Japanese Make Another Trial at Bottling Up the Russian Fleet at Port Arthur

RESULT OF EFFORT IS LEFT IN DOUBT

Russians Assert Entrance Is Clear-Japs Call the Attempt a Success

TOKIO, March 28., 4 p. m.-A telegram received from New Chwang this afternoon says that at 3 o'clock yesterday morning the Japanese succeeded in sinking four steamers at the mouth of Port Arthur harbor. A flotilla of destroyers conveyed the merchantmen, which were subsequently sunk, and rescued the volunteer crews. Later the Japanese battleships bom-barded the town and its defenses.

RUSSIANS ENTHUSIASTIC

Account of Japanese Lack of Success Brings Cheers for Makaroff ST. PETERSBURG, March 28., 4:55 p. m.-Large crowds gathered before the

bulletin boards today to read the official accounts of the second unsuccessful attempt of the Japanese to bot-tle up the Russian fleet at Port Arthur. Lieutenant Kriniski's heroic work on the enemy's transport ships and torpedo boats and the action of three officers in boarding the burning steamers, extinguishing the flames and cutting the wires connecting with the infernal machines has evoked enthusiasm while almost the universal exclamation applied to Vice Admiral Makaroff as the people turned away, was "Molodetz," which might literally be translated, "He's a dandy.

The action of the Japanese in making use of infernal machines has aroused indignation. No further details have been received except that the injury to the torpedo boat destroyer Silini from grounding is slight and that it

can easily be repaired. The Associated Press has received confirmation of the report that Admiral Makaroff during his reconnoisance of the Elliott Islands captured a Japanese vessel towing a Chinese junk, but the which regulates the holding of elections that rain has failed to fall over the ranges brought against him in the in- John Lytle, secretary of the associavessel was a small steamer and not a gunboat.

conditions which have brought about the coming conference of stockmen west of the Mississippi river: "Between the railroads and the beef

trust," said Secretary Martin, "the stockmen are being robbed of millions every year, and have been for the past five years. After the cattlemen have paid the freight to Chicago, there has been an additional charge of \$2 a head for cattle by the terminal railroads in Chicago. We claim this should not be charged. There are 400,000 head of cattle shipped there annually. At \$2 a head there is \$800,000 which goes to somebody from the pockets of the stockmen. This has been in vogue for

six years, making a total of \$4,800,000. The decision of the interstate commerce commission means that the railroads have to return \$3,000,000 of this money. But they will fight it. We secured in a decision by the federal circuit court in Chicago a decision whereby the roads were to be made to charge only \$1 for terminal service at Chicago. This judgment has been appealed from the federal to the supreme court, and is there now

PRICES WAY DOWN

are bringing only \$13. In 1903 they brought from \$15 to \$18. Two-yearolds are bringing from \$18 to \$20 now, whereas last year we were getting from \$24 to \$26. One can see that there is considerable difference as to prices now and those last year. It means millions in loss to the stockmen. The demand for dressed beef is greater now

than ever in the history of the market, too. Why should the prices range so low then? Choice steers sold in Chicago last July for \$8.50 to \$9 for 100 pounds. They are now bringing only \$5 to \$5.25. There is at least \$3 per 100 pounds drop on No. 1 beef steers. There are 10,000,000 beef steers slaugh. tered annually. A loss of \$3 a head, or, say, \$1.50, figures that \$1,500,000 is not going to the stockmen as it should. Who's getting it? The railroad and beef trust." CONTENTION OF THE ROAD

In discussing the action of the Texas and Pacific's withdrawal of stock rates, Mr. Martin thinks he sees a move on the part of the road to force the marketing of cattle at Fort Worth. Apropos of this action Gen. Solicitor Freeman of the Texas and Pacific has come out in a statement justifying the posihave given away and all bridges across tion of the road. bed is always a matter of secondary importance. What is in the bed is

the important thing. If you make the mistake of think-ing that more consideration should be given to the form of your beds than to the flowers you expect to grow in them, you do an injustice to the flowers, because you do not depend on them for satisfactory results so much as on

If you have space enough to warrant it, you can substitute curves for straight lines, and gain much in general effect, but do not waste ground when your garden is of limited area. Having decided what kind of beds

you will have, and how many, I would advise you next to take up the study of the florists' catalogues, with a view to selecting seed. This part of the work can be done

from it is foul also. Foul blood means disease. Cleanse the churn and you have sweet butter. Cleanse the stomach and you have pure blood. The farreaching action of Dr. Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. There is a big elevator in the human body which adjusts the supply and de-mand of food materials. All the blood that comes from the stomach and bowels during the digestion of a meal passes first through the liver and certain food matter is extracted. The starchs, sugars and fats are stored up by the liver and issued to the system as needed by the tissues, and certain poisonous matters of the food are taken out and gotten rid of by the bile. If the liver becomes torpid or diseased, all these functions are interfered with. Poisonous matters are

thrown back into the blood, causing headache, bowel irregularities, and often severe illness, as jaundice, wherein these diver poisons are so abundant as to give a yellow color to the skin. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. The "Discovery" is a leer regulator and rich blood maker unsurpassed.

"I write to tell you of the great benefit I received from the use of Dr. Pierce's Golden Medical Discovery," writes Mr. G. B. Bird, of Byrnside, Putnam Co., W. Va. "It cured me of a very bad case of indigestion associated with torpid liver. He advised me to try the 'Golden Medical Discovery,' so I began the use of it and after taking four bottles I felt so well that I went to work; but soon got worse, so I again began the use of it and used it about eight weeks longer,

"Please accept my thanks for the good Dr. Pierce's Golden Medical Discovery has done for me," writes Mrs. N. Chesley, of Cleveland, Cuyahoga Co., Ohio. "I was troubled for over a year with what the doctor pronounced indigestion. I had nervous headaches, an unpleasant taste in my mouth in the morning, and ent medicines but to no avail. CRIMINAL CASES REVERSED

Attorney James S. Davis, representing Kid Kinney in cases before the criminal court of appeals at Dallas, on Saturday appeared before that court and succeed ed in having the three cases against Kinney reversed and remanded. The actions were the result of gaming charges lodged against the appellant.

The higher court held in favor of the appellant's contention that the statute was a reform statute and that punishment could not be inflicted except in cases where a party had committed a new offense after the prior conviction, and as the cases of appellant were not of that character the judgments of conviction were set aside.

This is a victory for Kinney, and the ourt's action remands the cases back for retrial in the courts of this county.

within the year, and if his brother's dogs were to be set upon him if he showed face upon Minstead land, then indeed he was adrift upon earth. The abbot had rolled 10 silver crowns in a lettuce leaf and hid them away in the bottom of his scrip, but that would be a sorry support for twelve long months. In all the darkness there was but the one bright spot of the sturdy comrades whom he had left that morning; if he could find them again all would be well. The afternoon was not very advanced. If he walked fast he might yet overtake his friends ere they reached their destination. He pushed on, therefore, now walking and now running.

It was no easy or light thing to journey through this great forest, which was some twenty miles from east to west. Alleyne, however, had the good fortune to fall in with a woodman, ax upon shoulder, trudging along in the very direction that be wished to go. They plodded along together with little talk. The clerk's mind was on his brother, on his future-above all on this strange, beautiful woman who had broken so suddenly into his life, and as suddenly passed out of it again. So distrait was he that the woodman took to whistling and soon branched off, leaving Alleyne upon the main Christ-

CALLS IT WORSE THAN SUNDAY BASEBALL

One Gray-Haired Member of the Congregation Leaves

the Church

One gray haired man, evidently a veteran, got up and left the audience at the Taylor Street Cumberland Presbyterian church last night as the pastor, Rev. J. B. Caldwell, stigmatized the meeting of the Confederate Veterans as the greatest evil in the city from the point of Sabbath desecration This remark came at the close of a sermon on the fourth commandment and immediately after a discussion o the playing of Sunday base ball. were asked to name the greates evil in Sabbath desecration in this city," said the pastor, "I should not owever, say it was Sunday base ball the open saloon, but the Sunday meeting of the Confederate veterans This I say in all kindness and with the greatest respect for that organiza tion of men who offered their bodies in this way are drawn into a disobedience of God's word in regard to Sab J. We Christians should see that each one is indicted. Let us lay the heavy hand of the law upon them.'

Sunday operation of railroads also came in for a share of condemnation with the argument that no commercial interests had a right to recognition in the face of God's commands and an argument for the railroads upon the part of a representative in the house based upon such commercial necessities was also severely scored. In concluding this branch of the subject he said "I wonder how God looks upon the railroad business in America to-

Officers of Third Christian Church Will Assist the Missouri Avenue Congrega-Gives Important News

Rev. J. S. Myers and the board of officers of the Tabernacle church have tendered the use of the Tabernacle to the members of the Missouri Avenue church for the musical to be given on the night of April 5. The object of this entertainment is to raise funds to aid in rebuilding the church building of the Missouri Avenue congregation which was recently destroyed by fire.

It is learned that about one-half the desired amount necessary to build another church has been raised. Work is being pushed now to secure the remaining amount, and the prospect is that the total sum will soon be in hand for the erection of the building. Other congregations of work and will lend a helpi habit the city are interesting the
