

## RED CROSS ORGANIZED IN CANYON SATURDAY

The organization of the Red Cross Chapter was perfected Saturday afternoon when a number of citizens and ladies of the city met in the District court room.

The meeting was opened by W. H. Blaine head of the Physical education department at the Normal. Mr. Blaine gave an opening talk as to what the Red Cross was and what its work was.

The American Red Cross Association is the only volunteer organization authorized to aid the sick and wounded soldiers who are in the army and navy. The officers of the association do not receive pay for their services, but work through the loyalty of the American nation.

Every man and woman in America should enlist in the organization for the sake of humanity. There are soldiers in France and England today and there must be someone to help take care of those who are wounded. For every man that is killed there are five injured. The chapter that is organized here does not mean that the members have to go to the front,

but they can do their share at home. Therefore many articles that the needed in the hospital by the nurses and surgeons, and it is one of the things that the Canyon Red Cross can do to help supply them.

The membership fee is a dollar, or two dollars pays for becoming a member and a magazine will be sent you. Every man and woman in Canyon is urged to bring their dollar and become a Red Cross member.

President Wilson has issued the proclamation that the week of June 18 to 25 should be Red Cross week in the United States. Everyone can do their "bit" for Uncle Sam, and each one is urged to become a member of the Red Cross.

The following officers were elected for the coming term:

Mrs. D. M. Stewart—Chairman.  
W. H. Blaine—Vice-Chairman.  
R. L. Marquis—Secretary.  
C. D. Lester—Treasurer.

After securing the membership of thirty, followed by several discussions, the organization adjourned subject to call of the next meeting.

## REGISTRATION JUNE 5 OF ALL MEN 21 TO 31

As has been designated by President Wilson, June 5 will be the day upon which all men between the age of 21 to 31 MUST REGISTER.

Men of said age must register on or before that day or they are subject to a severe penalty.

With the completion of the final steps in the Conscription Act, our country has ushered in a new era of military registration. The old haphazard regime of the volunteer system has been abolished, and emotional appeal is ended. In place, the new system takes the services of all the men alike, consequently makes a strong and capable army that will be the "nation's pride."

The places of registration will be at the usual voting precincts. The County Board is composed of C. R. Flesher, T. V. Reeves, Dr. D. M. Stewart, and Worth A. Jennings.

The following Registrars have been sworn in for the different precincts:

- Precinct 1—W. D. Morrell, and C. R. Burrow.
- Precinct 2—C. P. Hileman, and Peter Meyer.
- Precinct 3—R. W. Bruce and T. V. Slack.
- Precinct 4—H. E. Wesley and R. E. Prewitt.
- Precinct 5—John Boulware and W. E. Bennett.
- Precinct 6—Andy Costley
- Precinct 7—Will Cage.
- Precinct 8—Albert Baird, and Parker D. Hanna.
- Precinct 9—Wilson Campbell.

The law provides that when it is known the man will not be in his home precinct on the day of registration, he may go to the clerk of the court and register before June 5.

Clerk T. V. Reeves stated yesterday that eight young men had come before him and registered.

The officials believe that about 125 young men of Randall county will come within the registration law.

### Information for Men Required to Register.

Washington, May 26.—In its campaign to stimulate interest in registration June 5 for the war army the War Department today issued a memorandum emphasizing the seven cardinal points to be remembered, particularly by men between the ages of 21 to 31, inclusive, who will be required to register. The memorandum follows:

1. There is only one day for registration, June 5, 1917.
2. Every male resident of the United States who has reached his twenty-first and has not reached his thirty-first birthday must register on the day set, June 5, 1917. The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, the enlisted reserve corps, the national guard and national guard reserve recognized by Militia Bureau of the War Department; the navy, the marine corps, the coast guard and the naval militia, the naval reserve force, the marine corps reserve and the na-

tional volunteers, recognized by the Navy Department.

3. Registration is distinct from draft. No matter what just claim you have for exemption, you must register.

4. Registration is a public duty. For sense of this duty the penalty of imprisonment, not fine, is provided in the draft act.

5. Those who through sickness shall be unable to register should cause a representative to apply to the County or City Clerk for a copy of the registration cards. The clerk will give instructions as to how this card should be filled out. The card should then be mailed by the sick person or delivered by his agent to the registrar of his home district. The sick person will inclose a self-addressed stamped envelope for the return to him of his registration certificate.

6. Any person who expects to be absent from his voting precinct on registration day should apply as soon as possible for a registration card to the County Clerk of the county where he may be stopping, or if he is in a city of over 30,000 to the City Clerk. The clerk will record the answers on the card and turn it over to the absentee. The absentee should mail this card to the registrar of his home district so that it will reach that official by registration day. A self-addressed stamped envelope should be inclosed with the card to assure the return to the absentee of a registration certificate.

7. Registration booths will be open from 7 a. m. to 9 p. m. on registration day, June 5, 1917.

### Decoration Day.

Decoration day will be observed at the Methodist Church next Sunday, June 3, at 11 o'clock. There will be a memorial address delivered by the pastor of the Methodist Church, Rev. R. A. Stewart.

At 2:30 p. m. there will be the Decoration of the Graves at the Cemetery, followed by a short address by Prof. B. A. Stafford.

Special Music—Solo, Mrs. Ernest Reid.

Male Quartet.  
Mrs. F. M. Wilson, President Cemetery Association.

### Men for Aviation.

Young men interested in aviation in the United States army now have a chance to get into the service by making application to the School of Military Aeronautics at Austin, which is under command of Captain Ralph Cousins, Commandant of the University and instructor in the School.

Captain Cousins states that this information may be obtained from his office at Austin, or from the office of the Adjutant General at Washington.

A number of young men are interested in this branch of the service and it is to be expected that a number will go from the Panhandle.

YOUNG MEN—REGISTER JUNE FIFTH.

## CANYON ASKS FOR LOCATION OF THE A. & M. COLLEGE

CANYON IS IN THE FIGHT FOR THE LOCATION OF THE NEW A. & M. COLLEGE.

OUR PROPOSITION TO THE LOCATING COMMITTEE GOES TO AUSTIN THIS MORNING.

At a meeting of the citizens of the county Friday afternoon at the court house it was decided that Canyon offer a location to the committee and that committees be appointed to take up the work a once.

Three sections of land adjoining the town site have been put under option and the necessary plats and abstracts prepared as Governor Ferguson outlined as the necessary steps for the location of the school.

There was a good attendance at the mass meeting, and all felt that Canyon had a proposition to offer that would prove very attractive to the locating board when it comes here during this month for final settlement of the location.

Under the provisions of the law, the locating committee has \$50,000 with which to buy 2000 acres of land. The Governor has made it plain that the committee will accept the land as a gift from the town which is chosen as the location. The people of Canyon believe that the land offered by this town is so superior to any upon the Plains as a stock farming and experimental station that the committee will accept this location, and gladly pay the money on hand for the land. It will take from \$18,000 to \$20,000 in addition to the \$50,000 to buy the land which the people of Canyon propose to offer to the committee—amount which must of necessity be raised by local subscription. The committee which is looking after the raising of this amount of money is composed of C. O. Keiser, L. G. Conner, J. M. Redfean, J. W. Reid and S. L. Ingham.

The committee which has had in charge the preliminary work of making the plats and getting the options to the Governor is composed of L. T. Lester, J. A. Wallace, J. D. Gamble, Oscar Hunt and D. A. Park.

A committee to raise funds for the

preliminary expense is composed of W. D. Morrel, R. L. Marquis and C. W. Warwick.

There is no stated time for a visit from the locating committee, but it is expected that the members will start from Austin as soon as the Governor has disposed of all bills passed by the legislature. When the committee arrives in Canyon, it will fall the duty of the local committee to show the members the advantages of locating the school in this city over the locations offered by the several different towns of West Texas.

The finance committee wishes to secure pledges for the amount necessary to cover the difference between the \$50,000 which the locating committee has, and the price of the land, and will make a canvass of the town this week. But, it will greatly accommodate the members if all will call and make the pledges without the work of soliciting each one in the county.

### Geller Undergoes Operation.

H. W. Geller was operated upon Saturday afternoon in Amarillo, this making the second operation he has been forced to submit to during the past two months.

His condition is considered very critical but he has rested so well since the operation that there is hopes he will soon have fully recovered.

Mrs. Geller is also confined to the sanitarium, having been sick for several week past.

### E. O. S. Meeting Saturday.

The Grand Matron and the Special Grand Deputy of Texas will visit the local chapter of the Eastern Star on Saturday night.

There will be installation of officers and initiation of new members.

The Baptist missionary Society met with Mrs. J. O. Turner Tuesday. After a very interesting program, refreshments of ice cream and cake were served.

## BUSINESS MEN LOYAL TO LIBERTY LOAN BONDS

Professional, business, and laboring men joined in making the Liberty Loan Bond patriotic meeting at the Court house a decided success Saturday afternoon.

Judge C. R. Flesher opened the meeting by giving the allotment of Randall County. According to the population of Randall County there should be \$36,000 worth of liberty bonds, but the deposits of the different banks show that there will be \$25,000. This money must be raised by June 16, and to do this the government has put on sale the Liberty Loan Bonds.

In a talk by President Cousins, he stated that the nation's spirit may discipline us into war, and it is our patriotic duty to do all we can as an individual. Germany has astonished the world by her military machine. To make a strong fighting nation of the world each individual must do his part.

The proposition is this: Shall we buy Liberty Loan Bonds worth 8 per cent at 3 1/2 per cent and these are payable every six months? We are loaning the government our money at the rate of 3 1/2 per cent through the loyalty of our nation. It is our patriotic duty to serve the country the best way possible. Every dollar placed in Liberty Bonds is equivalent to a shot on the firing line.

C. O. Keiser stated that the majority of the bonds would be made by those who bought two or three rather than those of a larger amount. Every man in Randall county is urged to buy as many bonds as possible.

F. P. Guenther believed it to be every American citizen's patriotic duty to our flag.

In a speech by B. Frank Buije he showed that there was no risk in buying Liberty Loan Bonds and he

urged all to invest in as many as possible. This is one way to serve our country and let every man do his duty.

### Liberty Bonds.

(What they are, How to get them)

The \$2,000,000,000 Liberty Bond issue to finance the United States during the war is divided so anyone can share in it. The bonds come in two forms; coupon and registered.

Coupon bonds are the more popular, coming in denominations of \$50, \$500 and \$1000. Principal and interest are payable to bearer and may be transferred from one person to another.

Registered bonds, in denominations of \$100, \$500, \$1000, \$5000, \$10,000, \$50,000 and \$100,000, have the owner's name registered with the government and interest is paid by check mailed direct from Washington. The owner may choose any form.

Interest is 3 1/2 per cent, payable each half year, on June 15 and December 15. The bonds are exempt from taxation, except estate or inheritance taxes.

The term of the bonds are 30 years, although the government may redeem them at will after June 15, 1932. If any later series of long-term bonds is issued by the government at a higher rate of interest, Liberty bondholders may convert their bonds for an equal amount of the later issue.

Two per cent of the bonds to be bought is payable on application which must be before June 15th. The balance is payable in four installments, 18 per cent on June 28th; 20 per cent on July 30th; 30 per cent on August 15th and 30 percent on August 30th.

Certificates will be issued to applicants when the second installment is paid and the bonds themselves will be delivered on payment of the full amount, after June 28th.

### Farmer's Institute Meeting.

Welton Winn called a business session of the Farmer's Institute at the Court House Saturday. A discussion followed as to whether the Institute should continue its work and have regular meetings. H. C. Roffey gave a short talk of his trip to the State Meeting. As there were few present, the election of officers was postponed until the next meeting which will be the second Saturday afternoon in June at three o'clock in the court house.

### Addition to Olympic Theatre.

Work will be begun in a few days for an addition to the Olympic Theatre. The house will be lengthened forty feet, so that the projection will be 110 feet from the machine. With a longer projection the picture does not cause such a strain on the eyes.

Mr. Ford is also installing two large ventilator fans, which will insure a cool house in summer. Free ice water is for the public both day and night. With these improvements the Olympic will be one of the most modern theatres in the Panhandle.

### John Younger to Aviation Corps.

John Younger, who has been teaching in the Philippine Island for the past three years, returned home last week and immediately enlisted in the aviation corps of the U. S. army. He reported at San Antonio this week.

Mr. Younger is a good steady fellow, and he will make good in the service.

Again Canyon contributes one of our sterling young men to the service of the nation.

## SUMMER SCHOOL TO OPEN NEXT MONDAY

A Large Number of Students are Expected for the Summer's Work.

The Summer School and the Summer Normal will open at the College next Monday morning. President Cousins is expecting a large number of former students to attend this summer.

The summer session will continue for ten weeks instead of nine as the two years previous. All the departments will offer credit courses during the summer. Tuition is free to all students.

During the summer session, several of the departments will offer one or more popular lectures pertaining to some phase of the work of the department.

All the regular faculty will teach this summer with the exception of Miss Lamb, and Miss Hibbits of the Training School Faculty will take her place. Fremont Mead will not be here for the summer session.

The following visiting Faculty will be added during the summer:

- Superintendents:
- Lee Clark, Wichita Falls.
- M. M. Dupree, Lubbock.
- B. M. Harrison, Hereford.
- M. B. Johnson, Canyon.
- B. F. Sisk, Childress.
- Principals:
- J. L. Duffot, Amarillo High School.
- H. W. Stilwell, Tyler High School.

COME TO CANYON TRADES DAY

## Help Uncle Sam Win

This bank will receive subscriptions and purchase without any cost or commissions to anyone any amount of the new government 3 1-2 per cent issue known at the

### LIBERTY LOAN OF 1917

on orders from any citizens who wish to do their part toward helping our government win this war.

Please let us know what amount of the bonds you wish to buy.

The First State Bank is also ready to assist in every way in the planting and raising of a larger food and feed crop, and is ready to make loans to farmers for this purpose.

## LISTEN

It is hard to teach thrift to men and women, who for years have had wasteful habits. Before the present era of extravagance set in, it wasn't necessary to teach people to save. Everybody but the tramp or beggar did so. Now prizes are offered workmen and others to induce them to save a little of their money — Take our advice.

BUILD YOU A HOME

Canyon Lumber Co.

# MICHELIN

Notice the curve in which Michelin Tubes Naturally Hang

INSTEAD of being simply a piece of straight tubing cemented at the ends, the Michelin Tube is formed on a circular mandrel in the shape of the inside of the casing. Thus when inflated it is neither stretched on its outside nor compressed into a destructive wrinkle next to the rim. This perfect fit gives the Michelin Tube greater durability and practically eliminates danger of pinching the tube.

J. A. GUTHRIE  
CANYON, TEXAS

(By T. Pryor Metcalf, Bureau of Animal Industry, Amarillo, Texas)

In this time of scarcity of feed and high priced grain it is necessary that all waste be eliminated and that in the feeding of live stock that the greatest production possible be secured from the minimum amount of feed. Possibly there is a greater waste in the feeding of livestock thru the lack of using various feeds in the proper proportions (that is a balanced ration) than there is in an actual loss in waste and destroyed feeds. Therefore we can not be too careful of the way we handle our feeds. For instance it has been shown that when hogs are fed a ration consisting only of kafir or milo that about 500 pounds of grain are required to produce 100 pounds of pork, but when tankage or some other protein concentrate is added, to the ration 100 pounds of pork can be produced with about 375 pounds of the grain ration. This is equally true, if not more so, in the feeding of dairy cows and every man, from the one who is running a dairy on a commercial scale down to the man who keeps only one cow for family use, should select the feed to be given his cows with great care so that he may get the largest amount of milk from the least amount of feed.

Several suggested rations for dairy cows are given below that are properly balanced and any one of which should give good results though it should be remembered that a ration with some succulent feed such as silage is always better than a dry ration. The rations given are not to be taken as exact, but are approximately correct and should not be varied greatly. Any of the hays from sudan, sorghum, or kafir fodder may be substituted one for the other, while silage from any of the sorghums may be used interchangeably, there is also very little difference between corn and kafir chops in feeding value. Where good pasture is available the greatest possible use should be made of it and in such cases all silage and a large amount of the dry roughness may be eliminated. When the pasture is good it may not pay to feed cows giving less than two gallons of milk any grain and if they are giving more the grain ration should be fed in proportion to the amount of milk given and if the increased amount of milk does not pay for the grain it should be reduced. Save all grain possible and utilize pasture and roughness to the greatest extent.

### Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

To Make an Iceless Refrigerator. Refrigerators can be made to do their part in conserving food this summer. Preserving milk, butter and other supplies and keeping left overs and unused portions until they are needed will be their service. If ice is not obtainable, an iceless refrigerator, cooled by evaporation, can easily be constructed. Women demonstrators in extension work, South, of the Department of Agriculture, tell how to make such a cooler at a small cost.

This refrigerator consists of a wooden frame covered with Canton flannel, burlap or heavy duck. It is desirable that the frame be screened, although this is not necessary. Wicks, made of the same material as the covering, resting in a pan of water on top of the cooler, conduct the water over the sides and ends of the pan and allow it to seep down the sides of the box. The evaporation from this moistened covering causes a lower temperature inside. On dry, hot days a temperature of 50 degrees has been known to be obtained in the cooler. This is the way to build it:

Make a screened case 3 1/2 feet high with the other dimensions 12 by 15 inches. If solid top is used, simply place the water pan on this. Otherwise fit the pan closely into the opening of the top frame and support it by 1 inch cleats fastened to the inside of the frame. Place two mov-

## EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Washington in the interest of defense and in compliance with the command of the National Council of Defense, President Vinson gave some of his impressions. "Everybody in the United States seemed to have flocked to Washington directly after the outbreak of the war," he said. "Everybody wanted to do something for the government, to the government or have the government do something for him. Many had rolls under their arms, plans, specifications, and all sorts of suggestions to present to the officials. And they all clamored for recognition. "The hotels and the restaurants were thoroughly crowded and accommodations were at a premium. "But in the face of this, all the administration officials displayed wonderful calm and poise. The White House officials saw no hysteria and the cabinet officials saw no hysteria. It was a reassuring observation to see the Nation in the hands of such officials." The president of the University drew a comparison between the national officials and the individuals. He recited that a student who had been rejected from the training camp because of defective hearing came to him with tears in his eyes and asked for advice. President Vinson advised him to go on with his work. The answer was that the student was unable in this time of stress and crisis to do so. President Vinson then gave him a severe lecture, pointing out that it was his definite duty first of all to "keep his wits about him."

### R. E. VINSON SAYS PEOPLE DON'T SEE GRAVITY OF CRISIS

From Daily Texan: Dr. R. E. Vinson of the University addressed the Austin Rotarians on various phases of the present national crisis at the regular weekly luncheon at the Driskill Hotel. "We are face to face with a situation, the gravity of which cannot be exaggerated. And the American people are failing to grasp this fact," he said. "President Wilson finds as the hardest task before him the task of educating the people up to a realization of this."

The speaker declared that a wealth of material things and continued prosperity had dulled the spiritual sensibility of the American people. He declared also that it was almost foolish to see this spirit revolutionized in a short time.

"But," continued he, "sooner or later the messages will be coming home from the front informing us that some of our sons will never more be seen."

Then he said the readjustment will be speedily effected. Another large problem pointed out was the organization of an automatic machine — military machines being looked upon as necessarily automatic — out of democratic materials. He repeated the national desire to "produce the machinery of Germany with the soul of France."

"The Nation, however," he said, "must not trample under foot the ideals of humanity and civilization nor deny mercy wherever it is deserved."

In regard to his recent trip to

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1916. A. W. GLEASON, (Seal) Notary Public. Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills for constipation.

## SAFETY OR SORROW

### Life Wisdom.

The wisdom of the wise and the experience of ages may be preserved by quotation. — Benjamin Disraeli. Give us what is good, whether we pray for it or not; and avert from us the evil, even if we pray for it. — Prayer of Socrates.

No sadder proof can be given by a man of his own littleness than disbelief in great men.—Carlyle.

He employs only his passion who can make no use of his reason. — Cicero.

## WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A DIGESTIVE LAXATIVE

CATHARTIC AND LIVER TONIC

LAX-Fos is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK  
BLUE FLAG ROOT  
RHUBARB ROOT  
BLACK ROOT  
MAY APPLE ROOT  
SENNA LEAVES  
AND PEPSIN

In LAX-Fos the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-Fos combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-Fos is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

### Canyon City Club Notice

Members will take notice that the by-laws will be strictly enforced. You MUST secure a permit when you take guests on the grounds and otherwise comply with the written rules of the club or suffer the consequences for non-compliance. The directors have information that such rules are being violated and this is to inform you that such conduct will not from this time on go unpunished.

Permits can be obtained from the secretary, or from Mrs. Morelock, at their home.

The general public is also notified that the club has secured the exclusive rights to fishing privileges on the J. M. Meyers section adjoining the club grounds on the east and that

trespassing either on the club grounds or on said Meyers section will not be tolerated.

By order Board of Directors,  
H. W. MORELOCK, Secretary.

Drives Out Malaria, Builds Up System  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILI TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Charity and personal force are the only investments worth anything. — Whitman.

Of all kinds of pride I hold national pride the most foolish; it ruined Greece; it ruined Judea and Rome. — Herder.

Courage conquers all things; it even gives strength to the body.—Ovid.

He who knows much has many cares.—Lessing.

## Are You Thinking

- of disposing of your city property?
- of selling your stock of goods?
- of buying a city lot?
- of getting a new business location?
- of selling your farm?
- of trading your real estate?
- of doing any kind of trading, buying, selling?
- I CAN HANDLE THE DEAL FOR YOU.
- Results is what counts. Note the deals I have handled during the past few months.

S. B. McClure

### TO CAR OWNERS:-

When your storage battery and starter is not working right—put your battery in box—express it to me collect and we will immediately put in good condition and return to you, or call on us when in Amarillo. We have substitute batteries you can use while we repair your battery. Free inspection of any battery any time.

The crowded condition of the calendar and the necessity of this law creates an emergency and an imperative public necessity for the suspension of the constitutional rule requiring bills to be read on three several days, and such rule is hereby suspended, and this Act shall take effect from and after its passage, and it is so enacted.

**HEAVY TAXATION PROBABLE LOT OF NEWSPAPERS**

Chicago, May 10. — Many newspaper publishers are now on the way to Washington to attempt to procure fair treatment for their business under the proposed war tax, it was announced tonight by Hopewell L. Rogers, president of the American Newspaper Publisher's Association. Mr. Rogers said the publishers would cooperate with E. E. Baker, chairman of the legislation committee of the association. In connection with the proposed increased rate of postage, President Rogers made the following statement:

"It is difficult to understand the policy of the government, not only in the unfair, if not illegal, practice of dating taxes back, but also in putting so great a tax on business in any form; and particularly in placing so heavy a tax on the newspaper business, which has been probably more severely affected in the last year through increased prices than any other industry. In time of war they suffer particularly owing to the enormously increased expenses due to the gathering of the war news and the increased circulation — for increased circulation means increased expenses.

"In the last year most of the newspapers in the country have been compelled to increase the subscription price of their papers, as well as their advertising rates, in an attempt to obtain earnings sufficient to carry on their business. Newspapers in normal times seldom increase their advertising rates fast enough to keep up with the increased circulation and the last year has seen most papers facing severe financial crisis. In spite of these facts the new revenue bill proposed an increase in postal rates which are particularly unfair as to the first zones, a tax of 6 per cent on print paper imported, and, I understand, a tax on advertising receipts—any one of which would wipe out all of the profits of most newspapers even in normal times, and at such times as these will tend to cause the discontinuance of publication of many newspapers and force out of employment many men especially trained for this work and whose value in other lines is comparatively small.

"The newspapers fully realize the seriousness of the present situation and appreciate that they must bear their share of the burden but that the

provisions of this bill seem more severe on newspapers than on any other line of business and are to this extent unjust and indefensible."

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor sleeping in bed. Remember the full name and look for the signature of H. W. GROVE, 25c.

**Your Judgment.**  
Be free from opinion relative to any subject until you have definite knowledge upon which to base your opinion. Be fair to yourself by holding your opinion in abeyance until you know what you are doing. Don't take snap judgement. Don't form false impressions. Be open-minded and fair. Be open to conviction. Don't be prejudiced by the opinion of others. Have a mind of your own and use it. Take nothing for granted. Investigate and prove it. Strong minds are free from prejudice. Weak minds are led by the opinions of others. Strong minds form their own opinions based upon self-imposed research. Big men never judge until fair trial is given. Hence such men succeed because they know what they are doing. Pre-conceived judgement is guesswork and is usually wrong. Such practice leads to failure. Leaders in business are always open-minded men, unprejudiced and fair. The plodders, the parasites, the failures in life are invariably men of narrow minds, of small perspective, of pliant will-power, of prejudice. The big men dominate by virtue of the bigness of their minds, broadness of their vision, fairness of their hearts, firmness of their will-power. Never commend or condemn until you know. Investigate first with fairness and freedom from prejudice. — Leon M. Hatten.

**CONSTITIATION**  
**And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.**  
Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape. I cannot say too much for Black-Draught for it is the finest laxative one can use." Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

**A Prayer.**  
"Now I get me up to work,  
I pray the Lord I may not shirk;  
If I should die before the night  
I pray the Lord my work's done right."

"Don't sit around and trust the fates,"  
Remarked the hustling Mr. Torr;  
The things that come to him who waits  
Are not the things he's waiting for."  
—Luke McLuke.

Be calm in argument, for fierceness makes error a fault and truth a discourtesy. — George Herbert.

**When in Amarillo trade at THE STORE WITH THE GOODS**

**Amarillo Dry Goods Company THE STORE WITH THE GOODS**

We will be located at 7th and Polk as soon as the building is completed.

**A Call to Farmers.**

(By Mrs. G. H. Love.)  
Just now as our country is calling Her boys to defend her with arms, There are farmers all over the South-land Who are planting in cotton their farms.

You think because last year's cotton Bought you the food that you ate, That this year's price will be better And just now for grain it is late.

'Tis late, perhaps, for some staples— Say then for corn, oats and wheat, But there are peanuts, maize, kafir, sorghum, And other things people can eat.

This week as you rig up your planter, Fix up the old plate for beans— Uncle Sam's navy will need them— And you help the fight, that's what it means.

In Europe children are starving, Yes, mothers are fighting for bread; Just suppose that dear Uncle Samuel Should give ours bayonets instead.

Help to prevent all such riots By planting such foods as you can— Farmers of this land of America— Would you starve your poor fellow-man?

How can they buy clothing, think you, When they can't get money for food?

**Good Cheer to Mothers**

The time of Motherhood should be one of the greatest joy. Let the expectant mother keep her mind cheerful, and render her every aid that makes for comfort and less pain. Among the really helpful things is the preparation "MOTHER'S FRIEND." By its use, the muscles expand easier. The breasts are kept in good condition. The crisis is one of much less pain. Used by three generations. Apply it externally night and morning. All druggists supply

**MOTHER'S FRIEND**  
Get a bottle today. Write for special book about the care of the baby. It is free. Bradfield Regulator Co., 112 Lamar Bldg., Atlanta, Ga.

Let "Food First," then, be your slogan

And no market can be on the flood.

Come, then, to the old colors rally, Fight the famine both near and afar, Take for weapons the hoe, plow and shovel, While the other boys fight in the war.

**NEW PUBLICITY LAW.**

County official and others interested in the new publicity law are directed to the following provisions:

H. B. No. 364: An act to require the publication in some newspaper of general circulation of all notices now required by law or contract to be given of any act or proceeding, whether public or private, or relating to a judicial, executive or legislative matter, which notice is now authorized by law or contract to be made by posting notices in one or more public places, fixing a time of such publication, and the compensation, naming certain exemptions, repealing all laws and parts of laws, in conflict herewith and declaring an emergency. Be it enacted by the State of Texas:

Section 1. That whenever by law notice is required to be given of any act or proceeding, whether public or private, or relating to a judicial, executive, or legislative matter, which notice is now authorized by law or by contract, to be made by posting notices in one or more public places, such notices shall hereafter be given by publication thereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year, in the county in which said act or proceeding is to occur; provided, that nothing in this act shall be construed to require the publication of any general election notice, public road notices nor probate notices when the appraised value of the estate in which same is issued is less than one thousand dollars, (\$1,000) and provided further, that the provisions of this Act shall not apply to sales made under a written contract wherein

Bring All of Your Prescriptions to Us for the Best Attention

SUBSCRIPTION, \$1.50 PER YEAR

Governor Ferguson is reported to have again opened the fight on the university by demanding the removal of President Vinson and a number of the faculty under the penalty of vetoing the appropriation if his wishes are not fulfilled by the board of regents. The Governor was defeated in an open fight a few months ago. Now he has appointed six of the nine regents, and who can dare hope that he did not understand the quality of men he appointed, especially the last three, who were appointed after the first attempt at removal. The opinion that it would be better for the university to close for two years than to allow Ferguson to dictate absolutely who shall be upon the faculty of the university, to which most of us agree.

Texico is dry. Gradually the wet territory of the great southwest is disappearing. There is practically no wet territory now in this section.

FOR HAIL INSURANCE IN RELIABLE OLD LINE COMPANIES. SEE WM. F. MILLER, HAPPY, TEXAS.

T. C. Thompson returned yesterday from the family reunion which has been in progress at the family home in South Texas during the past ten days. He reports a very pleasant trip.

Mr. and Mrs. R. L. Lester of Stratford spent last night as guests at the E. T. Johnson home.

Miss Nannie Johnson is spending this week in Amarillo.

Miss Katie Gatewood was awarded one of the scholarships in the Draughon Business College misspelled word contest which was recently put out.

**Sudan Grass.**  
The great need of the present year is feed for sorghum, and even kafir for forage will last until the middle of June in this section we should plan to produce as much of these as we can. A calculation should be made of the feed that it is expected the live stock on the place will consume and the crops planted accordingly. Under the present scarcity of grain and consequently its high price one should be as economical in its use as is consistent with highest production. A great saving of grain can be accomplished by the proper use of pasture.

Our native pastures are good and should be used as much as possible, tho it is not good economy to overstock a pasture, for the one may get more grazing from it for one year, yet in years to come the value of the pasture will have been impaired and the total of the pasture will have been impaired and the total amount of feed produced in a series of years greatly reduced. Farmers and stock farmers who are running a dairy, have hogs, or even have small herds of beef cattle will do well to consider some cultivated pastures as a shipment to their native grass. By using a cultivated or planted pasture one can often save the native grass when to pasture it longer would be detrimental to it and the cattle would lose flesh.

Sudan grass has been used successfully during the last few years as a summer pasture grass and excellent returns have been secured by its use. Sudan pasture is especially valuable to the dairyman who must have green pasture of sudan when the native grass is dry, will greatly increase the milk flow of his herd, cheapen the cost of production and often turn his operations from loss into profit. This is equally true with hogs and the man who expects to produce pork for the next few years can not afford to be without a sudan pasture to grow his pigs on. Pork can not be produced most economically without the extensive use of pasture and pigs can be grown to 125 pounds in weight with only a limited amount of grain if

one has good pasture for them. If one has only a small herd of beef cattle he can supply them with sudan pasture at profit. Last summer, as dry as it was, fields of sudan supported one cow to the acre for the entire summer.

If one is not equipped to use sudan pasture as described the dairyman—at least—should plant some sudan or sorghum to be cut while green to be carried to the cows each day. While this may seem to be a great deal of trouble it will pay largely in cheapened and increased production over a ration that contains only dry roughness.

No matter what kind of live stock farming one is doing plant a sudan grass pasture, or a sudan or sorghum patch for soiling this summer. It will make you money and save grain for human consumption.

Mrs. S. B. Gentry, a former resident of Canyon passed through the city yesterday enroute from Plainview to Denton to the bedside of her mother who is very ill.

The 1915 Needle Club will meet Wednesday, June 6, with Mrs. T. J. Cochran.

Mrs. Welton Winn and daughter were in Amarillo Tuesday.

Vote Winn returned to the ranch at Muleshoe Tuesday.

K. E. Bain left Tuesday for Ft. Stockton on business.

Mrs. Travis Shaw and children left Wednesday for Detroit, Mich., where they will spend the summer with Mrs. Shaw's mother. Mr. Shaw accompanied them as far as Amarillo.

Judge and Mrs. Haney leave today for Washington, D. C., to attend the United Veteran Convention.

Mrs. B. F. Guthrie of Hereford was in the city Tuesday making arrangements for her son Paul to enter the Normal this summer. Mrs. Guthrie is manager of the Hereford Brand during the illness of her husband.

Mrs. R. A. Stewart entertained the Missionary Society of the Methodist Church Tuesday afternoon. Refreshment of ice cream and cake were served after a very pleasant afternoon.

**The Game of Life.**  
The "Game of Life" is like a game of cards.

Hearts are trumps, clubs turn up when we least expect them, diamonds are often the strongest suit, and the game is finished up with a fine black show of spades.

Like every other game, Life must be played in good tempo, and a sportsmanlike spirit. No matter how poor a hand may be served out to you by dealer Fate, it is your duty to play that hand cheerfully to the last card.

It is wonderful upon what a scratch and scrappy hand of all sorts you may scrape through to a successful finish, if you only keep your head and stick to the rules of the game. There are a few misguided souls who try to play the game of life with an extra ace or two of deceit hidden away in their sleeves; but, somehow their game never comes off, except in the shape of a black mark and a ruined reputation.

Again, like all games, the game of life can never be counted as lost till it is finished and closed, and even then who knows how the points are to be counted.

Maybe it is not a question at all of "Who's won the game?" but entirely a question of "How did he play it?" Did he play it courteously, kindly clearly, and mercifully? Did he make every right concession to his opponent? Did he take advantage of the accident that sent his opponent down to earth, or did he help him to his feet again?

Courage, skill, experience and keenness must all go into the game of life, if it is to be played properly. There are those who stand by slack and without interest in the game, listless, helpless, and lazy. These are the people who do no particular harm and do no particular good in the world.

Experience and efficiency must play their part, and every player must pay for his experience in sorrow, since there is nothing learned in this world worth the learning that is not acquired by pain and hard work.

We all make mistakes, and we must all pay for our mistakes. Let us learn to pay up gracefully and take the profit of our experience.

After all, it is the game that matters and not the winning of it. To play any game with one eye on the prize is but poor sportsmanship. In learning to play the game we must learn to play, not for ourselves, but for our side—to play even more for the cause that it represents.

It is our own fault if we do not play the strict game of life, so that when the game is over we may know that, winners or losers, we are not afraid, since we have done our best and played the game to a finish.—H. Fisher, Stenographer Norfolk Terminal.

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

**SUDDEN DEATH**

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a large trial package of "Anurie"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. This "Anurie" of Dr. Pierce's is 37 times more active than lithia, for it dissolves uric acid in the system, as hot water does sugar. It relieves backache, lumbago, rheumatism, quickly. 50c. at druggists.

**PROPOSED AMENDMENT TO THE STATE CONSTITUTION, PROVIDING FOR AND RELATING TO THE CREATION OF CONSERVATION DISTRICTS.**

**Senate Joint Resolution No. 12.**

Proposing to amend Article 16 of the Constitution of the State of Texas by adding thereto at the end thereof another section to be known as Section 59, declaring the conservation and preservation of all the natural resources of the State of Texas are public rights and duties; providing for the creation of conservation districts, declaring such districts bodies politic and corporate, defining the authority of such districts, and conferring upon the Legislature authority to pass laws with reference thereto; declaring that the Legislature shall have authority generally to legislate for the purpose of conserving the natural resources of the State; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment; making certain provisions for said election and the ballots thereof and the methods thereof; directing the issuance of the proclamation thereof, prescribing certain duties of the Governor of the State and making an appropriation to defray the expenses of said election.

Be it resolved by the Legislature of the State of Texas:  
Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto at the end thereof another section to be known as Section 59, and which shall read as follows:

Section 59a. The conservation and development of all of the natural resources of this State, including the control, storing, preservation and distribution of its storm and flood waters, the waters of its rivers and streams, for irrigation, power and all other useful purposes, the reclamation and irrigation of its arid, semi-arid and other lands needing irrigation, the reclamation and drainage of its over-flowed lands, and other lands needing drainage, the conservation and development of its fore, water and hydro-electric power, the navigation of its inland and coastal waters, and the preservation and conservation of all such natural resources of the State are each and all hereby declared public rights and duties; and the Legislature shall pass all such laws as may be appropriate thereto.

(b) There may be created within the State of Texas, or the State may be divided into, such number of conservation and reclamation districts as may be determined to be essential to the accomplishment of the purposes of this amendment to the constitution, which districts shall be governmental agencies and bodies politic and corporate with such powers of government and with the authority to exercise such rights, privileges and functions concerning the subject matter of this amendment as may be conferred by law.

(c) The Legislature shall authorize all such indebtedness as may be necessary to provide all improvements and the maintenance thereof requisite to the achievement for the purpose of this amendment, and all such indebtedness may be evidenced by bonds of such conservation and reclamation districts, to be issued under such regulations as may be prescribed by law and shall also authorize the levy and collection within such districts of all such taxes, equitably distributed, as may be necessary for the payment of the interest and the creation of a sinking fund for the payment of such bonds; and also for the maintenance of such districts and improvements, and such indebtedness shall be a lien upon the property assessed for the payment thereof, provided the Legislature shall not authorize the issuance of any bonds or provide for any indebtedness against any reclamation district unless such proposition shall first be submitted to the qualified property taxpaying voters of such district and the proposition adopted.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the Third Tuesday in August, A. D. 1917, the same being the 21st day of August, A. D. 1917; at said election the vote shall be by official ballot which shall have printed or written thereon the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and also the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and those opposing it shall erase the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," which said erasures shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as past for or against this proposed amendment, and if a majority of the votes shall be for the amendment it shall be declared adopted; if a majority of the votes cast shall be against the amendment said amendment shall be lost. All the provisions of the general election laws as amended and in force at the time said election is held shall govern in all respects as to the qualifications of electors, the method of holding such election and in all other respects as far as such election laws can be made applicable.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated to defray the expenses of such proclamation, publication and election.

C. J. BARTLETT,  
Secretary of State.

**America To England.**

To your flag and our flag, England,  
In your speech and our speech, too;  
By blood and tongue we are brothers;  
Both flags bear red, white and blue.

The red is the race-tide, England—  
Good blood of the far-flung clan—  
White, milk of the Grand Old Mother;  
Blue, sky of the world we span.

No power or powers, England,  
Shall stoop the deep English tide  
Which sweeps o'er all lands and oceans  
The breed bearing far and wide.

To your hearts from our hearts, England!  
Here's love to the last red drop;  
America's shoulder is waiting—  
Lean hard when you need a prop!

We'll stand by our kinsfolk, England,  
And last of the blue line fall  
Ere Cross of St. George be lowered,  
Ere England goes to the wall.

We're English in language, England,  
We write with an English pen,  
We think English thought together—  
By God we are English men!

We're all Anglo-Saxon, England,  
Adopted or sons by birth;  
Our flags the sun never set on;  
Our hands clasp hands 'round the earth.

Is this Armageddon, England?  
Your sword hand—does it grow numb?  
Fear not, for your sons are ready—  
Roar lion, your cubs will come;

No foot of the foeman, England,  
Shall crush the dear motherland,  
While men of our speech can rally  
To strike and to lend a hand.

In war we were welded, England—  
Fused, Teuton, Pict, Norman, Scot,  
Celt, Roman, Norseman and Briton—  
Stand fast! We'll help pay the shot.

We're kith, kin and kindred, England;  
The main tide's the same red flood;  
And "blood is thicker than water"  
And speech binds closer than blood.

Here's luck and love to you, England,  
In peace or in war's affray;  
We'll die, if we must together

If ever there comes "the day,"  
So, skoal to you, Father England,  
From first born of England's breed!  
In peace and fair fight we're "neutral";  
In need we are friends in deed.  
—W. E. P. FRENCH,  
Major, United States Army.

All talk of a conflict between classes and masses is a lie on the face of it. The immigrants and paupers of one generation are controlling factors of the next. But there is and always will be an implacable contest between organization and anarchy—between ignorance and intelligence—between efficiency and incompetence. — Herbert Kaufman.

This truth comes to us more and more the longer we live: that on what field or in what uniform or with what aims we do our duty matters very little, or even what our duty is, great or small, splendid or obscure. Only to find our duty certainly, and to do it

faithfully makes us good, strong, happy, and useful men, and tunes our lives into some feeble echo of the life of God. — Phillips Brooks.

Knowledge comes, but wisdom lingers. —  
Being forced to work and forced to do your best will breed in you temperance and self-control, diligence and strength of will, cheerfulness and content, and a hundred virtues which the

idle never know.—Charles Kingsley.

I know what pleasure is, for I have done good work.—R. L. Stevenson.

There is always hope in a man who actually and earnestly works. In idleness alone, is there perpetual despair.—Thomas Carlyle.

Where law ends tyranny begins. — Pitt.

A man must resolve to live for the Good and Beautiful, and for the Common-Weal.—Kant.

**Rheumatism Should Be Nipped In The Bud**

Rheumatism in its early stages may delude you into believing that it is a disease of a purely local and temporary nature. Beyond a slight numbness of the limbs and pains in the joints or back, there may be no outward indications of it, but if you do not heed these warnings, or if you rely upon liniments to cure you, it will grow rapidly worse until you have Rheumatism in its most violent form. These symptoms, mild in the beginning but growing steadily worse, indicate that your blood is impregnated

with Uric Acid, which, if not eradicated, will contaminate your entire system. The results will be racking pains in the joints, muscles and limbs, chronic stomach troubles and a sluggish liver.

The only relief is in the restoration of the blood to its normal, vigorous condition, which can be accomplished by taking S. S. S., the unfailing remedy for rheumatic troubles. Our Medical Department is at the disposal of all users of S. S. S. Swift Specific Co., 303 Swift Building, Atlanta, Ga.

**Will Have School Fair.**  
The Parent-Teachers Association wish to announce that the Fair will be held some time in September. Ribbons will be awarded for each variety of vegetable and for child having best collection of vegetables.  
Parents encourage your boys and girls and give them a chance.  
Mrs. Levi Angel, Chairman Committee.

**Huntleigh Hall.**  
The Huntleigh Hall is about completed now and everybody in Canyon who wishes to do so are invited to come and inspect it, especially the

faculty of the normal. I hope to have the cooperation of the faculty and all people who feel an interest in the up-building of our school. The Huntleigh Hall will be under the direct supervision of myself assisted by Miss Leonard and Mrs. Waldrop.  
MRS. W. C. TURNER.

**Heavy Wind Blows.**  
Heavy winds have blown during the past week, owing to the bad storms in other section of the United States. Saturday night was one of the worst winds the Panhandle has had for some time, but no damage was done.

**Receives High School Honors.**  
Groves Kilbourn, son of Rev. and Mrs. C. Kilbourn, received the honor of valedictorian in the Waxahachie High School, and Miss Phillips received the honor of Salutatorian. Rev. Kilbourn and his family were formerly residents of Canyon, and their many friends are glad to hear of his success. There were fifty-six in the class and Groves is to be congratulated upon having received first honors.

**C. B. Bates Married.**  
Word was received in the city on Thursday that C. B. Bates was married the Sunday previous to Miss

Kathleen Clary of Prosper. Mr. Bates is well known in this city. He is the son of Mr. and Mrs. W. E. Bates and for a number of years lived at the family home near Canyon. At present he is manager of a lumber yard at Lewisville.

**Whenever You Need a General Tonic Take Groves'**  
The Old Standard Groves' Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

**Kaliforniaes.**  
In Hammond, Indiana, a Hungarian applied for naturalization papers the other day, and the following dialog ensued:  
Clerk: Who is President of the United States?  
Hung: Meester Wilson.  
Clerk: Who makes the laws?  
Hung: De Kungress.  
Clerk: Who elects the President?  
Hung: (without batting an eye) Kaliforniaes.  
He got his papers.—Everybody's.

**New Cars Registered.**  
The following is the list of autos that have been registered this week:  
J. I. Penrod—Ford—454  
John Bedink—Ford—455  
H. B. Webber—Overland—456

**Commissioners Court in Session**  
The Commissioners Court is in session this week sitting as an Equalization Board. They will probably be in session the remainder of the week equalizing the assessments.

**M. M. and M. Club Elect Officers.**  
The Merry Maids and Matrons met Tuesday and elected the following officers:  
Mrs. D. A. Shirley—President.  
Mrs. R. A. Terrill—Secy-Treas.  
Mrs. E. H. Powell, Mrs. Joe Meyer, Miss Malone and Miss Charlotte Ingham were elected to membership.

**LEMONS WHITEN AND BEAUTIFY THE SKIN**  
Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.  
Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

# Is Your Money Supporting The Government?

At this critical period in our history our manufacturers are offering their mills, and our young men are offering their services to the UNITED STATES GOVERNMENT.

We would like for you to do your share and help by putting your money where it will support the new Federal Reserve Banking System which the Government has established to stand back of our Commerce, Industry and Agriculture.

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system.

All subscriptions to the 3-1-2 per cent U. S. Bonds, namely, the LIBERTY LOAN FUND, are made directly through the Federal Reserve Bank.

We can therefore give you direct service in making your subscription to this fund. Full details and information given on request.

**MISCELLANEOUS**

Fine Jersey Bull for service. Turner Bros. 1pm3

On account of some people leaving gates open and running over our crops we have decided to prohibit all fishing in our premises northeast of town from the Amarillo Club ground west. (Section 80, block 6). Also section 1, block B-5, to the public road west. J. L. Prichard, L. T. Lester. tf

**Campbell-Johnson Marriage.**  
Miss Francis Johnson, of Post City, and Bob Campbell of this city, were married at Post City last Sunday morning.

Miss Johnson has been attending the Normal the past year here and has a host of friends that are glad to hear of the marriage. Mr. Campbell is the son of Mr. and Mrs. R. A. Campbell, who have lived here for some time and made a large circle of friends in the city.

The people of Canyon extend to Mr. and Mrs. Campbell their best wishes.

**Flesher Does Marrying.**  
Marriage licenses were issued Monday to Lynden L. George and Miss Hazel Cargile, both of Topeka, Kansas. Judge Flesher appeared in the case for the first time as officiating officer of the marriage. His friends state that he went through the ceremony with the best of grace.

**YOUNG MAN—REGISTER JUNE FIFTH.**

**Dr. Griffin on Reserve.**  
In response to his application a few days ago, Dr. S. R. Griffin has been invited to enrollment on the Medical Reserve Corps of the U. S. army. Dr. Griffin offered his services when the first call was made, and is among the first in this section to be offered a place on the Reserve. He states that he has not been informed regarding the further steps to be taken, but he is ready to serve his country whenever needed.

**Federation Meeting.**  
The Woman's Federation Clubs will meet Wednesday, 6, at three o'clock at the court house. Every woman in Randall county and the city is cordially urged to attend. Steps will be taken to organize for the conservation of food stuff.

I will give sod land to be broken out for crop, free of any rents for this year. L. T. Lester. tf

FOR RENT—A five room house, also a two room house furnished, near the normal. G. R. Reid, phone 61.

**Brodie is Constable.**  
W. L. Brodie was appointed constable of precinct number three, which includes the Umbarger territory at the meeting of the Commissioners Court Monday.

**Austin King to Wed.**  
Austin King will be married in Amarillo to Miss Estella Johnson of that city. Mr. King is assistant postmaster of Canyon and son of Prof. and Mrs. E. F. King.

**Miss Rambo Lecturing.**  
Miss Jessie Rambo is spending the vacation visiting different Panhandle towns lecturing upon the food condition and showing the women how to handle the garden products so as to conserve all of the food raised this year.
