from Nazareth attended the Knights of Columbus initiation and banquet held here on Sunday evening.

Around N. H. S.

By Cecilia Aichlmayr

Rose Mary Conrad and Cecilia Aichlmayr have made their 40 words recently. The other members of the class are also trying to reach this goal.

Some of the N.H.S. students had their pictures taken by the National School's Studio on April 11. The pictures taken a few weeks before were not good because the lens in the camera was broken during the time that the pictures were being taken.

There has been much secrecy around N. H. S. during the past few weeks. The juniors have been whispering, working, and preparing the banquet and prom that will be held during the evening of April 26 in honor of our seniors. It promises to be a gala affair.

Fashions and Fads

By Lois Book

The other day I was looking through an interesting book when I noticed some exciting styles for girls who like to wear black occasionally.

The styles featured slips made of taffeta or satin with very full skirts. An overskirt of lace tied with a velveteen ribbon completed the young-looking outfit. Two of the loveliest and newest color combinations were carnation pink and nautical navy.

Only one more week! Then all of the N. H. S. guys and gals can get out and have the time of their lives. A night to remember. I am speaking of course, of the annual Junior-Senior Prom.

All the girls have probably had the chance to answer one of these questions about their formals: What color is yours? Is it new? How is it made? And of course, each one of us is left in a state of anticipation hoping that we will have the prettiest gown on the dance floor.

But we Juniors will bring about the big surprise with the decorating theme. We aren't sure that it will be sensational or out-of-this-world or stunning, but it is sure to be surprising and one of the most delightful you've seen—we hope.

The boys won't be wearing a "tux" or the girls won't be wearing "mitts", but we will look very nice in our formals, and the boys, they will be the same debonaire gentlemen in their best suits.

So have a good time, everybody.

Grade Happenings

By Marian Seacher

The third and fourth grades have been very busy. They report that they have collected and donated enough money to buy two pagan babies. Having completed this project, they are now busy working up for an art contest. This contest which they are entering is called The Juvenile Jury Art Contest.

The seventh and eighth grades report that their most important work during the past two weeks has been the purchase of some new fiction books. These are "Teen-Age Stories of Action" by Frank Owen, "Teen-Age stories of the West" by Stephen Payne, "Teen-Age Stories of Outdoor Sports" by Frank Owen, "Surprise Island" by Warner, and "Eight Treasured Stories" by various authors.

Meetings

By Rose Mary Conrad

The P. T. A. held their regular meeting in the science room of the school during the evening of April 14. The main work of the business session was the election of officers for the ensuing year. Names for election were submitted by Mrs. Tony Gerber, chairman of the nominating committee. The following officers were elected: Arnold Brockman, president; Alfred Schacher, vice president; Andrew Schumacker, secretary; and Leonard Gerber, treasurer.

The committee on the constitution and by-laws suggested the following changes: change in dues from 10 cents to 25 cents per member per year; all nominations for officers to be made from the floor; president to preside ex-officio at all committee meetings; a quorum of eight members needed for committee meetings; and chairmen of standing committees to be appointed by president for period of a year. The recommended changes were adopted by vote of the group. A motion carried to give a five-dollar prize to the room getting the most members in the coming membership drive.

After the business session, the high school students gave a number of square dances for those present at the meeting. The dances were called by Mr. Joe Birkenfeld. The meeting closed with the serving of doughnuts and coffee by Mrs. Joe Warren to the group.

By Jo Anne Heiman

What's new this week? Yours truly isn't going to write on anything in particular. It will just be a column of miscellaneous news of human interest.

One article of extreme interest is none other than the rare April showers. After almost six months, we are surprised and elated to hear some good refreshing rain run from our roofs. Just enough for a tempter, but we shall hope for more.

Are you going to or have you seen the Ice Vogues of 1950? This question was being asked round about during the past week. Through sheer luck I was able to see them. And what a delight! The gracefulness and beauty of the "Glamour Iceers", in addition to their skating ability, help make these Vogues a big success. The picturesque groups and individual scenes all add to make it very worth seeing. To my notion, the Viennese moods, featuring Donna Jean and Toney Le Mac, were especially outstanding. These moods consisted of very graceful waltzing on ice skates by eight couples who were garbed in pastel colors. The orchestra accompaniment gave it still more glamour.

Other good numbers in the program of events were the Speed Stylists featuring Donna Jean and Richard Hehl; Tip! Tap! Toe! featuring Lois Jean Baumann as a chic majorette; Ace-Antics starring Flip and Flop doing acrobatics on ice; Phantasy in Plastic, Three Little Kittens, Romance in Old Spain featuring Donna Jeanne as the lovely senorita and Tony Le Mac as the bold matador with the clicking of castanets and the strum of guitars; and Isle of Dreams with Charles and Lucille as the bridal party. They are wed under the swaying palms and gentle trade winds. Then there are lovely Hula maids in colorful grass skirts who enchant everyone. And the whole is climaxed in a spectrum of color produced by the magic of the lights and designing of costumes. The singing of James Oliver, master of

ceremonies, and Irene Sherrock make everyone feel it is really worth the time and money.

Another thing I would like to write about is the news that we heard Sunday which saddened us very much. It is the announcement that Father Boeckman himself made to us that he is to be transferred to a smaller parish because of his poor health. On May 7 Father Boeckman will read his last Mass as pastor in the New Church. Where he will be moved is not known to us at present, but we do hope it is not too far away. Our parish is sure to miss him here while he has been our pastor, the greatest of which was the great task he imposed upon himself when he undertook to build our lovely and long-awaited church. It will certainly stand as a memorial to him throughout many years that are to come.

Hailing from Ireland, by way of Argentina, is our present assistant pastor, Fr. George Buckley. His Irish brogue is quite enjoyable to us Texans. And those who know say that he can really speed away in Spanish after his fourteen years down in the Argentine. And

I hear he loves to play the pipe organ.

Another past event was the square dancing we saw Friday night by the high school group. The whole bunch of us arrived early, and while the members were holding their meeting, we enjoyed a half hour of dancing. Rhumba, waltz, jitterbug—we enjoyed it all until the meeting was over.

And I heard that it was Luke Acker and Ed Gerber who knocked home runs in the victory against Olton the other day. Good work, boys, and all you other fellows on the team. Keep up the good work.

Since my brain is emptied, my pencil is dull, my paper has run out, and I am tired, yours truly well be seeing you again next week.

OUR FAVORITE RECIPE

Superb Waffles
 2 cups sifted all-purpose flour
 1 teaspoon baking powder
 1/2 teaspoon baking soda
 1/4 teaspoon salt
 2 tablespoons sugar
 2 eggs, separated
 1 1/4 cups sour milk or buttermilk
 6 tablespoons melted shortening

Sift together flour, baking powder, baking soda, salt and sugar. Mixing the sugar in with the other dry ingredients is the trick that gives real crispness to waffles. Beat egg yolks until thick as mayonnaise. (Very important if you want a really light, delicate waffle.) Then stir the sour milk or buttermilk into the well-beaten egg yolks. Pour egg-milk mixture into the sifted dry ingredients and beat until the batter is smooth. Cool the melted shortening slightly, then stir it into the batter until well mixed. Beat egg whites until they are stiff enough to stand up in points. Then mix or fold the egg whites into the batter, mixing gently until all the patches of egg white disappear. Pour enough batter on waffle iron to make a full waffle when baked. (Here experience and manufacturer's directions must be your guide.) Number of waffles depends on size of iron.

Governor Shivers to Address Plains Farmers at Tulia

Soil Conservation leaders from the Runningwater Soil Conservation District have been invited to hear Gov. Allan Shivers at a special conservation observance in Tulia, May 19.

These include Bruce Fields, Happy Barber Eubanks, Dimmitt, Earl Cole, Hereford, Ray Axtell, Springlake, and Willis A. Hawkins Sr., Hart.

The Texas governor will make his address during a dinner observing Soil Conservation Week.

The dinner will begin at 8 o'clock in the new Tulia High School gymnasium. Women of the Swisher County Home Demonstration Council will serve. More than 500 guests are expected.

Fifty-one counties are represented in the observance. They are the counties which comprise Region I of the state soil conservation organization.

Tulia is also the site of the Region I awards program which will be held May 10. This is the program sponsored by the Fort Worth Press.

Governor Shivers is expected to fly into Amarillo the afternoon of May 19. He will be met there by a special reception committee from Tulia and an escort of Texas Highway Patrolmen.

Fred Wemple, chairman of the

Texas Highway Commission, from Midland, will introduce the governor.

Johnny Linn, known as Uncle Jay, will be master of ceremonies. Mr. Linn handles the early morning farm programs over Radio Station KGNC in Amarillo.

EDITH OLIVER CIRCLE

The Edith Oliver circle met with Mrs. Lilburn Arnold Monday April 9 for the monthly Bible study. Community missions were assigned by Mrs. Bob Mooney. Mrs. McLain presided over a short business meeting. Mrs. T. S. Buckmaster led a very interesting Bible study. Refreshments were served to Mesdames Alton McLain, Sam Long, R. E. Hendrick, Merton Powell, Frances Frazier, Bob Mooney, T. S. Buckmaster,

Double-Staffed Met Loaf

2 pounds ground beef
1 1/2 teaspoons salt
1/4 teaspoon pepper
1 small onion, chopped
1 tablespoon Worcestershire sauce
1 cup dry bread crumbs
2 beaten eggs
1/2 cup tomato juice
1 cup soft bread crumbs
1/2 teaspoon salt
1/2 teaspoon sage
1 tablespoon grated onion
1/4 cup melted fat or drippings
1 cup tomato juice

Thoroughly combine meat, seasonings, onion, Worcestershire sauce, the dry bread crumbs, eggs and 1/2 cup tomato juice. Place half meat mixture in greased 4 1/2 by 8 1/2-inch loaf pan. Make bread dressing by combining soft bread crumbs, salt, sage, onion and fat; spread the dressing over meat. Top with remaining meat mixture. Pour tomato juice over loaf. Bake in slow oven (300 F. for 1 1/2 hours. 6 to 8 servings.

Creamed Dried Beef and Peas

4 to 6 ounces dried beef
3 tablespoons lard or drippings
3 tablespoons enriched flour
2 cups milk
2 cups cooked or canned peas

Corn Fritters

1 1/2 cups flour
1 teaspoon baking powder
1/2 to 1 teaspoon salt
1 tablespoon melted fat
2 eggs, beaten
1/2 cup milk
2 cups whole kernel corn, canned or fresh cooked.

Sift flour and measure. Resift with baking powder and salt. Combine beaten eggs, milk and fat. Add all at once to flour mixture and stir only enough to mix ingredients. Fold in corn. Drop from a teaspoon into deep fat heated to 375 F. (hot enough to brown a five-eighth inch cube of day old bread in 30 seconds) and fry until golden brown on all sides. Drain on absorbent paper. Serve hot.

Sports Afield...

In my creel there are more articles than in a woman's handbag. They all have a practical purpose, though, and still leave me a little room in case I should catch a fish.

Here's what mine contains, in addition to whatever reels, lines, lures and leaders I am using on a particular trip: A very light-weight raincoat which is about as large as two folded handkerchiefs, a pair of long-nosed pliers with a wire-cutting device, a bit of ferule cement, a tiny screwdriver, a bit of cellulose tape, a quite small first-aid kit, a piece of cloth about two feet square, line dressing if fly fishing, some extra matches, a small piece of soap, spare hooks and split shot, a coil of line, a hone.

Most of these are safeguards against the occasional mishap that can ruin a fishing trip; the rest are practical aids for a day afield.

The minute weight of the raincoat is little price to pay for its comfort when a storm breaks, and it's also a good thing to slip into if the day suddenly turns cold. The pliers make a good disgorging, cut wire for leaders when ocean fishing, or the shanks and barbs off hooks when necessary.

Ferrules and tip guides are apt to work loose at the most inappropriate moments, hence the ferule cement (and the extra matches to heat it). The screwdriver keeps screws tight in the reels and saves the sharp blade of my pocket-knife. The cellulose tape comes in handy for temporary rod repairs and other uses.

The square piece of old cloth has several functions. Dampened, it can be used to wrap fish for carrying in the creel. It's useful for wiping the hands after handling messy bait. It makes an improvised net for catching hellgramites. The piece of soap, when rubbed over leaders that insist on floating when they shouldn't, sinks them—and sometimes it is nice to wash with.

With the extra hooks, line and sinkers in the form of split shot, and the other items mentioned, I can rig up a fishing outfit just in case I should forget or break my rod, or lose my rod and line.

The hone is important. No matter whether you are fishing with bait, artificial flies, plugs, spoons or saltwater equipment, you catch more fish with sharp hooks.

HAVE CHICKENPOX CHECKED

Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the nose and mouth and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours the skin breaks out in small raised rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop completes its course from rose-pink spot to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning—Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first signs of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient as smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed, from an attack of the disease.

which, for just a few dollars more, brings you all of Hudson's exclusive advantages.

Only Hudson, with America's lowest center of gravity, offers the security of "The New Step-Down Ride"

YOUR very first view of Hudson's free-flowing lines tells you that here, thanks to its recessed floor ("step-down" design), is the car with America's lowest center of gravity, yet with full road clearance and more head room than in any other car.

The low-built Hudson has a tenacious road-hugging stability and ease of control that helps prevent accidents... with the added protection of all-welded, steel-girder construction that encircles the entire passenger compartment.

What's more, Hudson alone provides

Triple-Safe Brakes... the finest hydraulic system with reserve mechanical brakes operating from the same pedal, plus finger-tip-release parking brake.

Behind the wheel you command an alert, high-compression, six- or eight-cylinder engine; and a Curved Full-View windshield and rear window provide unhampered vision.

Worley Makes Statement

TO THE PEOPLE OF THE EIGHTEENTH CONGRESSIONAL DISTRICT:

I wish I could write each and every one of you an individual letter but since that is impossible, I am taking this means, through the kindness of the editor of your paper, to extend to you my thanks for your excellent cooperation and for the most generous support you have accorded me in the past.

For nearly ten years I have been honored by election as your Representative to the United States Congress. No one could be prouder of that honor than I am now and have always been. You have been more than generous to me through the years and I have done my dead-level best to make you a good Congressman. I hope I have succeeded.

You have no idea how really proud I am of the people in my District. I would not trade my own District for any in the United States. As I turn to new fields of endeavor, I will carry with me the recollections of my always pleasant associations with you. I wish for each and every one of you the very best of everything for all the years to come.

Sincerely,
Gene Worley

Health Officer Cites Public Service of Texas Newspapers

Austin, Texas—A highly placed state official has given Texas newspapers a pat on the back.

State Health Officer Geo. W. Cox, veteran of more than 13 years as head of the State Department of Health, called the Texas press a "more potent force in mass public education," and said his department invariably turns in that direction as the first means of reaching the people with information on health subjects.

"Texas newspaper editors and reporters have consistently shown an awareness of public health problems and have given unstintingly of much valuable space to stories relating to public health," Cox said.

"I can define public health in three words—mass public education," the health official said. "Without newspaper cooperation, such education is literally an unobtainable ideal."

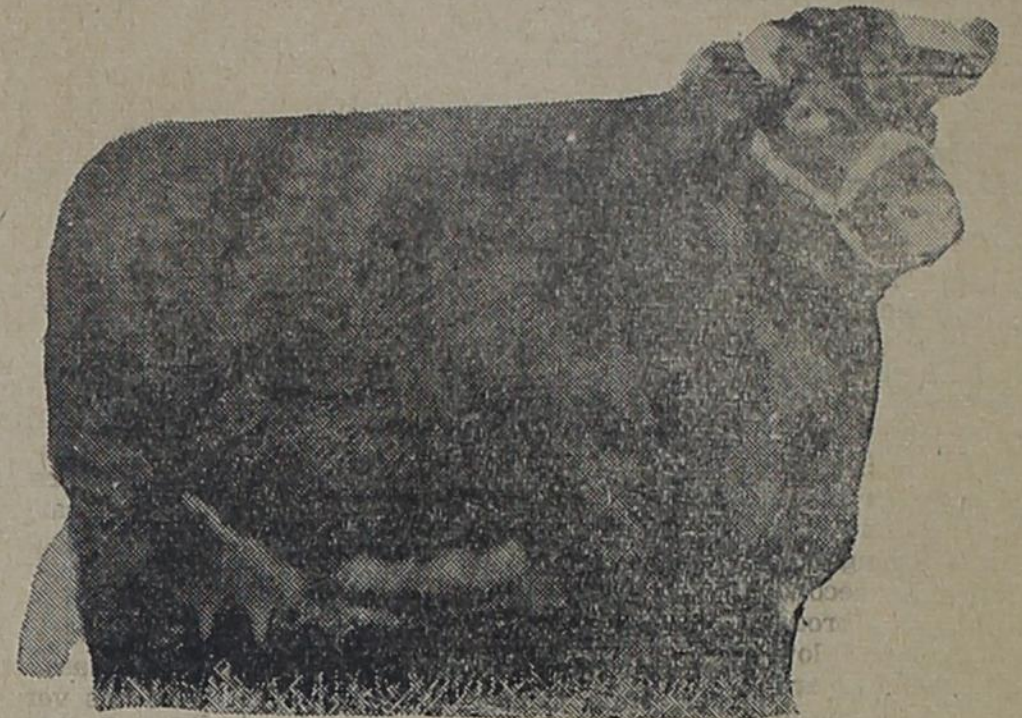

Pointing out the custom of rural people to read their local weekly or semi-weekly thoroughly, Cox said he was especially happy that these papers used state and local health department releases.

"It's one of the most valuable services a paper can render its readership, but then maybe I'm a bit prejudiced," he observed. Radio is an especially valuable outlet for information relating to

venereal diseases, Cox indicated, because of the availability of professionally prepared recordings on the subject. More than 100 Texas stations have used the recordings during the past year.

On the same theme, Dr. Cox said well over 600,000 persons have seen the Department produced motion picture short subject "What's the Disease?" in which syphilis is presented.

The Bobcat

We took the District Track Meet without too much trouble, but we'll have our hands full at the Regional Meet this week-end. There won't be any "maybe's" about it; it won't be a picnic.

Getting back to the District Meet, we racked up 83 points to Olton's 23½, Springlake's 15, and Hale Center's 9½ points.

Incidentally, the Springlake Wolverine track team was made up of one man—J. J. Barlow. He hitch-hiked over from Springlake, won second in the discus, second in the shot-put, first in the broad jump, third in the 200-yard low hurdles, and third in the 120-yard high hurdles. If Springlake would have brought over five or six men like him, it would have been a different picture.

Here are the details of the track meet as it came out in the Amarillo Daily News:

120-YARD HIGH HURDLES: Crum, Dimmitt; Wilkinson, Dimmitt; Barlow, Springlake; Lamb, Hale Center. Time: 15.1.

100-YARD DASH: Easley, Dimmitt; Hodges, Dimmitt; Maynard, Olton; Crum, Dimmitt. Time 10.3.

440-YARD DASH: Houtchens, Dimmitt; Dyer, Hale Center; Ricketts, Dimmitt; McGehee, Wayside. Time: 56.2.

200-YARD LOW HURDLES: Crum, Dimmitt; Wilkinson, Dimmitt; Barlow, Springlake; Alcorn, Olton. Time: 24.1.

440-YARD RELAY: Dimmitt (Houtchens, Ricketts, Hodges, Easley), Olton, Wayside. Time 47.3.

880-YARD DASH: Axe, Dimmitt; Smith, Hale Center; Mayne, Petersburg; Durham, Olton. Time: 2.22.

220-YARD DASH: Easley, Dimmitt; Dodd, Olton; Mayne, Petersburg; Dyer, Hale Center. Time: 22.9.

MILE RUN: Metcalf, Olton; Hughes, Kress; Behrends, Dimmitt; Payne, Wayside. Time: 5:22.8.

MILE RELAY: Dimmitt (Den-

nis, Leasure, Ricketts, Houtchens); Olton, Wayside. Time: 3:56.
POLE VAULT: Warren, Dimmitt; Howell, Dimmitt; Hamblin, Wayside. Height: 10 feet.

HIGH JUMP: Dennis, Dimmitt; three-way tie, Howell, Dimmitt, Ennis, Olton, and Franks, Olton. Height: 5 feet, 6 inches.

SHOT PUT: Mason, Kress; Barlow, Springlake; Leasure, Dimmitt; McGehee, Wayside. Distance: 38 feet, 9½ inches.

DISCUS: Nelson, Dimmitt; Barlow, Springlake; Leasure, Dimmitt; Easley, Dimmitt. Distance: 111 feet, 2½ inches.

BROAD JUMP: Barlow, Springlake; Houtchens, Dimmitt; tie for third-fourth: Everetts, Olton; Dyer, Hale Center. Distance: 17 feet, 5 inches.

Dimmitt turned in more first places than any other team in the Region, maybe with the exception of Farwell, who won their district about two weeks ago and of whom we have no statistics.

Our Junior Boys also won their district. Jesse Burch was also about a one-man point-getter, racking up 13½ points out of Dimmitt's 33½ points. The nearest score to them was Olton with 13½ points.

Don Nelson

Only One?

Sometimes we forget that we are only part of anything and that other people are also interested in doing things for themselves as well as the school. We all try to do our part but sometimes it can be over done. We shouldn't forget that by doing too much we might trample on other people and their rights. Let's all try and do our share but lets remember that there is another person—the little person. I am only one
 But still I am one,
 I cannot do everything,
 And because I cannot do everything
 I will not refuse to do the something that I can do.

Chapel Program

The Southern Assemblies presented the Slavonic Quartet in chapel Friday April 14, the first period. The program consisted of the Gayety and Color of the Slavonic countries in songs, Folk Dances, Gypsy Music and Comedy. After an interesting and entertaining assembly, all students returned to their classes.

Did You Know

A few of the high school boys have "burr" hair cuts?
 It is only six weeks until school is OUT?
 The senior play is Wednesday and Thursday nights?
 That Dimmitt will be represented in the Regional track meet?
 Springlake had a one-man track team?
 Pat Tate has a boomerang?
 The Junior-Senior Banquet is Saturday the 29th?
 The seniors may have to have a read-in part?
 Seviere's jeep is good for something besides carrying milk?
 Mr. Loyd broke his glasses?
 The clock in the hall doesn't have a glass in it anymore?
 Rae has very delicate feelings?
 That I didn't know that I was to write the "Did You Know" column until today?

Talk on Italy

Mrs. Herman Acker talked to both fourth grades last Wednesday, April twelfth. Mrs. Acker is a native Italian and formerly lived at Pompeii, Italy, six miles from the volcano, Vesuvius, the boys and girls have been studying the Mediterranean countries so they were eager listeners to her account of the eruption of the volcano in 1946. They enjoyed her descriptions of the country, crops, houses, birds, the people, and the system of education. She closed her talk, by singing three beautiful Italian songs, and writing a message to the children on the blackboard in Italian. The Fourth Graders and their teachers appreciate Mrs. Acker's making Italy so real to them and are looking forward to her return.
