SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance - homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

### Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the mswer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have.'

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

### Typical calls from Mrs. Chance's diary

"Called the Millers about going to the civic play tonight."

'Called Lee (my husband) about plans for family reunion. "My bowling partner called about a change
