PAUL ZIMMERMAN SAYS—

Hello, Neighbor

Harvey Youts is not going to permit the weeds to get so high on the plot of ground southwest of the school that an airplane can not light. He mowed the weeds recently and will notify the airports from Dallas to Dimmitt that the planes can take off with safety—allowing for rainy weather. He is up-to-the-minute on aviation. Only a year or two ago the newspapers, for example, paid little attention to aviation news. Now entire pages in the big dailies are set aside for aviation news. In time to come aviation will play a larger and larger part in business and social life. The town that does not awake to its importance will be left "high and dry on the wide open spaces." Cities will become larger and town smaller—if they do not keep abreast of times. The horse and buggy days—yes, even the automobile days—are making way for aviation. Neighbors of Dimmitt, let's lengthen our stride!

Another thing this County and this city could use to make it a center of activity in this section is a "city stomping grounds" where buildings and equipment could be erected for the Castro County Fair, a rodeo now and then, conventions, singings, picnics, old-timers reunions, softball, watermelon feeds—yes, even football games. We will hear some fellows holler, "We're broke." Yes, we're broke—and we will always stay broke if we don't keep things going. This country has a bright future, it appears to us, with the potential possibilities of irrigation and with the work program just getting underway by the organization of farmers known as the Castro County Wind Erosion District No. 112.

School will begin Monday September 1, possibly with registration. Superintendent McCollum could not be contacted Wednesday, but there is no doubt in our minds that both teachers and students are ready for school and work again. Moreover, it is time that those of post-school age forget about vacations and get down to work. Wheat planting will begin before long, and many of us should get a few turnip seed in the ground. Ah-h-h-h! School days! Good old golden school days are here!

The free show, which has been discontinued for a short time, may be revived before long if the Lions Club committee is successful in their efforts. No doubt the free matinee has been missed, and perhaps that will be provided in the near future by the merchants of Dimmitt.

One thing that should go over in a hurry is the work shop training center for boys or men who wish to learn mechanical trades or carpenter work. It is of value to the individual, the schools, the city, the county and the business concerns of Dimmitt. Perhaps we can report a successful conclusion of efforts to obtain the program by the time next week's paper is published.

FREE SHOW IN DIMMITT MAY BE STARTED

Local business men petitioned the Lions Club to promote a co-operative free Saturday matinee in Dimmitt this fall. A committee from the club composed of M. A. Kelly, Joe Butler and Clearance Bearden, with those whom they choose to assist them, will be passing a petition this week for a renewed effort to continue this free attraction to the people of the Castro County trade territory.

The free matinee will be shown at the Rio Theatre every Saturday afternoon to anyone, young or old, wishing to attend, and will be the compliments of Dimmitt business houses and individuals. Many rural people have asked about the free show since it was discontinued a short time ago, and interest seems to warrant the continuing of the show.

The committee proposed to handle the matter in a little different manner, employing some one, probably a girl, to do the collection, and paying the funds in advance to the show manager for the picture each week.

"The cash in advance," the committee members state, "will enable us to get a better deal on the show, and to pay for the help of some to collect the funds. With everyone cooperating, the proposition can be put over without hardship on anyone."

The committee, in cooperation with The News, will properly advertise the show when the program is worked out.

Dimmitt Lions To Attend Barbecue Tonight-Hereford

Members of the Dimmitt Lions Club plan to attend en masse the zone meeting of that organization to be held at Hereford Thursday night (tonight). The affair is to be a double event for the Dimmitt and Hereford Clubs. The chicken barbecue will be served the Dimmitt Club free as a reward for winning a two-month attendance contest conducted by the two clubs.

Starting with a business meeting at the county courtroom in the afternoon, the general program will get underway with a chicken barbecue at the club house at Hereford State Park, Thursday night.

BOYS WORK SHOP FAVORED BY DIMMITT SCHOOL TRUSTEES

At a meeting Friday night of last week the Dimmitt School Board and a committee from the Lions Club discussed the proposed work shop for training boys in mechanical arts, and the board sent B. J. Brannan and C. O. Byrnes to Lubbock to interview the district director of the program.

At the Lions Club meeting last Tuesday B. J. Brannan, reporting for the Dimmitt School Board, told Lions Club members of the interview with the state representative, and answered questions concerning the program.

Good equipment to the amount of approximately \$1500 would be left the school at the completion

Sunnyside Baptist Church Revival In Full Swing Now

The Sunnyside Baptist Church is in the beginning of their summer revival, W. M. Peticolas, pastor, announced Wednesday. Rev. B. B. Huckabay, pastor of the First Baptist Church of Morton, Texas, is the evangelist and is bringing stirring messages in both the morning and evening services.

The meeting began Sunday and will last a week or two. Rev. W. M. Peticolas, pastor, reports the crowds are growing at each service and that the public is invited to attend.

SINGING AT BETHEL

The Castro County Singing Convention will meet at Bethel August 24. Everyone is invited to attend, convention officials state.

4-H BOYS BACK FROM A 3-DAY ENCAMPMENT

Sixteen Castro County 4-H boys attended the district 4-H club encampment, where some 300 other Plains 4-H boys met for three days of recreation and educational work on better feeding and care of livestock.

The Castro County boys who attended were: Warren Lemmons, Dean Sanders, Rodney Smith, Homer Hill Jr., Raymond Powell, of the Hart 4-H Club; Francis Lee Jackson, Trellis Summers, Robert Duke, James Perry Cayton, Glenn Godfrey, Charles Frye, W. D. Powell, Merton E. Powell, Harold Johnston, Oren Eubanks, and Rodney Ivy of the Dimmitt 4-H Club.

Swire, dairy, and beef cattle production were taught the boys from specialist on those subjects from the Texas Extension Service. As a part of the recreation program the boys participated in rifle matches sponsored by the National Rifle Association. All boys reported they enjoyed the rifle practice and many boys made excellent scores and were awarded medals for accurate shooting.

The 4-H encampment is an annual affair, according to M. U. May, County Agent, and many more 4-H boys are expected to attend next year.

COUNTY FAIR MEETING TO BE HELD FRIDAY

A called meeting is to be held Friday night (tomorrow) at 8:00 o'clock at the office of County Agent M. U. May in the court house for all who are interested in the Castro County Fair, which will be held September 20.

Business men as well as farmers are urged by the county agent to be present for the meeting. Plans will be discussed for making the Castro County Fair even better than those held in the past.

"We have the stuff in this county to put on an excellent fair," County Agent M. U. May stated this week, "but we cannot expect Castro County farmers to go to all the trouble of bringing stock to town if the business men and public do not take an interest. It appears, however, that interest is higher this year than in the past. We urge both farmers and business men to attend the meeting Friday night."

H. D. Clubs Active
Women of the Home Demonstration Clubs of the county are also making definite plans to cooperate to put over the Castro County Fair.

Exhibits committees of H. D. Clubs of the county will meet Friday at 3:00 p. m. in the Home Demonstration Agent's office to perfect plans for the fair. These clubs will have informational exhibits on "Well Fed People Will Make America Stronger."

Flagg H. D. Club, under the chairmanship of Mrs. Clyde Dameron, will base their exhibit on "One Pint to One Quart of Milk and Three Servings of Butter Are Needed Daily."

Northedge H. D. Club, lead by Mrs. Webster Boone, will depict "One Serving of Green and Yellow Vegetables and 1 Other Serving of Vegetables Are Needed Daily."

Westside Home Demonstration Club will show that "One Serving Daily Is Needed of Citrus, Tomato, Raw Cabbage, or Strawberries." Mesdames Lester Gladden and Moran Dennis are co-chairman of this group.

Mrs. Colin Walton and members of the Midway Home Demonstration Club will show that "One Egg Daily Is Needed."

Hart H. D. Club, with Mrs. T. B. Cox as chairman, will build their exhibit around "One Other Serving of Fruit Is Needed Daily."

Other clubs will show the need for other items on the Texas Food Standard. "Well fed people insure a stronger nation" is the theme of the home demonstration clubs.

Nell Reynolds Hostess at Party

Nell Reynolds entertained with a party in the home of her parents, Mr. and Mrs. Carlos Reynolds, Monday night, August 17. Table games were enjoyed until a late hour.

Refreshments were served to Mr. and Mrs. Charlie Boone, J. R. Brown, Dorothy Beasley, Tommy Fowkes, Dorothy Graham, Carolyn Bynum, Bubbie Wesson, Laura Jean Cunningham, J. O. Ayres, Jim Schwaller, and the hostess.

Miss Oletta Covington of Amarillo visited Wednesday in the home of her parents, Mr. and Mrs. J. W. Covington. Mr. Helvey, father of Mrs. Covington, is also a guest in the Covington home.

County To Have Booth at the State Fair October 4-19

Castro County will be one of the 60 Texas counties having agricultural exhibits at the State Fair of Texas in Dallas, October 4-19. M. U. May, county agricultural agent, will have charge of the Castro County exhibit.

John W. Carpenter, director in charge of the Agricultural Show, predicted that the county exhibits, 64 booths of Future Farmers of America and 4-H Clubs, and other outstanding features would "represent the greatest display of agricultural products and county resources ever assembled under one roof."

Each county exhibiting in the fair show will receive an award of \$100. Displays are not competitive, allowing each county to arrange its exhibit in an original manner. Crops shown must be for 1941, except in the instance of edible nuts, which may be from the 1940 crop.

These meetings give the city taxpayers to show reasons why city taxes should not be raised, and the board will give consideration to any and all pleas.

FIRST BAPTIST CHURCH BEGAN REVIVAL SUN

First Baptist Church of Dimmitt began a revival meeting last Sunday which will continue through this week and next, Rev. A. F. Russell, pastor, announced. Rev. Russell is doing the preaching since the minister scheduled to hold the revival had to cancel his engagement at the last minute. Singing is being conducted by Noel Gollshon.

Services begin at 10:00 a. m. and 8:30 p. m. each day, with a junior chorus 15 minutes before the sermon. Prayer services are also being held in connection with the services.

"The people are becoming more interested as the revival continues this week," Rev. Russell stated, "and we expect a goodly attendance before the close of the revival."

Future Farmers Return From Tour

Twenty-three Future Farmers of America, Dimmitt chapter, returned home with their adviser, Mr. South, about 7:30 o'clock last Tuesday evening from an extending trip into New Mexico. The boys were tired and sleepy, but all said that it was a wonderful trip and not a boy regretted the sleep and energy that they had expended on the trip.

Besides spending two days and night in the mountains and seeing many interesting things, they formed acquaintance with quite a number of Spanish girls. They reported that the cutest ones worked at Woolworth's in Santa Fe!

The group did most of their cooking and had fried chicken twice a day. They left home with 46 dressed friers iced down and they had about 10 left when they returned.

WHEAT FARMERS GET EXPERT ADVICE ON BEST SEED WHEAT

Some 25 Castro County wheat farmers attended a wheat improvement meeting to hear F. T. Dines, director of Texas Wheat Improvement Association and E. A. Miller, wheat specialist for the Texas Extension Service.

The meeting was to encourage better varieties of wheat. Miller stated that on a survey made of Castro County, that there were only small amounts of Chiefkan and Early Blackhull planted last year. These two varieties have poor milling qualities and for that reason should not be used for seed due to the fact that price discrimination would result.

Miller said that rye mixtures is the thing of most importance to be watched by wheat farmers of Castro County, for the survey showed that in some sections there were enough mixtures to cause too great a rye mixture if that wheat were used for seed.

RUNWAY MOWED TO PROVIDE FOR LANDING PLANES

Dimmitt has had airplanes here quite often during the last month or two, and the aviators have had a hard time getting off the ground because of large weeds which have sprang up since recent rains. This week Harvey Youts mowed the weeds and worked on the field so that planes may now take off and land from the field southwest of the school building without much trouble.

Dimmitt has an excellent opportunity to build an airport here, as funds have already been allocated by the government for an airport if and when a site is provided. Keen interest in aviation ever on the increase would undoubtedly result in many local civilian aviators.

R. R. Millsay of Dallas, who owns the Hampton Airport, will be in Dimmitt this week-end to study over the possibilities of an airport here. It was reported that Dimmitt would probably get much cross-country visits of airplanes if the airport here were to materialize, as traffic is heavy in the larger cities.

The public is always interested in airplanes, and air shows are becoming more and more on the increase. Dimmitt no longer has the old fashion hitching posts, but she has many opportunities to modernize, such as the building of an airport—which would be a benefit to the entire county as well.

With the new aviation school at Amarillo and a new airport at Plainview, Dimmitt would provide a nice hop for aviation students who are required to make short hops to add to their hours of flying. They would fly here from other cities and get a signature from the local airport in their log books.

PEACH ICE CREAM

3 cups soft sliced peaches
1 cup sugar
1/4 teaspoon salt
3 cups thin cream
1 tablespoon or more lemon juice, depending on acidity of the peaches.
Cover the sliced peaches with the sugar, and let stand for about an hour. Press the fruit through a colander to form pulp. Add the salt, cream and lemon juice. Use a freezing mixture of 1 part salt and 4 to 6 parts ice. Turn the crank of freezer slowly. After frozing, remove the dasher, pack the freezer with more ice and salt and let the cream stand for an hour or more to ripen.

THIS WEEK IN DEFENSE

"This Week in Defense" summarizes information on the important developments of the week made available by official sources through Friday.

President Roosevelt and Great Britain's Prime Minister Churchill held a series of secret conferences at sea, jointly issued a declaration of national policies calling for:
No territorial "aggrandizement," no territorial changes not in accord with the will of the people concerned, right of all peoples to choose their form of government, equal access to raw materials of the world needed for prosperity, international cooperation for improved living standards, safety to all nations within their own borders from fear and want, freedom of the seas, disarmament and other measures to lighten "the crushing burden" of armaments.

The OPM announced 1,460 military planes were produced in July. War Under Secretary Patterson, dedicating a new plane factory, said the monthly output of combat planes increased 114 percent in the last nine months and production of other military planes increased 105 percent.

Home Demonstration Notes

Midway Home Demonstration Club is canning corn for the Dimmitt School Lunch Room this Thursday at the home of Mrs. Barber Eubanks, Miss Hazel Merritt furnishing the cans. The corn is donated by the Eubanks. Midway Home Demonstration Club women will work together in a group in canning the corn.

Other Home Demonstration Club groups plan to donate canned vegetables to the school lunch rooms. Wide variety of vegetables helps in buying stronger children and makes the meals more interesting. Any individuals who have surplus vegetables are invited to donate same to this worthwhile project—school lunch rooms. A system will be worked out so that jars will be returned to individuals who donate vegetables in glass containers.

Harvey Youts, Mrs. Velma Cowan and Charlotte were business visitors in Lubbock Wednesday afternoon.

Mrs. W. A. Wright, Mrs. Kirkpatrick, Lucille, Jane and Bill, were business visitors in Lubbock Wednesday.

Mrs. J. C. Montgomery and Mrs. L. A. Womack visited their daughter and sister, Mrs. Jack Cowser, in Lubbock Monday.

Mr. and Mrs. Frank Geier, Charles and Beverly of Medford, Okla., were guests from Friday to Wednesday in the home of Mr. and Mrs. Dilmond Neumayer. Mrs. Geier and Mrs. Neumayer are sisters. Walter Paulson of Oklahoma was a guest in the Neumayer home Tuesday.

Mr. and Mrs. C. A. Youts, Mr. and Mrs. Lester Gladden, and Mr. and Mrs. E. H. Youts and daughters spent the week-end at Dalhart with Mr. and Mrs. Edward Youts.

Miss Ethel Womble of Hereford was visiting friends in Dimmitt Wednesday.

Mr. and Mrs. A. C. Jones returned home Tuesday night after a few days of fishing. They were accompanied by Mr. and Mrs. Clark Dye of Amarillo.

Mr. and Mrs. W. P. Rodney have returned to Dimmitt after having spent the summer in California.

Mrs. Robert Gollehon has returned home after receiving treatments at Mineral Wells for several weeks.

Miss Dorothy Mae Hastings, daughter of Mr. and Mrs. Joe Hastings, became the bride of Charlie W. Boone Saturday night, 1:20 a. m. in Clovis, New Mexico.

The marriage, attended only by a few close friends, was performed by Judge W. T. Woods of Clovis. Attending the couple were Nell Reynolds, J. O. Ayres, J. R. Brown, Laura Jean Cunningham, Boot Matthews and Carolyn Bynum.

The bride wore blue crepe with black accessories at the midnight wedding. She is a graduate of Dimmitt High School Class of 1939 and attended business college in Amarillo. She has been employed recently in the office of John Logsdon.

Charlie W. Boone is the son of N. W. Boone, and graduated in the Class of 1939 at Parker High School, Parker, Arizona.

Mr. and Mrs. Boone will leave in the near future for Salt Lake City, Utah, where Mr. Boone is employed with a construction company.

RECENT BRIDE HONORED AT MISCELLANEOUS SHOWER

A miscellaneous bridal shower was given for Mrs. Charlie Boone, the former Dorothy Hastings, Tuesday evening at 6:00 o'clock in the beautiful back yard of Miss Jewel Butler.

Hostesses were Meses. Dan Boothe Dent Bradley, Charlie Hestand and Miss Jewel Butler.

After the bride was seated, all the guests went toward her singing "We Love You Truly" and presented her with the gifts. She received a host of nice and useful gifts.

The color scheme carried out was red, white and blue. The refreshments were of the same colors with paper flags as favors.

A group of 34 friends and relatives were present.

MISS JO ELLA WRIGHT WEDS CALVIN LAWSON OF DENTON

Miss Jo Ella Wright, daughter of Mr. and Mrs. F. M. Wright, was married to Calvin Lawson of Denton, Sunday, August 17, at Clovis, New Mexico.

The young couple plan to make their home in Tulsa after September 1.

FRIONA, WEATHERFORD PEOPLE GUESTS OF McLEANS

Mrs. Ruby McLean had as her guests Sunday her children, Mr. and Mrs. Charlie McLean of Friona, Mr. and Mrs. Mac Wiggs and sons of Weatherford, Mr. and Mrs. G. I. Clingsmith and Mr. and Mrs. Wilson Mayes and son of Hart, and Mr. and Mrs. Bob McLean.

Mrs. Ruby McLean, Mrs. G. I. Clingsmith and Mr. and Mrs. Wiggs and boys are spending the week in Colorado.

The Home Demonstration Club women are getting ahead of the men, it appears to us, in preparation for the Castro County Fair. A meeting is being called by M. U. May in his office in the court house for Friday (tomorrow) at 8:00 o'clock to promote the fair. Everyone interested in having a county fair is invited, County Agent May states.

Packard Milling Company, of Hereford, has been consistently telling the people of this trade territory of the healthful qualities of Packard flour. Flour is one of the foods on the "must" list for correct vitamin-sufficient diet. A consistent aid for a subsistent product in a wheat growing county!

Plum Treats For Winter

By Frances Lee Barton

A CROSS the foam 'twixt me and you

Bavarians may be taboo.

A Red Bavarian! "Oh My!"

We think of bombs dropped from the sky.

But over here—God bless our land

Red Plum Bavarian is grand.

Why not prepare a batch today? This recipe explains the way:

Red Plum Bavarian

8 red plums, cooked; 1 1/2 cups plum juice; 1 package strawberry-flavored gelatin; dash of salt; 1 cup heavy cream.

To cook plums, combine plums, 1/2 cup sugar, and 1 cup water, cover, and simmer until just tender. Drain, reserving juice; measure 1 1/2 cups. Cut plums in large pieces. Dissolve gelatin in hot plum juice; add salt. Chill until cold and syrupy. Fold in cream, whipped only until thick and shiny, but not stiff. Fold in cooked plums. Chill. When slightly thickened, pile in sherbet glasses or large bowl. Serves 6.

"Better Buddies"

By CARLOS REYNOLDS

Hello, Buddies everywhere. And hello to the best neighbors on the face of the earth. Say, but it's good to be back on the job. And it's good to live in a place like Dimmitt, Texas. You fellows scattered out there as you are have probably realized what a good place it is by the comparisons you are stationed.

Let me say to all of you that this writer really appreciated all the letters, cards, visits, flowers, everything while in the hospital. It all helps. And since coming home neighbors have really been kind. No sooner had I landed back after a 5-weeks eclipse, than a couple came in with a big angel-food cake. A little later came another couple with some Colorado speckled trout, another some ice cream, still others brought dressed rabbit, fresh eggs, grape juice and jelly. Boys, you can look the old world over and you will not find a better group of real neighbors. So I say, this will still be a fine place to come back to when your hitch (plus 18 months) is over.

Well, I suppose you fellows are in the midst of some of the war games—many of you at least. Let us hope the work is still interesting to you in spite of the inconveniences. I still remember a few slight inconveniences we had back yonder. For instance, when the food failed to arrive for a couple of days, or when we could not find an opportunity to sleep, or could not pull our shoes off for two weeks at a time (to say nothing of the time when we did pull them off) and of course one would not mention the little crawlers we had—not in polite society. So, don't you fellows get the idea that you have a monopoly on inconveniences. When you get back to camp you will appreciate it more.

Some time back a sermon was promised on "Hospitalization". And that doesn't mean I am going to talk about "my operation". Seriously, boys, you fellows want to give some attention to your medical records while in the service. If there is anything at all wrong with you, be sure and report on sick call, so it can go into your record. Even though it seems

very slight, it may be an indication that will help you out if something should develop that is more serious. You fellows have hospitalization coming to you at no cost—you will have it after you get out. And you have compensation on any service connected injury—BUT—be sure it is the record, else you may be out in the cold. Many of the world war veterans have had some disability show up after several years which Uncle Sam is willing to pay compensation on if it was incurred or aggravated in service. So if the Buddie reported for sick call back there and if there was an indication that might point to the presence of that injury—even very slightly—then it is easy to prove up. But if there is no medical record on it then the only way to prove up is by hunting up several of the Buddies who can swear to the injury back there, and that is almost impossible to do. And those statements are not accepted at face value many times. So, boys, be sure and get it in the record—

any sickness, any kind of injury, any touch of flu or sinus—everything. And when you are ready for discharge, don't make the mistake of many of us by taking your discharge without a complete physical examination. I know you will be in a hurry to get loose, but get that examination. It may mean a lot to you. In old age slight injuries incurred now may weaken the old body too much for continued work. Or that sinus may get worse and worse. Of course you will always have the right to treatment by just presenting your discharge, but if you should be entitled to a compensation, then it will be up to you to prove that, therefore, I insist, BE SURE IT IS IN THE RECORD. q. e. d.

Buddie Simmons, up in Washington writes that some 100,000 of the boys are in war games up there after which, stool No. 5 has it that many of them will be sent on up to Alaska, rather than back to camp. You may check on this later.

Another latrine report comes

from a boy who visited here last summer and states that this navy radio man was with the president on the recent caucus with Mr. Churchill. This boy went in less than a year ago and has been commissioned. Name is censored as probably none of you know him.

R. V. McMahon visited home last week. He is still at Tucson—is a machine gunner on the tail of the plane. Yes, he has a healthy coat of tan (please don't say anything about his being here—officially he was not).

J. G. Davis also visited the home folks a few days ago, just before the writer returned home. He has been stationed at Lowry Field, Denver, again. He is taking mechanical work. Made 99 on a recent exam. His dad reports that he nulled a fight some time ago in which he really bruised up his antagonist. However, the report is his opponent's hand was bruised over Davis' head.

Alright, boys, let's have some more letters now giving some of

your interesting experiences. I need thunder. Come on thru.

Alex Williams has been transferred from Randolph Field to the new A. C. Field at Victoria. He says it is not fully finished, so, of course is not nearly as nice as Randolph.

Will give you a letter or two soon, but don't forget I'm crying for material—"Keep 'em flying!"

Doctor (after thorough check-up)—"Do you drink?"

Patient—"No, doctor."

Doctor—"Do you run around nights?"

Patient—"No, doctor."

Doctor—"Do you sweat excitedly?"

Patient—"No, doctor."

Doctor—"Do you feel pain on each side of the head?"

Patient—"Yes, doctor, I do."

Doctor—"Well, my man, your only trouble is your halo is too tight."

doing the preaching, extends a cordial invitation to the public to attend. He tells us that he is not doing the preaching because he had planned it, but rather due to unforeseen events. Anyway, the revival is being carried out at the appointed time with good success.

The June Love Bug bit in the month of August in Dimmitt, County of Castro. Three marriages have been reported, with other "big events" in the making. Well, life is not static—we either go forward or backward. Every one taking "the leap" at least believes he is going forward, e. g.: She—"I was a fool when I married you."

He—"I suppose you were, but I was so infatuated at the time I didn't notice it."

All joking to the background—we say, congratulations to you, little women and little men. May the future hold much for you.

Salad Buffets Solve A Hot-Weather Meal Problem

By Katharine Fisher
Director, Good Housekeeping Institute

Try a salad buffet on your family when hot-weather appetites need perk-up. The mere thought of a salad buffet is cooling. It's an easy meal to prepare, and offers a fine way to include that raw vegetable with health-giving vitamins. Serve indoors or out, wherever it is cooler. The family will enjoy the change from the usual routine as, plate in hand, they serve themselves.

Salad Buffet I

Large bowl of salad greens (lettuce, romaine, chicory), tossed with French Dressing. Assortment of fruits on chop plate—orange and grapefruit segments, canned-pineapple oblongs, cantaloupe and avocado slices. Smaller bowls of cheese spread, broken walnut meats, and French Dressing. Platter of sliced canned spiced meat. Crackers and split, toasted rolls. Serve iced tea or hot coffee.

Salad Buffet II

Platter of ready-to-serve meats (salami, bologna, liverwurst, cervelat, braunschweiger, etc.); Potato, Carrot, and Cucumber Salad; sliced tomatoes, mayonnaise dressing; rye bread. Bowl of raw fruit; cheese tray with two or more kinds of cheese; and hot or iced coffee.

Potato, Carrot and Cucumber Salad

Tested by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

3 medium-size potatoes
4 small carrots, scraped
2 medium cucumbers, pared
1/2 c. minced onion

1/2 tsp. celery seeds
1/2 tsp. salt
1/2 c. salad dressing
Lettuce

Scrub potatoes, and cook in boiling salted water until tender; then chill, skin, and cut into 1/2" cubes. Grate carrots, using coarse grater; cut cucumbers into thin, 1", narrow strips; add, with remaining ingredients, to potatoes. Blend well, tossing lightly with spoon. Serve garnished with lettuce. Serves 4.

Salad Buffet III

Large bowl of salad (lettuce, watercress, crumbled cheese) mixed with French Dressing. Smaller bowls of cold cooked minced bacon, canned or cold cooked chicken cut in strips, canned or cold cooked sliced string beans; chopped, hard-cooked eggs; sliced radishes; and a bowl of French Dressing, mixed with salad dressing. Raisin bran muffins. Iced tea or coffee.

Salad Buffet IV

Platter of sliced canned corned beef surrounding a salad of Cabbage and Corn Slaw; hot cheese baking powder biscuits, canned cranberry sauce. Deep-dish apple pie; coffee or tea.

Cabbage and Corn Slaw

Tested by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

1/2 lb. green cabbage
1 12-oz. can whole-grain corn
1 peeled small onion, thinly sliced

1/2 c. sliced stuffed olives
1/2 c. French Dressing

Finely shred the cabbage (there should be 3 c.). Add remaining ingredients; toss well; serve. Serves 4.
