NUMBER 223

## PEONAGE CHARGES HAVE BEEN FILED

ONE ARREST ALREADY MADE AT AUSTIN AND OTHERS MAY FOLLOW SHORTLY.

## GOVERNMENT IS ACTIVE

State Convict Farms May Be Drawn into the Investigation, Says Report.

Texas News Service Special. Austin, Tex., Jan. 29.—Joseph William Woods, a justice of the peace in Burleson County, was arrested yesterday charged with conspiracy to hold Ward W. Fuller in peonage. Woods was arrested following a complaint filed by Government Agent J. W. Vann United States Commissioner James H. Hart, after several months investigation by the select service men. The investigation was kept from publicity. Woods' bond was fixed at three thousand dollars. Others are charged of conspiring with Woods but their names are withheld as the arrests are not yet made. Woods' hearing is set for Monday. Thirty or more negroes and white men who have been assembling at the federal building within the past few days have given rise to the belief that they are here to give the federal grand jury evidence of severe treatment in the state convict camps and perhaps lay bare some cases of peonage. It is claimed that the witnesses expect to tell of horrible punishment meted out by the guards, even unto death, and it is claimed that it will be shown that the convicts were in many instances retained after their sentences had expired or that they were not permitted a fair trial as guaranteed by the federal constitution, for which reason the government is thought to be probing the affair.

## FROM IOWA PARK.

Happenings of Current Week in That Neighborhood.

Iowa Park, Tex., Jan. 29.—The Order of the Eastern Star was recently organized here by Mrs. McComant of Aspermont, district deputy. The 1908 Literary Club met with Mrs. J. M. Spoonst Wednesday afternoon. Mrs. T. W. Parker was elected secretary. Mrs. Conkling having resigned. Their next meeting will be with Mrs. Robert Abernathy, on Feb. 3rd. This club has not only been a source of pleasure and benefit to its members but is contributing much to the general culture of the community. The remains of Mrs. Ada Shaw were brought here Thursday from New Mexico and buried at Clara. Mrs. Shaw was the daughter of J. B. Evans. The Commercial Club is very active now. A campaign for membership is being systematically made. A house belonging to the club has been moved into the Park and will be used as a home for the club. Hy O. Young has been employed to give part of his time as secretary. Hines & Young, Overby & Troutman, J. M. Spoonst and the Park Improvement Company have all made improvements in their business houses recently. Much interest has been aroused in the oil and gas possibilities of this community. A company has been organized composed of local people and it is expected that work will begin soon on a well. Oil men from New York and Pennsylvania have been here recently. Hame, Younger, who has been suffering with appendicitis, is better. Miss Johnnie Arzold is quite sick with pneumonia. Her mother who lives in Wichita Falls, is in attendance. Mr. and Mrs. B. N. Ferguson, living southwest of town, celebrated their golden wedding Saturday. Their children were present—W. B. Ferguson of Fort Worth, Mrs. J. D. Michie of Childress, Mrs. D. E. Hooks and Mrs. Frank Boyd, and also five grandchildren. N. S. Vassar of Chico, has purchased the barber shop formerly owned by John Bonnamaker, and has taken charge. He expects to move his family soon. Through the efforts of the Mothers' Club trees have been planted in the school yard. We hope to have water works before summer.

## NINE HUNDRED QUALIFY AS MUNICIPAL VOTERS

Eight hundred and sixty poll tax receipts and thirty-four exemptions had been taken out at the office of the city tax collector up to ten o'clock this morning and the desired total of 1200 is still about 300 off. At the rate they are being paid today, however, it is believed this figure will be reached by the time the office closes on Monday night. After today but one day will remain for poll taxes to be paid and indications point to a heavy rush Monday.

The county tax collector's office was crowded today with taxpayers and the final rush is now on. There is little doubt that the county poll tax payments and exemptions will reach the two thousand mark by Monday night. Monday is the last day.

## FIRE AT HOWE.

Twenty Thousand Dollar Loss in Gray County. Sherman, Tex., Jan. 29.—Fire at Howe, fifteen miles south of here, early this morning caused a loss of twenty thousand dollars in the business district. Six business houses, four of frame and two of brick, were destroyed. The fire originated in the Hanning building, but the cause is unknown. The heaviest losers are the T. B. Odum Hardware Company, \$4,500; Goodjohn and Company, dry goods, \$4,000; Postoffice, \$800, and McCoy and McCoy, \$2,000.

## DEFUNCT BANK SUED.

El Paso Banks Try To Recover Sums Due Them. Texas News Service Special. El Paso, Jan. 29.—A second suit has been filed against the United States Banking Company of Mexico City. The Rio Grande Valley Bank and Trust Co. today sued the institution for \$500 and the First National Bank sued for four thousand Thursday. In both instances the money of the Mexican Bank in the American National in El Paso was garnished.

## \$50,000 IS SENT.

Massachusetts Responds to Paris Call For Aid. By Associated Press. Boston, Jan. 29.—The people of Massachusetts today sent a preliminary contribution of fifty thousand dollars to the Paris flood sufferers.

## MOVING PICTURE FIRE QUICKLY EXTINGUISHED

Strong pressure, prompt telephone service and quick action by the fire department, prevented what would probably have been a dangerous fire at 8:10 last evening at 715 Ohio avenue, in the building occupied by a moving picture show. The fire caught when the film in the machine broke, the operator, in his efforts to extinguish it, throwing it into a pile of other films, all of which ignited and started the blaze. The house was well filled at the time and for a while it looked like someone would be hurt in the rush to get out, but the cool heads in the crowd prevented any injuries. The alarm was quickly turned in and inside of ten minutes, the fire was out, though it looked threatening for a time. The pressure was all that could have been desired and enabled the department to make quick work of the fire. The loss is less than one hundred dollars, with no insurance.

## HASKELL IS ACCUSED.

is Charged With Mishandling of Oklahoma Funds. By Associated Press. Guthrie, Jan. 29.—Representative Harris a republican, filed an affidavit with the legislature today charging that Governor Haskell "mismanaged" public funds under his control in whole or part and willfully and designly authorized the misappropriation of funds. Other state officers were also accused.

## PATENT HAY PRESS MAY BE MANUFACTURED HERE

A two hundred thousand dollar company is to be organized here shortly for the manufacture of a patent hay press and a proposition for the establishment of the company is now pending before the Chamber of Commerce. Some Stamford parties are back of the proposed company and it had been intended to build the plant in that city, but for sufficient reasons, this city is considered more desirable for the plant. The promoters have agreed to put up seventy-five thousand dollars and their patent has been given a valuation of one hundred thousand dollars by the state making a total capitalization of one hundred and seventy-five thousand. If the citizens of Wichita Falls will subscribe for the remaining twenty-five thousand dollars in stock and donate a site, the plant will be built here. The matter will be acted upon by the directors of the Chamber of Commerce at their next meeting and if the proposition is considered feasible, the plant will be built here.

## ARRESTS CHINAMAN.

is Believed To Be Wanted In Portland For Embezzlement. Texas News Service Special. Fort Worth, Jan. 29.—Detective Connelly today captured a Chinaman in a Main street restaurant whom he believes is wanted in Portland, Oregon, on a charge of embezzling eight thousand dollars there. Connelly noticed a strong resemblance between the Oriental he captured and the photo of the one sought. A reward of one thousand dollars is out for the capture of the right Chinaman.

## STEEL IS ORDERED FOR HOLLIS LINE

WORK TO START ON NORTHWESTERN EXTENSION OUT OF ALTUS, OKLAHOMA.

## IS TO STOP AT HOLLIS

Wellington's Bonus is Still Lacking and Road May Not Go to That City.

Frank Kell, vice president and general manager of the Wichita Falls and Northwestern, returned this morning from St. Louis, where he attended to a number of matters in connection with the extension to Hollis out of Altus. While in St. Louis Mr. Kell placed orders for the steel, ties and other material for the construction of the extension and as soon as it arrives active work can be put under way. Wellington has not yet come forward with her share of the subscriptions for the road and it is still doubtful whether the line will be built to that city or not. Altus, Hollis and Duke have all signed contracts for the construction of the road. Wellington has raised thirty-nine thousand dollars for the bonus and right of way, but the additional sum needed for further right of way and terminals is not yet available. A plan is under way to have forty men guarantee equal shares of the small sum remaining to be subscribed and this plan may get the road for Wellington. The country to be traversed by the extension includes some of the richest and most fertile land in Western Oklahoma and it means a substantial addition to Wichita Falls trade territory. A great deal of alfalfa is raised in that section and it is beginning to be a great wheat country, as well. While in St. Louis, Mr. Kell also placed the order for the eight new street cars for the local traction company. These cars are to be on double tracks of the latest type and will be used in taking care of the summer traffic to Lake Wichita and for local passenger in general.

## SELLS FOR \$350,000.

Capitalist Makes \$100,000 Profit On Hotel. Texas News Service Special. Fort Worth, Jan. 29.—It was announced here this afternoon that Winfield Scott, formerly of this city but now of St. Louis, has just sold the Worth hotel for \$350,000. The names of the purchasers are not yet divulged. Scott bought this property only a year ago for one hundred thousand less than he received for it.

## ALL FOUND GUILTY.

## BASEBALL OUTLOOK FOR 1910 SEASON

SEVERAL FAST PLAYERS HAVE ALREADY BEEN SIGNED BY NEW MANAGEMENT.

## LEAGUE IS IMPROBABLE

Little Chance That This City Can Be Included in Any of Leagues Planned.

While it may be early to begin talking baseball, this spring weather is so suggestive of it that interest in the team prospects for the coming season is being revived and there is considerable conjecture as to whether last season's record will be kept up. It is not yet known who will have charge of the team. Several local parties are figuring on sub-leasing the baseball park property with a view to managing the team, but no definite arrangement has yet been made. At present William Bonner is in charge of the baseball situation and it is probable that he will act as manager throughout the season. Three of the fastest semi-professional players in the Southwest have already been signed. They are: "Stopper" Witherspoon of Denton, who played in Oklahoma last year; Richardson, Farmer'sville's crack third baseman and "Cub" Wathen of Dallas. With these three as a nucleus, it is thought that one of the fastest teams in the state can be organized. It is very unlikely that Wichita Falls will be in a league during the coming season. Three leagues were considered, any one of which might have included this city, but it seems now that one of them will get organized. The West Texas league, which was to have included Abilene, Brownwood, Sap Angelo, this city and some others, will hardly be organized and the North Texas league, which had been planned to include Wichita Falls, Gainesville, Sherman, Denison, Bonham, Denton and some others, has also practically fallen through. The Panhandle league, which may be organized, is to include Amarillo, two New Mexico towns, Childress and Memphis, but this city is considered too far out of the way to be available for that league and if there is to be baseball here this season, it will be the same as heretofore, with amateur and semi-professional nines from the West, Northwest and North Texas, and Oklahoma. With the start that has already been made, it is believed Wichita Falls is in line for one of the best and fastest nines in her history.

He Claims His Work of Investigation by Associated Press. Washington, D. C., Jan. 29.—The third day of the Ballinger-Pinchot inquiry by the congressional committee opened with Louis Glavis, the chief accuser of Secretary Ballinger, still before the committee. The indications are that today's sessions will be consumed with the reading of letters, documents and telegrams in connection with President Taft's message to the senate in response to a request from that body for the papers in the case. The committee room is filled with spectators to overflowing and many ladies are also among the number. Glavis testified today that in talks with Land Commissioner Bennett and others, attempts were made to hinder him in his work of investigating the frauds contemplated in the Cuninghame group of coal land entries in Alaska.

## LONG DISTANCE LINE TO KANSAS CITY FROM HERE

The purpose of this line is to give the people of Childress, Wichita Falls and intermediate towns direct telephone connection with Kansas City, which is a feature of the telephone service, which is a feature not hitherto enjoyed in this section of the state. The exact cost of this line is not now known, but the copper wire alone will cost over forty thousand dollars. No. 8 copper will be used in the circuit.

The Amarillo-Dallas service, which was made possible by the completion of the line from Wichita Falls to Amarillo, has now been available about a week and is meeting with general satisfaction. This line was completed last Saturday.

### CLEVER COMEDY-DRAMA.

"The House of a Thousand Candles" Presented Last Night. "The House of a Thousand Candles," which was presented to a fair audience at the Wichita Theatre last night, was a comedy-drama of more than average merit. Its lustre was dimmed to some extent by mediocre acting and there was no one in the cast who exerted himself to attain any height of histrionic talent. But the play itself, was one of surpassing interest and entertained pleasingly.

Dwight A. Meade, as "Bates," the mysterious butler, managed to act mysterious enough to carry out his part, and his work was, on the whole, very good. He timed his sentences well, which was half of his work. Mr. Elmore, as John Glenarm, neither looked nor acted the part to anything like perfection. Mr. Radford, as Morgan, and Mr. Day, as Donovan, carried out their parts very pleasingly, and the female parts were very ably presented by Miss Montague and Miss Bellemore.

The play is well staged and is interesting and exciting enough to keep the attention of the audience very close throughout the performance. There are several decidedly thrilling moments, one or two of which took one back to the "Curse you, Jack Dawkins" class of melo-drama, and the interest is well kept up. "The House of a Thousand Candles" will rank very well with the other comedy-dramas that have been presented here this season.

### HUGHES IS DENOUNCED

Position on Income Tax Bared by Hull of Tennessee

Washington, Jan. 25.—Charging hypocrisy on the part of many public men in openly advocating the ratification of the constitutional amendment for an income tax while secretly attempting to defeat it, Representative Hull of Tennessee, in the House today pointed to Governor Hughes of New York as illustrating this class of advocates of an income tax.

"This is notably illustrated," he said, "by the action of Governor Hughes of New York, who recently emerged from the penumbra of colossal wealth which never pays a dollar of federal taxes, and constituted himself as spokesman long enough to proclaim an issue in this battle to perpetuate its immunity from taxation.

"The governor could not content himself with a personal declaration against this amendment, as was his privilege, but so eager was he to throw himself between the plutocracy and the people that he sent a lengthy message to the state legislature, expressive of his so-called official impertinence and a negligent disregard of the spirit of the constitution. His action was that of an official meddler. To prevent a misconception of their attitude, other governors may now feel obliged also to transmit their views to their respective legislatures."

Representative Parson of New York interposed to say that if the gentleman from Tennessee knew the governor of New York as he (Parson) did he would not accuse him in such a manner.

### WE ARE LAYING FOR YOU

And the way we are doing it is keeping the best wire fencing in stock. Before deciding on the wire fencing most suitable to our particular trade, we investigated all the leading makes. Our object was to get the strongest fencing; fencing that would stretch up the easiest; would not sag when run over uneven ground; was animal proof and so constructed as to best withstand the ravages of time.

The fencing that we found to most nearly combine all these desirable qualities was the Pittsburgh Perfect Welded Wire Fencing. So this is the fence we not only offer you, but advise you to take. It costs no more than other fencing of inferior quality.

## IN SOCIETY'S REALM

**Smile.**  
 Smile when luck is breaking wrong,  
 Chant a snatch or two of song,  
 Cheerfulness will keep you strong,  
 Where discontent will fail,  
 Yours is not the hardest lot;  
 Make the most of what you've got;  
 Smile a bit, for kicking's not  
 A thing that will avail.

Smile though dark and long the day,  
 Knowing 'tis the noly way  
 You can win out in the fray  
 And conquer adverse luck.  
 If you wear a smile of cheer,  
 Push ahead and persevere,  
 Riding roughshod over fear,  
 And showing grit and pluck.

Let the other fellow frown  
 Who admits that he is down;  
 You may never gain renown,  
 But smile, and life's worth while!  
 Laughter makes the heart beat young,  
 The pessimist will die unsung,  
 But you can be a man among  
 Men if you only smile!

—C. E. McDonald, in the Bookkeeper for December.

The Way of a Man With a Maid,  
 Some girls I have wooed with infinite tact,  
 And some with fire and flame;  
 And some I have never wooed at all,  
 But kissed them just the same!

And it isn't the man, nor a matter of charm,  
 That counts when it comes to getting a kiss—  
 It's simply knowing how!  
 —Helen Rowland.

McGregor, and Judge Carrigan. In the dining room the floral adornment was exquisite, pink and white being the color scheme employed in the decorations and refreshments. Mesdames Montgomery, Huff, Carrigan and Roberts served refreshments, Mrs. McCune and Allen pouring tea and coffee. The punch bowl was presided over by Misses Mary Anderson and Lucile Brooks. The cordial welcome extended by the host and hostess, assisted by their friends, the handsome dresses, the artistic surroundings, the excellent orchestra selections and other pleasures so thoroughly planned and executed, made the occasion one of the most delightful for all present.

The prettiest affair of the midwinter was the enjoyable eight course bridge luncheon given by Mrs. Wiley Blair, assisted by her daughter, Mrs. Herbert Hughes, on Tuesday of this week, to sixteen of her friends. The light of day was excluded and soft bright lights shed a radiance over the green and white colorings, bringing out all of its beauty. The round tables were laid in chuney white center pieces of white hyacinths, narcissus and ferns, showing a simplicity and daintiness that only the hand of an artist can give. Between the courses of this delightfully pleasant luncheon the ladies progressed and the charm and hospitality of the hostess was felt and shown by every one.

The afternoon was spent in interesting games of bridge, the favor being drawn by Mrs. Shumate. Those enjoying the pleasure were Mesdames Maddox, Shumate, Roberts, Bacon, Reese, Fitzpatrick, Woodward, Miller, Thompson, Scott, Walker, Huff, Misses Coons, and Misses Walshe and Kaufman of Abilene.

Mr. and Mrs. Herbert Hughes very pleasantly entertained a few of their friends at 500 Friday evening. At the close of the games a dainty salad and tea course was served. In a cut Mrs.

Shumate was given the ladies souvenir for the evening, a beautiful fern dish, and Mr. Bacon the gentleman's, a hat brush. Those present were Mr. and Mrs. McGregor, Blair, Maddox, Charles Huff, Montgomery, Shumate, Woodward, Fitzpatrick, Zundelowitz, Bacon, Dr. and Mrs. Walker, Dr. and Mrs. Burnside, Mr. and Mrs. Shepherd, Miss Kaufman and Mr. Brittain.

The Floral Art Club had a very interesting meeting at the home of Mrs. Fred Harrington Tuesday January 25, most all the members being in attendance with hearty expressions along lines of the work so near to the hearts of all.

Mrs. Harry Orlopp read an interesting paper, "How Flowers are Named," while several myths were on the program that had suggestions of floral nature.

The drills in parliamentary law are of length and the illustrations directed by Mrs. Dr. Moore are helpful in a way that each one does not fail to appreciate. Quite an interest is manifest in the weekly programs that cannot fail to result in great good for all. Especial stress is being felt to exist when subjects of higher art are in vogue. "American Sculpture; It's Progress in a New Country," was beautifully brought out by Mrs. O. L. Moore.

The subject of our music was "The Flower Song." A delicious oyster course was served by the hostess. The club will meet next with Mrs. Jourdan. Roll-Call—'Facts.'

Miss Mary Ruth Ingram very charmingly entertained the Young Ladies' Club and a few friends Saturday afternoon from 3 to 5 o'clock, at her home, 1109 Travis.

Five Hundred and Forty-Two were the games for the afternoon amusement. The hostess, assisted by Mrs. Wallace and Lillian Fain, served a dainty luncheon.

Those who enjoyed Miss Ingram's hospitality were Misses Kaufman and Walshe of Abilene, Blanche Slager of Fort Worth, Katie Lou and Lillian Avis, Lucile Brooks, Roberts-Curry, Minnie Young, Irene Raney, Nina Barwick, Annie Carrigan, Jodie Haynes, Lattie Orth; Mesdames Walker, Burnside, Woods, Lowrey, Woodward, Beavers and Howard.

Wednesday afternoon at 3 o'clock, Mrs. Shumate entertained most delightfully for Mrs. Woodward's guests, Misses Walshe and Kaufman of Abilene.

"500" was the game for the afternoon. At the close of the game, a delicious salad course was served. In a cut-for-the-favor, Mrs. Hughes won a handsome cut glass bon bon dish. The guests present included Mesdames Woodward, Thompson, Montgomery, Tom Roberts, Miller, Zundelowitz, Charles Huff, Scovell, Du Val, Allen, Blair, Hughes, Bacon, J. T. Roberts, Maddox, Sheppard, Smith, Bulwer, Scott, Sherrod, Misses Walshe, Kaufman, Sherrod, Coons, Gorsline, Centerfelt.

Mrs. W. M. McGregor was hostess to the "500" Club Thursday afternoon. Mrs. Allen won a fancy plate. At the close of the games, the hostess served an appetizing luncheon to the following ladies: Mesdames Shumate, Du Val, Richey, Foney, Smith, Blair, T. W. Roberts, Woodward, Hughes, Reese, McCune, Bacon, J. T. Roberts, Windsor, Allen, Walker, Miller, Misses Sherrod, Dora and Cora Coons, Kaufman of Abilene.

Monday evening Mr. and Mrs. McGregor delightfully entertained the St. Mary's Junior Guild. Music and games were the amusements for the evening.

Those present were Mr. and Mrs. J. T. Roberts, Misses Lattie Orth, Gladys and Margary Fish, Adele and Madeline Mackgochney, Alice Burnside; Messrs. Robertson, Childress, Marion and Fish.

### WEATHER FORECAST.

For Wichita Falls and Vicinity.  
Tonight, increasing cloudiness.  
Sunday, general cloudy; colder.

In applying Henrietta's version of the name, "Wichita Falls," the Independent of that town asks us not to get peeved, saying it is only a love lick. Bless you, little one; what a load of anguish you have lifted from our hearts!

It's a pity the fire rating board could not have seen the way the local fire department put the quietus to that downtown fire last evening. It was over before most people knew it had started.

The Byers Herald says that "City County Oil and Gas Field" is the proper title for the Petrolia field. Byers' modesty in not claiming the field herself is most commendable.

The fire rating board comes here from Fort Worth and leaves here for Amarillo. Between those two towns, Wichita Falls ought to be able to get anything she asks for.

Somehow, when Wichita Falls says she is going to build a railroad, it attracts more attention than Abilene, Quanah and a few others, all put together. There's a reason.

Today is the last Saturday upon which Wichitans can get a neck shave included at the old price of fifteen cents. Us common people are getting worked at every turn.

It may be well to state, in view of the fact that a large number of insurance men will be here next week, that the old post near the City National Bank has been dug up.

While the weather man hasn't consulted us about it, he has our permission to keep this January weather going for the entire twelve months of the year.

### THE FAIR PHYSICIAN

By Dr. Russell Crenshaw.  
Most of the medical colleges in the United States are co-educational, and from one to a dozen women are in attendance at each college every year. About here are three medical colleges devoted exclusively to women; notably, the Women's Medical College of Pennsylvania, which graduates about forty women each year. While we are not able to estimate exactly how many women are practicing medicine in this country at the present time, it is safe to say that there are more than a thousand of them and that every year the number is increasing.

The entrance of women into the medical profession is purely an American innovation; for most foreign countries are not favorable to the fair physician. But in this country not only are women well received as physicians by the public, but they are also admitted to full fellowship in the American Medical Association.

It is curious to note that while most of the ardent supporters among the laity of homeopathy are women, yet in the practice of medicine women usually follow the regular school of practice.

Are there any women prominent as surgeons? It seems hard to believe the feminine heart would ever become sufficiently hardened to enable women to wield the knife and watch the blood flow without a tremor; but it is a fact that Dr. Anna Fullerton, of Pennsylvania, now in China, and also Dr. Keller, of Boston, are both women of acknowledged ability and experience in surgery.

Whatever may be said against the qualifications of women for general practice, there can be no reasonable doubt that they fill a place of importance in the practice of obstetrics and gynaecology. In these special fields they are in some respects superior to men, and when properly trained by hospital experience they are a veritable boon to the more modest and shrinking members of their own sex. But perhaps the greatest good accomplished by women in medicine is medical missionary work in China and other parts of the Orient.

The ideal course for a woman who desires to practice medicine is to serve first an apprenticeship at professional nursing, by which she will obtain a practical schooling and experience in the diagnosis and treatment of disease decidedly better than the purely theoretical knowledge with which many men enter the profession.

At all events the fair physician is here, and here to stay, as evidenced by the fact that there are several medical associations of women which have stood the test of time and of alleged feminine tendency towards heated debate and the pulling of hair.

Somebody ought to warn Mr. Glavis to say nothing in his testimony that would tend to wound the extremely sensitive disposition of Secretary Ballinger.

Even those people who have not joined any boycott movement are putting meat down whenever they can get hold of any.

### LOVE MAKES STATEMENT

Corrects Existing Impressions of Rating Board's Work

At the meeting of the fire rating board at Austin Thursday, Chairman Love made the following statement of the work of the board:

Chairman Love stated at the outset of the meeting that there was evidently some misunderstanding of the effect of the Fire Rating Board law and the work of the board under it. He said that absolutely no rates had been made or approved by the board in any part of the State up to this time; that the law did not provide that the Fire Rating Board should make fire insurance rates, but that it should reduce them if they were too high, so that they would be reasonable, the action of the board being at all times subject to review by the courts. He said it was the duty of the board to carefully and fully investigate the reasonableness of all rates of insurance being collected in the state and to take action in reducing any unreasonable rates upon giving the company due notice and also to set down for hearing upon each notice all complaints filed by any citizen or by the representatives of any city or town; that in pursuance of this provision the rates filed by several companies applicable to the city of Fort Worth had been specifically complained against by certain property owners as to specific rates and by representatives of the city as to their general application and that this hearing had been called and all the parties interested notified to take up the matter for consideration.

He said that he was authorized to say for the board that in view of its rule it would hereafter be the general policy of the board to have such hearings take place in the city or town affected by the complaint rather than in the city of Austin, so that no citizens would be put to any expense in attending such hearings and that it was the policy of the board to require no formality in the presentation of a complaint; that all the board desired to know was that a specific rate or the rates applied in a given locality were deemed unreasonable and that upon receiving this information they would take up the matter for formal consideration.

### AMUSEMENTS

**"The Girl and the Hawk."**  
Will H. and Della Locke will be seen  
at the Wichita Theatre tonight in their  
clever southern comedy, "The Girl and  
the Hawk."

This company has been the recipi-  
ents of some very flattering press criti-  
cisms as is evidenced by the following  
from an Iowa, Kansas, paper.

"Hundreds of people were turned  
away from the Grand Theatre last  
night when 'The Lockes' presented  
'The Girl and the Hawk' to the largest  
house of the season. There were 1274  
tickets sold and all available standing  
room taken. Rousing receptions were  
given Della, Will and Henry Locke  
and the audience was kept in contin-  
ual enthusiasm from start to finish.  
The choking scene between 'Jim, the  
Gawk, and 'Jack Waring,' the villain,  
was the most realistic piece of acting  
ever seen here. 'The Lockes' are old  
favorites here."—Daily Record, Iowa.  
Seats are now on sale for this en-  
gagement, the prices being: The lower  
floor, 50c and 35c for balcony and 25c  
for gallery. Those who intend wit-  
nessing the performance tonight would  
do well to secure their seats early in  
order to secure choice location.

**"The Flower of the Ranch."**  
"The Flower of the Ranch" which  
comes to the Wichita Theatre for an  
engagement Feb. 4th, is a musical play  
in three acts, all of the scenes of  
which have been laid in the rugged  
west, with colorful and complete scenic  
settings of great beauty. The book,  
lyrics and music of the play have been  
written by Joseph E. Howard, composer  
of "The Time, The Place and The  
Girl," "The Girl Question," "The  
Honeymoon Trail," "A Stubborn  
Cinderella" and other successful  
works, is declared to be the best he  
has contributed to the stage. The  
story of the play, in brief, is as fol-  
lows:

Winding down a steep mountain trail  
in California, a stage coach containing  
several passengers is overturned and  
crashes down into the valley. A ranch-  
man arrives on the scene and finds but  
one living survivor of the wreck, a  
baby girl, held close in her dead moth-  
er's arms. He takes the child, and, as  
no papers or evidence of the child's  
identity can be found, adopts her as  
his own. Seventeen years later, the  
child grown to happy and young wo-  
manhood and beloved by everyone with  
whom she comes in contact, is the life  
of Tomahawk, a straggling settlement  
in which she has chosen her father's  
general store, Jack Farnum, a popular  
young ranchman, whose possessions  
are coveted by a scheming sheriff, falls  
in love with "Flower," as the young  
woman is known, and complications in  
which a thieving Mexican adds to the  
interest develop. An Indian chief,  
whom Farnum has befriended, assists  
Flower in thwarting the designs of the  
sheriff and the young ranchman re-  
gains the deed to his property, which  
had been stolen by the Mexican, who  
in turn has been slain by the sheriff  
whom he tried to betray.  
Of course, everything ends happily,  
but in the development of the story,  
many strong situations and stirring  
scenes are enacted. Character types  
true to the locale participate in the  
action of the play. The musical num-  
bers, of which there are some twenty,  
are logically and naturally introduced,  
and a romping, spirited chorus of  
handsome young women, who not only  
sing, but dance with grace and vigor,  
add to the interest of an entertainment  
that last season was declared by  
New York, Boston and Chicago papers  
to be the most novel and pleasurable  
of the entire season.  
Mr. Franks will be remembered by  
many local people from his success-  
ful last season as leading man with the  
Morey Stock Company.  
Seats will be on sale Wednesday.

### Standards in Public Life.

From Colliers:  
It is not pleasant, but we believe Mr. Taft's administration can never succeed unless it becomes less tender to the regular organization. There is nothing sacred about a machine. The inhabitants of the United States are tired of being ruled by Cannon and Aldrich, Tawney and Sherman, and the moneyed gentlemen who back these statesmen. They are tired of having Frank Hitchcock use the foundations of the people's wealth as prizes for the faithful. Mr. Hitchcock is the office broker of the administration. Suppose there is in Arkansas an official who, through his firmness to duty, has been scheduled by hostile interests for destruction. As soon as Mr. Ballinger comes in this official is removed. He asks the reasons. Mr. Ballinger refers him to Frank Hitchcock. Four of the Arkansas delegates, it seems, were determined to vote for Hughes on the first ballot at Chicago, unless they had the promise of controlling this office and as Arkansas was second on the roll-call, such a proceeding would jolt the steam roller which was at work for Mr. Taft. The president is embarrassed by the many bargains made in his behalf. He is embarrassed by the pifancy which led him to make ordinary spellbinding speeches for Aldrich and Tawney. He is threatening to ruin his whole career by identifying it with Ballinger. What a spectacle when a man is supposed worthy to remain at the head of the interior department, controlling billions of dollars' worth of land and coal and other wealth, unless it can be affirmatively shown that to his obvious unfitness and his many improprieties has been added crime! Is it any wonder that Gifford Pinchot, creator of the best of all the Roosevelt policies, threw up his efforts in disgust, hoping to shock a whole people into revolt? When Mr. Taft can be told a few weeks before March 4 that he must change his mind and let Mr. Gersfeld go, can he expect to gain respect from such obedience?

### Notice.

I have been appointed trustee of the Wilson Hardware Company and the notes and accounts must be paid; if not I will be compelled to bring suit. To those who owe notes that are past due, I will say that if your note is not paid on or before February 1st, I will place them with an attorney for collection and an additional 10 per cent on principal and interest as attorney's fees will be added. That is the terms of your note, and, as trustee, I will be compelled to collect it. I have warned you, so please save me the annoyance of having to do this, and yourself the extra costs.

SHORT ITEMS OF INTEREST

Farmer L. Clark of Chicago, one of the leading amusement men of the country, is coming to Wichita Falls shortly, and will probably have charge of the plans for the interstate fair, which is to become an annual feature next fall. J. A. Kemp of this city, returned from St. Louis this morning. While in that city he attended to a number of matters in connection with the fair. At the meeting of the county commissioners on February 14th, the matter of redistricting the county schools will be taken up and all who are interested are requested to be present. There are twenty-five districts and it is proposed to reorganize several of them and create three or four new ones. A deed dated 1884, was filed by the county clerk yesterday, conveying lots 8 and 9, block 174, from R. E. Montgomery to W. Lee Moore for two hundred dollars. These two lots are at the corner of Lamar and Ninth streets. R. E. Huff was the notary who took the acknowledgement. H. Bascom Thomas, candidate for lieutenant governor writes a friend in this city that he expects to deliver an address here in the near future. His subject will be: "The evils of the lobby, graft and corruption at Austin, and why I was expelled from the senate." Eighth street is being illuminated by two additional electric signs, which were installed recently and still another one is to be put up shortly, greatly improving the nightly appearance of this thoroughfare. The Chamber of Commerce directors did not meet this morning, but a session will be held early next week to elect a permanent secretary and attend to a number of other matters that are pending. George L. Mater returned from Fort Worth and reports that Mrs. Mater is getting along nicely after her recent operation and it is believed that her recovery will be complete. At 2:30 this afternoon the number of city poll taxes paid to City Collector Robertson had reached the nine hundred mark, exclusive of exemptions and the list is growing fast. A meeting of the Civic League has been called for next Tuesday afternoon at 3:30 at the home of Mrs. M. J. Gardner, 1400 Tenth street. "The Girl and the Gawk" company arrived today for its performance at the Wichita Theatre tonight. "Best Ever Beans," in cans, are just what the brand implies. Phone 261. KING'S. -222-1c-
