### Four Dead In Kansas Train Wreck

The Rock Island Imperial Streamliner enroute from Los Angeles to Chicago crashed into a washout near Meade, Kansas early Monday killing four passengers and seriously injuring 75 others. Here, rescue workers examine jackknifed cars of the train. (NEA Telephoto.)

### C. of C. Drive 100 Per Cent So Far

R. V. Galloway, manager of the Chamber of Commerce, stated at noon today that three groups of membership drive workers had brought in partial reports and that so far the campaign is 100 per cent.

### Mineral Wells To Honor All State Officials

MINERAL WELLS, Oct. 11.—Every Texas state official will get an individual invitation to a celebration here Oct. 28.

Russell Whatley, Mineral Wells business man, said at least 2,000 invitations would be mailed. He said he believed the occasion would be the first time that the state's officials, as a group, would be guests of honor.

"This affair will be in the nature of an appreciation party," said Whatley. "Our only purpose is to bestow recognition and thanks to the executives of our state government for the service they are rendering and, in extending this recognition, we will encourage them to continue to give their very best efforts."

### Five Bales Of Cotton Brought To Ranger Gin

The Ranger Cotton Gin opened for business Monday and on the first day of operations had five bales of cotton brought in.

D. L. Laderdale, veteran gin operator, is managing the gin and also buying cotton.

New equipment was installed before the gin opened in order to bring it up to standard requirements.

### Finch To Help Investigate Slaying Of Four

FORT WORTH, Oct. 11 (UP)—Richard G. Finch, American Airlines pilot on sick leave, arrived here today from Ann Arbor, Mich., as police investigated the mysterious shooting deaths of his estranged wife, their two children, and his mother-in-law.

An inquest verdict was being withheld in the case until after authorities talked with Finch, a chinchilla breeder who has been on a business trip to Chicago and stopped to visit his parents in Ann Arbor.

The four bodies were found yesterday, and police said all had been shot in the head with a .22-caliber pistol. Mrs. Finch and her daughter, Penny, 8, were found in a front bedroom; her son, Allen, 5, in another bedroom, while the body of Mrs. Edith Walker, the grandmother, was in a third room.

Fingerprints on the gun, found beside the body of Mrs. Walker, were established by police experts as belonging to her. A physician who had been treating Mrs. Walker and last saw her in late September, told the district attorney's office she was "mentally depressed and highly nervous."

### Country Club To Meet Tonight

A meeting of the Ranger Country Club will be held tonight at 7:30 o'clock and all members are urged to attend.

### PROSPERITY DEPENDENT ON STRIKE SETTLEMENTS

By T. W. KIENLEN United Press Financial Writer WASHINGTON, Oct. 11 (UP)—By all the indicators businessmen should prosper in the final three months of 1949, but whether they do depends on settlement of the steel and coal strikes.

The strikes in America's two basic industries will cause only temporary dislocations if settled quickly. But if they drag on in the steel mills, especially, the damage may be irreparable.

This is the opinion of many experts. Secretary of the Treasury John W. Snyder thinks a speedy agreement in steel and coal could signal a new economic rally. Secretary of Commerce Charles Sawyer finds the national economy to be basically sound. But he has warned that consumer spending already is being cut down in the wake of labor strife.

Before Philip Murray called out the CIO steelworkers to join the coal miners in idleness experts in the retail trade optimistically looked for the biggest Christmas in record in 1949. Today the probable spending volume is in doubt.

### Oil Allowable May Be Hiked

AUSTIN, Tex., Oct. 11 (UP)—An increase in Texas' crude oil allowable was indicated today for November as the Railroad Commission reported that purchasers nominations and the forecast of market demand have been boosted over October.

Purchasers nominations for Texas crude oil in November total 2,494,562 barrels daily, the commission said, reflecting an increase of 75,046 over the October figure.

The U. S. Bureau of Mines estimates of market demand for Texas crude oil in November was pegged at 2,230,000 barrels a day, compared to the 2,190,000 estimate made for October.

The increases indicated a possible boost in oil allowables by the Railroad Commission, scheduled to hold its state-wide prorating hearing at Houston tomorrow.

A boost in allowables for November would be the third straight increase, after an eight-month decline.

### Hilton May Buy Waldorf-Astoria

NEW YORK, Oct. 11 (UP)—The Hilton Hotels Corporation is negotiating to purchase the world-famous Waldorf-Astoria Hotel, it was learned today.

Barring a last-minute hitch, it was understood that Hilton would purchase 366,350 shares of Waldorf-Astoria capital stock for approximately \$16 each, or almost \$6,000,000.

In addition the company would assume the hotel's outstanding bonded debt and its lease obligations to the New York Central Railroad Company, which owns the site.

### Two Killed As Train Hits Car

WICHITA, Kan., Oct. 11 (UP)—Two persons were killed and three others injured critically today when a Rock Island passenger train struck their motor at a crossing here.

The dead were identified as William C. Cole, of Concordia, and Rorena Loveland, 12, Wichita reportedly his granddaughter.

Injured were Mrs. Elizabeth Loveland, Wichita, mother of the dead, and Donna Lou McGould, 13. Officers believed Cole was driving and was taking the three girls to school. The accident occurred on a crossing which is partly obscured by trees growing near the track. A truck driver was killed at the same place less than a year ago in a similar accident.

### Figures On Texas Education Show Great Changes

Dr. C. C. Boswell has returned from Austin where he attended the meeting of the Texas Association of School Administrators. He stated that the meeting was one of the most successful that he has ever attended. He said that results of the Gilmer-Aikin education program in Texas are beginning to show and gave the following figures to indicate the changes. He said that in 1948 Texas had 4,412 school districts as compared with less than 2,400 at the present time. There are now in Texas 3,700 schools, including those for negroes. There are now 365 schools with only one teacher as compared with 1100 with one teacher last year.

At the present time there are 1552 schools with two to six teachers; 420 with seven to 11 teachers; 340 with 11 to 21 teachers; 265 with 21 to 50 teachers (Ranger is in this group); 82 schools with 51 to 100 teachers and 40 schools with 101 or more teachers. There are 24 county units, counties that include all of the schools in one district.

There are 2,200 vocational teachers; 825 full time principals; 509 supervisors; 1496 specialists such as librarians and nurses and 855 superintendents.

The overall cost of the public school system in Texas is \$181,770,000 and the per capita cost of operation ranges from \$4.75 to \$40.

### New Cold Front Moves Into Texas

By United Press The second cold front within a 48-hour period moved into Texas today as its predecessor started breaking up in the southeast.

As the cool mass slipped into the northwest part of the state, skies cleared and the temperature dropped.

The U. S. Weather Bureau at Dallas said at mid-morning that there was some cloudiness in the eastern portion but that temperatures were mild.

For West Texas, the forecast was for generally fair weather this afternoon, tonight and Wednesday with little temperature change.

The weatherman said skies would be partly cloudy in the eastern half this afternoon tonight and Wednesday and somewhat cooler in the northern and northeast part tonight.

Lowest minimum temperature recorded in the state last night was a 39 at Salt Flats. Dalhart had a 42, Amarillo a 44, Wink 46, Midland 47, and the mercury dropped to 48 at Lubbock, Clarendon and Marfa.

The warmest minimum was 78 at Galveston while Laredo reported the highest maximum, 94 degrees. Brownsville, San Antonio and Bryan also reported temperatures in the low 90's.

Over the 24-hour period that ended at 6:30 A. M. today only a few showers had been reported. Abilene had .20 inch, Fort Worth .3, Wichita Falls .04, Del Rio .03 and Dallas .01.

The Weather Bureau explained that the new front was a secondary wave. A strong southeast circulation caused the first cool mass to disintegrate near the coast.

### Last Rites Held For G. B. Parker

WASHINGTON, Oct. 11 (UP)—Funeral services were to be held today for George B. Parker, editor-in-chief of the Scripps-Howard newspaper chain who died yesterday at the age of 63.

The services were scheduled to begin at 2 P. M. EST., at St. John's Episcopal Church. The body will be cremated.

Parker, a native of Ithaca, Mich. spent almost all his 40 years in the newspaper business with the Scripps-Howard chain. A vigorous writer and crusader, he won a Pulitzer prize for editorial writing in 1936.

He began his newspaper career with the old Oklahoma News a year after his graduation from the University of Oklahoma in 1905. In the ensuing years, he served as city editor, managing editor and editor of the news.

In 1920, he became editor of the Scripps-Howard Cleveland Press. Two years later, he was named editor-in-chief of the south-western papers with headquarters in Houston, Tex.

In 1924, Parker was named general editorial executive of the Scripps-Howard newspapers, and, three years later, he became their editor-in-chief.

In that capacity, he guided the editorial policies of newspapers with a combined daily circulation of some 3,000,000 copies.

He is survived by a son, George B. Jr., and a daughter, Mary. Mrs. Parker died last June.

### Burglar Devices Of Palace Tested

LONDON, Oct. 11 (UP)—Police surrounded Buckingham Palace today to test its burglar alarms and other security measures which were found faulty when an unnamed man entered the palace early Sunday.

Scotland Yard officials said the intruder climbed over a wire fence and a wall. He was taken into custody in a maid's room close to King George's sleeping quarters.

It was the fourth time in the past two years that men had been discovered inside the palace grounds.

On one occasion two American students were found asleep on the palace lawn. They had scaled the walls and opened their sleeping bags within a few hundred yards of the palace.

But Scotland Yard said the record of a man named Jones has never been topped.

Jones was found hiding in the palace three times, once under a sofa in Queen Victoria's dressing room. He was sent to prison each time and then gave up "crashing" the palace.

### Elephant Kills Circus Worker

BRUNSWICK, Ga., Oct. 11 (UP)—A huge bull elephant attacked and killed a circus worker here late last night, injuring the man fatally by driving a sharp tusk completely through his chest.

The dead man was identified as George McDonald, about 50, a teamster with the Dailey Bros. Circus of Gonzales, Tex.

Police said they could find no witnesses to McDonald's death and were unable to determine what made the elephant attack him.

He was found dying behind the main circus tent, near the spot where the elephant was tethered. A clean chest wound indicated that the elephant's tusk entered McDonald's back and came out below the right breast.

### SAYS PLANES INEFFECTUAL FOR SECURITY

By Charles Corddry United Press Aviation Writer WASHINGTON, Oct. 11 (UP)—Rear Adm. Ralph A. Ofsite said today the Air Force's strategic bombing planes are "ruthless and barbaric" and serve "none of the primary demands for our vital minimum security."

Ofsite, a member of the military liaison committee of the Atomic Energy Commission, gave the Navy's views on strategic bombing to the house armed services committee which is investigating current defense plans.

He listed as the primary demands of security "the defense of western Europe, the protection of forward bases, the early reduction of enemy military potential, and command of the sea."

"Of the Air Force's Strategic Air Command, whose main weapon is the B-36, Ofsite asked: 'Must we maintain as a major element of our military power a force which insists on fighting its own war in its own way, and contributes virtually nothing to the vital minimum security of ourselves and our allies?'"

"Must we translate the historical mistake of World War II into a permanent concept merely to avoid clouding the prestige of those who led us down the wrong road in the past?"

Ofsite said our armed forces should be based on "balanced power" rather than the single-shot philosophy. "The Air Force's concept of 'instant retaliation,' he said, has produced an 'illusion of power and even a kind of bomb-rattling jingoism.'"

He said the essential forces the nation would need for defense during the first six months or the first year of a war are:

1. The defense of western Europe—Air Force and Navy tactical aviation to help the armies of Europe meet a land invasion. The aircraft should be fighters, fighter-bombers, dive bombers and attack planes. Strategic bombers could help "but their support would be poor and inefficient."

### Girl Scout Work Underway Here

Girl Scout workers in Ranger reported today that three troops of Girl Scouts and four Brownie troops have been organized in Ranger and that there are names on a waiting list. It was explained that the waiting list is not yet sufficient to organize another troop and those who wish to be placed on the waiting list should contact some of the workers.

Mrs. W. M. Brock, Mrs. E. D. Brownlee, Mrs. Earl Reeves, Mrs. L. T. Rushing, Mrs. J. B. Rayfield and Mrs. J. A. Bates, were in Stephenville last week to attend an area meeting at which troop camping was taught the workers.

### Young 4-H Club Officers Named

At a recent meeting of the Young School 4-H Club, officers for the year were elected.

Bonnie Robinson is president; Edward Blackwell, vice-president; Howard Oliver secretary-treasurer; Jack Blackwell song leader and Pete Jameson, reporter.

At the meeting, plans for the year's projects were also discussed.

### Five Dead, One Missing In Rock Island Wreck

MEADE, Kan., Oct. 11 (UP)—Red Cross workers today listed five persons dead and one child missing following a Rock Island passenger train plunge through a storm-weakened trestle east of here.

Thirty persons remained in hospitals at nearby Fowler and Liberal, four of them critically injured.

An estimated 75 passengers were hurt yesterday when the Los Angeles-to-Chicago train knifed into a chasm filled with water by a severe storm.

The five dead included Mrs. Clarence Moon, Liberal, Kan.; Mrs. B. G. Fraser, Decatur, Ill.; Junior Mitchell, 17, Tucuman, N. M.; Joe Robinson, 62, Los Angeles, Negro chef aboard the Rock Island Imperial, and Joe Wade, Los Angeles, Negro member of the diner crew.

Crystal Dutton, 2-1/2, was missing. Her parents, Mr. and Mrs. Eugene Dutton, Port Huron, Mich., and another child escaped serious injury.

The sheriff's office said a nightfall search disclosed no trace of the missing child.

Dutton aided in the search for his missing daughter but Mrs. Dutton spent the night under medical care.

Authorities said they virtually had given up hope of finding the child alive. They believed at first that she was in one of the cars which was partly submerged but a thorough search was futile. It was possible, they said, the child was thrown clear of the tangle of cars into the mud and water surrounding the disaster scene.

The Red Cross set up a temporary shelter at Fowler where seven ambulatory patients hurt in the wreck were treated today.

### Has 50-Year Afterthought

WORCHESTER, Mass. (UP)—Carrie M. Crandall of Westerly, R. I., filed a claim with the Worcester City Council seeking reimbursement for an injury to her left knee suffered when she fell down an open coal chute "about 1899 or 1900." A city solicitor said that all accident claims must be filed within two years from the time of the mishap to be valid.

## Traffic Manager Advises Fall For Pleasure Trips

The mellow fall season with its colorful foliage and cooler, restful weather, is practically perfect for all kinds of pleasure trips, said Mr. Frank Tibbets, Traffic Manager of Southwestern Greyhound Lines. Mr. Tibbets also pointed out that more and more people are becoming aware of the wide variety of trips that are especially enjoyable in the fall months.

"People have done so much of their traveling for so long in the summer months that they have completely missed the many distinct advantages of travel during the colorful fall season," Mr. Tibbets said today. He added that when people were once made aware of the increased pleasure of such things as cooler weather for traveling, a much wider choice of hotel and resort accommodations, plus the more colorful scenic beauty in the fall, they would discover the autumn months to be a particularly enticing travel season.

Mr. Tibbets also emphasized that people have not yet realized the many varied places to go and exciting things to do in the fall-like seeing a big foot ball game, going back home to visit the old folks, going on a hunting or fishing trip, taking the family to a Fair having a gay time in the big city—or even taking a second honeymoon trip.

Mr. Tibbets then went on to say that this fall Greyhound has made special plans to provide a maximum of service to take care of the expected increase in fall travel. "In this respect," Mr. Tibbets stated, "Greyhound is extending many of its Expense-Paid Tours into the months of October, November and December. Charter buses are being made available for group activities." Emphasis was placed on the fact that Greyhound is gearing its entire nationwide facilities in every way to serve travelers who prefer fall for the best travel enjoyment.

"The fact is," Mr. Tibbets concluded, "that within the entire nationwide Greyhound organization, we are making a major effort to promote the idea that fall is indeed the ideal 'Take-A-Trip Time'."

### Speaking on the Subject of Quality

It is always an appreciative compliment when so many of our customers tell us they like our abstracts. They must for many of them have been doing business with us for more than a quarter of a century and still are. There is no secret attached to this expression of confidence. A quality product produces confidence. And we are proud that we have both—the confidence of a host of customers and a quality product to sell them.

## Czechs Continue Mass Arrests

PRAGUE, Czechoslovakia, Oct. 11 (UP)—Police were reported to have arrested hundreds of persons in a series of dawn raids today, carrying out a mass roundup of Czechs into its second week.

One source said that "today was the worst of all" in the seizure of persons reported to number in the thousands.

The prisoners were reported to be in the same categories as those arrested throughout a week of raids — doctors, lawyers, small business men, former factory owners, and holders of big blocks of real estate.

Many of the arrests were said to have been made in the swank Prague suburb of Barrandov.

Reports circulated that most of the victims were being hurried off to labor camps for "moral, scientific and cultural education" under the law.

The property of those sent to forced labor camps is subject to confiscation and already squads of blue-clad workers' militia had seized the furniture of many home owners.

Relatives left in the home were being told that they would have to get out, informants reported.

covered since the Communist party came to power.

Responsible observers here believed three campaigns were going on at the same time:

1. The big roundup aimed at wiping out the middle class.

2. A drive to "purify" government offices and the Communist party. It was reported to have resulted in the arrest of two top information officials and the ousting of scores from the foreign office and other offices.

3. The campaign against the Catholic clergy, going on for months.

Farming was rated as the fourth most dangerous occupation in 1948. Only transportation, construction work and mining and quarrying had higher death rates per 100,000 workers.

HOUSTON, Tex., Oct. 11(UP)—A gas explosion last night seriously burned Roy Glass, 34, blown out of his home by the force of the blast.

Mr. and Mrs. A. C. Underwood are visiting their son, Gene, of Morenci, Ariz.

Ben Stephenson and W. M. Dunn attended the banquet in Ranger Monday night sponsored by the Texas Electric Service Company.

Glass was found on the front porch of his home by his wife, who was visiting neighbors.

A dog and a canary in the house were asphyxiated. Cause of the explosion and resulting fire was not immediately determined.

Glass is night auditor for the Rice Hotel here.

BAYTOWN, Tex., Oct. 11 (UP)—W. T. Busch, prominent Baytown banker, will head the Chamber of Commerce for the next year.

Busch was elected at an organization meeting last night and succeeds Jack Saunders. He will take office in December.

C. Q. Alexander was named vice president, and re-elected were Nelson Longnecker, secretary, and J. R. Kelley, treasurer.

HOUSTON, Tex., Oct. 11(UP)

Six men were held by police today—as suspects in widespread thefts from a local warehouse.

Detective Capt. Tom Eubanks said three refrigerators, five out-

board motors and other equipment had already been recovered. It was believed stolen from a Montgomery Ward warehouse. No charges have been filed, pending further investigation.

Two Guys Named Joe

Walking back to the Yankee dressing room after the last world series game at Ebbets Field in Brooklyn, N. Y., Joe DiMaggio flings a fatherly arm around the shoulders of his son, Joe, Jr., 8. There is a possibility the "Yankee Clipper" may have played his last game, and is fitting that he hit a long home run to help the Yanks beat the Dodgers 10 to 6. (NEA Photo by Bert Brandt.)

## Traffic Manager Advises Fall For Pleasure Trips

The mellow fall season with its colorful foliage and cooler, restful weather, is practically perfect for all kinds of pleasure trips, said Mr. Frank Tibbetts, Traffic Manager of Southwestern Greyhound Lines. Mr. Tibbetts also pointed out that more and more people are becoming aware of the wide variety of trips that are especially enjoyable in the fall months.

"People have done so much of their traveling for so long in the summer months that they have completely missed the many distinct advantages of travel during the colorful fall season," Mr. Tibbetts said today. He added that when people were once made aware of the increased pleasure of such things as cooler weather for traveling, a much wider choice of hotel and resort accommodations, plus the more colorful scenic beauty in the fall, they would discover the autumn months to be a particularly enticing travel season.

Mr. Tibbetts also emphasized that people have not yet realized the many varied places to go and exciting things to do in the fall-like seeing a big foot ball game going back home to visit the old folks, going on a hunting or fishing trip, taking the family to a Fair having a gay time in the big city—or even taking a second honeymoon trip.

Mr. Tibbetts then went on to say that this fall Greyhound has made special plans to provide a maximum of service to take care of the expected increase in fall travel. "In this respect," Mr. Tibbetts stated, "Greyhound is extending many of its Expense-Paid Tours into the months of October, November and December. Charter buses are being made available for group activities." Emphasis was placed on the fact that Greyhound is opening its entire nationwide facilities in every way to serve travelers who prefer fall for the best travel enjoyment.

"The fact is," Mr. Tibbetts concluded, "that within the entire nationwide Greyhound organization, we are making a major effort to promote the idea that fall is indeed the ideal 'Take-A-Trip Time.'"

### Speaking on the Subject of Quality

It is always an appreciative compliment when so many of our customers tell us they like our abstracts. They must for many of them have been doing business with us for more than a quarter of a century and still are. There is no secret attached to this expression of confidence. A quality product produces confidence. And we are proud that we have both—the confidence of a host of customers and a quality product to sell them.

## Czechs Continue Mass Arrests

PRAGUE, Czechoslovakia, Oct. 11 (UP)—Police were reported to have arrested hundreds of persons in a series of dawn raids today, carrying out a mass roundup of Czechs into its second week.

One source said that "today was the worst of all" in the seizure of persons reported to number in the thousands.

The prisoners were reported to be in the same categories as those arrested throughout a week of raids—doctors, lawyers, small business men, former factory owners, and holders of big blocks of real estate.

Many of the arrests were said to have been made in the swank Prague suburb of Barrandov. Reports circulated that most of the victims were being hurried off to labor camps for "moral, scientific and cultural education" under the law.

The property of those sent to forced labor camps is subject to confiscation and already squads of blue-clad workers' militia had seized the furniture of many home owners.

Relatives left in the home were being told that they would have to get out, informants reported.

Responsible sources discounted reports that the drive was aimed at underground plotters. A Communist source said yesterday that the roundup was aimed at "the biggest underground network un-

covered since the Communist party came to power.

Responsible observers here believed three campaigns were going on at the same time:

1. The big roundup aimed at wiping out the middle class.

2. A drive to "purify" government offices and the Communist party. It was reported to have resulted in the arrest of two top information officials and the ousting of scores from the foreign office and other offices.

3. The campaign against the Catholic clergy, going on for months.

Farming was rated as the fourth most dangerous occupation in 1948. Only transportation, construction work and mining and quarrying had higher death rates per 100,000 workers.

## Bowling Briefs

### RANGER DEFEATS BROWNWOOD.

In a Special match, last Sunday at the Ranger Bowl, local bowlers evened the score with Brownwood, by defeating the latter in a three game set-to. The margin of victory was 278 pins, but, to the credit of the visitors, it must be stated that they were not at full strength. Three of their aces were unable to make the trip. Even so, the scores registered by our bowlers indicated that their best would have had a 'rough time'. J. C. Christy led Ranger with high game of 296 and high series of 562. He is definitely a threat to take top honors in any type of competition. Jack Elwood was second with 195 and 517. For Brownwood, Singer led with 182 and 491.

### SCHOOL CHAMPS RETAIN CROWN.

After defeating all comers on a 'scratch' basis, the doubles team of Charles Massagee and Billy Simpson are now bowling on a handicap basis. This was no deterrent to the 'Champs', however, as the Challengers, Bill Swaney and Bill Brasda, went down to defeat by 9 pins. The victory marked the sixth successful defense of their title, and was the most hotly contested, thus far.

### BOWLING BRIEFS

For the second time in three weeks, Azzatte Joseph topped all honor roll contestants. His high of 245 was only one of nine 200 games registered by Azzatte. Closely on his trail was J. C. Christy with a 242 game. The Ladies division saw a number of new contestants, this week, with top honors going to Joan Kenney for her game. The high spot of the week was the 170 score of Barbara Cole. Though a beginner bowler, she came close to winning out over the more experienced bowlers for top honors. Another newcomer on the Roll, was Mary Beth Elder with a 155 game. Nice going, starters.

### Tommy Wilson marked up his second week with 200 or better, by scoring a 205 game, and in league competition, to boot. Jim Cole was second with 184.

## Pups Dogies Play Here Tonight

The Eastland-Ranger Junior High Schools will battle it out on the Bulldog gridiron tonight for the second game of the season.

The game starts at 7:30 o'clock and admission will be 25 cents and 15 cents. In the first game played in Eastland the Pups edged by the Dogies by the narrow margin of 7 to 6.

## Texarkana, Baytown Climb Into Upper Ten

DALLAS, Tex., Oct. 11 (UP)—Texarkana and Baytown relinquished top 10 ratings to Galveston and Grand Prairie today in the weekly Dallas News poll picking Texas' best high school football teams.

The two undefeated, untied squads moved into ninth and tenth positions as Port Arthur continued to lead the pack. Odessa's 34-21 victory over Amarillo vaulted the team from tenth place to fifth.

The rankings (150 points possible):  
 1 — Port Arthur 135 (8 lists)  
 2 — Wichita Falls 127 (4 lists)  
 3 — Lubbock 109 (3 lists)  
 4 — Marshall 93  
 5 — Odessa 80  
 6 — Corsicana 67  
 7 — Highland Park 57  
 8 — Amarillo 33  
 9 — Galveston 27  
 10 — Grand Prairie 22

(Second 10 — Baytown, Austin, San Angelo, Yuleta and Breckenridge, Lamar, Henderson, Sweetwater, Waco, Pampa.)

## Skirts No Barrier To Young Golfer

FORT WORTH, Tex., Oct. 11 (UP)—Wearing a skirt instead of her preferred shorts, Petite Marlene Bauer of Long Beach, Calif., teed off against a home town star today in the opening match play twosome of the Texas Women's open after winning the medal with a four-under-par 71.

The tournament rule requiring skirts for all contestants on the River Crest Country Club course didn't hamper the comely 15-year old links star's game yesterday as she bested a star-studded field of pros and amateurs in the 14th annual renewal of the open.

Her 34-37-71 made her a heavy favorite over Mrs. W. K. Stripling of Fort Worth, who posted an 84 yesterday, in the first of 16

## Moch May Form New French Government

PARIS, Oct. 11 (UP)—Jules Moch, the tough Socialist minister of the interior who smashed the Communist-led strike waves of 1947 and 1948, was asked to form a new French government today.

Moch asked for time to think it over, apparently because of bitter opposition from the right. He emerged from a conference with President Vincent Auriol shortly before noon and said he would give a definite answer this afternoon.

In the next five hours Moch was expected to make another at-

tempt to persuade the Rightists, led by former Premier Paul Reynaud, to join in a new coalition government replacing that of former Premier Henri Queuille. The Rightists object to Moch's proposals for solving the French economic crisis brought on devaluation of the pound and the franc on grounds that it would make inflation inevitable.

# LAWSUITS, NEAR RIOTS BOTHYER SALLY NOT AT ALL

DALLAS, Tex., Oct. 11 (UP)—The Sally Rand Show went on today, its leading lady unperturbed by 48 hours of lawsuits and near-riots.

The dancer, who proved that fans, were made for something besides fanning and bubbles for a reason not connected with baths, smiled away financial threats to her State Fair of Texas revue which has drawn full houses since it opened here Saturday.

"I'll place my faith in the ability of the great Texas judges, she said after a special show for negro audiences caused her to interrupt her billings.

In a suit filed in 101st District Court yesterday, Robert Charles Peck and James W. Hess, Chicago agents, sought 50 per cent of the Rand revue's proceeds. They claimed they have a written agreement with Ray Brydon, a State Fair contractor official, to furnish all "girlie shows" for the Fair's midway.

The suit named Miss Rand, Brydon and the Independent Midway Assn.

A hearing was set for Friday before Judge Dallas Blankenship. Brydon said the agent's contract with the State Fair ended when police closed their shows in

Louisville and Memphis. Observers speculated Miss Rand would close her show if the court decision is unfavorable to her.

Meanwhile, the fan-and-bubble dancer said she was "confused" about a Saturday night occurrence at her show.

There was no mistake that a ticket booth was knocked down and \$125 and some 450 tickets taken.

But Miss Rand's explanation of the disturbance differed from a police version.

She said some of her fans—the audience variety—became "over enthusiastic" over the scantily clad chorines. They swayed so vigorously that the wooden benches collapsed, causing an uproar which resulted in the ticket booth episode. About 50 customers bounded to the ground.

However, police officers said the spectators whose seats collapsed rushed the box office to demand their money back upsetting the stand and disappearing with the cash and tickets.

Soft protein foods are subject to quick spoilage at warm temperatures. In many cases, this spoilage is responsible for illness when there is no sign of it in smell, taste or appearance.

# Reds Pushing Toward Canton

CANTON, CHINA, Oct. 11 (UP)—Generalissimo Chiang Kai-Shek made a quick return visit here on a warship today while Communist forces smashed to within 40 miles of this provisional Nationalist capital.

A delegation of top Nationalist leaders headed by acting President Li Tsung-Jen visited Chiang aboard the ship. It was understood they considered the possibility of abandoning Canton without a fight.

Li and the entire Nationalist cabinet will flee Canton tomorrow, informed sources said, and the last Nationalist officers will leave by Friday.

Military reports said the Communist plunging south toward Canton had by-passed the last Nationalist defense force at Tsingyu, 40 miles north, and were racing on without opposition.

An official notice to foreign diplomatic representatives said the capital would be abandoned by the Nationalist government by next Saturday.

Unofficial hints passed along with the not advised foreign diplomats to get out now, however, and not wait for Saturday.

# Says Labor Law Aids Communists

DALLAS, Oct. 11 (UP)—Communists favor the Taft-Hartley law because it permits them to infiltrate unions, a labor organizer said today.

A. F. Cadena of San Antonio, in Dallas for a goodwill speech at a meeting of the Society for Advancement of Management, said he would talk against the Taft-Hartley law because he believes it is a protective covering for Communists.

Cadena, 58-year-old organizer for an AFL Truck Drivers' Union said this was the first time in his long labor career that he had been asked to speak before a group representing management. He said he thought it was a good idea.

"If management fails, we won't have any jobs," he said. "We must assist as much as we can and keep our industries going."

# Girl Accuses Man Of Rape

DALLAS, Oct. 11 (UP)—A 20-year-old crippled girl told Dallas police today that a 28-year-old Ennis, Tex., truck driver raped her early today.

She said she was walking home when a truck pulled alongside her at Oak St. near Live-Oak and the driver forced her at knife point to get into the truck cab.

She told officers that the driver took her somewhere in East Dallas and raped her about 2 A. M. She said he was drunk.

Dallas police spent the remainder of the night in Ennis, but they failed to locate the suspect.

## Endurance Fliers Back On Ground

YUMA, Ariz., Oct. 11. (UP)—Pilots Woody Jongeward and Bob Woodhouse looked forward to a "good long rest" today as townspeople planned a gala celebration in honor of their new world endurance flight record.

"It sure feels good to get our feet on something solid again," the weary ex-navy fliers said yesterday as Jongeward brought their little Aerona cabin plane down after 46 days aloft.

They landed at Yuma County Airport after being in the air 1,124 hours, 14 minutes and five seconds. The old record of 1,005 hours was set at Fullerton, Cal., last spring by Bill Harris and Dick Stedel.

"We wouldn't want to go up again," said Jongeward, 31, and Woodhouse, 26. "It was getting rugged toward the last, and the constant noise and vibration seemed to deaden our nerves. We're ready for a good long rest."

A crowd of 10,000 including their wives and parents, cheered

as the plane landed. The pilots were unsteady on their feet at first and friends good-naturedly pilled them from the cabin as the crowd surged forward.

Jongeward and Woodhouse had hoped to stay in the air indefinitely, but a burned-out magneto forced them back to earth. Emergency fire and rescue crews stood by all night in case the defect might cause a crash as they refueled from a speeding ground vehicle.

## Progress Made In Mo-Pac Talks

ST. LOUIS, Oct. 11 (UP)—Negotiators reported "definite progress" today as they resumed discussions for settling the month-old strike that has paralyzed the Missouri-Pacific Railroad.

After two meetings yesterday, both sides in the dispute said they were continuing to negotiate in accordance with a proposal offered by governors of the states in which the strike has idled 25,000 Mo-Pac employees.

Roy E. Davidson, spokesman for the striking engineers, trainmen, firemen and conductors, said after the first session that some of 282 claims against the Mo-Pac had been settled.

The unions are striking for settlement of claims by their members and not for wages. Davidson would not say how many claims have been settled.

Guy A. Thomas, trustee for the railroad, said that in line with the proposals of an eight-state governors' conference, agreement is being sought on specific claims. After this is done, he said, a way of disposing remaining claims will be arranged.

At the close of the program tea was served Japanese style.

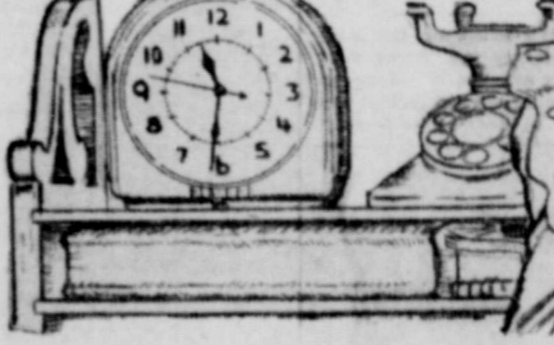

# Gayle's swallowed a bobby pin!

When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone—and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was—less than 2c each!

Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then checked it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!"

To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today... and to keep it growing in value every year. Southwestern Bell Telephone Co.

Called Gayle's doctor. She's swallowed a bobby pin. But he isn't home!

Got our family doctor. Gayle's not choking, so no real danger!
