House To Get Countries Aid Bill Today

Well... I Dunno, But...

They tell us that unless something is done to prevent it, the Scenic Point Park, long a favorite spot with people of this area will be closed when the new section of Highway 80 East is opened.

If, however, sufficient evidence is sent to the highway department of the value of the park to this area, it may be saved but action will have to be taken immediately.

The site of the annual Easter sunrise services and the scene of many another fine gathering, the park is one of the most beautifully situated anywhere and should be maintained.

They tell us that it is even possible that the department might lend some aid in improving the park if convinced of its importance to this section.

Other towns in the area are also interested in seeing the park preserved and certainly Ranger should be. It would take very little time and effort to draw up resolutions asking that the park be maintained and it is hoped that both men's and women's organizations of the town will take such action.

The view from the park is superb and especially at sunrise and the Easter services held there in the past by the churches of Ranger and other towns have been an inspiration.

Let's not let the park get away from us.

J. Donald Adams writing for the book section of a recent issue of the New York Times, sure won our vote on an article about current books.

In his own words he stated that he was sick of some of the sophistication, abstraction, and obscurity in many of the books of today.

We agree with him 100 percent. We get so tired of the artificiality of life presented in some of the books. Occasionally, you find one that gets right down to human living and reality with something of the spiritual touch and you feel like you've met real people.

When we look forward to an evening of reading, we hate to have it spoiled by discovering that that book ought to be thrown in the trash can. Yet, some seem to think that they've not written a good book unless people's sense of decency is shocked.

We're more of the wholesome type of reading.

If you want to see Ranger thoroughly cleaned up in the coming campaign it's your duty to be at that meeting tonight and lend support to the move.

We've had many complaints about the dirty condition of Ranger and like we've said before, now's the time for the complainers to show their colors.

The date for the opening of the campaign will be announced tonight and that will be one of the most important dates on Ranger's calendar.

Remember this campaign is designed not only to improve the appearance of the town, but to safeguard the health of the community.

If we hadn't known that Chief George Murphy was Irish we would have thought for he had on the biggest display of Saint Patrick's green of anybody in town.

Wonder what ever became of the cute little four-leaf clovers that they used to wear on St. Patrick's day. Guess they must have gone with the war.

Ranger people at the coronation of the TSCW Redbud Festival queen Saturday night, tell us that Ranger Junior College's representative, Miss Billye Jeanne Crawley, was one of the most attractive young ladies in the procession of beautiful girls. They stated that only two girls drew a gasp of approval from the audience as they entered. Miss Crawley was one of them and the representative from Hockaday in Dallas was the other.

The pupil of the human eye when fully dilated has an area about 20 times as great as when contracted.

Start Hearings On Telephone Strike

The five-man special arbitration commission appointed by Governor Jester to investigate the dispute involving the telephone employees of the Odessa, Texas, exchange are shown as they began hearings in Odessa. L-R: Earnest Coker of Livingston; C. V. Lyman of Midland; Lloyd Stierberg of Harlingen; Eugene Thompson of Breckenridge, and Rene W. Schroeder of Houston, Texas. (NEA Telephoto).

RUSSIA HITS U. S. AID TO TWO COUNTRIES

MOSCOW — Russia today injected the first indirect reference to President Truman's new Greek and Turkish policy into Big Four discussions in the course of a bitter attack against giving Turkey a consultative voice in drafting the peace treaty for Germany.

The reference occurred in the course of a bitter attack by Soviet Deputy Foreign Minister Andrei Y. Vishinsky upon the American suggestion that small nations, including countries which did not contribute military forces, be invited to form a consultative committee on the treaty.

Speaking in the deputies group studying the German treaty, Vishinsky took oblique note of Mr. Truman's proposal by quoting a passage of Henry Wallace's attack on the presidential plan. In support of his demand that Turkey be barred Vishinsky said that "an American politician had admitted that Turkey grew fat on the war."

Vishinsky's attack followed a barrage by the Soviet press which charged that the United States is trying to devise a German peace treaty formula under which a western power majority could impose its will upon a Soviet minority through "mechanical voting."

Party Charges U. S. Invading Southeast Europe

LONDON — Left wing Laborites caused an uproar in Commons today with charges that the United States was "invading" southeast Europe and by-passing the United Nations in proposing to aid Greece and Turkey.

Laborite foreign policy "rebels" leveled the charges in halting Hector McNeil, minister of state for foreign affairs. McNeil had just informed the House that Britain had not been consulted on President Truman's proposals.

He said the British government was not aware of any political conditions attached to the American offer of assistance to Greece and Turkey.

SAYS CLEAN-UP SHOULD BE AN EVERY DAY JOB

The following essay on the clean-up campaign was written by Jo Hazard, a student in Mrs. George Robinson's English class at Ranger High School. This is the second in a series published in this newspaper.

I wonder if people think about a clean-up campaign as a job that should be done every day of the week? If we should wait until just once a year to clean up our town, wouldn't it be a job? If we think of the diseases that are caused by filth, I think we would get busy and clean up our town. This isn't a very hard job, cleaning Ranger. It is a lot easier than seeing many of our children lying in bed or walking on crutches for the rest of their lives because of infantile paralysis.

ASKS PEOPLE TO BRING IN DONATIONS

George Campbell, head of the Red Cross Funds drive in Ranger, today appealed to the people of Ranger to voluntarily turn in their contributions to him at the Ranger Farm Equipment company.

Campbell stated that due to the fact that everybody in town is so busy and can hardly find time to devote to another solicitation for funds, that he feels that people will cooperate by making the voluntary gifts.

March 31 is the deadline for the drive and Ranger's quota is \$1,250, as compared with \$4,500 during the war years.

Mrs. Joseph M. Perkins, county chairman for the drive, stated today that Cottonwood, Colony, Olden, Staff and Rising Star have all raised their quotas and Cisco and Eastland both have reported about half of theirs raised.

Ranger Boy At John Tarleton Majors In Law

STEPENVILLE, Tex. — Lenord (Bill) Cox, formerly of Ranger, is now majoring in law at John Tarleton College.

Cox has been an active member of the J-TAC Staff, which runs the college newspaper, for the last two semesters.

At thirty years of age and after serving forty two months in the Army, Cox decided that he would return to college in order to secure a higher education. He is married and has one child.

Second Bingo Party To Be Tonight At 8.00

The second in a series of bingo parties to be given by the Junior Chamber of Commerce will be held tonight at 8:00 o'clock in the Recreation building.

The public is invited to attend the party. It was stated today that lumber used in making the tables for the parties was contributed by the Martin Lumber Company.

COURT ORDERS LEWIS TO HALT STRIKE

WASHINGTON — The Supreme Court today ordered into effect on March 20 its mandate directing John L. Lewis to cancel his threat of another nationwide coal strike on April 1.

Lewis will have until March 25 to carry out the court's order. If he does not do so, the United Mine workers will be fined \$3,500,000 instead of the \$700,000 to which the Supreme Court reduced the original fine.

Normally the court's formal mandates are not handed down until 25 days after decisions are announced. That would have been March 31 in the Lewis case.

The government had asked the court to expedite the mandate and the union had opposed this action.

Attorney General Tom C. Clark filed the government's motion for an immediate mandate on March 7. He warned that a delay might find the miners quitting work April 1.

The UMW opposed the move and asked the court to take the customary 25 days to issue the mandate so that "justice may be done."

By delaying the mandate until March 20, the court apparently gave consideration to the UMW's request for time to consider the decision, but agreed with the government that some speedup was necessary in the public interest.

President Will Return To White House Wed.

KEY WEST, Fla. — The temporary White House announced today that President Truman's Florida vacation will end Wednesday afternoon.

He will take off in his special plane, the Sacred Cow, shortly after lunch Wednesday returning to the White House in time for dinner that night.

White House Press Secretary Charles G. Ross said Mr. Truman had "greatly benefited" from his stay at the U. S. Navy submarine base here.

Veterans Well Represented In Auto Industry

DETROIT (UP)—The employment rolls of automotive plants in the Detroit area are taking on a strongly GI flavor, according to a survey by the Michigan Employment Service.

Nearly one-fourth of the employees in automotive factories in and around Detroit, Flint, Pontiac and Ypsilanti are ex-service men and women. Officials expect the percentage to increase as the industry expands, because at many plants more than 50 per cent of recent hirings have been veterans. The newest automotive company in the Detroit area, Kaiser-Frazer, has provided employment for 2,900 veterans.

DISTINGUISHED DOCTOR HERE FOR VISIT

Dr. Anne Bohning of Chicago, formerly of Ranger, who has carved for herself a distinguished career in medicine in Chicago, arrived today to be the guest of Mrs. John M. Gholson.

She was the daughter of the late Mr. and Mrs. George H. Bohning pioneer residents of Ranger and later made her home in Ft. Worth with her family.

She attended Fort Worth University and the University of Texas for one year then transferred to Smith College where she was graduated after three years. She taught one year at Trinity University at Waxahatchie before going to Europe during World War I, to do canteen duty on the Rhine near Coblenz. On her return to the States she went into Rush Medical School of the University of Chicago and was graduated from that school in 1925. She returned to Europe to do cardiac work at Vienna for eight months and returned to do internship in pediatrics in Presbyterian Hospital in Chicago. She served as physician to women at the University of Michigan and did special research work in cardiology with Dr. Frank Wilson. She served two years at Billings Hospital, University of Chicago, before going into practice. She has been associated with Dr. Louis Katz in special work and is now associate in the pediatrics department at Presbyterian Hospital in Chicago, associate in the Children's Hospital of the Cook County Hospital, and representative from the University of Illinois Medical School at La Rabida Convalescent Hospital for Children. She is a cardiac consultant for the Chicago Health Department at the Chicago Intensive Treatment center.

Here with Dr. Bohning is Miss Elizabeth McConnell, also a Smith graduate, and is executive director of the Mandel Clinic at Michael Reese Hospital in Chicago. She is also active in the Council of Social Agencies in Chicago.

The two will be honored at a tea at the home of Mrs. Gholson Tuesday afternoon.

He Ticks Like Watch But He Isn't Bothered

GREENSBORO, N. C. (UP)—That ticking you hear around Sankey Flynn isn't his watch. It's just Sankey.

Flynn has one of the worlds three known cases of objective tinnitis aurium. More simply, he ticks. You can hear him three feet away.

Flynn, a handsome blond man of 29, isn't bothered by the constant uproar in his head. Until he was 19 years old, he thought everyone else ticked, too.

Dr. Hugo C. Wolfe, Greensboro specialist, said after several weeks of examination that the noise came from the spasmodic contraction of muscles in the roof of Flynn's mouth, which constantly snapped the eustachian tube to his ears open and shut.

Flynn served 18 months in the army and the doctors didn't discover the ticking noise at any examination. Flynn didn't tell them about it until he was discharged.

Banquet Tickets Sales To Close Early Tonight

Those in charge of the community banquet to be staged Tuesday night at 7:30 o'clock in the Blue Room of the Gholson Hotel, stated that the sale of tickets must be closed tonight in order that the people serving the banquet may be notified as to the number.

If there are those who have not bought tickets and wish to do so they should contact George Campbell or R. V. Galloway immediately.

The banquet has been planned simply as a get-together for the people of Ranger and has been arranged by the Chamber of Commerce.

Under An Umbrella

North Texas State College's Eagle gridsters have been "on the bench" for their first two weeks of the so-called spring training period, with snow, sleet and rain as their toughest foe. L-R: Joe Abby; Richard Nutt, and Zeke Martin, new members of the squad, sit under an umbrella and dream of a pretty day. (NEA Telephoto).

BIG CLEAN-UP MEETING TO BE TONIGHT

The final plans for the clean-up campaign will be mapped at a meeting tonight to be held in the Columbia Theatre at 7:30 o'clock.

All committee chairmen, members and the public in general are urged to attend the meeting.

M. L. King, president of the Chamber of Commerce, will preside at the meeting. Dr. A. K. Wier, general director of the drive who will be unable to attend because of illness has named Dr. P. M. Kuykendall to make a talk on the campaign from the health angle. Chief George Murphy, head of the men's division, Mrs. James P. Morris, head of the women's division, and a representative of the city commission will make short talks.

A general discussion will be conducted and the date for the opening of the drive announced. It was stated today that a discussion relative to closing business houses and schools on the opening day of the drive.

He Ticks Like Watch But He Isn't Bothered

GREENSBORO, N. C. (UP)—That ticking you hear around Sankey Flynn isn't his watch. It's just Sankey.

Flynn has one of the worlds three known cases of objective tinnitis aurium. More simply, he ticks. You can hear him three feet away.

Flynn, a handsome blond man of 29, isn't bothered by the constant uproar in his head. Until he was 19 years old, he thought everyone else ticked, too.

Dr. Hugo C. Wolfe, Greensboro specialist, said after several weeks of examination that the noise came from the spasmodic contraction of muscles in the roof of Flynn's mouth, which constantly snapped the eustachian tube to his ears open and shut.

Flynn served 18 months in the army and the doctors didn't discover the ticking noise at any examination. Flynn didn't tell them about it until he was discharged.

Sheep 9500. Active. Most classes steady to strong, some shorn lambs fully 25 higher. Medium and good woolled old crop lambs 19.00-21.50. Good and choice up to 22.50.

H. W. PHILLIPS STATEMENT IS ISSUED

Harlan W. Phillips, a candidate for the position of street commissioner of Ranger has issued the following statement relative to his candidacy.

Harlan W. Phillips

TO THE VOTERS OF THE CITY OF RANGER:

"In making this announcement, as candidate for street commissioner for the city of Ranger, I want to make one point, very clear. I have no bone to pick, and I am not mad at anybody. My name was filed in this race, without my knowledge, or consent, and after a lot of conversation, and thought, I have decided to play for keeps.

One factor that helped make up my mind, is the fact that our present street commissioner, has served three terms, and is seeking his fourth. I feel, as many do, that three terms for any one man is enough.

It has been said, that a man has not lived a full, and complete life, unless he has had a fling at politics, so, for me, this is it. I am on the shady side of forty, and if I don't get started pretty soon, I will be too old to enjoy it. All of those forty years have been spent in Ranger, and I believe, qualify me in knowing the needs of the city will as anyone.

My business as a contractor, has taken me in a very large percentage of the homes of this town, and has given me a thorough knowledge as to the taxable worth of city property. Being in the contracting business also leaves me in position to spend the necessary time in conducting the business of the office for which I am a candidate.

I am fully aware of the civic program which has been started by the present Commission, and if elected I will strive to carry out this program, and any other ideas that would be for the progress of our city and the people involved.

I assure you that if elected Street Commissioner, I will always be available, and willing to do everything in my power to correct them, if possible. I humbly ask your careful consideration of this statement, before casting your vote for street commissioner."

Sincerely,
H. W. PHILLIPS.

People Thanked For Cooperation In Paper Drive

James P. Morris, president of the Junior Chamber of Commerce, speaking for that organization and the 4-H boys, today expressed appreciation for the splendid cooperation given their paper drive Sunday.

It was stated that approximately 15,000 pounds of paper was collected and has been taken to Dallas for delivery today.

Money realized from the drive will be used on the construction of the livestock show barn at the rodeo grounds. The barn will be used for 4-H boys' livestock shows which will be sponsored by the Jaycees.

CANVASS MADE ON ATTITUDE ABOUT OUSTING COMMUNISM

By United Press

WASHINGTON — Senate officials, after a conference with acting Secretary of State Dean Acheson, said a bill embodying President Truman's \$400,000,000 program for aiding Greece and Turkey will be introduced in the House later today.

Acheson, it was learned, canvassed the legislative outlook for the President's program to quarantine Communism and received assurances that early congressional action would be forthcoming. The administration has expressed hope the program will be enacted by March 31, the date Great Britain has set for withdrawing support from Greece.

But Chairman Charles A. Eaton of the House foreign affairs committee "doubted very seriously" whether the deadline can be met. The New Jersey Republican said he did not think the committee could start public hearings on the bill before next week.

Meanwhile, Paul Porter, chief of the U. S. Economic Mission to Greece, returned today to report later this week to President Truman on his survey of Greek conditions.

Meanwhile, Sen. Henry Cabot Lodge, Jr., R., Mass., pledged his support to Mr. Truman's program. But he warned that this nation cannot "resist Communism in one place and appear to support it in others."

Lodge, in a statement, asserted that if Congress rejected the President's efforts to check Communism, "the last hope of ever organizing peace would vanish."

Court Upholds Right of CSC To Fire Communists

By United Press

WASHINGTON — The Supreme Court today upheld the right of the civil service commission to fire Communists and "fellow travelers" from the government.

It declined to review the case of Merton Friedman, former employee of the War Manpower Commission who was discharged in 1944 on orders of the commission after finding "a reasonable doubt" of his loyalty to the United States.

Friedman appealed after a U. S. federal district court and the U. S. Court of Appeals here refused to order his reinstatement.

He argued that the order for his dismissal solely because of his political views violated his constitutional rights.

Three States To Unite On Reclamation Bill

By United Press

WASHINGTON — Sen. Sheridan Downey, D., Cal., today announced that Senators from Colorado, Texas and California will join in sponsoring a bill to exempt one reclamation project in each of their states from the 160-acre land limitation laws.

Downey said he planned to introduce the bill later today on behalf of Colorado Sens. Edwin C. Johnson, D., and Eugene Millikin, R., Texas Sens. W. Lee O'Daniel, D., and Tom Connally, D., and Sen. William Knowland, R., Cal.

A bill already introduced in the House by a Texas congressman, would exempt, among others, the valley gravity canal project in Texas.

Entertainer Beaten In Boston

Miss Norma Norwood, 25, formerly of Dallas, Texas, and now a night club entertainer in Boston, Mass., was brutally beaten by an unidentified assailant who attempted to attack her. Doctors at the City Hospital in Boston found it necessary to perform an operation to relieve internal injuries. (NEA Telephoto).

Limp Larries Or Weary Walkers Annoy Co-Eds On Dance Floor

MEMPHIS, Tenn. (UP)—Are you a Limp Larry or a Weary Walker? Or are you a Whistling William or a Bone Breaker? All four are dance floor types and high on the pet-peeve list of Southwestern College co-eds. Here's the list of unpopular dance-floor types: The Ear Bender, whose line of patter is so fast and consistent that his partner can't hear the music. The Fag Fiend, who clutches a cigarette in his hand while he dances, menacing all other couples and his partner's dress. The Weary Walker, whose weariness brings about a rhythmless stroll around the floor. The Whistling William, who whistles in his partner's ear throughout a popular number. The Crooning Carl, who insists on singing the lyrics of every song played by the band. The Startling Stepper, who throws in weird steps, surprising his partner. The Ground Gainer, who takes

such long steps his girl is in constant fear of a split skirt. The Bone Breaker, who puts on the tight squeeze to the sound of cracking bones. The Limp Larry, a Victorian type who dances two feet from his partner. Slinging Sammy, the hepcat who stands still while his girl is spun out and around endlessly. The Whirling Dervish, who spins until his partner is dizzy. **Many Never Suspect Cause Of Backaches** This Old Treatment Often Brings Happy Relief When disorder of kidney function permits poisonous matter to remain in your blood, it may cause rheumatic backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 80 years. Doan's give happy relief and will help the 12 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

EASTLAND COUNTY H-D COUNCIL HAS MEETING

The Eastland County Home Demonstration Council met Wednesday, March 12, in the commissioners court room with the chairman, Mrs. Woody B. Hall, presiding. The meeting was called to order, Mrs. M. P. Farnsworth was acting secretary.

Howard, a new club that has been organized was added to the roll. Each club president reported on work of her club and submitted written report. Minutes were read by secretary. A short session of recreation was led by Mrs. Helen C. Marquardt. The finance committee held a panel discussion on the budget suggested for council. Mrs. Cyrus Justice of the Finance Committee reported plans had been made on ways of financing the budget.

Mr. Glenn Justice, reporter, read plan of work for club reporters. Council voted to sponsor reporters contest and monthly newspaper.

Mrs. Cecil Nelson of the Staff Club was elected treasurer. It was voted to have a 4-H Club committee, which is to be appointed by chairman.

Mrs. Howard Wade of the Howard Club gave an interesting talk on the history and customs of Venezuela and displayed articles from that island.

Twenty members were present, representing clubs from Alameda, Colony, Flatwood, North Star, Morton Valley, and Word.

Mrs. Josie K. Nix, Eastland County THDA chairman, reported that the T.H.D.A. district meeting will meet on April 23rd at Anson, Texas. Papers on Social Security were given club presidents. Mrs. L. B. Gordon, Colony Club, Mrs. Howard Wade, Howard Club, and Mrs. Cora Plumlee, Word Club, were elected as delegates to represent Eastland County at the district meeting. Council will meet the second

Wednesday of each month.

Margaret Halden, of Everett, Wash., State Department assistant, is the only woman among the 35 members of the American delegation to the Foreign Ministers' Conference in Moscow.

Gives Points On Cooking Frozen Vegetables

By Mrs. Helen C. Marquardt
 Here is a report on research work that may answer questions about cooking frozen vegetables in a pressure sauce pan.
 State experiment stations conducting work on the subject report that while frozen vegetables can be cooked in the sauce pan, it is impractical in some cases.

Bach, Beethoven And Brahms Live In N. Y., But Ask, What's In A Name

By Robert Richards
 United Press Staff Correspondent
 NEW YORK (UP)—The men who made them famous are long since dead, but the great names remain after them.

The names are still here, but many have drifted far from their original calling.

The Three B's of music—Bach, Beethoven, and Brahms—may be found in Manhattan. Beethoven is a lawyer, Bach a seller of musical instruments, while Brahms is a tailor.

"Is not to be proud of the name," Adolph Brahms said when asked about it.

"Hunan beings must not be proud at all. Is not to be proud of a name that some other man made great. To do so would be to take from his greatness."

Brahms who comes originally from Poland believes his family was connected with the composer's about 100 years ago. He plays no musical instrument himself. It is enough, he said, to be a good tailor.

Hans J. Bach stood inside his musical shop and shrugged.

"The name, I like," he said, "but in my business it is not too important. It does not earn more money."

For instance, frozen peas may be cooked in the usual way in less time than it takes to bring the pressure up in a pressure pan. On the other hand—frozen vegetables like lima beans can be cooked in the pressure pan in only one and a half to two and a half minutes, when they take 16 to 22 minutes without pressure. It's just a case of finding out what vegetables will cook fast enough to compensate for the extra care and attention necessary in using a saucepan.

"Anyhow I play the trumpet. With Johann Sebastian it was the piano. Always the piano."

Alexander Hamilton is an insurance broker, Thomas Jefferson is in the packing business, while George Washington is superintendent of a private estate.

George wasn't home to be interviewed but his wife (who isn't named Martha) said:

"George is no kin to the general but he's very happy to have his name. People ask us about it all the time, but we don't mind."

Liszt is a diamond dealer, without a song in his heart, and he grinned when asked about his name.

"Is not mine really," he explained. "I take it I come here from Hungary with much longer name. Is too long for understanding. I like Liszt, so I take the name."

There are eight John Adamases listed as living in Manhattan.

Victor Hugo works in Rockefeller Center.

Robert E. Lee, minus the famous beard, is a Wall Street lawyer.

"No relation to the General," Lee said. "I'm a Connecticut Yankee, in fact."

GIVES POINTS ON PLANTS FROM CUTTING

By Mrs. Helen C. Marquardt
 Many of the common shrubs, trees and vines may be grown easily from cuttings, and although they can be planted most any month of the year, cuttings set out early will give you larger

plants to put out in the open ground next fall.

A few pointers for selecting and planting cuttings are: Choose a limb that grew last year—

one about the thickness and length of a new pencil. If the plant has leaves, two or three left at the top of the cutting will make food for the new plant.

Plant your cuttings in rows—four to six inches apart—in the garden or in a cutting bed. Leave only an inch or two out of the ground. If the cutting has no leaves, see that at least one strong bud is growing about an inch from the top.

Planting four or five extra cuttings from each plant that you actually need is a smart move. Then the surplus plants can be exchanged with neighbors, or given as presents when rooted in pots, cans or boxes.

Sharp, clean sand is good rooting soil. Gardeners have been very successful in rooting cuttings in all soil types which grow crops in the state. But good drainage and plenty of moisture are necessary in growing young plants—and a two or three inch mulch—and half shade—promote growth in the

FLUSH OUT KIDNEYS THIS DOCTOR'S WAY

Backache, loss of the old pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out ... increasing the flow of urine to help relieve that excess acidity and ease that burning sensation when you pass water ... helps that bladder irritation that makes you get up nights.

Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Millions have taken it for 3 generations ... often with wonderful results. Caution: take as directed. For free trial supply, send to Dept. Y, Kilmer & Co., Inc., Box 125, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

Lost Over Okla.? Perish The Thought

TULSA, Okla. (UP)—The Tulsa Tribune has started a campaign to make it virtually impossible for any aviator to get lost over Oklahoma.

The newspaper is urging every city and town in the state to "air-mark" itself with a large rooftop sign and has mailed a pamphlet outlining its idea to 1,500 civic leaders in 283 communities.

The pamphlet urges the "air-marks" include not only the town name, but the latitude and longitude.

Take the First Practical Step

By asking for an abstract before buying any kind of real estate. It is said the average person makes only one real estate transaction in a life-time. The young man who is just starting out on his first venture in the business world should take the advice of those who have already traveled the road. Those who make fortunes in buying and selling real estate may gamble on some things, but they never gamble on the title.

SOCIETY

Ranger Clubs Hosts To Co. Federation

The New Era Club and the 1920 Club were hosts Saturday afternoon to the County Federation of Women's Clubs when that group met at 3:00 o'clock in the Blue Room of the Gholson Hotel. This was also the meeting of the 1920 Club.

Mrs. Maurine Johnson of Eastland presided at the meeting and conducted the business session in which it was urged that action be taken to preserve Scenic Point park when the new section of Highway 80 is opened, side tracking the park on the old section of the highway.

Mrs. C. E. May, Sr., was presented in a review of Frank Dobie's book, *A Texan In England*. Piano numbers were given by Miss Betty Reuwer.

At the close of the meeting coffee was served from a table laid with a cutwork linen cloth and decorated with an arrangement of white stock and acacia and fern in a crystal bowl. Two branch crystal candelabra held white candles which lighted the table. Mrs. Johnson presided at the silver coffee service.

About 50 women attended the meeting, representing most of the towns in the county and every club in Eastland was represented at the meeting.

Mrs. John M. Gholson had as her guests Sunday, Mr. and Mrs. Howard Gholson and Mr. and Mrs. Alton Cherry all of Dallas.

1920 CLUB TO HEAR JUDGE THURSDAY

The regular meeting of the 1920 Club will be held Thursday afternoon at 3:00 o'clock in the Blue Room of the Gholson Hotel. Judge George Davenport of 91st District court will speak on juvenile delinquency, basing his talk on juvenile conditions in Eastland county.

All members are urged to attend.

CIVIC LEAGUE TO MEET WEDNESDAY

The regular meeting of the Ranger Civic League will be held Wednesday afternoon at 3:00 o'clock in the Blue Room of the Gholson Hotel. Important matters will come before the league and it is urged that all members be present.

Hospital News

E. N. Thompson is a medical patient in the West Texas Hospital.

Mr. and Mrs. Shell McDowell, who have both been medical patients in the West Texas Hospital, have been removed to their home.

Mrs. T. A. Cross is a medical patient in the West Texas Hospital.

The condition of Elmer Smith, who is a medical patient in the West Texas Hospital, is reported to be serious.

Mrs. Gail Mitchell of Strawn is a medical patient in the West Texas Hospital.

Charged With Statutory Rape

Behind bars at the Anderson County jail, Palestine, Texas, is George Hutcherson, 60-year-old grandfather, who has been charged with four separate cases of statutory rape, after the county atorney received statements from two 13-year-old and 2 14-year-old girls. The girls told of frequent "visits" to Hutcherson's second story living quarters in a Palestine business building. County peace official are still investigating the case to see if peace officials are still in-teen-age harem. (NEA Tele-photo).

that pierced his side. The five others, the marks of the wounds. The tendrils, the cords or whips. The column of the ovary, the upright of the cross, the stamens, the hammer, The three styles, the nails, The corona, the crown of thorns, The calyx, the glory of the halo, The white tinge, his purity, The blue tint heaven. The blossoms remain open for three days typifying, our Saviour's three years ministry.

This plant is called "cup of gold" in California and grows also very profusely in Florida.

Since Ranger is in the midst of a campaign to make our town a better place to live in this old saying would be one to think about, "Cleanliness is next to Godliness." Just another idea constant reference is made to water in the Bible, now we have a little creek that meanders through Ranger and its waters are often polluted, when they should be kept pure at all times, for as long as there is a little

Another plant supposed to have religious significance is the chalice vine (Solandra gut-

No Arms, No Feet, He Makes Out

WEST WARWICK, R.I. (UP)—Born without hands or feet, 12-year-old Earl V. McGlynn, Jr., manages to do just about everything the other seventh-grade pupils at St. James school can do.

He plays football and baseball and takes part in other boys' games. In class, he diagrams a sentence on the blackboard or solves mathematical problems just as well as his classmates.

At home, he handles the usual table implements with the two stream and a little boy on earth, the little boy will find the stream to wade and fish in.

stumps that serve as arms. For legs Earl supplements his knee-length right stump with a metal brace and gets around with a left leg that ends at the ankle. As he has grown, however, he finds it increasingly difficult to grasp a pencil between his arm stumps, which end a few inches below his elbows.

Soon Earl may have help in solving the latter problem, for surgeons at a Providence hospital, won over by his courage and determination, plan an operation to give him control of artificial hands. They describe it as a "tunneling
