

## FUMBLE LOSES HEREFORD GAME

### KICKOFF IN SECOND HALF PROVES FATAL TO NORMAL.

#### Normal Entirely Outclass Hereford but Lose Game by the Score of 5 to 3.

The Normal lost its third football game of the season on Tuesday by a disastrous fumble in the beginning of the second half, giving Hereford a touchdown. The ball was kicked off by Hereford and received by Smith on the five yard line. Instead of dashing forward Smith waited for interference and by that time a White Face was down upon him and Smith started to run back, at the same time dropped the ball. The pig skin rolled over the goal line and a Hereford player pounced upon it, scoring five points. Goal was failed. The Normal score followed within a few minutes, when a punt by the Normal was blocked and Ackerman securing the ball dashed down the field for 50 yards. Black fell back for a drop kick and the ball sailed prettily between the bars, scoring three points.

The Normal team played a fine game throughout the entire contest. Every man was in the game at all times and had it not been for the fatal fumble, the game would have been to the Normal's credit. At every stage of the game the Normal had their opponents outclassed. The game they put up was fast and snappy. Conner ran the team better than has ever been seen on the local field. A large variety of plays was used, nearly all of which proved ground gainers for the locals. The defensive work of the line was the cause of chagrin to the visitors, who two weeks ago had been able to go through for from fifteen to twenty yard gains, but on Tuesday were never able to make more than six yards. The ends were wide awake and succeeded in breaking up the forward passes of the visitors as well as making long gains for their team. The backs put up good interference and were able to break through and smash many of the visitor's plays. The stars for the locals were Conner, Ackerman, Turner and Black.

Hereford put up a good clean game. There was no squabbling from their team as was so prevalent in the game with Seth Ward. They had a greater knowledge of the game than did the Normal bunch, but were easily outplayed and would have lost had it not been for the fumble. Estes and Price were their star players.

The game started with the Normal kicking to Hereford, who made good gains but lost the ball near the middle of the field. The Normal carried the ball well but were forced to kick. Ball changed hands and good gains were made by Conner and Turner. Drop kick by the Normal failed and Hereford punted out. Turner made 15 yards around end. Time called.

Second quarter. Conner makes 10 yards around end. Ball lost on fumble. Black tackles twice for big loss. Ball changes hands twice. Normal blocks kick on 20 yard line. Time is called. First half, no score.

Third quarter. Hereford kicks to Normal. Smith receives, fumbles and Hereford makes touchdown. Failed goal. Score Hereford 5, Normal 0. Normal kicks to Hereford.

Hereford punts back. Ball changed hands, Hereford punt blocked by Ackerman and he makes 50 yard run. On third down Black makes successful drop kick from 15 yard line. Score, Hereford 5, Normal 3. Hereford kicked to Normal. Ball kept in middle of field. Time called.

Fourth quarter. Hereford lost ball on Normal 25 yard line. Hereford punted and was penalized for tackling out of bounds. Normal made 15 yards on forward pass, but loses ball on next play. Hereford makes 20 yards on three plays. Time called.

Final score, Hereford 5, Normal 3.

The following was the Normal line-up:

Cowling, center.  
Rudolph, Holt, guards.  
Baird, Baird, tackles.  
Turner, Black, ends.  
Conner, quarter.  
Ackerman, McLaughlin, halves.  
Smith, full.

Hereford line-up:

Wilkerson, center.  
Stanley, Wright, guards.  
Acker, Elliott, tackles.  
Oberthier, McBride, ends.  
Estes, quarter.  
Baird, Wilson, halves.  
Price, full.

Terrill, referee; Black, umpire; Shirley, timekeeper. Time of quarters, 10 minutes.

#### Santa Fe Wreck.

There was a wreck on the Santa Fe north of Amarillo Friday night which tied up traffic very badly Saturday. It didn't get here until 2 o'clock in the afternoon. Two of the big mallet engines went head on together. Both crews escaped without injury, but both trains were badly smashed. Three hundred sheep were killed.

## FIRST SNOW FALLS FAST FRIDAY NIGHT

### TWO INCHES COVER GROUND IN THE MORNING.

#### Warm Weather Takes Most of it off Before Noon on Saturday.— Starts Wheat.

The first snow of the season fell in the Panhandle last Friday night and varied from one to three inches all over the Plains. The wind was in the north all day Friday and snow was freely predicted by the local weather prophets. About six o'clock in the evening, a slow drizzling rain started in and continued for an hour or so, when the snow began to fall and before morning had a white coating of snow two inches deep over the ground. The thermometer stayed up to 32 degrees above zero all Friday night and consequently by Saturday night most of the snow had melted. The snow on the north side of the buildings and roofs could be seen throughout the day Sunday. The weather has continued very fine throughout the week.

The snow made quite an amount of moisture and it is thought that it will start the wheat in fine shape. Many who have not yet planted their wheat crop are considering doing so within the next week.

As a matter of history it is well to note that the first snow of 1910 fell on the same date as it did this year, October 20.

C. W. Warwick left last night for the Dallas fair. Clyde couldn't stand it any longer, but had to take in the fair too.

## C. O. KEISER MOVES TO THE PANHANDLE

The following article is one of the large number published last week in Iowa newspapers regarding the removal of C. O. Keiser and his family from Keota, Iowa, to Canyon, Texas. It was published by Chas. K. Needham in his paper, the Washington (Iowa) Press. Mr. Needham was manager of the News for a year and having made a number of trips to the city, has many friends in the city. The following is the article:

If we ever regretted to see any one leave old Iowa or this vicinity it is Charles O. Keiser, of Keota. He and his family left Keota Monday for their new home in Canyon, Texas, where Mr. Keiser has many business propositions and hundreds of acres of land. He wanted to be right down there so he could look after his interests and be identified with the development and improvement of the great Panhandle country. The writer has been to Canyon a number of times and we know from personal experience the high regard in which Mr. Keiser is held in that community. For the past six years he has conducted many excursions to that country. He has taken family after family to the Panhandle. He has stood by them, helped them, and we know of innumerable renters who have gone to that country that Charley Keiser helped to make good and own homes of their own. He is just that kind of a fellow. If a man is worthy and trying to make good, Charley Keiser is his friend. It is a great thing to be able to do big things but it is greater to be big enough to do the little things that go to make up the great sum of successful living. In all his busy life Charley Keiser has never been too busy to give a cheerful greeting and a hearty hand shake to a fellow man and has never been known to turn a deaf ear to a cry of want or distress. In his home town he has been the most public spirited of all that town full of public spirited citizens. His first act of disloyalty to Keota is his leaving and the reception and banquet tendered him there on Friday evening was evidence of the fact that however keenly they feel their loss they forgive him even that if it is best for him.

The Press man has known Charley Keiser intimately for fifteen years or more, and has transacted thousands of dollars worth of business with him. He has proven himself a great friend in ways we will never forget.

Our first acquaintance with him dates from the time we first went down to Keota in the interest of the Old News at Sigourney. Business wasn't looking up much until Charley came along, slapped the disconsolate solicitor on the back, took him by the arm, led him around and introduced him to his friends, saying, "This is Charley Needham. He wants you to take his paper, dig up your \$1.50." If they were a little slow he would say, "Put him down Charley and if he don't pay for it, I will, they've got to read the Old Thing." After rolling up a list of fifty new ones in this way we began to sort o'like this fellow and we have kept right on liking him ever since. In all our dealings, in all our social intercourse, he has proven himself a true man and a good friend and in the words of the song "It is hard to say goodbye."

Mr. Keiser has purchased a home in Canyon and will now be able to look after his multiple interests in that section of the country and still enjoy the things he loves most on earth, his home and family. He has a beautiful and charming wife and a lovely little daughter. Mrs. Keiser is as great an enthusiast over Texas and her future as is her husband. She is a bright, wide-awake woman, keenly interested in everything connected with the development of the country in that section and in everything connected with the city they have chosen as their home. Mrs. Keiser has traveled extensively with Mr. Keiser, making trip after trip to Texas, riding thousands of miles all over the United States in their big touring car. She has gone with Mr. Keiser whenever and wherever practicable and has been his best pal.

Eighteen years ago he and his brother, Sam, embarked in the horse business for themselves on a large scale. They were successful. They had a big business right from the start. They made good. Sam would go to Europe to buy and import horses and Charley would remain home looking after the business end and see that these fine horses were sold. Their success was marvelous. They were the first importers to ship by special express train loads from the dock in New York to their barns in Keota, Iowa. After a number of years of importing and breeding Charley Keiser saw a great future for that country known as the Panhandle. So he went

down to Canyon, Texas, and bought very extensively. These boys put agents out on the road and soon they were running excursions to this country. They bought and sold in large quantities and made a success of this business venture. Such is the career of Charley Keiser.

I could keep right on saying personal things about this friend of mine, but when he sees the Press my troubles will begin. He would not want me to say half what I have written. I know him and I know just what he will say, but he is away down in Texas and I am in Iowa, he can't reach me and I can't hear him swear.

## NORTHWEST TEXAS CONFERENCE SOON

### WILL MEET NOVEMBER 1, FOR A SIX DAYS' SESSION.

#### Preparations Being Made to Care for All Visitors—Many Preachers and Delegates are Expected.

Hale County Herald:

The Northwest Texas Methodist Conference will convene in this city on November 1, for a six days session, including Sunday. This conference comprises sixty-six counties, and a large attendance is anticipated. In fact, three hundred delegates and preachers are expected, and these are to be housed and cared for by the citizens of this town during their stay. Besides these preachers and delegates, it is expected that during Saturday and Sunday fully five hundred people from the country and adjoining counties will be in attendance, and these people should be made to feel welcome while in our city. The pastor of the local church expects all members to do their duty toward these strangers, and will appreciate all courtesies shown by any citizens of the city to visiting brethren and sisters.

This conference will be presided over by Bishop Atkins. Several distinguished men from Louisville, Kentucky and Nashville, Tennessee, will be present. A most interesting and profitable session is expected.

Pres. R. B. Cousins will preach Sunday morning at the Methodist church. There will be no services in the evening.

## MEXICAN SHOTS SECTION FOREMAN

### TOM COOPER SHOT IN LUNG AT UMBARGER WEDNESDAY P. M.

#### Will Recover—Mexican Captured by Sheriff and Deputies West of the City.

Tom Cooper, section foreman on the Santa Fe, was shot Wednesday afternoon at the section house by Louise Hernandez, a Mexican, and received a very bad wound in the right lung. From present indications Cooper will recover. Cooper and the Mexican had some trouble on the road in the afternoon and the Mexican attacked Cooper with a shovel. Cooper hit the Mexican over the head with a spike mall, stopping the attack. The Mexican proceeded up the track to Umbarger and armed with his pistol awaited the return of the gang in the evening. When the Mexican took three shots at Cooper, one taking effect in the right lung and the other two missing the victim. The Mexican then went to the local store and tried to purchase more cartridges, but was unable to get them. He left the town going east down the traks.

The evening passenger came through within a short time and the wounded man was taken to Hereford where the bullet was removed, and from present indications Mr. Cooper promises to recover. Mr. Cooper is a man 28 years of age, and has been in Umbarger but 20 days, coming there from Amarillo.

Sheriff Jennings was notified at once and with Deputies Slover and Reeves started out in an auto, John Guthrie driving. A large band of farmers had gathered in Umbarger and started east in search of the Mexican in the meanwhile. It was indeed lucky for the Mexican that the sheriff and his men were the first to find and to capture him. A large band was near the scene and when the news of his capture spread, the crowd demanded that he be turned over to them. The sheriff got the man into the auto and soon outdistanced the other party of searchers. They drove nearly to Canyon and then telephoned that they had gone to Tulia, but as a matter of fact took their man to Amarillo where he is confined and will no doubt remain for safe keeping until the meeting of the grand jury two weeks hence. The Mexican had only two cartridges left in his gun, and did not offer to fight when the three officers pulled down on him.

## GIRLS WILL PLAY BASKETBALL.

### Goodnight Team will be Here Saturday Night for First Game of Season.

The first game of the season for the girls basketball team will be played Saturday night at the Normal gymnasium between the Normal team and the Goodnight high school. The Goodnight team comes with a good reputation and a fast game is expected.

The Normal team has been hard at work this week and will be in excellent condition for the contest. The game will be played at the Normal gymnasium at eight o'clock tomorrow night.

Mrs. Westbrook, of Lockney, was in the city this week visiting with her daughter, Mrs. R. W. Thacker. Mrs. Thacker accompanied her home Thursday.

### Pug Cavet in City.

"Pug" Cavet, the star Minneapolis south paw pitcher, arrived in the city Tuesday and will spend the winter here, playing with the Panhandle Champion basketball team. Pug is looking fine and says that he has had a mighty fine season. It seems he is always destined to walk in and out of Canyon, not for the lack of funds, but on account of accidents. Last spring when he left for training with the Detroit bunch, his ticket flew out of the window seven miles north of town and he had to walk back to get a duplicate one. Tuesday he came down from Amarillo in a car and eleven miles from town, the machine broke down and he had to walk in.

### Meetings Closed.

The meetings at the Baptist church closed last Sunday night and Rev. Otis Carter left Monday for his home in Fort Worth. The meetings were a great success for the church. The attendance was good at every meeting and the sermons of Mr. Carter were pronounced by many to be the best evangelistic sermons ever heard in the city.

### MRS. GAMBLE FIRST WINNER.

Gets the Umbrella in the Business Men's Contest—Miss Reid in Second Place.

The first month of the contest closed Tuesday night and the winner of the first special prize—the umbrella—was Mrs. Joe Gamble, who had a total of 18,171. Miss Cecil Reid was a close second in the race, with a total number of 14,641. These two contestants were the only ones to make very great gains since the report on last Friday.

The next special prize for the ladies will be given on November 24. It is a fine necklace and locket. A little work is going to get this prize for some lady. The lady who gets the largest number of votes from Oct. 24 to Nov. 24 will be the winner. You may enter the contest now and get the prize. Remember that it is not the lady who has the LARGEST number of votes on Nov. 24, but the one who GETS THE MOST VOTES FROM OCT. 24 TO NOV. 24.

In the organization contest, a great surprise was sprung by having the K. of H. and I.O.O.F. lodges taking a very great advance. Pleasantview goes to second place and Jowell school to third place, while the Canyon school takes fourth place.

The following is the standing of the vote:

VII. JESTING.

King Henry V. paid his fool a princely sum for his services and King Richard II. knighted his royal jester, but in no instances were the jokers given power to govern. Ability to perform the service was one of the first qualifications in mediaeval government, but under our form of government a candidate can be elected for Railroad Commissioner with scarcely more than a cursing knowledge of the railroad business and we may elect a Comptroller who can hardly add a column of figures and these illustrations could be multiplied indefinitely. Our queer campaign antics would make a benighted king roar with laughter, as well as make the judicious weep.

THE KING'S JESTER.

We can gridiron the State with railroads and dot it with factories and happy homes by electing to the Railroad Commission and to the Legislature men who can feel the mighty surge of civilization as it beats against our border line; who can see the world forces of progress marshalling in the dim horizon of the future and who know how to lay corner stones of empires. Texas needs great men.

Hon. Thomas H. Ball has withdrawn from the senatorial race. He gives as his reason that there are too many in the race, and there being two prohibitionists, the cause would be greatly injured if both stayed in the campaign. If this campaign is to be fought out principally on the prohibition question, Mr. Ball did right to withdraw. If the prohibition question is to play no great part in the campaign, Mr. Ball was a very strong man and should have stayed in the campaign. As we said last week we do not believe that the prohibition question should play so great an important part in the campaign—but if it does, let the prohibitionists choose their strongest man, and we believe that Mr. Ball is the strongest man they could put out. It is therefore regretted that Mr. Ball withdrew from the race so early in the campaign.

During the past year a large number of newspapers have consolidated in the towns of the Plains. One newspaper is enough for any town less than 3000 population. It is better to have one good paper than to have two poor and half starved sheets. The man who starts a second paper in a small town soon finds to his sorrow that there are more profitable businesses than running a newspaper in a small field. The margin of profit in the newspaper work is very small as the merchants generally believe in the mail order printing business in spite of the fact that they demand of their home paper to fight the mail order mercantile business, and when there are two papers, there is a great tendency to cut prices and to do work even at a loss to the firm.

According to the last report of the State Insurance Board, 79.7 per cent of the 8000 fires in the state this year might have been prevented. 544 residences have been burned by defective flues. A little care may save Canyon citizens a very great amount of money this winter.

Is the Democratic party as anxious to get Mr. Hearst back into the fold as Mr. Hearst is anxious to get back? We hardly think so. However, his determination to oust Murphy and Tammany is good and should be encouraged by all democrats.

THERE is invariably one argument which convinces. It is so strong and so timely and so truthful that nothing can prevail against it. To-day an argument founded on fact will withstand almost any rebuttal. In politics or in the general workaday life, it is only the best that finally comes out "atop."

Benjamin Clothes have maintained their standing because no argument could prevail against them. Nearly forty years ago, when the first Benjamin suit was made, every feature was as good and dependable as it possibly could be--the style was authentic, then, just as it is now. New York has ever been the starting place for fashions just as it is today--it has ever been the home of expert tailors, just as it is to-day.

Benjamin Clothes are a standing argument in favor of quality. Their style, cleverness and value interest every man who cares to dress well and dares to seek quality at a moderate price.

Fame is Fleeting.

Fame is indeed a fleeting and transitory thing. Reputations which may have been years in the building are soon forgotten, unless carefully nurtured and preserved. In no field of human endeavor does this hold more true than in the theatrical world. Always alive to this fact the management of Richards & Pringle's Famous Georgia Minstrels have ever kept pace with the changing pace of time.

Special Services.

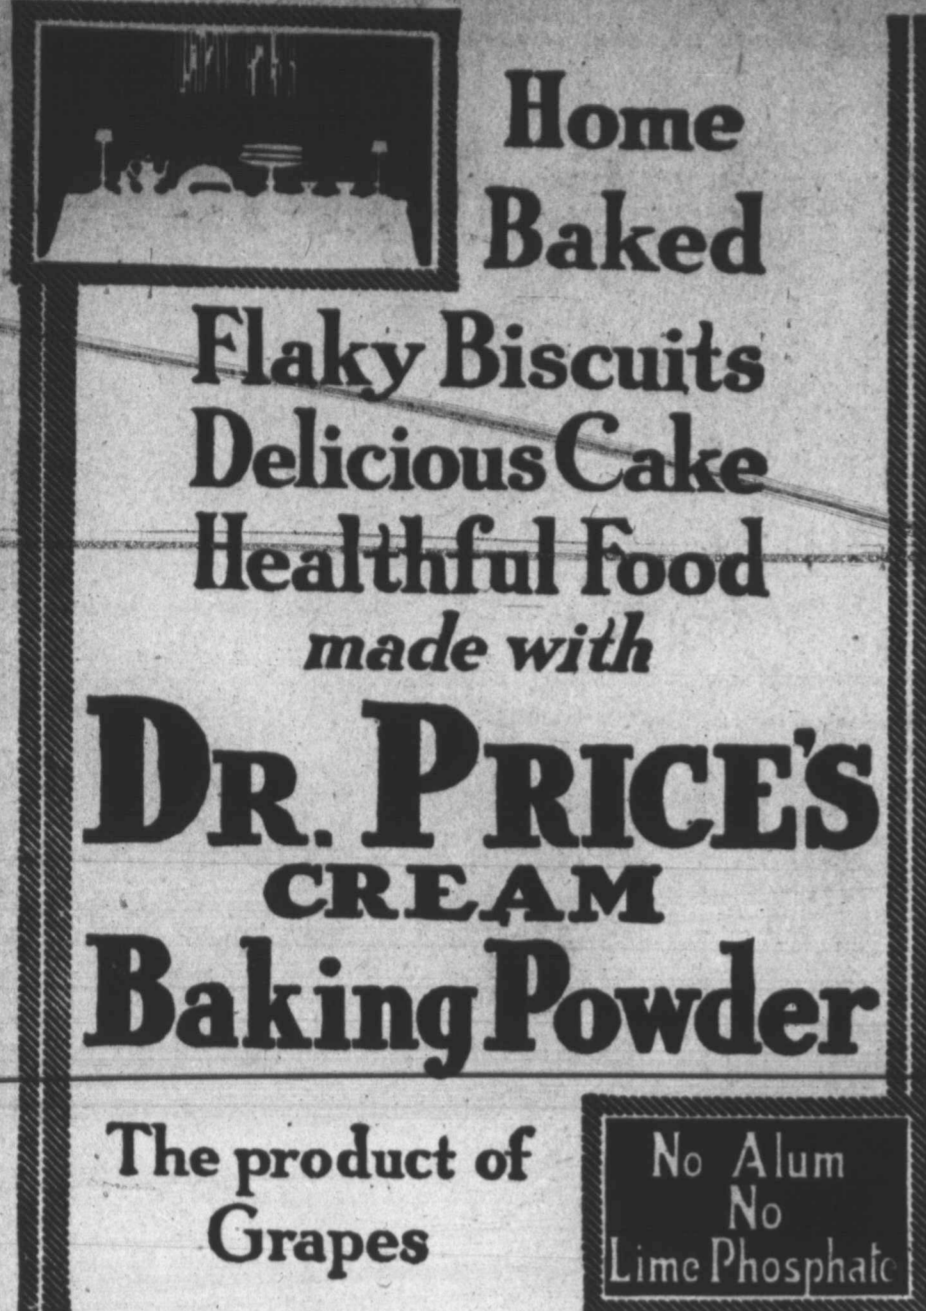

The Sunday night services at the Presbyterian church were in the form of a special missionary program, conducted by the members of the church. The following gave talks along missionary lines: H. E. Muldrow, Mrs. C. R. Burrow. C. Eakman, Miss Lola Word, W. D. Scott, J. W. Reid and Miss Knox, student secretary of the Y. W. C. A. Miss Knox has a brother in the missionary field and gave a very interesting talk on Korea. The program was very greatly enjoyed.

**MISS RASOR RESIGNS.**

Miss Emma Rasor, head of the art department of the Normal, yesterday filed her resignation with President Cousins to take effect immediately. Miss Rasor does this on account of the illness of her mother in South Carolina. She left last night for the east. The departure of Miss Rasor means another great loss to the Normal faculty. She has been a member of the faculty since the organization of the school. Her rare ability, her intense earnestness in her work, and her kindly feeling toward all the students have won for her the affection of every one connected with the Normal. Her acquaintance extends all over Canyon, and every citizen regrets that it is necessary for such a useful woman to be called from the city. President Cousins has recommended that Miss Olive M. Denman, of the Houston high school, be elected to this position. Miss Denman is a capable teacher of penmanship and art. She is a Texas lady, born at Palestine. She was a student in the Pratt institute, and graduated from the Fine Arts department of Columbia university, New York.

**PROSPECTS FOR A BIG WHEAT CROP**

**RAINFALL FOR FIRST NINE MONTHS OF YEAR 20 INCHES.**

Review of Wheat Conditions Given in the Daily Panhandle of Last Thursday.

The rainfall for Amarillo for the first nine months of this year, up to and including the month of September was 20 inches, or almost double the entire rainfall of last year. This insures moisture enough to give the wheat crop a good start and we may reasonably expect a good crop.

According to reports received here there will be an unusually large acreage of wheat sowed in many parts of the Panhandle this year. Much of this has already been sowed and thousands of acres of it is up and looking fine. Experienced farmers tell us that the outlook is good for a wheat crop and that wheat sowed now is almost sure to do well.—Daily Panhandle.

You can save money on all kinds of hardware by buying NOW at the Mercantile. Everything in the store at cost. It

Don't Wait Until it is too Late.—Follow the Example of a Canyon City Citizen.

Rescue to the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning. Look out for urinary trouble. This Canyon City citizen will show you how to go to the rescue.

Mrs. J. W. Caraway, Fifth St., Canyon City, Texas, says: "I found relief from backache and other symptoms of kidney complaint by using Doan's Kidney Pills and my experience warrants me in recommending this remedy for difficulties of that nature. It was two months ago that my husband got Doan's Kidney Pills for me at the Cassies Drug Co., after he had heard them highly recommended. I found that Doan's Kidney Pills live up to all the claims made for them."

Mrs. Firm Saunders went to Plainview yesterday on matters of business.

**POSTAL SAVINGS BANK.**

Local Office Will Open This Department on November 20.—Information Just Received.

Postmaster Oscar Hunt received a notice yesterday from the postoffice department saying that the Canyon postoffice had been designed for a postal savings bank, and that department would open on Nov. 20. This was quite a tribute to the local office as it came entirely unsolicited, while many towns around us have been working hard for months to get such a department. Any amount over \$1 may be deposited in the postal savings bank. Savings stamps may be bought for 10 cents. Interest of 2 per cent is paid on all deposits.

Mr. Hunt is well pleased to think his office has been so honored, and believes that the deposits will amount to a good amount.

**A Pleasant Picnic.**

On Monday, the Palo Duro and Barrett-Browning Literary Societies of the Normal, under the chaperonage of Misses Kelly, Ritchie, Malone, Lamb, Rambo, and Mr. Marquis, went out to the Devil's Kitchen for an all day picnic. An early start was made from the Normal building everyone in a good humor and armed with pennants and capacious lunch baskets. When canyon was reached the appetites of the crowd were whetted to the fullest and dinner—such a dinner!—was served immediately. Fried chicken was never so abundant, delicious salads, pastries, fruits, and watermelons capped appropriately the al fresco repast.

The party thus refreshed started in quest of specimens, favored sports, and explorations in general. The happy afternoon passed all too quickly, and, as the shadows lengthened, the picnickers gathered up their belongings and started on the home-ward drive.

It must be added that the presence of Miss Knox, student secretary of the Y. W. C. A. organization, contributed greatly to the pleasure of the party.

STILL LEADER

Texas continues to lead the procession of her sister states in the matter of acreage, tillage, variety of crops and production. The Panhandle leads all Texas and with the steady increase of new and sturdy citizens, the opening up of virgin lands to plow and successful cultivation, will show a magnificent gain with each succeeding year.

Panhandle alfalfa is now being fed out in the less fortunate districts of other states which have suffered from drouth and heat. During the coming fall and winter Panhandle Kafir corn and Milo maize will acquire new markets in different sections of the country. Their excellence as a balanced ration for all kinds of stock will be demonstrated in heretofore new territory, the markets thus acquired will be permanent and will broaden as their superiority as an all-round feed is recognized. Many of our Randall county farmers are now planting Milo maize on the same ground from which they have just taken a crop of oats or wheat and will realize a second substantial dividend from their land. Our forage crops will help to supply the deficiency in the hay crop of other states and need only this opportunity for a trial in order to be given high rank in that class of feed.

The torrid wave which recently held sway over the Middle West and East, taking heavy toll in the lives of babies and adults, was tempered by our altitude and cooling showers into the most favorable growing weather for crops. Contrary to the general opinion of those not familiar with our climate, that our geographical location is conducive of extreme summer heat, the Government records for eighteen years show our average temperature for the months of June, July and August was 74.2 degrees and each year a larger number of people come to the Panhandle to enjoy the delightful summer.

Our climate is particularly favorable for diversified farming and stock raising, our soil is rich and productive, our rainfall ample in normal seasons, an inexhaustible supply of pure water is obtainable at a reasonable depth.

I have a number of choice farms in Randall and adjoining counties, improved and unimproved, and at the figure at which they can be bought now are certain to prove a most profitable investment.

**HOW THEY READ THE PAPER**

Marked individually is shown in Manner in Which Different People Hold Paper.

We heard it said the other day, by whom, for the life of us, we cannot remember—in the general clangor of life's din it is so exceedingly difficult to trace even the comparatively few notes that emerge distinctly from the mass of sound with easy distinctness—we heard it said the other day, we repeat, that every one has his own individual method of reading his newspaper. An allusion was made in that observation to the difference in people's methods of grasping the printed sheet when they are in the act of reading it. Some hold it widely in front of them, using two hands; others adopt an intricate process of folding so that the part they are perusing is continually presented in a kind of emphatic isolation. There are people who are accustomed to read the newspaper in the train whenever they travel, and yet are never able to gain the mastery of the printed columns, which swell to gigantic proportions and envelop all the other passengers in the compartment amid a crackling like continuous but badly timed volley firing. And that word reminds us of the long sticks with handles to which the paper is sometimes attached in cafes. Always more than we can manage, they would be really serviceable, we have often thought, in military operations when the signallers suddenly find that they have run out of flags.—London Globe.

**Averts Awful Tragedy.**

Timely advice given C. Wiloughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a consumption cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Cassles Drug Co.

**OH, BOTH THE PARENTS!**

"Has he asked your parents for your hand yet?"  
"My, no. That's an old-fashioned custom that's no longer observed. My father may consider himself lucky if we decide to send him an invitation to our wedding."—Detroit Free Press.

**Is the World Growing Better?**

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at Cassles Drug Co.

**AN EXODUS.**

"Did you get rid of the flies?"  
"I don't know," said Mrs. Corn-tassel. "After we had burned carbolic acid on a hot shovel and made a smudge of some kind of powder and scattered oil of sassafras around, I don't believe any flies could stay in the place. I know us folks couldn't."

**Its Equal Don't Exist.**

**OLD PENNSYLVANIA TAVERN**

Noted Hostelry Where Great Stage Coaches Put Up Half a Century Ago.

The old Stone house at the junction of the Franklin and Pittsburg pike with the Erie and Pittsburg pike is one of the noted historic spots in Butler county. Half a century ago the great stage coaches over these noted highways put up at the Stone house for the night. Buckwheat cakes, honey, country ham, sausage, Indian mush, doughnuts, roasted potatoes, and mince pies formed the larger part of the menu at this noted hostelry.

The building was erected in 1817 and is still occupied. It stands at the crossroads and is surrounded almost entirely by a dense forest. It was the first house built, possibly, on the thousand-acre tract of land taken up by the McClure family and is still in their name.

There are many wild and weird stories connected with the famous house which the old people in the neighborhood tell, but they lack the element which make them true history. However, it is not too much to say that previous to the Civil war strangers were known to enter the old Stone house who were never again seen. These were in the days of counterfeiters, stage coach travel, open gambling and open barrooms.—Pittsburg Gazette-Times.

**Gives Aid to Strikers.**

Sometimes liver, kidney and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel proper action. Excellent health soon follows. Try them. 25c at Cassles Drug Co.

**PAPA'S OPINION.**

He—You know that it isn't your money I want to marry you for, don't you, dear?  
She—Yes; that's what I told papa.  
He—And what did he say?  
She—He said if that was true you didn't have as much sense as he thought you had.

**Society Notes.**

Mrs. S. R. Griffin was the hostess Tuesday afternoon to fourteen ladies of the city at one of the most pleasing social events of the season. 500 was the game of the afternoon. A very beautiful color scheme of yellow and white was carried out by the hostess. As refreshments, fruit salad was served in oranges, cut in the form of a basket, together with orange ade and angel food cake. Chrysanthemums were given as favors. Miss Dixie Harrison was the guest of honor.

Mrs. J. E. Winkelman and Mrs. S. L. Ingham were the hostesses Thursday night to sixteen of their friends at a 42 party in honor of Miss Dixie Harrison. Ice cream and cake were the refreshments served by the ladies.

**Eight Bales of Cotton.**

The first cotton report from Randall county, was that of P. Friemel, of Umbarger, who has already ginned two bales at the Hereford gin, and has six more bales ready for the gin. Mr. Friemel had in 15 acres of cotton this year and from it, he will get eight bales, making a little better than one-half bales to the acre. The first two bales were sold in Hereford to D. R. Gass, owner of the City Pharmacy, in Canyon. Mr. Friemel has not sold the remaining six bales. This report alone, shows that cotton can be raised successfully in Randall county, and that next year will be a large amount planted.

**Two Merry Tramps.**

Two Merry Tramps, since last presented here has been all improved and rewritten with twelve new musical numbers and with music you can whistle. **Team to Plainview.**

The Normal football team will go to Plainview next Monday to play a return game with Seth Ward. If the boys put up as good a game as they did last Tuesday, they will win the game. They are practicing hard and are hopeful.

**COCKATOO IS 112 YEARS OLD**

**Ancient Bird is Somewhat of a Liar  
Though on Verge of the  
Grave.**

Cockatoos are well known to live to patriarchal age, and probably the oldest bird in the world whose age can be traced with certainty flourished in a well-known hostelry at Tom Ugly's point, near Sydney, New South Wales.

When he had feathers enough to distinguish his species, he was recognizable as a lemon-crested cockatoo, but as he had been "under bare poles" for half a century, few living people can remember when he had more covering than he shows at present.

He was owned for 80 years by a well-known master mariner of Sydney, who died at the Solomon islands in 1887, aged eighty-nine. The bird was presented to the captain when the latter was nine years of age, and he was then informed that Cocky was just the same age.

The bird was left as a legacy to a Mrs. Bennett of Sydney, but she did not get him until 1891. Since that period the bird has lived at George's river, within sight of where Captain Cook landed and where "the first fleet" anchored about the year of his birth.

None of his faculties are weakened, and he is as loquacious as youngsters of his tribe, who may be a hundred years younger. In hilarious moments he will flap his stumps—you could not call them wings—and yell, "I'll fly—I'll fly! By gee, I'll fly!" a palpably mendacious statement.

**Hereford Man Killed.**

Word came from Hereford yesterday morning that W. H. Razor had been killed near Hereford on Wednesday afternoon by having a sand pit fall in on him. Another man is reported badly injured by the accident. Mr. Razor was formerly a resident of this city and was a teacher in the public schools. He has a large number of friends who are grieved to hear of the accident.

**History and Practice Club.**

The History and Practice club held their regular meeting last Saturday night at the home of Miss Emily Garmon. The program was in the form of an anniversary program, the 21st being the 100th anniversary of Liszt. After the business meeting the following program was given:

1. Moonlight on the Hudson. Dochia Brown.
2. Technical and artistic traits of Franz Liszt, Miss Wiggins.

3. My dolly's march, Francis Croson.
4. Dream of Spring, Mabel Rowan.
- Origin of the symphonic poem Emily Garmon.
6. Violin Solo, Jonnie Rowan.
7. How Liszt worked, Jessie DeGraftenreid.
8. 2nd Hungarian Rhapsody, Miss Wiggins.

**MAKE YOUR STORE-ADVERTISING A FIXED  
FEATURE OF EVERY ISSUE OF THE NEWS**

A "feature," or department, of a Newspaper wins its readers a few at a time. Out of thousands who "scan" or "glance" at a store's advertising in this issue, a few hundred will read all of that store's advertisement in the next issue. But, if that store's advertisement does not appear in the next issue, this process of winning regular customers is broken up. It would be so with our Editorial Page. If it did not appear regularly, it would forfeit the interest and attention of most of its readers, and the same would be true of other pages of the paper, that build up their readers surely and steadily, issue by issue.

A store's advertising gets to be most effective after it has become a regular feature of the paper, gaining with every issue, new "regular" readers and holding those gained by making the store news really important to them. Try it and note the result.
