There will be drawing for a micro-oven and two cash prizes during the open house celebration. You do not need to be present at the time of the drawing to win, but you must register at the open house.

The bank remodeling project, completed Monday, cost approximately

\$100,000.

Lee Lewis of Lubbock was the general contractor for the project. James Robinson and Associates of Plainview were architects, and W.W. Carroll of Lubbock was the decorator. Other contractors were John Hall, Lubbock, painting; Wesley Electric, Plainview; K.K. Glass, Lubbock; and Hunter Millworks, Lubbock, cabinets and millwork. Schacht Flowers, Jewelry and Gifts of Lockney furnished the Christmas decorations.

Customer convenience and energy efficiency were kept in mind from the

start in the bank remodeling project. Teller stations were remodeled, making them more accessible to customers; offices were enclosed to assure more customer privacy; exterior glass was replaced with energy-efficient tinted glass; most of the bank ceiling was replaced and insulated; heating and air-conditioning ductwork was reworked for greater efficiency; exterior brick was moisture-sealed all around.

New carpet and drapes were installed throughout the bank, and new furniture was added. Exterior trim was repainted,

and the roofline was reworked, and the bank roof was repaired.

In announcing the open house, bank president Carroll Anderson said "We invite all our customers and friends to see our new facilities, and everyone in the area is invited to come in and get acquainted with us."

Anderson added: "We'd like the opportunity to help with your banking needs. Our whole remodeling project was done with the idea of better serving our customers. We're dedicated to improving our service in any way we possibly can."

Turner nominated for Air Force Academy

AND BILLY JOE TURNER look at something they've been doing a lot of since receiving word that the younger Turner has been nominated to the academy by Congressman Charles Stenholm.

A Floyd County youth has been nominated by Congressman Charles W. Stenholm, to the United States Air Force Academy. Kevin Scott Turner of Lockney, Texas will now be given the opportunity to meet the Academy's entrance requirements, Stenholm said, in an effort to secure an appointment.

The Academy will examine and appraise all nominees appointed by Congressman Stenholm and will select a Principal for admission, as well as qualified Alternates. Alternates not appointed may be given further consideration, depending upon available vacancies.

Turner, 17, son of Mr. and Mrs. Billy Joe Turner of Lockney, hopes to realize a long-time ambition to be a military pilot if he's accepted into the Academy at Colorado Springs.

The Turners realize that Kevin still has a long way to go to make his dream of flying come true. He is one of 10 high-school seniors in the 17th Congressional District nominated by Congressman Stenholm for the Academy.

The next step in the effort to gain admission to the service academy is a physical aptitude exam in which he will perform pullups, a standing long jump, a 300-yard shuttle run, and a basketball throw. Turner will also be tested on academic and leadership qualities.

If he's accepted, he'll enter the academy next June and start the academic year in August.

He's been working for the nomination since last spring, when he wrote letters to Stenholm and U.S. Senators: Bentsen and Tower. He has received lots of help from Lockney High School counselor Sherree Cannon, Buster and Linda Terrell, Warren and Charlotte Mitchell, and former LHS principal R.L. Knox, now principal at Lockney Elementary School.

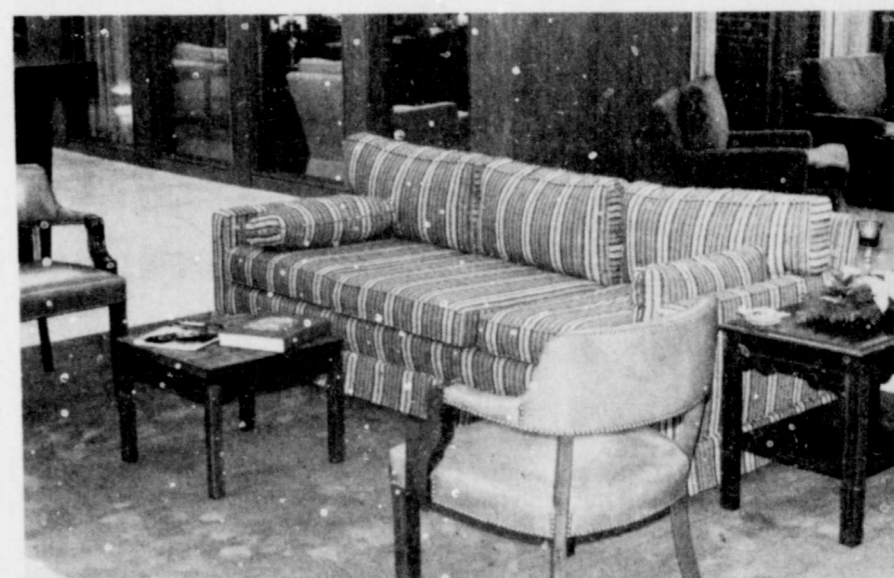

"We're all crossing our fingers, but we don't want to get our hopes up," Kevin's father Billy Joe says. "The waiting was hard." (Kevin received the letter informing him of his nomination only last Saturday.)

Turner is vice president of the Lockney chapter of the National Honor Society and the LHS Fellowship of Christian Athletes. A two-year football letterman, he played football four years at LHS.

He served as class president his junior and senior years and was sophomore class vice president.

Turner is historian for the Lockney Future Teachers of America chapter and a Student Council representative and chaplain.

He has participated in Interscholastic League drama and speech contests and was a member of the one-act play cast. He placed second in the Lockney High School DAR scholarship award competition; he was a member of the Longhorn Band his freshman and sophomore years at LHS; and he's been a member of the local 4-H Club since he was nine years old.

Youth Christmas service set at Aiken Baptist Church

A youth-led Christmas service will be held this Sunday night at the First Baptist Church of Aiken starting at 6 p.m. The junior high, high school, and college departments will lead out in the evening services with instrumental and vocal music, dramatic Christmas readings, and a short sermon by Pastor James Kaler.

"Everyone is invited to attend this service," said Dennis Noblett, Aiken minister of youth and music, who is in charge of the program. "The musical talent that we have in our youth departments will be presented to the max." A "tree" will also be held following the service.

School board OK's bus purchase

The Lockney school board Monday approved the purchase of a new passenger school bus. The new bus will be delivered in time for use next year. One of the school district's buses will be retired from active

service and used as a spare. Also Monday, the school board voted to allow use of a school bus to take fans to out-of-town varsity basketball games. The school will furnish a bus and driver; riders will pay for the cost of the trips at

the rate of 45 cents per mile, prorated among the passengers. (Each passenger will pay his or her pro-rata share of the round-trip cost. For example, a 100-mile round trip at 45 cents per mile would cost \$45. If 10 persons rode the

bus, each would pay \$4.50. If 20 made the trip, the cost would be \$2.25 per person.)

The fans' bus will leave from the parking lot on the north side of the school gym on days when the varsity teams play out of town. Here are the scheduled departure times for the remainder of the season. (Riders are asked to be at the parking lot 15 minutes early.)

- Dec. 14 (Dimmitt, girls only) — 6 p.m.
- Dec. 18 (Littlefield) — 5 p.m.
- Jan. 3 (Muleshoe) — 4:30 p.m.
- Jan. 4 (Meadow) — 4 p.m.
- Jan. 8 (Olton) — 5 p.m.
- Jan. 11 (Floydada) — 5:30 p.m.
- Jan. 15 (Silverton) — 5 p.m.
- Jan. 22 (Abernathy) — 5 p.m.
- Feb. 5 (Tulia) — 5 p.m.
- Feb. 12 (Idalou) — 5 p.m.

The school board accepted an appraisal contract from McMorries Co., agreeing to pay the school district's share (\$23,017.76) of the county-wide tax appraisal which was mandated by tax-reform laws passed last year by the state legislature.

They talked about the new school policy manual which is being prepared by Paul Lyle, legal counsel for the school district. The policy manual will be officially adopted at the January board meeting.

A textbook selection committee for 1980-81 was appointed by the school board Monday. Committee members are W.H. Hallmark, Edward Keester, Peggy Hallmark, Marsha Sharp, June Sherman and James Poole.

The school trustees considered a proposal to purchase some used Astro-turf for the weight room in the new athletic field house, but they took no action on the matter.

Superintendent Hallmark talked with the board about several phases of next year's operation, such as purchasing, building, maintenance and repairs.

In executive session Monday afternoon, the school board interviewed two Lockney coaches (Steve Culwell and Ed Keester) for the head football coach position recently vacated by Jim Warren. Applicants from outside the Lockney school system will be interviewed later.

Attending the Monday-afternoon session were trustees Tom Duvall, Kenneth Brosech, Jerry Williams, Eugene Tannahill, Eddie Foster, Kelton Shaw and Eddie Teeter; Hallmark, tax assessor Jack Samford; school principals Warren, James Poole, and R.L. Knox.

Three students inducted into NHS

Three senior students from Lockney School were inducted into the National Honor Society in a morning ceremony at the Elementary School Auditorium Monday, December 11. The new members honored were Mike Ford, son of Mr. and Mrs. Buck Ford; Roel Rodriguez, son of Mr. and Mrs. Jose

Rodriguez; and Marina Tijerina, daughter of Mr. and Mrs. Albert Santana.

Candidates were qualified by having maintained a high grade average since the beginning of their sophomore years. The members were selected by a council consisting of the faculty of Lockney High School, who ranked them for

meeting the standards of character, leadership and service.

The National Honor Society ranks as one of the oldest national organizations for high school students. Chapters have existed in the United States since 1921. The Lockney chapter now has twenty-two active members. Mrs. Gwen Woodward is faculty advisor.

INDUCTEES — Marina Tijerina, Roel Rodriguez and Mike Ford were inducted into the Lockney High School National Honor Society Tuesday morning.

New Year's Eve lock-in planned

The youth department of the First Baptist Church of Aiken is sponsoring a "New Year's Eve Lock-in" on Monday night, December 31. Beginning at 9, the "Lock-in" will include a skating party, a horror movie, a hot dog supper, and games all night long. The event is open to all junior high and high school students and will cost two dollars a person to cover costs of skating and movie.

ing are responsible for their own transportation to the skating rink, the church, and back home the next morning.

"We give the kids the option to go elsewhere after the skating party," explained Dennis Noblett, Aiken youth minister. "However, if they return to the church, they must stay for the rest of the night. After the skating party, we will be responsible only for those who return with us to the church."

Those going to the church for all-night festivities are advised to bring a sleeping bag, "just in case."

CHEERLEADERS — Channel 28 team members led an impromptu cheer for their team during their game at Lockney Sunday afternoon, drawing good-natured boos from the home-town fans, who were cheering (to no avail) for the Lockney High School Band team, 49-28 losers in the benefit contest.

Lockney girls beat Tulia three times

The Lady Horn seventh-, eighth-, and ninth-grade basketball teams scored three victories over Tulia Monday night in games played there.

The Lockney seventh-graders escaped with a narrow 16-14 victory, the eighth-grade girls posted a 34-24 win, and the LHS freshman girls' team won by a score of 42-37.

In the seventh-grade game, it was 4-0 Lockney at the end of the first quarter, 8-2 at halftime, and 12-0 after three periods before the local girls pulled out the two-point victory. Lady Horn scorers were Irene Cantu, six points; Sarah Fitzgerald and Tamara Elam, four each; and Tiffani Duvall, two. The win evened the Lockney record at 1-1.

The eighth-grade Lady Horns went up by nine points (16-7) at the end of the first period and led 22-15 at halftime and 30-16 at the three-quarter mark.

Jerri Ann McCormick led the Lockney scoring with 12 points; Shawnda Brock, Sheryl Perry and Dolores Luna netted six each; Kim Carthel and Sonya Greenfield added two apiece. The eighth-grade girls are undefeated in two games this season.

Karen Mathis paced the ninth-grade girls with 22 points, Elizabeth Mathis added nine, Robin Hardy scored six, and Irene Medina put in five. The game was a close one. It was tied 8-8 at the end of the first quarter, and Lockney was ahead 25-21 at halftime and 31-25 at the end of three quarters. The victory upped the freshman girls' season record to 2-1.

Next Monday, the seventh-, eighth-, and ninth-grade girls host Abernathy. The junior-high and freshman "B" teams play Plainview here tonight (Thursday).

Freshman tumble to Tulia

Tulia beat Lockney 41-16 Monday night in a ninth-grade boys' basketball game. "We just did not play any team offense at all," coach Joe Killer said. "We were not aggressive."

Tony Rodriguez scored 12 for the Longhorns; Kyle Brock and Marcus Schacht had two apiece.

The freshman 'Horns play Muleshoe's ninth-grade "B" team at 1:30 p.m. today (Thursday) in a tournament there. Lockney's ninth-grade girls are entered in the tournament too, but they drew a first-round bye. Teams in the tourney are Littlefield, Dimmitt, Friona, Bovina, Olton, Muleshoe and Lockney.

Lady Horns beat Hale Center, win tournament

The Lockney High School girls' basketball team brought home the first-place trophy from the Tulia Basketball Tournament last weekend. In the tourney finals, the Lady Horns beat state Class-A champion Hale Center, a team that had defeated them by 13 points earlier last week.

The Lockney girls started the tournament with a 53-31 win over Class-3A Brownfield, beat the host team 57-34 in the second round, and staged a second-half rally to beat the Owlettes 42-34 in the championship game.

The teams battled to a 10-10 tie at the end of the first quarter in the title match Saturday, but Hale Center outscored the Lady Horns 10-1 in the second period. The Lady Horns turned it around in the third stanza, however, scoring 19 points to Hale Center's six.

"We had a real breakdown in the second quarter," Lady Horn coach Marsna Sharp said, but she added: "We had a super defensive effort the whole game, especially the second half — Hale Center scored only 14 points the whole second half."

Rebecca Evans and Julie Frizzell led the Lady Horns in scoring with 12 and 10 points respectively. Penny Sterling scored nine, Connie Coffman seven, Tammy Hayes four.

The LHS girls led Brownfield all the way in the tournament opener Thursday. End-of-quarter scores were 15-10, 26-19, 49-23, and 53-31. Evans scored 15, Frizzell 14, Sterling and Hayes nine each, Coffman six.

They apparently had little trouble with Tulia Friday, leading 14-2 after one quarter, 34-12 at halftime, 44-24 after

three quarters, and 57-34 at the final buzzer. Evans accounted for 29 points, Frizzell 12, Hayes six, Sterling five, Coffman three, and Sheris Clark two for

Lockney. The Lockney fast-break offense looked better than it has all year, and the Lady Horns' press looked "super,"

Sharp said. Tulia won the ball game 42-34 in the second half, but the Lady Horns counted for the

BASKETBALL ACTION from the Channel 28-LHS Band basketball game Sunday afternoon in Lockney. The TV station team won the game 49-28 and collected more than \$250 for the "Christmas for the Kids" project.

Girls swamp Roosevelt

Lady Horn varsity cagers more than doubled their opponents' score Tuesday night. The score was Lockney 53, Roosevelt 26, largely as a result of good pressure defense by the Lockney girls.

The Lady Horns got off to a cold-shooting start, making only two of 16 field-goal attempts in the first quarter, but they sank six free throws and managed to post a 10-4 lead at the end of that period. It was 27-14 at halftime and 43-18 after three quarters.

They upped their field-goal percentage to 65 in the second half and wound up shooting 38 percent for the game. Same story at the free-throw line — Lockney made seven of 18 in the first half and went four-for-five in the second half.

Rebecca Evans scored 16, Penny Sterling 13, Connie Coffman 12, Tammy Hayes eight, Julie Frizzell two, and Susan Fitzgerald two. It was probably the best game of the year so far for Coffman, a freshman, coach Marsna Sharp said. Balanced scoring (three players in double figures and another with eight points) was a big plus for the Lady Horns, Sharp said.

The varsity girls, junior varsity girls, and JV boys are scheduled to play at Dimmitt tomorrow (Friday) night.

Longhorn varsity basketballers 0-8, 'improving'

The Lockney Longhorns are improving, according to coach Ed Koester, but they've yet to make the win column this basketball season. Their eighth defeat of the year came Tuesday night at the hands of Roosevelt High School, 83-71.

"We played well offensively, but the defense still needs some work," Koester told the Beacon. "I think the kids are giving a lot of effort — everybody played real hard Tuesday night — but we just need some defense."

John Cummings was tops in the scoring department for the 'Horns Tuesday with 24 points. Jeffrey McCormick put in 15 Lockney points, and Curtis Ford also made the double-figure plateau, scoring 12 for the Big Red. Kevin Evans pulled down 12 rebounds. The Longhorn team got 27 defensive and 20 offensive rebounds for the night.

The 'Horns lost two games in a tournament at Tulia last Thursday and Friday. They fell to Brownfield by a score of 67-53 and lost to Friona 60-55. They started to play better defensively in the Tulia tournament, Koester said, but the team hasn't "jelled" yet on defense.

The Longhorns will compete in the Friona Tournament today, tomorrow and Saturday. They meet the Chiefs at 8:30 p.m. today in their first-round game.

Shorthorns drop two to Tulia

Lockney Junior High boys' teams dropped a pair of basketball decisions to Tulia here Monday night. The Dobbers won 34-24 in the seventh-grade game and 33-26 in the eighth-grade contest.

Scoring for Lockney in the seventh-grade game were Kelly Hayes, 12; Doug Warren, six; Terry Mathis, Rodolfo Rodriguez and Brent Hallmark, two each.

The eighth-grade Shorthorns led 14-13 at halftime, and the score was tied at 4-4 at the end of the first quarter and at 22-22 starting the final stanza. Lockney scorers were Robert Rendon, 12 points; Chris Torrez, six; Jackie Cunyus, four; Jason Hill and Abel Salas, two each.

The Shorthorns travel to Abernathy next Monday.

Besides winning the Entertainer of the Year Award from the Country Music Association, Willie Nelson is helping to promote the Texas 55 MPH Safer Highways Campaign. Because Willie knows the 55 mph speed limit saves gas, you'll get 20 percent better mileage, for example, at 55 compared to 65-70. And the 55 mph speed limit is saving lives, too. The odds of surviving an accident are better by sixteen to one at 55 compared to 65-70. That's why Willie's for the 55 mph limit. How about you?

LAIID BACK AT 55 ... THE TEXAS

Congressman

WASHINGTON, D.C. — Two of our most valuable resources — land and water — are being inadvertently exported with the grain and every bale of cotton shipped to a foreign port.

Representative Speaker to the National Conservation Policy Conference in Washington put it. "We are losing our land and water resources, in the guise of exports."

There is no doubt that we have grown dependent on the agricultural market (61 percent of our feed grains are grown for export) as the only spot in our otherwise dismal payments picture. We have produced the domestic market and are now looking toward even export income in the years ahead. Agricultural exports plan an important role in our balance of payments and we must not downplay their importance. But, it is equally important to note that we can have the best of both worlds only if we are willing to take steps to reduce soil erosion and we must accept the responsibility of passing on a barren future to our children.

Landowners and those interested in agriculture are not the only groups who must take focus on conservation. The land is a resource of value to all. There are indications that Congress is taking steps to encourage conservation practice programs which will be tied to current farm programs. The "green ticket" approach, which would require that every farmer must have his conservation work certified before he is eligible for any type of support or payments. Big Brother would be watching you will comply."

Second, and certainly more favorable, is the "green ticket" approach, or voluntary compliance, with incentives to encourage conservation work. But time is growing short for a voluntary program. The message is receiving from non-farming groups, the vast majority of the population and therefore the majority of Congress, seems to be "do it or we'll do it for you."

Area has been identified as one of the four most critical areas of erosion in terms of soil erosion and which has never had a drop of topsoil to spare. We must continue to use conservation methods that work, keep the topsoil in place and retain its fertility. We must also expand the research to find better and more economical ways to accomplish our purposes.

The problems are many but there are some which cannot be overcome. The bottom line is simple; conservation is a long-term investment. Farmers cannot be expected to make long-term investments with income returns of less than five percent on equity. Young farmers particularly are having a difficult time making land payments or operating with 67 percent parity prices.

Millers to celebrate 50th wedding anniversary

Mr. and Mrs. Everett Miller of Petersburg will observe their 50th wedding anniversary with a reception from 2 to 5 p.m. on Sunday, December 16 at the Harmony Community Center in Floyd County.

Miss Dar Lee McPhe McPherson honored at gift tea

ENGAGED — Mr. and Mrs. Dunham A. Greene of McAllen announce the engagement of their daughter Robin Elizabeth to Richard Kirby Ford, son of Mr. and Mrs. Harold Ford of Lockney. The couple will be married January 5 in the First Free Will Baptist Church at McAllen. Both are Junior students at Texas A&M University. Miss Greene is a graduate of McAllen High School; Ford is a Lockney High School graduate.

Honoree at a pre-nuptial gift tea Saturday afternoon was Miss Dar Lee McPherson, bride-elect of Bobby Pool.

The McPherson-Pool wedding is calendared for Jan. 12 in Trinity Lutheran Church of Providence.

Mrs. Warren Mathis's home in the Providence community was the site of the gift shower. Mrs. Mathis greeted guests and presented them to Miss McPherson, and the prospective groom's mother, Mrs. Bill Pool of Morse. Members of the receiving line wore corsages made with refrigerator magnets and small kitchen utensils. They were tied with burgundy ribbon.

The prospective groom's sister, Mrs. Brant Ingram of Fritch, and their sister-in-law, Mrs. Dub Pool of Morse, assisted guests in being registered. The table was covered with a white cloth and held the couple's engagement picture and a crystal bowl filled with burgundy and pink silk flowers.

Gifts were registered by Mrs. Ronnie Thornton and Mrs. Harold Brock.

An ecru linen cloth with hand-embroidered center and flounce covered the serving table. Centerpiece was a silver wine cooler holding burgundy carnations tied with pink ribbon. The refreshment assistants used silver appointments to serve coffee, hot cran-apple juice, assorted cookies, nuts and frosted cranberries.

Sharing serving duties were the honoree's sister-in-law, Mrs. Steve McPherson of Idalou, Miss Karen Mathis, Mrs. Louie Bybee and Mrs. Zach Cummings.

The hostesses gifted Miss McPherson with a set of cookware. On the hostess list were Meses. Mathis, Jerry Cawley, Bobby Carthel, Jeff

Terrell, Ronnie Thornton, Travis Hulcy, Byron Ford, Larnce McCain, Doug Meriwether, Deanie Henderson, Paul Hrbacek, Bill McCarter, Joe Cunyus, L.B. Brandes, Charles Huffman, Keith Jackson, Barry Barker, Tom Marr, Harold Brock, Don Bybee and Miss Marsha Sharp.

Born in Hill County Texas, Mr. Miller came to Floyd County in 1910. He has been engaged in farming and ranching since that time, and has also been active in civic, community and church activities for many years. In 1974 he was honored with the Distinguished Service Award by the Federation of Cooperatives. He served on the Board of Directors of the

Love Sunday school class meets

Friday December 7 the Love Sunday School class met in the home of Mrs. Edna Phillips for a Christmas social.

During a short business meeting, the class decided to send fruit to the Floydada Nursing Home for Christmas. Special appreciation was expressed to the hostess, who conducted the program.

The group sang "Holy Night," and a prayer was voiced by Mrs. Iva Benson, class teacher. Luke's account of the Christmas story was read by Mrs. Clara Mize and Mrs. Roy Fawver presented the reading, "Keeping Christmas — the best way is to put others first."

Exchanging gifts from the twinkling Christmas tree made everyone joyful, as did the delicious refreshments. All enjoyed Christian fellowship, made possible by the one whose birth was celebrated.

Present were Meses, Iva Menson, Grace Hamilton, Flora Fawver, Mable Smith, Dee Simms, Clara Mize, Clyde Frizzell, Eva Newson, Alma Eubanks, Ava Jackson, Kate Crabtree and Edna Phillips.

I've been fighting my weight all my life. Like a lot of people, I've tried all the fad diets and strenuous exercises around. Even when I lost weight, I'd gain back in a few days what took two weeks to loose. I had seen Pat Walker's ad a few times and decided to try it. Am I glad I did. I learned good eating habits that I'll have the rest of my life. The exercise was simple but effective. The Pat Walker salons have been nicer with all the individual attention they gave me. As a result of all this, I've lost 72 1/2 inches and 54 pounds and am still loosing. With this new outlook on life and self-confidence that I've never had before.

Prevent holiday fires with simple safety steps. Claudia Kerbel, a consumer information specialist with the Texas Agricultural Extension Service, offers these safety steps to remember:
1) Keep the Christmas tree away from fireplaces, radiators and heaters. Place it in a water stand and water it daily. Dispose of the tree when needles begin to fall off in large quantities — a sign it is dangerously dry.
2) Use only flameproof decorations.
3) Don't set up electric — or similar equipment — near the tree.
4) Check labels before using outdoor lights — to be sure they're weather-resistant.
5) Check tree lights and outdoor lights each year before using. Look for frayed wires, loose connections, broken or cracked sockets and spots where bare wire is exposed. Repair them or remove them away. Be sure all lights have been tested for safety.

ERMA BOMBECK wrote in her column a couple of years ago that her then teenage family had so many plans for the holidays that the only plate she could set on the table for Thanksgiving and know for sure that he would be there was Roger Staubach's. Most of us have come to accept the marriage of holidays and the professional football leagues. J.D. Wilson, Floydada resident, wrote the following poem expressing a 1979 version of a well known Christmas poem.

A Christmas Poem By J.D. Wilson

'T was the game before Christmas and all through the dome,
Not a creature was stirring, not even a gnome.
The shoulderpads were hung in the lockers with care,
In hopes that Staubach soon would be there.
The players were dressed in their white and their red,
While vicious of defensive plays danced in their heads.
And Mom in her earmuffs and I with my pipe,

I jumped from my seat to what was the matter.
Away to the press box, I flew like a flash,
Tore open the door with a bang and a crash.
When what to my wondering eyes should appear,
But a sports commentator and eight football players.
With a little old man, so stupid and pale,
I knew in a moment it must be Howard Cosell.
More rapid than Jets, the players they came,
And he griped and he yelled and he called them by name:
On Campbell and Dorsett. On Simpson and Jaworski.
On Swann and Foreman and Haden and Bartkowski.
But I heard him comment as he left like he came,

Alpha Mu Delta meets in Simpson home

Alpha Mu Delta met Tuesday, December 4, in the home of Daphna Simpson. President Pat Cates called the meeting to order, after which Donna Anderson read the minutes and Jo Ann Patterson presented the final plans for the progressive dinner to be held December 15.

Single Adult Christmas party scheduled

Single Adults will attend and to bring a \$2 gift. Hostesses are Edith Marrs, Willie McCormick, Grace Grundy and Irene Irby.

Prevent holiday fires

Prevent holiday fires with simple safety steps, says Claudia Kerbel, a member information specialist with the Texas Agricultural Extension Service. Here are the safety steps:

- 1) Don't set up electric lights or similar equipment near the tree.
- 2) Check labels before using outdoor lights — to be sure they're weather-resistant.
- 3) Check tree lights and door lights each year before using. Look for frayed wires, loose connections, or cracked sockets.
- 4) Repair them or remove them away. Be sure all have been tested for safety and have a "UL" Underwriters Laboratory seal.
- 5) Place the tree so its lights turn on and off with a switch located away from the tree.
- 6) Don't leave tree lights burning while away from home — or after going to bed.
- 7) Don't overload electrical outlets. Don't put more than three sets of lights on any extension cord.
- 8) Also, keep connections away from the water supply of a live tree.
- 9) In decorating, use a balanced ladder — never a box, bench or chair.
- 10) Never use wax candles on a tree, near it or near other flammable items, such as pine boughs.
- 11) Teach children the importance of these safety steps. Make an emergency plan to use if fire breaks out anywhere in the house. Be sure each family member knows what to do.

"Facing Christmas" "I shall attend to the little errands of love Early, this year.

So that the brief days before Christmas may be Unhindered and clear — Of the fever of hurry — The breathless rushing That I have known in the past —

Shall not possess me. I shall be calm in my soul And ready at last For Christmas: "The Mass of the Christ"

I shall kneel and call out His name; I shall take time to watch the beautiful light of a candle's flame; I shall have leisure — I shall go out alone From my roof and my door;

I shall not miss the Silver silence of stars As I have before: And, Oh, perhaps — if I stand there very still — and very long —

I shall hear what the clamor of living has kept from me: "The Angels' song!"

This writer goes along wholeheartedly with John Carroll in his "Side Glances" about the trash that blows around and also what is "dropped off" by passersby. We live on a corner and our yard seems to be the catch-all for all types of trash — the kind he mentioned and even more. Keeps me busy picking up trash.

PIONEER Harvest Hotline

Barry Love reports

Central High Plains Results

Again this year Pioneer's brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

In 48 comparisons across the Central High Plains during 1979, this outstanding corn hybrid averaged 10,821 lbs./A. to show a yield advantage of 495 lbs./A. over competitive hybrids. 3311 has shown excellent drought tolerance. It adjusts kernel depth to match growing conditions. And stalks and roots provide very good standability, too. With a proven record of top performance in his area, 3311 is sure to be a top choice for 1980.

Farmers rate this as one of the most desirable hybrids for Central Plains conditions. And this year's performance proves why. In 47 comparisons in this area, 3184 averaged 10,390 lbs./A. Recognized as one of the most consistent and dependable yielders in the area, 3184 has strong stalks and roots that contribute to its performance ability. Again next year, make sure 3184 is part of your corn growing plans.

This corn hybrid is relatively new to many area farmers, but it's a well-established favorite of many across the U.S. In 43 tests on the Central High Plains, the reasons for its popularity were dramatically shown. 3183 averaged 257 lbs./A. more than competitive hybrids with an average yield of 10,759 lbs./A. Excellent drought tolerance and very good seedling vigor with strong tolerance to head smut and MDMV make 3183 a good hybrid for this area.

Holiday Season Hazards...

With the holiday season rapidly approaching, care must be taken to insure that in all the hustle and bustle that accidental poisonings do not occur, warns the Texas State Poison Center. "Holiday plants and decorations can cause considerable problems," warns Michael Ellis, director of the Texas State Poison Center.

"Plants, such as the poinsettia, Christmas holly, mistletoe, and the Jerusalem cherry can all cause problems if left where small children can get to them," Ellis noted. "Although the poinsettia is not the deadly plant it is often misrepresented as, if the leaves or stems are eaten or chewed on, frequently we see fairly severe vomiting and diarrhea. This in itself can cause dehydration problems in small children."

"If holly berries are eaten they can produce severe vomiting and diarrhea, due to a number of extremely irritating substances found in both the red and green berries. Mistletoe, on the other hand, has proven deadly when ingested in any quantity," Ellis noted. "The bright red berries of the Jerusalem cherry can be mistaken for tomatoes by small children, and the consequences may prove severe."

"Since we know that small children are attracted to plants, and particularly those with bright colors," Ellis said, "they should be placed high enough that small hands cannot have access to them." This means that places like the coffee table are definitely out as areas to display these plants.

Other holiday decorations can pose problems also. Christmas tree ornaments, such as the older bubbling lights, contain methylene chloride, which if consumed by small children, may prove quite toxic," noted Ellis, "each year we are consulted about children eating glass Christmas tree balls, and the possibility of the mouth or the gastro-intestinal tract being cut or injured is very real."

"Some decorations cause us essentially no problem. These include pyracantha berries, the flocking used on Christmas trees, the ingestion of pine needles, and the ingestion of styrofoam ornaments. The drinking of Christmas tree preservatives by children is also common, but generally it is of little concern if the amounts consumed are small," Ellis states.

Should a poisoning emergency arise during the holiday season, first aid information can be obtained by contacting the Texas State Poison Center in Galveston at 1-713-765-1420.

South Plains News

South Plains, December 10 — The Week of Prayer for Foreign Missions with the theme, "Among all Nations," was held at the South Plains Baptist Church Monday, December 10. Members of the Womens Missionary Union took part in the study. They carried covered dishes to have at the noon day meal.

and enjoyed the week's study with an all-day lesson. The Lottie Moon Christmas offering for the Baptist church here is \$350; the goal for the world's offering is \$40,500,000. This is for work around the world, like schools, hospitals, churches, Bibles and missionaries salaries for 1,350 missionaries.

Those who were in the program were Mrs. Fred Blake, Mrs. Tillman Powell, Mrs. Mamie Wood, Mrs. Fletcher Powell and Mrs. M.M. Julian. Bentley Conger of Independence, Missouri, and his fiancée, Miss Terri Lee Thomas of Shawnee, Oklahoma, plan to be married Friday, December 28. The ceremony will be at the Bethel Baptist Church, at 7 p.m. in Independence, Missouri. Parents of Bentley are Reverend and Mrs. Charles Conger. They formerly lived in South Plains where Reverend Conger was pastor of the South

Plains Baptist Church. Mrs. Letha Mulder went to Littlefield Friday where she joined members of her family, the Fitzgeralds, in a family reunion, at the home of her sister, Mrs. Inez Minyard. She and Mr. and Mrs. Pete Land came home Sunday afternoon. About 20 were present for the reunion. Reverend and Mrs. Fred Blake went to Lockney Sunday afternoon to attend the sixtieth wedding anniversary of Mr. and Mrs. Zach Cummings, with the reception held at the First Baptist Church in Lockney from 2-4 p.m. December 9.

Mrs. Early Pritchett returned home from Medford, Oregon, Monday, after visiting her sister several days. Mrs. Jo Y'Blood will go to Denver, Colorado, for Christmas. She will be here at South Plains to visit her sister, Mrs. Pritchett and others of the family, before returning to her home in Medford.

Mrs. Mamie Wood returned home Monday from Altus, Oklahoma, where she visited Mrs. Ruth Nelms and several members of her family who live there. That part of Oklahoma was the childhood home of Mrs. Wood. She went to Lubbock Tuesday to be with her daughter, Mrs. James Teague and family, and returned home Thursday.

Mrs. Bonnie Moore, who has lived here at the Herman Thornton home the past months while they were in Lubbock, has returned from Jacksonville, Florida, and is staying in Lubbock at this time. We extend a welcome to Mr. and Mrs. Dennis and Kay Warren and their two children who have moved to South Plains. They are making their home in the house across from Parks Oil Company, where Mr. Warren will be employed. They were visitors Sunday at the morning Baptist Church services. Pastor Fred Blake of the Baptist Church will take the gifts for the Buckners Children's Home to Lubbock this week, so if you have not brought your offerings of clothes, food and other things, you may bring them now.

Mrs. Sylvin Kinnibrugh was hostess at a Sunday dinner this past weekend as she prepared dinner, complete with birthday cake, for her husband, Sylvin and their son-in-law, Hank Dickens of Plainview. Both celebrated birthdays the past week. Those who were here for the celebration were Mr. and Mrs. Ray Dillard of Lockney, Mr. and Mrs. Teddy Horne and Melissa of Plainview and Mr. and Mrs. Hank Dickens and Latham.

At 7 p.m. Friday, December 7 a Sunday School party with young folks of the community met at the home of Mr. and Mrs. Kendis Julian with sponsors Mr. and Mrs. Nathan Johnson. They went for a hay-ride on a long truck bed piled with hay for the young folks. The truck was pulled by a pickup. The

Floyd Philosopher comes up

with a brand new idea

for avoiding ties in pro football

Editor's note: The Floyd Philosopher on his Johnson grass farm on White River gets his mind off the international situation this week.

Dear editor:

A person can dwell on international problems just so long, after which he needs to take up something minor, something closer to home.

For example, take ties in professional football. Here it is getting close to midnight, you pass your bedtime, and the two teams on TV are about to end in a tie, forcing the game into over-time. Or say you've settled down to two good games on Sunday, one starting at 12 noon, the other at 3. But the first one ends in a tie and over-time runs past the start of the second game, the one you really were more interested in.

There is a way to avoid tie games 99 percent of the time, in fact where it's almost mathematically impossible to have one.

You do it by changing the value of field goals and extra points.

Like it is, a field goal from 2 yards out counts as much as one from 50 yards. This is as unfair as paying me the same price for building 10 feet of fence as

somebody else gets for building 100 feet, although the arrangement would suit me. It's as unfair as paying all Congressmen the same salary, even if some of them never carry the ball, can't remember the signals and couldn't kick a field goal from 12 inches out.

There's a way to correct this, in football, no in Congress. A field goal from 50 yards out should be worth 3 points. From 40 yards out, 2 1/2 points. From 30 yards, 2 points. From 20 yards, 1 1/2 points. And so on, until one from a yard out is worth 1/4 of a point. For kicking a point after a touchdown, you get 1 point from 5 yards out, 1/2 from 10, and so forth on a sliding scale up to 50 yards out, 3 points.

You'd then see games ending Dallas 19 1/4, Washington 19 1/4; Pittsburgh 39 1/4, St. Louis 2 1/4.

Now let's get back to the international situation. As I understand it, the Ayatollah Khomeini wants to take Iran back to the 14th century, by riding in an air-conditioned helicopter to a TV studio to tell his followers how to do it.

Yours faithfully,
J.A.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — The Iranian hostage crisis was brought closer to Texans last week when the Shah moved to Lackland AFB in San Antonio to recuperate from his medical problems.

His temporary residence here brought strong reactions from several groups, as one might expect.

Iranians living in San Antonio immediately applied for a demonstration permit in that city—they wanted to protest the Shah's asylum in the U.S. by marching around the gates of Lackland. San Antonio officials denied the permit.

Gov. Clements also stirred up a bit of controversy with his welcome statement to the Shah. The governor said the state wouldn't tolerate any demonstrations, pro or con. "Out-of-state agitators will not be tolerated, and I have already so directed the DPS."

Following reactions by some citizens that the governor's ban might be an infringement on the Bill of Rights, Clements clarified his statement, saying the state wouldn't tolerate any violent demonstrations.

His warning may have deterred several Ku Klux Klan groups who had planned to meet the Iranians outside Lackland. As of last week, no violence was reported in connection with the Shah's residency.

The Texas Republican Executive Committee officially passed a resolution endorsing the deportation of Iranian students who endorse "actions of an enemy of this country."

Carter Visit Cancelled

President Jimmy Carter did not come to his Austin fundraiser because of the Iranian situation, but he sent several Texans in his administration.

In attendance were Robert Strauss, chairman of the Carter-Mondale campaign; Energy Secretary Charles Duncan; Labor Secretary Ray Marshall; U.S. Sen. Lloyd Bentsen; and Sarah Weddington, assistant to the president.

Also on hand were Special Mexico Ambassador Bob Krueger, Lady Bird Johnson, Lt. Gov. Bill Hobby, House Speaker Bill Clayton, Land Commissioner Bob Armstrong and Treasurer Warren C. Harding.

Oil Spill Bigger

The runaway oil spill in the Gulf of

Mexico still has not been capped, witnesses told a U.S. Senate hearing last week.

Texas officials now fear that the oil tar which blackened Texas beaches last summer will return this spring with prevailing Gulf of Mexico currents.

The Ixtoc I well that blew out June 3 has been gushing between 30,000 to 100,000 barrels of oil daily, the Senate committee was told.

State Surplus Dispute

Clements and State Comptroller Bob Bullock have different versions of the amount of money available in the state surplus.

Clements said last week there is a "several hundred million dollar surplus" which will be available for his plans for tax relief in two years.

Bullock contradicted his optimism, saying he sees no windfall surplus over the next biennium.

"We're going to be lucky to fill our own cup," Bullock said.

Bullock said a \$300 million surplus would be his top dollar guess, and that two-thirds of that is dedicated by the appropriations bill.

Texas Nuclear Waste

House Speaker Bill Clayton came out in opposition to storing nuclear wastes in Texas and said the issue may be on the "hottest potatoes tossed into the hands" of the officials who may select such a dump site.

Clayton said he didn't think much of State Sen. Babe Schwartz' recent idea of building a nuclear waste dump somewhere in West Texas.

He also said last week the 1981 Legislature will take a hard look at tenure for college and university professors in Texas.

Tenure gives professors, in effect, a lifetime contract if they satisfactorily complete a trial period. Opponents of tenure believe such guarantees stifle academic competition and allows teachers to become complacent and lazy.

AG Briefs

In a legal opinion last week Attorney General Mark White ruled a county must include any supplement it pays district judges for service on a juvenile board in any determination of minimum pay due district attorneys under the Professional Prosecutors Act. Huse Judiciary Committee Chairman Ben Grant requested the opinion.

Texas consumers are often solicited to make charitable contributions during the holiday season and most of us are pleased to make a donation for a worthy cause.

When you are solicited door-to-door or through the mail to contribute to a charity it is a good idea to make a careful check of the organization before giving a financial commitment. Legitimate charities will be pleased to respond to your inquiries about their finances, organization and services.

By asking the following questions you will be pleased to respond to your inquiries about their finances, organization and services.

By asking the following questions you will be better able to evaluate whether to make a contribution:

*How does the organization conduct its fund raising?

*Who is in charge of the organization and where are its central and local chapters located?

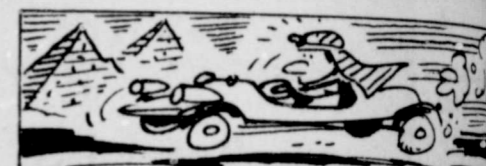

*Does the charity receive funding from any other organized fund raising effort to which you have already contributed such as the United Way or Community Chest?

*Does the group have a permit to solicit funds in your community?

*If the group represents that your donation is tax deductible, does it have a tax exempt number from the Internal Revenue Service?

In the past some charitable groups have used fund raising methods that are both annoying and illegal. Have you ever been sent unordered merchandise through the mail from a charitable organization which later sent you a demand for payment? This practice violates state and federal law since consumers who receive unordered merchandise through the mail are free to keep it without paying for it or return it as they wish.

Have you ever been solicited by an organization which represents that it employs or assists "the disadvantaged"? To be sure, not all such organizations are misrepresenting what percentage of their members are either disadvantaged or disabled. In recent years we have read a great deal of financial make-up of charities. Be sure to ask how much contribution goes to the disadvantaged. Much is allocated for salaries, costs, salaries and fund raising.

While operating costs are an efficiency there are other things to consider. Does the charity employ professional fundraisers or strictly volunteer? Fundraisers are free but may be effective as professionals. Is the organization new or old? If it is new, then an older, established organization is more likely to be successful. The Philanthropic Advisory Board, a division of the Council on Business Relations, publishes information on nonprofit organizations. It can provide reports on individual organizations. It publishes a monthly newsletter, "Wise Philanthropy." Special bulletins, "BBB Standards for Charitable Organizations." Marshmallow Elves To Make For Fun

This holiday, try some eye-catching new ideas for party table accents or Christmas decorations that use a versatile, fun ingredient: marshmallows. These little Christmas elves are easy to make, and they can add festive touches just about anywhere. Use them on a holiday buffet table to perch on dessert platters or bowls of nuts; nestle them among decorative greens; or serve ice cream "snowballs" for dessert and sit an elf on each plate.

Best of all, most of the ingredients needed for these elves are available at your supermarket, and the techniques, created by the Kraft Kitchens, are simple. Use toothpicks to fasten Kraft marshmallows and miniature marshmallows together into figure shapes, then top with a colored paper hat ringed with halved miniature marshmallows. The marshmallows are easily cut by dipping the blades of a pair of scissors into water before slicing. Cut sides of the marshmallows adhere to each other and to other marshmallows or candies. A dab of marshmallow creme secures decorations and uncut marshmallows.

Making these marshmallow elves can be the basis for a pre-Christmas "Santa's Helpers" party. Gather children and friends for a joint creative effort in making holiday ornaments, and baking and decorating Christmas cookies. Use marshmallows and other inexpensive ingredients as the starting point for your imagination, and you won't have to worry about cost and lengthy clean-ups.

These holiday ideas and other fun projects for year-round decorating and party giving are included in a 32-page booklet on "Confection Creations" developed by the Kraft Kitchens. It's free; send your name and address to: Confection Creations, Kraft, Inc., P. O. Box 5889, Chicago, Illinois 60677. (Offer good until April 1, 1980)

Marshmallow Elves

1. For head and body, fasten the flat sides of two Kraft marshmallows together with a toothpick.
2. For arms and legs, thread two or three Kraft miniature marshmallows on each of four toothpicks. Attach to body.
3. For face features, add tiny decorative candies, securing with Kraft marshmallow creme.
4. For hat, make small cone from colored paper. Use miniature marshmallows for tassel and brim, securing to head with toothpick. Add muffler made from fabric scrap, if desired.

Garnish a "snowball" dessert with decorative elves:

- Ice cream scoops rolled in coconut.
- Popcorn balls rolled in coconut.
- Cupcakes frosted on all sides and rolled in coconut.

evening...Mrs. C.L. Record is organizer for the program....

"After a lengthy Wednesday morning session, the trustees of Lockney Independent School District voted 4 to 2 in favor of adding on to the present school plant rather than building on a new site purchased some three years ago in West Lockney... The board plans to construct a one-story homemaking and science building attached to the north side of the present two-story high school building...."

"Lockney Longhorn Band received a number three rating in the marching contest held in Levelland last Saturday. Lockney presented the smallest organization of the thirty-one in Class AA and marched first in the contest. The Longhorns' rating was two points higher than the previous year's rating...."
