Lone Star News
By Mrs. Harold Griffith

A group of ladies met Friday afternoon to organize the Lone Star P. T. A. again. We find it is a very good way to meet with community problems that arise. Officers elected were: President, Mrs. Jack Frizzell; vice president, Mrs. D. J. Phillips; secretary, and treasurer, Mrs. Lowell Jarrett. A committee was appointed to secure a cook for the coming year. The meetings are to be the first Thursday of each month at 4 o'clock.

Mr. and Mrs. L. M. Readhimer and girls visited in the Howard Watkins home last Monday night. Mickey and Terry Mosley spent several days last week in Plainview visiting with their grandparents, Mr. and Mrs. Elmer Mosley.

Glenda Ann Readhimer spent Monday night and Tuesday with Betty Sue Farish.

Mrs. J. M. Foster and Jim Foster of Amarillo visited in the A. O. Foster home Tuesday and Wednesday.

Mr. and Mrs. David Williams and Shari of Lubbock spent Wednesday with Mr. and Mrs. A. O. Foster.

Betty Sue Farish spent Monday afternoon with Glenda Ann Readhimer.

Delinda and Jane Carol Phillips visited with Nita Jo Readhimer Monday afternoon.

Mrs. Albert Poole and sons of Trinidad, Colo., Mr. and Mrs. J. B. Mercer and Ellis Harper of Amena, Ark. were dinner guests in the W. D. Nance home last Wednesday.

Joe Nance spent Wednesday night with Robert Barrett.

Mr. and Mrs. L. M. Readhimer and girls were dinner guests last Tuesday night in the home of Mr. and Mrs. Clyde Farish and children.

Mr. and Mrs. Rex Holt and daughter visited in the Howard

Mosley home Tuesday night. Harold Griffith and L. M. Readhimer spent last Wednesday night in Amarillo. L. M. visited with his father who is very sick, and Harold spent the night with Mr. and Mrs. Hugh Day Robertson.

Those spending the evening in the Lowell Jarrett home Wednesday were Mr. and Mrs. Clyde Farish and children, Mr. and Mrs. Reed Lawson and Sunny, Mr. and Mrs. Howard Mosley, Mrs. L. M. Readhimer and girls and Pat Frizzell.

Wilma and Barbara Foster spent Wednesday night with Mr. and Mrs. H. E. Seago of Aiken.

Jackie Lou and Mary Amber Frizzell, spent Tuesday afternoon in the L. M. Readhimer home.

Those enjoying a surprise birthday dinner for V. D. Harris last Thursday in the V. D. Harris home were Mr. and Mrs. Harold Griffith and sons, Mr. and Mrs. B. E. Harris and Ilene, Mr. and Mrs. Raymond Nelson and Jane, Mr. and Mrs. Bryon Ford and Mike, Mr. and Mrs. Clint Turner and sons of Floydada, Mr. and Mrs. V. D. Harris, and Mrs. Jesse Wofford and family of Hereford.

Jimmie Dee and Jerry Lee Wofford of Hereford spent Wednesday night in the Harold Griffith home.

Mrs. Clyde Farish was in Lubbock last Thursday shopping.

Mrs. Albert King was in Floydada Wednesday on business.

Mrs. Walter Griffith visited in the John Griffith home Thursday night.

Mrs. Albert King was in Lubbock Thursday on business.

Mr. and Mrs. Howard Watkins and Sharon left Friday night for Boswell, Okla. to visit until Tuesday with her parents, Mr. and Mrs. J. C. Ellmore.

Mr. and Mrs. Jay B. Harbin were dinner guests in the Harold Griffith home Saturday night. Then they with Mrs. Walter Griffith left for Houston for a week where Mrs. Harbin will attend a Home Economist Teachers meeting. Mark Harbin remained in the Harold Griffith home while his parents were gone.

Mrs. Jack Frizzell received a telephone call Sunday night from her brother, Jimmy Fletcher, from Seattle, Wash. The Fletchers are visiting in Seattle and Detroit and then will go to New York where he will be Eastern Sales Manager of Midnight Sun Broadcasting Co. The Fletchers have been in Alaska since 1947 where Jimmy was connected with

KFAR at Fairbanks. Mr. and Mrs. E. M. Jackson, Judy and Lynn, Mrs. J. W. Jackson and Jake Wofford visited the Floyd W. Jacksons Saturday.

L. M. Readhimer and A. O. Foster flew to Amarillo Saturday afternoon to spend the night with relatives.

Those from this community who attended the Frizzell reunion at the park in Plainview on Sunday were Mr. and Mrs. A. E. Frizzell and Fat, Mr. and Mrs. Jack Frizzell and family, Mr. and Mrs. Hubert Frizzell and Tony, Mr. and Mrs. D. J. Phillips and children, Mr. and Mrs. Herman King and Ben Richard.

Mr. and Mrs. M. O. Peugh and children spent from Friday until Sunday in Big Springs visiting relatives.

Mr. and Mrs. Floyd Jackson and Betty visited Mr. and Mrs. Buck Sams Sunday.

Overnight guests Saturday night in the Harold Griffith home were Mr. and Mrs. Leon Webber of Lovington, N. M. and Mr. and Mrs. Chester Griffith and Linda of Lubbock. On Sunday they with Mr. and Mrs. Harold Griffith and sons, Mark Harbin and Mr. and Mrs. Kenneth Griffith and children of Plainview had a picnic lunch at the park in Plainview at noon.

Nita Jo Readhimer spent Sunday with Barbara Foster.

Mr. and Mrs. J. B. Nance, Betty Ann and J. D. had dinner with the P. D. Jasper family of Silverton Sunday.

Mr. and Mrs. C. P. Lane of Petersburg were visitors in the J. E. Stover home Sunday.

Mr. and Mrs. Jimmie Stover visited in Plainview Sunday afternoon with relatives.

Mr. and Mrs. C. L. King were dinner guests in the home of Mr. and Mrs. Albert King Sunday.

Mr. and Mrs. Herman King and son visited in Lubbock Sunday afternoon at the hospital with Mr. and Mrs. Phil Trammell of Post. They were supper guests Sunday night of Mr. and Mrs.

L. C. Wheeler of Lubbock.

Mr. and Mrs. Harold Griffith and sons and Mark Harbin were supper guests in the V. D. Harris home Sunday night.

Mrs. Albert King will be in Lubbock from Tuesday until Saturday taking an advance training course in Ceramics.

Mrs. C. L. King visited with Mrs. Jack Frizzell Monday morning.

Dinner guests Sunday in the Clyde Farish home were Mr. and Mrs. R. L. Knox and June Wiley.

Betty Sue Farish spent Sunday night with June Wiley. On Monday they went to Wichita Falls.

Douglas Meriwether was a supper guest in the L. M. Readhimer home Sunday night.

Mr. and Mrs. Herbert Griffith, Elizabeth and Sharon spent Monday night in the Harold Griffith home. They were on their way to Chadron, Neb. to visit relatives.

Rev. and Mrs. George and Nancy of Waco are visiting in the W. T. Rankin home, also Mr. Rankin's mother of Pottsville, Ark is here for an extended visit with her son and family.

The Lone Star trustees met with the County Board Monday afternoon in Floydada on business.

Mrs. Bailey Henderson, Deane and Nita Kellison went to Ceta Glen Friday morning for La Juan and Betty June Jackson who spent the week there.

Mr. and Mrs. Bailey Henderson and La Juan visited relatives in Hamilton County from Friday until Monday.

Mr. and Mrs. L. A. Cooper returned last week from a visit with relatives in Portales and Clovis and a fishing trip at Red River, N. M.

Mr. and Mrs. Jake Griffith returned Monday of last week from a vacation of several weeks in Yellowstone Park.

Pride in pleasure arising from a man's thinking too highly of himself.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Henry L. Lloyd; all of the heirs of the said Henry L. Lloyd, if he be deceased; their heirs and/or legal representatives; and all of the heirs, spouse or spouses, legal representatives, devisees and legatees of the above named and/or described persons and each of them, and any person claiming title or any interest in the hereafter described property. Defendants

Greeting:
You are hereby commanded to appear before the Honorable District Court of Floyd County at the Court House thereof, in Floydada, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of September, A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 31st day of July, A. D. 1950, in this cause, numbered 3894 on the docket of said court and styled J. Ray (J. R.) Lloyd, Plaintiff, vs. Henry L. Lloyd, et al, Defendants.

A brief statement of the nature of this suit is as follows: to wit: A suit for title and possession of the following real property, situated in Floyd County, Texas, described as follows: FIRST TRACT: 124 acres out of the Southwest part of Survey No. 1, Certificate No. 423, T. T. Ry. Co., Abstract No. 279, Patent No. 258, Vol. 35, dated May 9, 1878, recorded Vol. 1-F, page 315, Deed Records, Floyd County, Texas, and being the same tract as that described in a deed dated March 10, 1937, recorded in Vol. 68, page 396, Deed Records of Floyd County, Texas; and a SECOND TRACT: 156 acres out of the Southwest part of Survey No. 1, Certificate No. 423, T. T. Ry. Co., Abstract No. 279, Patent No. 258, Vol. 35, dated May 9, 1878, recorded Vol. 1-F, page 315, Deed Records of Floyd County, Texas, and being the same tract conveyed by deed dated March 8, 1939, recorded in Vol. 75, page 472, Deed Records of Floyd County, Texas; and a THIRD TRACT: 32.5 acres, being the Northeast part of Survey No. 20, Certificate No. 43, S. & M., Abstract No. 2640, patented to L. H. Newell and Mrs. E. J. Block, Assignees, by Patent No. 140, Vol. 90-A, dated July 6, 1943, recorded Vol. 4, page 196, Patent Records of Floyd County, Texas; to which patents, instruments and record references is here made for all purposes; all further described in plaintiff's petition on file herein; and said suit being in the usual form of trespass to try title and containing further allegations to the effect that plaintiff owns the record title to said property and further owns title to said property under the three, five and ten year statutes of

Many Jobs Still Call for Skilled Hands

Skillful hands continue in demand in the manufacture of automobiles, despite the rise of machines. Here's evidence in pictures taken at the Chevrolet plant: (Top)—A crew positions 60 vanes of the Powerglide automatic transmission before the assembly is spot welded. (Lower left)—To plan factory layouts draftsmen cut out cross-sections of the floor area of machines at scales of precisely one-quarter inch to one foot. (Lower right)—A pattern-maker builds a wooden model that will later be duplicated in steel to stamp out thousands of fender parts.

limitation, and that title is in the plaintiff, all as a result of peaceable and adverse possession under duly recorded deeds and claim of right, and payment of taxes on said property. If citation is not served within 90 days after the date of its issuance, it shall be returned unserved. The suit is brought as well as to try title as for damages, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Floydada, Texas, this 1st day of August A. D. 1950.

Attest: Mary L. McPherson, Clerk, District Court, Floyd County, Texas. 48-4tc.

Poland China Breeders Plan Plainview Sale

Lubbock. — The Panhandle-Plains Poland China Breeders association will offer 81 bred gilts, open gilts and boars at a sale scheduled at the Plainview show barns Aug. 12. Secretary L. M. Hargrave said today.

Hargrave, an associate professor of agricultural education at Texas Technological College, said the sale will be one of the largest held by the association since it was founded in 1943. In its seven years of operation, it has sold 496 hogs for a total of \$38,350, he added.

The Tech professor said a free lunch will be held before the sale begins on the show grounds. It will be sponsored by the Plainview Chamber of Commerce and the Fat Stock Show.

Ten per cent of the sale's proceeds will be used by the association to stimulate interest in Poland China hogs through the silver trophy awards at the Lubbock, El Paso, Amarillo and Dallas fairs.

RETURN FROM TEMPLE

Mr. and Mrs. Joe Parrish returned from Temple Saturday where Mrs. Parrish had undergone a major operation last Tuesday. She is much improved it was reported.

Ramsey Gets Manford's Backing

SPEAKER ENDORSES RAMSEY—Speaker of the House Durwood Manford of Smiley, left, announced this week that he would support Ben Ramsey of San Augustine, right, for Lieutenant Governor. Manford said Ramsey's experience as a House member and as a Senator made him the best qualified man in the race. (Pol. Adv.)

Only Chevrolet offers such a **wide and wonderful choice** ...and at the lowest prices, too!

You can choose between Styleline and Fleetline styling
Many an admiring glance will follow you when you roll by in your new Chevrolet with Body by Fisher. That's true whether you choose a Chevrolet Styleline model, with "notch back" styling, as the designers call it, or a Chevrolet Fleetline model, with "fast back" styling. Both are available on all Chevrolet sedans and at the same prices! Remember—Chevrolet is the only low-priced car that offers these two outstandingly beautiful types of styling... thus giving you an opportunity to express your own individual taste in motor car beauty.

You can choose between Automatic and Standard Drive
You have an enviable choice of engines and drives in Chevrolet, too. You can buy a Chevrolet combining Powerglide Automatic Transmission* and 105-h.p. Valve-in-Head Engine for the finest no-shift driving at lowest cost, or a Chevrolet combining the highly improved standard Chevrolet Valve-in-Head Engine and Silent Synchro-Mesh Transmission for the finest standard driving at lowest cost.

You can choose between the Bel Air and the Convertible
And if it's a sports model you want, here's your car! Choose the fleet, fashionable, steel-topped Bel Air, with smart, racy lines, extra-wide windows, and gray, leather-trimmed upholstery, and you'll have the only car of its kind in the low-price field. Or choose the equally beautiful Chevrolet Convertible, with automatic top that lifts or lowers at the touch of a button, and you'll have the finest Convertible in its price range. Also available is an all-steel, four-door Station Wagon—smartest in its field—listing for \$260 less than last year.

Concert Drive Is Pronounced Marked Success

The Floydada Municipal Concert Association's first annual membership drive, which closed last Saturday evening, has been an unqualified success, it was announced by Dr. James Wester, president of the association.

The talent committee of the association has also announced its selection of a brilliant array of artists to appear here next season, including Josh Wheeler, Jean Graham, and Ruth Biller.

Josh Wheeler is the eminent American baritone who studied with Pasquale Amato of the Metropolitan Opera and is the leading baritone of the New Lyric Stage. Jean Graham is a concert pianist with extraordinary talent and guest artist with Chicago Symphony Orchestra, under Stokowski. Ruth Biller is the leading soprano of the After Dinner Opera Company in New York who displays a charming personality and excellent musicianship; also holds a scholarship with the Juilliard Foundation.

Dates for the concerts will be determined and announced well in advance of each presentation. Membership identification cards, enabling members to attend all the concerts without further assessment of any kind, will be mailed to all members prior to the first concert of the season.

Dr. James Wester, President of the Association, stated, "I wish to thank everyone who participated in making our first annual Municipal Concert Membership Campaign such a great success. I know that each member of the Association will be well rewarded in the deep enjoyment of the wonderful concerts which the Association will present. This is, I am sure, the beginning of many delightful concert seasons for Floydada and the surrounding towns and communities."

The number of tickets sold was not immediately available, officials of the drive said.

DOES TO HAVE WEINER ROAST FRI.

All members and their families of the Order of the Eastern Star are invited to attend a weiner roast at the home of the Worthy Matron and Worthy Patron, Mr. and Mrs. Raymond Rucker, Friday evening, August 11. It is asked that each member bring enough weiners and buns for their family.

GO TO CHURCH SUNDAY.

More Care Urged In Laundering Cotton Dresses

College Station. — Laundering a cotton dress today requires just a little more care than tossing it into the washing machine with the family wash, says Miss Mary Routh, extension clothing specialist of Texas A. & M. College. Especially is this true if the dress is one of those smart fashionable cottons that the housewife wants to keep looking smart through the season.

Today, cottons can be washed in the tub just as easily as ever if the finish of the material receive close attention. Miss Routh recommends looking to the label of new goods, whether piece or ready to wear, for information on residual shrinkage and color fastness when subjected to light and washing.

In regard to special finishes on cottons, such as the crispness of organdie or the glaze of glazed chintz, she advises checking carefully to make sure that the finishes are durable. A durable finish will wash for the life of the fabric.

Miss Routh says that light laundering of a garment before it becomes badly soiled will extend the life of the material by removing the dirt, dust and perspiration before they become deeply embedded in the fabric, cutting the threads and quickly wearing them apart.

Some laundering suggestions which Miss Routh recommends especially for finer cotton dresses are the removal of any trimmings, buttons and buckles that may be damaged in the laundering, the removal of any spots or stains that need a special solvent or cleanser before wetting the dress, the handling of colored garments as quickly as possible, and using heavy suds made from mild neutral soap in warm water.

Referring to the actual washing process, she says, immerse the entire dress and squeeze the suds through the material. Never rub or scrub delicate fabrics. For heavier soiled spots, such as those on collars and cuffs, use a small brush and brush lightly.

Rinse in two or three waters, being sure that the first rinse is the same temperature as the wash water. Cold water hardens soap and makes it adhere to the fabric. Soap left in a garment may cause yellowing or weakening of the fabric.

If the label on the garment says "permanent finish" or if the fabric is wrinkle resistant, no starch is needed in the garment. A closely woven fabric such as gingham or chambray should not be starched for the first four or five launderings. It will retain a new look longer without starch.

Miss Routh recommends caution in using new soaps or synthetic detergents which re-

Large Group Attends Methodist Camp

The Lockney Methodist Church was well represented last week at the Intermediate Methodist Encampment at Ceta Glen Canyon. Rev. N. S. Daniel was camp director.

Young people enjoying the worship, classes, and recreation at the camp were: Joe Taylor, Billy Earl Terrell, Alford Smith, Billy Norton Baker, Dorsey Lynn Baker, Phil Daniel, Jimmy Myers, Eddie Joe Foster, Hershel Hastings, Charley Huffman, Harlene Workman, Joan Huckaby, Barbara Huckaby, Betty June Jackson, Betty Jean Jackson, Ernestine Spradling.

Patsy Pierce, Patsy Bybee, Jane Alldredge, Joyce Alldredge, Katie Rae Rucker, Gale Rucker, Clydell Hill, Sandra Myers, Mary Myers, Deann Arterburn, Clydean Terrell, Judy Terrell, Eddie Lynn Hammond, Betty Jean Foster, Jerry Workman, J. R. Light, Oddie Mae Rogers.

Adults attending were Mrs. Ernest Spradling, Mrs. Delbert Alldredge, Sam Daniel and Rev. N. S. Daniel.

WMU PACKS BOX FOR SPENCES MON.

The W. M. U. of the Baptist Church met Monday, August 7, at the Baptist Church for a regular meeting. Bible study was held after the business meeting. Mrs. M. P. Fulkerson taught the lesson.

After the meeting the ladies packed a box of personal gifts for the Raymond Spence family, who are missionaries in Tokyo, Japan.

quire no rinse. She says that clothes which are washed and not rinsed have a tendency to scorch easily during the ironing process.

If you want your program to stop, just be totally satisfied. The brightest side of politics on the inside.

Mr. and Mrs. Leon Wofford and Jerry Lynn spent the week end in Arkansas and Louisiana visiting relatives and on a business trip.

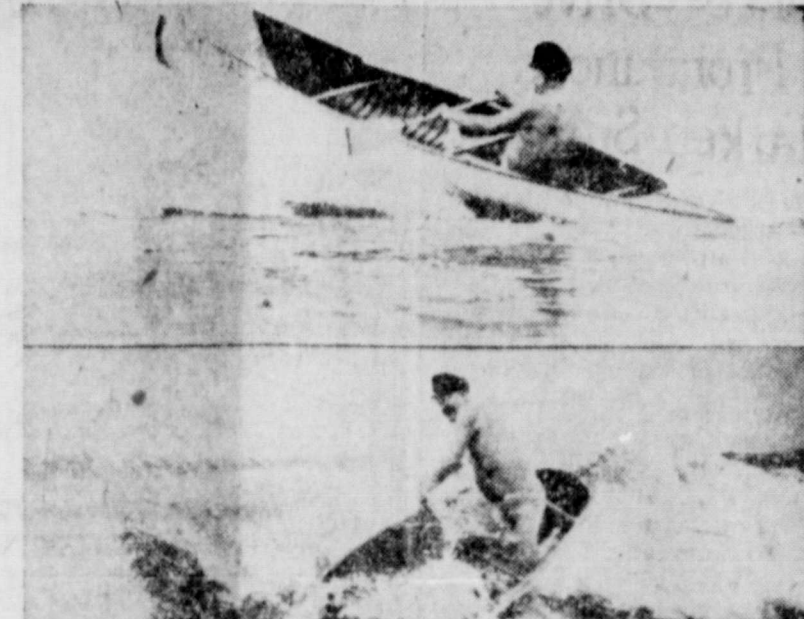

Miss Nova Jean Cox returned home Saturday after an extended visit with her sister, Mr. and Mrs. Pepper Martin of Hart.

As the result of a preliminary sampling, it is predicted that among other things the census, which began April 1, will show that there are more than 151 million people in the United States. It will show that there are 11 million 65 years old or older, 7 million 70 years old or over, and nearly 5000 over 100 years old. Females for the first time will outnumber the males by at least one million—nearly every one is earning more money than in 1940. Only one out of 20 Americans earned \$5000 or more then; today, 1 out of every 5 does. Also three-fourth of all wage earners now make more than \$2000 a year.

One bottle of tea from the Boston Tea Party is still in the Massachusetts Historical Society Rooms.

Christopher Columbus is buried in the cathedral of Seville, Spain.

Catalina Island or Bust — In A Canoe

SAN PEDRO, CALIF.—62-year-old Los Angeles attorney Vincent M. Smith gets off to a rough start on a hazardous 22-mile canoe trip to Catalina Island despite warnings of coast guard, beach life guards and waterfront officials. The 8-foot canoe is new to the attorney, but he has navigated a 75-mile course on the Peatonica and Rock rivers. Last sighted he was O.K. One other man has been known to attempt this trip and was unsuccessful.

Second Vet Ag Class To Start Here Monday

The second Veterans Vocational Agriculture class will start here Monday night, August 14, it was announced this week by N. S. Abbott, county veteran coordinator.

Teaching the class will be Roy C. Cooley.

The class period will begin at 8 p. m. Veterans that have their papers completed should be present for this class. Mr. Abbott said. Those who have not been able to complete their papers may enroll on September 9. These should take immediate steps to get their papers in shape by that time. Mr. Abbott continued. This can be done by contacting Mr. Abbott, at his office in Floydada.

A veterans agriculture school has been operating here for the past year or more. Each class has approximately 20 men, it was said.

date and of its effect on the education and training program.

This regulation is promulgated at this time for the purpose of providing all such veterans with ample advance notice so that their plans may be made accordingly.

This regulation applies to all courses of education or training pursued by veterans on or after July 25, 1951, under the Servicemen's Readjustment Act, as amended. The law provides that a course of education or training shall be initiated before the termination of 4 years after the date of discharge or by July 25, 1951, whichever is the later, and that such education or training cannot be afforded beyond July 25, 1956, except for those veterans who enlisted under the Voluntary Recruitment Act of Oct. 6, 1945. Therefore, a veteran otherwise eligible must have commenced and actually be pursuing his course of education or training on July 25, 1951, or the date 4 years after discharge, whichever is later, except where his attendance is interrupted because of the normal interruptions for summer vacations, or other reasons beyond the control of the veteran. Each veteran should contact the Floyd County Vocational School, Court House, Floydada, if he plans to receive training in this program. This is important since extra classes may have to be formed, teachers found, and many papers completed ahead of enrolling. According to this information, each must be in training by July 25, 1951, if he is to receive training under this program.

Mr. and Mrs. Bill Hill and son, Jim are here this week visiting relatives and friends. The Hills are former residents of Lockney but now live at Kerrville.

Mrs. L. P. Goen of Los Angeles, Calif., a former resident, visited in the W. A. Carthel home this week. She is visiting relatives at Floydada.

Mr. and Mrs. M. E. Cooper and children, Wayne and Elaine, visited from Thursday until Sunday in Ruidosa, N. M.

The man who is down on everything is usually up on nothing.

Training Deadline Set

July 25, 1951, is a critical date in the education and training program under the Servicemen's Readjustment Act, according to a letter received recently by the Floyd County Vocational School. Veterans who are eligible for education or training and who have not undertaken such training under the Servicemen's Readjustment Act, as well as those who have commenced but have not completed their course, may be vitally affected by the July 25, 1951 date. In order that all such veterans may be made fully aware of the importance of the

EDITORIAL

FOR I say unto you, Ye shall not see me henceforth, till ye say, Blessed is he that cometh in the name of the Lord.—Matthew 23:39.

There are two diametrically opposed views concerning the origin of the Korean war. One is that it was stimulated by the Russians on the theory that the United States and its allies would do nothing more than write formal letters of protest; that the North Koreans would overwhelm the ill-equipped South

Korean defenders in a couple of weeks or so, and that another nation would easily be added to those within the Kremlin's sphere of influence. If that view is correct, the Russians could not have been more wrong.

The other view is grim. It is that Russia anticipated in advance what we would do, and that it was a deliberate, Kremlin-conceived trap. We would spend our resources in Korea, while Russia contributed nothing to the conflict except some equipment and top leadership. In due time, this view holds, the same thing will happen elsewhere—in Iran, Formosa, perhaps Europe. The West will be forced to spread itself paper thin all around the world, eventually, it will be bled white, and then Russia, with her strength unimpaired, will move in for the kill.

That view is enough to send chills down any spine. There is no question but what a basic Soviet technique is to have other peoples do the fighting. The Asiatics are particularly useful grist in this kind of a mill. They are fatalistic and fanatical. Human life has small value in their eyes. Americans who have been at the Korean front have all been impressed by one dreadful fact—no matter how many of the enemy are slaughtered, they keep on coming in wave after wave.

However, a strong case can be made on behalf of the view that this time the Kremlin woefully misjudged the temper of the United States. The Korean war has done more than any single thing since World War II to cement the Western nations. The United Nations is no longer just a debating society on the international level—it is a belligerent, and its flag flies in South Korea. The war is a U. N., not merely a U. S. operation.

The most encouraging thing that has happened so far has been the response to Trygve Lie's appeal to the U. N. membership for substantial aid in Korea, including trained ground

troops. An impressive list of countries has responded. In many instances, the size of the forces dispatched will necessarily be very small, but the total will be considerable. And, going beyond purely military considerations, the fact that many countries will be physically represented in the actual fighting in Korea must certainly cause some hard thinking in the Politburo. At last, the ranks of the anti-communist world—and it is most of the world—are gathering.

Some time ago Herbert Hoover proposed the creation of a United Nations without Russia and her satellites. This may come about through the force of events. Russia is still a member, of course, but she has small influence now. The great majority of members has served final notice that communist aggression must stop.

With Our EXCHANGES

THERE STILL IS HOPE

Consideration of the several obstacles still ahead discourages optimism in contemplating the prospects of approval of the Canadian River Development bill during the present session of Congress.

But the fact that many obstacles already have been overcome keeps hope alive that the bill will be approved before Congress adjourns. Several of the difficulties seemed insurmountable when they were encountered. Yet the measure has progressed slowly and steadily toward enactment. It has traveled far enough to support hope that it will finish the journey to final passage and approval

this year. If it does, it will be a tribute primarily to the diligence, interest and prestige of Sen. Lyndon Johnson in the Senate and Rep. George Mahon in the House. Each has been the mainstay of the bill carriers for the bill in the branch of Congress in which he serves. Without Mahon, it is questionable whether House approval for the bill could have been secured. Without Johnson, it is exceedingly doubtful that as much progress toward passage could have been made in the Senate.

DIVERSIFIED FARMING

Raymond King tells of a crop of peas or beans or something planted on a Castro County farm as an experiment. A nice money crop was harvested, the soil was enriched and plowing was much easier than on the adjacent land. Fact of the matter King was exuberant about the outcome of the experiment. We will get him to write a story next week giving details about the venture. I will bet that Castro County farmers are missing the boat on many farming practices that would increase their cash income, promote their stock raising enterprises and build the soil that they and their children plan to operate in coming years. We don't have an experiment station right here in our territory and it is going to be up to local farmers to work out their own salvation, and it is going to be up to all of us to develop this fine county to its utmost. There will be many mistakes made in finding new methods of increasing production and income on the area, but from observation of other areas we have learned that diversified farming, scientific practices in all phases of agriculture and stock raising, will develop an area far beyond its visible potential. Why can't a number of new ideas be practiced by different farmers of the county then through a clearing house of some kind make results of each experiment available to all interested and get the same results that we would get from a regular experiment station. — Castro County News.

Elementary School Teachers Needed

Austin—Calls for elementary teachers still are most numerous on the University of Texas Teacher Placement Service's request list, Director Hob Gray reported.

Next in demand are high school teachers, college teachers, and administrators, such as superintendents and principals, in that order. Of 387 July calls, 178 placements were made by the bureau. In June 520 calls were received and 59 placements made.

The Placement Service also reported numerous September 1 openings in YWCA work in communities and on college campuses. Most of the positions demand personnel between the ages of 25 and 35 with teaching, social work, or administrative experience. Salaries range up to \$4,000.

Inexperienced personnel may find a limited number of openings in teen-age and young adult YWCA work. Excellent opportunities await recent graduates in physical and health education, Dr. Gray said.

Mrs. Teever Ashby and son, T. C. of Clovis, N. M. and Mr. and Mrs. Doyl Gloss of Denver City visited their parents, Mr. and Mrs. Dick Ashby a few days the past week.

Mr. and Mrs. Lewis Busby, Mrs. Nettie Hancock and children visited his sister, Mr. and Mrs. E. O. Baker in Muleshoe last weekend.

GO TO CHURCH SUNDAY.

Cleanliness Is Important In Preventing Polio

Austin. — In addition to the general instructions for community sanitation which are important in preventing poliomyelitis, Dr. Geo. W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incidence of poliomyelitis having reached a total of 1395 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold," Dr. Cox said. "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

Your Home

By Frances Ainsworth

Do you know that there are more than 50,000 different kinds of flies? That's a little terrifying, isn't it, when we stop to think that flies are carriers of some of our most deadly diseases. Of course, we homemakers are not apt to find more than five kinds about us—but these pesky insects that come right into our homes and carry dysentery and diarrhea, have been known to carry polio, typhoid, rabbit fever and many other dreaded, sometimes fatal diseases.

Did you know that one single fly can carry as many as 500,000,000 bacteria? That fact alone is enough to make every one of us on the alert for the first fly in our homes. I know that it has made me doubly cautious, for with small children at home, I simply can't take chances on any diseases! That fact, too, is why scientists in the Black Flag laboratories have combined the newest ingredients discovered by science with powerful DDT to produce a really effective weapon against the deadly housefly, a new insect killing solution that really works. It's sudden death for all such insect pests as mosquitoes, moths, roaches, silverfish, spiders and the like.

We've been using this solution at our home since it was first introduced and it's very effective. I like the handy push-button spray tops that make it very easy to use. This summer, with the help of this new product, we've kept our house free of flies and other insects. That's very important to me, for it relieves my worries of the children catching one of the diseases that so often prove fatal. It's such a comfort to know that Black Flag laboratories have provided convenient anti-insect weapons. Let's use them. We just can't take chances, can we?

Waiting For Whites of Red Eyes

SOMEWHERE IN KOREA. — Proof of the fact that a soldier spends more of his time waiting than fighting, this G.I. tank commander awaits word that his fire support is needed by the infantry. Dug in as it is, this tank is being used as defensive artillery, instead of in its usual mobile role.

Middle-Aged Must Slow Down, Conserve Health

College Station.—Good health is the biggest single factor in making the middle years of life profitable and happy. Many parents, says Mrs. Eloise Johnson, extension specialist in family life education of Texas A. & M. College, do an excellent job of protecting their children from diseases but often forget about themselves.

During the middle years, certain physical conditions need attention, especially the adjustments that must be made in connection with the aging process. This process of aging, she points out, is something that usually takes place slowly and the warning signals furnished by nature should be heeded, for your future happiness may well depend upon whether or not you observe these signals.

According to Mrs. Johnson, medical authorities say that the body as a whole functions slower and somewhat differently and that not quite so much food is needed to keep the human machine functioning properly during this period. What folks eat is largely determined by habit, and if habits are followed, overeating usually results and that brings on trouble.

She suggests smaller servings and fewer calories and that foods which are high in vitamins, minerals and the accessory factors be used. Overweight is one of the most common nutritional diseases of this period of life and in most cases, is caused from eating too much.

The middle-aged person usually requires less sleep and this means that adjustments must be made. There is more time for reading, listening to the radio or just for relaxation and rest. This matter of rest is very important and there is a need for balancing rest with the activities that one performs. The best conservator of energy is to stop and rest whenever you feel fatigued. Short rest periods during the working hours make it possible for the older person to accomplish much more and at the same time leaves them feeling much better, Mrs. Johnson points out.

Violent exercise such as participating in active sports and lifting heavy loads should be taken in broken doses. Too much such exercise can be very harmful to the body and its proper functioning. On the other hand, regular exercise, not too strenuous, will help to keep the muscles, bones and joints supple and in good condition.

Regular physical check ups for those in this age group are recommended. This age can become the most profitable and enjoyable period of life if the rules

U. S. Milk Industry Vastly Transformed

Cost of Product Rises Less Than Other Food.

Since the turn of the century the milk industry has undergone a transformation rivaling that of the airplane, according to dairy scientist and historian Dr. J. Lloyd Henderson.

Dr. Henderson, co-author of "The Market Milk Industry," a standard textbook whose latest edition will be released this spring said "Our research since the war's end points up the fact that although labor and equipment costs have kept pace with rising scales in other industries, the cost of milk and its products has risen less than that of any other food. In fact, milk, from a nutritive point of view, is far and away the housewife's best food buy."

Cost-saving scientific advances in milk processing and startling economies due to improved distribution practices have been responsible for this, Henderson points out.

The industry shed no tears as it buried the familiar 10-gallon milk

This excellent herd of cattle, grazing quietly and contentedly is symbolic of vast milk industry which has undergone such a transformation in the past two decades.

can and converted to huge insulated tank trucks for bringing milk from the larger farms to the processing plant. Savings in handling due to this change have only been matched by the improvement in sanitation and quality of the product, Henderson said. Every-other-day delivery, now practically standard practice in major cities, plus the use of retail trucks of almost double capacity, also helped the housewife's milk budget in line.

The flash pasteurized, once outlawed by health authorities, has been so improved that today every milk company of any size uses it to save expensive man-hours and production space.

of good health are followed and the advantages that go with experience, judgment, maturity and more leisure time are fully utilized by the individual, according to the specialist.

GO TO CHURCH SUNDAY.

4-H Clubs Take The Lead In Rural Recreation

The importance of providing recreation for the leisure hours farm folks have these days has become one of the major concerns of thousands of 4-H Club leaders and members. During the past three years, a plan has been worked out whereby adults and youth interested in directing recreational activities in their clubs and communities can take a special course set up for this purpose.

This training and club participation has been brought about through the National 4-H Recreation and Rural Arts program now in full swing in Texas. Sponsor of the program, U. S. Rubber Company, is providing about \$25,000 for leader training clinics, club and individual awards.

Last year more than 10,000 young people and 6,400 adults attended these clinics. They receive instruction in group singing, dancing, games, sports, dramatics, handicrafts and many other activities.

While they are having fun, the 4-H'ers are also working hard to make a good showing for themselves and their club. To encourage these endeavors, U. S. Rubber presents merit certificates to clubs and members: \$25 cash awards to counties; and Chicago 4-H Club Congress trips to eight national champions.

The 1949 State honors went to Patsie Elizabeth Scales, of Brownfield. Cash awards were won by 23 counties. The money is used for recreational equipment. Recognition cards were given to 1565 members.

At present the program is being conducted in 47 states under the supervision of the Cooperative Extension Service.

Mr. and Mrs. Bob Davis vacationed last week in Colorado, returning Sunday. In Denver they visited former Lockney residents, Mr. and Mrs. C. E. Blount, and visited former residents Mr. and Mrs. Henry Brotherton in Center, Colo.

Lubbock Votes Remain Dry

Lubbock County was turned out in heavy rains Saturday to defeat a proposal for the sale of all alcoholic beverages by a count of 5,480. Of all 33 boxes in the county, only four voted wet. The vote was deadlocked. The vote of 15,239 was considered heavy, although an estimated 25,000 persons were eligible to vote.

Approximately 80 miles southwest of Lubbock also voted to remain dry on the sale of beer and wine. The total in Andrews County was 664 against to 169 for with two small boxes still uncounted.

Dwight and Terry Perkins of Delmita, Texas have been visiting their parents, Mr. and Mrs. Frank Perkins this week.

Mr. and Mrs. George Webster and Mr. and Mrs. Raymond Meriwether returned Monday from a weekend fishing trip at Chama, N. M.

Huntin' AND Fishin'

By Harve Pennington

Proper thumbing of the reel is one of the most important parts of the bait-casting process. Not that thumbing is at all difficult, far from it, but it is an act that must be practiced over and over again until it becomes automatic. You must have an "educated thumb" in bait-casting, and that means that the thumb governs the motion of the spool through the sense of touch and that it instantly applies the proper pressure without the fisherman giving the slightest attention to the outgoing line. This can only be accomplished through practice and more practice, but when once learned, the difficulty vanishes and thumbing the reel is just about as automatic a process as is the work of the best self-thumbing or anti-back-lash mechanism.

There are two methods of thumbing—thumbing the line and thumbing the end drum or head of the spool. In thumbing the line the rod is grasped firmly, with the thumb resting on the center of the rear side-pillar and shoved over this pillar far enough to permit exerting some pressure upon the line as it lies upon the spool. The grip should be mainly a palm and finger tightening, for the thumb should be more or less relaxed so that it may be rocked back and forth over the pillar as the vanishing line may demand. While this style of thumbing is the more commonly used, it works a hardship on the thumb if much casting is done. We would recommend the end drum style be mastered.

In thumbing the end drum or spool head the reel is turned a bit more toward the left when the grip is taken and the thumb is applied to the end drum in the angle formed by the pillow and tail plate. Less pressure is needed to govern the line when this style of thumbing is employed, the end drum offers a stationary object to which the pressure may be applied and the smooth metal can spin against the thumb throughout the day without causing irritation.

In first trying this style of thumbing, you will check your lure too much and short casts will result, but after the knack of it is mastered, we feel sure that better results will be obtained than when line thumbing is employed.

This should be practiced until the thumb muscles are not tensed by the grip required to hold the rod. The proper grip is a flexible one always. In starting the cast, the thumb is applied firmly to the line or end drum to keep the spool from revolving, and this pressure is maintained until the rod has been brought sharply forward and the lure given direction.

The position from which this motion is started will vary with the type of cast used, although the rod is usually dropped back over the right shoulder when starting to cast. From this position it is brought sharply forward and stopped at about a forty-five degree angle, the arm being thrust forward as the motion is completed until fully extended, and the rod is made to

point in the direction of the intended cast, with the tip somewhat above the horizontal. During this movement the thumb presses firmly on the spool until the lure is shooting straight toward the front—just after the rod has passed the head and is travelling straight out as the arm is being extended—but is then raised from the spooled line sufficiently to permit the lure to pull the line easily but not free from all pressure. If you are thumbing the end drum the thumb will need but little elevation to accomplish this purpose.

Mr. and Mrs. "Whitey" Baccus, Mrs. Baccus' parents, Mr. and Mrs. Pospick of Dallas, and Mr. Baccus' parents, Mr. and Mrs. R. P. Baccus and Miss Groom of Sudan left Saturday for Chama, N. M. for a weeks vacation.

Mr. and Mrs. Chester Mitchell and children visited last weekend with her parents in Silver, Texas. Shirley and Warren stayed for a two-weeks visit with their grandparents.

Nine Grandparents

PHOTO BY JAY ED PARSONS

Most children are content to have three or four grandparents but not Kenneth and Juanita Worsham, children of Mr. and Mrs. Jack Worsham of Gruver. They have nine living grandparents as shown above. Those pictured are: front row, left to right, Mrs. and Mr. R. A. Burrows, maternal great-grandparents, Floydada; J. S. Worsham, 84, paternal great-grandfather, Floydada; Frank Scarlett, age 74 and

Mrs. Scarlett, age 70, paternal great-grandparents. Quannah; Kenneth Worsham, age 5, Gruver. Back row, left to right, Mrs. Jack Worsham, the mother and her one-year-old daughter, Juanita, Gruver; Mrs. and Mr. J. T. Hamm, maternal grandparents, Plainview; Mr. and Mrs. George Worsham, paternal grandparents, Lockney; and Jack Worsham, the father, Gruver.

Mrs. W. E. Miller Funeral Rites Held

Mrs. W. E. Miller, 62, of Sand Hill, passed away at the Peoples hospital, Thursday night, July 27 at 10:45, after a month's illness.
The funeral was held at the Wall street Church of Christ on Saturday, July 29 at 2 o'clock p.m., with Elder John R. Freeman of Lubbock conducting the service. D. Copeland of Lockney had charge of the singing.
The pallbearers were John T. Carthel of Lockney; J. H. Hall of Amarillo; Jim Holmes, Walter Knight, Grady Dunavant and Grady Pope.
Mrs. Miller's maiden name was Alta Edna Erwin. She was born at Terrell, Texas on April 20, 1888. Her parents were D. R. W. Erwin and Lucy Erwin. She was married to Wm. Edgar Miller on March 21, 1910 in Crowell, Texas. She and Mr. Miller moved to Floyd county in 1915 and have made their home here since that time.
Mrs. Miller is survived by her husband, two daughters, Miss Veri Miller of the family home; Mrs. Bertram Jack of Friona, and by three sons, Lynn, Arlon and Orba Miller of Floydada, and six grandchildren, one brother, W. C. Erwin of Crowell, and two sisters, Mrs. Vernona Phelps of Lubbock and Mrs. Lucille Brock of Albuquerque, New Mexico. All the relatives were here for the funeral.

Nine Living Grand Parents At Reunion

A reunion was held at the home of Mr. and Mrs. George Worsham in North Lockney on Sunday, July 30 at which nine living grandparents of little Kenneth and Juanita Worsham were present.
Possessing nine living grandparents is an unusual circumstance but having them all present at a reunion is certainly an unusual occurrence. The tots are children of Mr. and Mrs. Jack Worsham, former Lockney residents who now live at Gruver, Texas. The grandparents include both paternal and maternal grandparents, and five great-grandparents, three paternal and two maternal.
Those present for the family reunion included J. S. Worsham, paternal great-grandfather, Floydada; Mr. and Mrs. Frank Scarlett, paternal great-grandparents, Quannah; Mr. and Mrs. R. A. Burrows, maternal great-grandparents, Floydada; Mr. and Mrs. J. T. Hamm, maternal grandparents, Plainview; Mr. and Mrs. George Worsham, paternal grandparents, Lockney; Mr. and Mrs. Jack Worsham, the parents, Gruver, Texas, and the two children Kenneth, age five and Juanita, age one. Others present were Mr. and Mrs. Ira Worsham and children, Jean, Elaine and Anette, Floydada; Nadine Finley, Melvin Hamm, Plainview; Mr. and Mrs. Glen Worsham, Lubbock; and Bill and Bob Mooney, Gruver.

After an enjoyable dinner, pictures were made of little Kenneth and Juanita with their parents and nine grandparents.

Mrs. Miller has been a member of the Church of Christ for 42 years.

Mr. Miller's four sisters were also present for the funeral. They are: Mrs. Lizzie Painter of Nocona; Mrs. Ella Keele, of Ryan, Okla.; Mrs. Emma Smith, Waurika, Okla., and Mrs. Chaffin of Lawton, Okla.; and his niece, Mrs. Kelley Allen and Mr. Allen from Ryan, Okla.

James Carroll and Miss Jean Grass from Herrington, Kansas, are visiting James' parents, Mr. and Mrs. Hugh Carroll this week. Also visiting is their daughter, Mrs. James Crane and Janie from Clovis, N. M.

Football Squad—

(Continued from page 1)

Jeffcoat and Fortenberry also working at the tackle or guard positions, he said. End candidates will probably include Cuyus, Terrell, and Sid Thomas, and possibly others while Henderson, Williams and Sammann will also try for the guard or tackle positions.

"There will be some shifting around from last season's lineup and we haven't awarded any position to any boy yet. In fact, I wouldn't be surprised if some of the squadmen beat out some lettermen for their positions," Kelly said Tuesday. "The boys who block tackle and hustle the most will be on the starting line-up when we decide on that in our Shamrock game. We will have a race for almost every line position and we have five or six backs and it is hard to tell which is the best. We won't give a man preference because he is a letterman—he has got to earn his position if he gets it," Kelly concluded.

That Kelly expects to teach the boys some football by practical experience is shown by his first two scheduled games. The first game is against the mighty Shamrock Irish, who are reported to be loaded this year and one of the toughest on the North Plains. The second game, on Sept. 8 here, the Longhorns take on the Littlefield Wildcats, last year's state championship team. The local boys play a third non-conference game at Sudan on Sept. 15 and their first district game is with Crosbyton here on Sept. 22.

In District 3-A the gridiron experts are picking Spur, Paducah, Abernathy and Floydada as probably the "toughies" of the district.

Lions Will Meet Monday Night

There will be an "extra special" meeting of the Lockney Lions Club Monday night, August 14, at the Methodist Church. Attendance Chairman Thomas Marr announced this week. He urges that all Lions be present at the meeting for business that effects every Lion. An interesting movie will be shown, the Chairman said.

ATTEND REUNION

Mr. and Mrs. T. B. Mitchell, Mr. and Mrs. R. C. Mitchell and David attended a reunion of former residents of Reynolds County at the MacKenzie Park in Lubbock Sunday.

Mr. and Mrs. Ben Chandler, Mrs. Otis Purcell and Miss Daisey Beddell, all of Quitaca visited Mr. and Mrs. Bob McAninch and Mrs. J. B. Chandler Tuesday.

MOVING TO ARKANSAS

Mr. and Mrs. Bill Butch have purchased an 80-acre farm near Bentonville, Arkansas and will move there within the next 10 days, Mr. Butch said Wednesday. They plan to do stock and poultry raising mostly, he said. They have been farming in the Providence community for several years.
