

Pigs Shown At Floydada Show

C. Pratt, 15 year old FFA of Floydada, was the Grand Champion at the annual 4-H, FFA and Day Hog Show at the rodeo grounds show barn Saturday with his 230 pound sire pig. The Grand Champion was purchased by the J. C. Company of Floydada for \$89.95. The hog netting was a total of \$89.95. The son of Mr. and Mrs. Frank Pratt of the Camp community. He is a second student in Vocational Agriculture in Floydada High and is specializing in raising hogs, calves and crops. Effort to be named Lone Star Farmer.

A total of 59 pigs were entered in the show this year, of which \$1456.50. Piggly wiggly bought the pigs which offered for resale for 20.25 a pound, about one cent the market price. Raymond Castro County Agent and resident of Floyd County a creditable job of judging animals. Charley Spence of Floydada served as auctioneer at the show.

Floydada merchants supported the sale of the hogs about 9.9 a pound for a total of \$1456.50. The Floydada Chamber of Commerce paying an annual \$148.00 in premiums for young stockmen. The following is a list of the winners in each class and the buyer of each:

Durocs: 1st Bob Hambricht, purchased by Morckel Chemical for 35c, 2nd Bob Hambricht, purchased by Patterson Grocery for 32c, 3rd Zack Hambricht, purchased by Westery for 29c.

Durocs: 1st Scott Faulkner, purchased by Martin company.

Hampshires: 1st A. C. Hambricht, purchased by J. C. Penny, 2nd Bobby Harston, purchased by Piggly Wiggly, 3rd Lee McNeill, purchased by Patterson Grocery.

Hampshires: 1st Scott Faulkner, purchased by Oden Hambricht, 2nd Gordon Hambricht, purchased by Consumers Association, and 3rd Gordon Hambricht, purchased by Piggly Wiggly.

Chester White: 1st Gordon Hambricht, purchased by First National Bank, 2nd Gordon Hambricht, purchased by Chevrolet, and 3rd Don Hambricht, purchased by Hickerson Company.

Chester White: 1st Scott Faulkner, purchased by Patterson Grocery, 2nd Scott Faulkner, purchased by Patterson Grocery, and 3rd Troy Lee McNeill, purchased by Patterson Grocery.

White Drug and 5c to \$1.00 Store.

Cross Breeds and others: 1st Bartram, purchased by Rutledge Oil Company and 2nd Jerry Lee McNeill, purchased by Piggly Wiggly, and 3rd Troy Lee McNeill, purchased by Patterson Grocery.

Champion winners were: Bob Hambricht, Hamp A. C. Pratt, Chester White, Faulkenberry, and Cross Gordon Hambricht.

Junior boar division: Ferguson placed 1st, Warren 2nd, Paul Schacht 3rd, Ray Smith 4th and Jackie 5th.

Young gilt winners were: 1st Bobby Patterson, 2nd Johnny Lynn Warren 3rd, Hambricht 4th, and Cardinal 5th.

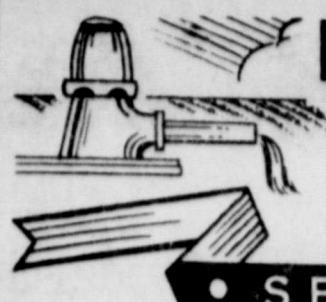

Class of sows that have farrowed: Warren Mathis won 1st, Doyle Crouch 2nd, Mathis 3rd, the winner of the Grand Champion Female with his sow, Ray Ferguson won the Champion boar prize.

Special class sponsored by cooperatives of Floyd County: Johnny Lynn Warren placed 1st and a farrowing with his gilt, Myron Carstensen 2nd place and 100 checks, and Kenneth Peiner awarded 3rd place and 50 checks.

Details of the show besides the show were: Emory Bob Gibson, F. L. Monahan, H. G. Barber, Marvin Steen, Homer Steen, Harry O. P. Rutledge, Guy Word and W. M. Hambricht.

Opinion of the show expressed by the show judges: The best hog shows has been held in recent years.

Supper of a woman is the best of many a man.

THE LOCKNEY BEACON

• SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY •

VOLUME 49 LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, OCTOBER 6, 1950 NUMBER 5

Mrs. Stapleton Dies Thursday

An illness of about four months claimed the life of Mrs. G. J. Stapleton of Lockney Thursday of last week. She passed away in the Floyd County Cooperative Hospital here where she had been receiving treatment since June 7. Heart trouble and complications were given as the cause of her death.

Funeral services were held at the First Baptist Church of Lockney Saturday afternoon at 2:30 with Rev. E. J. Cobb, pastor and Rev. N. S. Daniel, local Methodist pastor, officiating. Interment was in the Lockney Cemetery under the direction of Carter Funeral Home of Lockney. Pall bearers were J. E. Cox, Wayne Greer, Marvin Gilbert, Ed Whitfill, Hugh Counts and S. F. Barber Sr.

Mrs. Stapleton was numbered among the builders of West Texas having lived on the plains for more than 40 years. She was the wife of a pioneer plain physician and was active in club and church work for many years.

In past years Mrs. Stapleton was very active in the Order of the Eastern Star and was a past Worthy Matron of that fraternity. She was a member of the Lockney Baptist Church and had been active in the Women's Missionary Union. She had been a member of the church for about 60 years. Up until her last illness she still continued her participation in the programs of the El Progresso Study Club of Lockney and was very interested in the work of the club.

Mrs. Stapleton was born at Clifton, Texas on December 4, 1867. She was married to Dr. G. J. Stapleton on November 30, 1893 at Clifton. The couple and their family first moved to the Plains in 1906 settling at Dimmitt where they lived until August 1915 when they moved to Lockney.

Dr. Stapleton passed away September 3, 1918 and Mrs. Stapleton continued her residence here until her death. In fact she had lived in the same house since shortly after moving to Lockney in 1915.

Survivors include three children, John Stapleton of Floydada, Ralph Stapleton of Flomot and Mrs. Ruth Dunn of Goldsmith; three step-children, Mrs. E. L. Woodburn of Lockney, Mrs. Arch Conner of Wichita, Kansas, and Mrs. E. M. Tucker of Waco; four grandchildren, three great-grandchildren, 11 step-grandchildren and 24 step-great-grandchildren. Also surviving are four sisters, Mrs. J. A. Kemp and Mrs. Maybelle Jones, both of Wichita Falls, Misses Minnie and Kate McSpadden of Los Angeles, and one brother, Tom McSpadden of Wichita Falls.

Eighth Grade Moves To High School

The two sections of the Eighth Grade of Lockney Grade school have been moved to the high school building. The 60 students in the two sections were moved to their new location Monday of this week without interruption of classes.

The move was made to provide more room at the grade school. Supt. Sidney Reeves said. Three sections in the first grade are necessary this year because 80 students have been enrolled in that grade. Three sections are also necessary in the seventh grade since 82 students are enrolled in that grade. Moving the Eighth Grade provided the two rooms needed to take care of these extra sections.

Farm Fires Can Be Prevented

College Station. — The week of October 8-14 is "Fire Prevention Week." Texas farm families can well afford to take time out during this week to check the farmstead for fire hazards. W. L. Ulich, extension agricultural engineer of Texas A. & M. College, says that regular checking of farm buildings for fire hazards and the removal of the hazards will prevent many fires.

Each year in the United States, he says some 3,500 residents of rural communities lose their lives in fires. The farm fire loss amounts to about \$100,000,000 annually. Many farm buildings are underinsured or carry no insurance at all and with some building materials at all-time peak prices and others impossible to get, you just can't afford to have a fire, he says.

Since most farm buildings are of wood construction and built with little thought for fire safety, care must be exercised at all times in the use of the buildings. Hay, grain, fuels and most other materials stored on farms burn rapidly and usually no fire fighting equipment is available for putting out fires while they are little. The wise thing to do then, says Ulich, is to remove the possible causes of fires on the farm.

He says that records kept by the National Fire Protection Association shows that most farm fires are caused by defective chimneys and heating apparatus; combustible roofs; lightning; spontaneous ignition; misuse of electricity; careless smoking and handling of matches and the improper use and storage of gasoline and other farm fuels.

A thorough check of the farmstead will reveal these hazards if they exist on your farm, and the needed repairs or removal of the hazards should follow their location, says Ulich. Delay could cost most any farmer, in a few minutes, all of the work he has done for years in getting on his farm good buildings and equipment.

Ulich points out that every farmer should at least have available such fire fighting equipment as fire extinguishers, water pails and if water under pressure is not available, barrels filled with water and located at strategic points will help. Garden hose and a pressure water system provide valuable protection. Ladders should be available for reaching roofs or other high places. Cisterns or stock tanks furnished near the farmstead for nished good water supplies for the pumper trucks if a fire department is available. Family fire drills help to keep each member of the family informed on how to operate the equipment and how to get it into operation in the shortest possible time, says Ulich.

He suggests that this might be a good week for your community improvement group to look into the possibilities of organizing a rural fire department in your community. Don't, he says let the week pass without doing something on your farm to prevent fires.

Watch your expiration date.

Cotton Controls Off For 1951

Announcement from Washington Wednesday said that all controls would be removed from cotton acreage next year. Farmers will be free to grow all the cotton they want to.

Prospects of a short supply of some grades of cotton led the government to free the crop from governmental controls, it was said.

County Exhibit Close Second At S. Plains Fair

Floyd County's exhibit at the Panhandle-South Plains Fair at Lubbock won second place in very close competition this week. Hale County, won first place and Castro County won third.

Out of a possible 1000 points Hale scored 954, Floyd 939 points and Castro 934 points. Robert Gibson, county agent, assisted by Marvin Standefer, secretary of the Floydada Chamber of Commerce, assembled the Floyd exhibit. It won a prize of \$85.00.

Airmen Have Breakfast Here Sunday Morning

Nine planes carrying airmen and their families from Plainview settled down at the Lockney Airport Sunday morning for a breakfast with local air enthusiasts. The Plainview people were members of the High Plains Flying Club and their air visits to neighboring ports are frequent.

The group was met here by local flying people headed by Mr. and Mrs. Revis Harris and all ate breakfast together at the local port. The Plainview group would have been much larger had the weather been better, it was said.

Those visiting included Mr. and Mrs. J. R. Riddle, Bill Riddle, Mr. and Mrs. Coy Mac Meador, Mr. and Mrs. James Miller, Jan and Kay, Mr. and Mrs. Claude Hutcherson and Mike, Mr. and Mrs. Deb Bain, Clarence Rogers, Skip Cleveland, Clayton Campbell, Ruth Standefer, Ralph Andrews, Mr. and Mrs. Glen Enslow, Hollis Browning, Laurence Draper, Haynes Wells, Mr. and Mrs. T. E. Mitchell, Neal Williams, Lynn Webb, John Morris, Ted Hannah, Wayne Sellers, Ross Cass and Steve Keller all of Plainview; Ed Campbell, J. E. Laney, M. E. Florida and W. M. Lee of Hale Center; Bud Burnett of Abernathy.

Mr. Riddle is president of the flying club and a regular meeting of the club will be held Thursday night of this week at 8 p. m. at the Hale County Airport. Anyone interested in flying is invited to attend whether they wish to join the club or not, he said.

Grade School PTA To Meet Tuesday

The Grade School Parent-Teacher Association will meet at the City Auditorium at 8 p. m. Tuesday night, October 10, it was announced this week.

The program for the evening will be in charge of the Fourth Grade. Everyone interested in the work of the Association is urged to attend. Mrs. Henry Schacht is president of the organization.

Providence P. T. A. Meets Tonight

The Providence Parent-Teacher Association will meet tonight (Thursday, October 5) at 7:30 at the school. It was announced this week after the business meeting a film will be shown. Officials are urging that 100% of parents attend the meeting. A prize is offered to the room which has the most parents present and all parents are urged to be present and help their child's room win.

First Bale 1950 Cotton Received Here Thursday

Leslie and Carl Ferguson scored again this year with the first bale of cotton brought to local gins. This is the third year in the past four or five that they have ginned the first bale here.

The cotton was pulled on the Ferguson place just a mile northwest of town and brought in to Spears Gin here Thursday afternoon of last week. The seed cotton weighed 2040 pounds and turned out 520 pounds of lint. The grade hadn't been received here this week but Chapman and Davis of Plainview bought the premium bale at 42c.

In addition a premium was being made up among business men this week, and although not completed Wednesday, totaled more than \$100.

Since bringing in the first bale the Fergusons have brought in five more. Mrs. V. E. Spears reported Wednesday. She estimated that with two weeks of sunshine, cotton harvesting in this area would be off to a good start. Although the yield per acre is expected to be good, considerable insect damage to cotton has occurred within the past month or six weeks.

Cotton seed is now much higher than it was last year, the market Wednesday being \$85.00 per ton for 100 grade seed. Most seed in this area will grade between 85 and 90, probably.

The first bale in the county was ginned at the Farmer's Co-op gin in Floydada on September 22. Grower was R. R. Ferguson of the Sanhill community.

Snow White and Seven Dwarfs Here October 12

The forthcoming musical stage attraction, "Snow White and the Seven Dwarfs" will introduce to Lockney's theatre audience one of the most charming personalities of the American Theatre. The title role will come to life October 12 at 1:30 at the City Auditorium. The title role will be portrayed by "Clelia" who has delighted children and adults with her interpretation of the fairy tale Princess.

Clelia is a New England girl born of a theatrical family, well known in the annals of the musical and theatrical world. She starred with the Children's Opera Company, then appeared with the New Opera Company, and the American Light Opera Company. After completing 40 weeks tour as Snow White, she played prominent roles in Naughty Marietta and Blossom Time and was assigned as the comedienne soubrette in the Vagabond King with the Toledo Light Opera Company.

Last summer, Clelia starred as soubrette with the Great Rapids Light Opera and successfully carried leading parts in "Roberta," "Babes in Toyland" and many others. Besides her innate dancing, singing and comedy talents, she is an accomplished costume designer and illustrator. The cast supporting Clelia, all professional players, will make "Snow White and the Seven Dwarfs" an unforgettable theatrical event.

One of the many comedians in the coming musical show, "Snow White and the Seven Dwarfs," is also its director and choreographer. He is Hill Belmont whose background includes many years in the theatre both here and in Europe.

As a comedian, Hill Belmont combines his acting talents with his extensive dance training to great advantage. He is a favorite with children and adult audiences everywhere and his antics contribute much toward making "Snow White" the happy show it is.

Mrs. M. S. Johnson returned Tuesday from a two weeks visit with relatives at Fort Worth.

X-Rays May Hit 1,000 In Lockney

A check with the mobile x-ray unit of the State Department of Health revealed that around 900 x-rays had been made here up until 4 p. m. Wednesday and Mrs. M. W. Wiley, local chairman was of the opinion that probably 1,000 would be x-rayed by 5:30 p. m.

The unit was scheduled for Lockney only one day—Wednesday. It will operate at Floydada Friday and Saturday of this week.

James Leach Is Wounded Sept. 17

Pfc. James R. Leach was slightly wounded in the fighting in Korea on September 17, according to a telegram received by his parents, Mr. and Mrs. J. W. Leach of the Cedar Hill community Friday morning of last week. He is now in a hospital in Japan and has written his parents, Mrs. Leach told The Beacon Saturday.

Although the nature of the wound was not mentioned, the parents have been informed from other sources that James was wounded in the leg by a hand grenade. The wound was not believed to be serious.

James attended the Lockney schools during the term of 1948-1949 and then enlisted with the Army. He left the States June 2 of this year but did not go to Korea until about the first of September.

Farm Bureau To Broadcast Tues.

The Texas Farm Bureau Federation will present its state-wide radio broadcast Tuesday morning, October 10 from 6:30-7:00 A. M. with Governor Allan Shivers to open the program with a talk to all farmers and ranchers of Texas, according to Ben Quebe, president of Floyd County Farm Bureau.

Governor Allan Shivers will open the 4th annual Farm Bureau broadcast over the facilities of the Lone Star network. Layne Beatty, farm editor of radio station WBAP, Fort Worth, will be the Master of Ceremonies and interview E. E. Hornback, president of the Wise County Farm Bureau; Mrs. George Clark, treasurer of the McLennan County Farm Bureau, and J. Walter Hammond, President of the Texas Farm Bureau Federation.

Stations carrying the broadcast are KTTA, San Antonio; KGNC, Amarillo; KTBB, Tyler; KFYO, Lubbock; KTBC, Austin; KTXL, San Angelo; and KRDD, El Paso.

President Quebe urges all farmers in Floyd County to "roll out" early on the morning of October 10th and tune in to their nearest station for the broadcast.

Deposit Insurance Increased To \$10,000

Insurance on deposits in banks which are members of the Federal Deposit Insurance Corporation has been increased from \$5,000 to \$10,000. M. W. Wiley, president of the First National Bank of Lockney announced this week. The local bank is a member of the corporation.

President Harry Truman signed the bill increasing the insurance on September 21 and the increase becomes effective on that date. This means that every account in the local bank is insured against any loss in the bank up to \$10,000, Mr. Wiley said.

Mr. and Mrs. F. S. Barber attended the 50th wedding anniversary observance of Mr. and Mrs. Ben A. Dodson at Olton Sunday and went on to Dimmitt where they attended funeral services for Alvin Hastings.

Mr. and Mrs. W. E. Lawrence and son, Jerry visited Mr. and Mrs. F. U. Payne Saturday.

District Lead Is On Line In Game With Tulia Fri.

The lead in District 3-A football race will be on the line here Friday night when the Tulia Hornets come to Lockney for a game with the Longhorns. Each team has won two games in district play this year and lost none. Each team has won one game by the penetration route having been tied in the score. Lockney was tied by Abernathy 13-13 last Friday night and Tulia was tied by Spur 7-7 two weeks ago.

That Tulia has a tough team this year is a well known fact. Coach Curtis Kelly said Wednesday. They defeated Canyon 19-7 and lost to Hereford 14-7 in pre-season games. For the first time in several years Tulia feels that they have a chance to win the district title and their spirits are high.

Coaches Kelly and Elvin Lyons have their boys in good shape with no serious injury resulting from the Abernathy game. They will be ready to go Friday night barring any unforeseen development, the coaches indicated Wednesday.

The Longhorns, running a new winged T formation for the past two games, have shown steady improvement since losing to Sudan in a practice game early in the season. Half back Ray Ferguson and Fullback C. B. Smart broke loose for a number of long gains last Friday night against the strong Abernathy team aided by blocking of Norton Baker, Pat Frizzell, Mac Howard, and the Longhorn line led by Barry Thompson. The Longhorn defense also appeared much stronger especially in the second half of the game with Abernathy. The Longhorn line held the Abernathy backs to very few gains outside of one long run for a touchdown by Miller of Abernathy.

The game will be called at 8:00 o'clock and the probable starting line-up for the Longhorns was announced as follows with position and weight shown:

LE—Joe Cunyus, 155
LT—Eddie Fortenberry, 180
LG—Tip Jeffcoat, 190
C—Barry Thompson, 180
RG—Deanie Henderson, 160
RT—Bobby Baxter, 170
RE—Don Bartram, 155
QB—Pat Frizzell, 120
RH—Norton Baker, 140
LH—Ray Ferguson, 165
FB—C. B. Smart, 155.

Widening Of Highway 70 In Hale Planned

Listed on the Texas federal aid highway program announced Saturday by the State Highway Commission are two projects in Hale County. One is widening of Highway 70 from the Floyd County to the Lamb County line. The other project is to widen highway 87 from the north city limits of Plainview to three miles south to a three lane highway.

The projects will be submitted to the federal government for approval before work can start on plans and specifications.

Longhorns Edge Out Abernathy

Statistics table showing Lockney vs Abernathy scores for first downs, yards penalties, passes attempted, passes comp., yards gained, yards lost, and op. fumbles recovered.

The Lockney Longhorns won their second district game of the season last Friday night on Mitchell-Zimmerman field here but the margin was small—one penetration. The score was 13-13 and the loser was Abernathy.

It was obvious from the start of the game that the Antelopes had come to Lockney determined to win the game but the Longhorns were also determined. The scoring started mid-way of the first quarter when the Antelopes, aided by penalties drove down to the Lockney 9 from which place they plunged over for the score. The point was kicked and the score was 7-0. The Longhorns scored in the second quarter but failed to plunge the point and the Antelopes took a half time lead of 7-6.

Miller, right half for the Antelopes, broke loose for a touchdown jump from his own 22 yard line in the third quarter, the point was missed and the Longhorns came back to score again in the fourth and plunge over the point to tie the score.

The game was the hardest fought one seen on the local gridiron this year and the closest. It kept the fans alternately cheering and moaning through the entire game.

The big Abernathy line appeared to have the edge in the first half but not in the second. Considerable credit must go to the Longhorn line for the fine work they did, both on offense

and defense. In the fourth quarter, in one series the Longhorn line held the Antelopes for three downs without an inch of gain and forced them to kick from their own 20 yard line and almost blocked the kick.

Center Barry Thompson, along with guards Joe Taylor and Tip Jeffcoat, tackles Bobby Baxter and Eddie Fortenberry and ends Joe Cunyus, Don Bartram on offense and Ray Ferguson on defense thoroughly outplayed the Antelope line in the second half.

In the backfield, C. B. Smart and Ferguson did most of the ball carrying, each making one touchdown while little Pat Frizzell handled the ball well from his man-under position and Norton Baker and Mac Howard did the blocking. Orland Gilbert got back into the ball game again on defense and did a swell job. He has been out with an injury.

Miller was the outstanding ball carrier for the Antelopes while big 250 pound Loper, right tackle, was outstanding on defense.

Here's the game in detail:

Abernathy received the kick, returned to their own 22, was penalized 5, made 0, lost 3, pass incomplete, and kicked to Smart who came back to Lockney 48. The Longhorns lost 1, were penalized to the Lockney 40, made 11, lost 2, and Smart kicked over the goal giving the Antelopes the ball on their own 20. A fumble gave the Longhorns the ball on the 23 but the Longhorns fumbled right back again and gave the Antelopes the ball on their own 22. They made 9 and then a first on the Abernathy 48 aided by a penalty, made a first on the Longhorn 20, a fumble lost 10, they made 1 and then a first on the 9 from which place they carried over for the score. The point was kicked and the score was 7-0.

Smart momentarily fumbled the kick but recovered it on his own 22. The Longhorns made 2 and then 6 and Smart carried to the Lockney 39 for a first down. They made 2 and 6 again but lost 2 on the next play and Smart kicked out on Abernathy's 3 yard line. The Antelopes made 6, then 3 and a fumble gave the Longhorns the ball on the Abernathy 24 with Pat Frizzell recovering.

The Longhorns lost 2, made 7 and 2 and Abernathy was penalized five which gave the Longhorns a first on the Abernathy 10. They made 1, 3 and 4 and then Smart circled right end for the score. He tried to plunge the point over but failed and the score was 7-6.

The Antelopes returned the kick off to their own 29, made 2 and then a first on the 40. They lost 1, made nothing, made 3 and kicked out on Lockney's 17. The Longhorns made nothing, and then Ferguson went off left tackle for a first on the 31. They made 2 and 2 more, and Ferguson again came through with a run to the Aber-

nathy 43 for another first. The Longhorns made 1. Abernathy was penalized five, the Longhorns lost 6, made nothing and Smart kicked out on Abernathy's 39. The Antelopes made 6, and a fumble gave the ball to the Longhorns on the Antelopes 37. They made 5, a pass was incomplete and then Smart made a first down on about the 20 1/2 line, just short of a penetration as the half ended.

Bands Perform

Both Abernathy and Lockney Bands, dressed in almost identical uniforms, performed on the field during the half time period very nicely.

The Longhorns received the kick off and Smart brought the ball back to the Lockney 36. The Longhorns were immediately penalized to their own 27 yard line, and Smart, behind some beautiful blocking, made a first on the Lockney 41. A fumble lost 1, the Longhorns made 2, lost 2 and Abernathy was penalized 15 giving the Longhorns a first on the Abernathy 45. The Longhorns were penalized 5, and then 5 again both for backfield in motion, made 2 and 3 and kicked to the Abernathy 21. The Antelopes made 4 and then a first on their own 32. Here they tried a left end sweep and Norton Baker, from his line backer position broke through to throw the ball carrier for a 10 yard loss. The Antelopes made 6 and 2 and kicked out on the Longhorn 32. The Longhorns made 3 and 4 and Smart carried to a first on his own 47. They lost 2, a pass was incomplete, made 3 and kicked out on Abernathy's 22. Miller then broke loose outside his own left tackle and ran 78 yards for the score. The try for point was blocked and the score was 13-6.

The kick off was returned to the Lockney 24 where the Longhorns made nothing, made 2 and Ferguson broke through for a first on the Longhorn 37. They made a first on the Lockney 48, the Longhorns were penalized 5, made 3 and then Smart carried to a first on the Abernathy 43. They made 3, lost 1 and then a first on the Abernathy 31. The Longhorns made 1, as Smart carried to a first on the Abernathy 20. They made 3 which gave them a penetration, lost 3 and Ray Ferguson broke through the left side to go over the goal line but the score was nullified by a penalty of 5 yards against the Longhorns. They made 3, a pass was incomplete and Abernathy took the ball on their own

21. But here the Longhorns appeared determined to win the ball game. The Antelopes tried two line plays, making nothing on either, tried a pass which was incomplete and the kick was either partially blocked or rolled off the side of the foot of the Abernathy kicker, going out on the Abernathy 33 yard line. The Longhorns made 1 and then Ferguson went through the left side on an identical play and scored standing up. The Longhorns called time out to discuss how to make the all-important point and their decision was apparently good as Smart went over between right tackle and end behind a wave of blockers. Score 13-13.

The Antelopes took the kick off back to their own 33, made a first on their 46, received a 15 yard penalty, and failed to gain it back. Smart took the ball back to the Lockney 46, the Longhorns gained 4 in two plays and a fumble gave the Antelopes the ball on the Abernathy 49. They made a first on the Lockney 41 in three plays, had a pass incomplete, the Longhorns were penalized 5 and they made a first on the Longhorn 27 as the game ended.

He who said that drinking whiskey is bad must have tried some of the recent stuff.

Do right and you'll fear no man; don't write and you'll fear no woman.

Super Rich!

Yes, you can now buy SUPER-RICH milk produced right here in Lockney. I have made arrangements with Lyndale Dairy in Floydada to pasteurize, homogenize and bottle my milk. Ask for it at your grocer or call 326W1.

This Winter

Winter can be tough on you... but tougher on your car! Sub-zero temperatures slow your starts, cut down your power. Corrosive combustion acids—created by winter driving—cause extra engine wear that cuts down your gasoline mileage.

That's why it's so wise to protect your engine with the winter grade of new Conoco Super Motor Oil.

Protected!

get Super Protection

Dejected?

Change now to the amazing new Conoco Super Motor Oil... proved by two winters' testing in the freezing cold of the Colorado and Montana mountains to be the great new winter wear-fighter! Conoco Super Motor Oil safely gathers up acids and harmful moisture... flushes them out of your engine when you drain!

Want instant starting, lightning pickup, surging power? Then drain and refill with the winter grade of new Conoco Super Motor Oil.

Ask Your Mileage Merchant About: "50,000 Miles No Wear!"

Lone Star News
By Mrs. Harold Griffith

The Lone Star P. T. A. will meet Thursday afternoon at 4 o'clock at the school house in its regular monthly meeting. Every mother is urged to be present at this meeting.

Mr. and Mrs. Howard Mosley and sons with Duane Griffith were dinner guests in the home of Mr. and Mrs. Lowell Jarrett and Larry Monday night.

Mr. and Mrs. Reed Lawson and Sunny visited in the home of Mr. and Mrs. Clyde Farish and family last Tuesday night.

Mr. and Mrs. L. M. Readhimer and girls visited in the home of Mr. and Mrs. Howard Mosley and boys last Tuesday night.

Mr. and Mrs. Jack Frizzell and children were dinner guests in the home of Mr. and Mrs. Harold Griffith and sons last Wednesday night.

Mr. and Mrs. Elmer Mosley of Plainview with Mr. and Mrs. Boyce Mosley and daughter visited in the Howard Mosley home last Thursday.

Mrs. George Long and Mrs. Donald Weiss of Silverton visited in the A. E. Frizzell home last Wednesday night.

Mr. and Mrs. Milton Frizzell and children of Rock Creek were dinner guests in the A. E. Frizzell home Friday night before attending the football game in Lockney that night.

Betty June Jackson spent last Wednesday night with La Juan Henderson.

Mr. and Mrs. Bernie Johnston, G. B. Johnston Jr., Mr. and Mrs. B. R. Phillips and G. C. Applewhite attended the funeral in Tulia last Friday of Sid Hannah.

Mrs. L. M. Readhimer and Nita Jo visited in the Clyde Farish home Saturday night.

Mrs. Clyde Farish visited with her parents, Mr. and Mrs. D. M. Marshall of Aiken Wednesday.

Mrs. Vert Readhimer of Amarillo was a luncheon guest in the L. M. Readhimer home last Saturday.

Harold Griffith, L. M. Readhimer and Lowell Jarrett attended the football game in Canyon Saturday night between West Texas State and McMurry of Abilene.

Mr. and Mrs. Gene Belt, Mr. and Mrs. Conrad Henderson with Mr. and Mrs. Bob Jarrett attended the football game in Canyon Saturday night.

Mrs. Floyd Jackson and Betty visited with Mrs. Buck Sams Saturday who was ill.

Week end visitors in the Harold Griffith home were Mr. and Mrs. Herbert Griffith and family and Mrs. Walter Griffith of Lubbock. Dinner guests Sunday besides those were Mr. and Mrs. Frank Roberson, Mr. and Mrs. Hubert Griffith and girls of Lockney and Mr. and Mrs. Kenneth Griffith and children of Plainview. Callers Sunday afternoon were Mr. and Mrs. Gilbert Roberson and Donna of Olton.

Visitors in the I. O. Graves home Sunday were Velma Faye McClure and Betty Tomme.

Mr. and Mrs. Howard Mosley and sons were dinner guests in the home of Mr. and Mrs. Kenton Davis and baby of Plainview Sunday.

Mr. and Mrs. Jack Frizzell and family were supper guests in the home of Mr. and Mrs. Howard Watkins and Sharon Sunday night.

There was church services Saturday night, Sunday morning afternoon and Sunday night at the Baptist Church. Several members of the Wayland band of Plainview were out to these services. They spent Saturday night in several of the homes in the community. There was a bountiful lunch spread at the noon hour on Sunday.

Can't Enlist After Call For Physical

Austin, Texas, Aug. 23. — "Will I be able to enlist after I'm notified to report for physical examination by my draft board?"

This is a question which a lot of men are asking Selective Service local boards in Texas. The answer is "no," Brigadier General Paul L. Wakefield, state director of Selective Service, said today.

General Wakefield referred to Section 15 (d) of the Selective Service Act of 1948, which prohibits acceptance of a registrant for enlistment after he has received orders to report for induction.

The state director quoted from the following regulation (Local Board Memorandum No. 11) issued by Selective Service national headquarters:

"The prohibition contained in Section 15 (d) of the Act against the acceptance of a registrant for enlistment after he has received orders to report for induction has been interpreted by the National Military Establishment to mean that no person shall be accepted for enlistment after he has been notified to report for armed forces physical examination by a Selective Service local board."

This does not in any way prevent any registrant from joining an organized unit of a reserve component (which includes the National Guard) after he has received an order to report for physical examination, General Wakefield said.

"The registrant may join such a reserve unit as far as Selective Service is concerned," the state director pointed out. "If an Army Air Force, or Navy reserve unit will not accept him, it is a matter outside our control."

"But he cannot enlist for a tour of active duty in the Army, Air Force, or other department of the National Military Establishment after he receives his order to report for physical examination," General Wakefield concluded.

Radio newscasting has made the public more interested in reading news.

Cotton farmers are urged to destroy cotton stalks as soon as possible after harvest is completed. Reason . . . it's a good practice and will help hold in check boll weevils and pink bollworms.

TEXAS GIRLS WIN POSITIONS AT TECH

Lubbock. — The Student Council at Texas Technological College has announced the appointment of a student association secretary, head girl cheerleader and assistant girl cheerleader. Elizabeth Schovajsa, junior Home Economics major from Littlefield, was named student association secretary. The head girl cheerleader job will be filled by Jo Simmons, Lubbock junior Speech student. Rheta McMasters, junior Physical Education major from Abernathy, was appointed assistant girl cheerleader.

Tech Buys Fine Horse

Lubbock. — A registered quarterhorse stallion has been purchased by the Agriculture Division of Texas Technological College from R. L. Underwood, Wichita Falls breeder. Amigo Man, a sorrel sired by Amigo Brown and foaled by Sugar Baby, will replace Sire Chubby, present herd stallion. The new stallion, a coming two-year-old, will be the fourth sire owned by Tech since the herd was started. There are now eight mares and seven foals in the herd.

Buffel grass, South African bluestem, Coastal Bermuda and the perennial crab grasses are a few of the new introduced grasses which may be of economic importance in Texas in the future.

The control of predatory animals is a big problem in Texas. Hunters working for the U. S. Fish and Wildlife Service last year took more than 30,000 predatory animals. Coyotes made up a majority of the take.

Hanks visited friends in Childress Sunday. Visitors over the week end in the A. H. Suiter home were Mrs. Harry Raymer of Seattle, Washington and Mr. and Mrs. Kenneth Wood of Amarillo. Mr. and Mrs. Finis Weatherly of Kress visited Mr. and Mrs. B. A. Howell Sunday. Mr. and Mrs. L. A. Claborn visited Mr. and Mrs. Milton Robbs of Edmonson Sunday. Mr. and Mrs. W. B. Mullins visited over the week end with Mr. and Mrs. Carl Mullins of Abilene and attended the Abilene County Fair.

Tech Furnishes Lambs To Texas Stockmen

Lubbock. — The animal husbandry department of Texas Technological College is furnishing fine lambs to stockmen of the West Texas area to produce better flocks through cross-breeding. Mr. R. C. Mowery, head of the Husbandry Department, said today that C. W. Anthony of Dimmitt, Texas, purchased two Hampshire ram lambs from the College. Glen F. Rehgon, Abernathy; M. F. McKnight, Hale Center, and Jack Carathers, Lubbock, each bought one of the Hampshire lambs. B. E. Wimberly, Hale Center, purchased a Rambouillet ram lamb for his farm flock. The stockmen plan to breed the Tech rams with range ewes.

Huntin' AND Fishin'

By Harve Pennington

To the great bulk of American Hunters, the terms "deer rifle" and "30-30" are practically the same, and the 30-30 has probably killed more deer than any other rifle ever made. In that respect, its only rival is probably the old 44-40. The 30-30 has been on the market since 1894, a bit over a half century, and by 1927 a million model 94 Winchester had been sold, most of them chambered for it.

Besides the familiar model 94 Carbine and its better stocked and more expensive version, the new model 64, many other arms have been chambered for the good old "thirty-thirty". The Savage model 99, the Marlin, even the model 54 Winchester bolt actions and the savage models 40 and 45. All in all, then, there are probably more than 2,000,000 rifles chambered for the 30-30 floating around North America. They are shooting polar bears and caribou in the Arctic, Moose in Canada, deer all over the United States and Mexico.

Yet in spite of its enormous popularity the 30-30 is probably the most-damned cartridge ever manufactured. Gun writers have been almost unanimous in denouncing it as a fraud, a frost, and a delusion. Why, then, does the good old "thirty-thirty" remain the best seller among game rifles? In the first place, tradition has made it the rifle one thinks of first. The 30-30 is the cartridge which weaned American hunters from black powder, and it has never lost the start it got. In the second place, rifles made in this calibre are usually light, short, and handy. They look like "deer rifles" and not "army rifles" as many hunters term any bolt action. For another thing, rifles in the 30-30 calibre are usually cheaper. A further consideration is that even in a light carbine the recoil of the 30-30 is mild and does not bother a man who shoots only a box or two of cartridges a year. The owner of a 30-30 need never worry about his

"One-Punch Special" Wins Soap Box Match

The All-American Soap Box Derby, which annually brings champions from 150 American cities to race for a \$5,000 college scholarship and the national title at Akron, O., was embellished this year by a match race between Jimmy Stewart, film star; Jack Dempsey, former prize ring champion, and Wilbur Shaw, three-time Indianapolis "500" winner. Dempsey in his "One-Punch Special" brought the crowd of 60,000 to their feet when he whizzed over the finish line the winner, as Hopalong Cassidy waved the checkered flag of victory. Inset: W. E. Fish, general sales manager of Chevrolet (right) presents the trophy to Dempsey. Harold Williamson of Charleston, W. Va., drove his home-built racing car to victory in the big race which followed the special match.

ammunition supply. From the arctic circle to the tropics, any dealer who carries ammunition at all carries these cartridges. Then again, the various 30-30 rifles seem able to stand astounding neglect, and still function. For a handy saddle rifle, there has never been one better than the Winchester, Savage or Marlin Carbine. They are all flat, short, light. A cattleman riding the range on the lookout for lobos or coyotes can stick a Carbine in his scabbard and forget it. Whereas a bolt action rifle tends to throw his leg out of line and make it cramp. Last but not least, the 30-30 cartridge has, in the main, always delivered the game. If it had not, it would have never achieved its popularity. It is, surely, no Elk or Moose cartridge although elk and moose have been killed with it. But as a cartridge for deer and black bear it is satisfactory.

shoot at everything that has horns and that jumps has no business with one, and the 30-30 is no vermin rifle, in spite of the fact that thousands of coyotes have been killed with it. Nor is the 30-30 a scope rifle. Putting a scope on a 30-30 rifle is something like putting a super charger on a Model T Ford.

9 Foreign Students At Wayland College

Plainview.— Attending Wayland College for the first time are nine students from foreign lands. Included in this number are Henry Roskam from Holland; Paulo Spurgeon de Paula from Brazil; Hiroshi Tanamachi from Japan; William Chang from China; and Abraham Paier from the Philippines. From Hawaii are Sue Arashiro, Kikue Hiratani and Mr. and Mrs. Paul Gima. Most of these students will return to their native lands to do mission work.

One thing that can be said for the automobile is that it virtually stopped horse stealing.

TASTEFUL COOKING
of course, its electric!
... and with ease! Yes, cooking electrically these days IS easy and fast. Top-of-range elements heat instantly . . . give off uniform heat to assure fast, even cooking. Cooking electrically IS easy but baking, it seems, is still easier. Baking electrically is as automatic as can be. You place your mixings in the shining oven, set the controls, then, if you want, go to an afternoon movie or have fun on a shopping trip to town. When you return your baking has been done for you . . . and that honey-of-an-electric range has even shut itself off. You'll love your electric range . . . your husband will love the meals you cook on it. He'll compliment you on the flavor of the food . . . not just one time but every time. Why not see about your electric range tomorrow?
THERE'S AN ELECTRIC RANGE TO SUIT YOU
Thirty makes of electric ranges are represented in the Panhandle-Plains-Pecos Valley-Eastern New Mexico area served by Your Public Service Company. These thirty makes offer many, many models . . . for your needs. Visit the electric appliance dealers in your city . . . see the many makes and models of electric ranges now available.

W. S. C. S. Has Birthday Service

The Woman's Society of Christian Service met Monday October 2.

The devotional was given by the Hale Center women, guests of the W. S. C. S. and a song by Mrs. Myer and Mrs. Weathers. Mrs. Daniel gave a study on the Rural Church, Mrs. McCusker on The Women Along the Country Side and Mrs. Cooper talked on The Work of a Rural Worker.

A very impressive candle light service was given by the Hale Center women. This was the tenth birthday. Birthday cake and punch was served.

Guests present were: Mmes. L. O. Findley, Silas Maggard, E. M. Adams, Minnie Stanford, Emma J. Carter, W. R. Thergansum, Bida Cox, Sallie LeMond, W. L. Ford, Lella Wilhite, Cora M. Fox, C. C. Phillips, C. H. Rose, L. G. Morris, Clark Harris, E. R. Harris.

Members were: Mmes. Daniel, J. H. Weathers, Buck Sams, Joe Taylor, Fritz Schacht, Olive Myers, N. E. Greer, W. L. Thomas, Henry Ford, W. O. Stuart, Arthur Barker, Paul Cooper, Hugh Counts, J. H. Hartman.

ATTEND BOOK REVIEW

Mrs. Wyatt McLaughlin, Mrs. Ben McGhee, Mrs. Bill Johnston and Mrs. C. D. Merrick attended a book-review Wednesday September 27 at the Silverton High School. The review was sponsored by the Century of Progress Study Club. J. B. Lynn of KGNC in Amarillo reviewed "The Edge of Time" by Miss Loula Grace Erdman. Miss Erdman is in the English Department of West Texas State College at Canyon.

Rev. and Mrs. E. C. Armstrong of Pampa visited in the home of Mr. and Mrs. L. T. Busby Friday night and Saturday.

The Boston tea party was planned in the back room of the Boston Gazette.

Study Club Hears Book Review

The El Progreso Study Club met in the home of Mrs. Dee Copeland, Wednesday afternoon September 27 at 3:30.

Roll call was answered by each member giving an incident that happened on their first day at school.

Mrs. Henry Hodel gave a very interesting book review on "Roots out of Dry Ground" by M. Briggs Argle.

Francis Dee Copeland played two musical numbers, "The Country Dance" by Beethoven, and "Minuet" by Paderekski.

Ice cream and cake were served to the nineteen members and one guest.

Those present were: Mmes. Clyde Applewhite, I. A. Applewhite, G. M. Brunner, Hershel Carthel, E. J. Cobb, Dee Copeland, Leslie Ferguson, D. R. Foster, Edgar Hays, Henry Hodel, L. M. Honea, T. B. Mitchell, Frank Perkins, Guy Sams, Henry Schacht, Jack Taylor, Sid Thomas, Ed Whitfill, and J. C. Kemp. Mrs. Joe Holt was a guest of the club.

To Celebrate 50th Anniversary Sunday

Mr. and Mrs. G. W. Whitfield, 325 Beech St., Plainview, will hold open house celebrating their Golden Wedding anniversary on Sunday, October 8 from 2 to 5 p. m.

Mr. and Mrs. Whitfield moved to the Plains in 1915 near Plainview, later bought a farm in the west part of Floyd County and moved there in January, 1917. They lived there until 1924 then moved to Plainview where they still reside.

Reverend and Mrs. C. A. Strickland from Crosbyton spent Monday night with Mr. and Mrs. W. C. Strickland of the Lone Star community.

Watch your expiration date.

Gideon Class Has Social Thursday

The beautiful country home of Mr. and Mrs. Leslie Ferguson was the scene for an enjoyable social for the Gideon Sunday School class of the Lockney Baptist Church last Thursday night. Wives of the members were guests for the evening's entertainment.

After an evening of games delicious refreshments of cake, ice cream and drinks were served to the following:

Messrs. and Mmes. Chester Mitchell, Hugh Marble, Wesley Hay, F. M. Smith, John Chandler, R. H. Ford, Frank Brown, J. P. Truett, Buck Kellison, Harmon Handley, Sid Thomas, R. C. Mitchell, Dale Laceywell, Leslie Ferguson, J. B. Cumbie, Jack Callahan, A. J. Costner, Hilburn Casey, E. A. McLeod, Clarence McCandless, Edgar Hays, Joe Reeves, Mrs. E. J. Cobb, O. B. Willbanks and a number of children.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors for the many beautiful flowers and the sympathy and aid extended to us at the death of our loved one. May God bless each of you.

Mr. and Mrs. Ray Belt
Mr. and Mrs. Truett Benard
G. H. Dalton and Harlon
Mr. and Mrs. A. Clark
Mr. and Mrs. Floyd Dorman
Mr. and Mrs. Johnnie Clark
Mr. and Mrs. Bill Clark
Mr. and Mrs. R. L. Clark
Mr. and Mrs. James Savage.

CARD OF THANKS

I wish to express my thanks to every one for the kindly deeds shown me during my recent illness. Especially do I thank the doctors and nurses for their kindness and gentle administering to my every need, while in their care, also to my friends for their prayers, beautiful flowers, and nice cards.

May God bless each one of you.
Myrtle Lou Newton.

Mrs. Harley Workman and Mrs. Snodgrass attended the funeral of John Taylor in Quitaque Monday afternoon.

Ford Quality Queen

Dark-haired Helen Meyer, 25, of Staten Island, N. Y., has been chosen by Ford Motor Company employees as the 1950 Ford Quality Queen. She's 5'8" tall, a perfect size 12 and says her No. 1 job is to keep house for her husband, Herbert, a Marine veteran, who works in the Metuchen, N. J., Lincoln-Mercury assembly plant. Only hourly employees or members of their families were eligible for the contest.

Providence Mission Band Entertains With Japanese Tea

A newly organized Junior Mission Band of Trinity Lutheran Church of Providence entertained their "Mothers and friends" with a Japanese Tea on Saturday evening Sept. 16th in the Educational Unit of the Church.

The entertaining room was decorated with Japanese lanterns and streamers of gay colored crepe paper. The walls were decorated with Japanese attendance fans. These fans were marked with a silver star for each time the members attended class. The serving tables were decorated with large Japanese fans in center of tables. Each mother was given a hand made Japanese fan as a favor. Japanese cookies and hot spiced tea were served.

Program consisted of an explanation of the Junior Mission Band by the chairman of the Women's Missionary Society, Mrs. H. L. Anderson. The purpose is to create a desire, in the youth of the church, to be Mission Minded.

Thank offering boxes are given each member when they have something to be thankful to God for, they are to remember God with a small offering. The money collected is used for Mission work in our many mission fields.

The song "We Are Little Banders, working for Jesus," was sung by the class of Mrs. H. L. Anderson. "Jesus Loves Me" was sung by the members of Mrs. Wilfred Stoerner's class.

The Junior Mission Band meets the last Saturday of each month at the church, from nine until eleven-thirty a. m.

The following members were present: Barbara Ann Sammann, Elbert and Jess Wayne Sammann, David Anderson, Carolyn Jo, Delores and Valera Jan Sammann, Ausma Karlovs, Arlene and Gladys Matthews, Maebeth and Pat McLaughlin, Fritzen Steinfeld, Foncine Boedeker, Larry and Merlin Boedeker, Debra Jan Brandes, David, Linda and Diane Scheele, Ruta and Mara Rosental.

Mothers and friends present were Mesdames: Henry Sammann, Otto Schrieber, Albert Sammann, Ben Brandes, R. C. Matthews, L. B. Brandes, Harold McLaughlin, Albert Scheele, M. C. Scheele, Ted Boedeker, Wilfred Stoerner, H. L. Anderson and Misses Virginia Lee Sammann and Marie Scheele.

TYPOGRAPHICAL ERROR: The apparel off proclaims the woman.

Money and man are much alike. The tighter each gets the more it talks.

My Neighbors

"Folks wantin' to swap independence for 'security' will soon find they swapped themselves out of both. Political horse-traders ain't no thieves."

Defoliation Of Cotton Is Urged

College Station. — Defoliation of cotton, either naturally or with chemicals, is a must if the crop is being harvested with machinery. And even if the cotton is being picked by hand, the speed of picking is increased and a higher percentage of the crop is harvested when the plants are defoliated.

The specific chemical defoliant to use and the method of applying it will depend on the growth of the cotton plants and the weather conditions, according to F. C. Elliott, cotton work specialist for the Texas A. & M. College Extension Service.

When dust defoliants are used plenty of moisture in the air and a heavy dew on the plants are necessary for satisfactory results. For best results the dew should remain on the leaves for at least three hours after the dust has been applied. Elliott says that the dust may be applied ahead of dew.

Dusting by airplane usually gives better results than applying the defoliants with ground dusting machinery, especially when the cotton plants are large.

In an experiment recently completed at the Weslaco sub-station of the Texas Agricultural Experiment Station, research specialists found that defoliants can be applied effectively with a ground spray machine in wind velocities too high for the application of dusts. Fenders were used in front of the tractor wheels to prevent damage to the cotton plants, and the spray machine did an excellent job of covering the leaves with defoliant in a ten mile per hour wind.

Elliott advises applying the chemical defoliants after the youngest bolls are 25 days old, but at least two weeks before the first frost is expected. When the cotton is being grown under irrigation on light, sandy soils, the defoliants are applied about 15 to 18 days after the final irrigation. On the heavier soils, 21 to 30 days after the final irrigation is best.

If calcium cyanamide dust is being used for defoliating cotton, Elliott recommends that it be applied only when adequate dews are present or expected. Apply at the rate of 30 to 40 pounds per acre.

The spray defoliants are prepared by mixing the chemical powders with water at the rate of one pound of powder per gallon of water. Sprays can be used effectively in the absence of dews and when there is very little moisture in the air.

Ammonium thiocyanate may be used for defoliating fully

mature cotton at the rate of ten gallons of spray per acre.

When potassium cyanate spray is used, Elliott recommends that it be applied at the rate of seven to ten pounds per acre in seven to ten gallons of water.

Six to seven gallons per acre of a pound-per-gallon solution of sodium chlorate with sodium pentaborate solution is recommended for defoliating with this chemical spray.

Defoliating with sodium monochloroacetate requires five to nine pounds of the powder per acre in five to nine gallons of water.

Elliott recommends that cotton growers who use the chemical defoliants check with their local county agents or with the chemical supply representatives in regard to the recommended applications per acre. An over-doseage

of some of the defoliants freeze the leaves on the plants, and an under-dose gives poor defoliation.

He also warns farmers to take necessary precautions when applying the chemicals to prevent the rusting of machinery, damage to other nearby crops, injury to the operators' skin, and lungs.

A. W. Greene, 67, of Ft. Worth died at his home Saturday was a brother-in-law of Mrs. S. Webb of Lockney.

Mr. Green was a native Tennessee, but moved to Lockney 36 years ago. He was in the pliance business in Fort Worth. He bought cotton in Lockney for several season years ago. Survivors include his wife and daughters, one half-sister and one grandchild.

Farmers Worried About Child Labor

Farmers of this area are worried about the new amendment to the Fair Labor Standards Act...

A severe penalty may be assessed against a farmer who employs such child, during school hours, the law states...

The question is whether a farmer is liable when he makes a contract with a crew leader to harvest his crop and deliver it to the gin...

Meanwhile local farmers are wondering who they can employ and whether to accept crews containing children or not.

License Examiners Sought By State

Austin. — The Driver's License Division of the Texas Department of Public Safety has openings for a number of Texas' young men as Driver's License Examiners.

Homer Garrison, Jr., Director of the State Safety Department, announced today that his organization is accepting applications from qualified men to fill existing and potential vacancies...

Garrison listed the following qualifications as necessary for appointment to the positions: 21 to 35 years of age, inclusive; a minimum height of 5 feet 8 inches; weighing not less than 2 pounds or more than 3 pounds per inch of height; good physical condition; a citizen of the United States and a resident of the State of Texas for at least one year immediately prior to appointment...

Applicants will be notified later of the dates and places where written and oral examinations will be conducted, according to Garrison. Base pay for Driver's License Examiners, the Director stated, is \$240.00 monthly, with the added advantage of two weeks annual leave; low cost Departmental life insurance and group accident and sickness insurance for members and dependents; and benefits of the State Employees Retirement Plan.

Applicants will be notified later of the dates and places where written and oral examinations will be conducted, according to Garrison. Base pay for Driver's License Examiners, the Director stated, is \$240.00 monthly, with the added advantage of two weeks annual leave; low cost Departmental life insurance and group accident and sickness insurance for members and dependents; and benefits of the State Employees Retirement Plan.

Applicants will be notified later of the dates and places where written and oral examinations will be conducted, according to Garrison. Base pay for Driver's License Examiners, the Director stated, is \$240.00 monthly, with the added advantage of two weeks annual leave; low cost Departmental life insurance and group accident and sickness insurance for members and dependents; and benefits of the State Employees Retirement Plan.

Applicants will be notified later of the dates and places where written and oral examinations will be conducted, according to Garrison. Lockney, Tulia Lead In 3-A

The Lockney Longhorns and the Tulia Hornets, who incidentally meet on Mitchell-Zimmerman Field here Friday night, are tied for the lead in District 3-A as a result of the games played last Friday night. Paducah has not lost a game either but has played only one.

Last Friday night the Longhorns won over Abernathy on penetrations 3-2 after the teams had deadlocked 13-13 on the score.

Tulia swamped the Ralls Jack-rabbits 32-14 at Tulia for an easy win. They previously defeated Spur on penetrations after the 7-7 tie in the score.

Paducah swamped Crosbyton 32-7 in the Dragon's first district game.

Spur played Hamlin in a non-district affair, losing 34-18 and Floydada played Matador in a non-district game, winning 47-0.

Following is the district standings:

Table with 5 columns: Team, W, L, Pts., Op. Lockney 2 0 66 27, Tulia 2 0 41 21, Paducah 1 0 32 7, Ralls 1 1 33 14, Spur 0 1 7 7, Abernathy 0 1 13 13, Floydada 0 1 0 19, Crosbyton 0 2 21 85

Games This Week Ralls at Post (non-district) Paducah at Spur Tulia at Lockney Abernathy at Floydada.

Now Is Time To Cull Flocks

For those who have hens there is not better time to cull them than in the months of September and October, according to Newton Goodwin, teacher of the Veterans Vocational Agriculture Class here. It is during this season that the average production of eggs is at its lowest and the price is on the increase.

Old hens and non-layers should be sold to make way for the pullets which should be coming into production about this time, Mr. Goodwin said.

Several students from the veteran's school helped Edgar Flippin, another student, cull a flock of eighty three hens recently. Forty-eight were sold as culls which left him only thirty-five probable layers. Regardless of the large number of culls sold, the number of eggs received per day dropped only from twenty-five to twenty, it was reported.

The guy who said that money talks wasn't referring to hush money.

Store Only Sound Cotton Seed

College Station. —Farmers and seed breeders are cautioned to check their freshly-ginned cotton seed closely for damaged seed before storing. Only sound seed with a moisture content of less than 12 percent are suitable for storing, unless sufficient facilities are available for drying and cooling the seed.

This warning comes as the result of an experiment conducted at the Texas Planting Seed Association plant in Bryan by H. F. Miller, assistant professor of agricultural engineering, Texas A. & M. College, and L. E. Ellwood, manager of the Texas Planting Seed Association.

The results of the experiment show that no heating or decrease in germination percentage occurred during five months of storage in one bin which was filled with cotton seed containing eight to ten percent moisture and two bins which contained seed with an average of 11 percent moisture content.

Definite signs of heating occurred in another bin which was filled with cotton seed containing 10 to 12 percent moisture, but the seed were kept from deteriorating and the germination percentage was preserved by drawing air through the seed at weekly intervals.

Three other bins were filled with somewhat unsound seed which contained 14 percent moisture. The seed had an average germination test of 40 percent when stored, but this dropped to zero after four and one-half months of storage.

Miller and Ellwood warn farmers and seed breeders against storing cotton seed which has received field damage, even when sufficient facilities for drying and cooling the seed are

Rheumatic Fever Hits Young Children

Austin. — While the specific cause of rheumatic fever has not been discovered, several factors associated with it and its onset and recurrence are now generally recognized, said Dr. Geo. W. Cox, State Health Officer.

Rheumatic fever is serious because it may affect the heart. Age is important. Rheumatic fever usually begins in childhood at about 5 or 6, although adults

may have it. There is a susceptibility to the disease which causes rheumatic fever to be more common in some families than in others. The other factors which may favor its onset, combined with an individual's susceptibility, are frequent chilling, damp or over crowded living quarters and a poor diet.

The more characteristic signs include painful, inflamed joints. The child may be irritable without good reason, cry easily, or develop other nervous habits.

But he that hateth his brother is in darkness, and walketh in darkness, and knoweth not whither he goeth, because that darkness hath blinded his eyes.—First John 2:11.

The reason some folks don't recognize opportunity is that it is often disguised as hard work.

It is well to remember when you begin planning and saving for a rainy day that rainy days are always longer than the bright days when the sun shines.

America must be vigilant to recognize Communism for what it actually is—a malicious evil which would destroy this nation.—J. Edgar Hoover, director of the F. B. I.

Someone describes Hollywood as the place where they live happily after every divorce.

In his message the other evening President Truman made the plea that the people of this country buy only what they had to have, as they needed it. To do otherwise, it was pointed out, would create a scarcity, and a scarcity will result in higher

prices. Price control is that simple. It is not something to be handled by the government at Washington but by the individual right here in our town.

An exchange, commenting on the difference of opinion that arose recently between General MacArthur and President Truman regarding Formosa, recalls that the same thing happened between General MacArthur and President Roosevelt, preceding the Jap attack on Pearl Harbor. General MacArthur, preceding Pearl Harbor sent a message to President Roosevelt urging the complete defense of the islands. He insisted that Japan would eventually strike at that spot and it was necessary that the Philippines be strongly held to protect our outer defenses of the United States. He and Roosevelt disagreed to the extent that the General was allowed to resign from the Army. He was later reinstated to active duty, but too late and with too little to fulfill his plans before Pearl Harbor. Many experts today, recognize MacArthur as one of the best informed men on the working of the Oriental mind. He has spent a life time studying their problems and understands their viewpoint and beliefs. This expert knowledge of the General's, many believe, should be used in our present situation and not made the occasion for outbreaks like the one which recently took place.

We take the following from one of our exchanges: Several hundred people received a dramatic and tragic lesson on driving the other evening when an elderly lady was struck down by a car which was driven too fast on the crowded city streets. As she lay under the car screaming from pain several hundred people gathered about while the car was being rolled and lifted from her bruised and twisted body. In the several minutes that elapsed before the ambulance arrived her cries and moans penetrated the outer fringe of the growing crowd. Every one present will remember always the tragic incident and will think of it every time he takes the wheel of his car to drive through a crowded thoroughfare. It is unfortunate that it requires something like this to bring some car drivers to their senses and to whip up the law for more determined crack downs and control of irresponsible and careless drivers.

A short time back a dollar was worth 60 cents, that is, it would buy what in normal times could be bought for 60 cents. Today the dollar is worth about 50 cents. The difference is inflation.

THE EXPERT (?) MECHANIC

With Our EXCHANGES

DRUNK DRIVERS . . .

Hundreds of good people will be killed on the highways of the United States before the year 1950 ends.

There seems to be little public indignation over the slaughter. The average automobile driver, acquainted with the natural hazards of the road, hesitates to incite drastic penalties through the fear that some unavoidable catastrophe will land him in the hoose-gow.

There was a time when high speeds were blamed for most of the accidents but the years have produced better cars and better highways. What would have been criminal carelessness in the twenties and thirties is considered reasonably safe in the fifties, and, some years from now, the present high speeds will be

routine. There are certain recognized criminal acts in connection with the operation of motor vehicles, however, which will continue to be condemned. Driving an automobile under the influence of alcohol is one of them. It is dangerous, not only to the driver, but to all who use the highway. It should be severely punished and yet, in many instances, convictions are had to secure and punishment is avoided. The drunks are public enemies when operating automobiles and should be "persuaded" to let others drive in peace. It is a crime and should be properly punished as a crime. To do this will save some lives in 1950. —The Shamrock Texan.

A MULTI-HORSE RUNAWAY

Have you ever stopped to think how many horses you're driving at the wheel of your car? In the old files of The Record, of thirty and forty years ago, we

frequently run across stories of run-away teams, and they caused a lot of excitement in those days. Frequently people were hurt, and occasionally someone was killed in one of those run-aways. And everybody got excited.

But they seldom hitched more than four horses to a wagon . . . or two to a buggy. And thirty miles an hour was a lot of speed.

Still, a run-away was something to talk about; and youngsters weren't turned loose with a team until their folks were sure they were able to control it. Folks respected those horses, and kept a tight rein.

How many horses are you driving today? Sixty? Eighty? A hundred, maybe?

If you had a 60-horse team in front of your car, you'd be pretty careful how you drove it, wouldn't you? And you wouldn't think of turning the kids loose with all that horsepower. A 60-horse run-away would be something for the books.

Well, you've got a lot of horses hitched to the family car . . . and they can run away, too, if you let 'em get out of control. Don't ever forget it.—The Canadian Record.

FAITH COMES TO GI . . .

Pvt. Robert Williams of Chicago, from Korea, wrote his mother: "I learned about God the hard way (in a Korea foxhole). I didn't go to church much before, but it's different now and always will be. That was a night I won't forget—on the front lines. It seemed like the shells were coming closer and closer to our foxhole. Let me tell you, God was the only One Who saved us. I prayed from dark to sunrise."

Fear of death, desire for life, now and hereafter, are man's strongest instincts. No man looks at death without looking beyond it.

What is it that sends a man to his knees when all earthly help is gone? The greatest thing about God is that He is a merciful God. Faith is the invisible chain that links man to Him. Faith is born in curious places. It is often kindled in crisis, matured in experience and glorified in death. Faith is not a futile thing. Private Williams, only 18, resorted to the last weapon.—The Dallas Morning News.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

October 8, 1908

The Lockney gin ginned the first of the season's cotton on last Saturday doing four of the squares up in a neat bundle. I. A. E. Box was first and W. P. Talley second.

A fact that looks significant is that Ira Broyles is now the owner of a fifteen acre truck garden farm in San Luis Valley, Colorado.

E. L. Ayers & Company no longer may complain of lack of clerks the latest arrival being a son at the home of Mr. and Mrs. Ayers on Tuesday, 29 ultima.

The wind blew some last week and on Sunday night the blessed rain came from the North. Probably the farmers who feel disposed may now grumble about the grass rotting.

A load of tin came in Wednesday morning for the College building cover.

Stanford Goen hauled the mortal remains of the Lockney Band to Floydada on last Tuesday in the form of a band wagon which the boys in Floydada intend to use in the parade at the fair.

December 6, 1918

All public gatherings in town are quarantined indefinitely. This has been done on account of the influenza which is spreading over town. The public school has been closed also. A number of the teachers were sick and they were compelled to close. It will be closed indefinitely.

E. Guthrie returned Friday from Wichita Falls where he has been for the past week on business.

Norman Livesay of the ship Minnneapolis is here this week visiting with his sister, Mrs. Floyd Barber.

Mrs. J. R. Johnson and daughter

ter Ida, called on Mrs. W. Tack Tuesday. Mrs. Tack underwent an operation a short time ago, but is now home and improving rapidly.

The snow is still with us and it looks as if winter has set in real earnest. Hog killing seems to be the order of the day also.

Holds Everything... on any hill!

No matter how steep the grade . . . you can park your Chrysler and it won't roll. With Chrysler's new "Easi-Lock" Parking Brake you have three times ordinary braking power. Yet only one-third the effort is required to pull it on with your finger tips. Nothing you've ever used equals its ease and sureness. No straining—yet once it's on, nothing can budge your car. It's just

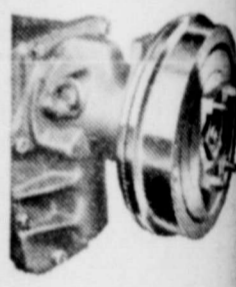

one more new advantage that puts Chrysler still further ahead in safety! Just one more good example of the built-in value all the way through that we believe will make you a Chrysler buyer for life. Come in today for the demonstration that will prove you can't beat Chrysler for extra money's worth through and through.

New Easi-Lock Parking Brake

... with 3 times ordinary braking power!

Amazing Chrysler engineering development. Only 1/3 the hand pull required. New internal expanding parking brake is self-energized to multiply effective braking power. Completely enclosed. Mounted on propeller shaft—independent of wheel brakes—the safest, surest brake you've ever used.

See it—drive it . . . there's built-in value all the way through!

Chrysler Driving Advantages:

Fluid Drive . . . automatic gear shifting with exclusive car control High Compression Spitfire Engine . . . extra power at all speeds. Superfinished parts for longer life. Chemically treated cylinder walls for greater wear! Waterproof Ignition System . . . prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean longer.

Chrysler Comfort Advantages:

Chair Height Seats . . . no crouching on the floor . . . Functional Design . . . room for your head, legs, shoulders. Easy to enter and leave. Center-arm Steering . . . minimizes road shock, wheel light. Rubber Body Mountings . . . Floating Power . . . eliminate vibration, help give softest, smoothest ride in history.

Chrysler Safety Advantages:

"Easi-Lock" Hand Brake . . . holds car parked on any hill Safety Kim Wheels . . . won't lose tires after blowouts at normal speeds. Constant Speed Windshield Wipers . . . electrically operated—won't slow down when you step on gas. Safe Guard Hydraulic Brakes . . . exclusive balanced brake power, smoother stops, less pedal pressure.

Evidence of poor management in Federal construction is a consistent underestimation of costs. Congress was told that the Colorado-Big Thompson project would cost \$44 Million; it cost \$131 Million. The cost of the Hungry Horse project in Montana grew from an estimated \$5,300,000 to \$93,500,000. Such discrepancies, the Hoover Commission noted, were due largely to inadequate and incompetent preparatory surveys.

Wheat Urged Plant Good ing Wheat

Station.—Good baking as well as good yield, is important in the selection of a variety of wheat for planting. A. Miller, extension agronomist at Texas A. & M. College, says the wheat produced for the flour trade, and a percent of the flour is commercial bakeries. Bakeries require a quality of wheat which they can bake into bread that their customers demand.

Miller says that Texas former-reputation for producing quality wheat which is demanded because it was produced from good varieties. This reputation is temporarily lost because wheat varieties with high qualities have been imported from other states.

Miller reports that surveys by the Texas Wheat Improvement Association reveal that Texas is gaining its reputation. Surveys show that there has been a 10 percent, or approximately 500,000 acres, increase

in the acreage of good wheat varieties planted in Texas from 1947 to 1950.

New improved varieties developed by Experiment Stations and private plant breeders are not only good yielders, but also have good baking quality. Since the new varieties are good yielders, Miller says that there is no longer any need for planting varieties with poor baking quality.

As recommended varieties for the main wheat area of Texas, he lists Comanche and Westar for baker's flour and Wichita and Triumph for family trade flour. Tenmar and Turkey produce excellent quality baking flour, but do not give as high yields as Comanche and Westar. Miller points out that the big market demand is for the varieties of high quality baker's flour and that producers should keep this in mind when selecting their wheat varieties.

Miller says that, as soon as more seed are available, the new Quannah wheat variety will probably become popular in the Rolling Plains area and in North and Central Texas, where it is well adapted.

Before marriage they bill and cook. After marriage the cooking stops and the billing begins in earnest.

BEAUTY IS YOUR BIRTHRIGHT

By MONA

Hi! Honey!

Three years ago we lived in Santa Monica, California, in a beach house right on the sand. The house had a big front porch built over the water and we were on it all day long.

As my skin soaks up sunshine like a sponge, I soon was a brown blur with a tan as dark as my hair, which after a while became streaked and dry from too much sun, salt water, and wind. My tan was velvety, but my hair was a dull, faded mop that looked even more awful every time I saw the girls next door with their smooth silky blonde braids.

One evening in sudden decision, I went into the medicine closet, took out a bottle of peroxide and poured it over my hair, outside of the faintest sparkle, nothing happened. Now my mind was made up. Next morning I walked to the drugstore, bought a bottle of twenty volume peroxide and when I used it this time my hair had glowing highlights. I was elated.

When those pretty sisters next door saw me they admired my hair but suggested that I use ammonia with the peroxide. That was all I needed to know. In two months' time my hair changed from dishwater brown through all the golden blonde shades to a shining platinum. I produced the platinum by soaking my head in a mixing bowl filled with concentrated ammonia and high volume peroxide. I bleached my eye lashes and eyebrows pale yellow trying to look like a natural blonde.

Now my hair was more manageable than it had ever been because all the natural oils were removed by bleaching and it was so stiff that I could easily wave it in any fashion. To make it shine I had to plaster it with brilliantine which, being sticky, held the dust. Consequently, my hair had to be washed every three or four days or it would be grey instead of platinum.

As I told you in a previous issue my hair grows rapidly. Every few days I had to touch up my part, and in my sloppy way I'd bleach half of my hair trying to get at just the roots, but my hair was so satiny white I didn't begrudge the work.

When my hair had been peroxidized for about five or six months I noticed, one night Saturday after I had washed, bleached, and dried it, a wet spot about the size of a quarter on the crown of my head. It

DOUBLE SWEET

Charming Doris Day, Warner Bros. star, looks as sweet as she sings. She is fresh as a daisy in her navy chambray with gores of white eyelet inserted to make a circular skirt. The bolero is in matching white eyelet, and she sets off her costume with snowy white cotton string gloves.

radn't dried, and it never did dry. When I waved my hair that wet, kinky piece broke off at the roots. I was so scared that I left my hair absolutely alone, but nothing helped and it didn't stop breaking off until I was half bald.

It was terrible. I lived in scarves, even sleeping in them at night. As a wig cost more than I could afford I desperately considered a toupee, wildly visualizing myself as an egg-headed, hairless freak for the rest of my life. After eons of agony my hair slowly grew in but peculiarly, it was lighter and it took a long time for it to return to its original, mousey color. After that harrowing experience I have left my hair alone, and even today I shudder when ammonia and peroxide are mentioned.

Which doesn't mean that I don't appreciate a delicate bleach. And there are few girls who bleach their hair successfully — the natural blonde who would like to be a wee bit fairer, the natural blonde whose hair has dulled with the years and who wants to brighten it a smidgeon, or the natural blonde who is trying to hide grey hair.

I certainly don't like the re-

sults when the redhead or the brunette bleach their hair. They invariably exchange sheen, texture and subtle shading for coarse, straw-like texture with a flat mat color that doesn't have any resemblance to corn silk, though it does to corn shucks. Bye Honey, see you next week, Mona.

All beauty questions sent to "Beauty is your Birthright" 246 Fifth Ave. N. Y. C., N. Y. will be gladly answered.

Concussion Kills Silverton Player

Silverton.—Billy Charles Wilson, 17 years old, left halfback and fullback for the Silverton High School Owls, died late Friday of a concussion, suffered in a football game between the Owls and the New Deal Lions.

He was rushed to a Silverton hospital, after he collapsed. He was the son of Mr. and Mrs. Buster Wilson of Silverton.

Coach Hank Brown said Wilson appeared to be dazed as he came out of a fourth-quarter play. Brown said he went out on the field and led Wilson back to the bench, where Wilson suddenly collapsed.

Brown said he had watched the play very closely and did not believe Wilson had been hit on the head.

"It was a defensive play and Wilson was in on the tackle," the coach said, "but the referee also told me he was sure the boy had not been injured in this play."

Brown said Wilson had complained of headaches and "head trouble" last summer and had withdrawn from early football practice this year.

He was reported to have been

injured in an auto accident some years ago. The young man was a distant

relative of Mrs. T. Z. Reed, the Rigdon and Lawson families here.

TECH LATE ENROLLMENTS SWELL STUDENT NUMBERS

Lubbock. — Late enrollments at Texas Technological College have swelled the total number of students to 5,434, the office of the registrar announced today.

The men students, 3,994, outnumber the women almost three to one. The coed count is 1,440.

The breakdown of students showed 1,607 enrollments in arts and sciences, 1,105 in business administration, 793 in agriculture, 432 in graduate work, and 352 in home economics.

A loose fitting jacket aids in disguising the bulk of a large man and hides the slimness of a man who is too thin.

Winners Named In Girls 4-H Work

The annual Achievement Day for girls' 4-H Clubs in Floyd County was held Saturday in the American Legion Hall in Floydada. An exhibit was held of various articles the girls had made during the year to reach their goals in 4-H Club work. Ninety-two articles were on exhibit. Ribbons were awarded on each exhibit as follows:

Scrap Books: Blue ribbons to Carolyn Williams, Mona Rae Williams, Frances Allen, Naomi Allen.

Dresses: Blue Ribbons, Mona Williams, Frances Allen, Carolyn Williams, Patricia Spears, Shirley Womack, Betty Bowman, Naomi Allen. Red ribbons to Frances Allen and Naomi Allen.

Blouses: Blue ribbons, Patricia Spears, red, Frances Allen, white, Frances Allen.

Skirts: Blue, Patricia Spears and Donita Milton. Red, Naomi Allen. Beuna Holmes, Frances Allen (2).

Weskits: White, Frances Allen. Show Bags: Blue, Frances Allen, Betty Bowman, Lajuana Womack, Patricia Spears, Red to Beuna Holmes, Naomi Allen, Juanice Shearer.

Pillow Protectors: Blue to Juanice Shearer, Patricia Spears, Mona Williams, Lajuana Womack, Red, Bauna Holmes, White, Virginia Taylor, Betty Bowman.

Pillow Cases: Blue, Frances Allen, Beuna Holmes, Naomi Allen. Red, Mona Williams, Patricia Spears, Sonja Beth Wilson. White, Lajuana Womack, Betty Bowman, Nancy Bollman, Virginia Taylor.

Bed Spreads: Blue, Jean Porter. Pajamas: Red, Frances Allen, Naomi Allen, Beuna Holmes.

Cup Towels: Blue, Sonja Beth Wilson. Coin Purse: Blue, Frances Allen.

Pot Holder: Blue, Frances Allen, Naomi Allen, Sonja Beth Wilson. Red, Lajuana Womack, Virginia Taylor, White, Carolyn Williams.

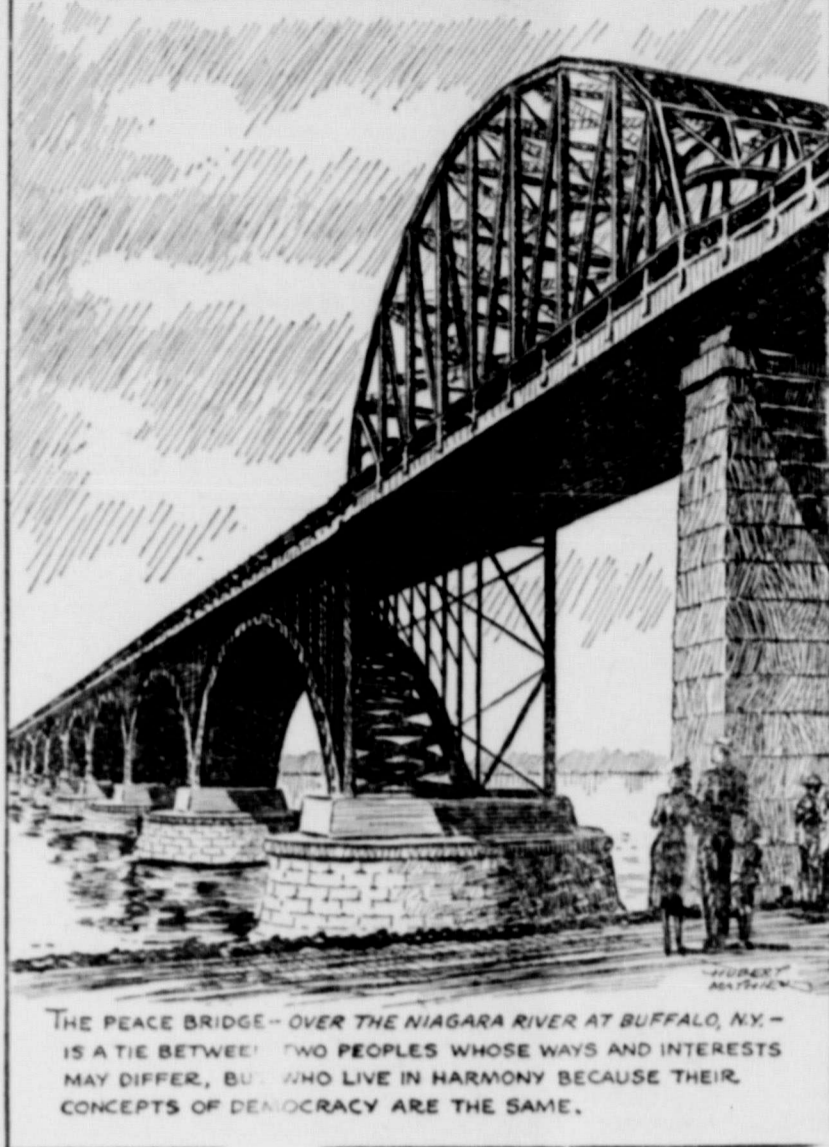

Dresser Scarf: Blue, Frances Allen, Mona Williams, Red, Beuna Holmes, Naomi Allen, Patricia Spears, Virginia Taylor.

Laundry Bag and Dress Cover: Blue, Patricia Spears.

Apron: Blue, Betty Bowman. Snap Beans: Blue, Joy Ann Porter, Jean Porter, Dorales Barnett, Red, Beuna Holmes, White, Betty Bowman.

OUR DEMOCRACY — by Mat BRIDGING THE BORDER

ACROSS THIS BRIDGE THE FREE CITIZENS OF TWO NEIGHBORING DEMOCRACIES PASS FREELY BACK AND FORTH AS THEIR WORK OR THEIR PLAY REQUIRE.

THE PEACE BRIDGE—OVER THE NIAGARA RIVER AT BUFFALO, N.Y.— IS A TIE BETWEEN TWO PEOPLES WHOSE WAYS AND INTERESTS MAY DIFFER, BUT WHO LIVE IN HARMONY BECAUSE THEIR CONCEPTS OF DEMOCRACY ARE THE SAME.

Cucumber Pickles: Blue, Dorales Barnett, Jean Porter. Red, Betty Bowman, Dorales Barnett, White, Juanice Shearer, Patricia Spears.

Beet Pickles: Red, Dorales Barnett. Pickled Pepper: White, Dorales Barnett.

Peas: White, Betty Bowman. Tomato Juice: White, Dorales Barnett, Beuna Holmes.

Grape Juice: White, Beuna Holmes. Pears, Apples, Plums: White, Dorothy Hargis.

Plum Butter: Blue, Dorothy Hargis. Peaches: White, Juanice Shearer.

Points were counted with a blue ribbon counting three; Red, two points and White, one. High point winners were:

1st: Frances Allen, 36 points.

2nd: Patricia Spears, 24 points.

3rd: Naomi Allen, 22 points.

4th: Beuna Holmes, 17 points.

5th: Betty Bowman, 15 points.

6th: Mona Williams, 14 points.

Scoring was done by Miss Leila Petty, County Home Demonstration Agent. Assisting in the days activities were Mmes. A. V. Womack, Lloyd Allen, O. G. Shearer, J. P. Taylor, Woodrow Wilson. Dahlias for decoration were furnished by Mrs. A. G. Cardinal.

Legumes are fine soil building crops if they are properly inoculated and fertilized. Inoculated legumes may well be called nitrogen factories for they have the ability to take nitrogen from the air and store it in nodules on their roots.

Lights Increase Fall Egg Production

College Station. — Poultrymen can increase their fall and winter egg production and take advantage of the high prices of these seasons of the year by using simple electric light.

For maximum production, a hen needs 12 to 14 hours of light a day, says W. J. Moore, associate poultry husbandman for the Texas A. & M. College Extension Service. He explains that the electric light can be used to artificially lengthen the hen's laying day.

The use of artificial light should begin about the middle of September, and should be used until next spring. Moore cautions that the light rays must fall on the birds for best results, even if they stay on the roosts.

Moore says that it is not the extra feed which the birds may eat that keeps egg production up during the winter, but the effect of the light. And it makes no difference whether morning or evening lights are used, although morning lights are more common since they are more convenient for the poultryman to use.

In using morning lights, the recommended procedure is to turn the lights on about 30 minutes before daylight in the fall of the year as the days begin to get short, and to turn them on a little earlier each morning as the days get shorter.

When evening lights are used, the lights are turned on in the late afternoon before dark, and are allowed to burn until the birds have received their 12 to 14 hours of light per day. Moore cautions poultrymen to dim their evening lights for a few minutes before turning them completely off so the hens will have time to get on the roosts.

Extremely large light bulbs are not necessary for providing plenty of light for the laying hens. Moore recommends using two 25- to 40-watt bulbs for each 400 feet of floor space.

We can remember when the country's crime problems were solved in the high chair instead of the electric chair.

H. & S. Butane Company Adds Two-Way Radio

stride with, if not ahead of, developments in Floyd county is H. & S. Butane company.

Its past week installation and wiring was completed on an radio transmission station in company's office on the wye northwest Floydada as well as installation of receivers and transmitters in four of the company trucks for two-way radio communication.

The new rural phones helped service to the people of Floyd county, by speeding the time of receiving orders, thus decreasing the time a customer might be in need of fuel," said Buck Johnson, owner of the butane business. "To coincide with this time saver we have installed this two-way radio set on our trucks to further decrease the time of receiving a customer's tank. In the past, if a customer called in his order, regardless of how near a service unit might be, he had to wait till the truck came to town so the driver could be notified of the order. When an order is phoned in, we will notify a truck which is within a mile or so of the customer's residence, thus saving a very prompt service of his order."

The company feels that this will be particularly handy in busy seasons, such as irrigation season or in unexpected snaps when people are out without a sufficient supply of fuel and are shivering as they wait for the truck to come.

"We are trying to stay up with the times and give our customers the best possible service, and that this is a long step in that direction and making our company one of the most modern in its part of the country," said Johnson.

at Catapillars Ruining Trees

The tent caterpillar is ruining many valuable trees throughout the county, states Bob Gibson, county agent.

These worms eat the foliage of the trees which weakens the tree and quite often caused a portion of the tree to die. The worms can be controlled effectively by thoroughly spraying the tree with a 5% DDT solution. One application usually sufficient, however more than one application should be used if necessary to control the worms, Gibson said.

Providence News

By Delores Sammann

It seems good to this community to once again hear the tractor noise, as the farmers are busy getting their feed crops and sowing wheat. Since the rain passed us up this week end, and hoping it will not rain for at least another week or two.

Karl Sammann of Plainview was a luncheon guest in the home of Rev. and Mrs. H. L. Anderson and David Sunday.

Mrs. Karl Sammann is in the Abell Clinic at Lubbock receiving treatments. Her many friends at Providence wish for her a speedy return home and in perfect health.

Mr. and Mrs. J. W. Mathis and Linda motored to Borger last week to visit in the home of Mr. and Mrs. Vernon Collins, and spent an enjoyable visit while there.

Mr. and Mrs. W. E. Johnson and Ronnie visited in the home of Mr. and Mrs. Walter Sammann and girls Tuesday.

Arline Matthews spent Thursday night with Alice June Baker. Roy Johnson visited L. Ray and Doyle Croch on Saturday.

Mrs. Harold McLaughlin, Maebeth, Pat and Don, gave Mr. McLaughlin a surprise birthday party at their home Thursday evening. Square dancing was enjoyed. Delicious refreshments were served to Messrs. and Mmes. Clarence Brandes, Luther and Lloyd, Ted Boedecker, Cecil, Marilyn, Larry and Foncine, M. C. Scheele and Marie, J. W. Mathis and Linda, Harold McLaughlin, Don, Maebeth and Pat, and W. E. Johnson and Ronnie.

Mr. and Mrs. Clarence Brandes and Mr. and Mrs. Jim Jones were luncheon guests in the home of Mr. and Mrs. E. M. Quebe Sunday.

Foncine Boedecker and Ronnie Johnson spent Sunday afternoon with Delores, Carolyn and Valera Sammann. Horseback riding and boat riding were enjoyed.

Mrs. Henry Sammann spent Sunday as guests of Mr. and Mrs. Ted Boedecker.

Mr. and Mrs. Clarence Brandes and Mr. and Mrs. Albert Sammann visited with Mr. and Mrs. Walter Sammann Sunday afternoon.

Euleta Buhrkuhl spent Tuesday nights as a guest of Rosa Lee Brown.

Ruta Rosental was on the sick list last week end. But is back in school this week.

Mr. and Mrs. W. E. Johnson and Ronnie, Mr. and Mrs. J. W. Mathis and Linda and Carolyn Jo Sammann were dinner guests in the home of Mr. and Mrs. Harold McLaughlin Friday.

Ronnie Johnson spent Saturday with Valera Sammann. Horseback riding was enjoyed.

Carolyn Jo Sammann spent Friday night as a guest of Maebeth McLaughlin.

Llama and Ausma Karlove spent Sunday with Ruta and Mara Rosental.

Mrs. Robert Rosental spent Saturday of last week with Mrs. E. Karlov.

Mr. and Mrs. Jack Faver of Plainview spent Thursday with Mr. and Mrs. Marvin Scheele and Marie.

Mrs. Ralph Brown of Ruidosa, N. M. visited in the Providence community last week.

Mr. and Mrs. Walter Sammann spent Wednesday visiting in Plainview.

GO TO CHURCH SUNDAY.

Rocks Record Indian Treaty

Austin. — Two rocks bearing records of an 1850 peace treaty between seven Indian tribes and the U. S. government, will soon be displayed in Texas Memorial Museum at the University of Texas, Museum Director E. H.

Stellards announced.

Donated by Guy E. Risien and Leon Longley of San Saba, the rocks are symbols of the Indians' and white man's attempt to settle grievances and end hostilities in Texas. Soldiers, commanded by Major H. W. Merrill, left Fort Martin Scott at Fredericksburg and met representatives of the Indian tribes in

San Saba County near Spring Creek, now known as Wallace Creek.

There the treaty was signed December 10, 1850. Two rocks were engraved with the names of the tribes and of Merrill and U. S. The treaty was published in San Antonio and the stones set up at the place of parley.

The earliest state editorial association was organized in Wisconsin in 1853.

Another New Service Added!

Floyd County has one of the best rural telephone systems in operation today which has increased the speed of receiving orders. This was of great value in reducing time involved from time of need to time of delivery, however, speed of receiving orders alone was not the solution to efficient delivery.

Addition Of Two-Way Radio Communication On 4 Trucks

Along with the increased speed of order transmission, we have added a two-way F. M. Radio Station with two-way communication with four trucks. This enables us to transmit to a truck, probably in the vicinity of the person ordering, and eliminating the delay of returning to town after each delivery, reducing the time of delivery by hours in many cases.

PICTURED ABOVE: H. & S. BUTANE CO. AND SERVICE STATION on west side of the wye in Floydada. In the background is the tower for the main radio station recently installed.

We have installed this system to render a quicker and better service to our customers and prospective customers in the Lockney-Floydada area. This service is for you... take advantage of it... for your next order phone No. 156 Lockney or 89 Floydada and enjoy the benefits of this "stepped up" delivery service designated to stay ahead of the times.

Josh Wheeler First Artist On Concert

When Josh Wheeler, eminent baritone, appears at the Floydada High School Auditorium on Tuesday, October 10th the Floydada Municipal Concert Association members will enjoy one of the nation's truly outstanding voices.

During the recent war Mr. Wheeler's impressive reputation as a singer and actor brought about appearances in motion pictures with such other notables as Clark Gable, Robert Preston, Ezra Stone (radio's Henry Aldrich), and Josh Logan, the brilliant director of Broadway's latest smash hit "South Pacific."

Wheeler's roles in Verdi's "Rigoletto," Puccini's "La Boheme" and "Tosca," Bordin's "Prince Igor" and many other great operas have developed him into one of the country's outstanding stage personalities.

Curtain time for the concert will be at 8:00 p. m. The Association's members are urged to be on time for latecomers, who will not be seated until the conclusion of the first group, will miss the outstanding opening numbers on the program.

Shorthorns Defeat Abernathy Again

The Lockney Shorthorns hung another defeat on the Abernathy grade school team Tuesday night at Abernathy when they won a football game 26-13. The boys are coached by Bill Birdwell.

The Shorthorns jumped into a quick 13-0 lead within a few minutes after the game started. They received the kickoff and drove down for a score then kicked to Abernathy, the kick going into the end-zone. When no Abernathy player covered the ball Philip Daniel covered it for the Shorthorns second score.

Bill Paschal made one score and Stanley Perry took two passes for scores. Outstanding in the line were Carol Carthel and Marion Cross.

The Shorthorns are scheduled to play the Floydada grade school team here on next Tuesday, October 10 and at Floydada on October 17.

Mr. and Mrs. C. O. Graham of Los Angeles, California arrived last Saturday to spend three weeks with his father, George Graham.

GO TO CHURCH SUNDAY.

Wayland Station Now On The Air

Plainview. —KHEY, Wayland's radio station, went on the air for the first time on Monday, Sept. 25 from 5:30 to 7:30 p. m., broadcasting from the administration building, and will be on the air every evening during these same hours.

Leonard L. Holloway, speech teacher, is in charge of the station and of all the programs which it broadcasts.

The 24 students of the radio speech class, taught by Mr. Holloway, are responsible for the 42 programs each week. Each student has a program of five to 30 minutes in length each day, in which he plays records, furnishes "live talent," or newscasts.

The equipment for this station was donated by Mrs. Iva M. Lambert of Dallas, in memory of her son, H. B. Lambert, who was killed in World War II. The last three of the station's call letters are his initials, H. B. L.

The frequency modulation band covers a radius of ten miles, and can be heard at 88.1 megacycles. The amplitude modulation band is restricted to the campus area, and is located at 600 kilocycles.

Mrs. C. D. Merrick visited in the home of Mrs. Sid Hanna of Tulla, Saturday afternoon September 30.

1951 Cotton Acreage Expected To Be Much Higher

College Station. — The present world situation and weather conditions over much of the cotton producing areas of the nation can have a strong bearing on the 1951 cotton crop in the United States. World conditions have materially increased the demand for cotton and weather conditions are very unfavorable at this time so far as the production of high quality planting seed for 1951 are concerned.

According to Fred C. Elliott, extension cotton work specialist of Texas A. & M. College, the seed situation is so bad that steps must be taken immediately to prevent an actual shortage of the better adapted varieties of planting seed for next year. He says too much moisture at harvest time materially affects the keeping qualities of cotton seed. When seed that is high in moisture and free fatty acids is stored, heating occurs and this causes seed losses as well as poor germination. He says there is practically nothing that can be done to take care of the free fatty acid problem but that good storage facilities and the proper handling of the stored seed will help some and will hold the damage that can be caused by too much moisture to a minimum.

With these facts in mind, Elliott recommends to farmers who have a good seed supply of the better adapted varieties of cotton, that they store this seed for 1951 planting purposes. Good gin run seed of the adopted variety should be saved in each area to take care of the maximum acreage that might be planted in the gin community in 1951.

He urges farmers and ginners to cooperate in saving and storing seed that should be saved for planting purposes, and points out that the building up of reserves of good planting seed must be done within the next few weeks because the present cotton crop is now moving rapidly to gins.

There are other items the cotton producer should be considering at this time, says Elliott. All cotton stalks should be cut and plowed under just as soon as the harvest is completed. Area wide stalk destruction programs are the most effective. Next year's infestation of boll weevils pink bollworms and possibly other cotton insects can be reduced by early stalk destruction programs.

The land on which cotton will be planted in 1951 should be seeded to a fertilized and if needed, inoculated winter legume. This crop will protect the land against erosion and usually will boost next year's yield. The losses caused by rot are materially lessened when cotton follows a winter legume crop.

Elliott urges farmers to purchase now the fertilizers needed to produce their 1951 crop. He says supplies next spring may not be adequate to take care of demands chiefly because of transportation problems. He further suggests that you contact your local county agricultural agent for information on seed storage, proper handling of seed in storage, winter legumes for your area and on most any other question dealing with cotton

Hospital News

J. D. Wood is still receiving treatment.
Mrs. George Turner Jr. was dismissed October 2.
Mr. and Mrs. Pat Adams are the parents of a baby son born September 28. The young man was named Rickie Dean.
H. S. Calahan Jr. was admitted September 29 and dismissed October 2.
H. S. Calahan Sr. was admitted September 27 and dismissed September 29.
Glenn Mitchell was admitted October 2 and dismissed October 4.
Bonnie Singer underwent major surgery October 2.
H. W. Thornhill was admitted September 27 and dismissed September 29.
Mrs. Ike Johnson was dismissed October 1.
Mrs. W. J. Simpkins was dismissed October 1.
Mrs. A. L. Vernon was dismissed September 29.

Mrs. C. H. Boedeker was admitted October 4 for medical treatment.

CARD OF THANKS

We wish to thank everyone who was so good to our mother during her illness, for the flowers and visits, for your words of cheer and comfort, for the blood that was given, and for all the other many things you did for her and for us. We wish, too, to express our heartfelt gratitude to all of you who made our lot easier to bear in our bereavement. May God's richest blessings be with you all.
The Family of Mrs. G. J. Stapleton.

George Washington laid the cornerstone of the national capitol.

Letters From Readers

A THOUGHT PROVOKING QUESTION
How would you like to live in Russia? How would you like for your children to be taught that there is no God?
When we stay away from church we are helping our country to be more like Russia. We are saying by our actions that God and the church do not amount to much.
Remember what Jesus said: "Whosoever shall offend one of these little ones that believe in me, it is better for him that a millstone be hanged about his neck and he were cast into the sea."
Let's go to church Sunday and keep our church Christian and free.
A Reader.

Watch your expiration date.

CARD OF THANKS

We wish to express our sincere thanks to our many friends for the courtesies and sympathy extended to us at the death of our beloved husband and father, W. O. Stark. May God bless each of you.
