VOL. 3

SUDAN, LAMB COUNTY, TEXAS, MARCH 9, 1928

NO. 37

## Poultry Marketing, Seed Treatment, Rickets, and Tubercular Testing

J. T. Hatch, manager of the Plains Poultry Association at Plainview, and Mr. M. S. Hudson, of Hale Center, will speak at Amherst the 12th, also at Sudan on the 20th, on the purposes and functions of this organization. This association will include six counties with Plainview a central point.

Mr. Hatch has had many years experience in the poultry business, and is an authority on marketing poultry products. Mr. Hudson has made a study of poultry marketing of organizations in a number of states, including Colorado, Utah and California. Come out and hear these people on one of the farmers' greatest problems. No doubt the distribution issue of the agricultural class will be given more thought in the future.

All seed grain should be treated for the fungous diseases. There are two recognized treatments for rust and smut in grain. The formaldehyde and copper carbonate methods have been used successfully, however the copper carbonate has some advantages over the former, as requiring less work, and not affecting the germination. The cost is only a few cents per bushel and the latter can be obtained at one of the local drug stores. Two or three ounces per bushel mixed in a barrel will give excellent results. It is well to treat in the fall, as it will prevent insect damage during the winter.

Give your live-stock a fifty-fifty chance, they cannot make an economical gain when the essential food elements are lacking. Not only will there be no profit, but the animals will be unthrifty, ravaged by constitutional and contagious diseases. The three essential requirements of a good ration are to be balanced with proper and sufficient protein; second, necessary vitamins to provide growth, and third, a liberal supply of minerals.

It is the season of year for baby chicks. Those concerned know the toll rickets (leg weakness) takes annually. So let the chicks get plenty of sunshine in addition to proper feeding and a liberal supply of fresh, pure water. In case of prolonged cloudy weather add one to two per cent of liver oil to the chick mash. This can be obtained at the local drug stores. Leg weakness is caused by improper skeleton development. The same trouble occurs with swine, especially brood sows, toward the close of the lactation period, when the ration has been deficient in minerals and vitamins. Take inventory of the feeding methods, checking leaks where profits may be getting away, leaving the enterprise unprofitable.

Dr. Lewis, State veterinarian from Fort Worth, will be here a few weeks testing dairy cattle for tuberculosis. The Federal and State governments are cooperating in this work. The test is done three years by the government free, when the herd is placed on the accredited list, making the owner responsible for further testing. Any one desiring this work should make application in the near future to the Sanitary Livestock Commission, Fort Worth, Texas. Applications may be obtained at the High School building.

M. S. Dep't of Agriculture.

## Baileyboro News

Since our last write up farming has begun in general. Numbers of our farmers are in full sway with their work, while a few, as usual, haven't begun yet. It does seem that they would wake up after a while and put up their land while they have lots of time and moisture. I know of a few that are done listing. Here's hoping that 1928 is a favorable year for the farmers, for they have certainly hit it hard in this county the past three years.

The B. Y. P. U. is still existing, but if more folks don't come and help out it won't last long. Probably the weather being so cold has kept many away, but let all who can, come and help out. You will help us and I think the work will help you.

The conquest campaign, which was held at Baileyboro Baptist church was a decided success. A good crowd and a fine dinner was enjoyed by a number of our folks, and quite a few folks from other places were here. Brother Britton, from Plainview, was the eloquent speaker and as usual gave a real spiritual feast. Every one went away feeling greatly benefitted I'm sure, and well paid for all they put into the day.

Mr. W. B. Lee was trading in Sudan last week.

Mr. Joe Barnett is ginning today. Some are still trying to get their bolls pulled, but on account of so much damp weather it is difficult to find a good day.

Grandma Harvey has been quite sick this week. Had to call Dr. Foote out one day. But at this writing she is improving.

The ball games that were played last week between Baileyboro and Rails, N. M., were good. Our boys were beaten in their game, but the girls came out victorious, 13 to 2 in favor of Baileyboro.

Mr. and Mrs. Coffman and children were visitors at the George Henderson home Sunday.

Brother Booth and children were over at Baileyboro Wednesday. He will fill his regular appointment here Saturday and Sunday, March the 10th and 11th. Come out Saturday. Important business to be attended to.

The Methodists held their regular quarterly conference at Longview last Sunday. Dinner was served to a large crowd, and Bro. Vick, of Muleshoe, preached two splendid sermons. Bro. Vick is an able minister, and Muleshoe and Bailey county should feel proud that they have such a man and try to keep him.

Mr. and Mrs. Jim Patterson were Sudan visitors last Tuesday.

Mr. and Mrs. Charlie Garth were visitors in their daughter's home, Mrs. Cecil Harvey, Sunday.

J. D. Bayless and wife visited in the home of Claude Coffman and wife Sunday.

The B. Y. P. U. was well attended the past Sunday night. More interest is being manifested.

Mr. George Blackshear erected a windmill for Mr. Upton recently. Am sure he will appreciate the fact that pumping water is a thing of the past. Pansy.

Miss Eva Mae Simpson, who has a position in Amarillo, spent the week end with her mother, Mrs. C. E. Yoakum and family.

## B. & B. Service Station Sold

A deal of considerable importance was made between Choe Blanchard and the Chevrolet Co. in which the latter took over the stock and fixtures of the B. & B. Service Station, and also its lease on the garage building. W. L. Koen, of Olton, purchased an interest in the Chevrolet Co., and will be associated with this firm in the future. The present location of the Chevrolet Company will be maintained, and both places will be operated under this company.

Mr. J. A. Hutto came to Sudan about 18 months ago and formed a partnership with J. C. Cooper and successfully operated under the name of Cooper-Hutto until the first of January this year, when Mr. Hutto bought out the interest of Mr. Cooper. The new firm is considered one of our most substantial businesses, and we are glad to see them spreading out.

## Phillips Buys Produce

A deal has been closed between C. H. Simmons of the Simmons Produce and T. L. Phillips, in which the former disposed of his interest in the produce business. Mr. Phillips, the new produce man, is a splendid young man and has had produce experience, has lived here for the past two years and is well and favorably known. He stated to a representative of this paper that he would operate the business to the interests of the producer and that it was his aim to pay the best price that the market would afford at all times.

## Freiley Coal Bins Moved

The coal yard operated by J. A. Freiley & Company which were located on Main street have been moved to lots purchased by the company west of the Chevrolet Company. New bins are being built and a supply of coal will be kept on hand for the convenience of the public.

Rev. D. B. Doak, Presiding Elder of this district, will preach and hold the 4th quarterly conference in Sudan Thursday evening.

## Newt Cantrell Announces For Commissioner

In this issue of the News will be seen the announcement of Mr. Newt Cantrell as a candidate for the office of commissioner of precinct 4.

Mr. Cantrell is one of our best citizens, whose interests are identified with those he offers to serve. He lives on his own farm five miles east of Sudan and three miles west of Amherst, has been a resident of the South Plains twelve years and several years of Lamb county. It was at the solicitation of a hundred or more of the good citizens of his precinct that he consented to make the race, which is good evidence that he is in every way qualified for the duties of the office. Mr. Cantrell has had considerable experience in road building, having served two years in Lynn county under one commissioner. In his own business affairs Mr. Cantrell has been quite successful, honest and upright, all of which will enter into the conscientious discharge of his official duties. Mr. Cantrell has made good for himself and can safely be trusted to make good for the people. Remember him on election day.

Barney Workman, of the Texas Utilities Co., located at Plainview, was transacting business in Sudan Friday.

Hubert Durham and Jack Burges, prominent real estate men of Amarillo, were in Sudan Tuesday, looking over the country.

Mr. and Mrs. V. Morrison, of the Hokus Pokus firm, were in Lubbock Tuesday.

Mrs. Guy Russell was called to Sayre, Okla., to be at the bedside of her son who was hurt in an automobile accident.

Ocie Callahan, of the Bula community, who was kicked by a mule some ten days ago, injuring his eye, is much improved.

Mr. and Mrs. Clyde E. Carter, of Bula, are the proud parents of a baby girl.

Mrs. J. O. Jones, of Muleshoe, was in Sudan Monday.

## Sheriff Irvin and Deputy Walraven Get Hijackers

Verily, "The way of the transgressor is hard." "The wicked fleeeth when no man pursueth," but in this case Sheriff Irvin was hot on the trail. He pulled off the "variety act" in great shape, and so far as we know everything is now quiet and peaceful on the Potomac. The drama was about as follows:

Early Sunday morning last two young men, one named Vivian and the other May, were held up three miles north of Amherst and robbed of \$216.00. Shortly after the crime "Red" Bennett and W. F. Owen were arrested and placed in the jail at Olton to answer for same.

One Mr. Bradley, hailing from Ada, Oklahoma, is now languishing in the jail at Plainview awaiting a "free ride" to Rusk, where he has a two-year job in payment for appropriating another man's car to his own use without the consent of the owner. The owner was O. G. Kramer, of Oklahoma City, who was in Plainview on business. In less than an hour after the car was taken Sheriff Irvin and Deputy Walraven captured Bradley and landed him back in Plainview. Court being in session at the time Bradley was tried, convicted and sentenced to two years in the penitentiary. For swift and efficient work this ought to take the cake for both court and officers.

Now this bunch doesn't seem to be any respecter of persons when it comes to the hold up game. According to the Lamb County Leader, four men were arrested in Littlefield Tuesday by Sheriff Len Irvin and Chief of Police Fred Hoover, in connection with the alleged hijacking of Lacy Hemphill and L. E. Hunt, negroes, living in Lubbock. Those arrested were G. L. Bullard, charged with robbery with firearms, and a counter charge of carrying a pistol and impersonating an officer; and C. R. Martin, R. A. Sharp and W. C. Bullard, each charged with robbery. They were taken to jail at Olton where they are being held pending the spring term of District court which convenes April 30.

All of which is pretty good work, and will convince people of the futility of violating the law. When people become convinced that they will be captured, tried and convicted for violating the law, crime will cease. It is not so much the severity of the penalty that prevents crime, it is the certainty of it.

Mr. and Mrs. B. R. Haney and Miss Hazel Carter were in Lubbock Sunday visiting friends.

One \$57.50, practically new, Automatic Incubator, a bargain at \$35.00. One used, single Row Emerson Lister, price \$35.00. One used No 5 two row P & O Lister, price \$70.00. One used 2 row Avery Lister, price \$85.00. One used No. 34 P & O Sod Planter, price \$55.00. One used John Deer Sod planter, price \$20.00. One used Moldboard Gang Plow with sod and old land bottoms, price \$25.00. — Sudan Mercantile Co.

James Courtney returned from Clovis, New Mexico, Sunday.

Tom Cobb made a business trip to Lubbock Tuesday.

## Ellis J. Foust Announces For Commissioner

In this issue of the Sudan News will be seen the announcement of Ellis J. Foust as a candidate for the office of County Commissioner of precinct 4. Although comparatively a young man Mr. Foust has had a wide experience in different lines of business, having been one of Lamb county's most prosperous farmers and is now one of Littlefield's prominent business men. One qualification, perhaps, that commends him above all others, is his efficiency in road building. There is nothing that will put a country to the fore, enhance its property and add to its general welfare more than good roads, and Mr. Foust is elected this feature of the work will be given special attention.

Mr. Foust has been solicited by many good people to offer for this office, recognizing these qualities as valuable assets in the discharge of its duties. Withal, Mr. Foust is a clever and affable gentleman, an agreeable associate, an duly appreciative for favors received. He promises that if elected he will give his best efforts to the duties of this office, and the News feels sure the interests of Lamb county would be in good hands.

## Bakery Under New Management

Clyde Florence, of Portales, N. M., recently purchased the bakery from Aubrey Cole, and promises our people the best in that line. Without doubt good bread is the most important part of one's diet, and to have this in a good home bakery is a thing to be appreciated. Let's eat more bread, and get it from the Home Bakery.

Mrs. C. E. Yoder and daughter, Miss Bonnie Faye, left for Levelland Monday where they will join Mr. Yoder, who has accepted a position with the Whaley Lumber Co. there.

Mrs. Baylor Triplet, of Texico, New Mexico, was a guest of Dr. and Mrs. G. A. Foote several days last week.

Miss Fay Foote spent the week in Sudan with her parents, Dr. and Mrs. G. A. Foote. She was accompanied back to her school at Lubbock by Mrs. Foote.

Mrs. H. M. Lyle and children and Mrs. Ves Terry spent Friday in Lubbock visiting and shopping.

Miss Clifford Shaffer, who is teaching at Spring Lake, spent the week end with her parents, Mr. and Mrs. R. H. Shaffer.

Mr. and Mrs. Joe Foster and Mr. and Mrs. L. C. Grissom were in Clovis, N. M., Sunday visiting with friends.

Mesdames J. C. Barron, A. E. Ketchum and Misses Bertha and Maurine Varen spent Tuesday in Clovis, N. Mex.

J. C. Barron and V. C. Nelson are transacting business in Fort Worth this week.

Postmaster L. E. Slate and son Crosby spent Tuesday in Lubbock, the latter having dental work done.

## To The Producers

We have promised to do our best to protect the interests of the poultry producers of this section, and to that end we intended to have a car here by Monday or Tuesday next for their shipping convenience, also to secure the highest possible price for their poultry. Our efforts in this direction in the past, as now, have been solely in behalf of the producer; to see, to the best of our ability, that he gets a square deal, believing that this is not only just and right, but that it would directly and indirectly rebound to the welfare of our people as a whole.

Since our previous announcement in regard to this matter, we learn that the Phillips Produce Company, of Sudan, is paying and will continue to pay the highest possible price for your poultry, hence we deem it wholly unnecessary for us to longer remain in the market. So bring your poultry in Monday and Tuesday and it will be taken care of and the best price paid the same as if we had remained in the market. The Phillips Produce Co. are clever and honorable people, and you can take them your poultry and get a square deal.

Thanking you for your cooperation in the past, and hoping that we have been of service to you, and promising you our best efforts for the future, we are, as ever,

Your Friend, H. H. WEIMHOLD.

### The Protein is Important In Feeding Chicks

Some of the protein feeds are skim milk, buttermilk, meat scrap and cottonseed meal. Of these protein feeds, probably skim milk and buttermilk are best for chick feeding. They contain proteins of good quality as well as vitamins and minerals. There is, however, a possibility of feeding too much animal protein. When excessive quantities of skim milk, buttermilk, or meat scrap have been fed, the chickens develop their sexual organs at an early age; the pullets have shown a tendency to lay before they were well grown, and the cockerels to grow large beefy combs.

Chicks normally grow rapidly and therefore require larger quantities of minerals than are found in the grain feeds. It is also true that grain feeds are slightly acid. For these reasons it is advisable to introduce additional minerals in the rations for chicks.

Bone meal, finely ground oyster shell, and salt should be used in various rations according to the deficiencies of the rations.

FOR SALE—S. C. Rhode Island Reds, richly-bred, Owen Farm Strain. Carefully selected for years, none but the best for breeding-stock. Eggs, \$1.50 per setting; \$6.00 per 100. Walnut-view Farm, R. L. Mays, Prop'r, 2 miles east of Amherst School Building.

**Toleration**

In barbarous societies there was little honest difference of opinion. Arguments were bloody and the truth was always on the side of the man with the largest club, the strongest arm, or the sharpest spear.

It is from these times that human beings inherit their intolerant spirit. The desire to choke or abuse verbally the man whose views do not coincide with our own is an expression of our peolythic natures.

A man can be called civilized only when he can stand a free play of ideas, when he can discuss without anger matters that are subject to controversy. The spirit of toleration was once well expressed by Voltaire, the great French scholar and philosopher, when he said: "I disagree with every word you say, but I will defend with my life your right to say it."

To be truly civilized we must be willing to tolerate expressions of honest opinion that differ from our own cherished views. We must cease to let arguments destroy friendship. And, we must, above all, suppress feeling of animosity towards editors whose published opinions are not entirely in accord with our own views, especially when those editors go off half-cocked without being familiar with the details and the circumstances of the subject matter in hand.---Lamb County Leader.

The doctrine of the "right of free speech" may sound very well to the casual mind, but it is only partly true, and easily misconstrued. The right of free speech depends on what that speech is and what it is about. No man has any more right to speak wrong than he has to act wrong, for one's words are frequently the parent of the overt act. "As a man thinketh, so is he." We all think wrong, speak wrong and act wrong, but are excusable in this regarding certain things, and only then as we are honest seekers of the truth and of the right. There are many things that will not admit of any question. If an anarchist or any

Powder 30c and 60c. Sold by

**H. G. Ramby Drug Store**

one else, should come preaching that it is right to assassinate President Coolidge, that might makes right, that it is right to hold up your fellow-man and rob and kill him, would you think he had any such right? Do you think that he should be allowed any such right, and what do you think of a man who would defend with his life any such right? We all know that it is wrong to commit murder, to steal, to lie, etc., which are self-evident truths and do not reasonably admit of any question, and the man who dares to preach a different doctrine and carries it into practice will wind up in limbo or the electric chair, and rightly so. When we gild a crime with words, when by our words we incite people to violence, to law violation, and turn them from the paths of rectitude, we become the vilest of criminals. We have prohibitory laws regarding the abuse of free speech, which should be enforced to the letter, for many may do with their mouths what a million armed men could never undo. "Words fitly spoken are like apples of gold in pictures of silver."

**House-to-House Peddlers  
Are Bother to Housewives**

With the heading "Protecting Your Interests" this community booster campaign advertisement points out the advantages and risks taken when trading with the traveling peddler.

Booneville merchants claim that records have been kept, and that the selling expenses of peddlers have, in the majority of cases, been far greater than those of the ordinary retail mer-

chants, thus making it impossible to offer the same goods, quality for quality, at a comparative price.

It is evident that there is a certain risk to the housewife when she lets an unknown canvasser into her home. She orders from samples, usually pays a deposit down, and the goods are delivered a week or two, or perhaps a month later--but she has no assurance that they will be delivered at all--nor, in the majority of cases, does she have any recourse if they are not satisfactory.

Your peddler may be a legitimate canvasser--or he may be the advance man for a band of burglars. There is no way of assuring yourself that you are turning away the fake and admitting the real peddler--so the safe thing to do is to turn them all away.

Remember the peddler is, as a rule, selling you once, on a time proposition. He does not hope to call on you again, and the bigger the profit he takes from you on his initial call the better he is satisfied.

There are advantages in buying at home. You know you are dealing with reliable firms, those who must depend upon you for your future business--and they will see that you are satisfied because they are interested in you and your future patronage.

On the other hand, the peddler takes your money and leaves Booneville. You have no opportunity to benefit from the reinvestment of your money.

The local merchant must pay clerks from Booneville people. He must pay taxes for the schools, and civic improvements

### ENOCHS NEWS

L. H. Bates, Editor

#### Cochran-Patterson

At the home of Mr. and Mrs. R. L. Patterson, of Cobleland, on Sunday, Feb. 26th, occurred the pretty wedding of their daughter, Mary, who was united in marriage to Mr. Murl L. Cochran.

The groom is well known in our community, being the youngest son of Mr. and Mrs. E. P. Cochran. They expect to make their home on their farm about six miles southwest of Enochs. The entire citizenry extend to them happy congratulations.

Those present were: Mr. and Mrs. E. P. Cochran, Mr. and Mrs. R. L. Patterson, Sam, Robert, and the Misses Ruth and Cecile Patterson, Mr. and Mrs. W. A. Snow, Mr. and Mrs. L. H. Bates, and a few friends of the family at Cobleland. Rev. Johnson, a Presbyterian of Lubbock, officiated.

#### Oscar Howell Dies

Mr. and Mrs. G. P. Howell's youngest son, Oscar, took seriously sick Saturday morning, Feb. 25th, and in spite of all that loving hands could do, the little fellow gradually weakened until early Wednesday morning, Feb. 29th, the thread of life was broken.

The writer was unable to secure an obituary, but Oscar was born near Idalou and at death was over 9 years old. He was interred in Littlefield cemetery Thursday evening.

At this writing, Rachel, the small daughter of Mr. and Mrs. G. P. Howell, is very low at the Lubbock sanitarium, having been taken there last Wednesday evening in a serious condition of bronchial pneumonia and kidney

# LUMBER

Interest and activity in building and construction work is increasing with the coming of Spring. The demand for quality lumbers and materials is already doubled over a month ago.

If you are contemplating building either now or in the Spring--let us stress the advantages of ordering now. You will get choicer materials--better service and save money if you let us buy for you at this time. Prices are bound to increase along with a shortage of labor and a congested market--ORDER NOW!

complication.

Mr. and Mrs. S. K. Dyer left for Salem, Oregon, last Wednesday evening after a stay of some six weeks here with Mrs. Dyer's father and mother, Mr. and Mrs. H. S. Bates, and brother, L. H. Bates. The latter and his mother drove the couple to Clovis, N. M., where they secured tickets to their destinations.

#### SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 50c. Sold by

# CLAIMS

versus

# FACTS

You hear all sorts of claims for tires: More mileage, more rubber, more comfort. Interesting---if true. But a man buying a tire wants Facts, not claims. There's one fact about tires which stands out so strongly it cannot be overlooked:

### More People Ride on Goodyear Tires Than on any Other Kind

Goodyear makes more tires every year than any other manufacturer.

Goodyear uses one-seventh of all the crude rubber produced annually on the earth---almost 50 per cent more than any other manufacturer.

Goodyear makes "The Worlds Greatest Tire"---the powerful, tractive, longwearing new-type All-Weather Tread, with its extra-durable, extra-elastic body of SUPERTWIST.

Goodyear Tires are backed by standard Goodyear Service---the kind that insures you all the mileage built into them at the factory--the kind of service we give you here.

Ours is the standard Goodyear service that has been approved by a hundred million tire-buyers.

Buy your Goodyear Tires from us. Get your tire service from us.

### THAT RAINY DAY.

An umbrella may do some people for a rainy day, but believe us, it won't stop that gnawing in your stomach. There is nothing that satisfies the "inner man" like a good fat bank roll--and in a bank, too, where you know it will be safe and at your service when the "rainy day" comes.

### First National Bank

#### WHAT'S DOING IN WEST TEXAS

Colorado—The Colorado Band has been named official band for the Broadway of America Highway Association.

Dublin—The Oil Belt District Convention of the West Texas Chamber of Commerce will convene here March 28.

Stratford—Farmers in the Stratford section, though specializing in wheat, are making remarkable profits in poultry and dairying.

Rankin—Rankin is in line for the 1930 district convention of the West Central section of the West Texas Chamber of Commerce.

Olney—A complete survey of Young county has been made under auspices of the local chamber of commerce and county agents.

Happy—A twenty-five room hotel building with space for four business houses, lobby, and coffee shop on the ground floor has been planned by local capital.

Pecos—A \$500,000 power plant, the largest in the Trans-Pecos region, is under construction here.

Breckenridge—A branch house known as the Oil Belt Flag & Decorating Company, has been opened in this city by the Amarillo Flag and Decorating Company.

Coleman—Leon Shield is again offering \$100 in gold to the first winner in the Annual My Home Town Contest of the WTCC.

Westbrook—Westbrook has just completed construction of a 20 room modern high school recently.

Snyder—Snyder won the 1929 West Central district convention of the West Texas Chamber of Commerce through its "Mockingbirds," eloquent plea of superintendent C. Wedgeworth, and large delegation.

Friona—The local chamber of commerce has provided a public dumping ground for the town.

Fort Worth—Saturday, March 10, is Texas Newspaper Men's day at the Fat Stock Show.

Sonora—Range conditions are reported good over this section. Goat shearing will begin at an early date.

Petersburg—A 20,000 bushel capacity grain elevator is to be built here.

#### MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 35c. Sold by

H. G. Ramby Drug Store

Guymon, Okla.—Guymon, Oklahoma, is the first "Sooner" State town to affiliate with the West Texas Chamber of Commerce.

Woodson—The first run of the Cisco and Northeastern railroad was celebrated in elaborate fashion here March 1.

Santa Anna—Dedication services for Santa Anna's new high school building have been held.

Huntsville—Manager Homer D. Wade will speak before an East Texas Chamber of Commerce regional meeting here March 23, inaugurating a policy of exchanging "pulpits" with officials of that body.

Blackwell—Practically all land in the Blackwell farming territory has been turned under and is ready for arrival of planting time.

Lometa—Lometa is among 79 Texas towns entitled to good fire records credits effective March 1.

#### Saunders-Miller

On Thursday night, February 23rd, W. F. Lynch and family were agreeably disturbed just as they were ready to retire for the night by Mr. Garland Saunders calling at the door and inquired whether or not he could get married at that place. On being informed that he could, he said I will go back to my car and bring her in. So he brought in Miss Alvie Miller, and produced a marriage license from Bailey county. Whereupon the two were quickly united in the holy bonds of matrimony by Rev. W. F. Lynch.

Young Mr. Saunder's father is a farmer living five miles west of Sudan, where the young couple will make their home for the present. Miss Miller is a sister to Tommy Durham's wife, who lives 1 1/2 miles west of Sudan.

Miss Odessa Collins, of Littlefield, is visiting her sister, Mrs. Elmer Loyd and family.

Miss Lula Mae Campbell is visiting her cousin, Mrs. Fred Stephens at Slaton this week.

Mr. and Mrs. C. L. McKinley and daughter, Frances, were in Lubbock Sunday visiting with Mr. McKinley's sister, Mrs. R. A. Kays.

Mr. and Mrs. Jordan, of the Fairview community, who recently moved here from Davidson, Okla., announced the birth of a boy on the 6th.

Mrs. J. A. Hutto and mother, Mrs. Bigham, were in Lubbock Saturday. Mrs. Hutto is having dental work done. Mrs. Bigham remained with her daughter for a few days.

### FOR SALE

A good Piano worth the money. Will sell cheap, rather than move back to Lubbock. Cash or terms to right party. Write,

### Barrier Bros

Lubbock, Texas

### Removal Notice!

We wish to announce to the people of this territory that we have moved our coal yard to our new location, just west of the Chevrolet Garage, and solicit a continuance of your coal business. We will endeavor at all times to keep a supply of good coal on hand and you can rest assured that we are here to give you the best service possible in this line. We are grateful for the liberal patronage given us during the past and to maintain this patronage we are preparing to do even better than we have in the past in rendering service with a good product.

### J. A. Freiley Coal Co.

Mrs. L. R. Wood made the round trip to Lubbock Tuesday.

Tom Cobb, who is connected with Cobb & Stephens' Department Store, and who has been managing the store at Brownfield, has taken charge of the store here.

Mr. and Mrs. E. Lam announce the birth of a baby boy, the first of last week.

E. B. Kelley, who has been employed in the Cobb & Stephens Department Store, left Tuesday for Arizona.

Mr. and Mrs. H. C. Holt and family have moved to the property recently vacated by the C. E. Yoder family.

A crowd was entering a leading photoplay theater in the Capital, and among the many I noticed two well-dressed middle-aged women who were accompanied by young girls in their teens, apparently daughters of the older women. Yet the title of the feature film was one suggesting a story filled with slime and smut.

Don't Brag. It is not vanity to tell of what one has given to charity if one doesn't brag about it. It sets a good example.
