81st YEAR

RANGER, TEXAS, TUESDAY, OCTOBER 25, 1949

PRICE FIVE CENTS

No. 123

Well...  
I Dunno,  
But...

Additional rain which fell after 8 a. m. Monday brought the year's total to 32.65 inches of rain, and the total for this October to 5.24 inches.

For once the weather man hit it right, and by mid-morning the skies were beginning to show through the clouds that have been hanging over Ranger for about four days.

While the rain was mighty nice, there had been some fear expressed as to what it would do to the peanut crop. But T. C. Wylie, of the Ranger Peanut Company, stated today that he did not believe that much damage would be suffered by the crops. He said that the cool weather will help the harvest and he expects peanuts to start moving to the market again in a few days. He said that he expects the majority of the peanuts to be unharmed by the rains.

The rain is also reported to have slowed some oil field operations with spudding of one new location held up due to the fact that equipment cannot be moved in until the ground has dried.

But rain or shine, the big barbecue Thursday night will be held inside the Ranger Country Club clubhouse and if the rains come, nobody need bother.

Committeemen were at work today selling tickets to Ranger citizens for the big event and those in charge stated that whether or not the residents of the rural area serve the Caddo-Ranger road have tickets, they are invited to attend the barbecue. Rains has slowed and even prohibited visits to the area to deliver tickets. Those who wish tickets, either by purchase or as guests may get them at the Chamber of Commerce or from members of the committee.

The celebration is in observance of the completion of the Caddo-Ranger road and honor guests will be members of the State Highway Commission and others.

A band concert will mark the opening of the celebration and will start promptly at 6:30 with music furnished by the Ranger High School band.

## 3 Cisco Boys Arrested In Burglary

Three Cisco juvenile boys are being held in the Eastland County Jail in connection with burglary of the Joy Drive-In Theater Friday night, the Sheriff's office stated.

The youths, two 15 years and one 14 years old, were arrested Monday. The boys have made statements and accounted for a total of \$16 taken in the burglary. Bob Norman, manager, reported a total of \$77 taken. None of the money was recovered. The ticket booth at the Drive-In was broken into with change and cash tickets taken.

The Sheriff's office declined to state how the youths were apprehended, but other sources indicate the youths had been employed at the Drive-In and had been in an argument with the manager regarding overtime pay. Two of the youths' fathers are dead and their mothers work, while the other youths' father is an invalid.

## Truck Overtakes Near Eastland

A refrigerator truck, containing 22,000 pounds of meat, overturned on U. S. Highway 80, between Eastland and Olden, Monday morning at 6 o'clock, during a rainstorm. State Highway Patrolman Oscar Ayers of Eastland, said the driver was unharmed and the truck sustained only minor damage.

Task of getting the truck right side up was a considerable one. This was accomplished at 4 P. M. with the aid of three wrench trucks.

Highway Patrolman directed traffic during the operation to right the truck and at one time, had vehicles backed up for one mile.

## CONGRESSMEN EXPECTED AT PARTY OF YEAR

Mineral Wells, Oct. 25, 1949—Now that Congress has adjourned, members of the Texas delegation will be in a position to attend the "Party of the Year" here Friday October 28th as guests of honor, and several have accepted. "Speaking as an individual," said George Ritchie, one of the hosts, "I feel the entire Texas delegation in Congress has done an excellent job during the session just closed and we hope that all of them will attend the party honoring them and our other State Officials."

"Outstanding work for the Nation and Texas has resulted from the efforts of George Mahon of Colorado City, a member of the Appropriations Committee in providing for a large modern Air Force. Senator Lyndon Johnson has done a great work in preventing Leland Olds from again being a member of the Federal Power Commission, in my opinion," said Ritchie.

Governor Allan Shivers, Railroad Commissioners Ernest Thompson and Olin Culberson and numerous other executives of the State Government have accepted they will attend and a good response is being received from the citizens, numbering approximately 2,000, to whom invitations have gone out.

## Five Held In Machine Thefts

DALLAS, Tex., Oct. 25 (UP)—Five men were in jail today and another was sought as officers announced the cracking of an interstate burglary ring which stole sewing machines valued at more than \$1,000.

The sewing machines were taken from schools in Texas, Oklahoma, Louisiana and Arkansas in recent months.

Dallas County Sheriff Bill Decker said the pattern of the burglaries was to remove the machines from their cabinets and then speed them to the gang's headquarters at Oklahoma City. There, they were renovated, into new cabinets and resold in several states.

One hundred machines already have been traced, Decker said. Decker said charges would be filed shortly against the suspects, whose apprehension took the efforts of eight Texas sheriffs and police from Oklahoma, Arkansas and Louisiana.

## Eugene Baker Buys Ranger Printing Plant

A. W. Warford has announced the sale of the Prompt Printery to Eugene Baker of Gorman, formerly of Ranger.

The transaction for the sale of the business is being completed and Baker will take over operation of the plant Monday. He stated that he will maintain the plant in Ranger and at the same time continue to publish the Gorman Progress, weekly newspaper at Gorman. He revealed that he has contracted for the printing of maps and charts for Social Science Laboratories.

While here Monday to complete the transactions, Baker stated that he will use all local help and may even move in a family in order to secure a reliable man to manage the plant.

He stated that he and Mrs. Baker are both happy to be associated with Ranger again and that they will certainly be happy to carry their part of civic responsibilities in the town. "Ranger is still like home to us," he stated. Baker was formerly part owner of the Prompt Printery and at one time associated with the Ranger Daily Times. He went to Gorman from Ranger when he purchased an interest in a printing shop and the newspaper there.

## Tickets For Ranger-Hamilton Game On Sale

S. A. Hightower announced today that he now has the tickets for the Ranger-Hamilton game and that they may be purchased at the Texas Electric Service Company's office.

He has both the adult tickets and student tickets and urges that all who wish them to call for them early.

The game, one of the toughest that Ranger will have this season, will be played at Hamilton Friday night.

## Can't Collect In This Court

DETROIT, Oct. 25 (UP)—Andrew Soyak will have to go somewhere besides court to collect the money he loaned Alfred Galle at 180 per cent interest.

He charged Galle, a resident of Austin, Tex., with larceny by conversion in failing to repay \$5,000 he loaned him, plus interest he estimated at about \$25,000.

Judge Joseph A. Gills threw the case out of court after Soyak said he loaned the money at 15 per cent compound interest a month, or more than 180 per cent a year.

Boise, capital city of Idaho, was first visited by Robert Stuart and his party of homeward-bound Astorians in 1812.

## LONE STAR APPOINTMENT ANNOUNCED

Appointments of T. J. Skra bank as superintendent of Lone Star Gas Company compressor stations and Donald H. Brown as assistant superintendent have been announced by Julian L. Foster, general superintendent of Lone Star's transmission division. Skrabank and Brown will operate 21 compressor stations located in this area and at other strategic points over the gas company's 5,300-mile pipe line network in Texas and Oklahoma. They have headquarters in Dallas.

Skrabank succeeds R. L. Rogers who retired recently under the company's pension-insurance plan. He had served as assistant to Mr. Rogers since September 1, 1947, when he was transferred from his position as assistant manager of Lone Star's general division industrial and commercial gas department.

Krabank joined Lone Star in January, 1928, as an industrial engineer at Temple and was transferred to the Dallas office of the industrial and commercial gas department in February, 1937, when he was appointed assistant manager of the department.

The new superintendent of compressor stations was born at Caldwell, attended public schools at Ennis, and graduated from Texas A. and M. College.

Brown joined the company September 28, 1939, on the staff of the engineering department as an inventory engineer. He was named control engineer when he returned to the company in 1945 after serving with the United States Army four years. He is a native of Deatur where he attended public schools and the Deatur Baptist College. Brown received a degree in petroleum engineering from Texas A. and M. College in 1939.

## Faces Life For Murder Of His Sixth Wife

STE. GENEVIEVE, Mo., Oct. 25 (UP)—William Mahurin, 53-year old, "honey heart" Romeo, today faced a life sentence for the murder of his sixth wife.

An all-male jury returned the verdict of guilty of first-degree murder last night after more than three hours deliberation and fixed the sentence for the balding defendant.

Spectators, many of them holding sleeping children in their laps, waited up for the jury as this town had its first murder case in many years. The state had asked the death penalty in the strangling of Lottie Fisk Mahurin.

Circuit Judge Norwin D. Houser granted Mahurin's attorneys 30 days to file a motion for a new trial and delayed the passing of sentence until that time.

Special prosecutor J. Grant Frye re-nacted the crime at the Mahurin farmhouse near Farmington, Mo., March 17 in his dramatic closing arguments. Frye testified St. Francois County prosecutor B. C. Tomlinson in the preparation of the case after the trial was brought here on a change of venue.

Mahurin had contended, at the time of his wife's death, that she died in the explosion of an oil stove.

Two of the women Mahurin married before he met the victim through a lonely hearts club, Mrs. Elaine Harriman of St. Louis (5348 Ridge Ave.), wife number 4, and Mrs. Adele Robinson of Suburban Wellston, number 5, were present at his trial.

## Sheriff Williams Asks Merchants' Cooperation Against 'Hot Checkers'

Cooperation of Eastland County business firms in helping to eliminate "hot checking" has been requested by Sheriff J. B. Williams.

Sheriff Williams said Ranger has just been "cleared out" of \$600 by hot checkers.

"Unless business firms secure some identification, there's not much we can do," the Sheriff said.

Before accepting a check, a merchant should ask to see that person's driver's license and make sure that it is a bonafide stamped current license issued by the Department of Public Safety,

# Roads Cancel Over 600 Trains As Steel, Coal Strikes Go On

## Man Forges A Check, Arrested An Hour Later

Quick work on the part of an assistant bank cashier and Police Capt. Johnnie Boyd and Policeman Alfred Ames, halted a check forger's departure from Ranger and landed him in jail late Monday afternoon.

When Mrs. Charles Hummel questioned the signature on a check given Lloyd Clem, a check was made and it was determined that the check had not been cashed by the man whose name was signed on the check.

Policeman Boyd and Ames were contacted and set on the trail of the man suspected as the one who had passed the check. In a very short while Jack McDowell was picked up at a Ranger cafe and taken to city jail. With McDowell at the time and also held in jail is Roy Beggs.

According to Clem, Mrs. Hummel came into the store shortly after the \$21.95 check had been accepted and stated that she believed the signature false. She secured a canceled check on the account and found her suspicion was true. The check was written on the account of L. M. Green. Policeman Ames also happened to be in the store at the time and the matter was turned over to him. He found Capt. Boyd and together within an hour after the check had been passed, McDowell had been picked up.

Chief W. G. Founds stated today that McDowell is now out under a three year suspended sentence for forgery at Abilene.

Chief Founds reported today about noon that two more checks had been reported as forged by McDowell. One was at A & P for \$16.45 and another at the Ashman Grocery for \$15.55.

He said that he had been instructed by the district attorney to file charges of forgery against McDowell in Justice of the Peace Charlie Bobo's court.

## Thanksgiving Service For All Churches Due

Members of the Ministerial alliance made plans in their meeting Monday for a community Thanksgiving service to be held Sunday November 20. The service will be a joint service of Ranger churches and will be held at 7:30 P. M. on the Sunday evening before Thanksgiving at the First Baptist Church here. The minister chosen as the speaker for the occasion is the Rev. R. C. McCord, pastor of First Christian Church.

Music for the meeting will be under the direction of Fred R. Baumgardner, Head of Fine Arts Department of Ranger Junior College and choir director of First Methodist Church here. The choir will be composed of members of the various church choirs.

Fred Moeller, Director of music of the First Baptist Church will assist in music arrangement and the organist, Betty Reuser of that church will assist on the program.

New officers were elected by the alliance as follows: The Rev. R. C. McCord, President, The Rev. D. C. Ham, Vice President, The Rev. Cecil Ellis, Secretary, and the Rev. Jasper Masegee, public relations chairman.

## Homecoming October 28-30

Southern Methodist University has announced that the annual homecoming for ex-students will be held at the University on Friday through Sunday of this week.

George E. Bushong, executive secretary of the SMU alumni says that active memberships now amount to more than 10,000 among whom are four Ranger citizens who are Mrs. F. P. Brasler Jr., Mrs. M. L. King, Mrs. Joe B. Scott and D. L. James, now of Austin.

Highlight of the homecoming will be the football game between Texas University and SMU Saturday afternoon. Name of the homecoming queen will be announced at the game, and she will be crowned at half time.

Ukeleles Coming Back NEW YORK (UP)—The ukelele standard equipment of the really "hip" college boy in the 1920's is making a comeback. Jay Kraus, president of a company which makes ukeles, says about 300,000 instruments will be manufactured this year compared with 40,000 in 1920 before the war.

## AUTOMOBILE INDUSTRY NEXT TO BE HIT

By UNITED PRESS

The nation's railroads cancelled more than 600 trains today as the coal and steel strikes cut deeper into the nation's economy. Effects of the coal mine walk-out, now in its sixth week, were felt most sharply. But the steel shutdown, in its fourth week, is expected to hit the automobile industry a crippling blow by the month's end.

Railroads slashed their schedules sharply to conserve dwindling coal stocks. In Chicago, the nation's rail hub, cancellation of 214 passenger and suburban trains was announced.

Previously, the same roads had cancelled 107 trains under orders of the Interstate Commerce Commission.

Across the nation, the number of train cancellations, most of them effective at midnight tonight, counted past 600.

The Mo-Pac Railroad was resuming train schedules rapidly after a 45-day strike that halted operations over its 7,000 miles of tracks in 11 states. The road expected to have all trains running again by Wednesday and its 25,000 workers were being called back for duty as rapidly as possible.

In Hawaii, 2,000 CIO Longshoremen began returning to docks to start loading and unloading operations after a 178-day strike that cost the territory \$100,000,000 in lost wages and business.

Federal mediators in New York succeeded in postponing a strike by 15,000 AFL truck drivers that would have shut off deliveries to 11,000,000 customers in the area today. Union and management representatives were in continuous session in an attempt to settle the issues.

## Cub Pow-Wow Set At Cisco

An annual North District Cubbers Pow-Wow will be held in the American Legion Hall at Cisco Thursday night, Steve Potts of Eastland, field scout executive, announced.

All Cubmasters, den mothers and committees in Eastland are urged to attend.

Sgt. Brannon, Eastland Cubmaster, will be in charge of registration at 7 P. M. Potts will give "Fundamentals Film Strip." Other activities will be as follows: Jodie E. Baker, Breckenridge Commissioner, handicraft; and Rev. Jasper Masegee, Ranger chairman, games session.

## Shoots Nine, Kills Self For Some Excitement

WATERFORD, Mich., Oct. 25 (UP)—Farmer Joseph Runyon, 57, wounded nine patrons in two barrooms and killed himself to create some "excitement" after a run of hard luck, police said today.

Stanley Zurawski, 29, owner of one of the bars, said the farmer told him shortly before the wild shotgun spree last night: "If a man feels like he is going to die, he might as well take a few people with him."

Police speculated that Runyon might have been influenced by the recent massacre in Camden, N. J. in which Bersek war veteran Howard Unruh killed 13 persons.

Helen Kubann, a friend of Runyon, quoted him as telling her a few hours before the shooting that this little town of 500 population "hasn't had such excitement lately, guess I'll give it some oomph."

One of the victims of the bersek shotgun attack, Dale Palm, 38, was in critical condition with two pellets in his brain. Doctors at Pontiac, Mich., General Hospital said he would be permanently blinded. Two others wounded in the barroom blasts were in serious condition.

Several hours after the shooting a fifth person, Thomas Hudson, was treated at the hospital for a wrenched back received when the hotel bar patrons tried to evade the shots.

Guy Bridges, in wheel chair, veteran of World War II and Philip Whittlesey, in bed, are busy making poppies for the annual Poppy Day sale over Texas. The sale has been set for November 5 in Ranger and proceeds from the sale will go toward rehabilitation work among disabled veterans. All of the poppies are made by disabled veterans.

## Jaycees To Have Christmas Party For Ranger Kids

At the regular meeting of the Junior Chamber of Commerce held Monday night at 8 o'clock at the Gibson Hotel, members voted to stage a Christmas party for underprivileged children and will stage a two-day all-negro rodeo here November 12 and 13 to help finance the party.

James Smith of the West Texas Vocational Institute has agreed to make all toys for the Christmas party, furnishing all labor without cost to the Jaycees. The organization will furnish the materials for the toys.

Further details about the party will be announced just as soon as they are completed.

In the meantime the Jaycees will be busy arranging for the rodeo which will be on a contract basis with the Jaycees receiving a percentage of the proceeds.

It was also reported at the meeting by Morris George that an investigation into mercury lighting for the City of Ranger had been made and that it was determined that that type of lighting would cost an approximate \$85 more than the present type of street lighting.

## Poppies which the people of Ranger will buy here November 5 are being shipped from the Legion Hospital in Kerrville and the Veterans Administration Hospital in Waco, where the little red flowers are being made by disabled veterans of both world wars working under supervision of the Texas Department of the American Legion Auxiliary.

"Making these flowers has provided interesting employment for veterans at the hospitals during the winter and spring months", explained Mrs. Frank Sheffield, Poppy Chairman of the Department. "It has helped keep their hands and minds busy, relieving them of long hours of tedium and contributing its occupational therapy value toward their recovery."

"Poppy making has given these veterans the encouraging experience of being able to earn money again, often after many months of idleness. They are paid by the Auxiliary for each poppy they make and are able to earn helpful amounts during the poppy-making season."

"Much of the money is sent home by the veterans to help support their wives and children, who often have a difficult time when the veterans require hospitalization and are unable to work for long periods. It gives the veterans a decided lift in moral when they are able to send something to their families. These without depending on the money to create a nest egg for themselves against the day when they leave the hospitals and endeavor to re-establish themselves in life."

"The poppies are fashioned by hand, veterans working in their beds in wheel chairs or in occupational therapy shops. Materials are provided by the Auxiliary and the finished products collected regularly by Auxiliary workers. The flowers are made of crepe paper in replica of the little wild poppies of France and Flanders, which grew on the battlefields and cemeteries of the two world wars."

By UNITE PRESS  
BROWNWOOD, Oct. 25 (UP) — Texas Odd Fellows prepared to end their 1949 grand encampment here today with the election of officers and the selection of a 1950 encampment site.

The 327 delegates were expected to choose either Wichita Falls, Tyler, or Austin for next year's event.

McALLEN, Oct. 25 (UP) — The era of 25-cent an hour wages in the Lower Rio Grande Valley appeared to be nearing an end today.

Border patrols were ordered yesterday to increase their pickups of illegally entered aliens to include all but those whose employers offered 40-cents an hour.

The action, in a section from Roma to Brownsville, came as the result of a U. S. government recommendation that valley farmers pay a minimum wage of 40-cents to all agricultural workers.

AUSTIN, Oct. 25 (UP) — J. D. Sanderfer, Jr., of Breckenridge began a two-year term today as chairman of the Texas State Parks Board.

Sanderfer was elected in a meeting here yesterday, while Raymond L. Dillard of Mexia was chosen by the board as vice-chairman.

TEKARKANA, Oct. 25 (UP) — Mrs. Eula Thomas, 45, was charged with assault with intent to kill today in yesterday's shooting of Clyde Morton, about 25.

Morton was struck by a single shot from a .38 caliber revolver in front of a downtown cafe. Police said he was only slightly injured.

Witnesses said Morton was shot and ordered into a waiting car which drove away and was not located until two hours later. He and Mrs. Thomas operated a local restaurant.

DALLAS, Oct. 25 (UP) — Federal conciliators planned to meet with union officials of the CIO United Auto Workers today in another attempt to avert a strike at the Chance Vought aircraft plant.

Company manager E. W. Flumey of the Federal Mediation Service conferred with company officials yesterday and announced that negotiations were progressing.

Some 4,100 workers at the giant aircraft factory claim their rates are 20 per cent lower than the national level in plane production. Last week the union rejected a Chance Vought wage increase offer of four to six cents an hour and authorized their bargaining committee to call a strike.

SAN ANTONIO, Oct. 25 (UP) — An Edison High School student riding home on his motor scooter was killed yesterday when hit by a truck 10 miles from the city on the Fredericksburg Road.

## Farmers Search For Mystery Man

SILVER CREEK, Mich., Oct. 25 (UP)—Jittery farmers grabbed their shotguns today to "smoke out" an uncanny wanderer who has charmed their watchdogs and frightened their wives.

County officers surmised that the victim, Dwight De Larrea, 17, lost control of the scooter and crashed into the truck.

The quiet farm community in western Michigan bristled with weapons. Small game hunters were advised to stay clear of the hilly search area.

The farm people became alarmed as the weird events bordered on the supernatural. The prowler stole food from fruit cellars and barns and one farmer reported a 60-pound hog vanished.

The prowler rapped continually on farm house doors, and watchdogs did no more than whimper strangely.

One housewife said she wriggled from his grasp and he sprang away before she could turn and get a look at him.

Johnson cautioned the farmers against being "trigger-happy."

"He may be the prisoner who escaped from Ionia reformatory and no one has seen him with a gun," Johnson said. "We've not enough of us to smoke him out."

Johnson said the prowler didn't appear interested in attacking or robbing anyone but was searching for food. Wayne Epsy, 22-year-old reformatory inmate escaped

## Someone to Love

By IRENE LONNEN ERNHART Copyright, 1948, NEA SERVICE, INC.

TOD and me, so we could make a go of our marriage."  
"So you're running out on him already? I told him what sort you were. Time and time again I said to him, 'Ma began, ner voice began to tremble under the sports announcer."  
"I saw Tod downtown with Liz Conover—of Courtesey rather." Jenny threw back her mouth trembling with anger. "They were meeting each other in a restaurant. She was waiting there for him."  
"Oh," Ma said sarcastically, "so you've been staying on him. Next thing we know you'll have a detective train him."  
"I didn't spy. I just happened to see him." The tears blurred everything and her face burned like fire.  
"I'll have you to know," Ma cried, "that if he was meeting Liz Conover it's your own fault for nagging at him, and complainin'. Don't think we didn't near quarrelin with him. The walls ain't that thick. And I said to Harriet at the time, I said—"  
"Oh, please!" Jenny said abruptly. "Let's not talk about it." She snapped the suitcase shut.  
"You schemed and nagged to get him to marry you, when you knew all the time he was still in love with her. Caught him on the rebound, you did, so I say it serves you right."  
Jenny got her fur jacket out of the closet, ripping the mothproof bag off so it would be easier to carry. She up-toed for a hatbox. Harriet broke in shrilly. "I told Ma Liz would see she made a mistake and come back to him, and he'd get her yet. Love don't die so easy as all that. It's just like the story I was readin'—"  
"She waved her magazine at Jenny. Gathering up the hatbox, suitcase and fur jacket, Jenny pushed past them. Joe had the gumption to open the apartment door for her.  
"Liz!" she wept in Nina's arms. The heartbeats at the apartment

## BIRTHDAY SURPRISE

Here is one of the newest wrinkles in birthday gifts—and it follows the theme of "it's as easy to give as it's nice to receive." It seems that since a carton of cigarettes has always been one of America's favorite birthday gifts, Chesterfield came up with a novel carton specifically designed for the purpose. Its colorful motif and greeting card device mean that you don't have to wrap it either.

## HONORED—Dr. John Dewey

Dr. John Dewey, dean of American philosophers, received high tribute from admirers all over the world on his 90th birthday. At a testimonial dinner in New York, friends presented Dewey a birthday gift of \$50,000. He will donate the money to educational causes in which he is interested.

# Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

**THE STORY:** Jenny Halloway believes that Tod Hansen has deserted her to spite his abusive father. Tod's family, with whom they live, have given Jenny a good reception and then one evening Jenny sees Tod meeting Liz in a cafe. As a result, Jenny packs her things and goes to the home of Miss Cashman, where Jenny always works. Tod is able to explain that Liz had called him and asked him to meet her, not knowing that Tod was married. But Jenny refuses to return to the Hansen home with Tod and Miss Cashman suggests that they live in a trailer while Tod finishes his schooling at Baylor College in the fall.

TOD hadn't been quite honest with Jenny about meeting Liz Conover. When he saw that phone number on his pad at the office he had a feeling it would be Liz who would answer. And Liz had not begged him to meet her, either. She'd merely said she wanted awfully to see him. When she said that, such a crazy yearning to see her took possession of him that he momentarily lost his senses, forgot about Jenny and everything else. He said he'd meet her at their favorite table in the Greenbriar. Driving toward the restaurant a few moments later he thought all at once about Jenny. He knew she wasn't expecting him home from his road trip until the following day, and he had planned to surprise her by picking her up at the shop.

But there was no reason why he should feel such a sense of guilt about going off to meet Liz for a few minutes. People were broad-minded about such things in these times. And he couldn't have refused without seeming prudish, or giving Liz the impression he was afraid to see her again. He'd tell Jenny about it, of course, and they'd probably get a laugh out of it. He parked his car in the lot behind the Greenbriar and adjusted his bow tie by the rear view mirror. "Now look here," he told himself sternly, "there's no use

and me too," he said grimly. "You're married, I'm married. If that doesn't settle things, I don't know what could."

The color drained from Liz's beautiful face. "You're married?" "Right." He shut his teeth firmly together. All he wanted now was to get out of there. Liz fumbled in her purse for her compact and he saw that her slender hands were trembling. "I guess I can't blame you," she said. "There's not even any use now trying to tell you how it all happened."

"No," he said coldly, "there's no use either one of us trying to explain, and there's no use our seeing each other again."

When he reached the apartment and Ma told him what had happened he quit thinking about Liz, like a man waking from a dream. He was furious with himself for having hurt Jenny. He couldn't bear to think of making her suffer. The quickness with which Jenny forgave him and her trusting attitude, were almost more than he had expected.

Now, the thought of living in a trailer camp was anything but appealing to him, but then he owed it to Jenny to try to make her happy. Living in the apartment with his family had been hard. Maybe when they were alone together, even though it was in nothing more pretentious than a trailer, they'd get along better. "It's Jenny's happiness war his business now. He must remember that, and not think about Liz at all. He must fight to keep her out of his thoughts. But after their meeting, it wasn't going to be easy. (To Be Continued.)"

## Lubbock At Head Of Football List Walker May Not Be In Texas Game

DALLAS, Tex., Oct. 25 (UP)—A hard-driving Lubbock schoolboy team topped the Dallas Morning News weekly rankings today, supplanting Port Arthur's Yellow Jackets who had held the number one spot for a month.

Lubbock crushed Amarillo, 47-7, last Friday night. The overwhelming victory by the Warriors caused sports writers participating in the News' Poll to cast 19 of their 16 first-place votes for Lubbock.

Port Arthur, idle during the week end, slipped to second place with four first place votes. In the third place was Wichita Falls, recipient of two top-ranking ballots.

Corsicana advanced to fourth place, Henderson was fifth, Raytown sixth, and Grande Prairie, Highland Park, Abilene and Austin ranked in descending order.

Henderson shot all the way from 13th to fifth, while Austin climbed back into the first 10 after a four-week absence. Dripped from the top 10 because of upset losses last week were Marshall and Yaleta.

DALLAS, Oct. 25 (UP)—Return to action of All-American Donk Walker in time for Saturday's all-important Southwest Conference clash with Texas remained very much in doubt in the Southern Methodist University football camp today.

While Walker was reported "improved" and allowed to get out of bed yesterday, he still may not be strong enough to play Saturday even if he is released from the hospital as hoped by tomorrow. A week-long siege of the flu and a sore throat has left him weak.

Meanwhile, two other SMU backs—Frank Payne and Kyle Rote—nursed injuries suffered in the Kentucky upset. Payne had a broken finger on his passing hand, Rote a sprained wrist.

**FAYETTEVILLE, Ark., Oct. 25 (UP)**—Fullback Leon Campbell and End Frank Fischer still were absent yesterday as the Arkansas Razorbacks took a light workout in the rain in preparation for the Texas A&M game here Saturday.

## Records Broken At State Fair

The greatest state fair ever produced in Texas or anywhere else, for that matter, closed up and locked its gates Sunday, Oct. 23, after breaking practically every existing record for state fairs.

Despite four days of rain and almost continuous threats of rain, more people visited the exposition, won more livestock premiums, saw more exhibits, enjoyed more shows and more football games, heard more music and ate more food than at any previous state

fair in history. Attendance for the 16-day show was 2,047,540, which was 155,096 more than attended the largest previous fair. Rural Youth Day set the record for number of farm and ranch youth ever assembled at a single spot when 75,000 swarmed the grounds Oct. 15. This was also the largest single day in the history of the Fair; 276,984 visitors arrived from every corner of the Southwest to enjoy the fantastic exposition.

The livestock show made history, too. Its beef, cattle, swine and quarter horse shows were the largest ever held at the Fair. Twenty states were represented, as the show broke all records for entries and interest.

## Supreme Court Off Till Nov. 7

WASHINGTON, Oct. 25 (UP)—The Supreme Court recessed yesterday until Nov. 7 after a brief session at which it refused to intervene in a variety of legal disputes.

While the justices handed down no formal opinions, their decisions not to hear appeals have the effect of upholding lower court actions in seven sharply contested cases, including a Texas controversy. It stayed out of a quarrel between the neighboring Texas cities of Dallas and Fort Worth over a "new midway airport" designed to serve both cities. Dallas authorities went to court to prevent that the Civil Aeronautics Administration did not grant them a fair hearing on the proposal.

### America's Most Beautiful Novelist

Luli Kollman has been a movie actress, gas station attendant and fabric designer. She is currently celebrating the publication of her first novel, a love story titled "Come, Take My Hand." Married to the noted inventor Paul Kollman, she handles his business affairs and runs their three homes in California, New York City and Long Island. And if you think all this hinders her writing career, note that a second novel is finished, a third nearly completed and a children's book in outline. The current novel is being published by Duell, Sloan and Pearce, Inc.

## PANHANDLE HAS SUB-FREEZING WEATHER EARLY THIS MORNING

By United Press  
Sub-freezing weather of 26 degrees was reported at Dalhart in the Texas Panhandle early today but the forecaster saw an end to the drenching rains which brought flooded conditions to parts of the state.

The weather was blamed for three deaths in the state, one in Dallas and two in San Antonio. The Trinity River in the Dallas area measured 32.3 at the 7 A. M. reading, more than four feet above the 28-foot flood stage. The Weather Bureau predicted it would crest early tomorrow at 36 feet.

Skies already were beginning to clear in northwest Texas and fair weather was forecast for that area tonight and Wednesday. It will be partly cloudy in East Texas with the weather warming up slightly over the entire state by tomorrow.

The bodies of two brothers were recovered after midnight from flooded Martinez creek in the west section of San Antonio. The drowning victims were Rittius and Johnny Ford, brothers. They were swept into the stream yesterday from a makeshift skiff. A number of families were driven from their homes temporarily by the

government.  
2. Priests can accept the new high salaries the government promised.  
3. To indicate their willingness to resume church-state negotiations—"if we are invited."  
But the conditions laid down by the bishops made it doubtful the government would accept them or "invite" the bishops to resume negotiations.  
The bishops said the priests could swear loyalty to the government only if they added to the standard form "provided that this is not in conflict with the laws of

Some of the lows reported to the Weather Bureau this morning other than Dalhart's chilly 26 degrees were Amarillo 30, Clarendon 32, Lubbock 34, Childress and Guadalupe Pass 36, Marfa 37, Midland 38 and El Paso 43.

Temperatures yesterday ranged from 90 degrees at Brownsville to 42 at Amarillo with most readings in the mid-50s.  
Rainfall reports included 2.07 inches at San Antonio, 2.19 at Victoria, 1.93 at Austin, 1.78 at Lufkin, 1.63 at Tyler, 1.22 at Bryan, 1.19 at Palacios, 1.17 at Corpus Christi and 1.96 at Texarkana.

Dallas rainfall for the 24 hours ending at 6:30 A. M. was 65 in. but since Sunday night, the total was 2.75 inches, or slightly more than the 2.71 inches which is normal for October for Dallas. October rainfall in Dallas now totals 8.61, the Weather Bureau said.

The weather in East Texas has hampered a search for a light plane missing for three days with two Houston men and possibly a third man aboard, but the Civil Air Patrol planned to resume the hunt today. Aboard were Orval Switzer and J. H. Harrington. It was not known definitely whether a third person was aboard.

A Dallas man was killed Sunday around midnight when a roof collapsed at cement plant. The victim was E. T. Spain. An investigation was under way to determine the cause of the accident. One theory was that lightning struck the roof, a second was that accumulated cement dust on the roof had become moisture-laden and caused it to collapse.

## PRIESTS INSTRUCTED IN OBSERVING CZECH LAW

PRAGUE, Czechoslovakia, Oct. 25 (UP)—The Roman Catholic Council of Bishops has told priests to obey the government's new church laws only as long as they do not conflict with the laws of God, the Church, and the "natural rights of man," it was disclosed today.

The bishops met secretly to prepare their instructions according to a document made available to the press.  
The bishops decided that, with qualifications:  
1. Priests could take a loyalty oath to the Communist-dominated

ing almost continuously, charging high prices to bring prospectors into the wilderness where little or no law is known or enforced.  
More and more tents sprang up along the river as the men arrived, staked their claims, and raised their canvas in the dead center of them to prevent claim-jumping by late arrivals.  
More than 100 claim-stakers were on hand, busy chopping holes in the ice to get at the mineral-bearing river bars. The tents dotted the river's south bank for eight miles.  
The tent city was named Fishwheel after the contraption, a fish trap, in which fisherman Clifton Carroll first found nuggets the size of peas clinging to the webs.

## UNDERWORLD CROWDS HEAD FOR GOLD RUSH

FISHWHEEL, Alaska, Oct. 25 (UP)—Prostitutes and gamblers headed for Fishwheel today to cash in on Alaska's latest gold rush in the famed Yukon River Country.

The camp followers and gamblers crowded into several taxicabs at Anchorage yesterday for the 250-mile trip to Fairbanks where they hoped to charter planes to carry them the final 150 miles north to this spot, just a few miles from the Arctic Circle.

The girls brought tents to use as brothels. The gamblers carried paraphernalia for a four-five-six game, dice and roulette. Taxi drivers promptly boosted their fare for the trip up the Alaska highway from \$235 to \$450.

The influx of sporting men and women apparently meant that the Fishwheel gold strike was bound to go through a full repetition of the Klondike and Sushana gold rushes of the past.  
Nearly 50 bush pilots were fly-

### Ft. Worth Woman Killed In Crash

MT. VERNON, Tex., Oct. 25 (UP)—A Fort Worth woman was killed and her husband was critically injured early today when their automobile plowed into a rear of a lumber truck stalled on U. S. Highway 67.

The victim was identified as Edna Ohlsen, 42, a physiotherapist in the polio ward at City-County Hospital in Fort Worth. Her husband, Norman, 37, was in Mt. Vernon Hospital in very critical condition. He was placed under an oxygen tent this morning.

The sheriff's office said the Ohlsen car, a 1949 Ford, was demolished.  
The driver of the truck was not hurt. The crash occurred only seconds after a pulling wheel on the truck had sheared off.

"The driver hadn't even had time to get out of the cab of the truck to set out flares," the sheriff's office reported.

**Revived Boy Dies As Heart Stops 2nd Time**

By Jud Dixon  
United Press Staff Correspondent  
FORT WORTH, Tex., Oct. 25 (UP)—Death took a three-hour holiday for 13-month-old Teddy Keith Nall yesterday, but then returned to grim duty.

The tiny infant's heart ceased beating for 10 minutes while surgeons worked to remove a bean from his left lung. But a speedy incision, followed by massage of the heart, brought Teddy "back to life."

The doctors resumed their efforts to remove the obstacle from the tot's collapsed lung, and succeeding in freeing a portion of it with a bronchoscope.

Three hours later, Teddy's heart again stopped beating. And this time, the alert doctor's heart massage efforts proved futile.

Teddy, the son of Mr. and Mrs. Tom Nall of Hamlin, Tex., swallowed the bean last Friday. Removal efforts by doctors at Hamlin and nearby Abilene failed. They suggested that Teddy be rushed to Fort Worth for treatment by specialists.

On the long trip from Abilene to Fort Worth in an ambulance, pounds and his height, five-foot, eight inches.

He had straight black hair and a moustache. His forefinger was missing at the second joint and there was a long scar on his back, apparently from an operation.

He had no identification papers but wore a tie clasp with the initials "C. A. B." his belt buckle was initialed "J" and his trousers had a cleaner's mark of "Kuykendall."

His expensive suit coat bore a Ventura, Cal., clothier's label, but police said it had led to no clue toward identification of the amnesia victim.

He apparently was about 38 years old. His weight was 145
