Dimmitt, Castro County, Texas, Thursday, May 31, 1951

NUMBER 29

about dimmitt and castro county

by b. m. n.

Russell Moran and myself made P. P. Robb a proposition. We offered to hoe his cotton for half of the crop. The first offer made us feel good, actually we were surprised that we would befriend a farmer to that extent, and we decided that we would go even farther and pick his cotton for his half of the crop. Robb is a little slow and I don't think that he ever made up his mind fully whether we were offering him a good proposition or not. But in the end he refused to trade, said he had to have more time to think it over.

adace

There is an idea that has been discussed in chamber of commerce meetings and to a limited extent with some of the county officials for the past several months, but the matter has not been given much publicity due possibly to the fact that it is a revolutionary idea and never been considered locally. However lately, armed with some factual information, some of our local residents are advocating the Optional Road Law for our county. Whether or not this method of operating county's business is ever adopted it would be well for the citizens of the county to give it some thought and gather all the information available about the plan. The News has only scant information about the plan but we believe that our county has developed to the point that it might well adopt any method that has proven successful in other counties. The Optional County Road Law does away with county precincts as a road unit and places all the roads of the county under the supervision of a county road engineer who is responsible to the commissioners court as a county employee. Equipment and supplies are purchased with the county needs as a whole in view, instead of for a precinct as at present operating as a complete unit. A number of Texas counties has adopted the Optional County Road Law and according to reports they are, without exception, well pleased with the results. Potter county adopted the plan several years ago and a pamphlet in the local chamber of commerce office gives detailed advantages of the Optional County Road Law as experienced by that county.

Local Men Are Assigned Medical Training Center

Private Walter D. Kern, son of Mr. and Mrs. Joe Warren, Nazareth, Texas was recently assigned to the Medical Replacement Training Center, a unit of Brooke Army Medical Center, Fort Sam Houston, Texas. The Medical Replacement Training Center, commanded by Colonel Howard S. McConkie, is one of Army's basic training schools for medical service enlisted men. Here the soldier learns the fundamentals of medical support of patients in hospitals and troops in the field.

Play-Ground Drive-Inn Is In Operation

Dimmitt's newest business establishment was opened Monday, when the new modern Play-Ground Drive Inn was opened on North Main Street by Mr. and Mrs. Gene Kemmore. The modernistic building is located off the highway leaving ample parking space in front for customers' cars. They will specialize in frozen malts, made by special malt machines, and hamburgers, sandwiches, french fried potatoes, etc. Car hops will give curb service during the noon hours and in the evenings.

Kenneth F. Fite Is Ostopathy Grad

Kenneth F. Fite, son of Mrs. Kenneth Turner of Dimmitt, is a member of the class which will be graduated from the Kfirksville College of Ostopathy and Surgery June 8. Mr. Fite took his undergraduate work at the University of Texas and Northeast Missouri State Teachers College.

Kenneth F. Fite Is Ostopathy Grad

His wife was the former Joyce Cloud of Pampa, Texas. He is a member of the Theta Psi, Bachelor's Club and Mas nic Lodge No. 105. Dr. Fite plans to intern at the Fort Worth Osteopathic Hospital beginning July 1, 1951.

Pvt. Billy Jones of Camp Chaffy, Ark., was here last week-end for a visit in the home of his parents, Mr. and Mrs. Ernest Jones.

SEE JOE COWEN FOR COTTON HAIL INSURANCE

I overheard a conversation between Red Richardson and Bernard Brown the other day. It seems that shipment of supplies to the Dimmitt Food Bank and the Hotel Coffee Shop became mixed. I gathered that floor sweep, supposed to have been delivered to the cold storage plant, was left at the Richardson eating establishment and that soap billed to the cafe was delivered to the frozen food lockers. A very simple mixup that ordinarily wouldn't cause any comment or trouble. But according to a statement by Brown, still talking to Richardson, there was some sort of foul play involved. At least Brown accused the ex-baseball pitcher of selling his floor sweep after it had been made into chili. It's been some time since I have eaten any chili, but I would still like to see the date on that floor sweep invoice.

Acres and acres of cotton and row crop grains have been planted since the recent rains. Weather has been ideal for planting and according to farmers some of the crops are beginning to come up.

Local Men Are Assigned Medical Training Center

Private Walter D. Kern, son of Mr. and Mrs. Joe Warren, Nazareth, Texas was recently assigned to the Medical Replacement Training Center, a unit of Brooke Army Medical Center, Fort Sam Houston, Texas. The Medical Replacement Training Center, commanded by Colonel Howard S. McConkie, is one of Army's basic training schools for medical service enlisted men. Here the soldier learns the fundamentals of medical support of patients in hospitals and troops in the field.

Nazareth Gets Automatic Phone Service Setup

The West Texas Telephone Company has completed installation of automatic telephone service equipment at Nazareth. The installation and change-over work has been in progress at the Nazareth exchange for the past several weeks and the first modern dial telephone was installed in the home of Mrs. Louise Woelfle. Mrs. Woelfle has served as head operator of the West Texas Telephone Company's Nazareth exchange for the past twenty years. The new system was put into operation Friday, giving Nazareth the first dial telephone system ever installed in the county. The West Texas Telephone Company, however, has another dial telephone system in its organization, as they had previously installed a dial system at Edmonson. Officials of the company declared that the next point on the system's holdings to get a dial system would be Hart, however they did not say when that unit would be installed.

Dimmitt F. F. A. Boys Place High In State Contest

The Dimmitt F.F.A. Boys Poultry team placed high in the State contest. Team members were Jimmy Brock, David Adams. The team as a group rated a gold emblem. These boys are to be commended for their interest in poultry, and for the responsibility that each of them accepted in preparing himself for the state contest.

New Service Sta. Under Construction

Construction was started Monday on the new Gulf Service station on West Main Street in Dimmitt. The new station will be located on the corner lots just across the street from the Church of Christ.

The construction contract was let to the Killingsworth Construction Company of Dimmitt and according to an announcement by Mr. Woodrow Killingsworth the building will be completed in about ninety days. The building will be of tile and stucco with dimensions of 28'8" x 45' feet. The new station will be modern in every respect with three pumps for the dispensing of gasoline. The new station is being built by Mr. Buddy Birdwell, local Gulf wholesale dealer. Operator of the station has not been announced.

Special Service At Baptist Church

Mr. J. L. Harden, with the executive office at Wayland College at Plainview, will speak at the Dimmitt Baptist Church at the morning and evening hours, according to an announcement by church officials. The regular service hours are at 11:00 a. m. and 8:30 p. m. Everyone has a cordial invitation to attend these services.

Dimmitt Scout Troop to Hold Court of Honor Friday

According to an announcement this week by Scout Master R. D. Rogers, the Boy Scout troop of Dimmitt will hold a Court of Honor Friday night, June 1, at 8:00 o'clock in the District Court room. Awards will be made to one First Class Scout, eight Second Class Scouts, and about five Tenderfoot badges will be awarded. Mr. Russell Moran, Advancement Chairman, will serve as master of ceremonies at the Court of Honor. Harold Stephens will make the Second Class awards and Joe Bailes will make the First Class awards. An appropriate program is being arranged and the public is invited to attend.

Judging of Swine Contest Is Completed

The final judging of the 1951 Sears Roebuck Swine Contest has been completed. The nine boys selected to receive light gilts and one boar of the Chester White breed in 1951 is as follows:

Jerome Hanson, Nazareth; Ronald Hoelting, Nazareth; Howard Smithson, Dimmitt; Jimmy Brock, Dimmitt; Boyce Wayne Tate, Dimmitt; Jack Bradley, Hart; and Tom Acker, Nazareth.

Tom is to receive the Chester White boar and the other 8 boys are to receive the gilts.

These nine boys will receive these animals at the Fair Grounds here in Dimmitt at 11 a. m. Saturday June 2, 1951.

Prior to receiving the animals the boys will be given instruction on control of external and internal parasites, feed requirements, and general care of swine. The Sears Roebuck Swine Program will be discussed and the boys will have an opportunity to test their ability to judge swine. The general public is invited to attend this gathering.

Dimmitt Wheat Grs. Meeting Scheduled

Association members of Dimmitt Wheat Growers, Inc. will meet Thursday, June 7, at 7 p. m. for the eighteenth annual stockholders meeting at the Fair Building. First activity for the evening is barbecue, planned for 7 o'clock.

Two new directors will be elected at the program to fill places vacated by two retiring directors. Raymon Annen, president of the organization also announced a door prize drawing and issued an invitation to all members, and their families to attend the annual meeting.

The tentative program for the meeting includes: Barbecue at 7:00 p. m.; Call to Order at 8:00 p. m.; proof of meeting; reading of minutes, secretary; president's report, Ramon Annen; manager's report, W. M. Kunkel; auditor's report, Edwin E. Merriman; unfinished business; new business; election of directors; nominations; appointment of judges; voting; motion picture of recent activity; drawing for prizes.

Bobcat Quartet to Be Sponsored by FFA in State Show

The Dimmitt F.F.A. boys are sponsoring a talent show to help defray the expenses of the boys who will help furnish entertainment for the state F.F.A. convention.

Each year entertainment numbers are furnished by representatives of the various local chapters over the state and the top entertainers are selected and receive appropriate rewards.

It is the sincere hope of the Dimmitt chapter members that everyone will come out and enjoy a fine program and encourage Don Nelson, Gene Easley, Bill Murphy and Jesse Burch to show themselves proud in the Shamrock Hotel in Houston on July 9, 10, and 11th.

County Agent Gives Many Outstanding Features of Milo

According to an announcement this week by County Agent Ed McLeroy there will be approximately 200,000 acres of land in Castro County will be planted to Milo and that farmers should be making special efforts to plant seed of good quality and high germination, and that seed should be treated for smut and seeding diseases. He also declared that much work has been done on improving grain sorghums in the past ten years, and that production has been greatly increased.

Pertinent facts about various varieties of grain sorghums are listed below:

Kafir Types
Included in this group are combine kafir—60 with juicy stalks which stand up well in the field, with the head erect on a long stem. The head dries as the plant matures, making it possible to combine before frost. From June plantings in Lubbock, combine kafir.

Official of T. W. P. A. Gives Meet Report

Mr. Leo Witkowski, Castro County member of the board of directors of the Texas Wheat Producers Association, attended a board meeting in Amarillo recently and has submitted the following report of the meeting for publication:

"One of the main objectives of the Wheat Producers Association of Texas and also the National Association of Wheat Growers is to sponsor and encourage a continuing long range research program for wheat. The wheat crop for Texas this year is estimated to be about twelve million bushels. The main cause of the short crop this year in Texas and the entire southwest is due to the infestation of green bugs, cut worms and mosaic root rot. Many hundreds of thousands of acres of good wheat died in the field with moisture in the ground. There is a great and immediate need of fundamental research on the control of the greenbugs, cut worms, and mosaic root rot, not only in Texas, but in the entire southwest.

"Normally the six southwest states of Oklahoma, Colorado, Texas, New Mexico, Kansas and Nebraska seed thirty-six million acres of wheat which represents one-half of the seeded acres of the entire United States. Today twenty million acres of this thirty-six million have already been plowed up. The remaining sixteen million acres will not produce one-half of a normal crop. This represents a loss to wheat growers in this area of one-half billion dollars of wheat, and this wheat is vital to the national economy in this time of great production effort. Texas is perhaps more severely damaged by these bugs and diseases than any other state. Texas normal production of wheat in the last ten years has averaged seventy million bushels, which means we will raise less than 20 per cent of normal this year.

"Recently the wheat growers of Texas sent K. Kendrick, Secretary of the State organization to Washington to represent the Texas wheat growers along with wheat growers from Kansas, Nebraska, Oregon, North and South Dakota and Minnesota to investigate the possibility of stepping up the research program particularly upon planning the control of the green bug and mosaic root rot problem. While testifying before Senate Agriculture Sub-committees the group learned that the Department of Agriculture had 2200 men working on research in the United States, and only one of the 2200 was engaged in research on the control of greenbugs. The committee was assured that other research specialists would begin work immediately on this problem. Mr. Rogers, our Representative from this area, is working hard on this problem and would like to hear from wheat growers throughout the area concerning the infestation of green bugs, cut worms, and mosaic root rot. Our Senators, Tom Connally and Lyndon Johnson are also interested in the green bug problem.

"The wheat grower asked only that a control be worked out for him, and he will stand the expense of applying the control measures. They are definitely not interested in the Federal government spending more money, but simply interested in pointing out to our law-makers the necessity of shifting expert personnel on work that is vitally needed throughout the southwest and to co-ordinate the effort of the various state agriculture departments."

Born Tuesday in a Lubbock hospital, to Mr. and Mrs. James Autry, a little son.

Rev. Lee Stanford Returns to Dimmitt

Rev. E. Lee Stanford was returned to the Dimmitt Methodist Church as pastor for the ensuing year by the Northwest Texas Methodist Conference which was held in Abilene last week. The conference was closed with the reading of appointments Sunday afternoon.

Rev. Stanford came to Dimmitt last year from the Seventh Street Methodist Church in Amarillo, and will begin his second year as pastor of the local church next Sunday. Aside from being a popular pastor of a Dimmitt church, Rev. Stanford has taken an active interest in civic affairs and is active in the Lions Club and other civic affairs.

Sgt. Calhoun Is Member of Crack Artillery Battalion

WITH THE 1ST CAVALRY DIVISION, U. S. ARMY, IN KOREA —(delayed)—Ardently high explosive missiles, delivered to the Communist enemy with the compliments of a Dimmitt, Texas, soldier's artillery battalion, are wrecking havoc with Red troops and supplies.

Sergeant Edward P. Calhoun, husband of Mrs. Hazel Calhoun of Dimmitt, is a member of the 77th Field Artillery Battalion, one of a quartet of hard hitting 1st Cavalry Division howitzer units the Reds have learned to fear on the Korean battlefield.

The battalion, usually assigned to an infantry command for supporting fire, has, on occasion, used its 105-millimeter cannon at pointblank range, blasting fanatical Chinese attempts to overrun the gun positions.

Statistics show that the tons of explosives hurled by Sgt. Calhoun's unit have exacted a heavy toll of enemy troops, munitions, tanks, vehicles and artillery pieces. The battalion has done much to impress the belief, widely held by the Reds, that the Americans have automatic artillery. Many times, it has sent as many as 3,000 shells on their way to the enemy in a 24 hour period.

Once, with United Nations troops withdrawing in the face of overwhelming numerical odds, a single battery of the 77th fired continuously for 64 hours at the Chinese. Gun barrels glowed cherry red and gunners fell exhausted but the effort enabled friendly troops to avert encirclement.

Sgt. Calhoun and the other "Red-Legs", as artillerymen are known to the infantry, proved their versatility when forced to double as rifle-men and machine gunners in the face of suicidal Red banzai attacks. The artillerymen have stopped these nightmare charges, often cutting down the screaming Chinese at the very muzzles of the howitzers.

Brother of Local Man Died Saturday

Mr. Fred A. Robb, 62, brother of Mr. P. P. Robb of Dimmitt, died in the Swisher County Hospital in Tulsa Saturday following a month's illness. A native of Denton county, Texas, Mr. Robb had been a resident of Crosby county for many years.

Funeral services were held at the First Baptist Church in Lorenzo with Rev. Earl Landtroop of Plainview officiating, assisted by the pastor, Rev. Clyde Campbell. Burial was in the Lorenzo cemetery.

JOE HARRISON IS HIGH HONOR STUDENT OF McMURRY COLLEGE '51 GRADUATES

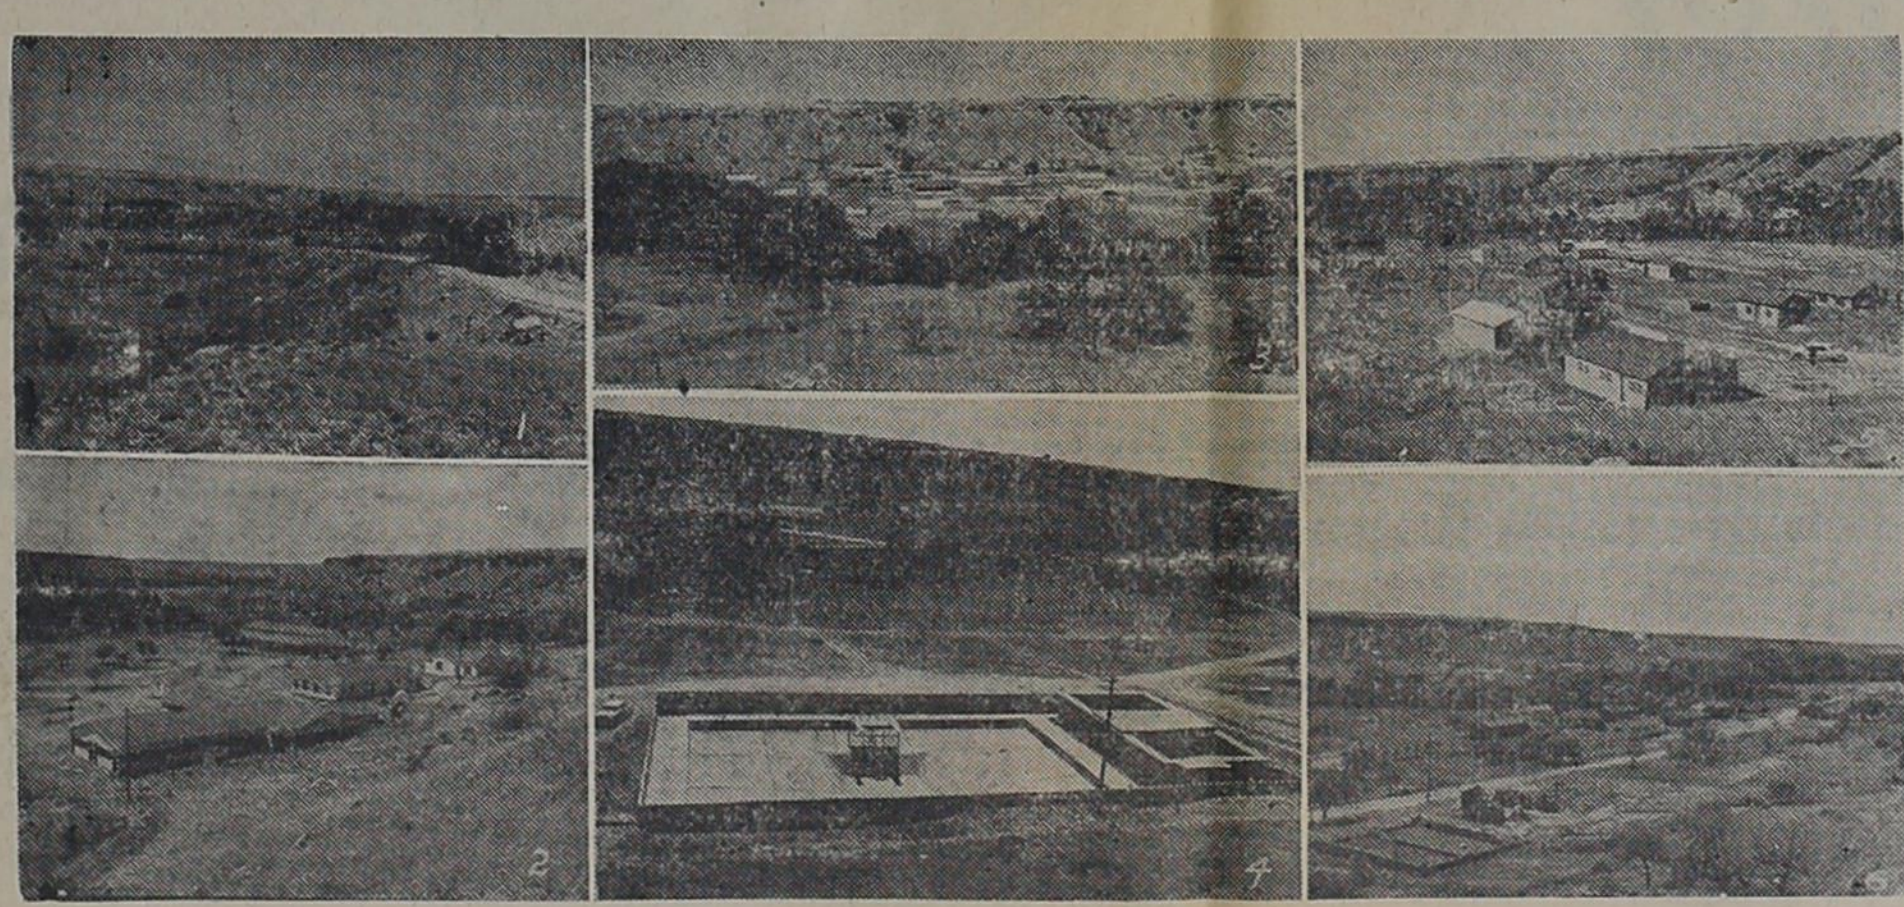

Abilene, Texas, May 24.—Joe Harrison, son of Mr. and Mrs. T. E. Harrison of Dimmitt, was named top honor graduate of the McMurry College '51 senior class at commencement exercise.

Miss Zelma Hershey Is Graduate Nurse

Miss Zelma Hershey, daughter of Mr. and Mrs. H. E. Hershey, is a member of a class of thirteen student nurses graduating from the Northwest Texas Hospital School of Nursing at Amarillo. Graduating exercises for the class are being held today, Thursday, Miss Hershey will also graduate from the Amarillo Junior College in exercises to be held Friday night. She has been at Fort Worth for the past several days taking special training at the State Public Health Hospital.

Harrison served this year as president of the Student Council and for the second consecutive year was named to Who Who's in American Colleges and Universities. He was also junior favorite last year.

He was freshman president, president of Christian Foundation last year and is a four-year member of Science Club and two year member of Alpha Chi.

GRADUATION EXERCISES HELD

Graduation exercises for both the high school and elementary grade graduates were held in the Nazareth gym on May 23.

Guest speaker for the evening was Dr. James P. Cornette, president of West Texas State College. Misses Cecilia Aichlmayr and Rose Mary Conrad spoke as salutatorian and valedictorian respectively for their senior class.

Rev. Peter Morsch presented the diplomas to all the graduates and a number of awards to the various winners. The first group of awards was presented to those who had been neither absent nor tardy during the closing school year. These were Judith Dobmeier, Bobby Schacher, Gregory Venhaus, Sue Burt, Carolyn Pohl-

meier, Ronnie Dobmeier, Howard Schulte, Grace Drerup, Betty Mae Hanson, Eileen Venhaus, Eileen Schacher, George Huseman, Mary Ann Acker, Aurelia Acker and Martha Burt. The second group of awards were given to those making the highest grades in Bible Study during the year. The winners in each classroom were Gerald Lange, Clarisse Schulte, Eileen Schulte, Josetta Acker, and Cecilia Aichlmayr.

Leslie Backus, Greg Hoelting, and Chris Birkenfeld, representing the Knights of Columbus, came to school at the closing of the classes and gave each of the youngsters a generous treat of ice cream, oranges, and cookies.

FORESTERS HAVE INITIATION

The Catholic Order of Foresters held an initiation in the community hall on May 20. Candidates initiated were Vincent Gerber, Denny Heiman, Elmer Huse-

man, Don Acker, Gilbert Schulte, Mike Schacher, Louis Hindman, Clyde Hoelting, Harold Kleman, Jimmy Ball, Floyd Schulte, Dennis Huseman, and Alvin Kleman. Leaders of the initiation were Frank Muller, Tony Smith, and Carl Cooger of Oklahoma City. After the initiation a "Dutch lunch" was served to all members and their wives or lady friends. The day was ended with a dance in the community hall with music by "The Melody Six."

Misses Odetta Ball of the Junior 4-H Club won first place in the County Dress Revue held in the Dimmitt gym May 19. She won first on a Nile green school dress. Miss Imelda Heck of the senior division won third place also with a school dress.

CIVIC CLUB WIN RECOGNITION

The Saint Maria Goretti Civics Club of the seventh and eighth grades recently merited special recognition. Among hundreds of reports sent to the Commission on American Citizenship in Washington, D. C. from all parts of the country, the Nazareth club was among the nine clubs who won honorable mention.

NAZARETH WINS IN BASEBALL

Playing in the Irrigation Belt League, the Nazareth club downed the Silverton team there on May 20. In a 9 to 3 game, Bill Hochstein was the winning pitcher. Nazareth goes to Vigo Park for the next game on May 27.

The Children of Mary recently received an invitation from the Happy Youth Club to attend an invitational semi-formal dance to be held in Happy on June 8.

Mrs. Theodore Conrad is visiting with the Leonard Conrads. She is the mother of Mr. Conrad and came to Nazareth to attend the graduation of her first and oldest grandchild, Miss Rose Mary Conrad. Mrs. Leonard Conrad's mother, Mrs. Herzog, is here for the same reason.

The junior and senior classes purchased during the last week a 1951 edition of Compton's Pictured Encyclopedia for the high school library.

Pvt. Bud Kern who left May 8 for the army is stationed at Fort Sam Houston, San Antonio.

Pfc. Alphonse Maurer, stationed at Camp Cooke, Calif., is spending his furlough at Nazareth and Harper, his home town. Miss Leora Schacher accompanied him to Harper.

Mr. and Mrs. Clayburn Bichsel and Edmund Raef of Amarillo visited friends in Nazareth May 20.

Mr. and Mrs. Jackie Wagner and Mr. and Mrs. Jake Balinski of Rock Island, Ill., are visiting the daughters of the recent Mr. and Mrs. Jacob Wagner: Mmes. Joe Birkenfeld, Art Kleman, John Stork, and George Backus. A large reunion of all the families

was held in Elwood Park in Amarillo May 27.

The seniors and their sponsors left May 24 for a trip through Colorado.

Mr. and Mrs. Charles King and Jerry of Amarillo spent the weekend with the J. E. Andrews. On Saturday Mr. and Mrs. J. E. Andrews, Miss Alma Andrews, Mrs. Henry Andrews and Doris Jean, Mr. and Mrs. B. O. Benson went to Melrose to visit the W. F. Andrews home. A niece of J. E. Andrews from Visalia, California, has been visiting her parents, the W. F. Andrews and the trip was especially to see her. On Monday Mr. and Mrs. Owen Andrews, Mr. and Mrs. W. H. Andrews, Jackie and Ronnie visited the W. F. Andrews also.

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"

says Marshall Rousseau
Police Sergeant
Harlingen, Texas

"Driving at all kinds of speeds, I've piled up 30,000 miles. I've used Conoco Super in my personal cars, and have had absolutely no engine trouble of any kind."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

TRAVELING SALESMAN

"55,000 hard, fast miles have been put on my Pontiac, with new Conoco Super," says David Brown, Salesman, Salt Lake City. "That car is still like new—excellent gasoline mileage, oil consumption slight, and no engine repairs."

PIKE'S PEAK TOURS

"Our car makes 2 or 3 trips to the top of Pike's Peak every day during the summer," reports R. P. Finney, Sight-Seeing Service, Colorado Springs. "We use Conoco Super and never have to add oil between 1,000-mile drains."

The base rate is the wage rate paid during the applicable crop season of 1950. For example, if cotton is picked during September on a particular farm, then wages paid in September 1950 would be the base for any increases above 95 cents an hour.

Increases may also be given to regular farm workers paid by the month. Where only a cash wage is paid, the wage can be \$225 a month. Where the year-round use of a house is given along with the usual incidentals, \$195 a month can be paid. Where room and board is furnished, \$175 a month is permissible. Where workers were being paid above these amounts in 1950, they would be limited to a 10% increase without approval of the Wage Stabilization Board. Questions regarding

increases beyond these standards should be raised with the local Wage-Hour offices of the U. S. Department of Labor.

Agricultural labor, according to the regulation, follows the same definition as that contained in the Federal Fair Labor Standards Act which the Department of Labor has administered since its enactment in 1938.

A boa constrictor is not poisonous. It kills by crushing its prey.

Farm Wage Rates Are Explained

Dallas, May 22—Wage rates for farm workers may go up to 95 cents an hour or the equivalent to that amount at piece rates without becoming the concern of the Wage Stabilization Board.

That is the gist of General Wage Regulation 11 which the Wage Stabilization Board in Washington unanimously adopted last week, it was said today by William J. Rogers, regional director of the Wage-Hour Division of the U. S. Department of Labor here. Wage-Hour offices of the Labor Department all over the country have been designated as field contact offices for the National Wage Stabilization Board.

Under Regulation 11, farm wage rates below 95 cents an hour or the piece rates paid for farm operations may be increased to 95 cents an hour or the equivalent monetary wage without approval of the Board. However, in those instances in which wage rates paid during the base period of 1950 were greater than 95 cents or the equivalent an hour they can be increased only 10% without Board approval.

TIE YOUR APRON STRINGS ON REDDY AND LEAVE...

.. THE REST TO YOUR Electric RANGE

Yes, your automatic electric range — and Reddy Kilowatt — keep on working while you're away from your kitchen. With an automatic electric oven you can prepare an entire meal before you leave and have it start to cook while you're far away enjoying your shopping trip, your church work, your civic activities. When you return, just open the oven and call out to the family — "Dinner's Ready!" It's just that easy.

Don't be tied to your kitchen. Tie your apron strings to Reddy and leave the rest to your automatic electric range.

Cleo Club Met With Mrs. Copeland

The Cleo Club met in Dimmitt with Mrs. Copeland this week. A very enjoyable afternoon was spent visiting and doing hand work.

Those present were Mesdames Ross Summers, Jack Summers, Roy Cluck, H. H. Houtchens, Eulless Waggoner, W. S. Hembree, A.

A. Dodd, Richard Wooten and the hostess, Mrs. Copeland. Some discussion was made about our annual chicken fry but nothing definite was decided. The club will meet June 7th with Mrs. Richard Greathouse. Let's all do our best to be present even though it is hot and busy times.

Reporter

O. C. Renfro spent several days last week in Hereford where he visited David Adams.

Mrs. Nelson Young Is Hostess to Jaxie Short Circle Mon.

The Jaxie Short circle met in the home of Mrs. Nelson Young May 28 with 5 members and 5 visitors present. Mrs. Sam Long opened the meeting with a prayer and there were four G. A. girls to assist with program; Melba Curry, Rayneal Ivy, Billie Norris Wesson, and Wilton Ivy. Mrs. Estell Hendrix closed the program with a prayer. Delicious refreshments were served.

Mrs. F. Henderson Is Circle Hostess

The Blanche Groves Circle met Monday May 28, in the home of Mrs. Frank Henderson with her daughter, Mrs. Alvir Smith of Skellytown and Mrs. Oma Simmons as co-hostesses. Twelve members and one visitor were present for our mission study program which was presented by Mrs. W. T. Gollehon on "Our Young People's Organizations" stressing G. A. Girls as "Home Missionaries". They offer visit the aged or shut-ins bringing a program of song, bible verses, and cheer, also a fruit shower. The theme at this meeting was "Arise Shine for Thy Light has Come." The song was "We've a Story to tell to the Nations" was sung by the group. Mrs. Ivor Bagwell led the opening prayer. Mrs. Kirby gave the devotional on Stewardship. Mrs. Jim Elder gave "Young Women's Organization around the World" and "One Missionary's Memories" from Sunbeam through Y.W.A. and W.M.U. work in Chile was given by Mrs. Ivor Bagwell. A prayer by Mrs. C. W. Boothe for all G. A. and Young People's work. Mrs. John Alldredge dismissed in prayer. Refreshments of ice cream and cake were served to the following ladies: Mesdames Homer Bartlett, Ivor Bagwell, John Alldredge, Jim Elder, A. T. Kirby, Percy Shepard, R. C. Shuford, W. T. Gollehon, C. W. Boothe, Oma Simmons, Dave Shepard, F. Henderson, Alvin Smith and Nancy of Skellytown and little Tommye Rothwell.

McRea Circle Met Monday At Church

The McRea circle of the First Baptist church met Monday at the church. The program was emphasizing the Girls Auxiliary. Mrs. Raymond Hance had charge of the program. A trio was sung by Doris Singer, Linda Hance and Mary Lynn Hendrix, accompanied by Sandra Leeth. The program was presented by members of the G. A. Those taking part were Omata Bradley, Marilyn Howell, Jonalyn Alldredge, Jerri Mac Dowell, Doris Singer, Mary Lynn Hendrix, Sandra Leeth and Linda Hance. The meeting was dismissed with prayer by Mrs. Edwin Ramsey. Others present were Mes-

dames Andy Nelson, W. M. Howell, Frank Mears, C. A. Hance, Sam Cooper, Fannie Shive and Onita, E. T. Walthall, Edna Ramey, Raymond Hance, Lee McAfee.

Students Required to Secure S. S. Card

Are you one of the many students who will work during the summer vacation. If so, you will need a social security card, and here are facts the Social Security Administration would like for you to know.

If you go to work for wages in private business or industry, you must show your social security card to your employer promptly. If you have never had a social security card, you should go to the local post office and get an application. Fill it out and mail it to the Social Security Administration, Amarillo, Texas. You will receive your card in just a few days.

Be sure you always have just one social security number. See that your employer copies your name and number from the card each new place you go to work. Then when you or your family apply for payments based on your social security account there will be no delay. Do not apply for a card unless you are fairly sure to need it. Then get one promptly.

Civil Service Exam Local Clerk-Carrier

The Civil Service Commission announces an examination for filling vacancies in the Dimmitt Post Office in the position of Substitute Clerk-Carrier at the salary rate of \$1.31½ per hour. To be eligible to take the examination applicants must actually reside within the delivery of the Dimmitt, Texas Post Office or be bona fide patrons thereof. Applications forms and additional information may be secured from the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

Christian Sceinec Subject for June 3 Is Announced

Christian Science denounces all evil as unreal in its explanation of the Lesson-Sermon titled "An-

cient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" to be read in all Christian Science churches on Sunday, June 3.

The Golden Text for the week is from the sixteenth chapter of Romans: "I would have you wise unto that which is good, and simple concerning evil. And the God of peace shall bruise Satan under your feet shortly."

Further emphasizing the theme is this command from Jeremiah, "But this thing commanded I

them, saying, "Obey my voice, and I will be your God, and ye shall be my people; and walk ye in all the ways that I have commanded you, that it may be well unto you."

The Lesson-Sermon will also include this statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "The Christian Scientist wisely shapes his course, and is honest and consistent in following the leadings of divine Mind. He must

prove, through living as well as healing and teaching, that Christ's way is the only one by which mortals are radically saved from sin and sickness." (page 458)

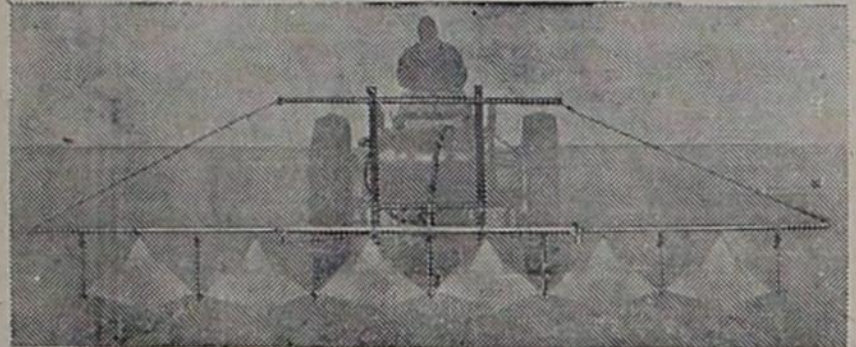

The Chinese language and its dialects are used by nearly 500 million people. The English language by a little more than 270 million.

Africa is within ten miles of Europe.

SPRAY

INCREASE COTTON PROFITS

WITH THE NEW
HEAVY DUTY FIELD TESTED COTTON SPRAYER!

Designed for
ECONOMICAL Control
Insects and Plant Diseases

Heavy duty aluminum... easily installed in a few minutes time... attachments for ALL tractors. Adjustable to all heights and to 36, 38 or 40 inch rows. Can be purchased in 2, 4, 6 and 8 row units.

Furnished with easily adjustable boom drops, which may be set at any desired angle. Hand boom sprayer for spraying cattle, orchards, poultry houses, etc. is easily attached to manifold.

Double-action boom is "crash-tested." When striking an object the boom swings with the obstruction, allows it to pass, then returns to normal position.

FINGERTIP CONTROL
Easily reached from the driver's seat, the fingertip control manifold is the newest development in agricultural implement engineering. By a mere turn of the handle, it is possible to control the spray boom without leaving the seat of the tractor. Easy-to-clean filter unit is built into the manifold. Reverse flow control eliminates drip. Manifold pressure gauge assures accurate, controlled spraying pressure at all times. Self-regulating pressure unit assures constant, penetrating spray.

Spray while cultivating (if you desire) for added economy.

Truck Fines Source Of State Revenue

AUSTIN—County and State highway funds were enriched by more than \$82,500.00 during the month of April, according to the monthly activities report just released by Kent Odom, Chief of the Department of Public Safety's License and Weight Division.

The report shows 2,147 truck owners paid fines during the month for overloading, operating under-registered vehicles, using unsafe and faulty equipment on the highways and for miscellaneous offenses. There were 1,973 arrests during the month of March, 1951.

Since September, 1950, the beginning of this fiscal year, 16,086 arrests have been made by the Public Safety Department's 33 license and weight inspectors and more than \$668,000.00 in fines and additional registration fees have been collected. Over \$228,000.00 of this amount was collected from truck operators for carrying more weight than the truck had been licensed to haul.

D. C. Greer, State Highway Engineer, recently told the South

Texas County Judges and Commissioners in convention at Laredo, that the State and Counties of Texas were losing approximately Six Million Dollars a year because truck operators would not pay the registration fees or their equipment for the full carrying capacity up to the then 48,000-pound gross weight limit.

The Legislature recently increased the gross weight trucks can haul upon Texas highways to 58,420 pounds, which could produce approximately \$90.00 more per vehicle in license fees each year, if truck operators could be compelled to register for the full amount of the weight they carry.

As a means of raising badly needed State and County revenue, the County Judges and Commissioners unanimously adopted a resolution asking the Legislature to look into this practice of truckers evading the payment of full registration fees.

The highest waterfall in the world is Tuegla, which has a total height of 2,810 feet. It is located in Natal in the Union of South Africa.

Civil Health Course June 11

AUSTIN, TEXAS—Radiological health hazards involved in civil defense will come under five days of intensive study at a short course to be conducted at the State Department of Health in Austin beginning June 11, State Health Officer Geo. W. Cox has announced.

Radiological hazards result from atomic bombing, being one of the bomb's most dangerous aspects.

Designed primarily to indoctrinate supervisory personnel in the essentials of radiation defense as they can conduct training programs in their own communities, Dr. Cox said the course would be held each month during the summer for a different class of participants.

The health officer said the study is open to:

Representatives of counties or cities where radiological defense is not vested in local health departments; supervisory or professional personnel of local health departments; representatives of state departments engaged in civil defense work; fire and police training officers or instructors; and members of industrial medi-

cal or safety departments contemplating in-plant programs.

Dr. Cox, chief of Texas health and emergency medical services, summarized the course as covering:

Where radiological defense fits into overall civil defense activities; definition or radiation language and units; radiation physics; theory and application of instruments; atomic bomb phenomena; area and personnel monitoring (checking for radioactivity); uses of radiation and radiostopes; radiation protection and decontamination; psychology of disaster; and organization of local communities for radiological defense.

Lectures will be supplemented by laboratory exercises and demonstrations, Dr. Cox said, and time will be spent on review of physics, chemistry, and the mathematics required for calculations.

"We're going to put on a really worthwhile course," he indicated. "The army is going to help us."

He said additional courses would be held as "necessity demanded."

No tuition will be charged. Applications should be submitted to Dr. Cox at the State Department of Health in Austin, and include education and background of applicants. Trainees are expected to arrange their own travel and living conditions while attending the course.

Mrs. Eva Bearden of Hollis, Okla., is here for a visit in the homes of her sons, Ray and Clarence Bearden, and families.

Mr. and Mrs. James Day are at Denton where he is attending the summer session at North Texas State Teachers College.

Photo by Swans Down Devil's Food Mfg.

AS PRETTY as a picture, whether you serve it for a family dessert or a May Day treat, is this big springtime cake—as light as down and delicious in taste.

It's easy to make of two packages of cake mix—white and devil's food. They're sister packages, put out by the makers of a famous cake flour.

Just mix the two batters according to package directions—add milk and beat the specified number of strokes or length of time, if you use a mixer. Then combine the two batters—putting alternate spoonfuls of chocolate and white in the baking pan and then mixing deftly with a spatula. The cake, when it's done, is sure to be a delight.

The decorations are made from sliced gumdrops, in spring-flower tones of red and green and yellow.

Whether you live at sea level or a mile up in the air, you can make your cakes with mixes, for both the white and the devil's food mix come in special packages for high altitude baking.

MARBLE CAKE

1 package white cake mix
1 cup devil's food mix

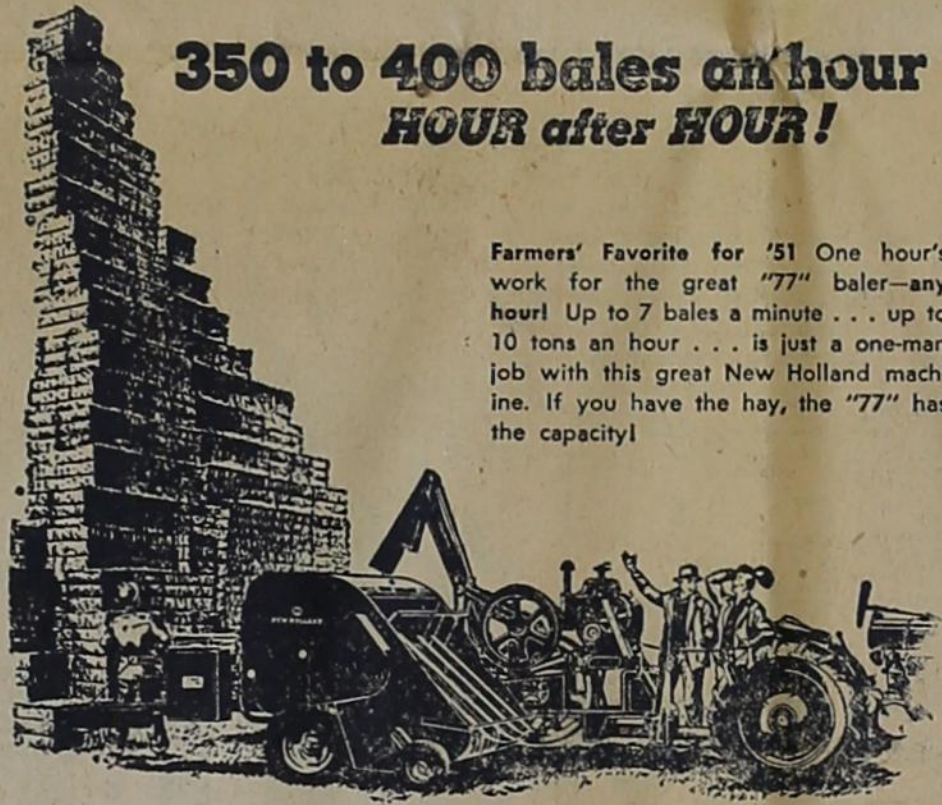

Prepare two cake mixes according to package directions. Turn batters into 13x9x2-inch cake pan which has been lined on bottom with paper, alternating plain and chocolate mixtures. Then with broad side of spatula, cut carefully through batter once in a wavy zig-zag course to give a marbled effect. Bake in moderate oven (350°F.) 45 minutes, or until done. Frost as desired.

Mocha Butter Cream Frosting: Sift together 2½ cups sifted confectioners' sugar, 3 tablespoons breakfast cocoa, and dash of salt. Cream 6 tablespoons butter; add part of sugar mixture gradually, blending after each addition until light and fluffy. Add remaining sugar mixture alternately with about 4 tablespoons cold coffee, beating after each addition until smooth. Add ¼ teaspoon vanilla; blend.

350 to 400 bales an hour
HOUR after HOUR!

Farmers' Favorite for '51 One-hour's work for the great "77" baler—any hour! Up to 7 bales a minute... up to 10 tons an hour... is just a one-man job with this great New Holland machine. If you have the hay, the "77" has the capacity!

When it comes to top-capacity performance—sustained performance—there's no baler to match New Holland's "77"! With it, you can pick up, compress, slice and twine-tie up to 7 bales a minute... up to 10 tons an hour... with just one man on the job.

And you get this kind of performance day after day from can see to can't see. For the great "77" is as rugged as it is fast, just as you'd expect from the leader in grassland farming machinery—New Holland—the country's pioneer and largest maker of automatic pick-up balers.

When you think of balers, remember New Holland makes the highest capacity baler on the market. This is why

Trouble-free baling with the only Certified Twine.

The United States Testing Company has awarded its Seal of Approval to New Holland Twine—the twine that meets its rigid standards of uniformity, quality and strength. Farmers everywhere all agree there's no better twine at any price.

LOOK AT THESE OUTSTANDING NEW HOLLAND FEATURES!

Besides its amazing capacity, the New Holland "77" gives you the following farm-engineered features—at no extra cost!

- 1. Fast Action—Up to 7 bales a minute.** Helps beat the rain.
- 2. Bales Tied Under Compression—**this means more firmly tied. "Fraying" prevented.
- 3. Inverted Anti-Clog Knotters** for fewer missed bales. Jamming eliminated, because chaff falls free of gears.
- 4. Safe, "Freeway" Needles—**mounted on side instead of underneath, giving greater ground clearance, preventing interference by obstructions.
- 5. Wadboard-Type Hay Packer** forms bales evenly, saving protein-filled leaves.
- 6. Roll-Away Bale Chute** allowing closer windrowing.

Date For End G. I. Bill Given

Veterans are warned of the cut-off date for education or training under provisions of Law 346, the GI Bill, which is rapidly approaching. After July 25, 1951 no application for job training or a course of education in any institution will be accepted for those veterans who were discharged before July 25, 1947. Since the law states that education or training must be commenced within 4 years after termination of the war (July 25, 1947 is the official termination of the war for GI Bill benefits) or date of discharge, whichever is later, those men who were discharged after July 25, 1947 may commence a course within four years from the date of their discharge.

Another important thing to remember is that schooling or training must be continuously followed after July 25, 1951. It will no longer be possible to interrupt a course of training and reenter at a later date except for normal vacation periods or severe illness or other reasons beyond the veteran's control. Any veteran wishing to enter a vocational school before the cut-off date should contact Mr. I. H. Turney, Coordinator or Paul Miller, Service Officer. For training on the job they should contact the Service Officer in plenty of time to initiate the course before July 25.

Those veterans who have allowed their GI Insurance to lapse but wish to retain all or a part of it must reinstate their insurance before the term expires or they will lose all further rights to GI Insurance. The term period is 8 years from the date the insurance was first taken out. The so-called Free GI Insurance Law deprives veterans of the privilege of taking out new GI insurance.

Dividends at the approximate rate of .50 per month per \$1000 of insurance are now being paid on all GI insurance that has been in effect for a period of three months since January 1, 1948, this dividend being paid for a three year period from the anniversary date in 1948, to anniversary date in 1951.

Okl., and her sons, Don R. Bolton of Salt Lake City, Utah, and James Bolton of Pueblo, Colo., are here for a visit in the home of their sister and aunt, Mrs. Ray Bearden and family.

LEGAL NOTICE

ORDINANCE NO. 102
**FIREWORKS ORDINANCE—
 DIMMITT, TEXAS**
 AN ORDINANCE PROHIBITING THE SALE AND DISCHARGE OF FIREWORKS, TORPEDOES, ROCKETS, ETC., WITHIN THE CITY OF DIMMITT, REPEALING ALL ORDINANCES IN CONFLICT HEREWITH, AND DECLARING AN EMERGENCY.
 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DIMMITT, TEXAS:
 Section 1. No person, firm, company, corporation or association shall cast, throw or fire any squib, rocket, torpedo, grenade, gun, revolver, pistol, cap or cartridge, or other combustible fireworks of any kind in the City of Dimmitt.
 Section 2. No person, firm, company, corporation or association shall exhibit or have in his possession with the intent to give away or sell or offer for sale or sell within the City of Dimmitt, any squib, rocket, cracker, torpedo, grenade, gun, revolver, pistol, cap or cartridge, or other combustible fireworks of any kind in the City of Dimmitt, provided however, that this section shall not apply to the sale of any such article or articles by wholesalers to

each other or to the sale of any such article or articles at wholesale to merchants conducting business entirely without the City of Dimmitt, or to the sale by wholesalers for private or public demonstration as hereinafter provided.
 Section 3. Nothing in this ordinance shall be construed to apply to the sale, storage or use of railroad track torpedoes, or other signalling devices used by railroads, nor to the sale, storage or use of flashlight composition by photographers or dealers in photographic supplies or prevent any public or private demonstration or display shall be of such a character, and so located, discharged or fired, as in the opinion of the

said Chief or the Fire Department after proper inspection, shall not be hazardous to property or endanger any person or persons.
 Section 4. Any person, firm, corporation, company or association who shall violate any of the provisions of this ordinance, or suffer or allow the same to be violated, shall upon conviction thereof be subject to a fine of not more than One Hundred Dollars (\$100.00).
 Section 5. All ordinances or parts of ordinances in conflict herewith are hereby repealed.
 Section 6. In view of the fact that this ordinance is necessary for the immediate protection and preservation of the public health, safety and general welfare, it becomes necessary that this ordinance shall be in full force and

effect immediately from and after its passage and it accordingly so ordained.
 L. G. Manning
 Mayor
 APPROVED this 2nd day of May, 1951.

Air Force Men Go To Aid of Boys Ranch In Crisis

Part of the Air Force personnel stationed at the Amarillo Air Base Thursday night put aside their training for warfare when one officer and three enlisted men

went to the aid of the boys at the famous Boys' Ranch, located 40 miles northwest of Amarillo. Boys' Ranch, cut off from the outside world by flood waters, was unable to obtain its regular food supply which was becoming low. Ordinary traffic to Boys' Ranch was made impossible by mud-bogs and the rampant Canadian River which left its banks in the early stages of the Panhandle's three-day torrential down-pour.
 Hearing of the plight of the boys and their supervisors, Colonel A. J. Mason, Executive Officer at the Base, immediately dispatched two trucks to Cal Farley, founder and president of Boys' Ranch, for the mission.
 One of the trucks, a six wheeler, and another lighter truck man-

ned by the lieutenant and three enlisted men, made the night run carrying the food supplies successfully through the high waters. They remained overnight as guests of their happy hosts, the boys of Boys' Ranch.
 The boys were quite relieved and pleased to see the two trucks loaded with food enter the Ranch gate. As one boy put it, "Heck, I wasn't worried at all when I found out the Air Corps were sending trucks. When I get big I'm going to be one of them soldiers myself."
 A ship sails northwest in going from the Pacific to the Atlantic through the Panama Canal.
 The Statue of Liberty was presented to the American people by

the French government on the hundredth anniversary of American independence.

HART NEWS

Mr. and Mrs. Clyde Morgensen and daughters of Denver are here for a short visit in the home of her sister, Mr. and Mrs. Roy Pyeatt and family.

Miss Joy Henderson, who has been teaching at Eunice, New M., is home for the summer.

Bob Kendrick returned home Monday from College Station where he had attended the reunion of the Class of 1906 at A. & M. College. There were 18 other members of his class present.

Mr. and Mrs. Bill Ward and daughter of Tulia and Mr. and Mrs. George Bates of Amarillo were recent guests of the Roy Pyeatt family.

Guests for Sunday dinner in the home of Mr. and Mrs. R. G. Henderson, Sr. were their children, Mr. and Mrs. Tommy Rainer and boys of Plainview, Mr. and Mrs. Hershey Williams and boys of Canyon, Mr. and Mrs. C. L. Huff and children of Lubbock, Misses Lola Henderson of Carlsbad, New Mexico and Joy Henderson, Mr. and Mrs. R. G. Henderson and Rita and Jane Henderson of Hart; Billy Henderson and Joe Paul Weatherford of Dimmitt.

Mr. and Mrs. Percy Hart were in Lockney on Sunday afternoon to attend funeral services for a friend.

Fred Hamm and son, Cecil, spent the weekend in Tulsa, Okla. and parts of Arkansas.

Bill Wood drove to Junction on Saturday for a visit in the Ray Jones home. Mrs. Wood and the children returned home with him after spending a week with her father.

Mr. and Mrs. C. B. Martin Sr. of Evant, Texas spent a few days the first of the week in the home of their son, Charles Jr. and family.

Mr. and Mrs. J. R. Riley have returned from a week's visit with

her mother, Mrs. Furche, in Sherman, Texas.

Mr. and Mrs. Haskell Jackson and girls are in Corpus Christi and other points in South Texas visiting relatives and friends.

Jon Pyeatt is able to be at home after undergoing a tonsillectomy in the Tulia Clinic on Thursday.

Charles Sharp of the U. S. Navy is spending a leave of two weeks with his family, the I. C. Sharps.

Cecil Hamm, who received his B. S. degree from West Texas State at Canyon on Monday June 21 is at home with his parents, Mr. and Mrs. Fred Hamm. He has not announced his plans for the summer.

Mr. and Mrs. C. C. Harmon who have been teaching here the past year have moved with their family to Kelton where they will teach next year. They plan to attend Texas Univ. this summer.

Mrs. Jeff Davis and daughter, Susan of Dallas spent the weekend in the home of her sister, Mrs. Edd Harris.

Mrs. Troy C. Ray and sons spent the week end visiting her mother in Norman, Okla. Kinney remained for an extended visit in the home of his grandmother.

Miss Joy Stelter of Houston was a house guest of the W. A. Hawkins Sr. family Thursday through Wednesday.

College students home for vacation with their parents are Setwart Newsom, Easton Wall, W. H. Felder, Jr. Dean Phillips, Jear Sharp, Rosemary Sharp, all of W.T.S.; Leland Hacker and Theron Hawkins of Baylor.

Reverend and Mrs. R. O. Browder and son have returned from Conference at Abilene. The community is very happy that they have been returned to the care of the local Methodist church for the next year. Mrs. Ray Bennett also attended the conference in Abilene.

Monroe Phillips attended to business in Tulia on Saturday.

Mr. and Mrs. Joe Sanders of Plainview spent Sunday afternoon in the Elmer Scott home.

Mr. and Mrs. Harvey Davis and family visited relatives in Feldon on Sunday afternoon.

Mrs. Jim Height and Miss Jean Sharp spent the week end visiting friends in Lubbock.

Miss Grace Ray who has been teaching in Eunice, N. M., is here for a short visit with her parents Mr. and Mrs. T. C. Ray, Sr.

Mr. and Mrs. R. A. Futrell, Rev.

and Mrs. E. J. Keith and children, and Mrs. H. E. Loman heard Gil Dodd speak at the Baptist church in Plainview on Sunday afternoon.

Local baseball boys defeated Umbarger by a score of 12 to 5 on the home field on Sunday afternoon.

Only small houses were reported blown down or over by the heavy wind storm on Sunday night. A light sprinkle followed the dust storm. One well house on the Garrison farm was reported destroyed.

THE LAW AND YOU

by Rob't. (Bob) Kirk

DO YOU KNOW that it is a violation of the law to entice a minor away from the person or institution having legal custody of the child?

The statutes of this state make it a criminal offense for any per-

son to entice a minor to leave the custody of the person or institution who has legal custody of the child. This would apply to the parents of a child, where they have been deprived of the custody of the child by the courts.

The courts have the authority in certain cases and under certain conditions to take the child from its natural parents, and place the child in the custody of some one else. In all such cases, the Courts are concerned primarily with the question of what is best for the child, and should it appear from the evidence presented to the court that it is necessary and to the best interest of the child, the court has the authority to determine who shall have custody of the child. The court having established a change of custody of the child, one who attempts to entice the child from the person having legal custody may be punished under the criminal statutes.

FOR FURTHER INFORMATION ON THIS SUBJECT SEE YOUR LOCAL ATTORNEY.

A. D. Johnson was at the Dimmitt hospital taking shots on Sunday, but was improving and expected to come home on Monday.

Mr. and Mrs. E. B. Wright attended graduation exercises for her niece at Texas Tech, Lubbock Monday evening.

CARD OF THANKS

We wish to take this means of expressing our heartfelt thanks to our friends and neighbors for their many acts of kindness, and their beautiful flowers and lovely cards during my illness, and especially do we thank the ones that gave blood.

May God protect and keep each of you.

Mr. and Mrs. Tom Tate

Mrs. Ben Smithson's father, Mr. McCoy is seriously ill at Portales, N. M. His children were all called to his bedside.

Mrs. Leota Smith and son, Joe Ben left Tuesday for Quanah to visit their daughter and sister, Mrs. Kenneth King, Mr. King and little daughter.

Dinner guests in the home of Mr. and Mrs. M. S. Witt on Mother's Day were Mr. and Mrs. C. J. Wood, Jerri and Teresa of Wichita Falls, Mr. and Mrs. C. F. Wood of Onida, S. D., Mr. and Mrs. Clarence Wood and Alma Nell and Mrs. Mary Wood of Dimmitt.

Health Talks . . .

If disease followed the definite pattern that has been classed as symptoms of each specific illness, diagnosis of various ailments would be a much less complicated matter. But any list of symptoms is meant to describe the usual course of a disease and everyone seems to have a different capacity for reacting to the germs that cause infectious diseases, some people straying so far from the normal that only the most detailed laboratory methods can deter-

mine for sure what the sickness is in order to treat it.

Meningitis is usually considered a paralyzing sort of sickness that leads to unconsciousness, a coma that may last a long time. There are many different types of meningitis, based upon the particular brands of germs which might invade that film that covers the brain and spinal cord. But one thing they all have in common is the capacity to change the appearance and content of the fluid that is in the spine. So when meningitis is suspected, the diagnosis must be made by examining that

spinal fluid and the fluid is obtained by a puncture of the spine.

From this examination, your doctor can also tell whether meningitis is the one brand that is contagious or one of the many brands that are not. If it is contagious, the patient must be isolated at once to keep others from getting the disease. In any case, treatment for the disease must begin rapidly after meningitis is diagnosed. With proper treatment with the new drugs available today, meningitis is seldom the deadly attack it used to be.

The usual early signs of meningitis vary with the age of the person who is stricken. Infants usually get a vacant, staring look on their face and complain loudly on being handled; they want to be left alone. Children may be suspected of having meningitis when they show a sudden high fever with delirium and convulsion and a definite pulling backwards of the head and neck. In adults the first sign is frequently a very severe and constant headache.

It is such signs as these that the spinal puncture may become necessary. There are other diseases which may create the same signs, of course, but with meningitis ruled out, other diseases may then be considered, diseases which would not require such prompt treatment as meningitis does. Even with the modern methods of treatment, the coma, the period of unconsciousness, is still a part of the meningitis picture, but the danger of the complications that marked the disease a few years has been lessened.

Scarlet fever is another of the diseases that evidently often fails to follow the set pattern. In recent years doctors have discovered that members of the same family may have the exactly same type of streptococci germs in their throats while some members break out in the rash that marks scarlet fever and others exhibit all the other symptoms but not the rash.

From that has come the theory that this particular variety of streptococci germs is responsible for strep tonsillitis, septic sore throat and scarlet fever, all of which are different manifestations of the same disease.

Most adults are immune to scarlet fever according to scratch tests known as Dick tests which were devised especially to test immunity through attacks of sore throat and tonsil inflammation caused by the same germs as the scarlet fever germ.

A very sore throat and inflamed tonsils, together with fever, vomiting and headache, make up the first signs of this strep-caused disease. If nothing else happens in the next few days while

you're being treated with the new drugs, then you probably had a septic sore throat. If a rash breaks out by the fifth day, however, that particular rash of tiny red dots so close together that they look like a solid blanket of red, then you have scarlet fever.

CLEO NEWS

Dean Cluck from Gruver, Texas has been visiting in the Roy Cluck home.

Mrs. Houtchens received word from her son Charles that he expects to be home the first week in June. Charles is with U. S. Navy in San Diego, Calif.

Mr. and Mrs. Houtchens, their daughter, Patsy Lou, Percy and little girls were in Plainview Wednesday.

Mr. and Mrs. W. S. Hembree spent Sunday night visiting in Hale Center.

Mr. and Mrs. Roy Smith visited her mother and father in Petersburg last week end.

Billy Joe Cluck attended a breakfast in the home of Mr. and Mrs. J. E. White of Dawn, Texas honoring their daughter, Doris, who is to be married June 30.

Mrs. Jack Summers visited with Mrs. A. A. Dodd Tuesday.

Mr. and Mrs. James Houck and son, David of Jacksonville, Florida are visiting her sister, Mrs. Bill Summers and family.

Frank Blodgett from Wellington, Kansas is visiting Mr. and Mrs. Ross Summers.

Alice Waggoner entertained a group of little girls Sunday honoring her eleventh birthday. Those enjoying the dinner and afternoon were Linda Bishop, Jonalyn Alldredge, Judy Boothe, Omata Bradley, Marilyn Howell, Gail Cooper, Ann Gollehon and Barbara Sparkman.

Mr. and Mrs. J. J. Williams of Muleshoe visited their daughter, Mrs. Euleus Waggoner on Sunday.

Gale Sadler spent Sunday with Harold Waggoner.

Mrs. C. L. Sparkman and Barbara from Coleman, Texas are visiting Mrs. Sparkman's parents, Mr. and Mrs. Ernest Waggoner.

WORDS OF THANKS

I want to thank Dr. James, the nurses, Louie Allen, and to each and every one for being so nice to me while I was in the hospital, and thanks for the lov-

ely flowers and cards. May the richest blessing be with you all.

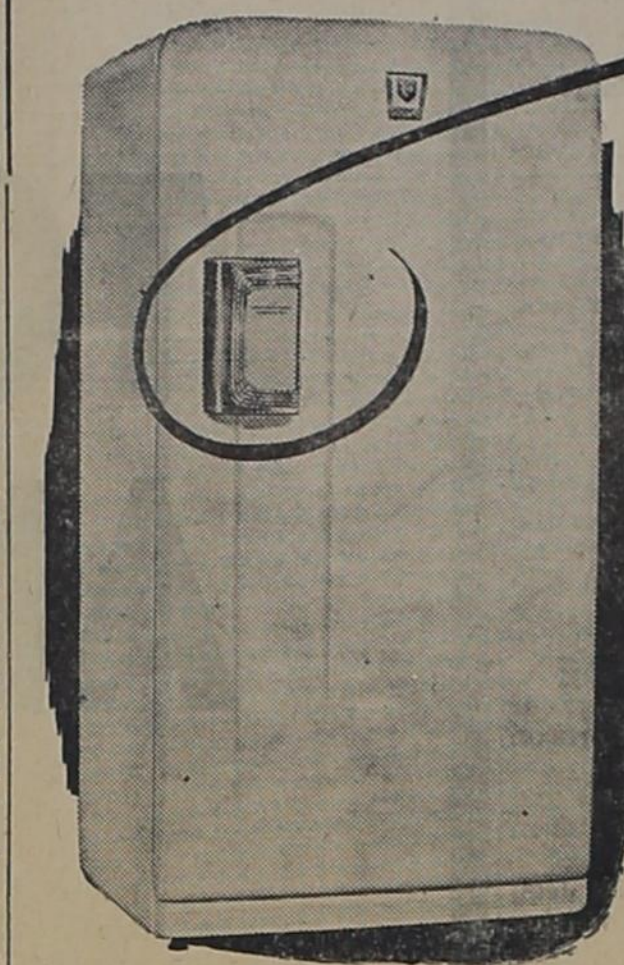

Rondia Hackleman

The visit was short and I did not get to see as many as I would like, but I thoroughly enjoyed it and look forward to another visit in the near future.

PRICE ROLL BACK ON LIVE CATTLE:

The Office of Price Stabilization is running into a great deal of difficulty on most all fronts and especially in the directives issued rolling back the price of live cattle. Although the Administration has stood pat on this matter, so far, it is no secret that they are experiencing grave concern. It is my opinion that the OPS either failed to gather correct information on the subject or failed and refused to honor the correct information that was gathered. Mr. DiSalle has made several references to beef producers engaging in a strike. This reference is not only unwarranted but it is definitely unfair. The beef producers of this country have never engaged in a strike and do not intend to. If they fail to produce beef, it will be because they have been put out of business by unreasonable and unwarranted Federal regulations, and I certainly intend to do all I can to prevent it. The OPS is attempting to lead the people to believe that this rollback order is going to help the consumer and that the cattle people are interested in doing away with it for a selfish reason. If such a statement was true, I would certainly not be condemning the actions of the Administrator. In the first place, the cattle people have done an outstanding job in the production of beef without Federal control and without Federal subsidy, and I take exception to any and all remarks reflecting upon the cattle people. In the second instance, the consumer is not only going to pay higher prices for beef in the long run, but is going to be faced with a shortage of beef that would not have come about if the cattle business had been left alone. The housewives of this country decided in 1948 that beef was too high and broke the cattle market by merely refusing to eat beef. That same procedure, of

supply and demand could be employed again without any Federal interference and you wouldn't hear one cattleman complain. But when the Federal Government interferes in his business with unwarranted, unreasonable and unsound regulations, you will hear him complain, and rightfully so. The program of the cattlemen anticipated an increase of the cattle population by 1955 to 95 million from the present population of approximately 84 million. The result of DiSalle's order will ultimately reduce the cattle population by several millions and these animals will be a poorer grade of beef than would have been the 95 million. I have gathered a lot of factual information on the subject which I expect to get to the House in a speech this week and which I hope will open the eyes of many of the Representatives who are not familiar with the cattle business nor its problems. Most of them think they are protecting their consumers by these price controls, but I intend

to show them that they are following a false hope.

THIS SHRINKING WORLD: We sometimes wonder just how small the world has grown, and this was brought to mind very forcibly last week when I received a letter from a war correspondent in Korea with which he enclosed a clipping regarding a statement that I had made in a news letter to you folks about the rumor circulating in Washington that John Foster Dulles would replace Dean Acheson. The following is a copy of the letter and clipping:

"Seoul, Korea
May 12, 1951

"Dear Mr. Rogers:
"If we needed proof that the world is shrinking, I think we would have it here.

"You write a letter to your constituents in Texas. Someone hears about it in Belgaar Congo and puts it on the air. It's picked up in Tokyo, reprinted in Mainichi on May 8, and finally it's read by Americans fighting in

Korea, some of whom undoubtedly would have read it in Texas if it weren't for the war.

Jim G. Lucas
Sincerely yours,
Scripps-Howard War Correspondent.
"Radiopress

(Clipping):
"BRAZZAVILLE (Radio), May 6—A United States Congressman told his constituency today that it was hinted in Washington that Secretary of State Dean Acheson was to be replaced in the near future by John Foster Dulles, the Republican Presidential adviser.

"Representative Walter Rogers, Democrat of Texas, made this statement in a weekly news letter to his home state. Reports that Secretary Acheson would be replaced have circulated for months but have been denied repeatedly by President Truman."

I certainly wish that the clipping referred to could have been read in Texas by the American fighting boys rather than in Korea, and I am sure that the

war correspondent agrees with me.

Visitors in the home of Mr. and Mrs. Ben Smithson Sunday were Mr. and Mrs. Fred McCoy and family, Mr. and Mrs. Gomer Lee McCoy and family of Bell Gardens, Calif., Mrs. C. M. Morris and children of Albuquerque, N. M., and Mr. and Mrs. Elmer Smithson and children of Amarillo.

Mr. and Mrs. Johnny Gipson and baby of Amarillo were here Sunday for a visit with her mother, Mrs. Mabel Cooper.

Mr. and Mrs. Harlin Dodd and children and Mrs. Harley Dodd and children of Tulsa, Okla. are here this week for a visit in the homes of their parents.

Farmers, Here Are 4 REASONS

Why You Should Investigate

CALFIDE 104

1. 'CALFIDE 104' NEUTRALIZES ALKALI

Alkali is the most dangerous enemy to food minerals in your soil. Due to special processing "CALFIDE 104" neutralizes the alkali in soil and renders its effects harmless to plant life and the natural minerals in the soil. Released of the necessity to combat the detrimental effect of alkali, by its own natural elements, the plant will grow healthier.

2. 'CALFIDE 104' EMULSIFIES THE SOIL

Alkali and other minerals prevalent in the soils of this area create what is known as "locked soil" condition. By natural chemical reaction "CALFIDE 104" loosens the soil to allow the plant to grow more readily and the soil to receive water and natural hydrogen more readily. By so doing, emulsifying the soil by mechanical methods is reduced to a minimum.

3. 'CALFIDE 104' INCREASES CROP YIELD

By preparing the soil to release the natural minerals in it to the plant life, "CALFIDE 104" stimulates plant growth and thereby increases plant production. "CALFIDE 104" is not a fertilizer but a soil conditioner that prepares the soil in such a manner that the plant can grow naturally without having to combat minerals that are detrimental to plant life.

4. 'CALFIDE 104' HELPS CROPS REPEL INSECTS

"CALFIDE 104" is NOT an insecticide. HOWEVER, by assisting the growth of normally healthy plants it aids in the repelling of plant insects. Plant feeding insects, like animal feeding insects, do not feed on healthy plant, but on diseased or weakened ones. A plant that is produced under normally healthy conditions repels insects by natural means. Actual tests show that insect festation is always at a minimum on plants grown on soil conditioned with "CALFIDE 104".

about dimmitt and castro county

(Continued From Page 1)

Most of the county has been dry since the big rains, according to Otto Dinwiddie however, a section of the Hart area received considerable showers and rains the other night. With good luck much of the recent planting will be up and growing early next week. We usually need rain in this county but right now we need dry weather, and for a few weeks the drier the better.

Headlines from two news stories in the News were mixed last week. It's the first time anything of that nature has happened in the News in years, but many of our readers were quick to take the opportunity of calling our attention to the error. We are sorry and apologetic and promise that it won't happen any more.

According to the French Academy, the actual number of languages spoken and written in the world is estimated at 2,796.

Baptist Open New City In South Plains

A new "city" for the south plains has emerged in Blanco Canyon 5 miles south of Floydada during the past three years. The newly created village is not the usual type of boom town, but rather one which has a population which changes from about 1,500 persons in the summer to only 4 permanent residents in the winter months.

The official name of this unique city of the area is the Plains Baptist Assembly. It is a camp which is being built by a cooperative program of some 170 Baptist Churches in 20 counties of West Texas. Permanent improvements include 42 cabins, a large tabernacle, a dining hall, and according to camp officials, one of the finest outdoor swimming pools in West Texas.

The phenomenal thing about the camp is that construction of additional facilities continues at a rapid pace each year. Camp manager E. D. Morgan points out that there are nine cabins under construction at the present time. The name "cabin" is a misnomer as the buildings are owned by some of the churches is concerned. The First Baptist Church of Lockney in Floyd County is completing a building which will comfortably house fifty persons. As does most of the other cabins, the Lockney building has completely modern facilities. Typical of most of the other church owned buildings, the labor is being furnished by volunteer workers. In addition to the large room which is to be used for sleeping quarters, the building will have a snack bar, a study for the pastor or counsellor, and a large indoor fireplace.

During the 1950 camping season, officials boast that the enrollment was the largest of any similar camp in the entire south. The youth sessions were attended by 3,554 children last year with an additional number of adult meetings being held. Judson Barnett of Levelland, president of the District Nine Brotherhood anticipates an attendance of about one thousand men at the annual meeting of his group in July.

The location of the camp is said to be excellent because of the good cover of foliage of large cottonwood and hackberry and the rugged terrain of the canyon. The canyon also has some historical significance. The camp is located near the place where Col. McKen-

kie had his famous skirmish with the Indians in 1870. An adjacent 100 by 60 ft swimming pool some 600 yards from the camp was once an Indian burial ground.

At the height of the summer camping season, as many as 1,500 boys or girls have participated in the activities of the Plains Baptist Assembly. Separate periods are provided for boys and girls of 3 days encampments at which an evangelistic and missionary theme is carried out along with swimming, hiking and other outdoor activities.

The large outdoor tabernacle, shown in the background of picture number 2, was the first building to be constructed on the 70 acre site. The directors have made plans to enlarge the building with a 30 by 86 ft addition. The present building will seat a maximum of 1200 persons.

During the height of the youth encampment season, the dining hall, which is shown in the left foreground of photo 2, uses about 12 full time employes, and has managed to feed up to 1,200 persons in an hour.

The 100' by 60' swimming pool, pictured in the lower center is an improvement to which officials of the camp point with pride. It is supplied with water from a 6 inch turbine pump only a few feet from the pool and may be filled in about five hours. A guest dormitory has just been completed this year for visiting ministers and camp personnel. It has, in addition to several bedrooms, a large lobby and 2 bathrooms. The building is shown in the lower left picture, just to the right of the dining hall. In the extreme right corner of the picture is the women's dormitory.

One of the greatest problems of the camp has been in securing a suitable road. District officials are now completing arrangements for a hard surface, all-weather road to the camp from highway 207, on the south side of Blanco Canyon. The present road into the camp is pictured in the upper left photograph, with the camp manager's home in the background.

Rev. L. A. Dayle, former pastor of the First Baptist Church of Floydada for a number of years, was one of the pioneers in getting the camp started. Rev. Doyle did much of the physical work on the camp in the early days.

The assembly now has a full-time manager and custodian, E. D. Morgan, who lives on the site of the camp all during the year. Morgan is a gracious host to the numerous visitors who come by at all times during the year to inspect this newest addition to the family of south plains communities. Rev. J. H. Wright, pastor of the First Baptist Church of Levelland is president of the Plains Baptist Assembly, and Rev. Hal Verner, First Baptist Church of Petersburg, is camp business manager. Rev. F. E. Swanner, District Missionary has been active in the area in promoting all phases of the camp.

Mr. and Mrs. B. M. Nelson and Mary and Dalvia Howard visited friends in Roaring Springs Sunday.

Mrs. Ott Is Club Hostess Tuesday

Mrs. Irvin Ott was hostess to members of the Dimmitt Garden Club at a business and social meeting Tuesday morning, May 29.

Mrs. Joe Benson, president, presided at the business session. A report on the recent District meeting in Amarillo of the Texas Garden Clubs, Inc., was given by Mrs. T. A. Singer. Mrs. Margaret Boren demonstrated highlights of the Dorothy Biddle flower arranging school held in Amherst. Eleven members and two guests attended.

Engagement Announced

Mr. and Mrs. Clifford E. Payton of Dimmitt are announcing the engagement and approaching marriage of their daughter, Lulabelle, to Mr. Oscar Lee Williams of Hereford. The wedding will take place on June 3 at 4 p.m. in the Dimmitt Methodist Church.

Nursery Day to Be Observed Sunday

BABIES! BABIES! BABIES!
The annual Cradle Roll and Nursery Day will be observed at the First Baptist Church in Dimmitt Sunday June 3 at 10:45 a. m. This is the day the church has set aside to honor the babies and parents. You are cordially invited to attend.

County Agent ...

(continued from page 1)

fir blooms in 60 days or a week earlier than Plainsman.

Redbine—60 and Redbine—66 are new red-seeded varieties; blooming in 66 days, respectively. Redbine—60 is a little surer of production because of its earliness, while Redbine—66 will yield better under favorable conditions because of its longer growing season.

Plainsman is a double dwarf variety, blooms in 72 days, and has potentialities of high production. It is resistant to milo disease.

Caprock blooms in 77 days and matures in 115 days; and will produce larger yields of grain under favorable soil and seasonal conditions; it is also resistant to milo disease. Martin, double dwarf variety, is resistant to milo disease and should be planted thick. Chief merit is that grain can be harvested

Operated in Connection with
M. W. LEMONS FUNERAL HOME
Write For Complete Information
Plainview, Texas Phone 6

vested shortly after seeds mature. It does yield consistently under less favorable conditions.

Midland blooms in 65 days and matures in 100 days. Juicy stalks and green heads may cause delay in harvesting, but very little lodging occurs in this variety.

Westland and Combine 7078 are both double dwarf combine varieties. Westland blooms in 70 days and matures in 100 to 105 days,

and is similar to Martin and Midland in performance. Combine 7078 blooms in 65 days, principal asset is certainty of producing grain under rather adverse conditions.

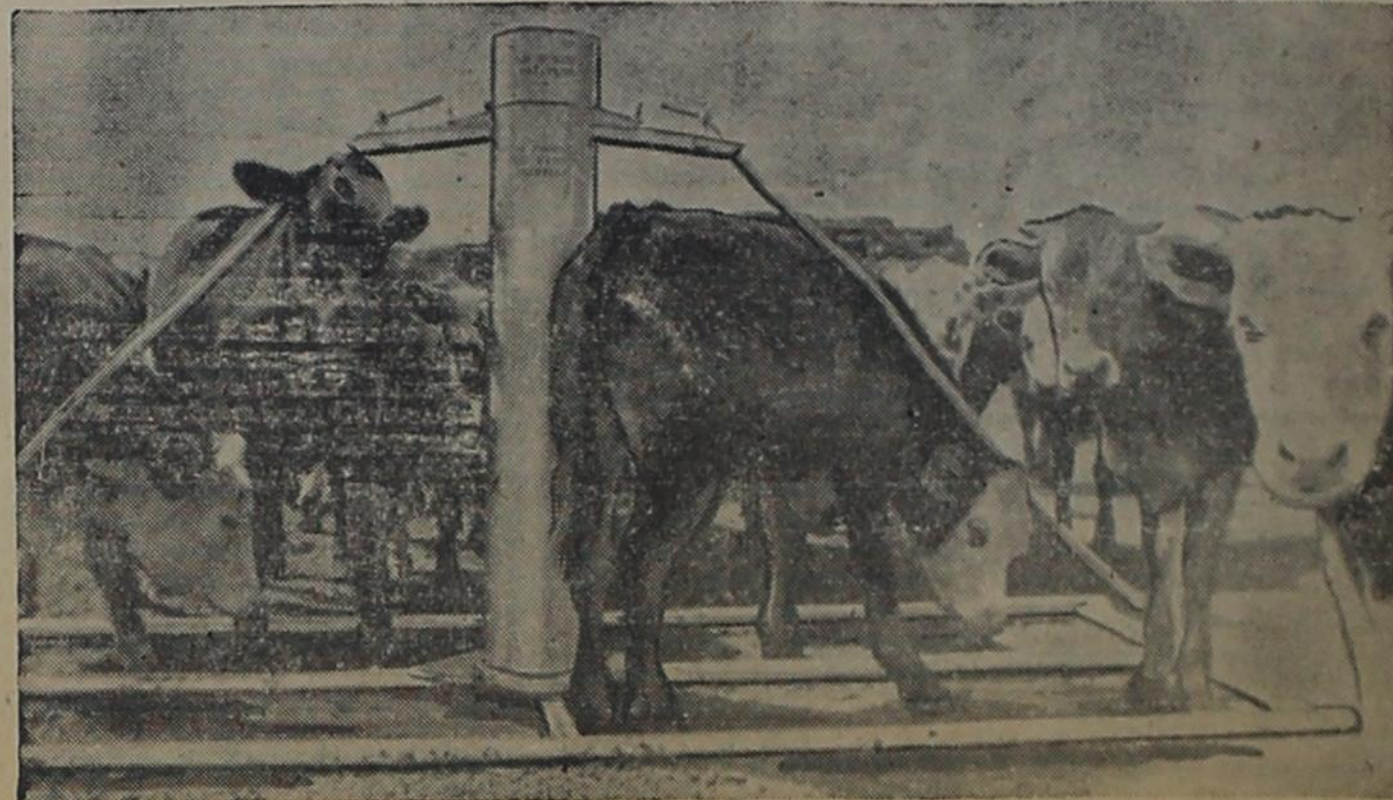

Milo Types
Double dwarfs and white sooner milos will not stand long after frost for combining and should be harvested before or shortly after frost. These varieties bloom in 60

days or earlier and mature in 90 days, making them well adapted to late planting. Sooner milo will produce under severe conditions.
