Government To Offer Phone Compromise

Well . . .
I Dunno,
But . . .

With the announcement this morning that the Bulldog football stadium will be painted this summer, we are reminded of an often expressed desire on the part of a number of progressive citizens . . . We have mentioned before that there are a number of people who have wished in our presence that the ends of the football stadium could be beautified with shrubs.

As long as the thing is going to get a face lifting, we might as well make it a good one and surely a line of evergreen shrubs would look better than the board fence which is not to be included in the paint job.

Nobody has told us that the school would see that the shrubs were given care, but we have a notion that that would be a cinch, once the shrubs were planted.

A good . . . community deed for some organization, we'd think.

Bob Stell is telling the best fish story that we've heard this season. When unable to make a catch himself, he's got a way of bringing 'em in. Out on a fishing trip recently, as it began to get dark, Stell started to bring in his line when the jiggerbug on the end caught on the limb of a tree. He gave it a jerk to break the line, thinking that the hook would hold in the limb and he would retrieve it the next morning. When he returned the next morning it was to find that when he broke the line the jiggerbug rebounded to the lake, and all alone caught a two foot bass. And that's what he found on his hook the next morning.

On May 9 the Oil Belt Safety Association is sponsoring an all day safety meeting in Eastland and a number of events have been planned for the day.

Among other things will be a big parade at 10:30 o'clock and the towns in the association are asked to send entries to the parade. It has been pointed out that these entries are not to be elaborately decorated floats and such, but are to be entries that will in some way emphasize the theme of the meeting, SAFETY.

Those who are interested in making entries in the parade are asked to contact the Ranger Chamber of Commerce to register the entries and to secure all necessary information.

Incidentally, while we're on the subject of safety, let us call your attention to the winning editorial on safety being run on the editorial page of this newspaper. The editorials were written by a senior journalism student at the University of Texas and won the Clarence E. Gilmore Safety Contest award.

If you aren't safety minded the editorials should help you to become so.

FBI EXPERT TESTIFIES IN A. J. MAY CASE

WASHINGTON — An FBI expert testified today in the May-Garrison trial that four controversial invoices of the Cumberland Lumber Co. were made out on typewriters of the Garrison munitions combine and not at the lumber company's office in Whitesburg, Ky.

The testimony was given by Frank W. Miller, internationally recognized document examiner called as a government witness in the trial of former congressman Andrew J. May and three members of the Garrison combine on charges of bribery and conspiracy to defraud the government.

Government prosecutors contend the Garsons paid May \$53,000 for political favors and used the Cumberland Lumber Co. which the Kentucky congressman organized, to cloak the payments in the guise of legitimate lumber transactions.

Illinois and Rhode Island are the only two states which have state-wide library service under the secretary of state.

40 HIGH SCHOOL QUEENS TO BE PIONEER GUESTS

DALLAS, Texas May 2. — Queens form the 40 high schools in 17 Texas cities will fly to Houston on May 31 to be guests of Pioneer Air Lines and to participate in christening two new Pioneer planes. Col. Robert J. Smith, company president, announced here today.

Pioneer, calling the event a salute to Texas youth, has scheduled a full round of entertainment, which includes a luncheon at the airport, christening ceremonies for "the new planes," a tour of Houston, and a dinner party in the Rice Hotel Empire Room attended by civic leaders and air line officials.

The girls have been chosen by their respective schools as high school queens. They will fly to Houston in Pioneer Air Lines planes, 24 - passenger Douglas ships, accompanied by chaperones. They will represent every city of the Pioneer system: Amarillo,

BRITAIN MAY JOIN U. S. IN JEWISH ISSUE

UNITED NATIONS H A L I, Flushing, N. Y. — Great Britain showed signs of joining the United States in a complete turnabout of policy today by supporting a limited role for Palestine's Jews in the turbulent United Nations debate of the Holy Land problem.

Official sources said the British delegation, while it is waiting for final instructions from London, was inclined to support an American plan for letting the Jewish agency present its side of the bitter Palestine dispute to a major committee of the UN Assembly in the current emergency session.

The possibility of British support reduced the possibility of any split in the solid Anglo-American alliance thus far in the Assembly's attempt to set up a fact-finding commission to consider the future of Palestine.

Premier Defeats Strawn 3 to 2 In Opening Game

The Premier officially opened its 1947 soft ball season Thursday night in Strawn by taking the Strawn Merchandize Co. by a score of 3 to 2.

Krajcar started the game by getting a hit to right field. Beck brought Krajcar in by a sacrifice hit into center field.

Segars of Strawn started them off by getting a hit through 2nd and 1st. base for a single. Beasley got a single into left field. Wilkerson then got a single into right field but Lee of Ranger kept Segars on third with a well placed throw to home plate. Jones hit a long one into center field, Lenzi caught the ball and threw Wilkerson out at second base. Leaving the score 1 to 0.

In the second inning Blacklock singled to right field. Rodgers was hit by the pitcher which forced Blacklock to second base. Krajcar hit a single to left bringing in the two men on base, giving the Premier their winning score.

Riebe of Strawn knocked a home run giving them their second score. This was the last score for either team. The rest of the game remained a pitching duel between the two pitchers.

FISHERMAN AFTER PRIZE RODEO FISH

POSSUM KINGDOM LAKE. May 2 — After hitting the jackpot in the Possum Kingdom Fish Rodeo last week, Texas anglers started converging on the big lake as early as Thursday for another try at the remaining 392 "gold fish."

Six fishermen landed the prize fish last week and split almost \$1,000 in awards between them. Dallas took off top honors with anglers from that city snagging four. A Seymour fisherman caught one and a Fort Worth angler another.

Meanwhile the prize hat continued to grow toward the \$50,000 mark with town of Strawn adding \$2,000 to the pot and Weatherford inaugurating its campaign for a big prize list. The Ben E. Keith Company of Dallas and Fort Worth announced that the firm would give a \$7.50 basket of fresh fruit on every tagged fish caught by a woman fisherman.

While eight of the prize fish have been brought in, none of the big money members of the finny tribe have been landed. No. 13 remains the big prize, being worth some \$1,300 and No. 333 has passed the \$1,000 mark.

Directors of the Possum Kingdom Game & Fish Association will meet Sunday and draw plans for placing the biggest prize fish so far in the lake. Litt Massie, association president, has announced that the organization's membership has zoomed to near the 5000 mark. Membership tickets only require ten to be purchased at cities and towns surrounding the lake and also at all commercial camps.

Last Rites For B. D. Kimmel Held Thursday

Funeral services for Benjamin D. Kimmel of the Caddo Road, Route 3, Ranger, were conducted at the Church of God in Ranger Thursday afternoon at 2:00 o'clock with Rev. C. F. Meador of the Ranger church and Rev. L. R. Winnegar of Paris, Texas, officiating. Interment was in the Evergreen cemetery with arrangements by Killingsworth's Funeral Home.

Mr. Kimmel, who died at his home Tuesday night, April 29, 1947 at 7:30 o'clock, was born at Chalk Mountain in Summerville county Texas, and had resided in Ranger since 1919. For a number of years he had engaged in the trucking business. He was a member of the Church of God.

Survivors are his wife, Mrs. Benjamin D. Kimmel of the following sons and daughters, Lewis B. Kimmel of Fairbanks, Texas, Walter P. Kimmel of Phillips, Texas, Jester C. Kimmel of Hot Springs, New Mexico, Harold F. Kimmel of San Antonio and Oliver A. Kimmel of Kermit; Mrs. J. W. Hefner of San Antonio, Mrs. G. E. Harper of Ranger, Mrs. A. Hnulk of Roswell, New Mexico, Mrs. G. M. Cook and Mrs. D. G. Williams, both of San Antonio; the following brothers and sisters, Charlie Kimmel of Phoenix, Arizona, Jake Kimmel of Bethany, Oklahoma, Mrs. Iva Rowland of Canute, Oklahoma, Mrs. Pearl Gulbow of Foss, Oklahoma and 42 grandchildren and six great grandchildren.

Funeral services were held at 2:00 p.m. at the home of Mrs. George Case of Eastland, Homer Landroop, Pete Keener, Tom Tilley and Grover Baker, all of Ranger.

Paint Secured For Painting Football Stadium

Dr. G. C. Hossel stated today that Ranger Junior College has secured 500 gallons of paint with which to paint the football stadium. Painting of the stadium will be done this summer and will be completed sometime before the opening of the football season. The paint was secured through the War Assets Administration.

NEW FIRE CHIEF MAKES STATEMENT

Charlie Isabell who Thursday was named by the new city commission to be chief of the fire department and who has taken up his duties as such has issued the following statement:

"I think practically everyone in Ranger knows me—I have been in the fire fighting business over 21 years, 16 of which have been with the Ranger fire department. The past five years were spent under the war department.

A short time in 1942 was spent in the Seabees. After my discharge, I took up my duties with the war department. For over three years, I was chief of the fire department at Ashburn General Hospital, resigning when the base was taken over by the veterans.

For the past 17 years the state has conducted a fireman's training school and I have attended this school for the past 11 years. I have completed the fire marshall's course the past three years.

In accepting the job as fire chief in Ranger, I am fully aware of the responsibility and "headaches" that go with it. No two people see eye to eye on any subject, so there will be certain changes made around the fire department. Some of these will be quickly recognized by the public. Others must be worked out gradually, but they will all be for a better, more efficient fire department.

Price Crawley Speaker At Lions Club Meeting

At the regular meeting of the Lions Club held Thursday at noon in the Blue Room of the Gholson Hotel, Price Crawley was the speaker and gave a stirring talk on each individual's responsibility to his fellowman and his community.

Joe Nuesse, vice-president, presided at the meeting in absence of the president, J. A. Knox, and reported J. A. Bates who gave a report of the recent district convention at Brownwood.

Mayor Lee Dockery and Finance L. L. Bruce who took the oath of office Thursday morning were introduced. Rev. David C. Ham presented the matter of the relief funds being solicited in Ranger and in response the club gave \$25 to the cause.

Dr. Ray C. Ameen was elected to membership of the club.

PLANS LAID TO REBUILD LOCAL CHURCH

Officials of the Ranger Church of Christ announced today that plans are definitely underway for the rebuilding of their church which was recently destroyed by fire.

Efforts are being made now to secure materials and actual work on the building will be dependent upon the availability of materials. The services of an architect will be employed for designing the building and plans are to make it even more attractive than the one that burned.

In speaking of the new building Edwin George stated, "We are planning to make of it something of which the whole town will be proud."

The officials, too, expressed their appreciation and the appreciation of the church members for the assistance that has already been given them in their move to rebuild the church. It was stated that many individuals and firms have made actual contributions toward the new church and that many have been helpful in trying to aid in getting war surplus materials for the church. J. E. Meroney stated in this connection, "We appreciate more than we can express, the aid that has been given us."

It was pointed out that a number of substantial contributions have been volunteered and will go a long way toward rebuilding the church.

A building committee has been named and is composed of O. G. Lanier, M. H. Bobo and G. C. Love. The finance committee is made up of Edwin George, J. E. Meroney and L. E. Gray. Charles Bobo is church treasurer and anyone wishing to make a contribution to the building funds may do so by contacting finance committee members or the church treasurer.

To Ask Truman To Veto Fortal Pay Case Bill

WASHINGTON — Secretary of Labor Lewis B. Schwellenbach plans to recommend that President Truman veto the postal pay bill passed by congress, it was learned today.

Authoritative sources said Schwellenbach would ask that along with a veto, the President recommend passage of a bill limited strictly to outlawing some \$6,000,000,000 in pending postal pay suits.

Democrats in Congress are prepared to support such legislation. The measure approved by Congress yesterday was a compromise between differing versions originally passed by either house.

HOPE PLAN FOR ONE PHASE MAY WORK FOR ALL UNIONS

The government prepared a compromise wage plan in the 26-day telephone tieup today, while strikes idled workers in other key industries.

The government plan dealt only with the long distance phase of the telephone strike, while conciliators hoped it would set a pattern for eventual settlement of the entire walkout.

The American Telephone & Telegraph Co. still refused to submit a wage offer, and the long distance union stood by its demand for a \$6 weekly raise.

Other labor developments — Steel—About 14,000 were idle in the second day of a strike at three Chicago area plants of Inland Steel Co., the nation's seventh largest steel producer.

Cement—About 10,000 cement plant workers from Maine to Florida were idle in the second day of a strike against cement producers.

Transport—An embargo was clamped on rail and truck freight shipments into Indianapolis because of a strike by 14,000 truck drivers.

Rent Control Group Hopes For Modified Bill

WASHINGTON — Supporters of strong federal rent control counted on the Senate today to modify provisions of a House-passed bill which would permit local governments to end controls at their discretion.

The House bill was passed 204 to 182 at a hectic session last night after the Republican leadership barely put down a GOP rank-and-file revolt which could have killed the measure outright.

The bill would extend rent control until Dec. 31 without any general increase in present ceilings. But it would empower county, town and city governments to end controls locally whenever they decided the housing shortage was at and end in their areas. Foes of this provision hoped the Senate would at least make such local rulings subject to a federal veto.

People Urged To Give Relief Gifts At Once

Those in charge of the relief funds being solicited in Ranger today urged that contributions be turned in as rapidly as possible, in order to complete the funds and turn them over to the causes for which they are intended.

It was stated today that to date only \$238 has been contributed for the four causes involved. Employers are urged to solicit their employees and secure the contributions at once. These should be turned over to the Commercial State Bank or the Chamber of Commerce.

MURDER MADE LEGAL

Editor's Note: The following editorial was written by Verna Mae Orts, University of Texas senior journalism student, winner of the 1947 Clarence E. Gilmore Safety Contest award.

Do you know someone you would like to have murdered? There is a very simple way to do it. Just get a car and a driver's license, and run him down. If you can make it look like an accident, the chances are six to one that you will never be penalized for it by the courts.

The inquest verdict is likely to be "unavoidable accident."

That's a very easy way to keep from laying the blame on anyone. But there is no such thing as an "unavoidable" accident.

Accidents are caused by bad roads, bad cars, and most of all, bad drivers. When you violate a traffic law, you are a bad driver. But when you break a traffic law and a fatal accident results, the chances are only one of thirty that you will ever be sent to jail for it; only one out of ten that you will have to pay a fine.

If you knew that you would be heavily fined, or even imprisoned next time you violated a traffic law, you'd soon learn to drive more carefully. If you knew that when you got a ticket, you couldn't get it fixed or tear it up, you'd stop doing things that resulted in getting tickets. That is, unless you thought you could get away with it one more time.

So long as Texas has only 250 highway patrolmen to cover 26,000 miles of state highways, the chances are pretty good that you can get away with it, but so can thousands of other careless drivers who are daily endangering the lives of you and your family.

If we are to stop the reckless slaughter on our highways, we need at least 200 more patrolmen. We need traffic courts with judges who will deal severely with traffic violators. We need courts where tickets cannot be fixed.

Convictions of reckless drivers are the only way to bring home to Texans that murder with a car is no less a crime than murder with a gun.

NEW YORK—(NEA)—The New York commission is expected to decline Rocky Graziano's application for the restoration of his license, April 13, forcing the Dead End Kid's return match with Tony Zale to Chicago in June.

It is apparent that Marcel Cerdan will have to wait, although he is richly entitled to a shot at the middleweight champion, Zale is 33, Cerdan 31. It would be great to see the old American and French sailors in the same battle pit, and fitting now that boxing has become an old man's game.

Jersey Joe Walcott, father of six and who confesses to 33, while some who know him best say he is 38, insists that Joe Louis fight someone his age.

Bruce Woodcock is Louis' choice, but the Englishman right now would prefer to wait a year even though he wins from Joe Baksi in London, April 15. Woodcock would have little left after a double dose of income tax. He is acquiring weight and strength. Louis would be a year older. Baksi is only 27, but would risk injury in the same enclosure with the Bomber.

Mello Bettina, 36, would perhaps be the more formidable opponent for Smokey Joe, but is ruled off for being a southpaw.

WM. McCRAW TO SPEAK AT SAFETY MEET

Plans started at a meeting in Eastland Monday night April 21 for the meeting of the Oil Belt Safety Conference to be held in Eastland May 9, were nearing completion this week. Thursday morning H. J. Tanner, Chairman received a letter from William McCraw, former State Attorney General, advising that he would be present to deliver an address at the 8:00 p. m. session of the conference.

The Oil Belt conference, organized in 1933 but meeting of which suspended during the war, is composed of Eastland, Stephens and Callahan counties.

Ranger, Cisco, and Breckenridge bands will head a parade which will form at the Eastland City Hall at 10:30 Friday morning, May 9, and pass east on Commerce street to the East side of the Public Square, turn

left on North Seaman to East Main, turn west on East Main and continuing west to Daugherty and there turn south to the City Hall. Bill Harris of the Eastland Police Department will be in charge of the parade.

In the parade will be cars and trucks, carrying banners and slogans featuring the prevention of traffic accidents, accidents in the farm and in the home. This scheme will also be featured throughout the entire program.

At 1:30 p. m. Friday the winners in the various school contests for conference prizes in public speaking and essay writing and for posters will be judged. This program will be at the Lyric Theatre. Total prizes offered is \$250 with \$50 prize for the parade winner.

Winners in all the contests will be announced at the meeting at 8:00 p. m. Friday night on the Connellee Hotel Roof.

ON WAGON 17 YEARS HIS LAPSE FORGIVEN

BEAUMONT, Tex. (UP)—Judge J. B. Synnot thinks 17 years is a long time to be on the wagon, and an elderly man walked out of the court free as a result.

The man, charged with drunk-

ness, told the judge he hadn't touched a drop in 17 years. "I took it for a cold, and I didn't have any idea it would affect me so," he explained. "If this is the first time you've been here over 17 years, that's grounds for dismissal," Judge Synnot said.

ONE LAXATIVE IS ENOUGH

ADLERIKA - THE TUNE-UP LAXATIVE

SOME folks keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERIKA, the FAMILY LAXATIVE. It's a scientifically compounded Tone-Up laxative originated by a doctor . . . works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. *Caution: Use only as directed.*

Pot Calls Kettle Black And The Divorce Is Off

SOUTH BEND, Ind. (UP)—Angeline B. Nemeth and John A. Nemeth decided to call it quits after 23 years of married life. Both filed suits for divorce.

The hearing on the hotly contested cross-complaint for divorce lasted three full days. Judge J. Fred Bingham then handed down the following decision:

"Indiana law permits the granting of a divorce when the party being sued is found at fault. However, when both husband and wife are at fault, there can be no divorce."

Mrs. Morgan Jones Speaker At Club

Mrs. Morgan Jones of Abilene was the guest speaker at the regular meeting of the 1920 Club held Thursday afternoon at 3:00 o'clock in the Blue Room of the Gholson Hotel and spoke on art from its beginning, giving a outline of its development up to the present state as exhibited in the National Museum.

Mrs. Jones who is president of the West Texas Art Museum in Abilene, was introduced by Mrs. M. L. King, a life-long friend who was in charge of the program. Here with Mrs. Jones for the meeting was Mrs. T. E. Bass of Abilene, mother of Mrs. King.

A short business meeting was held with the president, Mrs. J. E. McLaughlin, presiding, and members voted to contribute an additional \$15 to the current relief fund solicitation.

At the close of the meeting coffee was served from a table laid with a cutwork cloth and lighted with cream colored candles in three branch candelabra. A crystal bowl at one end of the table held an arrangement of Lady Heffington roses and at the other end was the silver coffee service at which Mrs. McLaughlin presided. Mrs. King, Mrs. Paul Macdonald and Mrs. J. S. Feltwell were hostesses at the coffee.

Guests at the program and coffee were members of the New Era Club and the Columbia Study Club.

Members of the New Era Club through their president, Mrs. L. L. Bruce, extended an invitation to those present to attend the music appreciation week program being given Tuesday night at the First Baptist church by the Drago Harmony Girls and which is being sponsored by the Ranger Club.

Mrs. Landrum To Speak Tonight At Methodist Church

Mrs. W. B. Landrum, of Tyler, Texas, field worker of the Woman's Division of Christian Service of the Methodist Church will speak to the members of the Woman's Society of Christian Service and to all women of the local Methodist church tonight, Friday, May 2 at 7:30 p.m. in the lower auditorium of the church.

Mrs. Landrum has had wide experience in the work of the Woman's Society, having served as District Secretary, Conference President, and Jurisdictional Secretary of Christian Social Relations and Local Church Activities. She will emphasize the Wesleyan Service Guild and employed women are especially urged to attend, looking forward to the organization of a Guild in the Ranger Methodist Church.

PERSONALS

Misses Wanda and Doris Wheeler and Miss Betty Ward were in Strawn Wednesday for a visit with Paul Wheeler who was critically injured several months ago in an auto accident. Wheeler has just been returned home from the veterans hospital in Dallas and after a few days at home will go to a hospital in Tennessee. He is reported to be slightly improved.

Bake Sale To Be Held Saturday

Members of the First Christian Church will hold a bake sale on Saturday, May 3, at the H&C Super Market and the public is invited to patronize the sale.

Proceeds from the sale will be used in the church work.

NORA PRENTISS OPENS AT ARCADIA TODAY

"Nora Prentiss", co-starring Ann Sheridan, Kent Smith, and Bruce Bennett, is the new Warner film which opens today at the Arcadia and runs through Saturday. The picture, an intensely dramatic love story, tells the strange tale of Nora Prentiss, a girl who give up everything for her love, a love which eventually involves her in a series of unusual and frightening situations.

Based on an original story by Paul Webster and Jack Sobell, the picture presents Ann Sheridan in the title role, as a singer in a San Francisco night club. Having been knocked about a lot in her lifetime, she is cynical about life and men, until she meets Dr. Richard Talbot (Kent Smith). Talbot, a staid, respected member of a suburban Frisco community, is married to a demanding and oft-times nagging wife, Luey (Rosemary DeCamp), and is a father of two teen-age children.

When Lucy and the children go away for a week-end, Talbot visits Nora, who is a patient of his, at the night club where she sings. Susceptible to the refreshing difference between his wife and Nora, Talbot easily falls under her spell. Nora, on her part, falls seriously in love with Richard. This leads to a series of clandestine meetings between Nora and Richard, until one day Nora realizes that despite her great love for Richard and his for her, it would be impossible to continue their relationship and be happy.

Nora accepts a singing job at a New York night club operated

Jones, Mrs. Monroe Ainsworth and son Roy Jean, Mrs. Curtis Blackwell and Mrs. A. H. Dean visited Mrs. B. B. Freeman Wednesday.

Mrs. Eva Underwood spent last week with her grandson, Alton Underwood, and family.

The community was saddened last week by the passing of W. A. Howard, a long time resident here.

Mr. and Mrs. Jid Blackwell were guests Tuesday night in the Curtis Blackwell home.

Mrs. Frank Weekes and daughter, Maud Wheelis, visited in the A. H. Dean home Wednesday.

Mrs. F. E. Ferrell was in Ranger on business Wednesday afternoon.

Gordon Downing of Abilene Christian College conducted services at the Church of Christ Sunday. Mrs. Downing and their two children and her sister and family accompanied him here.

On Saturday, May 3, work will be done in the Alameda cemetery, and on Saturday, May 10, in the Cook cemetery. Everyone is invited to attend and help in the work to be done.

by her former boss, Phil Dillard (Robert Alda), with Richard becoming frantic at the thought of losing her. He concocts and carries through a desperate scheme whereby he is able to change his identity and accompany Nora to New York. However, fear of discovery plagues his mind, and finally, when his secret is publicly disclosed the film moves on to a powerful and ironic climax.

Adapted for the screen by N. Richard Nash, "Nora Prentiss" also features, in additional supporting roles, John Ridgely, Robert Arthur, Wanda Hendrix, Don McGuire and Helen Brown. The film was directed by Vincent Sherman, photographed by James Wong Howe, A.S.C., and produced by William Jacobs.

Uniform Tickets Cut Traffic Accidents

CHICAGO (UP)—Use of a uniform traffic ticket on which are listed six principal traffic violations has reduced automobile accidents in five Michigan cities.

Because these cities standardized traffic violations, motorists know what to expect from traffic cops in the several communities. Major traffic violations listed include speeding, improper passing,

and running stoplights. The International City Manager's Association, after observing the results of the nation's first statewide system for traffic law enforcement, said that during the late months of 1946, when accident rates mounted rapidly toward a holiday peak in most cities, auto mishaps in the five "test" cities increased only one per cent.

The five "test" cities which used the plan for six months and found it satisfactory are: Bay City, Saginaw, Jackson, Battle Creek, and Kalamazoo.
