

President Cousins Tenders Resignation At Austin

President Cousins tenders resignation at Austin. Last week, when President Cousins was in Austin he submitted the following letter of resignation to the Board of Regents: Austin, Texas, August 3, 1918. Hon. A. C. Goeth, President. State Normal School Board of Regents, Austin, Texas. Dear Sir: My resignation of the presidency of the West Texas State Normal College is hereby submitted to your honorable body, to take effect September 1st, prox. Thirty-five years ago, I came to Texas, a youth just out of college. In all but two of these years I have served my State by teaching the children of men the ways of truth and virtue, one of the noblest professions known to men. My devotion has followed the fortunes of the schools from the neglected country schools through the University, through evil and through good report. I have seen them develop from chaos to the outlines of a promising system. I have been blessed beyond measure by a kind providence and the good will of the people of Texas, having been elected three times by overwhelming majorities to the highest educational office in the gift of the State. During the last eight years, through the support and co-operation of the Board of Regents, I have assisted in building a great educational institution for Texas in the far West. I am now asking permission to retire, with the proud record that a salary has never been reduced to accommodate me and that no school trustee has ever cast a vote against me after the first election. Were I starting life again, I would not change my course, except to improve my ability to serve. Were

I a young man today, I would gladly accept the challenge which the future of Texas offers to the young school man and offer my life to this high service. My accumulations through these years consist of a wife and children, a host of friends, and a consciousness of duties attempted, but an unsought opportunity now offers me shelter for a rainy day and a modest patrimony for those who love me best. I feel that I must accept it. I can do this with complacency at this time, because the beloved institution in question, which is the expression of my best thought and effort, has no schisms within and no enemies without, and although I love it as a father loves his child, I can leave it under these favorable circumstances without the feeling of having deserted it, or of having left my post of duty in an hour of danger. The State of Texas is to be congratulated upon the proud history of the normal schools under your administration, which is absolutely free from all traces of selfishness and of personal and partisan politics. The future is full of hope. While asking to sever my official connection with the schools, I shall not withdraw my allegiance from them, but shall be ready at all times to make any contribution which their needs may require and my ability permit. Allow me to acknowledge a debt of gratitude to your honorable body, to each member and to your efficient secretary, for your unflinching kindness in all the years, and to leave with you my best wishes and benediction. Sincerely, R. B. COUSINS, President.

CONDITIONS PROSPEROUS IN NORTH PANHANDLE

People Are Financially Independent. That conditions in the North Panhandle country are prosperous, and the people financially independent as compared with all that part of Texas south and southwest of Snyder, is the statement of John A. Wallace of Canyon, who with the members of his family, his son, Jeff, and family, spent yesterday in Amarillo on business. Mr. Wallace has recently toured a large part of western Texas and says that he finds the Northern Panhandle country a veritable oasis as compared with many other sections. There is not the slightest doubt that the prospect for good feed crops and good grass, with fat cattle has not been brighter at this time of year for many years past, according to Mr. Wallace, and prices on stock throughout all this section are right. "They have to pay a fair price for good stock or they do without the stock," remarked the farmer and cattleman.—Amarillo Daily News. —Pay the President— James Willis to Austin The Local Board sent James Willis Wednesday to Camp Mabry at Austin where he will be in training for the Mechanical Department.

Red Cross Shipment. The following articles were shipped from the Randall county chapter work room this week: 60 pairs socks, 100 sweaters, 120 pajama suits, 150 helpless case shirts, 1155 triangular bandages. 564 refugee garments.

Fronabarger Boys in France. A card received by the Rev. B. F. Fronabarger family yesterday, stated that both of their boys had arrived safely across. This makes a large number of Randall county boys "Over There."

Card of Thanks. We wish to thank the friends who assisted us so kindly in the sickness and death of our dear husband, son and brother. Mrs. E. R. Snider, Mr. and Mrs. S. M. Snyder, Clarence Snider.

Miss Mildred Smith of Sweetwater is visiting at the home of her friend Miss Winnie Johnson. Miss Shambaugh of Clinton, Iowa, a teacher in the State Normal School there, is visiting at the home of Mrs. J. B. Gamble. Sam Shambaugh who is in training at Austin spent several days visiting his sister at the J. B. Gamble home. —Pay the President—

HON. MARVIN JONES CROSSES ATLANTIC

Information States He Left on Tour. Information has been received from Hon. Marvin Jones, congressman from the 18th District of Texas that he has sailed for France with a congressional committee, leaving with the approval of the secretary of state, secretary of war and the secretary of the navy for France and England. This committee carries the proper authority to enable it to make such investigations as it may deem proper concerning the conduct of the war as it effects the United States' participation. This comes as a distinct honor to the congressman from this district, considering his relatively short time spent in congress and is received with much favorable comment by his friends and admirers. Other congressmen of the committee of six are Barkley, Aswell, Mays, Welling and Randall. The committee expects to be absent from the United States for a period of about five weeks.—Amarillo Daily News. —Pay the President— The Second Primary Interest centers in the second primary which will be on Saturday Aug. 24. Women who had not registered for the first primary were allowed to do so until August 10, twelve days before they expected to vote. A number of persons were under the impression that unless the women were qualified to vote in the first primary they could not in the run off. This is incorrect. Registration was allowed until the tenth.

Mrs. Shirley Entertains. Mrs. D. A. Shirley entertained Friday in honor of Mrs. Cardwell and Mrs. W. D. Morrell at a five-hundred party at four o'clock. Refreshments consisted of a salad course. The huse was beautifully decorated with flowers and ferns. Those present were Mesdames Cardwell, Morrell, Pipkin, Keiser, Jarret, Morelock, Powell, Acklef, Guenther, Clark, Terrell and Luke.

Miss Lowrance Entertains. Miss Winnie D. Lowrance entertained several friends at Huntleigh Hall Saturday from four to six in honor of Mrs. Cousins and Mrs. Sheffy. The guests were entertained by a beautiful musical program by Mrs. Clark, and Miss Clark of Amarillo and Miss Brigham. Ice cream was served after a delightful time was spent. —Pay the President—

J. E. WILLIS ELECTED DEAN AT WAYLAND

Resigns His Place in Canyon Schools. Prof. J. E. Willis has been elected dean of Wayland college, to succeed A. F. Winston, resigned. Prof. Willis was dean of Seth Ward prior to its destruction by fire several years ago, and then became dean of Wayland college. Last year he was superintendent of the public schools in Canyon. He and his family will soon move back to Plainview.—Plainview News. Mr. Willis was our efficient Superintendent the past year and leaves a proud record behind him. Through his capable management the high standard of the High School was maintained and he is considered to be an excellent instructor. Mr. T. J. Jackson, who is now attending the Normal this summer has been elected to fill the vacancy, provided he can get released from the school at Murtzson where he has been elected for the following term. Mr. Jackson is an efficient school man and capable to do credit to the school.

Miss Johnson Entertains. Miss Vinny Leal Johnson has been entertaining a house party in honor of Miss Mildred Smith. She carried her guests out to the club grounds for two days outing this week, where every minute was enjoyed in games, boating, swimming, story-telling, kooking and eating. The house party will end this evening with a theatre party followed by a manless wedding and luncheon at Miss Johnson's home. The guests are Miss Mildred Smith of Sweetwater, Miss Grace Palmer of Marlin, Misses Elva Fronabarger, Ira Cochran, Elsa and Erna Guenther, Mabel Rogers, Ruth Stafford and Esther Rogers, chaperoned by Mesdames Johnson and Guenther.

Lieut. W. H. Younger Promoted. Word has come from France that Lieut. Wm H. Younger, Jr, son of W. H. Younger of this city has been promoted, together with 5 captains to the position of Battalion-Adjutant. —Pay the President— Farewell Party On Monday afternoon, the Ladies Aid Society of the Presbyterian Church held a farewell social in the home of Mrs. Chas. Burrow. A short program was rendered. Those taking part in this were Misses Briham, Croson, Ekman, Stapleton and Black. Watermelon was served. The majority of the matrons and young ladies of the church were present. Those to be bidden farewell were Mrs. C. T. Word and Miss Lola who have resided here since Miss Lola's early girlhood and who have always been very active in church work. The Aid society thus expressing its appreciation of these good women whom all the membership of the church will miss.

L. E. Cowling Here. Hon. L. E. Cowling, Mayor of Mineral Wells, and an old-time resident of Canyon, accompanied by his most estimable wife will be in the city several days looking after business interests with pleasure. Mr. Cowling has land located east of Canyon on which a fine crop is now growing. He says that any person who spends as much as one year's time on the Plains and gets thoroughly saturated with the Panhandle ozone and then moves away to some other country, he will never be satisfied, but will have a longing to return. —Pay the President— Miss Marion Reed of Ralls spent several days with Mrs. J. B. Foy. Ivan C. Baucum of Lipscomb was in the city Saturday and Sunday looking for teachers. Miss Carletta Hensley spent the week end with her sister, Miss Pearl in Amarillo. Miss Winnie Johnson was in Amarillo Saturday.

EMMITT RAYMOND SNIDER PASSED AWAY FRIDAY

Former Mechanic for Local Garage. Emmitt Raymond Snider was called to his final resting place on Friday, August 9. He was born in Union county, Iowa, Sept. 7, 1884. He was the mechanic for the Guthrie Garage for some time. After spending several months at Mineral Wells he returned to Canyon where he has been since. He was taken to St. Anthony's Hospital where he received treatment until his death. Bright's disease was the cause of his death. E. R. Snider was of Christian character, having professed faith within the last year. He had a likable disposition and had many friends here. His sickness covered a period of about six months. There are left to mourn his death his wife and a ten months old baby, father and mother, Mr. and Mrs. S. M. Snider and a brother, Clarence Snider. J. A. York prepared the body for burial and had charge of the burial services. Interment in the Dreamland Cemetery. Rev. R. A. Stewart preached the sermon Sunday afternoon at four o'clock. The News joins the many friends in extending sympathy to the bereaved family at this, their saddest and darkest hour. —Pay the President— Notice The News, in last week's issue stated, with reference to the Messmer-Ward matter, that Mr. Messmer was released on his own recognizance. That was a mistake on the part of The News. He was released Sunday on bond in order that he might spend the night with his family. On Monday he returned and his second bond was set at \$2,500, which he readily gave. The News cheerfully makes the correction.

Trades Day Proves Great Success, Monday, Aug. 12

"PAY THE PRESIDENT" ON AUGUST 27, 1918

Notice Will Be Sent to the Pledgers. More than 1,700,000 Texans will be asked by the Treasury Department to liquidate their August war savings stamp pledges Aug. 27 "Pay the President" and the government will urge everyone who can do so to pay his pledge in full on that day if it is possible, Louis Lipsitz, State Director of the National War Savings Committee, has announced. Posters announcing Aug. 27 as "Pay the President Day" are now being printed and they will be distributed over the entire State, calling Texans' attention to the Government desires. Mr. Lipsitz has issued the following statement: "Although it has been impossible this early to completely distribute the pledge cards signed June 28 among the agents whom the pledgers designated to handle their pledges, every person who purchases war savings stamps will be given adequate credit by the Government for his purchase. Every agent is being supplied with official Treasury receipts which will show the amount of stamps purchased. These receipts may be retained and later given to the agent who has the purchaser's pledge card. In this way stamps may be purchased from any agent anywhere and the purchaser will get complete credit on his pledge card. "I trust that every loyal Texan will avail himself of this opportunity to serve his Government and himself. If Texas makes its quota of \$91,000,000 which I am confident it will if all do their duty. It is necessary that \$3,000,000 of war savings stamps be invested in every month." —Pay the President— Prayer Hour. Why not have a prayer hour in Canyon? Some large cities and many smaller towns have an hour sometime in the day when all business and pleasure stops for a minute or two and the people engage in prayer to God for victory to come to the Allies in the European war. The question has been considerably discussed in our community and I am writing this little paragraph, at the request of some of our Christian women who are deeply interested in the matter, to bring it before the people. I have the belief that it can be easily done if our church people will take it up and give the opportunity for the congregation to express themselves. If we believe in the righteousness of our cause and that God takes part in the affairs of His world, we ought to pray in this as in everything else. The moral and religious effect of the whole community at prayer, for say one minute at the same time would within itself be a victory for us. And who can say what the effect might be in this awful carnage? God has from of old heard the cry of His people and who will say he will not hear them now if they humble themselves and pray and confess their sins? May we not consider this question in our churches and take some step toward putting it into definite form? Some such arrangement as having a committee for the town? R. A. STEWART. —Pay the President— W. E. Bates was an Amarillo caller Saturday. T. C. Thompson spent Sunday in Amarillo. Henry Shambaugh left for Neosho, Mo., where he will make her future home.

Monday which was the regular Trades Day, proved a success in every way. There were many people from all over the county that came to town to take advantage of the Trades Day specials offered by the different merchants. Trades Day is advantageous twofold, viz. The merchants offer a discount on their regular stock, and the farmers set aside one day to do their trading. The farmers throughout the county are realizing that the merchants offer the very best material to be had and Trades Day Specials prove to be investments worth while. On account of the mud Friday morning it was decided that the Trades Day Excursion would not go as previously planned, toward UMBARGER. There was a big crowd in town Monday and all the people were highly pleased with the bargains offered by the business houses. Articles for the auction sale were collected by S. B. McClure and sold at good prices. R. A. Campbell was the auctioneer, and there was some livestock sold. Thompson Hardware had special bargains for the farmers and many took advantage of the sale. Remember that next Trades Day the Ford will be given away. It will pay you to get your supply of tickets and be ready for the big event. ROBERT LAWRENCE GREER DIED JULY 5 AT HOME Old Time Resident of Randall County Robert Lawrence Greer died at Willow Springs, Missouri, July 5th, 1918. He was born in Johnson county, March 8th, 1847, being the oldest son of the late Alexander and Louisa Greer. His early boyhood was spent on his father's homestead near Warrensburg, Missouri. In 1870 he was married to Kittie Jane Major, oldest daughter to W. Boone and Prudence E. Major. After their marriage they resided in Lafayette county, where he afterwards became a successful farmer and an extensive stock dealer. His entire life was spent in Missouri with the exception of twelve years, which were spent in Oklahoma and Texas, he with his wife returning to Missouri where they purchased a farm near Willow Springs. At their new home they had been located only nine months when the final summons came. He was widely known throughout the state, counting hundreds as his friends. He is survived by his wife, Kittie J. Greer and four brothers, W. A. Greer, J. P. Greer, J. A. Greer and J. B. Greer and eight sisters, Mesdames Mary Dyer, Laura Coburn, Rovilla Morrison, Sallie Smarr, Josephine Collins, Lee Youngs, Minnie Llewellyn and Mattie Sellars. He was laid to rest in Oak Grove cemetery, Sunday, July 7, 1918, in the family lot by his only child, Kittie Laura—Willow Springs (Mo.) News. R. L. Greer was a long time resident of Randall county and the many friends of Canyon and the surrounding country are grieved to learn of his death. Heart trouble and rheumatism caused long suffering and was finally called home on July 5 at 12:10 a. m. The people of Randall county joined by the News send their kindest regards to the bereaved family in their sad hour. —Pay the President— J. E. Willis was in Plainview Saturday on business. Mrs. L. E. Carroll left Saturday for Sulphur Springs where she will be for some time. S. S. Coffee spent Saturday in Amarillo shopping.

The First State Bank Served your boys before they marched away. We want to serve them now by serving you and our Government. BUY W. S. S. and Bring Them Back Home (This space contributed for the winning of the war.) QUALITY AND SERVICE WHEN you buy lumber and other building material, is any old thing good enough for you or do you want the best your money will buy? The popularity we enjoy in this community is attributable largely to the quality of our goods, the service we render and our prices. Rockwell Bros. & Co. (CANYON LUMBER COMPANY)

Becoming a Y. M. C. A. Secretary

By C. W. WARWICK

I am not a full fledged Y. M. C. A. Secretary, but I have been inoculated and it seems to be taking somewhat.

As I stated in a previous communication, the man dead set against red tape, must stay out of this kind of work, or any war work for that matter, as all this big war job has been worked down to a fine system, and whether practical or not, the fellow going in has to follow the dictates of the makers and ramrods of the system, or get out. A few have done the latter of his own free will and accord, while a few have been pushed off tabogan.

To start oneself on the merry road of becoming a Y. M. C. A. secretary, there are seventeen separate and distinct things that must be done and must be done without hitch or hesitation. On reaching New York you are given a book with seventeen cards in it. As you go the rounds, each different department tears out his respective card. By the time you have made the rounds, all of the cards have found their way to the last desk where they confront you and if the job has not been well done, you may prepare to go back and do it over again. I have not gotten to the final stage of the game. Therefore, I will not brag about my efficient (?) way of doing things.

The character of men going into this work is an interesting study. You find here such men as are found in any town and community. We have a mixture of all trades, occupations and professions. The only thing I have failed to find is the physician, and Uncle Sam is wanting him in other departments for convenience sake, we are divided into little groups of fifteen to twenty men and meetings are held for various purposes. In our group of seventeen men, they come from fifteen different states. All but one are married. The oldest man is 50, the youngest 24, and is exempted from military duty on account of physical defects. Of the sixteen married men only two have children in their families. One man has two children. This seems to be rather the rule of the Y. M. C. A.—to take men only with small families, unless the man be exceptionally well qualified for the work. In our group is a preacher, a real estate man, a teacher, a farmer, a banker, a lawyer, constructor, road man, traveling salesman, and the rest of office men. In the conference of 385 men, there are only a few about 50 years old. A man must be subjected to the very strictest physical examination and have the certificate of his family physician that he is able to stand up under hard work.

A false impression seems to have gotten around that the Y. M. C. A. is a bunch of preachers. While it is necessary that a man be connected with the church, and have a good moral character, the Y. M. C. A. secretary is not sent as a preacher to the front, other than to minister to the needs of the men in whatever manner he may find. He is expected to live the Christian life. The Y has twenty of the biggest preachers in the United States on the front line, of whom Dr. Geo. Truett of Dallas is one, and the secretary may have to conduct religious services at any time or place, but in my department—as hut secretary—very little stress is laid upon a man's ability to lead religious services. I hear that a German lie has been circulating the country that the Y. preacher that the man who dies on the battlefield is saved. Do you think Geo. Truett—that noble Baptist preacher—would join an organization preaching such a doctrine? The Bible is being read and studied more and more at the front by the boys, all show in religion is laid aside, and the person who would circulate such stories is casting reflection not on the intelligence of the boys at the front, but on their own little minds and hearts.

The Y. M. C. A. needs 2,000 more men at once. They now have here in New York nearly 1,500 men waiting for passports, and by September first want to have placed 6,000 in Europe and 250 to 500 per month after that. Any of you Randall county men who want to be of service may find a place in some department of the Y. M. C. A. You won't make more than your expenses during the period of the war, if you make that. There are nearly as many departments to the Y. as there are to the army.

And do not let me overlook the work of the women in the Y. M. C. A. Did you know that the best Y workers we have in France are the women of the Y. M. C. A.? They have accomplished wonders with the men. Incident after incident are told to us of the work women are doing for the men over there. Any woman that can get a passport will have the opportunity of her life to cheer the hearts of the men in France who long for

the sight of an American woman. As one Canyon boy put it in a letter to a friend there in Canyon recently: "The French girls are wonderful, but are not to be compared with the American girls." However, the government is very particular in the issuance of passports to women and no woman with her father, brother, husband or son in the army may expect to get to France.

The uniform worn by the Y men is identical with that of the American officer, with the exception of the red triangles on the arm and the red triangle on the rabbit cap. No Y worker is allowed to wear the uniform of this country, except under orders. There is what they call the domestic uniform, which is darker in color than the officers' uniform and the blouse has the rolled collar. These uniforms are worn by the men in camps over here. The Y man on the other side is placed in the position of a subordinate officer. He has no rank, but has all the privileges of an officer and is subject to all the penalties of a private. The uniform is a badge of honor placed upon the Y men by the U. S. government by order of General Pershing and happy to say of the 3,000 secretaries on the front today; only three or four men have desecrated their uniform of honor and have been sent home.

After we get our outfit together the men are sent to Columbia University for a training period. This training period consists of three lectures a day upon the various phases of the service, two periods of French instruction in field and athletic work, and various extras thrown in to keep the men busy about thirty hours per day. The men are not given a mapped out program to follow overseas. It would be useless. We are told of the conditions that other men have found and how they solved the conditions. We heard ten men who have returned from the front and they told what they had seen. The Y accredits the men with enough sense to go over, find out the conditions, or be told them in Paris, and then solve the problem to the best advantage. A man works with a much freer hand than I had imagined. His field of activity is bounded only by his ability.

After the Columbia course, we begin our graduate course. I have been in that boat now for two weeks. The graduate course continues until you land in Paris. In other words, if your passport is on hand when you complete the Columbia course, you sail at once. If not you hang around. There is no disgrace attached with this hanging around business, but it is mighty aggravating. We have French three hours per day and military drill for two hours. Lectures and extras are slipped in to keep us busy.

There are nearly 1,500 of us doing this hanging around stunt just now. The situation is this: The State Department at Washington will issue passports only after the War Department has made a thorough investigation of the applicant and finds that he is a good American citizen. We are told that the War Department will refuse passports to men who have any German blood in their ancestry. I don't know how far back they go, but I do know that they delve very thoroughly into a man's past and are not a bit particular about turning down his application under old pretense. I have been here four weeks and the War Department has not yet cleared me. But I should worry. There are men here, prominent in their communities, who have been waiting two months or more. The trouble largely arises from the fact that when the War Department send out letters inquiring into the applicant's history, the receivers fail to promptly answer. If any of you good people of Canyon get such blanks and want to do me a favor, please get a hustle on you and answer the same. We are sending men out every week, but not as fast as the soldiers are going over. We are far behind in numbers in France; they need several hundred in England and Italy; the Russian field is now opening, but since they are asking only for men who will go an unlimited period to Russia, the response has been very slow. France is the favored field of activity, and to get men to England and Italy the officials almost drafted them.

Before leaving Canyon I heard complaint among the parents of the boys in the army about the irregularity of their mail. I can explain that to you. At present there are only a few ships (can't tell you the number) running directly between America and France which carry mail. These ships go as often as possible, but under existing conditions they are of course very irregular. Therefore, all of these ships might come across within a few days of each other, and there would be no

BRIEF WAR NEWS.

The war situation of Monday is summarized by the Associated Press as follows:

Although the Germans are employing fresh reserves in efforts to hold back the allied troops from the region of the Somme to the Oise, the American, British and French armies continue to make progress.

Monday witnessed gains of ground at various points along the battle front of high importance for the further prosecution of the endeavors of the allies to drive out the Germans from the old Amiens-Montdidier sector.

After an extremely bitter contest, the British and Americans have gained a foothold in the important little town of Bray-sur-Somme, on the northern bank of the Somme. A short distance across the river to the south, the British have taken Proyart and midway of the line have pressed on the east of Fouquescourt in a maneuver which has resulted in the further outflanking of Chaules from the south and of Roye from the north.

The war situation of Tuesday is summarized by the Associated Press as follows:

The strength of the German opposition from immediately north of the Somme river to the river just below Roye apparently has checked the eastward march of the allied troops.

German resistance has not prevented the French on the extreme southern end of the line from winning additional points of great strategic value in the hill and forest region between the Oise and the Matz, where Lassignye and Noyon are the ultimate objectives. The capture of these places would result probably in the forced evacuation by the Germans of the Noyon, Roye, Chaules line and would have a marked effect on the battle line running southeastward past Veslissons and thence along the Veste Rois.

The battle line in the north and on the center remains virtually as it stood Monday, although all the allied troops have bettered their stands slightly and taken additional prisoners. The Americans and French at last accounts still were in the environs of Bray, north of the river, while south of the river, the Germans continued in possession of Chaules and Roye, which seemingly they intend to defend at all hazards. Fresh reinforcements and large numbers of guns have been brought up by the enemy to aid him in his endeavors to hold the line, which is essential to the safety of the German armies now in the pocket described by the Somme on the north and east and the Oise on the south.

Further ships coming across for two or three weeks; When you don't get mail, just remember this situation.

I'm all packed ready for the next station—Paris. Ocean bathing is a very fashionable stunt in New York just now, but I hope it will not be necessary for me to attempt a few hundred mile swim on the way over—but who is afraid of a little old submarine? Not I.

Cable Service

of CHICAGO DAILY NEWS for

Star Telegram Readers

Many years before the outbreak of the great War the Chicago Daily News instituted its foreign news service, which today is writing this important chapter in the world's history as it will not be written again. When the "Big Story" broke, The Daily News' foreign news service was waiting and ready to report it. From tangled threads of intrigue and suspense which preceded the actual conflict to the settled struggle which is now being waged over hundreds of miles of battle lines no important phase of the story has escaped these reporters of history. They have made the issues of The Chicago Daily News since the war began perhaps the most satisfying record of the war.

In practically every other news center in Europe and the Far East a member of The Daily News' foreign staff is stationed. Correspondents are placed in Denmark, Norway, Sweden, England, Scotland, Ireland, Italy, Bulgaria, China, Japan and Australia, to serve the Daily News.

Nor is the foreign news service of The Daily News limited entirely to articles and cabled messages written by these members of the staff members of active military units, such as Algernon Sartoris, until recently of the Foreign Legion, and Norman Klein, serving with Chicago's base hospital No. 12 at the front, frequently contribute articles that reflect activities which come under their observation.

All this Great Service is now being furnished Star-Telegram Readers.

Also Lease Wire Service of

1. The Associated Press.
2. International News Service
3. United Press.

The three Big News Gathering Organizations of the World.

DAVID LAWRENCE, the Washington Correspondent, writes a column story of the News at Washington, which appears in the Star Telegram every day. "Washington is the World's Capitol today," and every man and woman should keep posted on Events at Washington.

The Price of the Star-Telegram is \$9.00 per year, and The Randall County News, \$1.50. We are making this startling offer of \$9.75 for both. This is a big newspaper offer and we advise you to subscribe for both today.

RANDALL COUNTY NEWS

FRESH BUTTER COMES UNDER FOOD CONTROL

Special regulations governing the handling of cold storage butter issued by the Food Administration on June 19, 1918, and amended June 12, as to the maximum margins of profit that dealers may take, have just been extended to cover fresh butter. Hereafter both fresh and cold storage stocks will be under the same regulations in so far as they can be made to apply to both kinds.

Save the Straw

It has come to the State Agricultural Department, that in portions of the State where considerable acreage of small grain is grown, there is much waste of oat and wheat straw.

Considering the feed value of straw, along with the dire scarcity of feed everywhere, and especially in the Western portion of our State, this waste should not be permitted.

Where not needed upon the farms where grown, oat and wheat straw when baled, will find ready market if it has been properly protected from the weather.

Where in stack, if not carefully topped to protect from rain, this should be done before suffering damage, if possible.

Those having baled straw for sale, or those desiring to purchase same, will be aided to the extent possible by the Market Bureau of the State Agricultural Department. Address Fred W. Davis, Commissioner of Agriculture, Austin, Texas.

"Right and liberty have obliterated space and the ocean to bring France and America together."—President Poincare.

Sequel To Love For Doll

Maternal Instinct Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll fades into the petals of a June rose, to evolve the most wondrous of all transformations.

And now comes a more serious period when the joy of real motherhood should be as tranquil as best efforts can provide. This is accomplished with a wonderful remedy known as Mother's Friend. An external application so penetrating in its nature as to thoroughly lubricate the myriad network of cords, tendons, nerves and muscles just beneath the skin of the abdomen.

It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand gently. The muscles contract naturally after baby arrives and the form is thus preserved.

It should be applied daily, night and morning, during the period of expectancy. By regular use it enables the abdomen to expand without the usual strain when baby is born. Naturally, pain and danger at the crisis is less.

You will find Mother's Friend on sale at every drug store. It is prepared only by the Bradford Regulator Co., Lamar, Bidg., Atlanta, Ga. They will send you an instructive "Motherhood Book" without charge. Write them to mail it to you. Do not neglect for a single morning or night to use Mother's Friend. Obtain a bottle from your druggist today by all means, and thus fortify yourself against pain and discomfort.

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

Young Girl Ends Life
Miss Nora Simmons, daughter of Mr. and Mrs. E. M. Simmons, of Lubbock, committed suicide at her boarding place here in Amarillo, on Friday of last week, Miss Simmons was to have been married on the 14th but had a disagreement with her fiancé that morning, and though she was closely watched because she had said she was going to kill herself, she managed to swallow the greater part of the contents of a bottle of carbolic acid and died from the effects in a short time.

Miss Simmons came to Amarillo about two months ago to attend business college.—Southwest Plainsman.

Texas Allotment 13,230,000 Pounds
Texas has been on its tiptoes to meet the U. S. Food Administration sugar ration since April when the first steps were taken toward controlling the distribution of sugar on the certificate plan. The allotment for the State during July was 18,900,000 pounds. Beginning with August 1, 1918, the allotment for the month of August is 13,230,000 pounds. This amount of sugar must take care of all the requirements for every purpose.

Miss Saunders of Canyon spent the week-end with friends at 710 Pierce. Amarillo Daily News.

A Letter from Herbert Miller
Camp Forrest, Ga. Thursday.

To The Force,
I have just been wondering why you don't come out with the paper today, or is the light plant having another hot box? Perhaps they need another bucket of coal.

I haven't seen anything that looks like a Government Print Shop as yet, and furthermore I don't expect to. I'm in the Army now! However, I was only one out of a couple of hundred who were fooled and are riding in the same boat with me. They put us all in the Engineers with a bunch of drafted men. But they are all a good bunch of boys and we are having a big time so we are perfectly satisfied.

We have been drilling (some) from morning till night. Tomorrow morning we are going to start in clearing seventy acres of big oak and pine trees and make room for a rifle range and give us some practice in bridge building and trench diggin, etc. - O. U. "Engineers"!

They started examining the boys yesterday and they are sure giving us a stiff one. They average about one rejected out of each 6 or 7 men. But the most of the rejected ones are transferred to some other branch of the service, infantry mostly.

On the road here I landed in Little Rock at 9 p. m. and was there till 2:30 a. m., so I went to the Arkansas Gazette plant and saw their specially built "Goss" press in operation. It turns out 20 page papers at the rate of 36,000 per hour, and is supposed to be the fastest running press in the world.

Camp Forrest is about 10 miles from Chattanooga and is certainly a pretty camp. It has a capacity of about 50,000 or more. I haven't seen near all of it yet. We can't see farther than just our own company on account of the large trees.

We have a drafted man here from Iowa who is a Quaker and he refuses to drill or work of any kind. He says it hurts his religion. We sure have lots of fun with him. They put him on bread and water and slapped him in the guard house. I don't know what they'll do with him.

Well, I got to quit and go to dinner.

Be good and tell "Father" not to work too hard.

HERBERT MILLER.
Address 7th Co., 1st Engineer Battalion, Camp Forrest, Georgia.

W.S.S. - DOLLAR MARK YOUR PLEDGE - W.S.S. PAY THE PRESIDENT

Ten Commandments in Sugar Conservation

1. Do not leave sugar in the bottom of tea, coffee or cocoa cup.
2. Sweeten breakfast cereals with honey, syrup, maple sugar, raisins, or dates.
3. Substitute molasses, maple syrup, or syrups made from sorghum and corn, for part of sugar used in cooking.
4. Make your cakes without frosting. Or if you do use frosting, use the one that contains little or no sugar.
5. Use fresh, dried, or preserved fruit for dessert in the place of "made dishes" that require sugar.
6. Cut down the use of candies and sweet drinks. They are luxuries, not necessities. Use fruits, nuts or popcorn if you must eat between meals. If you must have candies, choose only those made from no sugar.
7. Preserve as much of your fruit as you can by drying it in large quantities.
8. Can fruits and fruit juices without sugar. This may be successfully done by the cold pack method. (See Farmers' Bulletin, No. 835, which you may read in your Public Library, or obtain by applying to the United States Department of Agriculture, at Washington, D. C.) They may be made into jellies or syrups as needed.
9. Limit the amount of jelly or preserves used. These should be limited to the needs of invalids and children. They may be made as needed from unsweetened canned fruits and juices. Use the least possible amount of sugar or syrup in making them.
10. Use no more than one and a half to two ounces of sugar per person per day (3 to 4 tablespoons). This includes all sugar used in cooking as well as that used at the table.

One tablespoon of sugar weighs one-half ounce.
One cube of sugar weighs one-fourth ounce.
One and one-half level teaspoons of sugar weighs one-fourth ounce (equal to 1 cube).
If you think this allotment of sugar small, compare it with the allotment of other countries.
We have two pounds of sugar per person per month. (August regulation.)
The English have two pounds of sugar per person per month.
The French have one pound of sugar per person per month.
The Italians have one pound of sugar per person per month.
(When they can get it.)

HOME BAKING WITHOUT SUGAR DISCUSSED.

Since the people of Texas and of America have been put upon a two pound a person a month sugar ration, effective August 1, the Food Administration in Texas has had many letters stating that in many sections of the country home baking is being discouraged and that housekeepers generally think that they can not go on making bread, muffins and cakes in their homes without sugar.

It is not the desire of the Food Administration, says Administrator Peden, to discourage home baking, but, on the contrary, to encourage the use of syrup and other substitutes in the place of sugar. All breads, biscuits and muffins can be made without sugar, and many cakes, cookies and even pastries can be successfully made with syrup in place of part or all of the sugar called for, the administration points out.

The Food Administration is prepared to tell housewives where they can secure recipes for the new cookery.

SEVENTY PER CENT FLOUR RULE IS EXTENDED.

The period for the operation of the 70 per cent flour rule governing bakers of all products except bread and rolls which expired July 31 has been extended to August 31. For this reason the United States Food Administration does not wish to issue licenses to new bakers for the manufacture of products other than bread and rolls until September 1.

The Food Administration approves the issuance of licenses to new bread bakers in territories where the population has increased and where there is an actual necessity for an increased bread production. The administration disapproves launching before September of advertising by bread bakers to increase their production.

On account of the 70 per cent sugar rule governing bakers, many small hotels, boarding houses and public eating places will ask for bakers' licenses to permit them to get an extra allotment of sugar for their bakery products. The Food Administration decidedly disapproves of this subterfuge and requests that no applications for licenses be approved by State administrators until the administrators are thoroughly satisfied that the applicant uses at least three barrels of flour and substitutes in his bakery each month and has used this average for the past few months.

Small retail bakers using less than three barrels of flour and substitutes and therefore not under license should receive sugar on the same basis as licensed bakers, that is to say 70 per cent.

The Fourth Liberty Loan

The campaign for the Fourth Liberty Loan will begin September 28 and close October 19. The result of the loan will be watched with keen interest in Europe, not only by our associates in the war against the Teutonic powers but by our enemies. It will be regarded by them as a measure of the American people's support of the war.

The Germans know full well the tremendous weight and significance of popular support of the war, or the people at home backing up the Army in the field. As the loan succeeds our enemies will sorrow; as it

fall short, they will rejoice. Every dollar subscribed will help and encourage the American soldiers and hurt and depress the enemies of America.

The loan will be a test of the loyalty and willingness of the people of the United States to make sacrifices compared with the willingness of our soldiers to do their part. There must be and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home withhold our money while they spare not their very lives?

SERVE BY SAVING

At a time when every dollar must do full duty, and "Economy" is the nation's slogan, a very definite problem confronts every store which has the best interests of its patrons at heart—

Big Close Out Furniture Sale At Hereford, Texas

BEGINNING SATURDAY, AUGUST 10; CLOSING MONDAY AUGUST 20, 1918

To the People of Canyon and Randall County:
You are cordially invited to come to Hereford and visit us during this big close out furniture sale.

This \$12,500 stock of furniture, rugs, etc., known as the Wilson stock, has been bought by us at half its value and we are going to close it out in this big furniture sale during the next ten days. Every article in the house will be sold at about one-half price.

In all your life you have never witnessed such a furniture sale as this is going to be. Every article in the house will be sold at a bargain, regardless of present prices. Nothing like it before has been seen in this part of the state. You will never have such an opportunity again.

This will be a genuine bona-fide bargain sale of every thing in art rugs, linoleums, stair carpets, and matting, duofolds, library tables and rockers, beds, springs and mattresses, dining room suites, bed room suits, dressers, sewing machine, kitchen cabinet, etc.

Packers' Profits —Large or Small

Packers' profits look big— when the Federal Trade Commission reports that four of them earned \$140,000,000 during the three war years.

Packers' profits look small— When it is explained that this profit was earned on total sales of over four and a half billion dollars—or only about three cents on each dollar of sales.

This is the relation between profits and sales:

Profits █
Sales █

If no packer profits had been earned, you could have bought your meat at only a fraction of a cent per pound cheaper?

Packers' profits on meats and animal products have been limited by the Food Administration, since November 1, 1917.

Chickens Come Home to Roost

The kaiser said something to Ambassador Gerard one day about 100,000 German reservists in America coming to the aid of their "fatherland" in case America declared war. Gerard replied that there were more than 100,000 lamp-posts in America which could easily be brought into use on short notice, if necessary. As a matter of fact he knew it would not be necessary.

Where are those 100,000 Germans? Well, as a matter of fact, they have sprung to the aid of their fatherland, but not the one Wilhelm was thinking about. They sprang to the service of the United States. The Kaiser was crazy, as usual. He forgot that a great change takes place in the hearts of men when they get out from under the baleful, hypnotic spell of Prussian militarism and to get to breathing the free air of America.

The German war correspondent of a Berlin newspaper recently made this observation:

"Among the American prisoners a surprisingly large percentage bear German names. They say men of German descent are prominent among American army leaders." Sure enough. There they are. Now they are coming back to Germany with blood in their eyes, to avenge the terrible wrongs committed upon their own relatives who have been dragged down under the wheels of despotism, and to fight for the safety of humanity.

In Kansas there lives a German farmer who has brothers and other relatives in Germany. Not long ago he said good-bye to his boy who had enlisted in the American army, and as he gave him his blessing and wished him success, he said:

"Don't stop until you get to Berlin. But on your way back you might stop off at Mecklenburg and say hello to your cousins."—Wichita Beacon.

The President on Mob Spirit

"I have called upon the Nation to put its great energy into this war and it has responded—responded with a spirit and a genius for action that has thrilled the world. I now call upon it, upon its men and women everywhere, to see to it that its laws are kept inviolate, its fame untarnished."

"I can never accept any man as a champion of liberty either for ourselves or for the world who does not reverence and obey the laws of our own beloved land, whose laws we ourselves have made. He has adopted the standards of the enemies of his country, whom he affects to despise."—President Wilson.

That "the war will soon be over" must be discouraged for a Lieutenant in France says "We have not gained back all of the original territory yet lost in the spring." The second victory of the Marne is not conclusive, but the situation has been greatly brightened by the success of the allies. Manpower, gun-power, and wealth will work out a complete victory in the final outcome.

Enriching of the Colleges

The War Department is formulating a system with the institutions of the country whereby boys may enter the "Students' Army Training Corps" and do active military work in connection with their college work. The Students' Army Training Corps is intended to increase the scope of military instruction, and to provide a larger number of educated and trained men for the Army's needs.

By shortening vacations, it will be made possible to graduate in three years instead of four. The colleges already have facilities which the army cannot create, for training officers in ways that will fit them for various special lines of service.

The Government provides uniforms and equipment and military supervision and instruction. It proposes to hold six-weeks summer camps for more intensive military work, during which the students will receive the pay of army privates. Enlistment in the freshman year is expected, but it is the army plan to keep the students in college until they have graduated, even if beyond the age of twenty-one, provided they are in training for some particular purpose.

In practically all the colleges and State schools in Texas the departments devoted to Banking, Economics, and Business Methods are making use of the War Savings Campaign. Not only are the students encouraged to buy War Savings Stamps but the fundamentals of thrift and economy are being practiced in actual classroom instruction.

Dr. Robert E. Vinson Pres. of the State University says, "Through the medium of war savings stamps the Government is teaching the most valuable of economic lessons. The value that this lesson will be to the people of Texas cannot be overestimated. It reaches everyone—the rich man, the poor man and the man of moderate means. All are given a splendid opportunity to materially assist their government and benefit themselves at the same time."

"The conclusion of the war savings campaign will find more money saved Texas than there ever has been. The average individual will be in better financial condition than he ever was and as a result of having acquired the habit of saving he will better his financial condition every year."

"The war savings campaign, with principals of personal economy and the savings of goods and services, is the foundation upon which the economic war-time financial policy of the Government is based."

"Texans have always done their duty Dr. Vinson said, and I feel confident that every loyal Texan can be counted upon to reflect credit upon his State and himself in the war savings campaign. Texas will have a quota of \$91,000,000 in United States Government war savings stamps by December 31."

How much pleasure do the boys in the trenches derive from a letter from home and friends? When they are "Somewhere in France" or "Over There" it is a little thing to drop them a card or letter now and then to let them know how things are at home. It is a little thing to us, but it may mean a great deal to a brave but home sick soldier. A word of encouragement may help him to go over the top. Let him know that he, as an individual is not forgotten.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

L. A. Williams, secretary of the board of city development of Amarillo, while attending district conference of the Federal Food Administration at Houston on last Friday is quoted as having made the following statement. "That his district of 60,000 square miles was bare of vegetation and that this week three carloads of Hereford calves which when weaned ordinarily would bring \$150 each were sold for \$18 and shipped to market for slaughter."

That fellow must be loaded or full of squirrel whiskey, or perhaps he has a brain storm. The territory around Amarillo is in fairly good shape so far as row crops and grass is concerned, and as to the \$150 calves, no one in this country ever heard of such a thing. Fifty dollars is the highest price any Panhandle calves ever brought, so far as the oldest settler ever knew.

Elsewhere in this issue is found a letter from Herbert Miller, who left two weeks ago for training at Camp Forest, Ga. He left under the impression that he was getting into the Topographical Department but through error, the "y" was an "o" and he is now in the Topographical Department of Engineers. He is doing surveying and drilling, but says he is contented.

The more extensively and completely a nation is able to divert its labor and materials to war objects, the stronger it is for victory. Individual conservatism must be practiced in each family to help in the grand total of terminating of the war. The Government has to equip the soldiers with uniforms, shoes, puttees; and other things. Thrift will not only benefit the family, but will create a capital with which to carry on the business of winning the war.

Heavy increases in present war tax on tobacco, cigars, and cigarettes were agreed upon by the House Ways and Means committee as a part of the new eight billion revenue bill. The tax imposes three times the existing rates on some items of the schedule.

The thoughtless spender is one of Germany's allies. Put your money in War Savings Stamps. Wipe your W.S. S. pledge out with dollars.

WHY SO WEAK

Kidney Troubles May Be Sapping Your Life Away. Canyon People Have Learned This Fact

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, dizzy spells and urinary disorders, weak kidneys may be the cause. The slightest symptom of kidney trouble is too serious to neglect. Doan's Kidney Pills have earned their fame by their effectiveness in strengthening the kidneys and keeping them well. Here is Canyon testimony to prove their worth.

"Mrs. A. L. Abrams, says: "My back was weak and ached and my kidneys were irregular in action. It took only a few boxes of Doan's Kidney Pills, procured at the Holland Drug Co., to cure me and I haven't had any kidney trouble since. I advise anyone to try Doan's, who is bothered that way." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Abrams had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Fall Exhibits

FEATURING THE NEW THINGS FOR WOMEN, MEN, BOYS AND GIRLS

Our one idea in the buying of merchandise for Fall has been to give you the latest styles in the most dependable merchandise at the greatest possible saving in money. The service that we have rendered you will speak for itself.

Women's, Misses' and Children's Coats

Showing the new Fabric materials, Sybello Seal, Plush, Velvets, etc., with trimmings of Plucked Beaver, Muskrat, Kit Coney and Karami. In the season's most popular and wanted shades. Be sure and come in this week, and see the new things we are showing.

Women's Coats priced from \$15 to \$85.

The New Boots for Fall

The new Boots—this fall come in three heights of heel, high, medium and low, offering you the advantage of a wide selection at the same time perfect style.

Look in our center window and see the new shades of French Fawn, Khaki, Mist Grey, Browns, Black and Dawn Grey. The prices are \$6 to \$15.

MEN'S SHOES FOR FALL

Men as a rule are not willing to sacrifice quality for style. In the line we are featuring for Fall you will find both quality and style; Coco Browns in French, Kid and Kangaroo, Black, Tony Reds, in various styles of lasts, English Walkers, etc. Priced \$4 to \$12.50.

MEN'S SHIRTS

In this department you will have a wide range of colors to select from. Shirts that are made full in the body insuring comfort to the wearer, assorted stripes, etc. Prices \$1.00 to \$5.00.

All the new things in Fall Ties. Prices 50c to \$3.00.

BOY'S NEW FALL SUITS

In materials that combine good looks with service. Suits with two parts of trousers as boys are likely to wear the trousers more than the coat, thus insuring pants to match during the life of the coat. You will find an exceptional good value for school service. Prices \$5.00 to \$12.50.

Jones Dry Goods Co.

6th and Polk

Several have contributed News items to the paper this week for which we are grateful. Some, however, left off their signature, and we should like that you put your name at the bottom, for our own protection. The name, however, would not be published. We appreciate these kindnesses and if you wish to become a regular correspondent, and we are desirous of having one in each community of the county, we have special inducements to offer you if you will call at The News office.

Patrons and Correspondents
For those who are slow in getting in their ads, reading matters, etc., let us urge that you get it in as early as possible to insure good space and that we will not be so rushed at the last minute. Ads should be in The News Office by noon Wednesday, and news items, notices, citations and the like must be here by six o'clock Wednesday. To correspondents, we urge that you observe the above, otherwise the news are likely to be delayed a week.

Would you be willing to show President Wilson how many War Savings Stamps you pledged him June 28th, National War Savings Day? Remember it was a pledge to President Wilson! If your pledge wasn't large enough, make it larger and pay it out just as soon as you can. That money is needed now.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles, instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Bobbie Burns of Lubbock was in the city several days on business.

J. W. Mathews and family returned to their home Friday after a weeks visit at the Jeff Wallace home.

Mrs. Emmitt Cardwell of Kansas City is visiting at the D. A. Shirley home this week.

Mrs. T. J. Humphres of Plainview spent Monday and Tuesday at the D. A. Shirley home.

Miss Marion Reed accompanied by Mrs. W. T. Dunn and children, and Miss Esther Poy went to Ralls for a weeks visit.

Miss Zerah McReynolds and Erme Conner have returned from Boulder Colorado where they have been spending their vacation.

J. W. Ford, wife and babe of Matador spent Monday night at the Palace.

H. W. Little, of Plemons, Texas, is here visiting his daughter, who is a normal student.

A. W. Smith, agent for the Woodstock typewriter transacted business in Canyon Monday. He is accompanied by his wife.

Jas. C. Mahan and wife of Wellington were visiting Mrs. Mahan's brother, Professor Sheffy and visiting the Normal last week.

J. A. Carey, a former normal student has rooms at the Palace. He is spending the week visiting former friends and fellow-students.

Mrs. A. W. Mills of Tuta, was here Tuesday and secure a place for her daughter to board, while attending the next term of the normal school.

WAYSIDE FILES

C. F. Watson, wife and children with Mrs. Mary Williams expect to leave Wednesday for a two weeks visit with relatives at Wellington.

After a two weeks visit with their sister, Mrs. J. R. Stockett of Panhandle, Lowe and Ola McGehee returned a few days since. Lowe has about recovered from his broken leg.

Mr. and Mrs. L. B. Rogers of Grapevine are visiting with relatives around Wayside this week. They came from Canyon with L. S. Sluder Monday afternoon.

M. L. McGehee is quite sick with typhoid fever. The service of the telephone exchange has been discontinued for awhile as they are managers of the Wayside switchboard and the noise interferes with the comfort of the sick person.

Edward Carter failed to leave for camp a week ago, after reporting for duty and will have a few more days with loved ones.

Mrs. D. S. Ross of Kingston and Mrs. A. A. Ewing of Celeste are visiting this week at the home of their daughter and niece, Mrs. J. M. Craig.

Mrs. Grigsby left Friday for Pilot Point for a short stay.

Mrs. W. B. Anthony returned to her home at Plainview after a short visit with her sister, Mrs. N. E. McIntyre.

LOST—Saturday evening, a letter addressed to Mrs. J. P. Ball, southwest of town. Finder return to above address and receive reward.

McCORMIC and DEERING CORN HARVESTER

Well known to every farmer to be the best Corn Harvester on the market for saving all kinds of row crop. It matters not how high nor how heavy, it will harvest your crop when it is too low for any other Corn Harvester to handle.

When you have a McCormick or Deering Machine you can always get any repair in a very few hours and be ready for work. When you have some new make of machine for which you do not know that you can always get repairs, you can lose many times the difference in price of machines, so let us sell you one of the **old Reliable Machines** with all the latest improvements that you can depend on to get your crop harvested before frost, and take no chances.

THOMPSON HARDWARE CO.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

YOUNG MEN

HART SCHAFFNER & MARX CLOTHES FOR STYLE AND VALUE

Annual Entertainment.
 August 22 is the date set for the annual mask ball of the Colorado Springs Chamber of Commerce which has become a western event of importance. Colorado Springs annually entertains its thousands of visitors with this ball masque which is unique in municipal entertainment. A whole block of pavement is polished, grandstands are erected for 5,000 spectators and hundreds of dancers, in costume and masks, make merry, while in the intermissions there are specialty vaudeville stunts. Special events and competitions for visitors are held and Texas folks have walked off with their share of these events in the past. The terrific heat in the southwest during the last week drove many Texans to Colorado Springs and Manitou.

Boy Accidentally Killed
 Robert E. Law, a son of Mrs. L. D. Cox of Panhandle, was accidentally killed at the ranch house on the Walter Burch place, 7 miles southeast of Amarillo. The boy was 14 years old and with a companion, undertook to take down a loaded shot gun in order to shoot a hawk when the gun was discharged, the entire charge taking effect in the boy's stomach.—Southwest Plainsman.

Notice.
 All persons are hereby notified to keep off the Court House lawn after this date. On account of shortage in water and hot weather we are compelled to make this ruling.
 C. R. FLESHER,
 15tf County Judge, Randall Co.

Status of an Enlisted Student
 "A student enlisted in the Students' Army Training Corps is in military service of the United States. Because he does not receive pay, he is classed as an inactive service but in a national emergency the President may call him at any time to active service. He is called to active service each summer when he attends camp for six weeks and receives the pay of a private.
 His relation to the draft is as follows:

"Any student so enlisted, though in the military service of the United States, is technically on inactive duty, and therefore must register after he has reached draft age and upon notice by the President. Upon stating on his questionnaire that he is already in the military service of the United States, he will be placed automatically by his local Draft Board in Class V-D, as provided by the Selective Service Regulations. The Draft Board will not call him for induction so long as he remains a member of the Students' Army Training Corps.

"In order that the college student may not even appear to enjoy special privileges, it is agreed, however, that when the day arrives on which according to his order number he would have been drafted, had he not already volunteered, the fact is reported to the president of the college, who in turn reports it to the Adjutant General. This is the day of reckoning for the college man. The President of the College and the Commanding Officer will then report to the Chairman of the Committee on Education and Special Training of the War Department, for what form of military service the individual is in their judgment best qualified. They will recommend either that the student should continue his studies to prepare for work in medicine, engineering, chemistry, psychology, economics, etc., or that he should go at once to an officers' training camp to prepare for an officer's commission in the infantry, artillery, etc., or that he should be assigned to work in the ordnance, quartermaster or other Staff Corps or sent immediately to a division at one of the camps. Lieutenant Col. Rees, commander of the entire Students' Corps, has authority to dispose of his men in the way best suited to meet the emergencies of the military and national situation at the time. The presumption is that, for the next year, the largest proportion of the student body reaching twenty-one years will be required to supply a large part of the officers needed for the national army. It is understood that at least four or five times as many officers will be required as the total number of students who will graduate from all American colleges and universities. Enlistment in the Students' Army Training Corps, therefore, while it does not hold out any promise of an officer's commission, is at the present time the plainest road leading in that direction.

"The student who shows no ability for special service in his college and military work, will be ordered into active service as a private when his day of reckoning comes. Enlistment is for the duration of the war. If, however, the student fails to improve his college opportunities, he may be dismissed from college by action of the college authorities and discharged from military service by the military authorities. He would then be subject to the operations of the draft. His enlistment may be cancelled for other sufficient causes such as sickness, lack of funds, etc., upon recommendation of the President of the college and the military officer in command at the college.

"Opportunity will be given for the enlisted student, who so elects, to transfer from army to navy, and vice versa, and to be assigned to active service in one of the various corps of the army upon recommendation of the college President and the proper military authority.

"Regular uniforms, including hats, shoes and overcoats, will be furnished all members of the Students' Army Training Corps by the Government.

"Should Congress lower the age of liability to immediate military service, men of the new ages NOT ALREADY ENLISTED may find difficulty in entering the service otherwise than through the Draft Boards. In view of this possibility, all men expecting to enlist at all in the Students' Army Training Corps would do well to enter promptly."

T. V. Reeves, clerk of the district court of Randall county, Texas, was here from Canyon Monday a few hours.—Amarillo Daily News.

BURROUGHS & JARRETT

SEVENTY PER CENT FLOUR RULE EXTENDED TO AUG. 31.

The period for the operation of the 70 per cent flour rule governing bakers of all products except bread and rolls, which expired July 31, has been extended to August 31. For this reason the United States Food Administration does not wish to issue licenses to new bakers for the manufacture of products other than bread and rolls until September 1.

The Food Administration approves the issuance of licenses to new bread bakers in territories where the population has increased and where there is an actual necessity for an increased bread production. The administration disapproves launching bread bakers to increase their production.

On account of the 70 per cent sugar rule governing bakers, many small hotels, boarding houses and public eating places will ask for bakers' licenses to permit them to get an extra allotment of sugar for their bakery products. The Food Administration decidedly disapproves of this subterfuge and requests that no applications for license be approved by State Administrators until the administrators are thoroughly satisfied that the applicant uses at least three barrels of flour and substitutes in his bakery each month and has used this average for the past few months.

Small retail bakers using less than three barrels of flour and substitutes, and therefore not under license, should receive sugar on the same basis as licensed bakers; that is to say, 70 per cent.

Get Ready

Now is the time that your hens will moult or shed their feathers. This process is rather slow and Nature should be assisted. B. A. Thomas' Poultry Remedy will help your hens to moult causing them to shed earlier and be ready to lay when eggs are highest in the winter. If this remedy does not make good, we will.

CANYON, TEXAS

MILITARY Training for College Men IN THE WEST TEXAS STATE NORMAL COLLEGE

CANYON, TEXAS, BEGINNING SEPTEMBER, 1918

College men over eighteen years old are urged by the Federal Government to attend some college and join the Students' Army Training Corps. Soldiers are not only marksmen, but engineers, chemists, physicists, geologists, doctors, sanitarians, administrators, stenographers, book-keepers, statisticians, and many others.

CONDITIONS

College students over eighteen years of age may enter college and enlist in the Students' Army Training Corps, and get ready for service and be subject to call by the president. Change of draft age will not interfere with a student's status while in college in the Students' Army Training Corps.

REWARDS

1. Service of country, while in school getting ready to render larger and better service, which is necessary to win the war.
2. Receive military instruction by government officers.
3. Receive uniform and other equipment free.

ADVANTAGES

1. Military instruction against the day when called to the colors.
2. Preparation looking toward commissions.
3. Become a member of the U. S. Army.
4. Will probably offer choice of service if draft age is changed.
5. Removed from jurisdiction of local recruiting officers and placed under that of Colonel Reese, U. S. Army.

OTHERS

Men in the West Texas State Normal College below college rank may join the college companies when of proper age and strength, other conditions being satisfied. They may receive military instruction along with their fellows and join the Students' Army Training Corps when they have made sufficient progress in their studies to enter the college (Junior Class). These must furnish their own uniforms. This preparation would stand a young man well in hand when called to the colors at any time.

School opens September 10, 1918.

R. B. COUSINS, President

Always Use High Class STATIONERY to Create a Good Impression

The Very Latest Styles

It's an old, old saying that the people you write to often judge you by your stationery.

And there is a great deal of truth in the fact that stationery can be so chosen as to reflect the best of judgment and taste.

Stationery suitable for one occasion may be entirely out of place for another. Then, too, the styles in stationery change the same as styles in clothing.

To be sure that your stationery is right for all purposes, always buy it here.

A BOX FROM HOME

Drawn by Gaar Williams, Division of Pictorial Publicity.

Food savings of millions of Americans during our first year of war enabled this government to send enormous food shipments abroad for our fighting forces and the Allied nations. Our savings in cereals—out of a short crop—amounted to 154,900,000 bushels; all of which was shipped to Europe. We increased our meat and fat shipments 844,600,000 pounds. This was America's "box from home" to our army abroad and the civilians and military forces of the Allied nations.

YES! FURNITURE IS HARD TO GET BUT, YOU WOULDN'T THINK SO BY OUR PRESENT STOCK.

We've just unloaded two more cars and have a store "jam full."

When you think of furniture, just come to Cazzell Brothers and buy your complete outfit under one roof. You save time, trouble and money. People come miles from here to trade at this store. The reason is that they have either talked to some one who is our customer or have traded here before themselves.

Out of the last harvest the American people, by abstinence, saved 140,000,000 bushels of wheat to feed the hungry Allied nations; and these same people are going to stay right on the sugar job and see it through.

Naval officers and their families who buy at commissary stores have gone on the honor system of sugar purchase established by the Food Administration for civilians.

Soldier Fell from Train

Monday morning the work train crew discovered the body of a man near the track a mile west of town and reported same. Several went out and found a soldier boy had fell from a train, still alive, but unconscious. He was brought to town and everything possible did for his recovery. He lived until Tuesday at noon. Identification showed that he was Elmer E. Snyder, Bat. D. 145th Field Artillery. A tag also showed him to be a member of the Moose lodge at Salt Lake City, which place was wired and a response came from his mother for particulars and that she would come a once. Deceased never regained consciousness. He would answer at times and called for water once. It was learned from him that he was a saddle and harness repairer and was sleeping on a cot in a baggage car. Two trains came thru Monday morning loaded with soldiers and they were making very fast time. It is presumed that a rough place in the track or curve in the road threw him out the door.

Instructions were received yesterday from the lodge to have the body prepared for shipment to that place.

Up to this morning the remains have not been shipped as nothing has been heard from the war department. However, instructions will come today and shipment of the body made possibly on the night train—Miami Chief.

Adding machine paper at the News office. You can't beat the price any place.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

OUR SAVED FOOD FED THE ALLIES

Food Administrator Writes President America Conserved 141,000,000 Bushels Wheat.

CREDIT DUE TO WOMEN.

Meat and Fat Shipments Increased by 844,600,000 Pounds.

Conservation measures applied by the American people enabled the United States to ship to the Allied peoples and to our own forces overseas 141,000,000 bushels of wheat and 844,600,000 pounds of meat during the past year, valued in all at \$1,400,000,000. This was accomplished in the face of a serious food shortage in this country, bespeaking the wholeheartedness and patriotism with which the American people have met the food crisis abroad. Food Administrator Hoover, in a letter to President Wilson, explains how the situation was met. The voluntary conservation program fostered by the Food Administration enabled the piling up of the millions of bushels of wheat during 1917-18 and the shipment of meat during 1917-18.

The total value of all food shipments to Allied destinations amounted to \$1,400,000,000, all this food being bought through or in collaboration with the Food Administration. These figures are all based on official reports and represent food exports for the harvest year that closed June 30, 1918.

The shipments of meats and fats (including meat products, dairy products, vegetable oils, etc.) to Allied destinations were as follows:

Fiscal year 1916-17... 2,168,500,000 lbs.
Fiscal year 1917-18... 3,011,100,000 lbs.

Increase 844,600,000 lbs.

Our slaughterable animals at the beginning of the last fiscal year were not appreciably larger than the year before and particularly in hogs; they were probably less. The increase in shipments is due to conservation and the extra weight of animals added by our farmers.

The full effect of these efforts began to bear their best results in the last half of the fiscal year, when the exports to the Allies were 2,133,100,000 pounds, as against 1,266,500,000 pounds in the same period of the year before. This compares with an average of 801,000,000 pounds of total exports for the same half years in the three-year pre-war period.

In cereals and cereal products reduced to terms of cereal bushels our shipments to Allied destinations have been:

Fiscal year 1916-17... 259,900,000 bushels
Fiscal year 1917-18... 340,800,000 bushels

Increase 80,900,000 bushels

Of these cereals our shipments of the prime breadstuffs in the fiscal year 1917-18 to Allied destinations were: Wheat 131,000,000 bushels and of rye 13,900,000 bushels, a total of 144,900,000 bushels.

The exports to Allied destinations during the fiscal year 1916-17 were: Wheat 135,100,000 bushels and rye 2,800,000 bushels, a total of 137,900,000 bushels. In addition some 10,000,000 bushels of 1917 wheat are now in port for Allied destinations or en route thereto. The total shipments to Allied countries from our last harvest of wheat will be therefore, about 141,000,000 bushels, or a total of 154,900,000 bushels of prime breadstuffs. In addition to this we have shipped some 10,000,000 bushels to neutrals dependent upon us, and we have received some imports from other quarters.

"This accomplishment of our people in this matter stands out even more clearly if we bear in mind that we had available in the fiscal year 1916-17 from net carry-over and as surplus over our normal consumption about 200,000,000 bushels of wheat which we were able to export that year without trenching on our home loaf," Mr. Hoover said. "This last year, however, owing to the large failure of the 1917 wheat crop, we had available from net carry-over and production and imports only just about our normal consumption. Therefore our wheat shipments to Allied destinations represent approximately savings from our own wheat bread.

"These figures, however, do not fully convey the volume of the effort and sacrifice made during the past year by the whole American people." Despite the magnificent effort of our agricultural population in planting a much increased acreage in 1917, not only was there a very large failure in wheat, but also the corn failed to mature properly, and our corn is our dominant crop.

"I am sure," Mr. Hoover wrote in concluding his report, "that all the millions of our people, agricultural as well as urban, who have contributed to these results should feel a very definite satisfaction that in a year of universal food shortages in the northern hemisphere all of those people joined together against Germany have come through into sight of the coming harvest not only with wealth and strength fully maintained, but with only temporary periods of hardship.

"It is difficult to distinguish between various sections of our people—the homes, public eating places, food trades, urban or agricultural populations—in assessing credit for these results, but no one will deny the dominant part of the American women."

A hoarder is a man who is more interested in getting his bite than in giving his bit.

There is no vacation on the firing line.

A Sugar Stretcher

How the chemist has once more come forward with a war time proposition for saving sugar by actually increasing its sweetening power, J. J. Willaman, a member of the Minnesota section of the American Chemical Society, tells in a recent interview. This information is particularly valuable in view of the further reduction in the sugar rations.

When cane sugar (or sucrose) is subjected to mechanical change called hydrolysis, it is converted into invert sugar which is a mixture of equal parts of glucose and fructose (fructose is the characteristic sugar of ripe fruits, especially apples and pears). The fructose part of invert sugar is very sweet—sweeter than sucrose, and far sweeter than glucose or corn sirup. Weight for weight it is considered to be about 30 per cent sweeter than the cane sugar.

100 pounds of cane sugar makes 105.24 pounds of invert sugar which has the same sweetening power as 135 pounds of cane sugar. So it can be readily seen that the conversion of cane sugar into invert sugar is an economy in sweetening. It has no more food value than the sucrose but the use of the latter as a food is almost always a secondary consideration.

The inversion of sugar is a very simple matter and is brought about when it is boiled with an acid. In fact, inversion takes place to a considerable extent in the making of jelly. For many purposes confectioners and manufacturers of jellies and jams boil their sugar and tartaric acid or even cream of tartar in order to invert it. Commercial invert sugar is made by means of acid, but the latter is not detectable in the sirup.

Any housewife can readily follow this recipe for making invert sugar. Take 10 pounds of granulated sugar, 4 1-2 pints of water, and 1-5 pounds of tartaric acid (obtainable at any drug store) and boil slowly in a covered kettle for about 30 to 35 minutes. If boiled longer the sirup begins to darken in color and develop a taste like corn sirup. The result is 14 pounds of sirup from 10 pounds of sugar, and weight for weight, the two are equivalent in sweetening power. The sirup can be used for sweetening all sorts of cooking, fruits, cereals, ice cream, etc., altho it may not be relished in coffee. It must be borne in mind that this sirup must be substituted for granulated sugar weight for weight, and not volume for volume, since about 3-4 of a cup of sirup is equal to a cup of sugar.

The one minor objection to invert sugar is that it cannot be obtained in dry form. It is estimated that in spite of the extra manufacturing cost, the same sweetening power can be bought as cheaply in the form of invert sugar as in the form of granulated sugar. The pitcher of sirup can yet replace the sugar bowl on American tables before the war is over.

Red Cross Seeking Men

The Bureau of Personnel of the American Red Cross, for the Southwestern Division with headquarters in the Railway Exchange Building, St. Louis is seeking men for overseas service. Field and hospital directors, male clerks, and stenographers, mechanics, casualty searchers, accountants and warehouse men especially are wanted. They must be beyond draft age. The Red Cross will furnish transportation and equipment and pay a salary where necessary. The increased activity of the American Army in France has greatly increased the demands on the Red Cross. Applicants should write the Personnel Bureau, American Red Cross, 1250 Railway Exchange Bldg., St. Louis, Mo.

COME TO CANYON TO LIVE.

TO EXHIBITORS AND PATRONS OF STATE FAIR OF TEXAS

The War Department, through the Division of Aeronautics, having taken over Fair Park for continued use as an aviation concentration camp, the Board of Directors of the State Fair of Texas, in patriotic deference to war demands, and feeling that any sacrifice, no matter how great, should be made to co-operate in the speedy and successful winning of the war, have promptly acquiesced in every demand that has been made at all times.

For this reason, the Thirty-Third Annual Fair and Exposition announced for the dates of October 15-27, 1918, has of necessity, had to be abandoned.

While keenly appreciating that the abandonment of the Fair for 1918 is a supreme sacrifice by the citizenship of all Texas and the entire Southwest, the Board of Directors is confident that this action of co-operation with our Government, will be unanimously commended.

STATE FAIR OF TEXAS,
R. E. L. Knight, President
W. H. Stratton, Secretary.

Students' Army Training Corps

Many institutions of the State are in receipt of the following communication of the War Department, with authority to print concerning the status of students enlisted in the Students' Army Training Corps now being organized by the War Department.

Further plans are in progress by which the work of this new Students' Army Training Corps will be coordinated with that of the Reserve Officers Training Corps.

"The Students' Army Training Corps is intended, as an emergency measure, greatly to increase the scope of military instruction at colleges and so to provide a larger number of educated and trained men for the Army's needs. At the same time it is intended to discourage hasty and premature enlistment for active service on the part of youths, who, though governed by patriotic motives, would serve the nation better by continuing their education until called to the colors in due course. In view of the extraordinary needs created by the present emergency, needs which could not be wholly foreseen at the time when the act of June 3, 1916, was passed, and in view of the inelastic nature and detailed provisions of this act, as has been deemed necessary for the period of the war to operate under a more adaptable plan."

REV. B. F. FRONABARGER PASSES THROUGH CITY

Rev. B. F. Fronabarger, pastor at Canyon, Texas, passed through the city Monday on his way to Allen, where he will begin a series of revival meetings.

Rev. Fronabarger is a theologian of wide popularity, being one of the best educated and most scholarly ministers in the state of Texas. He founded a college near Weatherford, Texas, which has turned out about three hundred students and among whom are some of the leading men of the present day. The most noted and talented among his scholars is Martin W. Littleton, one of the leading attorneys of the state of New York, one time a member of congress from New York state and one of the best known and most reliable authorities on politics today. He got his education under Rev. Fronabarger and to him Mr. Littleton gives credit for his success.—Amarillo Daily News.

Case Tractors Lead All Others

Case outfits are the most dependable. The Case is made for every sized farm, made in five different sizes. On account of the scarcity of farm labor this year it will be necessary for every farmer to own a tractor in order to keep up the production that the government expects from Randall county.

I have the Case Tractor agency in Randall county and ask you to call upon me for further information and demonstration of this tractor before buying.

NORMAL NOTES

Friends of Wm. H. Younger, Jr., and Willis M. Hale will be glad to learn of their recent advancement. William, who is now in France, has been promoted from a First Lieutenant to the office of Captain Hale, who has been in Camp Joseph E. Johnston, Fla., was recently commissioned and sent to the University of Idaho for duty.

News comes that Cecil Montgomery has arrived in France.

Mrs. Miles Ackerman, who has been visiting relatives and friends here for the past few weeks, left Monday for her home. Her sister, Miss Maud Willett, accompanied her as far as Amarillo.

Miss Cleo Bradley visited her mother at Happy Sunday and Monday.

T. J. Owens of Clovis, New Mexico, visited his daughter, Grace, Thursday and Friday.

Ludy Cary of Pampa is visiting her sister, Iva, this week.

Miss Patsy Lightfoot left Monday for her home at Bridgeport.

Bill Landrum of Petrolia visited his sister, Eva, last week. He left Monday for Camp Travis.

Miss Brown was unable to meet her classes Tuesday on account of illness.

Mr. Sisk and Misses Carrie Hawthorne, Audrey Ferguson and Lefa Blankenship went to the canyons Monday afternoon and had their supper.

Fred Cary of Pampa is visiting friends in Canyon this week.

Dr. Buckholtz made interesting talks in Canyon this week.

Dr. Buckholtz made interesting talks in chapel Wednesday and Thursday of last week on the formation of the canyons, which he illustrated with his own drawings.

Mrs. Cousins left Tuesday for a visit with her son, R. B. Jr., who lives in Mineral Wells, Texas.

Miss Brown, Miss Michel, Helen White-Moore and Annabel Guenther spent the week-end in Amarillo, the guests of Miss Leah Harris.

Miss Mamie Howren of Georgetown, Texas, is visiting Miss Lowrance's.

Mrs. Estace, formerly Miss Leuella Younger, has returned to her home in Quanah. After a visit of several days with friends and relatives in Canyon.

Miss Bentley spent the week-end in Fort Sumner, N. M. She attended the wedding of her brother while there.

Mr. Sisk talked very delightfully in Chapel Friday and Saturday on Walt Whitman, the most loved and most hated American poet.

Miss Aiken was unable to meet her classes Tuesday on account of illness.

George Burns, a former W. T. S. N. C. from Lubbock visited in the Eakman home this week.

There will be a swimming contest at the Normal swimming pool Friday evening at eight o'clock. All the members of the faculty and their wives are invited. The entertainment will consist of fancy diving, dash, rescuing and resuscitation.

The Misses Moss left Monday for their homes in McCaulley.

Misses Dita and Dessa Patrick had as guests Sunday the Misses Knox and Ava O'Keefe of Happy.

Miss Lilian Fee had as guests Tuesday, Miss Irene Rhodes of Snyder, Texas.

Misses Manette Leake, and Agnes Roberts are here making arrangements for entering the Fall term.

Marlin Cone of Demmitt a former student, left last week for El Paso to enlist in the Navy. He will be sent to Harvard for training.

Mr. H. W. Pitts of Plemons is visiting his daughter, Leah this week.

Randolf King of Floydada, who attended school here this winter, is visiting in Canyon this week.

S. E. Stevenson of Munday spent the week-end in Canyon visiting Miss Maggie Reeves.

Mr. Howard Wrenn from Memphis visited his sisters, Neva and Bernice Saturday.

Sallie Belle Brown went to Washburn Sunday to visit her cousin, Claude Dowlin. He was at home from Camp Travis on a short furlough.

Miss Lowrance entertained Saturday for Mesdames Marguis and Cousins who are leaving soon and Mrs. Sheffy who has recently moved here. Musical numbers were rendered by Misses Mary E. Clark and Brigham and Mrs. Clark.

Jack Harrison of Plainview is visiting his brother Henry this week. Jack has attended this school the past two years and will be back for the fall term.

The Misses Guenther entertained Wednesday with a six o'clock dinner in honor of Misses Arzene Park and

Helen Kendall.

Miss Winie D. Lowrance, who has been a teacher in this college the past three years has resigned her position here to accept a place in the Latin Department of the C. I. A. at Denton.

Messrs. Oran Bomar and Mat Skein of Silverton visited the former's sister, Miss Pearl Bomar, Saturday.

Mr. Dufflot who has been a teacher in the Amarillo schools for the past three years resigned his position there recently and is now one of the faculty of the W. T. S. N. C.

Messrs. Loyd Phillips and Charles Bird, two of last year's students spent Saturday in Canyon.

The following went to the canyons last Sunday morning and ate a sunrise breakfast: Mr. Shaw, Chester Keller, Bob Nail, Juanita Beal, Bess Prichard, Pearl Renner, Winnie Jenkins, and Blanch Williams.

Mr. Curry Holden was called to his home in Rotan last Friday.

Messrs. Marine Morris and Earnest Linsey returned to their homes in Lubbock last week.

Misses Jewel Lowrance, Lucille Kennedy, Nettie Stambo and Mary had sunrise breakfast at the canyons Craig, with Miss Teague as chaperon Sunday morning.

Miss Myrtle Runes of Headley is visiting friends in Canyon this week.

Miss Mamie Ludeman from Chillum visited the chapel Friday morning. She was the guest of Mary Bradford.

One of our former students, Ray Sheffey, visited his brother, L. F. Sheffey, Saturday and Sunday.

Mr. J. A. Whittenburg and son are visiting with Miss Rillie this week.

Vernon Parker of Lipscomb, a former student and graduate of the W. T. S. N. C., visited chapel Tuesday morning. He is spending a few days with friends in Canyon.

The final examination in the course in Home Nursing was held last Monday from 2 to 4 o'clock. The following have completed the course and will receive certificates this week:

Mrs. C. M. Ackerman, Grace Bagwell, Jo Dee Bryson, Winifred Cooper, Agnes Harber, Nell Hughes, Mary V. Isaacs, Mrs. C. H. Jarrett, Gladys Thompson, Chloe Neems, Isabel Bartlett, Gladys Gill, Jewell Gill, Mitie Hill, Lorena Holland, Pearl Jones, Leona Lane, Clara McDougal, Vermie Miller, Mae Stobaugh, Lillie Tucker, Mrs. J. S. Van Green, Addie Warren and Bertie Warren.

In the Red Cross work the Sophomores have made 2* pairs of pajamas; the Seniors have 17 pairs of pajamas, 10 bath robes, 14 nightgowns and 5 surgeons' aprons, 14 bed shirts, 12 hot water bags, 15 surgeons' caps, 4 pairs of bed socks, 8 bed shirts and 15 personal property bags have been made by volunteer workers.

There has also been interest in the making of refugee garments. The ninth grade and the seniors have been especially active in this work.

Miss Margaret Kelly of Longview is visiting Miss Edith Cousins.

The reception given by Mr. and Mrs. Cousins on last Monday evening to the Seniors and members of the faculty was a most delightful one.

The following were among the Amarillo visitors Monday: Misses Bill Dougherty, Pearl and Leona Furr, Levegie and Ollie Bell—Thomason, Winnie D. and Jewell Lowrance, Mrs. L. M. Smith and daughter, Annie Laura, Mrs. Montfort and Messrs. Flanagan, Smith and John Simpson.

Mrs. S. B. McClure spent a week with her mother, Mrs. M. A. Dillingham at Blair, Okla.

Miss Banche Groshon spent several days visiting her sister Mrs. Geo. Toombs in Amarillo.

SUMMER COLDS
rapidly reduce human strength and illness is easily contracted, but Scott's Emulsion will promptly relieve the cold and rebuild your strength to prevent sickness.

Scott & Bowne
BLOOMFIELD, N. J.

To Resist the Attack

of the germs of many diseases such as Grip, Malaria, means for all of us—fight or die. These germs are everywhere in the air we breathe. The odds are in favor of the germs, if the liver is inactive and the blood impure.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no weak spots, or soil for germ-growth.

We claim for Doctor Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself. It cures all the troubles caused by torpid liver or impure blood. Liquid or tablets. All druggists. Tablets, 60 cents.

Send Dr. V. M. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10 cents for trial package.

Fort Worth, Texas.—"It is with pleasure I write saying, over 40 years ago I was in business in Cayuga Co., New York, and sold Dr. Pierce's Family Medicines and always found they gave my customers entire satisfaction. I think every household should have these remedies on hand. By using them and following the directions many doctor bills will be saved. I most certainly recommend them to one who came to Texas a number of years ago. I still keep Dr. Pierce's medicines in mind, and the 'Golden Medical Discovery' I can honestly say has no equal. I always keep a bottle on hand to take when I feel a little out of sorts, and especially as a spring tonic."—H. L. Downs, O. L. V. College.

Misses Lillian McClure, Willie Daughtry, Pearl and Ona Furr were in Amarillo Monday to see D. W. Griffith's "Great Love."

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Section 2, Block 9 is posted by law. Stay out. This means you. Trespassers punished to fullest extent of law.—Grant Belles. 17-1f

The Farmers' Union of Randall county have decided to offer \$100 reward for the arrest and conviction of cattle thieves for crimes already perpetrated and those who persist in so doing in the future.

GASOLINE at 27 1-2c.—City Garage. 20tf

M. T. Howren of Clarendon spent Monday in the city prospecting.

Frank Ames of Cordell, Okla., is visiting at the G. G. Foster home.

D. R. Gass of Hereford was in the city this week visiting at the home of his daughter, Mrs. N. E. McIntyre.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or horny, the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin. Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

DEPOSIT YOUR WHEAT

Citation by Publication

THE STATE OF TEXAS, In the District Court of Randall county, August term, A. D., 1918. To the Sheriff or any Constable of Randall county, greeting:

You are hereby commanded, that, by making publication of this Citation in some newspaper published in the county of Randall, four consecutive weeks previous to the return day hereof, you summon C. C. Hemming, and the unknown heirs of C. C. Hemming, their heirs and legal representatives, whose residences are unknown, to be and appear before the District Court, to be held in and for the county of Randall, at the court house thereof, in the city of Canyon, on the Fourth Monday in August, A. D., 1918, the same being at 26th day of said month, then and there to answer the petition of S. C. LeNeve, as plaintiff, filed in said court on the 24th day of July, A. D., 1918, against C. C. Hemming, and the unknown heirs of C. C. Hemming, their heirs and legal representatives, as defendants, said suit being numbered 868, the nature of which demand is as follows, to-wit:

Plaintiff alleges that he is the legal and equitable owner and in possession of the following described land situated in Randall county, Texas, to-wit: Survey No. 57, Block No. 2, located by virtue of Certificate No. 655 issued to Adams, Beatty and Moulton, containing 640 acres, more or less, patented to Phillip L. Shutt, assignee, December 3, 1880, by Patent No. 619, Volume 32, Abstract No. 35; that plaintiff has a regular and executed chain of title by properly executed and recorded deeds of conveyance from the said Phillip L. Shutt to himself.

That on February 24, 1881, W. M. Brown, as Comptroller of the State of Texas, purported to sell and convey said land to C. C. Hemming for default in payment of taxes for the years 1878 and 1879, said deed filed for record April 14, 1884, recorded Volume 2, pages 89 to 91, Deed Records of Randall county, Texas; that said deed to the said C. C. Hemming was without lawful authority and void, and a cloud upon plaintiff's title, but defendants are asserting a claim to said land under said deed.

Plaintiff prays for judgment for the cancellation of the deed and record thereof to said C. C. Hemming, removal of cloud from title and for the right and title to said land, and for general and special relief, etc.

Herein Fail Not, but have you then and there before said Court, this Writ, with your return thereon, showing how you have executed same.

Witness, T. V. Reeves, clerk of the District Court of Randall county, Texas.

Given under my hand and seal of said court in Canyon, Texas, this 24th day of July, A. D., 1918.

T. V. REEVES, Clerk District Court, Randall County Texas.

A true copy I certify, WORTH A JENNINGS, Sheriff Randall County, Texas.

Notice I have bought the Wilson Garage and have moved same to the city Garage. We are prepared to do all kinds of vulcanizing of casings and tubs. We solicit your trade. P. V. Winstead, City Garage.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, Etc.
