

FORD CONTEST IS EXTENDED FOR THIRTY DAYS

Institute Is in Session at the Normal This Week

The Annual Institute composed of Carson, Castro, Bailey, Potter and Randall county is being held this week at the Normal Auditorium. Prof. M. B. Johnson has charge of the program and he reports that everything is going well and that they are having a very interesting program. C. R. Fleisher believes it to be the best ever held in Randall county.

The Institute started Monday and will close Friday afternoon. There are one-hundred in attendance of the five counties represented.

The programs have been full of good things for the teachers. At each session subjects full of interest to the teachers and in every case the speaker was well informed and able to handle his subject in the best possible manner.

There have been special numbers which attracted the deserving attention of many. Among them was the talk given by Mrs. Durkee, who is the Superintendent of the Hostess Houses Y. W. C. A. of Texas, New Mexico, La., and Oklahoma. She discussed the war work and what the Y. W. C. A. was doing and what it intended to do.

W. H. Fuqua of Amarillo is dated to make a talk to day on the "Fourth Liberty Loan." For tomorrow a representative of the State Food Administrators Office will speak on the Food and Sugar proposition.

The Institute has been successful in every way and many of the teachers say it is one of the best they ever attended.

CANYON PUBLIC SCHOOLS TO OPEN SEPTEMBER 10.

Corps of Teachers is Now Complete
The Canyon Public School will open on Tuesday, September 10 at the High School Building. The entire corps of teachers have been selected and the work will be pushed along. The Board of Trustees urge that all the children be at the High School building early Tuesday morning to get the work lined up. Patrons are also urged to come and get acquainted with the teachers.

Prof. Fred L. Sloop, of Queen City, Mo., arrived this week and will be superintendent of the Canyon public schools for the coming term. He comes here highly recommended and will doubtless make Canyon a good Superintendent.

The affable and jolly M. P. Garner, wife, and son came up from Plainview yesterday to visit for a few days at the parental W. L. Garner home. Marvin was a resident of Randall county for a number of years and was county and district clerk for four years. He seems happy and prosperous, and no doubt he is prosperous as he has evolved from a little red Metz to a Super-Six.

Mrs. J. L. Beall of Greenville is visiting this week at the W. L. Browning home.

Mrs. Chas. Harter is visiting relatives in Tahoka this week.

MICKIE SAYS

DID YA EVER NOTICE IT? THE FELLER WHO GOES AROUND SAYIN' HE "DON'T BELIEVE IN ADVERTISIN'" IS ALWAYS MAKIN' SOME OTHER STONE AGE CRACK, SUCH AS "AUTOS AINT COME TO STAY. THEY'RE JEST A PASSIN' FAD."

MILITARY TRAINING IN NORMAL COLLEGE.

President J. A. Hill and Prof. D. A. Shirley of the West Texas State Normal College have just returned from Ft. Sheridan, Ill., where they attended a conference of U. S. Army Officers and College Officials. As a result of that conference the State School at Canyon makes the following announcement to the public:

1. The West Texas State Normal College has been designated by the U. S. War Department as a Station for military training and will proceed to provide equipment, barracks, etc.

2. The War Department will detail a U. S. Army Officer to open a training camp here about Oct. 1 and continue same indefinitely.

3. The U. S. Government will furnish free tuition, board, clothes, and pay \$30.00 per month to all who enter.

4. All men who are 18 years of age or more and who have completed a standard high school or who can pass College entrance examinations are eligible.

5. Boys under 18 who have finished the high school course will receive military training. Further remuneration cannot be promised at this time.

6. Boys over 18 who have not finished high school and who cannot pass College Entrance Examinations may take the military training free of cost, but the government will not now make any promise of other remuneration. In case this institution should be designated as a vocational training school such boys might then be placed upon exactly the same basis as others.

7. Boys will all live in barracks and will be under military discipline 24 hours per day, 7 days per week.

8. Boys will be required to do 13 hours per week of Military work, and 3 hours of recitation on our "War Aims". It is desirable that all boys take French and technical English. Military instruction will consist of rifle shooting, bayonet training, physical drill, and close order drill.

COUNTRY PAPER SHOULD BRING \$2.00 PER YEAR

Say Members of the Northwest Texas Press Association
A subscription price of \$2.00 for the country newspaper was recommended in resolutions adopted by the Northwest Texas Press association which met in Vernon Friday and Saturday. Reasons urged for this are the continued increase in the cost of paper, higher wages for printers, made necessary by increased cost of living, and the fact that the price of \$2.00 has already become general in many sections of the United States.

Other resolutions thanking Vernon for the hospitable manner in which the visiting newspaper men were received, and a ringing endorsement of the National and State governments for their statesmanlike and patriotic act. The news paper men adopted a resolution advocating a "vigorous prosecution of the war until the haughty war lord and his junkies be relegated to the scrap heap where they properly belong with other nuisances."

Sessions of the press meeting were held in the directors' room of the Chamber of Commerce. An informal dinner was tendered the visitors Friday evening by the White Rose Cafe, following lunch at the Baily Hotel. Friday night an automobile ride was followed by a trip to Hillcrest Country Club, and those who cared to swim enjoyed that sport, while others visited the boy's clubs, which were meeting on the Country Club grounds, by courtesy of the Hillcrest Country Club.

E. A. Carlock of Paducah was elected president of the association, O. C. Harrison of Seymour is vice-president, Cyrus Coleman of Henrietta was re-elected secretary and treasurer. Next year's meeting will be held at Olney.—Vernon Record.

Miss Prudia Prichard left Friday morning for Lipscomb where she will teach the coming term.

NORMAL COLLEGE WILL OPEN NEXT TUESDAY

Prospects for Good Attendance

The regular session of the Normal College will open Tuesday September 10. The prospect is good for a large attendance of boys since Special Military Training has been instituted. Many applications have been received from girls regarding entrance into the Normal.

The entire corps of teachers have been selected and the work will begin on schedule time. Prof. J. L. DuFlot of Amarillo will be one of the regular members of the faculty. His work will be Sociology, Economics and Political Science. He will also have some history work. Mr. DuFlot, Mr. Sheffy and M. B. Johnson will have charge of the History Department.

There will be two new English teachers, who are Hallie D. Walker of Austin and Miss Mabel Rogers, of Canyon. Miss Rogers takes the place of W. B. Mahan who is in Government Service, and Hallie D. Walker takes the place of Miss Smith, who will attend the Leland-Stamford University for her Ph. D. this year.

Mr. McCarter, M. A., University of Texas will be added to the Mathematics Department. Miss White of Peabody will be added to the Elementary School. Miss Mary Clark, of Amarillo will have charge of the Music Department of the Elementary School. She has had two years in Purdue University, Ohio.

Every effort will be pushed along the Military line and boys of the new draft age are urged to attend here this fall.

Mrs. Fountain of Amarillo is visiting Mrs. M. C. Reeves this week.

Miss Edith Eakman is spending this week visiting in Lubbock.

Mrs. Louise Buchmann of Amarillo was in town Monday attending Court.

Mr. Cousins, Miss Edith, Miss Ruth Stafford and William Gibson left Friday for Longview, Ft. Worth and Abilene.

Mr. and Mrs. B. A. Stafford and son, Frank, Mr. and Mrs. Chas Burrow and daughter, Dorothy spent Sunday in Plainview.

Mr. and Mrs. Clifton Jarrett entertained the Comos Club at their home Friday night. Guests of the Club were Mr. and Mrs. Mitchell, Mr. and Mrs. T. V. Reeves and Miss Mary Dorcus Cullum.

Ted Reid, a former student of the Normal College, who has many friends here, has recently received his commission in the Aviation section of the U. S. Army. He is, at present, home for a short furlough.

RAIN COVERS RANDALL COUNTY ON TUESDAY

Heavy Between Canyon and Amarillo

An excellent rain fell over the county Tuesday night which seemed general. There is reported in town an inch of rain while north of town it was heavier. Northwest of town four or five miles the rain was still heavier. The big cloud came in from the northwest and drifted between here and Amarillo on around to the Ceta neighborhood, where C. P. Shelnutt reports the best rain he has had for sixty days. He believes there was nearly two inches there.

This rain is joyfully received and will mature the row crops before frost. The farmers are rejoicing and the outlook is good, yet for fine row crops. Come to Canyon.

Land Sales.

The following land exchanges are reported by S. B. McClure within the last two weeks.

Vince Reeves sold his place to Mr. Graham of Tulsa.

J. F. Graves' house in the west part of town, the old Coffee house, was sold to T. W. Hart of Hart.

W. E. Schott place was sold to Miss Golda Gruber of Canadian.

Misses Croson Hostesses

Misses Blanche and Helen Croson were the charming hostesses of a delightful party given Friday night at their home. Upon arrival the guests were conducted to the parlor where they were delightfully entertained by the music of Miss Helen Croson.

Tables conveniently placed enticed players to indulge in the fascinating game of forty-two and several others. Some guests were present who did not take part in the games, but each enjoyed the evening as though they had been occupied with it. Music was furnished the whole evening, and none lacked entertainment.

The evening passed in rapid pursuit when refreshments of ice cream and wafers was served to all. At a late hour the guests departed, declaring Misses Blanche and Helen Croson excellent hostesses.

Newt. Reeves and Mrs. M. C. Reeves were Amarillo callers Saturday night.

Miss Mary Dorcus Cullum was the guest of Mrs. J. B. Gamble the latter part of the week.

Mr. and Mrs. Sheffy left Friday morning for Plainview for a short visit with relatives.

Mr. and Mrs. W. H. Blaine and children are spending their vacation at the Parker Hanna ranch.

Mrs. S. R. Griffin was down from Amarillo last Friday and Saturday. Dr. Griffin is now serving on the firing line in France.

Business Men's Association Unable to Locate a Car

COURT CONTINUES IN SESSION THIS WEEK

Several cases have been tried this week and the jury has been dismissed for the week:

Following are the cases that were tried:

G. H. Connell vs. J. A. Harbison et al, suit on note, plaintiff granted leave to file trial amendment.

L. O. Waters, assault with intent to murder, dismissed.

J. M. Conner vs. C. R. McAfee, judgment rendered for defendant.

Esther Horton vs. E. H. Horton for divorce, special issues returned and filed.

B. Frank Buie vs. Frank T. Miller John F. Miller and C. G. Finley, suit for trespass to try title, continued.

N. W. McCuiston vs. C. T. Kilgore and Charles Dammier, trespass to try title, transferred to jury docket on demand of defendant.

Frank Dunaway vs. Edward Buckman et ux, suit for title, as well as for damages. Edward Buckman and wife recovered possession of property.

C. Le Nevue vs. C. C. Hemming et al, suit for title, judgment in favor of defendant.

M. W. McCuiston vs. C. T. Kilgore et al, suit to try title, transferred to jury docket.

The State of Texas vs. Jim Bean highway robbery, brought here from Armstrong County on change of venue.

Notice

The City has decided to extend the City Taxes until October 1, 1918, without penalty. Please call around to my office and settle up within the next few days.—J. E. Rogers.

Robbed by Fake Loan Agents

People should be very careful in their dealings with transient land loan agents, for reports have come to us that several Hale county property owners have gotten the title of their property in a tangle, and may lose it or have to pay large sums to clear it.

We are told that an agent or agents recently worked through this section. They offered to make loans on farms, and several local people made application for loans. The deeds of trust and notes were made out and with the abstracts were turned over to the agents to be sent into headquarters for examination and approval, also the deed of trust was recorded with the county clerk. In course of time the victim was notified that the loan could not be made. The agent said the note, deed of trust and abstract would be returned in a few days, and to make everything look-right, gave a release to be recorded.

It now transpires that the agent had sold the notes, backed up with the abstracts and recorded deeds of trust, to banks and individuals in other states, who can now and doubtless will come in under the "innocent purchaser" clause and insist that the notes be paid.

We are told that about \$40,000 worth of such transactions have come to light, and that one local property owner was caught for \$16,000 which he will possibly have to pay to clear his land.—Plainview News.

Jim Black was in Amarillo on business Monday.

At a meeting of the Business Men's Association Tuesday night it was decided that the contest for the Ford would be extended for thirty days, on account of not being able to get a car. Every effort possible has been made to get a car but to no avail consequently the date for giving it away will necessarily have to be extended until one can be secured.

Mr. Thompson, the president of the Business Men's Association states that it is certain that the car can be had within the next two weeks. Ford tickets will continue to be given out until that date, making it October 14 when the car will be drawn.

The attention of the Business Men is directed to the fact that a very small per cent of them attend these meetings, hence the lack of enthusiasm and cooperation of every business house in town. Many wait for others to do the work, when their influence is needed as badly as those who are present. Let's have a big attendance at the next meeting.

Monday is the regular Trades Day, and Special attractions will be offered by the business houses of Canyon. Notice their ads and you will see that the best quality is offered.

There will be a trades excursion tomorrow and it was decided to go toward Ceta and Wayside. Oscar Gamble has this in hand and will have everything ready to go Friday morning.

RANDALL COUNTY FARMER MAKES PATRIOTIC SACRIFICE

Elsewhere in this issue is found the Closing Out Sale of L. R. Dillon. Mr. Dillon is making a patriotic sacrifice in order to get into our Government Service. He has a son in the Army who is in France, doing active service, and now he is giving up a \$2000 position and is also offering at auction sale all his property. He has some of the best farm equipment in Randall County, good crops to sell in the field, and some of the best stock to be had. All this he sacrifices for "Our Great Uncle Sam."

What Your Subscription Means

When you subscribe to a Liberty Loan you subscribe to the sentiment that the world must be made safe for democracy and subscribe to the fund that is to make the world safe for Democracy.

You subscribe to the belief that innocent women and children on unarmed ships shall not be sent to the bottom of the sea; that women and children and old men shall not be ravished and tortured and murdered under the plea of military necessity; that nurses shall not be shot for deeds of mercy, nor hospital ships be sunk without warning, or hospitals and unfortified cities be bombed or cannonaded with long-range guns.

You subscribe to the doctrine that small nations have the same rights as great and powerful ones; that might is not right, and that Germany shall not force upon the world the dominion of her military masters.

You subscribe, when you subscribe to a Liberty Loan to the belief that America entered this war for a just and noble cause, that our soldiers in France and our sailor on the sea are fighting for right and justice.

And you subscribe to the American sentiment that they must and shall be powerful, efficient, and victorious.

Notes from University Training Camp

It is announced by Major Luther R. Hare, U. S. A., retired, commandant and instructor in military science of the University of Texas, that all applications of students and prospective students who want to attend the students training camp to be held at Camp Mabry, beginning August 31 and lasting one month, must be received by him by August 29. He has received about 250 applications up to this time and he has hopes that the number will be much larger than this when the camp opens. The camping spot is one of the most delightful to be found in the State.

The School of Automobile Mechanics which the University of Texas is conducting at Camp Mabry is crowded to its full capacity, so far as barracks accommodations are concerned. The attendance of students is close around 3,300. As fast as a contingent completes its course and moves out a new lot of men come in and fill the vacancy. The student body of the school at this time is made up of men from Texas, New Mexico, Oklahoma and Iowa.

"For supplying information and for answering inquiries from relatives and friends concerning American casualties and prisoners of war, the American Red Cross has established a Bureau of Home Communications (Hospital and Home Service). To relieve the demands of the cable and to secure, as far as possible, prompt, consistent and satisfactory service, answers to inquiries are sent through the Red Cross office at Paris to their office at Washington and then transmitted to the parties concerned. Acting in harmony with suggestions from the Red Cross the American University Union of Europe transmits to the Red Cross Bureau such inquiries as it receives, together with the name and address of the inquirer; and replies are in turn sent by the Red Cross Bureau in Paris for transmission through their Washington office.

"The Union is rendering increasingly large service to American college men and their friends in the war and is proving even more successful than anticipated in cultivating friendly relations between the universities of America and those of the allied countries."

Miss Mary Gearing, head of the Division of Home Economics of the University of Texas, has been granted a year's leave of absence to do graduate work. Her place will be filled by Miss Anna U. Richardson, M. A., adjunct professor of home economics.

Pumping Plant Burned

C. E. Stevenson was in town this morning and told us that about two weeks ago the irrigation pumping plant on his farm bought from the syndicate near Aiken, was burned, also more than 600 gallons of oil, a wagon and other things. His individual loss was about \$200, besides the pumping plant on which there was some insurance. — Plainview News.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60 cts. This "An-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

BINGER, OKLA.—"I had one knee hurt in which rheumatism developed. Afterward I hurt my back very badly loading wood. I sent for four packages of Anuric Tablets and had taken hardly two packages when they completely cured me. I have not had a twinge of rheumatism in my back or in my knee since. I know the Anuric Tablets did me more good than all the other medicines I ever took."

"I let a neighbor have one package of Anuric. He was down with his back and it did him a world of good. My parents have known of and used Doctor Pierce's medicines for years." — W. B. PHILLIPS, Route 1, Box 72.

The Army and Navy

Letter From Marion Bisher August 4, 1918.

J. A. Guthrie: Received a letter last week from sister and she told me about the new girl. You have my heartiest congratulations, and best wishes for the baby. I hope I'll be able to see all of you again before two more years.

Although I've neglected you shamefully I often think of you and wonder how the kids are. Can imagine John Jr. chasing around on his tricycle or pushing the Klaxon button on the Hudson Demonstrator, he'll be driving it by the time we wind things up over here if he is still a raving like he was when I left.

Am wondering how he acts and feels about his sister.

John how is the business going and are you still handling the three cars or have you dropped any of them?

Sister spoke of Ray having Brights disease and being in pretty bad shape. I am very sorry to hear of it and hope he is getting along O. K. Is he still working for you and how are you getting along with the shop? Gee! There is a hundred things I'd like to ask about but won't as it would keep you busy a week to answer them.

As for me I landed here O. K. after an uneventful trip. Had a clean bunk in the bow of the boat and the best meals I've had in the army. The boat carried a canteen with a large stock of canned fruits, cakes, candies, and etc. which sold cheaper than you can buy in the states, as they are bought in large quantities and sold at practically cost.

For a few days I felt pretty stupid and had a headache but never did get sick enough to —

At first things are awfully interesting to the boys but we have got used to it now. However we see new things every once in awhile.

The streets are real narrow and all the houses are brick or stone with tile or straw roofs and very small rooms. The country is just full of little villages which are usually populated with the poorer classes and farmers. Most of the farming is done by women girls and old men above fifty years of age. It is real funny to see them running around in wooden shoes and the men wearing a shirt like a women's middie blouse, and the tail bowing around like a flag.

The boys wear a black apron with a belt until they are nearly large enough for the army. Instead of wagons they nearly always use two wheeled carts for farm work and haul nearly as much on these as we do on an ordinary wagon at home. They have real large heavy horses or oxen and very little farm machinery most of which is American made. Most of the harvesting is done with the old fashioned scythe and cradle. People also use a great many dog carts and once I saw

a big dog and a real small burrow working side by side to a cart driven or led by and old lady.

Practically all the bread made in this country out side of the allied is under the control of the French Government and is made into big loaves about eighteen inches in diameter with a hole in the center like a dough nut. It is issued or sold unwrapped and in any good sized town dozens of people can be seen on the streets with one of loaves slipped over one arm and a bottle or two of wine in the other arm. The wine is very light and they all drink it, women, girls, men and boys at home, in the cafes. In fact I've never seen a Frenchman drink pure water that I can remember of. They seem to hink water is only good for cooking, washing, and raising crops.

We boys go along with the French and occasionally find one who speaks English. Lots of the soldiers have been in the States and returned to France to fight.

I have been to Paris several times and saw about all the important points of interest. It is a beautiful city and quite different to the smaller places in that the streets are wider and there is so much fine architecture. The only way in which I was disappointed was in the kind of cars there. The auto agencies are nearly all closed while the factories are building trucks or airplanes.

In Paris there are hundreds of little one and two lung taxicabs and you never seen such a junky junk in all your life. Nearly all the good cars are American made and belong to the army.

For several weeks we were stationed at the edge of Paris. During two weeks I have seen five airplane raids and believe me it is a pretty sight to see the searchlights searching the sky for machines and thousands of shrapnel shells bursting like big stars thousands of feet up, while the guns are booming away all around. Also saw where the big gun had dropped a few shells and it is surprising how much noise they can make not to do any more damage than they do.

I am now nearly a hundred miles from Paris, but still back of the lines, although we can hear the guns and see the flashes at night.

I work part day and part night, keeping up the equipment or putting in new lights during the day and helping operate a light at night unless it is bad weather when we get to sleep all night, as the planes can't come out on rainy nights.

I must close as it is time to go to work. Best wishes,

MARION.

VILLAGE OF RECREATION FOR CAMP TRAVIS

There has grown up on the western edge of Camp Travis a mushroom village which in unique picturesqueness would do credit to the cost imaginative writer of "wildwest" "movies" plays. The village consists of two rows of low frame buildings, all facing the east, toward Camp Travis, each row over about four blocks. The streets are not noticeable for their straightness, the builders seem to have been unable to come to an agreement as to any line or angle on which to arrange their buildings. Cooperation is in evidence to the extent that all are connected by a broad board walk, but the size, height and angle of he walk was left to individual taste of the owners. Each shack has its own flaring sign and each one that is painted has its favorite color, but some have not gone in for paint at all.

But the village is "wild-west" in appearance only. It is composed entirely of cold drink stands, restaurants, vaudeville shows, shooting galleries, photography shops, skating rinks, etc. In the rear row are more substantial buildings, the big new salvation army hut, the Baptist Chapel, the new Methodist Soldier Church, a theatre and a Hotel. But the gambling dens of the old west are notably absent, and the thirst emporiums handle nothing stronger than innocent Beve.

It requires no pass for a soldier from Camp Travis to visit "Barade Rest," as the village is called, and as a result the rookie can seek any kind of diversion he likes while not on duty. Also he saved the twenty five cents has a hankering to see a show or attend a dance. The religious organizations at the village are having a phenomenal success, and are helping the new men to soon feel at home in the

camp. Practically everything a soldier desires can be bought at the village and be it said to the credit of the proprietors, there is little evidence of profiteering. The young people from the city also entertain their soldier friends at the church buildings, and all in all Parade Rest has become a very popular place with the Camp Travis men.

The village is under the observance of the city and military authorities at all times and nothing of detriment to the soldier is allowed to flourish.

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

Who can forget that little brassy cry that echoes the arrival of the new baby?

Before baby comes the mother should get in condition to meet the crisis. Thousands of women have used the safe and reliable application, Mother's Friend, during the waiting hours, and they relate how they entirely escaped nausea, nervousness, bearing down and stretching pains and many other debilitating and disheartening experiences which so lily fit the mother for the greatest time in a woman's life.

Mother's Friend is a wonderful help to nature in relieving strains and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby is born.

Mother's Friend makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

Mother's Friend is for external use only. It is absolutely safe and wonderfully effective. It is prepared by the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga. Write them for their "Motherhood Book," so valuable to expectant mothers.

Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century from the druggist today, and thus fortify yourself against pain and discomfort.

Y. M. C. A. Mail Service

Friends and relatives of soldiers killed in France will be able to receive letters telling of the last hours of the father, husband, or brother, according to a plan being perfected by the 'Comrades in Service' organization of the South and Southwest. Each squad will constitute a letter writing unit, and in the case of the wounding or killing of any one of their number, his comrades will see that word reaches the folks at home. Sometimes a last message from the fallen one will be sent or perhaps some personal belonging which the father and mother wife, or sweetheart will cherish.

This is only one phase of the move now being pushed by the Y. M. C. A. of the Southern Department, known as the "Comrades in Service." It simply means that each company of infantry, troop of cavalry, squadron of avtion, and battery of artillery is to organize to promote its own soldier activities. Each company organization of Comrades in Service, for instance will have five committees, to take charge of religious, educational, social, musical and physical activities respectively. All the special talent and ability among the soldiers is to be sought out and used, the service, of course, being voluntary.

Company Comrades in Service groups may combine to put on an entertainment, a religious meeting, or athletic contest of regimental or brigade interest at a nearby Army Y. M. C. A. building. Much of the war work of these occasions formerly fell entirely upon the shoulders of one Y. M. C. A. secretary who was already overworked. Under the new soldier management, greater results are being produced in the way of entertainment, social fellowship, and religious and educational training. At one Southern camp no more than 150 men could be got out for a religious meeting at a certain Y. M. C. A. building; now with the Comrades in Service organization, the average attendance has been raised to 1,300.

Mr. H. P. Demand, formerly Y. M. C. A. camp general secretary at El Paso, Texas, has been appointed to take charge of promoting Comrades in Service organization in the Southern Department. The south is taking the leading part in organizing this work effectively among the soldiers.

Leading the soldiers to thus utilize their talents and special training will make the American fighters the most

"all-around" men on the Western front, say those who are close to the movement. The men are kept alive to the varied interests of the civilian world, the world to which they must return after they have fought the good fight for liberty.

"This training of leaders for after-the-war service is perhaps the most important phase of the Comrades in Service movement," says Mr. Demand. "It aims to make leaders who are to carry on the work of the Kingdom among men, during the war, as well as in the days after the war when these men return, the heroes of the hour. The church will need them; commerce and industry will need them; the home, the school and the government must have men who are trained leaders, who have a vision of Christian service."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Inc. Hall's Family Pills for constipation.

Always Use High Class STATIONERY to Create a Good Impression

The Very Latest Styles
It's an old, old saying that the people you write to often judge you by your stationery. And there is a great deal of truth in the fact that stationery can be so chosen as to reflect the best of judgment and taste. Stationery suitable for one occasion may be entirely out of place for another. Then, too, the styles in stationery change the same as styles in clothing. To be sure that your stationery is right for all purposes, always buy it here.

Will Pay for Land Even This Year

B. Tidwell reported this week that his father-in-law, Mr. Jones and son Oscar, each had fine crops and would make something like half a bale of cotton per acre and from a ton to a ton and a half of maize per acre, besides good corn. He says that enough stuff will grow on their land this year to pay for it.—Brownfield Herald.

**IF YOUR CHILD IS CROSS,
FEVERISH, CONSTIPATED**

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

McAdoo Explains Poor Train Service

Complaints have reached me from time to time of overcrowded trains and unsatisfactory conditions prevailing in some sections of the country in passenger train service. I feel certain that there are grounds for some of these complaints, but I am sure that the public will be interested to know that the reasons are two-fold:

First, the great number of troops now being handled over the various railroads between the homes and the cantonments, between the different cantonments and then to the seaboard is making extraordinary demands upon the passenger car and sleeping car equipment of the country. This has caused a scarcity of day coaches and sleeping cars which it is impossible to remedy immediately.

Secondly, the increased demand upon track and terminal facilities for the transportation of the tremendous amounts of coal, food supplies, raw materials, and other things required for military and navy operations, as well as for the support of the civil population of the country, force the largest possible curtailment of passenger train service. The movements of troops and war materials are, of course, of paramount importance and must be given at all times the right of way.

It was hoped that the increase in passenger rates recently would have the wholesome effect of reducing unnecessary passenger traffic throughout the country. The smaller the number of passengers who travel, the greater number of locomotives and cars and larger amount of track and terminal facilities that will be freed for essential troop and war material movements. Engineers, firemen and other skilled laborers will also be released for service on troop and necessary freight trains.

Among the many patriotic duties of the American public at this time is the duty to refrain from traveling unnecessarily. Every man, woman and child who can avoid using passenger trains at this time should do so. I earnestly hope that they will do so. Not only will they liberate essential transportation facilities which are necessary for war purposes but they will save money which they can invest in Liberty Bonds and thereby help themselves as well as their country; and the fewer who travel, the more ample the passenger service will be.

I may add that consistently with the paramount demands of the war, every possible effort is made by the Railroad Administration to supply the largest possible amount of comfortable and prompt passenger service.

W. G. McAdoo

**Director General of Railroads.
The Soldier's Chances**

Great as the danger and as large as the losses in the aggregate, the individual soldier has plenty of chances of coming out of the war unscathed, or at least not badly injured.

Based on the mortality statistics of the allied armies, a soldier's are as follows:

Twenty-nine chances of coming home to one of being killed.

Forty-nine chances of recovering from wounds to one chance of dying from them.

One chance in 500 of losing a limb. Will live five years longer because of physical training, is freer from disease in the army than in civil life, and has better medical care at the front than at home.

In other wars from 10 to 15 men died from disease to 1 from bullets; in this war 1 man dies from disease to every 10 from bullets.

For those of our fighting men who do not escape scathless, the Government under the soldier and sailor insurance law gives protection to the wounded and their dependents and to the families and dependents of those who make the supreme sacrifice for their country.

"Either the civilian must go short of many things to which he is accustomed in times of peace, or our armies must go short munitions and other things indispensable to them."—Lord Kitchener.

**CLIP THIS AND PIN
ON WIFE'S DRESSER**

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Once I tried this kind of rough talk will be heard less here in town. If people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freestone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freestone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freestone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freestone tell him to order a small bottle for you.

CLOSING OUT SALE

In order to get into our Government Service, I will sell at Public Sale, at my farm ten miles due east of Happy, seventeen miles northeast of Tulia, twenty-five miles southeast of Canyon, Texas, on

Wednesday, Sept. 11

**A STRIKING DISPLAY OF
NEW FALL
APPAREL**

**SHOWING MODELS THAT MIGHT
HAVE STEPPED FROM THE PAGES
OF THE BOOK OF FASHION**

Everything you have wanted to know about Fall styles will be revealed to you in this splendid exhibit. These models so carefully follow the dictates of Fashion that to see them is to clear up all doubts which came to you when you turned the pages of the various fashion journals!

Designers, weavers, dyers, manufacturers, retailers—every one has had to face the most discouraging conditions, but here are the models, more beautiful than those of past seasons and quite as valuable—evidence of a series of real achievements.

So we cordially invite you to inspect each and every garment and feel free to call upon our salespeople for any information you desire. By this display, we are willing to have you judge whether we deserve the title of "The Style Center of Amarillo and Vicinity."

THE STORE WITH THE GOODS
Polk at 7th Amarillo

**Packers' Profits
Are Regulated**

The public should understand that the profits of the packers have been limited by the Food Administration since November 1, 1917. For this purpose, the business of Swift & Company is now divided into three classes:

- Class 1** includes such products as beef, pork, mutton, oleomargarine and others that are essentially animal products. Profits are limited to 9 per cent of the capital employed in these departments, (including surplus and borrowed money), or not to exceed two and a half cents on each dollar of sales.
- Class 2** includes the soap, glue, fertilizer, and other departments more or less associated with the meat business. Many of these departments are in competition with outside businesses whose profits are not limited. Profits in this class are restricted to 15 per cent of the capital employed.
- Class 3** includes outside investments, such as those in stock yards, and the operation of packing plants in foreign countries. Profits in this class are not limited.

Total profits for all departments together in 1918 will probably be between three and four per cent on an increased volume of sales.

The restrictions absolutely guarantee a reasonable relation between live stock prices and wholesale meat prices, because the packer's profit cannot possibly average more than a fraction of a cent per pound of product.

Since the profits on meat (Class 1) are running only about 2 cents on each dollar of sales, we have to depend on the profits from soap, glue, fertilizer (Class 2, also limited) and other departments, (Class 3) to obtain reasonable earnings on capital.

Swift & Company is conducting its business so as to come within these limitations.

Swift & Company, U. S. A.

The Randall County News

Incorporated under the laws of Texas

Oscar Hunt, Manager
Chas. S. Lofton, Local Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

On last Monday I tendered my resignation to the Board of Directors of the Randall County News and with this issue, I retire as Editor.

My association with the News has been very pleasant and cordial both with the Directors and Employees of the Office. As to what degree of success I have made as its head, is left for them to say. I have said things in my brief stay that should not have been said and left off many things, perhaps that should have been said. Mistakes—of course, I have made them, and the man who does not make mistakes doesn't do anything.

I trust that my successor will be a man skilled in every branch of the newspaper work and give us a paper equal to the best.

I wish to extend to the people of Canyon and Randall County my hearty appreciation for their cooperation and the many courtesies extended to me and earnestly request that they continue the same to my successor. I am retiring from this position for the purpose of completing my special work in the Normal College, after which I shall teach school which is more compatible than newspaper work.

With best wishes for the success of the paper.

CHAS. S. LOFTON

SCHOOL UNIFORMS

Don't the soldiers look grand in their uniform? and they feel good, except when they have to wear their O. D. on a hot, hot day. They are all made to fit so neat and trim, so all alike and comfortable; hats alike, with a different cord to tell which division they are in. Officers the same, with a few extra buttons, buckles and straps to signify their rank, so that everyone will know so should salute first. As they are marching through the little town on a pop train, parading Main street of great cities; filing into the great steamers for their long voyage marching to the battle front of France, they all look alike. As they pass by you cannot tell the son of a millionaire from the motherless, penniless boy who has been laboring the day for his living ever since he was a child. They are all "going for the same cause, so our good Uncle Sam has fitted every boy with the same kind of clothes; the same kind of bed and the same kind of food. For the first time in his life a boy of limited means and heavy pecuniary burdens to bear looks just as good and feels just as fixed up as his to-do neighbor's son. And in the army world and all who see as they pass by do not know from the other. Their uniform brought one up and the other down to the other, and our army has

two useful men instead of one spoiled and one discouraged, disheartened boy in its ranks.

But when our army of a million Texas school children marches down the country roads and the city streets to school on the first Monday morning in September they will be a different looking army. Yet they, too, are all going to the same place—the public school—a government training camp, and for the same purpose—to be prepared to fight the battle of life.

Look at them! There they go! Some bareheaded, some barefooted; some with too many clothes to be comfortable, some with not enough. You can almost tell their father's and mother's rank and the kind of home they come from by their clothes. No two of them look alike; no two of them have the same food in their dinner pail. Yet we force them to study the same lessons, use the same books, do the same work and grade and measure them by the same standard. The government of Texas says WHAT SHALL be taught to these children. Their mental uniforms are alike and they have to wear them whether they fit or not. Besides these little soldiers are all drafted. No matter who they are they cannot choose their course of study. They must all study the same thing. Boys and girls alike must wear the same mental uniform, must clothe their minds in the same thoughts; must wear the same mental uniform, must take THE SAME TRAINING for eleven long years of their life. Boys and girls must learn to solve the same problems and do the same things for eleven whole years, then start on opposite roads of life with the same training. Just as much sense to the system as if the army trained a boy for the coast artillery and then sent him into the air to serve his country.

These million Texas school children are spending from eight to eleven years to be trained to serve their country somewhere. But when the teacher calls the spelling class the little fellow at the head may be barefooted with a tousled head of hair and blue overalls. The next is a bright little girl with a gingham apron, her hair in tight braids tied with a carpet rag. The next is a pale-faced boy all togged out until he don't dare play or romp. He'd spoil his clothes. And on down the class—as many differently dressed children as there were in the class. The teacher knows the family history when she takes a look at the class.

Who can estimate the poor boys and girls who have finally given up and left school and gone through life without even a fifth or sixth grade education, because somebody made fun of their clothes? The well-dressed children, too, often shunned them and humiliated them. Every time they went to a class they advertised their shabby home and their worked down father and mother. They were nicknamed because of some peculiarity that a plain uniform would have overcome and that nickname helped to drive them out of school and clung to them through life.

Wouldn't a half million Texas boys all dressed alike and a half million

Texas girls all dressed alike look beautiful going to school? Wouldn't it be a democratic thing to have school uniform for all our school children? Wouldn't it be better for them as a great body of future citizens to obliterate in their youth that their clothes will carry them through and win a place for them in this life? Isn't it too bad to see bright boys and girls dwarfed in their youth because they cannot have clothes like other boys and girls and are not yet strong enough in character to go on anyway? Not many grownup men and women feel good in old shabby clothes in a well-dressed crowd. Do you? Wouldn't it be safer and saner, mentally, morally and physically and even more economical, to have a school uniform for all Texas school children? What a picture it would be to see them, and when we had a county school meeting it would look like a real army of little soldiers. And here we are in the greatest cotton state in the Union. We could raise and make these suits at home. And, oh, the work it would save the busy mothers of our state.—By Phebe K. Warner in the Fort Worth Star-Telegram.

Young Man, Go to College

The young man between the ages of 18 and 21, who is a high school graduate or who has sufficient education to meet the entrance requirements, can do nothing better than to enter college this fall. The fact that the draft age is to be changed so as to include all between the ages of 18 and 45 gives added reason for such a course rather than places an obstacle in the way. For the shortest route to a commission for men under 21 will be through the colleges of the land.

During the past few days there has been much loose talk about the probable effect of the new draft regulations on the colleges. There probably will be more of his sort of thing in the near future. It is being said that the drafting of young men under 21 is likely to deplete the attendance at the colleges and all that sort of thing. It should be noticed that the men who are worrying less about such a likelihood than any others are the men at the head of the colleges of the land. For they know that quite the opposite effect will result from the change in the draft ages and they are preparing for intensive campaign from now until the opening of the colleges next month to increase the attendance to a maximum.

And here is the reason: In every college of standing that can show an attendance last year of 100 men or more there will be established next session a Students Army Training Corps, to be composed of men between the ages of 18 and 21 years. These men will be enlisted in the United States Army and will receive ten hours a week military instruction during the school year, with six weeks or more of intensive training in camp in the summer. This would have been done even if the drafted age were not changed, and the changing of the draft age will not effect it now. In either event, these men would be part of the American army

Clark returned Saturday from Corpus Christi where he has been visiting his father for some time. His father returned with him, to spend a while with him.

Changes in Management

Our Ladies ready-to-wear department is now under the management of Mrs. H. A. Palmer assisted by Mrs. Gordon and Mrs. Drake, who will appreciate your calling, and they will gladly show you the most wonderful collection of Ladies Coats and Coat Suits, Dresses and everything pertaining to Ladies wear at prices that will surprise you.

Our Wearables Were Bought before the Advances

Our New York Office advised us of the continuous rise in prices that would take place as soon as the Buyers would come from all over the Country, so we advised our Buyers to buy, and therefore we are saving you the difference in dollars and cents, which under conditions should appeal to you, selling you at prices which many firms have to pay for at wholesale.

We Sell Strictly for Cash

No matter if you live in our City or any other City, our prices are marked in plain figures, we have one price for everyone and we sell for CASH only to everybody, so you can rest assured that we have the lowest price that can be given, and if you wear CLOTHES that come from the "FAIR" you can walk on the streets, feeling that you are wearing the right kind of clothes.

Redfearn & Co.

PERSONAL MENTION

Roy Cullum of Amarillo was a Canyon caller yesterday.

T. M. Reid has gone to Miami, Okla., on business this week.

Dr. Garth has moved in the G. R. Reid residence near the Normal.

Miss Boulware returned Monday from a short vacation in Amarillo.

Mr. and Mrs. T. V. Reeves spent Sunday at the E. E. Adams home near Amarillo.

Mr. L. G. Allen and son, Harper motored through to Anson, Texas, last week.

Mrs. C. R. Flesher entertained the Merry Maids and Matrons last Friday afternoon.

Miss Weltha Johnson of Amarillo is attending Institute at the Normal this week.

Mr. J. L. DuFlot, who will move here soon, was in the city on business last Saturday.

Double amount of Ford Tickets given on accounts paid by the 10th.—City Pharmacy.

J. A. Moore and C. B. Moore left for Clayton, N. Mex. to look after land interest there.

Frank Shotwell left Tuesday for Camp Travis where he will be in the Quartermaster's Office.

Your children all smile when they trade at Redfearn & Co.; they are getting Thrift Stamps, also.

Miss Ida Fay Smith left Friday morning for Ochiltree where she will teach Latin in the School there.

Miss Allie Mae Aiken of the Art Department will return from her vacation to points in Colorado this week.

Miss Anna I. Hibbits, who has been taking a summer course in the Normal will return this week for her fall work.

Miss Lottie Lee Lofton left Saturday for Post where she will teach in their Primary Department of their schools.

Mr. Hill has moved into the house vacated by Mr. Cousins and Mr. Morelock now occupies the one in which Mr. Hill lived.

Miss Lorena Frieze and Thelma Reid, returned from Silverton Saturday, where they had been visiting the past week.

F. E. Savage of Floydada, who taught in the Normal, this week moving to Amarillo where he is principal of the Johnson Street school.

Word has been received from Thomas Ficke that he is at camp in New Jersey where he expects to remain for about two months training.

There will be three men to entrain Friday for Camp Travis: Milton W. Dooley, Sherwood Riddley and John Andrew Hancock are the men to leave.

Miss Erma Bentley entertained a few of her friends last Tuesday night. The fine rain prevented quite a few from going, but those present, reported a fine time.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Mr. and Mrs. T. M. Reid and G. R. Reid visited in Hereford Friday and Saturday.

Mrs. J. E. Barron, formerly Miss Cecile Reid, and Francis Reid are visiting in Amarillo this week.

Mrs. G. R. Reid, Mr. and Mrs. T. M. Reid visited Mrs. J. C. Humphries in Amarillo last week.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Authentic Styles for Fall and Winter

"WHAT SHALL I WEAR?"
—Here is the answer

Our magazine of Authentic Style Information for Fall and Winter Fashions is just published. It tells us about the new Coats, Suits and Dresses—all about lengths, colors and materials. Best assortment of shoes to select from. Many shades insure best variety.

We are holding a copy for YOU. It's yours for the asking. Come in and get it at once.

We are showing all the leading materials this season; Tricolet, Burella, Broadcloth, Normandy Cloth, Velour De Nord, Seal Plush, Silvertone, Kersey and Pom Pom in the correct shades to every detail.

But, come in and see our new Coats, Suits and Dresses; get your copy of our Fashion Magazine, and you will have solved the problem of Dress.

Jones Dry Goods Co.

H. W. Morelock is this week at Channing in several counties' Institute there.

Dr. Garth and Mr. Clark are dated to speak at the five county Institute at Plainview this week.

R. McGee, who sold his place to J. A. Moore is moving to the Miller house today.

Miss Irene Berry left Saturday for Mt. Blanco where she will be one of their teachers for the ensuing term.

Miss Myrtle Logan left Saturday for her home at Oenaville after attending the Normal this summer.

Mrs. C. E. Coss and son George left Sunday for Wichita where they will join their husband and father who has been there some time. They will make their future home there. The best wishes of the entire community go with them. The people of Canyon regret very much to see them go.—Later, a letter to Judge Buie from his daughter states that C. E. Coss and family have just arrived in Boulder, Colo.

Methodist Church

Sunday school at 9:45.

Vernon Gets Interscholastic Meet
 W. G. Shipp, principle of the local
 High School, came in Wednesday
 afternoon from Greenville, where he
 spent part of the summer. He spent
 about two months attending the sum-
 mer school of the University of Texas
 at Austin.

Professor Shipp brings word from
 Austin that Vernon will be the center
 of an Interscholastic League district
 for the coming school year. Wilbarger
 county was in the Childress District
 year before last and in the Henrietta
 District last year. Some time next
 spring, probably in April, a district
 Interscholastic League Meet will be held
 in Vernon for eleven counties, in
 which are Clarendon, Memphis, Wel-
 lington, Childress, Quanah, Crowell,
 Wichita Falls and other large towns.
 —Vernon Record.

As to food the Allies have no reason
 to fear the future, while the enemy
 dare not look into the coming winter
 without a shudder.

Place Careful in 6 to 14 Days
 Showing relief money if PAIN CONTINUES after
 14 days (including 1st, 2nd, 3rd or 4th day) of
 treatment. Immediately returns feeling fine, and you can get
 normal sleep after the first application. Price 50c.

BRIEF WAR NEWS.

The war situation for Tuesday is
 summarized by the Associated Press
 as follows:

From Flanders to Soissons, the
 British, French and Americans are
 keeping up without cessation their
 strong offensive tactics. The Ger-
 mans are still giving ground. Seem-
 ingly realizing his peril prompts the
 enemy to put forth every effort to
 avert complete disaster.

Territory long held by the enemy
 has been restored. Thousands of
 Germans have been sent behind the
 lines to swell the great throng in
 prison camps and many of the ene-
 my's dead lying upon his battlefield
 testify to his heavy casualties.

Retreating columns of the Ger-
 mans have been cut to pieces by the
 British artillery from captured vant-
 age points before which the enemy
 was compelled to pass until sheltered
 from the fire of the British gunners.

From the region around Arras
 southward to Peronne, the British
 line has moved forward everywhere
 since the famous Drocourt-Queant
 defense line was overwhelmed and left
 in the rear. Eastward of the Dro-
 court line, the British now are near-
 ing the Canal Du Nord and Douai,
 Valenciennes and Cambrai have been
 further encroached upon by English,
 Canadian and Australian troops.
 East of Peronne, the British line has
 been steadily pushed forward. Num-
 erous towns and villages have fallen
 into British hands, among them
 Queant at the southern end of the
 Drocourt-Queant line.

To the south the French along the
 Canal Du Nord are giving the enemy
 no rest and gradually blotting out
 the remaining portion of the salient
 north of Noyon, while on the Soissons
 sector, the French and Americans
 now are in control of the entire plateau
 dominating the Aisne, the Chemin-
 des-Dames and the roads to Laon
 and La Fere.

In Flanders the British have pen-
 etrated the outskirts of Lens, the
 famous coal mining city in Northern
 France and farther north in the Lys
 salient have taken Richebourg-St.
 Vaast, and established themselves on
 the line of La Bassee road and between
 there and Estaires, having captured
 the last named place. Steenwerck
 and Wulverghem also are in British
 hands and thus the great salient is
 virtually wiped out.

Unofficial dispatches say that in
 the region east and southeast of Ar-
 ras, the Germans are retiring to a
 new switch line running from Breb-

ieres, five miles southeast of Dro-
 court, southward to Mouevrea, where
 it joins the Hindenburg line near
 Graincourt. If this proves true, the
 new line already seems menaced as
 Field Marshal Haig's men virtually
 are upon it at Lecluse and Rumau-
 court, southeast of Arras and almost
 abreast of it at Baralle, three miles
 north of Moeuvres.

British aviators have carried out
 an intensive bombing raid on towns
 in the Rhine province, dropping large
 quantities of explosives on Buehl,
 Saarbrucken and Ehrang. Heavy
 damage is said to have been done by
 the missiles dropped from the low fly-
 ing planes.

The United States government has
 recognized as co-belligerents in the
 war against the Central Powers the
 Czech-Slovak peoples. They already
 have been recognized by Great Brit-
 ain, France and Italy and Japan
 through her participation in the ex-
 pedition in Siberia with the other
 allied countries, has given implied
 recognition.

How to Tell Them

A military man can immediately
 tell to what division a soldier be-
 longs by glancing at the cord on his
 hat, but to the average citizen the
 color of the hat cord denotes little. A
 cord of light blue signifies the wearer
 belongs to the infantry; red, artillery;
 yellow, cavalry; buff, quartermasters
 corps; red and black, ordnance; black
 and white, field clerk; maroon and
 white, medical corps; black and gold,
 officers; silver and black, adjutant
 general's clerk; green, instructor of
 home guard, and green and white,
 home guard.

**LEMONS WHITEN AND
 BEAUTIFY THE SKIN**

Make this beauty lotion cheaply for
 your face, neck, arms and hands.

At the cost of a small jar of ordinary
 cold cream one can prepare a full
 quart pint of the most wonderful
 skin softener and complexion beautifier,
 by squeezing the juice of two fresh
 lemons into a bottle containing three
 ounces of orchard white. Care should be
 taken to strain the juice through a fine
 cloth so no lemon pulp gets in, then this
 lotion will keep fresh for months. Every
 woman knows that lemon juice is used
 to bleach and remove such blemishes
 as freckles, sallowness and tan and is
 the ideal skin softener, whitener and
 beautifier.

Just try it! Get three ounces of
 orchard white at any drug store and
 two lemons from the grocer and make
 up a quart pint of this sweetly fragrant
 lemon lotion and massage it daily into
 the face, neck, arms and hands. It is
 marvelous to smoothen rough, red hands.

Get The Habit

of coming to our store when you are in need of medicines,
 but remember we have many things besides drugs and
 chemicals, that we can supply you to an advantage, such
 as stationery and toilet requisites. Our stationery in-
 cludes a very complete stock of box paper in the white,

RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this
 line of Red Cross Remedies.
 This is an age of Specialists, and while one may have distinguished achieve-
 ments to his credit in one particular line, another is excelling in something else.
 That very thing makes it possible for us to have a Red Cross Remedy for each
 ailment, and enables us to give the consumer more than we promise or charge for.
 Each formula is compounded with as much care and precision as if our
 entire success depended upon that one Remedy. That's why NEUROTONE
 repairs shattered nerves, and Red Cross STONE ROOT and BUCHU puts
 your kidneys in a normal and healthy condition.
 Red Cross Remedies are not Patent Medicines. The formula is printed
 on each carton in plain English, so that you know what they are composed of
 and what you are taking. More than one hundred Red Cross Remedies and
 Toilet Preparations are sold and guaranteed only by

Meat Prices Should Be Lower
Housewives who have been accustomed to purchase beef from heavier weight carcasses should now be able to buy at much lower prices than the average which has ruled during the past year if they observe the Food Administration's request to demand meat from cattle which dress below 475 pounds per head.

The Food Administration states that the light-weight cattle are now moving rapidly to market, the producers in the southwest endeavoring to dispose of them before they suffer further from the long continued drought.

Heavy steers are being sold in Eastern meat centers for \$25. to \$27 per

100 pounds; good steers, somewhat lighter in weight at \$24 to \$25; Medium weight steers, at \$19 to \$21, and light weight steers, at \$14 to \$18. While prices are not uniform throughout the country, it will be found that this ratio will rule practically every market. Meat markets which formerly cut \$26 beef can obviously give their patrons the benefit of such a wide difference in first cost. Selling light cuts bought at \$14 to \$18, there should be a material reduction below the selling price of meat bought at \$26.

The Food Administration believes that its request for consumption of the light cattle will not only do much to relieve the producers who are affected by severe droughts, but should

be followed by a general downward trend in retail purchasing prices, the demand turning to the cattle which are now in abundance and relieving the strain on the market for heavier beef, which is still badly needed for the military and export to civilian populations of the allied countries. The market should naturally follow in its price reduction the difference in first cost, providing a reasonable low price to those who utilize the light weight cattle. They are wholesome of good quality, and before being marketed have passed Government inspection.

Adding machine paper at the News office. You can't beat the price any place.

R. R. EMPLOYEES MUST BE COURTEOUS TO THE PUBLIC

Washington, D. C., August 18, 1918.

To the employees in the railroad service of the United States:

Complaints have reached me from time to time that employees are not treating the public with as much consideration and courtesy under Government control of the railroads as under private control. I do not know how much courtesy was accorded the public under private control, and I have no basis, therefore, for accurate comparison. I hope, however, that the reports of discourtesy under Government administration of the railroads are incorrect, or that they are at least confined to a relatively few cases. Whatever may be the merits of these complaints, they draw attention to a question which is of the utmost importance in the management of the railroads.

For many years it was popularly believed that "the public be damned" policy was the policy of the railroads under private control. Such a policy is indefensible either under private control or Government control. It would be particularly indefensible under public. "The public be damned" policy will in no circumstances be tolerated on the railroads under Government control. Every employee of the railroad should take pride in serving the public courteously and efficiently. Courtesy costs nothing and when it is dispensed it makes friends of the public and adds to the self-respect of the employee.

My attention has also been called to the fact that employees have sometimes offered as an excuse for their own shortcomings, or as a justification for delaying trains or other difficulties the statement that "Uncle Sam is running the railroads now" or "These are McAdoo's orders," etc. Nothing could be more reprehensible than statements of this character, and nothing could be more hurtful to the success of the Railroad Administration or to the welfare of the railroad employees themselves. No doubt, those who have done so thoughtlessly in most instances but the harm is just as great if a thing of this sort is done thoughtlessly as if it is done deliberately.

There are many people who for partisan or selfish purposes wish Government operation of the railroads to be a failure. Every employee who is discourteous to the public or makes excuses or statements of the kind I have described, is helping these partisan or selfish interest to discredit Government control of railroads.

Recently the wages of railroad employees were largely increased, involving an addition to railroad operating expenses of more than \$475,000,000 per annum. In order to meet this increase, the public has been called upon to pay largely increased passenger and freight rates. The people have accepted this new burden cheerfully and patriotically. The least that any employee can do in return is to serve the public courteously, faithfully and efficiently.

A great responsibility and duty rests upon the railroad employees of the United States. Upon their loyalty, efficiency and patriotism depends in large part America's success and the overthrow of the Kaiser and all that he represents. Let us not fail to measure up to our duty, and to the just demand of the public that railroad service shall not only be efficient, but that it shall always be courteously administered.

W. G. McAdoo
Director General of Railroads.

Watch the Fires
A prairie fire last week burned over and destroyed between four and five hundred acres of good grass on Mrs. A. E. Burnett's ranch southeast of town. Of course that pasture burned over was the best grass on the ranch, as usually happens. This is a considerable loss.—Coldwater (Kansas) Talisman.

Community Stock Raising Pays
It will pay the farmers of any community to raise one breed of livestock whether it be cattle, sheep, horses, or hogs. It will result in a more rapid improvement of the stock and at less cost in better financial returns, in a greater interest in stock than the individual farmer can secure.—Holstein-Friesian World

Trade's Day Special
Having such success last Trades Day, I will again sell gasoline at 25 1-2 cents.—City Garage.

A fine eight pound girl was born to Arthur Shehorn, August 30.

Our telephone has been out of order two days this week and we are short on local news. We like to have you phone them in, and hope the phone will soon be o. k.

J. M. Rockwell of Houston, one of the best known lumber men in the south is visiting at the C. R. Burrow home. Mr. Rockwell owns a line of yards throughout Texas and is here combining business with pleasure.

Notice

The Farmers' Union of Randall county have decided to offer \$100 reward for the arrest and conviction of cattle thieves for crimes already perpetrated and those who persist in so doing in the future.

Notice

I have bought the Cash and Carry Grocery and will endeavor to maintain the standard kept by Mr. Graves and I will appreciate your patronage.—A. W. Blough.

There will be a social meeting of the Odd Fellows and Rebekahs and their families at the Hall, September 12, 8:30 p. m.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, M.D.

COUNTY CORRESPONDENCE

HAPPY HAPPENINGS

Happy had a nice shower Tuesday night that will be of much benefit. Cold and cloudy Tuesday.

Mr. and Mrs. C. L. Gaten and Miss Vivian Gaten left last week to visit some time in Kentucky.

Mrs. E. A. Patterson and baby and Miss Ruth Dison of Canyon were visiting friends here several days last week.

R. L. Dillon is going to have an auction sale of his farm stock and implements next Wednesday and sell off everything and join the army. His family is moving to Canyon this week.

Mrs. Cassel of Hereford was visiting her daughter Mrs. Bill Anderson several days last week.

Prof. Ballen is attending institute at Plainview, this week.

Miss Maurine and Warren Skaggs entertained about fifty of their friends Saturday night with an ice cream supper. All report a fine time.

Mrs. George Walker and baby left

Sunday for Fort Worth where she was called on account of the serious illness of her mother, Mrs. Wakefield. Her mother is in the sanitarium for an operation.

Mr. and Mrs. J. C. Foster and children, Miss Mary, Wooten and Mrs. Lester Dillon went to the Canyon club grounds Sunday evening returning Monday night. They report a delightful time.

Mrs. Roy Smith returned to her home in Amarillo Saturday.

The Red Cross ladies will serve lunch out at the Dillon sale next Wednesday.

Little Glen Whitman had the misfortune to fall from a pipe on the windmill Sunday and received a severely cut lip and skinned chin, a painful though not serious injury.

Eldon Gaten and Miss Dale Evans went to Amarillo Thursday where they met Mrs. H. L. Holland and baby of Texhoma who will visit here for some time.

Misses Gladys Neff and Tollie Cook entered the St. Pauls Sanitarium as a nurse and Miss Gladys will take a business course.

Misses Mildred Zoellers, Viola Knox, and Mildred McManigal left Sunday to attend the Institute at Canyon.

Miss Mary Wooten left Wednesday for her home at Cordell, Okla.

Wayside Items.

Miss Ruby Lee McGehee left Wayside Sept. 1 for Springer Arizona where she is engaged to teach school the coming Session. All regret to have her leave and go so far away but wish her a successful term and a safe journey.

Edward Washington Carter and Robert Louis Cole are to leave for Camps Sep. 3.

Mrs. Lottie Whittle reached Wayside Thursday night with J. M. McGehee. She will make her home with relatives near Wayside.

Quite a goodly number of Waysiders attended the Mrs. T. E. Meyers sale at Dawn Texas last Thursday. A very successful sale.

J. S. Sluder bought the bunch of 12 head of Thoroughbred Herefords sold at Dawn last Thursday, also some other graded cattle. All sold at good prices Herefords bringing \$100 each for cows and calves, some over for one with male calf.

John Gillham, son of H. H. Gillham had the misfortune to get his foot cut by a disk last week.

Merle Jenkins is spending some time with relatives round Wayside this week.

W. D. McGehee lost 29 frying sized chickens by wolves last Friday night.

W. G. Lane and family left Saturday a. m. for Clarendon to visit his parents a few days.

Miss Annie B. Duke of Ft. Worth visited friends in Canyon Sunday.

Grady Holland is in Kansas City this week looking after business interests.

J. F. Graves has sold his Cash and Carry Grocery to A. W. Blough who will continue the business. Mr. Graves came here from Plainview several months ago and has enjoyed splendid trade from Canyon people. His intention was to let his son continue the business, but as the new military law has gone into effect, he was obliged to dispose of it. From here, he intends to take his family to Arizona where he will make his future home.

THE BEST TEST

Is The Test of Time.

Years ago T. A. Ridgway of Canyon St. Canyon told of good results from using Doan's Kidney Pills. Now Mr. Ridgway confirms the former statement—says there has been no return of the trouble. Can Canyon people ask for more convincing testimony?

"I suffered from bladder trouble, passages of the kidney secretions," says Mr. Ridgway. "Since using Doan's Kidney Pills, I have much better control over my kidneys."

Nearly four years later Mr. Ridgway said: "I haven't had any trouble with my kidneys since I used Doan's Kidney Pills. I believe the cure Doan's gave me is permanent."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ridgway had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

THE WAR CALLS FOR MORE BEEF

There is nothing which can quite take the place of Beef as food for our Fighting men.

There is nothing which will yield better returns for the labor and capital invested than Beef under proper conditions.

Don't let your stock want in any way. It costs money but the returns will surely justify the outlay.

If you need more funds to keep things going as they should call and see us.

LOST—One Canvas lace-slipper between Canyon and one mile north.

I will sell one new 14 hoe Kentucky wheat drill on next Trades Day, Sept. 9, if not sold before.—R. A. Campbell. 21-3t

I have a high class piano in Canyon, which rather than ship it away, I will sell at the right price. Look at this piano at W. G. Baker's and make me an offer. William Sydow, 1073 South Penn. st., Denver, Colo. 22-3t

Fremitt & Armstrong bought Happy Orion Cherry Boy, the best boar at the show of the Panhandle Swine Breeders Association at Clarendon. The boar was conceded by all the best breeders of the state to easily be a Grand Champion this fall at the State Fair. tf

Trades Day

Monday, September 9

SPECIAL PRICES

on Compound, Hams, Bacon, and Peanut Butter.

Vetesk Market

War Kills Men

—and Blackleg kills the calf that should grow to feed our fighting Sammies
DON'T WAIT UNTIL THEY ARE DYING

You Merchants

—can help check the blackleg ravages by ordering Kansas Germ Free Vaccine, made by the Purity Biological Laboratories, for your farmer trade from

Holland Drug Co.

PRICE OF LAUNDRY WORK INCREASES

ALL LAUNDRY PLANTS OF THE PANHANDLE AS WELL AS OF TEXAS AND OKLAHOMA HAVE ADOPTED OR WILL ADOPT THE POUND SYSTEM OF HANDLING FLAT WORK.

This Change Takes Effect September 9th.

MINIMUM FLAT WORK BUNDLE, 35c
Five to 20 pounds, at 7c per pound
Next 20 pounds at 6 1-2c per pound
Next 20 pounds, at 5 1-2c per pound
Next 20 pounds, at 5 1-2c per pound
Next 20 pounds, at 4c per pound
All over 100 pounds, at 3 1-2c per pound

We will also add to each bundle 20 per cent instead of 15 per cent. In order to show you the necessity of adding this extra 5 per cent will state that the express rates to your town was, before the new rate went into effect as follows:

Old rate per 100 lbs., 90 cents, or 60 cents for round trip. The NEW RATE is 60 cents or \$1.32 for the round trip, making an increase of 120 per cent. The above increase does not include the war tax. Also, the above increase is on EXPRESS RATES ONLY, not to say anything about other increases mentioned here.
Table cloths unstarched, 10c; starched, 25c; sheets, 10c; towels, 2 1-2c; pillow cases, 5c; napkins, 3c.
