

COMMENCEMENT HELD SATURDAY MORNING

Commencement exercises were held at the Normal on Saturday morning. The program was begun by the professional of the faculty, graduates and all students receiving certificates.

The address was made by Rev. C. R. Wright, D. D., pastor of the Central Methodist Church at Fort Worth. He spoke on "The Conservation of the World's Best Asset."

The speaker said that conservation of the food is great in the present day—the time of the world-wide war, but it is not the greatest. Conservation of our forests should be stressed.

Timbers of the U. S. coal, oil, and gas are valuable assets but they are not the greatest.

The greatest asset of our country is the education of young people for its citizenship. The world's individual should be developed and conserved for efficiency. Too much money is being spent on Criminal Courts, penitentiaries, jails and reformatories.

What shall be the ideal toward which we shall labor for the conservation of the work's best asset? Efficiency.

Every man, woman and child should be developed toward the highest efficiency possible.

Miss Era Dawson vended to the audience a delightful vocal solo after which President Cousins gave a few remarks.

Thirteen students received Diplomas.

mas, thirty received first grade Junior Certificates, fifty-six received first grade Sophomore Certificates, and twenty-one received second grade certificates. The following are the students that received their Permanent Certificates:

- Benton, Ethel—1730, Pampa
Butterfield, Anna E.—3288, Canyon
Cage, Bluma—1265, Canyon
Crawford, Helen A.—3599, Amarillo
Cullum, Mary Dorcus—2623, Mineral Wells

- Dawson, Era—2058, Granbury
Dwyer, Beulah—2690, Decatur
Gilbert, Josephine—3532, Plainview
Lewis, Willard A.—1186, Hedley
Reid, James W.—2870, Tulia
Ricketts, Inez—2808, Hereford
Shaw, Maude Donis—2601, Clarendon

Whitt, Martha Vaden—2046, Lockney.

Mr. Cousins spoke briefly at the summer commencement, in part as follows:

Whether I shall go to Kingsville or remain at Canyon I do not know at this time. The Regents have invited me to go to Kingsville, because they say my experiences in assisting to build and rebuild the house at Canyon, and my experience in the organization of this school would enable me to assist in organizing the one at Kingsville. From their point of view I could render the State an efficient service and they offer me the place "as an acknowledgment of efficient service at Canyon," is the language of a letter from one of them. I am sure the Board will not insist on my going, if upon investigation further, it should seem desirable that I remain here. I have not sought the place at Kingsville. I shall go (Continued on page 8)

TRADE EXCURSION VISITS VERY PROSPEROUS COUNTRY

Friday was the regular monthly trade excursion, and the party of business men in seven cars visited the southeast part of the county, going first into Happy and then working on east of that town.

The party found a few miles south of Canyon the rains had been heavier than in this section and the grass was looking greener and much prettier. The row crops were looking fine—those which had been well cleaned of weeds before the rains—and the farmers are feeling good over the prospects.

Plows were running at various places over the county, getting ready for another big wheat crop.

A prettier country was never seen than the section visited. Prosperity is seen on every hand. The farmers are glad they live in Randall county, and they appreciated a visit from the business men of Canyon.

RED CROSS ACTIVITIES OF WEEK

The program given Friday night on the court house lawn by the Red Cross was highly interesting but on account of the threatening clouds, the attendance was not large, and just as Mr. Stilwell begun to present the claims of the Red Cross rain started to fall, which broke up the crowd.

The ladies of the committee sold punch on the streets Saturday and Monday, which made up somewhat for the financial loss of Friday night. If Canyon is as loyal to the Soldier Boys, as the Red Cross workers think she is there will be an immense crowd at the Olympic Saturday night when "The Spirit of Romance" will be shown for the benefit of the Red Cross.

In addition to "The Spirit of Romance" there will be a Black Diamond Comedy and Pathe News. The Red Cross will receive benefit only from the tickets that are sold before the show opens, so buy from the girls who sell tickets; the tickets will be ten cents for children and twenty cents for adults, tickets good for either afternoon or night performance.

The committee on refreshments will be on hand at the show, so come prepared to be sociable and drink to the health and for the welfare of "The Boys Over Yonder."

TRADES DAY IN CANYON DRAWS LARGE NUMBERS

There was a large crowd in town Monday for Trades Day in spite of the heavy rains and muddy roads.

The program as announced last week was interfered with somewhat on account of the weather, but the people understood the difficulties and were pleased at the efforts made for their entertainment.

On account of water standing on the street the chicken flight was out of the question and had to be postponed.

The auction sale in the afternoon was good, although few of the farmers were able to bring in stuff they had intended to sell. Everything sold well at the auction. S. B. McClure is general manager of the sale and you see him now and list anything you wish to dispose of at the September sale.

The bronco busting was pulled off late on account of the wet condition of the ground. Three men entered, first place going to C. O. Edwards and second place to A. E. Roby. Several men who had had horses thought it would be impossible to pull off this event on account of the mud and did not bring them in.

The Ford Next Month.

Next month's trades day, Sept. 10 is the time for giving away the Ford car. Every person in the county should have a bunch of chances on the car, as one man stands as good a chance as another to win the car.

Arnett Moreland Loses Leg.

Arnett Moreland, recently took a position with the Santa Fe two weeks ago as Santa Fe brakeman. Sunday afternoon he was on a run, when near Canadian, somehow or other he slipped between the cars, falling across the rail, his leg being cut eight inches above the ankle. He is in the hospital at Amarillo, according to reports received here. No definite word has been received as to the cause of the accident. The people of Canyon certainly sympathize with Mr. Moreland in the loss of his limb. He was always a hustler and would have made good with his work had the unfortunate accident not occurred.

Kerensky announced that Russian affairs are becoming more stable and that Russia will do her part in the world war.

MORE MEN BEFORE THE CO. EXEMPTION BOARD

The Exemption Board of Randall County examined a number of men this week. The Board is not able to make a full report on its findings as yet as a number of exemption claims have not been acted upon, and still some have not filed their claims.

The following men passed the physical examination this week:

- Charles Finkley Hunt
Elmer Ross Wilson
Fred Henry Albert Bauer
Rosser Jefferson Ridley
Hubert Hale Ridley
Walter John Hess
George Baxter Jordan
Sidney Edgar Roberts
August Fredrick Menke
Marion Samuel Bishir
Guy Spurgeon Ballard
Ernest H. Weynand
Raleigh Leigh
Lloyd Vayne Bentley
Clarence Robert Farris
Curtis E. Brown

Those who passed the physical examination but filed claim for exemption:

- Herman D. Robertson, wife and children
Irvin Wade Wiseman, widowed mother
Charles Sutton, wife and children
Joseph Pope, wife and children
E. W. Crowley, wife and children
C. W. Bohning, student of Divinity
Wm Louis Browning, wife

Claude B. Miller, wife
W. D. Burch, wife and children
John Grady Holland, wife and child
Ira Cochell, wife and child
John Baker, wife and children
Pete Hutchison, aged and infirm parent

Moses Austin King, employee in mail service
Frank C. Gruner, aged and infirm parent.

Charles Taylor, aged and infirm parent.

Those who exempted on account of physical deficiency.

- Julius Kuhn
Nealy Irby
Herman E. Belles
Elbridge Gatewood
Ray Howard Henderson
Charles W. D. Turner
Ray Campbell
John Cleveland Baker
John Lewis Moore
Henry Schultz
Martin E. Kelly

Persons Not Examined.

- E. Henry Haney, transferred
John Joseph Connery
Wm Ford Rippey
Radall Reid Moreland, now in service

Those filing Claims for Exemption with district board on account of occupation.

- Glen R. McGahey
Ernest H. Weynand

GOOD RAINS FALL ALL OVER THE PANHANDLE THIS WEEK

The long drought has finally been broken in the Panhandle and the entire southwest, by rains that covered this entire section, extending from Kansas City to the South Plains.

Parts of Randall county received large rains before this week, particularly the southeast where rain to the amount of three to six inches has fallen during the past two weeks. In the big general rain of Sunday night one inch fell in Canyon, while that section of the county received over two inches.

Rains started Friday night, with three-eighths of an inch in the Canyon vicinity.

Saturday night there was one-eighth of an inch.

The rain of Sunday night amounted to an inch, beginning about midnight and continuing until morning.

The rains, while hard on the wheat yet unthreshed, will put the ground in excellent condition for another big wheat crop.

Still More Rains.

Another rain fell Tuesday night of one-eighth of an inch, and last night there was a rain of one-twelfth.

WHEAT CROP PAYS FOR LAND SAYS R. E. RICHARDS

R. E. Richards states to the News that his hundred acres of wheat north of Canyon make 12 bushels to the acre and tests 60 pounds. Figuring closely on the crop, Mr. Richards states that the wheat crop this year will pay the owner the price he paid for the 160 acres last fall, all of the expenses of planting, harvesting and threshing, and there will be \$200 left over and above all expenses.

Mr. Richards believes in good preparation of the land before planting, and is now getting ready for another big wheat crop.

J. O. Cook to Leave.

J. O. Cook has resigned his position with Redfearn & Company to leave next week for Arkansas where he will be associated with his brother-in-law in the ginning business. Mr. Cook has been in the dry goods department for a number of months and is an excellent man for the place. He left Canyon once, but found the error of his way and soon returned and his friends trust that this will be the case again. However, he goes into a field with large opportunities, and he is certain to make a great success of his new position.

Come to Canyon to live.

NEW RURAL ROUTE WILL BE ADDED TO ROUTE NO. ONE

Work has progressed far enough on the proposed rural route to the southwest of Canyon, that it is a safe proposition to state that the new route will soon be in existence, not as a new division, but as an addition to the route now existing.

The postoffice inspector for this district recently made a survey of the proposed route, and suggested that it be added to the existing route.

Carrier E. F. Miller, of route No. 1, was instructed by the postal department to get the written consent of a majority of those on the present route to allow the addition of the new people on the route, which he is now doing. He has practically enough to guarantee that the route will be started within a very short time.

By increasing the length of the route, fifty more families will be served at once and may more are so situated as to profitably use the route if they so choose.

The only change made necessary by the addition of these new patrons will be that those on the end of the route will not receive their mail quite so early in the day.

ADVANCE PUMPING RATE BUT NO ACTION ON NEW CONTRACT

At the meeting of the city council Thursday night, the advance of three cents per thousand gallons was allowed the Canyon Power Company for pumping the city water, beginning with the expiration of the three month's test run.

The question of a fifteen years' contract was discussed at considerable length, but no agreement was reached. There were one or two points of difference of opinion, but both the councilmen and the power company are striving to reach a conclusion which shall be just to all parties concerned.

One of the most important considerations involved in the question is that of day power, which would be cut out by the power company should the contract not be granted as the load the company now has to pull is not sufficient to continue the day current without the city pumping. Members of the council and citizens interested believe that an agreement will be reached within a short time.

Soldiers Called in September

The government has announced that the first 30 per cent of the new army will be called into service on September 5; the second 30 per cent on Sept. 15; the next 30 per cent on Sept. 30, and the remaining 10 per cent as near after that date as possible.

Insure Your Savings

What insurance is to your life, your house or your property title, the Depositors Guaranty Fund of Texas is to your money in this Institution.

Created by State Laws, it adds to the reliability of responsible management an absolute guaranty of safety for deposits.

Insure your savings by banking here. A cordial welcome awaits you.

The First State Bank Texas (The Only Guaranty Fund Bank in Randall County)

PRESIDENT COUSINS MAKES VISIT TO KINGSVILLE

President R. B. Cousins left Tuesday for Kingsville where he is spending a few days looking over the situation in regard to the new normal school to which he was appointed two weeks ago by the board of regents. Mr. Cousins will join the other normal school presidents in a meeting with the board of regents at Austin Saturday, at which time definite arrangements will be made in regard to the future of the various presidents and the new schools.

Big Sunday School Rally.

To our many friends and communities of Randall and adjoining counties, we the people of the Jowell community, extend to you a hearty invitation to attend our big Sunday School Rally on the 4th Sunday in August. There will be music in the air and dinner galore. Be sure and come and bring some on with you. We are planning to have something great and we ask the hearty cooperation at our neighbors. Don't forget the date, August 26.

Wm Younger Goes to Leon Springs

W. H. Younger Jr. has received notice that he successfully passed the examinations for entrance to the officers training camp at Leon Springs and was notified to appear for the second series of camp on August 24. Mr. Younger has been a very successful teacher in the Friona schools during the past three years and gives up a good position to serve his country. His many friends in Canyon are confident that he will make good in the camp.

German Failed to Register.

Bill Condesky was arrested last Wednesday by Deputy Bill Black and taken to Amarillo where he is charged with having failed to register on June 5. He is a brother-in-law of Paul Flugel, living north of Canyon. Come to Canyon to live.

REEVES AND STARR WIN CUP IN TENNIS MEET

The Tennis Tournament Friday was pulled off in fine style, Canyon winning the doubles over Hereford—this being the first time that the Hereford team had been defeated in the series of tournaments that have been played here.

T. V. Reeves and Harry Starr were the Canyon boys who pulled the trick of defeating the hitherto champions from Hereford, winning the first set 6-2, losing the second 9-7, winning the third 6-4.

Hereford had two teams, Amarillo two and Canyon two.

The singles were not finished, the following five men being undefeated: Williams and Finklea of Amarillo, Dameron of Hereford, Reeves and Starr of Canyon. The singles will be completed within the next three weeks.

The following were the results of the doubles:

- Reeves and Starr of Canyon defeated Clark and Worth of Amarillo.
Dameron and Sox of Hereford defeated Allen and Shirley of Canyon.
Finklea and Parcell of Amarillo defeated McCutcheon and of Hereford.

NORMAL PRESIDENTS WILL MEET SATURDAY IN AUSTIN

Notice was sent this week to President R. B. Cousins and President-elect J. A. Hill to come to Austin for a meeting of the Board of Regents on Saturday.

It is believed that at this meeting all plans will be made regarding the change which has been proposed by the Board in the presidents of the normal schools of the states.

Miss McMillon Here.

Miss Nora McMillon has arrived from Dallas where she has been during the summer. She was taken ill during the last month of school and forced to leave her work and go to Dallas for treatment. She is improving rapidly and will be ready for the opening of school next month.

LISTEN

Choose for your friends those who stimulate you, who arouse your ambition, who stir you up with a desire to do something and be somebody in the world.

### A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

Scott & Bowne, Bloomfield, N. J.

### LOCAL NEWS.

After a ten days' visit with relatives in Canyon, Mr. and Mrs. J. H. Rowan and two children, Pearl and Floyd, returned to their home at Rhome, Texas. They also visited relatives and friends in Tulla, Plainview, Floydada and other towns on the South Plains. Mr. Rowan is very favorably impressed with the Panhandle country.

Oscar Gano visited in Estelina over Sunday.

W. L. McClure and family of Claude were in the city Tuesday visiting at the S. B. McClure home.

Miss Kline will leave this week for Chicago where she will spend some time. As will be remembered, she has resigned from the Normal faculty and will study in Chicago or New York during the coming year.

A. A. McNeil will tell you about GALE ALBERTON. See this famous stallion.

Word has been received that Joe Black was not seriously injured in the run-away at Cordell, Okla., last week. Dr. Black has not yet returned to Canyon.

J. W. Doherty and son, and W. P. Hyatt and O. C. Hyatt all of Tarrant county were here this week looking after land Mr. Doherty and J. S. Pool are brothers-in-law.

Curtis E. Brown has joined the navy.

Miles Ackerman has returned from Dallas where stood a successful examination in joining the navy. He will close out his business here and then work for Uncle Sam during the time of the war.

C. N. Harrison was in Dallas over Sunday visiting his father who will leave this week for Florida on account of his health.

Paint, Glass and Wall Paper—a full and complete line of each. Prices are right. Call upon S. V. WIRT. tf

J. H. Stephenson and family of Happy was in the city Friday

### LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezezone he can get it at any wholesale drug house for you.

### YOU WANT A BETTER JOB?

Business men seeking your services will ask you that question almost daily if you take the Draughton Training and show ambition to rise. Colleges in 15 States. All com branches taught. ### LOCAL NEWS.

Mrs. W. C. Baird and daughter, Miss Clara, are spending a short vacation in Colorado.

Mrs. R. H. Caylor went to Colorado Thursday.

Mr. and Mrs. Frank Ames and children returned to Cordell, Okla., on Saturday morning after a short visit at the G. G. Foster home.

See the announcement regarding GALE ALBERTON in this issue of the News.

Mrs. R. B. Cousins is recovering from a severe illness of the past three weeks.

Will Cage and Clint Bybee returned yesterday morning from Kansas City where they had shipped cattle. Mr. Bybee sold his yearlings at 9c straight, which was the best price of any grassers from this section. A part of Mr. Cage's yearlings brought 9c but they were not so even as the other bunch.

J. W. Webbs back from Galveston where he went on a vacation trip as the guest of his life insurance company. He reported a very fine time. Mr. Webb was the highest salesman in the recent contest and told the other agents how he pulled the trick.

RAGS WANTED—CLEAN COTTON RAGS AT THE NEHS OFFICE. REAL CASH PAID FOR REAL CLEAN COTTON RAGS.

Dr. and Mrs. S. L. Ingham left Thursday for a short vacation trip to Colorado.

Miss Viola Tucker left Friday morning for Silverton where she will visit her brother for some time.

Miss Carrie Pace and Miss Dora Bell are visiting with Misses Kathrine Willingham and Gertrude Nolan in Amarillo this week.

Miss Ben Donald left Saturday morning for her home at Justin where she will spend her vacation. She will teach at Amarillo during the coming term.

F. D. Barnes and family left Friday morning for Plainview where they will make their future home.

The great stallion GALE ALBERTON will be found at the McNeil farm southeast of Canyon.

Miss Ina Jordan of Plainview, a former student of the Normal visited with friends in the city the latter part of the week.

Clifford Brown, of Canadian, a former student of the Normal attended the Commencement Exercises of the Normal.

Miss Thelma McGee received a very bad injury on her ear a few days ago from a board that fell from the painters scaffold. She is now recovering very nicely.

Delon Kirk, of Hutchins, attended the Commencement Exercises this week.

The City Dray & Transfer Line does heavy and light hauling. Baggage handled for all trains. Move pianos with care. Service car always at your disposal. Phone No. 6.

Wes Kleinschmidt went to Mineral Wells Saturday on matters of business and to visit his father.

Mr. and Mrs. Grady Holland went to Colorado Sunday to spend a short vacation.

Mrs. Robt. Rowan is here from Waco to visit at the John Rowan home.

Sheriff Worth Jennings and family spent Sunday in Plainview.

A wash-out near Clovis caused the north bound Santa Fe passenger due here at 11:30 Monday to arrive near seven o'clock.

Calling cards printed or engraved at News office.

Mrs. W. G. Word and children have been in the city this week from their home near Clarendon, visiting at the Judge Word home.

Oscar Gamble returned Monday from St. Louis where he has been buying goods. He reports a fine rain all along the Santa Fe from Kansas City to Canyon, but it came too late to help the crops in Kansas.

Prof. R. L. Marquis and family, Miss Charlott Ingham and George left Tuesday in their cars for Colorado.

# A REAL STOCK PRODUCTION SALE

**CASH ONLY**

**COME EARLY**

# Saylor & Kendall Co.

412 POLK STREET

AMARILLO, TEXAS

Henry Farr has harvested 80 acres of his wheat that looks like better than ten bushels per acre. He bought the half section it grew on for \$5.00 per acre last year. The wheat from 80 acres will pay for it. He has over a hundred acres more that is as good or better.

T. R. Pint has his wheat on the Ray place in stack. It will net him somewhere between \$30.00 and \$50.00 per acre. He bought this farm with the best improvements in the neighborhood and the wheat up ready for winter pasture for \$15.00 per acre.—Ray (N. M.) Spanish-American.

### A County Agent for Mora.

E. Gandert has been appointed Agricultural Agent for Mora County by the state through the Agricultural College. A news story says he has been learning at the feet of M. R. Gonzales of San Miguel Co., so, if he don't know much about farming he is on the right road to learn.—Roy (N. M.) Spanish-American.

### Little Child Fatally Scalded.

Last Wednesday afternoon at 4 o'clock little Amos Harmon Goehlar, 4-year-old son of Mr. and Mrs. G. W. Goehlar, living three miles south of Grandfield, while playing with his little sister, fell into a tub of hot water in the kitchen, sustaining injuries from which death resulted at 10 o'clock.—Grandfield (Okla.) Enterprise.

### Will Leave for Colorado.

Horace Lackey who has taken up a section of land west of the range in Colorado, will leave next week for his new home.

Top Regan, who will take a section adjoining Mr. Lackey, will also be one of the party.

Rolland Thurman, who had previously taken land in the same neighborhood, will accompany the above gentlemen. He will take a bunch of horses with him.—Ochiltree News.

### Fire Destroys Store at Channing.

The double building of N. B. Williams, one side of which was occupied by the Glass Mercantile Co., burned to the ground Saturday. An oil stove on which cream was being tested exploded about 10 a. m. and the whole inside was at once a blaze. All was consumed with the exception of two mail pouches and two ice cream chairs.

### A Remarkable Sale.

The report of the Worcester sale published in full in last week's issue is the detailed history of the most remarkable sale of cattle ever held anywhere. No sale has ever attained an average approaching it. World's records were established only to be broken again and spectators grew wild with excitement as the prices mounted to dizzy figures.

It was a wonderful sale and its significance grows as we study the returns. Think of practically \$300,000 being spent by optimistic Holstein breeders for a herd of 143 animals! This herd represents fairly a cross section of the breed. It contained world's champions. It contained sons and daughters of champions. It contained animals of lesser merit. An average price of \$2,073.21 per head for practically 150 animals is a stupendous figure, but it represents fairly today the degree of popularity to which the Holstein cow has attained.

The Holstein breeder is facing the most opportune time in the life of his chosen industry. He cannot begin to supply the demand for breeding stock that will swamp this country within the next few years. The man who paid \$53,200 for a five-month-old bull calf, the man who paid \$18,300 or \$18,000 for a world's champion heifer, knew what he was doing all the time. He has fairly analyzed his market. He understands conditions. He is a seasoned business man. He

is preparing. His action in making such an investment may be taken as a barometer of Holstein conditions.

That the man who made these investments will make money is a foregone conclusion. With just enough exceptions to prove the rule the Holstein breeder who has had the courage of his conviction to invest long prices for good stock has made good. No other investments within our knowledge will pay such dividends as will an amount invested in Holstein cattle.—Holstein-Freisian World.

### To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c.

### Boy Killed Under a Disc.

Charlie Key, the 14-year-old son of Mr. and Mrs. J. W. Key was killed while running a disc harrow on the Willie Christopher farm, 13 miles west of Miami. When found his body was

hung in the machine and his left arm almost severed in two places. Other bruises showed that the disc had run over him but as he was alone it will never be known just how it happened. The team was gentle and stopped at the end of the field.

### Accidentally Shot Himself.

Jacob Troesch, a well known resident of Union county, N. M., accidentally shot himself at his home one mile south of Clayton. Being disturbed by dogs in the night, he got up and got his revolver to shoot them when it was accidentally discharged, the bullet entering his breast and lodging against the shoulder blade. He was alone and it was not until after 10 o'clock the next morning that he succeeded in getting the attention of a passerby and was conveyed to the hospital. There is little hope of his recovery.

### DARNALL'S CAFE

While in Amarillo shopping, you are invited to take your meals at DARNALL'S CAFE. Located on Polk Street, right in the heart of the business section, it is the most convenient place for you to stop.

**EVER SALIVATED BY CALOMEL? HORRIBLE!**

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks your bones and should never be your system.

When you are sluggish, constipated, sickened out and believe you need a dose of dangerous calomel, just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

**Matadors Ship 1103 Yearlings.**

The Matador L. & C. Co., unloaded 1103 head of yearling steers Saturday at Boice siding and are unloading 25 cars more there today. The unloading is in charge of Jim Whitfield the new foreman for that company. The cattle are being brought from Matador, Texas.—Glenrio (N. M.) Tribune-Progress.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Sec. Hall's Family Pills for constipation.

**A New Highway Inaugurated.**  
The "Tex-O-Kan Highway," to extend from Southern and Western Texas across Western Oklahoma crossing the Santa Fe Trail in Kansas to an intersection with the Lincoln Highway in Nebraska, and passing through Abilene, Anson, Stamford, Haskell, Knox City, Benjamin, Crowell and Quanah, Texas, and through Altus, Hobart, Comstock and Taloga, Oklahoma, was inaugurated Friday.

Two Farmers Lose Homes.  
The Cullers house east of Moriarty burned down last Friday and the family lost everything. They had gone to a neighbor's a short distance away, and before they could get back after seeing the fire, it was too far advanced to save anything from the house.

The house on the Robert Taylor place south of town burned Monday. A family named Allen occupied the house, and though some of them were in the house at the time, the fire had gained such headway that none of the contents could be saved.—Estancia (N. M.) News-Herald.

**Too Much of a Good Thing.**  
The Estancia (N. M.) News-Herald, Mountainair (N. M.) Independent, Roy (N. M.) Spanish-American and Campo (Colo.) Enterprise of last week, each contained accounts of severe damage done crops in their sections by hail.

In the vicinity of Estancia, Hill Perca, a sheepman, lost 2000 head which were in a draw and refused to be moved with the result the sheep were drowned. The damage to crops in that vicinity was not so great as the loss of stock but in the Mountainair country and around Roy, a good deal of damage was done the wheat and beans crops.

**Dimmitt Man Buys New Mexico Crop.**  
Mr. and Mrs. Jones and their son and his wife of Dimmitt, Texas, have moved into the Homer King place, having bought the crop from Mr. Gaunt.—Union Correspondent in Clovis (N. M.) Journal.

**Record Wheat Yield 135 Bushels.**  
Oscar Gunter, county commissioner from the Gunter precinct, Grayson county, reports what he believes is the record wheat yield this season. On three acres of land, on which he pastured a sow and seven pigs all winter and early in the spring, he threshed 135 bushels.

**Wheat Around Curtis.**  
Wheat threshed so far in this locality is making from eight to fourteen bushels per acre.—Curtis (Okla.) Courier.

**GLAD TO TESTIFY**

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Mrs. S. W. Gladwell, when about 15 years old, was afflicted with a terrible headache, backache, bearing-down pains, and would not eat and had no appetite. Then she took Cardui, and in two weeks, and was cured, and her health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept on till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

NC-130

**Siftings.**  
The 1,425 prisoners in the Eastern penitentiary of Pennsylvania have organized to aid the Red Cross.

Forty artesian wells are being sunk and a total investment of between \$125,000 and \$150,000 made on a 1000-acre potato farm which four Jacksonville business men have opened in Brevard county, Florida.

A strong movement to sever Mississippi education from politics was set on foot at the recent meeting of the state high school conference at the University of Mississippi. Resolutions were passed by representatives of the high schools of the state declaring the present county superintendent system wrong in principle and asking that the position be made "professional" rather than "political."

The South was held up as a good example to the North in wheat conservation by the food commission when it was pointed out that in some sections below the Mason and Dixon line two wheatless meals a day have been the rule for generations. Northern housewives are asked to note the success of the South with wheat substitutes. The food commission wants the North to have one wheatless meal daily. Herbert C. Hoover's message to the South concerns other foods. Here are some of the things he is anxious for Southern housewives farmers and gardeners to do: "Develop the dairy industry; give special attention to this valuable source of food. Enrich the diet of Southern mill operatives—the nation is counting on their contribution to this war. Use modern methods of improving the sweet potato crop—and save the crop preserve it for future use. Manufacture more potato flour. There is a big field for the Southern mill that will make this commodity to use in the North and West, mixed with wheat flour. Such a combination of flours makes fine cakes and bread. Rice flour can also be produced in quantities through the rice-growing sections of the Southern states. Mix it with wheat flour in a ratio of eight per cent of the rice product. Make more Kafir flour. Conserve the extraordinarily large crop of corn, cowpeas and blackeye peas. They are all staples, can be transported easily and will be greatly in demand thru the United States for cattle feed and for export to Europe, which needs every pound we can spare."

Chicago packers have agreed to stop entirely the slaughter of all ewe lambs and turn them over to farmers for breeding purposes.

A carrier pigeon, owned by E. S. Peterson of San Antonio, Texas, has arrived at its home, completing a trip of more than 150 miles from Winnipeg, Canada.

**Wasn't Out Long.**  
A. N. Eslinger was convicted of false swearing in the District Court yesterday, and given a suspended sentence of two years in the penitentiary but his liberty was short lived.

Sheriff Ross had a warrant for him from Cimarron county, Okla., charging him with killing a beef that belonged to some one else.—Stratford Star.

**Wheat Around Hale Center.**  
Ed White threshed his wheat crop last week. The yield was fifteen bushel per acre.

Wheat threshing is now progressing in the Hale Center country. Nick Alley reports that his farm southeast of town yielded over 2,000 bushels, averaging a little over twelve bushels per acre.—Hale Center Record.

AMARILLO DRY GOODS CO.

AMARILLO, TEXAS 700-702 Polk St.

**How New Mexicans Dry Vegetables.**

The following are some of the common New Mexico ways of drying these vegetables:

Take full grown, green chile, preferably those that are smooth and have no shoulder at stem. Cut off end of each pod, for steam to escape. Place them in an oven or on a toaster over coals. Keep the heat up, so as to blister the thin skin on the pods. Turn them over occasionally, until all of the skin has been thoroughly blistered. Remove pods from the fire; cover them with a cloth and let them partially cool; then remove the blistered skin with the thumb and forefinger. Remove also the stem, seed and placenta; though this is not absolutely necessary. Put the peeled pods on boards, or on anything where they may dry thoroughly. Place them in the sun, turning the pods over after the first day or two, to prevent their sticking to the board. In a few days, when thoroughly dried, the chile can be sacked and put away. This green dried chile can be used in any way in which the green fresh chile can be used. It will keep a long time.

Take young, tender squash or pumpkin from two to four or five inches in diameter. Have a good sharp knife and slice them into thin slices. Place these slices on boards, cloth, grass or anything that is suitable for holding for drying. Put them out in the sun, and be careful that they are not rained upon. In two or three days they should be moved or turned over, so that they may dry quicker. After they are dried thoroughly they can be boxed in small boxes and kept for a long time.

There are two old, but good, New Mexico ways of drying roasting ears (known as "chicos" in Spanish).

Take tender-roasting ears and steam them until done; then either cut the grain from the cob or simply put the roasting ears out to dry. The grain can be spread thinly upon dishes or boards in the sun to dry. When the corn on the cob is thoroughly dried it may be shelled and sacked or it can be sacked without removing it from the cob.

Another way is to take the roasting ears and place them in the oven or right in the fire, without removing the husks, and let them cook until done. Then remove the husk and allow the roasting ear to dry in the same manner as when steamed. In preparing large numbers of roasting ears by

this method, a good way is to build a large adobe oven and heat it thoroughly; remove the coals, throw in the roasting ears with the husks on, immediately close the oven tightly, and let the corn remain in it all night. The next morning the corn can be taken out and after removing the husks, placed out to dry, shelled or on the cob.

FABIAN GARCIA, in New Mexico Farm Courier.

**Diversifies in Livestock.**

Julian M. Bassett, who now owns what was formerly the D. Hart ranch, in Val Verde and Terrell counties on the Southern Pacific railroad, is a diversificationist in live stock production. He has 8,000 cattle and 20,000 sheep and is now on a deal for 10,000 goats. He, of course, fences against wolves, which makes it expensive, but he is demonstrating to his entire satisfaction that what is worth doing at all is worth doing right.—San Antonio Express.

**Bought Cattle and Leased Land.**

O'Neal and Wright went to the Texas line where it is reported they have bought a string of stock cattle amounting to about twenty thousand dollars and will control about ten sections of grass for two years.—Knowles Correspondent in Carlsbad (N. M.) Current.

**Sheep Bring \$3700.**

A. J. Miller, sheepman from the Canadian country, returned from Kansas City, Friday where he sold seven hundred head of sheep. The entire number brought him \$3700.00 net, and sold for 14 cents per pound.—Arnett (Okla.) Capital.

Drs. Dillon and Dillon, Tuesday of this week, purchased a tractor with which they contemplate the preparation of over eight hundred acres of land for wheat planting.—Clovis (N. M.) Journal.

**AS A SUPPORT** for exhausted, nervous, overworked women, nothing can do as much as Dr. Pierce's Favorite Prescription. It regulates and assists all the natural functions, never conflicts with them, and it strengthens and builds up the female system in a way of its own.

Nursing mothers and women generally, will find it exactly fitted to their needs. It lessens the pains and burdens, and ensures healthy, vigorous offspring.

Mrs. LIZZIE EPPERSON, of 1220 Gould Avenue, Fort Worth, Texas, says: "I can recommend Dr. Pierce's Favorite Prescription to any woman suffering from female trouble or nervousness. I was very nervous and losing weight so fast I became alarmed over my condition. I could not do any housework. A friend told me about 'Favorite Prescription' and I tried it and began gaining in weight at once." Dr. Pierce's Medical Adviser (1000 pages) cloth binding sent for 31 cents. Address Dr. V. M. Pierce, Buffalo, N. Y.

## Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for fifty years.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity. This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions.

This wonderful remedy is without an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years.

You are invited to write to-day for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. H Atlanta, Ga.

H. W. Morelock and son and F. P. Guenther left Tuesday for a short vacation trip to Sulphur, Okla.

### Whoever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

### Clean Up.

Canyon has become known as one of the cleanest towns in this part of the state, not having a case of typhoid fever in the past four of five years, originating within the city, and few other cases of sickness that could be attributed to unsanitary conditions. It is the desire of the city administration to continue the favorable sanitary conditions of Canyon, and in so far as possible to eliminate all character of disease that could be attributed to the lack of diligence on the part of our citizenship; and that the above conditions may continue to prevail, we earnestly ask that our entire citizenship will co-operate with us, and put forth an earnest effort to clean their premises. Cut the weeds, place all old cans in barrels or other containers continuous to the alley, where they will be easily accessible to the city wagon on its rounds gathering garbage and to burn all combustible rubbish.

To this end we ask that on Friday, August 17, from 1:30 to 4:30 p. m. that all the business men leave only enough in their places of business to take care of the country trade and join us with hoe and rake to cut weeds and pile the rubbish in and around the square.

That Monday, August 20th be observed as clean up day throughout the town and request that the citizens in each block organize to that end.

Respectfully,  
F. M. WILSON, Mayor

### Pope Suggests Peace.

Pope Benedict has issued the warning nations a proposal of peace. It has been branded as "made in Germany" with a view of confusing and separating the allies.

### REVIVAL MEETING BEGAN SUNDAY AT TABERNACLE

All of the evangelistic party with Lockett Adair arrived in the city in time for the first service Sunday morning. Services started with a large attendance, which has been increasing in spite of the rains which have fallen practically every night this week.

Mr. Adair is living up to his reputation as a great preacher and his sermons, directed principally to the professed Christians, have proved very helpful to the community.

The singing, under the direction of Mr. Wall, has been greatly inspiring.

### Revival Announcements.

Preaching services at the Tabernacle every day this week, except Saturday. The service will begin promptly at 10 o'clock. Rev. Rozell is preaching a series of sermons at the morning meeting that is helpful and instructive to Christians who desire to become more efficient as soul winners.

At 3 p. m. the children meet with Prof. Herbert Wall at the Tabernacle. Prof. Wall is one of the best children workers in this country. His work with the children has been a marked success. Every child in this community should attend every service and get the benefit of the Bible training and singing that Mr. Wall will give them.

The young people will meet every night at the Presbyterian church at 7:15. The young people have been organized for the purpose of this meeting into a union organization and all are doing some splendid work.

District prayer meetings are being held in the five districts at 4 p. m. each day. Reports of these meetings show good interest and attendance.

Preaching at the tabernacle every night at 8 o'clock by Lockett Adair.

### Jowell Items.

The community was visited Saturday evening and night with a big rain and some hail with it. But haven't had any reports about damage from the hail. The rain was very much needed.

Willie Anderton and family have moved back each to Johnson county.

Bert Morton and family of the L. T. Lester ranch have moved to Collin county. We regret very much to give up these good people out of the community, as we needed them very badly in our Sunday School work.

Mrs. Live Hamrick is on a visit to Dallas with her mother.

Live Hamrick has accepted a position for a few months with Jim Currie.

Joe Morton is working for Mr. Sims' thresher this season.

Willie Dodson is on a visit to Claude this week.

I. W. Scott has bought the Jowell farm.

The people of this community are looking forward with hungry hearts for the revival meeting to begin on Sept. 7th. We are expecting a great time in the Lord.

Ben Jones, mother and sister have been visiting the Jones brothers this week.

Quite a few attended the singing Sunday evening at Henry Burch's home.

Mrs. Bettie Asher has been on the sick list for the last few days.

Row crops are looking good in the community since the rains began.

J. H. Asher sold his cattle a few days past.

Clovis Morton and J. H. Asher made a business trip to Hereford last week.

The wheat crop that has been threshed is reported very short, some made as low as 3 bushels per acre, up to 14 bushels per acre.

J. L. Pritchard of Canyon moved a herd of cattle to the J. H. Asher farm this week.

The farmers are getting busy preparing their land for early wheat.

Mr. Sims lost a fine mule a few nights ago from over feeding.

Nath Simpson has rented the Jowell farm.

### Llano Estacado Meeting.

The Llano Estacado Baptist Association will meet in Canyon next Wednesday afternoon at 3 o'clock, and will be in session until Saturday. The women's association will have a meeting Friday in connection with the associational work.

Rev. J. E. McClerklin of Hereford will preach the opening sermon, with Rev. F. F. Roundtree alternate.

There will be a large attendance from over the district present at the meeting.

### Japs Send Delegation Here.

A commission from Japan is visiting in the United States, for the purpose of discussing the war. They come with a message that "America and Japan are bound together" and must stand together.

# NEW GOODS

are arriving daily and in the next few days our store will be packed with new merchandise. Most all our piece goods are here now, and ready-to-wear coming in every day.

Miss Watson will have charge of our millinery department again this season and the stock will be ready for inspection first part of next week.

Come in and see us,

*The Canyon City Supply Co.*  
DRY GOODS, CLOTHING & GROCERIES  
CANYON, TEXAS

### COUNTY TAX RATE WILL BE SET TODAY BY COMMISSIONERS

The Commissioners Court met Monday in the regular quarterly session. Routine matters have held the attention of the court so far this week. The matter of approving the delinquent tax roll was before the court yesterday, while today the Court will take up the matter of setting the county tax rate for the coming year.

### Sergeant Offered Two Men.

Ben A. Terrill and Guy S. Ballard has received notice from Colonel Scott of the recommendation by himself of their appointment as sergeants in the new army. Both men spent two months in the Leon Springs training camp, and both will accept the appointment.

### CANYON MEN GET COMMISSIONS AT LEON SPRINGS

The first training camp closed this week at Leon Springs and commissions were granted to the following men from Canyon, all of whom received second lieutenant:

Paul Bell  
Lloyd V. Bentley  
James W. Younger  
Charles H. Keffer of Lipscomb and Marvin McLaughlin of Ralls, students in the Normal were also given second lieutenant commissions; also Jack Figh of Amarillo, a former Canyon boy.

There are 756 mills in the United States which crush cotton seed for oil. A billion and a quarter pounds were produced during the season ended April 30.

### Ferguson Trial Progressing.

The hearing before the house of representative at Austin is continuing daily. Charges were made by Speaker Fuller to impeach the Governor. Fuller is now on the stand and the Governor's attorneys are attempting to implicate Fuller in regard to the location of the West Texas A. & M. college at Abilene.

The hearing will continue probably another week, when the house will vote as to whether they find sufficient ground for impeachment.

This is the first time in the history of the state when a Governor was tried for impeachment.

The prospects now are that we will have another corn crop in this vicinity this year almost as good as the one last year.—Gate (Okla.) Valley Star.

**Sow Winter Wheat Right.**

The wheat growing methods on the plains have been severely tested this season. As a rule the yield of wheat on well prepared land has been higher than on land hurriedly prepared. To obtain first hand information as to the best methods actually followed in wheat growing farmers, millers, and bankers have been interviewed in the Plainview, Texas and Clovis, N. M. districts and reports secured from other sections on the plains.

Yields of twenty-five bushels to the acre have been made this year. These high yields were made on well prepared and deep seed beds. Many farmers say they obtain the best results by growing a crop every other year and thoroughly working the land in the mean time to get a deep and firm seed bed at the time of planting. Many double list their land. After leveling, the disc and harrow are used to kill the weeds and keep the field in good till.

The advantage of tilling the land deep, be the season wet or dry, is generally admitted. The farmers say that the crop of 1917 was made very largely on the moisture stored at the time of seeding last fall, the rainfall in some localities being only two or three inches during the growing season. The shallow seed bed had not enough moisture stored to make a fair crop.

The best time for seeding is between September 15th and October 15th. A press drill is generally used and the seed planted deep enough to reach moisture, but not less than 2½ inches. Seed of high vitality may be planted 4 inches deep, though 3 inches may be the best depth.

Well graded plump seed gives the best results. The quality of the seed wheat is a most important consideration and the experienced farmer aims to use the best. In some localities the farmers are arranging in thorough the local bankers to ship in pure seed wheat.

The seed wheat is treated for smut. This feature in wheat growing warrants the most careful attention. The method of treating seed grain for smut are simple and not expensive, the most common being the Formalin treatment.

Nearly every farmer pastures his wheat field. It is usually late in the spring before the stock is moved from the field. Everybody admits that pasturing wheat heavily effects the grain yield.

The experience of the best wheat may be summed up as follows:

Have a deep firm seed bed, free from weeds and volunteer wheat, at the time of seeding.

Sow the wheat between September 15th and October 15th; many prefer September seeding.

Use only extra good seed, carefully treated for smut. One half bushel to the acre is the rule.

Use a press drill and sow deep enough to reach moisture, but not less than 2½ inches deep, preferably 3 inches.

Pasture very lightly it at all for a month or so in winter to obtain the best grain crop.

Wheat land must be industrially gone over the next few weeks.

"Winning With Wheat" is a new bulletin on wheat growing, issued by the Santa Fe Railway. It is free for the asking. Write H. M. Bainer, Topeka, Kansas or L. L. Johnson, Amarillo, agricultural and industrial agents.

A. M. HOVE.

**Right is Right.**

To feel the ink of the slough,  
And the sink of the mire,  
Veins of glory and fire  
Run through and transpire and  
transpire,  
And a secret purpose of glory fill each  
part  
And the answering glory of battle fill  
my heart;  
To thrill with the joy of girded men,  
To go forever and fall and go on again,  
And he mauled to the earth and arise,  
And contend for the shade of a word,  
and a thing not seen with, the  
eyes,  
With the half of a broken hope for a  
pillow at night—  
That somehow the right is the right,  
And the smooth shall bloom from the  
rough.  
—Robert Louis Stevenson.

WE TAKE PLEASURE IN PRESENTING TO YOU TWO OF THE BEST WHEAT IMPLEMENTS ON THE MARKET. WE SAY THEY ARE THE BEST BECAUSE THEY HAVE BEEN THOROUGHLY TESTED IN EVERY MANNER AND NO BETTER IMPLEMENTS COULD BE FOUND. PLANT YOUR WHEAT WITH THE

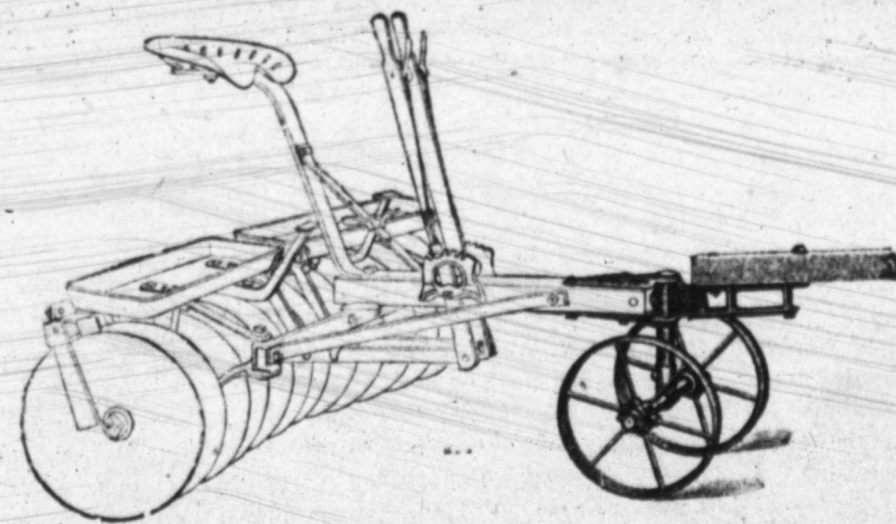

**Superior Wheat Drill**

The word "SUPERIOR" best expresses the quality of this important farm implement—it is superior in workmanship, durability and simplicity and above all it is superior in work. More even distribution of the seed than from any other drill made. The control of amount of seed planted is absolutely perfect. We carry in stock the 12 and 16 disc drills with or without grass seeders and press wheels and are selling them to the best farmers in this section because these best farmers know that the Superior is a name that tells a true story.

NOW THAT THE GROUND HAS BEEN THOROUGHLY WET BY SEVERAL BIG SUMMER RAINS, EVERY PARTICLE OF THIS MOISTURE CAN BE PRESERVED TO GROW WHEAT BY A LIBERAL USE OF THE P. & O. DISC HARROW. IF THE GROUND IS ALLOWED TO DRY WITHOUT USING THE DISC HARROW, CRACKS WILL COME IN THE SOIL AND A GREAT PORTION OF THE MOISTURE ESCAPE, BUT THE DISC HARROW WILL FORM A MULCH AND PRESERVE ALL THIS MOISTURE FOR THE GROWING OF YOUR WHEAT.

**Canton Star Disc Harrow**

LEADS THEM ALL, AS IT POSITIVELY HAS NO EQUAL. IT IS MADE IN ALL SIZES. ALSO EQUIPPED WITH TANDEM ATTACHMENT, SO AS TO DOUBLE DISC AS YOU GO. IT IS THE LONGEST LIFE AND MOST SUBSTANTIAL DISC HARROW ON THE MARKET. SEE US BEFORE BUYING.

**Thompson Hardware Co.**

**The Real American Beauty**

How glorious and wonderful is the advent of another life. When baby is born there comes into the world a new soul, the real American Beauty. When the hour arrives it should be the dawn of a new and perfect future. The joy of motherhood should be as free from fear and danger as it is possible to make it. Thousands of women have used the safe and reliable application, "Mother's Friend". It is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby is born. "Mother's Friend" makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

Do not fall under any circumstances to get this greatest remedy, ever compounded for expectant mothers. Write to the Bradford Regulator Co., Dept. J, 288 Lamar Building, Atlanta, Ga., for their book, "Motherhood and the Baby". They will send it free. It is not only very useful, but will make you helpful to others. Remember to ask your druggist for a bottle of "Mother's Friend" today.

J. E. ROGERS, Collector

**Dairy Meeting Aug. 27.**

Great interest is being manifested locally and throughout this belt in the great dairy meeting to be held in Canyon at 2:30 P. M. August 27th. Announcement has been made by the officials of the Panhandle Dairy Association, under whose auspices the meeting will be held in co-operation with local agriculturalists that some of the best known dairy experts in the United States will attend the meeting, including D. L. Harcourt of Chicago, rural dairy expert of the National Dairy Association, R. L. Pou, Bureau of Dairy Development, A. & M. College Station, M. W. Cartwright, Nissley Creamery Company, Fort Worth, Texas.

It is doubtful if ever before in the history of the Plains country, a greater team of experienced experts have ever conducted a dairy meeting commensurate with this.

The meeting will begin promptly, and ladies and children are especially invited. Everybody should be interested in the dairy cow. And it is well known that those farmers who handle a few dairy cows are always in good shape. This country is said to be one of the best adapted in the United States to the advancement of the dairy industry.

**The Quinine That Does Not Affect The Head**  
Because of its tonic and laxative effect. LAXATIVE WHO'S QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

**Eloquence.**

I listen to the gifted speaker, the patriotic office-seeker, who lifts his voice, that's strong and hearty, and neatly skins the other party. He shows how tyrants grind and goad me, and get my goat and overload me, and rob me by unjust taxation. And when I leave that red-hot meeting, I say "Such facts are surely heating; unless that fellow is elected, the country's doom may be expected." Next night I hear another speaker address the voter and the heeler. He is the gifted speaker's foeman, and with the front of ancient Roman, that gifted speaker he denounces and with the lash of virtue trounces. He shows me how the gifted speaker is but a chronic office seeker, the agent of a bunch of tyrants who change the pot, unholy high rents, who, having questionably got me, but certainly will grind and fleece me. And as I leave the hall I mutter: "We'll drift along to ruin utter, unless the fellow is the winner, unless he beats the baleful sinner!" I hear the patriots embattled; the more I hear the worse I'm rattled!—Walt Mason.

**Life Wisdom.**

The wisdom of the wise and the experience of ages may be preserved by quotation.—Benjamin Disraeli.

There ought to be a system of manners in every nation which a well-informed mind would be disposed to relish. To make us love our country, our country ought to be lovely.—Burke.

Men who work with the hands and those who find work for hands to do should feel that ties that bind them together are stronger than temporary day wages.—Carlyle.

Even though much provoked, let us do nothing through passion and ill-temper.—Lincoln.

It is the Big who suffer and the Small who cause suffering.—Tagore.

The great man is he who does not lose his child's heart.—Mencius.

It is far easier to know men than to know man.—La Rochefoucauld.

If you have knowledge, let others light their candles by it.—Thomas Fuller.

The concealment of truth is the only indecorum known to science.—Westermarck.

He who brings ridicule to bear against truth finds in his hand a blade without a hilt.—Lander.

Virtue consists, not in abstaining from vice, but in not desiring it.—Bernard Shaw.

I owe all my success in life to having been always a quarter of an hour beforehand.—Lord Nelson.

**Drives Out Malaria, Builds Up System**  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Though love repine, and reason chafe,  
There came a voice without reply—  
"Tis man's perdition to be safe,  
When for the truth he ought to die."  
—Emerson.

"Pack up your troubles in your old kit bag  
And smile, smile, smile!  
While you've a lucifer to light your flag,  
Smile, boys, that's the style!  
What's the use of worrying? It never was worth while—  
So pack up your troubles in your old kit bag,  
And smile, smile, smile."  
Come to Canyon to live.

# VALUES

When we sell you once we aim to sell you again and again for life. We know we must GIVE VALUE in order to do this.

Does not the REPUTATION we hold in this community justify you in TRYING our store this season? Our business could not have grown unless we had always given our customers VALUE.

We have given others value ever since we have been in business. Come in and deal with us and we will give you too, QUALITY, STYLE and VALUE.

Just received our line of Palmer Suits and Coats for fall. We have been very fortunate in buying our line of ladies suits and coats early, thereby getting the best selection and at a price that can not be duplicated today our values in suits and coats will run from \$18.50 to \$75.00. We would like very much for you to compare our prices with other similar garments.

You are cordially invited to come in and inspect our line.

Yours for High Grade Merchandise.

# REDFEARN & COMPANY

**WHAT WE'RE UP AGAINST.**

(From Southwest Plainsman.)  
If a recent dispatch from Salina, Kans., which appeared in many of the newspapers over that state, is to be credited, the middlemen are being assisted in their game of highway robbery of both consumer and producer by the railroads.

This report states that one J. J. Sullivan, proprietor of the bottling works of that city, became weary of paying 90 cents a peck for Irish potatoes and reading that they were only \$1 per bushel in Oklahoma, determined to investigate. He wrote to Allan Knox, an old schoolmate at Perry, Okla., asking him to purchase a car of potatoes and ship them to him at Salina. Knox bought them at \$1 per bushel all right and adding 10 cents for sacks and 15 cents for freight charges the potatoes cost Sullivan \$1.25 per bushel, which was less than they could be purchased for at wholesale at Salina.

Having made the purchase, Knox visited the station agent to arrange for a car. The agent began to make out the bill of shipment but suddenly stopped when he found out that the car was to be used for potatoes and stated that, unless the spuds were going to a commission man, there was "nothing doing". After practically admitting that cars could be had for other shipments, the transaction looks very much as though the railroad in question was working in collusion with the commission men.

There is, of course known to be a great shortage of cars but when cars are to be had, why should the railroad stipulate what they shall carry? If the Government Bureau of Markets, which has been extolled as such a wonderful step in the solution of our marketing problems, really is of any use at all, why do Amarilloans pay two-bits for fourteen potatoes the size of a hen's egg while they are selling at \$1 per bushel in Oklahoma? We are heartily in favor of consoling at it appears to us that if some of the energy being expended in urging the farmers to greater production and the housewife to greater conservation, were used in seeing that

**Receive 23 Bulls.**  
W. L. Webber, who has charge of the farm and ranch interests at Fort Stanton, received twenty-three bulls at Capitan. The bulls are all registered Herefords, from one and a half to three years old. They came from Roanoke, Missouri.—Roswell (N. M.) Star.

**Gets College Boar.**  
W. F. Hollomon of Artesia received last week from the state college a two weeks old registered Duroc Jersey boar. The pig is one of the finest specimens of his breed and commanded a fancy price.—Roswell (N. M.) Star.

**Sold 1900 Sheep.**  
L. L. Garrison sold his 1900 head of sheep this week to Robt. Bledsoe. This bunch of sheep was recently purchased by Mr. Garrison in Tom Green county and shipped here.—Lorenzo Enterprise.

**Carson County Wheat Yield.**  
Marvin O'Keefe finished threshing his wheat crop this week and one ninety acre field made an average yield of seventeen bushels per acre and his entire crop of 174 acres averaged twelve and one half bushels per acre. The quality of this wheat is excellent, testing out 60 and 61 pounds per bushel.—Panhandle Herald.

**Will Make Peanut Products.**  
The Bencini cotton oil mill of Dublin is to be converted into a plant for the manufacture of all kinds of peanut products. One hundred thousand dollars will be spent improving and enlarging the plant. When in operation the new plant will employ more than a hundred people.

**Lipscomb Wants Inter-Urban.**  
Lipscomb having been missed by the new railroad west from Shattuck, Okla., is now proposing to get on the map through an Interurban which should connect it with Arnett, Okla., also an inland town. Both Lipscomb and Arnett are county seat towns and both have had bright dreams of railroad connections, all of which have never been realized. The Limestone and the Capital ought to be able to interest their readers in such a proposition which, at recent seems their only chance for anything that looks

like a railroad and no doubt, the Higgins News would help boost such a road since it is proposed to cross the Santa Fe at Higgins.  
Go to it folks!

**Bond Issue Carries at Abernathy.**  
The election last Saturday to determine whether or not Abernathy would erect a \$20,000 brick school building, carried by a vote of 45 to 3, being exactly 15 to 1 in favor of "higher education." — Abernathy Breeze.
