PRICE FIVE CENTS No. 4

Back of Hand
My Best
BETWEEN
US...
Greenlee

The automobile motor pounded, sputtered and finally stopped.
"Wonder," mused the sailor, "what that knock is?"
"Maybe," said the beautiful green-eyed blonde, "it's opportunity."
...
Dr. Grover C. Boswell, former Ranger school superintendent and president of Ranger Junior College, was commencement speaker for Dripping Springs High School Friday night, and also is scheduled to deliver two other graduation addresses this week. "Building for Tomorrow" was Dr. Boswell's topic at Dripping Springs. "I had a good time at Dripping Springs—one of the best school plants I have ever seen—one of the biggest crowds I have seen in a long time," Doc told this corner. The hand that lifts the cup that cheers should not be used to shift the gears. Ranger's big annual Invitation Golf Tournament opens Friday, and this year's event is expected to draw a big field of contenders for the 1953 title. The greens, according to a report from top-hand Country Clubbers, are in very excellent shape. We remind again that Ranger's popular Dixie Grill, owned and operated by Mr. and Mrs. B. H. (Brownie) King, was shut down last night at 8 p.m. And the restaurant will be closed for about two weeks. Reason: They're moving across the street into a new and large location where they hope to serve even more friends and patrons. Watch for further details in your Times. The following correction appeared in one of the other small town papers that regularly hits our littered desk: "Our paper carried the notice last week that M. Jones is a defective on force. This was a typographical error. Mr. Jones is really a defective on the police force."
... People with spare time usually spend it with someone who hasn't.
... B. A. Tunnell is the lucky winner of a beautiful Westinghouse Food Mixer during the April Limerick competition of Monarch's Finer Foods. "We believe you will enjoy knowing" a letter from A. J. Biechman, president of Monarch Finer Foods, said "that your prize-winning entry was chosen from tens of thousands submitted by contestants like yourself from coast to coast during the month of April." Congratulations, Mr. Tunnell! ... Bank teller to gent at window: "Sorry, Mr. Smith—your wife beat you to the draw."
... Sign in cafe: "Our spoons, knives, forks are not medicine. Please do not take after eating."
... "You've got to have caddies or there won't be any golf," says Freddie Corcoran, business manager for name golfers. Continues Corcoran, "Every American-born National Open winner with the exception of Bobby Jones and Lawson Little, started as a caddy."
Corcoran (who is also tournament manager for the Professional Golfers' Association) states point-blank: "The pro circuit has grown old because of the caddy shortage. Today there are only 2,000,000 caddies in the country — as against the estimated pre-war total of 9,000,000."
Biggest hurdles to caddying are the child labor laws in many states. They prevent kids from caddying until they're 14 or even 16. And up till '52, anyone who caddied after 16 was 16 was classified a pro by the U. S. Golfing Association. Another problem is the caddy cart, a 2 wheeled money-saver that turned up during the war. Cart rental for a round runs from 25c to 50c less than one-fourth the caddy's price. Gene Hayden, long time caddy master at the Winger Foot course (Westchester County, N. Y.) blames the chain stores. Says Hayden, "The kids can pick up a sure \$18 a week working after school at the stores, whereas golf is so uncertain — weather, number of people out, etc. But, suggests Hayden, "let kids carry single and you get more of them to come out. On a good Saturday, they make 6 or 7 dollars."
Most important to the caddy, though, is their chance to play golf. Last year the U. S. Golf Association eased restriction on old boys by raising the age limit for amateur status caddying to 19. Corcoran wants more drastic action — such as changing the child labor laws. "Caddying's a wonderful occupation for a kid," he declared. Champ Gene Sarason, who learned golf when he caddied for leading amateurs, agrees. "I never went to college," says Sarason, "but caddying I came into contact with some of the leading men — people of intelligence — and it was an education for me."
(Continued on Page 3)

HAIR-RAISING STORY—Mrs. Patay Lee Hubbard, of Paramount, Calif., had a full head of hair until her husband gave her a crew cut with a butcher knife, right, and left her with little more hair than her son, Jimmy, 8 months old. Mrs. Hubbard says her husband thought she was "stepping out" with other men. Mr. Hubbard wasn't available for comment, but his wife says "this is the last straw," and says she plans on divorce.

Out of Red By 1954 Is Hope In Washington
Secretary of the Treasury Humphrey's "hope and ambition" is to balance the budget by June 1954.
He made the statement in an NBC television interview, during which he denied that Republicans repudiated a campaign pledge by not reducing taxes.
President Eisenhower, he said, never promised to reduce taxes although "some of the other candidates may have."
Humphrey predicted Congress would go along with Eisenhower's requests not to cut individual income taxes or repeal business excise taxes before dates for such action already scheduled by law.
Humphrey accused the Truman administration of "bad management." He said the new Republican administration "found things that were neither inflation nor deflation" if we continue our present sound practices.

RISING STAR COMPLETION IS REPORTED
A new completion in the Eastland County area was announced late Tuesday.
It's the No. 3 Robert A. Some put down two and a half miles northwest of Rising Star in Section 25, ETRR Survey, by Jack Halley.
The well was completed for 40 barrels of 38 gravity oil per day on pump from 30 perforations at 1,114-19 feet.
Casing was set at 1,154 feet. Total depth was 1,159 feet.
Also reported today: W. H. Green et al, Abilene, No. 1 M. C. Lauderdale, 110 feet from north and west lines of the southeast quarter of section 58, block 6, T&P Survey, is location for a 2,400-foot wildcat one mile south of Wayland in Stephens County.

ECONOMY WINNER!

Special Rites Sunday
To Pay Tribute To War Dead
Price Crawley, prominent Ranger business man and former mayor, will act as master of ceremonies during the Memorial Day rites — honoring the war dead of Ranger and the surrounding area — which will be held at Evergreen Cemetery in Ranger next Sunday afternoon, May 31, at 3 o'clock, it was announced today.
The tribute is being sponsored by the Ranger post of the American Legion and its Auxiliary unit.
The Memorial ceremonies will pay homage to the dead of the Spanish-American War, World War I, World War II, and the Korean War.
Cyrus B. Frost, Eastland attorney, will deliver the featured address of the afternoon.
Citizens are urged to attend this important memorial service.

Ex-Resident Dies In Abilene This Morning
Funeral services for Scott Motes, 82-year-old Abilenean and former Eastland and Stephens County resident, will be held in Abilene Saturday afternoon at the Highland Park Church of Christ.
Mr. Motes, who had extensive land holdings in Eastland County in the Cheaney area, died this morning at 6 o'clock in Abilene. He had been in failing health for several years.
Mr. Motes left the Eastland area during the oil boom back at the turn of the 20s. He had been a resident of Abilene since that time.
His survivors include one daughter, Boyd Wisdom of Abilene, and three granddaughters.
Planning to attend the Saturday afternoon funeral for Mr. Motes are Mrs. Max Ohr, W. E. Calvert, Richard Tucker and Fred Lamb, all of Ranger.

AREA PLANTS SHOWING GAIN IN WORKERS
The number of factory workers in the Southwest has risen nearly 5 per cent in the last year because of increased defense production and more demand for consumer goods.
The Bureau of Labor Statistics reported that factory employment reached 753,700 at its last tabulation in March, up 34,200 in a year. Texas, with 437,900 factory workers, accounted for more than half of the total.
Louisiana was second with 152,000; Oklahoma, 83,500, and Arkansas, 80,300.
In the Southwest during the last year, BLS said there were significant employment gains in the apparel, metals, transportation, equipment, machinery, paper, chemical and ordnance industries.
Said Brunswick A. Bagdon, Southern regional BLS director in Atlanta, Ga.:
"Although continued defense production accounts for much of the expansion, strengthened consumer demand for many goods and the reduction of high inventories are in evidence."
The lumber industry, which has experienced difficulties since the fall of 1951, reported the only significant loss — off 6,700 from year ago levels.
In Texas, average hourly earnings of factory workers were up 1c between February and March to reach \$1.64 per hour. That figure was still 4c below Oklahoma's \$1.68 hourly rate for the Southwest. Hourly earnings average \$1.53 in both states in March a year ago.

Rangerites To Aid Victims—Tornado Relief Fund Started
A city-wide movement to raise funds to aid the hard-torn victims of the tornado disasters at Waco and San Angelo was started in Ranger this morning.
The fund-raising project was instigated by the members of the Child Welfare Club and contributions will be accepted by The Ranger Daily Times. Persons desiring to donate funds for this worthy cause may bring or mail their contributions to The Times. A list of donors will be published daily in this newspaper.
Members of the Child Welfare Club this morning began the fund with a generous donation of \$100. Members of the group devised the idea for the relief movement and agreed upon the donation during their meeting this morning.
"We believe every citizen and every organization in Ranger should aid in this worthy campaign," Mrs. David D. Pickrell, president, said.

A. D. Jenkins Is C. C. Secretary At Rising Star
The Rising Star Chamber of Commerce board of directors Tuesday employed A. D. Jenkins of Rising Star as secretary-manager of the organization.
Jenkins replaces the late J. F. Robertson who died May 14.
Jenkins had farmed and ranched in the Rising Star area before joining the Chamber of Commerce staff during the past year.
Directors at the meeting also discussed plans for providing facilities for staging a rodeo in Rising Star.

Hill Rites Set For Thursday
Funeral services for Mrs. Ed A. Hill, who passed away at the home of her daughter, Mrs. A. L. Edwards, in Miami, Arizona, last week, will be conducted from the Hammer Funeral Home in Eastland at 10:00 a.m. tomorrow (Thursday). Rev. J. Morris Bailey, pastor of First Methodist Church will have charge of the services.
Survivors include her daughter, Mrs. A. L. Edwards, of Miami, Arizona, a sister, Mrs. H. P. Breisler, Sr., Fort Worth and four grandchildren.
Funeralbearers are Bruce Pipkin, Earl Conner Jr., Russell Hill, Clifford Wilson, Burgess Downtain, Clifford Wilson, Burges Downtain and E. Woody.

Jury Selection Gets Under Way
A case styled H. C. Bowers vs. H. C. Kiser, a suit for damages, and set for trial today will likely be called before today's session is completed in Eastland.
Jurors called for 9:30 a.m. began arriving long before that hour. Many of them were farmers and it is very necessary that they be in their fields at this time, they claimed. Without exception, these farmers were excused by Judge Collier.
It was pointed out however, that with 50 men to choose from, it should not be difficult to get a jury of 12 without taking farmers.

Fraley Attends Yule Preview At Dallas Mart
Joe Fraley, owner of Ranger's Western Auto Associate Store, got his first Christmas preview glimpse over the weekend of the nation's newest ideas in toys, sporting goods and other fall and winter merchandise during his visit to the Western Auto Supply Co. merchandise show at Dallas.
It is from this preview of over 1000 Christmas-selling items that Fraley said he would make his selection to fit the particular needs and desires of this trade area. Besides toys and sporting goods, the show is featuring wheel goods, bicycles, guns and gift merchandise.
Fraley said that more than 600 carefully selected toy and wheel good items alone will be displayed at the show. Among them will be new design electric trains and accessories, space guns and space suits, dueling pistols, action-packed hot-rods and dream cars, highway-building wheel toys, and farm, ranch and medieval castles sets and Roy Rogers watches. For little girls the Sausy Walker doll will be featured... as well as a complete line of new-process plastic head dolls, outstanding for realism.
New wheel goods numbers include a new Space Cruiser, a lightweight English-model bicycle for boys and girls, and many other styles of wheel goods.
Careful attention also was devoted by Western Auto to assembling diversified makes and models
(Continued on Page 3)

Faircloth Rites Scheduled for This Afternoon
Funeral rites will be held in Ranger at the First Baptist Church this afternoon at 4:30 o'clock for Jeff D. Faircloth, 91-year-old retired farmer and stockman, who died at his home on Stephens Avenue in Ranger Tuesday morning.
Rev. Ralph Perkins, pastor of the church, will officiate during the services.
Interment will be in Evergreen Cemetery, Ranger, with Morris Funeral Home in charge of arrangements.
Mr. Faircloth had been a member of the Baptist Church for 54 years. He had been a long-time Ranger resident and prior to moving to Ranger several years ago, he had made his home at Kasa, Texas. He was born in Georgia on Nov. 21, 1861.
Prior to his death Tuesday, Mr. Faircloth had been in ill health for several years.
He is survived by his wife, the former Leona Jane Hand, whom he wed back on March 1, 1891.
Other survivors include three sons, Vance Faircloth of Texarkana, J. D. Faircloth of Refugio, Gil Faircloth of Jal, N. M., and three daughters, Ernestine Martin of Refugio; Ida Mae Hunt of Kasa, and Anna Belle Brown of Kasa.

State's Draft Call Quota For July Is Chopped
With a July call for 1,268 men, state draft quotas are still on the downgrade, headquarters said in Austin.
The figure is the smallest in Texas since September. The June call was for 1,749 men, and May for 2,823, now almost filled.
Draft boards were told to fill the July call with men 20 or older where possible.
Local quotas for July will be mailed by June 1. Quotas for July physicals will be mailed May 27.
Less than 50 of the 137 local boards will receive physical examination calls in July. Only 1,125 men are scheduled to be sent for physicals that month, 2,678 less than in June and 3,733 less than in May.
Research Can Go Too Far
Gary Weather, a college student at Rinehart, N. Y., took his classwork seriously — and it almost landed him in jail.
He had to give a report on court proceedings to his law class. So he purposely had himself arrested for overtime parking.
Gary tried to make a test case of R. He maintained he had found a loophole in the statutes. The judge told him he was wasting everyone's time, as the law was foolproof.

Rangerites Win Scholarships At Southwestern U.
Graduating high school seniors who won one of the fifty \$200 scholarships given this spring by Southwestern University at Georgetown are Miss Sara B. King, who amassed a score of 74.1-3 on the examination, and Miss Dena L. Pulley, who made 74.
Any high school senior who ranked in the upper half of his graduating class and met admission requirements for the university was eligible to compete in the examinations, which tested the student on general knowledge obtained in high school, including English, mathematics, and general aptitude.
The examinations were given in San Antonio, Harlingen, Corpus Christi, Breckenridge, San Angelo, Georgetown, Beaumont, Houston, Dallas, and Fort Worth, by Howard A. Long, director of admissions at Southwestern.

'53 Invitation Links Tourney Opens Friday
One of Ranger's top annual sporting events—the popular Ranger Invitational Golf Tournament, sponsored by the Ranger Country Club—will be unrolled on the picturesque 9-hole course here Friday, Saturday and Sunday, May 29-30-31.
Dick Martin of Dallas, defending champion, will be unable to compete in this year's competition. The Dallasite, top winner in the Ranger Country Club feature a year ago, has been in ill health and recently underwent surgery.
Among the scores of noted swingers due to enter the three-day meet are Ernie Vossler who won the recent Eastland invitational. In addition, the classy Fort Worthian has won similar tournaments at Sweetwater and Corsicana. He was runner-up at Wichita Falls.
Bobby Malone, Mineral Wells tourney champ, Buster Reynolds, R. V. Cole of Ranger who won the McCamey Invitational last week, and other popular sharpshooters are expected to compete in the Ranger affair which is due to draw a record-breaking field of participants.
Billy Efurth of Lubbock, state amateur links king, is also slated to be on the list of entrants.
Final details of the big links meet, expected to draw a record field of entries who'll compete for more than \$1,000 in awards, were mapped during a meeting of Country Clubbers Tuesday night.
Charlie Joe Owen, popular young Ranger business man and sportsman, is chairman of the 1953 tournament.
Here is a list of the committees for the big invitational event:
Rules Committee—H. H. Vaughn and Jimmie Phillips.
Prizes Committee—Bob Earnest and Deane Crawley.
Entrance Tickets Committee—Mac Walker, J. L. Smith, Boone Yarbrough and John Swinney.
Barbecue Committee—C. E. May, Pete Brasher, Wilson Guest and Carzill Boone.
Calcutta Pool Tickets Committee—Al Larson and Bill Williams.
Games Committee—Dr. W. L. Downtain, E. E. Rawford and Saul Perstein.
Food Committee—Elmer Norris, Morris Newham and Flake Turner.
Fairs Committee—Earle Pittman, J. A. Bates, Lowell Rainwater and Felton Brasher.

Gary Weather, a college student at Rinehart, N. Y., took his classwork seriously — and it almost landed him in jail.
He had to give a report on court proceedings to his law class. So he purposely had himself arrested for overtime parking.
Gary tried to make a test case of R. He maintained he had found a loophole in the statutes. The judge told him he was wasting everyone's time, as the law was foolproof.

LEFT TO DIE IN WOODS—Beverly Bradley, 2, lost two days in rough timberland, and rescued after being spotted by a search-helicopter, is examined by Dr. John T. Kaye, at St. Joseph-Lloyd hospital, in Menominee, Mich. Sheriff Edward Reindl said it was "impossible" that the child had wandered in the woods for two days, and expressed the opinion that she had been held captive and released only a few hours before she was found. "And I don't think that someone meant her to be discovered," he said.

New Type X-Ray Is Being Used In Crime Cases

A Wisconsin crime-buster is making history with a "soft ray" X-ray camera that detects evidence without destroying it.

Charles M. Wilson, director of the state crime laboratory at Madison, Wis., was first to use the new type of X-ray to produce evidence in a criminal case.

Research scientists in the early 1940's made the X-ray discovery that made Wilson's later feats possible. The key to their success was a thin sheet of metal called beryllium, which they used as a window for the X-ray tube.

Beryllium, they found, allows soft rays to pass through the tube and show on film very small and thin objects that had never before been photographed.

Murder Trial
The ordinary glass window type X-ray allows only harsh rays to leave the tube, resulting in pictures of large, blunt materials.

Wilson, always eager to experiment in his laboratory, soon found that the beryllium X-ray would photograph such tiny—but revealing—objects as the lead filings sprayed from a discharged bullet.

He applied it to a criminal case for the first time in 1949 in the trial for murder of Milton Babich, 19, Milwaukee, who was accused of fatally shooting his wife's sister during an argument. Babich maintained she grabbed for the gun he held and was killed accidentally.

Wilson's X-ray photos of the jacket the youth had been wearing revealed tiny sprays of lead imbedded in the garment when the gun was fired. The state argued that these pictures linked with other evidence, proved Babich fired the shot.

A jury convicted Babich of first degree murder, and two years later the state supreme court upheld the verdict.

Since then, Wilson has used beryllium X-rays successfully in other Wisconsin criminal trials. He says the Wisconsin laboratory is the only one using the X-ray adaptation for crime detection work, but feels its use will soon spread.

The youthful-looking crime expert claims the beryllium X-ray has many possibilities. He thinks, for example, the machine will detect ink-erasures by filming metallic specks left from the ink on paper.

Other uses include checking wheat grain for infestation, measuring the liquid level in sealed cans, checking contents of un-

Father's Day, June 21, will be a big day for Stephen McNally, movie star, who heads one of the largest families in Hollywood. Mrs. McNally is planning a Father's Day dinner featuring fried chicken and cranberry sauce for the six McNally children and their famous Dad. The idea is in keeping with the campaign of the National Father's Day Committee, Inc., New York, suggesting that the way to make Dad happy on Father's Day is to serve him chicken and cranberry sauce. Watching Mom hand Dad a heaping platter of chicken are Julie, 2; Patricia, 5; Horace, 11; Rita, 9; Stephen Jr., 7, and Terence, 4.

opened packages, treating skin ailments, and proving the originality of paintings.
The standard, glass-window X-ray will, of course, continue to be used as before, mainly in medical circles. The beryllium X-ray is an adaptation for special purposes only.

Meanest Thugs Plague Blind Woman Farmer

Twelve years ago Alice Haines and her mother, then 65, invested 6,500 in a run-down, 45-acre farm in Fairfield County, Va.

At the time Miss Haines, who was crippled with ocular tuberculosis and is now blind, was a writer in Hollywood. The loss of vision forced her to seek new means of support, and while her mother held a daytime job, Miss Haines saw to the chores of a chicken farm.

With 300 laying hens, Miss Haines netted a profit of \$8 per hen her first year in the enterprise. Business flourished and she publicly given to her effort brought more prosperity through the years. It also brought trouble.

Unbelievable as it may seem, people actually began to raid the chicken farm. She lost as many as 700 chickens in one night by such means as outright hijacking to more scientific methods like anesthetizing the birds.

Can't Steal Soil
Not only were there forays against her henhouse, but her sheep began to disappear, too. In a single operation, 32 of her ewes fell

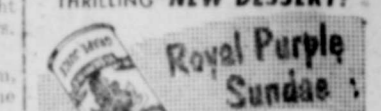

prey to motorized rustlers. "With each new story I lose some more birds or sheep," said Miss Haines.

Unable to handle the problem of thefts any longer, Miss Haines plans to sell the remnant of her flock of 3,000 hens, buy some more sheep and turn her talents to soil farming.

"It will be hard for thieves to pick up soil and haul that away," she said.

Just in case her new project fares no better than the chicken farm, however, Miss Haines' resource will not be exhausted. Straight out as she is by her neighbors for advice in chicken and sheep raising, and, of all things, eccentric plowing, she can always stand in as a consulting expert in those matters.

Says Gene Hayden, "Revive the interclub caddy matches. And get some junior tournaments started." "But whatever is being done had better be done fast," Freddie Corcoran warned. "The situation is getting worse all the time. There's no young talent around now except Dick Mayer and Shelly Mayfield" (both in their middle twenties). Playing pros, golf writers and promoters are convinced that when a new star finally arrives, he'll come from the ranks of the new caddies. "They're a vital part of golf," concludes Corcoran. "They prove it 'cause now they're the champions."

Great minds discuss ideas. Average minds discuss events. Small minds discuss people.

Tuberculosis Victim Now On Road To Recovery; Early Attention Is Necessary, If Battle To Be Won

Dorothy Freed couldn't be home for Mother's Day. When Christmas comes, however the 29-year-old mother hopes to be there actively supervising the filling of four small stockings. She wasn't home last Christmas.

"Home" to Hazel-eyed Mrs. Freed means Austin and Travis County, where she has spent most of her life and where her four children were born in happier days. They were busy days for the young mother until last December when a hemorrhage from her lungs sent her to her doctor and she heard the dread verdict—tuberculosis.

Mrs. Freed was not totally unprepared for the unpleasant news, she recalls, because her youngest sister, Mrs. Inez Johns, with whom she had shared an apartment, fell victim to the disease about five years ago. Both are now patients in McKnight Sanatorium, near San Angelo.

"I'm one of the fortunate ones," Mrs. Freed observed. "Mine was found early and they tell me that a year should see me cured. I'm doing so well now they think I'll be back with my babies by Christmas."

Her eyes say more than words when she speaks of her "babies." Their ages run from eight years—chat's Gayle, her eldest daughter—to 21 months, the age of Harley B., her only son. Sandwiched between are Loraine, 5, and Viola, 3.

"I was a bit worried about Viola," she confided soberly. "But they've had her x-rayed, they're watching her closely and they say she is all right." The relief in her

voice was like a second audible chord, the light in her eyes like the sudden flare of candles. "They" means her brother, Joseph.

You really GO

When you go Ford V-8 you get this fine car power without paying a premium!

What kind of engines are you finding in more and more of America's finest cars? Yes, V-8 engines. For no other type of car engine available today can beat V-8's for compactness and smoothness. And Ford and only Ford offers you a V-8 engine in a low-priced car! It's the result of Ford's experience building more V-8's than all other makers combined... over 13,000,000 of them. And Ford's V-8 costs you little to run—thanks to gas-saving Automatic Power Pilot.

ECONOMY FLASH!
A Ford Six with Overdrive was Sweepstakes Winner in the recent Mobilgas Economy Run.

when you go V-8

It's just one of 41 "Worth More" features that make Ford worth more when you buy it... worth more when you sell it!

Imagine! A car so low in first cost keeps its value better than any other car on the American Road. Used-car figures on last year's cars prove that. And with its 41 "Worth More" features, this newer, finer '53 Ford holds still greater promise of long-lived value. You'll find built-to-last... built-to-stay-in-style Crestmark Bodies. You'll find a new kind of ride that practically "repaves" the roughest roads. You'll find advances like Center-Fill Fueling... suspended clutch and brake pedals. And these are but samples of the reasons why Ford is worth more when you buy... worth more when you sell.

First Baptist VBS Faculty Meet Tonight

The faculty of the Vacation Bible School for the First Baptist Church will meet tonight at 6:00 in the lower auditorium, according to Bill Bullock who is principal of the V.B.S.

The V.B.S. will be open for five departments, these departments will correspond to the S.S. departments that the children are in on Sunday. Departmental superintendents are: Intermediates Mrs. Alvis Wood; Juniors, Mrs. Earle Pittman; Primaries, Mrs. A. Britt; Beginners, Mrs. O. C. Warren; Nursery, Mrs. V. A. Galloway. These superintendents have teachers, helpers and workers to carry on the 3-hour scheduled program.

"Our school," Bill said, "will begin at 8:30 each morning and will close at 11:30 for all departments except the Nursery and they will begin at 8:30 and will run for only two hours. The school is open for all boys and girls between the ages of 2 and 16. All children who are not in church, or whose church is not having a school are invited to attend our programs for the two weeks."

Each morning at 8:30 there will be the march and pledges, Bible character story, and then departmental meetings with Mission stories, Bible, note book, memory work, and hand craft. Refreshments will be served each morning, Friday afternoon at 2:30 there will be the pre-registration session and then the big parade at 3:15. Parents are asked to come along and to meet and carry a group of children in the parade.

S. S. Meet First Baptist Tonight

The officers and members of the Sunday School will meet tonight at 6:30 in the church. The program will be under the direction of the pastor.

Departmental superintendents will make final plans for the study of the lesson, and the Sunday School will be held at 8:30. The planned activity program will appear, and increased attendance is expected during the summer.

The prayer meeting hour will follow at 7:30 with favorite hymns, chain prayer, and the Bible study being continued in the eight chapters of Romans with the 30th verse. The Bible study is meeting new interest and is an inspiration for those who attend.

Farewell Party Honors Three

A farewell party and wicker roast honoring Mary and Helen Keener and Yvonne Henson, was held Friday, May 22, at the home of Mrs. Bob Gore.

Outdoor games were enjoyed by the group, after which hot dogs and iced tea were served to the following: Gail Brian, Jimmy Rogers, Ray Falk, Betty Miller, Tommy Sutton, Shirley Wymer, Charles Magese, Dorothy Stagner, James Falk, Corene Sutton, Sonja Stagner, Gay Nell Loper, Sherry Baker, Mrs. Dave Stagner and Butch, Mrs. Bob Gore, Bobbie Lee and Donnie.

New Type X-Ray Is Being Used In Crime Cases

Rebekah Lodge Meets Tuesday

The Ranger Rebekah Lodge No. 244 met in regular session at 8:00 p.m. Tuesday, May 26 at Oddfellows Hall.

The meeting was presided over by Noble Grand, Edna Huffman. Routine business was transacted and sick reports given.

The penny prize was furnished by Clara Ivy and won by Eleanor Horton. There were twenty members present.

Plans were made for a covered dish supper for members and their families, to be held at 6:30 p.m. June 16 in the downstairs dining room. A short business meeting will be held after supper; then, a special memorial service a n a open house will be held.
