TEXAS DEPUTY IS ABDUCTED BY A DESPERADO

KEEPING THROUGH THE KNOTHOLE

BILL MAYES

It looks as though a play in a baseball league will be in the making in Ranger within the next few days. The Rangers, who played today and yesterday, are making good shows. They are not feeling any ill effects from the one or two admitted being stiff, but all were highly imitated. The players who think they will shine when they play the white are due for somewhat of a surprise, according to the Rangers. In yesterday's practice game they proved to be the slugger of the team with "Whitey" Sereno showing up well and "Andy" Ed Fontaine and Ben Hesse making good shows. The players, who played professional baseball in the Cotton League a number of years ago, are getting their old form back and may prove to be more than some suspect.

COMMITTEE URGES POWER RESOLUTION

WASHINGTON, June 7.—The senate banking sub-committee, charged with the J. P. Morgan investigation, today drafted a resolution empowering it to go into stock transactions of Morgan's partners as they are involved in income taxes.

Chairman Fletcher announced he would introduce the resolution in the senate when that body convenes at noon.

It will be in the form of an amendment to the present enabling resolution and will permit the committee to go into all transactions relating to sales and all other dispositions of securities, Fletcher said.

The chairman said the amendment was adopted unanimously by the sub-committee. The draft approved by the sub-committee was handed over to a drafting clerk to perfect the language.

Chairman Fletcher explained the resolution seeks to avoid a possible legal tangle over the question of income taxes which has been raised by John W. Davis, Morgan counsel, by referring strictly to stock transactions and not going into the income tax question.

None of the Morgan partners paid any income tax for the past two years. However, the Morgan partners returns may not be disclosed to the public since the law forbids publication of income tax returns.

Chairman Fletcher explained the resolution seeks to avoid a possible legal tangle over the question of income taxes which has been raised by John W. Davis, Morgan counsel, by referring strictly to stock transactions and not going into the income tax question.

Missing Walker Aide Comes Out of Hiding

The long-sought and elusive Russell T. Sherwood, missing witness in the New York City investigation which preceded the resignation of Mayor James J. Walker, is shown here (center) as he came out of hiding to receive reporters in a Hoboken, N. J., beer garden. Seated, left, is Michael F. Dee, Sherwood's attorney, and, right, William Duggan, Collector of Internal Revenue.

ROTARIANS IN BEST MEETING OF THE YEAR

One of the peppiest meetings of the year was held today by the Rotary club, with everyone enjoying the entire program.

Miss Gillian Buchanan presented her violin pupils in the ensemble playing "The Blue Danube Waltz, Old Black Joe, Whispering Hope, Just An Echo in the Valley, and the Rotary Anthem. The selections were enjoyed by the Rotarians who applauded each number.

A violin quartet, composed of George Armstrong, Billy Ross Hodges, Walter Lee Jackson and James Shackelford, presented a Chinese novelty number entitled "Sing Lee, which was also well received.

Dr. Kuykendall, on behalf of the club, thanked Miss Buchanan and her pupils for the splendid program they presented and invited them to return sometime soon for another program.

Gaston Dixon was accepted into the club as a new member. H. C. "Andy" Anderson gave a talk on Rotary education and gave the Rotary obligation to the new member.

The harvest season is rapidly passing. If you are to get a blessing out of this revival, you must get in now. Last evening there were 146 in prayer hands. These hands meet at 7:30. Preaching at 8:30. Morning services, 9:30.

Ranger is urged to attend all these services.

"Just a Snack"

WATERLOO, Ia.—"A cherry pie, two bottles of milk, four sandwiches, four glasses of water, and a quart and a half of peaches" may sound like a housewife ordering provisions for a family picnic.

But it is a customary order for a between-meal for Guy Chevin, 400-pound express depot manager here.

Chevin, who claims to be the largest member of the American Legion, is 42, wears size 14 shoes and enjoys eating.

He believes in dividing his eating trade among restaurants. As he is a night worker, he eats his first meal of the day at 1 p. m. in one restaurant. At 9 p. m. he eats again in another restaurant, and patronizes still another for his final meal at 2:30 a. m.

ROW EXPECTED IN HIGHWAY COMMISSION

AUSTIN, June 7.—John Wood, Gov. Miriam Ferguson's appointee on the highway commission, will hold the whip hand of the three-member body. He has control over the money that is spent. The highway commission act provides that all vouchers must be issued by the chairman, and Governor Ferguson made him chairman.

How long it will be until Chairman Wood and the other members are in open conflict was a matter of speculation today. Both W. R. Ely, of Abilene, whom Wood succeeds as chairman, and commissioner D. K. Martin, of San Antonio, were enthusiastic supporters of former Governor Ross Sterling and Dan Moody.

"Of course I'll cooperate," said retiring chairman Ely. Wood also announced desire for harmonious action. But nobody here expects anything but a clash.

Wood took up his duties today. He announced an early meeting of the commission likely will be called to consider highway affairs.

The regular June meeting already has been called for June 19 and 20 when approximately \$500,000 of road maintenance contracts are to be let.

Mexican Bandit Reported Taken

HOUSTON, June 7.—Candelario Baines, Mexican bandit who held two American ranchers captive for several days, has been captured by a detail of Mexican cavalry, the Houston Press learned today from a semi-official source.

Gaissa went into hiding in the Palomas mountains immediately after he had released the ranchers. Art Hannold and John Rollins of San Vicente, Texas, to a Mexican authority at Ocampo, Coahuila. The cavalry was sent in pursuit of the bandit, formerly a captain in the rebel army of Pancho Villa.

Hurricane Area Checked for Storm

PORT ARTHUR, Texas.—The U. S. weather bureau, with the cooperation of Radiomarine Corporation of America wireless stations, is making regular calls to vessels plying the Gulf of Mexico and Caribbean seas for weather observations.

The radio service was started June 1 and will be continued through the hurricane season. C. F. Martin, chief of the Washington bureau, has announced.

Radiomarine stations at Port Arthur, Galveston, Palm Beach and Miami receive reports regularly from ships in the storm area.

Earle Johnson To Be Agent For Farm Loan Commissioner

It is reported that the first loan from the \$200,000,000 fund appropriated by congress to refinance farm mortgage indebtedness and to aid the farmers to redeem their foreclosed farms, was made in Texas this week. The loan was for the amount of \$3,000 and was made to a farmer and stockman of Brazoria county.

A. P. Graves, agent of the farm loan commissioner, Houston, reports that although they have been somewhat hampered by a large volume of correspondence addressed to his office, the Texas division is now organized and in position to handle incoming business with dispatch. Earle Johnson of Eastland has been requested to act as his local correspondent for Eastland and adjoining counties, and all eligible farmers entitled to assistance through this division may call on him, and he will gladly render such assistance as he can, it was reported this week.

Funeral Is Held For Paul Sturm

Funeral services for Paul Sturm, 32, were held at the First Christian church of Ranger this morning at 10 o'clock, with Rev. H. B. Johnson, pastor of the church conducting the services. Interment was in the Evergreen cemetery.

The decedent is survived by his widow, three children, Wanda Myrall, Paul Joe and Imogene; two brothers, one sister, his father and mother, three sisters-in-law and three brothers-in-law.

One Theme Used In Revival At Baptist Church

Throughout every service of Central Baptist revival, the pastor has spoken on one theme. That theme has been "Jesus Christ and His Power to Save." All services have been similar in that they have been largely attended, music soulful, messages earnest, and a growing interest.

Dr. Kuykendall, on behalf of the club, thanked Miss Buchanan and her pupils for the splendid program they presented and invited them to return sometime soon for another program.

Gaston Dixon was accepted into the club as a new member. H. C. "Andy" Anderson gave a talk on Rotary education and gave the Rotary obligation to the new member.

Ranger is urged to attend all these services.

Stockholders of Gin Will Hold Important Meet

An important meeting of the stockholders of the Ranger Gin company, director of the Chamber of Commerce and citizens interested in the gin has been called for tonight at 8 o'clock at the office of the Chamber of Commerce.

Yesterday the Murray Gin company foreclosed on the gin and gave the stockholders until June 15 to take any action they could in connection with securing possession of the property again.

At the meeting tonight the citizens are expected to discuss the situation and to decide on any action that might be possible at this time in order to retain the gin for Ranger.

Everyone interested in the gin in any way is urged to be present in order that the seriousness of the situation may be explained and some course of action mapped out whereby the gin can be operated in the future.

Funeral Rites For Pioneer Minister Held At Arlington

Funeral services were held Tuesday at Arlington for Rev. C. E. Statham, pioneer Methodist minister of this section, who died Wednesday at his home in Arlington.

For more than 40 years Mr. Statham served as pastor of churches in this section of Texas. Many years ago he was pastor of the Methodist church of Eastland and at Carbon. He is the father of Ollie and Biecs Statham of Cisco and was the uncle of Mrs. D. J. Jobe and a brother-in-law of Tom Haley, both of Eastland. He was also a brother-in-law of Mrs. Terry of Rising Star. These all attended the funeral.

INSURMENTS IN FIGHT OVER VETERAN FUND

WASHINGTON, June 7.—Insurgent banking in the house today rejected flatly President Roosevelt's compromise in the dispute in veterans' economies.

New executive regulations, estimated to restore between \$60,000,000 and \$70,000,000 of the previous \$420,000,000 reduction affected by the president were attacked as "inadequate" by Rep. Patman of Texas and others of the powerful soldiers bloc.

This group, anticipating complete victory, will carry on for house acceptance to a senate rider the independent officers appropriation bill, which adds \$170,000,000 servicemen's allowances.

Kidnap Suspects

Walter Click, above, held in connection with the kidnaping of Miss Mary McElroy, is said to have been a friend of W. H. McFee, alleged leader of the kidnap gang. Abe Starr, above, is held in Kansas City in connection with the kidnaping of Miss Mary McElroy.

Deputy Identifies Man As One of Robbers of Bank At Humble.

While the man held a gun at his ribs, Gant was forced to drive slowly through the countryside. About a mile from Nacogdoches, the intruder ordered Gant to stop the machine. He took the officer's gun and then waved him off with a warning to return home.

Texas rangers were assigned to the case today. The Gregg county deputy said he recognized his abductor as "Pumpkin" Barfield, East Texas fugitive, who is sought in connection with a bank robbery at Humble, in which an officer was slain.

Fort Worth Girl Still Missing

Fort Worth, June 7.—Descriptions of Mary Lee Lucas, 19-year-old choir singer, missing since early Monday, were sent to all major Texas cities today in an effort to locate the girl.

Police discarded the theory the girl had run away from home when her father, A. L. Lucas, a railroad rate clerk, said his daughter carried no money with her and that she was a studious and quiet type. The girl recently was graduated from Southwestern Theological Seminary here and was a member of a quartet in a church. The father could offer no theory and the theories thus far pursued by police were unavailing.

Indiana Revokes Its Dry Standing

INDIANAPOLIS, June 7.—Indiana today revoked its 17-year-old and as a prohibition stronghold and became the 10th state to vote for repeal of the 18th amendment.

The repeal victory in Indiana was considered especially significant. Since 1917, when the legislature outlawed liquor, Indiana has been one of the mainstays in the prohibition structure. A vote showed a majority of approximately 2 to 1 for repeal.

French Will Not Pay June Installment

PARIS, France, June 7.—The French government does not propose to pay either the defaulted December 15 war debt payment to the United States or the one due June 15.

Although the cabinet has not formally made its decision, the United Press learned from an unimpeachable source.

SCOUT MOTHER HONORED

BIG SPRING, Texas.—Mrs. Georgia Mendoza, in a recent ceremony here, was presented a "certificate of honor" from the national court of honor, Boy Scouts of America. Mrs. Mendoza's son, Raymond, a scout, died after saving the life of his brother, Jesse, who had fallen into a ditch filled with hot water and acid.

Man Drives Off In Wrong Automobile

TYLER, Texas.—Ray Garrett, Tyler golf professional, had a tankful of gasoline and a Longview man had a red face as a result of an automobile mixup which occurred here recently.

Garrett, standing on a street corner, saw his automobile being driven down the street. He dashed to the sheriff's office and the two men, in the sheriff's car, started in pursuit. Four miles out of town they came abreast of the car. Questioned, the driver said he was going to Longview.

"Not in that car, you're not," he was told. Explanations followed. The traveler had parked his own automobile, similar to Garrett's, in front of a bank building. In leaving, he got into Garrett's machine by mistake. Before starting for Longview he filled the tank with gasoline. He refused to accept a proffered refund, declaring it was no more than just that his mistake should cost him something.

NOVO-SIBIRSK, Siberia, June 7.—Jimmy Mattern, American aviator, was sighted at 1:10 a. m. (Greenwich mean time) today, enroute to Chita.

Jury Disagrees In Civil Suit

The jury failed to agree in the case of T. Hunter Foley vs. the Teachers & General Insurance company which was on trial in the county court Monday and Tuesday. This case grew out of a fire, which destroyed a Ford coupe, sold to O. F. Clark, who lives south of Eastland by Mr. Foley in December, 1931.

Mr. and Mrs. Joseph have been planning on the trip for several months. They left Ranger over a week ago, and intend to be gone until early in September.

During the absence of Mr. Joseph the business of his store is being looked after by Mr. Webb and other employees.

LAWMAKERS SAVED MILLIONS FOR THE TAXPAYERS

Speaking of the adjournment of the Texas legislature a joint committee reported that the appropriations authorized during the session were \$10,742,827 less than the allotments voted by the 42nd legislature and approved by former Gov. Ross S. Sterling.

All in all the pledge given to the people for a 25 per cent cut in appropriations was made good by the lawmakers. They chloroformed many bills which were unnecessary and would have led to waste of the money of the people.

There is one thing certain, if the output of constructive work was not great, that of a destructive nature was reduced to the minimum and the amendments submitted to the people for their approval or rejection in August for the most part are of a constructive nature and if adopted will create mighty reforms in state government as well as local units and reduce the cost all along the line from top to bottom.

MORRISON OF TEXAS GOES TO LONDON

Ralph W. Morrison of San Antonio was named by President Roosevelt as the sixth man to fill out the delegation for the London-economic conference. He is a business man and banker of San Antonio. He is a large ranch owner and interested in the breeding of fine horses and cattle.

He was a large contributor of the campaign fund of Franklin D. Roosevelt and John Nance Garner. As a matter of fact he is a very close personal and political friend of the vice president. He was the first choice of the Texas Roosevelt organization for a cabinet place—that of secretary of commerce. This plum was handed on to another.

A reminder that the economic conference is to last six weeks or until Aug. 1; all problems are to be tackled before general debate, then a recess may be taken and committee work may be carried on at Geneva, parallel with the League assembly there in September. A distinguished honor to say the least as well as a very appropriate recognition of an American commonwealth first some of the time and second most of the time in the values of its export staples to foreign land.

How Much To See The World Fair?

You Can Have a Week in Chicago for Less Than \$50 and See Almost Everything the Exposition Offers; Economies Will Cut That Budget.

By ELIZABETH WALKER
NEA Service Special Writer
CHICAGO. — Thousands are asking, "How much will it cost to see the world fair?"

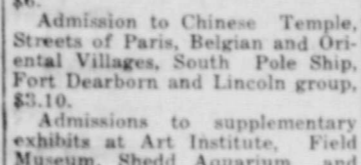

The 1933 Midway

Sky Ride and Lagoon

stopping at a good hotel, for well under \$50. This figure would include: Room with bath, five days, \$12.50.

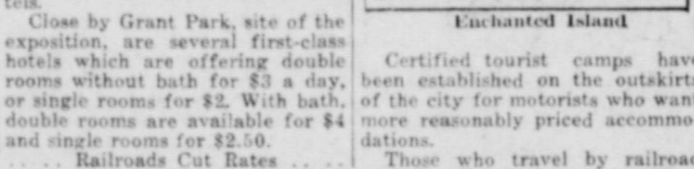

Old World and New

Admission to Chinese Temple, Streets of Paris, Belgian and Oriental Villages, South Pole Ship, Fort Dearborn and Lincoln group, \$3.10.

Whether a person stays within his budget depends largely on how much he spends on that boulevard of ballyhoo, the Midway, where amusement concessions are located. It derives its name as well as its scale of prices from Chicago's first fair in 1893.

Close by Grant Park, site of the exposition, are several first-class hotels which are offering double rooms without bath for \$3 a day, or single rooms for \$2. With bath, double rooms are available for \$4 and single rooms for \$2.50.

Those who travel by railroad will have the benefit of 1 1-10 fare for a round-trip ticket good for 16 days; 30-day tickets are obtainable for 1 1-3 the usual fare.

Cost of eating will depend largely on taste. Meals at hotels run from 50 cents upwards. Sandwiches may be had on the fair grounds for 5 and 10 cents.

One of the boasts of those responsible for the exposition is that 85 per cent of the \$25,000,000 worth of attractions, condensed within its 424 acres of grounds, are available for the general admission charge of 50 cents for adults and 25 cents for children.

There's Much to See
Chief among the 85 buildings whose exhibits are wide open to visitors within the exposition gates are the Hall of Science, the Agricultural and Dairy buildings, the General Exhibits group, the Federal building and Hall of States, the Electrical group, Hall of Religion and the vast Travel and Transport building.

General admission tickets are also passports to such specific places of pleasure as the picturesque Japanese and Italian, Czechoslovakian, Polish and Egyptian pavilions, the Moroccan Village and Maya Temple, Home Planning Hall and the colony of model homes surrounding it, the U. S. Army Camp, the magnificent buildings of a score of private exhibitors, and the poultry farm where prize-winning hens from all over the world are now engaged in an egg-laying marathon.

Certified tourist camps have been established on the outskirts of the city for motorists who want more reasonably priced accommodations.

Cost of Colleges of State Estimated

AUSTIN.—An interesting compilation has been made from the appropriations for the state colleges showing what it costs the state per student at each one. According to this the cost at Texas A. & M. college is \$300 which is the highest. The higher cost there is explained as being due to the technical nature of many of its courses.

DARLING! FOOL

MONNIE O'DARE rushed home from Europe in response to a despatch from her former fiancé, DAN CARDIGAN, only to find him dying from injuries received in an automobile accident.

MONNIE works to help support her mother, younger brother and sister. BILL, her older brother, works in a garage. On the European trip, Monnie was the paid companion of her old friend, MISS ANSTICE CORBY.

ARTHUR MACKENZIE, rich, middle-aged New Yorker, whom she met on the trip, asked her to marry him but she refused. After Dan's death Monnie tries to pick up her life anew.

MONNIE was at the telephone the following Monday morning, trying to get a blurred connection. "Long distance calling," the operator droned. "Calling Miss O'Dare."

"Then came a man's voice, leisurely, deliberate. "Monica?" "Yes."

"This is Arthur Mackenzie. I'm passing through your town tonight. May I stop to see you?" Almost before she knew it she had answered him and the brief connection was broken.

Wheat, cotton, employment... up, up, up the ladder. It begins to look like there's going to be a run for everybody.

There's a lot of print about what the officials are going to do when the kidnapers are caught. And so the public sits around and waits... until another becomes more interesting.
