One Petition Pending, Another Being Circulated

The City clerk has certified those signatures and 26 were removed from the petition. Those 26 names were not registered voters in Callahan County. That left a total of 235 signatures on the petition.

After being certified, the petition was turned over to the City attorney, Rupert Jackson, for legal purposes. This petition is expected to go back to the City Council Tuesday night September 25.

Now, just following one petition, another has been put in circulation. This second petition is asking the Council to negotiate with WTU on the sale of the

Electrical and Distribution System and submit that offer to the voters at the earliest possible date.

The second petition reads as follows:

Letter to the Editor:

Dear Editor:

Reference has been made to the state of unrest in the City of Baird. It is my opinion that the unrest will persist until the citizens of Baird are given another opportunity to express themselves at the polls in another referendum concerning the sale of the Electrical Generating and Distribution System to West Texas Utilities Co.

Since I have been writing these letters to the Editor, many, many people have expressed their dissatisfaction because they were misled and not given truthful information before the referendum of August 12, 1978. And I think the present plans are a mistake. I just can't see how it will work to buy from WTU at .03 per kw and the City do

the distribution and keep the charge for electricity down to what it should be, which, in an average household with a consumption of about 1000 kw per month works out to about 4 1/2 cents per kw. It looks to me like it will have to stay up around seven or eight cents and that gets pretty rough.

I checked this morning at Clyde WTU and there a residence with an electric range but no electric water heater and with the fuel charge added, would cost \$42.67. That same amount of consumption in Baird at present rates would be \$75.75. That is a difference of \$33.08 per month. If the light plant were sold some increase in taxes would have to be made but nothing coming close to what Baird consumers are

paying now, and will continue to pay if present plans are carried out.

I have been told that in the near future a ten year contract will be signed with WTU and, unless that is prevented, as I see it, you, the Baird consumer, will be locked in with an exorbitant cost for electricity.

Speculating from conversations I have had with Bairdites, I believe 70 to 80% of them agree with me but are denied the opportunity to say so.

A petition was presented to the City Council on August 28 but so far nothing has been done, but due to some changes in wording, on advise of Counsel, another petition was started last week. So, citizens of Baird, if you do not like what is going on get out and sign that petition to let the City Council know you do not like being ripped off, as is now the case.

Spend a quiet evening at home without electricity ... and see just how quiet it really is.

Forget about watching TV or listening to the stereo. How about reading a good book — that's a great idea if you do it before dark or if you plan on using Abe Lincoln's lighting, the fireplace.

Nobody has to tell you how important electricity is in your life. It surrounds you daily, lighting the way, entertaining you and making life more comfortable.

And that's the way it should be, but we at West Texas Utilities hope you'll use electricity wisely and efficiently. Make sure your home is properly insulated and weatherized, turn off unnecessary lights and appliances, and above all, watch that thermostat setting. These things not only conserve valuable energy, they can help to lower your monthly bills. And that's important now and in the future.

Eula Community Needing Rain

EULA- I think it is a shame to have people who don't care, to vandalize our beautiful churches as they did Eula Methodist and Anson Presbyterian. Large windows were knocked out there. About 3 years ago Eula Baptist pastors study was vandalized. So much damage was done to

all his things. I know God doesn't want this and he will deal with it his way. Eula needs rain so badly. The ground is getting too hard to plow and sow grain. E.P. Miller of Abilene, Mr. and Mrs. David Miller of Clyde and Paul Miller visited Mr. and Mrs. Grayson Miller the past week. Mr. and Mrs. Jimmy Af-

fott of Lubbock visited Mr. and Mrs. Cecil Black past week. Mr. and Mrs. Jr. Barr and Jeannie returned from a trip to Honolulu last week. Dick Farror is on the sick list and will probably have surgery this week. Glad to welcome Mr. and Mrs. Ferander to our community. He is living in the E.F. Olney house. The Olneys moved to Abilene to be near their children on account of Mrs. Olney's health, but she will continue to write Eula news and if you have any news please call 672-5018.

Rickey Rister preached at the South Side Baptist Church of Clyde Sunday. The pastor has been quite ill.

Mr. and Mrs. Charles, Dick and Dedee of Abilene visited Mr. and Mrs. Reo Jolly past week. Grayson Miller and Clifford Tarrent visited Dick Farror Sunday. Mrs. Cora Lee Thompson of Cisco and Mr. David McClure of Tuscola visited Mrs. Edith Brock on the week end.

STUART BELL

Dear friends,
We would like to try and thank each one of you that have shown so much concern for Stuart since his illness began in May. All the calls, cards, gifts, visits and contributions have meant so much to us. But mostly we want to thank you for all the prayers that have been said on his behalf.

Stuart has reached a good remission, and with God's continuing blessings he will grow stronger and stronger. Our deepest appreciation to all.

KNOW GOD AS YOUR
HEAVENLY FATHER

As best I can count, Jesus used the word "Father" 70 times. It was as if He was trying to lodge the heavenly word deep in the heart of the world.

In His first effort to teach His disciples to pray, He used the word. Like showing a beginning piano student the note, Middle C. All the harmonies of the instrument are spread out in either direction from that central note. So coming to know and love God as your Heavenly Father is central to learning the secret of heaven itself.

In His last moments on the cross, Jesus invokes the holy presence of His Father. "Father forgive them, for they know not what they do." Can one ever be closer to heaven than when, as a child, we come to Him who created us with that warm and tender word, "Father"?

-Paul M. Stevens
