SUDAN, LAMB COUNTY, TEXAS, THURSDAY, AUGUST 3, 1933

NUMBER 5

SENATOR DUGGAN ENTERS RACE FOR CONGRESS FROM NEW DISTRICT

Senator Arthur P. Duggan, of Littlefield, announced Wednesday of last week that he is a candidate for Congress from the new 19th Congressional district.

Mr. Duggan is now the senator from the 30th Senatorial district, of which Sudan and Lamb county are a part.

The new 19th Congressional district is one of the three districts created at the last session of the legislature. It comprises the southern portion of the old 18th Congressional district, which has been served so long and well by Congressman Marvin Jones.

There are 25 counties in the new 19th Congressional district. They are Lamb, Bailey, Hale, Floyd, Cochran, Hockley, Lub-

INTERESTED IN BETTER LAND VALUES.

In a letter to the Sudan News of date of July 29th, Senator Duggan says "Just now I am intensely interested in better land values and appraisals for our West Texas lands, in order that our farmers may be able to take advantage of the long time and low interest rate loans promised them by Congress, in order to save their homes."

bock, Crosby, Dickens, King, Haskell, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Gaines, Dawson, Borden, Scurry, Andrews, Martin, Howard and Mitchell.

Senator Duggan has spent his entire life in this section of (Continued on page four)

IMPORTANT SCHOOL MEETING, AUGUST 9.

State Superintendent L. A. Woods is sending a representative from the State Department of Education to Sudan next Wednesday afternoon, 2:00 P. M. August 9. This is an educational meeting of Lamb and Bailey counties. The purpose of this visit will be to explain the various provisions and the plan of operation of the Rural Aid Law which effects every school in these counties.

Mr. Woods urges every person interested in the public free schools of Texas to be present at that time. He is urging that the members of the County Board of Trustees, members of all local boards of Trustees, and the administrative officers of all the schools shall attend the meeting.

COL JACK IS BACK AT OLD STAND.

Well it is good to see our old friend Col. Jack Rowan back at his former post, Guy's Tire Supply, formerly, Highway Service Station. Jack is a 'sure enough' auctioneer; but that is not all, he can do well. As a service station attendant he is equipped with pep, speed and energy, which it takes to make a success of this job. We drove up to Guy's Tire Supply, the other evening, and out popped Jack with a rag in his hand, and before we could give orders for our needs, he had our windshield shining. The first time the windshield had been shined since Jack left, six months ago. Thanks, Jack for the good service.

Mr. and Mrs. A. W. Ormand and two daughters returned from Hamilton County Wednesday. Miss Rhoda who has been visiting there for the past few months returned home with them.

Charlie Rae Crawford, daughter of Mr. and Mrs. C. M. Crawford was bitten by a cat Sunday afternoon. It was thought that the cat was mad, and the head was sent to Austin, but it was found that the animal did not have Rabbits.

MODEL T FORD FOR SALE by F. H. Weimhold at News office.

SALEM RETURNS FROM MARKET; GIVES INFORMATION ABOUT PRICES.

Joe Salem returned from market the latter part of last week and in an interview with the Editor of the News gives out valuable information with regards to future prices on dry goods and shoes. Mr. Salem is optimistic over the future and believes we have reached the corner where depression ends. He is supporting the NRA one hundred percent, and believes all should fall in line.

The following information given by Mr. Salem should be of value to the buying public.

"I have just returned from market and while there, it was a great surprise to me to witness the tremendous increases in prices of commodities and especially dry goods and footwear. I am sure the buying public is not aware of the great upward price changes, and if I were to tell you that the wholesale prices on dry goods, and especially cotton goods in general today, are higher than retail prices, you would not believe it. I could hardly believe it myself, but this is the truth. In numerous instances we are selling goods as cheap and cheaper at retail than we could buy it for ourselves at wholesale.

"Wholesale prices have reached these levels and they are still going higher, as there will be a Surtax (representing high-wages for workers and shorter hours) and a cotton processing tax added on and that will still increase prices materially. So you can imagine what the dealers will have to get for their goods when we have to pay these higher prices ourselves.

"We have already made many price advances in our store. However, some merchandise is still sold at the old low price levels, but we will gradually have to increase our prices in line as we have to assume paying these advances ourselves. So right now is the time for people to buy as much merchandise as possible, or have need for, if they want to save. Although they will have to pay some advances already, it is nothing compared with what prices will reach a little later.

"Some may think this is outrageous, but personally I think it is for the best. Our President is putting forth his utmost in energy, influence and effort to start the wheels turning the opposite direction again, and to bring back prosperity for the benefit of everyone. To achieve success our support is needed and urged, and as patriots we should back his program to the extent of our ability," Mr. Salem stated.

LONGVIEW NEWS

Lester Beggs has been sick several weeks with typhoid fever, but is some better.

Mr. and Mrs. Leymon Carpenter attended the fifth Sunday singing at Enoch Sunday afternoon.

Miss Stella Withrow spent last week with her sister at Longview.

Mr. and Mrs. Frank Robinson spent Saturday night in Sudan attending the Baptist revival.

Mr. and Mrs. Foster Melton and children spent Sunday night with the latter's parents, Mr. and Mrs. E. S. Gee.

Mr. Lane's family visited in the Kile home Sunday.

Several of the Longview folks are attending the revival at Baileyboro.

Our Friendship Club met in the home of Mrs. N. C. Moore and a quilt was quilted for Mrs. Moore. Late in the afternoon refreshments were served.

Miss Flora Mae Testerman of Sudan and her brother, B. H. Testerman of Denton spent the week-end in Olton visiting friends.

B. H. Testerman and sister, Miss Flora were shopping in Plainview Monday.

Mr. A. E. Ketchum of Bovina was attending to business matters in Sudan Monday.

TEXAS RELIEF COMMITTEE APPOINTS P. E. BOESEN AS LAMB CO. CHAIRMAN

The vote of the people of Texas on the \$20,000,000 bond issue for relief work will determine whether or not Texas will continue to receive federal funds to promote employment. At present 1,270,000 Texans (one out of every five) are being fed wholly by federal funds.

An average of one million five hundred thousand dollars a month for the past five months has been sent to Texas by the National Government for relief work. If Texas shows that she is in need of relief by passing the \$20,000,000 bond issue, she will continue to receive relief money from the national government; but if the bond issue is not passed, the federal relief money will be cut off immediately.

Under the Constitution of Texas at present the legislature does not have the power to donate or contribute state funds for any purpose.

These bonds are to be sold so that the par value will reach the treasury of Texas. This money will be in reserve and can only be used when it is needed. If the people find that

TEXANS WILL PRESENT "AIDA" AT CHICAGO WORLD'S FAIR.

Native Texan singers and dancers have been rehearsing two years for their gigantic performance of "AIDA" at A Century of Progress—the Chicago World's Fair—on Texas Day, August 23, according to Mrs. John Wesley Graham of Houston, general music chairman of Texas and manager of the opera performance at the Fair.

Some 1,500 singers and dancers are busily engaged in rehearsal at Houston now, Mrs. Graham announces, under the direction of Vittorio Verse, conductor of the Metropolitan opera, who will conduct the Texas performance at the fair.

The Texas presentation of "Aida" will be one of the most spectacular ever staged. It will be given in Soldier field, on a huge outdoor stage, with a cast of more than 1,500 persons. Elephants, camels and horses will be there to add to the oriental splendor of the setting, and two train coaches full of negroes are coming up to play the parts of slaves. The opera will be sung in English with an ensemble of 500 singers, a ballet of 150, 250 soldiers in Egyptian uniforms, and an expected audience of 100,000, including more than 15,000 Texans who are going on forty trains for the occasion.

The cast will be composed entirely of Texans. Even the leading roles will be sung by persons who either were born, or have lived in Texas.

Mr. and Mrs. Grady Means left Wednesday morning for Mission Texas, where they will make their home. They have been working at the T. L. Means Dry Goods Store.

NRA CONTRACTS ARE BEING SIGNED BY BUSINESS MEN OF NATION TO SPEED NATIONAL RECOVERY PLAN

5,000,000 business men in the United States have received National Recovery Act contracts which are being signed and returned to the President. The business men are endorsing this part of Roosevelt's New Deal rapidly, in order that the President may continue without delay on his program.

Local meetings have been held and a large majority of the business men have already signed the contracts, and are now displaying Blue Eagles in conspicuous places in their businesses.

It is believed that everyone will sign the contracts during the next week or ten days.

they do not need relief work after the bond is passed, the legislature will not use the funds. At present when so many people are being employed by the relief bonds by the government, it would be fatal to not only keep the state from doing relief work, but to cut off the federal relief funds.

The voters of Texas will have the power in their hands August 26 to either create a larger fund for relief work, or cut off the relief money all together. The relief work contains not only the RFC work, but also the road building, river daming, swamp draining, and tree planting work.

P. E. Boesen was appointed as chairman of the Relief Bond Issue Steering Committee of Lamb county by the Texas Relief Bond Issue Steering Committee. An able man could not have been found for this position in Lamb county, as Mr. Boesen has had years of experience along this line.

At the Business Men's meeting Tuesday, Mr. Boesen appointed Rev. Sam A. Thomas as publicity chairman of the committee in Lamb county.

ONLY 27 COMMERCIAL FAILURES REPORTED IN TEXAS FOR JUNE.

Austin, July 26.—Only 27 commercial failures were reported in Texas reports to the University of Texas Bureau of Business Research from experts. There has been only one other month—November, 1928, when only 24 failures were reported—since May, 1920, when fewer failures were reported than in the month just past.

Liabilities totaled \$456,000, a substantial decline as compared with the total liabilities of \$1,044,000 reported by the 56 failures in May, and \$1,550,000 reported by the 59 bankruptcies in June a year ago.

No failures with liabilities of \$100,000 or more were reported.

LOCAL BOYS RETURN FROM FORT SILL.

Bernice Brothers, Joe Carter, Winifred Wells, and Forrest Weimhold returned Wednesday afternoon from Fort Sill, Oklahoma, where they have been in training for the past 30 days at the Citizens Military Training camp.

Joe Carter won a medal for being the outstanding trainee in Battery B. Winifred Wells and Forrest Weimhold were members of the camp orchestra. Bernice Brothers was a member of the gunners squad that won second place in the Battery.

Mrs. T. Fife and two sons are visiting at Teague and other points in Texas this week. Mr. Fife says, "batching is not what you call high class living, and so far as he is concerned he does not relish it." However, he does not especially mind it as long as the wife and children are enjoying their visit.

FREE PICTURE SHOW IN SUDAN MONDAY.

People visiting Sudan Monday (Trades Day,) August 7, will be given plenty of entertainment. The feature of the day is a free picture show which is being made possible by the Sudan business men.

Many of the local merchants are offering special prices on their reasonable merchandise, in order to induce the people to come to Sudan Trades Day. Read the ads in The News; so that you can systematize your shopping in order to see the free show.

SIXTY-FIVE ATTENDED BUSINESS LUNCHEON.

The largest attendance since the Business Men's club was organized was present at the luncheon Tuesday noon to hear the discussion of the National Relief Act, which will effect Sudan. An extra hour session was held after the luncheon at which time several speakers were heard.

The \$20,000,000.00 Texas Bond issue which will be voted on August 26 was also discussed and favored by those present. This bond issue will enable Texas to get more relief money from the national government.

A committee was appointed to explain the NRA to the business men, and solicit their signatures on the NRA contracts.

Tuesday night another meeting of the business men was held and the NRA was discussed more fully to the thirty men present. At the end of this meeting 75 percent of those present pledged their support to the NRA.

STATE COMMITTEE PASSES RESOLUTION TO REGULATE SCHOOLS

Two Years' College Work Required of Teachers in Rural Aid Schools; Degree for High School Teachers

The State Board of Education has passed a resolution which will require two years' college work for a teacher to be qualified to teach in a school receiving rural aid, according to M. A. Smith Supt. This information was given out by State Superintendent L. A. Woods, stating that the ruling will become effective for the school year 1934-35.

The State Committee on Classification and affiliation of High Schools has also set a new standard, according to the same report, and a college degree for all grade and high school teachers of four-year affiliated schools will be required of all new teachers coming into a school, and of all old teachers who go to another fully affiliated school. This will also become effective for the school year 1934-35.

These two new rulings are aimed at raising the standard of teachers in Texas schools.

"Not many years ago, we recall that almost any high school graduate could take teachers' examinations and get a certificate; then they were being offered in three grades. Much improvement has been made in requirements since that time, and for several years now college work has been required for the granting of teachers' certificates. We may accept the new ruling as a further step forward in the welfare of our public schools.

Rev. Sam A. Thomas transacted business in Tullia, the past week. Together with the family they visited several old acquaintances. Conditions in that part of the country are not so prosperous as here, he states.

Mr. and Mrs. C. A. Harris of Amarillo spent Sunday with Mr. and Mrs. J. A. Harris. Mrs. Harris accompanied them home for a short visit.

A PRESIDENT'S TIMELY WORDS OF WISDOM.

In President Roosevelt's remarks to the forest army there was a paragraph which ought to be tacked up where every citizen could keep his eye on it during the next year or so.

That paragraph reads as follows:

"Too much in recent years large numbers of our population have thought of success as an opportunity to gain money with the least possible work. It is time for each and every one of us to cast away self-destroying, national destroying efforts to get something for nothing to appreciate that satisfying rewards and safe rewards come only through honest work."

Here is one of those little observations to which all of us are ready to give lip service, but which we are not quite so ready to put into practice in daily life.

The stock market is boiling up toward the rim of the kettle these days, and a good part of its rise can be accounted for solely by the desire to get something for nothing. The man who bought Amalgamated Clothespins at 13 last winter and sold out yesterday at 98 may be a smart fish, but he has enrolled himself among the something-for-nothing boys and any recovery that takes place will come in spite of him and not because of him.

For that man is symptom of a national disease; a disease that came upon us most virulently during the gay twenties and which has had us flat on our backs for the last four years.

In the old days the country's admiration went to its builders, its doers, its men who got things done and made it possible for their fellows to get things done.

The railroad builders, the steel builders, the auto magnates and their brethren may have been guided by some cloudy ethics now and then and they gave the country a definite return for their wealth.

A decade ago we started shifting our admiration to the clever lads who put up their booths at the cross-roads and levied toll on passing commerce; the men who made their fortunes by juggling stocks, who got rich not because they produced something we needed but because they got in on the ground floor and let the elevator carry them up.

Unless we can turn our admiration back to the builders instead of the takers, the recovery which is now in progress will do us precious little good.

M. E. CHURCH

Since the closing of our revival it is evident that a greater interest is being manifested in church work. New members are being added to the church each Sunday. The Young People's Work is taking on new interests. We appreciate your attendance at all services.

For the last few weeks we have suspended our Choir practice on account of the continued religious services being held. Next Wednesday evening 8:30, (Aug. 9) we invite all those interested in singing to be present for our regular choir practice. We have lots of new music which you will appreciate. We urge you to come.

Subject Sunday morning "Pay Your Vows."

No evening service. Sunday School 10:00 A. M. All Leagues meet 7:45 P. M. W. M. S. Circle No 1, 3:30. Choir practice Wednesday, 8:30 P. M.

As is customary with churches, we will not hold our regular Sunday evening worship services. Let's all attend the Baptist Revival and do our best to lead souls to Christ.

Let's make next Sunday a Banner Day in attendance at our respective churches, both for Sunday School and Worship services. One hour of real worship will inspire us and help us to overcome the trials of the week. Sam A. Thomas, pasor

STERN REMEDY NEEDED FOR KIDNAPPING.

No society in which kidnaping for ransom becomes as common a racket as it has become in the United States recently is offering its citizens anything very substantial in the way of security.

No crime emphasizes the helplessness of a community as does kidnaping. There will always be human passions that will result in murder, there will always be desperate men who commit robbery, there will always be weak men who commit forgery and defalcation, there will always be gamblers and panders and confidence men. The most society can hope to do is keep such crimes at a minimum.

But kidnaping is different. It cannot be an organized racket unless the society in which it thrives has demonstrated its utter inability to protect the lives and persons of its citizens. Its appearance is the gravest symptom that the machinery of law enforcement can display.

Today we have just about reached a point at which we must discuss some extremely revolutionary revision of our whole system of law enforce-

ment. Police methods could not be more disorganized than they are now. From New York down to the smallest hamlet, each police force is entirely independent. There are 48 states, each with a separate jurisdiction. The powers of the federal government to coordinate and direct the war on crime are very limited. The cards are stacked in favor of the racketeer. He could not ask for a better set-up.

The editor of the Daily Post-Tribune of La Salle, Ill., recently suggested to President Roosevelt that changes be made in the law so that federal agents could take a hand in all kidnaping cases, and not just in those where the victim is transported over a state line. This is an excellent proposal, but it may be that we need to go even farther than that.

It may be that we need to follow Attorney General Cummings in his scheme for a nation-wide federal police force. It may be that we need to surrender our old fondness for local independence and make every cop in the land part of a great, centralized organization, just as we have already put our national guard under federal authority.

It is perfectly obvious that we have got to do something. The kidnapers could not operate as they have been operating if the existing machinery had not proved its utter inadequacy.

THINK ON THESE THINGS (By the Parson)

How long, oh how long! will the business men of Sudan wait for an opportunity to get new business concerns in our city. It is evident that Sudan will experience the longest run of fall trade in its history. The cotton money will lengthen the fall run for several weeks. Hundreds of dollars will go to other towns because we let our sister cities get the New Business Concerns that ought to be established here. There are fifteen or twenty gins in this immediate territory. With a number of gins near by we ought to make a desperate pull to get a cotton compress. It will give work to a number of men who need the money to support their families. An Oil Mill would furnish enough work Twenty gins will furnish enough cotton seed to run a large mill. It will give us the advantage of a higher price for cotton seed and a lower price for hulls and meal. Lets get together and put this proposition over.

There are several new concerns which would help the people in general. We owe it to the community to get them the best possible market for their farm products. Men let's get together and send a man to make a deal with the large companies.

The crowds coming to Sudan are increasing in numbers as the fall business increases. It is self-evident that the property owners ought to extend the sidewalks to the curb. This added space will make it possible to accommodate much larger crowds with out the crowding and pushing that is now necessary in order to get down the street. It will also add to the beauty of the town.

How about instituting a system of parking along the streets that will give more room for driving and less danger for the pedestrian? Parking parallel with the curb will get the job done.

If the merchants of Sudan will carry a full stock and advertise their prices it will save the community hundreds of dollars that the Mail-Order Houses get. Our prices are in line (and many times much lower) than those offered by out-of-town concerns. Mail-Order-Houses, have built up a tremendous trade through the sole means of advertising. They take money out of the community, which, if spent at home, would add materially to the growth and progress of the community. The Sudan News is your best medium of advertising. It will carry your message into approximately one thousand homes, in your immediate trade territory. Try an ad in the News for quick results!

Our President is doing his best to bring about a wave of prosperity, but in order to do this he will need the co-operation of every individual. The Blue Eagle (some say is the Sign of the Beast) should be displayed in every place of business. Any place you hold in the community is an opportunity for you to show your patriotism. Your influence may not be as great as others, but our humble position, if aligned with the program of our President, will help to promote the Wave of Prosperity. We did our "Bit" in helping to win the World War. Lets do our bit in fighting the battle against poverty and distress. If every merchant in Sudan will conform to the plan of the Blue Eagle and cut the working hours it will

mean that at least one more man will be given a place to work. This means that the money is not wasted or thrown away. Nearly every dollars paid these extra men (or women) will be spent right here in Sudan for clothes and food. If we follow this plan it will mean that from twenty to forty men will be given work. This will take care of many unemployed men. Men, let's help promote this plan of our President. It will bring a feeling of relief to those who have been in destitute circumstances. It will encourage those who have almost despaired. It will bring peace, happiness and contentment into the homes of our community. Let's be patriotic and do our bit.

The War on Depression

Without a doubt we are living in the most interesting period of the World's history—the time when many interesting experiments in government in which an effort is being made to protect the masses against the greed of those who have well nigh wrecked civilization itself.

It might be well to say that while these programs are supposed to be temporary, that many features of governmental dictation will remain a part of activities for the future and will be permanent.

Yet, nothing will ever take the place of personal initiative, and when the inequalities of our system have been destroyed by a more aggressive government, the reward of industry and careful thinking will be more profitable than ever.

We were able to withstand the depression by conservation of foods—by canning of home produced meats and vegetables, by protecting ourselves against want and privation. This should not be forgotten, and we should realize that it will be as profitable in the future as in the immediate past.

Those who conserve their resources and are thrifty, and who apply the same principles that have enabled us to live during the last few years, will reap the greater profit from the "New Deal." The government cannot long help those who will not help themselves.

**FIRST IN CLASS NO 2
 WARD ROBE DEMONS.**

Ward Robe Demonstration for Year 1932-1933, Blue Bonnett H. D. Club

—Mrs. W. P. Davis—

I didn't know I was to be ward robe demonstrator for our club until after the first of the year. Therefore, I was behind with this work. I went to work making up for lost time. First, there was not very much money for clothing and the entire family were low on clothes. Taking an inventory proved to be a real task, but each child that was old enough did its part all the way through in the way of making an inventory, planning as well as sewing and buying a few of their things. I had made over a lot of things, alter a few, and made several trips to the lovely scrap bag and this is the most interesting part of the work. I never hand down a garment from one child to another without first making it over, putting new collars, cuffs and buttons making it look all together different. Made little boys summer underwear for every day wear from bleached 100 pound flour sacks. They also needed bathing suits. So I got out some old white cotton jersey suiting that had been on hand for a number of years. Cut out one piece bathing suits dyed them a pretty color and embroidered a pretty little design in front of each suit and when completed they were very pretty. And from the scrap bag came bonnets, aprons, three shirts for a 2 1-2 year old boy. Handkerchiefs for school children and bags for the closet. Also made small trousers from men's pants that had been put aside since the first of August I have made 115 new garments. Made over 17, altered several and sewed on lots of missing buttons. When Mrs. Dora Barnes visited me February 6th. she told me I would have to remodel my closet and make it more convenient for the small children. Our closet is 6x2 1-2 feet with the flue (or chimney) in one end with an opening underneath. The closet has two doors and a petition in it making it dark. One closet was "fixed up" last year and only needed very little done on it. I was always afraid to open the other door, for I did not really know what would fall out. The day the partition was removed there were 23 nails in this closet, with one pair of shoes, one hot water bottle, 3 caps, 2 old coats, 3 dresses, 17 suits of underwear and pajamas and two boxes where the babies clothes were kept. We removed the partition put in a piece of gas pipe for a rod. This is under a shelf. Added three shelves all of these are removable for clothing. Made the closet mouse proof, used a light paper for the walls as I wanted it to appear lighter also used light colored paint and made two shoe racks. made from a fruit box. also added six hat racks. We needed shoe trees so I made them from old corset staves. These were enamled with paper balls fastened to each end. Added a mirror to the door with a tie rack beneath it for the little men of our family. The tie rack is hand made from soft pine. The boys also have part of the close space for their own use with a shelf for their hats and caps and a rod to hang their clothes on. My husband did not know where to find his shaving mug or razor stop or flash light and he is mighty proud of this. Next was to paint hangers and make a garment bag for our best clothes. Now the baby was left out There was an old trunk at the shack that had been a catch all. I put new hinges on it and put a partition in it, papered it and added a piece of an old broom handle for a clothes rod. Painted it and hangers light blue and made a bag with pockets similar to a shoe bag and fastened to the lid or top. This is for her soap, talcum, wash rag, towels, shoes and hose. The out side was padded and covered with cretone. I also made a brick pin cushion to use in the machine drawers. Made several things to make my sewing more convenient. The total cost for the closet and window seat is as follows: Cretone 68c, hinges 10c, paint 25c, crepe pa-

per 5c, tacks 5c. The lumber for the shelves was picked up around the place. I did not get all the things I really wanted for my family. But I feel I have done my best under financial circumstances. Have surely enjoyed my work and hope I have not been too much of a disappointment to our good home demonstration agent, who has been so much help to our club and to me. I now have a place for everything and everything in its place.

FRIENDSHIP NEWS

The reorganization of the Senior Sunday School at Friendship recently has caused a great improvement. Auda Faye Thompson was elected secretary and Jimmie DeLoach, reporter. Mrs. Bowling, our teacher appointed the following committees: Social Committee—Lurlene Harvey, Edith Gann. Sick Committee—Alvin Ray, Grover Crain, Alta Mae Hicks.

We are extending a hearty welcome to all the young people to join our class or come for a visit.

The meeting of the Church of Christ began Monday night at Friendship with a very good audience present. Everyone is invited to attend and help make this meeting a success.

A HERALD OF BETTER TIMES.

An editorial in "The Rail," a magazine published by the Chesapeake & Ohio and Pere Marquette railway companies, points out that however much anti-inflationists may discount the current upward trend of prices, there remains the very solid fact that freight car loadings are steadily increasing.

"Generally speaking," remarks his magazine, "when a freight car is loaded it means that someone has been put to work to make an article that someone else has purchased. and the article has been shipped. All down the line it means that the wheels of industry are turning with increasing tempo."

True enough. There are few better signs on the horizon today than those displayed in the car loading figures. If the rail roads are getting busier, all of us are going to be busier along with them.

SENATOR DUGGAN EN-TERS RACE FOR CONGRESS FROM NEW DIST.

(Continued from page one) Texas; has given liberally of his time in the development of West Texas; enjoys the respect and confidence of the people of West Texas, and has made an excellent record as state senator.

Mr. Duggan's announcement of his candidacy for congressman from the new 19th Congressional district is typical of his zeal in the interests of this section of the state.

"I shall not expect to make a lot of speeches, sent out to the people at government expense, but I do expect to do a lot of hard work on the floor, in committees, and before departments, getting for the people of this district the things to which they are by right entitled," declared Mr. Duggan.

Discussing Mr. Roosevelt's program for general improved conditions, Mr. Duggan said:

"It would be my plan to support him whole heartedly in his efforts to return to normal conditions, to raise the price of farm products, and cut the cost of government. Taxes are still entirely too high."

Mr. Duggan's Announcement
In announcing as a candidate for Congress, Mr. Duggan issued the following statement:

"Having spent my life in this section of Texas I feel that I know its needs as well as any man could. In going to Congress I shall have but one desire and that is to serve. My work in the State Senate is an indication of the character of work I will do as a congressman. I shall not expect to make a lot of speeches, sent out to the people at government expense, but I do expect to do a lot of hard work on the floor, in committees and before departments getting for the people of this district the things to which they are by right entitled. Beautiful speeches are nice to listen to on the fourth of July or on memorial occasions, but they do not take the place of hard work in the Legislature or Congress any more than they would in the cotton patch. My value to the people of this district is due to my desire and ability to get on the job and stay there until results are obtained.

"The homes of our people constitute the foundation on which the safety and security of our government rests. They form the basis for civilization itself. In my judgment it is more important for the government to save the homes of this nation than the big corporations. We know that untold millions of dollars of our tax money are going to protect and save big business. The recent Congress passed laws we are told, to save our homes. The administration of these laws as well as the \$200,000,000 'Commissioners Loan Fund were plac-

ced with the Federal Land Bank. Through low values and appraisals placed on the lands of West Texas by the Federal Land Bank appraisers the purposes of the law are being defeated. The long time and low interest rates promised the people, through such loans, are being denied them because the amounts of loans offered are not sufficient to cover existing encumbrances. Unless this can be changed, and a square deal given our people, there will be many foreclosures soon and many homes lost.

"I have personally been to see the officials of the Federal Land Bank at Houston recently and have made a trip all the way to Washington protesting the unfairness being done our people and asking for justice. I am going to stay on this job as a citizen and a Legislator until we get recognition.

"An example of the present situation is this:

"The Federal Department of Agriculture is now paying the farmers of Lamb county \$17 per acre lease for plowing up cotton, based on an average yield of 239 pounds of lint cotton over a period of five years. The Federal Land Bank appraisers value the same lands at from \$20 to \$25 per acre and recommend loans of only \$10 to \$12.50. Down in the black land sections of the state the average lease being paid is from \$9 to \$11 per acre based on from 132 pounds to 159 pounds of lint cotton per acre, and the same appraisers value the black lands at \$105 per acre and loan them \$50. We, out in West Texas, produce more cotton per acre and get less money, but the old prejudice against West Texas exists and we are not getting a square deal. That is just one thing I desire to work for.

"At the proper time I will announce a definite platform.

"This will include a land grant from the United States for the Texas Technological College.

"At this time it is sufficient to say that I am in hearty accord with President Roosevelt's program. It would be my plan to support him whole heartedly in his efforts to return normal conditions, to raise the price of farm products and cut costs of government. Taxes are still entirely too high.

"In the race for the State Senate last year, my merits and demerits, were pretty thoroughly discussed. The voters of this district know me and the things I stand for. My race will be free of mudslinging as it was last year. I appreciate clean living and clean politics and expect to so conduct myself.

"As a Congressman I would dedicate myself to the service of Texas and particularly West Texas, and know that no man could or would work harder than I for a square deal for our people.

"Your Vote and influence earnestly solicited."
