THIS IS Public Schools Week and today is your last chance to visit your school if you have not done so. Better still, eat lunch in one of the lunch rooms. (Call and make reservations before doing so.) The teachers and the pupils are expecting you. Don't disappoint them.

THE STOCK SHOW fever is upon us. Suspense and excitement mark the waiting period while the judge makes his final decision as to places. There was lots of interest in the show last Saturday here and there will probably be more in the county show at Floydada next week. It is good for the young owners and it behooves all of us to encourage them as much as possible.

BALLOTS listing names for prospective directors of the Lockney Chamber of Commerce have been mailed. Ten men are listed with five to be elected. All are good men, and all will work in the interest of the community. Mark your preferences and mail your ballot back immediately. It is becoming more and more important that smaller towns and communities have some organization of this type to promote the common interest and welfare. It is a choice between sitting still and letting the rest of the world pass you by, or getting in the swim and keeping abreast.

TEXAS VOTERS will pass judgment on nine constitution-

al amendments next general election day, November 4th. Here is a summary of the nine amendments to be voted upon: H. J. R. No. 1 Provides for annual sessions of the Legislature, raises the pay to \$7500 per year and travel expenses, forbids the member to represent any other interest while the Legislature is in session, and authorizes temporary residence of the Lieutenant Governor and Speaker of the House in the Capitol.

S. J. R. No. 6 Authorizes each county to establish, after approval by its voters, a retirement, disability and death compensation fund covering the elective and appointive officers of the county and its precincts.

H. J. R. No. 30 Provides that vacancies in the offices of County Judge and Justices of the Peace shall be filled by the Commissioners Court only until the next General Election.

H. J. R. No. 31 Provides that any district, county or precinct official serving a four-year term must resign before announcing for a different office if there remains unexpired more than one year of the term for which he was elected.

H. J. R. No. 48 Provides that a home rule city may provide by charter provision, and a city operating under the general laws may provide by a majority vote, for a longer term of office than two years for its officers, elective or appointive, but not to exceed four years.

S. J. R. No. 4 Authorizes the Legislature to make appropriations and establish procedure for advertising the historical, natural, agricultural, industrial, educational, recreational and other resources of Texas.

H. J. R. No. 36 Gives the Legislature power to authorize medical payments to aged, blind, dependent children and disabled and providing for acceptance of federal funds for paying such assistance.

S. J. R. No. 3 Authorizes the Legislature to create a hospital district at Amarillo, Wichita Falls and in Jefferson County.

A GUEST EDITORIAL in the Journal of the American Medical Association recommends that polio shots be given infants as young as two months. In 1956, attack rates of paralytic polio were highest in one-year-old children and the largest proportion of cases occurred in the under-five-year age group.

A RELIABLE ESTIMATE says the maintenance of records costs American business a cool \$12 billion a year—which explains the fast-increasing use of electronic computers and memory machines.

**IX
REAL LOVE FOR A CHILD?**
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

JUDGE HUGHES

Real love, so necessary in combating juvenile delinquency, is not trying to "own" the child, not giving him so many material things.

It is giving him a sense of his own significance in his home and among his friends. Real love does not over-indulge him, does not provide the repeated entertainment excitements nor the continual new possessions he childishly begs for. Instead it provides understanding, emotional security, stability, as he runs up against the hard knocks life hands us all from time to time.

No Stability for Her

At the end of one day in a custody case I told a 4-year-old she would stay with her mother that week-end. "My old mother or my new one?" she asked.

Patsy, with two mothers and two fathers, had been shifted from one to the other and consequently had no sense of security, of belonging—such a necessary part of love in a child's life.

What Saved Him

On the other hand, a young soldier taken prisoner in Germany kept his sanity by remembering his room at home, mentally counting the things in each drawer there. He felt a security in knowing that each would be in its place when he got home.

Next: Their Deep Needs.

Dear Editor:
In the papers nearly every day we read about some school or other where the teachers have lost control of same and paratroopers, policemen, etc., have been called in to subdue the situation.

My school teaching neighbor says it would be no more than justice these days if teachers were awarded a campaign ribbon with battle stars for each teaching engagement.

Says it is going to be very expensive to run schools on the armed guard system, though. He thinks it would be lots cheaper to go back to the old-fashioned plan of taming kids early and at home.

REPORTS FROM Washington indicate that if business doesn't show an upturn by mid-year there is a distinct possibility of the Administration and Congress approving a reduction in the individual income tax. Opinions differ as to how this should be done. Some want a straight percentage cut; others favor increasing exemptions.

ACCORDING to a newspaper account, a large Massachusetts high school spent more on athletics in a late year than on science and mathematics combined.

HOW TO FARM
"Secretary of Agriculture, Department of Agriculture, Washington 25, D. C.
Dear Mr. Secretary:

"My friend Bordeau over in Terrabonne Parish received a \$1,000 check from the Government this year for not raising hogs. So I am going into the not-raising-hogs business next year. What I want to know is in your opinion, what is the best kind of hogs not to raise? I would prefer not to raise Razerbacks but if that is not a good breed not to raise I will just as gladly not raise Berkshires or Durocs.

"The hardest work in this business is going to be in keeping an inventory of how many hogs I haven't raised. My friend Bordeau is very joyful about the future of this business. He has been raising hogs for more than 20 years and the best he ever made was \$400 until this year when he got \$1,000 for not raising hogs. If I can get \$1,000 for not raising 50 hogs, then I will get \$2,000 for not raising 100 hogs.

"I plan to operate on a small scale at first holding myself down to about 4,000 hogs which means I will have \$80,000. Now another thing: These hogs I will not raise will not eat 100,000 bushels of corn. I understand that you also pay farmers for not raising corn. So will you pay me anything for not raising 100,000 bushels of corn not to feed the hogs I am not raising? I want to get started as soon as possible as this seems to be a good time of the year for not raising hogs.

Sincerely,
Octave Brouseard,
Louisiana.
"Can I raise 10 or 12 hogs on the side while I am in the not-raising-hogs business — just enough to get a few sides of bacon to eat?"

REMEMBERING NAMES

There was a time when we thought we had a major failing that was never found in anyone else, that we were doomed to go through an embarrassed life without company of any kind.

But during the past few years others have told us of having a similar affliction — sometimes we can't remember names of individuals. It isn't necessarily the name of someone we met years ago and have not seen since — it can be a good friend.

Psychologists tell us this happens frequently. That to remember a persons name we should associate it with something, or make an active effort

to memorize it. This we have done, but it doesn't work because we forget what we associated their names with or can't remember if this is the guy whose name we memorized or not.

We suspect part of this is from knowing too many people. By the time one bumbles through a college or two, serves a hitch in the service, lives in four or five towns and otherwise just seems to meet a lot of people, he probably knows the first and last names and faces of thousands of people, although he doesn't realize it.

One man who had this trouble once said it was necessary to write down the name of an old friend. For some reason his name suddenly slipped his mind. Groping desperately he asked his friend: "How do you spell your first name?" "J-o-h-n," came the reply. This didn't help much, so he asked how to spell his last name. Again the man spelled it out: "S-m-i-t-h."

The trouble is that forgetting a person's name is awfully embarrassing and it doesn't mean either that they are someone who is easy to forget.

Sometimes it's a mental block. The person's name is right on the tip of your tongue and it suddenly occurs you might not remember it in time — then all it lost.

We have often admired school teachers for their ability to remember names. Some women teachers, from the second or third day appeared to know each individual in the class of thirty.

So, friend reader, if the store clerk forgets your name and has to ask before charging something, don't feel dejected. The clerk knows you. In fact hundreds of people know you. It's just sometimes it's hard to recall your name and other times it's no problem at all. — Bascom Nelson in Castro County News.

THE BANKER SAYS . . .

The American Banker Magazine says: "No business man or woman in any town should allow a newspaper to go to press without his or her name and business mentioned somewhere in its columns. A stranger picking up a newspaper should be able to tell what business is represented in a town . . . it's the best possible town advertising. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town." That quote is sufficient without our comment, but you can look through this newspaper and get an idea from the advertisers how progressive Saint Jo merchants are or are not. — Ernest Hayley in Saint Jo Tribune.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Texas. — What will happen to Texas without a sure flow of oil money to grease the wheels of government and business?

March oil allowable was set at 2,517,249 barrels a day (a drop of 513,814 barrels a day from February) with only nine producing days. Railroad Commissioner said the cutbacks to lowest level since pre-World War II days was necessitated by excess stocks.

Over-supply developed this way, according to officials; Texas production was shoved to record highs a year ago to supply Europe while the Suez Canal was closed. Then Suez re-opened, Middle East Oil flowed to Europe again and

Texas was left holding unwanted surplus. Further aggravating the situation was the gush of foreign oil into the U. S. taking part of the market from Texas production.

Digging into causes and effects is Governor Price Daniel's Oil Imports Study Commission. At first-round hearings in Austin these views were presented:

BY GOV. DANIEL — Texas is facing its most serious economic threat in 25 years. "Mandatory federal controls" are apparently the only way to stop excessive importing.

BY STATE COMPTROLLER ROBERT S. CALVERT — Continuation of the present oil production pattern for another 90 days would put the state \$20,000,000 further in the red by the end of the current fiscal period. This would mean a \$32,000,000 shortage rather than the \$12,000,000 deficit estimated earlier.

BY MAURICE ACERS, TEXAS EMPLOYMENT COMMISSION — Employment in the Texas oil industry has declined 8,000 since last July. A drop of five per cent in oil employment takes \$50,000.00 in wages from the Texas economy.

BY A. T. MULLINS, GENERAL LAND OFFICE — One company has said it will stop seeking oil from state-owned lands, and others have said they will, unless the state reduces lease prices.

BY J. WARREN HITT, TEXAS EDUCATION AGENCY — Approximately 31.3 per cent of state school money comes from the oil and gas industry.

BY MARSHALL FORMBY, TEXAS HIGHWAY COMMISSION

SION CHAIRMAN — Reduced oil production would eventually cut back construction of highways.

BY JOHN H. WINTERS, COMMISSIONER OF PUBLIC WELFARE — Loss of oil revenue could reduce payments to the aged, the blind and dependent children.

BY REP. MAX SMITH, HOUSE APPROPRIATIONS CHAIRMAN — Next Legislature faces the prospect of spending money it doesn't have or finding new sources of taxation.

DR. PHILIP E. COLDWELL, DALLAS FEDERAL RESERVE BANK — Imports are only partly to blame for Texas oil troubles. Problem of oversupply is world-wide and likely will continue for some time.

French Robertson of Abilene is chairman of the Study Commission. Governor Daniel called hearings held today "very successful". Next meeting is to be March 18 in Abilene.

Meantime, the governor has wired governors of 20 other states asking them to join in the effort to get federal government action limiting imports.

SEARCH OF NEW INDUSTRY — Long-dormant Texas Industrial Commission has new members and a new job.

Governor Daniel named E. B. Germany of Dallas chairman and gave the commission the task of enticing new industries to Texas to help relieve unemployment.

Originally designed to study labor-management troubles, the commission had been inactive for some years. Its new industry attracting work is to be financed by private contributions and conducted cooperatively with chambers of commerce and other local groups.

Members are Houston Harte, San Angelo Standard-Times publisher; A. G. McNeese Jr., banker and lawyer, Houston; George T. Hinson, former state representative, Mineola; Chester C. Wine, power company employe, Laredo.

NEW RECEIVER — James M. Williamson succeeds J. D. Wheeler in the often-spotlighted job as liquidator for the State Board of Insurance. Williamson is a former district judge in Laredo and prior to his appointment was attorney for several Fort Worth insurance companies.

State liquidator has responsibility for winding up affairs of insurance companies that go broke. For some years the office has been caught in the middle of a struggle between an Austin district court and the State Insurance Board as to which has authority to appoint receivership attorneys for the bankrupt companies.

PRISON FARM COTTON CUT — Texas taxpayers face an extra burden unless the Prison System can get a more favorable cotton acreage allotment, says Gen. Mgr. O. B. Ellis.

Ellis protested to the U. S. Dept. of Agriculture that acreage for prison farms has been cut disproportionately, costing the system \$2,500,000 in income. No chance for improvement is seen this year since U. S. D. A. refused to interfere with locally set quotas. Court action is

Grain Study Set For March 10-11

Utilization, research and marketing of grain and grain products in twelve grain producing states will get a close scrutiny March 10-12 when more than a score of economists and cereal scientists convene at the Northern Utilization Research Laboratory at Peoria, Illinois. Texas will be represented at the three day conference by Bill Nelson, Agricultural Economist and Executive Vice-President of the Grain Sorghum Producers Ass'n. It is expected that in addition to representing the GSPA that Nelson will also report on progress of research and education work being done by Texas A&M College System and report back to those officials on his return.

According to the advance agenda for the Illinois conference the group will study work under way at the sprawling USDA Laboratory which includes: Corps Utilization Research; Grain Kernel Structure in Relation to Drying, Storage and Processing; Fermentation Research of Cereal Grain; Oil Seed Research; and New Crops Research.

planned, but could not bring help before the '58 planting season.

Texas Prison System is heavily dependent on income from inmate-run industry and agriculture to foot the upkeep bills.

CREDIT ORDER HOLDS — Credit insurance rates in Texas will be slashed by about 50 per cent beginning May 1 — despite howls of protest from affected companies.

State Board of Insurance first issued an order cutting credit insurance rates last December. Order was withdrawn for re-study after companies declared it would ruin their business.

New order is only slightly changed. Estimates are that it will cut income from credit insurance from \$16,500,000 to \$8,000,000 annually. Only possible roadblock would be the resuming of a suit filed earlier to halt enforcement of the December order.

SHORT SHORTS — Dr. Robert Strain, associate professor of insurance at the University of Texas, has been named to the State Board of Insurance to replace Joe P. Gibbs of Seguin, who has resigned. Building construction authorized during January was up five per cent from December, but ran 15 per cent short of the January, 1957, level. Total for state this January was \$83,191,000.

It's okay for the State Hospital Board to use funds from a private organization (the H. E. Butt Foundation) to supplement the salary for an executive director, Atty. Gen. Will Wilson ruled. State-set pay is \$15,000 annually. Board chairman said they've had trouble finding a director because competent men in similar positions are getting \$25,000 to \$50,000. Merit System Council of the State Department of Health has announced examinations for posts in accounting, administration, nursing, medicine, psychology, social work, engineering and sanitation. Applications can be obtained from Merit System Council, 630 Littlefield Building, Austin 18.

Nelson, the Grain Sorghum Associations' administrator, will attend the conference in interest of the groups Research and Market Development phase of their program. The producer financed commodity development program this year distributed its budget: ¼ to Research; ¼ to Legislative Activities; and ½ to Market Development programs.

Findley-Hrbacek Nuptials Solemnized In Church Rites

Marriage vows were solemnized Friday evening at 8 o'clock for Miss Vida May Findley, daughter of Mr. and Mrs. R. L. Findley, 1001 West 24th, Plainview, and Paul Verner Hrbacek of Lockney. Mr. Hrbacek is the grandson of Mrs. Mary Weiss of Apache, Okla.

Dr. Harlan Harris directed the double ring service in the chapel of the First Baptist Church, Plainview. Altar decorations were satin baskets of mums and gladioli, with candelabra and palm greenery. Larry Horrell of Vega played a prelude of organ selections and the traditional wedding marches. Joe Peterson of Los Angeles, Calif., sang "Until" and "Because."

Mr. Findley gave his daughter in marriage. She wore a white wedding gown of Chantilly lace over satin and nylon tulle. The close fitting bodice had long tapered sleeves and high squared neckline in front which extended to a deep V in the back. Her veil was held by a satin bandeau embroidered with pearls, and her bouquet of yellow roses was arranged

on a white Bible.

ENGAGEMENT IS ANNOUNCED — Mr. and Mrs. Walter Eilers of Hale Center announce the engagement and approaching marriage of their daughter, Nadine Catherine, to Billy Clyde Stowe, son of Mr. and Mrs. Clyde Stowe of Lockney.

A small church wedding in late March is being planned. To be performed in St. Paul's Lutheran Church, Plainview. Miss Eilers is employed in Plainview as secretary for judge of the corporation court. Mr. Stowe served four years in the U. S. Air Force, most of that time in the Pacific area. He is a former employee of The Lockney Beacon and is now employed in the mechanical department of the Plainview Herald.

Mrs. Bobby Slack served as matron of honor and Miss Betty Bryant was maid of honor. Their dresses of pink brown brocade satin were fashioned with pleated skirts, three-quarter length sleeves, and the same neckline as the bride's gown, high in front and deep V in the back. They carried cascade bouquets of sweetheart roses on white Bibles.

Etta Lea Eiler was flower girl, wearing a frock of white polished cotton and nylon tulle and carrying a basket of rose petals. Her wristlet corsage was of yellow sweetheart roses. The candlelighters, Lou Anna Dixon and Jeanie Eiler were white formals and wristlets of yellow sweetheart roses.

Attending the bridegroom were his cousins Walter Hrbacek, best man, and Alva B. Simms, groomsmen, both of Apache, Okla. Reuben Eiler, Plainview and Charles Hrbacek, of Apache, another cousin, were ushers.

The wedding reception following the ceremony was held in the church parlor. Assisting the couple in receiving were the bride's parents, the bridegroom's grandmother, and members of the wedding party.

When the couple left for their new home at Lockney, the bride changed to a rust colored two-piece dress with brown accessories.

Mrs. Hrbacek is a graduate of Plainview High School and attended Wayland College three years. Mr. Hrbacek was graduated from Apache, Okla., High School.

Natitidad Luna and Janice Sanchez were married Wednesday, Feb. 26, at 7:30 in the home of the bride.

J. J. Harris, Justice of the Peace, performed the ceremony.

Approximately 50 Future Homemakers of America from Lockney High School were among the 3,300 girls and sponsors attending the meeting.

Jean Wofford and Sunny Lawson were in a group of twelve representing FHA Chapters from Lockney, Kress, Hale Center and Plainview who presented a Japanese folk dance during a talent program at the meeting. The number won first place and the girls will present the dance at the State FHA meeting in San Antonio April 18, according to Mrs. Quentin Adams, homemaking teacher. Elaine Cooper was elected to serve as the Area Historian and will keep a scrapbook of the activities of area chapters and will help plan the next Area 1 meeting. Betty Jefferson and Debra Ferguson were chosen to sing in the Area Choir which presented several numbers for the program. Janice Hays represented the Lockney chapter as the voting delegate.

Mrs. Chester Mitchell and Mrs. Quentin Adams sponsored the girls on the bus trip. Ten members of the local FHA Chapter are working on their State Degrees which must be completed March 18. Those whose work is accepted will be notified by the last of March and they will be eligible to attend the State FHA meeting in San Antonio April 17, 18, 19.

Mrs. Wood Reports On Former Lockney Folk In Arkansas

Route 2 Bentonville, Arkansas February 24, 1958 The Lockney Beacon, Lockney, Texas

Dear Editor: Here is our check to keep the Beacon visiting us another year.

The long continued cold wave had us about down with "Cabin Fever". Last week seems like the Panhandle has had an epidemic of it too, because Douglas and Lula Watson, Tandy and Ina Quisenberry arrived early in the morning February 17. It was the first time we have all had a real visit together since drought and depression days.

While here they also visited with Rev. and Mrs. C. R. Dale. Mrs. Dale had not seen her nieces since 1923. The two cou-

ples went from here to Harrison, Arkansas, to visit Elmer and Enda Sandusky, more ex-Lockney folks. The Watsons and Quisenberrys live near Tullia, Texas, but as many know formerly lived near Lockney.

C. H. and Gerry (Machon) Patton of St. Louis, Mo., spent the week end here visiting their parents.

The Wayne McClains are well and busy. We see Bill and Faye Buth at 42 parties. Their second grandson, Charles Edwin, arrived Feb. 22, and is the son of Billy Joe and Shirley Buth.

Our son John spent Christmas with us. He lives in Colorado Springs, Colo.

We hope to visit Floyd County some time this year. Rain

ran us out last fall. Oh yes, we had sixty inches here last year, not much moisture since the new year came in but it is "too wet to plow" and since the last few days have been warm everyone is anxious to plant a garden.

Thanks for listening! Sincerely, Edna Wood

Lockhart, Texas

Dear Mr. Hays: We didn't know that our subscription had expired until we received your notice this week.

We moved to Lockhart the first of February when Bill began work as President of the new Lockhart State Bank. The bank will have its formal opening about the first of April. Enclosed is a \$2.50 check to renew our subscription.

The Bill McClaskeys Address: Wm. W. McClaskey 603 Trinity St. Lockhart, Texas

Hawthorne, Calif. Feb. 24, 1958

Dear Mr. Hays,

Sorry we waited so long to send the money for the Lockney Beacon. We have had quite a lot of rain this season here. Already have more than we received all last season and the weather forecast predicts more for here tonight. The northern part of the state is having some awful floods. Lots of people are having to move out of their homes.

Thanks a lot for keeping the paper coming.

Sincerely, R. L. (Lee) Tomme P. S. Here is a little article please put in your paper!

Have you noted that some folks always looked for nothing but mistakes in the lives of others? One newspaper editor took steps to satisfy this urge in his paper and inserted this notice in his paper:

"In case you find a mistake in this paper it was put there on purpose and for a purpose. We publish something for everyone and some folks are always looking for mistakes."

Luther Williams H. S. U. Nominee

Luther Williams, son of Mr. and Mrs. Lois Williams of Lockney, is a nominee for office of publicity chairman 1958-59 of Baptist Student Union at Hardin - Simmons University, Abilene.

Election of BSU officers was set for Monday and Tuesday. The newly elected officers will be formally installed at the annual BSU banquet at the Southside Baptist Church March 20.

State 4-H Leadership Honors

Lynne Hansen

Donald Neumann

Whether leaders are born or made, two outstanding Texas 4-H'ers agree that continued leadership demands perseverance and hard work. Lynne Hansen, 17, of San Benito, Cameron county, and Donald Neumann, 16, of Chilton, Falls county, were named 1957 state winners in the 4-H Leadership program conducted by the Cooperative Extension Service.

This capable pair received handsome pen and pencil sets to commemorate their selection. Edward Foss Wilson provided the awards.

Miss Hansen was an inspiring junior leader, and gave food and clothing demonstrations in addition to guiding 10 younger girls with their 4-H projects. She is

paid by the United States Junior Chamber of Commerce and their co-sponsor, the American Petroleum Institute Committee on Agriculture.

Jaycees Name Burleson Farmer As Outstanding

Austin. — A 27-year-old Burleson county man was selected as the outstanding young farmer in Texas last night by the Texas Junior Chamber of Commerce.

Staging their fourth annual awards banquet, the Texas Jaycees named Johnnie E. Stefka of Caldwell, as the best agricultural award winner. Stefka is a cattle, dairy, cotton and grain farmer. He was sponsored by the Bryan Junior Chamber of Commerce.

Runners-up for top honors were James L. Norris, 35, of Paris, a dairyman sponsored by the Paris Junior Chamber; and Weldon A. Mauney, 35, also a dairyman from New Waverly, sponsored by the Houston Jaycees.

The Austin Jaycees were host at the banquet, which featured an address by Agriculture Commissioner John C. White.

White charged that economic planners in Washington had ignored the vital role American farmers play in the national economy. Citing the current recession and unemployment as an example of what happens when the farmer and his problems are forgotten, White declared:

"Certainly we should know, by now, that a national depression begins its treacherous sweep from the doors of a family farm. We should know that a nation prospers only as the farmer prospers — that agriculture is the backbone of our American Economy."

Stefka is entered in National competition with forty-nine other state and territorial winners and will receive an all expense paid trip to the National Awards program, in Indianapolis, Indiana, on April 14-15-16, 1958. His trip will be

Dear Editor:
My blunt neighbor says the only solution to the farm problem is for farmers to get together like the unions, industry, grocery stores, etc., and set ample prices on their products.

Says they ought to take their costs, the profit they want, etc., (especially the etc.) and refuse to sell for any less than these items add up to.

As soon as the city people get hungry enough, the farm problem would be whipped. And then Congress could spit on its hands and go to work on the city problem this would bring on.

Many of you are farrowing sows and gilts this time of year. About 25% of all pigs lost the first few hours after farrowing. This can be prevented by the use of heat lamps and guard rails. The heat lamps will dry the pigs quickly, prevent chilling, and will tend to draw the pigs away from the sow and will prevent crushing. This practice will only cost 9 to 18 cents a day, which is very cheap insurance.

AMERICAN RED CROSS

Floyd County Chapter

Floydada, Texas
March 3, 1958

Dear Friend:

March is RED CROSS Month

The campaign for the 'United Fund Drive' has ended. But, due to weather conditions, sickness, etc. the workers were not able to see everyone. The over all efforts never reached their intended goal, nor did they receive funds to cover their expected totals. The goals not reached means the participating organizations have to suffer their part of the deficit.

We are not able to determine who was solicited or who was not.

We, who are more closely associated with the RED CROSS, knowing that the good folks of Floyd County have never failed to meet its goal, are mailing this letter to advise that we are yet behind on the RED CROSS quota.

If you have been solicited, we THANK YOU if you want to help the RED CROSS in their efforts to meet their needs we shall be very grateful for your consideration.

The funds spent by the RED CROSS from the local level, as well as from the National level in this area, should inspire us to expend our best efforts to see that our quota is met. We felt that when the people of Floyd County knew the facts they would, as always, respond in a most generous way.

In 1957 the local chapter spent several hundred dollars on fire and flood victims as well as other unfortunates. From the National source several thousand dollars was spent in Floyd and Briscoe Counties when disaster struck.

Disaster was more widespread in 1957 than ever before but was met by our NATIONAL RED CROSS at a cost of many millions of dollars. WHO KNOWS WHERE IT WILL STRIKE NEXT? As our President told us, the funds of this organization have been depleted and we feel that every citizen should be willing to contribute to such a worthy cause and organization.

Should you want to participate further, send your contribution to Mrs. Virgie Shaw, Floydada, Treasurer of the Floyd County Chapter, or leave it at the First National Bank, Floydada, or First National Bank in Lockney.

Our thanks for your time and graciousness.

Very Sincerely,
Carl L. Minor, Chairman
Floyd County Chapter
The American Red-Cross

P. S. Volunteer workers will be busy Friday, March 7, picking up your contributions. If you wish to contribute, call The Lockney Beacon, Phone OL 4-3318, and your contribution will be picked up.

Congratulations.

THE SEARCH CONTINUES

Throughout the history of mankind runs the account of a double quest:
Man searching for God . . . our restless eagerness to understand and please our Creator has paralleled the centuries of progress.
God seeking Man . . . ceaselessly, patiently, His Love has lighted the ages, ever reaching toward our hearts, encompassing our souls.
 Yet no powerful lens ever devised will aid in this search. Our quest finds its consummation not beneath the lens of a microscope—but beneath the spire of a Church!
 What man does not recognize his own inability to cope with the complexities of life?
 There awaits you next Sunday in the Church of your choice the peace and assurance that generations have sought . . . the FAITH which unites Man and God.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DON FARISH, DAVID MITCHELL SHOW GRAND CHAMPIONS HERE

Donald Farish, local FFA member, exhibited the Grand Champion steer — a 130 pound Angus named "Shorty" — at the annual Lockney Junior Livestock Show held Saturday at the fair building in Southeast Lockney. Top winner in the show was David Mitchell, 10-year-old 4-H member who swept top honors in the swine and sheep divisions.

Young Mitchell, son of Mr. and Mrs. R. C. Mitchell of Pleasant Valley Community and a fourth grade student in Lockney Grade School, showed a heavyweight Chester White barrow which was named Grand Champion in the swine division. R. C. Mitchell, secretary of the Texas Chester White Assn. was breeder of the barrow.

David also won first place awards in the fine wool fat lambs, medium wool fat lambs, Southdown fat lambs, pen of three fat lambs, and pen of three barrows.

Farish, exhibitor of the Grand Champion calf, is an 18-year-old senior in Lockney High School and son of Mr. and Mrs. Clyde Farish of Lone Star Community. The steer was bred by Earl Kellison, also of Lone Star Community.

Reserve Grand Champion steer was a 1070 pound Hereford shown by Ronnie Harris, Harris, president of the Lockney FFA Chapter, was also awarded the showmanship prize in the calf division. He is the son of Mr. and Mrs. Clark Harris at Pleasant Valley Community and a junior in the local high school. Kingford Farm, Bloom Springs, Okla., was breeder of the Hereford.

Neil Mitchell, 10-year-old 4-H boy, showed the reserve Grand Champion hog, a heavyweight Poland China. Neil is the son of Mr. and Mrs. Chester Mitchell.

Also in the swine division, Max Marble claimed first place in the gilt class with a Poland China.

Showmanship Awards
Dan Smith and Byron Brock, local FFA members, received showmanship awards in the sheep and swine divisions, respectively.

This year's show was one of the best in the history of the event. Lockney Chamber of Commerce, sponsor of the annual event, awarded 96 cash prizes which amounted to over \$500. M. L. Brewer, local vocational agriculture instructor, estimated that 140 animals were entered in the show.

Some of the finest animals ever exhibited in the local show were entered in the Saturday show. Competition was especially keen in the swine division.

Gene Bannet, FFA instructor at Plainview High School, was judge. John Harst, senior FFA member, was general superintendent of the show. Other officials included Jerry Williams, Duane Gustin, Byron Brock, Jake Wofford, Jimmie Howell and Dan Smith.

Official weighers were Baxter & Smith Cattle Co., Patterson Grain Co., Tommie Davis, Wayne Canine and James Hall Ferguson.

A Chamber of Commerce committee — Oscar Golden and R. C. Mitchell — assisted Brewer in planning the show.

FFA boys and 4-H boys and girls who attend Lockney schools and 4-H members at Providence school were eligible to enter animals in the event.

Due to cold weather, fewer spectators than usual witnessed the judging.

Animals exhibited at the local show will be entered in the Floyd County Junior Fat Stock Show March 10, 11, 12 at Floydada. Local exhibitors will sell their animals at an auction sale following the county show.
