

LIBERTY BONDS OVER THE TOP WITH \$65,000

GREAT SCHOOL MEET HELD FOR TWO DAYS

It is generally admitted that the University Interscholastic League Meet of District No. 1, held in Canyon last Friday and Saturday, was by far the best meeting of its kind which this organization has ever had.

There are twenty-six counties in the district. There were representatives here from twenty of these, as follows: Armstrong, Briscoe, Carson, Childress, Collinsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Parmer, Potter, Sherman, Swisher, Wheeler.

The following counties were not represented: Castro, Hansford, Hartley, Oldham, Randall and Roberts.

There were 160 contestants here and more than that many other people who were interested in the meet.

These latter consisted mainly of the teachers and parents of the contestants.

Considering the weather, this was a splendid attendance.

The following were the winners in the various contests:

Debate—Maurice Crain and Stacy Newberry of Goodnight.

Junior Declaration for boys—Oakes Younger of Moore county.

Senior Declaration for boys—Dheekins Wells of Collinsworth county.

Junior Declaration for girls—Thelma Parsons of Donley county.

Senior Declaration for girls—Lelia Burrell of Armstrong county.

Rural Declaration for boys—Beverly Matthews of Hutchinson county.

Rural Declaration for girls—Arless O'Keefe of Carson county.

Class A high school essay—Mary Lee Oldham of Potter county.

Class B high school essay—(Name not available) Donley county.

Junior high school essay—Dorothy McIntyre of Potter county.

Rural three-teacher school essay—Pat Jackson of Hall county.

Rural one-teacher school essay—(Name not available) Hutchinson county.

The following were the results in the track meet Saturday afternoon:

100 yard dash—Amarillo first; Lipscomb second; Wellington third; Hereford fourth.

Broad Jump—Panhandle first; Amarillo second; Ochiltree third; Wellington fourth.

50 yard dash—Ochiltree first and second; Farwell third; Canadian fourth.

High jump—Hereford first, Amarillo second; Hereford third; Ochiltree fourth.

220 yard dash—Lipscomb first; Hereford second; Wellington third; Amarillo fourth.

440 yard run—Amarillo first; Lipscomb second; Hereford third; Clarendon fourth.

Pole Vault—Hereford first; Ochiltree second; Amarillo third; Hereford fourth.

880 yard run—Hereford first; Amarillo second; Lipscomb third; Amarillo fourth.

Shot Put—Silverton first; Ochiltree second; Hereford third; Memphis fourth.

Relay mile run—Amarillo first; Wellington second; Hereford third.

Hereford won first place in the meet with 32 points; Amarillo second with 31 points; Ochiltree third with 17 points; Lipscomb fourth with 13 points; Wellington fifth with 10 points.

Other points were as follows: Silverton 5, Panhandle 5, Clarendon 2, Farwell 2, Canadian 1, Memphis 1.

The highest point winner in the meet was Frank Ellis of Amarillo who won 17 1/2 points.

Forrest Bove of Hereford was second man in the meet with 11 1/2 points.

The Panhandle boys basket ball team won over Canadian, Ochiltree and Hedley.

The Hereford girls basket ball team won over Farwell and Panhandle.

The Hereford boys won in tennis over Claude, Farwell and Clarendon.

There were sixty three different entries in track, eight entries in tennis; twenty five in spelling; seventy two in declamation and debate; thirty in basket ball.

It should be said, too, that at a

meeting of the County Directors and other officials great pleasure was expressed at the success of the meet this time.

There was particular appreciation of the interest manifested by the Normal and by the town. By unanimous vote of this body it was decided to ask the State Executive Committee of the League to allow this district to meet annually in Canyon on the third Friday and Saturday in April.

This was an important decision for Canyon and the Normal—and every effort should be made hereafter to make the Meet a great event in the life of the community.

It shall be the purpose of the District Executive Committee to enlist all of the twenty-six counties for next year. We are making plans now to enlarge and perfect the work of the organization so that it will mean more and more, from year to year, to this section of Texas.

We wish to thank most heartily the business men of the town and the members of the Normal faculty who so generously helped us with their money and their time.

J. A. HILL, Director General, MARY MORGAN BROWN, Director of Debate and Declamation.

D. A. SHIRLEY, Director of Athletics.

From One of the Judges

That the quality of the performance in the recent declamation contest was decidedly superior to similar performances is the judgment of all who heard it.

The contestants all showed self-possession above the average. Out of all the sixty or seventy declamations to which I listened, but one speaker forgot his lines and that lapse was only momentary, and best of all the contestant did not lose his ease and command of himself.

There was less awkwardness of carriage and more freedom of action and of spirit. The excellence of enunciation was gratifying, sometimes approaching the mature and cultured forms, and many of the speakers showed a deeper, truer sense of appreciation of their selections than is common in declamatory performances.

There are indications the principles of effective and legitimate declamation are becoming better understood.

There is no lack of evidence that all participating in the contest have profited largely by the experience and that the event has been and will continue to be inspirational to the children and to education in the Panhandle District.

CAPT. A. S. HOWREN DIED LAST FRIDAY AT CLARENDON

Captain A. S. Howren died Friday at the home of his daughter, Mrs. W. G. Word near Clarendon.

Captain Howren was one of the old time residents of this section of the state and was well known in many of the communities. Until two years ago he made his home in Canyon.

He had been in bad health for a number of months and had spent a greater part of the winter in California and El Paso. About a month ago he visited a daughter in the mountainous district of New Mexico and the high altitude had a bad effect upon him.

He was taken ill and never fully recovered.

Captain Howren came to Texas after he had served the Confederacy in the war and settled near Georgetown, where he made his home for a number of years.

He was a civil engineer by profession and for a number of years was actively engaged with the Capitol Syndicate in looking after their large interests in this section. During the past few years he has looked after the taxes and renditions for the company.

Captain Howren was a member of the Methodist Church and was a very thorough Bible student. He has always been active in church work.

Captain Howren has eight children who survive him. Their mother died a number of years ago.

The funeral services were held in Amarillo Sunday afternoon. A large number of Canyon citizens attended the services.

RANDALL COUNTY'S QUOTA ON THE NATIONAL RED CROSS DRIVE \$3,760

Manager C. R. Burrow of the National Red Cross Drive received notice this morning that Randall County's quota was \$3,760.

The drive begins May 20 and closes on May 27. Mr. Burrow will have his county organization ready for work by next week.

Randall county will go over the top once more. Watch our people get behind the boys in the trenches in this National drive!

MUSICAL FESTIVAL TO BE HELD IN AMARILLO APR. 29-30

The Fifth Annual Spring Music Festival will be held in Amarillo next Monday and Tuesday.

Charles Harrison, the great tenor will give a recital Monday afternoon. Monday night the local artists will sing, and will be followed by a comic opera "Trial by Jury."

Tuesday morning will be the recital by visiting artists, Hazel Silver of Chicago, soprano, and Frank Agar, baritone, of Ft. Worth.

At four o'clock Tuesday afternoon there will be the Children's Chorus, giving two cantatas, and Madame Lenska in groups of children's songs.

Tuesday night will be the Messiah, sung by the Amarillo, Hereford and Miami Choral Clubs, with Hazel Silver, Madame Lenska, Charles Thatcher and Frank Agar taking the solo parts.

E. F. Myers, director of the festival states that the seat sale is starting fine and the festival promises to be the biggest ever held.

A large number of Canyon people are planning on attending the festival.

Miss Gladys Ellis of Panhandle, who is a student at Wayland College, visited Miss Agnes Goode from Friday until Monday.

WILL ORGANIZE COUNTY CLUB WORK SATURDAY

County Agricultural Agent B. B. Holland will be in Canyon Saturday to organize the school children into the County Club work for the coming year.

The meeting is of very great importance and a large number of children are expected to be present at the meeting.

Men to Army Saturday

The men chosen to go to Camp Travis will not leave until Saturday instead of Friday, as was originally ordered.

Ray Campbell, Pete Hutchinson, William Ford Rippey, Clarence Boehning and August Menke have been notified to appear, and four of them will go.

The local exemption board has received notice to send two more men on next Wednesday, May 1. These men have not yet been announced by the board.

Visit by the Stork

A son was born to Mr. and Mrs. Remer Ballard Saturday. A son was born to Mr. and Mrs. Joe Foster week ago Wednesday. Joe says he sure enough German fighter.

SUBSCRIPTIONS COMING IN DAILY FOR BONDS

RANDALL COUNTY IS OVER THE TOP ON THE THIRD LIBERTY LOAN, HAVING SUBSCRIBED NEARLY \$100,000 MORE THAN OUR QUOTA.

Randall county is in the habit of doing its duty, that really there is no use making a fuss because we have done our duty to the government.

But—we've over the top again, and mightily well pleased that we can announce to Uncle Sam and his partners in the big fight that we, the citizens of Randall County, are with them until Kaiser Bill and his bunch have had the external stuffin' pounded out of them.

Randall county would have been very much ashamed of itself if it had not done its duty.

But the citizens have done their duty and have a right to feel proud of it.

It was necessary to send only a few names to the federal authorities of the men who had not done their part.

Tuesday afternoon the banks sent to the Federal Reserve Bank at Dallas orders for \$62,000 bonds.

Subscriptions since then have brought the total amount up to \$65,000 and bonds of small denominations are being sold every day.

The man who has not done his duty may yet buy bonds. There will be one more week in which all may do their part.

Simply because Randall county has taken its quota is no sign that no more bonds should be taken. Every idle dollar is working for the Kaiser's benefit.

Put that idle money up for Uncle Sam to work with. Randall County's quota was \$55,850.

E. W. Reid Appointed Lieutenant

E. W. Reid has been appointed by Colonel Will A. Miller of Amarillo as First Lieutenant in a troop to be raised from Randall, Deaf Smith, Swisher and Castro counties, which becomes a part of the new National Guard which has been authorized by Governor Hobby for border duty.

Colonel Miller was appointed last Wednesday and within sixty three hours had his officers appointed for the regiment. He reports that recruiting is going on fast all over his territory and will soon be completed.

Lieut. Reid has eighteen men signed up from Randall county for the troop. Colonel Miller states that the infantry regiment will be raised from this section as soon as the cavalry is completed.

Men who are not interested in getting into the cavalry will be given a chance to join the infantry National Guard within a short while.

The new National Guard is no doubt being raised on account of the conditions in Mexico. Men are received from 18 to 45 years of age.

Men in the draft age may join the Guard, but should the Guard not be taken over by the Federal Government by the time they are called by the draft, they must come into the drafted army.

However the experience in the Guard will place any man in line for advancement in the drafted army. Colonel Miller believes that the Guard will be in the Federal service within two or three weeks after mustered into the state service.

Miles Ackerman left Friday for his ship, The Maine, after a few days visit at the parental C. M. Ackerman home.

The service flag for the county was received this morning and is now flying from the court house.

Friday Declared Holiday. President Wilson has declared tomorrow a holiday in order that all communities may bring up their full quotas on the day.

The following telegram was sent out by the Federal Reserve Bank: I call upon you most earnestly to make next Friday, April 26, a day which will live in the hearts and minds of the citizens of your county for all time.

Men will think, talk and write about this most strenuous and critical period in the history of the world. It is only right that we should celebrate the occasion with a manifestation of the National Sentiment.

And that sentiment surely is that America shall win, must win. America is now the hope of the nations.

Civilization and everything that is good and right stands or falls with America. The Star Spangled Banner has stood for much that is good in the past.

It now stands the banner of the world's Salvation. Shall we not celebrate such a fact? Let us unfurl the flag, call the music to our aid, have the children sing hymns of praise to their country and their God.

One last word—practical patriotism is the only kind that counts. May every patriot, in word and sentiment uttered and felt next Friday be joined into a practical response to our country's call for an overwhelming subscription to the Liberty Loan.

Perhaps you will read this message to your good citizens. HOOPES, Federal Reserve Bank.

P. L. BRITAIN DIED TUESDAY IN AMARILLO—BRIEF ILLNESS

The community was shocked yesterday at the news of the death of P. L. Britain in the Amarillo Sanitarium late Tuesday afternoon.

Mr. Britain was taken seriously ill last week and on Thursday night was taken to Amarillo for an operation, which was performed Friday.

From this he seemingly was recovering very rapidly, but was known to be in a very serious condition. Monday it was believed that all danger was passed.

Tuesday morning complications set up and the disease soon took him. Mr. Britain was forty nine years of age.

He came to Canyon a few years ago with his wife and two sons. They had been forced out of Mexico by the revolutions, and decided to locate in Canyon.

Mr. Britain owned much valuable property in Mexico. While here he has engaged in the photograph business and has done a prosperous business.

Roscoe, his oldest son, is now in Tampico, Mexico, where he is employed by the Texas Company. He was home on a visit, just returning a few weeks ago to his work.

His wife and youngest son were with him in Amarillo. Besides these he leaves his father, one brother and seven sisters.

The funeral services were conducted yesterday afternoon at the home of his sister, Mrs. T. H. Kidd, in Amarillo, Dr. E. C. Mobley, pastor of the Christian Church officiating. The funeral was in the hands of the I. O. O. F. lodge of which he was a member.

A number of friends of the family from Canyon attended the services. Interment in the Amarillo cemetery.

Systematic Spending

Practically every individual today is aiming to reduce personal expenses in order to better meet increased living costs and respond more liberally to our Government's call for "fighting" dollars.

In this connection a Checking Account is invaluable.

### THE WAR—AN ANALYSIS.

Let us look into the war proposition a moment and analyze things as they are, not as we hope or want them to be. Here are the outstanding facts—brutal facts, but facts none the less:

On land the Germans are victorious up to the present. On the sea their submarines are sinking two tons of shipping to one ton being launched by all the allies, and neutrals combined.

Regardless of the fact that the allies had several months' notice that the Germans would start their offensive which is now disturbing the nerves of the world, numerous papers in the allied countries lulled the people to sleep by long-winded articles stating that it was a "German bluff," and stating further that Germany could not survive this offensive if they launched it.

In the face of all of this the offensive was launched, and within ten days, at a cost of a half million men, the Germans took back 875 square miles of territory that it had taken the allies two years and the loss of a million and a half men to gain. Can you get any consolation out of that cold, hard fact? I could—if it would arouse you to what we are really facing. The question is, when are you going to wake up? When are you going to throw your childish fancies into the discard, and substitute common sense for hope and reasoning for desire?

Last November I wrote an editorial in which this paragraph was used:

"The white souls of a million American boys will be sacrificed to the gods of war before this world catastrophe will have ended. The entrance of Switzerland into the war is the only silver lining I can see to the cloud of

despond that will envelope the people of the allied countries during the year 1918."

I still stand on the statement.

True, at this writing Switzerland has not as yet entered into the war. It will have to do so, though, before the year is out, because after the offensive breaks against Italy—which it will do about the latter part of June or 1st of July—the Germans will make their next drive on France through Switzerland, thus violating the neutrality of that country, and forcing them into the war. They will do this because, from a German standpoint, that is the logical thing to do; and the German press is busily engaged now in stirring up a feeling of resentment against the Swiss, and preparing the people for the invasion of that country. Now, the offensive against Italy will be launched just so soon as the snow melts in the mountains. That may mean tomorrow and it may mean the latter part of April or May. That offensive will result in the allies having to drop back, lose more territory and thousands of men.

Then God help Switzerland! Now, don't say I am pessimistic. I am most emphatically not pessimistic.

I am simply out of patience with the Soothsayers, the Scribes and Pharisees, who live in the world of dreams and refuse to face facts, as they are and not as they want them to be.

When you wake up, and make your sacrifices gladly and uncomplainingly; when you get it into your head that this war is the only business that counts in the long run; when you decide that another War Savings Stamp is more to be desired than that short auto "spin," when you, Milady, decide to do without those new dresses and purchase a Liberty Bond instead, so that our boys can secure more food and munitions—then, and not until then, will the tide of war turn in our favor.

You say you are only one and don't count? All right; keep on saying it, and the German War Lord will dictate the terms of peace at the council table. This war is the people's war. It is no longer, "What is the Administration going to do?" It is "What are you going to do?" If you are going to believe that the German army has to be driven to the attack with blacksnake whips instead of going into the fight gladly, and fighting like the demons they are; if you prefer to believe those kind of lies instead of believing the truth—then you have allowed the Kaiser to dictate your thoughts for you. If you are going to believe the infernal lie that Germany is on the verge of a revolution, then you are allowing German propaganda to influence you, instead of patriotism. If you are going to believe or think for a minute that the countries of the Central Powers are starving when they have secured five times as much territory as they had at the beginning, and now have the inexhaustible resources of Russia at their disposal—then you are believing just what the rulers of the Central Powers want you to believe, and are laying down on the job just when your country needs your help in every way. If you are going to believe for a holy minute that a country that has spent forty years in preparing for war, and has never as yet had one battle on its soil; if you are going to believe that that country will quit the fight and go home, and allow the allies to dictate the terms of peace—then you have very little sense indeed, and belong in some country where a surplus of brains is not needed to enable you to get by. You are serving the other fellow instead of your country when you believe that kind of dope. Get

that? You say, "What can I do?" You can do this much—you can hit the dirty, sneaking German propagandist in the mouth every time you hear him utter a word in favor of an early peace without victory. An early peace is to be desired if it means victory; but we are a very long way from victory. No victory can be secured for two or three years yet, unless the German war machine breaks down, and the German war machine is not going to break down. So get ready for a long hard war, and make up your mind to endure all the sacrifices that such a war will entail. That is what you can do. Sacrifice gladly. Sacrifice without complaint. Plant more food-stuff; buy more War Savings Stamps; buy Liberty Bonds; swat the Slacker; swat the German propagandist; go to the shipyards and work if you are not producing anything by your labor here. Don't calculate the cost of anything you are doing for your country in dollars and cents, because dollars won't be worth a whoop if we don't win this war, and calculations are therefore useless.

Then, above all things, don't pose as a martyr when you make your sacrifice, because you should be glad to do whatever you have to do for your country and your God.—Bob Johnson in Motley County News.

### FIRST PRICE LISTS ON SEEDS ISSUED

INTERPRETING COMMITTEE REPORTED FINDINGS TO ADMINISTRATOR.

Schedule of Fair Prices Based on Approximate Amount of Seed in State, and Average Cost Prices.

Bulletin No. 1.  
Upon a full and exhaustive discussion of the question of fair prices, wholesale and retail, on saccharine and sorghum seeds, the price interpreting committee for field and agricultural seeds of the Federal Food Administration for Texas has submitted to Administrator Peden a schedule on red top, country run, red top re-cleaned, amber country run, amber re-cleaned, orange country run, orange re-cleaned, Japanese honey drip country run and Japanese honey drip re-cleaned. Administrator Peden, in endorsing the action of the committee, made this notation before affixing his signature:

"These maximum prices are hereby indorsed and approved with the understanding that dealers in position to make lower prices are allowed and expected to do so."

The report and schedule of the price interpreting committee for field and agricultural seeds, consisting of E. W. Cole, chairman; Spurgeon Bell, secretary; Ben E. Clement, F. I. Townsend and Sam H. Dixon, is as follows:

We state that the dealers in the State have on hand approximately the following amounts of field seeds:

Red top country run.....	842,290
Red top re-cleaned.....	1,473,500
Amber country run.....	173,400
Amber re-cleaned.....	370,000
Orange country run.....	253,900
Orange re-cleaned.....	342,500
Japanese honey drip country run.....	25,810
Japanese honey drip re-cleaned.....	29,400

We are informed that these amounts represent 90 to 95 per cent of the stocks now in the possession of wholesale dealers. These supplies, together with the amounts now in the hands of retailers and producers, are believed to be ample to supply the needs of farmers of the State, if properly distributed.

The approximate average cost prices of these seeds as disclosed by the investigation are as follows:

	Per hundred pounds
Red top country run.....	\$9.75
Red top re-cleaned.....	10.50
Amber country run.....	8.44
Amber re-cleaned.....	9.25
Orange country run.....	8.50
Orange re-cleaned.....	9.40
Japanese honey drip country run.....	12.00
Japanese honey drip re-cleaned.....	12.50

The maximum selling prices interpreted by the committee on good average seed for planting purposes are as follows:

	Wholesale	Retail
Red top country run.....	\$10.23	\$11.25
Red top re-cleaned.....	11.02	12.12
Amber country run.....	8.86	9.50
Amber re-cleaned.....	9.71	10.68
Orange country run.....	8.92	9.81
Orange re-cleaned.....	9.87	10.89
Japanese honey drip country run.....	12.60	13.86

The prices apply only to the seeds for planting the 1918 crops.

Bulletin No. 2.  
Texas maize re-cleaned and sacked; kaffir re-cleaned and sacked; feterita re-cleaned and sacked; and Sudan grass re-cleaned and sacked are the field and agricultural seeds which the State price interpreting committee on field and agricultural seeds for the Federal Food Administration for Texas has surveyed as to amounts on hand and determined what fair and reasonable prices are to be asked by the wholesaler, jobber and retailer, in bulletin No. 2. Bulletin No. 1, issued Friday, March 29, covered cane seeds.

Amounts on hand:

	Pounds
Texas (milo) maize, re-cleaned.....	1,998,310
Kaffir, re-cleaned.....	1,639,703
Feterita, re-cleaned.....	407,346
Sudan grass, re-cleaned.....	17,429

The report reads: "These amounts represent over 90 per cent of the stocks on hand now in possession of the wholesalers. These supplies, together with the stocks in the hands of retailers and producers, are believed to be ample to meet the needs of the farmers of the State, if properly distributed."

"The approximate average cost prices of these seeds, as disclosed by the investigation, are as follows:

	Wholesale Price (cost).
Texas maize re-cleaned.....	\$4.00
Kaffir re-cleaned.....	4.03
Feterita re-cleaned.....	6.43
Sudan grass re-cleaned.....	22.66

The maximum selling prices interpreted by the committee on good average seed for planting purposes are as follows:

	Wholesale Retail (Sacked and delivered.)
Texas (milo) maize re-cleaned.....	\$4.40 \$5.00
Kaffir re-cleaned.....	4.48 \$5.00
Feterita re-cleaned.....	7.06 \$8.00
Sudan grass.....	\$4.80 \$5.00

Ice for some mornings past of considerable thickness the 20th. Fears are entertained for the fruit prospects.

Mrs. E. P. Bradford has been confined to her bed five weeks. Unable to assimilate any solid food. Not much change in her condition.

Miss Sybil Fisher has suffered intensely for a week past with mumps. Some improvement in her condition at present.

Misses Eula and Jimmie Knox of Canyon visited with their sister, Miss Viola Knox from Saturday last until Monday afternoon. Miss Viola boards with Mrs. W. C. McGehee.

A most interesting and instructive meeting of the Epworth League was led by Miss Viola Knox Sunday evening.

W. C. McGehee was taken suddenly ill Saturday night, but is now considerably better.

Sunday School at the usual hour Sunday led by M. B. Small, after which he delivered a most appropriate address on several different lines, Red Cross work, Christian Duties and others. It was well received and we trust the suggestions given will be put into practice.

Mrs. Phebe K. Warner, "The Little Woman of Claude" has signified her willingness to give us a lecture on Red Cross work sometime in the near future. We bespeak for her a good audience.

D. L. Adams is making an earnest effort to organize a class for "Elementary Hygiene and Home Care of the Sick." The school is taught by Mrs. Anna Jones of Tulsa. A meeting is appointed for Tuesday night at the church. Much interest is manifested.

J. C. and Miss Ruby Payne accompanied by Misses Knox made a trip

to Canyon Monday afternoon.

A goodly number of our citizens participated in the Liberty Loan Drive Friday. M. L. McGehee, W. L. Fisher, D. L. Adams, J. W. McCreery and M. B. Small, accompanied by Mesdames Levina and Clara McGehee and Alline, G. W. Mayo and Misses Kate Carter, Bonnie Adams and Merle Gillham. Result of the day's drive was \$2250. We all rejoice in their success.

Don't forget praymeeting Thursday night. Services by Rev. Zoro Pirtle Friday and Saturday nights and two services Sunday the 28th.

As a result of getting so cold returning from Canyon Thursday Marvin Sluder has been sick ever since—a most disagreeable cold day.

W. J. and J. S. Sluder made a business trip to Amarillo Monday last returning Tuesday.

(Too late for last week)

J. M. McGehee, accompanied by E. H. Wilson and Martin Hyatt have just returned from a three weeks trip through northern New Mexico and parts of Arizona. Seems to be well pleased with portions of the latter state, which he expects to visit again.

Mrs. Lottie Whittle of Dawn arrived at Wayside the 15th and will visit indefinitely with relatives. At present she is with her cousin, Mrs. Ida Sluder.

Odell Gillham is now attending business college at Tyler.

#### Young School Teacher Shot.

The good people of Bailey and Castro counties were startled Monday, perhaps as never before, by the news of the apparent cold-blooded murder of a highly esteemed young lady school teacher, who taught a small country school about twenty miles west of Littlefield, Texas. The unfortunate girl was Miss Evelyn Monts, a sister of Mrs. J. M. Tilson of Castro county. Mr. Tilson is a son of Representative Tilson. The man accused of the crime by Sheriff Flanagan of Castro County, is John Teal, who moved a bunch of horses into that section a few months ago from the drought-stricken area, farther to the south.

Miss Monts was shot through the right breast with a 45 calibre revolver, the weapon being held so close to her body that her clothing was scorched. A second shot, fired after she had taken a couple of steps and turned, struck her squarely in the back of the head and came out through the front of her forehead.

The tragedy occurred last Sunday afternoon about 5:30 o'clock just in front of the gate leading to the home of a Mr. McCarty, who lives near the school house, and with whom Miss Monts was boarding. Mr. McCarty was in Kansas City at the time, but his family, with Miss Month and the entire neighborhood, had gathered for a Sunday afternoon social at a nearby residence. About four o'clock in the afternoon the party broke up and Teal drove Miss Monts home in his Ford, a little 12-year-old daughter of the McCarty's accompanying them. Arriving at the McCarty home the couple sat in the car and talked. The little girl went on into the house, but in a few moments heard a shot and looked out the door in time to see the girl fall just outside the gate.

Teal called the little girl out, wrote a note, presumably to Mrs. McCarty, to the effect that he had killed Miss Monts and intended to kill himself, then instructed the little girl to go up the road, meet her mother and give her the note. He then got into his car and disappeared.

Sheriff J. H. Flanagan and Justice of the Peace W. R. Woodburn of Dimmitt were called soon afterwards, and left Dimmitt about midnight for

the scene of the murder. Sheriff Flanagan immediately got into touch by wire with surrounding peace officers and asked for aid in apprehending Teal. The Commissioners' Court of Castro county Monday offered a reward of \$250 for the capture and delivery of Teal, dead or alive, and the amount was immediately doubled by subscription of the citizens.

Teal is said to have relatives in Concho, Coleman, Foard and Lubbock counties and is described as about six feet in height, weight 155 pounds, dark complexion, medium dark brown hair, grey eyes. When last seen, he wore a white hat and blue serge suit and was driving a Model 1916 Ford car.

The only motive for the crime that has been put forward is supposed jealousy. Teal is about 25 or 26 years of age, and very little is known of his past. The murdered girl was from a splendid family and held in high repute. The entire citizenship of Bailey and Castro counties are much wrought up over the unfortunate affair.—Hereford Brand.

#### SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yeast is harmless.

**"DOING A BIT"**

The News is getting heartily tired of that expressing "doing your bit." We find that the expression has fallen into use, only by the people are truly doing a "bit"—or rather the very smallest they can in order to keep out of public scorn.

The "bit" type is the woman or woman who is giving a quarter to the Red Cross, where he ought to have given \$25 or \$100.

The "bit" style of woman is one who is doing a minute's work in the Red Cross and boasting about it, or conserving food one day or one meal of the week, and wasting it the other days.

The "bit" kind of an individual is the one who buys a 25c Thrift Stamp whereas he ought to buy a thousand dollars worth of War Savings Stamps.

The "bit" fellow is the one who loudly proclaims he is backing the government—with a \$50 bond—when the stingy devil ought buy \$10,000 bonds.

The "bit" kind of individual is one who walks the streets cursing the German people but refuses to get behind the boys who are facing the German bullets.

The "bit" individual will maintain that America should be only for Americans, but will go immediately and burn up gallons of gasoline in joy riding.

The "bit" individual will give a dollar to the Y. M. C. A. and then burn up \$5 or more tobacco a week.

Christ, while on earth, gave the strongest sermon on the "bit" givers that we have. A bunch of unregenerates were piling a bunch of their surplus gold on the altar, when a poor widow crept up and gently slipped into the plate her last mite. Christ turned to the fat slob and reminded them she had done the best of all. Why? Because she had done her BEST.

The fellow who is doing his best is not going around crowing about it. He is working at the job twenty-four hours a day, and don't require a hand to tell people of it. The "bit" fellow wants the bells rung and the cannons fired whenever he invests a cent in his country's welfare.

Let's convert a few of these "bit" people into BEST people.

The war cannot be won with America doing a "bit".

It's going to take our BEST, and it may take our best for years to win.

If you have been crowing about your little "bit" in the future keep quiet. People know you are only a "bit-or".

Secretary McAdoo uttered in El Paso, which has been taken to mean a declaration to Mexico to straighten up or war will follow. Mexican troops are concentrating in the northern Mexican states. There comes repeated stories of insolence toward Americans and America. It is reported that trenches are being made a little way from the border. All of this, of course, is negotiated by the hundreds of Germans in Mexico, who are making that unfortunate country a base for working up sentiment and a general movement against the United States. There will be no war with

Mexico until it becomes absolutely necessary, but from present indications this country will be forced to clean up Mexico in order to save herself from the insolence of Prussianism.

Randall county is far behind with our quota to the War Savings Stamps. Steps should be taken at once to bring up the quota. Randall county must take \$8800 of these stamps every month to keep up our quota. Let all our citizens get busy now and buy these stamps. They are of as much importance as the Liberty Bonds. To fail in the sale of these stamps would be as much of a disgrace as to have failed in the Liberty Loan campaign or the Red Cross campaign.

Randall county will be ready to go over the top once more when the National Red Cross Drive starts on May 20. Let's make our quota of \$3,760 the first day. No use to put off the work longer. Our boys must be backed up if we expect to win this war, and to lose it would mean that we lost all.

A man was whipped at Miami last week for making remarks about the Red Cross. The citizens tied him to a post and used a wet rope. What should be done with the man who refuses to support the Red Cross according to his means?

May 20 will be a big day in Canyon. Do not forget to come to Canyon on that day. Barbecue dinner, speaking, baseball day. It is the opening day for the National Red Cross Drive.

Ex-governor Folk of Missouri is slated to succeed Senator Stone who died last week. Missouri and the nation will be benefitted by the change of senators.

The enemy alien, registration bill has been signed by President Wilson and all women alien enemies will be required to register within a short time.

Pass the spuds, please—there is a great surplus which will spoil unless the American people use them at once.

Mr. Ivan C. Baucom of Lipscomb, is visiting the Normal this week for the purpose of securing teachers for his school for the coming year.

The following is a report of the activities of the different classes: The Senior class met last week and elected Miss Doris Winkelman as their representative for class day in the commencement exercises.

The Junior class met to elect their representative, but decided to have a contest for the place. Each contestant will deliver an oration on Italy. The contest will be held Saturday, May 4.

The Sophomore class will elect their representatives in the same way. Their contest will be held Saturday.

On last Thursday evening the Inter-Normal debaters were delightfully entertained in the home of Mr. and Mrs. J. A. Hill. A delicious six o'clock dinner was served after which came the hour of story and music. Those present were Chase L. Condry, Mody C. Boatright, William Gibson, Robert Hill, Melvin Roberts, Burr Myers and Misses Brown and Ritchie.

## Mlle. Augusta Lenska

Mlle. Augusta Lenska is at home in Cape Colony, South Africa. It was in London, where she had been sent to complete her education, that her voice attracted the attention of some prominent musicians and they predicted what has since been amply realized.

The exceptionally warm timbre, the extraordinary range, power and flexibility of Mlle. Lenska's voice, in addition to her truly artistic temperament, refined taste and excellent method of singing, have secured her the sympathy and appreciation of her audiences in the various parts of the world where she has had occasion to sing. Mlle. Lenska is not only vocally and histrionically a highly esteemed Grand Opera Prima Donna, but also as a concert and oratorio singer she has received highest praise from such distinguished authorities as Henri Cain, the collaborator of Massenet.

Mlle. Lenska began her musical education in Brussels and subsequently went to Berlin, where she studied with the famous baritone, Karl Meyer.

Her decided success at her debut as Ortrud in New York, October, 1914 proved that the American public agrees with the praise that Europe and South Africa bestowed upon this unusually gifted artist.

## CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

### Rogers Makes Statement

I wish to make a statement of facts to those who are telling that I scattered small pox and allowed Paul to do the same.

All my folks except myself had the small pox six or seven years ago and when Paul was taken same three weeks back we called the doctor and he said Paul did not have the small pox, so we were not quarantined.

After Paul got well I was taken sick, had fever two days, got up and was called to come to town at once; I told the party over the phone I was not able to come; he said it was necessary, that he could not find the sheriff, so I went. While in town Mr. Shelnutt said: "I believe you have the small pox," so I went home and called Dr. Wilson and asked him if I had the disease. He said I did and quarantined us, and I was not in town again until Dr. Wilson came and let us out and fumigated the place.

### CAPTAIN COE OF THE CANADIAN ARMY SPOKE YESTERDAY

The Normal auditorium was filled yesterday afternoon to hear Captain Coe of the Canadian Army, who was on a tour of the Eleventh Federal Reserve Bank District in the interest of the Liberty Loan.

The Captain urged that the citizens go over the country carefully and smoke out the fellows who are not buying bonds as they should—just as they do in France after a battle, going out with smoke bombs to get the enemy in hiding.

Captain Coe spoke for nearly an hour, telling his experiences while for three years he fought with the Canadians on the Western Front. He was badly wounded and is in America on a furlough. He expects to be back in France about the first of July.

Captain Coe recited the conditions of fighting on the western front and vividly pictured what our boys and the other allies are doing and the kind of men they are fighting in the German. His story was enough to make any red-blooded American redouble his efforts in putting to an end the terrible carnage that is going on in Europe.

The public schools were dismissed and the business houses closed for the time of the speaking.

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Doctor Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical time of life; in bearing-down sensations, periodical pains, ulcerations, inflammation, and kindred ailments, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper. All druggists. Liquid or tablets. Tablets, 60 cents. Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cents for trial package.

**MOODY, TEXAS.**—I gladly recommend Dr. Pierce's Favorite Prescription and the Lotion Tablets. I believe I would be in my grave if I had not used these medicines. I was so nervous I was a wreck; was not able to do my housework. Dr. Pierce's Favorite Prescription was recommended to me. I had taken it but a day until my nerves were quieted down and I could sleep at night. I had not taken more than half a bottle before I noticed a marked improvement, so I continued. I then got stout and did as much work as five other women. I had a hurting in my side and a bearing-down, but the medicine put a stop to that. I am glad to recommend Doctor Pierce's medicines.—Mrs. GEORGIA BERRY.

**Sheep Raising in Hale County.**

The Texas Land & Development Co. yesterday shipped 1,600 fat lambs to the Kansas City market. They averaged 82 pounds and on Saturday's market have brought \$20 each. The market has gone up 4 1-2c a pound within ten days.

Farm Adviser P. B. Barber and a Mr. Brush went with the sheep.

Mr. Barber said these lambs have been fed ensilage, corn and alfalfa since January 1st. He says there is no animal that can be raised on the Plains that will come anywhere near the sheep for profit. It's possible to make 100 per cent profit in a year.

The syndicate now has 2,600 ewes on the Pioneer Park farm, and nearly 1,000 lambs have come within the past three weeks. These ewes are being pastured on alfalfa.—Plainview News.

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

**YOUR DOLLAR MAY DECIDE**

Don't ever get it in your head that YOUR dollar isn't needed. There may be a disposition to consider that each fellow's bond purchase is lost in the big general shuffle, that he cannot see the immediate and practical strength of his individual effort. This idea is all wrong. Each dollar does its specific duty and does it now, when every energy is needed to stem this tide that is bending civilization double.

Every dollar now, is worth two presently toward stopping the war.

Wouldn't it be a satisfaction to you, as a red-blooded American, to know that you had bought the shell that had blown up a submarine—or your rifle in the sniper's hands, had picked off a Prussian officer? Cannot you imagine the gratification you would feel that it was your shell that had blown a German trench into kingdom come?

Your bond will feed your son, or some other patriotic American's son, for one whole year, over there in shell-torn France and Belgium.

Close and strict co-operation is now the watchword among the Allied armies in Europe, and it must likewise be the slogan that governs us at home in furnishing the sinews that makes progress at the front possible.

Here are some of the vitally necessary things your money will buy:

**FIFTEEN HUNDRED DOLLARS WORTH OF LIBERTY BONDS WILL:**

- Buy a motor ambulance
- Buy a five passenger motor car for a machine-gun battalion.

**TWELVE HUNDRED DOLLARS WORTH OF LIBERTY BONDS WILL:**

- Provide horses to draw a gun in an ammunition train.

**ONE ONE THOUSAND DOLLAR BOND WILL:**

- Buy an X-ray apparatus outfit
- Buy six cases of operating instruments for a base hospital.

**EIGHT ONE HUNDRED DOLLAR BONDS WILL:**

- Furnish four mules to draw an ambulance.

**ONE FIVE HUNDRED DOLLAR BOND WILL:**

- Supply bicycles for the headquarters company of an infantry regiment.

**FOUR ONE HUNDRED DOLLAR BONDS WILL:**

- Buy an X-ray outfit.
- THREE ONE HUNDRED DOLLAR BONDS WILL: Cloth a soldier and feed him for one year in France
- Buy a motorcycle for a machine-gun company.

**TWO ONE HUNDRED DOLLAR BONDS WILL:**

- Buy a cavalry horse
- Buy an ammunition mule
- Buy a horse for the captain of a machine-gun company
- Buy a mule to draw a water cart.

**ONE ONE HUNDRED DOLLAR BOND AND ONE FIFTY DOLLAR BOND WILL:**

- Cloth and equip an infantry soldier for service overseas.
- Feed a soldier for a year.

**ONE ONE HUNDRED DOLLAR BOND WILL:**

- Cloth a soldier
- Feed a soldier for eight months
- Provide five rifles
- Provide 30 rifle grenades
- Provide 45 hand grenades
- Provide 25 pounds of ether
- Buy 145 hot water bags
- Buy 2000 surgical needles.

**ONE FIFTY DOLLAR BOND WILL:**

- Provide trench knives for a rifle company
- Buy 23 hand grenades
- Buy 14 .ife grenades
- Buy 37 cases for surgical instruments.
- Buy 10 cases of surgical instruments for officers' belts.

**WONDERFUL STUFF! LIFT OUT YOUR CORNS**

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between, the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

**Poisoning the Minds of German Children With Hatred.**

A remarkable contrast between the sublime and spiritual tones of the letters of the maidens of France to the maidens of America on page seven is found in this letter from a German school girl to a friend in Switzerland which was published in The Princeton Alumni Weekly a few weeks ago.

Frankfort-on-Oder, 20th July, 1918. My Dear Louise:

The contents of your last letter would have hurt me had I not known that your thoughts of our glorious war resulted from sheer ignorance.

It is evident that you, a Swiss girl, with your French sympathies, cannot understand how my heart, the heart of a young German girl, passionately desired this war. Speaking of it some years ago, my father said to us: "Children, Germany is getting too small for us; we shall have to go to France again in order to find more room." Is it our fault if France will not understand that more money and land is necessary for us?

And you reproach us that our soldiers have been very cruel to the Belgian rabble, and you speak also of the destruction of Rheims, and of the burning of villages and towns. Well, that is war. As in every other undertaking, we are past masters of war.

You have a great deal to learn before you can come up to our standards, and I assure you that what has been done so far is a mere bagatelle

compared with what will follow.

As a matter of fact there is but one race worthy of ruling the world and which has already attained the highest degree of civilization. That race is ours; the Prussians are undoubtedly the lords par excellence among the Germans.

All other nations and among them, unfortunately, the Swiss, are degenerate and of inferior worth. That is why I have always been so proud of being a true Prussian.

Yesterday, again, our pastor explained to us convincingly that our first parents, Adam and Eve, were also Prussians. That is quite easy to understand, because the Bible tells us that the German God created all after his own image. If then, all men are descended from Adam and his wife, it follows that only Prussians, or at least Germans, ought to exist in the world, and that all who push on and prosper ought to belong to us. You must admit that is logic and that is why our motto is, "God with us, Germany above everything."

You know now why we wished this war. Is it not shameful that other nations, who have no right to exercise on the earth, wish to diminish our heritage? We are the divine fruit, and the others are only weeds. That is why our great Emperor has decided to put an end to all these injustices and to extirpate the weeds. Do you understand now?

I remain your school friend,  
KATIE HAMEL,  
(Daughter of the State Councilor of Architecture).

**Day of Grass Leases Passing.**

We remember that a few years ago there was plenty of grass land to be had at five cents an acre, now it is hard to find at forty. If we read the signs right, it means that in a few more years cattlemen will be forced to own their grazing land, as grass leases will be a thing of the past. It means also that this section is to be settled up by thrifty farmers with small herds that can be taken care of on their premises. It means, further, that there will be nothing but the highest and best grades of cattle. There is still money in cattle, but there is more and safer money in land.—Dalhart Texan.

*The Most Beautiful Car in America*

The Final Proof of Quality

In these days a man must exercise intelligent judgment in the administration of his personal affairs. When he buys shoes, he must buy good shoes—for the very simple reason that poor shoes are frightfully extravagant. When he buys a motor car, he must buy a good car—for the same reason.

If you care to make a little investigation of the used car markets, you will discover the final proof of Paige quality. For it is a matter of record in fifteen of the principal cities that Paige used cars bring a higher price—proportionate to first cost—than any other American automobiles.

## FURLOUGHS ARE TO HELP FARM WORK

WAR DEPARTMENT INTENDS TO LET ENLISTED MEN GO HOME TO SOW AND HARVEST.

### HOW TO MAKE APPLICATION

Many Drafted Men Have Been Excused Under Vocation Provisions—Trade Tests Used to Secure Skilled Workers for Army.

(From Committee on Public Information.) Washington.—For the purpose of augmenting agricultural production it is the intention of the war department to grant furloughs to enlisted men to enable them to engage in farming during the present season. Commanding officers may grant such furloughs within prescribed rules whenever it appears they will contribute to increased farm production.

Furloughs may be given by commanding officers of posts, camps, cantonments, divisions and departments. They will be for short periods, largely for seeding and harvesting time. They will not be granted to enlisted men of or above the grade of first sergeant, nor in an organization that has been ordered to move or is in transit from points of mobilization or training to a port of embarkation. All furloughs granted will be recalled and the men ordered to their organizations when they have received preparatory orders for duty overseas.

Furloughs granted for farm work will be without pay and allowances, except that enough pay will be retained in each case to meet allotments in force on the day of the order, war-risk insurance, and pledges on Liberty bonds.

For specially qualified experts in agriculture furloughs may be granted by the secretary of war upon application by the secretary of agriculture, providing such furloughs are voluntarily accepted by the persons for whom application is made.

Individual applications for furloughs submitted by relatives will be on a form to be furnished by local draft boards. Two sections are to be made out and presented to the local board, which then complete the form.

If the furlough is granted the application will be filed by the commanding officer and a certificate furnished the soldier. If not granted, the application will be returned with reasons for disapproval.

If the soldier initiated the application he will give the name of the person for whom he desires to work, from whom will be ascertained the need for farm service.

Furloughs may be granted en bloc to men who are willing to accept them, upon requests of farmers, when time consumed in traveling from the post to the place of labor will not exceed 24 hours. In making these applications farmers will use a form of the provost marshal general's office, also going to the local board.

Under provisions of the selective-service law making specified vocations a ground for exemption or discharge, apart from the "necessary industries" dealt with by the district boards, 67,716 men were excused from military duty.

Of the men exempted, 1,665 were federal or state officers; ministers, 3,976; divinity students, 3,144; in the military and naval service, 47,822.

County and municipal officials numbering 889 were discharged; custom-house clerks, 171; mail employees, 1,476; arsenal workmen, 2,358; federal employees designated by the president, 1,777; pilots, 1,772; mariners, 2,666.

The alien property custodian has been given power to sell, at private sale without advertisement, enemy-owned live stock, feed or food stuffs, hides and other animal products, agricultural products, fertilizers, chemicals, drugs, essential oils, lumber, cotton, tobacco, furniture, books, glass and china ware, wearing apparel, jewelry, precious stones, pictures, ornaments, bric-a-brac, objects of art, raw or finished textile materials, trunks, boxes, partially or completely manufactured metals, fabrics, rubber and rubber products, and all kinds of merchandise, in lots having a market value of not more than \$10,000.

Such sales may be held at places and under conditions prescribed by the alien property custodian.

Federal reserve banks are to rediscount notes secured by farm tractors, according to the department of agriculture. Instructions have been issued to all federal reserve banks authorizing them to rediscount tractor paper presented by any member bank, provided it has maturity not exceeding six months and the tractors are purchased for agricultural purposes.

In Oklahoma, county councils of defense are securing pledges from automobile owners to furnish transportation to speakers for community councils. The pledge provides that the chairman of the county council may hire a car at the expense of any signer who fails to furnish transportation at the time promised.

Investigations by the department of agriculture in 15 states show that of a total of 6,836,492 sheep, 34,683 were killed by dogs in one year and were paid for by the counties.

To increase the accuracy of selecting skilled workers among the enlisted men a system of trade tests has been developed. Exact and comprehensive definitions of the more than 600 different trades represented in the military organization have been brought together in a 300-page book, "Trade Specifications." Tables have been prepared showing the detailed needs of each unit for skilled and semiskilled workers. Work has been done in refining methods of selecting and training men for special duties in the navy, special service regarding selection of aviators, assistance to provost marshal general on the questionnaire, and assistance rendered the surgeon general for general intelligence tests for enlisted men and officers.

The war-service exchange of the committee on classification of personnel answers inquiries of persons desiring to serve the army. It informs the department of labor of the needs which the war department has for men.

The committee on public information has made public editorial comment in the German press on the revelations in the Reichstag main committee in connection with investigations of the Daimler Motor Works. It was shown that the Daimler company was earning 173 per cent profit per annum, the company's sworn statement placing the profits at 11 per cent, and while the company was earning 400,000,000 marks monthly in excess of its peacetime profits it had threatened to reduce output unless higher prices were paid. The Berliner Tageblatt (Liberal), said:

"Energetic action of the authorities and the Reichstag is demanded. Such enterprises as the Daimler firm are not compelled to submit books for inspection, while every little trader selling vegetables must show his profits. We demand government confiscation of illegal profits and, if necessary, state control."

Vorwärts (Government, Socialist), said:

"The Daimler revelations will hardly occasion the same surprise in financial circles as among the masses. The Daimler company's purpose was not to deceive the financial world, but the authorities, so that its real profits might be kept from the public's knowledge. The company reckoned upon the commercial ignorance of the government and this experience shows that such reliance is usually justified."

Attention of fertilizer manufacturers and dealers has again been called to the necessity of taking out federal licenses.

All fertilizer manufacturers, including mixers, even though their output may be small, are required to take out licenses. Agents and dealers doing exclusively a retail business, whose gross sales do not amount to more than \$100,000 a year, are not required to take out licenses or to make applications for blanks. However, any retail dealer or agent, whose gross sales amount to more than \$100,000 and who does not apply for a license, is liable under the provisions of the act of congress providing for the governmental control of the industry.

Application for license should be made to the law department, license division, United States food administration, Washington, D. C.

American soldiers and sailors in German prison camps prior to April 12, 1918, will not be deprived of their rights to war-risk insurance because of inability to make personal application, provided such application is made in their behalf.

According to a statement by the secretary of the treasury, applications for insurance may be made in behalf of such prisoners by persons within the permitted class of beneficiaries under the military and naval insurance law. This class includes wife, child, parent, brother, or sister. Application should be made to the bureau of war-risk insurance, at Washington, D. C.

The health of troops in the United States continues very good, according to a recent report to the surgeon general of the army by the division of field sanitation. Admission, non-effective and death rates are somewhat higher than last report, due chiefly to prevalence of influenza and bronchitis with complicating pneumonia, in many of our northern camps.

National Guard camps, as a group, continue with remarkably low rates. Very few new cases of measles and meningitis have occurred.

National army camps continue to have high sick rates as compared with camps of other groups, though the rates are lower than last report. Scattering cases of measles are reported from all camps.

Field and garden seed are unconditionally exempted from all embargoes, according to the department of agriculture. Instructions are issued to all railroads to do everything possible to expedite the movement of seed.

Over 200,000 applications for insurance by officers and enlisted men of the naval service had been filed by March 31. The average amount of insurance on each policy was about \$7,300, making a total of more than \$1,500,000,000. Payments on war-risk allotments are now about \$1,000,000 a month.

Wednesday, April 3, was a peak day in sales of war savings stamps, when \$4,120,932 was recorded at the treasury for the day's receipts from stamp sales.

I cannot Praise Your Wonderful Medicine Peruna Enough

Earthquake in California. Los Angeles, Calif.—Nine earthquake shocks, severe in intensity, which began Sunday at 3:32 p. m. and extended over thirty hours, appeared Monday night to have completed their work of destruction, causing property damage roughly estimated at half a million dollars. Thirty hours of anxious waiting brought no further news of damage in all of southern California, which suffered most, or western Arizona and Utah, slightly affected, other than was previously reported. Hemet and San Jacinto, twin towns of the broad valley between the San Jacinto and Santa Ana ranges, were half wrecked in their business sections and had their 400 homes jolted and jarred.

Turned His Sheep Back Home. While no official record was kept local estimates placed the rainfall Monday at a good half-inch, sufficient to bring out the grass. Things in the stock line immediately began to pick up, and cowmen were busy talking "swaps" and trades. An enlightening feature of the day was the fact that W. H. Gilbrith of Castro county had driven in 3,000 head of sheep for shipment to his ranch in Colorado on account of growing scarcity of good grass. After the rain Mr. Gilbrith purchased five "sickers" in Hereford for his crew and turned the heads of his flock of sheep back to Castro county. He explained that the rain would be ample to insure his grass. Mr. Gilbrith has a fourteen section ranch leased in Colorado. —Hereford Brand.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Sold Yearlings At \$40 Per. W. J. Francis and J. A. Cooper, of Kenna delivered 142 steer-yearlings Wednesday that they sold to Ernest Cary for \$40.00 per head. Mr. Cary shipped them to Colorado.—Roswell Weekly Star.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

### Coming of The Sunbeam

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

Too much cannot be said for a wonderful preparation, familiar to many women as Mother's Friend.

It is more effective in its action than all the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon the cords, tendons and muscles of the abdomen, rendering them pliant, and they expand gracefully without that peculiar wrenching strain.

The occasion is, therefore, one of unbounded joyful anticipation and too much stress cannot be laid upon the remarkable influence which a mother's happy prenatal disposition has upon the health and fortunes of the generations to come.

The pain at the crisis is infinitely less when Mother's Friend is used during the period of expectancy for the muscles expand easier and with less strain when baby is born.

Mother's Friend is for external use only, is entirely safe and may be had of your druggist. It is prepared by the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga. Write them to mail you their interesting "Motherhood Book." They will send it at once, without charge, and you will find it very helpful. Do not neglect for a single night and morning to apply Mother's Friend according to directions around the bottle, and thus fortify yourself against pain and discomfort.

### TEACHERS ELECTED TO THE PUBLIC SCHOOL FOR NEXT YEAR

The trustees of the Canyon Independent School District met Saturday night and elected teachers in the public school for the coming year as follows: Misses McMillon, Johnson, Johnson, Rowan, Fronabarger, Thorpe Rogers.

The question of discontinuing the 10th and 11th grades of the public school was not finally settled, but little opposition has arisen over the matter. As soon as one of two questions have been fully decided upon, the order will be made.

#### Denton Recital.

Augusta Lenska of the Vienna Opera, and last season of the Boston Century Opera Company, came to us practically unknown, and left us many warm friends after the program of extraordinary brilliance. Miss Lenska's voice is a full contralto of wide range and lovely timbre, flexible and finely expressive. But she has more than her voice; she has temperament and a true artistic appreciation of tonal effects. One could have wished so beautiful a voice might have given us more of the German Lieder, of which there are too few heard in the Southwest.

#### New Manager at Olympic.

A. L. Maxwell has taken charge of the Olympic, as O. S. Scott will leave next week from Tulsa for the army. Mr. Maxwell comes from Amarillo and is an experienced business man. The people regret very much to see Mr. Scott leave, but his country has called, and none there are who would detain him from his duty.

#### Flesher to Houston Saturday.

The food administration has called all County Food Administrators to Houston Saturday to meet Herbert Hoover, who will tell the County Administrators what will be expected of Texas during the coming year. County Food Administrator C. R. Flesher will go to the meeting.

#### Attended Presbytery.

Those attending the Presbytery in Amarillo last week were Rev. Stapleton, Mesdames Ackerman, Ridgeway, Croson, Burrow, Word, Winkelman, Graddy and Archambeau.

Mrs. Ackerman was re-elected as secretary of the woman's work and Mrs. Burrow was elected secretary of the young people's work.

Anyhow, the war has made an end of the complaint that all the professions are overcrowded and justified the sometimes dubious assurance that "there's always room at the front."

### STOP LOSING CHICKS FROM DIARRHOEA

PUT THIS IN THE DRINK WATER

Some people lose half of every hatch and seem to expect it. Chick cholera or white diarrhoea is the trouble.

This loss is needless and easily stopped, by putting Avicol in the drinking water. We prove it by this offer:

Call at our store for a 25c or 50c package of Avicol. If you don't find that it promptly stops your chicks dying, cures white diarrhoea, blackhead in turkeys, and all other bowel diseases of poultry, your money will be refunded.

Avicol revives the drooping chicks and helps them grow and develop rapidly. Shows positive results in 48 hours. Easily used and inexpensive.

#### Her Flag.

"Miss Small, there is only one chance for you to live. We have done all we can for you. Now you must do something for yourself or you will die." The doctor's words were spoken to a pale girl who looked up into his eyes indifferently and said, "I do not want that chance, Doctor, I want to die."

The doctor shifted his weight from one foot to the other impatiently.

"That's the trouble," he said as he seated himself by the side of the bed and continued persuasively.

"I want you to tell me, Miss Margie, why you have come to such a rash conclusion?"

A tear trickled down Margie's cheek.

"What is there for me to live for?" she asked. "Was I not suspended from school last week? It was for only a few days, I know, but I could not endure going back. I can see now where it was right for me to be punished, but I did not realize then that I was doing wrong. I was ambitious for a good education then, but now I do not care. After I had been suspended, did I not come home, or rather to this room, only to be told that they had been killed, my only relative and brother, and Max who was all to me? Both of them are gone now. My good name in school is gone. Everything is gone!"

Margie was sobbing softly. The doctor was deeply moved. He dashed the tears from his eyes, cleared his throat, and sat in deep thought for a minute. He could not let her die! He must do something! Pointing his finger towards a flag which hung on the wall by Margie's bed, he said, "Look here, little girl. What does that flag mean to you? Is there not yet something for you to live for? Why was it that your brother and your sweetheart went over the top? Are you content to die at a time like this when everybody's help is needed so badly?" The doctor could say no more. He strode from the room leaving his patient sobbing distractedly.

Some minutes had passed when the sound of someone playing the piano reached Margie's ears. She became more quiet, and then held her breath for an instant as she realized that "America" was being played. Her eyes wandered towards the flag and dwelt there. Slowly the realization came to her of what it stood for. From "America" the music merged into "The Star Spangled Banner." Margie's heart beat wildly! With difficulty she raised herself to a sitting position; stretched out her hands and cried impulsively, "My flag, I do not want to die now. I will not die! My grief shall be borne bravely. I, too, will sacrifice my all in behalf of my country; in behalf of all that is pure and brave and true."

—Mattie Kirk.

#### Big Ranch Deal.

One of the largest cattle deals of the season was made last week when J. I. Steele sold his entire herd to Bud Bennett of Texhoma and George Robinson of the Robinson-Hoover Commission Company, of Kansas City, who also leased the Steele lands consisting of about 13,440 acres, located on the Palo Duro, in this county. About 1,500 head of cattle changed hands in the deal and we understand the price paid was in the neighborhood of \$80 around. The new owners have taken charge of the ranch and the cattle were counted out the first of this week. Mr. Steele reserved the ranch headquarters and about a section of pasture land, but intends to travel considerably during the next few years. Iry says he and Mrs. Steele want to take a rest from the arduous duties of ranch life.—Hansford Headlight.

Anyway the shortage of sugar will teach some folks how good many things taste without it.
