GRAND JURY REPORTS ILLEGAL SALES OF BEER

OFFICERS ARE WARNED SALES SHOULD STOP

Report Is Made To Judge Davenport at End of Session.

Beer is being sold illegally in some places in Eastland county, according to the findings of the Eastland county grand jury, which made a special report Friday afternoon to Judge George L. Davenport of the 91st district court, to put those violating the law in this respect on notice that they are violating the law and may expect to be prosecuted if they continue to do so.

Some dispensers of beer in Eastland county, the report states, seem to have secured federal licenses therefor, and there seems to exist some confusion concerning same. Nevertheless, the law is being violated and it must stop or those guilty must suffer the consequences, the grand jury said in its special report.

The special report praised Criminal District Attorney Grady Owen and Sheriff Virge Foster and the members of his department, and all peace officers, for their splendid work they have been doing, stating that due to their efforts the ground work for the investigation the grand jury made, was already laid when the grand jury assembled and therefore the work of investigation was made much more thorough and quicker.

The special report, which is signed by S. E. Hittson, foreman, and R. E. Sikes, secretary, follows in full:

Special Report of the Grand Jury

"We, your grand jury for the December term, A. D., 1933, after having been in session for five days, beg leave to make the following special report:

"We have made a rather extensive investigation relative to the situation in Eastland county concerning the reported sale of beer. From the evidence before us there would seem to be no question but that beer is being sold in some places in violation of the law. Several of such dispensers of beer seem to have secured federal license therefor, and there seems to exist some confusion concerning same. However, it appears clear that the law as it now exists in Eastland county is being violated in this respect, and we are making this report in order to put all such parties on notice that they are violating the law, and may expect to be prosecuted for such violations. As long as the law exists, good citizens should scrupulously obey same, and the others should either obey the law or be punished for infractions thereof, and we hereby recommend to all peace officers in the county, both state and county officers, and city officers, that they be on the lookout for violations in this respect, take due notice thereof, and make proper reports of the evidence obtained in this connection to this grand jury when it next convenes, along with any other evidence of law violations which may come to their knowledge.

"We desire to commend Grady Owen, the district attorney; Virge Foster, the sheriff, and his department, and the bailiffs of the grand jury and all peace officers in the county for their hearty co-operation and assistance in making this investigation, as well as in connection with all other law violations. They have worked with us in every respect, and already had the groundwork laid for our investigation when we convened, and quickly and efficiently produced before us the evidence and witnesses on which this report is based, along with the witnesses and evidence of other law violations. We appreciate their thorough co-operation, and hereby extend them our thanks and commendation."

Fire Causes Death Of Two Notables

WHITCHURCH, England, Dec. 9.—A house party made up of British, French and American notables, came to a tragic end today when fire swept through the mansion of Leander McCormick of Chicago.

A French duke was burned to death. The Hon. James Rodney, brother of the eighth Baron Rodney, died of injuries received when he jumped 20 feet from a window to escape the flames.

Spanish Revolt Passes Its Height

MADRID, Spain, Dec. 9.—A long-planned anarchist revolution broke out in the northeastern provinces and after spreading to a dozen towns over a wide area, seemed to have passed its height.

Bombing, street fights and a railway wreck marked the outbreaks, of which the country has been in fear for days. There was serious loss of life but no casualty list had been tabulated, so fast did reports multiply.

Masons Plan Big Celebration On 41st Anniversary

Tuesday night the Masonic Lodge of Ranger will celebrate its 41st anniversary with a good program provided for all Masons who attend the celebration, which will be held Tuesday night of this week.

It is anticipated that a large number of old timers will be present at the meeting and special arrangements have been made for them.

The entertainment committee has worked out an interesting program, which will be put on when the Masons assemble for the celebration.

Many Masons who formerly lived in Ranger and who have since moved away are expected to be present, since this is the first anniversary celebration here in several years.

Toy Woolley Trial Progresses Slowly

DALLAS, Dec. 9.—The trial of Toy Woolley on a charge of murder in connection with the shotgun death of his wife, proceeded slowly in district court today.

Character witnesses paraded to the witness stand today. Woolley's testimony was expected to be given next week.

Two People Killed In Train Accident

CHILLICOTHE, Ohio, Dec. 9.—Two persons were killed and two injured near here last night when the Sportsman, fast passenger train of the C. & O. left its tracks and went into a ditch. The victims were the engineer and an unidentified negro riding "blind baggage."

GOES TO DALLAS

Judge George L. Davenport of the 91st district court has been called to Dallas where he will occupy the bench this week in the 59th district court, the court of Judge Royal A. Watkins.

Changed His Mind

That he erred in approving the stand taken by Governor Rolph in upholding the San Jose lynchings was the admission made by the Rev. Dr. Henry Darlington, rector of the Protestant Episcopal church of the Heavenly Rest in New York. His retraction, announced to his congregation, ended picketing of students outside the church.

University Humor Magazine Editor Put on Probation

AUSTIN, Dec. 9.—The Texas Ranger, humor magazine at the University of Texas, was without an editor today—all because of a joke entitled "Too Darn Far."

The university discipline committee decided the joke went "too darn far," exceeding the propriety and violating the dignity of university publications.

Editor Morris Glass, Abilene, was placed on disciplinary probation for the remainder of the current session, preventing him from editing the Ranger.

The offending joke related a groom's hectic four days with a bride who wore an overlong coat, cooked triker biscuits for breakfast and enjoyed seeing how close she could come to a fire hydrant with his car.

The joke was accredited to the Pelican, University of California humor publication.

Dry Cleaners of Area Will Meet

The trading area of the State Association of Dryers and Cleaners is to meet in the Guelson hotel, Ranger, at 2 o'clock this afternoon for discussion of problems of the association. S. P. Boon will preside at the opening of the meeting.

The trading area includes Eastland, Erath, Hamilton, Hood, Callahan, Coleman, Concho, Mills, Palo Pinto, Parker, Brown, Shackelford, Somervell, Throckmorton, Stephens and Young counties.

Orval Slater of Dallas, state president of the association, will be the principal speaker at the meeting. Dry cleaners from over the entire trade area are expected to be present at the meeting.

Texas Cotton Crop Is 4,475,000 Bales

AUSTIN, Dec. 9.—The Texas 1933 cotton crop was placed at 4,475,000 bales by statisticians in the United States department of agriculture today on the basis of crop reports received Dec. 1.

This figure compares with 4,500,000 bales produced in 1932 and 5,319,000 bales in 1931.

Favorable weather conditions in the north, northwest and western areas of Texas have caused production to exceed earlier expectations, the report said.

Texan Is Killed In Auto Accident

KANSAS CITY, Dec. 9.—An automobile plunged over a 40-foot embankment today and killed two occupants, J. J. Ross, the driver, and an unidentified woman.

Police said the automobile, which bore a Texas license, was apparently traveling fast when it leaped the embankment at the end of a blind street.

Two More Candidates Are Expected To Announce For Governor Within Another Week

By GORDON K. SHEARER, United Press Staff Correspondent

AUSTIN, Dec. 9.—At least two definite announcements for governor will be made within the week, the United Press has been reliably informed. Another candidate will announce before the Del Rio dinner next Friday night when Attorney General James V. Allred has promised his answer.

Speaker Coke Stevenson's candidacy is no longer in doubt at Austin. He has told friends privately that he intends to run. The announcement to be expected this week before Allred's is from one of the entrants in the first primary of the last campaign. Senator Clint Small, candidate of the 1930 race already has announced. Tom Hunter, who was in the 1932 race, has renounced also.

Wichita Falls is home of four possible candidates. C. C. McDonald and Hunter, both announced, are from there. It is Allred's home and Walter Cline of the same city is said to be considering.

Stevenson's entry into the governor's race will result in State Representative Metcalfe, San Angelo, running for congress in the new 21st Texas district. He has been undecided between that race and one to succeed State Senator Walter Woodward of Coleman, who will run for attorney general.

Stevenson's candidacy for governor will also open up another race—that for speaker of the 44th Texas legislature. W. H. Harman, Waco, chairman of the house appropriations committee; Representative J. B. Ford, McGregor; Representative W. E. Jones, Atascosa, and Representative Emmett Morse, Houston, are expected to be candidates for

EDGAR WITT TO BE CANDIDATE FOR GOVERNOR

By United Press

WACO, Dec. 9.—Edgar Witt, lieutenant governor of Texas, today announced himself a candidate for governor at the democratic primary elections next summer.

Witt in his announcement said he believed the question of repeal of state prohibition should be submitted to the voters at the earliest possible moment.

"In event of repeal of state prohibition, I should advocate such regulation of liquor selling as will prevent a return of the saloon and bring about the extermination of the bootlegger and require that the sale of liquor be conducted under such regulations as will promote temperance and bring the traffic into the open," he said.

"I believe that my experience and ability have qualified me to discharge the duties and responsibilities of the office of governor," his announcement said, "and I announce my candidacy and pledge if elected I will discharge the duties of the office fairly to all persons and to all viewpoints with the sole purpose always to serve the best interest of the whole people."

"In the course of the active campaign I shall make, I shall express myself fully on all issues that may arise."

He was elected to the state senate in December, 1918. He held office continuously in the senate until 1930, when he was elected lieutenant governor. He was re-elected in 1932 without opposition.

Counter Proposal On Price Fixing Being Studied

By United Press

WASHINGTON, Dec. 9.—Secretary of Interior Ickes, administrator of the oil code, today was completing his study of a counter-proposal to price-fixing submitted by dominant oil concerns.

The proposal was in the form of agreements among 24 major firms to stabilize prices by limiting production and fixing the margin of profits for refiners and handlers from the oil wells to the consumer.

One agreement would create a national petroleum agency, a voluntary organization of the oil firms, to supervise the industry and discipline violators by cutting off deliveries.

Highway 1 In Eastland to Be Concrete Paved

By United Press

AUSTIN, Dec. 9.—The state highway commission announced 19 new projects for bidding today as it rushed its national recovery highway program in an effort to have the \$24,000,000 federal aid allotted Texas under contracts by Jan. 1.

Today's new projects raised the estimated cost of road work to be bid upon Dec. 18 to \$1,925,000. The projects announced included concrete pavement of Highway No. 1 in Eastland, Eastland county.

Daylight Robbery Nets \$10,000 Loot

By United Press

DENVER, Colo., Dec. 9.—In a daring daylight holdup of a downtown beer parlor, five heavily armed bandits today seized more than \$10,000 in cash and fled through a hail of gunfire which was believed to have killed one of their number.

Elks Postpone All Fight Cards Until First of the Year

J. R. Heister, promoter of the Elks fights which have been held each Monday night, has announced that due to unforeseen circumstances the regular weekly fights will be discontinued until after the first of the year, at which time good fights are to be staged.

The announcement states that by the first of the year the Elks will be better prepared to give the fans of this community the kind of action they want to see and better fights will be arranged.

A number of good fighters are being lined up now for the shows after the first of the year and only those who are known for their aggressiveness and willingness to mix it with their opponents are being sought.

In making the announcement Promoter Heister stated that the Elks were appreciative of the patronage and thanked the public for their interest.

Mexican Smuggler Commits Suicide

By United Press

EL PASO, Dec. 9.—Heriberto Ibarra, 30, who was captured during a gun battle between border patrolmen and liquor smugglers in which three were killed, hanged himself with his belt in the county jail today.

Sheriff Fox said he believed the man hanged himself because he "realized he had told too much."

He told officers yesterday in a statement that the rum runners had bribed Juarez customs officers to permit departure of the liquor to America.

Money Is Loaned To Texas Counties

WASHINGTON, Dec. 9.—Public Works Administrator Ickes today announced a loan and grant of \$4,853,000 had been made to the Willacy county water control and improvement district No. 1 in Texas.

The allotment will be used to complete an irrigation system in Willacy and Hidalgo counties.

'LEAKS' ON GOLD PRICES BEING INVESTIGATED

By United Press

WASHINGTON, Dec. 9.—Treasury officials have started an investigation, it was learned today, into alleged "leaks" of the government's daily domestic gold price, which have given foreign exchange traders opportunity to gather large profits.

Although the treasury announced its domestic gold buying price at 9:45 a. m. daily to the press, complaints have been received by officials the price is available in London before its release to the press.

Last week one news service reported the gold price was called back to New York from London eight minutes before its release at Washington. Another service reported the price was available in London four minutes before it was received from Washington, although the transmission took less than one minute.

Treasury officials in their investigation into the source of the alleged "leaks" said today that Washington is the only place at which the price is announced. Several tests are known to have been made by treasury officials in effort to discover the source of the alleged leak, but so far no evidence has been uncovered.

Hickory Oil and Gas Co. Drills In A Big Gas Well

Jack Noel, superintendent for the Hickory Oil & Gas company, has just brought in a 4,000,000-cubic foot gas well for his company on the C. H. Fee tract, one mile north of Cisco. The pay, which is the company's first well on the tract, was reached at 3,480 feet.

In addition to the gas it is making the well is spraying oil and it is believed that when it is completed, which will be in about 10 days, it may develop into a good oil producer as well as a gas producer.

Ice Plant to Be Located Near Here By Cisco Company

(From The Cisco Citizen)

W. J. Parsons and associates, who contemplated establishing an ice and cold storage plant in or near Cisco, have secured a more desirable location near Ranger, and are now moving material to that location.

Mr. Parsons says he secured sufficient gas for all his purposes at 6 cents per 1000 cubic feet. He will get his water free, costing only the sinking of wells, as his location is in the shallow water belt, where there is enough water to float a battleship. This location, is on the Breckenridge-Ranger highway, four miles from the latter city.

He plans to make his factory a co-operative plant, which, with small gas bills and free water, ice can supply ice as cheaply as any plant in Texas, and much cheaper than many.

He said work on the plant will start right away and be rushed to completion to be ready for next summer's business.

Boy Scouts Hold A Court of Honor

Scouts of Troop 9 and Troop 10 met at the Masonic Hall Friday night, when a court of honor was held.

Wallace Reed was presented with an Eagle badge, Billy Joe Turner was given a Life badge and George Armstrong a Tenderfoot badge.

After the presentation of the badges the scouts enjoyed refreshments consisting of Coney Islands

TEMPLE WINS FROM RANGER BY 20-7 SCORE

By BREEZY CARROLL, Temple Morning News Sports Editor

The Temple high Wildcats reached the end of the 1933 gridiron trail on the Woodson field gridiron Friday afternoon in a blaze of glory, ending their season of thrills and heartaches by smothering the vaunted Ranger Bulldogs by a score of 20-7 in a game that furnished all the thrills that can be crowded into 60 minutes of high school play.

Seldom do two as evenly matched crews of gridiron gladiators meet on the field of battle as the Temple and Ranger crews, and but for some strategic breaks of the game, the score would not have been as high as it was.

First Quarter Scoreless

The two clubs baffled on even terms throughout the first period and it was late in the second quarter before a break led to the first score. Hunnecutt, substitute end, was far offside on the play on which Fred "Snake Hips" Rodgers galloped around end for 30 yards to put the ball in scoring position.

In seven plays, with Forrest carrying six times and Riola once, the Wildcats drove for the opening score.

After the kickoff a break gave Ranger a chance to tie the score. Woods fumbling on the eight-yard line from where Anderson crashed through to a touchdown in three plays. He kicked the extra point, tying the score and then the clubs settled down to a real battle.

As the fight continued for 60 brilliant minutes, it was first one team and then the other whose goal line was threatened.

The eight Wildcats who reached the end of their high school careers today all covered themselves with glory in their final appearance on the gridiron, all playing sensational football to overcome the invasion from the oil belt.

Santa to Visit the Children of Ranger Monday Night, 7:30

Each year Santa makes an official visit to Ranger before Christmas in order to see how the boys and girls are getting along and how they have been behaving during the year.

This year he has planned to visit Ranger on Monday night, Dec. 11, for a short visit around 80 and all the boys and girls are invited to be present, as Santa has little gift of candy for each.

Mrs. Alice D. True, secretary of the Santa retail merchants association, has received word from the jolly fellow to the effect that he will arrive promptly at 7:30 with a big load of candy, which he will give away on Main street. But she has a number of towns to visit that night and since he will not be driving his reindeer new style as they are resting up for Christmas night, he has asked that the children be on hand on Main street promptly at 7:30 so that he can get away in time to visit the other children in the other known towns.

The street lights will be turned on before the arrival of Santa Claus and everything will be in readiness for his annual visit.

Second Monday to Be Observed With No Program Plans

Announcement has been made that the regular Second Monday entertainment will not be staged a month as they are being discontinued until the spring.

However, the regular horse riding and other features of the Second Monday will be carried on usual.

As soon as the weather moderates in the spring it is planned to do the monthly rodeos and other entertainment features for those who visit Ranger to do their shopping on Second Monday.

New Ford V-8 Put on Display With More Than 7,000 of Nation's Dealers

DETROIT, Mich., Dec. 9.—The new Ford V-8 for 1934 was on display Saturday in more than 7,000 Ford dealerships throughout the United States. Edsel B. Ford, president of the Ford Motor Company, announced today.

As revealed here by Henry Ford and his son to several score newspaper correspondents, special writers and photographers, the new Ford has greater power, more speed, quicker acceleration, and smoother performance, more miles per gallon, especially at higher speeds, and quicker starting in cold weather, plus refined body lines and a new built-in system of clear-vision body ventilation.

The improvements in engine performance are the result of the use of a new dual down-draft carburetor and dual intake manifold which increase the engine's power approximately 12 per cent and provide a remarkable improvement in pickup.

"The new car is the best car the Ford Motor Company ever built," the Ford president said. "Basically it is the same car as the hundreds of thousands of other Ford V-8s now on the road. It simply incorporates numerous improvements in engine and chassis design, the new body ventilation system and refinements in body styling and appointments which have been brought to a proper stage of development during the past year in our engineering research."

The new Ford ventilation system, which is built into the body, permits clear vision, prevents drafts and provides the desired amount of fresh air in any weather. Individual control is provided for both front and rear side windows.

When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half turn. This slides the glass back horizontally to form a narrow slot between the glass and the frame. Through this slot air is drawn out by the forward motion of the car.

This simple ventilation system maintains a draft-free circulation of air and prevents fogging windshield and windows in cold or stormy weather. Both windshield and cow ventilator can be opened to supply additional air for warm weather driving.

The distinctive lines of the Ford V-8 have been refined in the 1934 car by a newly-designed radiator shell, grille and other features. Interiors reveal new tufted upholstery and garnish moldings, a cove-type head lining, new instrument panel, arm rests, door pulls and hardware. Sun visors are provided in all closed cars, those in the de luxe cars being of swivel type to prevent glare both from the front and sides.

Fenders on de luxe cars now are in color to harmonize with the body colors. Wheel colors are optional. A new enamel finish is used on all bodies. This has greater wearing qualities, a more enduring lustre and requires only washing to restore its brilliance. Bodies are of steel, electrically welded one-piece construction.

Eleven body types are available. Included are both standard and de-luxe types of the Tudor, Fordor, 3-window coupe, the de-luxe roadster, phaeton and 3-window coupe, as well as the cabriolet and victoria. The victoria body has been newly-designed, to afford additional passenger room. A large luggage compartment is provided in the rear.

Because of the increase in engine power over the whole speed range, an appreciable increase in top speed is attained. The flexibility of the car—its ability to pick up speed quickly in traffic or to cruise in crowded streets without shifting out of high gear—also has been materially improved. The increase in top speed, without sacrifice of safety, permits driving at relatively high speeds with increased safety and without engine strain.

The engine is fitted with aluminum cylinder heads, heat resisting high chrome tungsten steel exhaust valve inserts and an entirely new cast alloy steel crankshaft which engineers rate as a marked improvement over the forged steel member formerly used. The aluminum cylinder heads permits the use of high compression, giving greater power, without requiring the use of premium fuels of high anti-knock quality. The valve inserts, together with the special heat resisting chrome nickel alloy valves, maintain the engine's original high efficiency over long periods.

The new carburetion system and other engine refinements not only give better gasoline mileage and oil economy but also insure smoother operation at all speeds and particularly at normal driving speeds. With the new carburetor is used a dual intake manifold which distributes the vaporized gasoline equally to each cylinder, very materially improving engine performance and providing quicker starting in cold weather. Gasoline economy is increased two or three miles per gallon. Test runs show that the new engine will give 20 miles per gallon at 45 miles an hour.

Another important engine improvement is the use of water line thermostats. These are automatic mechanical valves which prevent the warm water in the engine from passing out into the cooling radiator until the proper temperature is reached for maximum operating efficiency. In cold weather, the thermostats enable the engine to warm up quickly and maintain an efficient running temperature.

Ford spring design takes advantage of the principle of the transverse spring. It provides the utmost stability and safety, the practical minimum of unsprung weight with the least possible frame distortion. The Ford spring design tends to prevent the body from tilting on uneven roads. Corners can be taken safely at relatively high speeds.

Both front and rear springs are placed crosswise. This transverse

Mrs. Eli Perkins Sues for Damages

ABILENE, Dec. 9.—District court jurors in the \$100,000 damage suit of Mrs. Hester V. Perkins against Morgan C. Jones, Abilene car over the breaking of a verdict this morning at 9 o'clock. Judge W. B. Chapman of the 16th circuit dismissed the group early last night, four hours after it had received the case.

Arguments of attorneys and reading of the court's charge to the jury consumed the closing session of the trial yesterday morning. Jurors began deliberation when court was resumed at 1:30 p. m.

Mrs. Perkins, mother of two young children, is suing in connection with the death of her husband, Eli Perkins, killed in an automobile crash here last January. The car colliding with Perkins' machine was driven by Tom Jones, 26-year-old son of the defendant in the suit.

Wagner Women Attend
 Brownwood Federation Luncheon
 The M. H. Hagaman and
 Pitcock represented Ranger
 at the luncheon given by the City
 Federation of Brownwood at the
 Hotel Brownwood Friday.

The affair honored the incoming
 Sixth district and state officers,
 and was attended by approximately
 250 guests from the district,
 eight going from Eastland
 and eight from Cisco. Misses J.
 Perkins and J. L. Horton, two
 district officers, were among those
 from Eastland.

Mrs. Harry McGee of Brownwood
 presided as toastmistress
 throughout the luncheon, presenting
 the program in the manner of
 characters of "Alice in Wonderland."
Mrs. Volney Taylor of Brownwood,
 the new president of the Texas
 Federation of Women's clubs,
 talked along the line of
 deration work, taking as her
 subject, "Understanding Each
 Other."

Miss Carrie Reeves of Brownwood,
 second vice president of the
 state federation, spoke briefly, as
 did Mrs. J. M. Perkins, president
 of the Sixth district.
 Several musical numbers were
 presented by Brownwood women.

A monologue giving the high
 lights of the life of Miss Carrie
 Reeves was read by Mrs. Roberts,
 with illustrations in chalk drawings
 by Mrs. Camp.
 The Eastland women gave a skit
 from the operetta, "Flora
 Zerkow."

According to Mrs. Hagaman,
 unusual bringing together of
 members of the district for the
 presentation of the state and district
 officers, not only stimulated
 the spirit of the federation, but
 did a great deal to the women
 from the viewpoint of personal
 contact.

CHRISTIAN SCIENCE CHURCHES

The Preserver of Man is the subject of the lesson-sermon which will be read in all Churches of the Christian Scientist, today. Golden Texts: "The Lord is thy refuge, and in Him are the everlasting arms" (Psalms 33:27). The lesson-sermon also includes the following passage from the Science text-book, "Said Health with Key to the Resurrection" by Mary Baker Eddy: "The man that reforms the sick is an absolute that all things are possible. God—a spiritual undergirding of Him, an unselfish lover, watching, and working, and with self-immolation, are gracious means for achieving whatever has been fully done for the Christian and health of mankind."

HOPE TO BE WELL FED

ARE BUTTE, Mont.—One wild antelope is not without a hard winter. William Sullivan, chairman of the fish and game commission, a 30,500-acre ranch, is turning over to the antelope winter. Sullivan recently has his hands prepare 1,500 hay and 500 tons of alfalfa for the antelope. Knowing that he will be on the Sullivan ranch more than 650 antelope will be at headquarters there. Sullivan is planning to go on a revival tour. He'll be in Butte there.

Preaching 11:00 a. m., by the pastor. Subject, Paul's Noble Host.
Communion just before morning sermon. Every member of the church should be in all these services, if possible.
Christian Endeavor meets at 6:15 p. m.
There is a great treat awaiting the evening congregation. Mr. D. Joseph will give an address on his native land. This will be a most interesting service as Mr. Joseph was born in that far away country and knows the customs and religions of his people, or the people of Assyria, better than folks who just make a visit to that country. Brother Joseph will tell us of "The Wailing Wall" that we have all read so much about. This will be a very interesting program. Don't miss it.
There will be special music at both services led by Brother Wal-

ST. RITA'S CHURCH

This is the Second Sunday in Advent. Masses will be at 8 and 10 a. m. by Rev. J. Fernandez. The Epistle read is taken from the Romans XV. 4-13, and the Gospel is from St. Matthew XI 2-10. In this gospel John the Baptist tells of the miracles of Christ to those who came to him in prison and thought that he (John) was really the Redeemer. Christ also states that John is even more than a prophet.

CHURCH OF CHRIST

(A Friendly Church)
D. W. NICHOL, Minister
The interest being manifested in the class study is indeed gratifying. We meet promptly at 10 o'clock, having in view implanting in the minds of those who attend the principles of the teachings of Christ. We cordially invite you to meet with us.
Preaching 11 a. m., subject, "Weak and Disorderly." Scripture reading, Gal. 6:1-2. Theses 38. Admissions to the faithful—warnings to the faithless. We always appreciate your presence.
Communion services 11:45.
Preaching 7:15 p. m., subject, "Reverence." Thoughts suggested for this lesson by the reading of Psalms 111: Even Christians have failed to appreciate the proper reverence towards God and His commandments. Let us receive mutual benefits by a study of this lesson.
Monday afternoon 1 o'clock the ladies meet in the social hour of sewing and quilting. Regardless of your church affiliation, you are invited. Bible lesson from 1 to 4 o'clock. The lesson for this period will be Rom. 13th chapter.

Ranger Society

(Continued from page 3)
According to reports, progressing nicely in the prescribed work.
Home Economics Department
To Dress Dolls
The home economics department of the Ranger high school, directed by Miss Jimmie Moran, will dress dolls Monday for the Child Welfare club looking forward to Christmas.
Anyone having dolls to donate for the Christmas cheer baskets to the club, and whose dolls need new clothes can get them dressed at the department, if they will provide a scrap of material for the purpose. The dolls and material may be carried to the school, Mrs. Saunders Gregg, or "The Globe, Inc." The public is requested to cooperate in this project.

Ranger Personal

Among those Rangerites who attended the Ranger-Temple game in Temple Friday were Leon Riddle, L. Love, D. W. Nichol and "Shorty" Johnson.
Miss Emily Bendix is a guest at the University of Oklahoma, attending a week-end house party of the Sigma Delta Tau sorority.
Mmes. Saunders Gregg and John Thurman are visiting Dr. and Mrs. Holland of Denton. The latter will be remembered as former Ranger residents, connected with the West Texas Clinic, Main street.
Mrs. H. L. Childs and daughter are spending the week-end in Thurber.
Mrs. N. J. Navakovich and daughter, Marguerite, spent Saturday in Dallas on business.
The condition of J. M. McEver, who has been a patient at the City-County hospital for some time, is reported unchanged. He is in a very critical condition, according to authorities.
Lewis Work, who underwent a minor operation at the City-County hospital Saturday, is reported resting well.

Temple Wins

Continued from page 1
with his hand in a cast, stood out among the linemen, while Giles Birchum and Blackie Casimir played sensationally, the great Rankin Britt, sensational Ranger end, being completely under control all day. Ki Aldrich continued his slaying in the center of the Wildcat forward wall.
Bud Bell played the greatest game of his career on end, while the balance of the line, Joe Antlike, Hanes Birdley, Dan Pope, Lester Huncutt and John Chupik all gave good accounts of themselves.
Vernon Forrest stood out in the backfield, accounting for 66 yards gained, but was only 11 yards ahead of Powee Montgomery and 25 yards ahead of Johnnie Riola. Jodie Marek spent the most of his time clearing the way for the other ball-carriers, but he found time

Woods and Rodgers Get In

Bad Woods and Fred Rodgers went into the game for only a few minutes but each gained over 30 yards and each helped to put the ball in scoring position.
For the visitors, Aaron Anderson and Speedy Gray were the whole show in the backfield, although Cole did some excellent punting to keep his team out of several holes.
The highly-touted Rankin Britt was completely battered by the fighting Wildcats in the line play and was forced to yield honors to Jacoby, who was all over the field making tackles. Walsh, the other tackle, was another defensive star while Love and Warden broke up many a Temple play.

Temple Penalties

Temple was penalized four times for 50 yards while Ranger was penalized six times for 30 yards. Temple attempted eight passes, completing two for 44 yards, five being incomplete and one intercepted.
Ranger attempted 17 passes, completing six for 70 yards, 10 being incomplete and one intercepted.
Temple punted seven times for an average of 34 yards.
Ranger punted 10 times for an average of 33 yards.
Temple gained 260 yards from scrimmage and Ranger gained 140 yards from scrimmage.
