

Hi, Partner—It's about
rodeo time again. And
We'll be looking for
you on July 20-23 at
the 4th annual Jaycee
Rodeo in Ranger.

RANGER DAILY TIMES

31st YEAR RANGER, TEXAS, WEDNESDAY, JULY 6, 1949 PRICE FIVE CENTS No. 30

Ranger's annual home-
coming dates are July
20-23. Gala events
planned for former
residents. Make your
plans now to attend.

British Need For Quick Economic Relief Revealed

Well...
I Dunno,
But...

We are of the opinion that the men who started the Highway 80 Boosters Association in Ranger have started a ball to rolling that can mean a tremendous boost for the highway.

By building up enthusiasm locally and spreading that enthusiasm to other points on the highway, they have created the first essential for the success of the National Highway 80 Association. The national organization is dependent solely on localized interest along the route for its backing and the Ranger men have that enthusiasm rolling.

The Ranger representatives of Highway 80 Boosters will carry that enthusiasm with them to the National Convention Saturday and Sunday in a determined effort to see that this highway is not sidetracked for other routes.

And little enthusiasm, backed by determination, can carry a powerful wallop for any cause.

Like we always says, those Jaycees have an eye to business. Not relying too confidently on the appearance of their own mugs to help advertise their rodeo, they've looked out some attractive young fellows to get attention, then the Jaycees will do the rest.

Tonight President Wilson Guest of the Jaycees will take the Jaycee car filled with pretty misses to the rodeo in Breckenridge. Going along to help Wilson advertise the show and a number of its features will be Nancy Phillips, Carolyn Pruet, Betty Jo Penn, Jerry Bowen, and Wanda Clem.

Attention of qualified voters of Ranger is again called to the election on July 19 at which seven directors for the Eastland County Water Supply District will be named.

Only property owners of Ranger who have paid their poll taxes or who are qualified voters, and have rendered their property for taxation are eligible to vote in the election. The same foregoing qualifications apply to the men that are eligible to hold directorships in the district.

No printed ballot will be put out for the election and all candidates for the places will have to be written in on the ballot. When the ballots are counted the seven men receiving the highest number of votes will be declared elected provided that they qualify according to the foregoing qualifications.

The district is bound by the city limits of Ranger and therefore only qualified voters within those limits will have a vote in the election.

Boosters To Carry Highway 80 Banner

Carrying the banner for Highway 80, the fastest route to the west coast, C. S. Kerr will leave Thursday morning and J. E. Meroney will leave Friday morning to attend the meeting of the National Highway 80 Association in Houston, La., Saturday and Sunday.

The two men will go to the convention well armed with enthusiasm built up in the last six weeks since the organization of Highway 80 Boosters Association in Ranger and the spread of that spirit along Highway 80 from Weatherford to Van Horn.

Terming themselves boosters of Highway 80 a group of about 30 men and women with businesses on Highway 80 through Ranger, met at the Gholson Hotel on the night of Thursday, May 19, formed the Boosters Association and underwrote a \$2100 sign to direct traffic across Highway 80.

In the short time since, the money for the sign has been raised, the sign erected east of Weatherford and east of Weatherford on other lanes along the highway pledged. The Boosters have been untiring in their efforts since organization to publicize the highway and to spread the appeal for support in an all-out effort to keep traffic moving over this highway.

Representatives of the Boosters and R. V. Galloway, secretary of the Chamber of Commerce, shortly after the organization of the Ranger Boosters, attended a meeting in Abilene at which chamber of commerce secretaries and other interested parties discussed the aims and efforts of the Boosters. Before the meeting adjourned, Abilene, Colorado City, Sweetwater, Cisco and Eastland, pledged their support to the boosters efforts and a spokesman for the National Association pledged funds from that organization to assist in keeping the sign east of Weatherford in operation.

Other means of advertising Highway 80 are being studied and planned by the Boosters and these will be presented at the National Association meeting.

Organization of the Boosters Club in Ranger, came after business men were aroused by the decrease of traffic over this route and the increase of traffic over other routes. Long known as the fastest route across the country to the west coast, Highway 80 still offers that advantage to travelers and this is the information that the boosters propose to get out to the traveling public.

The two men from Ranger expect to tie into the National Association plans the efforts that have been made locally to publicize the highway. As has been pointed out before the local group seeks only to augment the efforts of the National organization by such efforts as they can put over.

Business men in downtown Ranger have backed the Boosters in spirit as well as in contributions toward keeping Highway 80 known.

CRIPPS HINTS MORE BELT TIGHTENING IN OFFING

By R. H. Shackford
United Press Staff Correspondent
LONDON July 6 (UP)—Great Britain acknowledged today that immediate corrective action is needed to stop the rapid disappearance of her gold reserves but emphatically denied any intention of devaluing the pound.

Sir Stafford Cripps, Chancellor of the Exchequer, reviewed the economic situation in the House of Commons. He discussed plans for coping with the crisis, exhorted the people to greater productive effort, and hinted that there might have to be some more belt tightening.

In the last three months, Cripps told Commons, the country's gold and dollar reserves dwindled \$260,000,000 to \$1,624,000,000. But despite the grim outlook, the Chancellor said, the government has "not the slightest intention of devaluing the pound." Speculation had arisen in many quarters that devaluation was being forced inexorably on the Socialist government.

Cripps anxiously awaited bad news of how close Britain is to bankruptcy was coupled with an appeal to Britons to work harder and turn out more goods for export. He also appealed to the United States and the Commonwealth nations to help by buying British goods.

Cripps didn't even mention the controversial devaluation question in the course of his formal statement to Commons. But conservative H. R. Spence asked about it. Britain's "Mr. Austerity," a last ditch opponent of devaluation, snapped:

"His majesty's government have not the slightest intention of devaluing the pound."

His statement was made in the wake of increasing pressure from the United States and France for a general revaluation of currencies, and especially devaluation of the pound.

Other highlights of Cripps' statement:

1. During the last three months the net gold and dollar deficit of the sterling area, not counting Marshall Plan Aid, was \$628,000,000, compared with only \$328,000,000 in the first quarter.
2. Of that deficit, \$28,000,000 was covered by a Canadian credit and \$340,000,000 by Marshall Aid. The rest came from reserves, cutting those down to \$1,624,000,000. The safety level is "considered" \$2,000,000,000.
3. Cripps will take advantage of the London visit of John W. Snyder, U. S. Secretary of the Treasury, this week-end to "initiate discussions with the United States on the whole matter" of Britain's crisis.

ROTARY OFFICERS TAKE OFFICE TUESDAY NIGHT

G. B. Rush took over the reins of the Rotary Club Tuesday night and introduced other incoming officers who are Archie Robinson, vice-president, H. P. Earnest, secretary and directors, the Rev. Cecil Ellis, H. C. Henderson, Dr. A. W. Brazda and Edwin George.

The club gavel was turned over to Rotarian Rush by H. C. Henderson retiring president who spoke briefly thanking the club for the cooperation given him during his administration. Henderson was presented a past president's pin with Dr. G. C. Boswell, governor-elect of District 186 of Rotary International, making the presentation.

The installation of officers took place at a chicken barbecue at the Ranger Country Club Tuesday night at 7 o'clock at which Rotary Club ladies and Dr. Boswell shared honors.

DEATHS OF ALMOST 400 BLAMED ON HEAT WAVE

The year's worst heat wave was blamed today for the deaths of almost 400 persons in the last four days.

With temperatures again crowding 100 degrees in many areas and no relief in sight, a United Press survey showed that 399 persons have died since 6 P. M. Friday. Of the total, 107 died of prostration, sun stroke and heart attacks induced by the heat. At least 283 persons drowned.

The Federal Forecaster in Chicago said that the heat generally would continue at least through Friday, which is as far as the Bureau can forecast accurately.

A mass of dry and slightly cool air from Canada was expected to bring some relief to the sweltering millions in New York and New England today by decreasing the humidity. But more heat was on the way.

A thundershower dropped from .01 to .07 of an inch of rain in the New York-New Jersey-Connecticut area, settling the dust but falling far short of the day-long drenching needed to give crops any lasting benefit. In New York City, temperatures fell briefly then started climbing again.

No general rains were forecast for the area from New Jersey to New England that has suffered for 41 days from the worst drought in the region's history. At least 27 persons have died in the drought which has devastated

DESDEMONA STORM RELIEF MARKS RED CROSS WORK FOR PAST YEAR

Highlighting activities of the Eastland County chapter of the American Red Cross during the past year was service in connection with the Desdemona tornado March 25, Mrs. Joseph M. Perkins, chairman stated at the annual chapter meeting Tuesday afternoon in the Prairie Building at Eastland.

Mrs. Perkins said the most continuous program of the chapter has been Home Service, under the direction of W. H. Taylor of Eastland.

The annual campaign for funds was conducted by Earl Conner, Jr., Eastland.

A financial report was made by Earl Woody, Eastland, county treasurer for the Red Cross.

COMMISSIONERS HEAR REPORT ON CITY AUDIT

At the regular meeting of the city commission held Tuesday night at the city hall, James King gave a report on the audit of the city books which he has just completed.

The report indicated that while the city is not out of the red yet, the deficit in city funds is less at this time than for the previous years.

After hearing the details of the audit, at the motion of Commissioner O. G. Lanier, seconded by Commissioner N. M. McCollum, the commission approved the audit.

It was also reported at the meeting that a traffic survey engineer representing the company from which parking meters have been ordered, will be in Ranger about the 12th of this month to make final arrangements for installation of the meters.

A report from City Secretary Lester Crossley indicated that delinquent tax collections are still coming in but that collections will have to be stepped up if current expenses are to be met. Crossley also reported that citizens are still making arrangements for sewer connections in reply to a recent enforcement order on the ordinance requiring such.

On the motion of Commissioner Hershel Angus a small expense account was allowed for Fire Chief Charlie Isbell and Roy Stroud to attend the firemen's school at Texas A&M this month.

Bill Judy Back In Air Force

B. R. Judy of Ranger, recently enlisted in the Air Force in the grade of Sgt. at the Abilene U. S. Army and U. S. Air Force Recruiting Main Station. During a previous enlistment in the Air Force, Sgt. Judy served 16 months on the Hawaiian Islands. He was discharged in March '49 as a Sgt.

Jack Judy, a brother of Sgt. Judy, is serving in the Navy as a Boatsman 1-c.

Desdemona Man Charged With Threat To Kill

Otis Sharp of Desdemona waived examining trial before Justice of the Peace E. E. Wood in Eastland Tuesday afternoon and had two bonds, each in the amount of \$500, set in connection with a charge of threat to kill, according to the Sheriff's office.

Sharp posted bond and was released subject to action by the grand jury.

The complaint was preferred by O. O. Campbell, also of Desdemona cafe Saturday, the Sheriff's department stated.

Campbell was charged with assault and battery and was fined \$5 and costs by Justice Wood Tuesday afternoon.

Revival Seen In Oil Activities Near Ranger

Revival of oil activities in the Ranger territory, scene of a great rush many years ago, is in progress to the north.

Chief stimulus to this new interest has been given by two wells in the vicinity of the little town of Frankel. The Star Oil Company has drilled a pair of producers on the Jackson. The oil is coming from the Strawn sand at a depth of 1,800 feet. One well is rated as good for 40 barrels a day and the other nearly as good.

While such a yield is not sensational, the fact that it is found at a shallow depth makes the area attractive because of comparatively low drilling cost and the long-lived production for which the strawn sand is known.

Tiger Minerals, which headquarters in San Antonio, has leased three tracts totaling 1,800 acres and is reported to have made three locations.

Hico Man In County Jail

V. V. Burns of Hico was charged in Justice of the Peace E. E. Wood's Court in Eastland Tuesday with threat to kill. The complaint was preferred by his wife, the Sheriff's office stated.

Burns had been arrested by the Sheriff's office Saturday on a driving while intoxicated complaint. He pled guilty to the charge before County Judge Lewis Cressley Tuesday and was assessed a fine of \$100 and costs.

He is being held in county jail, pending bond, for action by the grand jury on the threat to kill charge.

Public Invited To Revival Meet

An invitation has been extended to the public to attend a revival meeting at the Church of Christ, beginning July 8 at 8 P. M.

The meeting will run through Sunday July 17 and services will be conducted each week day morning at 7 o'clock and each day at 8 P. M.

P. D. Wilmoth of San Antonio will be in charge of the services.

Harlan Phillips To Elks Meeting

Harlan Phillips, exalted ruler of the Ranger Elks Lodge, left today for Cleveland, Ohio where he will represent the local lodge at the national convention.

Phillips went by car to Oklahoma City and from there will fly to the convention. He expects to fly back all of the way at the close of the ten day convention.

Bill Judy Back In Air Force

B. R. Judy of Ranger, recently enlisted in the Air Force in the grade of Sgt. at the Abilene U. S. Army and U. S. Air Force Recruiting Main Station. During a previous enlistment in the Air Force, Sgt. Judy served 16 months on the Hawaiian Islands. He was discharged in March '49 as a Sgt.

Jack Judy, a brother of Sgt. Judy, is serving in the Navy as a Boatsman 1-c.

Jack G. Bishop v. Jack G. Bishop, order.
Doris L. Grimes, et al v. J. B. Herring, judgment.
Dennis L. Grimes, et al v. J. B. Herring, judgment.

CHICAGO, July 6 (UP)—The 1950 furniture designs have gone almost completely modern and will cost less at neighborhood stores, exhibits at the National Home Furnishing show revealed today.
The trend is a "new modern," breaking away from the cold-looking furniture that opened the modern era in furniture design. Manufacturers have added curves, or gold trim, and have upholstery finished with rich, colorful fabrics for less harsh appearance and more comfort.

Throughout the 29 floors of exhibits in the merchandise and American furniture marts, only a few displays were given to traditional designs.

Prices on all but the more expensive types of furnishings were five to 20 per cent lower than six months ago.

With the emphasis on the modern, television's imprint on designs was a highlight of the show. Several manufacturers displayed swivel ton tables, so that television sets can be swung around easily for clear view from any corner of a room.

Other designs included television cabinets in which folding chairs may be stacked and which contain all the accessories for a portable bar. One manufacturer

B. Hering, order overruling motion for new trial.
Patsy Nance, et al v. Wesley Isenbower, et al, order granting new trial.
Nina Franklin v. Estel Carl Franklin, judgment.
J & F Drilling Company, et al v. Cecil Adams, Inse G. Reed v. Cecil Adams, judgment.
Price Cawley v. W. J. Jones, et al, judgment.
W. H. Kuykendall v. Etta Kuykendall, judgment.

displayed a television ottoman, which contains four pie-shaped "otto boys" to be used for chairs when neighbors crowd in for a show.

Also drawing interest was upholstery that zips off for cleaning. In the new designs, couches are massive blocks, comfortable looking and luxuriously finished. Most do not have arms, or if they have any at all, the arms simply are smaller blocks. Curved and serpentine couches were the latest designs on display.

Prisoner's Death Laid To Fued

HUNTSVILLE, Tex., July 6 (UP)—A long-standing prison feud was blamed today for the death of Billy Ray Hemphill, 20-year-old Dallas County convict, stabbed by another inmate here June 28.

Hemphill, serving a 20-year term from Hood and Dallas Counties for robbery with firearms, died yesterday in the prison hospital from a single stab wound in the abdomen.

Authorities said the young convict was attacked by Clarence Birdwell, 32, while the two men were quarantined in the prison's quarantine building prior to being shipped out to one of the prison system farms. A crude, six-inch knife was found by a guard who investigated Hemphill's cries.

Hemphill had been received at the prison only six days before, but records clerk J. C. Roberts said other inmates said he had

Boston Court Rules Against Texas Father

BOSTON, July 6 (UP) — The

Massachusetts Supreme Court has ruled against a Texas father charged with kidnaping his daughter while a divorce case was pending.

The court found yesterday that a court order of February, 1947, granted Mrs. Lucile A. Conley

custody of her daughter Lynette, 4, was valid. She was granted a divorce in July, 1948.

The court order gave the way for Mrs. Conley to make a formal

request of Texas authorities to return the child, who has been in Texas for the two years of legal battle.

Texas Student Held In Boston

BOSTON, July 6 (UP) — An 18-year-old college student who allegedly jumped bail in his home city of Houston, Tex., where he is charged with burglary, was held here today on open charges.

Stephen P. Blakeway (of 832 Heights Boulevard) was seized yesterday after he allegedly tried to break into the Jamaica Plain Home of Mayor James M. Curley of Boston.

Police quoted Blakeway as saying he had been arrested six weeks ago for burglary at the Houston home of Harvey E. Firestone and was released in \$1,500 bail pending grand jury action.

LADDER RESCUE

Using an ingenious bridge of ladders, volunteer firemen rescue Martha Tremel, secretary in the Washington, D. C., offices of the New York Herald Tribune, from a rock to which she had climbed after falling into the swirling waters of nearby great Falls. (NEA Telephoto.)

HOSPITAL WEDDING

Seriously wounded in battle with a masked "lovers lane" bandit whom he subsequently killed, Alwyn "Sonny" Ivers places the ring on the finger of his 16-year-old bride during their wedding in Los Angeles General Hospital. Rev. Walter Pegg performs the ceremony. The bride's sister, Lagatha Bowen, is the maid-of-honor. (NEA Telephoto)

Examining Trial Due In 26-Year Old Murder Case

PEAUMONT, July 6 (UP)—Examining trial for C. P. Rial, charged in the murder of his brother 26 years ago, today was set for 10 o'clock next Monday morning.

The hearing will be before Justice of the Peace Horace Blades.

When Rial goes on trial for the bludgeon slaying of his younger brother, P. O. Rial, in 1923, the presiding judge will be the same lawyer who once defended a young negro, tried and convicted in the case.

The jurist is criminal district judge Owen M. Lord, who defended Verlee Adams. Adams was assessed a five-year sentence, then was granted a new trial. Later, the case against him was dismissed. Lord, the court-appointed counsel for the young negro defendant, said that after talking with Adams, he was convinced of his innocence.

Rial, 57, was arrested at his home in Seagoville (Dallas County) Sun., after his daughter-in-law told officers that he had boasted of killing his brother near

Beaumont in 1923. Benjen to death at the same time as P. O. Rial was his fiancée, Bessie Carl, 16 of Houston.

Six Injured, One Body Cremated In Houston Fire

HOUSTON, Tex., July 6 (UP)—Fire swept the Johns Funeral Home (3102 Lyons Ave.) early today, injuring six persons and cremating one body in the establishment.

Damage was set at \$100,000 after 50 firemen staged a successful two-hour battle to confine the flames to the 23-room frame building.

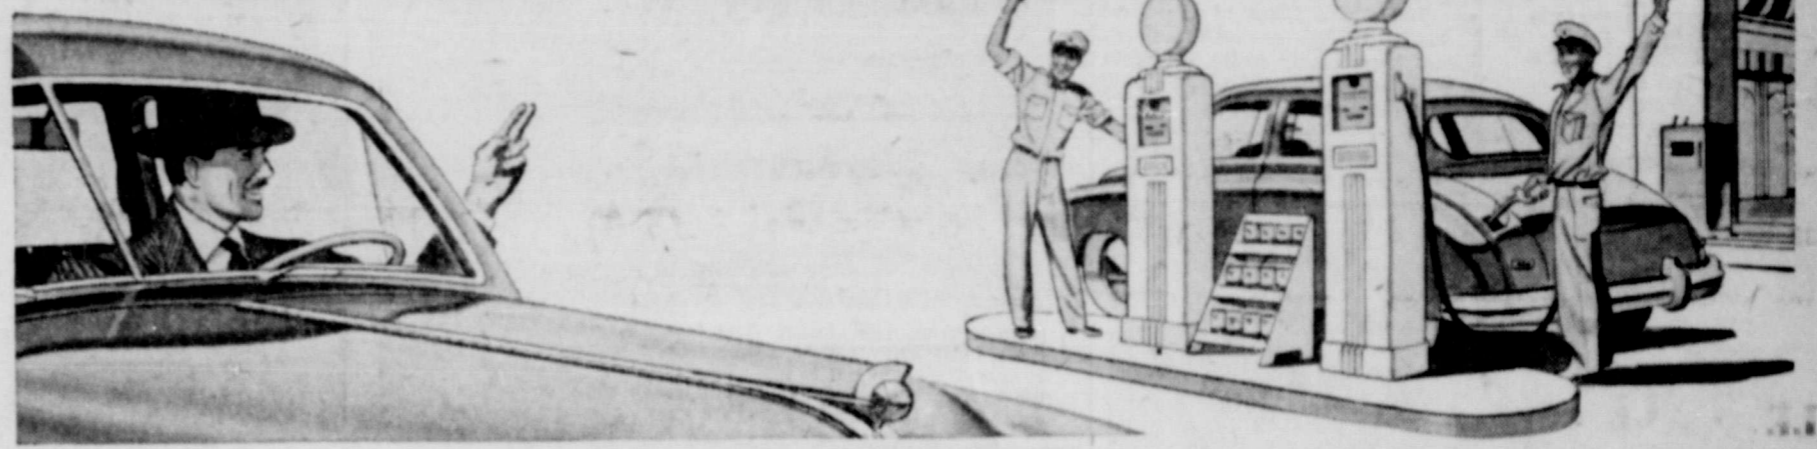

Critically burned was Muckle-row Johnson, 21, an attendant at the Johns Funeral Home. Firemen lifted him from a blazing bed on the second floor of the building.

Firemen injured in action were Junior Capt. R. J. Templet, Fireman P. O. Lemon and Pipeman G. D. Ward. All were treated by the Harris County Emergency Corps at the scene.

Investigators were told that the body of a man was in the funeral home at the time of the fire. Records, however, were a total loss and the identity could not be immediately determined.

It's like getting a dollar's worth of gas for 85¢ with

FORD OVERDRIVE

Drive one of our demonstrators and see for yourself how Ford Overdrive smooths your ride. Your engine speed actually drops 30% without any drop in road speed. For example, while your car's road speed stays at 50 m.p.h. your engine speed drops to 35 m.p.h. in Overdrive. This actually adds to engine smoothness and quietness and

engine life. It saves up to 15% on gas and oil . . . cuts service costs. . . It's like getting a dollar's worth of gas for 85¢! And for added safety, a touch on your gas pedal releases a magic-like surge that makes passing and hill-climbing a breeze. But Overdrive is only one of the many reasons for that new Ford "Feel" . . .

It accents the new FORD "FEEL"

Take the lower, level "Mid Ship" ride . . . the power of new V-8 or Six engines . . . the "feel" of "Hydra-Coil" and "Para-Flex" Springs . . . the 35% easier "Magic Action" brakes. Add the many other firsts of the "Fashion Car of the Year" and you'll see why you should be ordering your Ford now.

Take the wheel . . . try the new Ford "FEEL" at your Ford Dealer's!

There's a Ford in your future

Council Group Meets Tuesday

The Vida Elliott group of the Ladies Council of the First Christian Church met Tuesday afternoon for the weekly Bible study at the home of Mrs. Bob Allen.

As Monday was a holiday the meeting was postponed until Tuesday at which time study was devoted to the book of Luke. Study will be continued next Monday at the home of Mrs. Lottie Davenport.

Those attending the meeting Tuesday were Misses Lick Jones, R. F. Walker, F. M. Moffett Jim Wilson, E. T. Matthews, Glenn Simmons, Davenport, and Aallen.

Personals

Mrs. Harlan Phillips and her mother, Mrs. C. C. Cole of Gordon, have returned from a week's visit in Snyder.

Through misinformation give

on the Times Tuesday, it was stated that Burton Perrin was in Ft. Worth to be with his father who is ill when as a matter of fact, it is his mother, Mrs. Lillian Perrin, who is ill.

Mr. and Mrs. Bobbie Cox of Diamond, Oklahoma have been the guests of their son, W. O. Cox and Mrs. Cox, who has been ill for the past four weeks.

Miss Mildred Stevens and Floyd Stevens of Fort Worth, and Mrs. Royal Traywick of Long Beach, California, were the week-end guests of Mr. and Mrs. Otis Anderson.

Eugene Williams, Charles Williams and Herbert Williams left Sunday for a vacation trip to Seymour.

Mr. and Mrs. Archie Robinson have as their guests Mr. and Mrs. John King of Waxahatchie and Mrs. Ethel Robinson of Dallas.

TEXAS News Briefs

By United Press

Texas News Briefs Farmer
AUSTIN, Tex., July 6 (UP)—Gov. Beauford Jester yesterday signed into law a youth development council act to help solve the problems of juvenile delinquency.

Under the new law, a juvenile court may commit a child to the care of the council, whose duty will be "diagnosis" and recommendation.

The 14-member council is composed of heads of existing state departments and is charged with coordinating state facilities in an effort to curb juvenile delinquency.

The legislation, based on recommendations of the state training school code commission, carried an emergency tag from the governor.

MERCEDES, July 6 (UP)—C. B. Ray, manager of the Valley Farm Bureau, today hailed removal of restrictions on cottonseed oil exports. He said the action raised hopes for increased

seed prices for growers. "The restrictions," he said, "have retarded movement of cottonseed oil, and combined with the fact that lard has been a drag on the market, resulted in unreasonable low prices."

Cottonseed oil export restrictions were removed in Washington yesterday.

WESLACO, July 6 (UP)—C. L. Skaggs, Weslaco Banker and Chairman of the Citrus Advisory Commission, said yesterday that he would favor his group loaning the new Texas Citrus Commission its bankroll of about \$5,900.

Skaggs was one of 27 men named to the Texas Citrus Commission by Gov. Beauford Jester. Ten other advisory council members were given commission posts.

The advisory council worked for 18 months sponsoring the commission, which will have power far in excess of the council's.

AMARILLO, July 6 (UP)—An inquest was to be conducted today into the death of Dr. Orval N. Hooker, 33, found yesterday in the medical clinic where he practiced.

His associates said Hooker had never fully recovered from an illness which he contracted in India.

EI PASO, July 6 (UP)—Mary Christine Mahan, eight months old, burned to death when fire destroyed her parent's home yesterday.

Mrs. Charles Mahan, next door at a grocery store when the fire broke out, was burned about the face and hands when she tried to enter the burning home to save the child.

DALLAS, July 6 (UP)—Full company rehearsals were underway today for "Bloomer Girl," third production of the Starlight Operetta's summer season here. Nanetta Fabray, winner of last season's Antoinette Perry's award for her work on the Broadway musical comedy stage, will enact one of the leading roles in the musical, opening Monday.

GONZALES, July 6 (UP)—The Gonzales Warm Springs Foundation, already filled to capacity with convalescent polio cases, announced yesterday it would set up at least 20 additional beds for the relief of a long waiting list.

Through the set-up, the hospital will be able to treat 130 patients. Officials said that if the Tex-

as polio epidemic increases, temporary hospital buildings will also be added.

HOUSTON, Tex., July 6 (UP)—A press club for Houston newspaper men and women was set up last night at an organization meeting in the Shamrock Hotel, with 114 charter members attending.

Named chairman of a temporary executive committee was Charles Evans, reporter for the Houston Chronicle. Committee members include editorial workers of the Houston Press, the Houston Post, the Citizen Newspapers and the Chronicle.

Charter membership, limited to members of editorial staffs, will be held open until a permanent organization is formed, about three weeks from now.

NEW!

66 Something extra added!

HUMBLE

Esso Extra MOTOR OIL

...something Extra added!

The "Extra" on the new Esso Extra Motor Oil can mean you get three-way extra protection for the engine of your car.

- Extra 1 — Humble Esso Extra Motor Oil gives extra lubricating quality.
- Extra 2 — Humble Esso Extra Motor Oil gives extra cooling.
- Extra 3 — Humble Esso Extra Motor Oil keeps engines extra clean.

Now you can get the motor oil that matches Esso Extra gasoline in extra performance. Stop at the Humble sign in your neighborhood... let the station salesman drain dirty, diluted motor oil from the crankcase of your car... and refill with new Esso Extra Motor Oil. He can do it while you wait.

The finest motor oil we've ever sold

Your acceptance of motor oil quality is based on faith in the Company which supplies it. The new Esso Extra Motor Oil is the finest the Humble Company has ever supplied its customers. Exhaustive testing has convinced us that Esso Extra Motor Oil will give the engine of your car extra protection against heat, wear, corrosion and the formation of sludge, carbon and varnish. We recommend Esso Extra Motor Oil without qualification. It is the companion motor oil to Esso Extra gasoline.

HUMBLE OIL & REFINING COMPANY

Here's How New Humble Esso Extra Motor Oil Protects Your

CLEANS!

You probably use a good detergent soap in your kitchen. New Esso Extra Motor Oil contains a detergent specially designed to be added to motor oil to keep engines clean. As a good detergent soap will not injure hands and delicate fabrics, the mild detergent in Esso Extra Motor Oil is safe for use in the finest, tightest automobile engine made.

NO RING!

You know how a good soft water carries dirt down the drain pipe—leaves no ring in the tub. Just like that, new Esso Extra Motor Oil breaks up dirt, soot, sludge and varnish and holds it in suspension in particles so tiny—as small as 38,1,000,000 of an inch—that they can't injure the tightest bearing. When you drain the oil, you also drain the harmful substances which Esso Extra cleans out of your engine.

HOT OR GOLD—ALWAYS THE SAME

In cold weather, you want a motor oil thin enough to flow instantly to moving engine parts. In hot weather, you want an oil that stays full-bodied and tough. Scientists rate the ability of an oil to stay the same, hot or cold, by its viscosity index, and, generally, the higher the viscosity index, the better the oil. Esso Extra Motor Oil has the highest viscosity index of any motor oil in Texas—or out!
