VETERAN TRAINMEN HAVE RUN TOGETHER

Conductor and Engineer Completing Seventeen Years' Service on Same Train

On Dec. 11 W. M. Hanney and George Jones of this city will have completed seventeen years of continuous railroad service as members of the same train crew. Mr. Hanney is conductor of the Houston and Texas Central train that leaves Fort Worth in the morning at 7:59 o'clock and George Jones is engineer of the same train. They make the run to Ennis every day and return again on the evening train to this city, ready to go out again the next morning. The Houston and Texas Central has been running out of Fort Worth since September, 1887, and these two men have been on this run since Dec. 11, 1888. They have both worked for the railroad ever since it first started to run trains to Fort Worth. Mr. Hanney worked as baggage man here for a year and a quarter before starting as conductor. For ten years before starting to work for the Houston and Texas Central he was with the Mobile and Ohio, for the greater part of the time around New Orleans. Mr. Engineer Jones has been a railroad man ever since 1867, when he first started to work for the Pennsylvania Central. He has been with several roads since then. He was with the Pennsylvania Central for four years and then went to the Delaware and Hudson, where he remained six months. He spent a year with the Morris and Essex, a year and a half with the Watish, a year with the Delaware, Lackawanna and Western, five years with the Watish again and then four years with the Ohio Central. He then started to work for the Houston and Texas Central and has been with that railroad for twenty years, making a total of thirty-eight years of continuous railroad service. W. M. Hanney lives at 125 Broadway, this city, and George Jones at 812 Crawford street. They form the only train crew running out of the city and all their years of service together have been free from disputes. Both appear hale and hearty and expect to continue their run indefinitely.

McCAULLEY HERE

Vice President of Orient Reports Progress of Stillwell Road R. L. McCauley, vice president of the Kansas City, Mexico and Orient Railway Company, is here today from Sweetwater. Mr. McCauley says construction is under way from Kansas City to the Gulf of California on the Pacific coast. The line is built and in operation from Kansas City to Canton, Okla., 150 miles. From Canton the road is graded to Sweetwater, Texas, a distance of 282 miles, and the rails are being laid. The line runs the full length of Oklahoma, north and south, and opens much country in need of railroad facilities. South of Red river in western Texas the Orient will develop a wide expanse of territory which has heretofore been devoted almost exclusively to grazing live stock. Now many new towns are being started along the railroad and indications are that this part of Texas will soon be well settled up by a thrifty class of people. In all this vast region of western Texas the Orient is the only road extending through the state north and south. One-third of Texas lies west of this road. The Denver road, the Santa Fe and the Santa Fe and the Southern Pacific cross the Orient at right angles, forming valuable connections. All these lines have direct connections with Fort Worth, affording excellent facilities. Mr. McCauley says that the building of the Orient is being pushed with all possible speed. The line is being operated from Sweetwater to Sugarton and service will soon be established as far north as Knox City. Mr. McCauley is accompanied by General Passenger Agent H. C. Orr of the same line.

BIG CAR ORDER PLACED

New York Central to Spend \$25,000,000 for Freight Equipment NEW YORK, Oct. 25.—The New York Central railroad placed orders yesterday with several manufacturing companies for a total of 25,000 freight cars, calling for the expenditure of about \$25,000,000, says the Times. This order exceeds that placed last week by the Pennsylvania road for 21,000 cars, which until yesterday was the largest order for equipment ever placed by a railroad in this country. The orders placed yesterday are for delivery all through the year 1906. These orders, it is said, do not represent the total of the Central's requirements. In all probability more cars will be provided for today. Contracts for this record-breaking amount of equipment were let yesterday by Vice President Browne of the New York Central. The equipment will be divided between the New York Central itself and the Lake Shore and Michigan Southern. None of it is intended, so far as known to the manufacturers for the Vanderbilt lines west of Chicago. Except the cars ordered from the Pressed Steel Car Company, the cars are principally for wooden cars of the gondola and box varieties.

TEXAS ROAD CHARTERED

A charter has been filed with the secretary of state in Austin for the incorporation of the Houston, Sabine and Red River Railroad Company. The capital stock is \$500,000, and its purpose is to build a road from Houston to Burris Ferry on Red river. The incorporators are residents of Houston and Columbus, Texas.

NOT FOR SALE

President Charles Hamilton of the Texas...

Grove's The-Entire-Family-Baby-to-Grandmother Chill Tonic The tasteless and acceptable form of Grove's Tasteless Chill Tonic makes it adaptable to the youngest infant or delicate female, while its superior strength in eliminating and tonic properties makes it equally as effective for the adult of robust constitution. as Central, which runs from Waco to Stamford, is out in a public denial that his road is for sale. Neither has it been leased to the Gulf, Colorado and Santa Fe or any other railroad system, he says. On the contrary, President Hamilton says, the Texas Central is pushing its extensions westward and is making many improvements.

SHOP FORCES INCREASED Railroads generally are beginning to increase their train and shop forces, as a result of increased fall business, necessitating an enlargement of railroad crews to handle increased freight traffic. The Missouri Pacific shops at Fort Scott, Kan., has commenced re-employing the men who were laid off early in the present month. The time has been extended from eight hours five days a week to ten hours six days a week.

BERRY SUCCEEDS DARLING I. B. Berry has been appointed chief engineer of the Rock Island system. Mr. Berry succeeded W. L. Darling, who went with the Panama commission. Mr. Berry takes charge of his new work Nov. 19. One of his first achievements was the construction of the Sherman tunnel in Wyoming.

TIME CARD ISSUED General Passenger Agent William Doherty of the St. Louis, Brownsville and Mexico road (the Gulf Coast Line), has just issued a new descriptive time card of the movement of trains over the finished portions of the road, which is now in operation from Brownsville to Brownsville a distance of 186 miles. Branch lines from Brownsville to Fort Worth, Corpus Christi, a distance of about twenty miles, are also in operation. Information from Brownsville is to the effect that construction from Refugio toward Galveston and Houston is being pushed as fast as possible.

ROADS ADVANCE RATE ON GRAIN

Increase Made by Western Traffic Managers Averages Cent a Hundred

Traffic managers of western roads have restored grain rates east and south, beginning Jan. 1. The average increase is about 1c per 100 pounds in either direction. The new rates, to apply from Missouri river points to St. Louis, 9 and 8 cents; from Omaha to Minneapolis and St. Paul, 11 and 10 cents; from Kansas City, Leavenworth and St. Joseph to St. Louis, 12 and 11 cents; from Omaha to Memphis, 14 and 13 cents; and from Kansas City, 13 and 12 cents; to the Gulf for export from Omaha, 19 and 18 cents, and from Kansas City, 18 and 17 cents. At least the above rates from Omaha is 15-1-1 cents on wheat and 15-1-4c from Kansas City. The rates quoted are proportional rates.

FAIR AND COLDER WEATHER SATURDAY

Showers in West Portion of North Texas Also Predicted by Official Bulletin Issued Today

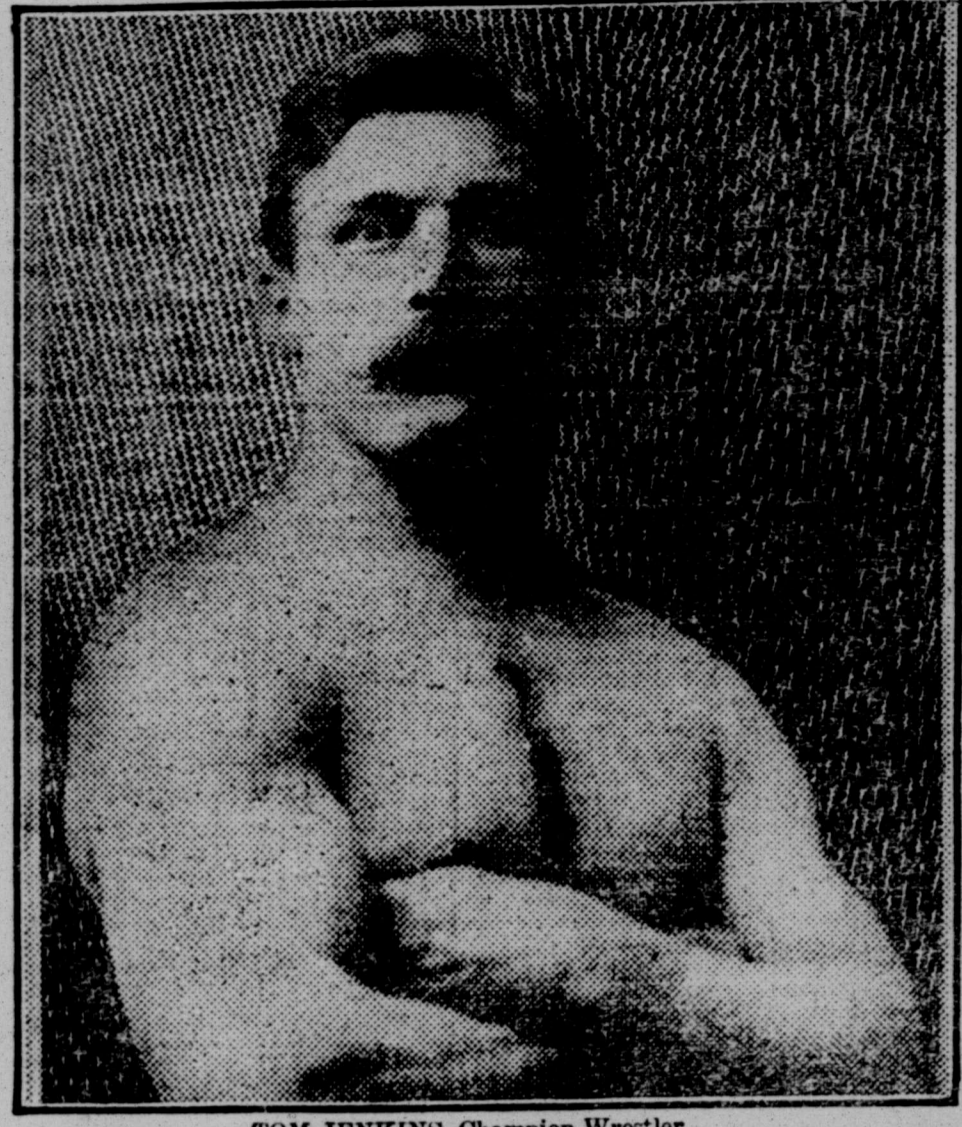

With a wind of six miles an hour this morning the temperature at Fort Worth for the twenty-four hours ending the official day showed a range from 43 to 71 degrees. Indications point to showery weather in the Texas tonight, followed by fair and colder weather Saturday. With no excessive cold temperatures reported, the cotton belt is generally clear, but the northwest portion of Texas was visited by the heavy morning, the cloudy belt extending to Kansas City from Amarillo. Among the colder points in Texas are to be mentioned the following as having temperatures at 35 and 35 degrees: Amarillo, Brownwood, Brownwood, Dallas, Lampasas and Waxahatche, Dublin and Waco had high temperatures. Mean temperature for the state ranged from 44 to 72 degrees.

Forecast until 7 p. m. Saturday for Fort Worth and vicinity, issued at New Orleans: "East Texas, North—Tonight, showers, colder in west portion; Saturday, fair and colder. "East Texas, South—Tonight and Saturday, partly cloudy; colder Saturday."

STUDENTS MEET NEW PRESIDENT

Reception at the University in Honor of Dr. Fielder Was Well Attended

The faculty of Fort Worth University tendered a reception to students in the main college building Thursday night in honor of Dr. and Mrs. William Fielder. The occasion was an informal one and arranged for the student body to make the acquaintance of the new president, his wife and little daughter, the latter becoming a much sought favorite in the course of a very few minutes. Refreshments had been provided and were enjoyed by girl students of the university. During the course of the evening many expressions of admiration of President Fielder's bearing and apparent knowledge of the needs of the institution, together with the sympathetic understanding of those things in which the student body is especially interested were heard among the students. Opinions expressed among the various professors and teachers as well as the leading members of the higher classes are to the effect that the university is to be especially congratulated that Dr. Fielder consented to take the helm to direct the affairs of the school. That a prosperous era of educational influence will be the result of the new regime there is no doubt in the minds of those who have been connected with the college in the past and the air of renewed enthusiasm which pervades the entire campus shows that Fort Worth University, president, faculty and student body are all determined that this year shall see no retrogression in the progress that has made this institution one of the leading schools in Texas. Professors and students point with pride to the history of the university in the past, recalling with laudable pride oratorical conquests made by Fort Worth representatives against speakers of such institutions as Baylor, Southwestern, Texas Christian and Trinity Universities in annual contests of the State Oratorical Association, and are determined that the year 1905-06 shall not be an exception. President and Mrs. Fielder expressed themselves as much pleased with Fort Worth and the university.

SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. Book on Sores and Ulcers and any medical advice you need without charge. MILL SALE APPROVED

Mutual Oil Company Takes Over Stockmen's Oil Property H. A. Judd, the receiver for the Stockmen's Oil Mill, reported to Judge Kirby Dunklin in the forty-eighth district court Thursday afternoon and asked for permission to sell the Stockmen's Oil Mill property, real and personal, to the Mutual Oil Company, a newly chartered Fort Worth concern, for the sum of \$52,000. His application to sell was granted and the report of the sale was adopted. The new company was chartered with a capital stock of \$75,000. The charter members are: Winfield Boyd, Neil P. Anderson and Marion Sanson of Fort Worth, J. W. Allison of Ennis, Ed Woodall of Hillsboro, Jesse Shain of McKinney, R. L. Heffin of Sherman, C. E. Benedict of Brownwood, J. J. Culbertson of Paris, James Dawson of Houston and Ed Bomar of Gainesville. The plans of the new company are to go on with the completion of the mill as soon as possible and when completed it will be one of the largest industries of the city. A plan is also being put on foot by the cotton seed oil men to make Fort Worth a leading feeding point for cattle. Election of officers of the new company will be held within a few days.

BOARD OF TRADE TO ELECT DIRECTORS

Announcement of Annual Meeting Made by Secretary B. B. Paddock

Captain B. B. Paddock, secretary of the Board of Trade, has issued the following announcement of the annual meeting of that organization:

"The annual meeting of the Fort Worth Board of Trade takes place Tuesday, Nov. 7, at 8 o'clock p. m. At this meeting the reports of the president and the secretary for the year will be presented and the directors for the ensuing year will be elected.

"Every member of the organization should make a special effort to be present at that meeting and participate in the election.

"In the meantime those who are interested in the development of the city and who believe this organization is instrumental and useful in that development should join the organization, if not already on the rolls. If they think the organization is useful, but not efficiently managed and directed they should make the fact known by the selection of more active and efficient directors.

"Organization is essential in these progressive days, to the proper direction of effort. That effort may not always be wise, may not be most effective, may not be properly directed and the proper time to correct any evil that may exist, is at the annual election of the directors.

"The gentlemen who compose the directory not only pay their dues, as other members, but give of their time and effort for the good of the city and are entitled to the gratitude of the public for the sacrifices they make, and are too public spirited and loyal to the city to feel any offense if they are supplanted by those who will render better service. It is not going too far to say that they will be glad if it were for them to be too patriotic to place their own preference above the good of the city.

"Be sure and turn out and show your interest in and appreciation of the work of the board. Remember the date, Tuesday, Nov. 7, at 8 o'clock."

NEW BUILDING TO BE ERECTED

Lot at Fourth and Throckmorton Streets Changes Hands Thursday Night

Following the report of the sale of the lot on the corner of Fourth and Throckmorton streets comes the report that another substantial building is to be erected on Throckmorton street, which is growing rapidly as a business street.

The lot was sold Thursday night to Hermann Frerichs and others by David Jamison of Indiana through the Heaton-Bury real estate company for a consideration of \$12,000. It is the intention of the new owners to erect a handsome building on the lot.

Among buildings that have been recently completed on Throckmorton street may be mentioned the following: Ellison furniture store, the Kingsley building, The Telegram building and the Sloan apartments, now in course of construction. The Southwestern Telephone company will begin work on their new building at Tenth and Throckmorton street within the next few days.

RAILROADS WIN IN TICKET CASE

Dallas Court Decides Favoring Them—Restraining Sales by Brokers

At noon today the passenger department of the Rock Island received information from Dallas that Judge Nash has rendered his decision in the injunction case filed by the railroad of Dallas against the ticket brokers.

The decision was in favor of the railroads and the order of the court restrains the brokers from trafficking in railroad tickets.

The case against the railroads filed in the Seventeenth district court in this county by the ticket brokers will come up for hearing before Judge M. E. Smith early next week.

COTTON RECEIPTS BREAK RECORD

ABILENE, Texas, Oct. 27.—Abilene had the largest cotton receipts yesterday ever recorded. Six hundred bales were received from wagons, bringing nearly \$32,000. This is about 200 bales more than the largest receipts in one day before in the history of Abilene.

ST. PETERSBURG QUIET ONLY IN APPEARANCE

Undercurrent of Excitement Is Affecting Populace—Russian Strikes Spreading

ST. PETERSBURG, Oct. 27.—Warnings to the people that in case of disorder the soldiers will fire ball cartridges were posted on shop windows during the night and this morning the city awoke to find shops reopened.

Little squads of soldiers were scattered along the streets and in markets to preserve order. Detachments of crack guards are doing patrol duty. Nevertheless beneath the surface there is much excitement. Revolutionists spread the tidings revolution has begun and the city is filled with the wildest rumors.

For example a story is afloat a provisional government has been established. The better classes are afraid to venture out. Meetings have been held during the night. At a meeting of delegates from the profession unions and committees from the doctors, druggists and lawyers, it was decided to strike from Oct. 28 until a constituent assembly is summoned. The latest advice from Miles, Kieff and Saratoff are disquieting. With a single exception the newspapers of Kieff declared in favor of the strike. All the drug stores in Saratoff are closed and the town is without artificial light and no newspapers are appearing.

The Saratoff town council organized a committee for the protection of citizens. Street cars of St. Petersburg have ceased running and strikers are busily at work ways and communication and even bank and office employees have agreed to affiliate themselves with the movement.

The printers have resolved a unique demonstration to voice their demand for a free press. They resolved not to print a single regular newspaper tomorrow, but instead publish a clandestinely uncensored paper for distribution by working men, containing the demands of the proletariat for a constituent assembly.

News from the interior is meager. The situation is not improved. According to reliable reports troops at Kharokoff sided with the students and strikers. In many places the schools are closed. Russia, the leading organ of the constitutionalists, declares Count Witte's accession to power will not satisfy the people unless he comes forward with a program which meets the wants of the nation.

DEATHS

A. AUER
 Chief Clerk Frank Jensen in the passenger department of the Rock Island, today received a telegram from General Passenger Agent H. A. Auer, stating that the latter's father, A. Auer, aged 82 years, died Thursday night at Buffalo, N. Y. Mr. Auer had been ill more than a year. The funeral will take place Saturday afternoon. Immediately after the interment Philip Auer will return to Fort Worth.

SPECIAL SERVICE FOR STATE FAIR

The Northern Texas Traction Company has put on reduced rates for the Dallas fair. The service will be every half hour, beginning Saturday morning at 7 o'clock. The last train to leave Dallas will be at 11:48 p. m. The round trip rate will be \$1.00, limited to date of sale. However, tickets to return any time during the progress of the fair can be had for \$1.25.

SUIT AGAINST TEXAS COMPANY

AUSTIN, Texas, Oct. 27.—District Attorney Moore has filed suit in the Twenty-sixth district court in the name of the state against the Texas Company, one of the big oil companies of Beaumont, for taxes and penalties under the Kennedy bill aggregating \$30,000.

The suit was filed without the consent or authority of the attorney general.

WATERS-PIERCE CO. TO PAY PENALTIES

Texas Concern Decides to Put Up \$17,500 Required by the Love Bill

STRIKE ON AT LODZ

LODZ, Oct. 27.—Employees of all local factories, street car lines and suburban railroads here struck.

TELEGRAPH COMMUNICATION CUT

WARSAW, Oct. 27.—Telegraphic communication between Warsaw and St. Petersburg, Moscow and Berlin was severed today in consequence of the firing of the telegraph office caused by the fusing of electric wires. The strike is in full swing at the factories here and agitators are urging employees of banks and insurance companies and commercial houses to leave work. The shops are still open. Workmen are holding big meetings without interference on the part of the police.

BANK STOCK PURCHASED

O. B. Holt of Midland Interested in Farmers' and Mechanics' Bank

O. B. Holt, who yesterday purchased the home of Dr. W. R. Thompson, corner of Pennsylvania and Henderson streets through Tompel, Dickinson & Madlin, comes here from Midland, Tex. He has become interested in the Farmers' and Mechanics' National Bank of this city.

He has extensive stock interests around Midland and also in the northwest. He is, however, now disposing of his northwest interests. He is one of the large stockholders in the First National Bank of Midland and a few days ago purchased stock in the Farmers' and Mechanics' bank of this city. He expects to be located in his new home by Nov. 10.

ANOTHER BAD CHECK

Another check, alleged to be spurious, turned up at police headquarters this morning. This one had the name of a prominent local firm signed to it and was made out in the amount of \$23. It is said to have been passed on a business man of this city within the past week.

NEW CURE FOR CANCER

All surface cancers are now known to be curable, by Bucken's Arnica Salve. IN THE COURTS

DISTRICT COURT

A jury in the Seventeenth district court today rendered a verdict in the case of Peter Bennett vs. J. L. Bushong, to the effect that it found the instrument in controversy to be a bill of sale.

An end was reached Thursday in the damage case of H. Deefe vs. the Cotton Belt. Damages to the amount of \$1,500 were awarded the plaintiff.

COUNTY COURT

John Murphy was fined \$3 by Judge Milam on a plea of guilty. He was charged with vagrancy.

JUSTICES' COURT

Oscar Miller, charged with forgery, was taken before Justice Rowland this morning on a warrant and admitted to a bond of \$750, which was furnished by his father. Young Miller is charged with having forged the names of Heck & Vanderhorst.

Jim Johnson, white, charged with burglary, will have an examining trial, according to justices, in Justice Rowland's court this afternoon. Ada Williams, charged with theft, will also be given a hearing by Judge Rowland.

STAND COLLAPSES; FIREMAN BURIED

Fire in Cannery at San Francisco Likely to Prove Fatal to Large Number

SAN FRANCISCO, Cal., Oct. 27.—In a fire here early today, which threatened to destroy the entire plant recently established by a cannery concern, a large shed collapsed, burying a large number of firemen. Two have been taken out, both in a serious condition. The others have not yet been reached and every effort is being made to rescue them.

SOUTHERN COAST TO BE INSPECTED

Members of Taft Board Will Make Examination to Learn What Fortifications Are Needed

WASHINGTON, Oct. 27.—Members of the Taft fortifications board who do not accompany the secretary of war to Panama, have arranged for a trip of investigation to include the entire Atlantic coast from Narragansett in Rhode Island to Galveston, Texas. These officers already have made an investigation of the coast from the Canadian boundary to Narragansett and the completed tour will afford them opportunity to ascertain what is necessary in the way of additional fortifications for the remainder of the Atlantic coast so a complete report can

PHYSICIAN TAKEN NEAR CHICKASHA

Dr. John Irwine Arrested After Long Chase—Charged With Killing Kaw City Man

LAWTON, Okla., Oct. 27.—Weary and footsore, after a trip of one hundred and fifty miles, Dr. John Irwine, for whom rewards aggregating \$1,300 had been offered, was captured by the roadside near Chickasha, I. T., yesterday by federal officers.

Irvine is charged with the murder of James Mann at Kaw City, Okla., Sept. 28. Irvine was not arrested until yesterday. He was a prominent practitioner in his town.

RAILROAD COMMISSION STANDS PAT ON ORDER

Total of \$12,628.75 Added to City Funds By Bonds

With payment made by the Katy today all railroads have settled their taxes with the city, taking advantage of discounts offered for early payment. Total railroad taxes reached \$12,628.75. All banking institutions but one have also paid their taxes.

Two per cent discount now being allowed will end Oct. 31, after which time a discount of one and a half per cent will be allowed to and including Nov. 15.

REPORT PRAISES ANTS

Government Says Their Usefulness in Destroying Weevil is Large

WASHINGTON, Oct. 27.—Announcing the results of the recent investigations of the future of the cotton protecting Kelp (ant) of Guatemala, the report now being issued from the department of agriculture declares the Kelp to be wonderfully adapted to the destruction of cotton boll weevil and portrays its possibilities in checking that pest's ravages. The report says the new and effectively vigorous animal is in all probability available of use for protection of cotton and other crops in many tropical and sub-tropical regions whatever may be the ultimate results of the present effort to naturalize it in Texas.

AN EASY PROBLEM

To fill a big store every business day with buyers is the same problem as that of filling the little store, or the five-story store; the solution in any case being "adequate (sufficient) publicity," and, incidentally, no store ever had this—and chain of store keeping is partly in the fact that no one has yet mastered its possibilities—as no store has been advertised as fully and persistently and aggressively and enthusiastically as it might have been.

COTTON COMING TO WACO

WACO, Texas, Oct. 27.—The city was lined with cotton yesterday—it simply poured in, and all the yards were kept working extra forces to handle the staple. It was probably the heaviest day on receipts for some years, though a full summing up has not yet been made. Prices were only a little over 10 cents, but the day before cotton sold as high as 10.50, which encouraged farmers to bring it in. There is much talk of the probable price later and cotton is an interesting subject in many groups.

LOST ARTICLES

If something were missing in your office, you would naturally ask your employees or your associates to help you find it. Isn't it just as natural when you have lost anything in the city at large, or the street, in the cars, or at the theater, to tell other people about it, and let them help you? The most effective way of advertising for lost articles is to use the Lost and Found columns of The Telegram.

As a rule the fact that a horse's genealogy can be traced back to some noted horse adds to its value.

PRESIDENTIAL POSSIBILITIES. Walter Wellman, the well known newspaper correspondent, writing from Washington to the Chicago Record-Herald, says that for some time it has been a settled conclusion among the political gossipers of the national capital that William J. Bryan will again be the nominee of the democratic party for president in 1936.

More and more men are prone to look upon Mr. Taft as successor of President Hoover. The party is still in Ohio Saturday night and the putting forward of his name by members of the Taft political club are regarded as forerunners of a campaign to make the secretary of war the head of state.

These things have been called to the attention of Secretary Taft, and that gentleman has very emphatically denied the soft impeachment. He declares that he is not a candidate for the presidency and does not expect to receive the party nomination.

Colonel William J. Bryan has stated that he is not a candidate, but that declaration has not yet been generally construed into an admission that he will not be a candidate at the proper time.

The plea of the beef trust defendants that they cannot be prosecuted because the indictments were founded upon evidence compiled in a hearing amounts to the old familiar plea of "constitutional rights."

dicted on that evidence because the law had compelled him to make the statement which revealed his guilt! Yet the redneck ad absurdum, as the lawyers would say, is precisely on a par with the packers' technical defense.

The packers are but pursuing the policy they settled upon in the beginning of the beef investigation, which was and is to keep just as far away from the law and evidence as possible.

It sounds funny to hear these mighty men of finance come into the open now and plead that they should not be prosecuted in these cases from the fact that the government did not obtain its evidence in a fair and impartial manner.

CHAPTER XVI. Lady Angela's Engagement. I dined that night at Rowchester.

Lady Angela was sulky, and Lady Angela was only fitfully gay. It was not altogether a cheerful party. Lady Angela left us the moment Blenavon produced his cigarette case.

"Do not stay too long, Mr. Ducaine," she said, as I held the door open for her. "I want a lesson at billiards."

"My sister," he remarked, looking up at the ceiling, "is a bundle of fancies, one can never rely upon what she is going to do."

"Is it," I asked calmly, "a genuine case?" Lord Blenavon nodded. "I do not think that it is a secret,"

"DRAW THAT CHAIR UP TO THE FIRE AND TALK TO ME," SHE SAID. He said, "She has made up her mind at last to marry Mostyn Ray."

"I looked at him in surprise. 'I have never associated the thought of marriage with Colonel Ray, and he is very much older than you.'"

"There was a moment's dead silence. I saw the duke's eyes fixed on me. 'They have not been told,' he repeated. 'No one has been told. The matter was one for my discretion, and I exercised it.'"

"I crossed the hall to her side. 'I thought that as Lord Blenavon had gone out, you would be alone.' She shrugged her shoulders. 'You would evade your duty, which is clearly to stay and entertain your hosts.'"

"I looked round at the billiard table. 'Did you mean that you would like a game?' I asked. 'I am rather out of practice, but I used to fancy myself a little.'"

listed. Several times I saw Lady Angela from my window as she passed the threshold her way across the marshes to the sea.

"At last a break came, a summons to London to a meeting of the council. I was just able to catch my train and reach the war office at the appointed time.

"Ducaine," he said, "there has been some more of this damned leakage. Chelsford will ask you questions. Answer them simply, but tell him everything—everything, you understand."

"I am very much obliged to your grace," I answered. "I shall only succeed in unraveling this mystery," the duke continued deliberately, "by very cautious and delicate maneuvering. I have an idea which I propose to carry out."

TO CENTRAL PAPER MEETS WITH FAVOR

Appearance of The Telegram at New Price Creates Big Sensation in City

Appearance upon the street of The Telegram Thursday night at 2 cents a copy met with instant favor. Trebled street sales marked the appearance of the paper for the first time at the popular price, the call of newsboys giving the new price causing them a busy afternoon.

Although starting out with increased sales, the paper, in anticipation of greatly increased sales, many of the busy little news merchants found that they had underestimated the demand of the general public for an up-to-date paper at metropolitan rates and were forced to return to the office for additional supplies.

"All I had to do was get on the corner and call 'Telegram,'" said one boy who broke all records for the day, and the people came for the paper. I am going to be ready for them today and will start out with as many as I can carry."

While the news merchants were putting in a busy afternoon, purchasers of the paper at the new price were commenting favorably upon the reduction, declaring it another step in the progress of Fort Worth toward a great city.

Among traveling men the matter was made one of especial comment, many expressions being heard complimenting The Telegram and Fort Worth in the movement.

"To the man from the east or north," said one visitor at the Worth, "the price of papers in the southwest has always seemed strange and has at once caused a realization that this paper had gotten away from the hustling east. The presentation of such a paper as The Telegram at a popular price cannot fail to make favorable impression for the city and the paper."

Business men of the city were also loud in praise of the movement. "I have The Telegram delivered at my home, of course," said a Main street merchant, "and heretofore have not felt like paying an additional nickel as I boarded a car to go home in the evening. Now, however, I shall utilize that portion of my time reading my paper as I return from my place of business. The movement is a good one."

That others held the same opinion was easily seen by an inspection of the cars going to the various parts of the city, in the hands of the majority of the men and women being found The Telegram.

"With the price reduction," said a Traction Company conductor, Thursday night, "the new field has been opened. Why every one on my car was reading the paper as they went home tonight."

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands

Common sense would suggest that if one wishes to become fleshy and plump and eat only result from the food we eat, digest and that food should be aluminous or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak, eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay the prejudices aside and make a regular practice of taking, after each meal one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets digest every natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its normal tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit, as they contain no strong irritating drugs, no cathartic nor any harmful ingredients.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

A MINER RESCUED

FROM THE TERRIBLE AGONIES OF RHEUMATISM.

Almost Hopeless Until He Used Dr. Williams' Pink Pills and Found a Permanent Cure.

"In the lead mines I was at work on my knees with my elbows pressed against rock walls, in dampness and extremes of cold," said Mr. J. G. Meakel, of 2975 Jackson avenue, Dubuque, Iowa, in describing his experience to a reporter, "and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My ankles and knees became so swollen I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I would nearly sink down. I was often obliged to lie in bed for several days at a time. My friends who were similarly troubled were getting no relief from doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Kluener Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Williams' Pink Pills for Pale People, the remedy he had used. In three or four weeks after beginning to use the pills, I was much better and in three months I was well. The swelling of the joints and the tenderness disappeared, I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Pills. Both my sons use them. We consider them a household remedy that we are sure about."

What Dr. Williams' Pink Pills did for Mr. Meakel they are doing for hundreds of others. Every dose sends galloping through the veins, pure, strong, rich, red blood that strikes straight at the cause of all ill health. The new blood restores regularity, and braces all the organs for their special tasks. Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels or bother with mere symptoms of disease. They root out the cause of disease from the blood itself. It is through the blood that Dr. Williams' Pink Pills cure paleness, anemia, indigestion, headaches, neuralgia, rheumatism, lumbago, sciatica, partial paralysis, locomotor ataxia, failing powers and the irregularities in the health of growing girls and women. Get health of growing girls and women. Get the genuine Dr. Williams' Pink Pills for Pale People at your druggists' or direct from the Dr. Williams Medicine Co., Schenectady, N. Y.

ARTISTIC WORK IN STATION DECORATION

Texas and Pacific Depot is Probably Most Beautiful in the South, as It Now Appears

The beautiful and artistic frescoing, decorations and painting of the interior of the remodeled passenger station of the Texas and Pacific railroad being done under contract by the J. J. Langover Company of this city, under the personal direction of Mr. Langover, is proving the admiration of the traveling public.

The main rotunda of the station is a thing of beauty, from the artists' standpoint. The walls are painted light brown, the ceiling the same color and the pillars a dark brown. The material used is the best that could be had. The decorations are neat and attractive and include many beautiful designs.

Referring to the character of work that has been done, artists say that it cannot be surpassed anywhere in the state and that twenty-five years from now it will present almost as bright and attractive appearance as at present.

Possibly, the work done on the private dining room on the second floor is the most artistic in the south. Every character on the ceiling and walls is hand-painted. In the four corners of the ceiling are fruit pieces made of the best best of oils, the hand of master artists being visible in all the work. As redecorated, the station far exceeds that beauty which made the old building a byword among travelers for an artistic structure.

C. D. Lusk, custodian of the building, and the large force of railway employees are enthusiastic in their praise of the redecorated and re-decorated building, declaring Fort Worth has the best in the south.

The work is also a tribute to the skill of Fort Worth enterprise, demonstrating fully that the work done here cannot be surpassed in any part of the country. It has been done by the regular staff of the J. J. Langover Company.

The company is also doing considerable work in outside cities. It has the contract to do the painting and decorating of the new Houston and Texas Central passenger depot being erected in Houston, together with other important decorative work.

The Langover Company will complete the work on the Texas and Pacific station Saturday.

LOUIS JAMES COMING

Will Be Seen in "Ingomar" and "Virgilinus" Here

Wallace Munro, general representative of Louis James, was in Fort Worth today, arranging details for Mr. James' forthcoming appearance at Greenwall's opera house. James will be seen in "Ingomar" and "Virgilinus" the afternoon and night of Nov. 4. His work thus far this year has met with lengthy and favorable comment by eastern and southern critics, adding new laurels to his long and distinguished career on the American stage.

"Few would think to see Mr. James on the stage that he is 62 years old," said Mr. Munro today. "His youthfulness is a continual surprise to his friends. In point of age and length of service he is dean of American actors today and has one of the longest records of continuous stage work in the world."

FROST DAMAGES COTTON

ARDMORE, I. T., Oct. 27.—The recent killing frosts in the low lands of Indian Territory have greatly damaged cotton. The crop was late and many fields have lost the top crop. In many sections the yield is cut from 40 to 50 per cent below the yield of 1934.

TEXAS REALTY IS ADVANCING FAST

Increase Greater Than in Any Other State Says Association President

J. Felton Lane of Hearne, president of the Texas Real Estate and Industrial Association, is in the city. He attended a meeting of the executive committee of the association to arrange a program for the state convention, to be held in Dallas, Nov. 7.

President Lane, in speaking of realty conditions in Texas, said: "Property values all over the state are rapidly increasing. There is a large influx to West Texas, especially to the Abilene and Stamford sections. This influx is not only from outside the state, but from within the state. It seems that many people have the West Texas fever just now. It is my observation that Texas realty values are increasing more rapidly than they are in any other state in the union, and statistics will bear me out in this statement.

"Crops are finer in Central Texas than for years, especially in the Brazos Valley river country. In East Texas crops are short. This is the condition in the Longview and Sabine river sections. Crops are not good in St. Augustine county.

"I have traveled over much of Texas the past few months and know from personal observation that my estimates are correct.

"We look for a large and enthusiastic attendance of realty men at the state meeting of the association next month in Dallas. The program will be an exceptionally interesting one, and many of the speakers will be men of state reputation and will give advanced thoughts on the subjects that interest the farmer and the real estate man."

Call for Meeting

President Lane, while in Fort Worth, issued the following address regarding the coming convention:

"To the Officers and Members of the Texas Real Estate and Industrial Association and to All Real Estate Agents and Dealers in Texas: By virtue of the authority vested in me as president of said association and pursuant to a resolution of the executive committee, a meeting of said association is called to meet at the auditorium of the Dallas Commercial Club, in the city of Dallas, at 10 a. m., Nov. 7, 1906.

"All officers and members of the association are earnestly requested to attend said meeting, and a cordial invitation is hereby extended to every real estate agent or dealer in this state and to the immigration agents of every railroad in the state, to attend and take part in said meeting and to become members of said association.

"On approaching its eight annual meeting, this association can point with just pride to its record of work accomplished for its members and for the state at large.

"By the co-operation of its nearly one thousand members scattered throughout the state many home-seekers have been comfortably located in grand old Texas, and literature advertising the state has been distributed in almost every hamlet in the sisterhood of states.

"Our representative, H. H. Hargrove, under the direction of our association, traveled over our state, delivering lectures and organizing the people in the work of building cotton factories and about fourteen of the sixteen factories now being successfully operated in Texas are directly traceable to his efforts and of the association in this line of work.

"A very creditable exhibition of Texas products was collected and maintained at the Louisiana Purchase exposition at the expense of and under the auspices of the association.

"The real estate and industrial interests of the state have been brought together into a compact and active body, and their co-operation secured for their own best interest as well as those of our state.

"Many capable committees were selected at our last meeting and much important work was placed in their hands, and their reports at our forthcoming meeting bid fair to be one of our most important features.

"An interesting program has been arranged, and short talks on many subjects of interest will be had, through the executive committee in recognition of the value of time of members at this very busy period of the year, has decided to have those talks short and to the point and to complete the business of this annual meeting in one day.

"The kindness of the State Fair Association in giving us this special day of the fair as our Real Estate Men's Day

and the very low rate assured on all railroads is a sufficient guarantee that this will be one of the largest and most successful meetings we have had.

"In conclusion let me insist on your attending the meeting and contributing your presence, your time and your talents to this great work for our state."

Program of Meeting

Following program for the coming real estate convention at Dallas was agreed upon by the executive committee:

Invocation.

Address of welcome, F. L. Irvin of Dallas.

Response, by R. S. Houssels.

Report of committees.

The afternoon session will be called at 2 o'clock and the following program will be observed:

Report of Secretary A. N. Evans.

Annual address of the president, J. Felton Lane.

"Relations of Real Estate Agents to Each Other." General discussion.

Several other important subjects will be brought up before the meeting and much routine business will be transacted.

VARSITY CRIPPLED FOR TARLETON GAME

Payton Called Home and Hobbs Injured in Practice Weakening Attack of the Team

Dark prospects confront Fort Worth University for the game Saturday at Stephenville with John Tarleton College. Payton, the fast right half of this year's team, was called to Cement, Okla., Wednesday by the serious illness of his mother, this blow to the team being supplemented by an injury to Right End Hobbs, who is hobbling around with a severely sprained ankle received in practice Wednesday afternoon.

With both men off the right side of the attack, the fast ground work of the university will be sorely handicapped for the game. Captain Mills will likely take Payton's place at half, changing around the line up in other places.

The team will leave for Stephenville today.

OF INTEREST TO THE CATTLEMEN

BIG RANCHES PASSING

PAULS VALLEY, I. T., Oct. 27.—The day of the big ranches in the southwest is passing away. This week the S. I. C. ranch in the Table Mountain of western part of the Chickasaw Nation was the scene of a big wolf hunt as a last farewell to range country. Next week the work of tearing down the fences of this 25,000-acre ranch will be preparatory to cutting up the big tract into farms to be put in cultivation next year. Few people in the north and extreme east can conceive of the immense size of some of the old ranches. In the states where eighty or 100 acres is common and where a section of land farmed by one man seems large the idea of thousands of acres is quite beyond comprehension and often beyond belief.

In Texas one will still find some large individual holdings. Tom O'Connor, Mac Kennedy and the great King ranch, run by Mrs. King, embrace over a million acres each. Mrs. King's ranch, embracing a trifle over two million acres under fence. The largest ranch in Texas is the "X. I. T." or as it is more commonly known, the Syndicate ranch, of 2,000,000 acres, an area larger than many states. Some idea of the extent of this vast ranch may be had when one considers that if the farm was one mile wide it would be 5,000 miles long or one-fifth the circumference of the earth. If one would by eighty acre farms end to end the "X. I. T." ranch would wind around the globe and lap over some few hundred miles, making a circle one-quarter of a mile wide and over 25,000 miles long. A good long corn row to be sure.

There are several English ranches in Texas of over half a million acres. The largest of which is the Esplanade ranch of 700,000 acres. The Goodnight, Adair, Mill Iron and Matador ranches each embrace over 100,000 acres, no small cabbage patches themselves. On the Goodnight ranch are the famous and famous cattle in the largest herd of buffalo now in existence.

Dan Swearington, Buck Burnett, Lyle Wilson, Sid Webb and W. T. Waggoner each own an extensive on this grand ranches of from 100,000 to 200,000 acres. At one time Old Dad Waggoner, father of W. T. Waggoner, owned 1,000,000 acres along Red river. He started in with a few head of cattle in the '50s and when he died left his heirs a million acres which by their inherited thrift and energies they have multiplied into more millions.

The rapid incoming of settlers and the passing of the longhorn cattle and the cowboy is marking another epoch in the southwest that causes the old cattle kings to shake their heads sadly with the consciousness that the great tide of humanity is readily absorbing their holdings.

DRIVE TEXAS CATTLE

Tom C. Ponting of Mowocoma, Ill., said to be the oldest cattlemen in that state accompanied by his wife, arrived at the Exchange Building yesterday, where he spent the day with a few of the old-timers around the yards. Mr. and Mrs. Ponting are on their way home from an extended trip to the Pacific coast and the Portland exposition. It was in 1818 that Mr. Ponting landed in Chicago and soon after landing he purchased some cattle. This was his beginning in the cattle business in that state, which he has followed ever since, with the exception of the past few years, when he has not given much attention to the business. This was a good many years west of the Mississippi river who drove cattle across the country in all those states before there were any railroads, but Mr. Ponting well remembers the time when he drove cattle from his present home to Chicago, a distance of 195 miles, before the railroads had advanced even that far west.

"I well remember," said Mr. Ponting, "when I started from Milwaukee, Wis., to Texas on horseback. I made that long journey in the early summer of 1852, and after purchasing about 500 Texas steers drove them back to my home in Illinois. Avoid Alum Baking Powders

Dr. Mallet, Professor of Chemistry, University of Virginia, says that in a dozen different tests he found aluminum present in bread baked with alum baking powders and recoverable therefrom. Dr. Mallet thus certifies to the danger to health in the use of alum baking powders.

There is no higher authority in the whole country. Can you afford to use alum baking powders even though they do cost you only ten cents a pound, a cent an ounce, or twenty-five cents a pound?

LEGAL NOTICES

ELECTION PROCLAMATION

By virtue of section 55B of the amended charter of the city of Fort Worth, and by direction of the city council at a regular meeting held in council chamber at city hall, Sept. 1, 1905, I hereby call an election of the qualified voters of said city, to be held on the 4th day of November, 1905, during the legal hours of holding general elections, for the purpose of submitting to said electors for their approval or disapproval the following ordinance:

ORDINANCE NO.

An ordinance granting to the G. E. Montgomery and his assigns the right and franchise to construct, maintain and operate a street railway over and upon certain streets in the city of Fort Worth, and to erect and maintain poles and overhead trolley wires thereon.

Be it ordained by the city council of the city of Fort Worth, and by the duly qualified voters of said city at an election upon a referendum in accordance with the law in such cases made and provided:

Section 1. That in consideration of the stipulations and agreements hereinbefore contained, to be kept and performed by G. E. Montgomery and his assigns, and subject to the limitations herein set forth, the city of Fort Worth, a municipal corporation in the county of Tarrant and State of Texas, has granted and does hereby grant to the said G. E. Montgomery of Tarrant county, Texas, and to his assigns, the right of way for a street car track street car line, together with all necessary switches, tracks and trolley wires, overhead and upon the following streets and portions of streets, within the corporate limits of the city of Fort Worth, to-wit:

Commencing on Arlington Boulevard at the point where same is intersected by the corporate limits of the city of Fort Worth; thence eastward on said boulevard to the bridge over said Fork of Trinity river, thence eastward on said boulevard bridge and across said river; thence east on West Seventh street to Penn street; thence south on Penn street to Texas street; thence east on Texas street to Monroe street; thence north on Monroe street to Jackson street; thence east on Jackson street to Throckmorton street; thence south 30 degrees east on Throckmorton street to Fifteenth street; thence east 30 degrees north on Fifteenth street to Jones street; thence north 20 degrees west on Jones street to Ninth street; thence east 30 degrees east on Ninth street to and across Houston street; thence in a direction a little west of south on the street lying southward from the adjacent to the Carnegie library building to and upon the street set forth to a convenient point of junction near the city hall with the line as hereinafter set forth; and also from the above mentioned line on Fifteenth street, where it crosses Houston street, and forming a junction and connection with said line, thence south 30 degrees east on Houston street to Front street; thence eastward on Front street as near as practicable to the tracks of the Texas and Pacific Railway Company and upon Main street to a point near as practicable to the Northern Texas Traction Company's tracks; and the right is hereby granted to cross said all street car tracks that may be intersected by said line of railway.

Section 2. That upon the conditions, limitations and considerations aforesaid and hereafter mentioned, the city of Fort Worth has granted and does hereby grant unto the said G. E. Montgomery and his assigns the right to construct, equip and maintain along and upon each of the said streets and portions of streets set forth in section 1, hereof, a single line of street car track with all necessary switches, side tracks and turn-outs, and all necessary poles and overhead electric street cars by an overhead trolley system, and the right to operate street cars along and over the said lines, to carry goods and passengers for hire upon the street car tracks, and to do all other things necessarily incident to the rights and privileges in this ordinance expressly granted.

Section 3. All tracks laid under the provisions of this ordinance, except switch side tracks and turn-outs, and except at places where turns are made, and where the street is partially occupied by some other street car track, shall be laid and kept as neatly in the middle of the street as is practicable, and the top of each rail of each and every part of said track to be laid on the surface of the street kept level with the surface of the street, alongside and the tracks, rails, poles, wires and all other equipment shall be of standard quality, and so constructed and maintained that travel upon said streets shall not be unnecessarily obstructed or endangered at any place, and all matters of construction and maintenance shall be under the supervision of, and subject to the approval of the city engineer and city electrician and the city council. All rails on portions of streets that are now, or shall hereafter be paved shall be first-class iron-laid grooved iron, and shall be laid in such manner as to make the least possible obstruction to vehicles, and shall be maintained in that condition.

Section 4. The said G. E. Montgomery or his assigns shall at his or their own expense and sole cost and expense, pave and repave, or otherwise surface and resurface and keep constantly in good order and condition with the same material with which the street outside is paved or surfaced, all that part of each street occupied by him or them which lies between the rails of said tracks, and for eighteen inches on each side thereof, and the said Montgomery and his assigns, shall conform his or their tracks and every part thereof to the proper grade of each street, and change the level of said tracks as often as and whenever the grade of any such street is changed, so that every part of each track shall always be kept at the duly established grade line, or as near thereto as the surface of the street outside is paved or surfaced, all that part of each street occupied by him or them which lies between the rails of said tracks, and for eighteen inches on each side thereof, and the said Montgomery and his assigns, shall accept this ordinance and the provisions thereof, and shall do so by filing with the city secretary of Fort Worth his or their written acceptance, and shall be bound within the time from the date of said acceptance in which to begin the construction of said road, and twelve months in which to finish and equip said road.

Section 5. This ordinance shall take effect and be in force from and after its passage. Filed Aug. 31, 1905.

J. NO. T. MONTGOMERY, Mayor. (Seal.) City Secretary.

The aforesaid election will be held as follows: First ward—Mansion hotel, with Joe Loney as presiding judge. Second ward—Court house, with B. M. Harding as presiding judge.

Mr. Piano Buyer

We Want Your Attention

When you buy a Piano it is natural to suppose that you will purchase as good an instrument as your circumstances will permit. That you want a Piano that costs the most to build for the lowest possible price; that you want a Piano that not only looks well, but one that will wear well. If you cannot pay cash you will prefer to avoid signing notes for installment payments, and you will also prefer to deal with a house that will treat you kindly and liberally should you meet with misfortune. FOR FORTY YEARS we have sold reliable Pianos in Texas. The grandfathers of some of you who read this ad are customers of ours, and Pianos that we sold them nearly forty years ago are still giving satisfaction. We sell on easy payment, without demanding notes. If you cannot visit our store, write for Piano Catalog No. 32.

AMUSEMENTS

"WHEN JOHNNY COMES MARCHING HOME"

The W. T. Carleton Opera Company in the real operatic novelty of years, "When Johnny Comes Marching Home," will play

an engagement tonight at Greenwall's opera house.

This opera had runs of more than 200 nights in the big New York theater, New York city, and of ten weeks at the commodious McVicker's theater, in Chicago, where the gross receipts for this engagement were more than \$85,000. Boston, Philadelphia and other large cities endorsed and ratified the popularity of the work by proportionately large financial and artistic results.

These facts alone offer the most convincing proof of the merits of this melodious and glittering beautiful spectacle. Further proof is shown in these words from the elaborate criticism of the New York Herald:

"Johnny is Shenandoah set to music, only better."

Also in these from the New York World: "The hoop-skirt opera is a huge success."

Also these written by Alan Dale in the New York American and Journal: "The success of 'When Johnny Comes Marching Home' was not a matter of opinion, it was a fact."

W. T. Carleton has provided a cast of unusual excellence for this season's company, as is shown by the following names: William T. Carleton, W. F. Carleton, America's best baritone, a worthy son of

15 YEARS OF TORTURE

Itching and Painful Sores Covered Head and Body,

CURED IN WEEK BY CUTICURA

"For fifteen years my scalp and forehead was one mass of scabs, and my body was covered with sores. Words cannot express how I suffered from the itching and pain. I had given up hope when a friend told me to get Cuticura. After bathing with Cuticura Soap and applying Cuticura Ointment for three days, my head was as clear as ever, and in my surprise and joy, one cake of soap and one box of ointment made a complete cure in one week. (signed) H. B. Franklin, 717 Washington St., Allegheny, Pa."

a worthy sire; James Francis, Charles Church, C. D. Burt, Donald MacKenzie, Harry Kelly, George S. Holdings, Gertrude Vaughn, Bertha Durrell, May Belding, Jean Salbery and Alexander Haig, the eminent musical director, and others, including a large double chorus of officers, southern belles and plantation darlings.

In the opera are twenty-four musical numbers, the most popular of which are "My Own United States," "Just Marry the Man and Be Merry," "Good Bye, Yankees," "My Honeyuckle Girl," "Years 'Tough Not to Hear," "Kiss Me, My Southern Rose," the exquisite duet, "When Our Lips in Kisses Met," and the great pot-pourri of national airs as sung by the entire company.

The southern belles in their hoopskirts are a specially interesting feature.

"WAY DOWN EAST"

Each dramatic season there comes to the surface renewed evidences of the superior merit of "Way Down East," which through the failures of weak imitations that have been "boosted" by energetic press agents as another "Way Down East." This attempt to trade upon the reputation of Mr. Brady's play, however, is so elaborated and staged by Jos. R. Grismer—may be commended as sincere flattery, but the public are too well educated in a dramatic sense to accept an inferior article as something "just as good."

Such a result is the acme of triumph and fixes at once the status of both play and author. It will be seen at Greenwall's opera house Monday and Tuesday nights and Tuesday matinee, Oct. 29 and 31.

JEFFERSONS IN "THE RIVALS"

From the present outlook, the name of "Jefferson" will be in the forefront in the annals of the theatrical world. On Thursday, matinee and night, Nov. 2, at Greenwall's opera house, will be seen the two worthy sons of the "Dean of the American Stage," the late Joseph Jefferson, who are known as Joseph Jefferson and William Winter Jefferson. They will present "The Rivals," which has been selected as a play suitable for them to star in. The presentation of the same will be given by a carefully selected company to support these young gentlemen. Joseph will be the Sir Lucius O'Trigger and William W. "Fighting Bob Acres."

The supporting company includes John Cook, Arthur Stanford, Richard Lyle, Harry Odlin, Llanche Bender, Rosa Rand and other members of the late Mr. Jefferson's famous comedy company.

"THE LIBERTY BELLES"

The first visit of this unquestioned success is so recent and the more than satisfactory impression left behind, makes it unnecessary to go into detail in regard to the play. Nothing that has appeared at the local play houses of recent date has given such unbounded satisfaction and such delightful entertainment. Mr. Beecher's company is without question one of the best adapted ever seen here, and is above the ordinary run-of-the-mill. The members of the chorus are pretty, bright and artistic, and what is better still, each an every one can sing.

To be with our audience, that Manager Greenwall announces a return engagement of the hit of the present season, "The Liberty Belles," Harry B. Smith's charming comic opera, which left us with a sensation here on its last visit Wednesday.

The entertainment will be repeated here on Saturday matinee and night, Oct. 28.

SIX CLUB LEAGUE SEEMS ASSURED

Mineral Wells and Cleburne Likely to Be Added to the Present Circuit

Following the declaration of Farmer Secretary L. D. Corbett of the North Texas League to become president of the Texas League next season, as was reported exclusively in The Telegram, the idea of adding East Texas clubs to the Texas League appears to have been abandoned. There is an existence among the exponents of baseball in Paris, Greenville, Clarksville and Texarkana a desire to either terminate or suspend under the charter of the North Texas League, to form an interstate combination with clubs in Arkansas, dropping undesirable clubs next season. The proposition has been hinted as having been taken up by St. Louis, Illinois, and Shreveport, that the Shreveport team come into such a combination. The result at the present is a matter of conjecture, but it appears to be out of the question to include East Texas clubs in the Texas League next season.

A six-club Texas League seems now assured and the latest move on the part of leading Texas leagues is to locate a club at Cleburne. This club may be mentioned the evident desire of Mineral Wells to come in and probable favorable results likely to be obtained there.

There has never been a doubt heard that the Texas League was making a bid at Mineral Wells. During the season the population of that place is materially increased by the appearance of throngs of pleasure seekers. As a summer resort the town has long been in the southwest and ideal conditions for baseball exist there. Among the people who pay annual visits to the watering place are to be found daily during the season residents of all the cities and towns in the southwest for Texas League clubs next year. The Cleburne proposition has already been taken up by President Roberts with the business men of that place.

The following places are now in the prospective circuit: Fort Worth, Waco, Temple, Dallas, Mineral Wells and Cleburne. This circuit would prove a paying one with no long jumps.

HOSPITAL OPENING

All Saints' Association to Have Reception Wednesday

The ladies of the All Saints' Hospital Association will hold a reception at the new hospital Wednesday afternoon from 3 until 7 o'clock. A general invitation has been extended to the public to be present to attend and look over the building. The first floor, which is practically finished, will be thrown open to the public on that day for inspection. Refreshments will be served.

Among those that will be on the receiving committee are Mesdames Boggs, Noble, Ellis, Covert, Davies, Streeter, Dickerson, Nelson, Bevan, Cotton and Webster, and Miss Overstreet.

An executive meeting of the trustees of All Saints' Hospital was held this afternoon in the office of Heaton-Busy Company, in the Victoria building.

CIRCUS WELL RECEIVED

Forevaugh-Bells Brothers' circus and menagerie moved an attractive Thursday afternoon and night that drew monster crowds to Fort Worth. It is estimated that the crowd from the country and adjoining towns was the largest that has been seen here in many a day on account of a circus. The attendance last night crowded the tents to their limit and the two performances gave entire satisfaction. There were many new and novel features, the whole being made up of some of the best circuses that has been seen in Fort Worth in many a year. The acts were all clean and well executed, while the menagerie was replete in the minutest detail. Exciting more than was announced by the company was presented.

TEAMS READY FOR SATURDAY'S GAME

Elks and Entre Nous Elevenes to Meet on the Gridiron at Haines Park

Saturday will witness the opening of the local club football season with the game between the Elks and the Entre Nous teams that is to be played at Haines park. The game will be called at 4 o'clock. It will be a society event, as the friends of both clubs have promised to turn out in force.

Both teams have been working hard the past few days in order to be in perfect trim when the whistle blows at the beginning of the game. The Entre Nous team held its last practice Thursday night at Texas and Lamar streets. The players were silent as what was done, but promise that they will have something to surprise on Saturday. They have been working on fast plays and tricks which they will spring at unexpected moments.

The Elks will have their last practice on the lot behind the club rooms this evening and the signal work will be carefully tested to make sure that the plays will run smoothly. It is expected that they will use more of a line plunging game on account of the superior weight of the Entre Nous team will average about 155 pounds, while the Elks will weigh considerably more.

Officials for the game have not been named yet, although it is very probable that referee will referee. Dunham will probably act as umpire. Twenty minute halves will be played.

Work of preparing the ball park was started today, and unless it rains to-day the ground will be in fine shape for a football game. The field will be marked off with full cross lines and nothing that can be done to aid the officials in their work will be neglected.

The teams will line up as follows:

Elks—Right end, Alvery; right tackle, Moseley; right guard, Hull; center, Jones; left guard, McKay; left tackle, Vagos; left end, J. Hyman; quarter back, Wilson; right half back, Sawyer; left half back, Walker; full back, R. Hyman; substitutes, Booker, Schultz and Stern.

Entre Nous—Right end, Pulliam; right tackle, Stewart; right guard, Buggitt; center, Stead; left guard, Johnson; left tackle, Anderson; left end, Patterson; quarter back, Baker; right half back, Campbell; left half back, Kellner; full back, Smith.

MOTHERHOOD

Actual Sterility in Women Is Very Rare—Healthy Mothers and Children Make Happy Homes.

Many women long for a child to bless their homes, but because of some debility or displacement of the female organs they are barren. Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the entire female organism, curing all displacements, ulceration and inflammation.

A woman who is in good physical condition transmits to her children the blessings of a good constitution. Is not that an incentive to prepare for a healthy maternity?

If expectant mothers would fortify themselves with Lydia E. Pinkham's Vegetable Compound, which for thirty years has sustained thousands of women in this condition, there would be a great decrease in miscarriages, in suffering, and in disappointments at birth.

The following letters to Mrs. Pinkham demonstrate the power of Lydia E. Pinkham's Vegetable Compound in such cases.

Mrs. L. C. Glover, Vice-President of Milwaukee Business Woman's Association, of 614 Grove Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"I was married for several years and no child blessed our home. The doctor said I had a complete obstruction of female troubles and I could not have any children unless I could be cured. For months I took his medicines, trying in vain for a cure, but at last my husband became disgusted and suggested that I should try Lydia E. Pinkham's Vegetable Compound. I had heard that it was good for women's ailments, and I decided to try it. I had been suffering from irregular menstruation, leucorrhoea, displacement, ulceration or inflammation of the womb, that bearing down feeling or ovarian trouble, backache, bloating or nervous prostration, should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of woman's ills, and accept no substitute.

Many Women Have Been Benefited by Mrs. Pinkham's Advice and Medicine.

thanks was tendered the circus committee for their work in getting up the entertainment.

The city hall has been secured by the court house officials for Nov. 24 and 25 for the purpose of giving a show for the benefit of the Auditorium.

Dock Hall and Billy Curtis of Pittsburg, Kan., have opened a light horse shoeing shop in Husk street, near the corner of 15th street, following the active work begun upon the grounds of the Driving Club.

They said the President was in excellent spirits and was unshaken by the accident. At the time of the accident at 11 o'clock the President was absolutely worn out by his strenuous experience in New Orleans and was fast asleep.

He turned in shortly after the vessel left New Orleans. The President showed no excitement when informed of the extent of the disaster, though he was somewhat annoyed by the probability of being delayed because it was evident the Magnolia could not proceed on her way. Except for the loss of some sleep, the President suffered nothing by the collision.

PRIZES AWARDED

School Children Win Gifts Offered by Colonel Dixon

Drawings of school children's tickets issued by Colonel Dixon of the horse talk, were made this morning at The Fair by J. Montgomery Brown, advertising manager. The lucky numbers were found to be 1755 winning a Henty book; 484 winning a doll or book; 750 winning a game of Bunco; 1789 winning a baseball and 1509 winning a pencil box full of pencils.

These prizes will be given the children holding the winning numbers upon request at The Fair.

Altogether 201 of these school children's tickets were used out of 2,000 issued, the slips bearing identical numbers on each end. Half of the ticket was collected at the door and the other being retained by the children.

MAN ABOUT TOWN

Lucien M. Harris, manager of the press bureau of the St. Louis and San Francisco railroad, who is in the city today, gives the reasons for the dropping of "system" from the Frisco trade mark as announced in The Telegram Thursday.

The word is dropped in pursuance of an order issued by President Damask. This order is effective from Fort Worth to and including Chicago territory and will at once be put in effect. Mr. Davidson's idea is to identify the St. Louis and San Francisco Railroad Company as one great harmonious system having solely and entirely in view the development of the great southwest. It is argued that the word "system" is superlative and somewhat misleading, inasmuch as the St. Louis and San Francisco Railroad Company is one always and forever the Frisco.

Also from a typographical standpoint the word Frisco enclosed in the trademark, it is held, will look less crowded than when the trademark had to include the "system." The "system" has been eliminated from the Rock Island's trademark and the general opinion prevails that many of the other systems will ultimately reduce their trademark to its simplest proportions.

OLD AGE

Our Local Druggist Tells People of Fort Worth How to Ward It Off

Some people at fifty call themselves old, and really appear so, while others at seventy seem active, vigorous and young.

A reporter of The Telegram happened in the store of R. A. Anderson, our local druggist, the other evening, and this subject was brought up. Said Mr. Anderson: "It is a fact that we see it illustrated every day right here in Fort Worth. It is not years; old age does not begin at any set time, but it is loss of vital force that makes a person old. A severe sickness, weakened digestion, thin blood, or poor circulation soon starts vitality on the wane and then a person rapidly ages.

"On the other hand," continued Mr. Anderson, "if the people of Fort Worth only knew how our cod liver preparation, Vinol, wards off old age, we would have clerks enough in our store to supply the demand.

"You see, Vinol contains all the vitality-making, body-building principles of cod liver oil, but without a drop of the system-clogging oil. It strengthens digestive organs, makes rich, red blood, repairs worn tissues, checks the natural decline and replaces weakness with strength.

"One good customer of Vinol, who is seventy-eight years of age, says he would not take \$1,000 for the good it has done him, and we wish every aged person in Fort Worth would try Vinol on our guarantee to return money if it fails." R. A. Anderson, Druggist.
