Mr. and Mrs. Ed Johnson and

son, Thomas Ray, who have been living in or near Cisco for the past two years have moved back to their home at Romney.

Henry Reed has been visiting the homes and assessing taxes this week. He is caring this season for all properties in the following communities: Long Branch, Rom-Pleasant Hill, Okra, Griggs, Hall Mark, Oak Grove, Cook, Ballard, Shady Grove and Word. Noting the changes in the surrounding communities within the past few years, one recalls that each of these eleven centers have had school with one, two or more teachers, and several had regular church services. But times have changed. Only Okra, with its two remaining churches, Cook, Long Branch and Pleasant Hill with one church each, like the remaining settlements, no longer have schools but rather, the students are now attending schools in Rising Star, Carbon and Cisco.

### **ATTORNEYS ASK LENIENCY** FOR PROTESTANT CLERGY

By Edward M. Korry

United Press Staff Correspondent Sofia, March 5 (UP)-Sixteen defense attorneys pleaded for leniency today to save 15 protestant pastors from the gallows or long prison terms.

Most of the lawyers asked for leniency on the grounds their clients had confessed their guilt to charges of espionage, treason and black marketing and were merely the "toois of American capitalism.

Thirteen of the attorneys had finished by the noon recess. The proceedings probably will end late today when the remaining lawyers and the defendants speak their "last words."

Sentencing is expected Monday. The death penalty has been asked for the four leading defendants and the "heaviest punishment" for the others. Under Bulgarian law, the heaviest penalty for treason FORT MEADE, Md., March 5 is death. The minimum sentence

The use of the parable was not unique with Jesus. There were many parables in the Old Testament. The parables was a natural incident of oriental imagery and figures of speech.
