SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 49

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, JUNE 29, 1951

NUMBER 43

Fire Dept. Ahead In League Play

The Fire Department team forged ahead in the Lockney Softball league the past week by virtue of three wins against no losses while the American Legion team, leading last week, dropped into a tie for second place with Aiken Paymaster team because of two losses against one win.

Resume of last week's play: On last Thursday night, the Fire Department won over South Plains No. 1 by a score of 11 to 7 in the first game of the night while Aiken Paymaster played excellent ball to defeat the Lone Star team 7 to 1 in the second game.

On Friday night Providence ran away with the Aiken Elevator team, winning 29 to 1. The second game of the night was also a loosely played affair, the Legion team winning over South Plains No. 2 by a score of 24 to 14.

On Saturday night the battle between the two undefeated teams turned out to be not as good a game as expected. High winds and sand hindered play considerably but the Fire Department team came through to win 19 to 13. Al Willis started for the Fire department but was relieved in the fourth inning by Gayle West who finished the game. Paul Kropp pitched for the Legion. It was the first game lost by the Legion team.

On Monday night of this week in the best game played here since Lone Star defeated Providence 1-0, the Lone Star team won over the Legion team 4 to 3 in eight innings of play. G. B. Johnston stole home from third in the bottom of the eighth to score the winning run. The Lone Star boys were leading 3-0 in the 5th when Rusty Baccus hit a homer with two on to tie the score.

The same night a practice game was played after South Plains No. 1 forfeited to Providence because they did not have enough players present to make a team.

On Tuesday night Aiken Paymaster defeated South Plains No. 2 11 to 6 but not before the Aiken boys had some uneasy moments. South Plains scored all six runs in the second inning and took the lead but the Aiken boys settled down and held them the remainder of the game.

Aiken Elevator forfeited to the Fire department in the second game Tuesday night.

The present standings are:

Team	W	L
Fire Dept.	7	0
American Legion	6	2
Aiken Paymaster	6	2
Lone Star	6	3
Providence	5	3
Aiken Elevator	1	7
South Plains No. 1	1	7
South Plains No. 2	0	8

Schedule Next Week
June 28—Fire Dept. vs. Providence; Lone Star vs. South Plains No. 1.

June 29—Aiken Elevator vs. South Plains No. 2; Paymaster vs. Legion.

July 2—Lone Star vs. Fire Dept.; Aiken Elevator vs. Legion.

July 3—South Plains No. 1 vs. South Plains No. 2; Paymaster vs. Providence.

New Mechanic At Hammond & Co.

A new mechanic has joined the local International Harvester firm, Hammond & Company, and is already on the job. Claude Hammond said this week. He is Emmett Runnels from Dallas, and he has had lots of experience.

Mr. Runnels expects to move his family here in about two weeks.

STILL AT AMARILLO
Leslie Ferguson, who has been in the Amarillo Osteopathic Hospital for treatment of a back ailment, has been moved to the home of Mrs. Ferguson's brother, Syphel Cook in Amarillo. His condition is not improving a great deal, relatives report.

Mr. Cross and children are leaving Friday to be with Uncle Ben Reecer at Hospital, Dallas.

Cannery Will Be Open Every Day

Mrs. Sallie Griffith said this week that the Lockney cannery would be open every day beginning next week with the exception of July 4th. Vegetables and some fruits are already coming in and she expects that the cannery will get busier as the summer comes on. Already English peas, green beans and pineapples have been canned, an indication that vegetables are earlier this year than usual, she said.

Scouts To Open Swimming Pool Friday Afternoon

Local Boy Scouts will open the swimming pool here Friday afternoon and will operate it each week end, Friday, Saturday and Sunday from 2 to 6 p. m. it was announced this week.

The Scouts have been working at cleaning the pool and getting it ready for several days. Scout life guards will be on duty.

A special rate of \$1.00 for three days swimming is offered to Boy Scouts, Girl Scouts, Explorers and Cub Scouts. Others will be charged 50c and 35c.

Special parties may be arranged, according to Art Barker Jr., local Scout master. Assisting in operating the pool this week will be Rotarians N. S. Daniel, J. D. Copeland and Barry Barker.

Box Supper Clears \$370 For G. Scouts

The box supper and cake walk here Tuesday night cleared around \$370 for the Girl Scout troops of Lockney. It was reported Wednesday by Mrs. M. W. Wiley.

"Uncle Jay" of Radio Station KGNC, Amarillo, was present and helped with the auctioning and the entertainment. A large crowd was present for the occasion.

"Uncle Jay" started the ball to rolling by offering to buy one box for his radio sponsors for each box bought by local people at a price of \$5. Boxes were sold at a fast pace for a few minutes. A check up revealed that \$270 of the money came from local people and around \$100 will come from some 20 radio sponsors of Uncle Jay over the popular Amarillo station.

In a serious vein, Uncle Jay told the crowd that the "last of the good people on this earth" live in small towns such as Lockney, and he urged that the people should live more conservatively, give more time to thought to the rearing of their children and enjoy the simpler things of life.

Mrs. Wiley expressed the appreciation of the people of Lockney for Uncle Jay's coming and invited him back again.

On his radio programs Wednesday morning Uncle Jay was very profuse in his praise of Lockney people and the fine things he found here.

Other Contributions
O. C. Bailey of Lockney has recently given 50 bushels of wheat to the Girl Scouts and the same amount to the Boy Scouts which will mean a contribution of around \$100 to each organization. Mrs. Wiley also expressed appreciation for this generous gift.

Uncle Ben Reecer Some Better

Uncle Ben Reecer was reported to be improving in a Dallas hospital Wednesday. He has recently undergone two head operations after being injured on the streets here some time ago. He is rational most of the time now and relatives here are more hopeful for his recovery.

Gilbert Huls' condition is "about the same" relatives said Wednesday. He has been ill several weeks. He is at his home here.

MOTHER HARPER

Mrs. J. B. Harper Observes 95th Birthday Here Last Thursday

On Thursday, June 21st Mother Harper, as she is lovingly known to her many friends, observed her 95th birthday with a six o'clock dinner at her home here. The day and evening was one of great pleasure to her, as many friends called to wish her many more mile stones and to tell her how much her friendly smile and Christ-like attitude had meant in helping them mold their lives along the lines of Christian service.

Twenty-six relatives were present for the dinner. She received many letters from nephews and nieces whom she had helped put through college and also many lovely flowers from neighbors and other friends. She received many gifts, among the most generous being a \$500 check from her son, Dr. George Harper who resides in San Francisco.

A grandson, Winston Bley made pictures of Mother Harper as she sat in her wheel chair at the festive board lighting the candles on her four birthday cakes.

Mrs. Grace Byars Painfully Injured

Mrs. Grace Byars slipped on a banana peeling and fell on the sidewalk in front of the Powers Pharmacy Monday afternoon, splitting her kneecap. An operation was performed on the knee at the Lockney General Hospital immediately following the injury, the bones reset and the joint placed in a cast. Physicians are hopeful that the joint will heal without permanent injury.

Local Men See Vigo Park Tornado

Joe Foster of near Lockney and his negro farm hand, Willie McGee, were in the tornado that struck near Vigo Park Thursday of last week and although unharmed, were scared and very relieved to get out of it without injury.

The two men sat in the car while it was being whipped and tossed about and watched telephone poles bend to the ground and huge trees uprooted. Willie, the colored man, was especially nervous and wanted to "get out of here."

Maybe You Call Them "Pomatoes"

A. L. Phillips of Lockney brought in a potato vine to The Beacon office last week that has Irish potatoes growing from the roots and what appears to be young green tomatoes growing from the vines. Mr. Phillips grew the vine in his garden and says that he has several more of the same kind.

After a close inspection The Beacon has decided to call the plant a "pomato." It is on display in The Beacon office.

1951 Cotton Seed Support Price Is \$65.50 Per Ton

Price-support loans on 1951-crop cottonseed will be available at \$65.50 per ton for basis grade (100), according to T. J. Hutchins, secretary of the Floyd County Production and Marketing Administration Committee. In areas where a purchase program may be necessary, purchases will be made at \$61.50 a ton.

Prices on the 1951 crop of cottonseed will be supported by means of loans, purchase agreements, and purchases of cottonseed and of cottonseed products. The supports reflect 90 per cent of the January 15, 1951 parity price of \$71 a ton for average quality seed and are in line support announced for 1951-crop soybeans.

Other provisions of the cottonseed support program will be developed and announced later, Mr. Hutchins said.

Stores Will Close July 4

A survey by The Beacon this week indicated that all stores and business houses here would be closed on next Wednesday, July 4th, in observance of Independence Day. Laundries, grain elevators, drug stores and all other retail stores will be closed.

Possible exceptions to the closing will be some of the machine and blacksmith shops, service stations will probably be open a part of the day at least, and some of the cafes will remain open.

It will be the first general holiday observed by all stores since Christmas.

Since the holiday will be on Wednesday, it will be necessary for The Beacon to receive advertising and news, including rural correspondence, one day earlier than usual.

Cedar Wildcat Is Abandoned

Hopes for an oil well in eastern Floyd County were dimmed last week when the announcement came that Houston Oil Company would abandon and plug their No. 1 John S. Lackey well near Cedar Hill.

The well was drilled to a depth of 10,384 feet, some 500 feet lower than it was expected to go, and had reached a granite wash, it was reported.

No commercial shows were developed in any section of the well. Operators had hoped to find the Pennsylvania reef but the zone was never encountered.

There are rumors of other oil tests in the county but no definite announcement has been made regarding them as yet.

Leon Hill Thrills Audience At Lions

Rev. Leon Hill of Amarillo thrilled and entertained his audience here Monday night speaking to members of the Lockney Lions Club and guests.

The occasion was ladies night and installation of officers and a large number was present. Rev. Hill's subject was "Americanism" and his injected many serious thoughts into his otherwise humorous talk.

New officers installed were R. C. Mitchell, president; Clyde Applewhite, first vice-president; Kelton Shaw, second vice-president; F. O. Schacht, third vice-president; Udell Cunningham, secretary; Thomas Marr, treasurer; R. L. Knox Jr., lion tamer; Chester Mitchell, tail twister; Howard Thornhill, Tom Moore, H. B. Machen and Rhea Mitchell, directors.

ON VACATION TRIP

Mr. and Mrs. J. B. Seale and Velma are on a vacation trip to points in Colorado and California. They expect to be gone about two weeks.

Heavy Yields Mark Current Wheat Harvest

Unusually heavy per acre yields are the surprising thing about the current wheat crop, according to local elevator men. Almost every farmer who has cut wheat found the per acre yield heavier than he expected in spite of the winter drouth and the insect infestation.

Examples of the heavy yield as reported to The Beacon were:

J. R. Bell, who lives four miles west of Lockney, harvested an average of 44.9 bushels of wheat per acre off of 110 acres.

Tommy Chatham, on his farm near Sand Hill, harvested 51 bushels per acre off of one 18 acre block.

B. E. Harris, also near Aiken, harvested 47 bushels per acre off of one 25 acre block on his home place and cut 32 bushels off a 60 acre block in the same vicinity.

Local elevator men say that the wheat harvest is fast drawing to a close. The small acreage in this area, due to the insect infestation, made the harvest last only a short time. They estimate that it is 75% to 80% complete at this time. However the delivery of wheat to local elevators is considerably more than last year, probably four or five times as much, it was reported.

Tom Copes Will Celebrate 50th Anniversary Sun.

Open house Sunday afternoon will be held in observance of the Golden Wedding anniversary of Mr. and Mrs. Tom Cope of Lockney. The open house will be held at their home on South West First Street.

A large number of friends and relatives are expected to visit the couple during the afternoon. They have been residents of the Lockney community for 37 years.

Mr. and Mrs. Cope were married at Silverton on July 2, 1901, by the late Judge J. N. Stalbird. They moved to Floyd County in 1907 but did not move to Lockney until 1914.

They have four children and seven grandchildren. The children are Cecil Cope of Plainview, Guy Cope of Lamesa, Mrs. Blaine Holt and Mrs. Wayne Bybee of Lockney.

Girl Scout Leaders Club Organized

Organization was perfected Friday night of last week of a Girl Scout Leaders Club in a meeting held at the Methodist Church. Officers elected were Mrs. M. W. Wiley, president; Mrs. Dick Thompson, first vice-president; Mrs. Estelle Powers, secretary; Mrs. F. O. Schacht, reporter.

Also plans were made for a day camp which will probably be held at the city auditorium at a date to be set later. The Lockney Business & Professional Women's Club donated \$40 toward the cost of the camp. There are seven local Girl Scout Troops.

Irick News

By Mrs. J. C. Chambers

Lightning struck the home of Mr. and Mrs. John Holmes last Monday night, and did considerable damage. It tore the sheet rock off the bath room wall, split the rafters in the attic, tore up one of the gables on the outside and damaged an outside wall considerably. Mr. Holmes said that he was sure that the lightning struck the house more than the one time that night, because it could not have done the extensive damage that it did without it. They were away from home at the time. No hail has been reported this week.

Bonnie Allen, daughter of Mr. and Mrs. Wallace Allen spent last week in Wichita Falls visiting her aunt, Mrs. Max Fuqua and family.

Sunday guests in the home of the Wallace Allens were Mr. and Mrs. Max Fuqua and children, Mr. and Mrs. Ben Taack, of Wichita Falls; Mrs. W. E. Taack and sister, Maggie Dieter of Plainview; and Mr. and Mrs. J. D. Allen of Plainview.

Mr. and Mrs. Donald Davis of Childress visited in the home of Mr. and Mrs. Andy Jolly Sunday.

Mr. and Mrs. Carl Blair had as guests in their home Sunday Mrs. Blair's aunt, Mrs. Bernice Cheska from Albuquerque, N. M., and Mrs. Blair's father, E. W. McMurtrey from O'Donnell. The baseball fans from Irick enjoyed seeing Carl Blair knock that "home run" in the game between the Legion and Lone Star Monday night. It was a good game.

Mr. and Mrs. J. M. Ratliff and daughter, and Mr. and Mrs. B. E. Wright and children went to Roaring Springs for an outing Sunday afternoon.

Opal Rushing from Niles, Calif. visited last week in the Ratliff home.

Mr. and Mrs. John Holmes have a new daughter this week. Their son, William, was united in marriage to Miss Jimmie Dee Smith, daughter of Mr. and Mrs. Forest Smith of Lockney at the bride's home Friday night. They plan to live out on the Holmes farm as soon as a house can be built, Mrs. Holmes says.

Dinner guests in the Frank

McClure home Sunday were Mr. and Mrs. Lee Tommie and children, Miss Louise Parrish and Velma Faye McClure of Lockney. Mr. and Mrs. Fred Duval had as guests in their home this week, Mr. and Mrs. Glen Rexrode of Vernon. They came Friday and stayed until Sunday. Mrs. Rexrode is a sister of Mrs. Duval.

Mrs. W. R. Kirkpatrick suffered a heart attack Tuesday of last week and was taken to the hospital at Littlefield. She is reported to be improved and will probably be able to return home soon.

Scott Tucker and his wife, who have been traveling with a seismograph crew, visited his mother, Mrs. Sam Moore this week. Other visitors included Mr. and Mrs. Frank Horn from Snyder, Texas. Mrs. Horn is a daughter of Mrs. Moore.

Peggy Williams, daughter of Mr. and Mrs. L. L. Williams has returned from a visit with a friend, Nita Wesley, at Peyton, Calif. She stayed more than a week.

Mr. and Mrs. Melvin Potts and children left Wednesday for a weeks fishing trip to Chama, N. M., which is close to Pagosa Springs, Colo.

Dinner guests in the home of Mr. and Mrs. J. C. Chambers last Wednesday were Mr. and Mrs. Clyde Horrell and children of Temple; A. C. Huff of Temple; Mr. and Mrs. B. O. Burk Sr. of Plainview; Mr. and Mrs. B. O. Burk Jr. and children of Kress; Mr. and Mrs. Floyd Huff of Lockney; Mr. and Mrs. Charles Goodnight and son of Lockney.

Mr. and Mrs. Lowry Molloy of Hollis, Okla., visited in the J. C. Chambers' home Thursday. Mrs. Molloy is a sister of Mrs. Chambers.

Melvin Stevens and family of Hale Center visited in the Hillman home Sunday. Mr. and Mrs. Bob Sloan and family of Midland visited Wednesday of last week in the Hillman home.

Mrs. Verne Garrison of Ft. Worth is visiting her daughter, Mrs. Jean Probasco this week.

Mr. and Mrs. Johnny Langford and daughter of Houston are visiting the J. A. Langfords this week. Johnny is a son of Mr. and Mrs. J. A. Langford.

June Is Month For Enlistments

June is a month for enlistments as well as weddings according to T. Sgt. W. W. Kramer, Army and Air Force Recruiter who visits Lockney each Thursday. Some recent news stories that made much to do over the air force failing to enlist their quota for the month of May overlooked the fact that May is a slow month for enlistments for all the armed forces, he said. June, always the best month, will be better this year, because high school graduates know that the new system of dividing the brain power of the nations youth equally among all four services, might well cause a long waiting list in the service of their choice. Also by enlistment this month

will escape the new provisions of the draft act, that call for a total of eight years service of enlistees and draftees combining total active duty and reserve obligation after active duty. Once this law is signed any one entering the armed forces will serve the eight years. The Sergeant mentioned that since the need for young women in the service has recently increased that processing time for their acceptance has been cut from two months to two weeks.

A recent change in enlistment regulations permit men to enlist in the Army or Air Force after they have taken their pre-induction physical examination providing they have not received orders to report for induction. This opportunity will be in effect until the 15th of July.

Any one desiring information

about the Army will find the nearest court house in Plainview.

4-H Girls Enjoy Lubbock Camp

The fourth annual district camp for 4-H Club girls at Lubbock was brought to a close last Thursday afternoon, June 14. The camp was opened Tuesday morning when the girls and leaders registered and were placed in groups according to ages. Activities started after noon as the various groups had classes in Recreation, Crafts, News Writing, Personality, and Mind Your Manners. Classes were resumed Wednesday and continued until each girl had attended a class in each activity. Chartered busses carried the girls to the swimming pool each morning where the girls swam or watched. Family night was on Tuesday night when the families of all the girls were invited to attend. The family of Kay Golden of Lockney was among the families attending. Dr. E. N. Jones, vice-president of the Texas Technological College gave a talk at this time.

A party was held on Wednesday night for the girls, leaders and special guests. It was lots of fun in spite of the storm.

The final meeting of the Camp was held Wednesday morning. Jean Porter as District Chairman of the camp, presided at all the meetings and her group was proud of her.

Before leaving for Camp Tuesday the Floyd County 4-H Club girls elected three delegates to represent them at Camp. They were Christine Brints, Margaret Lovell, and Sonja Beth Wilson. While at Camp Christine and Margaret helped with the concessions, and Sonja Beth was in a skit put on by the publicity group at the final meeting. All girls served on the clean-up committee and each girl was a hostess in the dining room. In addition to Jean Porter's serving as Chairman of the Camp, she was one of the assistants in the Crafts section and helped at each of the five classes. She also served as treasurer for the Camp funds and made out all checks for supplies.

The Camp was dedicated to Miss Kate Adele Hill, District Agent, who will leave the district as its agent on June 30. Miss Hill was present at Camp. Other helpers at Camp besides the

Renew Now—The Beacon Is Going Up!

The Lockney Beacon subscription price is going up! After six years of trying to hold prices down, we are now forced to raise our subscription price. Effectively July 1, 1951, the subscription price for The Beacon, either new or renewal, will be \$2.00 in Floyd County and \$2.50 elsewhere.

The Beacon has been selling at a lower price than most any other weekly paper on the plains because we want everyone in our territory to read The Beacon. However we feel that the increase in price at this time will not deprive any one of The Beacon but it will help us to meet the high price of the materials that go into the making of a newspaper.

Up until July 1, the price for The Beacon will remain as it is now—\$1.50 in Floyd County, \$2.00 elsewhere. If your subscription is out or nearly out, now is the time to renew. Or if you are not getting The Beacon and have been planning to subscribe do it today.

We will not accept any subscription more than two years in advance. It is not the policy of The Beacon to accept subscriptions far in advance. You may not run your subscription up further than July 1, 1953.

Now is the time to either renew or subscribe. Don't neglect or delay. Come in today or send in your subscription to The Beacon.

Girl Scout Troop No. 5 Meets

Girl Scout Troop No. 5 met Thursday of last week in the home of Mrs. M. W. Wiley and enjoyed a cook-out. Scout songs were sung and the girls learned to make a sit-up. The menu was made up of things for Girl Scout out-door cookery and the girls cooked on green sticks. Troop No. 5 is under new leadership with Mrs. Peyton Powers as leader, Mrs. M. W. Wiley, assistant leader, and June Wiley as Scout aid.

The following girls were present for the meeting: Hope Cox, Kay Golden, Jean Wofford, Gayle Rucker, Betty Graham, Virginia Caldwell, Janice Widener, Deiores Brown and Peggy Buckner. The troop will meet again on Thursday of this week at the home of Mrs. Peyton Powers.

Mrs. Ed Gross and Beth returned home to Port Lavaca after visiting her mother, Mrs. Alice Baker here.

Arthur Barker Sr. spent several days last week in Del Norte, Colorado.

James Ray Wofford Has Birthday Party

A birthday party on Monday of this week honored James Ray Wofford son of Mr. and Mrs. Kenneth Wofford on his seventh birthday. The party was held at the home of his grandmother, Mrs. John Belt.

After a number of games were played, the honoree opened his gifts and showed them. Refreshments of birthday cake and ice cream were served to Dan Bayley, Jimmie Whitfill, Gaylene Smith, Susan and Colleen Harper, Judy Wofford of Hereford, Joyce Myrick of Lubbock, Johnnie and Ronnie Belt, Wesley Mitchell, Pat O'Brien, Craig and Chris Tannahill, Tandy Jarrett, Steve and Carolyn Belt, Larry Golden, Jimmie and Carol Ann Howell, Joe Cox, Verna and Juanita Carthel, Gene and Joann Wofford and the honoree.

Mr. and Mrs. Hilburn Casey and daughters, Bobbye and Jontha Lee spent last week end in Abilene where they made arrangements to enroll the two girls in Hardin-Simmons University for the fall term.

MRS. WILLIAM HOLMES

Jimmie Dee Smith Is Bride of Wm. Holmes

Miss Jimmie Dee Smith became the bride of Mr. Wm. P. (Sonny) Holmes in an impressive ceremony performed in the home of the bride's parents, Mr. and Mrs. Forrest Smith of Lockney Friday afternoon, June 22 at five o'clock. Rev. N. S. Daniel, pastor of the Methodist Church here read the nuptial vows as the couple stood before double windows flanked by baskets of pink and purple larkspur interspersed with baby breath. The bridegroom is the son of Mr. and Mrs. John Holmes of Irick.

The bride, given in marriage by her father, wore a white linen suit with blue accessories and carried a white Bible topped with white carnations.

Mary Griffith played "Always" by Irving Berlin as the couple entered.

Mrs. Marshall Langford of Plainview was matron of honor. She was dressed in a pink linen suit with white accessories and a corsage of white carnations.

Mr. Marshall Langford was best man.

Mrs. Smith, mother of the bride wore an aqua crepe dress with black accessories. Mrs. Holmes, mother of the groom wore a navy dress with white and red accessories.

A reception was held in the home of the bride's parents immediately following the ceremony. The refreshment table was laid with a lace cloth and centered with a three-tiered wedding cake topped with a miniature bride and groom. Pink and purple larkspur and baby breath decorated the entertain-

ing rooms. After the couple cut the first piece of cake Mrs. Sid Thomas and Mrs. Hugh Counts served cake and punch. Mrs. Holmes attended Lockney High School and plans to complete by extension the five credit she needs for graduation. Mr. Holmes also attended Lockney High School before entering the farming business in the Irick community.

For traveling on a trip to Clovis, New Mexico and Dallas the bride was attractive in a blue linen suit with white accessories and a corsage of white carnations. They returned to Lockney Tuesday to make their home. He plans to continue his farming activities.

Attending the wedding and reception were Mr. and Mrs. Forrest Smith, Don and Buck, Mr. and Mrs. John Holmes, Mrs. Sid Thomas, Mr. and Mrs. Hugh Counts, Mr. and Mrs. Oliver Holmes, Mr. and Mrs. Jack Dollar, Mrs. M. B. Holmes, Irick; Mrs. N. S. Daniel, Mrs. Tom Rankin, Mrs. Thurston Rankin and Mary Ann Mr. and Mrs. Albert Cannon, Friona; Mrs. E. L. Woodburn.

Aiken Baptist WMS Has Hot Dog Supper

The Aiken W. M. S. has been having a contest on Bible study. The members having the most points through study and attendance were to be entertained with their husbands and children by the ones with the lower points. The entertainment was given in the form of a hot dog supper in the home of Mr. and Mrs. Henry Moore. The winners were roasted on the barbecue pit and served outside by the hostesses who were Messrs. and Mrs. Lois Williams, Lonnie Scott and Sonny Bill Snyder, Lynn and Judy, Henry Moore and Klyce Ooley. The winners present were Messrs. and Mrs. J. M. Tye, Stephen, John M. O. J. Welch, Cherrie, Jerrell, Bert Elam, Patsy, Linda, Larry, Dub Buckner, Peggy, James Walter and Johnnie Lee.

EDITORIAL

Walk in wisdom toward them that are without, redeeming the time.—Colossians 4:5.

It would be a wonderful thing if the Russian "peace feelers" would develop into a settlement of the Korean situation and the easing of hostilities. Of course, the United Nations are cautious about raising hopes for peace, since the Russians are noted for their deceitful dealings, but no doubt but what this is the best chance for peace that has come since the beginning of the war.

What most of us common people are wondering is: If the 38th parallel is again set as the border what is to prevent a recurrence of the invasion of South Korea at some more opportune time for the Communies? And where does that leave us in our fight with Communism?

The fact is that the settlement

of this present war will not settle the larger and longer controversy with Russia. Russia probably still is of the opinion that she cannot live at peace in the same world with a Democracy. It may be that she is calling off the war in Korea in order to start one at more convenient place for her. Or it may be that Russia sees that the war in Korea was a mistake and she is taking this means of getting out of a bad bargain.

One thing she has found out and that is the United States armed forces can adapt themselves to unusual situations and can hold their own under almost any circumstances. We ought to be proud of the way our fighting forces have "come back" after being driven into one corner of the Korean peninsula. They have staged a marvelous comeback on two different occasions, despite a handicap in shortage of men and materials.

The Korean war has been of some value to this country in that it has been a training and proving ground for both men and material in the event we do get into a full scale war with Russia. At least we have proven to Russia that we can fight and do a good job of it. The next move is up to her.

Hail losses in this area have hit some farmers hard. Insurance men report that losses were more severe in the recent hail in the Sterley area than any suffered in several years. That is the big losses covered a wider area. But some farmers are planning to leave their cotton despite the hail damage and the final decision as to the actual loss will be determined at ginning time this fall. It may be that the stalk loss will be much larger than the actual lint loss will be.

The City officials deserve the co-operation of us all in their enforcement of parking regulations on Main Street. The ordinance is not new. It has been on the books all the time. The enforcement will be new, however and we should cooperate and help them since the law is for the protection of the public and is not a measure designed just as a "public nuisance" with no value.

A GLOWING TRIBUTE

General MacArthur's speech Saturday at Farrington Field in Fort Worth proved once again that no one who visits Texas fails to recognize the immense part the Lone Star State has played and is continuing to play in the welding of a nation that becomes stronger with each successive day, despite the fact that there are those who would sell their country short.

Again and again, in his Fort Worth speech, General MacArthur praised Texas and Texans with a sincerity that could not be doubted.

At the very outset of his talk, he said:

"It has been a rare privilege for me to travel during the past four days through the heart of Texas and observe with my own eyes the almost miraculous progress which has been made in the development of your great state. I have found here a vast reservoir of spiritual and material strength which fills me with a sense of confidence in the future of our nation. It confirms my faith that with such resources none can excel us in peaceful progress nor safely challenge us to the tragedy of war."

He also said: "Texas, of which this great city is so vital a part, is a shining example of the power generated under conditions of human liberty. For in Texas men given freedom of opportunity have harnessed many of nature's vast stores and turned the resulting energy and material resources into the building of a mighty nation dedicated to the advance of personal liberty and individual dignity."

"Nowhere are men found more devoted to the concepts of freedom and the preservation of the American system based upon truth and justice. None have contributed more to the advance of the traditional American ideal. None give more hope that an American conceived in liberty will survive in liberty..."

My trip to Texas was not to receive but to pay an old soldier's tribute to a great segment of the people. It is a segment which has ever stood in the forefront of American patriots, invariably dedicated to the preservation of the American ideal and the building of the American nations. For all that you have done—for all that you yet stand ready to do—you fill me with inspiration and an intense pride that in my own youth I, too, was a Texas boy."

Regardless of how we Texans stand on General MacArthur's foreign policy, we are wholeheartedly in agreement with the glowing tribute he paid Texas in his speeches at Fort Worth and in other major cities of the Lone Star State.—Hockley County Herald.

GOVERNOR SHIVERS

Governor Shivers has been a popular governor, but we are of the opinion that his popularity has waned considerably during recent weeks by reason of his fight on the proposal to levy a tax of one cent per 1,000 cubic feet of natural gas mined in this state, the larger part of which goes to Northern and Eastern states to be used principally in industrial plants and Texas gets no substantial benefits therefrom by taxation. We have been helping to build up these industries in the North and East with our gas practically free of charge. Yet this gas is one of the most valuable Texas natural resources. The proposed tax, of course, has been fought consistently by the big pipeline and natural gas companies, and Shivers stood with them in the fight. A compromise was finally reached whereby one-half of one cent per 1,000 cubic feet of gas is to be collected. Even one cent per 1,000 cubic feet would have meant only a very small sum for each domestic consumer and for most industrial consumers in this state to pay, but like the tax on gasoline it would raise a considerable amount of revenue for our state treasury and would be an easy tax to pay. We think that Shivers was wrong in fighting this measure. —Lynn County News.

RICHES

Each generation is sprinkled with stout souls who take their riches to the very portals of eternity. It is natural, since wealth is frequently secured through supreme sacrifice, that some men cling to it with the same tenacity that they cling to the breath of life. Each autumn the tree is shorn of its fruit which returns to the soil. A great law of the Universe retains the title of all property, altho it lends often and readily. —Trail Dust in Matador Tribune.

Huntin' AND Fishin'
 By Harve Pennington

When casting toward shore for bass, you will often get hung up, even with weedless lures. If you are using a fly rod and a sharp upward twitch of the rod does not free the lure—and here care should be taken not to exceed the limit of your tackle—then you had better maneuver the boat to free the lure.

This unfortunate occurrence will ruin the fishing in the immediate area for several minutes. If you are sure that your bunker is feeding in this spot, pull away and wait quietly for 10 to 15 minutes. Often your fish will move back and will continue his feeding. While you are waiting for things to quiet down, you can be sorting those flies that got mixed up or take the kinks out of that leader that got all snarled up the last time you took your tackle down in the dark. There are usually dozens of little jobs you can do quietly to occupy those few minutes required for your fish to go back to his station.

Sometimes several fish may be taken from a choice location by just resting the waters for a few minutes before you resume fishing. It takes patience to do this but it pays off. Experiment with your lures. Try the spinner from one lure with a weedless hook from another and so on. Extra rubber skirts are a swell addition to any tackle box and they can be used on many lures to make the action more attractive and they even help to make hooks weedless.

Sometimes the usual treble hooks on wobbling spoons prevent the use of these lures in very weedy waters. Try replacing them with a weedless type single hook. With care you can fish some pretty weedy waters with good success since the change of hooks doesn't affect the action of the lure and it can be brought through the weeds without snagging.

GO TO CHURCH SUNDAY.

LETTERS TO THE EDITOR

RAF Lakenheath, England June 17, 1951
 Dear Mr. Hays:

I felt I should write you and tell you how much I appreciate and how happy I feel when I receive a copy of your paper. It certainly helps to fill that missing link between myself, friends and relatives at Lockney. Recently, when this base was taken over by SAC (Strategic Air Command) my address was changed and I am sure that is why I haven't received any lately. My address is as follows:

Cpl. Roy D. Glover AF 18364984
 3909 Operations Squadron
 APO 179, Postmaster
 New York, New York

In a letter I received from friends recently I learned that the Texas Panhandle was subject to flash floods and pictures were enclosed to verify. Well, it rains on this side of the Atlantic too, quite frequently. However, I understand that this is more or less expected. Outside of this I find England a very nice country. If an American could work over here and receive the same pay he draws in the States he would find himself much better off financially. English products are considerably cheaper than ours, and their wages are parallel. The English people are very proud and well educated as a whole, but regardless, they are a bit envious of us Yanks. (All Americans are Yanks).

There are still lots of signs of destruction left from the war. In nearly every City there are gutted buildings still standing and complete blocks that are vacant where debris has been removed. They took a healthy beating during the war, I understand, and are not rebuilding too fast.

I am on duty now and should be working so I will close.

Sincerely,
 Roy D. Glover.
