Bright Scholar: "Yes, prof—is Mars inhabited?"

The city water department has been busy of late, according to Water Commissioner O. L. Lee, Cantrell, switching around pumps and working on lines to aid the low water pressure in some sections of the city. Improvement has been made possible through installation of bigger pumps. Work has been done out on the line along U. S. Highway 80 east and out on the line to the cemetery and out in the Gholson Addition.

Crime was up 5.1 per cent in the U. S. in 1951 over 1950 with 1,882,160 major offenses committed. Biggest increase—15.3 per cent—was in auto thefts. However, 92 per cent of all stolen cars were recovered. The nation's prison population, which has been rising steadily since the end of the war, has now reached 170,000. . . . Baseball fans are reminded that there'll be a ball game here in the Oil City up on the diamond near Bulldog Stadium Monday night with the first pitch due at 8 o'clock. It'll be J. A. Estes band of Ranger Wildcats versus Don Plazan's Rockets of Eastland. Everyone is invited. No admission charge. . . . And while we're on the subject of reminding: Next Tuesday—Tuesday, July 14—is the date that a fleet of trucks manned by volunteer workers will fan out over Ranger and collect all trash and refuse now being gathered during a city-wide cleanup campaign. Don't forget to have your trash ready to be hauled away. That's Tuesday. Don't forget, please!

The real old-time Movie Queens are a dying race. There are stars in Hollywood today, but the royal line that began with Gloria Swanson and Pole Negri has only one member left—Joan Crawford.

"For 27 years Joan Crawford has reflected the tensions, uncertainties and changing moods of American life," according to a 10-page article on the last of the full-blown Movie Queens in the current issue of a magazine. "She was a dancer and intriguing siren in the gay flapper era of the twenties; stark and intense during the depression of the thirties; fashionable and mature in the forties; and now psychological and searching, the haunted, hunted woman of the world, living fearfully in the Age of Anxiety."

Born Lucile Le Sueur ("You were picked a good one, honey," snapped a chorus-line director when he heard her name) in 1908, Joan says "the facts of my life make me sound like an unmitigated Cinderella." Her personal history parallels one of her poor-girl-riches-to-top movies, but instead of the stock ending of retirement and/or wedded bliss, Crawford is busy promoting her latest film, discussing possibilities for a Broadway play, arranging for her first television appearance and working on an autobiography.

Eagles Throttle Cisco, 6-5, In AL Loop Final

Manager J. A. Estes and his Ranger Eagles ended their 1952 American Legion league season when they scored a 6 to 5 upset victory over the league-leading Cisco Indians.

The Ranger triumph throws the loop championship into a play-off between the Goldswaiter Blues and the Indians.

The Ciscoans tied the game up at 5-all in the top of the seventh, but Jerry Wharton, southpaw hurler playing in the outfield for the Eagles, scored the tie-breaker and winning run in the dying seconds of the game.

Eddie Morris pitched for the Eagles, fanning 13, walking but five and giving up only five scattered hits.

The two Cisco hurlers—ace Dizzy Howell finished as the loser, his first set-back of the entire season—fanned six and gave up 8 bases on balls.

Ranger scored lone runs in the first, second, fourth and final seventh innings with two tallies jammed across in the top of the third and counted twice in the final frame. They hammered in a lone run in the bottom of the fourth.

Showing of Oil Film Set Here For Next Week

A vivid documentary motion picture which dramatizes the round-the-clock activity of a single industry which affects the lives of 150 million Americans has been scheduled for showing at the Tower Theatre in downtown Ranger next Wednesday and Thursday.

The film, "Twenty Four Hours of Progress" is a 10-minute picture which opens up a better understanding of the workings of an industry whose products and services have contributed so much to the social and economic progress of the American people, and to the strength and security of the United States.

U. S. Polio Cases Total 4,680 In Past 6 Months

The Public Health Service said today 4,680 new polio cases have been reported since the first of the year—504 more than in the same period of 1952.

The service said 825 new cases were reported in the week that ended July 4. That was 87 more than in the previous week.

Alabama, which had been seriously stricken earlier, showed a decrease in new cases last week. However, Montgomery County, the worst hit in the state, recorded a drop as health officials carried out mass inoculations of gamma globulin.

Texas Cotton Acreage Less

Texas farmers had 9,600,000 acres of cotton in cultivation on July 1, about 82 per cent as much as last year, the Agriculture Department estimated.

Severe drought and very unfavorable weather prevented germination of seed and resulted in considerable abandonment before July 1, the department's crop reporting board said.

ANOTHER JAYCEE 'WORK MEETING' SET MONDAY

Members of the Ranger Junior Chamber of Commerce and other interested volunteers are asked to attend a special "Work Meeting" out at the Jaycees' rodeo arena on old U. S. Highway 80 west of downtown Ranger Monday night at 7:30 o'clock.

With the date of the big 8th annual Ranger Roundup Rodeo—July 22-23-24-25—drawing nearer, James Townzen, president of the junior chamber, is requesting all-out cooperation of the Jaycees and other townfolk in helping ready the big arena for the city's biggest event of the year.

Drought Aid Brings Praise

Directors of the West Texas Ranchers Association expressed appreciation to government leaders for action to aid cattlemen in drought stricken areas in a letter drafted at a recent meeting. President Sam Kimmell reported today.

The letters were mailed to President Eisenhower, Secretary of Agriculture Ezra Benson, Senator Lyndon Johnson, Senator Price Daniel, Representative Omar Burleson and Governor Allan Shivers.

The letter was written on July 2 and the text was released for publication today. The letter follows.

"The directors of the West Texas Ranchers Association, composed of Callahan, Eastland, Palo Pinto, Shackelford and Stephens Counties, desire to express their appreciation and admiration for the prompt action which has been taken to relieve the devastating effects of the present drought and disastrous price decline of all classes of cattle. It is our desire and hope that this relief program may be administered and carried out to the mutual benefit of the public in general."

The letters were written after the directors discussed the government relief measures, including low cost feed and a federal beef buying program.

Polio Is Most Deadly Over 15

Polio is a more deadly killer for victims over 15, State Health Department figures show. Polio killed 253 of 3,984 persons who contracted the disease in Texas in 1952—a case fatality rate of 6.4 per cent.

But of the 1,020 persons over 15, there were 117 deaths for a percentage of 11.5.

In the age group below 5, there were 1,442 cases, 68 deaths, 4.7 per cent; 5-9, 1,020 persons, 45 deaths, 4.4 per cent; 10-14, 494 cases, 23 deaths, 4.7 per cent. In last year's case reports, the age was not given for 8 persons.

Mrs. Clement Is Laid To Rest On Saturday

Funeral rites were held in Ranger Saturday morning at 10 o'clock for Mrs. Minnie Elizabeth Hill Clement, 74-year-old Ranger resident since 1925.

The services were held at Morris Funeral Home Chapel, and Rev. Finis A. Crutchfield, pastor First Methodist Church, and Rev. Geo. Falls officiated.

Interment was in Evergreen Cemetery with Morris Funeral Home in charge of arrangements. Pallbearers were Earl Brown, Leonard Pounds, W. E. Herweck, June Hunt, Bill Bourdeau and Edgar Cotten.

Mrs. Clement died in a Ranger hospital Thursday at noon following a short illness.

She was born in Overton, Texas on Nov. 12, 1878 and was united in marriage with the late O. D. Hill on Oct. 6, 1897. She was a member of the First Methodist Church, Ranger.

Survivors include one son, Horace Hill of San Angelo; two daughters, Mrs. Viola Hunt and Mrs. Clotilde Colburn, both of Ranger; one sister, Mrs. Louise Ledford of Henderson, Texas; two granddaughters and six great-grandchildren.

New Producer Is Brought In Near Eastland

Completion of another Eastland County oil well was announced early Saturday.

The No. 1 Frank Good, put down by Jack Chamberlain of Eastland, has been completed 12 miles northwest of Eastland for a daily gauge of 15.75 barrels of 40.7 gravity oil and 33 1-3 per cent water.

Production was on pump from 96 perforations at 3,414-38 feet. Total depth was 3,754 feet, plugged back to 3,428. Casing was set at 5,754.

Low Hide and Grease Prices Curb Rendering

The surplus of hides and non-edible grease on today's markets is gradually easing the country's rendering plants from the American scene. Many have been forced to close. This means little to most of us, but to the nation's farmers and meat packers it means the loss of a vital service.

Because dead stock and packing-house offal poses a health problem—most states require that animal wastes and dead stock either be buried or burned within 24 hours and this means arduous and unpleasant tasks for these farmers and meat packers. Rendering plants offered a third, and a more pleasant way out—if a farmer lost a farm animal, all he had to do was call the rendering plant in his area and a specially equipped truck would arrive in the matter of a few hours and quickly remove the carcass. All the meat packer had to do was arrange for pickups to be made on his kill days.

In the past these services were given without charge. The rendering plant also accepted willingly the collect calls made by the farmer to the plant. This has all been changed by the depressed market in hides and non-edible greases.

According to Mr. Frank Bass, vice president of Central Hide and Rendering Company, which handles the rendering service in this area, his company will strive to maintain its services. He stated, "We can no longer afford to pick up dead stock free. We have been forced to charge a nominal fee for each trip to a farm for dead stock. The fee will be the same regardless of the animal's size. We will not be able to accept collect calls regarding the animals either. Our stations are so located that the average station-to-station calls costs the farmer 37c or less. The same call accepted collect costs Central Hide & Rendering Co. 74c. "However, we believe that the savings we offer in time and labor to the farmer will more than make up for the small expense to him for this service."

Big City-Wide Trash Pick-Up Next Tuesday

Jim Ingram Is Named To Area Parole Board

Jim Ingram of 1007 Foch St., Ranger, local police chief for 12 years and a veteran law enforcement officer, has been appointed as a member of the Eastland County Parole Board by Gov. Allan Shivers at Austin.

His commission to the board is signed by Gov. Shivers and also bears the signature of Howard Carney, secretary of state.

Ingram, who now operates a cafe across the street from the Ranger post office, served as a member of the Ranger police force during the hectic years of the fabulous oil boom back in the early roaring 20s. He later was deputy sheriff of Stephens County at Breckenridge.

In 1940 he became a government guard for the U. S. Army Air Corps. He served at Camp Walters, Mineral Wells, McCleskey Hospital, Temple, North Camp Hood, and Hensley Field, Dallas.

The new member of the Eastland County Parole Board also is engaged in ranching and has a place north of Ranger.

Married, he and Mrs. Ingram have two children. A son, Alvis Ingram, is a resident of Fort Worth, and their daughter, Mrs. John Brown, resides in Abilene.

Reopening Set For Rising Star Country Club

Plans for the re-opening of the Lakewood Country Club golf course at Rising Star are under way, after recent rains made it possible to put the links into shape once again.

A. A. White, newly elected president of the organization, said the course has been virtually closed for more than a year because of the drought.

The new president said the rains have put an ample supply of water in the lake, making it possible to water the course once again.

L. B. Forbes, Curt Smith, and Fred Cook have been named the committee responsible for putting the course in shape.

Other new officers are F. W. Roberts, vice-president, and C. W. Tyler, secretary-treasurer. Senior directors of the club are Fred Cook, Otis Purvis, W. E. Tyler, J. F. Foster, L. B. Forbes, O. R. Edmondson, and W. R. Gibson.

A city-wide cleanup campaign to brighten the appearance of Ranger and to eliminate summer health and fire hazards will be climaxed by a trash pickup drive to be staged next Tuesday, July 14.

Residents are urged to have all trash and refuse gathered and ready for pickup on that date.

Several trucks, including city-owned equipment and other vehicles loaned for the one-day pickup, will cover the entire city area Tuesday. More pickups and trucks are needed, according to Alvis Wood, chairman of the hauling committee. Persons or firms having trucks to loan for the day are urged to contact Wood at 49 or R. V. (Rip) Galloway at the Ranger Chamber of Commerce office in downtown Ranger—phone 22.

Buck Wallace, chairman of the chamber's civic committee, is general chairman of the big city-wide cleanup campaign. Virgo Johnson, chief of the Ranger Volunteer Fire Department, is men's chairman, and the ladies' division is headed by Mrs. James Townzen.

The cleanup effort is being sponsored jointly by the civic committee of the Ranger Chamber of Commerce, the Junior Chamber of Commerce, the City of Ranger, and the city's two civic service clubs—the Lions and Rotarians.

In conjunction with the drive there are two contests being staged. One for the biggest pile of trash collected for pickup Tuesday—and—the cleanest alley in Ranger.

The largest trash pile wins a prize of \$10, second biggest \$7.50, and third, \$5.00.

Cleanest alley award is \$3, second \$2, third \$1.

Persons desiring to compete in both or either of those two contests is urged to register at the Chamber of Commerce office in downtown Ranger before the final deadline—Monday, July 13—at 12 noon.

'Frankenstein Religion' Is Topic For Sunday at First Christian

"Frankenstein Religion" will be the sermon topic at the Ranger First Christian church this Sunday at the 11:00 a.m. Morning Worship and Communion Service. Rev. A. Lynn Robbins, pastor of the local church, has chosen to preach on this important theme because it will deal with one of the most prevalent and tragic threats to Christian faith and practice at the present time. The service as always will center around the weekly observance of the Holy Eucharist.

At the popular 8:00 p.m. Evening Worship Service you will enjoy the period of fellowship singing and evening meditations. The pastor's sermon will be entitled: "A Colony of Heaven." The Holy Communion will be served to those unable to attend a morning service in the community. All are invited to this service regardless of church affiliation.

First Methodist, Regular Schedule

Sunday School classes will convene at 9:45 Sunday morning at the First Methodist Church.

At the 10:30 a.m. worship service, the choir will sing the anthem, "So Near to God Am I." The pastor's sermon subject is "A Purposeful Universe."

The subject for the evening worship service, which begins at 7:30 p.m., is "Fogs or Sunsets."

Everyone is cordially invited to attend these services.

Rev. Harris To Preach Sunday At First Baptist

In the absence of Brother Ralph Perkins, who with his family, is on vacation, the laymen of the church will conduct most of the services.

However, Sunday morning Rev.

Claude Harris, founder of Girl's Ranch, will bring the message. Rev. Harris is well known in this area and will need no introduction to the people in Ranger.

Sunday evening Mr. Walter Arterburn, Training Union Director, will bring the message. Certainly all the people of the church will want to hear both of these men.

There will be special music at both services. Following the evening service there will be a "Sing-spiration" in the lower auditorium for all age groups.

Christian Science

According to the Christian Science Lesson - Sermon to be read this week in Christian Science churches on the subject of "Sacrament," reverence is a quality kindred to love and respect, and this reverence coupled with the sincere desire to do God's will has brought much good into men's lives. The Golden Text is from I Corinthians (5:8): "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

Selections from the Christian Science textbook, as well as from the Bible, will be read. These verses from II Timothy are included (4:7,8): "I have fought a good fight, I have finished my course, I have kept the faith: henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous Judge, shall give me at that day: and not to me only, but unto all them also that love this appearing."

ment, according to this religion, is shown in Mary Baker Eddy's words from "Science and Health with Key to the Scriptures" (p. 1): "Prayer, watching, and working, combined with self-immolation, are God's gracious means for accomplishing whatever has been successfully done for the Christianization and health of mankind."

There Must Be Something Wrong—

... with the man who falls down and refuses to get up or is perfectly content to allow society to look after his well being, or is there? What is wrong, if anything, with the seller who refuses buyer an abstract? Maybe nothing, but there is something wrong with the buyer who weakens at this point and buys hastily without complete title information before him. Think it over and in the meantime don't do it.
