anyone who isn't confused by lawmakers' struggles over s at Austin just hasn't been ing up with the situation. e've tried to keep up with 's going on with the result we don't have the slightest about how it's all going to out.

ne thing we do know for cer- the average consumer will the bills as always.

ne House revenue and tax mlttee approved a bill last k that would put a "specific tax" on luxury items. Chair- of the committee Doc Blane- said the tax plan is based inly on ability to pay, cially the luxury items. A can live his whole life and be touched by this tax bill as he buys luxuries."

hat are these luxuries that in all likelihood, be taxed? y include all building mater- used in construction of all estate including homes; a merical rental property tax e paid by the tenant and a per cent tax on hotels and els to be paid by the guest.

if any man can live without g touched by these "luxuries" going to get awful cold. iso on the tax rolls are auto- lubricating oils, radios, ets, component parts of os and TV sets, new and used moobiles, auto parts, leather s, phonograph records, scrap al, pottery, cameras, boats a, silver all items sold in a dry store all sporting goods, beer and whiskey.

axes on these so-called luxury s are expected to bring in million during the next two s to pay for the present deficit ding of the state and future s.

good many people are scream- that big oil (especially out- ate companies) are being left the tax list. A token natural- list is on the house comit- tax but petroleum products ignored. This is to be expect- because big oil companies are ented to dividends for their hlders and they don't want pay taxes. With this ladable in mind, they send their ressario lobbyists to state cap- and with their palm-greasing, spending and coercion are to keep new taxes off their ks and on those of John Q. zen.

uman nature being what it is can only watch through our of tears and hope they let dowa easily as possible. We let out-of-state oil companies up half our oil and natural gas uction and not tap them as h proportionably as everyone

This is a situation that ap- ntly can't be remedied since great browbeaten Association Texas Taxpayers—6,000,000 ng—can't afford the lobbying er of big business and thus pay all state costs.

ere are a good many other s such as cafe meals over D and equipment rentals in tax bill. Regardless of what ody says, this thing, if it es, will hit without any regard ibility to pay which used to be the basic tax criteria. astin is in a turmoil about the tax proposals. So are a good y people in other places. The thing we hate is not the ise in taxes which is bound to e with increased government ces and inflation, but their ood of collection.

These youngsters trooped through an operetta of "Sleeping Beauty" Tuesday night at the regular P. T. A. meeting before a jam-packed auditorium with more natural poise than many seasoned actors and actresses. In this scene the kingdom has just awakened from the 100 years of sleep the bad 13th fairy wished upon them because the king had not invited her to the princess's coronation. The royal family is located in the center, the king and queen wearing crowns and the princess and prince are standing slightly to their right. The others are the fairies, soldiers, heralds, and subjects of the king. See pg. 9 for additional picture.

4-H Tractor Driving Contest To Be Held Saturday Morning

The 4-H Club Tractor driving contest will be held Saturday beginning at 8:00 a.m. behind the football field at the High School. About 50 boys have completed the tractor maintenance course which adult leaders have been conducting. The groups have been studying different parts of tractor and machinery for about two months in their group meetings. A test will be given to the club boys during their last group meeting and this will count one third of the contest.

At the contest this Saturday, the boys will be given a practical examination in which they will examine a tractor and tell what is

4-H Members Chosen for District Meet

As a result of the county elimination held Saturday, at Dimmitt High School, the following 4-H members will represent Castro County in District Contests:

Garden Club Starts Pre-Summer City-Wide Clean-Up Campaign

A pre-summer clean-up campaign, sponsored by the Dimmitt Garden Club, will get underway here Monday.

The drive, scheduled to last all week, will be climaxed by an all-out clean-up day Thursday.

Businesses are being asked by the Garden Club to close up long enough on that day for their employees to clean up around the premises.

This clean-up campaign was set up so litter, cans, paper and odds and ends of trash could be picked up before the weeds begin to grow. The regular July clean-up campaign is concerned chiefly with weed destroying and the Gar-

Association to Supply Bracerio Labor for Area

Some fifty farmers were present at a meeting Monday night to form the Castro County Farm Labor Association.

Now fully under way, the organization is headed by George Heard, president. Also elected as officials were Lon Boothe, secretary, and Bill Summers, Ray Roberson, T. J. Holcomb, Tom Draper, and J. F. Clark, directors.

Purpose of the labor association is to create a source of supply for bracerio labor. A campaign to recruit membership in the organization is under way and a minimum of 100 members must be secured to assure success of the venture. Bracerios handled through the Castro County association can be used in Castro, Deaf Smith, Farmer, Bailey, and Lamb Counties.

The membership fee has been set at \$10 and applications for memberships and a check for the fee can be left at the Castro County Chamber of Commerce office, 110 South Broadway.

NEW OPERATING ROOM LIGHT — This tremendous new operating room light, installed last week by local electricians and a German technician, is the result of a concentrated "Operation Christmas Greeting" drive last December by the Tierra Blanca Medical Society Auxiliary. The \$1,295 light puts the Castro County Hospital operating room in a class with those of the nation's leading hospitals. Looking at the light are Mrs. Lorene Farris (left) and Mrs. Nola Wood, both of whom take part in

about 90 percent of the hospital's operations. The new light has both cover and spotlight features and is called a Super Hanelux Basic Major Surgical Light and was purchased from the Overseas Service Corporation. With the money collected by the medical society auxiliary and the sale of the old light, the new fixture will be about paid for. The old light is already considered sold to another hospital. The new light will turn to any position and offers little resistance to movement. —Staff photo

Junior Class Presentation of 'Inner Willy' Next Week

The Dimmitt High School Junior Class will turn thespian on Thursday, April 30 and Friday, May 1 and present a hilarious three-act comedy for local viewing called "The Inner Willy."

The play pokes fun at dignity and reserve and will be directed by the school's drama instructor James W. (Rosy) Bates. In this play a very formal person's "inner self" assumes a separate corporate form and impulsively puts stuffiness in its place. Inner Willy, in underwear and clownish felt hat, pops out of thin air "on a burp" to goad sedate, somewhat stuffy Willoughby Adams (played by Clint Smithson) into unbending and being himself. Embarrassed by this arrogant apparition who audaciously perches on the piano Willoughby calls Willy (played by Bennie Scott) a "super-charged atom in BVD's."

Under the oversolicitous eyes of his three maiden aunts, Willoughby has for too long been dutifully practicing the piano, swallow-

ing cod-liver oil, eating turnips, and listening to his aunts arguing whether he should be a lawyer, musician or architect (He wants to be a geologist). Now, with Inner Willy's help, he begins to show some standard male characteristics and takes notice of the girls around him despite the impositions of his aunts.

Then Willoughby's problems really begin, gleefully maneuvered by Inner Willy. Willoughby asks cute Carol Martin (played by Audrea Boothe) to the school dance, and gets mauled by Carol's steady. Two more dance partners materialize: Marybelle (his aunt's choice played by Pat Norris) who doesn't have the mumps after all, and Trudy (played by Earlene Taylor) who assumes Willoughby will escort her.

Not until Willoughby satisfactorily disposes of the girl complications, arranges the dance details (even to refusing to wear his overcoat), and makes an issue

of a career choice, does the "pest," Inner Willy, vanish behind the sofa.

Hester, Louise and Olga, Willoughby's maiden aunts, are played by Peggy Gilbreath, Wynema Fuller and LaNelle Blanton respectively.

Other characters are Stanley Clark, 16, who is inclined to be tough, played by Delbert White; Mike, 16, a regular guy, played by Hal Rateliff; and Judy Marshall, Trudy's twin, played by Verna Brown.

Student directors are Zetha Ivey and Gwen Dunn. The stage setting is by Ruthella DiCuffa and director is James W. Bates.

Curtain time is 8:15 both nights and admission is 60 and 25 cents.

Mr. and Mrs. Tom McGaughy of Littlefield were Sunday guests of his brother and family, Mr. and Mrs. Dexter McGaughy.

First State Bank Treats Seniors to Play and Dinner

Eighty seniors from Dimmitt Hart and Nazareth High Schools were guests of the First State Bank of Dimmitt Saturday night for dinner and a Broadway musical in Lubbock.

This is the first time the bank has sponsored such a treat. In the past they have always given gifts to graduating seniors but according to Bob McLean, president of the bank "This year with the stage play right in Lubbock, I figured it would be a treat some of these kids might never get to repeat."

The play was "Lil Abner." The bank picked up the tabs both for the musical and for a barbecue dinner at Underwood's in Lubbock.

LEGION ZONE MEETING HERE

The American Legion and Auxiliary of Zone II will hold their regular monthly meeting in Dimmitt, Monday, April 27th at 8:00 p.m. All members are urged to attend. The meeting will be held at Raney's Steak House Cafe.

Halfway Research Station Gains Independent Status

The High Plains Research Station at Halfway, which has received considerable financial backing from this area, has been declared an independent agency owned by agriculturists of the High Plains by Texas Research Foundation, founder of the station.

The rapid progress of the High Plains Station at Halfway in Hale County in attaining full stature as an agricultural research center now warrants reorganization of the station on an independent basis, Karl Hobbiltzelle of Dallas, President of the Texas Research Foundation, announced Saturday.

"Texas Research Foundation established and staffed the 310-acre High Plains Station in the fall of 1956 at the request of farmers, ranchmen, businessmen and industrialists in that region," Mr. Hobbiltzelle said.

"The phenomenal success with which our neighbors on the High Plains have developed that sta-

tion into a fully functioning research center in an incredibly short period is heartening confirmation of the Foundation's self-help philosophy."

A charter from the State of Texas for the new institution, to be known as the High Plains Research Foundation, was granted on April 8, 1959, with the Executive Committee of the Board of Trustees being Frank Moore, R. Virgil Payne, Harold Hinn, Grady Tunnell, Jason Gordon, Hale County; Roy Mack, George W. Pfeifferberger, Lubbock County; Jack Yarbrough, Lamb County; Ewald Quebe, Floyd County; R. G. Freiler, Deaf Smith County; Grady Goodpasture, Terry County and Virgil Patterson, Potter County.

Mr. Hinn, Chairman of the Executive Committee of the High Plains Research Foundation, expressed gratitude to Texas Research Foundation for providing leadership for the establishment and development of the facility at

Halfway in Hale County. "Without the assistance of Dr. C. L. Lundell and his staff at Renner to get the research program underway the High Plains Station could never have become a reality," Mr. Hinn stated.

"The industrial and agricultural growth of our region had presented agriculture with a number of pressing problems whose solutions demanded on the spot research," Mr. Hinn said.

"On several different occasions, we approached state agencies and the legislature with a request to provide facilities for meeting our needs, but each time our effort was fruitless."

Mr. Hinn described the more pressing of the region's major farm problems as being the efficient use and conservation of water, determination of fertilizer response for profitable fertility management and a need for new crops.

McLeroy Winner of Agriculture Award

Edd C. McLeroy was named this week as the non-farmer who has given the most outstanding service to agriculture in the 51 counties of the Texas Panhandle and South Plains.

McLeroy, who is farm representative of the First State Bank in Dimmitt, will be given a plaque by the "Save the Soil and Save Texas" awards program sponsored by the Fort Worth Press and twenty-five other Texas firms, utilities, railroads and institutions.

The plaque will be presented to McLeroy and other division winners at Wellington on May 16. This is a statewide program made up of five districts in the state.

He moved to Castro County in May, 1951, as County Agent. During the two years he served as county agent his soil conservation activities included working with the local SCS District assisting with their plan of work; holding county-wide educational meetings, making colored slides of approved practices, conducting farm tours, assisting farmers in obtaining trees for farmstead windbreak purposes, working with farmers on water, legumes, grass and fer-

tilizer practices (at the time McLeroy was County Agent, more acres of legumes were planted than any county in the state); and planning and holding educational meetings on activities of the district at election time for district supervisors.

After resigning from the Extension Service in June, 1953, McLeroy was Farm Advisor for Castro County Grain Company

EDD C. McLEROY

here. During his tenure with this concern, he continued to work in soil conservation in making available various legume and grass seed recommended as suitable for this area. He encouraged farmers to interplant cowpeas in milo and corn for soil building purposes. He also conducted a free soil sampling service for farmers in his trade territory.

On January 1, 1956, McLeroy was employed by the First State Bank of Dimmitt, as Farm Representative. Since he has continued to work in "Save the Soil" activities. He served as chairman of the Bankers Committee each year in the selection of the outstanding supervisor in the soil conservation district (the bank pays the state and national dues of the district). Through his efforts the bank and SCD co-sponsor an annual farm tour, showing and recognizing outstanding conservation farmers in the county. The bank assisted the SCS in selecting the outstanding county conservation farmer in past years to be entered in the "Save the Soil and Save Texas" Awards program. He appeared on regional meetings of Conservation Districts and explains a free noon meal on these occasions; publishes a mon-

thly newsletter prepared by McLeroy and continues to encourage farmers in the district to carry out good conservation practices, ed the ways that bankers can help in the battle of soil and water conservation.

Not all of McLeroy's agricultural work is connected with conservation practices. He is also capable of advising on most any farm problem. He works continually with 4-H members as chairman of the 4-H Leaders; serves as County Director of Plains Cotton Grower, Inc., is secretary-treasurer of the local Grain Sorghum Producers Association; and is on the Agricultural Committee of the Chamber of Commerce.

McLeroy was born in Haskell County in 1920 and he spent his boyhood at Brownfield. During the drouth of the Thirties, he decided to spend much of his future efforts in soil and water conservation. After spending four years in the Army, McLeroy entered Texas Technological College in January, 1946. He graduated with a Bachelor of Science Degree in Animal Husbandry in 1949. He married Miss Jacqueline Small in October 1949 and they have two daughters, Marilyn, 6, and Judy, 4.

Nicest wagon that ever joined your family!

Chevy's station wagons should really be called family wagons. You can choose from five models, including the four-door nine-passenger Kingswood, with its rear-facing rear seat.
Here's a brisk and breezy wagon that'll take on any chore you name, from a trip to the beach to a journey home from the lumberyard. There's room, you see, for a whole half-ton of cargo—a space ten feet long, with the rear seat and tailgate down.
These wagons are easy to load, too—you just roll the rear window into the tailgate and flip it down flat. No lugging to wrestle with.
Chevrolet's so easy to handle it's a natural for the lady of the house. Big, safer brakes, too. Chevy's even got bigger tires—they come as standard equipment on every one of our wagons. But why not fall in love with a Chevy firsthand—at your Chevrolet dealer's!

PAT'S PATER

During this week there were quite a few teachers and students absent from school with the flu and virus. This is a good and bad sign of Spring.

The Seniors spent a most delightful evening in Lubbock Saturday. The First State Bank of Dimmitt took the Seniors of Dimmitt, Hart, and Nazareth to Lubbock for dinner at Underwoods' and later to a play entitled "Lil Abner" at the Municipal Coliseum. A most memorable evening was had by all who attended.

The Dimmitt Debate Band will go to the TII Contest Thursday to compete for a First Division rating. The Staff wishes the band the best of luck.

Pat Norris, Mona Dell Hunter and the FFAA sponsor, Mrs. Soder, will go to the FFA State Meet in Dallas April 23-25.

"Death Taken A Holiday" goes to the Regional Contest in Lubbock today. They were District IAAA two weeks ago, qualifying them for this.

There are approximately 15 candidates for cheerleader next year. Workouts under the direction of Verna Brown, Head Cheerleader this year, Aundrea Boothe, Sharon Maynard and Sharon Garcia, started Monday to get the girls in shape for the tryouts which will be held May 7 in a Special Assembly after the Seniors leave on their trip. There will also be elections for President and Vice-President of the Student Senate. Students should certainly think twice before writing their choice for the right persons and the best persons for these positions.

The one-act play, "Death Taken A Holiday," was presented Friday in assembly. High school students and townpeople attended the exceptionally good performance.

Cason Smith was recently awarded a scholarship in Science and math at West Texas State College.

Thirteen more days from today the Seniors will leave on their Senior Trip to Bandera and will be gone five days. They will begin classes again on May 12. The Seniors are eagerly anticipating the trip.

A new diamond was seen flashing about school Monday. The owner was one of our freshman girls, Gloria Hason.

Students' grades have been steadily dropping off and it's just about time for grades to be picked up since there are only about three more weeks of classes until final examinations. Fellow Students, better get on the ball and get it rolling up hill instead of down hill.

The Bobcat Tales Staff would appreciate any news contributed to the paper by students or faculty members. Let it be as much your responsibility as ours to tell the staff of newsworthy events. Please give us advance notice of school happenings.

A history contest sponsored by West Texas State College was held Saturday morning for the purpose of finding the outstanding students in this area in the field of social studies. One Act Play Goes to Lubbock

The DHS one act play will be April 24 in the regional I-AAA. The contest will begin at 3:00 at the municipal auditorium.

The cast has qualified by their recent win of District I-AAA.

AN OPEN LETTER

To the Officials of the First State Bank—

The Senior class would like to thank all of you for a wonderful evening Saturday.

The dinner was delicious and we enjoyed the play so very much. We shall each remember that evening as one of the high lights of our senior year.

Thank you very much, —The Senior Class

Bank Honors Seniors

The seniors of Dimmitt, Hart and Nazareth were honored by the First State Bank of Dimmitt Saturday evening when they were entertained in Lubbock.

The bank was host at a dinner at Underwoods' and at the play "Lil Abner." The play, which was given in the Municipal Auditorium, was a musical comedy. The speech and dress was strictly Ingraham style. During the play the scenery changed twenty times. Live dogs and pigs were used on stage.

The seniors decided that they liked Mammy Yokum best of all. She stood and walked exactly as she is pictured in the comic strip. The language and voice of all the actors and actresses were amazing.

The Orchestra, while accompanying the singers, held the audience from the beginning overture to the end.

Our hosts, Messrs. and Mesdames Bob McLean, Sal DiCuffa, Ira Clingensmith, and Ed McElroy furnished transportation for the trip. Others who took cars were Messrs. and Mesdames Ralph Smith, Allen Webb, and James Bates.

Elizabeth Cleaver, Eloise Cleaver, Jimmie Slough, Junior Pesina, and Ericka Reinhardt. They were accompanied by Mrs. Avis Smith, their instructor, and Paul Hillburn, principal.

Students' grades have been steadily dropping off and it's just about time for grades to be picked up since there are only about three more weeks of classes until final examinations. Fellow Students, better get on the ball and get it rolling up hill instead of down hill.

GIRL SCOUT NEWS

by Mrs. Billye Byrnes

There seems to be quite a lot of mystery in the air, especially this past week, and I have a feeling the week ahead will be even more hush-hush! Next Friday marks the day for unrolling of some 100 or more Girl Scout aprons. I myself can hardly wait to see just what the girls have come up with. I do know there will be many clever ideas displayed. Also, I am anxious to see how you, the public responded to the Girl Scouts' request for you to sign your names to their aprons for 50c.

Perhaps you are wondering why there should be such mystery involved since so many people are participating. The answer is prizes. There will be grand prizes awarded to the two girls with the most

names on their aprons and one to the girl who used the most original idea in putting the names on her apron. There will be many ribbon prizes also.

There will be a special showing of these aprons Friday, May 1 at 4:00. The scouts will don their uniforms and aprons and march around the courthouse square. After the parade of aprons they will go to the city park where the aprons will be judged and awards given. You are invited to view the parade and the judging and awarding of prizes. Your presence would be an honor. We sincerely hope their efforts will be outstanding, matching the generosity with which you will have responded. All proceeds from the aprons will go into the Girl Scout Hut building fund. We hope that you feel as do all of us who are connected with scouting, "that girl scout work must never die."

My Little Scout

I picked it up and studied it. I felt my heart a swelling. For there upon this tiny felt. Was a story well worth telling. Written there in letters neat. Were names of Uncle Ned and Pete Jack the hired hand, and Frank the barber.

And what do you know, there's

ARNEY NEWS

Mr. and Mrs. Clyde Wear and children, Sharrell, Phyllis and Randall from Dawn visited Sunday in the home of her sister, Mr. and Mrs. Kenneth Greenwell. Visiting the Greenwells Sunday evening also, were Mr. and Mrs. Harry Edmonds and Mr. and Mrs. J. C. Gardner.

The Arney Community club met Thursday, April 15 with Mrs. Clyde Hancock and Mrs. Charlie Morris as hostesses.

The ladies worked with cera-

Old Grandpa Jarver. Look there's my name along side dad's. And sister's and brother's are written by Ted's.

There's the dentist she visited last. Guess there went his profit from filling her teeth.

And to think I told her that folks wouldn't pay.

To sign their names on felt that way.

Why folks want something in return.

That's the thing that every child must learn.

I'll never forget that sly little smile.

She had on her face when she boldly replied.

"Gee, Mom don't you know, that folks are grand.

They'll always offer a helping hand.

I'm only a Brownie Scout you know.

With a little brown apron that I'm proud to show.

I explain its purpose with so much pride.

And before you know it, folks are on my side."

Now, Mom, what kind of a person, None but a Scrooge,

Could refuse to help build A Girl Scout Refuge."

She lies so still and sleeps so sound.

While I ponder over her apron I've found.

I've learned a lesson my child taught me and I truly hope that you believe that

"faith in folks" is like the mustard seed.

mies during the afternoon.

FASTEST-GROWING FUEL in America's FASTEST-GROWING REGION

El Paso Natural Gas Company reports record deliveries of Natural Gas to customers in the West

Natural gas is America's fastest-growing energy source, and El Paso Natural Gas Company and its subsidiaries serve natural gas's fastest-growing market.

Deliveries of gas were at record highs in 1958 as El Paso and subsidiaries continued to expand their pipeline systems and increase their gas reserves to meet the long-term energy demands of the West.

For the second consecutive year, gas deliveries totalled more than a trillion cubic feet.

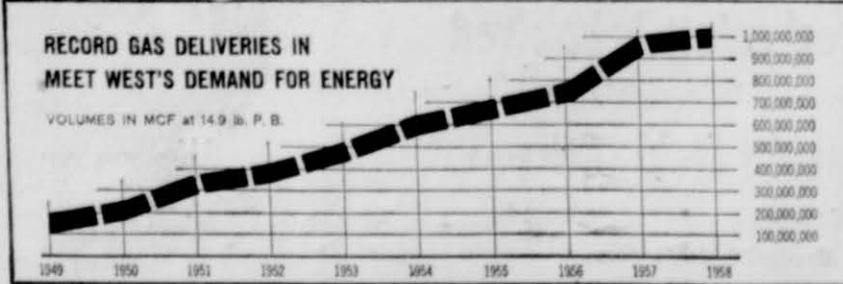

Extensive exploration and purchase programs brought total gas reserves at year's end to an all-time high of 38.8 trillion cubic feet—assuring vitally needed energy supplies for western consumers and industries in the years ahead.

El Paso's 1958 annual report, distributed to its 51,835 stockholders (an increase of 10 per cent in 1958) reports consolidated gross revenues for 1958 of \$368,299,522, compared with 1957's \$301,090,537. Net income was \$35,308,813 in 1958, compared with \$34,506,238 in 1957.

The report gives details of 1958's accomplishments, as well as plans to meet the future needs of western consumers—for natural gas, for petroleum, for petrochemicals.

El Paso Natural Gas Company and its subsidiary, Pacific Northwest Pipeline Corporation, serve customers in California, West Texas, Arizona, Idaho, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming and Colorado.

For copies of El Paso's 1958 Annual Report to Stockholders, write to El Paso Natural Gas Company, El Paso, Texas.
