RANGER, TEXAS, WEDNESDAY, JUNE 17, 1953

PRICE FIVE CENTS No. 20

One thing I would say —
In our marital bliss
When the last word's hers,
It lasts and lasts and lasts!

Fred Osborne of Abilene, district supervisor for the Railroad Commission, has announced that the agency's office here has been moved from the West Texas Chamber of Commerce Bldg. to the Alexander Bldg. in Abilene. The move still is in progress, but present plans call for opening for business in the new location on Monday morning, June 29. Area oil men who have dealings with the commission should appreciate the new layout. The new second floor headquarters in the Alexander Bldg. will eliminate the old three-story climb — and the new offices are completely air-conditioned. . . . The trouble with being a leader today is that you can't be sure whether people are chasing or following you. . . . Believe it or not: Half of the world's population had incomes of less than \$100 a year last year, according to United Nations statisticians. Sixty-five per cent of the people of the world who live in Asia, Africa and Latin America had only 17 per cent of the world's income. Europe, with 25 per cent of the world population, produced 46 per cent of the income. The United States and Canada, with under 10 per cent of the world's population, accounted for about 43 per cent of the total income. . . . Next Sunday will be a grand and gala day for about 100 of the male gentry in Ranger and the near-neighborhood. They're d'papas — and June 21 is "her's Day." Don't forget your Dad! . . . Dick Henderson, Ranger Junior College mentor and manager of the city swim emporium, reports business is brisk. Lots of folks, especially the smallest fry, are beating the torrid heat with frequent dips in the cool Ranger pool. The miniature golf course out there is due to be ready for play within a few days, to . . . Daffynition of a drive-in theater: A sparking lot. . . .

A castaway from a wrecked ship was captured by cannibals. Each day his arm was cut with a dagger and the natives of the island drank his blood.

Finally, one day the prisoner called the king. "Listen, fella," he said weakly. "You can kill me and eat me if you want to, but I'm getting sick and tired of getting stuck for the drinks!"

The following letter was received by "Lester Smith" of the House of Representatives, City of Ring Star. We lifted it from a recent issue of F. D. (Whitey) Hicks' newsy Rising Star Record:

The School of St. Clare, Folwithen, Penzance, Cornwall, England.

To: Your Worship, The Mayor.

I apologize very sincerely for bethering you, but, my friend and I, can think of no other solution, you, see, we have a strange request to make to you.

Would you possibly be able to obtain for us 10 American cowboy youths? We would be willing to write to use as pen-friends.

We do want to correspond with someone who does the real thing, so to speak. Even though, of course, we realize that a cowboy's work is not all play. We are very interested in ranch life and should be very interested to hear all about it. We are both country girls and we both ride a great deal and have our own horses.

In case you are able to do this for us somehow, we had better tell you that we are at school, a boarding school in Penzance, Cornwall which is quite near Land's End. But on April 1st, 1952 we go home for the holiday, where we remain until May 1st, 1953 when we return to school. Our school address is seen and we are Margaret Head, from Coignage Hall, Helston, Cornwall and Julia Briscoe, from "Greenings" Fishponds, Charmouth, Dorset. So you will know

Many Rangerites Support RJC Tax

R. V. (Rip) Galloway, secretary manager of the Ranger Chamber of Commerce and a long-time resident of Ranger and Eastland County, declared this morning that "we can't afford to give up Ranger Junior College — it's one of the city's biggest assets — and its future can be assured by supporting the proposed 30-cent tax increase during next Tuesday's election."

Galloway's expression and the opinions of others currently being polled daily by The Ranger Times indicate a community-wide spirit for the growth and progress of Ranger Junior College.

The election to increase the RJC tax from 20 cents to 50 cents per \$1,000 valuation will be held at City Hall next Tuesday.

Nick Crawford, druggist, de-

Brother of Ranger Residents Dies

Jesse Cluetus Oakley, 36, Corpus Christi musician and former resident of Abilene was buried in Willow Cemetery in Haskell Monday afternoon after funeral services were held in the First Baptist Church.

Mr. Oakley died unexpectedly early Saturday at his home in Corpus Christi after suffering a heart attack.

Officiating at the funeral were the Rev. M. D. Rexrode, pastor of the First Baptist Church, assisted by the Rev. Gerald Pinkton, pastor of the Paint Creek Baptist Church.

Holden Funeral Home of Haskell handled arrangements.

Mr. Oakley was born May 2, 1917, in Moran and was married in Abilene on Nov. 12, 1943, to Eva Lee Robertson of Haskell. The couple lived in Abilene approximately five years before moving to Amarillo. After several months in Amarillo they moved to Corpus Christi, where they had lived for the past five years.

Mr. Oakley was an Army veteran of World War II. He was employed as a drummer in a Corpus Christi band. He complained of a pain in his chest after a Friday night performance, shortly before he was stricken.

Survivors are his wife, Mrs. Eva Lee Oakley, Corpus Christi; three daughters, Darlene, Sandra Kay and Dolores Oakley, Corpus Christi; his mother, Mrs. Jane Oakley, Ranger; one sister, Mrs. J. W. Veale, Ranger; and a brother, Lewis Oakley, Ranger.

Ranger Man's Brother Passes

Mr. and Mrs. C. L. Dinsmore of Ranger are in Greenville to attend the funeral of his brother, Mr. I. E. Dinsmore, who succumbed to a heart attack there Tuesday morning.

Funeral rites are scheduled for Thursday afternoon at 2 o'clock at the Gray-Sorensen Funeral Home Chapel in Greenville.

County Grain Crops Showing Higher Yields

While grain crops in this county are not what one would call good, they are at least fair. The rain of a few weeks ago came at a time when it would do the most good. Most of it fell slowly and soaked into the soil, and the puny looking grain put on new life.

This week combines and harvesters are running all over the county, and according to reports reaching this office, the turn-out is very pleasing. One farmer from the Chaney community, who one week ago would have sold his crop on the basis of 10 bushels per acre, this week threshed his wheat with an average yield of 17 bushels per acre.

This seems to be more or less general all over the county, for most every farmer admits that he is threshing more grain than he had hoped for.

For the first time in several years there are more acres of land

Jaycees Need Horses, Saddles For Rodeo Trip

The Ranger Junior Chamber of Commerce today issued a call for horses and saddles for its delegation to the big Possum Kingdom Rodeo at Graham next week.

A dozen or more steeds are needed, says President James Townzen, and Ranger and area farmers who have animals and saddles which they'll loan for use of the Jaycees next Wednesday, June 24, are urged to communicate with Townzen or Ralph Veale or Wesley Poyner.

The horses will be taken care of and will be transported to Graham on banded and insured trucks, the Jaycee president said.

Farmers and stockmen who'll aid the junior chamber are urged to contact the three Jaycees — Townzen at phone number 6 or 43, Ralph Veale at 669-W, and Wesley Poyner at 391 — as soon as possible.

The Jaycees, Townzen said, will be glad to come and pick up the animals.

The delegation of Rangerites will attend opening day festivities of the Graham event—the annual Possum Kingdom Rodeo. They'll be special guests at a noon barbecue and will be featured in a big parade in downtown Graham at 3 p.m.

The Ranger delegation will leave from the old sales barn located out on U. S. Highway 80 east of Ranger, Townzen said.

Burleson Asks House to Delay Aid Measures

In Washington Tuesday, Rep. Omar Burleson, of Abilene, representing the 17th Congressional District comprised of Eastland and 11 other area counties, vowed that he'll make a speech "every day" in the House protesting the passage of any foreign aid appropriations bill at this time.

Burleson, a member of the House armed services committee, made his promise to reporters after taking the House floor to tell his colleagues that it would be wise to wait until some time in the fall before voting foreign aid funds.

"The foreign aid program would not in any way be impaired by such a delay," explained Burleson. "Any money we vote now would not be spent in the coming fiscal year anyway."

The West Texas said more than \$10,000,000,000 of previously appropriated foreign aid money remains unexpended, although much of it is obligated.

"There are too many imponderables in the present situation," said Burleson, pointing to unsettled conditions in France and Italy, and uncertain results of a possible truce in Korea.

"Things can happen rapidly in the next few months," he said. "If the truce is signed in Korea, we don't know whether the huge Chinese Army will be turned to use in southeast Asia. There also are reports that the Japanese are ready to trade with Russia and Red China. I think we should wait for the dust to settle before making decisions on foreign aid."

Burleson insisted his is not an isolationist view, pointing out that he has always supported the foreign aid program. He conceded that the administration and both the Republican and Democratic leadership in the House are opposed to his proposal, however.

After Burleson's speech, Rep. Jacob Javits of New York arose to tell Burleson that "you are trying to stand still, but the world will not stand still."

Burleson told reporters he will make a similar speech every day in the House until the foreign aid bill comes up for House consideration — possibly this week.

Tornado Victims Aided by Lone Star Employees

Lone Star Gas Company employees throughout Texas and Oklahoma have made voluntary contributions totaling \$7,793.15 to the tornado relief funds at Waco and San Angelo, according to Chester L. May of Dallas, vice-president in charge of distribution properties. Checks were delivered to disaster relief officials in the two cities this week. The Waco check was for \$5,455.70 and the San Angelo check was in the amount of \$2,337.45. Previously the company had sent a special \$5,000 check to the Waco disaster relief fund and San Angelo received \$1,000.

Dr. Harris Speaks At Cisco Meeting

Dr. Calvin W. Harris, Ranger mayor and physician and surgeon, was featured speaker during the monthly meeting and program of the Texas Graduate Nurse Association, held at Cisco last night.

Dr. Harris addressed the group on "Skin Grafting," explaining new techniques in this phase of surgery.

Ed McCoy Wins TV Set Given By Shrine Club

Ed McCoy of Eastland is winner of the new television set recently awarded by the newly-organized Cross Timbers Shrine Club as the climax of a fund-raising campaign for the Masonic organization.

McCoy, employed by Modern Dry Cleaners, Eastland, was one of approximately 900 persons who made donations to the organization during its campaign for funds.

He was announced as winner at Cisco Monday night during a meeting of directors of the Cross Timbers Shrine Club.

The television set was given away during ceremonies directed by Mayor G. C. Rosenthal of Cisco.

Officers present included Dizzy Dean of Cisco, president of the newly-formed Masonic group, and Mac D. King of Strauss, secretary. Dr. Calvin W. Harris of Ranger, vice president, was unable to be present.

Other business transacted during the session included approval of the application of a group of Breckenridge Shriners to join the Cross Timbers unit.

Grand Jury is Empanelled by Judge Collie

Grand Jurors for the June term of court at Eastland were empanelled by Judge Turner Collie early today, and after instructions by the Court, the group retired to the grand jury room to begin deliberations.

Members of the jury for this current term include L. J. Woods, Earl Bender, T. L. Fagg, Carl Johnson, C. E. Laffoon and H. F. Hodges, all of Eastland; A. H. Powell and Price Crawley, Ranger; T. G. Gray, Gorman; L. E. Clark, Desdemona; W. J. Herington, Rising Star; and J. T. Poe, Carbon.

Last Rites for Miss Cameron This Afternoon

Final rites for Miss Fannie Cameron, 74-year-old Cisco resident who died early Tuesday morning, will be held in Cisco this afternoon at 3 o'clock at the Wesley Methodist Church with Rev. Bob Sanders, pastor, officiating.

Interment will be in Pleasant Hill Cemetery.

Miss Cameron had been a resident of Cisco for the past two years, coming from Lee County, near Lexington, where she was born on October 4, 1878.

She is survived by a sister, Mrs. R. E. McCord of Cisco, and a number of nieces and nephews.

City Cleanup Drive Mapped At C-C Meet

Plans for a city-wide cleanup campaign to be staged in Ranger in the near future were mapped during the monthly luncheon meeting of officers and directors of the Ranger Chamber of Commerce which was held at King's Cafe in downtown Ranger Tuesday evening.

Charlie Joe Owen, chamber president, presided during the session.

Guests present included A. W. Warford, chairman of the board of regents of Ranger Junior College, who spoke in behalf of the proposed tax increase for the school to be voted on next Tuesday, June 23, and B. S. Dudley Jr., vocational agriculture instructor of Ranger high school who is active in affairs of the chamber's agricultural program.

Buck Wallace, chairman of the civic committee, reported that the coming clean-up drive will be staged with several groups uniting in the effort—the Ranger Volunteer Fire Department, the City of Ranger, the civic committee of the C. of C. and the Lions and Rotary Clubs.

Dr. W. P. Watkins, chamber director and president of the Board of Education, offered a very informative and inspiring report regarding the local school system. Increasing enrollment during the past three years, he reported, has made it possible for three new teachers to be added to the faculties of the Ranger schools. Dr. Watkins also stated that the system was in excellent financial condition.

One of the formal actions of the evening was filing of a formal protest, backed by the Ranger Chamber of Commerce, regarding the proposed abandonment of the Wichita Falls & Southern Railway.

Present at the Tuesday night session were President Owen, Wallace, Dr. Watkins, Warford, Dudley, J. F. Killingsworth, James Hatley, H. C. Henderson, A. N. Larson, James A. Smith, Gaston Dixon, Morris Newsham, and R. V. (Rip) Galloway, secretary-manager of the Ranger Chamber of Commerce.

Eastlanders Due More of Same—Fair, Very Hot

The same old thing. Nothing new. No change.

That's an eight-word, in-a-nutshell weather report for today and Thursday.

Yep, according to the U. S. Weather Bureau, Eastland Counties are due more 100-plus temperatures.

Weathermen today said the weather'll be fair and hot with the top temps for both days — Wednesday and Thursday — sitting around the 100-degree level. Tonight's lowest mercury reading will be in the mid-70s.

For North Central Texas, generally fair Wednesday and Thursday; not much change in temperatures.

And the West Texas outlook — Partly cloudy Wednesday and Thursday. Widely scattered afternoon and evening thunder showers. Not much change in temperature.

Oil Patch Reports

New Producer Is Announced

A new location and a completion for Eastland County topped the oil news today.

The McElroy Ranch Company's No. 1 Alta Walker, et al, an Aaron Mississippi Field project, has been completed for a daily flow of 110 barrels of 41.8 gravity oil.

The new Eastland producer is located in Section 5, Block 2, H&TC Survey.

The well flowed through one-fourth choke with 458 pounds an casing and 458 pounds on tubing

from open hole at 3,309-15 feet. Top of the pay was picked at 3,306 feet. Gas-oil ratio was 870-1.

Eastland County's newest test venture, announced late Tuesday, is the No. 1 Lela Day, a wildcat which has been spotted three and a half miles southwest of Eastland.

E. M. Shirley is putting down the test which is a 3,750 foot project located 660 feet from north and 1,980 from east lines of Section 23, E. Lloyd Survey.

Over in Palo Pinto County, H. L. Ratliff, et al, of Breckenridge has spotted the No. 1-B C. H. Belding four miles northwest of Brad in the Belding Strawn Field.

Site of the 1,950-foot rotary stab is 250 feet from south and west lines of the east-half in Section 11, T&P Survey.

Texas & Pacific Coal and Oil Company, Fort Worth, Tuesday spotted the No. 81 Charles Binney in the regular field 10 miles northwest of Strawn.

It'll go down 2,000 feet with cable tools.

Location of the new project is 900 feet from east and 2,710 feet from south lines of Section 69, Block 4, T&P Survey.

Other area oil notes:

Stephens County Regular Field, three and one-half miles southwest of Breckenridge, gained a new oiler with the completion of The Texas Co. No. 66-A J. W. Parks, NCT-1, Section 3366, TE&L Survey.

During a period of one hour and nine minutes the well gauged 38 barrels of 41 gravity oil. Flow was through a 1-8 inch choke with 775 pounds casing and 135 pounds tubing pressure from an open hole at 2,409-16 feet. Gas-oil ratio was 232-1.

The Texas Co. No. 67-A J. W. Parks, NCT-1 is a 2,400-foot rotary try for that same area. It spots 330 feet from the north and 2,310 feet from the east line of Section 3365, TE&L Survey.

Wilgerigan Oil Co., Breckenridge, No. 3 Pearl D. Guest, Section 30, T&P Survey, was potential in the Geren Field, 14 miles southeast of Breckenridge.

Daily gauge was 3.15 barrels of 40 gravity oil, pumping from 28 perforations at 2,470-76 feet. Operator set the casing on the bottom of the hole at 2,566 feet.

PREMIER MEETS INCREASE IN PRICE OF CRUDE; GASOLINE BOOST DUE WITHIN FEW DAYS

Area wholesalers and distributors haven't received anything official — yet.

But —

Prospect of a price hike in gasoline — from a half a cent upwards to a cent or a cent and a half — loomed probable for Eastland County and vicinity motorists as the nation's big buyers of crude quoted price increases of from 10 to 35 cents per barrel.

WOMAN MECHANIC

JACKSON, Miss. — When Clyde Rogers became ill and was unable to run his garage, his wife repaired cars until he was able to return to work two months later. She explained modestly that mechanical aptitude is a "family trait."

Eight large companies fell in line behind the credit initiated by Phillips Petroleum Tuesday and followed quickly by Humble, the nation's largest producer and buyer.

In this area, Premier announced that it, too, was meeting the crude price increase. E. L. Dunlop, plant superintendent at the Baird refinery, was quoted in morning newspapers as saying that his company is going along with the 25-cent increase.

Premier is a large buyer in the West Central Texas district.

The latest move assures early raises in the cost of gasoline at service stations in Eastland County and vicinity and over the nation.

Continental Oil announced a 25-cent raise in the Mid-Continent and in Louisiana and the Gulf Coast.

Carter Oil, Mid-Continent Petroleum and Esanold, the country's second largest purchaser, all posted straight 25-cent hikes.

Pure Oil, Republic Oil, Cities Service, Gulf and a number of smaller companies joined the ad-

vance. Gulf set 10 to 35 cent boosts in seven states.

Phillips followed yesterday's 25-cent increase with a 30-cent raise in certain Texas Gulf Coast fields where crude is of highest quality.

On all cases, the companies said the increases were necessary because of substantial rises in labor and materials costs.

Still not in the fold, however, were such major buyers as Shell, Sinclair, The Texas Co., Magnolia, Tide Water Associated and Ohio Oil.

Already wholesale gasoline prices were up in some areas. Phillips announced it was matching a one-half cent increase in tank wagon quotations on high test fuel previously posted by Mid-Continent and Continental.

In the past, 25-cent boosts for crude have meant a 1-cent per gallon increase in gasoline to the motorist and advances in the prices of other refined products, such as fuel oil.

Oil men, however, pointed out that neither of these fuels could account for a major part of the crude increase, leaving other products practically unchanged.

Meanwhile, so far as could be determined, Onyx Refining Co. at Abilene had not announced a price increase.

Onyx sells several thousand barrels of its gathered crude each day to Magnolia, who was reported still out of the fold last Tuesday.

However, it was learned from unofficial sources this morning that an announcement probably can be expected with 24 hours from Onyx and Magnolia.

TRADED—Ray Boone, Cleveland Indians' shortstop, packs his bag at his Cleveland home Monday as son Rodney, two and a half, looks on with a puzzled expression. Boone was traded to the Detroit Tigers in a four-for-four player trade between the Tigers and the Indians. (NEA Telephoto).

PUBLIC Announcement

Our intentions are to liquidate a large portion of our huge stock and to give the people of this area the benefit of these unheard of prices.

Inflation goes out the window during this dynamic \$50,000.00 Liquidation Sale. Perhaps never again in these days of high prices can you buy so much for so little.

A large crew of clerks have been busy the past week marking down merchandise to the lowest prices in the history of Eastland County. Merchandise is piled sky high on bargain tables and marked in plain figures.

Look for the yellow tags... they tell the story... Plan to be here when the doors open...

Aviation Cadets Being Selected; Early Assignment

An Aviation Cadet Selection Team equipped to interview and partially process prospective applicants for flying training in the Air Force has been established at Hensley Field, Grand Prairie, Texas under supervision of Headquarters, 3502D Personnel Processing Squadron (AC-OC), Lackland Air Force Base, San Antonio, Texas.

According to team president Captain Richard K. Cope, the team supplied with the most current and factual flying training information will visit colleges, universities, Air Bases and cities in a wide area around Fort Worth.

Aviation Cadets are trained to become pilots or aircraft observers. An aircraft observer is schooled in an aircrew specialty such as

bombardment, navigation, radar or aircraft performance engineering. Upon completion of approximately one year of training, an aviation cadet (pilot or observer) receives his silver wings and a commission as a Second Lieutenant in the United States Air Force Reserve.

To qualify for Aviation Cadet Training, an applicant must have a minimum of two years of college credits; be between 19 and 26½ years of age, single, in good physical condition and be able to pass mental and physical tests. Pilot applicants must have normal 20-20 vision, while aircraft observer candidates need only have 20-50 vision correctable with glasses to the normal 20-20.

Young men applying now for observer training can expect assignment within six weeks after they successfully complete the qualifying tests.

Ever Thought of This?

... If you buy real estate without an abstract the chances are good that you will be required to furnish one when you sell or borrow money. It is customary for seller to furnish buyer with an abstract as he usually adds cost of same to the sale's price. So for many reasons all in your favor get an abstract and have it examined by your attorney when you buy real estate.

Office Machine Operators For Government

The United States Civil Service Commission has announced an examination for Tabulating Machine and Equipment operators and Supervisors, Tabulation Project Planners, and Tabulation Planners for filling jobs in various Federal agencies in Washington, D. C., and vicinity. The salaries range from \$2,750 to \$4,204 a year.

Appropriate experience is required; a written test will be given. A high school education or training in the operation of tabulating equipment may be substituted for experience in machine operation.

Further information and application forms may be obtained from the Commission's Local Secretary, Mr. Odie L. McDonald, located at post office or from the United States Civil Service Commission, Washington, 25, D. C.

Buffalo to Have Super-freighter

A \$7,000,000 super-freighter, the first new ship in more than 40 years to call Buffalo its home port, will take to the Great Lakes this summer.

The 7,000-ton vessel, under construction for more than a year, will become the flagship of the fleet owned by the American Steamship Co. of Buffalo. It bears the name of John J. Boland, 77-year-old president of the company.

Boasting a beam of 72 feet and a depth of 36 feet from the tip of its spar to its bottom, the 639-foot ship is the last word in modern construction. It will carry 18,000 tons of cargo and has self-loading

equipment that automatically discharges more than 4,000 tons of limestone or 2,500 to 3,000 tons of coal in an hour.

John Perkins spent a few days in Abilene recently visiting his grandparents, Mr. and Mrs. O. A. Newmon.

These Trees Will Grow Farm Telephones

IF YOU JOINED ALL THE TELEPHONE POLES we've used to extend telephone service to rural Texas in the past seven years into one big pole it would tower 1,350 miles into the clouds. That gives you an idea of how we've been breaking records in our efforts to meet the demand for farm telephones. Already there are six times as many Southwestern Bell rural telephones in Texas as there were just seven years ago. This year we hope to be able to spend more than \$4 million to push still more telephone lines out to the farms around the communities we serve. SOUTHWESTERN BELL... A TEAM OF 28,000 TEXAS TELEPHONE PEOPLE... AT YOUR SERVICE.

courses. Five years ago he 'retired' to the then-drowsy Albany, Ore. Three weeks later he was managing the Chamber of Commerce — on the strength of recommendations he wrote himself! "Newspapers are Zeke's dish; he's been fired from 182 of them, from New York to Singapore." Curlee told this reporter this morning that last statement was a bit misleading. "It's malarkey," he said. "I haven't been living long enough to get fired from that many newspapers!"

"Just fancy that!" exclaimed the proud mother. "They've promoted our Herbert for hitting the sergeant. They've made him a court-martial!"

PERSONALS

Mr. and Mrs. Frank Hicklin have returned from Fort Madison, Ia., where they spent their vacation visiting their son and family, Mr. and Mrs. James W. Hicklin and sons.

Guests in the home of Mrs. Lucille Gray and Mr. and Mrs. Fred Tibbels last weekend were Mr. and Mrs. Ben Gray, and Willard and Bob Gray of Odessa, Mrs. Bill Rowlett of Odessa, Mrs. Marvin Gray, Jack Gray, Mr. and Mrs. Cleo Gray and children, and Mr. and Mrs. Bob Gray and baby of Fort Worth.

Here's 14-Day Reducing Diet

By TILLIE LEWIS

Tillie Lewis, most famous woman in foods, has spent more than ten years in intensive research in the field of sweetened low calorie dietetic foods.

HOW TO TAKE IT OFF AND KEEP IT OFF

The new concept of eating and weight control makes a lot of sense. And it also makes it easy for you to keep your weight down to where you and your doctor agree it should be kept. The idea? To give you a balanced menu of regular foods—including the new sweet-tasting low calorie foods. This enables you to cut calories without making your diet a "hardship." Try today's menus and see what I mean.

TILLIE LEWIS DIET PLAN — Second Day.

Amount	Calories
1-2 small	50
1	75
1 thin slice	65
1 tablespoon	9
as desired	0
2 ounces	22
as desired	0
	221

LUNCH

Cottage Cheese	1-2 cup	100
with Dietetic Apricots	4 small halves	50
and Dietetic Whipped Dressing	1 teaspoon	5
Hot Tomato Juice	1 cup	50
Whole Wheat Bread	1 thin slice	65
Dietetic Jelly	1 tablespoon	9
Skim Milk	8 ounces	90

Dietetic Prune Plums	1-2 cup	60
		429
DINNER		
Broiled Liver	4 ounces	160
with Onions	1-2 cup	40
Asparagus	6 medium spears	25
Corn	1-2 cup	100
Head Lettuce	1-4 head	20
with Dietetic Bleu Cheese Dressing	1 tablespoon	3
Whole Wheat Bread	1 thin slice	65
Orange Fluff	1 serving (half of mixture)	44
(Whip together 1-2 cup each firm dietetic lemon gelatin and fresh orange juice; re-chill.)		
Skim Milk	8 ounces	90
Tea or Coffee	as desired	0
with Sweetening Tablet	as desired	0
		547
Day's Total		1197

This is a series of daily diet menus incorporating the new dietetic foods introduced recently. The menus are nutritionally sound, doctor-approved, and planned to make dining pleasant. The entire family will enjoy these same menus, but may wish to eat larger servings, or add bread and butter or other basic foods.

Animals Use More Vitamins Than People

Humans are second to animals in consumption of multiple vitamins, a manufacturer reports. So great is the use of multiple vitamins in animal feeds today that the R. F. Goodrich Chemical Company has just opened a new plant at Avon Lake, Ohio, to make beta-alanine, one of the two raw materials used in the manufacture of an essential vitamin B-complex ingredient.

important in the growth of cattle and poultry, Goodrich says, that feed companies now use an increasing amount to enrich animal food. While some of the ingredients are found in plants, the amount varies so much with soil and crop-growing conditions that it has been found necessary to supplement the diet of animals to make their growth more uniform.

FOR ATHLETES FOOT
Use T-4-L for 3 to 5 days. It actually peels off the outer skin, exposes buried fungi and KILLS ON CONTACT. If not pleased with instant-drying T-4-L, your 40c back at any drug store. Today at Swaney's Pharmacy.

Belton College Has New Course

BELTON, June 13 — A course for church secretaries, one of the few in the Southwest, will be available at Mary Hardin-Baylor College beginning with the fall semester of 1953-54, Dean John C. Abbott has announced.

The curriculum will lead to the B. S. degree with a major in business. In addition to the usual business subjects, students will take courses in allied fields.

Positions as church secretaries offer excellent opportunities to young women interested in Christian service combined with a secretarial career.

SOCIETY

First Baptist S.S. Meet Is Set for Tonight

The agency of the Officers and Teachers meeting tonight at 6:30 in the lower auditorium of the First Baptist Church is in keeping with the slogan adopted by the church, "Summer for the Saviour."

Superintendents who cannot attend should send their associates and each department will be expected to have representatives in the service.

The officers of the departments and classes cannot function properly on the Lord's day unless they keep up with the church programs and know the plans that are a part of the entire organization.

The teachers will find that the lesson material, and method of presenting the various lessons is of utmost importance. Each teacher, regardless of the class will find these meetings beneficial. They should make every effort to become a part of the spiritual program of the midweek service and of the Sunday school.

Renewed efforts are being made to increase the attendance during the summer for the Saviour.

WEEKEND GUESTS IN EATON HOME

Guests in the home of Mr. and Mrs. S. T. Eaton last weekend were Mr. and Mrs. Loyd Elrod and children of Fayette, Mr. and Mrs. Earl Dabbs and son of Midland, Mr. and Mrs. Lynn Gentry of Fort Worth, Mr. and Mrs. O. H. Hanna of Lawton, Okla., Mr. and Mrs. H. S. Eaton and son of Eastland, and Miss Martha Jean Burrow and Dean Allen of Abilene.

CARD OF THANKS

We wish to express our appreciation to every one who was so kind to us when we lost our son and brother, J. C. Oakley. Thanks so much for your prayers, the food, and the beautiful flowers. May God bless each of you.

Organization of Baptist Classes Being Planned

Some thirty thousand Southern Baptist Sunday schools will go to a new and simplified class organization this October, according to Dr. James Sullivan, general secretary. The new organization comes after years of study and observation and this plan is being recommended for all classes from the Junior department through the adult.

According to Mr. Herman L. King the class will be organized with president, vice president, secretary and a group leader for each five class members. The size of the class will be governed by the needs of the local churches. This system being as effective with two group leaders as it would with five group leaders.

The teacher will still be the guiding force in the class but with the new system the president will be elevated, according to Mr. King, "to a position of real spiritual responsibility."

The group leaders will be in places of real Christian service as they work directly with their members, and coordinate the work of the class and of the church directly to the individual member. "The training of class officers of all ages will be simplified, because the class officers will be uniform for all ages."

According to Mr. King, "Much confusion resulted because the vice presidents did not know exactly where their responsibilities began and ended. We believe this change will be a wise one in our ever-enlarging program of reaching more adults for a more effective Bible program."

WSCS Meets On Tuesday

Members of the WSCS of the First Methodist Church met in regular session Tuesday morning at 9:30 at the church.

The opening song, "O Master of the Living Heart" was followed by a prayer by Mrs. Arthur Deffebach. The business meeting was presided over by the president, Mrs. Deffebach. A list of committees was read and the recording secretary, Mrs. E. L. Willis, read the minutes for the past month.

Mr. Rose Deffebach, district president, presented the program, entitled, "World Federation of Methodist Women" which is being conducted in thirty-six different countries.

Mrs. A. J. Ratliff gave the devotional on "Unity of All Races." The closing prayer was given by Mrs. Willis.

CALL 224 FOR CLASSIFIED AD SERVICE

Garden Needs Protection Before Insects Ravage

While the post-war insecticide D.D.T. still kills more garden insects than any one pre-war preparation, new formulations are now available which experts say do better on some pests than D.D.T.

Aphids, or plant lice, which drink plant juices, are a weak spot for D.D.T. It kills some, but misses most of them. Lindane, one of the new ones, kills aphids and all beetles, worms, leaf hoppers and flea beetles which D.D.T. destroys.

Lindane is a chemical refinement of a German material imported when the war ended, which is a handicapped by a bad odor. This has been removed. Like D.D.T. lindane kills insects which it hits, and leaves a residue on the plant which is fatal to pests that eat or walk on it. It also produces a vapor which is fatal to insects that breathe it.

Chloroform, which is also a triple threat to plant pests, is now recommended for destroying insects that are in the soil or crawl about on it. It is the best soil destroyer, and kills cut worms, chiggers, wire worms, and the like.

While thousands of new insecticides have been registered with the government, it was never before so easy for an amateur gardener to learn how to protect his plants from insects and diseases.

This is because of all-around pesticides now available, which will destroy all plant enemies that attack gardens. Formerly it was necessary to keep on hand one material to kill leaf eaters—and this was usually arsenic—one to kill aphids, usually nicotine, and a fungicide to keep diseases from spreading. Before either was used, a diagnosis was necessary to see what the trouble might be.

But now the gardener can keep a dustier "field" with an all-around combination, and use it to protect his plants at the first sign of trouble, without trying to decide exactly what the trouble might be.

The time to act is before the damage is done, since nothing can repair a plant that insects have ravaged.

Tests that may be included in the vegetable garden include aphid and cabbage worms on all cabbage, kohlrabi, cauliflower or broccoli; cucumber beetles on cucumbers, melons and squash; leaf hoppers on beans and peas; and flea beetles on egg plants. Protection against these should begin before they arrive, as soon as the plants have begun to grow vigorously.

Dusting and spraying are both effective. Dusting has many advantages for the amateur. Equipment may be economical, and the dusts come ready for use, whereas sprays usually have to be mixed with water before each application.

Since their object is to protect the plant from enemies, and this is done by spreading a film of liquid, or a coating of dust over the leaves and stems, care must be taken to allow no surface to escape. The plant should be enveloped by a cloud of dust which leaves a coating of dust about as heavy as face powder over all parts.

Plants should be dried with sprays, if this method is used, so there is a heavy runoff to the ground. For spraying a sunny, windless day is required, and for dusting there should be no wind.

Dust or spray your plants before insects damage them.

Mrs. Gordon Is Hostess To Home Demonstration Club

The Cheaney Home Demonstration Club members met in the home of Mrs. R. W. Gordon in Ranger for a regular meeting on Thursday, June 11. Five members answered the roll call by giving their favorite dairy foods recipe.

The June Council report was given by the president, officer, Mrs. Bill Tucker. Mrs. Gordon reported on the basket training demonstration and exhibited her basket which is not quite completed.

During the business session, plans were made for an all-day meeting June 25, at which time the leader will demonstrate the cooking of green and yellow vegetables. A vegetable platter, whole wheat muffins, salad, and dessert will be the luncheon menu.

The afternoon will be spent in making baskets for the other members.

The meeting was then turned over to the assistant county agent, Roselle Winston and one of the Young School 4-H Club girls, Gay Ann Daskevich of Ranger, who gave a dairy foods demonstration. Her product was "chocolate mint tower" — a delicious chocolate chiffon mixture with cool mint-colored and flavored layers in tall parfait glasses. This was served with cake squares to Misses John Love, Gene Ferrell, Theibert Jones, Tucker, Miss Winston, Gay Ann Daskevich and the hostess, Mrs. Gordon. This program by the 4-H Club girl is one of the club goals attained during the year.

Faith Class to Meet Thursday

Members of the Faith Sunday School Class of the First Baptist Church will meet in the home of Mrs. J. L. Clem at 7:30 p.m., Thursday, June 18, for their regular monthly social and business meeting.

All members and associate members are asked to be present.

Methodists Give \$109.91 for Tornado Relief

At the Sunday morning worship service, June 7, the Methodists of Ranger placed \$109.91 on the altar of the church as their part in helping the tornado victims in Waco and San Angelo.

By agreement of the congregation, the offering was divided on a 50-50 basis. "We deeply appreciate such thoughtfulness and people as was demonstrated by considering for unfortunate this benevolent act," stated the pastor, Rev. Garland Lavender.

Lavender Family Expresses Thanks

The parsonage family, soon to be residents of Weatherford, wish to express their sincere thanks to members of the church for the lovely silver tray and water pitcher, presented at the church on Tuesday evening.

A large crowd enjoyed homemade ice cream and cake. May God bless you, everyone.

Bethany Class To Have Supper

Members of the Bethany Sunday School class of the First Baptist Church will meet at 7:30 p.m. Thursday, June 18, in the home of Mr. and Mrs. Nath Pirkle for a covered dish supper.

All members are urged to be present and their husbands are invited.

Howard HD Club Meets in Eldridge Home

Members of the Howard Home Demonstration Club met Tuesday in the home of Mrs. Claude Eldridge.

A short business meeting was held, followed by refreshments of cake and lemonade. During the social hour the group visited and were shown Mrs. Eldridge's garden, which is her hobby.

Those present were Misses C. W. Malby, Goldie Inman, Albert Clark, Leon Williams, J. E. Heeter, Scott Lemaster, Howard Wade and the hostess.

Mr. and Mrs. Gene Masasagale and daughters, Judy and Jeanie, spent the weekend in Fort Worth visiting relatives.
