EDITORIAL

Come now, and let us reason together, saith the Lord; though your sins be as scarlet, they shall be as white as snow. — Isaiah 1:18.

EACH WEEK we receive a news letter from U. S. Senator Ralph Yarborough, along with letters from other office holders and government agencies. One thing we have noted about Senator Yarborough's letters and that is his consistent desire to either loan or give away government money. The Senator seems to feel that it is his duty to provide money from the federal treasury for every need that arises in the state. This week he wants to set up a fund of 450 million dollars to be loaned to colleges for building purposes. Last week it was some other cause. We suppose Senator Yarborough has sponsored more appropriation bills in the Senate than any other Senator. At least that is the impression we get from his weekly letters.

GENEROUSLY giving away or even loaning government money for every cause under the sun may be good politics but it has passed the place where it is good sense, in our estimation. We wish we had more Senators and Representatives who would work as hard at saving the government money as Mr. Yarborough does at giving it away. Democratic Senator Byrd of Virginia has told us that if the government would get out of business, sell its holdings of public lands and business enterprises and apply the money on the public debt, the total would be sharply re-

duced and the nation might then be in position to pay off its present indebtedness. If this nation is to survive, it must someday come back to a sensible, sane spending policy.

WE UNDERSTAND, in the national government as well as state government, there are always a number of pressure groups and special interests who are hammering away at our representatives for special favors, for money for this or that, appropriations, etc. We also understand that in some cases the legislator must give to the pressure groups and grant special favors. We wish it wasn't so but it is. The objection we have to Senator Yarborough is that he not only goes along with these special interests groups but seems to delight in finding new ways to spend government money.

"SOAK THE RICH" is an old time political slogan that has elected many a man to office. Time was when it was considered good business to tax the wealthy and let us poor folks off with light taxation. But that time is past. The wealthy are still heavily taxed, so much so it is almost impossible for a man to become wealthy now. But the taxes aren't stopping there. In fact there just isn't enough wealthy people to provide all the money our various governments want. Now even the poor folks are catching it. Figures recently released show that the total tax burden per family, both open and hidden taxes, totals almost a third of the family income. For instance a family with a yearly income of \$3,500 pays \$1,059 in taxes. A family with a total yearly income of \$4,500 pays \$1,393 in taxes and an \$8,000 income family pays \$2,726 in total taxes.

THE AVERAGE CITIZEN must let Congress and the State Legislature know that he is opposed to excessive spending and that he expects them to try to conserve public money, if any move is ever made to change the present trend of spend, spend, spend. Public opinion and that alone can save us from spending ourselves into national disaster.

IN AN EDITORIAL concerning the most recent attack by MIG jet fighters on a U. S. Air Force plane, the Portland-Oregonian, says: "Whatever means the Pentagon chooses to use to give American transports and patrol planes better protection against an enemy that is alternately 'cold' and 'hot' is in the military domain. But the American public is thoroughly fed up with these 'incidents' in which P. S. policy appears to be to turn the other cheek."

THIS FISCAL YEAR the interest on the national debt will total \$7.5 billion. Next fiscal year it will exceed \$8.1 billion.

TIME TO REVISE IT

With Our EXCHANGES

IS IT A GROUND SWELL?

There is a growing tendency among commentators on the national scene to reflect impatience and disgust with much that is going on in congress, in the Supreme Court and in the executive branch of the government. Particularly it seems the public is aware that we do not have to put up with inflation nor yet with gangsterism, but federal officials have us doing so because what we have is better than outright communism. The threat now is that Hoffa will do on a nation-wide scale what Harry Bridges has been doing to West Coast and Hawaiian shipping for years. Bridges is not even a citizen of the United States but he has successfully defied the federal government repeatedly. Now it is Hoffa that strides across the stage bullying and threatening. In like manner inflation is taking a toll from the dollar and the threat to American currency is claimed to be real because of the attitude of the Congress and the executive department, each blaming the other. We have a republic, theoretically, that does not have to put up with either inflation or gangsterism. But the authorities keep both of these threats under only a sem-balance of control at infrequent times. The average citizen, like the average newsman, does not pretend to know but he sus-

pects that he is being bilked somehow. What we have now over the country may be a ground swell of indignation. — Floyd County Hesperian.

ODDITY OF OUR DAY

Have you noticed there are no longer any bad injuns, Negroes, Mexicans, Japs, Chinamen and related cline on TV, radio or in the movies. They are all "lilly white." Who are the bad guys? The white man of course? The idea is continually being presented that the US soldier and the white man is a scourge of the earth. This whole business is fast becoming absurd and ridiculous. Perhaps the white man should start a loud wail against any programing that portrays a white person in a bad light. Since we are becoming ridiculous, we may as well go all the way. Recent reports indicate the following have taken place: Southern editors are being prompted by the bait of national awards and the monetary lure of national magazines to

give an untrue picture of their own sections. For three years straight, a Southern "moderate" editor has won the Pulitzer Prize. Quite unusual?

Negroes are now being placed in the casts of motion pictures, even where there was no Negro in the original play or novel. And, thanks to pressure from the NAACP, Anti-Defamation League, and other professional minority pressure groups, Negroes can no longer be portrayed as servants, comics, menials or as Uncle Tom characters. They must be placed in roles which are dignified, and otherwise designed to brainwash the Northern viewers into believing that the Negro is equal to — if not superior to the white man.

The NAACP exerted enough pressure to keep the film "Birth of a Nation" from being released to television, because it "distorts the role of the Negro in Reconstruction" and "makes a hero of the Ku Klux Klan." The NAACP and the Negro newspaper "Amsterdam News" secured in apology from New York television station WNEU-TV for airing a film "Unusual Occupations" which showed Negroes picking cotton.

Perhaps the "cream of the crop" in Northern bigotry is the CBS network, who, without any pressure from anybody, would not allow singer Nelson Eddy to sing "Shortstain Bread." — Cecil Vaggoner in Claude News.

Dear Editor:
My retired-drone neighbor says a man can't be very sociable, and is only secure from interperance, when he starts living on social security these days.

Says we ought to throw out the whole complicated social security mess and put everybody under the handy program now being used to take care of our aged military brass.

Says it would be lots simpler, and cheaper, just to make each citizen a general or an admiral when he gets to be 65, so he can go to work as president of some college, airplane factory, or missile dealership.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

July 13, 1929

The wooden building of Lockney Produce Co., located across from the Beacon Office, went up in flames about 5:30 this morning causing a total loss of building and contents. The building was one of the old landmarks in Lockney, being one of the three wooden structures left in the business district, including another poultry house and a blacksmith shop.

The price of wheat in Lockney today is \$1.18 per bushel for No. 1. This is a gain of 24c over the price on Saturday, July 6.

Brick work on the new high school is now in progress and other construction is rapidly developing. The school will be ready for occupancy sometime in October, the Beacon has been informed.

Harley Sadler and his own company are scheduled to begin a weeks engagement in Lockney on Monday night, July 29. He will have an excellent repertoire of plays and a large concert band.

Carl McAdams, Jr., received a medal for being one of the thirteen outstanding students at Citizens Training Camp at Fort Logan, Denver, Colorado. There are several Lockney boys among the 408 attending the training camp.

The Chamber of Commerce appointed a committee to select a site for the building of a Dairy Barn to hold dairy shows and sales of dairy cattle. It will be built with materials left over from the work on the City Auditorium.

J. H. Hohlaus was elected Tuesday to fill the vacancy left by the resignation of E. Guthrie on the city council. He won by a margin of five votes.

The remodeling of the old college building into a new City Auditorium is moving along at a rapid rate under the supervision of E. Guthrie and is expected to be completed in a few weeks.

Mrs. C. S. Perkins, age 78, died at her home on the Jake Griffith place during the night and was found dead at an early hour Tuesday morning, July 16. She is survived by her brother, J. H. Hampton, and sister, Mrs.

M. J. Brotherton, both of Lockney.

July 13, 1947

Wilbur Miller, city water superintendent, this week asked residents to shut off all lawn or garden irrigation water when the fire siren sounds either two or three blasts. Two blasts indicate that there is a shortage of water, and three blasts are for a fire.

William A. (Bud) Cooper died in the Plainview hospital Wednesday morning at 5:30 after an illness of about a week. Survivors include his wife, a brother John M. Cooper of near Lockney and a sister Clara Cooper of Los Angeles, Calif.

Between 100 and 200 persons attended the all-day prison school held here Wednesday at the Plains Theatre.

Funeral services for Mrs. E. Sammann were held Friday at 4 o'clock at the Providence Lutheran Church. Mrs. Sammann died at the Plains sanitarium Tuesday morning at the age of 82. She is survived by ten children and three step children.

Miss Mary Nell Earnest of Happy became the bride of Virgil Kelly, son of Mr. and Mrs. C. D. Kelly of Lockney on Saturday, July 5.

Mr. and Mrs. J. R. Belt are the parents of a baby boy born Saturday morning in the Plainview hospital. Her name is Virginia Lauretta and she weighed 10 lbs. and 1 1/2 ozs.

Mr. and Mrs. D. J. Phillips are the parents of a baby boy born in the local hospital and named Derrell Joe. He weighed nine pounds.

Harry Webb died at Lockney hospital Wednesday night at 9:40 after an illness of two years. He is survived by his wife, his parents, Mr. and Mrs. I. S. Webb, Lockney, three brothers and five sisters.

D. E. SCOTT

Dear Editor:
I see where Congress is working on a law which is supposed to say that all laws passed by this body mean only what they say, no more, no less, and no message between the lines for the Supreme Court.

My crape-draping neighbor says we need some sort of law like this, so as to make written laws, documents and stuff stand still.

Else he wouldn't be surprised if he gives a \$10 check some day and some all-seeing judge comes along and divides that he really meant to make it out for \$1,000.

Texas had 27 of the nation's 2,002 butter manufacturing plants in 1957. Two of these produced more than 1 million pounds of butter that year, says AMS.

HOW TO BOIL ONIONS
Beautiful white onions are now coming to market. When cooking this delicious vegetable you can keep smells to a minimum by using the automatic top burner heat control on the range. Turn the dial to 210 degrees and cover the onions with water. If you cut a cross on top of each onion after peeling, the centers won't pop out. Serve the cooked onions in a smooth, rich cream or cheese sauce, garished with a few of the tops, finely chopped.

South Plains

By Mrs. Murray Julian
Main news items this week are the disastrous fire which occurred on Wednesday morning when the L. N. Johnson home burned, and on Friday and Saturday when good rains fell during the night.
Mrs. Hansel Sanders was hostess at a Tupperware party in her home Friday afternoon with Mrs. Ruby Long of Petersburg showing the ware. Mrs. Sanders served cookies and lemonade to Mrs. E. L. Morrison, Sylvan Kinnibrugh, Thomas Pierce, John Gillespie, Fred Fortenberry, Douglas Reeves, and H. S. Calahan Jr.
The Rev. John Gillespie has been at the South Plains Baptist Church a year this past Sunday with many wonderful things accomplished during this time. Twenty-five were added to the church and the beautiful new church building was erected, among other things.

Monday at noon the intermediate girls of the Baptist Church leave for their three day camp which will go through Wednesday at the Plains Baptist Assembly. Mrs. John Gillespie and Mrs. H. S. Calahan, Jr. are sponsors of the group and will be with them. Girls going are Marilyn Kinnibrugh, Beth Calahan, Carolyn Sessums, Barbara Milton, Yvonne Karr, and Sue Wilson. Intermediate boys will go to camp Wednesday afternoon.

Price Pritchett, son of Mr. and Mrs. Early Pritchett, will be among eight boys representing Floyd County at the State Future Farmer Convention in Austin on July 15-17. He will receive at this time the Lone Star Farmer Degree at a banquet on July 16. Price has been an FFA member for three years and has been outstanding in his leadership ability.

We congratulate Mr. and Mrs. James Huckabee on the birth of a son, Billie Jay, born at the Lockney General Hospital on Tuesday, July 7. He weighed 7½ pounds and he has an older brother, Mark, 2. Grandparents are Mr. and Mrs. Roe Jones of

The Young Married Couples Sunday School Class sponsored a shower, for Mr. and Mrs. L. N. Johnson and children on Friday night at the school recreation room. The young couple lost all their household possessions in a fire which totally destroyed their home on Tuesday morning about five o'clock. L. N. was awakened by the crackling noise, and was just barely able to get all his family to safety before the ceiling fell in. All the neighbors joined together to help them as they start anew. We are all so very thankful that the family escaped injury. So far they are not sure where they will live until they can rebuild. About a hundred neighbors were present for the party Friday night.
Miss Donita Milton of Midland spent the week end here with her folks, Mr. and Mrs. Grigsby Milton and girls.
Mr. and Mrs. Travis Young and son went to Floydada on Saturday evening to attend a barbecue supper which was held at the home of Mr. and Mrs. D. D. Turner in Floydada. Among the neighbors who have spent the night at Methodist Hospital in Lubbock the past week with Skeet Thornton are Roy Bledsoe, Gene Morrison, Grigsby Milton, Murray Julian, Mr. and Mrs. Harry Hartman, Mr. and Mrs. J. K. West, Mr. and Mrs. S. D. Kinnibrugh, Thomas Pierce, Junior Calahan, and possibly others we have not named.
Mr. and Mrs. Roy Bledsoe and Bill went to Big Spring to visit his relatives over the past week end.

The Holy Bible SHALL SET YOU FREE
Making Our Destiny Sure
The most important thing we can do in this life is to make our eternal destiny sure. Once we have this life we will have no opportunity to retrace our steps and mend our ways. All preparation must be made in this life to meet God in the judgment.
All we can know of how to please God is recorded in the Bible. We can only be approved of God by studying and living by his word (2 Timothy 2:15) To obey God's word only is to be Christians only, members of the local church (Colossians 1:18)

the leap of FAITH

The paratrooper has faith in his "chute." The motorist has faith in his brakes. The shopper has faith in the brand-name she buys. All of us exercise our faith a hundred times a day.

Religious faith is like its every-day cousin. It is the same implicit reliance . . . the same daring confidence.

Religious faith comes when we seek it. But there is always the leap. Man has to step from his worldly floor into the spiritual space where God reveals his power and love. He must decide to believe what he cannot prove!

Like the leap of the paratrooper, the leap of faith begins months earlier in careful training.

The day a family starts to attend Church regularly . . . the training begins.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Linda Durham, Leroy Adams Wed Saturday

At 8 o'clock Saturday evening, Miss Linda Fay Durham became the bride of Leroy Adams before a white archway centered with wedding bells and white satin in the First Baptist Church. Rev. Charles Broadhurst officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. O. E. Durham, and Mr. and Mrs. Leonard Adams of Lockney.

Mrs. Durham, mother of the bride, wore a pale orchid suit with white accessories. Mrs. Adams, mother of the bridegroom, wore a pastel green two piece dress with brown and white accessories.

Mrs. Donice Casey, sister of the bridegroom, served as matron of honor. She wore a blue two piece dress with white accessories. Keith Hollums of Floydada was best man.

The bride wore a street length sheath dress of white lace over satin. It featured a round front neckline with a low V back. She carried a white Bible with a bouquet of feathered carnations lying in a nest of blue net intermingled with blue satin ribbon. The bride wore a gift of blue rhinestones as something new, and as something blue. She finished the tradition with a penny as something old, and her white Bible was something borrowed.

Out of town guests for the wedding were Mr. and Mrs. E. T. Wood, Fort Worth, grandparents of the bride, Mrs. Dora Durham, Lubbock, grandmother of the bride, Mrs. C. O. Blackburn, Ann and Joe Bob, Mrs. Joe Durham and Jackquilyn, Mr. and Mrs. Leon Ashburn and Kathy of Lubbock, Mrs. Doris Eubank, Idalou, and Mr. and Mrs. Eugene Tannahill and Donna Gail, Hereford.

Mrs. Adams is a 1959 graduate of Lockney High School and is attending Isabelle's Beauty School in Lubbock. Mr. Adams attended Lockney schools and is now employed with the Bell Milk Company in Lubbock. The couple will be at home at 2409 W. 3rd, in Lubbock.

Linda Durham Is Shower Honoree

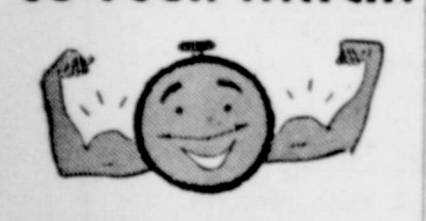

Mrs. Donice Casey honored Miss Linda Durham with a bridal shower in the home of Mrs. Dub Mercer on Friday evening at 8 o'clock.

The hostess served cakes and crackers to guests from a table centered with a watermelon fruit basket. Yellow sun flowers and napkins accented the refreshment table.

HAS OPERATION
Kenneth Howell, 5-year-old son of Mr. and Mrs. Horton Howell of Sterley, underwent minor surgery at Plainview Hospital Wednesday morning. He was expected to be able to come home today (Thursday).

Methodist Youth To Attend Retreat

About 25 seniors and older youth of the Methodist Church are expected to attend one of the highlights of the M. Y. F. summer, the Spiritual Life Retreat at Ceta Canyon Friday and Saturday.

The Lockney church will be one of three churches participating in the retreat including Olton and Phillips. The group will leave at 2 o'clock Friday afternoon and return about 4 on Saturday afternoon. Featured speakers on the program will be Miss Jean Murakawa, Hawaiian sophomore student at McMurry, and Miss Christine Bonny, Malayan Junior student at McMurry.

Sponsoring the group will be Mrs. F. O. Schacht, Mrs. Gene Handley, Harold Duvall, and C. L. Record.

The M. Y. F. will also attend a Sub-District all day meeting at Roaring Springs Thursday and a District meeting Saturday night in Plainview at the 7th Street Park at 6:30. For the District meeting each is asked to bring a sack lunch. This group will be sponsoring a Negro Vacation Bible School at the Methodist Church, July 20 through 24.

THE CLUB ROOM of the new Legion Home is shown, with several members of the Legion Auxiliary serving coffee and doughnuts at the open house last Saturday.

Legion Auxiliary To Meet Thursday

The American Legion Auxiliary will meet Thursday at 8 p.m. to hear a report from Miss Donna Baughman, representative to Bluebonnet Girls' State in June. The meeting will be in the new Legion Home. This promises to be a very interesting report and all members are urged to hear it. Mrs. Jimmy Hodel reported.

MRS. NANCE INJURED

Mrs. J. D. Nance of the Lone Star community suffered a broken left leg recently when she fell while visiting her daughter in South Bend, Indiana. She is expected to remain there for another month until she is able to travel. Her address is 67577 Lake Trail, South Bend, Indiana.

Fertilizers Have Carryover Value

College Station. — Fertilizer applied in one year can result in additional profits at the end of the following year's crop. In fact, increased yields from carryover fertilizer can often pay for the original cost of the fertilizer, said W. F. Bennett, extension soil chemist. Two demonstrations conducted by County Agent Bill Taylor in Hockley County in 1958 demonstrated these points, stated Bennett. In both cases, the fertilizer was applied prior to planting in 1957 and yields were taken in both 1957 and 1958.

On the Wayland Fred farm near Pettit, only two out of the six treatments applied failed to return enough of an increase to pay for the fertilizer costs, said the chemist. One rate, a 70-70-0, returned a profit of \$21.80 in 1958 over and above the 1957 fertilizer costs. There were no yield increases from these fertilizer applications in 1957 due to a poor season. In the demonstration conducted on the Morgan Rust farm near Levelland, all fertilizer treatments in the demonstration gave a highly profitable increase in yield in 1957. Looking at 1958 yields, all treatments gave sufficient yield increases to more than pay for the cost of the fertilizer, the chemist said. One treatment in the demonstration, a 30-60-30, gave a profit above 1957 fertilizer costs

of \$29.35. Considering the increased profits for both 1957 and 1958, the 30-60-30 treatment returned \$121.75 for an investment of \$12.30. These two demonstrations emphasized the value of carryover fertilizer. If good results are not obtained in one year such as in 1957, the carryover effect will still help to pay for the fertilizer, Bennett added.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, TEX. — Whatever the outcome of the summer tax battle, when the smoke has all cleared, the fire won't be out. Like live coals banked in ashes, the tax issue will be ready to flame up again when new fuel is added. Sources of new fuel are easily foreseeable. Every member of this Legislature, by his voting record, expressed a tax viewpoint. Many of them will have to face opponents attacking this viewpoint in the 1960 elections. Since a new law moves primar-

ly by two months, campaigning will begin long before the dogwood is out . . . maybe while the Christmas lights are up. Many candidates may be wary of lighting into an issue on which it's almost impossible to take an all-around popular stand. But whoever gets elected and comes to Austin in 1961 will find the old tax monster waiting, bigger and fiercer than ever. This Legislature will likely enact just barely enough new taxes, mostly on "old favorite"

sources, to cover the budget. Put the 1961 budget will have to be bigger. For some time population growth and other factors have kept budgets going up by about 10 per cent every two years. Additionally, there will be, as always, demand for new programs, new buildings, new spending. Hale - Aiken school improvement program alone would call for at least a \$100,000,000 tax bill. Only hope for avoiding an even hotter tax battle in '61 is for 1960 voters to give their elected officials clear instructions on what they want and how they're willing to pay for it.

BATTLE LINES — Show-down fight on the second called session came on a \$90,000,000-a-year tax bill based on about three-fourths selective sales taxes, one-fourth business taxes. It was in line with expressed sentiments of the Senate, but many House members regarded it as "another insult". All the five Senators and five House members on the conference committee that worked out the bill signed the report and recommended adoption. It was designed to get revenue from these sources over a 2-year period:

TOBACCO — cigarettes up 3 cents a pack (for two years — then back to one cent) to raise \$60,000,000. Other tobacco products, except snuff, a 25 per cent tax to raise \$13,500,000.

NATURAL GAS — raise in the production tax from 7 to 8 per cent to bring in \$12,000,000.

CORPORATION FRANCHISES — increase of 75 cents per \$1,000 capital to May, 1960, 50 cent increase thereafter, to raise \$32,000,000.

UTILITIES — a 20 per cent increase in gross receipts tax except for telephone and telegraph for \$3,000,000.

MOTOR VEHICLES — increase in sales tax from 1.1 to 1.6 per cent, for \$20,400,000.

BEVERAGES — liquor up from \$1.408 to \$1.68 a gallon, wine up 20 per cent, for \$6,000,000.

BOATS, MOTORS, AIRPLANES — a new 1.6 per cent sales tax, for \$3,250,000.

RADIOS, TELEVISIONS, PHONOGRAPHS — a 2.2 per cent sales tax, for \$6,000,000.

CAMERAS — temporary 10 per cent sales tax for \$6,000,000.

Provisions for more vigorous tax collecting would bring an estimated \$4,000,000 more.

NEW INSURANCE BILL — Out of the House-Senate conflict over the State Board of Insurance came a reorganization bill aimed at getting rid of at least some present officials. Sen. Floyd Bradshaw of Weatherford introduced the bill calling for organization of a new three-member, full-time Board of Insurance. One member would be designated Commissioner at a \$20,000 salary. One would be the chairman at \$15,000; another, a member at \$15,000. Nothing in the bill says present members could not be appointed, but all appointments would be subject to Senate confirmation. Senators tried to oust present Commissioner William A. Harrison two years ago, were balked by Board Chairman Penn Jackson and an Attorney General's ruling that they lacked this authority. Since the Senate hospitality toward Jackson and Harrison has been open and frank, Senate appropriation bill slashed salaries to one-third time for Board members. House held out for full-time Board.

Senate's counter-offer was the reorganization bill . . . with a full-time Board to please the House and a chance to name new members to please the Senate.

LET NATURE BE — A group of West Texas ranchers won another round in their court fight to force a cloud-seeding firm to leave the weather alone. Texas Supreme Court upheld an injunction to stop a "weather modifying" program by Southwest Weather Research, Inc. Weather Research has been hired by a group of Fort Stockton cotton farmers to drop silver iodide pellets into clouds that threatened to bring crop-destroying hail storms. Water-loving ranchers brought suit. They contended the cloud seeding not only chased off the hail but moisture of all kinds.

INSURANCE CUT DUE — State Board of Insurance has ordered reductions in auto insurance rates ranging from 10 to 15 per cent in some parts of the state. Effective date is Aug. 1. Most of the cuts will stem from a reduction in expenses, such as agent commissions, rather than low accident rates. State-wide the cuts will amount to about \$226,000,000, saving some drivers as much as \$20 a year. In some areas, mostly larger cities, the drop will be smaller, and in a few counties the rate will rise. Board Chairman Penn Jackson said that a merit rating plan, settling lower rates for accident-free drivers, will be made later.

Notice Of Meeting Of Equalization Board — The Board of Equalization of the Lockney Independent School District will be in session at the office of the school tax assessor-collector on July 21 and 22, beginning at 8:30 a. m. each of these mornings. Any taxpayer who has a protest concerning the valuation of his property subject to taxation by the Lockney Independent School District should meet with the Board of Equalization.

Dear Editor:
I see where some people say our Supreme Court consists of four liberals, four conservatives, and one floater.

Which my sportsman neighbor says may be better than having them all lean one way, but he is still partial to the old practice of using judges and umpires who are not rooting for either side.

But says maybe the new system is best, so he will try to adjust to it when the big league ball teams start using umpires who are pro-Yankee, pro-Dodger, etc.

BARBECUED LOBSTER TAILS
Barbecued lobster tails, fresh corn on the cob, thick slices of home grown tomatoes — a July supper menu that's hard to beat. Thaw frozen lobster tails in the refrigerator, then remove the bony membrane and tips that usually char during boiling. If you have a rotisserie in your range, the lobster tails may be threaded on the spit. Alternate the tails at right angles to each other. If you do not have a rotisserie broil the tails under a medium flame in your broiler. Broil the lobster every 5 minutes with a pungent barbecue sauce. They will cook in 12-15 minutes.

Highway accidents are not confined to other people, they can happen to you if you fail to "Slow Down and Live" this summer.

Remove husks and silk from fresh corn and soak the ears in cold water with a tablespoon of salt added for each quart of water. Soak only 5 minutes, then drain and wrap the ears in squares of aluminum foil and place in an oven, preheated to 450 degrees. Cook 10 to 15 minutes. Serve with plenty of butter, chili powder, salt and pepper.

Servis LONE STAR BLADE

A lot of blade—and a low, low price!

Here's a utility blade priced within the reach of anyone who owns a light tractor. We state flatly, this will be the largest selling light blade in the country, because it is the greatest value. All welded, sturdy, 240 lb. construction. 13" mouldboard plus 6" replaceable cutting edge of 1/2" grader-blade steel. 8 adjustments for angling and reversing.

If you need a larger, more versatile blade for specialized ditching and terracing work, Servis makes big tough ones that tilt, angle, and pitch in more directions than the average man can think of. But for simple utility work, this Lone Star blade is it!

National Farm Safety Week
"Safety Makes Sense" is the theme of Farm Safety Week July 19-25. Each year 12,000 persons are killed on American farms. The National Safety Council reports that many of these deaths are somebody's fault and could have been prevented. Human failure, carelessness and ignorance are the main causes of these accidents. You can make your farm safer by inspecting your home, buildings, machinery and equipment and eliminating any hazards found. Extra riders on tractors or machinery are often involved in accidents.

Prevent Spoilage and Poor Quality in Home Canned Food
You lose time, labor and money when your canned food spoils. If quality is poor, the food may lose appeal and nutritive value.

Three causes of food spoilage are: under-processing, faulty seals and improper handling. Work for top quality in your canned products by following these suggestions.

Use young tender products as fresh as you can get. Gather and can in the cool of the morning. Can in small amounts. Clean food thoroughly. Keep all utensils and containers clean.

Aim for speed in preparation. "One hour from the garden to can is ideal." Use proper type of can or jar for food being canned. Have food hot when sealed unless canning vegetables by one-step cold-pack seal. Get a good seal. Do not overcook or under-process.

Cool quickly. Store in a dark, dry cool place - 50-70 degree F. If you don't have the Extension bulletin "Home Canning" come by for a copy or call the office and we'll send you one

FROM THE County Agent's Office

By Cecil Lewis and Harold W. Ellison

Cotton Insect Situation
Fleahopper infestations are light to heavy in population numbers. Some fields checked in the Lone Star Community show light infestations while in the Cedar Hill Community heavy infestations are found. Some newly hatched bollworms were found in one field.

Lice or aphids are found in most fields. Wet weather and hot days are ideal for the build up of lice. These infestations should be watched closely and if applying Toxaphene, dieldrin, heptachlor or others a poison such as malathion or parathion can be added to control lice. However, parathion should be used with extreme precautions.

Late planted cotton is just now beginning to make small squares. This is the most critical time. Late planted fields should be watched closely for Fleahoppers so the first crop can be set. This crop will have a better chance of high quality cotton.

Wheat Quotas For 1960
The vote on wheat marketing quotas will be held Thursday, July 23. Many of you are interested and will want to vote. If they are passed it looks like a support of 75 per cent of parity will be in effect.

Irrigation
Many of the wet weather lakes have adequate water in them for irrigation. If you have a lake, it might pay you to investigate pumps and equipment to use this water. Centrifugal pumps have proved the cheapest and most efficient in irrigating from lakes.

Cotton Production
Floyd County ranked eleventh in cotton production in Texas in 1958 with 112,700 bales. We had an average yield of 598 pounds per acre. This cotton brought in an estimated gross income of \$17,468,500.00, which accounts for our 1-3 of the gross income from farming and ranching.

PERFECT SUMMER COOKY

To qualify for the beach and summer picnics a cooky must be good to eat, hold its shape and it must not create thirst. Here's a recipe that measures up: Melt 1/4 cup butter, add 1/2 cup sugar, 1/4 cup molasses, 1 1/2 teaspoon salt, 1 1/2 teaspoons vanilla and beat well. Then stir in 3/4 cup sifted flour and 1 1/2 cups broken pecan or walnut meats. Spread the batter evenly in a greased 11 by 7 pan and bake in oven, preheated to 350 degrees for about 30 minutes. Cool slightly and cut into 2 by 1 1/2 inch bars. Yield: 21 bars.

Rogers Honored As "Governor For A Day"

Senator Andy Rogers of the 30th district was honored by friends on last Thursday, July 9th, when he served as "Governor for a Day" in the absence of Governor Price Daniel and Lieutenant Governor Ben Ramsey. Rogers was recently elected as president pro tempore of the State Senate and as such was third in line in holding the governor's office.

Senator and Mrs. Rogers began receiving friends and relatives in the Governor's Reception room in the state capitol building at 9:30 Thursday morning.

During the day the Senator signed proclamations including one designating the Wayland College International Choir as official state choir for the day, another setting July 9 to 16 as Agricultural Appreciation Week, and still another concerning the High Plains Vegetable Council. Other duties included the signing of a parole releasing a resident of the 30th district from the state penitentiary and the signing of two land patents from the General Land Office.

At noon Senator and Mrs. Rogers and their families were guests at a luncheon at the Governor's Mansion, which is another tradition of the "Governor for a Day" festivities honoring the president pro tem of the Senate.

The day ended with a banquet and program at a swank restaurant in Austin attended by a large number of people from the 30th district including the High Plains area. Judge Otha Dent of Littlefield, member of the Board of Water Engineers in Austin, presided. Those speaking on the program included General Earl Rudder, president of Texas A. & M. College; Dolph Briscoe Jr., prominent South Texas rancher and cattleman; Senator A. M. Aiken Jr. of Paris, and others. Senator Rogers was presented and spoke briefly, thanking

PRESCRIPTIONS ARE FOR PEOPLE!

We have never heard anyone brag about "the wonderful buy" he had found on a prescription. Even though it eliminated pain or improved a condition of ill health, no one brags about prescriptions.

Still, when one thinks of the good that prescriptions do, they should be acclaimed by everyone. They halt disease, they save lives, they improve health and in many cases they shut the door on crippling disabilities. Unpraised, they do their best to help you or your loved ones back to the greatest of gifts—good health. Unsung, they fight unseen diseases to give you a longer life and the better health to enjoy it.

So think highly of your prescription. Value it as the great result of man's knowledge in the conquest of disease. Recognize it as a tribute to the individuality of man, for it was made for you alone. Regard it as one of your best purchases.

Remember also, that we offer you prompt, courteous service in the filling of your prescriptions and that we keep a complete, fresh stock of drugs at all times.

Women's Army Corp Now Has Openings

Amarillo — Young women, Lieutenant Deloris L. Browning, Women's Army Corps recruiter for the Panhandle area, has just received word that the Army now has openings for women in its Clerical and Typing Procedures School. This school offers courses in typing, shorthand, business machines, and Army Administration. High school graduates possessing a secretarial background or aptitude and otherwise

qualified, are now being considered for enlistment. Anyone interested is urged to contact your local Army recruiter SFC Wilard P. Wang, Hale County Court House, Plainview, immediately as this is a highly selective school and classes are filled rapidly.

Miss Sandra Stapleton, Floydada, visited with Mrs. Lula Woodburn here over the week end.

Floyd County Library News

Mrs. A. T. Hull, Librarian

During the months of April, May and June, 1959, 511 new titles have been added to the shelves in Floydada and Lockney. These new selections include books for all ages; juvenile fiction, adult fiction, nonfiction, and adult fiction.

In the adult section some of the new titles included are: "Dear and Glorious Daughter," Taylor Caldwell; "The Crown and the Cross," Frank Slaughter; "The Status Quo," Vance Packard; "The Infantry Ball," Hamilton Celia Garth; "Gwen," "A Matter of Conviction," Evan Hunter; "Spring

Harvest," Gladys Taber; "A Long Way from Missouri," Mary M. McBride; "Miss Plum and Miss Penny," Dorothy E. Smith; "A Shirrtail to Hang To," Beth Day; "The Babe and I," Mrs. Babe Ruth; "My God and My All," Elizabeth Goudge; "Ingrid Bergman," Joseph Steele; "Only When I Laugh," Gladys Workman; "My Brother Was An Only Child," Jack Douglass; "Charlie Weaver's Letters from Mama," Cliff Arquette, and many others. The above mentioned titles may be found in Lockney and Floydada.

Book circulation in Floydada has been most gratifying, and we hope to see a great increase in the Lockney circulation during the month of July. In June, 2563 books were checked out through the central library and 887 through the Lockney branch. Memorial books placed in the central library are:

Bread Costs Studied By USDA

PROFIT BEFORE TAXES*	0.9
TOTAL BAKER WHOLESALE PRICE 16.2¢	

*Agricultural Marketing Service study of selected bakeries showed net profit after taxes at less than one-half cent per pound.

Increased operational costs in the bakery and flour mill are responsible for the higher price of bread, according to the United States Department of Agriculture.

A USDA bulletin, "Marketing Margins for White Bread," points out that bread prices have increased 39 per cent in the past 10 years. The study disclosed that the cost of bread ingredients has remained fairly constant during the past decade. The cost of wheat to the miller in 1948 averaged 2.8 cents per pound loaf of bread, and the same in 1958. The cost of flour to the baker rose from 3.5 cents in 1948 to 3.6 cents last year.

The survey shows that the farmer's share of the consumer bread dollar for all agricultural products used in bread has declined from 24 per cent in 1948 to 16 per cent last year.

"The increase in bread prices resulted from the higher costs of labor, transportation and other non-ingredient expenses," the

bulletin stated. "Hourly earnings in bread-baking and similar establishments are 33 per cent more than they were 10 years ago. Fringe benefits have increased ninefold."

The baker received 16.2 cents for a pound loaf of bread last year, as an average. The retail margin, according to USDA, was 3.1 cents. The baker retained nine-tenths of a cent as a profit before taxes, less than one half cent per loaf after taxes.

A separate study made by the Department's Agricultural Marketing Service showed that the profits of six leading baking companies have declined 42 per cent on the basis of sales during the 10 year period. Profits decreased from 4 per cent of sales in 1948 to 2.3% last year.

The report stated that "Even if the farmer had donated his wheat, white bread would still have cost consumers about 17 cents per loaf (retail) in 1958."

Wayland Summer Commencement Is Set August 20

Plainview. — Hooper Russell Dilday, State Training Union Secretary for Baptist General Convention of Texas, will deliver the Commencement address for the 25 candidates for degrees at Wayland Baptist College summer exercises, according to President A. Hope Owen.

Ceremonies will be held at 7:30 p.m., Aug. 20, at College Heights Baptist Church and will be followed by the President's Reception in Van Howling Memorial Library. Friends and relatives of Mr. Dilday and the graduating seniors are invited to share both occasions.

Candidates for degrees include: Texas: Martha Rankin, Amherst; Clyde Spann, Burbank; Edward H. Williams, Burleson; Johnny Lynn Warren, Floydada; James Leon Raby, Hale Center; Charles Arrandell, Houston; Betty Lincecum, Idalou; Richard Lee Howell, Jr., Levelland; Bert Wayne Glascock, Lubbock; Dinzel Leonard, Mobeetie; Betty Daniels, Olton; Ruby Akin and Dorothy Bea Paterson, Plainview; Barbara Sullivan Embury, Ropesville; Robert Edwin Norris, Silverton; Vernon Stokes, Sundown; Pat Hill Randolph, Tell; Rex New

EGG LORE

According to Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, an increase in egg production has kept this nutritious food on the "best food buys" list for many weeks. She suggests that homemakers use them generously because they add protein, vitamins A, B, D, iron and some phosphorus to the diet. Miss Spader recommends the use of low to moderate temperatures when cooking eggs. When making custards or other dishes that call for hot milk to be added, Miss Spader advises mixing sugar with the eggs, not with the milk.

CROSS ROADS REPORT

Dear Editor:

I see where the scientific pill rollers have met the challenge and come out with a new drug that will make children slow down and pay attention to their parents and teachers.

My old style neighbor says this proves that science has now actually got into the miracle drug business.

But he says a nice feature of this situation is that any parents who can't afford this high-priced drug can still get the same results with a stiff backbone and a ping pong paddle.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTAKE

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where pifion won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing!

Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped ½-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

*Optional at extra cost

No job's too tough for a Chevrolet truck!
