

**THIS DANGEROUS MOTOR AGE**

In 1909, the peak year for travel by horse power, there were some 26 million horses and mules at work, traveling 13 billion miles annually. Thus Dobbin averaged 500 miles per year compared to today's motor vehicle which clocks approximately 9,800 miles each year. In 1909, there were 3,850 persons killed in accidents involving horses and horsedrawn vehicles — 30 for every 100 million horsedrawn miles. The current fatality rate for gasoline-powered vehicles is seven deaths for each 100 million miles traveled. And some people call the gasoline age dangerous!

W. B. Stevenson and Mr. and Mrs. Jimmie Stevenson were called to Lamesa recently due to the sudden death of their brother-in-law and uncle, D. C. Hurst.

**NEW CHRYSLER TRAVELER**

The Chrysler Traveler, new all-purpose vehicle now included in the Chrysler line. Fold-down rear seat quickly converts the new model from a comfortable 6-passenger sedan to a smart 3-passenger sports car or utility vehicle with spacious cargo area extending from rear of front seat into the luggage compartment. Additional cargo space is provided by luggage rack mounted on roof.

**SCOUTS GET OIL WELL AS GIFT**

More than 15,000 Texas Boy Scouts and Girl Scouts are in the petroleum business, because local oil men drilled a well for them during a Scout fund raising drive. The well is a producer, so Boy Scouts in a 16-county area

share a monthly income of \$900. and Girl Scout troops receive \$125 monthly. Oil men similarly support community and civic projects everywhere.

A day at sea is divided into six periods of four hours each.

Mr. and Mrs. Jackie Myers and son, Steven of Lubbock visited his mother, Mrs. Olive Myers and family here July 4th. Mrs. Myers and baby remained until Friday.

John Paul Jones was the first great U. S. naval hero.

By Mrs. M. B. Salmon

Mr. and Mrs. Pierce Horton and family of near Plainview were guests last Sunday of Mr. and Mrs. J. E. Horton.

Mr. and Mrs. Oddie Dorman visited Mr. and Mrs. L. T. Cox last Sunday afternoon.

Mr. and Mrs. Tommie Duval are vacationing in Colorado.

Mr. and Mrs. Vernon Horton and daughter were guests last Sunday of Mr. and Mrs. Oscar Lucas.

Mr. and Mrs. A. P. Shuggart Jr. of Chicago, Ill. visited relatives at Aiken and Tullia last week.

Mr. and Mrs. Robert Hardin and family visited Mr. Hardin's parents in East Texas last week.

Miss Jeanie Autry of Plainview spent last weekend with her grandparents, Mr. and Mrs. J. E. Horton.

Little Charlott Kay Duval and her grandparents, Mr. and Mrs. Cox visited in Dallas last week.

A good crowd attended the farewell party for Mr. and Mrs. Jim Grisham at Aiken Baptist Church Monday night. There was plenty of homemade ice cream and cake for the crowd. The Grishams moved Wednesday to their new home near San Antonio. The community wishes them the best of luck.

James Riley Rodgers spent last week with his grandparents near Lockney.

Mr. and Mrs. Charlie B. Elam and family went fishing at Buffalo Lake near Umberger Monday and Tuesday.

W. W. Buckner made a business trip to Floydada Monday.

Mr. and Mrs. Klyce Ooley and boys visited Mr. and Mrs. J. M. Tye last Tuesday.

Mr. and Mrs. Bert Elam and family visited relatives at Tullia Wednesday.

Mr. and Mrs. Johnnie Lee visited Mr. and Mrs. A. D. Lee at Tullia Wednesday.

Vernon Campbell and M. B. Salmon made a business trip to Floydada Wednesday.

Mr. and Mrs. Connie O'Brien, Loy and Pat and Mr. and Mrs. L. L. Williams, Kenneth, Junior and Jerry made a sight seeing trip to San Antonio last week from Thursday until Saturday.

O'Briens attended the Gibson reunion at Abilene State Park. The Williams attended the Hill reunion at Abilene State Park Sunday.

Mr. and Mrs. Johnnie Lee visited relatives and friends at Littlefield and Andrews from Thursday over the weekend.

Mr. and Mrs. Floyd Compton visited Mr. and Mrs. C. J. Roach Wednesday afternoon.

Mr. and Mrs. Fred Jackson and family of Sandhill spent Friday in the home of Mr. and Mrs. J. E. Horton.

Mrs. Doyle Cole spent Friday with Mr. and Mrs. A. P. Langfelt.

Mr. and Mrs. J. H. Campbell and Mrs. Bruce Campbell of Albuquerque visited in the home of Mr. and Mrs. Vernon Campbell Friday afternoon.

Mr. and Mrs. T. R. Weathers are entertaining a new daughter at the Plainview hospital Friday.

J. M. Tye and John M. visited Mr. and Mrs. Ben Tye at Kress Saturday.

Mr. and Mrs. Dub Johnson moved to Aiken over the weekend.

Mr. and Mrs. J. M. Tye are the proud parents of a new baby boy. He made his appearance at Plainview hospital at 3 p. m. Saturday. He weighed 8 pounds, 2 1/2 ounces and has been named James Stevens and will be called Jim.

Mr. and Mrs. R. C. Rodgers and James Riley and Mr. and Mrs. H. E. Seago, Charlott and Scherrel were dinner guests Sunday in the home of Mr. and Mrs. Vernon Campbell.

Mr. and Mrs. Wiley Moore and Dorothy returned home Monday after spending eight days at Pecos, N. M. and Colorado Springs, Colo.

Mrs. Floyd Compton is receiving medical treatment in Lubbock this week.

Watch your expiration date.

**It's Super for Mileage You'll Brag About!**

There'll be a smile in every mile . . . when you OIL-PLATE your engine with new Conoco Super Motor Oil!

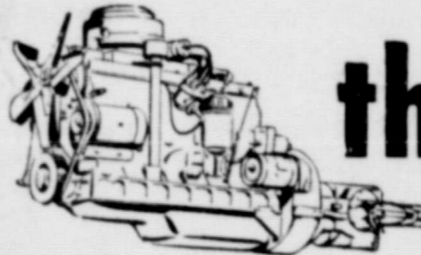

**Proved by 50,000-Mile Road Test!** In a 50,000-mile road test, engines lubricated with Conoco Super Motor Oil showed an amazing economy of operation. Average gasoline mileage for the last 5,000 miles of the test-run was actually 99.77% as good as for the first 5,000. This means that new Conoco Super Motor Oil — with proper crankcase drains and regular care — can keep new-car gasoline mileage . . . new-car power and performance . . . year after year!

Come in and let me tell you about "50,000 miles no wear!"

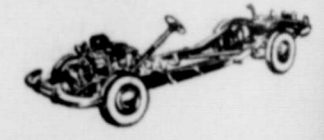

©1950 CONTINENTAL OIL COMPANY

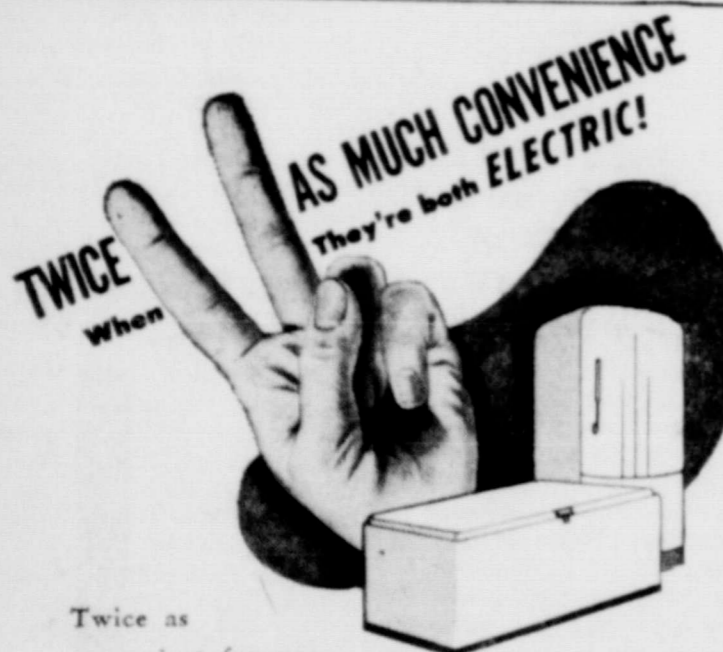

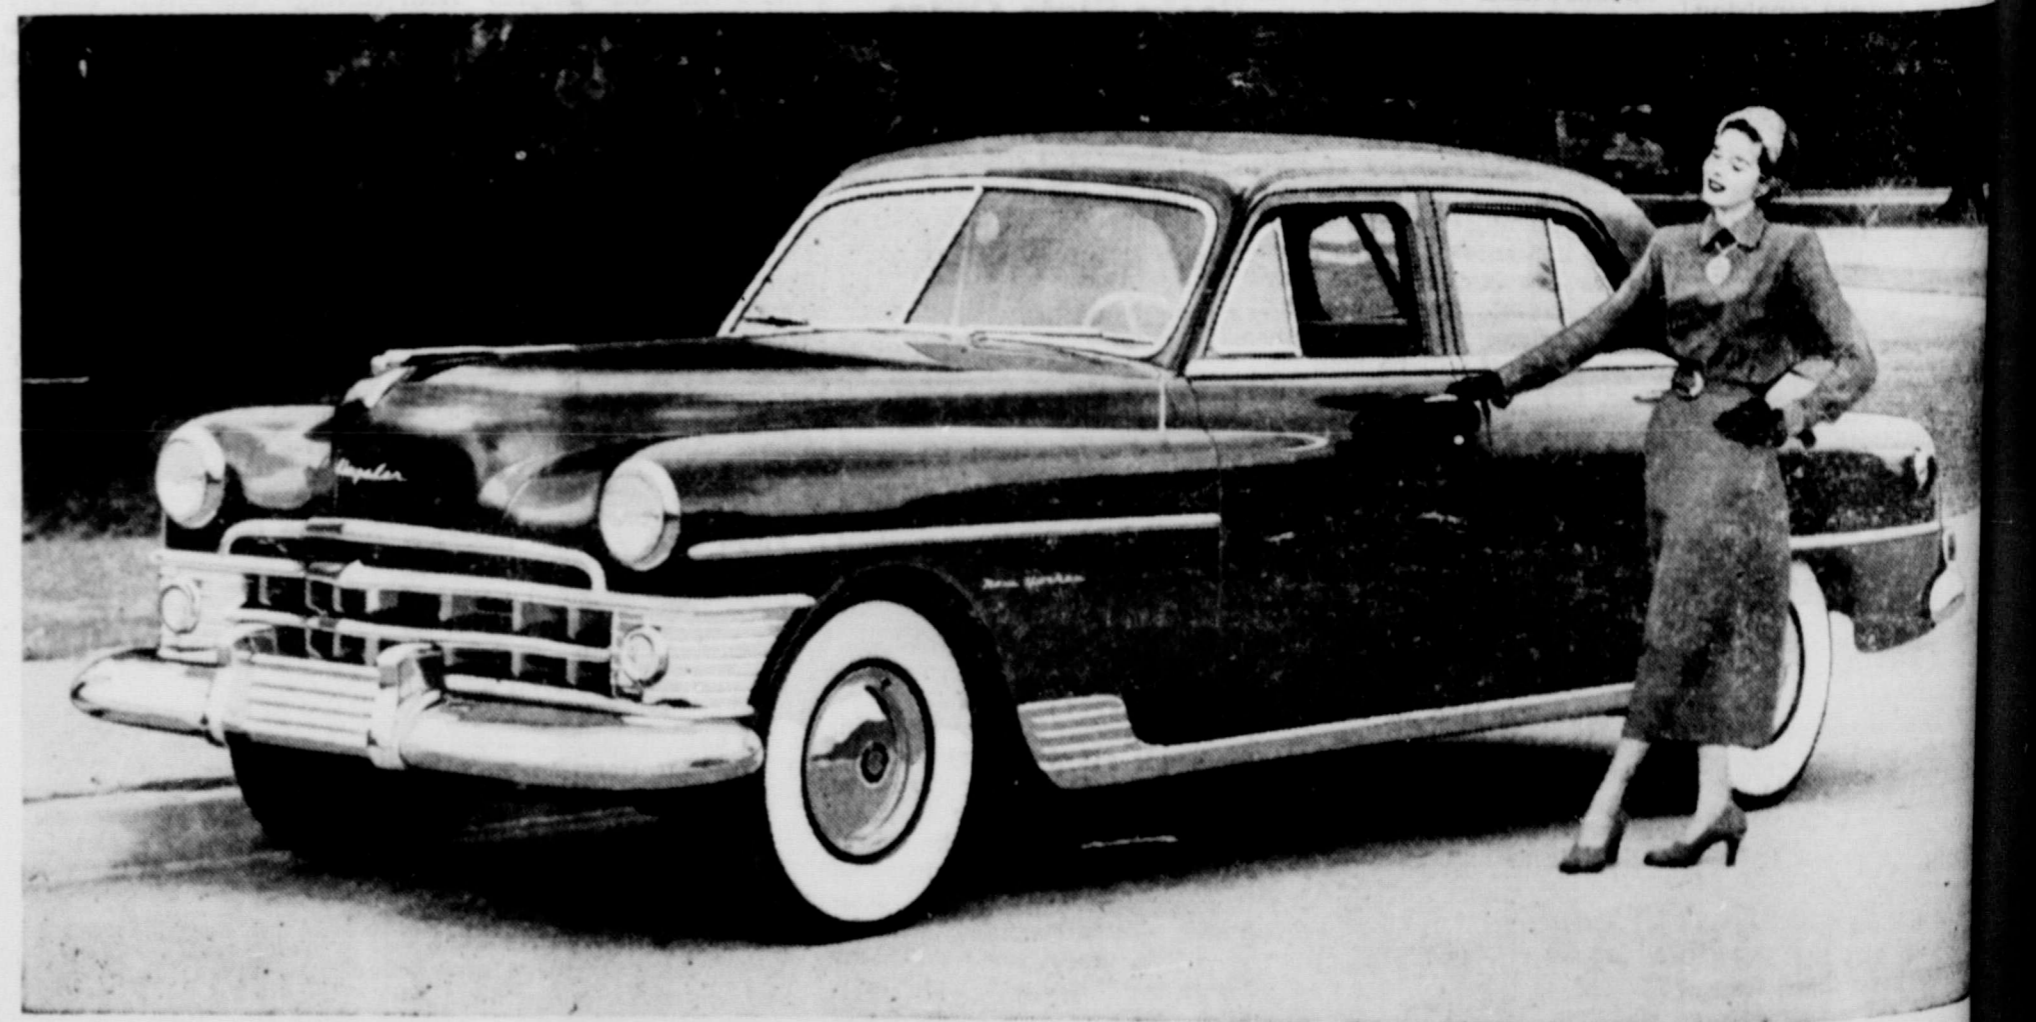

**Even more than meets the eye!**

Look—The beauty you see on the surface of this sleek new Chrysler is only a hint of the value that lies beneath! When you feel the surge of life that stirs through this entire silent beauty as it takes off, you'll know there's nothing like it! When you feel its comfort . . . as you settle down in the softness of chair height seats, you'll say, "There's no comparison!" Before you decide on any car, look into Chrysler's value all the way through!

Beautiful Chrysler 4-Door Sedan . . . Today's Style

Twice as convenient for you and your budget! Your electric refrigerator, for example. The efficient job it does retaining the nutritional value of all foods. Keeping intact the wonderful taste appeal of meats, fruits, vegetables . . . providing facilities for your family's favorite desserts or frozen salads.

Add to this the convenience of your electric home freezer. A year 'round storehouse for such seasonal delights as strawberries, corn-on-the-cob, fish and other game. Fact is, you can buy in quantity . . . at low summer-market prices!

Yes, this practical combination affords twice as much convenience . . . when they're BOTH electric. Electricity makes your food dollars go far—very far indeed. Low cost, dependable electric service makes it so.

See it—drive it . . . there's built-in value all the way through!

**Chrysler Driving Advantages:**

Fluid Drive . . . automatic gear shifting with exclusive car control! High Compression Spitfire Engine . . . extra power at all speeds. Super-finished parts for longer life. Chemically treated cylinder walls for greater wear! Waterproof Ignition System . . . prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean.

**Chrysler Comfort Advantages:**

Chair Height Seats . . . no crouching on the floor . . . Functional Design . . . room for your head, legs, shoulders. Easy to enter and leave. Center-arm Steering . . . minimizes road shock, wheel lift. Rubber Body Mountings . . . Floating Power . . . eliminate vibration, help give softest, smoothest ride in history.

**Chrysler Safety Advantages:**

Safety Rim Wheels . . . won't throw tire off blowouts at normal speeds. Constant Speed Windshield Wiper . . . electrically operated. Safe Guard Hydraulic Brakes . . . balanced brake power, smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Full vision . . . wherever you need it.

**Farm Cash Income Shows Small Rise**

Austin.—Farm cash income in Texas totaled \$86,771,000 in May, a 24-per-cent increase from April and a 1-per-cent rise from May 1949, the University of Texas Bureau of Business Research reported.

Cattle, the greatest source of income in May, brought Texas farmers \$34,849,000. Income from milk products totaled \$8,981,000; wool, \$7,232,000; and fruits and vegetables, \$7,120,000.

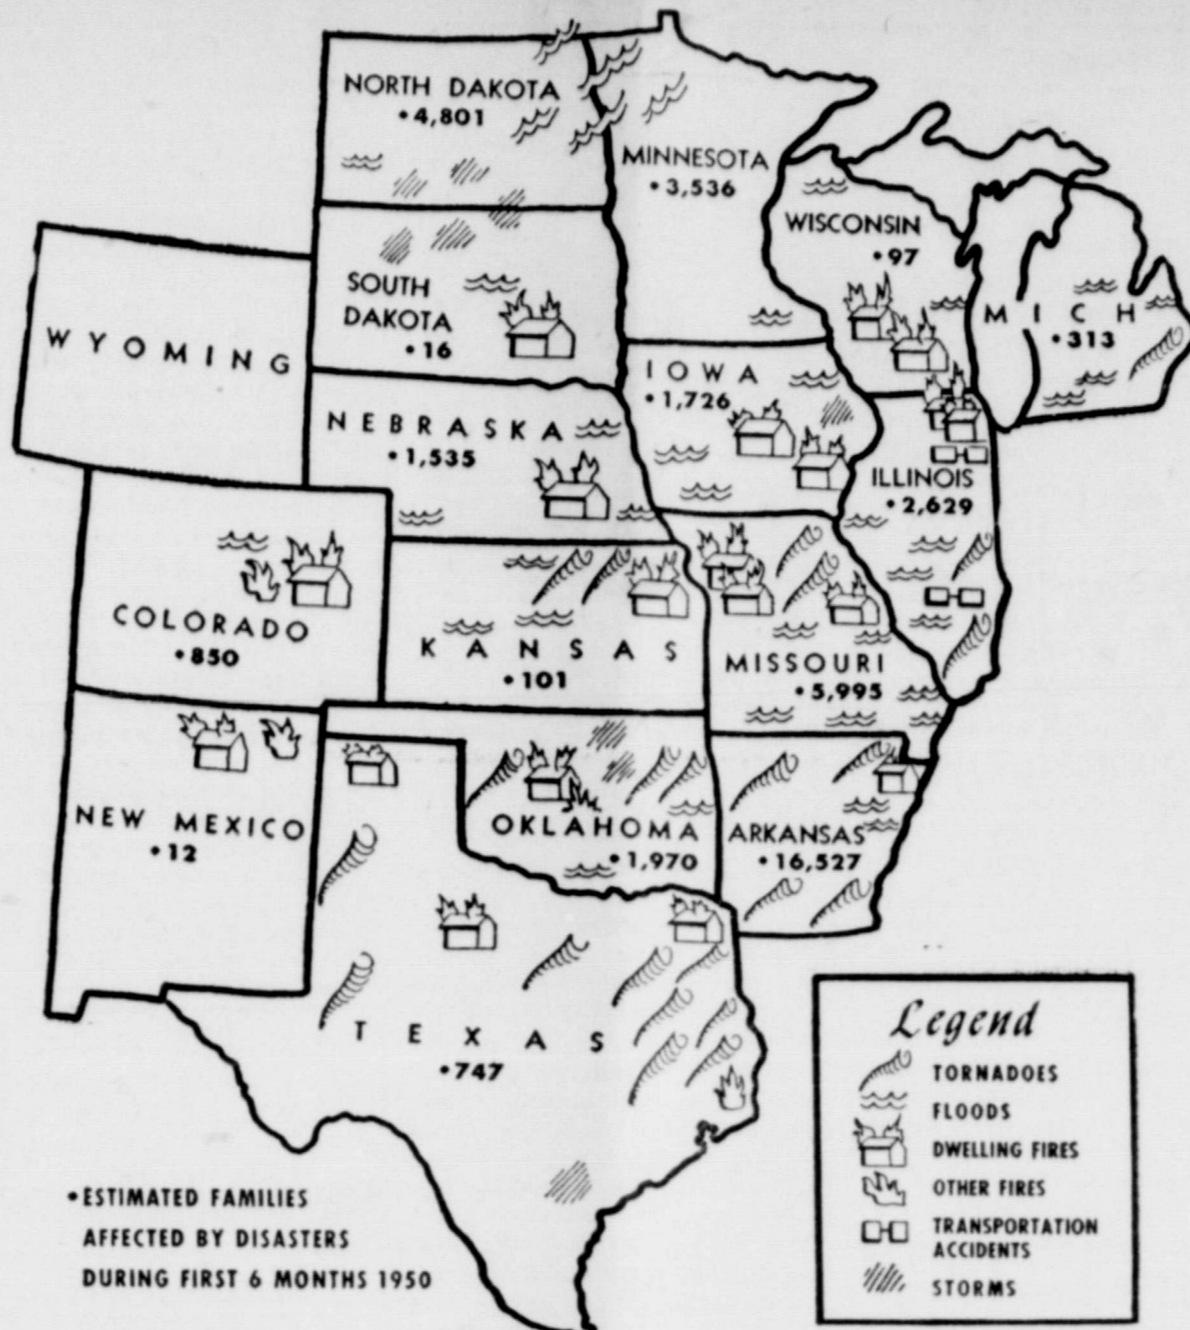

Farmers in the Edwards Plateau district turned in the largest dollar income in May—\$13,636,000. Southern Texas Prairies with \$10,513,000 and Red Bed Plains with \$10,362,000 ranked second and third.

Western Cross Timbers, up 141 per cent, recorded the largest increase in farm cash income in May from April. Other gains were registered in the Lower Rio Grande Valley, 80 per cent; Edwards Plateau 79 per cent; Red Bed Plains, 76 per cent; Southern High Plains, 42 per cent; and Black and Grand Prairies, 5 per cent.

Monthly declines were recorded in South Texas Plains, 57 per cent; Southern Texas Prairies, 52 per cent; Northern High Plains, 15 per cent; and in the Trans-Pecos district, 6 per cent.

Mr. and Mrs. M. D. Lynn and sons and J. B. Lynn of Floydada visited in the home of Jason Wilcox, Mosquito, N. M., and Mr. and Mrs. Bob Bowlin and son of Albuquerque, N. M. and their daughter, Mr. and Mrs. A. D. Wilson and family of Los Alamos, N. M. the past week. Mrs. Wilson and a grandson, Jimmy Bowlin returned home with her father.

**40,000 Families Affected By Disasters in 16 States, 6-Month Survey Shows—Floods, Tornadoes Cause Greatest Loss**

Floods, tornadoes, storms, fires, and other disasters this year have struck an estimated 40,000 families in 15 of the 16 states comprising the American Red Cross Midwest Area, shown by the above map. Red Cross officials in charge of aiding disaster victims in the area report a number of disaster operations continuing into the second half of 1950. Largest continuing operations are in the North Dakota-Western Minnesota flood area, where Red Cross has provided assistance since the end of March, with operations complicated by recurring floods and blizzards.

**Farm Buildings Should Be Arranged For Convenience**

College Station.—There are many factors that should be considered by the farm family when plans are made for laying out the farmstead. One of the most important, says W. S. Allen, extension agricultural engineer—buildings of Texas A. & M. College, is arranging the buildings for convenience. Time can be saved and inconveniences avoided by placing new buildings, including the house, in a suitable location with reference to buildings already in use on the farm.

One arrangement, suggested by Allen, groups the most frequently used buildings around a barn. Plan the locations so all the buildings can be reached easily from the barn and there should be an all-weather walk from the rear of the house to the barnyard.

Another suggested arrangement is to place the buildings along a straight walk that leads from the back door of the house. The first building could be a food storage building, then the garage, next the poultry laying house and on to the barn. This arrangement, says Allen, puts the buildings that are visited the most close to the house and at the same time gets the buildings that should not be too close to the living quarters the greatest distance from the house.

The plans for new houses should include the views that can be seen from the windows, roof water disposal, turning facilities for vehicles and practical arrangement of walks. He points out that regardless of how good a house plan may be, if it doesn't suit the spot on which it is built, there is a great loss of convenience and beauty.

He says people who hunt a hilltop primarily for the view the location offers sometimes find too much wind for comfort. Fuel bills are likely to be higher; an adequate water supply is usually harder to find in such places and very often accessory buildings must be located in inconvenient places.

Allen says it is best to plan the entire farmstead just as carefully as you plan the house. Once the buildings are constructed, nothing much can be done to correct a bad situation. Moving buildings is always expensive and for that reason, he says every farmstead should be planned before actual construction gets underway.

Washington, D. C. became capital of the United States in 1800.

**Austrian Winter Peas Grow In Hansford**

College Station.—Austrian winter peas are making a favorable showing in Hansford county this year, reports county agent Zack Jagers. The plants were not harmed by green bugs, and they withstood the drought almost as well as wheat.

Jagers says the fields that were planted early in August made excellent fall and early winter pastures, but were caught by a dry freeze in a luxuriant state of growth and the plants were killed by winter freezing.

Peas that were planted late in August and in September did not make sufficient growth to furnish much fall grazing, but did not winter kill. They made excellent spring growth, and by the middle of May had made a deep luxuriant cover on the fields. Although this cover was suitable for a green manure crop, Jagers says that most farmers who had prospects for a seed crop left their peas to be harvested for seed.

Jagers predicts that, due to the satisfactory showing being made by Austrian winter peas in Hansford county, the acreage planted will be greatly increased this season.

**OIL UTILIZES QUICK-FREEZE**  
Oil exploration is being aided by canning or quick-freezing oil sand samples at the well site. Thus preserved, samples are taken to laboratories for complete analysis. Because of such advances, some oil men claim that more petroleum is now found in the laboratory than by the drill.

A thorough soaking at intervals of a week or ten days is far better than a daily shallow watering for flowers, trees, shrubs and the vegetable garden during hot dry weather.

**Care Of Eggs Makes For Better Quality**

College Station. — In many cases in Texas this summer, egg producers will have an opportunity to take advantage of the better prices offered for quality eggs. According to F. Z. Beanblossom, extension poultry marketing specialist of Texas A. & M. College, the egg grading programs in these areas are showing just how important environment, especially heat and humidity, are to the production and marketing of quality eggs.

The temperature of the freshly laid egg, he says is above 100 degrees Fahrenheit and if quality is to be maintained, rapid and thorough cooling of the fresh eggs is a must. Beanblossom points out that eggs will cool from 100 degrees Fahrenheit to 50 degrees Fahrenheit in three hours when they are spread out on a wire tray. It will take five hours for them to cool, if held in a wire basket, twelve hours when held in solid pails and eighteen to twenty hours when held in an egg case.

Here is what excess heat does to egg quality. He says eggs 100 days old may be better than some eggs that are only three days old because eggs held at 90 degrees Fahrenheit drop to "B" grade in three days or less. Eggs held at 77 degrees Fahrenheit will usually hold up at least eight days; when held at 45 degrees Fahrenheit they were still tops at 65 days and when they were held at 37 degrees Fahrenheit, they retained their top quality for 100 days. This, he says, clearly indicates that age does not affect the quality of eggs as directly nor as rapidly as does the environment the egg receives.

The importance of humidity in the egg holding room is reflected in the fact that only 31 percent of the top grade eggs will be maintained when the humidity in the room drops below 75 percent and the temperature rises above 65 degrees Fahrenheit. The failure of egg producers and handlers to pre-cool egg cases, packing eggs before the animal heat is removed and marketing eggs less than twice weekly greatly affects the percentage of high quality eggs marketed, says Beanblossom.

Here is another item that is mighty important in handling eggs. Beanblossom says that research studies show that when eggs are given a ride to town on the big end instead of the little end, five and one-half cents per dozen is lost due to loss in grade. Here is the way it works out; only 73 eggs out of 200 improperly packed eggs graded "A" or better when the eggs rode to town on the big end, while 164 graded "A" or better out of 200 when packed and transported with the large end up.

Beanblossom concludes that

**New Training Program Set For Reserves**

Austin, Tex. — A new step-up "three year plan" of intensified service and combat training for Organized Reserve Corps units will get underway in Texas on September 1. Colonel H. McE. Pendleton, Acting Chief of the Texas Military District, announced today.

Outlining the nation-wide program at his headquarters at Fort Monroe, Va., General Mark W. Clark, Chief of the Army Field Forces, said it will give America "a hard core of highly trained Reservists, accustomed to working together, ready for instant mobilization and action in an emergency. This means the end of the 'paper soldier' in our active Reserves. We are going to prepare every man and woman for a job."

Women's Army Corps Reserves are now completely integrated in the training program. WACs may be assigned to any service-type unit in which their military occupational specialty is needed. There are more than 200 such types in the Reserve program.

M-Day plans now call for the Organized Reserve Corps to furnish a high percentage of service support and combat support units. Implementing the ORC re-

organization announced by the Army on April 1, the new program closely parallels the National Guard training schedule. Detailed lesson plans covering every minute of the 48 annual

two-hour home station periods and more general activities for the 15-day summer training camps will be distributed to all ORC units by September 1.

Your Vote and Influence Will Be Appreciated

egg producers can do something about the quality contained in the eggs they market, and he adds, an egg grading program will make it possible for quality producers to cash in on the better prices offered for the top quality eggs.

**State Accepts Three 4-H Programs Of Interest To Girls**

Three national 4-H awards programs of special interest to rural girls have been accepted for the current year by the Texas State Club office, it is announced by the National 4-H Committee. They are Girls' Record, Canning and Dress Revue.

County winners in each will receive honor medals, and State champions will get educational

trips to the National 4-H Club Congress in Chicago next November.

National awards are \$300 college scholarships in Girls' Record and Canning, and leather-cased scissors in Dress Revue. Donors of awards in the respective programs are Montgomery Ward, Kerr Glass and Simplicity Pattern company. The programs are conducted under the direction of the Cooperative Extension Service.

Texas state winners in the programs last year were: Laverne Goertz, of Red Rock, in canning; Lucille Downey, of Kirkland, in dress revue; and Mary Keith, of Whiteface, in girls' record.

County Extension agents will furnish full information on these programs.

### Amarillo Gift Show Set July 16-17

The first Amarillo Gift Show, sponsored by the Market Committee of the Amarillo Chamber of Commerce, will be held at the State Fair Grounds July 16 and 17.

Gift and holiday merchandise will be featured and offer retailers an opportunity to select and secure delivery of Christmas goods before the holiday rush. Over 250 top lines will be on display.

Complimentary bus service will be furnished from downtown Amarillo to the Fair Grounds both days of the Gift Show. There is ample parking space for automobiles.

Merchants attending the Show are cordially invited to be the guests of the Chamber of Commerce on both July 16 and 17. Lunch will be served in the Automobile Building from 11 a. m. to 2 p. m.

### Lone Star News

By Mrs. Harold Griffith

This week's news consists mostly of news of people vacationing while it was too wet to be working in the fields.

Wilma Foster spent last Tuesday night in Amarillo visiting with her grandmother, Mrs. J. M. Foster.

Mr. and Mrs. B. W. Cox and Dwight returned home Wednesday from a visit in Leuders and Stamford with relatives.

Mr. and Mrs. Jack Frizzell and children were dinner guests in the Harold Griffith home last Tuesday, July 4th. Callers in the afternoon were L. M. Readhimer, Lowell Jarrett, Howard Mosley, Howard Watkins, Mr. and Mrs. V. D. Harris and Mr. and Mrs. B. E. Harris.

Mr. and Mrs. Vert Readhimer of Amarillo visited Tuesday afternoon in the L. M. Readhimer home.

Mr. and Mrs. Mark Martin with Mr. and Mrs. Bob Merrell and Mark Wade were in Amarillo Tuesday, July 4th attending the horse races.

David Frizzell spent from Monday until Wednesday with Donald Farish.

Mr. and Mrs. Chester Griffith and Linda, with Mrs. Walter Griffith and Duane Griffith spent from Tuesday night until Thursday in the Harold Griffith home.

From here they went to Lubbock for one night and then to Lovington, N. M. to visit with Mr. and Mrs. Leon Webber and to go through the Caverans at Carlsbad on Monday of this week.

Mr. and Mrs. Conrad Henderson and sons with Mr. and Mrs. Gene Belt and sons were in Amarillo Tuesday, July 4th for the holidays and visiting with relatives.

Mr. and Mrs. Herman King and Ben Richard with Mr. and Mrs. Arch Crager were in Lubbock Wednesday night visiting with the Ted Cragers.

There was a Stanley party at

the home of Mrs. Tom Word Wednesday afternoon. Those attending besides the lady from Plainview who was in charge were Mrs. Charlie Merrick, Mrs. B. R. Phillips, Mrs. J. B. Rape, Mrs. Jewell Rexrode, Mrs. Arnold Dietrich, Mrs. J. E. Stover and Mrs. Tom Word.

Those from this community enjoying a fourth of July picnic at the local Scout park last Tuesday afternoon were Mr. and Mrs. L. M. Readhimer, Glenda and Jo, Mr. and Mrs. Clyde Farish, Donald and Susie, Mr. and Mrs. Lowell Jarrett and Larry, Mr. and Mrs. Reed Lawson and Sunny, Mr. and Mrs. Howard Mosley, Terry and Mickey, Beverly Hague, Mr. and Mrs. Howard Watkins and Sharon, Mr. and Mrs. Harold Griffith, Dean, Dennis, Mr. and Mrs. Jack Frizzell, Sissy, David and Mary Amber, Pat Frizzell, C. B. Smart and Mr. and Mrs. Bunch and family of Silverton.

Those enjoying a friendly get-together in the Albert King home Wednesday night were Mr. and Mrs. Joe Foster and family, Mr. and Mrs. Vestal Hastings and family, Mr. and Mrs. Ben McGhee and Hope, and Mr. and Mrs. C. L. King.

Mrs. M. O. Peugh and Loretta were in Dallas Wednesday for a check-up for Loretta at the Scottish Rite Hospital there.

Mr. and Mrs. Bailey Henderson and little Steve Rodgers were in Plainview Friday visiting with Mr. and Mrs. Sidney Rodgers and little Vickie who is still in the Sanitarium receiving treatment for her burns.

Visitors in the J. E. Stover home at different times last week were Mr. and Mrs. C. P. Lane and Mr. and Mrs. G. C. Richards all from Petersburg.

Mr. and Mrs. Jack Frizzell and children were in Plainview Wednesday attending to business and visiting with Mr. and Mrs. Claud Fletcher.

Mr. and Mrs. D. J. Phillips and children, Mr. and Mrs. Shorty Hartman and family, with Mr. and Mrs. Bob Merrell and son, Mr. and Mrs. Mark Martin and Nell Wells spent from Wednesday until Sunday vacationing in Red River, N. M. In Clovis, N. M. the Martins, Merrells and Nell Wells visited with Mr. and Mrs. Virgil Martin and Clara Bell.

Mr. and Mrs. Gene Belt and boys, Mr. and Mrs. Kenneth Wofford and children and Mr. and Mrs. John Belt spent several days vacationing in Red River, N. M.

Mr. and Mrs. Ira Graves and family spent from Wednesday until Monday visiting in Austin, Texas and other south Texas places. They visited with Mr. and Mrs. Richard Gilbreath and family at Thornhill.

Mr. and Mrs. Tom Word and family were visiting in Austin

### Vic Vet says

ONLY VETERANS WITH SERVICE-CONNECTED DISABILITIES MAY BE TREATED BY PRIVATE DOCTORS AT GOVERNMENT EXPENSE... AND THEN ONLY WITH VA'S PRIOR APPROVAL

from Thursday until Monday.

Those enjoying an outing at Red River, N. M. from Thursday until Sunday were Mr. and Mrs. L. M. Readhimer and girls, Mr. and Mrs. Clyde Farish and children, Pat Frizzell, Douglas Meriwether, Mr. and Mrs. Lowell Jarrett and Larry, Mr. and Mrs. Howard Mosley and sons, and Mr. and Mrs. Reed Lawson and Sandra, and Mr. and Mrs. Howard Watkins and Sharon.

Mr. and Mrs. Floyd W. Jackson and Betty spent from Friday until Sunday in Albuquerque, N. M. visiting relatives. Ima Nell and Bob Ann Louderer went with the Jacksons.

Mr. and Mrs. R. S. Bryant and girls of Belen, N. M. spent Friday in the home of Mr. and Mrs. James Wigginton. The girls remained here for a few days while their parents went on to New Orleans.

Mr. and Mrs. Milton Frizzell and family of Rock Creek visited in the A. E. Frizzell home on Friday.

Congratulations go out to Mr. and Mrs. George Long of Silverton on the arrival of their new

daughter, Nancy Kay, last Friday evening July 7th in the hospital in Silverton. Mr. and Mrs. A. E. Frizzell have been spending some time in Silverton with the Longs since the arrival of the new granddaughter.

A. O. Foster and M. O. Peugh spent Friday night and Saturday in Stephenville, Texas on business.

Mr. and Mrs. Buddy Strickland and children with Mr. and Mrs. Ervin Strickland and children spent the weekend in Midland and Odessa visiting relatives.

Mr. and Mrs. Bailey Henderson and family were in Plainview Sunday visiting with Mr. and Mrs. Sidney Rogers and Vickie.

Mr. and Mrs. Harold Griffith and sons were dinner guests Sunday in the V. D. Harris home. In the afternoon they visited in Plainview with Kenneth Griffith and Kenny Wayne.

Nita Kellison is being treated at the hospital in Lockney from injuries received in a car accident last Saturday 1½ miles west of the Lone Star store.

Mr. and Mrs. Jack Frizzell and children visited in Silverton Sunday with Mr. and Mrs. George Long and Nancy Kay. In the afternoon the Jack Frizzells and A. E. Frizzells fished at Pyatt's fishing ground.

Jerry Frizzell of Rock Creek is spending a few days visiting with David Reddell.

Mr. and Mrs. J. B. Nance and family visited in Silverton Sunday with Mr. and Mrs. Hugh Nance and son.

A. E. Frizzell was a dinner guest in the Jack Frizzell home Saturday night.

Betty Ann Nance visited with Waymea Rea Calloway from Sunday until Tuesday.

When possible, grain and feed crops should be marketed through livestock because the price outlook for livestock and livestock products is relatively favorable.

Mr. and Mrs. Elmer Lee Stapp and family spent last week end and the Fourth of July visiting her mother, Mrs. Lillie Boutwell at Electra.

Mr. and Mrs. Marvin Cox and Hope visited Mr. and Mrs. G. D. Tate at Denver City Sunday.

# THEY'RE OFF! BIGGEST TRUCK ECONOMY RUN EVER LAUNCHED!

THOUSANDS of FORD TRUCKS from 95-h.p. PICKUPS to 145-h.p. BIG JOBS START NATIONWIDE FORD ECONOMY RUN!

Every state in the Union serves as proving ground for Ford Economy Run covering all truck-using vocations!

The most realistic economy study in truck history is now under way. The Ford Truck Economy Run is a full-dress analysis of working trucks under working conditions. Each truck user will keep complete day-to-day records of loads hauled, miles travelled, gas and oil consumed and total repairs and maintenance for a six-month period.

DRAMATIC DEMONSTRATION THAT FORD IS AMERICA'S NO. 1 TRUCK VALUE!

The Ford Economy Run will demonstrate for everyone to see what Ford owners have known right along. Ford Trucks do more per dollar . . . in your business, in any business.

Economy is one reason why Ford is America's No. 1 Truck Value. And value is the big reason why more and more truck users are switching to Ford. Proof of this fact is that Ford Trucks are making the industry's biggest sales gain!

Lockney's Entry In The Ford Truck Economy Run

Mr. Paul Kropp has registered his Model F-1 1950 Ford Pick-up Truck in the Ford Truck Economy Run. Watch for it. The orange and black identification emblem shown at right will identify it.

In the long run, too—Ford Trucking Costs Less because—

## FORD TRUCKS LAST LONGER

Using latest registration data on 6,592,000 trucks, life insurance experts prove Ford Trucks last longer!

## Pleasant Valley Club Meets Tuesday

The Pleasant Valley Home Demonstration Club met Tuesday afternoon at 2:30 at the home of Mrs. Rhea Mitchell.

Topic for discussion was "Barbecue Pits." Also a discussion on "Safety Methods" was given by Miss Leila Petty, agent.

Punch and cookies were served to Meses. Bill Glover, R. C. Mitchell, Shorty Sherman, Vernon Grose, Clark Harris, Lee Pope, A. M. Dorsey, Roy Wilkes, Mrs. Henry, Miss Petty, and the hostess.

## Teddy Bob Cooper Has Party Monday

Teddy Bob Cooper celebrated his sixth birthday Monday, July 10 with a birthday party at the home of his parents, Mr. and Mrs. Glenn Cooper north of town.

After games were played the guests and honoree enjoyed the beautifully decorated birthday cake, punch and watermelon.

Present for the party were: Jerry, Judy and Mary Johnson, Sally and Joe Cox, Gary Bob McAninch, Johnnie and June Chandler, J. W. Hay, Larry Wayne Stapp, Glen and Sandra McCandless, Jackie and Wayne Cooper, Francis Dunavant, Nelda Jo Love of Quitaque; Teddy's grandmother, Mrs. Otis Purcell and his aunts, Mrs. O. C. Love and Mrs. Dean Purcell, also from Quitaque.

Other mothers attending were Mrs. Lavon Johnson, Mrs. Leslie Cox, Mrs. C. D. McCandless, Mrs. Bob McAninch.

## Hershel Hastings Honored On Birthday

Mrs. Vestal Hastings honored her son, Hershel with a Weiner roast Monday evening, July 10. The occasion marked the honoree's thirteenth birthday.

Games of croquet and tennis were enjoyed by the following guests: Loretta Peugh, Jimmy Rankin, Charles Huffman, Janet Huffman, Eddie Joe Foster, Betty Jean Foster, Jean and James Ray Wofford, Darla Allison, Don Vernon and Carolyn Hastings.

Adult guests were Mrs. E. J. Foster who assisted the hostess, Mr. Foster, Mr. and Mrs. Kenneth Wofford, Mr. and Mrs. Obie Peugh, E. J. Foster, Mr. and Mrs. Vestal Hastings.

## FAMILY REUNION HELD AT EDEN, TEXAS

A family reunion was held at Eden, Texas recently for the relatives of Mrs. Julia Holladay of Floydada. Those attending included Mrs. Holladay, Mrs. J. W. Taylor and son, Glenden Baie, Mrs. Claudia Hinkle and sons, Jerry and Rodney, all of Floydada; Mrs. M. D. Lynn of Lockney, and a number of other relatives from points in Georgia and from Eden.

## W. S. C. S. MEETS

The Women's Society of Christian Service of the Lockney Methodist Church met Monday afternoon at the church for an officers training program. Mrs. N. S. Daniel was in charge.

Sixteen members and two new members were present for the meeting.

## FLOWERS IN BLOOM

Flowers are in bloom everywhere this spring, even on glamorous cotton formal. Floral prints are popular for fresh, appealing evening frocks for dancing on warm summer nights. This charming evening ensemble combines a dinner blouse of crisp white broadcloth and a dramatic floral print skirt of Bates cotton, the National Cotton Council says.

## Miss Ruth Swim Weds Plainview Man

In a ceremony performed at high noon Sunday at the First Methodist Church in Putnam, Miss Exia Ruth Swim became the bride of Elwin Blake Gooch of Plainview. Rev. W. B. Swim, father of the bride, read the double ring ceremony.

The bride is the daughter of Rev. and Mrs. W. B. Swim of Abilene. Rev. Swim is a former pastor of the First Methodist Church of Lockney.

The bride is a graduate of the Baird High School and was a junior at McMurry College, Abilene.

The groom is employed by the Plainview division of the Texas Highway Department. They will make their home in Plainview.

## Mrs. Carl Farris Is Shower Honoree

Mrs. Carl Farris was named honoree at a pink and blue shower Friday afternoon, July 31 from 3 to 6 o'clock at the home of Mrs. Dee Williams. Mrs. Farris is the former Joyce Collis.

The entertaining rooms were decorated with arrangements of pink, blue and white garden flowers. Mrs. Earlie B. Johnson presided at the table where punch and cake were served. Mrs. Dee Williams met the guests and Mrs. Floyd Dormann and Mrs. Calvin Williams were in the gift room.

Hostesses were Meses. R. G. Still, W. L. Street, Floyd Dormann, Calvin Williams, Randall Collis, Earlie B. Johnston, Glenn Collis, and Dee Williams.

Mr. and Mrs. Alvin Nichols, Mr. and Mrs. Johns Cox and Nova, Mr. and Mrs. Pepper Martin visited in the home of Mr. and Mrs. T. B. Cox of Hereford Friday.

## Sunday School Class Has Barbecue Party

An outdoor barbecue and party was enjoyed by members of the Priscilla Sunday School class of the First Baptist Church last Thursday evening at the home of Mr. and Mrs. Rhea Mitchell near Lockney. Families of the members also attended.

Those present included Mr.

and Mrs. Thurman Thomas and Cora Jean, Mr. and Mrs. Don Murphy and Lynn, Mr. and Mrs. Glenn Cooper and Teddy Bob, Mr. and Mrs. Clarence McCandless and family, Rev. and Mrs. E. J. Cobb, Mr. and Mrs. Rhea Mitchell, Wesley and Sandra.

Misses Jeanne Thomas, Albertine and Thala Foster are visiting in Alpine, Texas this week.

## MRS. WILBANKS ENTERTAINS BAPTIST G. A. GIRLS

Mrs. O. B. Wilbanks entertained members of the Intermediate Girls Auxiliary of the Baptist Church on Monday evening at 7:30 o'clock.

The group enjoyed ice cream and cake.

New Mexico was the last state admitted to the Union.

The loops that are woven into a towel determine its absorbency. The loops should be reasonably close together and fairly long. The heavy towels are more absorbent because there is more yarn to absorb water.

Jack Spence, Jimmie and Linda of Amarillo visited Thursday afternoon and night with R. T. Spence and family.

### EDITORIAL

The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid? Psalm 27:1.

The shooting war this country is now involved in may turn out to be more of an event than we think it will, according to some of the experts. It seems that we as a nation do a lot of stumbling around and have to get hurt pretty bad before we wake up and realize that we are really in a war and that we better get

### LIBERAL FARM LOANS

20 Years To Pay  
Low Rate of Interest

O. C. BAILEY  
Lockney

on our toes. Personally we think it would have been much better to waited until we had an adequate force in Korea before sending our American boys into combat. The "token" force we put into the fight did not have the necessary armor and equipment to properly defend themselves and for that reason we probably lost a number of American soldiers that we wouldn't have otherwise lost. We, for one, are against the school of thought that soldiers are expendable. The life of the soldier should be the most carefully guarded asset the Army has.

And when the proper time comes we will be in favor of using the A bomb, the H bomb or whatever other weapons we have to win the war. Of course, the government is probably not using these because of the risk of bringing Russia into the war. But, discounting this risk, we believe that this country ought to use every weapon it has if the use of that weapon will result in the saving of lives of American soldiers and shorten the war.

The best temperance lesson a man can experience is to have a drunk man cry on his shoulder and slobber over him. If this won't convince a man of the folly of drink nothing will.

No Sunday school teacher who prepares fifty-two lessons a year to teach a class, few of whom even as much as read the lesson through, and less than a fourth of whom attend class regularly, is ever adequately rewarded in this life.

The meek may one day inherit the earth as we are reliably informed they will, but it will only happen after the brazen and the greedy and the selfish have been removed from the earthly scene.

Most mothers of young boys will agree with the boy's definition of water as being a "clear liquid that turns black when you put your hands in it."

A statesman stands for the things he thinks are best for the country whether they get the votes or not. A politician stands for the things that will get the votes even though he knows they are not good for the country.

We recall in the stories of the Indians we used to read as a child, with what terror we re-

## OUR DEMOCRACY — by Mat

### WHO MAKES OPPORTUNITY IN AMERICA?

THE PEOPLE — THROUGH THEIR INDIVIDUAL INITIATIVE, PRODUCTIVITY AND THRIFT.

THEY MAKE OPPORTUNITY, NOT ONLY BY THE WORK THEY DO, BUT BY WHAT THEY SAVE AND THE INVESTMENT OF THEIR SAVINGS. THE 4 OUT OF 5 FAMILIES WHO OWN LIFE INSURANCE, THE MORE THAN 50 MILLIONS WHO HAVE SAVINGS ACCOUNTS ARE AMONG THE PEOPLE WHO MAKE OPPORTUNITY IN AMERICA.

WE IN THE U.S. HAVE CREATED THE GREATEST AND MOST WIDELY DISTRIBUTED WEALTH THAT THE WORLD HAS KNOWN, BECAUSE THIRTY PEOPLE HAVE KEPT THIS COUNTRY A LAND WHERE MEN ARE FREE TO MAKE THEIR OWN OPPORTUNITIES.

### With Our EXCHANGES

#### THE LONG FIGHT THAT LIES AHEAD

The early stages of the fight for South Korea are not going too well for our side. That ought to be admitted and it should be added that it ought to be expected.

The invaders, technically the North Korean army, have the enormous advantage of preparing for a specific invasion and of initiative gained by the nowadays usual strike without warning.

The defending South Koreans had no chance by themselves. The forces thrown in to aid them are emergency units and lack armor. Tank destroyers are not

necessarily the answer to tanks. Unless halted by supply attrition, tanks, if defeated at all, are usually stopped by a combination of counterattacking armor, tank destroyers, artillery, air strafers and ground troops. These the initial forces rushed to South Korea do not have in entirety and what they have is certainly not in abundance.

It is entirely possible, despite the optimism expressed from Tokyo, that South Korea may initially be lost. The area can be regained, if we hold Japan. The Nipponese islands form a much more convenient springboard for return than either Okinawa or the Philippines for the attack projected on Japan in 1945 by MacArthur's troops. If Korea is held now, presumably it will be by superiority in air power, which can be overcome if Russia throws the full weight of its available air power into the conflict.

The probability of Russian arms of all types fighting as North Koreans is one that must be kept constantly in mind.

We face a long fight, a hard fight, John Foster Dulles said, forcefully and grimly, in his Independence Day speech on the Washington Monument grounds. He noted as he spoke that American lives are already paying the price of our necessary dedication to the preservation of all that we hold dear.

It is always necessary to remind those at home that in war some are called upon to sacrifice life itself, that the burden is less heavy on those who are asked to stint in only material things.

With this sermon preached carefully by Mr. Dulles, it is to be hoped that all are in full accord. The national administration is itself the first that needs to learn the lesson—that ultimate victory, if this is World War III, will depend on the utmost economy in Washington as in the homes of all of us. Nor should that realization wait on actual development into full-scale war.

The time for national complete economy is now. If our leadership is made up of those who feel it is desirable to risk the nation's future to assure their own political retention, the possibilities of ultimate victory become more remote indeed.—Dallas News.

## Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

June 25, 1908

The local camp of A. F. & A. M. lodge elected the following officers at their meeting Saturday night: Chas. Ramsey Jr., W. M.; Chas. Boswell, S. W.; E. C. Nix, Secretary; J. L. Norris, treasurer; T. Z. Reed, Tyler.

Clara Smith of the Mickey community reports that he has his wheat in the shock and that it will average 15 bushels per acre. He also has 20 acres of alfalfa that he has cut twice and it is now knee high.

The City Council urges that everyone clean up their premises and cites an ordinance that provides for cleaning up.

E. M. Walling and Mrs. Emma Holden were married June 21.

Rain Saturday night was welcomed by everyone except those who had wheat in the shock.

S. A. Henry returned Sunday from a meeting of the druggists association at Galveston.

September 13, 1908

The Lockney Public Schools opened Monday with a program in the school auditorium.

The first bale of cotton for the year was brought in this week by L. V. Ray of Sandhill. The cotton was ginned by Ben Whitfill and bought by Les Floyd for 34 1/2 c.

A total of 283 registered in Lockney in the National registration held this week for the mil-

tary draft. Men between the ages 18 and 21 and 31 to 45 registered. Reports are that it is probable that these men will be called into service.

A meeting was held at the school auditorium this week to honor two Lockney military men, Joe McCollum of the Navy and Embree Foster of the Army.

Statement of the condition of the First National Bank of Lockney at the close of business August 31 was published and showed demand deposits at \$146,822. Cash and due from banks totaled approximately \$28,000. Frank Baker was listed as president of the bank with J. D. Griffith, N. Askey and C. F. Merrick as directors.

Freezing is one of the new methods being used for preserving peaches and when properly done is very satisfactory.

## Drive home the facts!

First and Finest for thrills and thrift

Chevrolet brings you the finest combination of thrills and thrift... with its new 105-h.p. Valve-in-Head Engine\*—most powerful in the entire low-price field—or its highly improved, more powerful standard Valve-in-Head Engine.

First and Finest for all-around safety at lowest cost

Only Chevrolet offers this five-fold protection: (1) Curved Windshield with Panoramic Visibility (2) Fisher Unisteel Body (3) Safety Plate Glass all around (4) Unitized Knee-Action Ride (5) Certi-Safe Hydraulic Brakes.

First and Finest for styling and comfort at lowest cost

Chevrolet's Style-Star Bodies by Fisher provide extra-wide form-fitting seats—extra-generous head, leg and elbow room—extra value in every detail of styling and comfort in this longest and heaviest low-priced car!

First and Finest for driving and riding ease at lowest cost

Only Chevrolet offers finest no-shift driving, with Power-glide Automatic Transmission and 105-h.p. Engine\*... or finest standard driving, with highly improved standard Engine and Synchro-Mesh Transmission... at lowest cost.

## Greater Comfort

one more reason why John Deere is first choice of the tractor-wise!

Step up on a John Deere "A," "B," or "G" and treat yourself to real tractor comfort! These tractors are designed with you in mind.

You'll relax on a deep-cushioned seat that's really comfortable. It's roomy and there's plenty of fore-and-aft adjustment. Arm and back rests provide additional comfort. And look at the view you have ahead and to either side... from a natural position on the seat.

But that's not all! A John Deere Tractor has a large platform with plenty of leg room, plenty of standing room. You can stand as easily and naturally as rising from a chair, without changing the seat position.

There's no doubt about it—a John Deere is the tractor that's easier on the operator... reduces fatigue of long hours at the wheel. Remember, too, there are many other advantages a John Deere offers you. See us for details.

- In addition, John Deere Tractors offer:
- OUTSTANDING ECONOMY
- GREATER DURABILITY
- LONGER LIFE
- OUTSTANDING QUALITY
- EASIER HANDLING
- EASIER MAINTENANCE
- COMPLETE INTEGRAL EQUIPMENT
- UNEXCELLED VIEW
- GREATER ADAPTABILITY
- HYDRAULIC POWER-TROL
- ROLLO-MATIC
- LUGGING POWER

### Acres Near Silvertown Given to Girl Scouts

John T. Haynes of Silvertown and his sister, Miss Billie Haynes of Los Angeles, have given 80 acres in the scenic canyons east of Silvertown to the Girl Scouts of Texas.

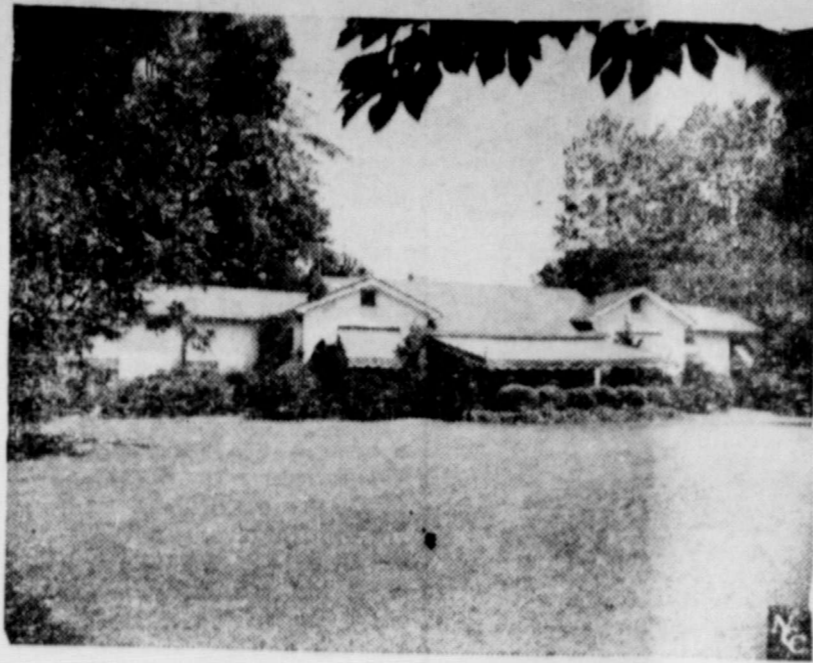

The plot had been reserved by Haynes for his son, Joe Earl Haynes, who lost his life with the Air Force in World War II. The spot will be improved and made open to Girl Scouts anywhere, Mrs. C. E. McSwain,

president of the Plainview council said. First step in improving the site to be known as "Camp Silvertown" will be the construction of a road.

The Haynes family settled in Petersburg in 1893 and later moved to Briscoe County, acquiring a large number of acres around Quitaque.

Mr. and Mrs. T. W. Ashburn and Wayne have returned after visiting Mr. and Mrs. W. B. Apperson and Mr. and Mrs. B. F. Ashburn at Stamford. They attended the Stamford Rodeo on July 2.

### SUMMER IS COMING!

It's grass mowing time again—a sure sign that summer is practically here. Another sure sign of summer is canvas awnings going up. This attractive home gets a summer face-lift with canvas awnings—but they are there for a practical purpose as well. Canvas awnings prevent as much as 88 per cent of the sun's heat from entering a room, tests made by heating and ventilating engineers have revealed. On dark, rainy days, this type of awning is easily raised to admit a maximum of light.

### Care Urged In Handling, Serving And Storing Food

Austin. — Food poisoning and the spread of food borne diseases can be "things of the past," State Health Officer Geo. W. Cox asserted here today.

"People need only remember three things to bring about the end of the food poisoning disease classification," Dr. Cox declared. "Buy food from safe sources, prepare it in a sanitary fashion, and serve and store it correctly."

He said state laws covered the sale of contaminated food to the housewife, but "only the housewife can see that food is properly stored and cleanly prepared for serving to the family."

There is a difference between food infection and food intoxication, he pointed out.

Food infection comes from eating or drinking a product contaminated by a germ. Dysentery, typhoid fever, paratyphoid fever and tuberculosis are examples. Animal parasites can also gain entry to the body in

this way. That, the doctor said, is how people get trichinosis and tapeworm.

The growth and multiplication of certain toxin forming bacteria in unrefrigerated foods bring on food intoxication, according to the explanation. That is the source of staphylococcus infection and the deadly botulism. Some kinds of mushrooms and certain shellfish are also poisonous.

Some poisonous substances may be accidentally introduced into food, Dr. Cox said. "For instance, rodent and insect poisons, spray residues on fruit and vegetables, and poisons from metal containers."

To point up the deadliness of some food poisons, he related the story of the housewife who suspected some home-canned green beans she had just opened were tainted.

"She barely tasted one of them, but it killed her in a matter of hours. Such instances are rare but do occur."

Mr. and Mrs. A. L. Perry and Betty of New Hall, Calif. spent Friday night with Mr. and Mrs. W. I. Hightower.

**OIL ADDS TO CAR'S LIFETIME**  
High-quality petroleum lubricants and top-notch service at neighborhood gasoline stations have added years to the useful life of the average passenger car. At the end of 1949 the average car on the road was 8.4 years old. The pre-war average figure was 5.5 years.

The results of a recent feeding test by the Texas Agricultural Experiment Station indicate that at current prices it is an economical practice to substitute four pounds of citrus or corn molasses for an equal amount of ground milo in a beef calf fattening ration.

The seven wonders of the modern world are the airplane, radium, antiseptics, antitoxins, X-ray, radio and the telephone.

### TO THE PEOPLE OF FLOYD CO.:

I am sorry that I will be unable to visit all of you at your homes in person. The duties of the County Judge's office in the past year and a half have increased to such an extent, that I do not have the time to come to see you in your homes as much as I would like to do so.

I feel that I have earned a second term as your County Judge and I have really tried my best to serve you well and faithfully and somehow I believe that you appreciate a County Judge who can always be found in the office and ready to render service when you need it.

We have tried to administer the County's affairs in as efficient and economical manner as possible. We, of course have made some mistakes as any other man would do under the circumstances.

Please do not fail to vote on July 17, and I assure you that I will certainly appreciate your vote.

Your friend,

**G. C. TUBBS**

## Straight FROM WASHINGTON

A Government budget should answer one all important question: What is the money wanted for?  
A Government accounting system should answer one all important question: What are the taxpayers getting for their money?  
The U. S. Government's present budget and accounting system furnish only confusing "half answers" to these questions. The Hoover Commission found it difficult or impossible to tell what any particular government project will cost, or what it actually has cost the taxpayer.

NOTE: The information hereon is published as a public service and the opinions expressed herein are not necessarily those of the sponsor or this newspaper.

### Lygus Bug Can Be Controlled

College Station. — Tests conducted at the Lubbock Substation of the Texas Agricultural Experiment Station indicate that excellent control of Lygus bugs on cotton can be obtained from any one of the several combinations of insecticides used. W. L. Owens, assistant entomologist and professor J. C. Gaines, department of entomology of Texas A. & M. College, conducted the tests. Mixtures containing 3 per cent gamma benzene hexachloride, 5 per cent DDT, and 40 per cent sulphur; or 3 per cent gamma benzene hexachloride and 40 per cent sulphur; or 5 per cent DDT; or 10 per cent toxaphene were equally effective for control of the insect.

Lygus bug, or tarnished plant

bug, damage, say the entomologists, is limited to the irrigated sections of Southwest Texas where alfalfa is grown for seed. The insects develop on the alfalfa crop in great numbers and cause a reduction in the yield of seed. When the alfalfa seed begins to mature, the insects move into the cotton fields. Here they continue to multiply and feed on cotton squares as well as on the bolls. Squares and smaller bolls shed from the plant, and the lint from the damaged bolls is strained. The result is a lower grade of cotton.

Two applications of any one of these insecticide combinations are needed for Lygus bug control. Test results indicate that the insects can be controlled more easily if the insecticides are applied at the time the insects move from the alfalfa to the cotton. The dusts seem to be more effective against the younger forms of the insects than against the adults.

According to Owens and Gaines, either 5 per cent DDT with sulphur or 10 per cent toxaphene with sulphur should prove to be the most economical treatment. Sulphur is included in the dust to control the red spider infestations which often occur after the application of other cotton insecticides.

Mrs. Lee Timmons of Levita, Texas is here visiting her son, J. B. Timmons and family and also Mr. and Mrs. G. H. Phenis.

### Model Cars Take Final Shape

Dr. Karl T. Compton, of Massachusetts Institute of Technology, and W. S. McLean, secretary of the Fisher Body Craftsman's Guild, discuss model automobiles which hundreds of boys throughout the country are designing and building for entry in the Guild's 1950 competition. They have until July 1 to complete their models. Many of these boys will share in awards which total \$65,000 and at least eight of them will be awarded university scholarships. Dr. Compton has served on the Guild's honorary board of judges for the past nineteen years.

Massachusetts is the only state governed under its original constitution. Montgomery, Alabama was the first capital of the Southern Confederacy.

### TO THE CITIZENS OF FLOYD CO.

As you all know, the time for the primary election will soon be here, and to let you people know that I sincerely and earnestly solicit your vote in this election, I would like to briefly review some of the reasons why I feel that I can continue to make you a good sheriff: I have lived in Floyd County for the past thirty years; I spent two years in the army in the last war, and spent one year of that time overseas in the European Theatre. I have had experience in the law enforcement of our County, and if you should see fit to re-elect me to this office, I will continue to enforce the law and do my best as your Sheriff.

Due to the work in this office, I have been unable to come out to visit each of you at your homes as I would like to have done; however, I hope that you will consider this a personal request for your vote and influence. In order that I could properly attend to all of the duties of this office, it has been necessary for me to employ clerical help, at my own expense, to be assured that all of the duties of this office are carried out, and for this reason, it has been my belief that the people of this county prefer me to stay on the job where I am needed.

Again, let me say that I solicit your vote and influence in the coming election on July 22.

**LELAND A. HART**

### Creep Feeding Of Calves Is Beneficial

College Station.—Many ranchers and stock farmers in the state have found that creep feeding for calves is a practical and economical practice to follow. According to U. D. Thompson, assistant extension animal husbandman of Texas A. & M. College, now is the time to start the young calves on creep feeding.

He says the feeders are easy to build and are not expensive. The enclosure or fenced area should be constructed with an opening large enough for the calves to get through but too small for older cattle. Place the feeder inside the enclosure and fill with whole grain. He points out that it is a good idea to confine an older animal in the creep pen as a decoy for the calves and also as an aid in getting them to eat from the feeder.

He points out that as much as 100 pounds of meat may be added to the calf's weight during the first six to eight months through the use of creep feeding. It has other advantages too; permits marketing at an earlier age; the mother cows stay in better condition; calves are more uniform; shrinkage is less at weaning time; it shortens the feeding period after weaning and serves as a good market for home grown feed grains.

There are certain disadvantages that might make creep feeding impractical on some farms and ranches and Thompson points them out. Extra equipment may be needed and there is the problem of getting the calves to eat. Hogs, sheep and goats must be kept out of the feeders and it would be well to check the prices you can expect for the calves when they are ready for market, the extra cost of production might not be justified. Creep feeding doesn't work so well in pastures that contain more than two sections and sometimes the location of the creeps creates a problem.

Thompson suggests that you check your own situation and if the advantages outweigh the disadvantages, give the creep feeding program a trial. Your local county agent can help you with plans for the enclosure as well as plans for the creep feeder. He can give you a suggested ration or two for use in the feeders and can probably help clear up a lot of other questions that you might have on creep feeding.

## Robert S. Calvert

STATE COMPTROLLER OF PUBLIC ACCOUNTS

Solicits your vote and influence for his first elective term.

**Robert S. Calvert's Background . . .**

Robert S. Calvert, a native Texan, was born in McLennan County near McGregor, Texas, and at an early age moved with his family to Brownwood, where he attended the public schools and Howard Payne College.

At the age of twenty Bob moved to Sweetwater, where he was employed first by the Santa Fe Railroad as clerk, warehouse foreman and cashier; then by the West Texas Electric Company as chief clerk; and later by the First National Bank as assistant cashier.

(Political advertisement paid for by friends of Robert S. Calvert.)

In 1917 Bob enlisted in the United States Army. Following basic training at Fort Benning, Georgia, he was assigned to the 1st Cavalry Division at Fort Bliss, El Paso, Texas. He received technical training at Cornell University, Ithaca, N. Y., he served in the Air Forces in France and in Germany. After the war he returned to Sweetwater and to his bank position.

Among Bob Calvert's many friends Sweetwater was George H. Sheppard who became State Comptroller in 1947. Mr. Sheppard appointed Calvert to the position of financial statistician the same year. As head of the central accounts division for 14 years, Calvert gained first-hand knowledge of state finances. In 1944 he was made chief clerk, the position next in line and authority to Comptroller's.

Following the death of Mr. Sheppard on January 18, 1949, Governor Beaman Jester gave recognition to a career worker who had advanced through the ranks by appointing Calvert State Comptroller.

AFTER SERVING A YEAR AND A HALF AS COMPTROLLER, CALVERT SEEKS HIS FIRST ELECTIVE TERM.

Mrs. Calvert is the former Josie Moore Sweetwater. They have one daughter, Josephine.

Bob Calvert is a member of the American Lions Club, the American Legion and Ben Hur Temple of the Shrine. He is an elder and Chairman of the Board of Central Christian Church, Austin, Texas. Robert S. Calvert solicits your vote and influence in the July primary election.

### Salvation Army extends Services

The Salvation Army last year reached out to bring to more men in need its spiritual and welfare services.

Commenting on the state-wide activities of 1949 given in a report just issued, Lt. Col. John A. Morrison, Texas divisional commander, said: "Through the generosity of thousands of Texans we contribute annually to the Salvation Army we are able to help more people than ever before in our history."

We chose three items from the Salvation Army report for highlighting:

The giving of 26,945 Christmas toys to needy children plus Christmas Cheer packages to 29,000.

The provision of aid to 91,000 homeless persons — 172,180 in lodging and 433,159 in food.

The growth of the Salvation Army's youth program. During 1949 28,576 youth educational character building meetings were conducted with an attendance of 637,981—fifty percent of the attendance of last year.

In addition, The Salvation Army in Texas conducted more than 10,000 religious and evangelistic services, provided counseling and assistance to 1,073 convicts paroled to its care, and aided many other services to those in need of a helping hand. One of the outstanding single acts of the year was the completion of a new 100 Home and Hospital for married mothers who come to the Salvation Army for help from other parts of the state.

TO CHURCH SUNDAY.

### Huntin' AND Fishin'

By Harve Pennington

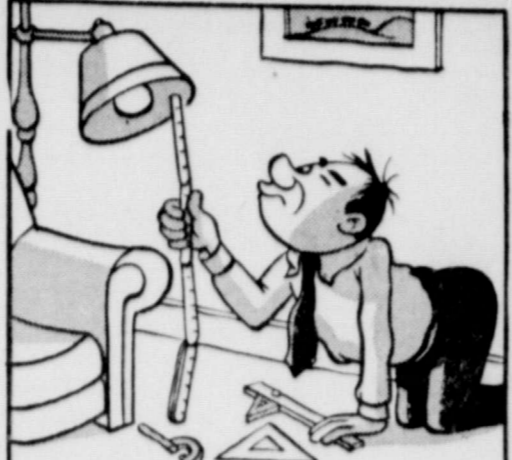

Last week, if you have been following, we said a few things about Rod line and reel and now that you have the outfit, the next thing is to learn to use it so that you can make casts with ease and accuracy. Let us cite one caution that is vastly important. In both your practice and in actual fishing, remember that you are not out to make distance records. You want to gain the ability to place your lure where you want it to fall. Your purpose in practicing is to gain the marksmanship so that when you go on the water, you can drop the lure in the openings in the pads and weeds, along side a stump or log, on the edge of a brush pile, or close to any other spot where you believe there is a hiding fish. Two things are vital in achieving such accuracy. (1) Start the lure on a line with the mark you are aiming at. (2) Get enough height and speed so that it will travel to the mark.

\*\*\*

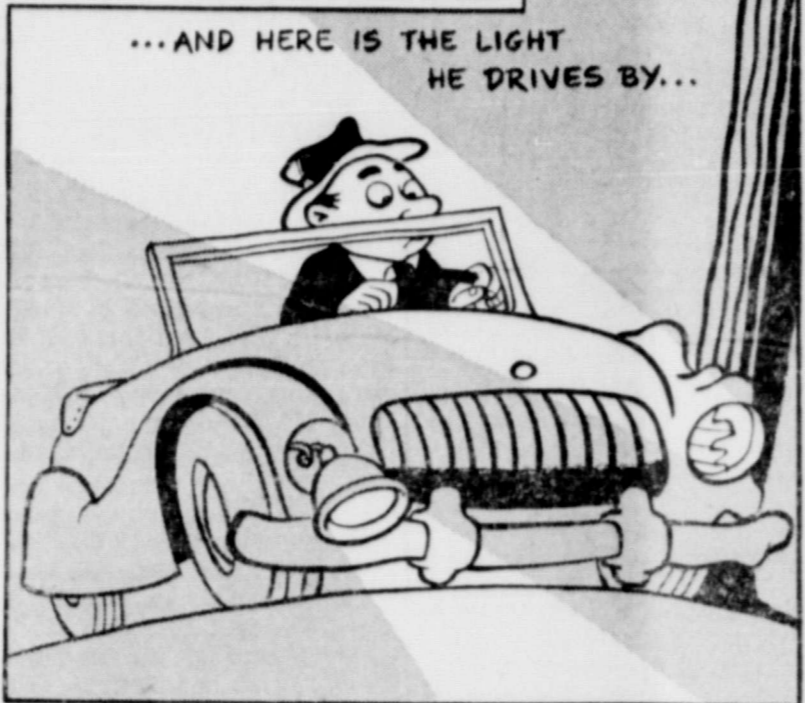

The way to attain the first is to aim your rod tip at the mark. To do this, hold your rod in line with your eye and the spot you are aiming for. In doing this, your rod will be held in an almost horizontal position. The second requirement is a matter of judgment developed by practice. Grip the rod handle firmly but not tightly. Hold the rod so that the reel is in a vertical position, handle up, on the left side of the rod. Use the overhead cast and holding the rod with the reel handle up, can you bring the wrist action into use. Let the lure hang from 2 to 4 inches below the rod tip. If you cast with your right hand, place your right foot forward. Hold your rod in line with the mark you are shooting at. Bring it up sharply for the back stroke in line with your right eye. Do not swing your arm. Use your wrist as a pivot. This movement will throw the lure backwards, pulling a bend into the rod tip. The rod should go back of the shoulder to about 30 degrees with the vertical. Without a pause bring the rod forward sharply and directly in line with the target. During the forward movement, at some point, the thumb pressure on the reel spool is released just enough to allow the lure to start on its way. Do not entirely re-

### Maim Street

by Ralph Stein

THIS PARTY SPLITS WAYS TO GET JUST THE RIGHT LIGHT FOR READING

...AND HERE IS THE LIGHT HE DRIVES BY...

move the thumb from the spool. Just where this exact point is at which the lure should start is difficult to tell. It becomes instinctive with practice and proficiency. You can get some idea as to whether you have released the lure at the right time by noticing the course of the lure through the air. If it travels too high, the lure was released too soon, if it strikes the water too close in front of you, it was not released soon enough. The precise time to release the lure will become instinctive with practice. Do not aim the plug at the water. Shoot it out in front of you far enough so that when its flight is checked it will drop on the spot you want it. This will prevent the plug striking the water with too much force.

\*\*\*

Avoid the side swipe style of casting. In a boat with a second person, it is dangerous. It is difficult to drop your lure where you want it when using the side swipe. If you use a bamboo rod, wipe it dry with a clean soft cloth after you finish fishing. Give it a light rub with a good line dressing. This keeps the alkali in the water from attacking the wrapping and varnish. Do not carry your rod where things may fall on it or where someone may step on it. Never lay the rod down on the ground. Stand it up against a tree. Use the aluminum case only for carrying the rod in. Never store it in the case. The best place for a rod is in a dark, cool corner of a closet. Run your casting line, if silk, out on the grass after every fishing trip and let it dry. Oil and clean the reel

after each trip. If you are going on an all day casting trip, carry the oiler along and give the reel a drop or two of oil every two hours or so. It is only by taking care of your tackle that it will give you long and satisfying service.

\*\*\*

The way things are shaping up now it looks like we won't

have a split season on duck hunting this year. We will have 45 days open season, and I think the bag limit will be raised. The wardens say there were too many small ducks thrown away and they think if the bag limit is raised the boys will keep the small ducks as well as the larger ones. We don't know for sure but will let you know later. If we can hold the water in our lakes, that we have now, there will be good duck shooting. Dove season same as has been in the past, September 1st, Quail the same, December 1st, deer and turkey the same, December 16th. More on this later.

### Game Molsters Hike June Fines

Austin. — Fishermen comprised one-third of game and fish law offenders during June but the largest fines were paid by illegal deer hunters and stream polluters.

Total of fines and court costs was \$4,450.65 for 202 cases compared to \$3,988.30 for 133 cases for June, 1949 and \$4,024.85 for 182 cases for May, the preceding month this year.

Seventy persons were charged under the fishing license code, with 62 Texans drawing fines for having no license. The other eight were non-residents.

The alertness of wardens in checking anglers' bait under the new law which permits persons to fish without licenses in counties adjoining their home counties, providing they do not use live or artificial bait was reflected in two cases. One San Antonio man and one Adkins man assured the investigating wardens they were using worms. When the officials checked further, they found they were using minnows. The strategy backfired so badly that both men paid fines and lost their fishing rights for one year.

The largest individual sum paid during the month was \$219.75 in fines and costs levied

against a Corpus Christi man for operating two unlicensed commercial fishing boats in coastal waters. The pollution assessments included two Rockport cases that produced \$342 in fines and costs.

Three Freer men paid \$61 each for a headlighting foray that netted them a doe and spike buck. In another case, a Freer

man paid a total of \$111 when caught hunting at night. A Sour Lake man got off with \$21 levy for killing deer out of season. Two Sabinal men paid \$113 each for killing deer at night. One was a bartender. Wardens said that after he shut off the spigots at closing time, he rallied the customers for outlaw raids on wild game.

**Bolding Buys Plains Barber Shop Here**

Bob Bolding has purchased The Plains Barber Shop here from L. A. (Berry) Hooten and is now in charge it was announced this week. Mr. Bolding has been employed at the shop for several months and is well known here.  
Mr. Hooten says that he will continue to work at the shop most of the time for the present although he plans to do some farming next year. He expresses his appreciation for the patronage given the shop while he was proprietor and asks that the public continue to visit The Plains for barber work.

**O. E. S. TO HOLD AFTERNOON STUDY**

An afternoon study period will be held by the Order of the Eastern Star at the local Masonic Hall each Friday afternoon at 3 o'clock it was announced this week by Mrs. Frank Messimer.

**Expect Engagement Announcement**

ASCOT, ENG. — London society is looking forward with anticipation to the 20th birthday of Princess Margaret Rose on August 21st. The reason — they expect that her engagement to the handsome Earl of Dalkeith may be announced shortly thereafter. Dalkeith has been the almost constant escort of the Princess in recent weeks. He is sitting opposite her here in the royal carriage as they drove to the Ascot Race Track. The other man is not identified. Princess Mary, aunt of Margaret, sits with her. The Earl is the son of the Duke and Duchess of Buccleuch. They have been friends since childhood. The Princess spent a weekend with his parents recently.

**County Council To Meet Saturday**

The Floyd County Home Demonstration Council will have its regular meeting at 2:30 on Saturday afternoon in the County Court Room in Floydada, according to an announcement by Mrs. C. L. King, Council Chairman.

**STINEBAUGH CHILDREN ENTER MASONIC HOME**

The two children of the late Mr. and Mrs. Edwin Stinebaugh, Francis, age 12 and Stewart, age 6, have entered the Masonic home and school at Fort Worth. The parents were killed in an automobile accident several months ago. The two children will remain in the school until they complete high school, it was reported.

**HOME FROM MISSOURI**

Mr. and Mrs. Fred Lam returned home Friday after a month's vacation spent in Missouri and Minnesota. Mrs. Kate Collier of Floydada accompanied the Lams and visited in Hardin, Missouri. Mrs. Lam spent all her time in Missouri with her sisters and Mr. Lam's relatives while Mr. Lam spent two weeks fishing at a Minnesota resort.

**COX VISITORS**

Mr. and Mrs. Bennie Teaff and Benita, Mr. and Mrs. Alton Noland, Joe and Joyce, and Freddy Ray Noland of Hamilton visited in the home of Mr. and Mrs. John Cox Thursday night. Freddy Ray Noland entertained with a number of songs which were enjoyed. Refreshments of punch and cake were served to those present.

**FLOYD COUNTY BOND SALES TOTAL \$25,000**

Sales of Series E bonds in the Independence Day drive in Floyd County totaled \$25,968.75 up to June 30, according to a report from state headquarters. This represents 60.39% of the county's quota of \$43,000.

Mr. and Mrs. Charles Baxter are vacationing in San Diego, Calif. this week.

GO TO CHURCH SUNDAY.

Mr. and Mrs. Alton Noland, Joe and Joyce entertained a number of friends Friday night at their home. Refreshments were served to Mr. and Mrs. Weldon Smith and Dan, Mr. and Mrs. John Cox and Wanda, Mr. and Mrs. Floyd Boren, Janet and David of Floydada.  
Earline Patton of Plains has been the guest of her cousin, Caroline Cobb at the Camp grounds this week.

**Did this Driver do the RIGHT thing?**

**Drive RIGHT with Phillips 66**

Safe driving calls for good judgment, and it calls for good gasoline, too! If you want fast response and smooth, dependable power, get new Phillips 66 Gasoline. Thanks to improved refining methods, this great motor fuel now gives smoother anti-knock performance, faster acceleration and greater power than it ever did before! So drive right! Fill up at any station where you see the orange and black Phillips 66 Shield!

YES! She did right by not stopping! Police and safety authorities say you run a big risk whenever you pick up a strange hitch hiker. He may be as harmless as he looks... or he may be an escaped criminal. So don't take chances!

LISTEN To the Rex Allen Show every Friday night over C 9 p. m. C. S. T.

**Petersburg School Boundaries Enlarged By Seven Sections**

Petersburg.—Boundaries of the Petersburg independent School District were defined last week by the Hale County Board of Education. Since the consolidation of the Estacado and Lorenzo districts, in Crosby County, land has been made available for the Petersburg district, which is in the corner of Hale County adjacent to Floyd and Crosby Counties.

Approximately seven sections of land were added to the district, the land being in Crosby county. The district now embraces land in three counties, totaling 97,574.25 acres, according to Mrs. Willie Merle Halthcock, county school superintendent of Hale County. There are 75,901.73 acres in Hale County, 17,103.32 in Floyd and 4,569 acres in Crosby, making 165 square miles.

Mr. and Mrs. W. A. Campbell attended funeral services at Roaring Springs Tuesday for a friend, C. D. Wilson. Mr. Wilson was the father of Mrs. P. I. Roberts of Floydada.

Mrs. W. D. Ford of Lawton, Okla., Mrs. W. E. Donnell of Fort Worth and Mrs. C. H. Owen of Detroit, Mich., were weekend visitors in the W. A. Campbell home.

**New Telephone Directories Arrive**

New telephone directories were received the past week end by telephone subscribers out of the Lockney exchange. The new directories were badly needed since many new names had been added to the exchange list since the old one was printed.

The new directory lists approximately 620 numbers while the old directory printed in 1949 shows only about 340. Many of the new numbers are rural subscribers on the new modern rural lines in this part of Floyd County. The local exchange serves telephones in the Aiken community, Sterley and Lone Star communities.

**Billy Jack Williams Killed Monday**

Billy Jack Williams, 23 of Plainview, was killed in a highway accident near El Paso early Monday morning. He was a trucker and reports were that his truck had struck a bridge railing and turned over.

Williams was born at Floydada and was a former resident of Lockney. He is survived by his wife and a step-daughter, Jackie Lee Pemberton; his parents, Mr. and Mrs. Paul Williams of Plainview and nine brothers and sisters.

Funeral services were held at the Ninth and Columbia Church of Christ in Plainview Wednesday afternoon at 3 o'clock. Interment was in the Plainview cemetery.
