Mahon's Bill To Allow Mexican Harvest Labor

Congressman George Mahon reports from Washington that on Monday of this week, he introduced a bill which would permit Mexican families and their children to assist in the cotton harvest this fall. The 81st Congress, through an amendment to a labor bill, added in the Senate, had approved legislation prohibiting labor by children under 16 years of age in agriculture during school hours.

According to Mahon, the provisions on child labor have proved unworkable; it has disrupted the work of many of the schools, slowed down the cotton harvest and diminished the chance of the children of Mexican families to go to school by denying them the income they normally secure from the cotton harvest. Moreover, it is argued that the matter of child labor in agriculture and the question of school attendance are problems that can best be handled by the states and not the federal government.

Mahon's bill provides that restrictions as to child labor shall not apply to the harvesting of basic crops. The bill has been referred by the Speaker of the House Committee on Labor for consideration. In introducing the bill, Mahon said, "We are being called upon by the government to produce 16 million bales of cotton this year in the interest of national defense. There is no use to try to produce a big crop unless we can harvest it."

In a further effort to improve the chances for securing labor for the cotton harvest, Mahon has appeared before the House Committee on Agriculture and urged passage of the Poage Bill, which is designed to greatly increase the availability of labor from the Republic of Mexico.

Farmers are deeply concerned over the threat of a labor shortage for the harvesting of the cotton crop. Members of Congress who are aware of the situation are seeking to be of all possible assistance. In addition to the bill by Mahon, bills of somewhat similar nature have been introduced by Congressmen Fisher and Rogers of Texas. The problem is to devise a measure that can win the support of a majority of the Members of the House and Senate.

Deputy Sheriff A. K. May of Lockney filed a charge of speeding against Karl Austin King of Plainview as result of an automobile collision here Sunday night. King's pickup struck the right fender of a pickup driven by J. H. Widener at the intersection of Spruce and South Main Streets.

No one was injured and the pickups were not badly damaged.

Speeding Charge Filed By May

Omar Parrish, president of the Floyd County Pioneer Association has called a meeting of the directors to be held Saturday afternoon, March 31 at 2 o'clock at the County Court room in Floydada. Plans for the annual reunion will be made. The county will be 51 years old this May.

Old settlers and anyone who is interested in the affair is invited to attend the meeting, Mr. Parrish said.

Pioneer Directors Called To Meeting

The Lockney Volunteer Fire Department was called Monday to the David Jackson home in southeast Lockney where they quickly extinguished a fire in the kitchen. Window curtains had blown over a cook stove catching them on fire, burning the curtains, some wall paper and scorching the woodwork.

Fire At David Jackson Home

Mr. Fowler, a long time resident of Floyd County, celebrated his 90th birthday on February 20th at his home in Lockney. He was born in Oktibbeha County, Mississippi, near Starkville in 1861, the year the Civil War broke out. He came to Texas in 1877 and has lived on the plains in or near Lockney since 1905. A large number of his friends called throughout the day and in the evening to wish Mr. Fowler many happy returns.

Two Terms Will Expire On County School Board

The terms of J. T. McLain in Precinct 1 and Ben Quebe in Precinct 2 expire on the County School Board this year and the two places will be filled along with trustees for various districts in the county in voting on April 7.

McLain has announced that he will not accept re-election. It was believed here that Mr. Quebe would allow his name to be filed again for the office he holds. Hold-over members of the board are Bill Beedy of precinct 3, Earl Edwards of Precinct 4 and Robert W. Smith, trustee at large.

In the various common school districts of the county from one to three trustees will be named.

The South Plains district will name a successor to J. K. West, J. P. Taylor and L. T. Woods; at Sand Hill the term of Lloyd Allen expires and at Lakeview, L. W. Johnson, at Lone Star, W. T. Rankin, Cedar Hill, Charlie Dillard; at Baker, Herschel Green; at Providence, M. C. Scheele; at Campbell, J. A. Baxter; and at Dougherty, terms of J. A. Colston and R. T. Jones expire.

In the Floydada district the terms of Cecil Hagood and John W. Reue expire. Hold-over members are A. T. Hill, Aaron Carthel, J. P. Moss, Ernest Lee Thomas and R. G. Dunlap.

Four Floyd Students Honored At Tech

Lubbock. — Three Texas Technological College students were presented with college honors keys at the recognition convention at the Tech Gymnasium this week by Dr. D. M. Wiggins, president. They are James L. Cooke, McLean, Engineering; Walter C. Perkins, Lamesa, Engineering, and Lee Robert Pfluger, Eden, Agriculture.

Individual honors are given a student who is recognized for the first time; class honors for the second recognition; divisional honors for the third recognition, and college honors for the fourth time.

Those receiving divisional honors included: Edwin D. Langford, Lockney.

Those receiving individual honors included: Jeanne D. Battey, Floydada; Joyce R. Carthel, Lockney.

Those recognized for student leadership included: Charles Beedy, Floydada.

Mr. and Mrs. Jake Griffith left Wednesday for the Valley where they plan on vacationing for the next several weeks.

Softball Plans Are Being Made

The spring weather of this week has started local softball players and fans to thinking of plans for the coming season.

A meeting of all team managers has been called for Friday night of this week at the Fire Station starting at 7:30. Every team is urged to have its manager or representative present at this meeting.

Ladies To Practice
Betty Givens issued a call Wednesday for all ladies who are interested in playing softball to meet at the softball field at 6 p. m. Thursday to begin practicing.

School Census Is Being Completed

The annual school census is being completed and school officials are anxious that all children who will be not less than six years of age and not more than 18 years of age on September 1, 1951 be enumerated.

Trustees in the outlying districts are taking the census in their own districts and J. J. Harris is enumerating the children in the original Lockney district. Parents whose children have not been enumerated are urged to contact Mr. Harris at The Beacon office, their local trustee or Supt. Sidney Reeves at the high school.

Mr. Reeves said that care should be taken especially to see that all children who will be six years of age by Sept. 1 of this year are enumerated. Also he said that anyone who has moved into this district recently should have their children enumerated since the census is counted on the basis of residence of April 1.

Mr. Reeves said Wednesday that first returns indicated that the census in the entire district would probably run about 10% higher than last year when 824 were enumerated. Mr. Harris had enumerated 400 in the original Lockney district up to Wednesday. The total last year was 428.

Wright To Preach In Revival Here

A revival meeting starting Friday night of this week at the First Baptist Church will continue for a 10 day period with Rev. J. H. Wright, pastor of the First Baptist Church of Levelland doing the preaching. Rev. Wright is a widely known and powerful preacher and large numbers are expected to hear him.

Joe Reeves, director of the choir, will lead the singing for the services.

Services will be held at 10 a. m. and 8:00 p. m. each day extending through Sunday, April 1. Prayer groups will meet at 7:30 preceding the evening services.

Cottage prayer meetings have been held this week in a number of homes preparatory to the meeting.

A. O. Gilder Dies Here Wednesday

Abner O. Gilder, age 83 years, passed away here late Wednesday evening of last week after an illness extending over a six year period. He had been bedfast for several years.

Funeral services were held at the Carter Funeral Home here Friday morning at 10 o'clock conducted by Rev. E. J. Cobb, local Baptist pastor, and the body was shipped to Dallas for interment.

Mr. Gilder was born in Jackson, Miss., September 9, 1867. He moved to Texas in 1895 and was united in marriage with Miss Edna Glover in 1898 at Copeville, Texas. He had lived in Lockney five years.

He was a member of the Baptist Church and was a 32nd degree Mason.

Survivors include his wife, one son, Grady Gilder of the U. S. Navy, one daughter, Mrs. Florine Beck of Dallas, Texas. Another daughter, Mrs. Lillian Hudson, preceded her father in death. Two sisters, Mrs. R. G. Hughes of Fort Worth and Mrs. Maggie Abbott of Copeville also survive as does one brother, Jimmie Gilder of Fort Worth.

Cedar Well Down To 3,591 Feet

The Houston Oil Company No. 1 John S. Lackey wildcat 12 miles east of Lockney was down to 3591 feet Wednesday at noon, according to a report to The Beacon from Alvin Nichols, who lives near the well location. The crew is drilling in shell and dolomite, it was said.

Operators set intermediate casing for the well over the week end at a total depth of 3,295 feet and were drilling ahead in the Clear Fork lime. Top of the Clear Fork was picked up at 3,270 feet on an elevation of 3,174 feet.

The well is scheduled to go 9,800 feet or production with a minimum depth of 8,600 feet.

Red Cross One Day Drive Tues.

Lockney will attempt to do her part in the current Red Cross drive next Tuesday in an all-out one-day effort, M. W. Wiley, local drive chairman said Wednesday.

Mr. Wiley will use local civic clubs in contacting people of the city and hopes to complete the drive in the one day.

The county goal is \$3700 this year and it will be necessary for most people to give more than they did last year if the goal is reached, it was pointed out.

Mr. Wiley urges every local citizen to decide what they will give to the Red Cross this year and be ready to make that contribution Tuesday.

Services For R. W. Dew Held Tuesday

Funeral services for R. W. Dew of Lubbock, formerly a resident near Lockney, were held at 3 p. m. Tuesday at the Overton Methodist Church in Lubbock.

Dew died Sunday morning at the Lubbock Memorial Hospital. Mr. Dew inherited the farm of his brother, Allen Dew, a few miles southwest of Lockney when the brother passed away several years ago and moved on the farm, living there for about a year before he sold it.

Survivors are his wife, two daughters, Mrs. G. H. Green and Mrs. F. L. Hart; three sons, W. A. A. R. and F. C. Dew, all of Lubbock; a sister, Mrs. L. P. Goen, Los Angeles, Calif., and nine grandchildren.

Bilbrey Now Sole Owner Of Motor Co.

Mr. Bilbrey established the motor company here about five years ago and the business has steadily grown into one of the best Chrysler-Plymouth dealerships in the area.

Polio Drive Nets Chapter \$3,777.67.

Floyd County contributed a total of \$3,777.67 to the polio fund this year, according to figures released by Edward Wester, secretary.

The campaign this year was for a practically doubled quota since the heavy demands of last season had completed depleted the local and state funds, and this and other counties had to call on the national foundation for help.

Polio cases this year in Texas are very light to this date compared to last year.

Floyd REA Extensions Made

Announcements has been made by J. C. Ginn, board president of the Floyd County Rural Electric Cooperative, Inc., of the completion of a \$433,000 project involving domestic service to many members and irrigation service to a large area in Hale and Floyd counties.

This construction is the result of a sign-up by members beginning in 1948 and requesting service to serve themselves with power for irrigation and domestic use. According to L. W. Chapman, manager, most areas served by the Cooperative either have lines ready for service or planned in the immediate future. The future is either uncertain due to restrictions on materials and amount of work that can be done on account of the defense program.

The area north and east of Plainview covering Liberty, Finney Switch, Eastmound and Prairie View communities will be served by the huge 7500 KVA station located four miles north and two miles east of Plainview.

The area south, southwest, and east of Plainview covering Hale Center, and north of Happy Union communities will be served by a large 6000 KVA substation.

As the result of survey along this line it is announced that if a person enjoys one fourth of his work he had best continue in it and make no change. If he enjoys less than a fourth of the work he is doing a change is advisable.

There may be a better formula for success, but if there is trot it out. Work at something if you can't get the kind of work you want, take the kind you can get. If you can't get the wage you want take the wage you can get. Get to work on time. Don't be a clock watcher. Work for the interest of your employer and save a part of every dollar you earn.

Starting to build? Then insure today.

Anybody who starts to build anything should get "builders risk" insurance the day he starts.

It protects you against loss of a partially built building by fire or lightning. A workman's torch, a loiterer's cigarette, a brush fire or a bolt of lightning may wipe you out before you even get started.

And, though you have a bona fide contractor who has provided for payment of employees' compensation, you should also have liability insurance to protect you against accidents to members of the public.

FORD WINS AGAIN!

V-8 TAKES FIRST PLACE IN CLASS "A" 1951 MOBILGAS ECONOMY RUN

Both Ford V-8 and SIX Deliver more than 25.9 miles per gallon

Grueiling 840-mile test proves Ford Economy

Again this year... it's high honors for Ford! In the most important economy trial for American stock model cars... the famous annual Mobilgas Economy Run... A Ford 100-h.p. V-8 equipped with Overdrive took first place competing against all cars in its price class, making 54.587 ton-miles per gallon* and 25.994 miles per gallon. And its companion in quality, the new Ford SIX with Overdrive, was right up there with the winner. In fact, both cars averaged better than 25.9 miles per gallon.

Traditional Ford economy, for the second straight year, has been proved in open competition. Proved on the tough 840-mile grind from Los Angeles to the Grand Canyon... a course that included city traffic, below-sea-level desert heat and 7,000-foot mountain passes. Ford's Automatic Mileage Maker, standard equipment on all Ford V-8's and SIXES, contributed to this great achievement by squeezing the last mile out of every drop of gasoline.

Why not "Test Drive" the new Ford at your neighborhood Ford Dealer's? There's no better way to be convinced that "You can pay more but you can't buy better!"

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles travelled, divided by number of gallons of gasoline consumed.

"I got the story on

50,000 Miles-No Wear

and changed to New Conoco Super Motor Oil"

says J. D. Gladwin, Pontiac Dealer, Clinton, Iowa

"THE LOWEST OPERATING COST IN 12 YEARS in the Yellow Cab business—that's what we got when we changed to new Conoco Super Motor Oil," reports J. O. Jackson, Owner-Manager, Tyler, Texas. "Our operations are day and night the year around—a tough job for a motor oil. I recommend Conoco Super."

"AFTER AN OVERHAUL JOB, MY CUSTOMERS who change to Conoco Super Motor Oil have no difficulty driving their cars 50,000 to 75,000 miles without any more work on them," writes R. K. Comstock, Garage Owner, Oklahoma City, Oklahoma. "Conoco Super keeps engines clean and cuts way down on wear."

"50,000 MILES-NO WEAR!"—PROVED

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

Garden Club Meets With Mrs. Rankin

The Lockney Garden Club met March 16 at 3:00 p. m. in the home of Mrs. T. V. Rankin.

Subject for the meeting was Seed Gardens with Mrs. J. D. Huggins as leader. Roll call was answered with What you have Peeping Through. Mrs. Frank Roberson gave an interesting report on Preparation of Hot Beds, and Mrs. O. J. Huggins talked on Sowing Seed in the House. Mrs. Alex Norris held a round table discussion on How to protect Transplanting. Following the program plants were exchanged among the members.

Twenty members attended the meeting. The next meeting will be in the home of Mrs. Herman King April 6 at 3 p. m.

Aiken W. M. S. Meets At Church

The Aiken W. M. S. met Wednesday, March 14 at the Baptist Church.

The program for the day was the "Annie Armstrong Home Mission." The program was opened with each member repeating the "Lord's Prayer," led by Mrs. J. M. Tye. Mrs. O. J. Welch, Mrs. A. P. Shugart and Mrs. Johnny Elam gave interesting talks on our Foreign and Home Missions. Mrs. J. M. Tye sang "Swing Low, Sweet Chariot", accompanied by Mrs. L. T. Cox. A special Annie Armstrong Home Mission offering was taken. The meeting was closed with prayer by Mrs. Klyce Ooley.

Those present were: Mmes. O. J. Welch, L. L. Scott, Johnny Elam, J. M. Tye, L. T. Cox, R. C. Rogers, Dub Buckner, Vernon Campbell, Klyce Ooley, Thelma O'Brian, Odie Dorman, Henry Moore and A. P. Shugart.

The next meeting will be at the church on March 28.

CARD OF THANKS

We appreciate very much the kindness of all our friends and acquaintances during my recent stay in the hospital. We will always remember your thoughtfulness and will always appreciate it. Especially do we appreciate the very fine service we received at the Lockney General Hospital. We thank the doctor and every member of the staff for your kindness.

Miss Irene Hall of Fort Worth will arrive home Friday to spend several days with her mother, Mrs. Pearl Hall. Miss Hall is working at the Wesley Community Center at Fort Worth.

Mrs. C. L. King Is Homemaker Of The Year

Mrs. C. L. King of Lone Star was chosen conservation homemaker of the year for Floyd County. The purpose of selecting the conservation homemaker of the year is to recognize the cooperation given by rural women in Texas in the field of soil conservation. The Ft. Worth Press, Houston Press and El Paso Herald Post are again sponsoring the annual conservation awards program of "Save the Soil and Save Texas," of which the conservation Homemaker is a part.

Mrs. King was chosen to represent Floyd County by a judging committee of the Floyd County Home Demonstration Council.

A score card, "Conservation and Development of Home Grounds" and a story of Mrs. King's work was used as the basis for selection.

Mrs. King, a former chairman of the Floyd County council, has held all the offices in the Lone Star Demonstration Club, is active in the work of the Lone Star Baptist Church and the W. M. U. She is a member of the La Verana Study club and has served as an officer in that organization. Her hobbies are sewing, textile painting and ceramics.

Mr. and Mrs. King live on an irrigated farm north of Lone Star. The convenient arrangement of the whole farmstead, shows planning and foresight.

Mrs. King has been landscape demonstrator and leader for her home demonstration club and has made many improvements since moving to their farm three years ago.

The Kings are cooperators with their soil conservation district.

Mrs. Chloma Williams of the Harmony community and the Harmony Home Demonstration club was Floyd County's only other entry in the conservation Homemaker of the year contest. It was difficult for the committee to make a decision between the two entries. The committee was composed of Mrs. Howard Drysdale of Dougherty, Mrs. Thurmon Perry of Fairview, Mrs. Rafe Ferguson, Starkey and Roy Wilkes of Pleasant Valley.

Mrs. King's story and score card have been sent for judging for the regional contest.

Mrs. A. H. Kries of the Friendship club was chosen winner in this contest last year.

Home-grown grain and forage can usually be marketed very profitably through cattle.

Rasco Tells Of Korean People

Korea is a most primitive country. David Rasco told members of the Lockney Business & Professional Women's Club at the annual bosses' banquet Tuesday night in the Methodist Church basement. Not only are the people in a primitive state in their daily living but their roads, transportation and equipment are also primitive, he said.

Mr. Rasco, city editor of the Amarillo Daily News, spent three months in Korea last fall as a correspondent for the Amarillo News-Globe. He was in Korea during the U. N. invasion at the port of Enchon and the drive almost to the Korean border by United Nations troops.

Mrs. Estelle Powers was toastmistress and the invocation was given by Mrs. LaVerna Brunner. A vocal solo, "Let There Be Light" was rendered by James Carthel, accompanied by June Wiley at the Piano. Miss Wiley played two piano solos and James played a haritone solo, "The Holy City."

Mrs. Powers introduced Edgar Hays who in turn introduced the speaker of the evening, Mr. Rasco.

The guest list included Miss Inez Carlisle, president of the B&P Women's Club of Plainview, Mary Howard, Mildred Tucker, Martha Clements, Joan Clements, Isabel Huff, Ellen Ash and Eula Par-rack, all of Plainview; Mr. and Mrs. Rasco of Amarillo; and the following local people: Edgar Hays, Ediel and Gerald Sams, Estelle and Payton Powers, Bud and LaVerna Brunner, Ada and O. C. Bailey, Wanda Baker, Mrs. W. L. Thomas, Francis O'Hearn, Thelma Hodel, Tandy and Windy Hartzel, Velma and Jesse Cox, Joe and Birda Foster, June and Wayne Bybee, Wilma and Claude Brown, Ellen and M. W. Wiley, Vada and George Webster, Beth and Bill Watson, Rex and Floyd Jackson, Bettie and R. L. Knox, James Carthel and June Wiley.

Two Relatives Of Truett's Claimed

Two relatives of the J. P. Truett family were claimed by death the past week end. Mr. and Mrs. Truett and John Perry went to Amarillo Monday to attend the funeral of Mr. Truett's cousin, Mrs. Lonnie Price, who passed away the preceding Friday.

While they were away, Mrs. Truett's mother, Mrs. M. P. Fullerton, received a call from Matador that her brother-in-law, W. H. Watson had died suddenly. Funeral services for Mr. Watson were held Tuesday afternoon at the First Baptist Church in Matador. He was 79 years of age.

EDITORIAL

O my people, what have I done unto thee? and wherein have I wearied thee? testify against me.—Micah 6:3.

With all the changing around in the proposed re-districting of this part of the state, Floyd County people ought to be alert to see that this county is not switched off into a congressional district wherein it would have no common interest with other counties. Such a proposal has been sugges-

ted but apparently has been discarded, at this writing. We hope that counties of the High Plains will be grouped together since their interests usually run along the same channel.

Congratulations to the high school band and Director Gene Trimble. Their performance of last Thursday evening was excellent and is a very worthy accomplishment considering the few members the band had to start with at the beginning of this school year. A band, like a football team, cannot be grown in one year. We predict that Mr. Trimble, given a year or two more, will produce a band that will compare with any in the area.

The problem today with the individual who has saved up a little money is what to do with it. Each year due to inflation his savings become worth less in purchasing power than they were the year before. The problem with many today is to add enough each year to the savings account to make up for the growing inflation. In other words it is not a matter of increasing savings so much as it is maintaining them at present levels. At the present time a dollar is worth around 50 cents when it comes to purchasing power—and that is the only rule by which the dollar value can be measured. A savings account that totaled \$1000 ten years ago was worth \$1000. Today the same savings account is worth only \$500. In order to have the same value in his savings account today that he had in 1940 the owner of the \$1000 savings account must have increased it up to \$2000.

A local girl who is choosy about her man says she will get married when she finds a man as good looking as Gregory Peck, as intelligent as Einstein and as rich as Henry Ford.

GOOD HEALTH

Answer to Question No. 1:

1. The two most dangerous periods for accidents are between the ages of one and four and again after 65. Most accidents occur in the home; one third in the dining room or kitchen; about one fourth on porches or in the yard and one fifth in living or sleeping rooms. People over 65 should be especially careful and among other things should not climb ladders. People of every age can prevent accidents by using normal precautions.

Answer to Question No. 2:

2. The most common immun-

izations are against typhoid and paratyphoid fever, diphtheria, lockjaw, whooping cough, spotted fever, typhus fever and smallpox.

Answer to Question No. 3:

3. According to a recent survey, the life expectancy of the residents of Nebraska, South Dakota and Minnesota is greatest. This applies to both the male and female population of those states. In all three states the women live, on the average, between three and four years longer than the men.

OPPOSITION SPEAKS

While we don't expect the Texas Legislature to pay much attention to what we have to say, nevertheless we want to voice our opposition to three bills now pending before that body. Personally, we don't think any of them will pass, but unless public attention is called to them, there is always a possibility.

The first is the Chambers bill on Congressional redistricting. For some unknown reason Mr. Chambers took Crosby and Floyd counties out of Congressman Mahon's district and put them in a district running east as far as Jack and Montague counties. Now just what do we have in common with Wichita Falls, Jacksboro and Montague. Why, we are not even on speaking terms with those East Texas boys. That would be worse than no representation at all, because there would be nothing but frustration for Crosby county people as far as legislation is concerned. We advise you to write your representative, Mr. Waggoner Carr, and express your opposition to the bill.

Then comes a bill which would prohibit chiropractors in Texas from advertising, outside of a professional card. Since Texas already has a bill prohibiting fraudulent or false advertising, this bill is one against advertising itself. And the shocking thing is that the bill was not sponsored by the chiropractors themselves—an Austin lawyer wrote and induced Representative Wood of Crockett to introduce it. It is an attempt to tell newspaper publishers what they can and cannot publish. We are told on reliable authority that the doctors introduced this one.—Trends in Crosbyton Review.

NUTS TO NEHRU . . .

India is seeking 2 million tons of grain for its starving country. This country is being asked to supply it. And to pay for it, of course.

In connection with famine-ridden India, we recall that a neighboring nation, Pakistan, has 2 million tons of grain for sale to India. But India doesn't want to do business with Pakistan; she's much rather go to war with her to settle more political differences. India would much rather have the grain transported half-way around the world at this country's expense than to work out a business with Pakistan.

As for the grain, at least, we say nuts to Nehru—Balls Banner.

The village pessimist predicts that there will be plenty of parking space for all in the city reputed to have streets of gold and gates of pearl.

Of course - it's Electric!

It's electric because there is no better way for complete food protection.

Today's high food prices demand the best in food protection. You get the best in electric refrigeration. The valuable vitamin and mineral content of meats, fruits and vegetables are kept at peak perfection. And you have the added value of making frozen salads and desserts which bring new pleasure to menu planning.

See the glistening electric refrigerators now being displayed by your electric appliance dealer. Keep your food values up and your food costs down with dependable electric refrigeration.

Sunday afternoon at 3:05 p. m. Miss Lula Livesay and S. Floyd Barber were united in marriage at the brides parent's home in Lockney. Judge F. P. Henry, of Floydada officiated, and besides a number of relatives a large number of friends were present at the ceremony. Miss Lula is a very worthy young lady, one of the most popular in town and indeed worthy of the honest energetic young business man that Floyd Barber is.

Dr. J. C. Dial left Thursday for Cone, Texas, which place he, with his family will make their home. He notified us to state that if he owed anybody for them to write him and settlement would be forthcoming.

Sunday evening last, Miss Josie Talley and Nathan E. Waller drove from services at the College to the home of Prof. M. V. Showalter and were there by him united in marriage. Miss Talley is the daughter of Mr. and Mrs. W. P. Talley, who are most es-

timable people of our town, she having a large circle of friends to attest to her popularity and worth as a lady. Earnest is the eldest son of Mrs. Nat G. Waller, long a resident of Lockney. He deserves all the praise he receives as a man of worth and character.

OFFICE SUPPLIES at The Beacon Office.

It won't be long now until we will all be looking over our fishing tackle and getting ready for our spring fishing. In fact some of the boys have already, but I am afraid they were a little early, especially on the larger lakes as they are slow to warm up at this time of year, and the fish are not very active until the water gets a little warmer.

To assemble a fishing kit that's complete in all essentials, yet simple and down to earth—that ought to be easy, thinks the novice. But unless he gets help from an experienced fisherman he will find it really a chore. For fishing with live bait only, in just one limited area, the job would be a pushover. But it's safer to be prepared for any kind of fishing in far-off waters as well as at home and there comes the rub. If you don't know what you want it's confusing to look over the trays of lures, hooks, and other accessories in a well stocked tackle store. You're confused by the many sizes, styles, and colors, and you end by buying needlessly. You cannot get a well-balanced assortment that way. Now, it is possible to assemble a basic supply that will stand you in good stead almost anywhere at any time. But there is no infallible lure or bait, remember. Knowledge of the habits of the different fish, and how to work a particular type of lure in the right spot, is much more important than the kind of bait or make of lure used. We'll assume that already you're equipped with rods, reels, lines, and leaders suited to various types of fishing, but you need guidance as to hooks, sinkers, swivels, floats, spinners, spoons, wet flies, dry flies, streamers, buck-tails, bass lugs, and plugs—Hooks for bait fishing—The problem here primarily is one of size, though shape and weight of wire do make a difference. Hooks of both light and heavy wire are needed to meet conditions and kind of bait being used. Since hooks cost little, you can assemble a reasonably complete set for a moderate outlay. For trout and pan-fish, sizes 8 and 10 are best, though you will need size 6 too if you use an extra large bait. Don't put a large bait on a small hook so that point and barb are covered, or a small bait on a large hook. The barb and the point of a hook should be exposed to be most effective, and the thickness of the wire and size of hook should be suited to the delicacy and size of the bait. Neither the turned-up eye nor the turned-down eye has any advantage, one over the other. Many fishermen use either kind of hook without question. But you should always have some hooks with straight ring eyes for use with spinners. At times a worm or a piece of worm put on a hook which is trailing a spinner will take fish when neither bait nor spinner alone will do it. For bass hooks, sizes 4, 2, and 1 all are useful. A no. 4 is about right for worm fishing, unless you are using more than two worms, and also for fishing with the usual minnow 2 to 2½ inches long.

Lockney Boys Win Several Places In Show

A complete list of the placings at the Floyd County Junior Livestock Show at Floydada Wednesday of last week revealed that Lockney boys carried off their share of the honors.

A Floydada boy, Lavon Shearer, showed a calf that took top honors at the show but Bobby Baxter of the Lone Star community and a FFA member in Lockney High School ran him close second with his calf. Cattlemen Charles Lewis paid Shearer 75c per pound for his calf in the sale and the First National Bank of Lockney paid Baxter 46c per pound for the reserve champion. Shearer was named best showman of the show.

Jerry Bartram, also a Lockney boy, showed the grand champion pig and then came back to win the best pen of three and the showmanship award in his class. Bob Hambricht of Floydada took the reserve champion honors in this class. Massey-Harris of Floydada bought the grand champion pig for 41c. He was a Chester White.

In the sheep division—Billy Terrell's lamb took grand champion and he sold the animal to the First National Bank of Lockney for 56c. Norton Baker's fat lamb placed second and Dorsey Baker's lamb third. All three are Lockney boys. Terrell also won the showmanship award in the sheep division.

First place in the breeding ewes went to Billy Don Colston with Ross Flaherty second.

In the breeding gilts class Lawrence Stovall had the top animal shown and Olin Rapp placed second.

Eldon Fortenberry had the best aged sow with Lavon Shearer showing the second place winner. The grand champion animal of the dairy division was shown by Bill Carmack.

Ray C. Mowery of the animal husbandry department of the Texas Technological college, was judge of the show.

Floor bid on fat calves was 33c, for fat swine was 22c and for sheep was 36 1/4 cents.

In addition to other prizes, the Floyd County Farm Bureau distributed \$3 to each of the 81 club boys who exhibited at the show. The money was distributed by Harmon Handley, vice president and Harry Morckel, a director, of the bureau.

Money winners by divisions and placings were:

Fat lambs—Norton Baker, Dorsey Baker, Eddie Fortenberry, Billy Earl Terrell, Ross Flaherty and
