

on Hopes For  
Sorghum  
Supports

Man George Mahon  
to The Beacon this week  
mail from the District  
concern over the fail-  
Commodity Credit Cor-  
to announce a loan sup-  
the 1950 grain, sorghum  
over a period of months  
has urged such support,  
his belief that a sup-  
program would be an-  
d.

report this week, which  
sent to the office of  
Agent and the County  
office, Mahon stated that  
could guarantee that a  
program for grain sorghum  
would be provided but  
every indication pointed in  
direction. The support pro-  
grain sorghum last year  
announced on March 14. In  
with officials in Wash-  
Mahon has insisted that  
most important that a sup-  
program be announced as  
possible and at a level  
below last year.

March 23 the House of Rep-  
atives passed a measure  
strengthening the Commodity  
Corporation and increas-  
the capital stock. Favorable  
on by the Senate is antici-  
ed. Mahon said that indica-  
s are that after this measure  
become a law an early deterio-  
ation on the grain sorghum  
port program will be made  
is hoping for favorable action.

**Clean-Up Day  
Goes Over Big**

Clean-up day in Lockney went  
er in a big way, Joe Holt,  
airman of the Lockney Pub-  
Health committee said Wed-  
nesday. Tuesday of this week  
as set aside as the day for  
eaning up premises and most  
izens co-operated in the move-  
ent.

Students from the 6th grade  
p were dismissed from school  
nd helped in the clean-up.  
Mr. Holt said, "This was the  
est job we have done on a clean  
p campaign. We appreciate  
ery much the cooperation of the  
izens. Especially do we thank  
pt. Reeves and the Southwest-  
m Public Service Company for  
her cooperation, and the stud-  
nts who helped. We have the  
ity clean now so let's keep it  
hat way."

The city will be sprayed and  
egged at a later date it was said.

**Cub Scouts  
Receive Charter**

The newly organized Cub Scout  
Pack of Lockney were scheduled  
to receive their charter Thursday  
night of this week in a meeting  
at the city auditorium.

Horace Jones is the cub mas-  
ter and the den mothers are  
Mrs. Georgia Hanst, Mrs. Lloyd  
Wofford and Mrs. B. J. Wofford.

The troop committee is Clyde  
C. Sloan, chairman, Dwight Jack-  
son, B. J. Wofford, Hall Fergu-  
son and Dr. C. A. Pigford.

Scout Field Executive Marvin  
Standerfer of Floydada will prob-  
ably be here to present the char-  
ter.

**F. L. Montandon  
Expresses Thanks**

I wish to express, on behalf  
of the Lockney Future Farmers,  
our sincere thanks for the fine  
support which the business men  
and various individuals of Lock-  
ney gave us in helping to have  
the best sale of FFA and 4-H  
calves, lambs, and pigs ever held  
in Floyd County. Of course, some  
of us have made some mistakes  
and have failed to do as well as  
we could have done, but on the  
whole we have achieved a fine  
record for the year's work. With-  
out this fine support, we cer-  
tainly could not have done as  
well as we have done.

I am sure that we will all re-  
solve to do even better in the  
future than we have in the past,  
for it is only in improvement  
that progress can be made.

F. L. Montandon, FFA Sponsor.

**Legion To Hold  
Meeting Tuesday**

The Landrum Post of the  
American Legion will hold the  
regular meeting Tuesday night,  
Post Commander H. B. Machen  
said this week. Mort Crapster  
will be present to give the latest  
information on G. I. Insurance.  
Mr. Machen said. All veterans  
are urged to be present.

# THE LOCKNEY BEACON

• SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY •

VOLUME 48

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY MARCH 31, 1950

NUMBER 30

**Lockney High  
Accepted in Nat'l  
Honor Society**

Lockney High School has re-  
cently been accepted as a mem-  
ber of the National Honor So-  
ciety, Principal F. M. Smith an-  
nounced this week. This is an or-  
ganization set up for the purpose  
of promoting scholarship, lead-  
ership, service and character in  
high schools over the nation,  
Mr. Smith said. The school feels  
that it is quite an honor to have  
been accepted as a member.

Headquarters of the society is  
in Washington, D. C. Only mem-  
bers of the Junior and Senior  
classes in high school are eli-  
gible for membership and they  
must not make a grade lower  
than 85 in any subject. Sopho-  
mores are eligible for probation-  
ary membership if they reach  
the standards set up, Mr. Smith  
said.

Membership in the society  
gives a student an incentive to  
do better work in school and the  
membership itself serves as a  
recommendation in later life,  
should the student ever need it,  
it was explained.

When initiation for charter  
members of the local group is  
held, members of the already or-  
ganized Plainview group will be  
invited to have charge of the  
program, Mr. Smith said.

**Dust Storm Hits  
Here Sunday**

Choking, blinding clouds of  
dust struck on this vicinity Sun-  
day driven along by high west  
winds. It was the worst dust and  
sand storm seen here in several  
years and brought back visions  
of the dust storms of the 30's.

The storm struck during the  
night Saturday night and roar-  
ed on until it finally blew out  
Monday.

Several people were killed in  
auto accidents in the area caus-  
ed by the dust, reports said. No  
mishaps were reported in this  
immediate area.

With no appreciable rain since  
last fall the ground is very dry,  
but very little blowing was re-  
ported in this area during the  
storm. Most of the dirt was be-  
lieved to be coming from the  
sandy areas to the west.

**New Rotary Officers  
Are Selected Here**

New officers of the Lockney  
Rotary Club were elected in re-  
cent club balloting.

G. M. Brunner was selected as  
president of the club for the fi-  
scal year starting July 1. Other  
officers selected were J. E. Cox,  
vice-president; Joe Parrish, sec-  
retary-treasurer.

Directors elected were Ike  
Johnson and Mort Crapster. F. L.  
Brown, retiring president will  
automatically become a member  
of the board of directors.

**Softball Players  
Asked To Meet  
Tuesday Night**

All young men of this area  
interested in playing softball this  
year are asked to meet next  
Tuesday night at 7:30 at The  
Beacon office to help form a  
softball team, it was announced  
this week by several interested  
members. Plans are for the team  
formed to play in the Floydada  
league, it was said. "Red" Chil-  
ders, Horace Jones and others  
are pushing the organization.

**Services Announced  
Assembly of Gc-1**

The speaker for the services at  
the Assembly of God Sunday,  
April 1, will be Rev. J. A.  
Thomas, superintendent of the  
West Texas District. He will  
speak at both morning and even-  
ing services, which will begin at  
11:00 a. m. and 7:45 p. m. Every  
one is invited to attend.

**Preacher**

WOODROW W. ALLEN  
Mr. Allen will begin a meeting  
Saturday night at the Prairie  
Chapel Church of Christ. He is a  
former resident of that commu-  
nity and is well known by many  
residents here.

**City Election  
Set For Tuesday**

Voters of the City of Lockney  
will go to the polls next Tuesday,  
April 4 and select three alder-  
men out of a list of eight candi-  
dates.

Terms of mayor and city secre-  
tary do not expire this year.

The three incumbents whose  
terms expire, J. D. Copeland,  
Lloyd Wofford and J. D. Wood  
are on the ticket for re-election  
and are being contested by five  
other aspirants, Charles L. Rec-  
ord, J. H. Cooper, Austin B. Meri-  
wether, Bob Miller and Fay Pin-  
ner.

The election will be held at the  
City Hall with J. J. Harris as  
judge and Frank Dodson, Mrs.  
Henry Hodel and Mrs. E. L.  
Woodburn as clerks.

Polls will open at 8 a. m. and  
close at 7 p. m.

**Baptist Revival  
To Close Sunday**

The best revival meeting, as  
far as visible results go, that the  
Lockney Baptist Church has had  
in several years will come to a  
close Sunday night. The church  
has received more than 40 addi-  
tions thus far and approximately  
25 of these have been by profes-  
sion of faith, Rev. E. J. Cobb,  
pastor, said this week.

Preaching in the revival is Rev.  
A. A. Brian, vice-president of  
Howard Payne College, Brown-  
wood and former pastor of the  
First Baptist Church at Brown-  
field. Shelby Collier of Wayland  
College is leading the singing.

Services are held at 10 a. m.  
and 8 p. m. each day with pray-  
er groups meeting at 7:45. How-  
ever, there will be no service  
Saturday morning, Rev. Cobb  
said.

An all night prayer meeting is  
planned for Saturday night,  
church officials said Thursday.  
Different groups have pledged  
themselves to meet at various  
hours starting at 9:30 Saturday  
night and continuing until 9:30  
Sunday morning.

Large crowds are expected to  
attend the closing services of  
the revival meeting.

**Enumerators To  
Start Counting  
Noses Saturday**

Although a preliminary prac-  
tice run will be made Friday af-  
ternoon census enumerators will  
begin their real work of counting  
noses Saturday morning, April 1.

Mrs. Marvin Gilbert and Mrs.  
J. D. Wood are enumerators for  
Lockney. The enumerators have  
been attending a school at Ralls  
this week.

Mrs. John Belt is at the Plain-  
view hospital where she will un-  
dergo an operation soon.

**Floyd County  
Jr. Show Brings  
High Prices**

Probably the highest prices in  
the history of the show were paid  
Wednesday afternoon for ani-  
mals shown in the Floyd County  
Junior Livestock show. The show  
was held at the show barn in  
southeast Floydada.

Bob Crowell, secretary of the  
Floydada Chamber of Commerce,  
and manager of the show told  
The Beacon Thursday morning  
that "it was the best show we  
have ever had from the stand-  
point of prices paid for animals,  
quality of the animals and the  
number of persons attending."

Prices were considerably  
higher than those paid last year  
and the FFA members and 4-H  
club boys and girls showing were  
delighted with the sale.

Troy Lee McNeill, 15-year-old  
Floydada high school student,  
showed the grand champion in  
the fat calf division. He is the  
son of Mr. and Mrs. Bill McNeill,  
who live 11 miles east of Floyd-  
ada. The calf, a heavy weight  
milk fed, was sold to the First  
National Bank of Floydada for  
53c per pound. It weighed 950  
pounds.

The reserve grand champion  
calf was shown by R. W. Smith,  
Floydada 4-H club boy. It was  
also a heavy weight milk fed  
calf, weighed 900 pounds and  
was sold to Piggly Wiggly of  
Floydada for 40c per pound.

Seth Johnston, Floydada 4-H  
club boy showed the grand  
champion in the fat pig classes.  
His was a 235 pound Chester  
White barrow and was bought  
by Piggly Wiggly of Floydada for  
30c per pound. Lavon Shearer,  
Floydada FFA boy, showed the  
reserve champion in this class,  
a Poland China barrow, which  
sold to Patterson Fruit and Gro-  
cery for 29c. It weighed 240  
pounds.

Rex Lackey of the Cedar Hill  
community showed the grand  
champion female in the swine  
division while David Frizzell of  
Lone Star won the reserve cham-  
pion with a sow that had farrow-  
ed.

In the sheep division, Clydene  
Terrell, daughter of Mr. and Mrs.  
Woodson Terrell of Lockney and  
a 4-H club girl, won the grand  
champion prize with her lamb.  
The First National Bank of Lock-  
ney bought the sheep for 50c  
per pound.

The reserve champion lamb  
was shown by Aubrey K. Terrell,  
a cousin to Clydene, and in a  
spirited bidding between Lock-  
ney and Floydada business men  
the lamb went to 70c per pound.  
It was bought by a group of  
Lockney business men.

The grand champion dairy ani-  
mal was shown by Billy Car-  
mack of Floydada with R. W.  
Smith showing the reserve cham-  
pion.

Showmanship award for the  
show went to Troy Lee McNeill  
while 2nd place went to David  
Mount.

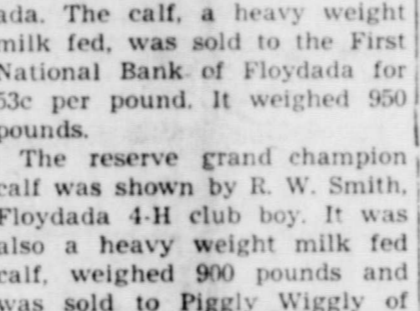

In the light weight dry lot  
class, Robert Matthews, a Lock-  
ney FFA boy from the Providence  
community, won first with his  
calf and Gene Collis, another  
Lockney FFA boy won second in  
the class. Matthews sold his calf  
for 40c and Collis received 46c  
for his.

Bobby Baxter, another Lockney  
FFA boy won fourth place in the  
heavy dry lot class with a heifer,  
while Hershel Hartson, Lockney  
FFA, won second in the light  
milk fed class with his calf. Bax-  
ter didn't sell the heifer but  
Hartson sold his calf for 35c.

Bobby Baxter also won fourth  
place with his calf in the heavy  
milk fed class and sold the calf  
for 37c.

A number of Lockney business  
men participated in the buying  
but show officials were unable to  
furnish a complete list of the  
buyers Thursday. It will prob-  
ably be available next week, they  
said. However, Lockney business  
men buying stock at the show  
included First National Bank,  
Knox Grocery, Pylant Grocery,  
Lockney Lumber & Supply,

**Evangelist**

REV. SIG MORGAN  
Rev. Morgan of Artesia, N. M.,  
will begin a week's revival at the  
First Baptist Church of Aiken on  
Sunday, April 2. He is an out-  
standing young preacher, it was  
reported, his church having led  
in baptisms last year in New  
Mexico.

**Five In Race  
For Trustee**

Five names have been filed  
with Supt. Sidney Reeves for the  
three vacancies on the board of  
trustees of the Lockney Rural  
High School district. Election  
will be held Tuesday, April 4 at  
the high school building.

For the place 1, Lockney dis-  
trict, the names of M. W. Wiley  
and Joe Parrish have been filed.  
In place 2, Ramsey district, the  
names of Frank Brown and O.  
H. Huckabee have been filed. In  
place 3, Sterley district, Leslie  
Ferguson is the only candidate.

Huckabee and Ferguson are  
both on the board at present.  
R. W. Smith, now on the board,  
had declined to accept another  
term.

Mrs. Carl McAdams will be  
the election judge and clerks  
will be Frank Dodson and Mrs.  
Lula Woodburn. Polls will open  
at 8 a. m. and close at 7 p. m.

Election of a county trustee-  
at-large will be held by the same  
election officials and at the same  
time and place. The name of R.  
M. Battey appears on the bal-  
lot. The term of Ben Quebe,  
trustee-at-large from Precinct 2,  
does not expire this year.

**County Farm  
Bureau To Meet**

A meeting of the Floyd Coun-  
ty Farm Bureau will be held at  
the City Auditorium in Lockney  
on Thursday night, April 6, it  
was announced this week by Ben  
Quebe of Providence, president.  
The meeting will begin at 8  
o'clock.

All farmers are urged to attend  
and bring their families, Mr.  
Quebe said. Refreshments will be  
served.

**New P-TA Officers  
Elected Monday**

New officers for next year were  
elected at a meeting of the high  
school P-TA Monday night at 8  
o'clock at the high school. Those  
elected were president, Hershel  
Carthel; vice-president, Mrs. Joe  
Parrish; secretary, Mrs. Hilburn  
Casey; treasurer, Mrs. Raymond  
Meriwether; parliamentarian,  
Mrs. Sid Thomas; reporter, Mrs.  
Marvin Gilbert. The nominating  
committee was composed of  
Mmes. Clyde C. Sloan, Dee Cop-  
eland and Harmon Handley.

F. M. Smith, principal, talked  
to the members on High School  
Discipline.

Diann Dean of Berger is visit-  
ing her grandparents, Mr. and  
Mrs. I. M. Honea this week.

Carl McAdams of Littlefield  
visited his parents, Mr. and Mrs.  
Carl McAdams, Sr. Tuesday.

**Get Your Estimate  
In Today!**

Today (Friday) is the last day  
you may submit an estimate on  
the population of Lockney, accord-  
ing to the census to be taken  
in April, and participate in the  
contest put on by The Beacon.  
We are offering \$10.00 to the per-  
son who comes closest to the ac-  
tual number enumerated in  
Lockney.

You may submit only one  
guess, it costs nothing to guess  
and you must write your name  
and the number down on a paper  
and either mail it or bring it to  
The Beacon office. No telephone  
calls accepted.

Hurry and get your guess in  
by 6 p. m. today.

**Red Cross Drive  
Goes Over Top**

Floyd County went over the  
top in the annual Red Cross Fund  
drive, it was reported this week  
by Edward Wester of Floydada,  
drive chairman. The county's  
quota was \$2200 and the drive  
had reached around \$2500 by  
Thursday of this week.

Frank Perkins, local chairman  
made the drive here this week,  
aided by G. M. Brunner in south  
Lockney.

Mr. Wester was unable to fur-  
nish a list of the communities  
and donations but said the list  
would be available next week.

**Methodist To  
Begin Revival**

A revival will begin at the  
Methodist Church Thursday  
night, April 6, it was announced  
this week.

Rev. and Mrs. N. S. Daniel will  
do the preaching for the services.  
Rev. Raymond Dyess of Black-  
well will lead the singing. Ser-  
vices will be held both morning  
and evening during the week  
days. Morning services will be-  
gin at 10 o'clock. Prayer groups  
will meet each night at 7:40 be-  
fore preaching services which  
will begin at 8 o'clock. Each  
night there will be a special mus-  
ical number, and story will be  
told for the benefit of the chil-  
dren.

On Thursday night there will  
be a special service using an el-  
ectric Cross. Rev. Daniel invites  
everyone to come and enjoy this  
beautiful holy service.

In announcing the revival Rev.  
Daniel said, "Invite someone to  
come with you and let us have  
a real revival. The Lord will pour  
out His blessing upon us if we  
do our part. Let us be much in  
prayer, for the fervent effectual  
prayer of a righteous man avail-  
eth much."

**Paduch Boxers  
To Come Here**

The boxing team from Padu-  
cah High School will come to  
Lockney tonight (Friday) where  
they will fight a team match  
with Coach Curtis Kelley's Lock-  
ney high school fighters. It was  
announced this week. The  
matches will start at 8 p. m.  
About 15 bouts are scheduled.

Coach Kelley said he thought  
Stanley Conner, Mac Howard and  
Cleon Wiley would be among  
the boys matched. This will  
probably be the last fight pro-  
gram of this school year, he said.

Admission will be \$1.00 ring-  
side, 75c adult general admission  
and 50c for students.

Coylene Thomas, baby daugh-  
ter of Mr. and Mrs. J. C. Thomas,  
Jr., is in the Plainview hospital  
receiving treatment.

**Thursday Markets**

**Last Minute Rush  
Hits Collector**

Tax Assessor-Collector T. T.  
Hamilton reported Thursday that  
his office was being rushed badly  
in the selling of auto license  
tags. Saturday is the last day  
tags may be purchased without  
penalty.

Mr. Hamilton reported that up  
to Wednesday night a total of  
2230 automobiles had been re-  
gistered in the county. Farm  
truck licenses totaled 860 while  
commercial trucks totaled 116.

Mr. Hamilton said that Frank  
Dodson would maintain his li-  
cense office at the Lockney Auto  
Company here until Friday night.

**Band Mothers To  
Sponsor Games**

A game tournament of the high school band  
will be held at the high school  
gymnasium Tuesday, April 4, at  
7:30 p. m. The Band Mothers  
Club is sponsoring the tourna-  
ment. The admission price is 50c,  
which allows any person admit-  
ted to participate in any game.  
Canasta, "42", and other games  
will be played. Everyone is in-  
vited to attend for an evening of  
fun besides benefitting a worthy  
organization.

**Rehearing Asked  
In Road Suit**

A motion for a rehearing will  
be filed this week with the Court  
of Civil Appeals at Amarillo as a  
result of that court's up-  
holding of a plea for an injunc-  
tion in the county's road paving  
program, it was said Thursday  
by Enos T. Jones, county attor-  
ney.

Last week the Amarillo court  
upheld the contention of a group  
of tax payers in the county that  
the Commissioners Court had no  
authority to enter into an agree-  
ment with the State Highway  
Commission to pave a mile of  
road that was not included in  
the road bond election. In a plea  
for an injunction before District  
Judge Alton B. Chapman in Jan-  
uary, Judge Chapman refused  
the plea on the grounds that no  
evidence had been presented to  
show that the road program was  
endangered. However, the ap-  
peals court reversed this ruling  
and directed the judge to issue  
the temporary injunction. The  
defendants have 15 days in  
which to file a motion for a re-  
hearing and it will be done this  
week, it was said.

Ayres & Ayres are aiding Jones  
in defending the Commissioners  
Court while the plaintiffs are  
represented by Richard F. Stovall  
and Winston Brumley of Lub-  
bock.

The one mile of road over  
which the suit is filed lies just  
west of the Pleasant Valley  
school house, five miles south of  
Lockney. It will connect a road  
running south from Lockney to  
the Pleasant Valley school, to one  
that will come north from Sand-  
hill and thence east one mile.

**Frank L. Moore  
In Judge's Race**

The Beacon is authorized this  
week to announce the candidacy  
of Frank L. Moore of Floydada  
as a candidate for County Judge  
of Floyd County.

Mr. Moore has lived in Floyd  
County since 1908. He served  
the county at one time as assessor-collector of taxes and later  
was employed at the First Na-  
tional Bank in Floydada for a  
number of years. Lately he has  
been in the real estate business.

Mr. Moore will make his for-  
mal announcement and state-  
ment to the voters at a later  
date he said.

**Band Mothers To  
Sponsor Games**

A game tournament of the high school band  
will be held at the high school  
gymnasium Tuesday, April 4, at  
7:30 p. m. The Band Mothers

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Beacon will be corrected gladly upon being brought to the attention of the editor.

MEMBER OF TEXAS PRESS ASSOCIATION

"If my people, who are called by my name, will humble themselves, and pray, and seek my face, and then turn from their wicked ways, then will I hear from Heaven, and will forgive their sins and will heal their land."

Twenty-eight women, mostly mothers, were sworn in as "Copettes" in Atlanta, Georgia. The women were hired by the city to patrol school areas in an effort to curb traffic law violators. The women relieve male traffic officers in the school areas. The women will be provided with uniforms, badges and traffic whistles.

A father has a right to paddle with a wooden paddle his 16-year old daughter, according to Judge Gerald W. Groat of Detroit, Michigan. The judge gave this permission to Harry N. Downs, also of Detroit, whose daughter Emma, had filed assault charges against her father for administering a spanking for her misbehavior.

We are flogging to death the horse (Capitalism) that has carried us closer to our goals than we have ever been before.—Gen. Dwight D. Eisenhower.

The ideal situation in a family, a local man says, is for the man to make the money and turn the spending of it over to his wife. The secret of the success of such an arrangement, he says, is for a man to pick a wife with good sense who can always keep a firm fact that she was not named to a rich man.

A local preacher's advice to those of his flock is to get down and pray for what they need as earnestly as they know how, and then get up on their feet and work as hard as they know how to help the Lord make their prayers come true.

Three things constitute a long, successful and active life: First good health, second a busy, active life, and third a keen mind kept everlastingly active. One can't always have the best of health given him, our friend says, but he can keep what health he has as good as possible by never doing the things that impair it. He can keep active always at something. He can keep his mind always busy and young by reading, and studying. In a good many instances where men die a short time after retirement, our friend says, they do because they permit their minds to stagnate through disuse.

There is only one thing that can make a man think he knows it all. That is ignorance.

More people have been killed in automobile accidents the past fifty years than have been killed in all the wars in which this country has engaged.

John Lewis whipped the mine owners and the government. He secured an increase of 70 cents a day in the miners basic wage bringing it to \$14.75. Lewis had asked for a 95 cent increase. He secured a 10 per cent per ton increase in royalty payments for miner's welfare bringing the payments to 30 cents a ton. Lewis had asked for a 15 cent increase.

Two serious problems face the government today: One is to get the government out of the red, and the other is to get the red out of the government.

## THE BOARDING-HOUSE REACH!

## With Our EXCHANGES

### THE BIGGEST MIDDLE MAN

It has been estimated that the States received from the federal Government approximately 15 per cent of all the money they spend. This amount tends to look small, rather than large, when present national policies are taken into consideration.

Because it does look small, we can ask the question: How much more than a dollar do the people of the state pay to the Federal government for every dollar they get back from Washington?

The Federal Government might collect enough money in the states, and hand back enough to enable the states to pay all their expenses without levying any taxes of their own.

There are approximately 5,000 honey bees to the pound.

Mr. and Mrs. L. L. Rhodes and

### In Careful Hands

A Red Cross nurse feeds milk to a tiny polio victim encased in his iron lung. Good care and attention helped the spunky youngster to complete recovery.

### Fertilizers Are Tested Through Irrigation Ditch

LUBBOCK—An experiment to determine the value of irrigation water as an agent for carrying certain fertilizers to the soil in wheat pastures is now under way at Texas Technological college.

Dr. A. W. Young, head of the plant industry department, says anhydrous ammonia is being added to the water and run

through the pastures. Later in March sheep will be permitted to graze in the pastures.

After the sheep have been grazed in the pastures for a specific period, tests will be made to determine the efficiency of the method.

"We will probably conduct the research over a long period, since the results we might get on this first test may not be what we expect under conditions when

our rainfall is more plentiful," Dr. Young says.

Mr. and Mrs. Tom Rankin, Jr. visited in Lubbock last week end.

### Sterley News

by Bonita Glover

Kenneth Claborn left Sunday for Boulder Colo., after a week's visit here with his parents. He is going to the University of Colorado.

C. B. Humphrey went to Fort Worth this week to the hospital for a check-up.

Mr. and Mrs. A. M. Hanks and Barbara Jo had luncheon with Mr. and Mrs. M. O. Buchanan and family Sunday.

A. K. Glover is doing fine this week. He had a spinal operation in Fort Worth last week.

Misses Lou Wana Rivers, Wanda Jack and Ella Mae Buchanan had lunch in the A. K. Glover home Sunday.

Mr. and Mrs. G. E. Patterson, B. A. Howell and Richard Glover have been ill this past week.

Mr. and Mrs. Clyde Shearer of Plainview spent the week end in the L. A. Claborn home Sunday.

Mr. and Mrs. Everett Rivers and Ruth Ann visited in Lockney with Mr. Rivers' parents, Mr. and Mrs. A. J. Rivers last weekend.

Mrs. A. K. Glover returned from Fort Worth Sunday.

Mr. and Mrs. W. D. Wakefield and family of Hart spent Sunday evening in the A. K. Glover home.

Mr. and Mrs. G. P. Nelson spent the week end in Anton with their son, Amos Nelson and family.

Mr. and Mrs. Everett Jack of Friona visited with Mr. and Mrs. Sam Jack Monday afternoon.

(Delayed from last week)

Mr. and Mrs. B. A. Howell visited his sister, Mrs. J. J. Williamson Sunday. They visited in Wellington with friends, Mr. and Mrs. R. M. Horn also.

Mrs. A. K. Glover made a business trip to Fort Worth last week. Mr. Glover had a major operation and is doing fine.

Kenneth Claborn of Boulder, Colo. has been visiting with his parents, Mr. and Mrs. L. A. Claborn this past week.

G. E. Patterson made a business trip to Fort Worth this week and to go through a hospital for a check-up. He also went to an I. O. O. F. grand lodge meeting in Dallas.

Jewel Rexrode returned from a hospital in Plainview Saturday

### Captain Eddie Rickenbacker Endorses American Bible Society Program

Captain Eddie Rickenbacker receives a Bible from Francis Stifler, secretary of the American Bible Society.

Captain Eddie Rickenbacker again has given his unqualified approval of the annual observance of Worldwide Bible Reading from Thanksgiving to Christmas. The slogan will be "The Bible—A Light and Guide." Captain Rickenbacker has been an active member for several years of the sponsoring committee of national laymen who assist the American Bible Society in the promotion of the program. The committee is headed by President Truman, who is honorary chairman.

"I heartily endorse the theme for 1950," said Captain Rickenbacker, "and I congratulate the American Bible Society for the outstanding success of the 1949 celebration when more than 12,000,000 copies of the reading list of Scripture passages were distributed by the Society on request. Our American people were evidently so deeply impressed with the value of daily Bible reading that from the Bible Society alone they have written for over a million copies of a reading list to cover every day of 1950."

Captain Rickenbacker's lifelong interest in the Bible was greatly stimulated by his experience during the war when, with seven other men, he was adrift on the Pacific for more than three weeks. During this time a Service Testament, belonging to one of the men, was used for daily devotions.

after a major operation. He is doing fine.

Mr. and Mrs. Albert Lawrence and son of Floydada, and Mr. and Mrs. Clyde Shearer of Plainview visited in the L. A. Claborn home Sunday.

A Home Demonstration club meeting was held Thursday. Hostesses for the occasion were Mmes. Wesley Hay and C. L. Mooney. The meeting was called Guest Day. There were twenty-five members and guests present.

H. C. Stout has returned after spending several months in Lubbock working. He arrived Sunday.

Miss Sandra Yarbrough was honored with a birthday party in her home Monday, March 20th. She celebrated her fourth birthday. Ice cream and cake were

served to eighteen guests by Sandra's mother, Mrs. A. D. Yarbrough. Those present were Diana Allison, Jimmie Sloan, Ralph Kellison, Mark and Francis Montandon, Sue McClure, Kathleen Davidson, Janie Rhodes, Norleen Penix, Gary Melton, Carolyn Howell, Dwight Cox, Steven McCray, Larry Yarbrough, Jane and Jerry Burns, Sandra Smith and Carla Smith.

Misses Wanda Jack, Lou Wana Rivers and Floy and Bonita Glover visited in Kress with Mr. and Mrs. J. S. Hayes Sunday.

Mr. and Mrs. Eliand Johnson and Shirley of Lockney, and Mr. and Mrs. Jack Bickley and Jackie visited in the Sam Jack home Sunday.

"Marriage is a great stimulator of imagination."—Designer Salvador Dali.

"If you've never tried to wear leather next to your skin—don't."—Movie Actress Claudette Colbert, re panties worn in war movies.

"As a citizen, I ought to obey the laws first and foremost."—President Truman.

"The Federal government is too big."—Claude A. Putnam, NAM president.

"He said goodbye to me as though he were going around the corner for a loaf of bread."—Mrs. Elliott Paul, testifying in divorce case about the way her author husband left for Paris.

"The customer is Santa Claus."—Henry Ford II.

### Explanation Sought For Cardboard Taste of Plains Sweet Milk

LUBBOCK—Texas Technological College's milk experts are seeking an answer to the research problem now under way concerning the so-called "cardboard" taste that soon develops in milk produced on the South Plains.

Dr. J. J. Willingham, head of the department of dairy manufactures, says the research deals with the oxidized flavor in milk. "South Plains milk has as much oxidation as any produced in Texas—at least our findings indicate that—and we want to know why," he said.

Dr. Willingham indicated that possibly feed, water or local conditions accounted for the flavoring.

James Carroll of Herington, Kans., and Ed Smith, also of Herington, visited James' parents, Mr. and Mrs. Hugh Carroll

### Two New Buildings Planned at WTSC

CANYON—Another chapter in the progress of West Texas State was completed this week with the announcement by Dr. James P. Cornette, president that the board of regents has approved contracts for the new West Texas State Field House and the college chapel.

Neil Singleton, Amarillo, was awarded the construction job on the \$378,000 field house. Work is to begin within 10 days with completion due prior to the 1950 basketball season. Wedding & Cochran, Amarillo firm, was announced as low bidders on the Chapel. Cost of constructing and furnishing the chapel will be \$44,350.

Seating plans for the Field House call for a 3600-capacity with room for enlargement. Completely modern facilities for basketball, wrestling, boxing, weight lifting, tumbling, rope climbing, handball and apparatus work will be included in the structure.

Site of the new building will be on the block north of the college cafeteria and facing the Amarillo highway to the west.

Gus Miller, athletic director, said detailed planning for the foyer of the spacious Field House call for ticket booths, trophy cases, drinking fountains, and a concession stand. The sculptured replica of Old Charlie, buffalo mascot, will be mounted in the lobby.

To the sides of the foyer will be large offices for the coaching staff. Underneath the tiers of seats on the south side will be an equipment and checking rooms, dressing rooms and showers to accommodate 75 persons and another dressing room and showers for physical education students.

On the east end of the structure will be facilities for wrestling, boxing, tumbling and other sports. The north side underneath the seating will be the same as south side and will be separated into areas for varsity and freshman.

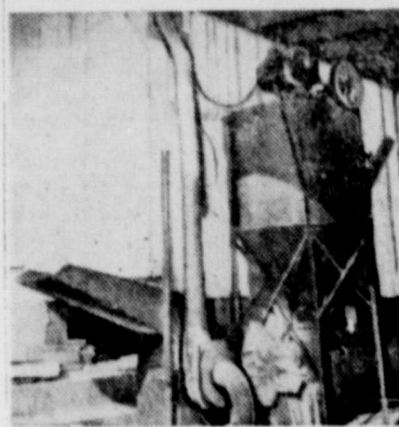

To be located just north of the president's new home and facing to the street running just north of the Science building, the chapel is being built as a result of a project campaign headed by President Emeritus Dr. J. A. Hill. Private donations will finance the projects.

The chapel will accommodate about 200 people. It has been recommended that no services be conducted in the chapel during the regular church services of the churches of Canyon.

Completion of the chapel is scheduled for early fall.

Bids for the construction of the new \$500,000 library building

### Automatic Feeder

Many southern farmers, who would like to install automatic feed handling setups, often pass them up because they feel they lack buildings large enough to hold the necessary electric equipment. That such tight-sided buildings, so necessary in cold climates, are not needed for this operation in the South is shown by the above picture.

Taken on a farm near Roanoke, Va., it shows a combination indoors-outdoors arrangement. Whole grain is fed into the outdoor mill, to the left. Here it is ground and then elevated by blower pipe into feed bins inside the combination grain and machinery storage shed in the background.

### Poultrymen Are Advised To Purchase 'Quality'

"Good chickens can not be sold at a low price," G. S. Vickers, field manager of the Ohio poultry improvement association said in cautioning farmers to "buy on quality—not price."

Outlining a procedure to inspire wise chicken buying, Vickers said: "Investigate your local hatcheryman first. See if he has a careful and thorough pullorum disease control program. See if he obtains good breeding stock; see if he keeps up the quality and constantly improves it by careful selection and the use of ROP pedigreed or other good breeding males from good breeders."

### Egg Preservation Methods Seen Due for Improvement

Present methods of preserving table eggs may be revolutionized by the use of a new compound developed by Dr. Alexis Romanoff and W. D. Yushok of Cornell's agricultural experiment station.

The compound, a mixture of a plastic substance called polystyrene, with chlorinated rubber and other chemicals, forms a film over the egg and preserves it at ordinary temperature.

ing for the college will be opened soon with regents' approval slated for May. Construction will begin immediately after approval and it is planned to be ready for occupancy sometime next fall.

Hats worn by the King's guard in England are called Busbies.

### Western Novels Attracted Tech Prof.

LUBBOCK—Zane Grey's rip-snorting novels of western life attracted Austrian-born Theodor Alexander to Texas and the friendly atmosphere of a Texas campus has held him here.

Alexander, now a foreign languages instructor at Texas Tech, came to America when he was 18, served in the army in World War II and came to Tech as a student after his discharge.

"I thought Tech offered the most democratic form of education," he says in explaining his migration from Boston—his first port-of-call in America.

Alexander received the B. S. and M. S. degrees at Tech and became interested in teaching scientific German. He joined the

faculty in 1947 and married Beatrix Witte, another Tech student.

He's glad now that he read those German translations of Grey's western novels. He also thinks the average American is too complacent about our way of life.

"American democracy is something to treasure, and I still get excited about it," he says.

Mr. and Mrs. S. H. Davis, Mr. and Mrs. Marvin Davis, Mrs. G. S. Davis, all of Greenville, Texas, Mr. and Mrs. Bob Berry, Doyle Davis of Olton all visited with Mr. and Mrs. Harold Davis and family the past week end.

Australia is the only continent lying entirely south of the Equator.

### 1949 Traffic Deaths Less Than 1948

Austin—One hundred and two persons died in traffic accidents in Texas during 1949 than in 1948. The Traffic Death Book for last year officially closed on March 15th, according to a statement released by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, and the final toll stands at 1,957 fatalities. This figure is 9 more than the prediction made a year ago by N. W. Woerner, Chief of the Safety Department's Statistical Division, Garrison said.

In forecasting the fatalities for 1949, Chief Woerner went against many existing indications of certain increases in the death rate and said that the figure would drop. It did by the 102 margin.

Woerner released for the first time today his prediction for 1950. He says that this year will be the most costly and tragic in the history of the State. He predicts an all-time high of 2,068 traffic fatalities. Basing his gloomy forecast on increasing individual apathy toward the traffic problem, he solemnly declares that he hopes he is wrong.

If farm profits are to be maintained during the years immediately ahead, better and more efficient management practices must be made a part of each farm or ranch operator's plans.

License number 100 is always reserved for the president's car.

### Preston Smith, Lubbock Solon, Out for Lt. Gov.

PRESTON SMITH

Preston Smith, 38-year-old Lubbock business man, entered the political arena this week by announcing his candidacy for Lieutenant Governor.

Smith is a three-term veteran of the Texas House of Representatives. He was first elected in 1944 to represent District 119.

During his service in the House, Smith has been for four years a member of the appropriations committee. He has also served as chairman of the sub-committee on higher education. He is a firm believer in the application of sound business methods in the operation of the state government.

Much of his career in the House has been devoted to championing the cause of Texas' rural people. He was author of the rural hospital bill and co-author of the rural telephone bill, and also has been active in the fight for farm-to-market roads and soil conservation. Smith has been a supporter of all veteran legislation.

Smith has been a Lubbock resident for 18 years. He has been in the theater business since 1936.

His schooling includes a diploma from the Lamesa High School and a degree from Texas Technological College in Lubbock where he studied auditing and accounting.

A member of the Methodist Church, Smith is also active in the Kiwanis Club and is a 32nd Degree Mason.

More than four thousand 4-H and adult demonstrators last year showed that corn yields can be increased by as much as 20 to 30 percent by planting adapted corn hybrids.

To get your second wind means that the body has become adjusted to the need for more oxygen.

### County Council Hear Reports

The Floyd County Home Demonstration Council had its regular meeting Saturday afternoon in the county court room in Floydada. Mrs. C. L. King of Lone Star, chairman, presided. All fifteen of the Home Demonstration clubs in the county were represented and reports were given of their various activities since the February Council meeting. The county-wide project for March was a "Guest Day" in each club to acquaint non-club members of the community with extension work. Thirty-six visitors were present at the Guest Days reported, with seven new members enrolled.

Announcements were of the Spring Stock Show at Floydada on March 29 for 4-H, FFA and FHA members, and training meetings for clothing leaders March 27.

Mrs. O. G. Mayfield, a member of the education-expansion com-

mittee, asked for a report on the Reading project. Mrs. Clyde Henderson, exhibit chairman, reported on the exhibits of trays and ceramics at the Rotary luncheon. Mrs. C. B. Carmack, marketing chairman, said the chairs ordered for the Extension office kitchen would arrive in April. Mrs. Donald Finkner, chairman of the finance committee gave some suggestions for raising money for the treasury. Mrs. J. E. Tierce reported that the canneries at Lockney and Floydada were open on Mondays and Tuesdays of each week.

Mrs. Raymond Teeple, county THDA chairman, said reservations for the luncheon at the district THDA meeting should be sent to Mrs. J. M. Griffin, Rt. 1, Littlefield, by April 10. Money is to accompany the reservation.

New business included the changing of the April Council meeting from its regular time on the 15th to April 22. The annual REA meeting is on that date. The motion for the council to have a concession stand at the REA meeting was lost.

Soil conservation has been studied in the clubs during the year. To obtain more information on this important subject the District Soil Conservation supervisors of the county were invited to attend the council meeting. Those present were Bert Bobbitt of district 1, R. G. Dunlap of district 3, W. H. Nelson of district 4, and W. T. Ferguson of district 5. Mr. Dunlap told the council members of some of the practices approved by the supervisors and stressed the importance of soil conservation work in the county. His statements were emphasized by the soil whizzing by at a great speed and in enormous quantities all during the meeting.

Edward Bush, Associate District Agent and Irrigation Specialist of Texas A. & M. College, put further emphasis on the district supervisors talk when he showed the group a collection of slide films on irrigation. The slides showed different methods of irrigation with emphasis on economy of operation and conservation of water and soil in the

methods used. This illustrated talk by Mr. Bush was greatly appreciated.

After the council meeting was adjourned the election of delegates to the district meeting of the Texas Home Demonstration Association was held. Mrs. Raymond Teeple, county THDA chairman, presided over the election. Nominees were named and those present were introduced. The nominees were as follows: Mrs. O. C. Vinson, Center; Mrs. Sam Lide, Dougherty; Mrs. W. E. Grimes, Friendship; Mrs. Donald Finkner, Harmony; Mrs.

Riley Teague, Homebuilders; Mrs. R. L. Nichols, Lakeview; Mrs. J. E. Tierce, Lockney; Mrs. Raymond Teeple, Lone Star; Mrs. Weldon Smith, Pleasant Valley; Mrs. Wilfred Stoerner, Providence; Mrs. Lynn Miller, Sand Hill; Mrs. Bill Beedy, South Plains; Mrs. Tom Porter, Starkley; and Mrs. S. J. Latta, Sunny-side. Delegates elected were Mrs. Raymond Teeple, Mrs. Lynn Miller and Mrs. Sam Lide. Alternates were Mrs. W. E. Grimes, Mrs. Bill Beedy and Mrs. Donald Finkner.

# 50,000 Miles - No Wear!

- 1. Driven 5 Years in 10 Weeks!** For 70 days, six brand-new cars raced over the broiling Mexican-border desert at 60 m.p.h. . . putting amazing new Conoco Super Motor Oil to one of the most punishing tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!
- 2. New-Car Mileage!** This rugged road test—equal to 5 years' normal mileage—proved that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new! Gasoline mileage for the last 5,000 miles of the test-run was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon!
- 3. New-Car Power! Quicker Starts!** Yes—Conoco Super Motor Oil's extra protection keeps that factory flash . . . that showroom smoothness . . . year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean. New Conoco Super Motor Oil is the great new modern wear-fighter!

## Rev. Anderson Is Honored With Party

Members and friends of the Trinity Lutheran Church at Providence gathered in the new educational wing of the church Monday night to honor the Rev. H. L. Anderson, pastor, on his birthday.

The group sang hymns and a Bible quiz was conducted. Rev. Anderson was awarded an oak swivel arm chair for his study for answering the most questions in the quiz. The pastor was also given a white nylon shirt and a potted plant.

Spring flowers adorned the entertainment rooms and a large birthday cake centered a lace covered table.

Hostesses were Mrs. Marvin Scheele and Mrs. Walter Sammann.

Happy birthdays were sung to the honoree and to Mr. and Mrs. Ben Brandes and happy anniversary to Mr. and Mrs. Sam Newman on their 31st wedding anniversary.

The following attended: Mr. and Mrs. Otto Schrieber, Mr. and Mrs. Bill Schmidt, Mr. and Mrs. Ernest Karlovs and family, Mrs. Leo Boedeker and children, Mr. and Mrs. Ewald Quebe and son, Mr. and Mrs. Charlie Boedeker and Janice, Mr. and Mrs. Walter Boedeker, Mr. and Mrs. Sam Newman and Helen.

Mr. and Mrs. Adolf Schaffner, Mr. and Mrs. Vernon Collins, Mr. and Mrs. Walter Sammann and girls, Mr. and Mrs. Marvin Scheele and Marie, Mr. and Mrs. Albert Scheele and family, Mrs. Kerry Sammann and Clara, Mr. and Mrs. Ted Boedeker and family, Mr. and Mrs. L. B. Brandes and Debra, Mr. and Mrs. Ernest Ebling and family.

Mr. and Mrs. Ben Brandes, Mr. and Mrs. Hubert Stoerner and Larry, Mr. and Mrs. Wilfred Stoerner, Mr. and Mrs. Albert Sammann and family, Mr. and Mrs. Ernest Sammann, Mr. and

## Mr. and Mrs. Gilbert Huls Celebrate 61st Anniversary

Mr. and Mrs. Gilbert Huls celebrated their 61st wedding anniversary Sunday, March 26. Several guests were in the Huls home that day honoring them on their anniversary.

Children present were sons, Mr. and Mrs. Phil Huls and Loyd Huls, Eufaula, Okla., Mr. and Mrs. Leslie Huls, Perkins, Okla., Mr. and Mrs. Glen Huls and Tommy Russell, Stamford; daughters present, Mrs. Marie McLain, Oklahoma City, Mr. and Mrs. Sam Miller, Lockney; grandson, Mr. and Mrs. Bob Miller and Bobby; out-of-town friends present were Mr. and Mrs. Frank Randel, Fort Worth.

## WCS MEETS MONDAY

The Woman's Society of Christian Service met Monday afternoon at the Methodist Church. Mrs. F. L. Brown had charge of a program on Stewardship, reading Matt. 28:19 for a devotional. A solo, "Beneath the Cross of Jesus" was rendered by Mrs. F. O. Schacht. A talk on Stewardship was given by Mrs. L. W. McCuiston.

During a short business meeting with the chairman, Mrs. Olive Myers presiding, it was decided to postpone the Spring study until after the revival.

Mrs. F. O. Schacht will be the leader next Monday for a year-book program. All ladies of the church are needed at the meetings, please come.

Mrs. L. W. McCuiston, Publicity Chairman.

Homer Lee Ellis, former Lockney resident, visited his sister, Mrs. Clara Copeland Thursday. He has just been discharged from the Army. He was stationed in Alaska.

Mrs. Albert Kelm and family, Rev. and Mrs. H. L. Anderson and David, Mr. Johnson.

## RED CROSS HELPS RESTORE FAMILIES TO NORMAL LIVING AFTER DISASTERS

Planning resumption of normal living with this disaster stricken family of East Prairie, Mo., following mid-January floods is the task of the Red Cross worker. Scenes like this are duplicated in Arkansas and Illinois following floods that drove 30,000 from homes, damaged household furnishings and buildings. Financial aid and planning for future are Red Cross contributions to those without sufficient resources to get back to normal, made possible by annual generous gifts of American people to organization. Such aid was given in 330 disasters last year for total of \$6,574,741. About 70 per cent was spent for long-term rehabilitation. Remainder went for immediate emergency care.

## CELEBRATES BIRTHDAY

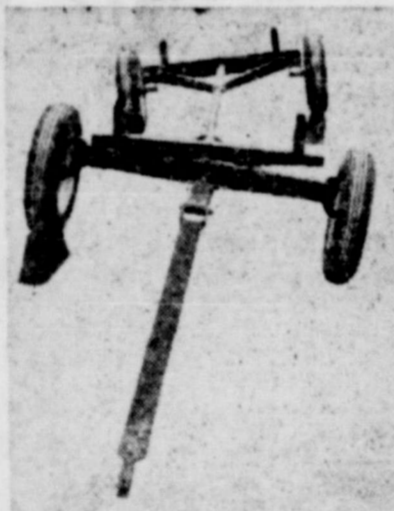

H. F. Kidd celebrated his birthday last Sunday and most of his children were present to help with the observance. The children presented him with a nice birthday gift. Ice cream and cake were served as refreshments.

## OES TO HAVE FRIENDSHIP NIGHT

The Eastern Star will have Friendship Night at its regular meeting Monday, April 3, at 7:30 p. m. All members of the local chapter are urged to attend as visitors from other chapters will be present.

Mr. and Mrs. Milton Ashton are the parents of a baby girl born March 8 in the Plainview Hospital. She has been named Becky Annell, and is the sister of Patsy and Karen Ashton. Her grandparents are Mr. and Mrs. R. H. Ashton and Mrs. R. L. Mitchell of Floydada.

Mr. and Mrs. E. A. Allen of Temple City, Calif., visited her brother, G. H. Phenis and Mrs. Phenis here Sunday.

Like modern cars which "float" over the highways, this new, all-steel farm wagon has just been offered the American farmer to help smooth out rough fields and roads. Front and rear axle tilt independently (as shown) to give maximum flexibility and stability, even under capacity loads of 8,000 pounds. Auto-type wheels and steering mechanism are used.

## Spring Calving Permits Cheaper Winter Feeding

Spring calving permits use of cheaper lower-grade feed during winter. A cow that calves in the spring will get along nicely on a plain kind of ration. But the cow that calves in the fall must be fed a milk-producing ration during the winter to keep the calf growing rapidly. Such a ration is more expensive.

In a climate where the cow herd must be on a dry feed for five months, a total of about 1,300 to 1,500 pounds of digestible feed is needed in winter.

A 1,100-pound pregnant beef cow can be carried through the winter quite cheaply when fed 1,100 pounds of clover hay, 1,500 pounds of corn stover and 500 pounds of oats straw.

## Handling Tips Offered In Hatching Egg Work

Tips on handling hatching eggs have gone out to farmers from several extension service sources. In the main, farmers are urged to pack such eggs in cases with the small end down, and, if these eggs are marketed twice a week, it will not be necessary to turn them.

If hatching eggs are to be stopped for a short time, the advice continues, keep the room temperature between 45 and 60 degrees.

## Blanchard To Speak To Old People

The Old Peoples organization of Floydada will meet in a regular meeting on Sunday, April 2, it was announced this week. The meeting will start at 2:30 p. m. and will be held in the county court room in the new building east of the court house.

H. J. Blanchard of Lockney, candidate for state representative of the 120th district will be the principal speaker, according to Frank Campbell, secretary of the Floydada organization. Judge Otho Dent, county judge of Lamb County, is also expected to be present. Mr. Campbell urges that people from Lockney attend.

## MRS. BROWN PASSES

Mrs. Ras Brown, a pioneer of the old Roseland Community passed away about 10 days ago at Marshall, Texas. It was reported this week. Burial was at Decatur. Many old settlers of this area will remember Mrs. Brown.

Mr. and Mrs. Jake Griffith returned Wednesday night from a several weeks vacation at Westaco. They returned by Corpus Christi and other fishing points.

Mrs. Thurman Thomas is in a Lubbock hospital receiving treatment for a serious eye infection.

Mrs. J. A. Stegall is in the Plainview hospital where she underwent an operation recently.

## Uncle Sam Says

Independence is the cornerstone upon which this country was built. And thrift is the cornerstone upon which Americans are building future financial independence. That cornerstone provides the slogan for the U. S. Savings Bonds Campaign, May 15-July 4, which is: "Save For Your Independence." Everyone has something to save for, whether it be for a home, for retirement, to educate your children, or for a glorious vacation trip. With the determination to "Save in 1950 for 1960" you will be well on the way to financial independence. You will receive \$4 for every \$3 invested within ten short years.

## ATTEND FUNERAL HERE

Brothers and sisters of Mrs. T. J. Word who attended funeral services for Mrs. Word here last week included: Carl Raney of Waxahachie, John Raney and wife of Dallas, Mark Raney and wife of Clarendon, R. P. Raney and wife of Lubbock, Mrs. Bruce Dearmond of Levelland. Among other relatives attending were Mr. and Mrs. Wendell Green of Plainview, Robert Jones of Hale Center, R. S. Johnston and wife of Hale Center and Donald Johnston and wife of Lone Star. Mrs. Effie Bell and Mrs. Inez Self, both of Crowell, and old time school mates of Mrs. Word and her sister, Mrs. W. S. Rexrode also attended the services.

## Candidate

Case March of Waco has resigned his position as professor of law at Baylor University to make his third consecutive race for Governor of Texas. The Waco lawyer has announced that he will open his campaign headquarters in Waco and hit the campaign trail in early June and stay on the road until the election, 1950. March's platform calls for the redistribution of the tax burden in Texas from the small home owner and farmer to certain natural resources; \$50 a month old age pensions, rural roads, aid to institutions for the mentally sick, veterans bonus, assumption by the State of the local bond indebtedness of school districts and the preservation of local self government in Texas.

Mr. and Mrs. Cecil Shearer and family of Amarillo spent the week end here visiting his parents, Mr. and Mrs. F. S. Shearer and family.

## NEW ARRIVALS

Mr. and Mrs. Paul Kropp and the parents of a son named Jimmie Dale. He made his appearance at Olton Memorial Hospital, Sunday, March 26, weighing 10 pounds, 4 ounces on arrival. Both mother and son are doing fine.

Mr. and Mrs. Ruel McPherson of Austin are here this week visiting his mother, Mrs. C. P. McPherson and other members of his family.

Joe Rogers and Loren Reecer returned Monday from Mineral Wells where they spent several days.

G. E. Lynn left Sunday night for McKinney, Texas where he will soon undergo an operation at the veteran's hospital there.

Mr. and Mrs. Henry Hodel visited last week end with her mother, Mrs. M. E. Steele at Ruidosa.

Mr. and Mrs. Leonard Hartley of Edmonson visited in Lockney Tuesday night.

Mr. and Mrs. J. D. Burkham, former Lockney residents, now of Johnson City, Kansas, visited Monday and Tuesday nights in the Rev. E. J. Cobb home.

Lassen Volcano in northern California is the only active volcano in the world.

Uncle Sam Says

The life of Abraham Lincoln, whose birthday anniversary we observe this month, provided an example of hope, courage and thrift which is just as important to you today as ever before. And this applies to all of my nephews and nieces. Together with all of that hope and courage each of you possesses, there must be the respect for thrift. And one of the safe, sure ways of saving is by investing in U. S. Savings Bonds. Each \$3 invested today will bring you \$4 in ten short years. START SAVING IN 1950 FOR 1960. U. S. Treasury Department

Operators of welding equipment should always use a hand shield or helmet as a protection against injury to the face, neck and eyes.

Electric arc welders are safe only so long as the operator observes proper safety precautions. All electric farm welders should have proper safety precautions. All electric farm welders should have safety controls and the frames should be effectively grounded.

State Job Openings Are Announced

Competitive examinations for positions with the Texas Employment Commission and the State Department of Public Welfare will be given on May 6 by the Merit System Council, Chas. S. Gardiner, director, announced in a statement released March 25.

Stenographers are needed in every part of the state, Gardiner declared. Clerk-Typists, Field workers, Interviewers and Clerks are needed primarily in the smaller cities and towns throughout the state.

Key Punch operators and tabulating machine operators are needed to work in Austin.

Qualifications for these positions vary from high school grad-

uation to college graduation. Approximate experience may be substituted for education in many cases. The positions of key punch operators and tabulating machine operator require training in the use of these machines.

Gardiner stated that these examinations present to people the opportunity for employment with the state under the most favorable conditions. Work under the merit rule, he pointed out, leads to permanent employment, with good salary, promotional possibilities, liberal vacation and sick leave, and retirement benefits.

Gardiner said that official application blanks can be obtained from the State Department of Public Welfare, or by writing the Merit System Council, 1000 San Antonio Street, Austin, Texas.

### State Demands Cleanliness In Eating Places

AUSTIN—The Texas State Department of Health's program of teaching food handlers sanitary

methods of preparing and serving food continues to be very popular, according to Dr. Geo. W. Cox, State Health Officer. It is one method of attack on that great group of respiratory diseases which include influenza, scarlet fever, measles, whooping cough and the common cold, the viruses of which are spread from person to person by the excretions of the nose and mouth.

Restaurant sanitary programs have become more necessary because of changes which have taken place in our national eating habits. Once upon a time it was customary for most people in Texas and in the U. S. A. to eat three meals a day at their own table. To "eat out" was an unusual and exciting event. Now, all the family, including the baby, eat out.

In this constant mingling of people to eat and drink there exists a vast and complicated arrangement perfectly designed for exchange of saliva via cups, glasses, spoons, forks and fingers that go in and out of millions of mouths. There are few hours in the day in any community when these vectors of respiratory and other diseases are not busy.

The prime purpose of restaurant sanitation is to have all dishes and utensils sterilized and to have all those who handle or serve food understand and practice restaurant sanitation every day and all the time.

The public in every community needs to be concerned about the cleanliness of its public eating places. You can help by demanding cleanliness in the places you eat.

### Local Fighters Win Over Crosbyton

The Lockney high school boxing team won over the Crosbyton high school team seven matches to two in a team match held here Monday night.

Following is the result of the various fights: Butch Hardage of Lockney decided Jim Duke of Crosbyton. "Fat" Williams of Lockney kayoed Jackie Duke of Crosbyton.

Johnny Clark of Lockney decided Jack Peacock of Crosbyton. Roger Conner of Lockney lost a decision to Frank Muller of Crosbyton.

Duwayne McLeod of Lockney lost a decision to Bobby Beckecon of Crosbyton.

Ronald Reece of Lockney decided Thomas Berry of Crosbyton.

Gene Applewhite of Lockney decided Tommy Anderson of Crosbyton.

Cleon Wiley of Lockney decided Johnny Stroud of Crosbyton.

Mac Howard of Lockney decided Richard Savage of Crosbyton.

In an exhibition fight L. V. Eiland of Lockney decided Red Hartson also of Lockney.

### Dairy Show Set For April 10-14

PLAINVIEW — The nation's third largest dairy show has once again moved into the front of the show world with the installation of milking facilities for all of its exhibitors.

In cooperation with the Surge Milking Machine Company, the stalls at the Panhandle-Plains Dairy Show have been provided with vacuum pipes and stall cocks. It is believed that these are the only show facilities in the nation so equipped.

The Panhandle-Plains Dairy Show will be held from April 10-14, 1950, and a record number of exhibitors from Texas, New Mexico and Oklahoma are expected for this year's advent.

Mrs. Ralph Stapleton from Flo-mot visited Mrs. E. L. Woodburn and Mrs. Laura Stapleton Thursday and Friday of last week.

### Bermuda Bound

Checks make fashion news this spring as this airborne traveler waits for a Colonial plane in her grey and white checked wool coat dress designed by Margi of A. Goodman.

### Burlington Trains Now Have Radio

All Texas to Colorado diesel-powered, time freight trains of Burlington Lines are now equipped with end-to-end radio communication facilities.

The new diesel-electric freight locomotives have been equipped with permanently installed sending and receiving sets for use of the engine crews, and portable sets are provided for train crews who ride in the caboose. Actual use of the new radio equipment began Sunday.

With constant radio communication available enroute, the movement of trains is facilitated tremendously, and the safety of the rolling stock, cargoes, and the men is enhanced greatly.

Radio communication between enginemen and trainmen on high-speed freight trains has been in the experimental stage, but now is an accepted facility. Burlington Lines being one of the first carriers in this territory to make permanent installation on time freight trains operating in the Southwest.

### International Choir To Be on Program

Wayland International Choir has reached another milestone on the road to success. The choir which has become noted for its unique program now takes to the air. Soon the International Choir under the direction of Shelby Collier will begin a series of fifteen-minute weekly radio broadcasts over station KVRS in Dallas. This station, Baptist owned and operated, is the largest FM station in north Texas.

Dr. Alton Reed, director of the station, was on Wayland campus, with his engineer Wednesday, March 22, making tape recordings of the programs. The choir will continue to make recordings each week with the new tape recorder purchased by the college for future broadcasts.

The programs will include the entire repertoire of the choirs concert program plus oratorio selections. Sacred songs, spirituals, traditional a-capella music and the music of nine different nations will be heard on the broadcasts.

The International Choir hopes to further promote international understanding and good will through this series of programs, by presenting the music of other

nations to the vast audience of radio listeners. Alexander Graham Bell was years of age when the telephone was patented.

### Iodized Salt Recommended

Station—Many people of iodine as a brown and a mighty good disinfectant rather than an essential salt but steady quantities are needed by the normal growth and development, healthy skin and mental alertness, physical well as a preventative. The simplest, most and least expensive make sure that all people, especially growing children, iodine they need is the iodized salt, says Louise extension foods and specialist of Texas A. & M.

Iodine is essential for a healthy thyroid gland which in turn affects the growth and general well-being of the body. Iodine hunger is the cause of much fatigue among adolescents, physicians say. The use of iodized salt in areas where goiter was prevalent has proved a most effective means of preventing the disease.

Iodine is naturally present in salt from the ocean and in many local salt deposits in the earth but is lost in refining. Returning iodine to salt, concludes Miss Mason, is similar to enriching flour. Here vitamins and minerals removed from grain during the milling process are restored.

### Floydada Woman Fairly Well After Car Accident

Sammie Henningsen, 21-year-old Floydada woman who was injured when a car in which she was riding plowed into a center section of the East Broadway underpass at Lubbock at 2:40 a. m. Sunday was reported in a fairly good condition in Lubbock Memorial hospital this week.

Driver of the car, Elmer R. Henningsen, 25, of Amarillo, reportedly a brother of the woman, was released after emergency treatment. His sister suffered a head injury, lacerations of the right leg and possible back and internal injuries.

Police said the pair was driving east on Broadway in Henningsen's late model car when the right front fender crashed into the abutment.

### Home Towner In Drive For D. P.

ABILENE—A drive for funds began at McMurry College last week to finance the education of a displaced person from Estonia. The D. P. is 21-year-old Lehton Parnaste, who is expected to arrive at McMurry in time to begin classes next September.

McMurry's administration has agreed to pay Parnaste's tuition and fees, while a student group has volunteered to pay his transportation (from New York) and to furnish Parnaste's room and board during his first year at McMurry.

Wes Daniels, of Lockney, is one of the 35 committeemen appointed to conduct the campus drive for funds.

### Tech Construction Work on Schedule

LUBBOCK — Progress on the giant wings to the Texas Technological college administration building is "about on schedule," Foreman H. C. Buckner, supervisor of the \$750,000 construction project, said.

Concrete forms for the third floor and the west wing second floor will be finished early next week. Reinforced concrete is being used instead of structural steel. Plumbers and electricians are already working in the basements and the laying of bricks mechanically delinted and treated cottonseed.

### Planting Delinted Seed Is Money Saver

COLLEGE STATION—Cutting costs of producing cotton in 1950 is one way that cotton farmers can increase their income from growing cotton and that is a mighty important consideration. Lower selling prices and continued high fixed production costs have started farmers searching for ways to cut costs and Fred C. Elliott, extension cotton work specialist of Texas A. & M. College, says planting delinted cotton seed is a money saver.

He says many gin communities have installed the necessary equipment and are performing this service on a community basis and he cites the work done in Childress county as an outstanding example. Farmers in Childress county estimate their savings at more than \$2.28 per acre and here is how they figure it.

One bushel of delinted seed will plant 3 1/2 acres while a bushel of fuzzy seed will plant up to two acres. The delinted seed can be planted with a 5-hole corn plate rather than the regular cotton plate and this gives an even spacing of the seed and saves hours of hand hoeing or chopping. On a 100 acres, Elliott says, 50 bushels or more of fuzzy seed are required for the planting operation against 27 bushels of delinted seed.

At \$3.50 per bushel, the 27 bushels cost \$94.50. Delinting costs and seed treatment bring the total to \$106.16. The fuzzy seed will cost \$175. Then add a conservative \$10 for loss of time for stopping to refill the old type planter box and another \$150 for a necessary extra chopping and thinning and the total is \$335. Subtract and you have a

the delinted seed on the 100 acres. Elliott says that is what the farmers in Childress county figure they saved last year on a 100 acres of cotton by planting

## WE HAVE Sunbeam Rain King The BEST SPRINKLERS MADE

**AUTOMATIC MODEL K**  
 Set to sprinkle any size circle from 5 to 50 feet with turn of dial  
 Preferred by homeowners everywhere. A turn of the dial sets the correct spray and watering range for the desired area automatically. The Rain King Automatic provides a natural rain-like shower. \$7.50

**MODEL H**  
 Perfect for any lawn. Ideal for newly seeded areas. 300 gal. per hr. on 20 lbs. pressure when set for fine spray. \$6.50

**MODEL D**  
 Each nozzle a sprayer in itself, adjustable for any kind of spray. Ideal for revolving or stationary sprinkling. \$5.25

By Mrs. M. B. Salmon

Mr. and Mrs. Oscar Lucas and Mr. and Mrs. J. E. Horton were dinner guests last Sunday of Mr. and Mrs. Pierce Horton near Petersburg.

Oscar Ray and family received word last Sunday that his mother had passed away. The community extends to the family their heartfelt sympathy.

Misses Betty Carter and Earline Rygan of Lubbock spent last Saturday night with Mr. and Mrs. Henry Glynn.

Mr. and Mrs. Henry Glynn, Betty Carter and Earline Rygan were dinner guests last Sunday of Mr. and Mrs. Floyd Compton.

Miss Loy O'Brien was honored with a birthday party in her home last Sunday. Fried chicken and all trimmings were served to Junior, Peggy and Jerry Williams, Charlotte Seago, Carol Chandler, Margie Cox, Carolyn Campbell, Sonny Scott, Everett, Jolene and Donna Gail Dorman, Henry and Martha Hardin, Dan, Judy and Pat O'Brien. The honoree received a number of nice gifts.

Mr. and Mrs. O. L. Harp and family of Welch visited last Sunday with Mr. and Mrs. Connie O'Brien.

Mrs. L. T. Cox, Margie and Butch visited Mr. and Mrs. J. M. Tye Saturday.

Miss Carolyn Campbell spent Friday night and Saturday with her grandparents, Mr. and Mrs. J. H. Campbell at Plainview.

Mr. and Mrs. Bill Snyder and Lynn spent the week end with relatives at Waco.

Mrs. Whitt Simpkins' brother of Munday was a dinner guest Sunday in the Simpkins home.

Mr. and Mrs. Vernon Campbell, Carolyn, Mr. and Mrs. Floyd Compton, Mr. and Mrs. Lois Williams and family and Mr. and Mrs. Connie O'Brien, Loy and Pat, were guests Sunday of Mr. and Mrs. W. W. Buckner.

Mr. and Mrs. Oscar Lucas were dinner guests Sunday of Mr. and Mrs. J. E. Horton.

Mr. and Mrs. Loyd Thompson are visiting Mr. and Mrs. I. J. Thompson.

J. B. Stafford returned to the home of Mr. and Mrs. Floyd Compton last week after spending the winter in Arizona.

Mr. and Mrs. Jessie Crank visited Mr. and Mrs. Oddie Dorman Monday afternoon.

The revival meeting in progress at the Aiken Methodist

**Britain's Conservative Party Chiefs**

LONDON, ENGLAND.—These stalwarts of Britain's Conservative party will lead the fight to unseat the Labor government of Britain in the coming general election, scheduled for Feb. 23. L. to R. (standing) Harold McMillan, Capt. H. Crookshank, Sir David Maxwell Fyfe; (seated) Lord Salisbury, Lord Woolton, Anthony Eden and R. A. Butler. Not present is the Tory generalissimo, wartime prime minister Winston Churchill.

church is continuing with good interest and good crowds. Rev. Dewitt Seago is preaching each morning at 10 and each evening at 8:00. Everyone is invited to attend.

Mrs. Floyd Dorman and Mrs. Thompson were shopping in Lubbock Monday.

Mr. and Mrs. Oddie Dorman visited Mr. and Mrs. Frank Messimer Monday night.

Friends from Slaton visited Mr. and Mrs. Whitt Simpkins Tuesday night.

The revival meeting will begin at the Aiken Baptist church Sunday morning. Rev. Sid Morgan of Artesia, N. M. will do the preaching. He will preach each morning at 11:00 and each evening at 8:00. Prayer meeting at 7:30 p. m. Everyone is invited to attend.

Visitors in the L. M. Honea home last week were Mrs. Honea's sister and her husband, Mr. and Mrs. J. A. Davenport of Boulder, Colo.

Rev. and Mrs. Marvin Brotherton of Matador and Mr. and Mrs. M. G. Brotherton of Colorado Springs visited Mr. and Mrs. Bob Davis and Carol Tuesday night.

**Cleanup First Step Sanitation Program**

Austin — "There is no easy road to the abatement of insects and rodents," says Dr. Geo. W. Cox, State Health Officer. Frequently people get enthusiastic about the destruction of the insects and believe that, if an airplane flies over the town, or if a huge fogging machine rolls through town spreading an insecticide, the insects will be killed instantly and peace from the insect nuisance will remain forever. This is an erroneous and, unfortunately, bad practice, because it creates an unwarranted sense of security.

Before any killing is anticipated, a thorough clean-up of the community should be carried on. This means cleaning up the rubbish and garbage and eliminating all insect feeding and breeding places. It might mean the draining or filling in of wet areas for destruction of the mosquito larvae. When this is done, one will be surprised how few insects are left to become a nuisance and, perhaps, a public health problem.

Following this, it is suggested that insecticides be sprayed manually to those places inhabited by the insects. Experience has shown that a 2 per cent to 5 per cent solution of DDT is still the most effective insecticide to use for general sanitation. This is spread to form a thin coat on the surface, where it can remain for future destruction. A spray that will just moisten the surface is sufficient to be effective. Spray only those areas where you know the insects gather.

Cuba is touched by the Atlantic Ocean, the Gulf of Mexico and the Caribbean Sea.

**Lambs Harvest Sorghum, Gain More, Cost Less**

LUBBOCK—Results of a 75-day experiment in harvesting sorghum by using 181 Rambouillet lambs at Texas Tech college shows the field-fed lambs gained weight at a lower cost and with less labor than dry lot lambs.

Prof. Ray C. Mowery, head of the animal husbandry department, said results of the research project indicate that for the first time in five years of field feeding the dry lot lambs have not exceeded the field-fed group in the average daily gains. Both gained .36 pound per head daily.

Professor Mowery and Harry E. Blendon, Lockney graduate student, placed 161 lambs in an African millet field with water, salt, and mineral supplements available at all times. Weight and body conformation were the factors used in determining the lotting.

The 20 dry lot lambs averaged 77 pounds at the beginning, gained an average of .36 pounds daily on an average ration of .13 pound of cottonseed meal, 1.2 of thresh milo, 1.68 pounds of alfalfa and .56 ounce of salt. They required 37.5 pounds of cottonseed meal, 336.7 pounds of thresh milo, and 470.8 pounds of alfalfa. The 855 pounds of feed consumed cost \$13.36 per hundred-weight.

Mrs. Glen Watson and Mrs. George Turner, Jr. and Cynthia were in Amarillo Wednesday and Thursday. While there they attended a bridal shower honoring Mrs. Watson's niece, Imogene Barton.

Mr. and Mrs. Howard Cooper visited his sister and her family in Amarillo Sunday. Mr. and Mrs. Jack Cooper also visited in her home Sunday, after spending Saturday night in Turkey with friends.

GO TO CHURCH SUNDAY.

**High Speed Knitter For Texas Cotton May Be Practical**

LUBBOCK—Texas-grown cotton fabrics may meet the challenge of synthetic textiles, if a research project now in progress at Texas Technological college is successful.

Texas Tech is one of the three state colleges or universities now doing work under the direction of the Cotton Research Committee of Texas. Tech is concentrating on fiber experimentation, and the current problem is posed by synthetic textiles which cut down on cotton consumption.

Dr. L. E. Hessler, research associate at Tech, says the project is still in its infancy in some respects. However, he believes Texas fibers show promise of adaption to the high-speed Tri-

cot knitter now in the Tech cotton fiber laboratory.

Some fabric from the Tricot has been produced by using Texas-grown cotton. If mercerized and dyed, this Tech-produced fabric would compare with many textiles now on the market.

Ordinarily, cotton fibers are too "fuzzy"—cause a "static" in the machinery which makes high speed knitting impossible. This inherent weakness has left the field to rayon and other materials which have a filament and are therefore "fuzz-free."

John Leahy, director of the committee from Texas A. & M., estimates that only 45 per cent of all knitted cloth contains cotton. The Tech research project has its sights on increasing the figure to a point which would greatly stimulate the demand for raw cotton at the knitting mills.

The Tricot project is now going on at Texas Tech.

Leahy says the committee is conscious of the problem by the surplus of raw cotton which the research may provide the ultimate solution.

"If we could find a utilization for Texas cotton we would eliminate plus, and that is one of our objectives," he said.

Mrs. W. H. Fields will tend the funeral of Mrs. Carl Long. She home Saturday.

### Borger-To-Post Highway Plans Setback

The Borger-to-Post highway plans were given a setback last week when the Highway Commission requested a survey for a portion of the action was revealed by County Judge Rich-

ard S. Morris of Claude, president of the Borger-to-Post Highway Association.

A delegation representing the association appeared before the state highway group Feb. 20 to request a survey and location for extension of Highway 117 between Claude and intersection with Highway 86 at a point west of Silverton.

Judge Morris has notified members of the association by letter that the application has been denied.

In his letter Judge Morris said, "My confidence that this road will ultimately be constructed is based on the fact that it is a worthy project, it is needed, desired and is being worked for by people whose faith, courage and determination has developed this part of Texas to what it is today."

Judge Morris said a meeting of the association will be called at a later date to discuss future action on the road.

A road through Palo Duro Canyon from Claude to Post was

given serious consideration several years ago. The plan was revived at a meeting in Amarillo Nov. 29, 1949. On Jan. 30 a delegation visited the state highway commission asking designation of such a road. The delegation was told a survey and location would have to be made first.

That application was filed at the Feb. 20 meeting with the commission.

### Save a Month on Feeding of Hogs

COLLEGE STATION—The efficient pork producer makes every pound of feed count and he gets his hogs to market weight just as fast as possible. Dr. W. C. Banks, extension veterinarian of A. & M. College, says that spring pigs will reach market weight faster and will do it cheaper if farrowed in clean pens and houses and fed in sanitary lots.

He says the recent tests show that well cared for pigs reached a market weight of 210 pounds, a month earlier than pigs that had their growth retarded by internal parasites. The test also showed that pigs raised on clean ground required a half pound less grain per pound of gain.

Sanitary farrowing and feeding practices also help to prevent a number of infectious diseases and intestinal disorders which annually take a heavy toll of pigs each spring in the state, he says.

He points out that the installation of guard rails and a pig brooder in the farrowing house will save many a baby pig from being crushed or chilled. Every pig that can be saved increases the producer's income. Pigs lost at farrowing time or soon after may mean the difference between a profitable farm enterprise or a financial loss.

Dr. Banks says the rations you are feeding should be checked against deficiencies of B-complex vitamins and for balance. Feeding a ration too high in rich concentrates is wasteful.

Profits are made, says Dr. Banks, only from feeding and producing healthy hogs. At first sign of trouble, remove the sick animals from the herd and obtain a diagnosis so the cause can be removed. Only healthy and thrifty animals can fully utilize the feed and water they eat and drink. It is a good practice to vaccinate pigs against hog cholera with the use of the dead serum vaccine.

"You can't say the 'Welfare Staters' haven't got their feet on the ground because they have... in quicksand up to their knees!"

### WTCC Domestic Water Program Is Highlighted

ABILENE — Significance of a \$200,000,000 domestic and irrigation water development program sponsored by the West Texas Chamber of Commerce and West Texas Domestic Water Association in cooperation with the Bureau of Reclamation was highlighted in a news letter released Saturday from J. M. Willson, WTCC president to 180 directors of the WTCC-WTDWA.

The letter also transmitted a brief prepared by the Domestic Water Rights Committee of the WTDWA for President Truman's Water Resources Policy Commission which recommended that the federal water laws be amended to recognize "inadequate water as a menace to the national welfare" and that "municipal water be given first priority in federal water projects, and established as a criterion for dam building."

Commenting on the municipal and irrigation water program for West Texas, Willson commended the work of management and officers' committee, Homer D. Grant of Lubbock, WTDWA president, and of the association for rapid development of the projects.

Five group meetings have been held during the period. March 1-15, at Abilene, Big Spring, Eastland, Knox City and Quanah in pursuance of the multi-city reservoir program instigated by the WTCC last year when the Bureau of Reclamation was invited to survey the watersheds of the Brazos and Colorado Rivers for dam sites to serve all West Texas communities in need of water. A further study of the Red River basin was launched at the Quanah meeting on March 16, when the Upper Red River Basin Water Development Association was organized.

The letter cites proposals for a 600,000 acre foot reservoir on the Colorado River near Robert Lee to cost \$43 million, serving Snyder, Big Spring, Odessa and Midland; an \$11 million project near Eastland for that city and Ranger, Cisco, Gorman and De Leon; an enlargement of Lake Brownwood to serve the additional needs of other cities in the area and added irrigation storage; and a reservoir to be located on California or Paint Creek with a capacity of 60,000 acre feet to deliver water to 30 communities lying in the area of Spur to Throckmorton and from Truscott to Anson. An irrigation reservoir on Double Mountain Fork near Rule was also proposed which would irrigate 30,000 acres extending 35 miles below the dam.

Prior to launching the studies on the Brazos and Colorado River watersheds, the Bureau of Reclamation processed the Canadian River project near Borger to provide a 2,000,000 acre foot reservoir serving cities south of

Lamesa. Cost of the reservoir and pipelines is estimated at \$85,000,000.

All municipal water projects are based on present laws covering the work of the Bureau of Reclamation which provide for a 50-year loan at 2% interest and are calculated to fully repay the government on those terms.

Under the provisions of the proposed new federal water policy recommended to the Truman Commission, government loans could be secured without interest which would greatly reduce water rates to the cities and at the same time return to the government its capital expenditure. The federal government would still be repaid far more than on its present \$40 billion water program, the letter states.

"We have, therefore," Willson concludes, "a \$200,000,000 water development program that will solve many of our municipal water problems for 50 years to come, that will give us a 70,000 acre irrigation project, and will return to the government all of the money advanced for their construction, operation and maintenance."

"Certain organizations and special interests," he continued, "have been and still are criticizing the leadership of our management and officers committee in launching the multi-city dam program; in organizing the West Texas Domestic Water Association; and in securing the aid of the Bureau of Reclamation, but when judged by cooperation being by our cities and by the largest membership response in our organization's history, it appears that our efforts to develop adequate water supplies for West Texas is meeting the overwhelming approval of the people of our region."

### Lockney Boy Goes To Scottish Rite Hospital

Harold Calloway, Jr., 13-year old son of Mr. and Mrs. Harold Calloway of this city, was admitted to Texas Scottish Rite Hospital for crippled children in Dallas for treatment on Wednesday, March 15.

The Scottish Rite Hospital, which is supported by individual contributions, offers the best possible medical care and attention to Texas crippled children who are accepted for treatment.

The Rock of Gibraltar is about 250 feet taller than the Empire State Building.

### Dr. White Chosen To Deliver Tech's Com. Sermon

LUBBOCK—Dr. W. R. White, president of Baylor University, will deliver the baccalaureate address at Texas Technological college May 21.

Pres. D. M. Wiggins said the former Lubbock minister will deliver the sermon at 8 p. m. on the Sunday preceding the awarding of degrees to approximately 950 Tech seniors. On the following day, Russell B. Brown, Washington, D. C., lawyer, will speak

at the commencement ceremonies scheduled for 8 p. m.

### Hundreds Tell Bob Wills Of HADACOL's Numerous Blessings

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind." Hundreds have told Wills of the blessed benefits of HADACOL in the following statement by Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost appetite. I suffered with gas-disturbances. I had tried almost everything but it didn't seem to help me. I had heard of the wonderful results HADACOL had been bringing to many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has done me a great deal and I intend it to my friends."

Betty Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains. Lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not be with you. . . . You will suffer from heartburns, gas, and your food will sour on your stomach, and you will not be able to eat the things you like. Many people also suffer from constipation. And while the symptoms may be the result of other causes, they are really and certainly the result of the lack of the

### Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have already been benefited by

this amazing tonic, HADACOL. So, it matters not who you are. . . . It matters not where you live. . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

Breeding gilts: Rex Lynn Lackey, first; Pete Hooper, second; Ned Longley, third; Rex Lynn

**Ex-Convict Thrown For A Loss**

ST. LOUIS, MO.—His face adorned with adhesive tape, Kendall Morris is shown after he was trussed up and delivered to St. Louis police by his intended victim, Morris, wearing the rubber mask (right) held up James Greig, Washington University football star, and Greig's girl friend, Miss Charlotte Obst, on a lonely road outside St. Louis and announced he was kidnaping them. Greig defied Morris' gun, tackled him, overpowered him, tied him up and took him to the law in the trunk of his car.

Lackey, fourth; and Billy Joe Booth, fifth.

Sows that have farrowed: David Frizzell, first; Pat Leaverton, second; Billy Ray Smith, third; Jerry Julian, fourth; Troy Lee McNeill, fifth.

Grand champion female: Rex Lynn Lackey, champion; David Frizzell, reserve.

**Littlefield to Have Fire Inspection**

Littlefield, Texas—For the first time in the history of West Texas, an entire community is going to war against fire.

Mayor Art Chesher has announced that every school, church, business and home in this community of 6,000 will be checked for potential fire hazards in a city-wide two-day inspection May 17-18. The inspection will be by men who know how to recognize a fire hazard when they see one—members of the West Texas Field Club of the Texas Fire Prevention Association.

More than two score inspectors, each representing various capital stock fire insurance companies, will visit every public and mercantile building during the two days, Mayor Chesher said. Working in teams of two and assisted by Boy Scouts, the inspectors will be on the lookout for nearly 150 common hazards that can cause serious fires.

Each time a hazard is discovered, inspectors will affix a red tag. They also will leave with each building owner or tenant a specific list of recommendations for removing the hazards found. Homes will be inspected by the residents themselves using blanks supplied by the Field Club.

"We want to make Littlefield the most fire-safe city in West Texas," Mayor Chesher said.

The inspection, one of a dozen which have been undertaken by the Texas Fire Prevention Association field clubs since they were organized less than two years ago, was arranged by President Hardy Shelby of Littlefield

**Easter Seal Boy**

Russell Miller, 6, asks all America to aid crippled children. Russell is the 1950 Easter Seal Child selected by the National Society for Crippled Children and Adults. The Easter Seal campaign is sponsored in this state by the National Society through its state society and local affiliates.

Chamber of Commerce. Fire Chief Bob Cox will work with the inspectors on the project.

Tom Hamm of Lubbock is president of the West Texas Field Club of the TFFA and will have general charge of the inspection. W. E. Tennison, also of Lubbock, is chairman of the club committee arranging the inspection.

"These town inspections are a public service and no charge of any kind is made for them," Mr. Hamm explained. "As time will permit, other West Texas communities inviting us will be given comprehensive inspections such as this one."

Although similar town inspections have been held in the United States for at least 30 years, it was only early last year when the first Texas community was inspected. This was Gatesville. Since then, Wichita Falls, Texarkana, Hearne, San Marcos, Bryan, Longview and Pharr have been inspected.

Beeville will be inspected May 16-17 by members of the Alamo Field Club, and Hillsboro will be checked May 19 by members of the North Texas Field Club.

**Hospital News**

Mr. and Mrs. Calvin Daniels are parents of a daughter born March 28, named Jackie Murle. She weighed 8 pounds, 6 ounces.

Mrs. C. E. Wendt and baby daughter, Deann, were admitted March 27. The baby was born at Lubbock Memorial Hospital March 25, weighing 6 pounds and 9 ounces. Mrs. Wendt is the daughter of Dr. D. R. Foster.

Mrs. D. D. Tate was admitted March 25, dismissed March 28.

Mrs. Ted Livesay was admitted March 25, dismissed March 26.

Juanita Worsham, daughter of Jack Worsham, was admitted March 25, dismissed March 27.

Mrs. Fay Pinner was admitted March 26, dismissed March 28.

Mrs. Peyton Powers and J. H. Fowler are still receiving treatment.

Charles Woodall, son of R. R. Woodall underwent surgery March 24, was dismissed March 25.

Mrs. Harmon Handley underwent surgery March 29.

Mrs. N. C. Courson was admitted March 30.

Elbert Phillips, son of B. R. Phillips underwent a tonsillectomy March 29.

Joe Holt, Jr. had minor surgery March 30.

Mrs. A. L. Vernon was admitted and dismissed March 28.

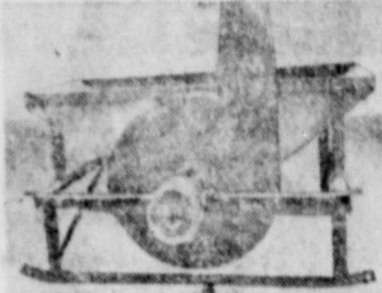

T. Z. Reed, a patient of the hospital for the past several weeks, celebrated his 84th birthday Wednesday. A large cake was presented to him. Mr. Reed came to Texas in 1884 from his native state of Mississippi and to Floyd County in 1892.

Vitamins B and C may be destroyed if soda is added to green vegetables when they are being cooked.

The cheapest milk production comes from improved pastures followed by silage, hay and concentrates. A good dairy cow will return approximately 7 times as much income from an acre of improved pasture as will any other type of livestock.

Watch your expiration date.

**Grain-Blower**

This grain blower, made on an Illinois farm, is constructed from scrap 14-gauge steel for the case and 1-1/2 angle iron for the frame. It is all arc welded. Grain is fed into the blower by an auger feed.

**New Pig-Feeding System Paying Off for Farmers**

A pig-feeding device which might be adopted profitably by many swine raisers has been developed in northeastern California.

The "pig strainer," as it is popularly known, was invented by Jess Steiner who lives in Modoc county near Cedarville.

A new kind of creep, the "strained" sorts pigs out by size at feeding time.

Here's how it came about: Steiner purchased buttermilk from a creamery at Alturas which he feeds as part of the ration to his hogs. He figured out that it was necessary to feed the pigs according to size, since the small animals had difficulty in getting their fair share of feed alongside the larger hogs.

Therefore, he arranged his pigs at the trough where the buttermilk and concentrates are fed in such a way that, by using creeps, the hogs naturally arranged themselves according to size.

**Tree Roots Troublesome When Invading Sewers**

Tree roots mean trouble when they grow into sewers. Costly digging to free clogged drains can be avoided by a simple practice. George Adamson, of the Michigan state agricultural college, recommends use of copper sulfate or blue vitriol in freeing sewers of tree roots that may be causing stoppages.

These moderately fine crystals dissolve easily.

**Treat Early For Hornly Control**

COLLEGE STATION—A tiny fly, grayish to black in color and about 3-8 of an inch long about this time of the year or a little later begins to rob the livestock producer of pounds of beef and dollars that could be profits. This small bloodsucker, according to James A. Deer, assistant extension entomologist of Texas A. & M. College, is the hornfly.

It is seen principally on the head, neck and shoulders of cattle often in great numbers and if permitted to multiply, they may cover 50 percent of an animal's body, says Deer. The hornfly has a very short life cycle—10 to 14 days. This factor points out Deer, makes it possible for very heavy infestations to build up in the spring before the producer notices their presence.

Control measures should be used early to check the multiplication in the first generation. The first spraying is very important and may reduce the total number of sprayings needed during the summer. Animals should be given the first treatment when the fly population reaches an average of about 25 flies per animal.

Deer says there are two insecticides which will give very effective control against the hornfly. DDT has been successfully used for several years and a .5 percent spray or dip will give excellent results. Toxaphene is the other recommended material and it is also used as a .5 per-

cent strength. It is recommended only for use as a spray. It adds that toxaphene has equal or superior results compared to DDT for control.

He points out that the tests have shown that cattle free of hornflies gained 10 to 20 pounds more per year than those not treated. Pounds of 40 percent wettable DDT in 100 gallons of water and used spray will protect cattle a period of 20 to 45 days, Deer.

The quality of turkeys raised in Texas is definitely up-grade, and can be made even better if producers will select the best quality poults and do a good job of growing them.

Turkey poults should be chased from hatcheries that are under the National Poultry Improvement Plan — you'll get what you pay for.

**We have a Carload of CEMENT on hand now. Brunner Lumber Co. Telephone 73**

**Sportswear For Men and Young Men for Easter**

All Wool SPORT COATS An assortment of patterns and colors. Priced at—
