## Governor Urges Legislature to Balance Budget

### KEEPING THROUGH THE KNOTHOLE WITH BILL MAYES

While the Battle of San Jacinto is held in 1936, millions of relative Americans, as well as from other countries, will pilgrimage to this historic spot which has been set aside as a memorial to the Texas Centennial celebration. Located a short distance from Houston on the Houston ship canal, the park is a place of natural beauty. The land is rolling, the vegetation exceptionally brilliant and native shrubs and trees grow in unusual profusion, radiating their bright colors in a spirit of thankful joy at the part the hallowed spot has played in establishing freedom and independence which characterizes the American continent.

A Texan can stand on the San Jacinto battlefield without sacred memories coming to mind and a feeling of patriotic pride in the lives of his forefathers and a renewed determination to devote his life and his energies to the fulfillment of their expectations. Surely Texans are in complete order in rendering to the state's peer heroes the homage due them and so nobly won in battle in the self-sacrificing struggle that characterized early life in Texas both in war and in peace. An appeal is being made for at least a million Texans to pledge their assistance in commemorating the struggles and celebrating the ultimate progress of a century.

The assistance of every organization and every individual is needed in presenting this appeal in a way that is patriotic, understandable and that will cause Texan to desire to enlist in a showing of reverent respect those who have made possible Texas of today.

The Texas department of education is being made for at least a million Texans to pledge their assistance in commemorating the struggles and celebrating the ultimate progress of a century.

The Legion has promise of the practically every other organization in the state and will be right away to make plans in your county there it has a post quickly getting the names and dresses on the rolls.

The organization is to be statewide, but will be made by counties, and these county clubs will be active in charge of all Centennial activities in their counties prior to during the Centennial, according to present plans. They should wonderful agencies through which to have every part of Texas participate in the Centennial.

Texas is making history for itself now and will be in the eyes of the world until the Centennial is over. The advantages to be gained from the Centennial will depend on the extent to which all Texans assist in making it a celebration creditable to Texas and its people.

The first step toward the success of any project is through organization, and the more completely the entire state is clubbed to a unified state-wide club supporting the Centennial the more certain will be the success of Texas' first Centennial observance. Make it a Million!

### Legion Post Will Select Delegates To Cisco Meeting

Clint Davis, post commander of the Carl Barnes post, announced today that a big meeting had been planned for Thursday night, when business sessions would follow selection of delegates to the 17th district convention, to be held in Cisco Saturday and Sunday, May 20 and 21.

### TO PRUNE TOMATOES

CUBERO, Texas.—DeWitt county tomato growers have been urged by J. F. Rosborough, Texas A. & M. Extension horticulturist, to take and prune their crop this year. County agents will demonstrate the proper methods, Rosborough said.

### DISARMAMENT HOPES SLIM OVER EUROPE

PARIS.—American hopes for reduction of naval armaments before 1936, when existing agreements expire, appeared futile today in view of naval building activity throughout the world.

A United Press survey revealed that France, Britain, Germany and Russia were speeding up their building programs, while Italy was renovating her fleet.

This activity in Europe coincided with the authorization of a huge naval program by Japan and the U. S. navy department's proposal strength.

The French super-cruiser Dunkerque, upon which work is going forward at Brest, is the most formidable unit in the 1933 program of any nation.

It will displace 26,500 tons, have a speed of 30 knots and fire a broadside of nine 13-inch guns. The vessel is designed to be the most efficient fighting ship afloat.

The French ministry of marine has also placed contracts for four cruisers of 7,500 tons each to be known as "furious fighters." They will have a speed of 31 knots, mount nine 6-inch guns and four torpedo tubes and carry planes and catapults.

The cruisers will be used in the Mediterranean to protect the communications between France and Northern Africa against a possible thrust by Italy.

The British naval estimates for 1933 provide for the expenditure of 50,475,300 pounds, an increase of 3,093,700 pounds over last year.

The 1933 British building program includes four cruisers, one squadron leader destroyer and five sloops. The cruisers are the final installment of the replacement program authorized by the London naval treaty and are due to be completed by the end of 1936.

Germany's naval program comprises four armored cruisers, or "pocket-battleships" to replace cruisers.

The Deutschland has gone into active service, and the Admiral Scheer was launched several weeks ago.

Construction of a third "pocket-battleship" is under way and the fourth will be started in 1934. Four reserve destroyers will also be built before 1936.

The Soviet Union has shown its intention to enter the building race by negotiating with the Italian government for the construction of a 3,800 ton submarine and four cruisers of 7,000 tons each.

The submarine would be the largest in the world, displacing 2,500 tons Surcouf of the French navy. Together with the cruisers it probably would be used in the Far East.

According to information from Rome, Italy is modernizing her fleet by building the Duilio, Doris Gavour Cesare. All these ships were launched before the World war, but will be completely refitted. Their speed will be raised from 22 to 25 or 26 knots and their gun-power increased.

### Bonus Vets Unite as "Red" Resigns

"Conservatives" of the new bonus army capitulated and joined 1100 "right wing" veterans accepting U. S. hospitality in Fort Hunt, Va., near the capital, when the latter group was relieved of some of its "red" complexion by the resignation of its leader, Emmanuel Levin and Harold Hickerson, avowed Communists. Here is Levin offering his resignation.

### EASTLAND AND RANGER LIONS T.E.S. GUESTS

The Lions clubs of Ranger and Eastland were the ensemble guests of the Texas Electric Service company through the courtesy of J. E. Lewis and Leslie Gray for noon luncheon Tuesday at the Leon lake power plant. The long table was set on the spacious lawn and arranged to accommodate 55 people.

The buffet table from which the men helped themselves was lavishly supplied with trays of fried chicken, potato flakes, onions, pickles, tomatoes, rolls, bread and butter, iced tea and hot coffee, and last course of trays of ice cream cones.

The luncheon table was presided over by Roy Glibreath, president of the Ranger Lions.

There was no entertainment and no business. The Ranger Lions announced their events and the local Lions had their regular announcements extended.

Leslie Gray on behalf of the Texas Electric Service company, extended a hearty welcome to the Lions, and with J. E. Lewis, proved delightful hosts.

After luncheon, the visiting groups were divided into units of five or six, with a power plant employee as attendant to each group, and were conducted on tour through the plant, and had all the mysteries of its operation shown and explained.

The meeting was voted a most enjoyable and hearty one.

### Denison Is Denied Highway Salary

AUSTIN, May 17.—The state supreme court today overruled a petition by Frank L. Denison of Temple, claimant to membership on the state highway commission for leave to file an action to collect the salary claimed due him for the highway post.

### RELIEF PLAN IS OUTLINED BY ROOSEVELT

WASHINGTON, May 17.—President Roosevelt sent to congress today a two-fold unemployment relief program operating through a \$3,300,000,000 public works plan and a "great co-operative movement" throughout all industry in order to obtain wide re-employment.

The president urged that congress adopt this program before adjournment of the special session.

For his co-operative program of industrial planning, Mr. Roosevelt proposed:

1. A shorter work week.
2. A "decent" wage for the shortened week.
3. Prevention of unfair competition and disastrous over-production.
4. Limitation of the operation of anti-trust laws.

### Old Settlers Plan Meet At Victoria

VICTORIA.—The Indianola Old Settlers' association will hold its fourth annual convention here May 21, under President M. M. McFarland of Austin. The organization is made up of former residents of the once-thriving port of Indianola in Calhoun county. The port was partially destroyed by hurricane in 1875 and was finally abandoned after the hurricane of 1886.

### Gaston B. Means to Receive Sentence

WASHINGTON, May 17.—Two years in prison and a fine of \$16,000 was the maximum penalty faced today by Gaston B. Means, Norman Whitaker, convicted of attempting a \$35,000 Lindbergh kidnaping hoax.

The men will be sentenced Friday unless motions are filed for a new trial. A jury late yesterday found the two men guilty.

### Uvalde Ships Six Carloads of Wool

UVALDE.—Six cars of wool aggregating 154,509 pounds were shipped from Uvalde, Catarina and Encinal during the week ending May 11.

In making the announcement, Leslie G. Munn, secretary-treasurer of the American Mohair Producers' Cooperative Marketing corporation, the shippers, said checks are being mailed for the balance during 1932 wools marketed under the unit-marketing plan. The checks will bring payment for the 1932 sales to 100 per cent, netting the growers 7 to 13 cents a pound for last year's clips.

### County Council To Meet Thursday

The Eastland County Home Demonstration council will convene in the courthouse, Thursday, for an all-day session, from 10 a. m. to 3 p. m., with a covered dish luncheon to be served at noon.

Prominent speakers on the program will be Mrs. Minnie Fisher Cunningham of College Station, past president Sixth District T. F. W. C., and now connected with the A. & M. Agricultural Extension News; and Miss Sallie P. Hill, district home demonstration agent.

### Slated to Be Oil 'Dictator'

John D. Clark, above, is reported to be the Roosevelt administration's choice for federal oil "dictator." Mr. Clark, former vice president of the Standard Oil Co. of Indiana, resigned in 1928 and now is a professor of economics at Denver University.

### Registration For Chicago Trip to End Next Thursday

Much interest is already being shown in the free trip to the World's fair at Chicago, which is being sponsored by the Ranger Times in conjunction with several of the merchants of Ranger.

Registration of contestants will be open until Tuesday, May 23, when the merchants taking part in the contest will begin giving votes with each purchase made.

Those who have not already done so and who wish to take part in the contest, which will last 13 weeks, are urged to telephone their entries to the Oil City Pharmacy, the Ranger Times or take them in person to either place.

The merchants who are taking part in the contest, the price for which will be a free trip to the World's fair with a stop-over in St. Louis, with all expenses paid, are as enthusiastic over the plan as are several who are planning on participating.

Those who register early will be in the race Tuesday when the contest starts, so they are urged to register early.

### Legion Convention To Be Held May 20 And 21st At Cisco

The Cisco post of the American Legion is making plans for a big gathering Saturday and Sunday, when the 17th district convention meets in that city, according to word received in Ranger by Clint Davis, post commander, and Benson Bethel, adjutant of the Carl Barnes post.

Legionnaires from all over the 17th district are planning on attending and the pre-convention indications are that the attendance will be larger than at any convention in the past several years.

A good program has been worked out for the convention and a good business program has been promised by the officers of the Cisco post.

Delegates from the Ranger post are to be selected at the regular weekly meeting of the post, which will be held at the Legion hall Thursday night.

Delegates from the Ranger post are to be selected at the regular weekly meeting of the post, which will be held at the Legion hall Thursday night.

### ROOSEVELT TO URGE REPEAL BY THE STATES

WASHINGTON, May 17.—President Roosevelt is considering appealing to the states to speed repeal of prohibition, it was reported today.

Convinced that national sentiment favors repeal, Mr. Roosevelt is said to feel that the process of removing the eighteenth amendment from the constitution should be hastened as far as possible.

Five states, so far, have ratified the repeal amendment, or elected wet conventions, which will ratify. Thirty-one more ratifications are necessary.

The large amount of revenue, which would accrue to the federal government from the licensed sale of liquor, is a leading reason why the administration would welcome the fastest possible action on repeal.

Receipts from the sale of legalized beer are exceeding the estimated rate of \$150,000,000 a year. Advocates of repeal believe liquor taxes would bring in about \$890,000,000 annually.

### Fort Worth Man Held On Bond As Escaped Convict

FORT WORTH, May 17.—Ralph W. Mallory, 33, for ten years a skilled electrician, respected citizen here, today awaited the arrival of an Alabama penitentiary warden to return him to the prison from which he escaped 12 years ago.

He had been sentenced in Alabama for automobile theft, police records showed. Mallory was identified here when he picked up an automobile jack and the owner filed a complaint, alleging it was stolen.

Mallory was free on \$1,000 bond today to arrange his fight against extradition. He married a girl he met in an electrician's shop here, built a home and now has three children.

### Johnson Freed Of Theft Charge

Not guilty was the verdict of the jury in the case of the State of Texas vs. Tony Johnson, tried Tuesday in the 88th district court.

Johnson was charged with the theft of an automobile from Adolph Brandon of Putnam on last April 8.

The case of the State of Texas vs. Virgil Miller was called for trial in the 88th district court Wednesday morning. Miller is charged in the indictment with the theft of an automobile on April 16, belonging to Marvin Hood.

The evidence showed that the car was taken from where it was parked on South Lamar street, Eastland, driven to Gorman and abandoned a short distance on the road north of Gorman. One of the state's witnesses testified that he knew the car and saw it driven south on the Carbon highway Sunday afternoon and recognized the driver, Deputy Sheriff Loss Woods restored the car to the owner the following day and arrested young Miller.

Delegates from the Ranger post are to be selected at the regular weekly meeting of the post, which will be held at the Legion hall Thursday night.

### Strikers Dump Wisconsin Milk

The proposed national strike of farmers has been called off, but Wisconsin dairy farmers are going right ahead with their blockade to force higher prices. Here's a picket dumping milk destined for Milwaukee.

### HITLER NOW IN ACCORD ON DISARMING

BERLIN, Germany, May 17.—Germany has disarmed in accordance with the Versailles treaty and now, if the other nations refuse to carry out their part of the treaty, and disarm too, then Germany is entitled to demand re-armament, Chancellor Hitler told his parliament today.

He demanded revision of the hated treaty.

"No European war could improve the present situation," he said significantly.

President Roosevelt's message to the world urging peace and disarmament, he said, deserves Germany's warm thanks.

Germany is ready to join any non-aggression pact, he said.

### Car Theft Case On Trial In 88th

The case of the State of Texas vs. Virgil Miller was called for trial in the 88th district court Wednesday morning. Miller is charged in the indictment with the theft of an automobile on April 16, belonging to Marvin Hood.

The evidence showed that the car was taken from where it was parked on South Lamar street, Eastland, driven to Gorman and abandoned a short distance on the road north of Gorman. One of the state's witnesses testified that he knew the car and saw it driven south on the Carbon highway Sunday afternoon and recognized the driver, Deputy Sheriff Loss Woods restored the car to the owner the following day and arrested young Miller.

Delegates from the Ranger post are to be selected at the regular weekly meeting of the post, which will be held at the Legion hall Thursday night.

Delegates from the Ranger post are to be selected at the regular weekly meeting of the post, which will be held at the Legion hall Thursday night.

### NEW ESTIMATE OF DEFICITS IS GIVEN SOLONS

AUSTIN, May 17.—Governor Miriam A. Ferguson today asked the Texas legislature to balance the state budget.

In a message to that body the governor sent a new estimate of the anticipated state deficit at the end of the present biennium and asked the legislature to provide the revenue "in any way it thinks best."

The governor's new estimate of the probable state deficit was \$18,207,000 by Aug. 31, 1933.

The total revenue needed for the next biennium to operate the state and retire the deficit, the governor said, will be more than \$118,000,000.

The legislature has been criticized for continuing its session after the regular expiration period, the governor said.

"Such is not my view," she said. "The legislature should be commended for staying in session until sufficient revenue is raised to eliminate the state deficit and balance the state budget."

Some persons interpreted the governor's message to mean that the governor will attempt to hold the legislature in session until some desired tax measure is adopted.

### Damages Given To A. E. Rampy

A jury in the 91st district court returned a verdict Wednesday morning in favor of the plaintiff in the case of A. E. Rampy vs. Texas & Pacific Railway company, allowing Rampy damages in the sum of \$9,344. The plaintiff had sued for damages on alleged personal injuries received in handling bridge timbers while employed as section foreman at Ranger.

### Doctors Hear Late Facts On Goiter

MEMPHIS, May 17.—Outstanding physicians of the United States met for the study of Goiter, to compare notes on the best way to treat goiter and to conduct clinics for goiter sufferers.

The president of the American Medical Association, Dr. E. H. Cary of Dallas, and three former presidents of the study of Goiter, Dr. W. D. Haggard of Nashville, Tenn.; Dr. Charles H. Mayo, of Rochester, Minn.; and Dr. George W. Crile, of Cleveland, were on the program of the annual convention of the American Association of the Study of Goiter.

Dr. Mayo will speak on "Thyroid Deficiency, a Commonly Unrecognized Disorder." Dr. Cary has as his subject, "The Public and Our Profession." Dr. Haggard, who is president of the American College of Surgeons, will preside at the second of the diagnostic clinics which is a daily feature of the convention. Dr. Crile will lecture on "The Nature of the Mechanism by Which the Thyroid Gland Controls Metabolism."

### Steel Output Is Again On Increase

NEW YORK, May 17.—The steel industry in the United States now is operating at 35 per cent of capacity, the highest rate since the week ending June 25, 1931, estimates showed today.

**A BIBLE THOUGHT FOR TODAY**

**ROAD TO SUCCESS:** Commit thy way unto the Lord; trust also in him; and he shall bring it to pass... Rest in the Lord, and wait patiently for him.—Psalm 37: 5, 7.

**BILLIONS OF GOLD IN CALIFORNIA**

For years and years California has been advertising sunshine. Now the publicity agents of the Golden Coast State are advertising gold—gold said to be under the surface of the earth. State Mineralogist Walter Bradley is the big ace of the publicity men. He is telling it to the world that more gold remains hidden in the earth of California today than has been mined in the state since gold mining began in 1849. Indeed, Colonel Bradley is telling it to the world that most engineers believe that at least two billion dollars worth of gold—half the amount of gold held in United States banks—remains in California soil awaiting lucky miners.

Is this a hint that the California tourist crop of 1933 is expected to hit a new high level?

It appears that President Roosevelt made a great mistake when he put over his tree planting plan to furnish labor to an army of the unemployed. He should have turned the recruits loose in the placer fields of the Golden Coast state and made it possible to increase the gold reserves of the nation by an additional two billion dollars.

Sen. Williams Gibbs McAdoo should have kept his ear closer to the California earth surface. McAdoo is a very wise man. He never sleeps at the switch, but he missed the two billions said to be under the thin surface of his adopted state. Now a wild cry will issue from the throats of thousands—"California, here I come."

**SEN. HOPKINS' STATE BANK BILL ON THE WAY**

Texas lawmakers are to be congratulated. The senate bill sponsored by Sen. W. K. Hopkins to allow the state banking commissioner to liquidate hard-pressed state banks without pressing them into receivership was passed Thursday by the house of representatives.

Representative Emmett Morse of Harris county looked after the passage of the bill. It tracks the Roosevelt regulation for the liquidation of hard-pressed national banks the nation over without placing them into receiverships or bankruptcy, thus having hundreds of thousands of dollars for the depositors who are most concerned. In other words, the Hopkins bill was designed to reduce the cost of closing out state banks and to increase the yield from assets.

It is an enactment worth while and the lawmakers should be given the thanks of all the people.

In spite of the fact of what some people say about prisons being comfortable places, the number of people who try to break out of prison is still larger than the number who try to break in.

The span of life seems to increase with each generation and there is less and less cause to worry about dying young.

**DID YOU EVER STOP TO THINK**

By EDSON R. WAITE, Shawnee, Oklahoma

GAULT MACGOWAN, managing editor of the Trinidad Guardian, Port of Spain (B. W. I.), says:

"If the Pilgrim Fathers were to land anew in America, they would have no difficulty in prescribing a cure for the present depression.

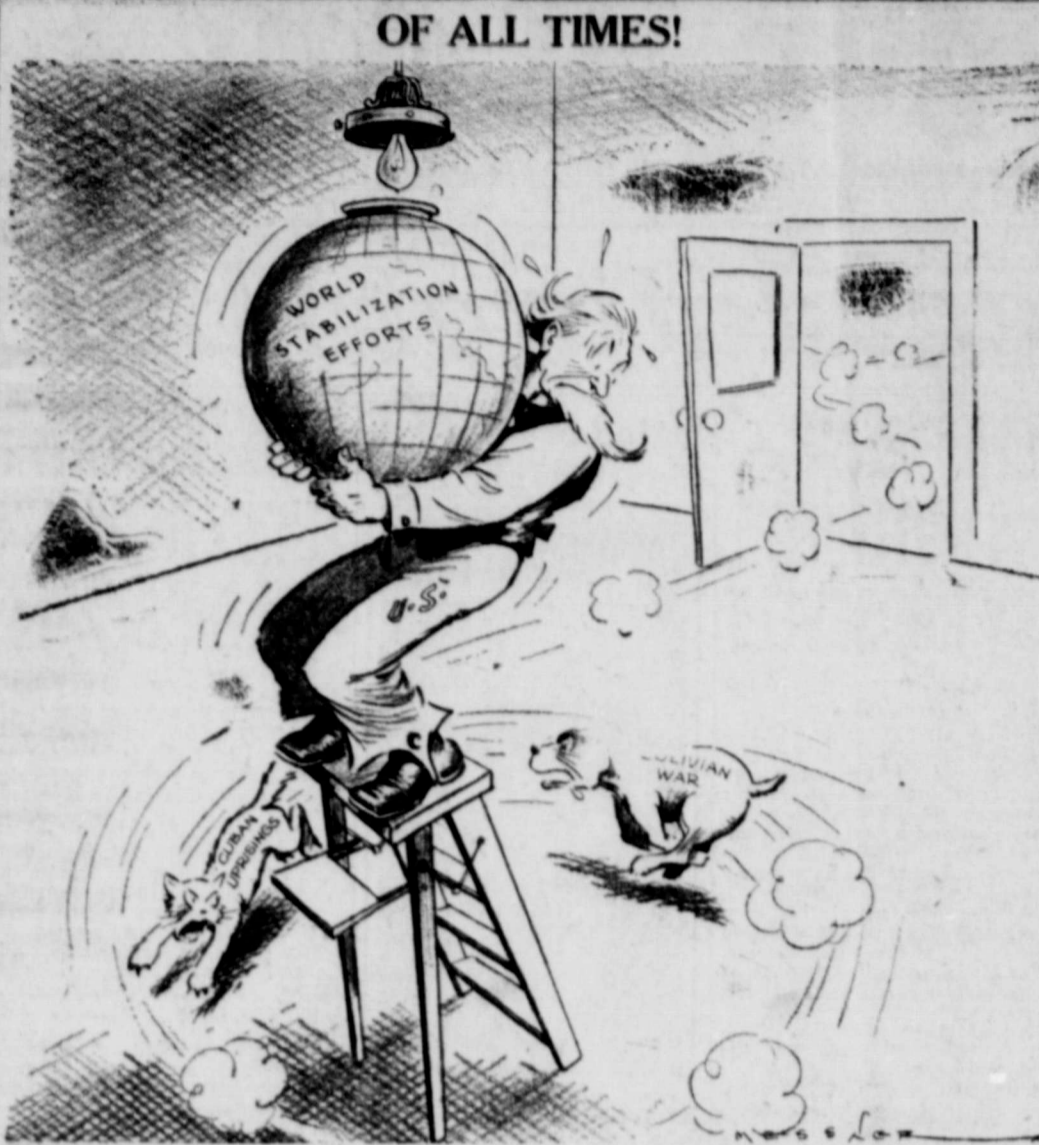

"Accustomed as they were to refer to the Bible for direction in all their problems, they would not have had to look further than the twenty-third chapter of Exodus where the Children of Israel were enjoined to cease production every seven years. Fields and orchards were to be left to lie fallow, and the cattle to roam wild.

"Even Mr. Howard Scott, the technocrat, could scarcely quarrel with this procedure. If, as the technocrats suggest, we cut the present working day in half—that is to say worked only four hours a day instead of eight—it would be exactly the same thing as taking 12 months holiday every seventh year.

"Of the two courses, any director of industry would infinitely prefer the Israelitish solution, since it is a waste of effort to start work and then abandon it. The best way is to work hard on a job and then finish it.

"If we all knew that we were in for a holiday every seven years—apart, of course, from essential services—there would be no talk of the menace of the machine or any other department of public enterprise. Calculating from the Biblical date of the creation of the world 4004 B. C., it is an odd coincidence that 1932 should have been a holiday year, the 848th cycle of seven years.

"It was in 1932 that economists were crying out all over the world to cut production as a solution of human problems. I wonder how many of them knew that the problem had been settled for them in 1491 B. C. when the regulations were laid down for cultivation of the promised land."

**STOCK MARKETS**

By United Press

NEW YORK, May 17.—Stocks, bonds and all commodities except silver advanced today and major business indices registered gains over 1932.

Dozens of new high were made. Declaration of the regular quarterly dividend of \$2.25 a share on the capital stock of American Telephone & Telegraph company, sent telephone stock for a high high at 112 1/2.

**BEHIND THE SCENES IN WASHINGTON**

WITH RODNEY DUTCHER

BY RODNEY DUTCHER

NEA Service Writer

WASHINGTON—A big boost for agriculture and a hard sock for the oil industry and all users of automobiles is bound up in the proposal to compel the blending of alcohol with gasoline as a method of farm relief.

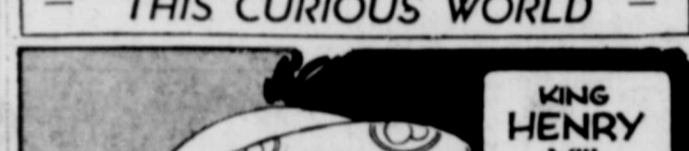

There has been no end of a whoop-t-doo over this plan, which appears to have captivated large sections of the grain belt through its promise of a market for millions of bushels of corn and other crops.

For a while the movement, represented by bills in Congress, seemed sure to be buried by a flood of propaganda from oil industry lobbies. But now the Department of Agriculture, following a request from the Senate to investigate, has come forth with such a rosy picture of the probable and possible happy results that the campaign has regained momentum.

There are about 2 1/2 gallons of alcohol in every bushel of corn. 2.8 per bushel of wheat, two gallons per bushel of barley and lesser quantities in other starch-bearing products. Farmers and farm organizations want the government to force a market so they can turn large surpluses into alcohol. Proposed legislation calls for blending of from 2 to 10 per cent of ethyl alcohol with gasoline, this to be achieved by imposing penalty taxes on unleaded motor fuels.

The economists, chemists and farm engineers of Secretary Wallace's department find that use of 7 per cent alcohol would utilize about 112,000,000 bushels of corn

**THIS CURIOUS WORLD**

Henry VIII married Catherine of Aragon soon after his accession to the throne of England, but his affections soon waned, and Anne Boleyn became his wife, in 1533. After three years she was executed for infidelity to the king, and 10 days later Henry married Jane Seymour, who died one year later. Anne of Cleves was chosen as his fourth wife, but soon was divorced. Catherine Howard, his fifth wife, was beheaded for infidelity, and Catherine Parr, his sixth wife, outlived him.

NEAR KOLHAPUR, INDIA, A SNAKE CAUSED 100 DEATHS! IT CRAWLED FROM A FLOATING LOG ON A BOAT, WHICH WAS LOST BY THE PANIC, AND 100 PERSONS WERE DROWNED, AUG. 14, 1932.

HENRY VIII married Catherine of Aragon soon after his accession to the throne of England, but his affections soon waned, and Anne Boleyn became his wife, in 1533. After three years she was executed for infidelity to the king, and 10 days later Henry married Jane Seymour, who died one year later. Anne of Cleves was chosen as his fourth wife, but soon was divorced. Catherine Howard, his fifth wife, was beheaded for infidelity, and Catherine Parr, his sixth wife, outlived him.

BABE RUTH set the record of 60 home runs for a season in 1927. THE REPUBLIC OF TEXAS and the REPUBLIC OF HAWAII have become part of the United States. SOLDIERS' FIELD, CHICAGO, is the world's largest stadium.

**Quake Aid Got Applause of U. S.**

WASHINGTON.—So well was the work done by the radio amateurs of the United States during the recent earthquake in Southern California, the federal radio commission has written a letter of thanks and commendation to the American Radio Relay league, the official amateur body, at West Hartford, Conn.

The letter says in part: "The commission takes pleasure in informing you that it has received information commending the amateurs of Southern California for the splendid work done by them in handling communications in the recent earthquake area. The names of the individual licensees who co-operated in this work are not known to the commission. However, it is known that amateurs always have rendered every possible assistance during times of such emergencies, and it is hardly necessary to add that the commission believes such service to be of the highest order of importance."

**ALAMEDA NEWS**

ALAMEDA.—A nice rain fell in this community Saturday night and Sunday. The farmers will be busy now, if the weather stays fair.

Rev. Frank Skaggs preached at the schoolhouse Saturday night. His daughter, Marie, came with him.

Miss Velma Melton was the guest of Miss Modean Melton Saturday night.

Mr. and Mrs. Jim Love and family and Miss Modean Melton were the guests of Mr. and Mrs. Lonzo Melton and family, Monday.

Miss Minnie Walton was the guest of Miss Leno Lockhart Monday.

Mr. and Mrs. Troy Melton of Selam community were guests of Mr. and Mrs. William Melton Monday.

Mr. and Mrs. Charlie Boswell left on their vacation Saturday for Iowa to visit Mrs. Boswell's father.

Mr. and Mrs. John Walton were guests of Mr. and Mrs. J. C. Lockhart Monday.

The young people enjoyed a party at the home of Mr. and Mrs. Grover Pilgrim Thursday night.

Miss Florence Neely returned to her home at Tolar last week after visiting Mr. and Mrs. Charles Blanton and friends of this community for several weeks.

Several from this community attended Trades Monday at Gorman. Scalata Tucker, daughter of Mr. and Mrs. Richard Tucker, is recovering from the chicken pox.

Oscar Scott is ill at this time, and we hope him a speedy recovery.

Mrs. William Melton has been ill, but is improving.

Miss Modean Melton was the guest of Mr. and Mrs. Troy Melton, Tuesday.

Mrs. Mattie Walton was the guest of Mr. and Mrs. Richard Tucker, Monday.

Mr. and Mrs. Ernest Calvert were the guests of Mr. and Mrs. Charlie Blanton.

Mrs. Ed Dean and Mrs. Dombrey were the guests of Mrs. F. E. Ferrell of Hunter community, Monday.

**OKRA NEWS**

OKRA.—Mrs. R. F. Cox spent the past week in Stephenville with her daughter, Miss Dixie, who is attending John Tarleton college.

Mrs. Euna Maxwell of Lamesa is here for a visit with relatives.

Miss Maxine Grisham and Mr. Elgie Crisp were married in Sipe Springs Thursday morning. Their many friends wish them happiness.

Commission To Finish Hearings On Gas Charges

FORT WORTH.—The fight of Texas cities for lower gas rates will near an end here May 29 when the Texas Railroad commission meets in what may be the last session of its inquiry into the fairness of gas rates charged by the Lone Star Gas company.

White attorneys for the utility and state studied volumes of testimony, the United States Supreme Court unexpectedly announced a decision that may have far-reaching consequences for the household who burns gas in his home next winter.

The high court approved the California railroad commission's ruling which cut \$30,000,000 from the Los Angeles Gas and Electric Corporation's rate base.

The rate base reductions ordered by the California commission and those sought by the Texas commission are strikingly similar.

The California commission cut off charges of \$9,228,667 for "going concern value" of development of business; \$2,500,000 for promoters' remuneration; and \$5,921,470 for financing by a holding company.

In an effort to secure lower gas rates for the bricklayer and banker, and all other consumers, Texas

**Constable Received Fine of Three Pigs**

SPOKANE, Wash.—John Simmons was fined three pigs in justice court here recently, but Constable Rooney, and not the constable who was the recipient of the pork, was the recipient of the fine.

Simmons was arrested on Rooney's complaint of "cruelty to animals" because he had spent \$15 for feed for the pigs to keep them from starving while under the Simmons' roof.

It was ruled that it would do no good to turn over the pigs to Rooney to make up for the humane-treated constable's feed bill.

**DEPUTY KILLED BY ENGINE**

KENNEWICK, Wash.—While seeking two suspects in a freight yard here, Charles Copeland, deputy sheriff, was hit by a steam engine and killed.

DARLING FOOL by MABEL McELLIOTT

BEGIN HERE TODAY MONICA O'DARE helps to support her mother, younger brother and sister by working in a drug store in the small town of Belvedere.

DAN explained slowly, painfully. "It's like this, you see. She's had a shock. She's not—not her. She keeps calling for me. When she's well enough the doctor says it'll be all right for her to make this trip.

"I see," Monnie lifted her eyes, staring out at the fading garden. Dan rushed along. It was not like him to be so garrulous. These fellows, he said, had got away. Sandra was so dazed she couldn't even describe them.

"Not that I want to go—for a minute," Dan told her later. "It just seems—well—the best thing you see Mr. Lawrence holds that big loan of Dad's. This is confidential, of course. Dad wants to stand in with him right now. I'd be a pig, wouldn't I, to hold out against him?"

"I'll miss you terribly, every minute," Dan told her on parting. She stood, facing him, her amber eyes darkened with the pain of impending separation.

### Ranger Social News

ARRITTA DAVENPORT, Editor — Phone 224, Ranger

#### Pleasant Y. W. A. Meeting Held

With Sponsor Miss Stephens  
A very interesting meeting was held Monday evening by the Young Women's auxiliary of the Central Baptist church at the home of the sponsor, Miss V. Marie Stephens, Pine street.

The meeting was called to order by the president, Miss Opal Carter, and after singing of several songs each member entered into the work on individual projects which will later be sent to a foreign missionary when completed.

At the close of the session a social hour was enjoyed and a delicious ice tea and salad course was served the following members: Misses Alice Hanson, Lois Landt, Winnie Snider, Louise Moore, Opal Brown, Ruth Elmore, Doris Williams, Agnes Barnes, Virginia Alyce Shelton, Nina Williams, Hazel Davis, Catherine Stewart, Deola Shelton, Opal Carter, Pauline Frye, Margaret White, Lela Crutsinger, and Marie Stewart.

#### Party Honors Mothers

Of Y. W. A. Members  
Tuesday evening at 7:30 Mrs. H. M. Russell entertained the Y. W. A. members of the First Baptist church and their mothers at her lovely home, Blackwell road, with a delightful lawn party.

The enjoyable games and pleasant social was directed by the president of the organization, Vashti Baskin, and the counselor, Mrs. James Cosby.

Favors of red and white ribbons were given each guest upon arrival. Following the games and contests Mrs. Guy S. Quinn Jr., formerly Miss Alma White, was invited into the brightly decorated dining room where a beautiful array of wedding gifts awaited her.

Mrs. Quinn is listed as one of the past presidents of the association. Refreshments of delicious iced punch and cake were served to the following: Misses Ollie Ware, Margaret Looney, Jewel White, Mamie Robinson, Pauline McGee, Vashti Baskin, Ella Mae Hamilton, Viola Rose, Norma Rose, Tommie Strong, Fay Knott, Doris Mitchell, Mrs. Guy Quinn, Mrs. Lee Mitchell, Mrs. J. N. McFatter, Mrs. H. L. Baskin, Mrs. Hamilton, Mrs. G. McGee, Mrs. N. White, Mrs. G. W. Thomas, Mrs. E. C. White, Mrs. W. S. Knott, Mrs. Walter Reimund, Mrs. James Cosby, and Mrs. H. M. Russell.

#### P. T. A. Closing Program

At School This Evening  
The final Parent-Teacher association meeting of Morrison school and the closing program will be given this evening at 7:30, at the school. Everyone is cordially invited to attend this program.

#### Miscellaneous Showers

Names Bride-Elect Honoree  
Miss Pauline Randolph, attractive daughter of Mr. and Mrs. O. E. Randolph of Eastland, bride-elect of Eudell Duval, whose marriage will take place at the home of the popular young lady's parents, Sunday, May 21, was named honoree Monday afternoon when Mrs. Walter Reimund and co-hostess, Mrs. Hugh Russell, entertained with a prettily appointed miscellaneous shower at the home of the former hostess, Prairie camp.

After cleverly arranged games were enjoyed the dainty little Gloria McGee, playing the important role of Dan Cupid, carrying a huge red heart filled with lovely gifts, entered upon the scene accentuating the high point of the hour. The prettily encased gifts were unwrapped by Miss Randolph and passed for the party group to enjoy.

The delightful hostesses passed an ice and dessert course to the guest of honor and other guests. Mrs. Randolph, mother of the bride-elect; Mrs. W. A. Lewis, Mrs. Hutchings, Mrs. W. E. Jackson, Mrs. Walter Murray, Mrs. F. A. Cook, Mrs. Mary E. Ward, Mrs. Nannie Walker, Mrs. E. C. White, Mrs. J. G. McGee, Mrs. G. W. Thomas, Mrs. Glenn and Curry.

This pretty compliment comes numbered among several other affairs to have been given the well liked young honoree.

### SISTER MARY'S KITCHEN

BY SISTER MARY, N.E.A. Service Writer

ABOUT this time of year our thoughts begin to turn to cold desserts and naturally, ice cream comes first to mind. Nourishing and popular with both children and grown-ups, it satisfactorily solves the sweet problem for many hot weather meals.

A very easy way to produce different flavors and varieties of ice cream is to use candy. All the hard varieties of candies, chocolate coated or plain, can be used without additional sugar. Some of the "cream" candies may require a little additional sugar added to the foundation mixture.

#### Many Candies Suitable

One-half pound of candy is enough to sweeten and flavor one quart of custard or other foundation mixture. There is a wide variety from which to choose. The stick candies, fruit lozenges, the hard "sugared" candies, the chocolate coated and plain marshmallows, the nut brittles and so on through the list offer flavors for delicious desserts.

Of course, any favorite recipe can be used for the foundation dessert. Janket, custard, meringue, parfait, ice and sherbet can be flavored and sweetened with the candies.

If the candy is crushed and allowed to dissolve in the foundation cream before freezing, an even color is produced. An attractive molasses effect is obtained if the candy is coarsely crushed and added to the cream mixture just before freezing.

#### Candy Ice Cream

One pound stick candy, 6 cups

to cling together in a peace movement.

We are not children.

Our toys belong to each other, but we reserve certain rights where they are concerned. . . . Germany might forget, and forgetting is a bad policy.

Germany should know.

And if our peace instigators are not very, very careful they may find themselves listening to the report of guns.

These are unusual times, with a surprise in every package. . . . Men and women are beginning to realize they have to work before, behind and all around themselves and their ideas if they hope to accomplish

Plans have been set forth by President Roosevelt for extensive peace, the same having been sanctioned by Prime Minister Ramsey MacDonald.

Germany, according to the latter, will do well to remember England and the United States plus Italy and France are determined

the simple and desired purpose: Peace.

Texas bankers are optimistic.

I don't know, maybe we're all trying to fool ourselves into believing it's time to throw away our umbrellas and chant an ode to luck and prosperity.

But as long as we can shorten the length of the suicide and murder lists, and keep dragging the wolf farther around the corner, we can salama to even the little god Morale.

I am reminded of Fred W. Ramsey's summary of the philosophy and method of the Crusade: "Myself, my country, my world."

Apparently the nation and universe as a whole has adopted the slogan.

It has been a hard dig against harder obstacles for a number of years, with self to think of and few to care about the other fellow.

Of course, we've fed the bum at the back door and gazed idly at the hitch-hiker and speculated over the burdened freights.

But when the big issues came up, we pounded our imaginary selves on the back, weeded our arms about the helpless other, and went down in apparent defeat. . . . ourselves, our country, our world.

Glimpse-glaunce: Princeton university mourns today for that incomparable man, President-Elect John Grier Hibben, fatally injured yesterday in an automobile accident.

The old Lindbergh tragedy comes to our attention again with the trial of Means and Whitaker, both being found guilty of conspiracy to defraud through a ransom hoax.

Fort Worth has and will add some total of 1,313 persons to her payroll.

Following one tragedy with more news, the daughter of the late Anton J. Cermak has filed suit for divorce.

### THE POET'S CORNER

#### FISHING

A lake of clear, rippling water, A stretch of long, slanting shore, A rod and line and plenty of bait, Now who could wish for more?

A lunch put up in a bucket, Some cool water in a jug; I throw in my line and settle myself And patiently wait for a tug.

While I am waiting I sit and think Of lots and lots of things, "Of shoes and ships and sealing wax, And cabbages and kings."

What better place to find oneself? I wouldn't ask for more, Than a lake of clear, rippling water And a stretch of long, slanting shore.

MRS. MARY LEE GALLEY.

#### Penney Store Changes Arrangement of Stock

J. C. Penney company, Ranger, has arranged their merchandise so that it is more easily examined by patrons of the store. The new arrangement places all piece goods, etc., conveniently on counters and the entire arrangement is very unique and adds to the attractiveness of the store.

In speaking of the new arrangement today Mr. Gilbreath said his company was sending him lots of new merchandise and that he was looking for a continuation of the splendid business they have enjoyed in the past.

Improvement keeps up, one of these days we're going to open our door just a crack, stick our nose out and say "Send!" to the wolf.

21—LEGAL NOTICES

In the Estate of John M. Gholson, deceased, in the County Court of Eastland County, Texas.

NOTICE OF SALE Notice is hereby given that I, administrator of the estate of John M. Gholson, deceased, will on the 25th day of May, A. D. 1933, at Eastland in the County of Eastland, State of Texas, sell at public auction to the highest bidder an undivided one-eighth (1/8) interest and all of the right title and claim in and to the following: . . .

1. Oil and gas lease dated June 15, 1930, executed by Mary McKenna and husband, John McKenna, and E. W. Cain and wife, W. M. Cain, as lessors, in favor of W. K. Gordon, as lessee, covering Lot 27 of the Block 155, of the Burleson County School Land, and 100 acres, part of Lot 1 of League No. 1 of the Burleson County School Land, said lease being of record in Volume 155, Page 254, of the Deed Records of Palo Pinto County, Texas, record reference being hereby had and made to the same for full description and for all other purposes.

2. Oil and gas lease dated September 1, 1931, executed by W. R. Ringo as lessor, in favor of W. K. Gordon, as lessee, covering the E/2 of Lot 27 and that part of the E/2 of Lot 28, being north of Palo Pinto Creek, said lease being of record in Volume 157, Page 42, of the Deed Records of Palo Pinto County, Texas, record reference being hereby had and made to the same for full description and for all other purposes.

3. Oil and gas lease dated September 1, 1931, executed by J. P. Atkew and wife, Hattie Atkew; J. C. Brown and wife, Berie Brown; J. C. Chaney and wife, Stella Chaney; W. A. Robertson and wife, Alice Robertson; C. A. Nicholson and wife, Annie Nicholson; and Hugh Square and wife, Emma Square, as lessors, in favor of W. K. Gordon, as lessee, covering all of Lot 24 and 25, being north of Palo Pinto Creek, said lease being of record in Volume 157, Page 254, of the Deed Records of Palo Pinto County, Texas, record reference being hereby had and made to the same for full description and for all other purposes.

4. Oil and gas lease dated September 1, 1931, executed by A. P. Wilbur and wife, Ellie Wilbur, and T. E. Spear and wife, Alice Spear, as lessors, in favor of W. K. Gordon, as lessee, covering the W/2 of Lot 27 and the NW/4 of Lot 28, less 33 acres of land sold to J. P. Butler, of the west side of said two tracts, the said acreage being a subdivision of the Three Leagues of Burleson County School Land, said lease being of record in Volume 157, Page 254, of the Deed Records of Palo Pinto County, Texas, record reference being hereby had and made to the same for full description and for all other purposes.

5. Oil and gas lease dated September 1, 1931, executed by Mrs. Della Ringo, Della Ringo, Mrs. Clara Maudie and husband, C. Maudie; Everett Ringo and Edgar C. Ringo, lessors in favor of W. K. Gordon, as lessee, covering all of Lots 24 and 25, being north of Palo Pinto Creek, said lease being of record in Volume 159, Page 254, of the Deed Records of Palo Pinto County, Texas, record reference being hereby had and made to the same for full description and for all other purposes.

The terms on which I will sell said property are all cash to be paid at the time of the sale.

Witness my hand this 16th day of May, A. D. 1933.
