RANGER, TEXAS, MONDAY EVENING, MAY 15, 1933

PRICE FIVE CENTS

No. 297

## RANGER MAN IS SHOT AND KILLED INSTANTLY

No. Doris, Swiss bellringers are not the people who came to the front door peddling magazine subscriptions, furniture polish and trick glue.

### PEEPING THRU THE KNOTHOLE

with BILL MAYES

We are in receipt of an unsigned copy of a letter, directed to the city commission, urging that the water minimum be raised in order that the poor and needy might raise gardens, can the surplus and live this winter on the proceeds of the enterprise. We presume that the original was mailed to the city commission.

However, there are something like 145 reasons why this plan, which appears good on the first reading, does not pan out so well. We will recount only a few of the reasons.

In the first place the 2,000-gallon raise in the minimum would not be enough to do a garden much good and the gardener would have to purchase the additional gallonage to keep the garden going, in case the weather remained dry through the average number of days this month. This would make his vegetables more expensive than buying them from the farmers and produce raisers.

In the second place the water used by the city must be treated with lime and chlorine in order to make it healthy for human consumption. This treatment makes it decidedly undesirable for irrigation purposes. Gardens watered with the treated water do not produce well and it is impossible to pump raw water into the city mains. Besides the raw water is also full of mineral substances that are not good for gardening.

Then the city gardeners would have to purchase the water at the level of the city, which is something like 307 feet, would cause an additional expense, without an additional revenue, and the city could not keep paying off in cash and the bondholders would have the privilege of raising the management of the city's financial affairs, thereby causing a raise in water rates, taxes and other expenses of the city.

And, as we have pointed out, the gardeners would get very little from their gardens irrigated with the treated water. The two previous irrigation tournaments have been blessed with the best of weather, and the local golfers are hopeful that another "break" will be given by the weatherman.

The rains Saturday and Sunday, while they did much good over the entire country, put a temporary halt to the Brownwood golf tournament, as the qualifying rounds were postponed to start Wednesday and Sunday. However they may be played today, if there is no more rain down that way.

For the Ranger tournament, which starts this Friday and ends on Sunday, the rains may have better results than the two previous invitation tournaments have been blessed with the best of weather, and the local golfers are hopeful that another "break" will be given by the weatherman.

If there is no more rain this week, the course will be in better condition than it has been all spring, and even with additional light rains a fast course should be ready for the players.

Qualifying rounds will start Friday and all the local golfers are urged to play their qualifying rounds as early as they can. The only possible order that the course may be free for the visiting golfers.

Although the first two tournaments have been pronounced a decided success, the one this year has promise of being even bigger and better, both from the standpoint of arrangements, entries, prizes and the general good time that is promised for all who attend and participate.

With the coming of the late spring and summer months the golf tournaments are coming along in rapid order, just now. Mineral Wells blew the lid off locally several weeks ago, at which the Ranger club won a silver plaque or something, for team play.

### 'Other Woman' Chooses Death

Choosing death over life without her married employer, Miss Rebecca Roche, above, leaped from the 23d floor of a Chicago building. Her suicide followed a conference with Dr. M. M. Kestell and his wife during which the girl was told her love affair with the dentist must end.

### UTILITY BILL IS ENGROSSED IN THE HOUSE

AUSTIN, May 15.—The house today engrossed a bill prohibiting unfair competition in utility rates. Under it any utility that puts a rate in effect to destroy competition forfeits its right to do business and also becomes liable for a fine.

Rep. Cecil Lotief of Cross Plains, who has been working for the bill since the session began, made a final appeal for it before the vote was taken. In support of his contention that utilities now fix rates to drive out competition, he cited instances in which he said the same company is charging \$1.50 a thousand cubic feet for gas and only 25 cents 22 miles away. Eastland and Cisco, he said, are being charged \$1.50 with gas "in their back yard."

Electricity rates in West Texas were also criticized by Lotief. The West Texas Utility Company, he said, generates current at San Angelo and charges 9 1/2 cents a kilowatt there, but transports the current from San Angelo to Spur and sells at Spur for 2 1/2 cents.

Vote to engross the bill was 68 to 37. Lotief failed to get rules suspended for final house action today, making it doubtful if the measure will be enacted before the session ends.

### Rains Are General Over West Texas

FORT WORTH, May 15.—Warmer weather was forecast today after heavy rains in North and West Texas over the week-end had driven temperatures downward. The heaviest rains in three months ended a drought that wilted young crops in sections of Northwest Texas. The showers helped grazing lands, grain and cotton crops.

Good showers were reported west to Big Spring and north to Wichita Falls and Vernon. Rainfall also was reported at San Angelo, Breckenridge, Sweetwater, Menard, Brownwood, Stamford and Olney.

### FRANK BIDA ARSON CASE IS POSTPONED

Postponed because of the absence of Gib Calloway, chief defense attorney, was the action taken in the case of the State of Texas vs. Frank Bida, when it was called for trial in the 88th district court Monday morning.

Judge Patterson did not fix a definite date on which to call the case again for trial, but thought that it would be the 12th of June.

The State reported ready for trial but Allen D. Dabney, attorney for the defense, asked for time on account of the illness of Mr. Calloway, co-counsel for the defense, and presented a telegram which stated that Mr. Calloway had an injured foot with an indication of blood poisoning; so, in order to give the defendant due representation before the court, the case was postponed, possibly until the 12th of June.

### All of Marriage Law Is Repealed Checkup Reveals

AUSTIN, May 15.—Discovery of an inconsistency in the act repealing the "gin-marriage" law of a former Texas legislature has been made here.

The repeal act, signed by Governor Miriam A. Ferguson, will become effective 90 days after the present session of the legislature adjourns.

As the house passed the bill, it repealed both the provision for three days' notice of intention to wed and the provision requiring a health certificate for the prospective bridegroom.

### Mrs. Cunningham To Speak at Meet

Mrs. Minnie Fisher Cunningham of College Station, associate editor of the A. & M. Agricultural Extension News, will be the principal speaker at a meeting of the Eastland county home demonstration council, which meets at the courthouse in Eastland Thursday from 10 a. m. to 3 p. m. Miss Sallie P. Hill, district home demonstration agent, will also be on the program.

Reports from council delegates and committees will be made at this meeting, which will be presided over by Miss Ruth Ramey, Eastland county home demonstration agent. A noon luncheon will be served.

### Millionaire's Murder Baffles Police

A two-year-old murder mystery became doubly baffling for New York police when Edward A. Ridley, 87, retired millionaire merchant and eccentric, and his secretary, Lee Weinstein, were found slain in Ridley's squalid sub-basement office as pictured here. Two years ago when his former secretary, Herman Moench, was mysteriously slain, Ridley swore he would devote the rest of his life to tracking down the murderer.

### MAN IS HELD ON 'HOT CHECK' CHARGE TODAY

A man who gave his name as Neal Salter and his address as 5410 West 10th street, was arrested in Ranger Saturday night on a complaint of giving "hot checks." One other man was said to have been with Salter at the time of the alleged passing of the checks and Salter identified him as a brother.

Two checks are alleged to have been passed by Salter, one to J. C. Smith Dry Goods store and the other to the J. C. Penney store. According to Chief of Police Jim Ingram, Salter, readily admitted that he had passed "hot checks" and further stated that he would "probably be wanted at Palo Pinto, Weatherford and other towns, as he said he had passed similar checks in a number of places.

Salter talked freely to the police after his arrest, stating that his brother had recently completed a term in prison on a conviction of car theft.

### School Meeting Will Be Called Early In June

At the request of the state superintendent of public instruction, County Superintendent Bert McGlamery will call a meeting early in June for the purpose of discussing recent legislation and its effect upon the schools of Texas.

### APPROVES LAW FIELD

TRENTON, Mo.—Miss Agnes Mae Wilson, only woman prosecutor in Missouri, believes the law is a fine field for women. "I regard the practice of law as ascertaining the facts in the case and the application of law to them," she says. "I cannot see how the qualifications are essentially masculine."

SPRINGFIELD, Mo.—Walter West, 58, dropped dead while dancing at a neighborhood gathering. Physicians said he had been suffering from heart disease and the excitement was fatal.

### REGISTRATION OF VOTERS IS URGED TODAY

AUSTIN, May 15.—Governor Miriam A. Ferguson today requested the Texas legislature to permit persons who have not paid poll taxes to vote in 1933 elections on payment of registration fees.

With her message she submitted a bill providing permission to vote on payment of \$1.75 registration fee by July 25.

A similar measure, written by Rep. W. E. Pope of Corpus Christi has failed three times to obtain a necessary vote for its introduction.

Submission by the governor, however, places the bill in order for consideration without necessity of a vote on its introduction.

Senator Walter Woodward of Coleman objected to the bill on the ground it is unconstitutional. The bill was referred to his committee on civil jurisprudence.

There is to be "a number of elections this year," the governor said. Elections to vote on 2.2 beer and wine and on a \$20,000,000 state relief bond issue are to be held on August 26.

### Collie Urged Stripper Wells Not Bear Tax

AUSTIN, May 15.—Senator W. B. Collie of Eastland and Senator Ben G. Oneal made strenuous efforts, when the Daniel oil tax bill was before the senate, to protect the oil industry of Northwest Texas, represented by thousands of small stripper wells of one to 10 barrels daily production, from adverse effects of the higher tax which they predicted would greatly injure the section.

Amendments offered by both senators were voted down, and the bill was being enacted, but had some chance of consideration before a conference committee. The bill, as approved, carried a two-cent per barrel minimum tax, retaining the present 2 per cent rate when prices exceeded \$1 per barrel.

Senator Collie offered an amendment exempting the small stripper wells of under 15 barrels production per day, leaving their small quantity of oil on the present 2 per cent rate.

Senator Oneal offered an amendment that would have set the tax rate on such wells at one cent per barrel, or a 100 per cent increase over the present tax on a 25-cent price basis.

### Japan's Financial Envoy Arrives

Bringing Japan's viewpoint to President Roosevelt's conferences on world trade, Jaischi Tsushima, Japanese finance commissioner, is seen here upon arrival in New York on his way to Washington.

### RELIEF BOND BILL SIGNED BY GOVERNOR

AUSTIN, May 15.—A resolution to submit a \$20,000,000 proposed state bond relief issue to statewide vote on August 26 was given final legislative sanction today.

Senator Walter Woodward of Houston, at once wired Washington that the governor had signed the measure so that the information would be available at a meeting of the Reconstruction Finance Corporation when it was expected continued federal aid for Texas would be ordered.

Federal relief funds have been withheld by the R. F. C. for May and June, pending legislative action on the resolution.

### Burial Services For Marvin Williams Are Held Monday

Burial services for Marvin Williams, which were to be held Sunday afternoon were postponed until this afternoon on account of the continued rain.

### Rotary Meeting to Be Held Wednesday

The joint meeting of the Eastland and Ranger Rotary clubs, which was to have been held at noon today at Lake Olden, was postponed on account of wet weather until Wednesday at noon.

The Ranger club has been urged to attend 100 per cent. All members are to meet at the Chamber of Commerce offices at noon Wednesday and will go in a body to the lake for the meeting.

### A 'RED' O'BRIEN DIES OF BULLET WOUND SUNDAY

Libby Tittle Granted \$500 Bond Today By Judge J. N. McFatter.

Albert (Red) O'Brien, about 27 was instantly killed Sunday night by a shot fired through a door by Libby Tittle. O'Brien was dead when chief of police Jim Ingram who investigated the shooting, arrived at the Young street address where the shooting occurred.

The woman was not placed under arrest at the time of shooting, but was told to return to Justice of the Peace J. N. McFatter this morning. At the hearing held today by the justice the peace she was placed under \$500 bond, which was signed and accepted, to appear before the 91st district court grand jury June 5. This action was taken in order that the case might be opened in a legal way by the grand jury or the district court.

Witnesses at the hearing morning told Judge McFatter they saw O'Brien go to the Young street where the shooting occurred, and knock on door and demand admission. When his request was refused, according to the testimony taken by Judge McFatter, the witness declared that O'Brien stated that he was going to court through the "kick the door down."

Before the count of three witnesses declared, the shot fired through the door. Examination showed that O'Brien shot in the neck, the bullet going downward, killing him instantly.

The story told by Libby Tittle confirmed that of the witness. She said that she shot through door in an effort to frighten man away, and that she did not see him. Investigation by his lie showed that one shot hit O'Brien through the door as she fired. The post-mortem which the body was found on, confirmed the testimony that the slain man had been hit over slightly at the time shot was fired, according to Police Jim Ingram.

### Supreme Court Changes Rule On Truck Permits

WASHINGTON, May 15.—The Supreme Court today refused to issue a writ of habeas corpus to a truck driver who had been arrested on a charge of operating a truck on a highway, which was held in violation of the supreme court today.

### CHARACTER ACTOR DIES

NEW YORK, May 15.—Ernest Torrence, 54, veteran character actor, died here today from complications following an abdominal operation.

STRADIVARIUS WAS PAWNED WICHITA, Kan.—When Wiley Pierce reported his \$350 Stradivarius violin, made in 1721, stolen, Detective Marion H. Scott began a search of the pawnshops. He found the instrument. It had been pawned for \$3.50.

STATION RAIDED A residence and filling station located at the corner of West Commerce and South Dixie streets, Eastland, was raided Saturday afternoon by Sheriff Virge Foster, Deputy Loss Woods, and Steele Hill. The man operating the place escaped but his wife was arrested. Later the man came in and the two made bond on a charge of possessing intoxicating liquor. A half gallon jar of whiskey was taken.

**A BIBLE THOUGHT FOR TODAY**

**MAKING HASTE TO BE RICH:** He that by usury and unjust gain increaseth his substance, he shall gather it for him that will pity the poor. A faithful man shall abound in blessings: but he that maketh haste to be rich shall not be innocent. Proverbs 28: 8, 20.

**"WHAT PRICE GLORY," MR. DAWES?**

Charles G. Dawes is one of the distinguished citizens of America. His services in the world war won for him the high recognition of all concerned and his defense of the Woodrow Wilson administration relative to the handling of the war at home and abroad gave Dawes a warm place in the heart of democracy. He has been vice president of the republic. He was an ambassador at the Court of St. James from the republic.

He was the first head of the Reconstruction Finance Corporation. He resigned to rescue his own bank from ruin and to prevent the toppling of the financial structure in the city of Chicago. He is the head of a powerful bank. He is a large borrower from the R. F. C. Many eminent bankers and many eminent citizens who are not bankers agree that he saved the people from a financial panic in the second American city that might have wrecked the nation. Thousands of public school pupils burned this former statesman and soldier in effigy on the famous Lakefront of the Windy City. They did it as a protest against the failure of the municipal and school authorities to pay the public school teachers back salaries.

Now what was the chief offense of this erstwhile famous American citizen?

He was one of a group who refused to purchase school warrants with bank funds by which teachers would be paid. For 12 long and riotous years Big Bill Thompson ruled Chicago. His school board exhausted the credit of the system. They borrowed millions. They wasted millions in lavish expenditures. Credit was at a high peak, and the city was the limit for Big Bill and his benchmen.

Why burn an effigy of an American citizen who was responsible for the financial wreckage of the public schools of Chicago? Why not incinerate an effigy of Big Bill?

He is in the land of the living. Politically speaking, he was snuffed out again last year when he back his old campaign Small, for governor of Illinois.

There are American bankers who have been carrying heavy loads. Why place all the blame on the bankers? Why hit below the belt?

**PROPOSED UNION OF SOCIALISTS AND COMMUNISTS**

Leaders of the socialist party of America in session in Washington initiated a movement aimed toward a possible union on certain specific issues with the communist organization in the United States. Well, the pinks and the reds declared the aim of the proposed merger would be drafting of a proposal for "economic reconstruction along their own lines."

Norman Thomas of New York is to be the chief spokesman of the pinks and the reds and their organization in the United States. This is their slogan: "Common action on specific issues." Norman Thomas was the socialist nominee for president last year. He received less than a million votes. It is perhaps the darkest hour of American economic history. Eugene V. Debs, years before the coming of the Roosevelt campaign received the largest vote ever for a socialist candidate for president—2,000,000 votes. Americans are not communists. There are thousands of Americans who are socialists, but they do not believe in the torch and the guillotine as methods of economic reconstruction.

A man can spend money needlessly or foolishly while doing it, but, how it does hurt to lose even the smallest amount out of his pocket!

**DO YOU EVER STOP TO THINK**

By EDSON R. WAITE, Shawnee, Oklahoma

ES SPENCER, publisher of the Independence (Kansas) Reporter, says: Coincident with the advent of the depression came an advertising innovation, and as that innovation gained momentum in patronage the depression steadily greater proportions. Clouds of depression clearing comes the passing popularity of radio advertising. Radio advertising is not the appeal which forces its way into the ear, even to the point of disgust. Radio has learned to take its advertising appeal to the eye, and from the pages of the newspaper the appeal will in no manner molest a desire to be engaged.

Radio will return to, and remain in its proper state unless men learn to quit wavering from the narrow and proven path of advertising appeal back into, and say in, the pages of the press in a haphazard manner.

SHOOT POSTPONED

Because of the rains over the week-end the regular weekly shoot of the American Legion Rifle club was not held Sunday afternoon...

Good for Children

Little children may have minced parsley added to their baked potato and sprinkled over their soup...

DERRICK SHADOWS

By V. MARIE STEPHENS

There's something fascinating about a carnival.

And so, while rushing madly through a nearby city recently, I just couldn't resist the gliding whirl of the merry-go-round...

I saw a lot of people I knew there.

You always do at a carnival. Nice, cultured people laughing happily with some not so nice.

This being a typical carnival, we devoured dripping hamburgers and cotton candy and red soda pop.

And we spent countless nickels and dimes shooting at evasive revolving dolls and ducks and things.

And about all we brought home were empty purses and pains around those hamburgers...

Ugh! There's something fascinating about a carnival, though.

There were 41 bumps on the freight train... and one woman.

She wore dirty trousers and a black cap and too much lipstick... and laughed loudly above the grind of the wheels...

Maybe you felt the same sensation I did, if you were one of those waiting at the crossing.

I wanted to take her off that box car and put a skirt on her and send her and her 29 years of life home to whatever she came from.

And all the time I was condemning her as crude and uncultured and coarse, I couldn't help admiring her nerve...

Maybe she did have a chance, and maybe she's happy.

The more I think about her the more I am inclined to class her with the beer problem.

She and her friends are hard to handle and explain... and after we've had our way, we still don't know what we think about her.

Maybe she's necessary.

Glimpse-glimpse: There is an extra flower or a box of candy or a little gift in most homes today... and aftermath of yesterday...

for most homes have mothers...

and most mothers were remembered...

meanwhile, prices continue to soar...

last week I was in one of the state's best farming districts, and optimism runs high out there...

when the farmer laughs the whole world grins...

heaven give us a smile.

OLDEN

OLDEN, May 15.—The past week has been filled with parties and picnics as school draws to a close here.

On Tuesday afternoon, May 9, the junior class of the Olden high school, accompanied by Principal Thompson Pickens went to Bass lake where they spent a happy afternoon boat riding, swimming, and playing games.

The following day, Wednesday, May 10, Supt. Henry Collins, accompanied the seniors on an all-day picnic at Wayside Inn, near Coleman. Horseback riding, swimming and games were enjoyed immensely.

On Wednesday night, May 10, Mrs. C. B. Croft and Mrs. George T. Carey entertained the juniors and seniors at a party at the home of Mrs. Croft.

The ladies of the Olden Parent-Teacher association met Thursday afternoon at the Methodist church at which the new officers were installed.

The program presented by members of the first, second and third grade pupils at the Methodist church Thursday night was well attended and very enjoyable.

HOOKS AND SLIDES

Suckers No More

WHO remembers away back in the good old days when the Boston Red Sox baseball property was a farm for the New York Yankees?

SINCE Tom Yawkey took over the club, and under the wise guidance of Marty McManus and Eddie Collins, the Red Sox have begun to show new form.

THE team is a hard-hitting unit, and the addition of Ferrell to numbers all added their bit to the delightful program.

The pupils in expression in the class of Miss Onita Russell were presented in recital Friday night at the Methodist church.

A small party of members of the Baptist Young People's union, chaperoned by Lucy Ellen Gertz, enjoyed a picnic Friday night at Eastland park.

Olden Boy Scouts attended a court of honor in Rastover Thursday night and regular scout meeting Friday night.

Little Mae Edna Ward is ill with measles at this time.

Mrs. Dovie Hunter, Mrs. M. E. Mahurin and Mrs. E. M. Gillespie

motored to View, Texas, early Friday where they expected to remain over night with relatives, returning home Saturday, weather permitting.

L. S. Crossley has opened his new barber shop in the Burnett building on Main street.

J. A. Hunter made a business trip to Gorman Saturday.

Walter Leo Connell, who attends John Tarleton college at Stephenville, spent the week-end with his parents, Mr. and Mrs. W. L. Connell.

THE POET'S... CORNER...

THE GYPSY

Of stature, tall and straight; Broad shoulders, muscled brawn; Of swift and graceful gait;

His black hair frames his face, His dark eyes, peering down; The strong chin of his race, His body, lean and brown.

His flashing teeth, his smile; A pagan snatch of song; Folding his tent the while, He vanishes, is gone!

hall games in which Olden's team will participate has been received by Olden's manager from the Tri-County league.

Three Main Bouts Promise Fine Card At Elks' Show

The weekly wrestling card to-night at the Elks club arena will offer three main events of grappling.

Eddie O'Shea, New York Irishman, will engage Johnny McCain of Tulsa, Okla., in one of the encounters. O'Shea and McCain are both in the middleweight class.

Fred Gotch, gob from Boston, will try his best holds on the person of none other than Ug Moore, Denton football star.

Moore's first appearance here in several weeks. Gotch will be in good shape for the match as the eye O'Brien opened up two weeks ago has healed completely.

That "Tee" of the ring, Billy McEun of Pasadena, Calif., will tackle the rough and tough Jack O'Brien, Milwaukee brewer, in the third of the main bouts.

Both of these light heavyweights are well known to local followers of wrestling and many predict a good match when these two enter the ring.

The Elks have installed a suction fan in the arena to keep it clear from smoke. To further improve the ventilation they have had all the upper sections of glass removed from the front of the building so that fans may enjoy the matches with comfort.

Ticket reservations may be made in a beauty parlor here, City Tailors, for those wishing to obtain choice seats in advance.

FURNITURE SPROUTED

HIG SPRING, Texas.—A suite of furniture made of willow trees sprouted in a beauty parlor here.

Despite two coats of heavy yellow enamel, sprouts as long as six inches sprang from the willow wood and bore leaves.

The furniture was only about six weeks old.

PERSONALS

Lawrence Hollowell and friends in Cisco, over the end.

Mr. and Mrs. A. H. Baker, Gladewater, are visitors in the house guests of Mr. and Mrs. George Maner, Overton are visiting here.

Numbered among those who spent Mother's Day out of town were Mr. and Mrs. G. C. King, Mrs. King was in Woodburn, guests of her parents, Mr. and Mrs. Taylor, while Mr. King was in Breckenridge, the guests his mother, Mrs. Mamie Lou King.

Mr. and Mrs. O. G. Lanier, entertaining as their house guests Mrs. Lanier's brother, M. D. Lanier of Los Angeles.

MACY, Ind.—Jesse Slusher, retired farmer, had just asked blessing at the noonday meal when stricken with apoplexy, died before he could rise from the table.

FIVE MEN FELL TO DEATH as the prehistoric ape—bigger than a bulldog, cracked the huge tree trunk like a toothpick.

IS LOOSE!

STARTS TODAY

ARCADIA RANGER

Henry Ford Dearborn, Mich.

May 9, 1933

A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.

Three years---1929 to 1932---we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward---through it.

Learn the Secret of Lovely Women

Thin lines and wrinkles don't show with new, wonderful MELLO-GLO face powder.

Stay on longer, prevents large pores. Unightly shine goes. Made by a new French process, MELLO-GLO spreads with surprising smoothness--no "flaky" "pasty" look. Cannot irritate the most sensitive skin because it is the purest powder known.

Beauty powder known. Bewitching fragrance. Buy MELLO-GLO today. 50c and \$1.00. Tax free.
