

A Class in Elementary Hygiene and Home Care of Sick

(Local Red Cross Organization).

A class in Elementary Hygiene and Home Care of the sick has been organized by the Randall County Red Cross Chapter.

Miss Rambo, chairman "Nursing Service Unit," of Randall county Chapter; Mrs. Anna Schafer Jones of Tulia, instructor; chairman of publicity committee, Miss Elva Fronabarger; chairman on arrangements, Mrs. Browning; secretary of class, Miss Leah Cochran.

The class will meet on Mondays and Saturdays from two till five o'clock at the Normal building. This course consists of fifteen lessons and the fee is \$4.25, distributed as follows: fifty cents for certificate, seventy-five cents for text book and three dollars to defray the expenses of the instructor.

Every girl who wishes to care for the sick and wounded soldiers, or who expects to have a home of her own some day would profit greatly by taking this course. Mothers also would find it of much value in the care of the sick in the home, for soon one-fourth of the medical staff of each county will be called into the war service, and we must care for our own sick.

Many have asked about the value of this work and the work that will follow it. On completion of this candidate may enter the army school of nursing, by applying to the instructor for application blanks. After

Lieutenant Griffin in France

Mrs. S. R. Griffin received a cablegram yesterday that Dr. S. R. Griffin had arrived safely in France. He is doing work in the Medical Corps.

Two cards from Ben Winkleman this morning state that he is on his way. A card from Birmingham, Alabama said "We have gotten this far and still going. Have lots to eat and lots of fun." The other card was mailed in Washington, D. C., and said, "We passed by the White House today."

It is reported in today's dispatches that Quentia Roosevelt was killed in battle with two German airplanes. It would take the lives of one hundred thousands Huns to pay America for the sacrifice of one brave boy.

Mrs. Everett Conner and Boone Moreland went to Amarillo Saturday to spend a few days.

L. Bader and wife left Saturday for Seattle, Wash., where they will visit with their children for some time.

these have been approved the candidate will be assigned to various camps and other hospitals, as may be determined by the Dean of the army school of nursing.

The course extends over a period of three years. Out of this period a vacation of one month each year in the school will be granted. The hours of duty in the ward will not exceed eight hours daily.

To be eligible to the School of nursing, candidates must be between 21 and 35 years of age, in good physical condition, and of good moral character. They must be graduates of recognized high schools or present evidence of an education equivalent.

No tuition fee after this preliminary course is required the students will be provided with board and books and lodging during the course. They will have to provide themselves with a uniform. An allowance of \$15 monthly is given to meet other expenses. The student may withdraw from the school at any time.

Some have gained the impression that all the work must be done in Washington City. But from the above it may be seen that it is done in the various army hospitals under the direction of the army school of nursing. After graduation from this school the student becomes a member of the Regular Army Nurse Corps, no matter where the work was done.

No girl or woman is eligible for overseas duty as a nurse who has a brother, father or husband in the service.

It is hoped that many more will take advantage of this course now offered by Mrs. Gores. Several divisions of the class will be made to meet the needs as the class grows.

Red Cross Work Hours

Beginning Monday, July 22, the Red Cross work room will be open only in the afternoon, until further notice.

The work of Red Cross chapters has been so systematized that the Division headquarters have been able to assign to each chapter a quota of work. Our quota of sewing for the next three months is comparatively small while that of knitted goods, socks and sweaters is heavy, and will require the greatest zeal from our knitters. Many women have been transferred from sewing to knitting and still there is thread for more knitters. It is the desire and aim of the National Red Cross to supply every man going to France with these knitted garments. Hence, they urge that definite hours each day be devoted to knitting.

Chapter workers are particularly urged to be careful with ordinary sewing needles, as they are very scarce at the present time and it is difficult to secure them. The following ladies will be in charge of the work room each afternoon in the week:

Monday—Mesdames Allen and Ballard. Tuesday; Jenkins, Coss and Cousins. Wednesday; Wilson and Stafford. Thursday; Burrow and Brandon. Friday; Winkleman and Ackerman. Saturday, Terrill and Angel.

Call Meeting of Women

There will be a meeting of the Texas Woman's Democratic League in the District court room at eight o'clock Friday evening. All women voters of the county are urged to be present.

Presbyterian Announcements

Sunday School classes for all ages at 9:45 a. m.—J. M. Reid, Supt. The pastor's subject at 11 a. m. will be: "The Hyphenated Heart." Owing to the Chautauqua opening, there will be no evening services at the church. J. S. Stapleton, pastor.

County Court in Session.

County Court met this week with the trial of W. Wilson vs. K. E. Bain and wife for suit against commission. The jury were unable to agree and the case will be continued.

Will S. Merritt of Merkel has been visiting her daughter Mrs. J. C. Baker for several weeks.

HEAD OF VIOLIN DEPARTMENT IN STATE UNIVERSITY

Miss Corinne Hamill Given Honor.

To be chosen head of the violin department of the state university summer school was the honor conferred upon Miss Corinne Hamill, daughter of Mr. and Mrs. A. W. Hamill of Iowa City. During the absence of the head of the department, Mrs. Helen Katz obsen, Miss Hamill, a senior student under Mrs. Robsen, was asked to assume the position for the summer school term.

Miss Hamill was formerly a violin student at Drake under Miss Georgine Van Aaken, and is well known in Des Moines, where she made her home for one year.

During the past year at Iowa she has acted as violin soloist for the Men's Glee club at several of their concerts. She is a Delta Delta Delta and Omega Delta sorority girl. —Des Moines Register.

The many friends of Miss Corinne Hamill will be glad to know that she has been chosen head of the violin department of the University of Iowa. She has many friends in Canyon that congratulate her upon receiving the place.

Miss Hamill has played in the Normal auditorium on various occasions also at the several churches in the town, and all who have heard her will recall with pleasure the wonderful expression of her sweet nature through the medium of her violin. She is the daughter of our townsman, A. W. Hamill, who is associated with C. O. Keiser, and niece of Mrs. C. O. Keiser, she has visited in Canyon on several occasions.

Leslie Nobles Case Dismissed.

The case of the state of Texas against Leslie H. Nobles, charged with criminal assault, has been finally dismissed. It is stated that most of the male witnesses in the case have already been drafted and are now not in the jurisdiction of the court and that the state's principal and only witness by which to establish a prima facie case, has since married the defendant, which condoned the crime for which the prisoner was held and forever sealed her lips from offering testimony against him.

COME TO CANYON TO LIVE.

FERGUSON IS DEFENDED BY JUDGE FRED COCKRELL

Speaks Here Monday Afternoon.

On Monday afternoon at two-thirty Judge Fred Cockrell of Abilene made an address in defense of James E. Ferguson. There was a good crowd that gathered at the Court House to give him a hearing.

Judge Cockrell spoke in behalf of the candidacy of James E. Ferguson for governor and offered defense of his record when he previously held that office. The crowd was a quiet one from first to last.

Mrs. J. M. Stevenson, sister of Hon. Fred Cockrell, was dated to speak but on account of illness was unable to do so.

Mr. Cockrell launched upon a defense of Ferguson's attitude toward the University, going at length into the details of his controversy with the regents of that institution.

He sought to defend the candidate in his refusal to divulge the source from which he obtained \$156,000 during his incumbency as Governor.

He then criticized Governor Hobby with reference to his participation in the famous A. & M. college location squabble, which precipitated the impeachment of Governor Ferguson.

Will Speak on Woman's Suffrage

Judge B. Frank Buie will speak at the Court House Saturday evening at 9:15 o'clock on the subject of "Woman's Suffrage—It's Duties, Responsibilities and Hopes." Judge Buie has the interest of no political candidate to promote in his speech. His object is chiefly to go into the principles involved in the Woman's Suffrage. Judge Buie is qualified to explain this important subject with profit to all who hear him. The ladies of the community are especially invited to hear him.

Methodist Announcement

Sunday School—9:45. Preaching, 11 o'clock by Presiding Elder A. I. Moore. Epworth League—7:45. Other announcements will be made at 11 o'clock service Sunday. The 3rd Quarterly Conference will be held at the Church Saturday evening, July 20th, at 8:45. Everyone cordially invited to all our services. R. A. STEWART.

Randall County Quota of 18 Men to Leave Monday

Local Boards Complete Classification.

The work of the Local Board this week has consisted of the classification of the boys who have just become twenty-one years of age since last June. All the boys that did not claim exemption were placed in Class 1A. No physical examinations have been taken yet with the exception of two or three who expect to be inducted into the service.

The following are the men called for July 22:

- C. O. Edwards, Canyon, Texas. Fredrick Menke, Amarillo, Texas. Glen R. McGahey, Canyon, Texas. Raleigh Liegh, Canyon, Texas. Carl Hugo Fehr, Happy, Texas. Clifford Bellas, Happy, Texas.

Arrell Gideon, Canyon, Texas.

- Frank Bedink, Wildorado, Texas. Paul Jerome Richards, Canyon, Texas. Harold Henry Boehning, Canyon, Texas. William A. Beckman, Elgin, Illinois, Route 1. Otto Skarke, Canyon, Texas. Edwin Augustas Jones, Happy, Texas. Samuel N. Roles, Canyon, Texas. Joseph Clinton Bybee, Canyon, Texas. Nathan Hubert Simpson, Canyon, Texas. Rector Lester, Canyon, Texas. W. S. Clouch, Canyon, Texas. Walter Daniel Hardin.

Rain Tuesday Night

The much needed rain fell on Tuesday night. Reports seem to indicate that the rain was better toward the south than north. J. A. Price reports that a good rain fell at his place about four o'clock yesterday morning. The total amount of precipitation is eleven-sixteenths inches, in the immediate neighborhood of Canyon.

Senator Odell to Speak

Senator D. W. Odell of Fort Worth will speak at the court house on Monday evening at 7:30. Mr. Odell is a good speaker as many Canyon people can vouch for, having heard him on previous occasions.

Senator Odell was unable to be here on the date announced before, but it is certain that he will be here this time, as C. R. Burrow received telegram yesterday to that effect.

He will speak in the interest of Governor Hobby. Everybody is urged to be present, especially the ladies.

Baptist Church

On next Sunday, Mr. Fronabarger will be absent from his church. The young people of Miss Hudspeth's and Miss Ritchie's classes will have charge of the Sunday morning service.

- Following is the program: Song—Choir. Devotional exercises. Violin solo—Mare Fronabarger. Song—choir. "The Moral and Religious Status of the U. S. after the war.—J. A. Vocal solo—Miss Richey. Violin solo—Miss Clark. "Our preparation to meet the Conditions after the war.—E. L. Henderson. Duett—Mr. and Mrs. Clark.

The Newsmen was in Amarillo Tuesday, and while there saw the inspection of the National Guardsmen. Colonel Wallach, of the adjutant general's staff, accompanied by Lieutenant Colonel Ingerton made the inspection. Colonel Miller stated that he thought that all the boys would be o. k.'d with the exception of three, or four. Following the inspection, the Regimental Band played several numbers and was applauded by the crowd.

On the 5th of July, Mr. and Mrs. Lyman Davis left for McKinney, their former home. Mr. Davis is expecting to be called to the colors soon.

Bartow Johnson, Hud Prichard, Burr Meyers, and Odell Carlton, who joined the navy are now in Mare Island, California.

Cass McGee left Monday night for Roswell, where he will be at work for some time.

Rains are visiting different sections. We have had a light shower, hope for good seasons everywhere, which is badly needed. Crops are suffering, farm work is delayed for want of it.

NORMAL NOTES

Miss Ethel Teague, a former S. M. U. pupil of Clarendon, is here this week showing a set of modern and instructive reference books for teachers: "The World's Book."

Miss Rambo made a trip to Amarillo Saturday for the purpose of securing supplies and equipment for the class in "Home Care of the Sick."

Miss Florence McAfee, county demonstrator for Potter and Randall counties has been obliged, on account of her health, to give up her work for the present. She has gone to her sister in Wichita Falls.

Twenty-five girls have enrolled in the class in "Home Nursing." The class had its first meeting last Monday. Those doing satisfactory work in Home Economics 34 will be issued a Certificate by the Food Administration.

Mildred Walker, a former student of this college, and Miss Mitchell of Amarillo, were week-end guests of Miss Lowrance.

Mr. McLoughlin and wife spent Saturday and Sunday with the former's sister, Miss Clara McLoughlin.

Misses Ola and Floe Benton of Hale Center are visiting Misses Levegie and Ollie Belle Thomason this week.

Mr. Sheffey made a good talk in chapel Tuesday on "The Red, White and Blue Books."

John Simpson went to Lubbock Saturday to visit relatives and friends.

Miss Maxine Ellis of Mobeetie had as guests from Sunday to Tuesday the following: Mrs. Wm. H. Ellis, her mother, Jack and Georgia, a brother and sister and her aunt Mrs. L. D. Miller of Wheeler.

Miss Edith Cousins returned home last week from Y. W. C. A. conference at Hollister, Mo.

Miss Margaret Guenther who was one of the music teachers in the training school had to withdraw on account of sickness.

The following spent Sunday afternoon and evening at the canyons: Misses Ritchie, Myrtle Boatwright, Lizzie, Kate and Angie Smith, Mrs. D. E. Montford, Mrs. T. M. Smith, Messrs. Mody Boatwright, William Gibson, and Flannigan Smith.

Word comes from Will M. Hale that he has recently been transferred from El Paso to Officer's Training Camp, Camp J. E. Johnston, Florida. Mr. Hale was with the first group of volunteers that left our school in answer to the country's call.

This afternoon (Thursday) at 7:30 on Miss Hudspeth's lawn, Miss Edith Cousins who has just returned from the Y. W. C. A. conference at Hollister, Mo., will talk to the young ladies of the institution.

W. B. Hicks and family left Saturday for Brownfield, Texas, where they will make their future home.

Mrs. B. T. Johnson was called to Portales, Monday on account of her daughter's illness.

**Member of Troop B. Murdered.**  
J. H. Fondy of Snyder, Texas, father of James Roy, Fondy, the boy who met with death recently, was in Dalhart the latter part of last week. We were able to get a few particulars from Mr. Fondy regarding the death of his son.  
The body was found on the E. L. track between El Reno, Okla., and Ochrche, Okla., on the morning of Thursday, June 20, by the conductor of the morning passenger going north. The body was badly mangled and the sheriff of El Reno told Mr. Fondy that the hole behind the ear was that made by a bullet and that he believed the boy had been murdered sometime Wednesday night and placed on the track by the murderer in an attempt to cover up the crime. The pockets of the boy's clothing were found to

have been turned wrong side out, which lends further proof to the fact that the young man was murdered.  
When Mr. Fondy was here, he said that when he left El Reno no trace of the murderer had been found. He thinks that the boy had some money when he left here and that he was murdered for his money.  
Every member of Troop B is very desirous of knowing just how this young man met his death, and all trust that something will come to light soon which will have a clear bearing upon the case.—Dalhart Tex., an.

### Taking of Testimony in Criminal Cases.

House Joint Resolution No. 2  
To amend Section 10, Article 1, of the Constitution of the State of Texas, providing for certain rights of accused persons in criminal prosecutions, and the manner in which the case may be prosecuted, and providing for the procuring of the testimony of the witnesses for both defense and prosecution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section (10) of Article (1) of the Constitution of the State of Texas be so amended that the same will read and hereafter be as follows:

Section (10). In all criminal prosecutions the accused shall have a speedy public trial by an impartial jury. He shall have the right to demand the nature and cause of the accusation against him, and to have a copy thereof. He shall not be compelled to give evidence against himself and shall have the right of being heard by himself or counsel, or both, shall be confronted by the witnesses against him and shall have compulsory process for obtaining witnesses against him and shall have compulsory process for obtaining witnesses in his favor, except that when the witness resides out of the State and the offense charged is a violation of any of the anti-trust laws of this State, the defendant and the State shall have the right to produce and have the evidence admitted by deposition, under such rules and laws as the Legislature may hereafter provide; and no person shall be held to answer for a criminal offense, unless on an indictment of a grand jury, except in cases in which the punishment is by fine or imprisonment, otherwise than in the penitentiary, in cases of impeachment and in cases arising in the army or navy, or in the militia, when in actual service in time of war or public danger.

Section 2. The Governor of this State is hereby directed to issue the necessary proclamation for the sub-qualified voters of this State at the next general election for State and county officers.

Section 3. The qualified electors for members of the Legislature shall vote upon said amendment at the said general election and at which election all persons favoring said amendment shall have written or printed on the ballot the following: "For amendment to Section 10, Article 1 of the Constitution, providing for prosecution of criminal cases by information, or indictment, and taking of testimony of witnesses by deposition, under certain circumstances," and those opposed to such amendment shall have written or printed on the ballot as follows: "Against the amendment to Section 10, Article 1, of the Constitution."

Section 4. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds of the State Treasury of the State not otherwise appropriated to pay the expense of publishing, proclamation, and election.

(Note.—H. J. R. No. 2 passed the House of Representatives by a two-thirds vote, yeas 123, nays 4; and passed the Senate with amendments, by a two-thirds vote, yeas 21, nays 4; and the House concurred in Senate amendments by a two-thirds vote, yeas 123, nays 0.)

### Special Tax for Maintenance of Public Schools and Furnishing Free Text Books.

House Joint Resolution No. 27  
Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (creating a new section, 3):

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property taxpaying voters of the district, voting at an election to be held for that purpose, shall vote such tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas", and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Section 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

## Meat Must Be Sold

Fresh meat is perishable. It must be sold within about two weeks for whatever it will bring.

A certain amount of beef is frozen for foreign shipment, but domestic markets demand fresh, chilled, unfrozen beef.

Swift & Company cannot increase prices by withholding meat, because it will not keep fresh and salable for more than a few days after it reaches the market.

Swift & Company cannot tell at the time of purchasing cattle, what price fresh meat will bring when put on sale. If between purchase and sale, market conditions change, the price of meat must also change.

The Food Administration limits our profit to 9 per cent on capital invested in the meat departments. This is about 2 cents per dollar of sales. No profit is guaranteed, and the risk of loss is not eliminated.

As a matter of fact, meat is often sold at a loss because of the need of selling it before it spoils.

Signor E. Carmeliny is Director of the Old Colonial Band, the big musical feature of the Chautauqua that is here for the third day.

For a position of this kind we look for real quality—and find it. Sig. Carmeliny is a real man and a real leader. Before coming to this country while Chief Trumpet Sergeant-Major of the Third Regiment of Italian Infantry he won the gold medal for sharpshooting, and another in the bicycle races.

Later he was cornet-soloist with Liberator's Band, Don Phillipini's Band, and other famous organizations. As a soloist his triple-tonguing, trilling, and high notes—F above high C—only emphasize the beauty of his interpretation and the chastity of his style. As a director, he shows that he is a master.

In addition to directing the Old Colonial Band Signor Carmeliny will render cornet solos in each program.

 A letter by King George V, King of England was sent to the officers of the United States Army in France that shows the appreciation of His Majesty. In view of the fact that over a million men have been placed in France under the efficient supervision of Newton D. Baker, King George commends the work of the soldiers. The following letter written by His Majesty was sent to Lieutenant Wm. H. Younger, jr., who is now in France. Windsor Castle.

Soldiers of the United States, the people of the British Isles welcome you on your way to take your stand beside the armies of many nations now fighting in the old world the great battle for human freedom. The Allies will gain new heart and spirit in your company. I wish that I could shake the hand of each one of you and bid you God speed on your mission.

GEORGE, R. I.

April, 1918.

The following letter was received by W. H. Younger from his son William who is now in France:

June, 1918, Atlantic Ocean.

Dear Homefolks:

We are about to set foot safely across the ocean happy, hearty and hale without even the discomfort of a touch of seasickness by myself, at least. Such events of the journey as are not here narrated may be narrated in later years should the fates and kind providence so direct. Suffice it to say, that just now I'm enjoying life, somewhere on the Atlantic ocean on some-kind of a vessel and endeavoring to learn something of the "somewhere" we are going and the something we are going to do. I must leave you to guess, whether anything has crossed our vision except water and whales since leaving land and surely after reading the letter you ought to know nothing of the trip "Somewhere."

Some time after we each "somewhere" I'll finish this letter with something, though with nothing most likely. What I can't say would will the Atlantic if printed, so its best to say nothing. It's now time for supper "somewhere" around here so will write more; somewhere, sometime tomorrow if something don't hit us between here and somewhere else. Adios.

Tuesday eve: Land ho! and tonight we disembark perhaps though its likely we won't set foot on land before another day or two has passed. Worlds of things have happened since I started this letter, but little may be said, so will close with the remark that I am on a foreign shore in o. k. shape from top to bottom. Will write again soon.

Lovingly,  
 William.

### Don't Sprinkle Vine Vegetables.

The town farmers should remember that potatoes, tomatoes, beans, peas, and all kinds of the vines like melons, squashes, cucumbers and cantaloups should never be watered by sprinkling nor in any way wetting the vines. Radishes, onions, lettuce, turnips, beets, carrots, cabbage, cauliflower and plants of that class are better so watered. The best early potatoes we have seen in Denver have not been irrigated nor will they be until after the bloom comes on, which will be in a few days. The water should be run between the rows and if the supply is plentiful enough will answer every purpose. In making the furrows run them in such direction that the water will not run too fast, so that it may soak into the ground as rapidly and thoroughly as possible. The root crops, particularly potatoes are better to have deep, thorough irrigations at a considerable distance apart. If the ground is soaked two feet deep when planting and again two feet deep when the tubers are half grown no other irrigation will be required on most soils. Plants with large tops will need more frequent irrigations because the roots do not go so deeply and the soil near the surface must be kept damp.—Field and Farm.

### To Prevent Worms in Pigs.

Recent investigations have shown the importance of taking special precautions with newly farrowed pigs to prevent their becoming infested with intestinal worms. Intestinal worms are very common parasites among pigs, and cause a great deal of damage to the young animals. It appears that as they become older pigs become less susceptible to infection. Accordingly, if pigs can be protected from infection during the first few weeks of life they are less likely afterwards to be seriously injured by

intestinal worms of the common variety.

The worms are spread by means of eggs of microscopic size which are deposited by the adult worms in the intestines of infested pigs, and which pass out of the body in the feces. After a period of incubation which varies according to temperature and other conditions, the egg contains a tiny embryonic worm, and is ready for further development when swallowed by a pig. The eggs are highly resistant and may retain their vitality for years. It is therefore evident that in course of time the ground in yards where pigs are kept may become very heavily laden with the eggs of the worms.

When the eggs are swallowed the young worms hatch out, but do not immediately settle down in the intestine. They get into the circulation and are carried to various organs of the body, including the lungs. Meanwhile they increase somewhat in size and undergo certain changes of structure. In a week or ten days they can be found in infested pigs examined post-mortem crawling up the windpipe into the mouth and down the esophagus into the stomach. In the normal course of events they finally reach the intestine again, where they develop slowly to maturity. Shall pigs if their lungs are invaded by large numbers of the young worms are liable to develop pneumonia, which may prove fatal. It is not improbable that many cases of lung trouble among young pigs are caused by these worms.

The War Industries Board at Washington has decreed that print paper must be conserved and in accordance with the command the time honored custom of free exchanges will be discontinued after July 15.

This means that the little country paper who has depended upon his scissors will be handicapped to considerable degree. All right Uncle Samuel, whatever you say goes and we comply cheerfully.

We have accepted every demand up to the present and expect to continue it throughout the duration of the war.

Edgar Roberts, who is now in training at New Orleans writes back to his parents that he has some "Fish Story" to tell. The fish is a deep sea monster living at the depth of fifteen hundred feet, and was blown up by some subterranean or volcanic upheaval and was captured then. It measures thirty-five feet in length and weighs fifteen tons. It is the largest species of the fish tribe known in history and is now on exhibit at New Orleans, where Edgar saw it.

**BRIEF WAR NEWS.**

The war situation of Tuesday is summarized by the Associated Press as follows:

The German offensive east and west of Rheims has had the brakes applied to it by the strong resistance of the American, French and Italian armies.

Nowhere has the enemy found it possible to press forward and tear his way through opposing positions to points of vantage.

Some gains have been made but they are trivial compared with those of other attacks. Instead of in miles, they may be reckoned almost in yards. And from some of the positions captured the enemy has been ejected summarily under vicious counter attacks delivered by the American troops fighting alone as a unit and Americans fighting shoulder to shoulder with their French comrades in arms.

Tacit admission that the enemy has been retarded in their assaults, if not halted, seemingly is contained in the latest German official communi-

cation. In dealing with the fighting of Tuesday it says allied troops on the Marne front have delivered "violent counter attacks" and that to the east of Rheims, "the situation is unchanged." The only claim made to any success by the Germans is that there were "some local success to the southwest of Rheims."

The successes of the Americans and the French give back to them points of strategic value on the heights dominating the Marne Valley. The Americans alone recaptured Fossoy and Crezanly, east of Chateau Thierry and at one point near Fossoy drove back the enemy across the river and took a number of prisoners. Aided by the French the recapture of St. Agnon, Hill 223 and La Chapelle-Monthodon, south of Dormans, was accomplished.

Throughout the region lying to the west of Rheims, especially south of the Marne, the Germans made desperate attempts on various sectors to increase their penetration of the allied front, but where they were able to gain any advantage it was only a foot at a time, the French meeting their onslaughts with the greatest bravery and making the enemy pay dearly for every inch of ground he took.

Eastward from Rheims hard fighting is still going on almost to the western fringes of the Argonne Forest, but apparently the enemy here also is meeting with ill-success. Attacks attempted near Prunay and Suippes came to naught under the French fire, while further east, near Crosnes and Tahure, efforts to break the French line were repulsed with heavy losses.

The German official communication in dealing with the fighting of Monday says the Germans took 13,000 prisoners. The French on their part are reported to have taken thousands of captives and it is known that the Americans have made prisoners of between 1,000 and 1,500 Germans. In addition the Americans, French and Italians have inflicted terrible losses on the enemy by the accuracy of their cannon, machine gun and rifle fire.

**The Crop Outlook.**

The reports of rain that begun coming in the first of the week were most gratifying and brought with them renewed faith in the outcome of the present row crop.

Amarillo received good, heavy showers both Monday and Tuesday afternoons, giving the war gardens a splendid boost and materially helping the farmers' range and crops.

It is good to know that the severely drouth stricken sections around Santa Rosa and Tucumcari, N. M., received fine rains last week, which will start the grass and give the country

a different appearance. Like all of the rains this year, these were "spotted" and while the fall extended over a goodly portion of eastern New Mexico and western Texas, many localities were missed.

While harvesting is going on rapidly and there has been some threshing done, the yields so far reported indicate that the Panhandle will fall far short of its usual wheat yield, this year. Most farmers, however, have loyally assumed the obligation of saving every bit possible and have harvested and threshed their crops even when it was evident that it would not pay them (in dollars and cents) to do so. There can be no doubt, however, that it paid them well in the satisfaction they felt in having done their utmost to save the wheat and certainly they have thereby earned added respect and admiration from the Government as well as their neighbors and fellow-citizens.

The many fields that were promptly listed after harvest are now in condition to make the most of the rains with which we are being blessed and this is one time when the tractor farmer gets a little ahead of the man who has to depend on horses. Many of the fields were so dry that they could not be plowed without the use of motor power and the horse farmer had to wait for the rain.

Many of the women and girls are making "hands" in the fields, these days in the absence of other help and they are also busy indoors, canning, drying and preserving for future use, the fruits and vegetables that the gardens and orchards are yielding.

**WAYSIDE ITEMS**

Sunday, July 14.—Wayside Sunday School celebrated the dedication of the Service Flag to our soldier boys who have been members of our Sunday School. Following is the program.

Opened by singing Star Spangled Banner.

Prayer by H. H. Gillham.  
Roster of the Wayside S. S. Soldier Boys read by Lorine McGehee, fifteen in number.

Address by J. M. McCrerey.  
"America," "My Country" by Bonnie Adams.

The "American Creed," by Grace Sluder.

Song by choir, "Onward Wayside Soldiers."

Reading by Birdie Lou Lane.  
Recitation by Geneva Watson.

Paper by Mrs. W. I. Lane.  
Closing song, "Keep the Home Fires Burning."

Dismissed by Bishop Bradley.

A good crowd in attendance and an impressive service.

Miss Clara Sluder of Channing, Texas, spent the night with relatives at Wayside a week ago. She left Tuesday to visit Mrs. A. T. Knight near Kress, promising to return to Wayside at an early date.

Rev. Gordon Lang and family, a Presbyterian minister of Plainview, enjoyed an outing this week of a few days camping in the canyons near Wayside.

D. L. Adams, wife and daughter, made a trip to Amarillo Friday last. W. J. and M. C. Sluder returned with them.

**Cattle Shipment From Carlisbad.**

**CALOMEL SALIVATES AND MAKES YOU SICK**

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

**To the Voters of Randall County:**

It has been rumored that I have exceeded my duty and authority as an officer in "nosing around" and making unnecessary arrests.

I do not think that an officer can make unnecessary arrests, where the results show that the law has been violated, and if the records show that in almost every arrest that I have made, there has been either a plea of guilty, or a conviction, then I feel justified in making the arrests.

Going back to January first of this year, the records show that I have made thirty-one (31) arrests, the cases being tried in the county court, of this number all were convicted, or entered a plea of guilty, except seven cases, that were pending against the same parties.

During the same period of time I have filed seven (7) complaints in the Justice Court, all of which were convicted.

These arrests have grown out of my efforts to do my duty as an officer, in protecting the boys and girls of our town and county, and the rights of our citizens.

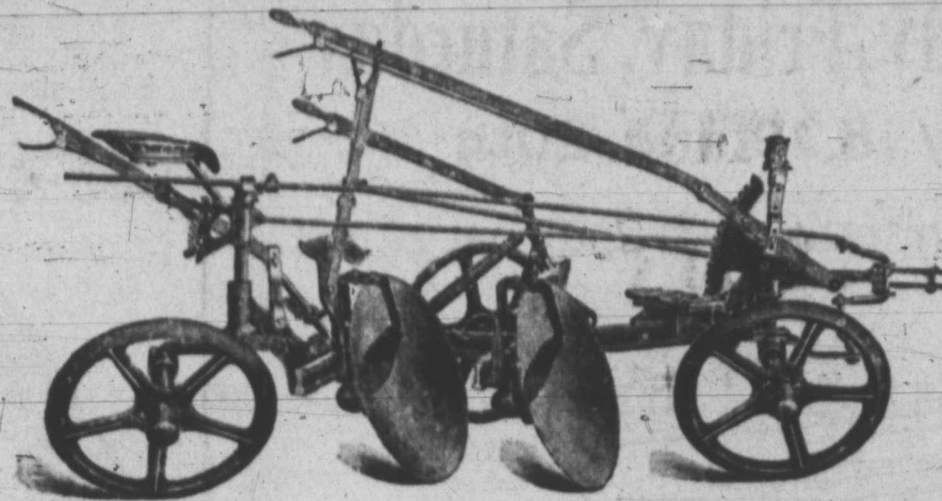

If elected Sheriff I shall continue the same "nosing around" policy as is shown by the above statement, trusting that you will see fit to honor me with your support on July 27th, I am,

Very Respectfully,

**Notice—  
To The Public**

On and after Thursday, August 1, 1918, all goods sold at the undersigned stores will be strictly cash over the counter—no charge accounts of any kind will be carried. This has become necessary for several reasons.

We are asked by our government to cut out every surplus employee possible, releasing them for essential work in the world struggle now on. We are asked to reduce our selling cost as much as possible to help over the constant advance in our line of goods, making it necessary to eliminate the percentage of lost accounts.

Then it costs us practically double to carry the same stock we had two years ago, as many items have advanced from 10 to 1,000 per cent.

And last but not by any means least, the jobbers and wholesalers are cutting the terms very short, and in many instances we have to pay cash for our goods when they reach the house, making it impossible without unlimited capital to sell them on a credit basis.

We desire to render you every service possible in our line, and this condition is fast becoming world-wide, and we trust you will understand that it is a case of sell for cash or quit business with us, and we have no choice in the matter.

Yours very truly,

Mr. Lattimore is a safe man in every way. He is a pro, a woman suffrage, is author of the new zone law and author of woman suffrage bill in the senate.

Mr. Pierson is a life long pro and is for woman suffrage. Was Judge on the bench before Attorney General Loney and Mr. Cureton prosecuted the breweries. This is a vital position and one of these men should be elected. Select the one whom you think to be the strongest. Ferguson and his crowd would like to put in men for Supreme Court and Court of Criminal Appeals.

Miss Blanton's opponent is on the fence. He refuses to commit himself. Thinks if Ferguson should be elected and seated he might be made President of the University.

## Is This Boy Downhearted?

No. Even if the Huns did torture and mutilate him, and drive him off the front fighting line, he is still fighting—and smashing the bosches harder than ever—is Alfred H. O'Connor, survivor of the Somme, decorated for bravery by the English King, George V.

At Chautauquas this summer immense audiences are packing the tents to hear O'Connor tell of his "Twenty-Two Months in the Trenches." While he deals with the German atrocities without gloves (he, himself is a victim of such) he is cheerful, witty, keeps away from the morbid, and leaves his audience positively inspired.

His hearers sit spellbound for hours drinking in every word. Hear O'Connor. He is wonderful—probably the most eloquent speaker on the war today.

## A WORD WITH WOMEN

Valuable Advice for Canyon Readers.

Many a woman endures with noble patience the daily misery of back-ache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow. Help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Canyon woman's convincing statement:

Mrs. A. R. Crank, W. Evelyn St., says: "At times my back was very weak and ached constantly and my kidneys were disordered. I used to be bothered this way terribly, until I began using Doan's Kidney Pills. Now I very seldom notice any of these symptoms and when I do, I use Doan's Kidney Pills and always get good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Crank had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Randall County News,  
Canyon, Texas.

Doubtless you wonder how army life is affecting me. Well I'm going to begin with our trip from home. We picked up men all along the road, and at Slaton took a special train, which made the distance seem much shorter.

It is easy to see the feeling of the people as you pass through the country on a mission like ours. They cheer, wave their good-bys and more than one time we saw mothers, fathers and sisters crying because their son and brother was leaving.

They didn't understand and neither did I, then.

Just one week ago today we landed here, were met by a fine bunch of men, and comfortably quartered, and received the best attention.

I am tempted to ask some of you under-fed people to take Sunday dinner with me, for this old bean talk won't stand up. We have the best to eat, a great variety and all we can eat, but don't waste a thing.

I don't remember having seen a fly since landing here. A fly has no more business in Camp Travis than a German soldier has.

Everything is cleanliness personified. Easy enough to see why we have no pests and sickness isn't it?

Our work is very agreeable, nothing extra hard. Of course it is quite different from doing nothing, but it's not killing like we've always heard it was.

To make a long story short the army is a good place to be.

Our officers are very nice to us. Of course they're positive. They have to be, as there is so many here that they can't stand up and hint at anything. They just have to say what they mean, and they say it kindly.

I have seen John Toles. He is custodian over a Red Cross Station in town. Hunt, Harp, Terrill, Lon Cowling and Nomin Sin Clair are here. I also saw Wallace Moore and Heavy McAfee.

Get the idea out of your head about the hardships of the army.

Sincerely yours,  
JNO. W. BATES.

### Of Course.

"Come on," said the first flea, as he hopped from the brown bear's left foreleg, "come over and join me in a short game of golf."

"Golf!" exclaimed the second flea hastily taking a bite of hyena. "Where in the realm of Barnum are we going to play golf?"

"Why," said the first flea, "over on the lynx, of course."

### Settler Loses His Mind.

John Brewer who lives about nine miles north of town is reported to have become insane Monday or Tuesday and left home and is wandering in the breaks northwest of here. Searching parties have been out for two or three days hunting for him, and it is reported that he went off the cap rock of Ima, where he was last seen by Walter Moncus. Unless he is apprehended soon he is apt to perish for want of food and water. Later—it is reported that Mr. Brewer was caught over in the Quay Valley near the Circle S Mesa, late Wednesday evening and has been taken to Tucumcari for safe keeping—House (N. M.) Pioneer-News.

## Cleaner Politics

As it has been some time since I have mentioned my candidacy for the position of County and District Clerk in print and as this is my last opportunity in this campaign, I will say that at this time it is very urgent that every person should be selected and placed in a position where he would be the most benefit to his Country. My Opponents are qualified and no doubt would make you efficient Officers. But never the less I am qualified and they could not be more thankful than I for the position nor more faithful to the trust imposed upon them than I would be. As stated heretofore, this is a work I am qualified to do and while it would be a help to me—still at the same time it places me in a position where I can serve the people at large and be a benefit to humanity; but not, for one instant do I want this position from a charitable standpoint but from a business standpoint as I am able to deliver the goods in a manner so as to please the public.

In reply to my opponent Bell's query of July 11, 1918, will say I am in favor of a clean government, a strict enforcement of the law and I am a prohibitionist, but as I thought you knew the State was bone dry I believe this is a dead issue. I want to be understood I am not running for Governor and believe that every man and woman will vote according to the best of their knowledge for the man for Governor who will be most beneficial to the people as a whole. In conclusion I will say: We are just at the beginning of what we call, and call rightly, a new century of great achievements. We point to a government based upon the consent of the governed, such as the world has never

seen; wealth which no country has experienced in that time, or quadruple in that time. A life as never existed in any other country. From Mount Desert to the Golden Gates, yes to the East Indies the American flag has been planted and Democracy reigns. We have followed the arts of Peace, but under the leadership of Woodrow Wilson with whom God in his infinite wisdom has so blessed the American people, an army ready to raise at the sound of the bugle greater than Rome was ever able to summon behind her Golden Eagles has been raised and the Khaki Clad are now across the briny deep fighting for the grand principal of Democracy. We pride ourselves for it, and where ever the American Flag has unfurled to the breeze Our Allied Nations tell the story of Democracy, of Civilization, and speaks this truth with triumphant voice. Hail, Hail! to the principals of Democracy and after this little family racket is over Old Glory will wave over the Capitol at Austin and the principals of a Government of the People for the People and by the People will be written on the face of every man and woman in the Grand Old Lone Star State of Texas.

Now if I have not met you personally it was my greatest desire to meet you and I want Your vote. To my opponents I thank you for Your courteous treatment in this campaign. To the people who have extended me their best wishes I cannot express in words my thankfulness. And those who wish to scatter roses along my pathway kindly do so by voting for me at the Primary on July, 27, 1918. Here is hoping. Yours for Democracy.

**Wheat Will Go 10 to 15 Bushels.**  
This week the Democrat man has made it a point to ask each farmer coming into our office who is raising wheat this year for an estimate of his yield, and we find by basing the average on their estimates wheat will make from 10 to 15 bushels to the acre a possible average of 12 bushels all over the county. Oats will not do so well. — Springfield (Colo.) Democrat.

## J. L. LACKEY

Presents his platform to the  
Readers of Randall County News

I have endeavored to meet each of you and present to you a card upon which is printed some of the main planks of my platform so that you might know the things for which I stand. But I find it absolutely impossible to see all of you, so I am presenting it to you through the columns of your home paper:

"INCREASED PRODUCTION IS NECESSARY TO WIN THE WAR—WE MUST WIN IT.

"My plan to increase production is: Let the producer be paid WELL for his products and the worker be paid WELL for his work.

"I am against price-fixing on ANY necessity, unless it is fixed on ALL necessities.

"I am against the creation of any board that will take from the President any of his constitutional powers.

"I am for spending all the money necessary to win the war, but NONE to enrich corporations or individuals.

"WOMEN do not waste food; Congress should NOT waste any money.

"I am in favor of amending our immigration laws so that NO MORE undesirable aliens can get into our country.

"I am in favor of Congressmen paying the SAME AMOUNT of income tax on their salaries as OTHER people have to pay on incomes of the same amount.

"Our National Democratic Convention two years ago ordered by an overwhelming majority that women be given the right to vote; they now only have the right to vote in the Primaries. I shall strive to see that the mandate of the convention is carried out and that they shall be given the full right of suffrage."

I have always thought a candidate for Congress should tell the people how he stands on national issues, so that they can judge him and I have done so.

So far as I am informed, Mr. Jones has no platform but his pictures with a statement thereon that he is for winning the war in the shortest possible time, and in favor of subordinating all other issues. I will say that I heartily endorse the first part of the statement. But I cannot agree with Mr. Jones that the issues of vital interest to the farmer, stockraiser, laborer and necessary business man should be neglected or forgotten, because the class of people above mentioned supply every essential implement of war, and without them the war cannot be won in a short time, or any time so far as that is concerned. So if I am elected, I will strive to help them so that they may be able to supply the necessaries to carry on and win the war in the shortest time.

I do not ask any one to vote for me solely through friendship. Let your test be: "Who is the best man for the place at this critical time?" If you vote for either of us through any OTHER reason, your vote will be purely a compliment. President Wilson said, when so many people wanted to send Mr. Roosevelt to France with an army, "This is no time to pass around compliments."

If I am elected, I promise you:

1. That I will not forget your interest.
2. That there will never be coming from me any peace talk, or peace resolutions, until Imperial Germany asks our commander upon what terms she may have peace.
3. That I will not speak one way and vote another.

I respectfully ask you to vote for me, if you think I am right.

Yours very truly,

J. L. LACKEY.

Over the Top

We are not talking about Red Cross, Liberty Bonds or War Savings Stamps this time. We refer to rains that put most of north Union county over the top for a good crop last Monday. The god-darndest, gully, washingest, ground-soaking rain fell from 4 o'clock until about midnight on that day we have seen since coming to the Sunshine state. It was some rain.

Folsom, Dedman, Des Moines and we don't know how much more territory got it but from the way it came down it must of been pretty general. And north Union county deserved it. They have been religiously paying the preacher, doing their bit on War activities and furnishing drafted-men and volunteers for Uncle Sam and glad to do it. Thanks to the rain we can keep on doing our bit. Possibly we can pay up our mortgages so that the fellows that get 12 per cent for their money can see their way clear to loan Uncle Sam a little 4 per cent money.—Des Moines (N. M.), Swastika.

Wholesale Arrest of Railroad Men.

A wholesale arrest of railroad men along the Rock Island lines caused a sensation in many towns along that railroad, the latter part of last week.

It appears that for some time, merchants have been complaining of shortages in shipments and the agents have been called upon to turn in claims for an increasing number of lost articles. Recently the Department of Justice took the matter in hand and as a result of their investigations, seven men have already been arrested in Amarillo and it is said that other arrests will follow. At Dalhart, some 12 or 15 men were arrested last week and there will probably be others. All of the men were members of train crews but it is reported that other parties will have to explain how they happened to be disposing of stolen property.

A search of the homes of the men arrested disclosed many of the goods while other articles were found buried in various places. Of several men arrested at Dalhart immediately on their return from a run, two were found to have hams in their grips, while several hundred pounds of flour was found at the home of another, numerous bolts of silk and dozens of silk stockings at another. An automobile run of a few miles down the railroad resulted in gathering up a bunch of auto tires and hams which had been thrown on the right of way with the evident intention of picking them up later.

To Protect Wild Game

A measure that will place every migratory wild bird in North America under the protection of the government of the United States and Canada, and will make the killing of such birds out of season an offense against these governments and a violation of international treaty, is now being considered by a conference committee of the house and senate and will soon become a law.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

Stock Killed in Storm

Monday night we had a very hard rain accompanied with a severe electrical storm. Frank Cobb had six fine young steers killed by lightning, and B. F. May lost a mule colt and a yearling calf.

The hail storm drove W. T. May's cattle to the cap rock, and three calves were pushed off killing them. His son, Right, lost a horse in the same way.—Vigo correspondent in Silverton Star.

"SOAK THE NEWSPAPERS."

"Soak the newspapers" is the watch word of Representative Albert Johnson, of Washington. Not content with the zone law which inflicts a heavy burden upon both the newspapers and the postal employees in the way of extra work and increases the postage bills of nation-wide publications enormously, Mr. Johnson would add another tax. He has arranged a sliding scale for publications of different prices by which those selling for more than \$1 or less than \$2 would be taxed 2 cents on each subscription up to 100,000 and 4 cents on each in excess of that amount.

Representative Randall, of California, who was the father of the present zone law, goes Mr. Johnson one better in that he proposes to bar from the mails all magazines that are not sold at a uniform price anywhere in the country, thus making it impossible for the publishers to get any part of the extra postage for the farthest zones without making all of the zones pay the same rate. And last, but by no means least, comes our only woman representative with a proposal that the Government take over all newspapers, publish no advertisements in them and give them away.

The Government itself has classified the newspapers as nonessentials while at the same time acknowledging that it would be impossible to put the various drives "over the top" but for the assistance given by them. It also urges them to be economical of paper and at the same time floods every newspaper office in the country with so much literature which it wants published free, that they would all have to double their paper consumption to reproduce half of the dope they get.

Apparently the newspapers are "in bad" at Washington and it is possible that some of our congressmen would rather that the people were kept in ignorance of what they are doing down at the capitol. It looks that way at any rate.—Southwest Plansman.

This is a war of nations, not of armies. If we win war prohibition for the boys here at home they will win the war for us at the front.

Of the Legislature that have considered the National Constitutional Amendment for Prohibition, only one, Louisiana, has rejected it, and Louisiana approved it in the House of Representatives, rejecting it in the Senate by a tie vote only. It will ratify later in the year.

We have sent about six billion lbs. of food to the Belgians. We have washed just about three times that much on the drink trade at home in the same time.

Mr. Compers says that the labor men are opposed to prohibition. The Methodist Episcopal Church represents considerably more wage-earners than Mr. Compers does, and it knows the contrary to be true. With all of his strenuous efforts, Mr. Compers has persuaded only one-fiftieth of his own labor following to petition Congress against prohibition, and every one of the 447 petitions against prohibition were from wet States that knew nothing about it.

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

Too much cannot be said for a wonderful preparation, familiar to many women as Mother's Friend.

It is more effective in its action than all the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon the cords, tendons and muscles of the abdomen, rendering them pliant, and they expand gracefully without that peculiar wrenching strain.

The occasion is, therefore, one of unbounded joy and anticipation and too much stress cannot be laid upon the remarkable influence which a mother's happy prenatal disposition has upon the health and fortunes of the generations to come.

This pain at the crisis is infinitely less when Mother's Friend is used during the period of expectancy for the muscles expand easier and with less strain when labor is born. Mother's Friend is for external use only, is entirely safe, and uses the best of our druggists. It is prepared by the Bradford Regulator Co., Lunar Bldg., Atlanta, Ga. Write them to mail you their interesting "Motherhood Book." They will send it at once, without charge, and you will find it unexcelled. Do not expect for a single night and morning to apply Mother's Friend according to directions around the belly, and thus fortify yourself against pain and discomfort.

Mr. and Mrs. John Bedenk were in Amarillo last Monday. On account of Mrs. Bedenk's health, Mr. Wm. Leightwal was at the Baker home Sunday.

Nearly all the ladies of Umbarger have registered. Hope those that haven't will be sorry after while.

Tuesday morning at 5:30 o'clock, the Umbarger people were alarmed by fire as the big mercantile store of Mr. and Mrs. W. L. Brodie was on fire but hardly anything could be saved. It was noted that the fire was in the dry goods department and had gone too far when discovered. The people worked hard to save the house and furniture, but as there was hardly any wind there was no other damage done, but to the store and the stock it held. We are all sorry for Mr. and Mrs. Brodie as their store was one of the biggest in the county, and best, too.

### HONORABLE W. F. DOUGHTY

For State Superintendent of Public Instruction of Texas.

Mr. Doughty is making a splendid school officer. He has managed to get the co-operation of the Governors with whom he has labored, in his effort to bring about progressive and useful school legislation. He is a man of the highest moral character, a worthy representative of the best American citizenship. His defeat at this time would be a misfortune to the educational interest of Texas.

OK THE BIG BUSINESS (Political Advertisement).

Cleveland Baker was in Amarillo Wednesday.

The Randall County News, \$1.50 per year, and the Amarillo Daily News, \$6.00 per year, both for only \$6.50 per year. This is the biggest newspaper offer we have been able to secure. Leave or mail your check to the News, Canyon, and you will get both of the papers.

### SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

### DON'T CHEAT YOURSELF.

We should like to call the attention of "our family" to the fact that they are not getting the most possible good out of their six-bit investment in the Plainsman if they fail to read the advertisements—both display and classified.

Farmers who are using the want ads may be offering for sale something that you need or would like to have. We frequently have ads for second hand implements, the purchase of which would save many dollars in this time of high priced farm machinery but unless you read the ads, you will never know about it. Another farmer may want to sell his farm and possibly you want to buy and the property he offers to buy just what you are looking for but if you do not read the ads you will miss the opportunity. Still another advertiser some cattle for sale and you would like to have them but if you don't know about it, you can't take advantage of such sales. The same is true of the merchants' advertising. They buy the space because they believe that they have something you want at a price which will be an inducement for you to buy of them. It is impossible for the merchant to see each one of you and tell you about it so he uses newspaper space in which to make his announcements known. If you have not read the ads in this issue, go back and read them. Its dollars to doughnuts that you will find something that you want and if you shouldn't, it will have done you no harm and you may find something next time. Get the habit! It will save you time and money—and don't forget to read the want ads.

Corn Bread or Toasted Wheatless Bread  
Creamed Potatoes Coffee

**Dinner Menu.**  
Cottage Cheese Loaf  
Mashed Potatoes Spinach  
Radishes Wheatless Bread  
Strawberry Bavarian Cream Coffee

**Supper Menu.**  
Plain Cottage Cheese with Nuts and Chopped Peppers  
Hashed Brown Potatoes  
Lettuce Salad

**Fresh Fruit Sauce Oatmeal Cookies**  
**COTTAGE CHEESE SAUSAGE.**  
1 tablespoon finely chopped onion  
2 tablespoons savory fat  
1/2 teaspoon salt  
1 tablespoon milk  
1 cup cottage cheese  
1/2 cup cooked rice  
1/2 cup wheatless bread crumbs  
1/2 cup coarsely chopped peanut meats  
1/2 teaspoon powdered sage  
1/2 teaspoon thyme  
1 teaspoon salt  
1/2 cup peanut butter

Cook the onion in the fat until tender, but not brown. Dissolve the soda in the milk and work into the cheese. Mix all other dry ingredients thoroughly with the bread crumbs. Blend peanut butter and onion with the cheese, and mix with them the bread crumb mixture. Form into flat cakes, dust with bread crumbs or cornmeal and fry a delicate brown in the fat in a hot frying pan.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Stick to the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called Freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug Freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have Freezone have him order it for you.
