Crommelin Placed Under House Arrest

Well...
I Dunno,
But...

Robert C. Ruark says that he loves to tell the following story to bankers but that he's never been able to get a laugh out of a single banker to whom he has told the story.

The story is about Joe Sore Dog, and Oklahoma Indian. Joe needed \$200 in a hurry, and he went to the bank for it. Bankers said \$200 was a lot of money, and how did the bank know Joe would pay it back? Joe said he was plenty honest injun. Bankers demanded security.

"No understand security," Joe said. Banker explained that security was something the bank could take if Joe didn't pay off his loan. What security had Joe?

"Got hundred pony on range," Joe said. "Fine, fat pony."

The banker said that was enough and made the loan. Shortly thereafter, some wildcatters hit oil on Joe's land, and bought him out for \$500,000. Clutching the money (cash) in his fist, Joe rushed to the bank to pay off his note and free his horses.

The banker's eyes walled when he saw the roll.

"You can't carry all that money around, Joe," he said.

"Why not?" Mr. Sore Dog answered. "My money. Gonna buy six Cadillac."

"No, Joe," the banker said. "Somebody'll steal it, or you'll lose it. You just leave it here with us, and when you want money, you come here and we'll give it to you. All we want is to keep it for you."

Joe Sore Dog looked at the banker for a long time.

"How many ponies you got?" he asked.

A school official at the Raner-Breckenridge game Wednesday night said to us during the game, "Why don't you write something about those people that are evading the price of a football ticket and parking outside the fence to watch the game. You write about everything else."

All right, all right, we will.

And the first thing we have to say, is that the water had better be poured on those shrubs along the fence and the sun made to shine, so's those shrubs will shut out the view of those who are taking advantage of the situation.

When a good many of our loyal citizens have dug down in their pockets to improve our athletic field, it isn't very sporting of some to evade the payment of the small sum for a football ticket and drive up and park outside to see the game. And if there is, we suggest that they be charged double for tickets when they are forced inside after the shrubs shut out the view.

Rosa McHugh, sister of Garvin Chastain, who is just back from a trip to Europe writes home that Europe was very depressing to her. And we can well imagine it.

Few of us realize that a good part of Europe still doesn't have enough to eat and that the war that has been over four years is still very real to them.

Most people that have first hand knowledge of Europe and the way the people think, will tell you that most of Europe lives in constant dread of war. And that's been going on for centuries, not just a few short years such as those few in which we have felt concern about the intentions of some countries.

To say the least of it, that isn't a very healthy mental state.

THREE PRISON ESCAPEES ARE RECAPTURED

OKLAHOMA CITY, Oct. 6. — (UP)—Three federal fugitives from the Amarillo, Tex., Potter County Jail were captured here late yesterday in a routine vice check.

Oklahoma City police identified the men as David Francis Early, 19, Denver, sentenced to five years for attempted escape and violation of the federal stolen car act; James Daniels, 22, Oklahoma City, sentenced to five years for investigating escape and attempted escape; and Dwight Richard Butterfield, 21, Seattle, sentenced to five years for attempted escape and violation of the federal stolen car act.

Vice-squad officers who drove up to an Oklahoma City hotel for a routine investigation saw Officer Gene Wells questioning three men across the street. Wells called the vice squad officers for assistance and the three men were booked for vagrancy at the city jail.

Police said Daniels and Early identified themselves but the third man gave the name, Donald Allison. He apparently was Butterfield. Although police records do not mention Butterfield, officers said they were holding him.

Officers said they originally held the trio because Daniels was found to have a broken hacksaw blade in his pocket and a piece of another in his left shoe. A search of Early disclosed a German-made hunting knife with a 3-inch blade. A car believed used in the escape was later found abandoned on a city street.

The Federal Bureau of Investigation still was investigating but expected to release a report later today.

Four federal prisoners and another serving a drunk driving sentence escaped at Amarillo early yesterday after overpowering a jailer.

Cattle Valued At \$1,200 Are Taken In Theft

Cattle, valued at approximately \$1,200, belonging to Mrs. Robert Simms, were stolen from a pasture four and one-half miles southwest of Eastland Tuesday night, the Eastland County Sheriff's office stated.

Between 12 and 20 head of Jersey heifers, steers and white-face calves were taken from a loading chute in the pasture between the hours of 10 and 12 P. M. From trucks left, the Sheriff's office surmised a truck was backed up to the chute and the cattle loaded.

While the Sheriff's office has been receiving scattered reports of cattle rustling, with one or two head taken from each herd, this is the first case of major proportions this year.

FLOW OF PEANUTS TO MARKET SLOWED BY RAINS

Operator of the Raner Peanut Company, T. C. Wylie reported today that the peanut flow to market has been slowed this week because of rains but expects a sharp pickup as soon as the weather permits.

While predictions are for a big crop of peanuts in the county, marketing of the product had just gotten well underway when the weather halted the digging.

U. S. Department of Agriculture's Production and Marketing Administration reports that the market is generally slowed by the weather with peanuts and peanut oil showing a drop while peanut meal remained steady.

Scattered rains over Texas and Oklahoma early slowed digging. Prior to then, harvesting had been active and progress was favorable considering the time of year.

Southwestern Spanish peanuts represent the best quality in recent years, as this year's crop is averaging around 72 to 73 per cent sound mature kernels. To date, farmers' stock peanuts have drawn government support price.

Shelled No. 1 Spanish peanuts sold around a quarter of a cent lower than last week at mostly 16-1/4 to 16-3/4 cents per pound. A few sales reached 16-1/2 cents. These prices showed little change from last year.

Offerings of shelled number two and oil stock to the Commodity Credit Corporation increased considerably this week.

Increased offerings of peanut oil saw price slip further during the past week. Peanut oil ranged from a half-cent to 2-1/4 cents lower than the previous week at mostly 11 to 11-1/2 cents per pound.

Peanut meal of 41 cent protein content held at mostly \$56 per ton, sacked at southwest mills, with a few sales to \$57.

... AND HALF A MILLION LIKE HIM

Your newspaperboy is one of 500,000 enterprising young businessmen across the country whose job it is to deliver the world's news to 51,000,000 U. S. homes each day. He is an indispensable member of an indispensable profession. Furthermore, he is learning first-hand to meet people on a businesslike basis — gaining experience that should help him go far in life. Some of the most successful men in America today began their careers as newspaperboys. To pay tribute to the fellow who brings your paper, one day—October 8, 1949—is designated National Newspaperboy Day. It might be nice to add your own personal salute to a most important fellow.

BATES URGES SUPPORT OF C. C. MEMBERSHIP DRIVE

J. A. Bates, president of the Ranger Chamber of Commerce, has issued an appeal to the people of Ranger to cooperate with the C. C. in the membership drive.

Following is the president's message to the people of Ranger: "It is with a great amount of humility that I try to serve you as president of the Ranger Chamber of Commerce for the coming year. With your help, the directors may accomplish some things for your benefit, the benefit of the town and also for the benefit of the people who trade in our town."

The chairman of the standing committees have been appointed, their help has been selected and they have accepted the responsibility. Our Number One job right now is to put on a thorough membership drive. Plans have been made and approved for this drive to start Tuesday morning, Oct. 11 with a breakfast at the Gholson Coffee Shop. We need your cooperation to get a 100 per cent campaign over."

Brothers Nabbed At Snyder Are Wanted In County

Two brothers, Robert C. Buckley, 23, and James P. Buckley, 29, both of Snyder, who were arrested there Tuesday are wanted in Eastland County on forgery complaints, the Eastland County Sheriff's office announced.

James P. had been charged in Justice of the Peace court with forgery and Robert G. with forgery and passing of a forged instrument in connection with a \$110 check passed on Hassen Dry Goods Store in Cisco.

Lubbock authorities had first claim on the brothers and they were transferred to the Lubbock County jail, where they were indicted by a Grand Jury Wednesday in connection with a forgery complaint there.

\$108.72 Cleared On Band Jamboree

Homar Gay, treasurer of the Band Boosters Club, reported today that a total of \$108.72 was cleared on the big band jamboree held here Tuesday night.

A large crowd was attracted to the jamboree despite the fact that the weather had threatened to postpone the event.

Members of the band today expressed their appreciation to the public for the support given the jamboree.

Mexican Jailed In Border Shooting

LAREDO, Tex., Oct. 6 (UP)—A 22-year old disabled war veteran was jailed today under \$5,000 bond for shooting a junior high school student who allegedly shouted insults across the river at him.

Police said Jesus Trejo admitted firing a .22 caliber rifle across the 100-yard river at some Mexican youths who cursed him. Javier Gelasio Lara, 17, was wounded seriously in the back.

Rotarians Hear Talk On Lebanon

C. B. Pruet arranged the program for the Rotary Club meeting Wednesday at noon at the Gholson Hotel and presented D. Joseph as the speaker.

Joseph gave a very informative talk on his recent stay in Lebanon. He discussed the differences in the government of the country under the French and the English and stated that while the business class of people are able to make a great deal of money, the laboring class is underprivileged. He stated however, that the lot of the laboring class of people has been improved under the English.

The luxurious commodities, Joseph explained, are extremely expensive in that country, pointing out that an automobile in that country costs about three times as much as in this country and that gasoline is now selling for 50 and 60 cents a gallon and has been over \$1 a gallon.

He told of a visit to a Rotary Club in Beyrouth. He said that he was very disappointed because the French language was used at the luncheon and that he could not understand French. He also stated that membership is not based on the same basis as in America and that the spirit of fellowship found in the American Clubs is not felt in the clubs there.

Joseph stated that after his lengthy visit, he was eager to get home the quickest way possible and so he returned to the States by plane. The trip took only 36 hours as compared to 14 days by boat.

G. B. Rush presided at the meeting and introduced A. W. McAnally of Cisco, a visiting Rotarian.

Youth Swindles \$1,000 Check At Auction Sale

A 16-year-old Eastland County juvenile was arrested by the Sheriff's office at the residence Tuesday night in connection with the swindle of a \$1,000 check earlier in the day from Sig Faircloth's Auction Barn.

The Sheriff's office said the check was found in possession of the boy and that he had made a statement.

The swindle occurred when the youth forged a sales ticket of cattle and presented it to the business office, which was paid as everything appeared in order. Later, when an account was made of sales during the day the swindle was revealed.

The youth will be bound over to County Juvenile and District Court Judge George L. Davenport for disposition.

County Contributes \$106.92 In Gonzales Foundation Drive

Eastland County contributed \$106.92 to the \$500,000 campaign of the Gonzales Warm Springs Foundation at Gonzales, County Chairman Bob Moore of Eastland announced today.

The drive was held September 27, to October 5, with Governor Allan Shivers as general chairman.

A total of \$59.92 was contributed on the last day of the drive, with a \$42.92 gift by Carbon being the largest in the campaign.

The Carbon Public School faculty and students chipped in pennies, nickels and dimes and a collection was taken at a town program.

Moore said that enough credit could not be given to Carbon for their fine, unselfish generosity expressed in their contribution to

Krug To Talk On West Texas Dam Sites At Meeting

FORT WORTH, Tex., Oct. 6 (UP)—Bureau of Reclamation reports on proposed damsites in West Texas area will be discussed by Interior Secretary J. A. Krug at the annual West Texas Chamber of Commerce Dinner's Assembly here Nov. 22.

Appearing on the program with Krug will be Gov. Allan Shivers, and U. S. Senators Tom Connally and Lyndon Johnson, and Michael Straus, Bureau of Reclamation Commissioner.

The convention is expected to attract more than 1,000 persons from 120 West Texas communities.

DUBLIN RANGER GAME TICKETS NOW ON SALE

Tickets for the Dublin - Ranger game to be played in Ranger on Friday, October 14 went on sale today and people are urged to make their ticket purchases as soon as possible.

Those in charge of the tickets stated that there are only 300 reserved seat tickets available. Tickets have been sent to Dublin and have gone on sale there, too.

The tickets in Ranger may be purchased at the Texas Electric Service Company office and at the Paramount Coffee Shop. Both General admission tickets and reserved seat tickets will be sold in advance.

It is being predicted that this game will be one of the hardest that Ranger has to play this year and it is expected that it will draw the largest crowd of any of the games so far. For this reason, it is urged that advantage be taken of the advance sales in order that choice space may be secured.

Those in charge of the tickets, again pointed out that persons with advance tickets have the advantage of driving into the parking grounds without being held up for the purchase of tickets at the gate. This speeds movement of ticket lines all the way around.

Moon Eclipse To Begin At 8:20

NEW YORK, Oct. 6 (UP)—An eclipse of the moon occurs tonight, and if the weather is clear the eclipse promises to be a real show.

It will be the second time this year that the earth has moved between the moon and the sun, and as in last April the eclipse tonight will be total.

The eclipse time table as furnished by Gordon Atwater, curator of the Hayden Planetarium, follows:

Total eclipse begins — 8:20 P. M. CST.
Middle of eclipse — 8:56 P. M. CST.
Total eclipse ends — 9:33 P. M. CST.

Actually, the eclipse show is due to start at 5:50 P. M. CST, when the moon enters the outside shadow. But such phenomenon will not have the effect of a bite being taken out of the moon. The moon will be back to normal at 9:33 P. M., but it will be 12:03 A. M. tomorrow before it finally leaves the outside shadows.

Al G. Donovan Dies In Ft. Worth

FORT WORTH, Tex., Oct. 6 (UP)—Al G. Donovan, 74, former president and general manager of the Fort Worth Stockyards Co., died early today at his home here.

Donovan, a veteran of the livestock industry, retired in January of 1946, after managing the stockyards here through the two world wars.

He came to Fort Worth in 1902 as general manager of the Southwestern Mechanical Co., and joined the stockyards in 1916.

Prior to coming here, he served as manager of Armour Car Lines in Kansas City.

Resignation Of Auriol Accepted

PARIS, Oct. 6 (UP)—President Vincent Auriol today accepted the resignation of Premier Henri Queuille's 13-month-old government.

Queuille's resignation, handed to the president yesterday, was an outgrowth of the economic crisis brought about by British devaluation of the pound.

Queuille announced to Auriol yesterday that there was a division in his cabinet concerning the economic situation. Some ministers, mainly Socialists, opposed Queuille's program of refusing wage increases.

The premier handed his resignation to Auriol yesterday but the president asked for 24 hours to make up his mind.

Queuille's cabinet was a middle-of-the-road three-party coalition of popular republicans, socialists and Queuille's own Radical Socialists.

Any new government will need the same general coalition to obtain the necessary majority in parliament.

Observers said that nothing basically was solved by resignation of the Queuille government. The wage price issue, precipitated by devaluation of the franc in the wake of the pound sterling, still remained. Workers want more wages but no price increases.

Queuille's term in office began September 10, 1948 and lasted longer than any government since that of Eduard Daladier from April 10, 1938, to September 12, 1939.

Social Security Bill Shelved

WASHINGTON, Oct. 6 (UP)—The Senate put the house-approved social security expansion bill in cold storage today and promised to leave it there until next year.

With most senators anxious for adjournment, Democratic leaders decided to put off consideration of social security legislation until the second session of the 81st Congress. But the broadening of the social security program and the increasing of its benefits will have a high priority then.

Administration Democrats scored a notable victory on the social security issue in the House late yesterday.

First, the Democrats linked a Republican sponsored substitute for their own measure by a margin of 232 to 113. Then they won overwhelming approval of their own bill on 333 to 14 votes.

Suspended Navy Flier Takes Action Calmly

By JAMES C. AUSTIN
United Press Staff Correspondent
WASHINGTON, Oct. 6 (UP)—Capt. John G. Crommelin, the veteran Navy flier who made public his service's secret war on lunaticism, was placed under house arrest today in an official crackdown that threatened repression throughout the fleet.

Minutes after the arrest order went out, Navy Secretary Francis P. Matthews proclaimed publicly that all other officers who "blemish" the Navy's tradition of loyalty will be brought to book.

Officially, Crommelin was suspended from duty in the Navy Air War Section here and confined to his home in Georgetown for making public three confidential Navy documents that stated morale in the service is shot to pieces as a result of unification policies.

Formal charges will be filed against Crommelin later, the Navy said, presumably with a view to court martial and perhaps dismissal from the service.

But Crommelin already seemed to have won the first objective of the one-man "rebellion" he started last month—a full dress congressional investigation of unification and its effect on the national security.

The House Armed Services Committee started that investigation a few minutes before Crommelin was summoned to the Navy inspector-general's office and informed of his suspension.

As he left for home, the 47-year-old flier voiced hope that he would get a chance to testify at that hearing.

"I must appear on the bill, and Adm. Bogan (Vice Adm. Gerald F. Bogan, commander of the First Pacific Task Fleet) must appear," Crommelin said.

"It is vital to the security of this country," Crommelin said he is ready to take whatever punishment the Navy has in store.

"I am not concerned whether I go to jail," he said quietly. "I am concerned about the future of my children and living in a free Democracy."

TEXANS BACKING GONZALES WARM SPRINGS FOUNDATION

Texans all over the state are backing the campaign to expand Gonzales Warm Springs Foundation. The Treatment Center is receiving wide spread support through the same typical generosity which provided funds to open it in 1941 and develop it into one of the finest hospitals in the nation for physically handicapped boys and girls.

Goals set by county chairman are being exceeded daily. In a letter to Governor Allan Shivers, General Chairman of the state-wide campaign, Mr. Forrest Avant, Chairman of the South Frio County Committee, stated that the Dilley Community had set \$400.00 as its goal. He sent in a check for \$500, adding that it was a pleasure for his community to have had a part in the campaign.

A half million dollar goal has been designated by the central

campaign committee as the amount for expansion of existing facilities. Due to the polio epidemic this summer, its victims have been given priority for admission because of the necessity for immediate treatment. Few beds, therefore, have been reserved for children crippled by other diseases or by injuries, and many such cases have been on the waiting list all summer for entry.

Foundation directors ask only that Texans help provide sufficient bed space to care for all crippled children who can be benefited by the treatment and rehabilitation program of Gonzales Warm Springs Foundation. "Long term hospitalization," says Boss Boothe, president of the Foundation's Board of Directors, "offers the numerous problems of complete mental and physical care of the patient. Gonzales Warm Springs was planned from the beginning to take care of these needs—physical treatment as well as school, religious, occupational training and entertainment. It is the complete community center to prepare the physically handicapped youngsters for his normal place in family and civic life."

The campaign will extend into October. Those not personally contacted for contributions are invited to send them directly to Executive Director, Gonzales Warm Springs Foundation, Gonzales, Texas.

R. E. Hannegan, Ex-Postmaster General Dies

ST. LOUIS, Oct. 6 (UP)—Robert E. Hannegan, former Postmaster General, died today of a heart attack at his home here. He was 46.

His death was announced by his wife. She said Hannegan suffered the heart attack suddenly and died shortly after 9 A. M. CST.

Hannegan, a lawyer and former president of the St. Louis Cardinals, recently returned to his home where he had a private audience with the Pope.

He had been ill for some time. Last year he sold the Cardinals, one year after buying the club from the Sam Breadon, because of his health and at that time was ordered to take a year's rest.

Hannegan was also a former chairman of the Democratic National Committee to which post he was appointed by the Late President Roosevelt. He served as Democratic Chairman until he resigned in 1947 to buy

Dallas Man Takes His Own Life

DENTON, Tex., Oct. 6 (UP)—Victor Lee Meinecke, 41, of Dallas, was dead today—victim of self-inflicted bullet wounds.

Meinecke was found fatally wounded in his car yesterday, and a .22-caliber rifle lay nearby.

Authorities said the man earlier yesterday shot his estranged wife, Mrs. Juanita Meinecke, wounding her in the right arm. They said he came here from Dallas in an effort to effect a reconciliation with his wife.

Peace Justice-Z. D. Lewis returned an inquest verdict of suicide in the death. Lewis said a note detailing Meinecke's plans for killing his wife and himself was found in the dead man's pocket.

TRUMAN AGAINST WORLD WIDE ARMAMENTS RACE

WASHINGTON, Oct. 6 (UP)—President Truman today expressed hope that Russia's possession of an atomic explosive will not lead the world into an armaments race.

Mr. Truman shrugged off at a news conference a report that Russia is expected shortly to suggest a new plan for control of atomic energy.

He said he doubted that it would be any better than a number of other Soviet proposals which were impossible to accept.

As for the Russian atomic explosion, the President would not go beyond his statement of September 23 when he announced that this country had evidence of such an explosion in Russia.

Now that Russia has an atomic explosive, a reporter wanted to know whether the chief executive thought it would be more possible to reach an agreement with the Russians on atomic controls.

He answered by saying that the United States made the most important proposition in the history of the world when it offered to

turn over atomic control to the United Nations. But, he added, Russia did not see fit to accept.

This was the Baruch plan which provided for international control and international inspection without veto powers.

Questioned about the prospective new Russian plan, the President said simply that other Russian proposals had been unacceptable and he supposed the new one would be no better.

Asked if he thought this would lead to a world arms race, he said he hoped not.

He hoped the world eventually would find complete peace within the framework of the United Nations and thus make an arms race unnecessary.

Amarillo Man Fatally Wounded

AMARILLO, Oct. 6 (UP)—A service station attendant was shot and fatally wounded during a holdup last night.

Grand Old Man Of Turf Dies

LOUISVILLE, Ky., Oct. 6 (UP)—Col. Matt J. Winn, colorful president of Churchill Downs who was beloved by racing fans across the country, died in his sleep at 2:20 A. M. CST today at St. Joseph's infirmary here. He was 88.

Winn's death ended a valiant struggle to recover from the effects of two serious operations. But doctors agreed his age was against him.

The ever-active Winn, reverently called "The Grand Old Man of the Turf" by thousands of racing fans, underwent the first operation for an intestinal disorder about a month ago. The second was performed about 10 days ago.

Hospital attendants reported last night that Winn was slipping away fast. Relatives were summoned immediately. At his bedside when death came were three daughters, Clara Winn, Mrs. Helen Kirchberg and Mrs. Louis Herrmann.

Russell Sweeney, resident manager of Churchill Downs and a life long friend of Winn's, also was at the hospital during the fatal night.

Winn, who first became connected with the Downs in 1902, developed the famed Kentucky Derbies into one of the greatest spectacles in racing. He was the only man ever to see all 7 of the annual classic runnings.

In a formal ceremony at the White House, the President scratched his name to the measure with evident relish. In a statement, he said the assistance was necessary because of the "unsettled conditions of the world."

While congressional foreign affairs leaders and Secretary of Defense Louis Johnson looked on, Mr. Truman said that this nation's objective is the creation of "peaceful and stable conditions throughout the world, so that men may lead happier and more fruitful lives."

The other 11 Atlantic Pact partners of the United States will get \$1,000,000,000 (B) in arms aid under the bill. Greece and Turkey would get \$211,370,000 in military help; \$27,640,000 for Iran, Korea and the Philippines. There is a \$75,000,000 optional fund which Mr. Truman could use to send aid to non-Communist China.

The law does not put up the money. That must be appropriated later. However, arms shipments can be begun quickly because it provides for a \$125,000,000 "advance" from the Reconstruction Finance Corp.

WASHINGTON, Oct. 6 (UP)—President Truman today signed into law the \$1,314,610,000 foreign arms aid bill, predicting it will relieve the world's free nations from the fear of aggression.

Truman Approves Action On Olds

WASHINGTON, Oct. 6 (UP)—President Truman expressed firm approval today of efforts to whip recalcitrant Democratic senators into line behind his nomination of Leland Olds to the Federal Power Commission.

President Truman told a news conference that Democratic National Chairman William Boyce acted on presidential instructions in sending telegrams to state Democratic chairmen asking them to put the heat on their Senators to vote for Olds.

Mr. Truman said he thought this procedure was quite proper and necessary for party discipline.

And, he added, party discipline is necessary to transacting the business of government. Yesterday despite a plea from President Truman the Senate commerce committee, voted 10 to 2 to reject Olds nomination to a third term.

Mr. Truman recalled today that when he was in the Senate he had the heat put on him many times by James A. Farley, then Democratic chairman. He told of one particular instance where Farley brought pressure on him to vote for Alben W. Barkley to be Senate Democratic leader instead of Sen. Pat Harrison, D., Miss.

ROCKY MOUNTAIN, N. C., Oct. 6 (UP)—A school bus and ice truck collided on a narrow bridge near here today, reportedly killing three children and injuring at least 15 others.

The Red Cross in Atlanta said it had reported that at least 25 and possibly 30 children were injured. The Red Cross asked radio stations in the area to broadcast appeals for food donors.

The state highway patrol said three children were killed.

The state police said the bus and truck owned by the Little River Ice Company of Zebulon, N. C., smashed together on a narrow gridge 16 miles east of here. The bridge is approached from each side by a car that made it impossible for the drivers to see the other vehicle, police said.

Officers said the truck was hit just behind the cab and stayed on the bridge. The school bus, with its load of school-bound children, careened more than 100 feet before coming to a halt.

Labor Leaders On A&P's Side In Trust Case

A deluge of telegrams from the nation's labor leaders and thousands of messages from consumers, all voicing opposition to the anti-trust suit against A&P Food Stores, have flooded the company's New York offices, an official of the food chain said today.

Union heads representing butchers, clerks, warehousemen and truck drivers, began sending wires as soon as news of the suit reached the press. At the same time, thousands of consumers have swamped A&P headquarters with phone calls, telegrams and letters praising the company's operations and criticizing the anti-trust charges.

The labor chiefs brand the suit an attack against organized labor and a threat to current living standards. All oppose the action of the anti-trust lawyers and pledge support of A&P's policy. Reflecting the sentiments of thousands of organized workers in food and allied industries, the messages stress A&P's high wage scales and excellent working conditions.

Earl W. Jinson, president of the Amalgamated Meat Cutters & Butcher Workmen, an A.F.I. affiliate, in regretting "the action taken by Attorney General Howard McGrath," said his union was ready "to aid your company in any way we can."

Jinson's wife referred to A&P as "almost thoroughly unionized," and assailed the action as a sinister move to single out the Great Atlantic & Pacific Co. Stating that "the whole labor," she added that "the company meets union wage rates throughout the country. This friendly attitude," she continued, "is reflected in your company's dealings with partiality by all other unions affiliated with the American Federation of Labor."

A wire from the teamsters union, Boston, said that "in view of our excellent labor relations with the A&P, we will do all in our power to publicize that the A&P pays the highest wages and provides the best working conditions for all its employees," and "is one of the largest contributors to the high standards of living the American public now enjoys."

The message was signed by John B. Hamilton, John J. Greeley, and John C. Harrington, business representatives of Local 825.

Similar statements were contained in telegrams from all parts of the country where A&P operates.

Crop Outlook Reported Good

By UNITED PRESS

As rice farmers along the Gulf Coast continued their disheartening task of evaluating their hurricane losses, brighter news greeted farmers in other sections of Texas today.

C. B. Senter, agricultural agent for the Texas & Pacific Railway, reported that crops along the Texas-New Mexico line were looking "very good."

He said that pasture and range conditions were the best in many years.

"There will be more grass on the pasture and range lands than many old timers remember," Senter said. "The corn and grain crops as a whole are very good, the average of corn in East Texas now looks like some 35 bushels per acre, with a number of acres going to 75 bushels."

Moisture plus the use of hybrid seed, improved cultural methods and better use of fertilizers were credited for the increase in production.

Senter also said conditions pointed to a heavy cotton crop except in the Red River Valley and the Texarkana, Doka, and Clarksville area, where late rains and insects had cut down the expected yield.

Most of the sweet potato fields in East Texas are averaging more than 100 bushels an acre, Senter reported.

The tomato is legally a vegetable, botanically a fruit. In 1893, the U.S. Supreme Court ruled that it is a vegetable. But by botanical definition, the tomato, snap or green beans, garden peas and many others are fruits.

A&P, TOO, TAKES OFF ITS HAT TO MR. C. WHIT BLOUNT OF WAYNESBORO, GEORGIA

-AND TO ALL OUR OTHER GOOD COMPETITORS WHO HAVE TAKEN A SIMILAR STAND

[An Editorial From The Atlanta Journal, Thursday, Sept. 29, 1949]

Competitor Denounces Suit Against A&P

THE BOLD three-column advertisement in the current issue of the Waynesboro True Citizen catches the reader's eye. We quote it in full.

To our notion that advertisement by C. Whit Blount states the economic and governmental aspects of the case against A&P with a clarity and forcefulness that most of the editorial comment has lacked.

Also it strikes us as a fine example of sportsmanship in business.

Incidentally, it is about as effective an advertisement as could have been written for Mr. Blount's "Grocery."

Makes you sort of wish you were in Waynesboro to trade with him, doesn't it?

[An Advertisement From The Waynesboro True Citizen]

A Word For Our Competitor The Great Atlantic & Pacific Tea Co.

There has been a move by the anti-trust department of the Federal Government to destroy our leading competitor, the A&P Food Store.

It may seem odd, but we are opposed to this move.

The A&P Co., is definitely our strongest competitor - they keep us hopping. But, we are still in business - And Expanding. We do it by selling quality merchandise, buying at a close margin and selling at CLOSER margin.

The so called "trust-busters" charge that the A&P Co. control some of the production and processing ends of the food business. As a result, they hold the cost price down on foods.

WELL, WHAT'S WRONG WITH THIS??

If A&P holds the costs down, it makes our suppliers hold their costs down to the same competitive level. They can sell cheaper, AND SO CAN WE.

We intend to continue to try to sell better merchandise than A&P; We also will continue to have competitive prices.

BUT, We don't believe the government, or any individual should try to break up a firm that is doing a good, clean, efficient job of serving the people of this country.

AUSTIN, Oct. 6 (UP)—The Texas National Guard was short just 2,000 men today in its two month recruiting campaign to top 17,000.

Maj. Gen. L. E. Berry, Texas adjutant general, said the guard was 14,980 strong and he hoped to recruit the additional 2,000 men by Nov. 19.

AUSTIN, Oct. 6 (UP)—Scott Schreiner, Kerrville, was designated chairman of the Texas Game, Fish and Oyster Commission by Gov. Allan Shivers yesterday.

The governor said the game commission's next meeting will be Oct. 14.

TAHOCA, Tex., Oct. 6 (UP)—M. A. West, 63, Oklahoma City businessman, was killed last night in an automobile accident eight miles north of Tahoka on the Lubbock highway.

(A son, Kelly West, a news-caster for radio station KFDA in Amarillo, said the accident occurred when his father attempted to pass another car.)

Funeral services tentatively have been set for Saturday in Oklahoma City. Immediate survivors besides his son in Amarillo include his wife, four other sons and two daughters.

COMMERCE, Oct. 6 (UP)—Funeral services were held here today for Mrs. Nancy Lee McCain Berry, wife of head football coach Bob Berry of East Texas State Teachers College. Burial was at Paris, Tex.

AUSTIN, Oct. 6 (UP)—A \$5,000,000 sale of state bonds to be used to purchase land for eligible veterans, will be held on Oct. 26. Alvin Vandygref, executive secretary of the program, said other bonds would be offered as the "need arises."

The veterans land program was approved as a constitutional amendment in 1946. Enabling legislation was passed by the 51st Legislature earlier this year.

Veterans may buy land from the state at five per cent down.

DALLAS, Oct. 6 (UP)—As week-end visitors began to jam in to Dallas today, one of the city's largest hotels announced the construction of a 20-story, 450-room addition.

Leo Corrigan, owner of the Adolphus Hotel, said work would begin about Jan. 1, and the new addition would be completed within a year. It will be adjacent to the present hotel.

TEXARKANA, Oct. 6 (UP)—Dr. Charles R. Gowen, Shreveport, La., stepped into the presidency of the reactivated Tri-State Medical Assembly today.

Gowen was elected yesterday at the group's first meeting in eight years. Other officers named were Dr. Shelton Boyce, Shreveport; Dr. Richard Granberry, Marshall, Tex.; Dr. James Guthrie, Camden, Ark., all vice presidents; and Dr. John W. Jones, Texarkana, secretary-treasurer.

DALLAS, Oct. 6 (UP)—Nolan Ray, young expoliceman, was free of murder without malice charges today in the shooting of Charles Curry, 23-year old negro. A jury took only 30 minutes yesterday to reach its verdict of acquittal for Ray.

The shooting followed an argument with another negro over seating arrangement in a Dallas trolley bus in December, 1947. Ray

claimed he pulled his pistol in "self defense," but "fired accidentally."

PUPS LOSE LEAD IN 4TH PERIOD; BOW TO BRECK.

After holding a six point lead at the end of the first half and picking up six more early in the third period for a 12 point lead, the Ranger Pups bowed to the Breckenridge team Wednesday night by a score of 12 to 13 in a game played here.

Late in the third quarter Breckenridge opened up an aerial attack that baffled the Pups and gave the young Bucks a one point edge at the end of the game.

The aerial did not click in the

first two quarters and an intercepted Buck pass taken by Massegee who ran 40 yards before being hauled down, set up the ball for Ranger's first touchdown. Browning carried 20 yards to within inches of the Breckenridge goal line and after four down tries went over for six. The Pups failed to convert the extra point.

Another spectacular 60 yard run by Massegee accounted for the second Pup touchdown in the third quarter.

Unable to make any headway through the Ranger line and with time running out on them, the Breckenridge boys started a powerful passing attack that spelled defeat for the Pups. With passes that would do credit to a much more seasoned team, the Bucks galloped down the field repeatedly to come from behind for the big end of the score. In the fourth quarter alone they completed four out of seven attempts.

Through the first two periods and part of the third, the Pups showed good form in their ground gains and were quick to take advantage of "breaks". Their plays clicked with accuracy through team work for a thrilling exhibition of junior high school football.

AGGIES POLISHING UP FOR LSU TIGERS GAME

By UNITED PRESS

Bright lights joined forces with a full moon last night in Aggie land as the Texas A&M gridiron team worked well past dark perfecting its defense work in preparation for Saturday's clash with the LSU Tigers.

During the afternoon session, Aggie backs worked on pass defense while the line devoted its time to blocking, tackling and charging.

The team entrains tomorrow night for Baton Rouge. Saturday morning arrival will allow time for a rest before the night contest.

Coach Dutch Meyer brightened slightly as his Horned Frog squad at TCU returned practically to full strength.

Only Lineback Orein Browning and Fullback John Medanech still were out of uniform.

Amidst a full-scale offensive scrimmage, Meyer announced four starting lineup changes for the game with Indiana Saturday.

Keith Flowers of Perryton will join the defensive starters, replacing Browning. On offense, Johnny Dunn will start at right half and Dick Lowe and Morelle Hicks at left and right guard.

The Rice Owls kept on trying to solve their defense problems.

Still taking it easy on the rough work were four injured players — Fullback George Glauser, Guard Joe McPhail, Center Jack Price and Quarterback Tobin Rote.

Getting ready for their 44th encounter with Oklahoma, Texas' Longhorns polished their running and passing attack.

Morning temperatures ranged from near 60 in the Panhandle to 80 in the Lower Rio Grande Valley. Wednesday night's low was a 51 at Dalhart, while Brownsville reported a high minimum of 77.

Temperatures Wednesday ranged from 94 at Laredo to 72 at Texarkana.

The outlook was for partly cloudy skies for the entire state this afternoon, tonight and Friday, with showers and cooler weather in the northwest and north portions Friday and in the Panhandle tonight. Moderate southeast to south winds were expected on the coast.

Coach Blair Cherry predicted the Saturday game in Dallas will be a high-scoring affair. It was expected that 75,000 fans would jam the Cotton Bowl to watch the match as an opening day attack of the State Fair of Texas.

Southern Methodist takes a pigskin holiday this weekend, themselves yesterday on offense and defense against Rice Institute plays. They meet the Owls next week.

A brief pass scrimmage wound up the day for the Ponies.

Speaking on the Subject of Quality —
... it is always an appreciative compliment when so many of our customers tell us they like our abstracts. They must for many of them have been doing business with us for more than a quarter of a century and still are. There is no secret attached to this expression of confidence. A quality product produces confidence. And we are proud that we have both—the confidence of a host of customers and a quality product to sell them.

Lewis Accepts Ching's Offer

WHITE SULPHUR SPRINGS, W. Va., Oct. 6 (UP) — John L. Lewis today accepted a government offer of mediation in the 18-day soft coal strike. The Doughty union chief sent U. S. Mediation Chief Cyrus S. Ching a two-word telegram. It said:

"Will attend." Lewis announced his acceptance in his characteristic style and then entered a conference with northern and western operators. The operators previously had agreed to attend the three-day conference at 10 A. M. Friday. However, both operators and union spokesmen were pessimistic over the outcome of the government talks.
