Farmers and Water Hearing Tuesday

25 farmers and businessmen from Floyd County attended the hearing at Plainview relative to the setting of water conservation districts in this area. The hearing was held in response to petitions filed in several counties, including Lamb, and Hale counties, that a water conservation district be set up under the authority of the legislature. Members of the Texas Board of Water Engineers attended the hearing. Nearly 100 farmers and businessmen attended a meeting of the Floyd County Use & Conservation Association at the City Auditorium last night at which the matter was discussed. Ed Whitfill, president of the organization was elected as spokesman for the hearing. The Plainview hearing outlined the shallow water area in Floyd county for which the water conservation engineers and expressed the opinion that Floyd County irrigators would co-operate with other farmers of the area in the district designated. Approximately 300 farmers from the 21-county area were present at the hearing. Those who were present left the hearing but they would prefer to have a local district to be established by local men rather than control by Austin. Under the law, after the designation of a reservoir area, interested parties would vote on a plan of forming districts, which would be by counties or parts of counties. Money to operate the district would be voted on and officials of the district elected.

It was pointed out that wells in the area are able to produce 107 gallons of water per minute in the area to be considered in the reservoir. The board made no decision on the matter but quite a number of witnesses and Chairman Beckworth advised citizens to send additional information to the board at Plainview.

Ray Jetton Is Wounded Aug. 14 In Korean War

Corporal William Ray Jetton, 18 years of age, was wounded on August 14 in Korea, according to information received here from his mother, Mrs. W. O. Jetton of Gainesville. The Jettons lived here until about four months ago when they moved to Gainesville. Ray was wounded in the right arm, his mother said, and is now in an Army hospital at Osaka, Japan. He hopes to be sent back to the states soon. The extent of his wound was unknown here. The soldier was on active duty with Company C, of the 9th Infantry Regiment when wounded. He had been in Korea only a few days, it was believed since he was shipped over seas the latter part of July. Mrs. Jetton received the telegram from the government Saturday and on Monday of this week received a letter written by a friend of Ray's telling of the wound. Mrs. Jetton recently sold her home here. The boy's father, W. O. Jetton, was killed here last year in a fall from a hay truck.

Moore, Holmes Win Saturday

Frank L. Moore and J. K. Holmes won their races in Floyd County last Saturday, gaining the nomination as the Democratic candidate for their respective offices. Moore defeated incumbent G. C. Tubbs for County Judge by 82 votes while Holmes edged out C. O. Spence for Commissioner, Precinct 1, by a margin of 21 votes. Moore had 1254 votes in the county as compared to 1172 for Tubbs, according to unofficial figures compiled here Saturday night. This was slightly less than the lead Moore had in the first primary when he lead Tubbs a little more than 100 votes. Tubbs carried Lockney, winning the West Lockney box by a 45 vote margin and losing the East Lockney box by 3 votes for a net gain of 42 votes. But Moore carried three out of four Floydada boxes garnering 600 votes in all boxes compared to 475 for Tubbs. Tubbs' total in Lockney was 278 compared to 236 for Moore. Tubbs carried 12 boxes in the county compared to 10 for Moore but his loss of Floydada more than overcame his gains elsewhere.

In the Commissioners' office, Holmes will fill the office now occupied by Mrs. Fred Clark. Mrs. Clark was appointed by Judge G. C. Tubbs to fill the unexpired term. (Continued on back page)

LONGHORNS TANGLE WITH IRISH FROM SHAMROCK HERE FRIDAY

The 1950 edition of the Lockney Longhorns will get their first test under fire here Friday night of this week when they take on the strong Shamrock Irish on Mitchell-Zimmermann field. The game will start at 8 p. m.

Coaches Curtis Kelly and Elvin Lyons believe that they have the Longhorns ready for the game and they are expecting a hard ball game, they say. Shamrock has six starters back from their ball team of last year and according to Coach Scott McCall, they are going to be hard to stop. The returnees include Skaggs, a very fast and shifty backfield man who gave the Longhorns plenty of trouble when the two teams met last year at Shamrock. The Longhorns won that ball game 14-0 and the Irishmen would like very much to even the score.

The Longhorns are all in good shape except for a few bruises with the exception of Deanie Henderson, who has a bruised hip. He will be unable to start this game, Kelly said this week. The local boys are looking forward to this first game and are eager to get into the game, it was said. The coaches are having trouble deciding who will fill some of the positions in the starting line up but did give The Beacon a "probable" starting line up for the local team, which is given below. The local field is in good shape, Kelly said. The grass is out good and the field is in fine shape for play. The seats in the reserved section of the stadium have been numbered so that those who have reserved seats will have no trouble finding their seats. As announced last week by Supt. Sidney Reeves, patrons will keep the same reserved seats they had last year and if a patron has lost his ticket showing the number of his seat he may apply at the high school for a re-issue of the same number. Kelly is running his usual single wing formation this year but will branch off some into the new Split T formation. He also has a few Y formation plays and says that what he runs will depend upon what goes the best in any particular game. Since Crosbyton is the only other District 3-A team which plays this week a large crowd from neighboring towns is expected to be here for the game Friday night. Crosbyton takes on the last year state champions, Littlefield which is the team the Longhorns play next week. Preston Johnson will be referee Friday night but the names of other officials were unavailable here. The "probable" starting line-up for the Longhorns and their weights was given as follows: LE—Joe Cunyus, 155 LT—Eddie Joe Fortenberry, 180 LG—Bobby Griffith, 140 C—Barry Thompson, 180 RG—Tip Jeffcoat, 193 RT—Bobby Baxter, 170 RE—Sid Thomas, 150 TB—Pat Frizzell, 120 FB—C. B. Smart, 155 LH—Stanley Conner, 145 RH—Mac Howard, 155.

SW Public Service Rebuilding Line To Silverton

Reddy Kilowatt is busy again in Briscoe and Floyd Counties. Keeping a promise made last year, heavy construction crews out of the Plains Division of the Southwestern Public Service Company are now in the process of rebuilding the high voltage transmission line between Lockney and Silverton by way of Sterley and South Plains according to George Caven, District Manager for the company. More than twenty men employing heavy construction equipment are installing the new 22,000 volt line. Mr. Caven said, "This line is a continuation of the construction already completed between Floydada and Lockney. It will be so designed that it will be capable of carrying double the amount of power formerly carried by the old line." "Our engineers," continued Mr. Caven, "estimate that three-quarters or better of the interruptions previously suffered from lightning causes will be eliminated."

Mr. Caven said that the company is spending \$66,000 for this phase of the construction which ties in with the \$50,000 Diesel Generating system installed at Silverton. "We estimate that it will take us about 7 weeks to completely rebuild the Lockney-Silverton phase of the transmission line construction," Mr. Caven said. "When it is completed our Public Service customers in that area will have dependable electric service under all weather conditions with two sources of electric power supply in the Floydada-Lockney-Silverton cities and rural areas. For example," Caven said, "Silverton will have power available not only from our Tuco generating station, but also will have the Diesel Generator system on a standby basis. Lockney and Floydada will have power readily available from Tuco generating station as well as from the Plainview substation."

"Company engineers and the line construction men have spent many hours planning the rebuilding of the Lockney-Silverton line to the last detail and if all goes well there will not be a single minute's interruption in the service to our customers," Mr. Caven concluded.

Showers Fall Here Past Week

Rain totaling 6 of an inch fell here on Saturday night and Sunday morning of the past week end. Showers fell here again early Tuesday morning bringing the total rainfall here for the past week to about three-quarters of an inch. Some areas in this part of the county received up to an inch while others received less than the local rainfall. Farmers are busy watering crops now, the rainfall not being enough to allow them to quit pumping.

Lions To Hold Ladies' Night Mon.

The Lockney Lions Club will hold the annual Ladies' Night next Monday night, Sept. 4 in the Methodist Church basement. The meeting will begin at 7:30. The program for the evening will be brought by Clyde Applewhite who will give the highlights of his recent European trip. Monday night of this week the Lions entertained the Lockney Longhorn football squad and the coaches, Curtis Kelly and Elvin Lyons. Howard Thornhill was in charge of the program and he introduced George Caven of Floydada, district manager of the Southwestern Public Service Company, who showed some movie sport pictures to the group.

John T. Haynes, Scout Enthusiast, Dies Recently

Silverton.—Boy Scouting in the South Plains lost a staunch friend with the death of John T. Haynes, pioneer Briscoe County resident.

Mr. Haynes, 68 years old, died Tuesday of last week in Lubbock Memorial Hospital. He had been ill about a month.

For more than a generation Mr. Haynes had held a warm affection for the Boy Scout movement. He was an early-day Scout leader here and kept an active interest in the organization until his death.

A number of years ago he donated 80 acres on his ranch in the Palo Duro Canyon for a permanent camp for the South Plains Boy Scout Council.

He traveled the territory to raise funds for construction of recreational and camp facilities—including the building of a swimming pool.

Just a few weeks before his death he gave a similar tract to the Girl Scouts and had not been able to begin development of the project because of failing health.

He had hoped to see establishment of a Girl Scout camp with facilities matching those of Mammy Haynes Camp for the boys. The Girl Scout camp is called Camp Silverton.

Mr. Haynes had lived in this area for more than half a century. He came from Gillespie County, where he was born and educated. He was a schoolmate of famed Adm. Chester Nimitz. His family moved to Petersburg in 1893.

He was a rancher most of his adult life. But when World War II came along, he responded to the call for men and joined the Seabees. He was past 60 years old when he joined.

Three of his sons also served in the armed forces, including one son, Joe Haynes, who was killed flying the Hump.

While on duty with the Seabees, he again met Admiral Nimitz at Pearl Harbor, and the wartime Navy chief signed a war bond for Mr. Haynes as memento of the occasion.

Mr. Haynes later brought the bond back to Silverton and used it as a rotating trophy among the several Boy Scout troops of this region.

His steadfast loyalty to the

Boy Scouts was exemplified by a request made just a short time before he died. He told his relatives he wanted his old horse "Sleepy" and his saddle disposed of in some manner to bring additional funds to the Scouts.

Surviving relatives include two sons, Jim Haynes, Eagle Pass, and Jack Haynes, Lubbock; and three sisters, Mrs. Mary Daniels, Plainview, Miss Billy Haynes, Los Angeles and Mrs. Kyle Holderness, Oklahoma City. Mr. Haynes' wife died in 1922.

Funeral services were held at 3 o'clock Wednesday afternoon at Silverton High School. Burial was in the Silverton cemetery.

Huntin' AND Fishin'

By Harve Pennington

The dove season opens one-half hour before sunrise Friday, September 1st. The bag-limit not more than 10 per day and not more than 10 in possession. The season closes October 15th.

Some say the cool weather that we had recently has started the doves south, but you can find plenty of them under the cap rock if you know someone there that will let you hunt. The department asks you to watch for the banded birds and if you kill one that is banded, send the band to the Texas Game and Fish Commission at Austin, Texas.

Deer and elk season opens in Colorado October 15 and October 20 and closes October 31 in most places. We have a large number of sportsmen from this area that get their deer and elk in Colorado every season. The non-resident license for deer is \$40.00 and elk \$50.00. If you want a copy of Colorado game laws write to Department of Game and Fish, Denver 5, Colorado. The bag limit for duck hunting hasn't been set yet, but the season will open November 3 for 45 days for this part of the country.

Sore, blistered, aching, or cold feet can run you right out of all enjoyment on your fishing, hunting, or camping trip. First let's get at a few old-timers' secrets for warm weather foot comfort. First and foremost—wool socks, as heavy as practical that fit. All the real woods experts and guides wear 'em, because they absorb shock, abrasion, and perspiration. Second, but also foremost—Shoes that fit, as heavy as practicable. They avoid tired, bruised feet, and ease shocks and fatigue. Third and equally important—clean socks, clean feet, for comfort. They keep your feet in tip top trim, and avoid several discomforts.

Fourth and not one jot behind—Instant attention to blisters, chafed spots, corns, callouses, otherwise many ills result. The "key to comfort" in the woods, afield, in a boat on the water is those soft, pure all-wool, heavy socks that all experienced woodmen wear. They cushion the feet, top and bottom. They absorb shoe friction. They take up stone shock and bruises. They absorb perspiration, and, even when your boots and socks are wet, they retain warmth. Take enough pairs with you so you can always change into clean, dry socks. Socks should be neither too long nor too short. Too short they crowd the toes, and cause aches. The width will take care of itself. So choose socks a comfortable fit, with east but not surplus length. Choose them heavy, hand-knit if possible, and soft wool, not too tightly knit.

Mrs. Arthur Barker Jr., entertained with a luncheon in her home to celebrate the fourth birthday of her son, Paul, Saturday, August 26.

The cowboy theme was the keynote of the delightful celebration. Decoration colors were in brown, green and yellow.

The young people were served broiled hamburgers, milk, cake, and ice cream. The individual cakes were iced in green and decorated on the top with brown cowboy brands. The birthday cake presented to Paul was set on a musical stand that played "Happy Birthday." The top of the cake represented a corral, with the four candles serving as fence posts, connected by ropes. In the center was a cowboy figure roping a horse. Cowboys and cowboy brands circled the sides of the cake.

Airplane whistles were presented to the guests as favors. Each child wore a cap decorated with Hop Along Cassidy cowboy figures, in brown, green, and yellow colors.

Guests present to honor Paul were Bobby Miller, Clarienne Alford, Sandra and Carla Smith, Jimmy and Judy Whitfill, Polly Sue Gilbert, Janie Rhodes, Randy Baccus, Nancy and Toni Webster, Cheri Crapster, Sherril Kelly, Jo Dean Hammond, Cherry Chatham, Paul and Talmadge Smith of Plainview, Bobby Holt, Sue Stansell, Jan Stansell.

Edith Morrow And Jack Livesay Vows Are Read At Pampa

A double ring ceremony read Thursday evening, August 24, in the First Baptist Church in Pampa united in marriage Miss Edith Mae Morrow and Jack Livesay. Rev. E. Douglas Carver, pastor, read the service.

The bride is the daughter of Mr. and Mrs. H. M. Stokes of Pampa, and the groom is the son of Mr. and Mrs. Ted Livesay, Lockney.

Mrs. R. Virgil Mott, organist played a prelude of nuptial music and the traditional wedding marches. "Because," "Through the Years" and "The Lords Prayer" were sung by Jim Chryer of Slaton.

Given in marriage by her brother, C. N. Stokes, the bride was attired in a gown of imported Chantilly lace, designed with a deep marquisette yoke outlined with bias folds edged with seed pearl medallions. The long sleeves terminated in petal points and the full skirt fell from a fitted bodice adorned with self covered buttons. Her finger-tip veil of illusion fell from a lace Juliet cap caught with seed pearls. She carried a white Bible topped with split carnations and stephanotis.

Vows were exchanged before an altar decorated with baskets of white gladioli and flanked by candelabra bearing lighted cathedral tapers.

Miss Betty Ruth Peery of Booker was maid-of-honor. Bridesmaids were Miss Rosemary Tarbox of Plainview, Mrs. Bill Garrett, Miss Marjorie Taylor and Miss Jean Pratt.

The attendants wore identical gowns of dusty gold and green taffeta. They carried colonial bouquets of yellow baby chrysanthemums, centered with a large, bronze chrysanthemum.

Arlan Womble of Spearman served the groom as best man. Groomsmen were Ernest Russell of Panhandle, Richard Cunningham of Peryton, Lonnie Seaman of Lockney and Gene Garrison of Pampa.

A reception honoring the young couple was held in the church parlor following the ceremony.

Mrs. Livesay was graduated from Pampa high school and West Texas State College at Canyon, where she was a member of Delta Zeta Chi, editor of the Le Mirage and was selected for Who's Who in American Colleges and Universities.

Mr. Livesay was graduated from Lockney high school and served in the Air Corps for three years. He is a student at Canyon and has served as the president of Tri Tau Fraternity. He was selected one of the top five personalities on the campus.

The couple will be at home in Canyon after they return from a wedding trip to Colorado and New Mexico.

Lockney guests attending the wedding were Mrs. Lee Seaman, Mr. and Mrs. M. D. Arterburn, Mr. and Mrs. Marvin Sams, Mr. and Mrs. Floyd Barber, Sr., and Teddy Gene Livesay.

How would you like to RE-BUY everything in your house?

- if everything burned TONIGHT? The furnishings in your home are probably worth 5 or 10 times what you think they are.

You've accumulated them one at a time—a chair, a book, a picture, a suit of clothes, a set of dishes—so you underestimate their total value.

Your insurance on these things is probably only a fraction of what it should be.

For example, just list the things in one room, and see! Or ask us for a form on which to make a complete inventory of your household possessions.

And we'll tell you how inexpensive complete America Fore protection against fire loss really is.

racy are a greater menace to its welfare than all the Communists and spies within our borders. The Communists and the spies are all vipers in our midst. Everyone recognizes them as potential enemies and threats and is on guard against them, but the person who fails to vote is regarded as a friend and is seldom suspected as being responsible for the rise to power of the unworthy through his failure to vote and thus lend his active support to the destruction elements known to be at work in this country against this government. In many instances undesirable persons are elected to positions of influence and power, not because they have the majority of people back of them, but because of the good people who oppose their destructive and harmful policies, fail through indifference when opportunity is given for choice of officials. Many times men who are vastly superior from every standpoint are defeated—not by the opposition but through the failure of their so-called friends.

It can be done, but it takes a heroic soul to carry on his work as usual when he has a bad cold all through his system.

You have never really known the pangs of hunger until you have experienced a genuine thrill while engaged in eating a piece of bologna with dry bread—no butter—no coffee—no water.

If we ever get to a stopping place in this country in our spy hunt, we should pass some laws that more clearly define just what constitutes spying and treachery. These should be so clear that even the man in the street would understand them.

An exchange notes that juvenile delinquency got its biggest boost when the sessions in the old woodshed with a properly fashioned paddle were discontinued.

It strikes us as unusual in this sophisticated age that the advertising agencies are able to find so many young women who faint with joy over a new box of soap chips.

REDISTRICTING FIGHT

Indications are that representatives from big city districts in the Legislature may bring on that long over-due battle for redistricting when the lawmakers meet at Austin next January. Under existing laws, cities and/or counties are restricted to a total of seven members, but 1950 census figures show that, under the population prorations, Houston would be entitled to 16 representatives, Dallas 12, San Antonio 10, Fort Worth seven.

None of these cities has the constitutional number at this time. Under the present law, the Lubbock and Amarillo districts are entitled to more representation, and many of the rural counties once heavily populated and with direct representation, would be forced into new districts in which they would share their legislator with other counties.

For example, Ellis County has two representatives, and should have only one; Williamson has one and a half, that is one from the county and one shared with an adjoining county, when on a population basis it should have only two-thirds of one, or share with adjacent territory its representation. There are many other instances.

The 1950 census will show a decided shift of population to the cities, but the so-called "rural" representatives have the decisive majority in the House. And a redistricting bill, on any fair basis, is going to have some heavy slugging to ever get through.—Amarillo News.

is achieved when our statesman refer to a cheap, swindling crook as "a great American." Our own opinion is that the House of Representatives should hang its head at the recollection of this man's name. May has brought shame and disgrace to the House, which should contain the highest type of individual to be found in this country.—Rails Banner.

FIGHTING THE HOARDER . . .

A short time ago, in the little town of Oswego, Oregon, the members of a church passed a resolution which said, in part, "Resolved: That . . . protest in every possible manner all profiteering, scare-buying and hoarding."

"That we renounce all individual gains which must be had at the expense of general security."

"That we pledge ourselves neither by word or deed to contribute to fear or hatred, being aware that the present emergency challenges our moral as well as physical courage."

"That we urge all like-minded citizens to join us in this resolution."

It would be a great thing for this country if, at this critical moment in history resolutions of that character were to have national circulation and adherence. There can be no excuse for the hoarder, and he deserves only contempt. He undermines his country. He brings on scarcity for every honest and patriotic person.

It is to the great credit of retail merchandising that it is resisting scare-buying, and that it is not taking advantage of conditions to unnecessarily raise prices. Both chain and independent retailers have announced that they will resist all unwarranted price rises with all their might.

The highest officials have said that there is plenty of goods for all, and that rationing and kindred controls are not needed.—County Wide News.
