American Fighters Destroy Red Planes

49TH NEWS

By Sgt. Alton Wallace
Sv. Btry. Under the command of Capt. R. Bruce Harris left Ranger Saturday morning at 10:40 for Camp Polk, Louisiana. We met B Btry of Breckenridge and A Bty of Cisco at Eastland and set out for Corsicana where we will spend the night. We stop at Dublin to eat and also picked up Headquarter Btry of San Angelo and C Btry of Colorado City. We had planned on pulling out of Dublin at 2:00 but one of the jeeps broke down and we were delayed for an hour. While we were there a certain red headed girl walked by the troops about 50 times to their delight. She must have liked boys in uniform as she kept walking by and certain did hate to see the jeep get fixed. Some of the troops wanted to take her to Camp Polk with us, but that man officer Capt. Bruce Harris said she could not go to the troops disappointment.

We pulled into Corsicana about dusk and camped in their city park. The mesquitos were thick and plenty of them as they buzzed all night long. Up the next morning at 4:30 and out at 6:00 on the road to Camp Polk, stopping in Lufkin to eat lunch. We crossed the Louisiana line about 5:15 and it began to look rainy. By the time we were close to Leesville the wind was blowing real hard and rain had started. The troops in trucks without tops got good and soaked. The wind up to 40 m.p.h. and the trucks down, telephone lines and later on we found out it was on the tail end of a cyclone that hit Alexandria and Marksville Louisiana.

Sgt. one L. Coody and Op. Max Cunningham has been promoted to warrant officer. Monday morning the first thing that came up was KP and Ben M. Smith of Eastland had the honor of pulling KP the first day. During the time he was serving supper he was yelling at the troops to hurry up and eat so he could get off of KP. Heard Allen Rushing say today he liked it so well down here, he just thought he would stay for two weeks. Today the troops were working on their trucks with Sgt. J. G. Wright in charge when one of the trucks started backing up with one of the men standing behind it. Sgt. Wright asked him to move and he asked why. He said he had his government insurance paid up and Sgt. Wright told him he would not for long.

The rumors are flying fast and thick that the 49th Division is going to be taken into federal service and will never return home from camp. Some of the rumors are that we will return home for 30 days and then be called into federal service. We all know how those rumors are as some of us have heard them for four years. Sgt. J. G. Wright today was appointed representative of the 648th Battalion to serve on the N.C.O. board of governors.

Island Preachers Praise Price Daniel

GALVESTON, June 20 (UP)—The Galveston Ministerial Association today praised Attorney General Price Daniel for "his firm stand" in helping to close down gambling here.
A letter sent to Daniel by the association was signed by Rev. A. L. Pfennig, president of the organization, said:
"We are convinced that gambling in any form, by any person under any auspices, is a flagrant violation of the laws of the state, a source of moral evil—and must be condemned."
The association said "we realize" it is not necessary "for us or anyone else to come to your defense" regarding charges currently being made against you—but at the same time we feel constrained to commend you for the firm stand you have taken in this matter."
The association also said it was its sincere belief that "this community will be immeasurably benefited economically, morally and spiritually as has been demonstrated in other cities of the nation where and when action has been taken to uproot and eliminate this vice."

SHIP OWNERS WANT STRIKE ENDED QUICK

NEW YORK, June 20 (UP)—East and west coast ship owners looked for quick settlement of the five-day old Maritime strike today as they readied a new and secret "package" offer for three striking CIO unions.

Hints that the shippers' hoped their concessions to the National Maritime Union, (CIO) American Radio Association (CIO) and Marine Engineers Beneficial Association (CIO) would be accepted were made by the owners of two ocean-going luxury liners.
The American Export Line announced the SS Constitution would be prepared to sail tomorrow on its maiden voyage from New York to Naples, Italy, with 900 passengers.

On the west coast, Matson Lines said it would load 700 passengers aboard the SS Lurline at 4 p.m. EDT in San Francisco unless it was convinced the ARA's 300 radio operators who want a \$70-monthly pay increase would not come to terms by 7 p.m. EDT sailing time.

Clyde Mills, assistant director of the Federal Mediation and Conciliation Service, called a joint session in New York at 11 a. m. EDT to permit 40 Atlantic and Gulf Coast shippers to discuss their new offer to the three unions.

Joseph Curran, president of the NMU, said his committee, which had been chilled by the shippers' previous package offer two weeks ago, had agreed to return to the conference table.

Straight Eight Faces Death

AUSTIN, June 20 (UP)—Emma (Straight-Eight) Oliver, facing death July 6 in the electric chair, lost her second fight for freedom today before the Court of Criminal Appeals.

The 40-year-old Negro woman, facing death for murder, had her application for a Writ of Habeas Corpus overruled for the second time.
If she goes to the electric chair as scheduled, the San Antonio Negro will be the first woman legally executed in the history of Texas.
Her attorneys fought the trial court conviction on grounds she was not represented by counsel at the time she was sentenced, as well as on allegations the trial Judge W. W. McCrory, entered into an agreement with a former Bexar County District Attorney to seek commutation of the death sentence to life imprisonment.

The appellate court knocked down both pleadings.
The absence of an attorney at the time sentence was passed was not a violation of either State or Federal law, the court held.

Jaycees have worked out details to bring Ranger an outstanding Rodeo which will be one to be long remembered. Allen Full, Jaycee president said that top cowboys will come from all over Texas and the Southwest and the Central West to take part in the affair.

MCCARTHY SAYS CHARGES ARE WRONG IN INCLUDING HIM

HOUSTON, June 20 (UP)—Texas oilman Glenn H. McCarthy said today that his name should never have been connected with a false imprisonment suit filed last Monday by Harry Gailman at Las Vegas, Nev.
Gailman filed suit against Sheriff Glen E. Jones, two deputies, the Flamingo Hotel and Moe Sedway, who is connected with the hotel, for \$100,000 damages.
He claimed he was imprisoned for two days without being charged with any offense. He said he was arrested and jailed when he asked the sheriff's office for help in taking away his 17-year-old daughter from a "party being given by Glenn McCarthy."

McCarthy said in a statement that he went to Las Vegas one day when he could get away from Los Angeles, where he was in a law suit because he wanted to hear a singer at the Flamingo to determine if he wanted the entertainer for the Shamrock Hotel, which he owns.
"I was a guest," he said. "It wasn't my party. I didn't pay the bill. I don't know who asked this child to sit down and have dinner. I didn't; she wasn't my guest."
"And I understand that Gailman is not her father—but an ex-stepfather; that is, he was once married to the girl's mother."

McCarthy said all he knew about it was that there was some sort of disturbance at the hotel.
Gailman in his suit said he found his daughter in a telephone booth and asked her to go away with him. He charged that a "Mr. Wells," identified in the suit as a McCarthy bodyguard intervened and said: "She is the guest of Mr. McCarthy's party and is staying."
McCarthy denied that and said further that Wells "isn't a bodyguard," adding he was a witness in the Los Angeles law suit.
"A man can say anything in the pleadings of a lawsuit and that's the way my name gets mixed up in this," he said.

Cudlipp was introduced by U. S. Circuit Judge Joseph C. Hutcheson.
Guest at the meeting were Geo. Carnack, Editor of the Houston Press; Arthur Laro, Managing Editor of the Houston Post; John T. Jones, Jr., president of the Houston Chronicle; Robert C. Meeker, Manager of Keoh, and Fred Nahas, Vice - President and General Manager of KXYZ.

"The federal government is now extending offers of partnership into all fields, and subsidies are becoming the law of the land," Cudlipp said. "But always there is a book buried in the fine print."
He said the major responsibility of the press, the radio and businessmen is to spotlight these books which are destroying free enterprise.

Rotary Club Meets At Noon

Members of the Ranger branch of Rotary International met at noon today for a business meeting and dinner at the Gholson Hotel. An enjoyable program followed the meeting. Members of the Rotary seem to look forward to the day of fellowship and good will each week and the programs are always of interest to all.
Rotary members sponsor many civic movements and are an asset to Ranger or any community.

Every Dog Has His Day So—

PORT WORTH, June 20 (UP)—Every dog has his day, according to the old saying and yesterday was "Lightning's."
Lightning is regarded as a veteran employee of the Texas Highway Department District Office. Yesterday, the pooch received appropriate recognition in a ceremony at which nine men were honored for 25 years' service.
Lightning, who took over unofficially as watchdog at the office when he was two months old, received a 10-year service pin, and praise from E. H. Thornton, Jr., Texas Highway Commission Chairman, for "faithful service."
Lightning received the decorations with dignity, and panted his appreciation.

Defense Bond Purchases In County High

Purchases of defense bonds of the United States government in Eastland County are far ahead of those of surrounding counties. Cyrus B. Frost, Jr., chairman of the Eastland county Defense Bond Committee, has announced.
The Federal Reserve Bank report as of May 31, 1951, shows that citizens of Eastland county have purchased \$216,759.50 in Series E, F, and G Defense bonds.
This figure compares with \$40,480.00 for Callahan county; \$173,608.00 for Erath county; \$165,350.00 for Palo Pinto county; \$60,131.00 for Shackelford county and \$202,496.00 for Stephens county.

The citizens of Eastland county are to be highly congratulated in that they are showing rare good business judgment in putting today's so-called "cheap" money into a form which will enable them to hold this same money until a time in the near future when it will be worth many times its present value," Frost said.

Masked Man Rob Kansas Game

KANSAS CITY, Mo., June 20 (UP)—Four masked men invaded a stag party at Hillcrest Country Club here today, and robbed seventeen card playing guests of more than \$10,000 in cash and jewelry, the sheriff's office reported.
The robbers, wearing masks, forced the men, identified only as members of a Kansas City business club, into the shower room where they were stripped of their clothing, sheriff's deputies said.
"They tied the men up in groups of two and three after they took their cash and jewelry," Deputy John Ames said, "and it was some 15 minutes later before the men freed themselves and were able to report their losses."
Ames said the four masked men appeared with pistols drawn shortly after 1 a.m.

Hidalgo Jury Is Against Airlift

EDINBURG, June 20 (UP)—A Hidalgo County grand jury yesterday strongly criticized an airlift operation returning "wet backs" to Mexico as being "cruel" and "unusual punishment."
The grand jury, with J. A. Clifford of Weslaco as foreman, recommended that persons responsible for the Rio Grande Valley airlift be "censured."
No mention was made of a similar airlift operation in Southern California.
The report from the jury said, in part:
"Whereas it is our understanding that no financial provision is made for the return of these various Mexican citizens to their respective homes in Mexico; and whereas we believe it to be cruel and unusual punishment to deport a man to some spot several hundred miles from his home and family, and we believe such deportation to be unlawful and unconstitutional and without any precedent in the history of this country;

Pat Hurley Sputters Charges At Acheson And State Dept.

By Raymond Lahr and John L. Steele
WASHINGTON, June 20 (UP)—Sputtering angry charges against Secretary Dean Acheson's State Department "Clique," Patrick J. Hurley carried his fight against American China policy to Senate investigators today.
The 68-year-old former Secretary of War, Army Major General, Lawyer and unsuccessful Republican Senate candidate was called before the Committee Investigating Far Eastern Policy and Gen. Douglas MacArthur's dismissal (at 10 a.m. EDT).
Hurley canonized some accusations against Acheson, Gen. Geo. C. Marshall and career diplomats even before taking the witness stand.
Hurley was presidential representative and ambassador to China in 1944-1945. His resignation, accompanied by charges that he was "knifed" by Pro-Communist care-

GROUND TROOPS HURL REDS BACK ACROSS NANGANG RIVER

By Earnest Hoberecht
United Press Staff Correspondent
TOKYO, June 20 (UP)—U. S. fighters destroyed or damaged 10 Red planes over Northwest Korea today in beating off the fourth and greatest Communist aerial challenge in as many days.
To the south, United Nations ground forces in the eastern mountains hurled North Koreans back across the Nangang River 26 miles north of the 38th Parallel, in a drive aimed at the East Coast port of Wonsan.
An 8th Army Communique reported that UN tank-infantry teams stabbed as much as 5 1/2 miles across no-man's land along the rest of the 100-mile Korean front in search of Communist forces reported massing for a new offensive.
They found battalion-sized enemy forces on the western front above Seoul, ran into stubborn enemy resistance northeast of Chonwon on the central front, and reported an enemy regiment digging in southeast of Kumsong on the east-central front.
More than 100 5th Air Force and Communist planes fought it out in today's big air battle in "Mig Alley" near Sonchon, 35 miles below the Manchurian border.
The swirling dogfights ended with three enemy propeller-driven planes shot down, another propeller and four jet aircraft damaged. No allied losses were reported.
The American victor boosted Red losses in four futile days of challenging Allied air supremacy over Korea to nine planes destroyed, and one probably destroyed and 18 damaged.
At the Saupae, 10 B-29 Superfortresses blasted the Communist air field at Onjong, just southeast of Pyongyang, capital of North Korea, to deny its use to the rejuvenated Red air force.

Water Problems Are Taken Up

The Eastland County Water Supply District Board, with members of the City Commission, met Tuesday at the Country Club and had as their guests, Mr. J. B. Thomas, president of the Texas Electric Service Co., and John Hume, engineer, who discussed with them the various possibilities for obtaining additional water for Ranger.
Messrs. Thomas and Hume pointed out that there were opportunities for small additions to the present supply that might be worked out. Considerable discussion was also held on the Leon River Dam project, but due to its high cost of construction, and the financial limitations of the city under the present available estimates they felt that it would be difficult to work out.
The local group agreed that a new and more detailed survey will be made, considering the possibility of reducing the size of the dam, thereby possibly bringing it within the limits of Ranger's ability.

Officer Will Be Sentenced

SAN ANTONIO, June 20 (UP)—Sentencing of Capt. John W. Bergin, 49, found guilty of embezzling some \$25,000 from the Lackland Air Force Base welfare fund, was postponed today pending a review of the case by authorities in Washington.
Bergin, of Madisonville, Tex., was found guilty yesterday by a six-member court martial which had studied testimony in the case for the past ten days.
Bergin was charged on 10 counts of embezzling the fund of which he was custodian until relieved of the duty last Nov. 28. The fund is derived from profits of the Post Exchanges at Lackland. As custodian Bergin was in charge of distributing the money for various base projects and activities.

Pilot Is Fined For Each Quail

SAN ANTONIO, June 20 (UP)—Hunting comes high these days about \$5.50 per quail, to be exact.
J. M. Gregory of Houston, a pilot, paid \$1,004 in fines yesterday after pleading guilty to charges of illegally importing 180 Mexican quail to San Antonio on March 4.
The quail were found in a freezer aboard Gregory's plane, chartered by four wealthy Houston oilmen. They were shot near Sonora, Mexico.
At that, Gregory got off light. He could have been fined up to \$200 per bird or \$36,000.

THE REBEL YELL

By Darrell F. Holmes, Jr.

From the sun kissed sands of Galveston to the far reaches of the Panhandle from the murmuring pines of East Texas to where El Paso guards the western gates of this Eden of ours, we are daily and nightly forgetting the brave men who wore the Gray.

Texans, other southerners, and other Americans are being led away from our way of life by Truman and his crowd. We are not being given a chance to see the real side of our political and national issues. Americans fought bravely in the American Revolution. (Some of my ancestors were among them): they fought to establish a free government and they shared in the fruits of victory.

Some eighty years later Texans Virginians, Carolinians Georgians, and other southerners fought bravely again, trying to persevere their freedom won by the force of their forebearers arms. No soldiers ever fought more gallantly and no braver soldiers ever won this battle not because of any unrighteousness of their cause but because of the superior numbers and supplies of their enemies. When the beloved Stars and Bars, the battle flag of the South was unfurled at Appomattox the sunlight of freedom of this and other southern states began to fade from the American sky and individual freedom began to yearly grow dimmer.

Texas and all other Southern states went through the horrors of Reconstruction under a combination Yankee carpetbagger government. All true Southerners know that today's policies and the Truman-Acheson doctrine is largely based on a hatred of States rights and of the South because of its adherence to the fundamental freedom guarantees named in the United States Constitution.

Truman's party is not the grand champion of the Negro that it claims to be. They do not give a damn about helping the Negro or anyone else except their own Red screams. They cry out about the South's hate for the Negro which is a lie. "southerners have

been raised for generation to generation and love a good darkey," according to J. K. Cayce of Dallas whose father followed Marse Robert from Hill Run to Appomattox across the green fields of the Old South.

This writer was raised in the faith of the South and so long as there is breath left in his body, My stand is in Dixie where I will live and some day die.

The people of the South have blindly followed their political slip-slapping leaders whose only thought is to keep their stouts in the bogtrotter at Washington regardless of what happens in Texas, the South, and the nation.

Today boys from the South, the North the West and the East are pacing across a Korean battle front. For What? What did we have in Korea that was worth sending the youth of our nation there to buy in blood, sweat and lives? Who knows how we got into this damned Korean mess and who wants to go on with it? You wanta know? Harry S. Truman is your boy. He and his bunch of radical Commie loving State Department boys. Still any fowl smelling little animal with a white stripe down his back can wear the

OUR DEMOCRACY

COMMENCEMENT IS THE RIGHT WORD

FOR THE HUNDREDS OF THOUSANDS OF HIGH-SCHOOL AND COLLEGE SENIORS WHO, RECEIVING THEIR DIPLOMAS THIS JUNE, ARE AT THE BEGINNING OF THEIR CAREERS.

NEVER HAVE THE YOUTH OF THE NATION FACED A STERNER TEST OF THE ADEQUACY OF THEIR TRAINING TO THINK AND DO THAN IN THESE TIMES THAT TRY MEN'S SOULS.
BUT THE SENSE OF INDIVIDUAL INITIATIVE AND RESPONSIBILITY IS BASIC IN THE AMERICAN SCHOOL AND THE AMERICAN HOME... COMMENCEMENT IS ONLY ANOTHER STEP IN THE PROGRESS OF THESE YOUNG MEN AND WOMEN WHOSE PRIVILEGE AND RESPONSIBILITY IT WILL BE TO CARRY FORWARD OUR DEMOCRACY.

Breckenridge Officer Keeps Word To Men

WITH THE U. S. 7TH DIVISION, Korea, June 20 (UP)—The first battalion of the 17th Infantry Regiment had fought for three days to dislodge a Chinese regiment from "Saw Tooth" Hill.
Lt. Col. Edwin Sayre, Breckenridge, Tex., the battalion commander, decided that something had to be done.
"Pass the word down," he told his adjutant, "that there'll be roast turkey for dinner tonight if we're sitting on top of that hill."
After three days of nothing but "C" rations, the men accepted the challenge.
"Charlie" Company made a "banzai" charge up the front.

Mexican Ship Lost At Sea

ENSENADA, Mex., June 20 (UP)—Fourteen survivors of the worst sea tragedy in Mexican history told a grim but sketchy story today of the sinking of an Abalona fishing boat in which 22 lives were lost.
The fishing boat Calmex II, carrying 35 Abalona divers and their helpers and a crew of three, sank off Cedros Island 120 miles southwest of here Saturday in an area of powerful tides.
The survivors, who swam to the island, believed the ship was struck by a strong wave as it neared the island.
Some believed too many persons crowded on one side looking at the tide.
And when the wave struck the vessel's seaward side, overturning the craft in 20 fathoms of water.

MacArthur Turns Down Rebut Offer

WASHINGTON, June 20 (UP)—A Senator said today that Gen. Douglas MacArthur has turned down a chance to present rebuttal testimony before the Senate committee investigating his ouster on grounds he made his position clear in his earlier testimony.
The Senator said MacArthur's letter to committee Chairman Richard B. Russell, D., Ga., will be made public shortly.
It was understood the letter is critical of some aspects of testimony by administration witnesses, but made clear that the general is ready to stand on his own presentation of ideas on how the Korean war should be fought.
The letter it was said, left the door open to a possible later appearance by MacArthur if committee members insist on his return. But there was no immediate indication that such a move is in the offing.
The committee had offered MacArthur an opportunity to rebut testimony given by the Military Staff Chiefs, Defense Secretary George C. Marshall and Secretary of State Dean Acheson.

the Calmex, said all available boats searched for additional survivors, but rescuers found no one and recovered no bodies.
Among the dead were the skipper of the vessel, Capt. Fausto Silva de Cedros, and his two crewmen.
The cannery said the Calmex was not overloaded and a powerful wave was the only apparent explanation.

Clara Margaret Israel Weds Harry Wallace In Lubbock

Baskets of white gladioli placed before the mantel and fireplace formed the background for the ceremony which united in marriage Miss Clara Margaret Israel, daughter of Mr. and Mrs. G. G. Israel of Levelland, and Harry Jim Wallace, son of Mr. and Mrs. H. X. Wallace of Ranger, Saturday morning at 10 o'clock in the rectory of St. Elizabeth's Catholic church of Lubbock. Rev. William F. Blakelee performed the double ring ceremony.

The bride was dressed in an informal bouffant dress of white imported organza embroidered with dainty flower motifs, designed with fitted bodice, round neckline, and a full gathered skirt with scallops around the edge. She wore a short veil attached to a lace dutch style hat. Her bouquet was of deep pink roses nestled in a cascade of satin ribbon.

Mrs. Al Herberger of Levelland, classmate of the bride's for 14 years, served as matron of honor. She wore a pink informal dress of organza, designed with a sweetheart neckline fitted bodice and pink pearl buttons to the waist. She wore nylon mitts, and a headpiece of white and pink. Her bouquet was of yellow roses, styled similar to the bride's.

Joe Don Kenworthy of Levelland attended as best man. Wedding guests were present from Ranger, Levelland, Brownfield, Lorenzo, Austin, and Altus, Okla. A reception was held following the ceremony for members of the wedding party and families.

The newlyweds will take a wedding trip to Lake Murray near Ardmore, Okla. For traveling the bride wore an original navy shantung suit with white pique trim and white accessories. Her corsage was of white carnations. The couple will be at home in San Angelo, after June 25.

Justice Dept. Will Move In

A Justice Department Official recently told a Congressional Committee that 12,000 possible Smith act prosecutions were under consideration.

It was understood, however, that actual prosecutions would run no where near that total. But several hundred may be arrested before the campaign to smash the party slacks off.

The Justice department plans, according to informed sources, to strike at leaders of district, state, and local party subdivisions.

The first person named in the indictment was Elizabeth Gurley Flynn, the only member of the national committee who is not under a sentence to prison.

The defendants included officials of both the national and New York State Communist Parties. All have been in party work for many years. Among them were such as Alexander Bittelman, 61, a native of Russia, and Chief Theoretician of the National Party; Betty Gannett, 44, National Educational Director; Victory Jeremy Jerome, 54, a native of Poland, who is chairman of the Party Cultural Commission; and Louis Weinstein, 48, native of Hungary, member of the Party National Review Commission.

Jury Must Decide Soon

LOS ANGELES, June 20 (UP)—Only one defense witness remained to be heard yesterday before a federal jury begins deliberating whether gambler Mickey Cohen gypped the government out of income taxes.

Cohen completed testimony in his own defense yesterday and his attorney, Leo Silverstein, expected to call one more witness today.

U. S. Judge Ben Harrison told jurors to come prepared to begin deliberations at the conclusion of testimony and final arguments by Silverstein and federal attorneys.

Cohen, charged with dodging \$156,000 in income taxes over a three year period, described his gambling activities at length yesterday.

Cohen said the gambling business was "punk" from 1946 to 1949, and he was forced to borrow money from friends for living expenses.

He said his accountant, Harry Sackman, prepared his income tax returns. Sackman died four days before the trial opened.

Asked if he ever intentionally filed false statements with the Bureau of Internal Revenue, Cohen answered, "absolutely not. I never gave no false statements at any time."

Silverstein then showed him checks sent to his office by gambler John F. O'Rourke of West Palm Beach, Fla., but Cohen said the endorsements were not his.

Cohen admitted receiving \$41,000 from O'Rourke but contended he kept only "about \$18,000" and distributed the rest among other bookmakers.
