In the wake of Saturday night's tragic accident here, county and city law officers explained how they tried to stop a speeding car before it raced through the city and slammed head-on into Robert Caddell's car on the eastern outskirts of Dimmitt, killing 10 young people.

THE TRAGIC chain of events started about 8:30 p.m. when the Sheriff's Dept. received a call that a knife fight was in progress at Tam Anne, 11 miles west of the city.

Deputy Sheriff Rex Cowart went to investigate the fight. When he left Dimmitt, Deputy Sheriff Granville Martin drove in from Hart to back him up here. Sheriff Jack Cartwright was just driving into the city and was monitoring the activity on his police radio.

The fight was over when Cowart arrived at Tam Anne. The sister of Mrs. Zoila Luna Olivarez, 13, said three men who were intoxicated had come there to pick up Mrs. Olivarez to take her to Palo Duro Canyon with them, and that the women's father, George Luna, had tried to stop them. She said the youths had struck Mr. Luna in the head, then had taken Mrs. Olivarez and her 14-month-old son, Johnny Joe.

"The information we received was that the girl was thrown into the car against her will," Cartwright said.

The lady gave Cowart the license number and description of the men's car. He radioed the information to the sheriff's units in Dimmitt and told his fellow officers that the car apparently was heading toward the city.

About five miles west of Dimmitt, the speeding car reportedly forced a farm worker's family, Mr. and Mrs. Juan Martinez and three daughters, off the highway. Mrs. Martinez reported it later to Police Chief W. W. Jones.

"She said she and her family jumped a bar ditch getting out of their way," Jones said.

MEANWHILE, Martin was driving west from Dimmitt and Cartwright was following him. Cowart was coming east from Tam Anne.

The fugitive car passed Martin and Cartwright about three miles west of the city "at a high rate of speed," Cartwright said.

"I saw that we wouldn't have time to catch him before he got into town, so I called the city police and asked Jones to set up a road block around the city limits," Cartwright said.

"THEY CALLED us and told us, 'For God's sake, stop them before they get into town or they're going to kill some body,'" Jones affirmed.

The police chief said "Fred Melton and I set out to the (See OFFICERS, Page 12)

Residents of Dimmitt, Nazareth, Hart and Olton were still stunned this week by the enormous toll of a head-on collision just east of Dimmitt Saturday night which killed 10 young people, including four high school students and a 14-month-old baby.

THE TRAGIC wreck—worst two-car accident in the Texas Panhandle's history—occurred at 9:10 p.m. Saturday, four-tenths of a mile east of the city limits on State 86.

A 1963 green-and-white Chevrolet driven by Tony Guia, 17, of Hart and containing four other passengers, was eastbound at an estimated 100 mph when it swerved into the opposite lane on a curve and slammed head-on into a westbound 1964 white Chevrolet driven by 18-year-old Robert Caddell of Dimmitt, carrying four other passengers. Caddell's car reportedly was entering the city at 50 mph.

"The wreck was witnessed by practically every law enforcement officer in Castro County," a highway patrolman reported. City, county and state lawmen had been attempting to stop Guia's car over a four-mile course that included a high-speed breakaway through the city's main intersection.

THE IMPACT smashed the front end of each car almost to the firewall and forced Caddell's car more than 86 feet back down the highway, where the two vehicles careened to a stop crossways on the pavement, their front ends still welded together.

One officer who witnessed the wreck said the wake of the crash "looked like a West Tex-

as dust storm along the highway."

Lawmen, volunteer firemen, tow-truck drivers, hospital employees and Dennis Funeral Home personnel worked until almost 2 a.m. clearing the wreck scene, identifying the victims and notifying next of kin.

KILLED IN the eastbound car were:

—Tony Guia, 17, Hart vegetable plant worker, driver of the 1963 Chevrolet, who was killed instantly;

—Mrs. Zoila Luna Olivarez, 13, of Dimmitt, who died at 9:40 p.m. in Plains Memorial Hospital's emergency ward;

—Johnny Joe Olivarez, 14-month-old son of Mrs. Olivarez, who was killed instantly;

—Nicholas Arrizola Jr., 18, Hart farm worker, who was killed instantly;

—Brigidio Soles Sanchez, 17, of Olton, who was killed instantly.

VICTIMS in the westbound car were:

—Robert Lewis Caddell, 18, Dimmitt High School junior, driver of the 1964 Chevrolet, who was killed instantly;

—Johnny Merle Raper, 17, Dimmitt High School junior, who was killed instantly;

—Jeffrey Eugene Glenn, 17, Dimmitt High School junior, who was killed instantly;

—Raymond Ireland McLain, 17, Nazareth High School junior, who was pronounced dead on arrival at Plains Memorial Hospital shortly after the accident.

—Michael David Geouge, 20, of Nazareth, an employee of a Dimmitt elevator, who died in Plains Memorial Hospital at approximately 9:40 p.m.

IT WAS THE fourth two-car wreck in Texas history to claim 10 lives. No two-car accident in the state has ever killed more than 10 persons, according to Texas Dept. of Public Safety records.

The highway near the death scene was crowded almost immediately by anxious parents and curious onlookers as news of the tragedy spread. All duty officers in the vicinity worked to direct traffic, investigate the wreck and clear the scene.

With Guia's body pinned to the pavement by his car door and a cutting torch apparently required, lawmen called the Dimmitt Volunteer Fire Dept. to send a truck to wash gasoline off the pavement. Firemen stayed to assist with the work and several helped transport victims' bodies to the funeral home and hospital via ambulance and pickup.

FIRST REPORTS listed Arrizola as the driver of the speed- (See CRASH KILLS, Page 12)

They did all they could

"For God's sake, stop them before they get into town or they're going to kill somebody."

POLICE Chief W. W. Jones said this was the plea which Sheriff Jack Cartwright radioed to him at 9 p.m. Saturday, just before the 1963 Chevrolet came hurtling out of the darkness into the western city limits.

Officers weren't trying to pursue the car. They were trying to get it off the road. Jones and Patrolman Fred Moulton set up a road block in the city, "but they didn't even slow down," the police chief said. "They were running it wide open and were weaving all over the road."

The driver, Tony Guia, evidently had been "running it wide open" long before he knew he was being tailed by law officers. Mr. and Mrs. Juan Martinez reported the speeding car had run them off the highway five miles west of Dimmitt—two miles before Guia encountered the first patrol car.

AMARILLO and Lubbock radio stations, regional newspapers, and many of our own residents have been quite casual in blaming our lawmen with contributory homicide, in criticizing them for "chasing the car through town" until it slammed into Robert Caddell's car on State 86 East, killing 10 persons.

That is second-guessing at its worst. It's almost as if, in the tragic wake of the wreck, people were searching for someone left alive to blame.

If you want to second-guess, try second-guessing yourself on these two questions: (1) If our officers had backed away and let the speeding car go through town until it caused the same kind of accident, what

would you have said? (2) If our officers had shot out a tire on the speeding vehicle and caused a wreck that undoubtedly would have killed all five passengers, what would your reaction have been?

LAWMEN don't have the luxury of second-guessing, or canvassing for popular opinion before making a decision that could affect the lives of others.

In this case, officers knew what they needed to do: they needed to stop the speeding car and get it off the highway. This they tried to do. They had it stopped once, but the car roared off again before officers could get the driver out of it.

The chase had little to do with any nebulous "pursuit policy." No such policy can be applied to each individual case. In this case, for instance, the driver of the speeding car was on probation for burglary, was reported to officers to have been intoxicated, faced possible kidnap and assault charges, knew he had probably been reported to the law, and knew he would go to prison if he were caught.

As one local official summed it up: "He knew he was in for it if he got caught, and he was determined not to get stopped."

OUR CITY has witnessed the worst two-car accident in the Texas Panhandle's history. It has been an irreparable loss for the families of all 10 persons killed in the accident, and has cast a pall over our neighborhood, county and region.

We will be a long time getting over the consequences of this terrible accident. But we should not create ugly consequences of our own by pointing fingers irresponsibly.

Our law officers laid their lives on the line trying to stop the speeding car.

They deserve better than they've been getting from some quarters.

"THE IMPORTANT problem before the American people is not how to procure medical care at public expense or to spend the taxpayer's money to see that there is an ample supply of bills and options for whomsoever may apply. Pheasant outlook good in Panhandle

Texas is not known as a major pheasant-producer, but a modest colony of the colorful game birds is thriving in the Panhandle.

AND SO FAR, this spring has all the earmarks of a good production season for the birds, according to the Texas Parks and Wildlife Department.

Mild weather, a good standing crop of holdover birds and an expected good wheat crop all should combine to produce enough birds for a good hunting season next fall.

As usual, cover is the vital factor for the birds in the Panhandle flatlands where most of the available acreage is plowed for agricultural production.

DEPARTMENT wildlife specialists recommend that landowners leave as much weedy cover as possible for the birds during the nesting season.

A variety of trees, shrubs and other plants are used by pheasants for food and cover. Some of the more popular cover are Russian olive, red juniper, fruit trees, wild plum and multiflora rose.

An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.

Crawford Martin is seeking a fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term.

Campaigns should be run on the issues and I don't like to inject personalities and personal relationships into a political campaign. But, the relationship between Frank Sharp and Atty. Gen. Crawford Martin cannot be swept under the rug.

The new book about the Texas stock fraud scandal, "Texas Under a Cloud," tells about that relationship. On page 128 the book says:

"Atty. Gen. Crawford Martin, got some free newspaper publicity when it was revealed in October, 1971, that he received a 'stock tip' from Frank Sharp — while Martin and his family were Sharp's ranch guests late in 1969 and again at Sharp's Houston office early in 1970.

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney general said that Sharp never mentioned the possibility of Sharpstown Bank loans to buy the stock.

"Martin said that he turned the stock offer down because it would have cost too much, because NBL was in 'shaky' condition, and because he did not buy 'speculative' stocks.

"He did not comment on the ethical aspects of a state official's accepting a stock tip of that sort — perhaps, because Martin, as attorney general, had ruled in favor of Sharp on a key legal issue about Sharpstown State Bank only two and one half years before Sharp made the stock offer to Martin.

"Martin's ruling had the effect of increasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged by the SEC."

As you know, hundreds of Texans lost their life savings because of Sharp's stock manipulations and it probably wouldn't have happened but for Atty. Gen. Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you'd be changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Kilgore, was national debate champion at Kilgore Junior College and graduated from the University of Texas Law School. I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to 1968.

I certainly would appreciate your support.

It is time for a change.

Twenty young boxers from Dimmitt fought in the 1972 Southwest AAU Boxing Tournament held last weekend in Amarillo. Representing the Dimmitt Athletic Club they brought home two championships and five runnerup trophies.

IN THURSDAY night's action, Scott Armstrong scored the first Dimmitt victory with a first-round TKO over Romer Guzman of Amarillo. The next Dimmitt fighter on the card was Robert Ewing, and he scored a decision over Ricky Monroe of Amarillo.

Elias Bernal got the leather flying for Dimmitt Friday night as he met the eventual 55-lb. champion, Robin Blake of Levelland. Bernal showed "a lot of heart and poise" before losing to his taller and more experienced opponent, his coaches said.

Andy Gonzales drew an old nemesis, Charley Gomez of Amarillo, for the third time this year. Gonzales won the rubber-match with a third-round flurry for a decision. Brad DuLaney drew a tough foe in Henry Valverde of Amarillo. DuLaney's quick left and jarring right earned him a popular decision.

ROBERT EWING, in his second fight, drew the 95-lb. tournament favorite, Johnny Martinez of Plainview. Ewing fought his best fight of the year and eliminated Martinez in a thrilling bout.

In the Saturday matinee, two Dimmitt sluggers lost in the finals. Randy Roberts dropped the 85-lb. crown to Joe Martinez of Plainview on a decision that drew loud challenges from ring-side observers. Gary Malone, at 90-lbs fought gamely before settling for the second

place trophy against Junior Saez of Plainview.

In the finals of the 75-lb. class, improving Andy Gonzales met Adolpho Valverde of Amarillo in a rugged encounter that had the crowd humming from start to finish. At the end of two, the bout appeared to be dead-even. Gonzales came out strong in the third and brought the championship home to Dimmitt.

IN THE semifinals of the 85-lb. division, Dimmitt's Brad DuLaney dropped a decision to Lubbock's Domingo Amalla. Tough Fred Fulsum of Lubbock furnished the competition for Robert Ewing in the 95-lb. bracket, and took a decision over the local lad.

Larry Bossett, the defending regional 95-lb. champion, took the 100-lb. crown due to two byes and a forfeit.

The big one fans were waiting for was the final bout of the tournament. Joe Day, Dimmitt's coach-trainer-boxer, met

one of the Texas Panhandle's all-time great Golden Glovers, two-time state champion Bobby Wilhelm of Pampa. The heavy-weight match started briskly, with both men landing some good punches in the first and second rounds. In spite of Day's courageous efforts, Wilhelm called on many years of ring know-how and won the bout and the title with a TKO in the third round.

OTHER Dimmitt boys in the three-day meet were Richard Ewing, Ernie Reyes, Rudy Ross, Denny Washington, Jody Minnick, Monty Roberts, Tommy Kenworthy, the Touchstone trio of Todd, Tobin, and Kyle, and Kelly Hill. Some of these boys failed to make the winner's circle, but performed admirably, and were a credit to their community, coaches said.

The Dimmitt Athletic Club will host a six-team invitational boxing tournament later this month. The exact date will be announced later.

The name of Dimmitt's new boxing club was officially established as the Dimmitt Athletic Club, Inc., at a meeting of charter directors last week.

THOSE attending the meeting established a board of 12 directors, to include three from the Castro County Jaycees, one from each of the city's other four men's civic clubs, and five at-large (parent) members.

The club will be expanded in the future to include other sports as well as boxing, directors said.

Intention of the directors' group is to make the club self-supporting in the future after it gets "on its feet" financially. A boxing tournament later in April will be the first income-producing project toward this goal.

THE JAYCEES have donated \$125 to help the club pay its initial equipment expenses, and last week the Kiwanis Club presented a check for \$100. Approximately \$200 to \$250 more is needed to pay for basic boxing equipment purchased to date.

Dimmitt High School's Key Club has earmarked the proceeds of a current fund-raising project for the new Dimmitt Athletic Club.

Local boxing club gets new name: it's Dimmitt Athletic Club, Inc.

The name of Dimmitt's new boxing club was officially established as the Dimmitt Athletic Club, Inc., at a meeting of charter directors last week.

THOSE attending the meeting established a board of 12 directors, to include three from the Castro County Jaycees, one from each of the city's other four men's civic clubs, and five at-large (parent) members.

The club will be expanded in the future to include other sports as well as boxing, directors said.

Intention of the directors' group is to make the club self-supporting in the future after it gets "on its feet" financially. A boxing tournament later in April will be the first income-producing project toward this goal.

THE JAYCEES have donated \$125 to help the club pay its initial equipment expenses, and last week the Kiwanis Club presented a check for \$100. Approximately \$200 to \$250 more is needed to pay for basic boxing equipment purchased to date.

Dimmitt High School's Key Club has earmarked the proceeds of a current fund-raising project for the new Dimmitt Athletic Club.

25 attend NFO March meeting

The regular Castro County National Farmers Organization meeting was held March 27 at Farmers State Bank in Hart. Twenty-five members attended.

DURING the business meeting, members discussed plans for the sausage supper to be held April 10. It was announced that anyone buying an advertisement in the NFO newsletter would receive two free tickets to the supper.

Farmers were urged to tell their city friends and family about farm and market prices.

Struves return from Germany

By MRS. OWEN ANDREWS

Mr. and Mrs. Bill Struve returned home Thursday from a three-week trip to Germany to visit their daughter, Mrs. Clifford Hargrove, Mr. Hargrove and son, Ty Lyn. Hargrove has been stationed near Frankfurt with the US Army for several months. Mrs. Hargrove and son came home with the Struves as he is scheduled to complete his tour of duty there and will be coming home in May. Hargrove will have completed 3½ years in the Army, having spent over a year of duty in Vietnam.

The Struves toured the area and into Austria, Switzerland, France and South Germany. For Bill it was of special interest, as he spent about 1½ years in the Army stationed near Frankfurt during World War II part of it with the Occupation Forces. He found few landmarks remaining as he remembered them. They left Frankfurt Airport Wednesday, flew eight hours to New York and on to Dallas that evening, and spent the night there. Bill's birthday was Wednesday and by time zone changes that day it lasted several hours longer than it usually does.

Mr. and Mrs. W. H. Andrews spent the Easter vacation days visiting his daughter, Mrs. Godfrey Baldwin, Mr. Baldwin and sons in Temple Hills, Md. The Andrews visited with her father R. L. Shannon and Mrs. Shannon of Amarillo. The Shannons took them to the airport to begin the trip to Maryland and points of interest in the area of the nation's Capitol.

MR. AND MRS. Clark Andrews, Rocky, Kirk, Lynette and Mrs. E. B. Berryman spent the Easter vacation visiting the Wallace White family in Biloxi Miss. Mrs. Berryman and the Andrews children came on home on Wednesday, Clark and Sue went by Galveston to see the Ogans at John Sealy Hospital for a day or two, and to take a more leisurely trip home.

The Andrews report Mrs. Ogans is looking better, has gained three pounds and is more optimistic. The improvement is very slow, however, and only noticeable over a period of days.

AT AN eleven o'clock morning service at St. Anthony's Catholic Church, Juan Jose Luis Jr., son of Mr. and Mrs. Juan Rodriguez, was christened. A lunch and celebration at the Rodriguez home followed. Mrs. Domingo Medrano assisted the hostess in preparing and serving the meal.

MR. AND MRS. Harvey Manion, Kim, Jay and Billie Faye

MR. AND MRS. Kerry Struve spent the weekend on a vacation to Red River. Their two little girls stayed with the grandparents, the Bill Struves, Mrs. Clifford Hargrove and Ty Lynn also are with her parents, the Struves, until Clifford returns from Army duty overseas in May.

MR. AND MRS. E. F. Voglers and Lynn Fishers were among members of the larger family of Mrs. Voglers relatives who were together at the Albert Draggers on Easter Sunday. A daughter of the Draggers, Mrs. Herbert Hertz and husband of South Bend, Ind., the Harol Voglers and Donald Voglers, of Lamesa, were among those from out of the community here. The Vogler families from Lamesa visited the E. F. Voglers also on Monday.

The family received word on Sunday night of the death of a niece, Mrs. Marie Springer of Detroit in a plane crash. She was the daughter of the M. L. Draggers of Friona. According to the word they received she was taking flying instructions. Details were not available at the time.

MR. AND MRS. H. A. Parris of Lubbock has been visiting her son Olin and wife for several days. Mrs. Parris is recovering from a broken arm. The Parris son Walker Parris Mrs. Parris and their two children of Hobbs came the last of the week to be with the family during the Easter holiday.

Dr. Bishop, professor of religion at Wayland Baptist College, was guest preacher at Frio for both Sunday services. He took lunch at the Don Baird home, as guest of the Baird and Mike Waldrips.

Lynn Fisher, who has been stationed in Puerto Rico with the U.S. Navy, is home on a few days leave. He is to report back to Puerto Rico and then Panama. His wife, Mary Ann and daughter, Monica, live near her parents, the E. F. Voglers. Lynn is to complete his term of service in November. He is with a C.B. unit of the Army and moves often in his work.

Mrs. Owen Andrews accompanied the D. B. Robersons of Hereford to Hale Center Saturday to attend the funeral of cousin, Wasson Price. The service was in the Methodist Church there and burial in the Plainview cemetery. Mr. Price passed away Thursday night at his home south of Plainview with a heart attack.

MR. AND MRS. Kerry Struve spent the weekend on a vacation to Red River. Their two little girls stayed with the grandparents, the Bill Struves, Mrs. Clifford Hargrove and Ty Lynn also are with her parents, the Struves, until Clifford returns from Army duty overseas in May.

WASHINGTON AND SMALL BUSINESS

Aid to Film-Makers?

One of the biggest Congressional controversies of 1971 was Federal aid to "bail out" Lockheed Aircraft Corporation, the nation's largest contractor of military goods. Lockheed, it was said, faced bankruptcy unless the Government would guarantee a sizeable loan.

The issue was just warming up when the National Federation of Independent Business held its first National Conference last May in Washington. Independent business people there heard Senator William Proxmire, Wisconsin, warn that a dangerous precedent would be set if Congress authorized a Federal bail-out of a private firm.

The Senator charged major mismanagement of the aircraft firm and asked whether the U.S. Government should start giving financial assistance to large companies.

"It sets a precedent that big firms cannot be allowed to fail, but little ones can," the Senator told independents. It would be like telling business: "Don't worry about efficiency; Uncle Sam will pick up the tab if you are in danger of failing, provided you are big enough."

Congress finally did grant a \$250 million loan guarantee to Lockheed. And now the Pentagon discloses that Lockheed, again in 1971, sold more than \$1 billion of goods to the Government.

Obviously, other large companies fallen on hard times would like to get on the bandwagon.

There's even been talk in Congress of helping... (are you ready?) Hollywood's movie-makers.

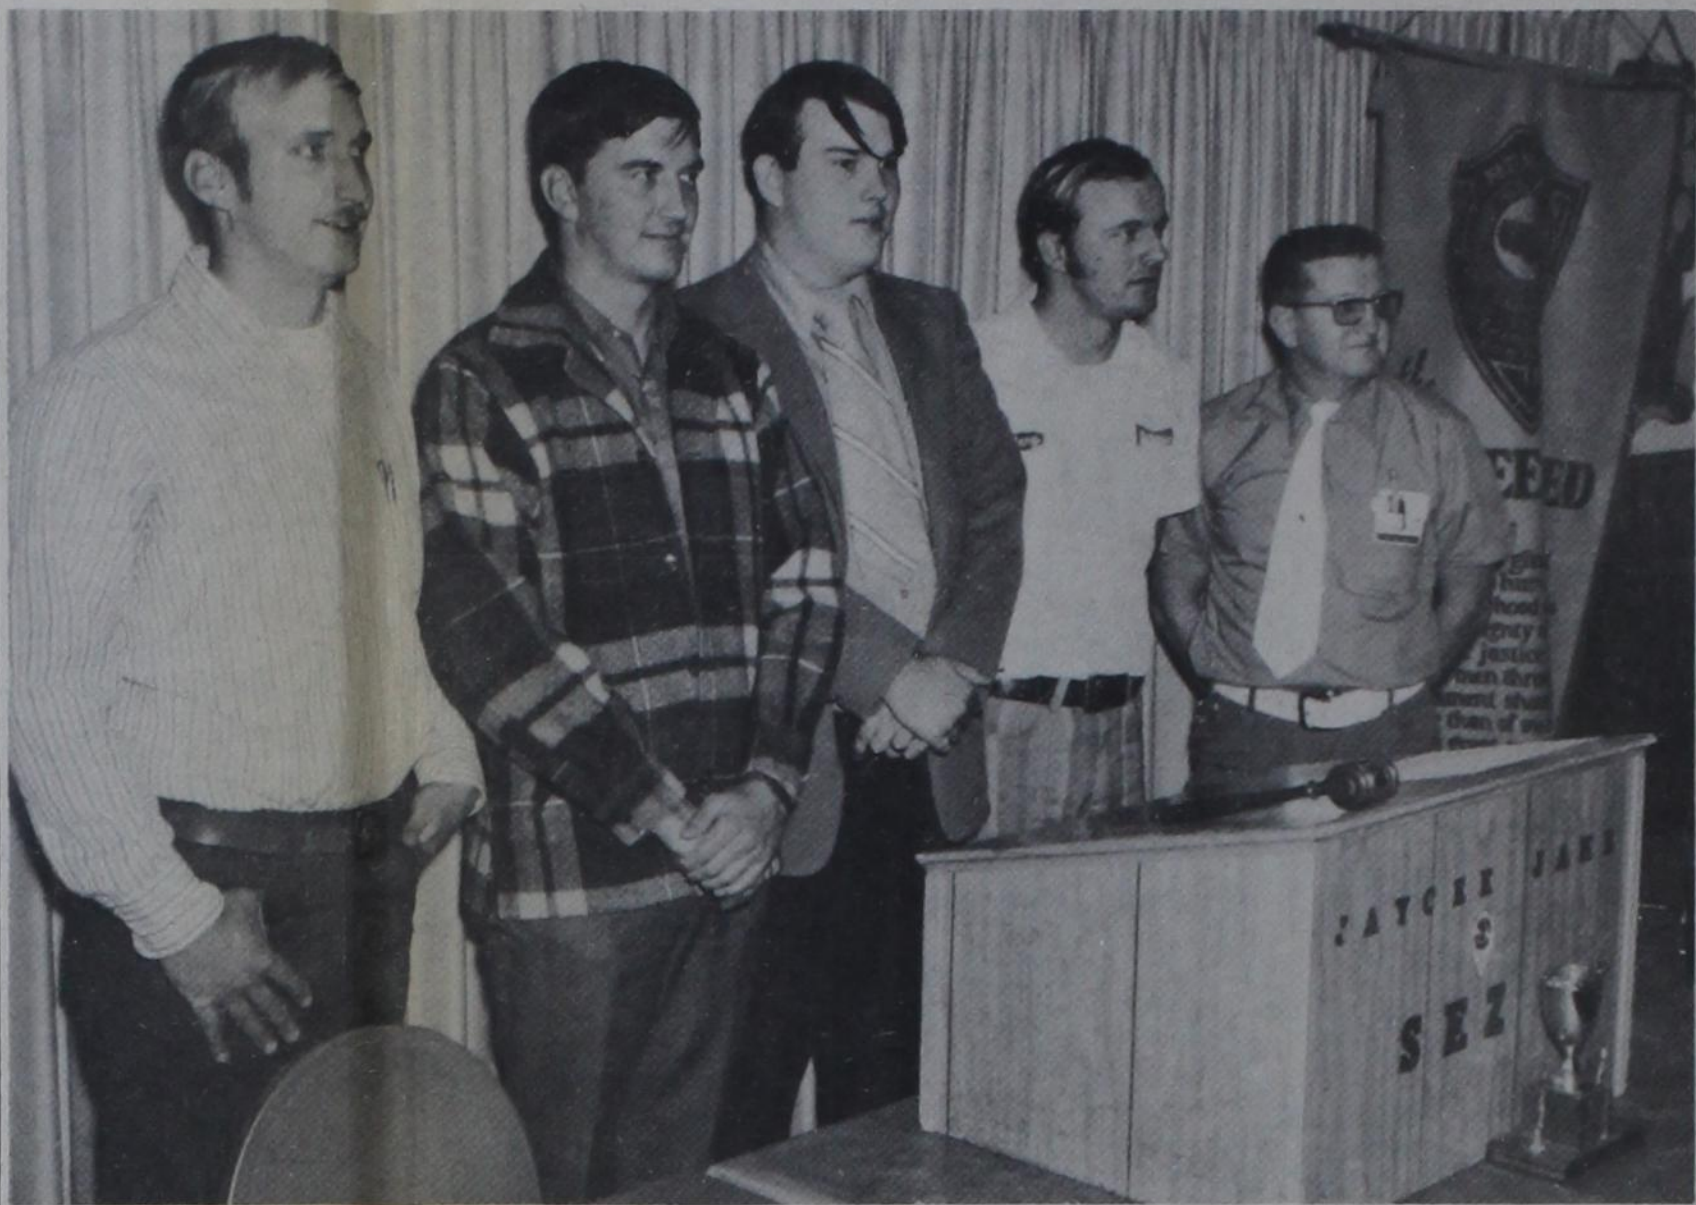

Hollywood has been in a slump. Charlton Heston, outgoing president of the Screen Actors Guild, has urged Congress to disburse funds and give tax incentives to film producers, arguing that "the American film industry is one of our most vital national assets and it is in desperate need of Federal assistance."

The National Observer, in detailing problems behind his request, says unrelenting union demands by technicians have boosted film-making costs. Film producers say technicians are pricing themselves and the industry out of business. Unemployment in some craft unions runs over 80 percent.

Poor management also shares the blame, too. But should the taxpayers rescue a company, or an entire industry, that management and unions have nearly strangled? One Congressman from Los Angeles even wants the Department of Labor to appropriate \$11 1/2 million of emergency funds, to be paid directly to craft-union members. Amazing!

The long history of government subsidies and the Lockheed aid may have set precedents for such talk. But if the government does start subsidizing unions which price themselves out of business, then the nation may face an Apocalypse that would out-do Cecil B. DeMille.

NEW JAYCEE OFFICERS were installed last Thursday at the regular weekly meeting of the young men's civic organization in the Colonial Inn Restaurant. They are (from left) Chuck Braafladt, president; Johnny Kittrell, first vice-president; Leslie Clary, second vice-president; Gary Gerber, interclub director; and Fred Lemme, director. Other new directors, not pictured, are Carl Lee Kemp and Doyle Morris.

The new officers were installed by Outgoing President Harley Wilke, JCI Senator Elvon DeVaney and Past President Don Nelson. On hand for the installation was Pat George of Tulia, state Jaycee vice-president. The Castro County Jaycees include young men 21 to 36, of all occupations, who are interested in community service and leadership training.

USMC announces new training plan

Plans for major revisions in the initial training of enlisted Marines are nearing completion and should be fully implemented by June, according to planners at Headquarters Marine Corps.

The first phase of the revised Sequential Training Program was started as a pilot project on the West Coast last November when recruit training and individual combat training were combined into a single 11-week training cycle.

Recruits initially spent four weeks at San Diego learning basic drill and receiving classroom instruction in various subjects. The next phase concentrated on marksmanship skills at the Edison Range and combat training at the San Onofre training area at Camp Pendleton. Then it was back to San Diego to finish up recruit training.

The revised recruit training program will go into effect at Parris Island later this month. Recruits will start there, then partway through the training cycle will undergo field training for a week at Camp Lejeune, then return to the Depot for more training and graduation. Once graduated they will be qualified as basic Marine riflemen, having trained in the use of small arms, grenades and squad tactics.

UNDER THE second phase, newly graduated Marines who are assigned one of 19 designated ground military occupational specialties (MOS) will be trained by either formal school training (MOJT) or field skill training. The MOS's include postal, infantry, logistics, artillery, supply, motor transport, food service, data systems and exchange.

Other Marines will qualify in their assigned MOS as before and will not be affected by the second phase.

Marines assigned MOJT will be trained by designated state-side commands. Their training cycle will be controlled by quotas and must be completed by a specified time. Headquarters will control the quotas and the program of instruction.

FIELD SKILL training will be accomplished by FMF ground commands in CONUS and will be coordinated by the Commanding Generals, Fleet Marine Corps, Atlantic and Pacific. Headquarters will designate training objectives and time limits for this program, but unlike Marines assigned MOJT, these Marines who complete training will remain with the training unit. The only two exceptions will be shore party and bulk fuel men.

Marines fresh from recruit training, and who are bound for WestPac, including Hawaii, sea duty and all posts and stations, will be ordered to Camp Pendleton for the five-week Infantry Training School (ITS) as a part of the formal school training cycle. ITS will be the Corps' only such school and will be set up at San Onofre, the site of the 2d Infantry Training Regiment. Marines headed for sea duty will then go on to Sea School at San Diego or Norfolk.

Many details of the Sequential Training Program are still in the formative stages at Headquarters and will be released as soon as they are approved.

On the Go

Mrs. Louis Allen was hostess to a birthday dinner in her home last Sunday. Those honored were her husband, Louis, Mattie Devin, Catherine Sprawls and Robert Devin of Tulia, Mrs. Clayton Devin of Happy, Mrs. Lloyd Devin of Dumas and Mr. and Mrs. R. L. Devin of Hereford.

"THIS IS a good time for the well-trained, farm-minded young man or woman to go into agriculture; but one should be sure that he has the qualifications. There is no need that farming provide only a narrow and deadening life. One may express there all the resources of a good education." O. J. Stevenson

Chuck and Chet Braafladt want you to come by Dimmitt 66, Inc. for all your fuel and fertilizer needs.

FATHER-SON TEAM EFFORT RESULTS IN THRIVING FUEL BUSINESS

Dimmitt 66, Inc. is a local family business owned and operated by Chet and Chuck Braafladt.

Chet became the Phillips jobber in Dimmitt 10 years ago when he bought the station from Phillips Petroleum. Phillips has just taken over as owner of the Kirkpatrick station.

Before coming to Dimmitt, Chet had lived in Amarillo and was a salesman for Dempster Mill Manufacturing Co. He traveled the Panhandle selling farm machinery and equipment.

Chuck joined his dad in business in 1968 after he completed two years with the US Army. He is a graduate of West Texas State University.

Dimmitt 66 is the Phillips jobber for this area. They also are Texas distributor for Tote Systems fertilizer equipment and distribute anhydrous ammonia. Among the products Dimmitt 66 sells are fertilizers, butane, gasoline and diesel, both retail and wholesale.

Two Phillips 66 stations are operated in Dimmitt. One is at the home office at 501 North Broadway and the other is 201 South Broadway.

Braafladt Transport Co. operates 17 mobil tankers all over Texas and into Oklahoma, Kansas, Nebraska and New Mexico.

The total number employed by Dimmitt 66 and Braafladt Transport is currently 35. "They're scattered all over the countryside," Chet said.

"We think Dimmitt is a pretty good place to live and to do business," Chet said.

Former resident's rites held Monday

Funeral mass for Mrs. Maria Carmon Rubalcaba, 33, of Amarillo was conducted Monday afternoon in St. John's Catholic Church in Hart.

BURIAL was in Hart Cemetery, directed by Parsons Funeral Home of Olton.

Mrs. Rubalcaba's body was found about noon Friday in the bathroom of the home of her husband, Tonsiano. A revolver was found near the body, investigating officers said.

Justice of the Peace Bonita Potter ruled Friday that death was due to a self-inflicted wound. Mrs. Rubalcaba reportedly had been in ill health for some time.

Mrs. Rubalcaba, who lived in Hart before moving to Amarillo, was a member of St. Lawrence Catholic Church in Amarillo.

SURVIVORS include her husband, Tonsiano; a son, Joel; three daughters, Rita, Cynthia and Roxann; two brothers, Joe Villarreal of California and Manuel Villarreal of Alamo; a sister, Mrs. Angelis Chapa of Tulia; and her parents, Mr. and Mrs. Manuel Villarreal.

Tax exemptions granted on farm parts, supplies

Castro County farm implement and supply dealers received notification last week of new farm purchase tax exemptions allowed by State Comptroller Robert S. Calvert.

IN RULING No. 95-0.13, many farm repair parts and farming aids were exempted from limited sales, excise and use tax regulations. These items will no longer be subject to taxation when used exclusively on farm and ranch property and operation.

Specific exemptions from taxes collected by the State of Texas are:

- (1) Any form of animal life of a kind, the products of which ordinarily constitute food for human consumption, plus horses, mules and work animals.
- (2) **FEED FOR** farm and ranch animals and for animals which are held for sale in the regular course of business.
- (3) Seeds and annual plants the products of which either (a) ordinarily constitute food for human consumption or (b) are to be sold in the regular course of business.
- (4) Fungicides, insecticides, herbicides, defoliates and desiccants exclusively used or employed on farms or ranches in the production of food for human consumption, feed for any form of animal life, or other agricultural products to be sold in the regular course of business. However, when these particular items are used in commercial storage facilities or other storage facilities which are not located on the farm or ranch, the exemption is lost, and the tax must be collected on the sale of such items.
- (5) Fertilizer.
- (6) **MACHINERY** or equipment exclusively used or employed on farms or ranches in the production of food for human consumption, production of grass, the building or maintaining of roads and water facilities, feed for any form of animal life, or other agricultural products to be sold in the regular course of business. This provision must be strictly interpreted and any use whatsoever other than the use on farms and ranches as outlined above will

cause the machinery or equipment to become taxable.

Expendable supplies such as hand tools, grease, lubricants and workclothes are not included in the term equipment.

Repair or replacement parts which are not specifically designed for farm machinery or farm equipment are excluded.

TRACTOR tires are exempt from taxation as equipment, but automobile tires and truck tires are not exempt since they are not designed for equipment to be exclusively used on a farm or ranch.

Items such as washers and bolts or building materials such as fence posts, wire, nails and

lumber are not to be classified as farm or ranch equipment.

Pre-fabricated or portable items such as fences, chutes, gates, storage facilities, sheds and ranch buildings to be exclusively used on a farm or ranch are exempt under the term farm and ranch equipment.

MACHINERY or equipment includes those items purchased to be assembled into a machine or a piece of equipment such as parts of a pumping system or unit to be assembled at the well-site or sections of pipe designed to be fitted into a portable irrigation system.

Letter to the Editor

More traffic lights are needed to help prevent future accidents

Dear Editor:

Open letter to the citizens of Dimmitt and Castro County:

MOST OF US drive the main thoroughfares of Dimmitt frequently or infrequently as the case may be.

Isn't it then sheer folly and not a little stupidity that Dimmitt should have the dubious distinction of being the town where the "ONLY" stop light can be run at speeds upwards of 100 miles an hour by someone not in his right mind? And at the cost of his own and nine other lives?

What if you or I had been in his way?

DOESN'T IT stand to reason and common sense that perhaps had this individual seen another stop light or two before arriving at the main crossroads of our beloved city, he just possibly might have come to his senses enough to slow down?

What if, as is common practice, a transport fully loaded with lethal high explosive material had been coming through the intersection of Broadway and Bedford just as the light was run? A godly section of the downtown area wouldn't even be around anymore.

How many times do your kids—and mine—make the drag?

IT WOULD appear only the barest of good sense to have a traffic signal at West Third and Bedford—the busy intersection at the bank; to have a traffic signal at Broadway and Jones—where one can hardly brave the crossing at times; a signal at Bedford and East Second, and another at Broadway and Elter; so one at Broadway and Halsell, and one at Bedford and Front. These locations at a minimum. Surely these signals would have a decided effect of catching the eye far sooner than the lone signals at Broadway and Bedford—the crossroads of our town.

Is our city so broke (even with the sales tax in effect), do we not pay enough highway taxes with every gallon of gasoline we buy, isn't the cost in lives and property so high, that we can't afford this extra precaution in the hopes of saving both lives and property?

We have sat on our haunches over many years and let this powder keg exist right in our midst. We love to brag about Dimmitt and what a progressive town we are. **IS THIS PROGRESS?** How many towns our size permit a situation such as this to exist—only "one" stop light for 4,444 local citizens and a total of some 10,000 in the whole county?

Isn't it about time? What are we going to do about it?

Tratelly yours,
NOLAN W. FROEHLER

V.F.W. NEWS

By GERALD BROADSTREET Greetings Comrades,

I would like to start off by saying I'm sorry and I'll hope you'll forgive me for giving the false information last week about the post elections. I'm sure you know by the time this is printed the elections will be over. We elected officers last Monday night at our regular monthly meeting.

SINCE I have to turn my news in to the office Monday morning I can't give you the results of the election until next week. So tune in on this column next week and I'll have a list of the new VFW and Ladies Auxiliary officers for the coming year. Okay?

Say, we have a real humdinger of a dance coming up soon. We have hired the Maines Brothers to play for us! Just talk to someone that's heard these boys make music, and you'll hear nothing but kind words and praise. They have played for numerous rodeo dances and various organizations in West Texas, and they came to us highly recommended.

The dance is this weekend, Saturday, April 8. Starting time is 9 and we dance till 1 o'clock. Admission price is \$5 per couple, come early and get a good table. Everybody tells me, you don't have to dance to enjoy Maines Brothers music. You can have a good time just patting your feet. Hope to see you there.

I WOULD like to take this opportunity to thank all those who attend our Game Night activities on Wednesday. We appreciate your patronage and hope you'll continue to come out and be with us. We have a lot of fun presenting Game Night. Judging by the large crowds, we have I feel certain you all have as much fun as I do.

If you haven't been to our Game Night, come on out, we get started at 8:30 and usually we're finished before 10:30. See you there.

Tratelly yours,
NOLAN W. FROEHLER

island at the turnout to Western Circle Drive and nosed the car sideways so they could see our door sign when their lights hit it. "They were running it wide open and were weaving all over the road," Jones continued. "They didn't even slow down. I took the shotgun and fired into the air, but that didn't slow them down either. I didn't shoot at their tires because one of the sheriff's cars was too close."

"BY THE TIME they ran the city road block I was coming up on them fast enough that I pulled ahead of them," Cartwright said. "Where the high wall is, close to Sid Sheffy's—where they couldn't jump the curb—I thought we could box him in."

"I started slowing down and Martin came up beside them so they couldn't get out, and we thought we had them. "Martin got out of his car and was going to their car to get the driver out, but they saw there was barely enough room to go between his car and mine, and they took off again."

"BY THE TIME we could get going again they were some way ahead of us," the sheriff continued. "At the intersection they got a green light, or they probably would have hit somebody right then. I expect they were doing 75 or 80 when they went through the intersection."

"We came through the intersection after them, with our sirens going. Martin was ahead of me by then, and he caught the same green light. I may have run the light a little but I was under control—I could have missed anybody that drove out in front of me."

"The highway patrol men were east of town and were heading toward town," Cartwright said. "They had been on routine patrol out there."

"AS WE WERE approaching the east city limits, the highway patrolmen (Billy Scott and Dyrle Maples) saw us coming, made a U-turn and had their red lights on."

"The Highway Patrol car had just passed the other carload of boys (Robert Caddell's car, entering Dimmitt from the east), and they were going approximately 50 miles an hour."

"When Guia came around that little curve he crossed over onto the wrong side of the road and hit this other car head-on."

"We don't have any idea what Guia's speed was at the time of the accident," Cartwright said.

AS NEWS of the 10-fatality accident spread across the state and nation, lawmen here and elsewhere drew criticism for their "pursuit policies" inside cities. An Amarillo radio commentator openly criticized the "chase through the town" that he thought had occurred here.

The Lubbock Avalanche-Journal polled area law officers to get their comments on pursuit policies inside cities.

The Sheriff's Dept. here has received several critical phone calls—all anonymous—as well as calls supporting its efforts to stop the fugitive vehicle Saturday night.

Tuesday morning, the Sheriff's Dept. got its first anonymous crank letter referring to the accident. Mailed from outside the county, the irrational letter said: "I just wonder if the Boys was Barking Very Loud while they was chasing that pretty car."

BUT LOCAL officers defended their actions in trying to stop the speeding car.

Sheriff Cartwright said "Every case is different, and you can't write a policy to cover every case. You don't have time to ask a neighbor what to do about the situation. You have to make quick decisions. If we had let them go and something had happened to the girl, we would have been criticized for that, too."

Police Chief Jones commented: "As far as I'm concerned he (Guia) was going to go until he hit somebody."

"I guess if the law officers had just backed off and let the guy go through town and had done nothing to stop him, we would really have been in for it then when they hit somebody. "If someone wants to pass a law to keep law officers from having to chase or try to stop a speeding car like that, it people including four high

Elections draw light turnouts

Only a smattering of voters turned out Saturday for city, school and hospital elections. All races but one were uncontested.

TWO incumbent candidates—Jack Miller and John Gilbreath—were re-elected to the Dimmitt School Board. Miller received 70 votes and Gilbreath 65.

In the hospital board election, Donald Wright, incumbent, was elected with 173 votes and Robert McLean was elected to the other board post with 168.

The county school board balloting saw Houston Lust elected with 42 votes in Precinct 1 and Percy Hart returned to the board with 158 votes in Precinct 2.

IN THE Dimmitt city elections, Noel Gollehon netted 56 votes and Troy Kirby 50 votes in their unopposed race for re-election to the city commission. Deryl Clevenger and Joe Ed

Carson were elected to the Hart School Board. Clevenger, an incumbent, had 75 votes, while Carson had 112.

The other incumbent candidate, Vernon Mapp, received 70 votes, and C. R. Jones got 71.

IN THE Nazareth School Board election all three incumbent candidates were re-elected. Cyril Brockman received 41 votes, Robert Huseman 36 and Edwin Schacher 32.

Dimmitt's city commission Monday called a bond election for April 22 for a \$100,000 general obligation bond issue for a new fire station.

THE ELECTION poll will be open from 8 a.m. until 7 p.m. at city hall Saturday, April 22. J. R. Brown will be the election judge with Garnett Holland serving as alternate election judge. Brown is to select his own clerks.

The commission will meet April 24 to canvass the votes and send the results to the state attorney general.

THE COMMISSION also awarded the seal coating contract for this summer's paving program to High Plains Pavers of Plainview in its regular meeting Monday night.

High Plains Pavers submitted a bid of \$16.50 per yard and a total cost of \$19,767 for the 119,800 square yards of the seal coating project.

Man is charged in knife attack

Jim Day Jr., 23, was charged with assault with intent to commit murder Monday after he allegedly tried to attack Deputy Sheriff Rex Cowart with a butcher knife.

THE SHERIFF'S Dept. received a call at approximately 1:30 a.m. Monday of a serious disturbance at a residence west of Dimmitt. Answering the call were Cowart, City Police-men Fred Moulton and Kenneth McDermitt and Highway Patrolman Billy Scott.

Officers said Day was in front of the house, brandishing a butcher knife, when they arrived. He allegedly threatened Cowart, then ran at him with the knife.

McDermitt sprayed Day with Mace—a riot control chemical—then Day dropped to his knees and slashed his wrists, officers said.

DAY WAS taken to Plains Memorial Hospital for treatment, then was booked into county jail. He was transferred Tuesday to an Amarillo hospital for tests and observation.

Army exhibit set in Hereford

The combat arms of today's Army, Infantry, Field Artillery and Armor are the theme of a US Army exhibit that will be presented April 10 to 15 at Sugarland Mall in Hereford.

ENTITLED "Combat Age—Challenge, Opportunity, Excitement," the indoor, walk-through exhibit describes the advantages and other aspects of the service in the Combat Arms Branch of today's Army.

Safety important in choosing boat

ing car, but later investigation revealed that the car was driven by Guia, its owner.

Officers said Guia had been involved in a fight at Tam Arne, 11 miles west of Dimmitt, earlier Saturday evening. They said he evidently drove his car at full speed from the time he left the Tam Arne Inn.

Guia was on five years' probation for burglary, officers said, and he faced imprisonment and possible charges of assault and kidnapping if caught.

A witness to the Tam Arne incident had told officers earlier that Mrs. Olivarez was taken from Tam Arne against her will.

GUIA RAN a roadblock set up by city police in West Dimmitt, and several blocks up the street he escaped a "box-in" attempt by Sheriff Jack Cartwright and Deputy Granville Martin.

He raced through the city's main intersection at an estimated 75 to 80 mph as sheriff's officers pursued his car and highway patrolmen prepared to intercept him east of the city.

The Caddell car, meanwhile, was approaching Dimmitt from Nazareth. Glenn and Caddell had been working on the yearbook at Dimmitt High School until 3:30. Glenn was assistant editor of the annual and Caddell was a staff photographer.

Raper had joined Caddell and Glenn at the high school about 8:20, and they had gone to Nazareth in Caddell's car to pick up McLain and Geouge.

THE DIMMITT youths reportedly invited two other schoolmates to go with them, but the two boys declined. Later, two Nazareth boys reportedly started to come back to Dimmitt with the five youths in the car, but then decided not to.

Schoolmates said the boys were returning to Dimmitt to get a snack and drive around, then planned to drive back to Nazareth in time for an 11 o'clock mass at Holy Family Church.

Census Bureau shows increase in farms here

Castro County showed a total of 726 farms in the 1969 Census of Agriculture, according to figures released by the US Department of Commerce's Bureau of the Census, a part of the Department's Social and Economic Statistics Administration (SESA).

IN THE last previous Census of Agriculture (1964) the number of farms reported in the county was 645.

Of the county's total farms in 1969, 689 are reported as selling \$2,500 or more of agricultural products in the year, as compared with 637 in 1964.

The report also shows average farm size in the county was 302.1 acres, and average value of these farms (land and buildings) was \$264,920. The average age of farmers in Castro County was 45.4 years in 1969 compared with the 1964 average of 43.3 years.

OTHER figures from the report are:

1. Value of all farm products sold in 1969, \$76,640,102; in 1964, \$37,014,500.

2. Value of all crops sold in 1969, \$23,908,389; in 1964, \$29,538,698.

3. Value of all livestock, poultry, and their products sold in 1969, \$52,731,713; in 1964, \$7,475,016.

REPORTED for the first time in an agricultural census is information on the extent to which the corporate structure is being used by operators of farms from which agricultural products totaling \$2,500 and over were sold. Including family farms using this type of business structure, 13 of the county's \$2,500-and-over farms are incorporated.

Piano auditions set April 14-15

National piano playing auditions sponsored by the National Guild of Piano Teachers will be held at the First United Methodist Church in Dimmitt April 14 and 15.

JOHN MICHAEL BECK of Southern Colorado State College will judge the students' private auditions.

Thirty-nine pupils of Mrs. Faun Welker, Mrs. Leon Sanders, Dwight Joiner and Mrs. H. E. Hershey will be rated on their ability and understanding.

Beck instructs piano classes and applied piano at Southern Colorado State. He has been a soloist with the Pueblo Symphony Orchestra and accompanies recitals.

Mrs. Hershey is the local chairman of the event.

Byron Tunnell

RR Commission chairman seeks a second term

Byron Tunnell, young chairman of the Railroad Commission of Texas, has announced for election to his second full term on the commission.

HIS election last year as chairman established him as the youngest presiding officer of the agency in Texas history.

Tunnell is a graduate of Tyler public schools and Baylor University Law School. Prior to his commission service he was a practicing trial attorney in Tyler. The candidate is a Navy Air Corps veteran of World War II.

Tunnell has already made a mark as an advocate of conservation of the state's natural resources. In accepting the chairmanship of the commission, he pledged the full force and effect of the agency to conservation for the economic and ecological welfare of all Texans.

Joyce Kemper's pre-trial hearing to be held today

A pre-trial hearing on the Joyce Kemper murder case, originally scheduled here Tuesday in 64th District Court, was rescheduled for today (Thursday) in Plainview.

DISTRICT Judge John T. Boyd granted the two-day postponement because of a conflict in the schedule of Mrs. Kemper's defense attorney, Bob Carnahan of Amarillo.

Judge Boyd is expected to rule today on a motion by Carnahan to change venue on the new trial.

Mrs. Kemper is charged with murder in connection with the August 1969 death of her husband, Cloyce Wayne "Buddy" Kemper. The state charges she ran over him intentionally with the family car on a county road near their farm home in western Castro County. She has pleaded innocent, claiming his death was accidental.

Mrs. Kemper originally was tried in District Court here in September 1970. The trial ended in a hung jury and mistrial.

COMPTROLLER Robert S. Calvert estimates \$711.1 million in general revenue will be available for certification toward 1973 budgeting.

DEVON WOODLAND ... N.F.O. speaker

THE SUPPER will be open to all farmers and businessmen. Tickets are now on sale in all NFO county offices.

Guest speaker will be Devon Woodland, vice-president of the NFO. He has served as county president of Bingham County, district president, state president and has been National Director from Idaho for four years.

Nazareth news

Tragedy disrupts Easter Vigil

By Mrs. Florance Albracht
The erstwhile peace of the Easter Vigil was shattered here Saturday night by the stunning news of the head-on collision a half mile east of Dimmitt which left 10 persons dead, including 17-year-old Raymond Ireland McLain of Nazareth.

NEWS REACHED Nazareth via word of mouth and by television just moments before the 11 p.m. Easter Vigil Mass, which McLain, and his four friends who also lost their lives in the crash, had planned to attend.

Although the majority of the congregation attending the Vigil service were aware of the fatal wreck, including the pas-

tor, Father Stanley, exact details of the accident were slow in coming. Amarillo's Channel 7 pieced together the grim facts of the worst wreck in Panhandle history and aired it with films at 1:20 a.m. Sunday.

Residents of Dimmitt and Nazareth, who saw the news flashed across their TV screen kept the Sheriff's Department phone busy with anxious calls before the names had been released—all alarmed about the possibilities of friends or relatives involved.

IT WAS as bad as any two-car automobile mishap in Texas history, as there have been three other 10-fatality accidents, according to state records. The incredible death toll drew

national attention and was the leadoff story Sunday on at least one network newscast.

The McLain youngster an all-district lineman on the 1971 Nazareth football team, and his friend, David Geouge, who moved to Dimmitt recently from North Carolina and who had worked on farms in the Nazareth area, had left Nazareth about 8:50 p.m. with the three Dimmitt teenagers—Robert Caddell, driver of the car, Johnny Raper and Jeff Glenn—and headed for Dimmitt to grab a bite to eat before church services.

McLain was pronounced dead on arrival at Plains Memorial Hospital in Dimmitt about 9:40 p.m. Saturday. His body was taken to Dennis Funeral Home of Dimmitt, where it remained until funeral services here Tuesday. Private Rosary was said beginning at 4 p.m. Monday, and continued until a public rosary at 7:30 p.m., followed by mass.

A Requiem High Mass was offered at 10:30 a.m. Tuesday by Father Stanley with burial following at Hart in the McLain family plot. McLain spent part of his childhood days on a farm south of Hart.

Survivors are his mother, Mrs. Gladys McLain; two brothers, Douglas and Dale; a sister, Denise; and his grandparents, Mr. and Mrs. Raymond Annen of Nazareth and Mr. and Mrs. E. I. (Tump) McLain of Hart.

Hart friends of the family served the dinner following the burial.

Nazareth school officials, who had dismissed classes for Easter Monday celebration, called off classes Tuesday so that students could attend the funeral.

IT WAS a somewhat somber Easter Sunday for Nazareth as the result of the accident involving Raymond McLain, although the feast of Easter is the biggest celebration in the Catholic Church.

However, many relatives visited Nazareth people, with many family reunions and other gatherings.

Donald Braddock and his wife spent Easter with his folks, the Rudolph Braddock family. Donald recently returned from Korea, where he was serving in the US Army, from which he has since been discharged.

Mrs. Max Acker received news of the birth of her daughter Grace's baby girl, Cindy Grace, and her husband, Jim Kalka, live in Dallas and have three other girls. Also visiting Mrs. Acker were Mr. and Mrs. Jack Dae of Lubbock and the H. D. White family of Amarillo.

THE FRANK HOELTING family turned Easter Sunday into a sentimental occasion as they gathered at the "old" farm home five miles south of Nazareth. Sons Dickie, Ronnie of Amarillo and Cecil Hoelting and their families, along with a sister, Mrs. Estelle Keys and her family, joined Frank and Ella for a necktie dinner on the farm. The nephews and nieces took advantage of the "romantic" room until the sun went down.

The John Storks hosted 50 children and grandchildren for Easter. Among those visiting were Mr. and Mrs. David Pope granddaughter and her husband, the has just returned from Vietnam, where he served as a helicopter pilot; and daughter Evelyn and family. The Bill Hills of Hart spent the holidays in California while Jim Bill's family of Fort Worth failed to make it home for Easter.

Alice Hoblesheimer of Bartlesville, Okla., spent Easter

weekend at the Francis Wilhelms and enjoyed Sunday dinner at Florance Albracht's along with Doug Wilhelm. The entire Albracht clan gathered, including 27 grandchildren of four families along with writer Art Albracht of San Antonio, who is visiting for two weeks.

FATHER STANLEY baptized baby Martin John Gerber, son of Mr. and Mrs. Vincent Gerber, in Holy Family Church on Holy Saturday. Ronnie and Regina Hoelting, aunt and uncle of Martin, were sponsors. Lisa Wethington, daughter of the Herbert Wethingtons, also was baptized. Her sponsors were Mr. and Mrs. Dick Hoelting, aunt and uncle.

The Al Hoelting family had their four children and all their grandchildren here for Easter—their son, Clyde, and family, Mr. and Mrs. Eddie Schacher and family, daughter Charlene and her husband and family of Amarillo, and Dolores and Donald Denton of Claude.

Coloradoans Mr. and Mrs. Denis Hoelting and family; Marvin Hoelting and his wife, Carol and little son; and Texas Tech student Ann Beth Hoelting, spent the Easter weekend with the Greg Hoeltings. Carol and baby stayed here until Wednesday to return with the John Smiths of Denver. The Smiths visited Linda's mother, Rose Hindman.

MR. AND MRS. Tommy Pohlmeier and family of Colorado Springs, Mr. and Mrs. Mike Williams and family of Amarillo and Mr. and Mrs. Les Boyle of Lawton, along with Rosella and fiancée Ray O'Riley of Dallas, were at the Vincent Pohlmeiers' for the holidays.

The Tony Gerbers gathered along with their children here over the weekend—Mr. and Mrs. Norbert Gerber of Enid, Mr. and Mrs. Dennis Gerber, Mr. and Mrs. Ed Gerber and boys of Hobbs, N.M., the Jerome Gerbers of Tatum, N.M., along with daughter Regina and family of Amarillo as well as the Vincent and Fritz Gerber families of Nazareth.

Conservation

Wind erosion; how to control

By TALMADGE PORTER
This type of soil destruction has been a factor in the consideration of soil conservation for many years. We seem to just take it for granted that we will have so much of it.

MOST OF US are familiar with techniques for preventing wind erosion, or at least methods used in an attempt to control it, but we need to be made aware of them from time to time. Of course, if we can keep enough moisture in the soil there is little danger of wind erosion.

Therefore, in dry-land areas, minimum tillage practices should be performed in such a way as to leave a cloddy surface. If possible it should all ways be at right angles to the prevailing winds. Also in strip cropping, the strips should be perpendicular to the wind.

Usually a vegetative cover of some kind is desirable. If you have grass, avoid heavy grazing until you have a good root system established in the soil. Then you should use good pasture planning and management to keep grass healthy enough to provide the protection needed during the critical season.

Stubble mulching is a good practice against wind erosion and we should avoid the burning of stubble when it can be used for this purpose.

Wedding vows will be exchanged Saturday, June 30, in Canyon.

The view from your library

By MARY EDNA HENDRIX

The Friends of the Library gave us some money to buy a set of the books by Dr. Seuss. These have come in, and some of the titles are "On Beyond Zebra!", "Bartholomew and the Oobleck", "How the Grinch Stole Christmas", "Thadwick the Big Hearted Moose", "Yertle, the Turtle.", "The 500 Hats of Bartholomew Cubbins.", "And to Think I saw it on Mulberry Street.", "Horton Hears a Who!", and "Horton Hatches the Egg". Some mothers and grandmothers may get tired reading the books by Dr. Seuss but the children love them and according to the authorities they are good reading for the children.

WE ALSO got a few more of the "Curious George" books by H. A. Rey—"Curious George Gets a Medal", "Curious George Learns the Alphabet" and "Curious George Takes a Job." The children like the stories about Curious George, a little monkey who is so curious that he is always getting into trouble.

We get the award winning books for 1972. "Mrs. Frisby and the Rats of NIMH" won the Newberry Award. This is a book for juniors, and it is about a mouse and the serious problems she had. All the rats of NIMH had been imprisoned for several years in a laboratory known as NIMH, where various "injections had made them very long-lived, and inventive. "One Fine Day" by Nonny Hogrogian won the Caldecott Award. This is a book for the primary level and was given the award for the clever and colorful pictures in the book. The story is about a fox and his adventures.

I TOLD the story, "The Egg Tree" by Katherine Milhous, to 13 boys and girls at Children's Story Hour last Friday. Mrs. Hardin and Mrs. Schilling served punch, Easter bunny rabbit cookies and cuckooes with a nest filled with tiny Easter eggs on top.

I certainly appreciate the mothers who help with the Children's Story Hour. Mrs. Sava is so good to do this also. Thanks, mothers!

Mrs. Lynn King's little grandson, Brian Barkley, who is 3, had surgery last week in Amarillo. We wish a speedy recovery for Brian. Mrs. King went to Hereford to stay with Heather, Brian's sister, while her mother and daddy were away.

INTERESTING people in the library last week:

Terry Parsons, who is attending Ozark Bible College in Joplin, Mo., was in Dimmitt visiting the Roy Barringers. Terry is a resident of Oklahoma. . . Mrs. Meda Kittrell and Mrs. Betty Kittrell always bring their babies with them to the library; this makes me want to see my grandchildren. . .

Mrs. Gerald Porter, the reference librarian at Southern Methodist University in Dallas, and her sister, Mrs. H. A. Berry from Amarillo. Mrs. Porter and Mrs. Berry are originally from Illinois.

Ladies to model styles next week

By IRENE KEATING
I hope we don't have any more cold weather; hopefully, you didn't lose too many flowers or fruit.

THE WOMEN who made garments in our recent clothing construction workshop will be having a style show on Thursday, April 13 at 4 p.m. in the assembly room of the Court-

house. Do come see the pretty garments—the first for some of them.

Last week I enjoyed making home visits. Lottie Smith and her husband have a beautiful mobile home—14 ft. by 68 ft.—it looks so much like a conventional house inside. I really do appreciate Lottie—she got a group of 11 women together last week and we organized a new H.D. club.

Another interesting visit I made was to see Jackie Smotherman. She is very good with decoupage and antiques and I do wish each of you could see her pretty red "garbage" can end tables. That is such a clever idea and they look very nice. She also has a pretty dresser that she and her husband refinished and antiqued. I'm so proud of you women who use your creative talents.

I HOPE all of you enjoyed your children last week while they were out of school. It is unfortunate that we had cold weather so much of the time.

This is the time of year for pretty spring bouquets and each of us wants our cut flowers to look good for the longest possible time. Here are some tips to help you accomplish this.

Wash your container with soap and water before use. Remember to cut stems at a slant, using a sharp knife or shears. Cut flowers in early morning or late afternoon and select and cut flowers that aren't fully open.

REMOVE the foliage from the lower third of the stem and all broken and bruised parts of the stem. Then wash the flowers to remove dirt, sprays and dust. Store flowers in a cool place until you're ready to arrange them.

To give your arrangements longer life don't place them in direct sun. When possible put them in a cool place during the night. Recutting stems of "lowers" and changing the water every other day gives longer life to cut flowers.

New HD club is organized here

The Dimmitt Home Demonstration Club was organized March 29th with 11 members present. Mrs. Nell Ingram, council chairman, Mrs. Hattie Howell, THPA chairman and Mrs. Irene Keating helped with the organizing.

THE OFFICERS elected are: Mrs. Daphne Montgomery, president; Mrs. Lottie Smith, vice-president; Mrs. Centrie Mayberry, secretary and treasurer; Mrs. Frances Washington, council delegate; Mrs. Ottilie Alexander and Malissa Rogers recreation leaders, and Mrs. Cassie Chavers, reporter.

The club meets the first and third Tuesdays at 7:30 p.m. in the assembly room of the Court-house.

Auxiliary extends ticket deadline

The Plains Memorial Hospital Auxiliary announced this week that ticket sales for its Invitational Awards Banquet will be extended through Tuesday.

The Auxiliary will have its regular meeting next Wednesday at 10 a.m. in the hospital auxiliary room.

Miss Gonzales

McAllen vows set

Mr. and Mrs. Pedro R. Gonzales of McAllen, announce the engagement and approaching marriage of their daughter, Nora Elia, to Ruben Alvarez, son of Mr. and Mrs. Jos Santos Alvarez of Dimmitt.

MARRIAGE vows will be exchanged Friday at 6 p.m. in the St. Joseph The Worker Catholic Church in McAllen.

A reception will follow the ceremony in the bride's home at 1417 South 19 1/2 Street in McAllen. A dance honoring the couple will be at 8 p.m. in the Tourista Center.

Mud slinging Easter Lions pick officers

Monday night of last week marked the annual Easter Lions Club election party, and as usual the campaigns were hard fought and there was a lot of mud-slinging.

"DIRTY" GARRISON was campaign manager for "Dandy Don" Tindall for the head job of Boss Lion. His opponent in the race, "Round Boy" Dobbs, was managed by "Horrible" Hutchins, a mud slinger.

Hutchins even tried to influence the voters by passing out free corn squeezings to everyone as they came to vote. He has his own private still on his farm just south of Summerfield. (If any revenuers are reading, the still is on the west forty.)

But despite the corn squeezings and mud, "Round Boy" Dobbs lost out in a close race to "Dandy Don" Tindall for Boss Lion for next year.

NEXT IN line as first vice-president is Roy "Sugarbeet" Parten. The second vice-presidency went to Ivan "Goof-Off" Block. Third vice-president during the coming year is old David "Mud Slinger" Hutchins.

The job of tail twister went to Fred "Double Bitted" Axe. The secretary's job goes to Mary Behrends under the guise of Clarence Behrends. The job of counting the take as treasurer goes to Earl Harkins.

The new Lion tamer will be Richard Price (no kin to the congressman). New directors are Earl "The Pearl" Gunther and R. E. "Junior" Lance.

THE CONTESTANTS pulled no punches in trying to get elected to their sought-after positions. Presiding over the meeting was the present Boss Lion, H. W. "Buster" Thomason. The Lions enjoyed a meal catered by the Caison House of Hereford, a suburb of Easter.

Easter has the largest Lions Club in the county.

EXOTIC NEWCASTLE

The spread of exotic Newcastle disease in southern California has brought on a national emergency, but Texas should escape the threat of the poultry disease, says Dr. James Armstrong, Extension veterinarian. Although several cases of the disease were found in the El Paso area last December, these are under control. Sentinel birds susceptible to the disease were placed on the quarantined premises and to date they have remained healthy.

DEBBIE HANSEN of Dimmitt High School shows her first-place oil painting in Plainview's third annual Student Art Show March 26. There were 394 entries in all categories of the art show. The exhibit will be open to the public through Tuesday in Herral Memorial Auditorium in Plainview.

Highway death toll for 1971 set at 3,594

Col. Wilson E. Speir, director of the Texas Department of Public Safety, said today the final tabulation of 1971 motor vehicle traffic accidents shows that 3,594 persons died last year on Texas streets and highways. An additional 121,082 were injured and the total economic loss was \$1,045 billion.

"THE DEATH figure of 3,594 represents a 1 percent increase over the 1970 toll of 3,560. Actually, with all factors considered, the rise in deaths could have been greater," Speir said.

"For example, vehicle miles driven increased from 68 billion in 1970 to over 70.7 billion for 1971. This represents a rise in total driving of 4 percent. From another standpoint, the number of licensed Texas drivers rose by nearly 324,000 during the past 12 months to a total near 7 million.

"Despite these sizeable increases in both miles driven and numbers of drivers, actual deaths increased only slightly. This means that our death rate per 100 million miles of travel—the nationally accepted indicator of traffic safety effectiveness—decreased 3 percent from 5.2 in 1970 to 5.51 in 1971. As recently as 1966, our death

rate in Texas was 6.2 so progress is being made," the DPS director added.

OF THE 3,594 deaths, 2,184 occurred on rural roadways and 1,410 in urban areas. There were 2,993 fatal accidents and 1971 was 394,168.

Speir said driving too fast for conditions and driving while intoxicated continued as primary law violations contributing to fatal mishaps. Other major violations included driving on the wrong side of the roadway and failure to yield the right-of-way.
