

FOURTH LIBERTY LOAN CAMPAIGN OPENS SATURDAY, SEPT. 28

LIST OF PRIZES TO BE GIVEN ON CLUB DAY, MONDAY, OCT. 14

The Boys and Girls clubs of Randall county are diligently at work making plans for their Fair on next Trades, Day October 14, under the direction of County Agent L. W. Hillam and Home Demonstration Agent Miss Leah Harris.

Thus far nearly \$90 worth of premiums have been offered by the merchants of Canyon for meritorious work and products of these boys and girls. There will be classes in the Pig Club, Calf Club, milo, feterita and kafir corn in the Agricultural Club and in canning and sewing in the Girl's Canning and Home Economics Club.

The competition is for Randall county only. Look for arrangements of prizes and awards and complete instructions in next week's Randall County News. The following is the list of prizes to be given:

First National Bank—Two W. S. S. \$10.00, one each for best pig and best calf.

C. O. Keiser—Two W. S. S., \$10. Canyon City Supply Co.—One felt soldier hat, \$1.50.

Thompson Hardware—One pocket knife, \$1.00.

Thompson Hardware Co.—One pair scissors, \$1.00.

Burroughs & Jarrett—1 book, \$1.35.

Mr. Steele's Barber Shop—One bottle hair tonic, \$1.00.

Jim Pritchard, Thrift Stamps, \$1. Redfearn Sisters, Variety Store—One girl's silk hose, \$1.50.

Royal Cafe, Thrift Stamps, \$1.00. P. V. Winstead Garage, Thrift Stamps, \$1.

Browning Machine Shop—One silver mounted buckle, \$1.50. Browning Jewelry Co.—One silver friendship bracelet, \$3.00.

A. W. Blough, Thrift Stamps, \$1. Pipkin Grocery—Thrift Stamps, \$1. Star Barber Shop—Thrift Stamps, \$1.00.

S. B. McClure—Thrift Stamps, \$1. City Pharmacy—Merchandise, \$1. Randall County News—One year's subscription, \$1.50.

Randall County News—For best glass jelly, pack printed calling cards, \$1.00.

Charlie Burrows—Thrift Stamps, \$1.00.

L. G. Connor—Thrift Stamp, \$1. Vetask Market—Thrift Stamps, \$1. Holland Drug Co.—One box stationery, \$1.00.

Dooley Furniture Co.—Thrift Stamps, \$1.00.

Guthrie Garage—Thrift Stamps, \$1. W. J. Fleisher—1 Registered Duroc Jersey Pig, \$25. To be given to the pig club member making the best record. Record book, gains in weight, profit, economical production and results from animal started with, all to be used in giving this award. Ribbons for the best 5 places will be given all contestants.

AMARILLO MAN IS SEC'Y. BOYS DIVISION WAR WORK CAMPAIGN

H. C. Pipkin, of Amarillo, Texas, has been appointed District Executive Secretary of the Boys' Division of the United War Work Campaign by the State Executive Secretary Homer L. Hoisington of the Victory Boys "Earn and Give" campaign, an important division of the war welfare financial drive.

It is expected to enlist a million boys in this campaign, and the slogan is "A million Boys Behind a Million Fighters." Boys from every race and religion in every town and public school will be enlisted, each giving a dollar or more from his own earnings.

County and local organization will follow the completion of the district organization. The counties in this district are: Farmer, Castro, Swisher, Randall, Deaf Smith, Potter, Carson, Hemphill, and Roberts.

Mrs. R. G. Oldham was shopping in Amarillo Monday.

Mr. and Mrs. Rob Campbell, Jr., spent Sunday at the R. L. Campbell home.

Judge and Mrs. Ritchie, of Strawn, Texas, who have been visiting Miss Jennie C. Ritchie for several weeks started home overland, Tuesday morning.

DEMONSTRATION IS GIVEN TREATING WHEAT FOR SMUT

Caused Great Loss in This Section

Howard L. Derr of the U. S. Department of Agriculture of Washington, D. C., was in Randall county, Wednesday with County Agent L. W. Hillam giving demonstrations on the treatment of wheat and grain sorghums for smut.

Smut has caused a great deal of damage this year in this section, not merely in wheat but also in our kafir corn and sorghum crops. The loss not only comes through decrease of yield but in dockage for smutty grain at the elevators.

This loss can easily be prevented by treating all seed just before planting. The cost of this treatment is less than one cent per acre and is within every man's means.

There are various kinds of smuts which affect grains. Full information on these can be obtained by writing the County Agent or the A. & M. College at College Station, Texas.

In eradicating smut from seed, directions for treatment should be followed closely so as to insure complete success and at the same time prevent the killing of some seed due to making the solutions too strong.

For treating wheat mix 1 pint of formaldehyde (40 per cent solution) with 40 gallons of water. Spread wheat, on light floor or in wagon bed about 4 inches deep. Sprinkle with solution, turn and mix with shovel and sprinkle again. Repeat operation until wheat is thoroughly wet. Forty gallons of this solution will treat 50 bushels of wheat in this manner.

Cover treated wheat for 2 or 3 hours and plant. In treating kafir, milo or feterita, or oats, because of their thinner hulls the following treatment is advised: Mix equal parts formaldehyde (40 per cent solution) and water. Put in hand spray or atomizer. Place grain on floor; have helper take grain up shovelful at a time and spray each shovelful two or three times and put in new pile. Every third or 4th shovelful, spray edges of new piles.

When completed cover entire pile with canvas or sacks for 23 hours to allow the gas to come in contact with all the grain. Sow whenever ready. This is called the dry treatment.

DEVELOPMENT COMPANY TO FARM LARGE WAR ACREAGE

The Texas Land & Development Co., which owns nearly 60,000 acres of land in the Plainview district, considerable of which is under pump irrigation, will take over all irrigated farms that it has had out on lease, and will operate same the coming year. There is about five thousand acres of land under irrigation available under this plan.

The syndicate will hire white American labor, and will plant and grow proven successful feed and food crops—alfalfa, maize, kaffir, beans and such crops, and under irrigation and intensive cultivation the five thousand acres should make a tremendous yield next year. This will give employment to from fifty to seventy-five additional men.

The farms will be equipped with the best tools, implements and animals for farm work.

Henry S. Fleming of New York City, president, and Minor C. Keitt of New York, trustee and large stockholder, were here conferring with Manager, C. E. Craig, and decided upon the plans as stated above.—Plainview News.

Mr. and Mrs. Chas. Thatcher of Amarillo visited Mr. and Mrs. W. E. Thatcher in Canyon Sunday.

Mrs. J. R. Cullum, Mrs. S. R. Griffin and children were guests of Mrs. J. M. Redfearn Saturday and Sunday.

Mr. and Mrs. C. H. Keiser departed Sunday for Davenport, Iowa, where Miss Phyllis will attend school this year.

Miss Sue Teague has accepted a position in Amarillo, having resigned her position with the Holland Drug Company.

A FEW PEACH STONES MAY SAVE A SOLDIER'S LIFE

Merchants Instructed to Collect Pits

Until recently coconut shell have furnished the carbon for making gas masks. But with the entrance of American's hundreds of thousands of fighting units and the violent fighting in progress, this source of supply has become insufficient and the government has been forced to look to a new source that our boys might be protected from the poisonous gases of the enemy.

Certain varieties of fruit pits and nut shells have been found to contain excellent material, and the U. S. these to be gathered by local food administrators for shipment.

Local merchants will keep barrels and boxes in their stores as a depository for these pits and nut shells. They need not be fresh ones. You may have some laying about that are several years old. They will serve as well as fresh ones. The gathering of these stones, seeds, pits and shells is a valuable service which may be performed by school children who are anxious to help the cause. Bring any of the following varieties to town with you when you come and leave them at any of the local stores. They will be turned over to Food Administration for shipment. Your accumulation of peach stones or walnut shells may save a soldier's life for they undoubtedly will be converted into carbon and used in some Sammie's gas mask.

MAN IS INJURED IN OPERATING ROW BINDER

While operating a row binder in a field yesterday morning, Sherwood Riddle was caught in the bull wheel and dragged considerable distance and when found was badly smashed up. The accident occurred on the Ed. Harrell farm, 15 miles south of Washburn, in Armstrong county. The Griggs Undertaking company was called by phone to bring the ambulance after the injured man about 2 o'clock yesterday afternoon and went in response to the call and took the patient to the St. Anthony sanitarium on North Polk street, this city, where he is being given the best of medical attention.—Amarillo Daily News.

Canyon. He recently was turned down by the army for previous injuries. Later reports state that the young man is resting well with hopes for an early recovery. Two incisions were made by the surgeons in the side of the injured man to examine for internal wounds. None were found, outside of his being badly crushed.

MANY YOUNG MEN COME TO CANYON FOR S. A. T. C.

Lieutenant Wight Inspects Normal

Lieutenant Wight representing the Government of the United States was in Canyon on September 23. He came to inspect the buildings, grounds equipment, and facilities of the West Texas State Normal College and of the town of Canyon for taking care of the S. A. T. C. unit which is to be stationed here.

Having gone over the situation in detail, Lieut. Wight expressed himself as greatly delighted to find conditions here so favorable for doing the work the government has in hand and was surprised to find how complete our equipment is. He very highly recommended this school to the authorities at Washington.

Lieut. Wight said that the boys in the S. A. T. C. could be housed in groups of not fewer than 25 and that they might be fed in groups of 50 or more.

Athletic sports are to be encouraged and games may be played between teams from this unit, or between a team from this unit and one from some neighboring unit.

There is no limit to the number of limited Service men who may be admitted to the S. A. T. C.

Any one who registered on Sept. 12 is entitled to enroll in this unit provided he can present the necessary educational credits for college entrance, but, until further instructions are given, no one may be admitted after Oct. 15.

MORE MEN ARE APPOINTED TO AID NEW REGISTRANTS

The regular Board to aid Registrants, to fill out their Questionnaires, heretofore appointed was myself, Geo. A. Brandon, and W. J. Fleisher, and to meet the emergency, I have appointed the following additional Associate Members of said Board. Viz:

- Miss Pearl Jenkins.
- E. H. Powell,
- R. H. Wright,
- T. V. Reeves,
- A. N. Henson,
- C. N. Harrison,
- Travis Shaw,
- D. A. Shirley,
- A. W. Hamill,
- C. R. Burrow,
- R. A. Terrill,
- Oscar Smith.

Registrants will select any one of the above Members, to aid him in filling out his questionnaire, and if he is too busy, go at once and find another Member of the said Board.

B. FRANK BUIE, Chairman Local Advisory Board.

LET'S OVERSUBSCRIBE RANDALL'S \$50,600.00 QUOTA THE FIRST DAY

LABORERS NEEDED AT SAN ANTONIO FOR U. S. SERVICE

District Labor Agent Will Send Men

Grady Oldham, County Director, U. S. Public Service Reserve, has received the following communication from G. C. McDaniel, District Labor Examiner.

I am just in receipt of a telegram from H. W. Lewis, Federal State Director, U. S. Employment Service, San Antonio, Texas, in which he authorizes this office to recruit as many skilled men as possible in the following trades; carpenters, 60c per hour; pipe-fitters, 72c per hour; electricians, 72c per hour; brick masons, wages not quoted; riggers, wages not quoted.

This shipment will leave Amarillo Friday September 27th at 5:40 p. m. over the Ft. Worth and Denver R. R. Transportation will be advanced and meals will be furnished in route, but later deducted from wages. All of the above mentioned mechanics are working ten hours per day and getting paid for eleven.

If you have in your county, men that are handy with tools, we are to ship these men as second class carpenters. This will pay 40c per hr.

This is on Government contract with the Dupont Engineering Company and is very essential, and all men that you can possible direct to this office between now and Friday night will be greatly appreciated by this service.

In order to accommodate the men coming from near by towns this office will remain open until 9:00 p. m. Thursday for the purpose of recruiting same.

Fort Worth & Denver men should be in this office not later than 4 o'clock p. m. on the above date.

G. C. MCDANIEL, Examiner in Charge

Later—The shipment of these men will probably be delayed a few days, but tradesmen should consult with Examiner McDaniel's of Amarillo at once.

Visits from the Stork

Born to Mr. and Mrs. Prentice Tate, September 17, a girl.

Born to Mr. and Mrs. Grady Childress, September 22, a girl.

Training School Notes

Annie Whitenburg has typhoid fever and has not yet been able to attend school.

The Training School has adopted Renee Vicaine, a four-year-old French girl. Her mother lives at Toulon, France, and as soon as a definite address is received, the training school will write to the mother. The cost of keeping the child is thirty-six dollars a year, but the Training school students were not satisfied with this and have almost enough raised to keep another child.

Misses Mabel Rogers, Mary Clark and Adalen White, have been added to the Training school faculty.

John Downing, a former member of the Training School has been home on a furlough from the navy in California.

Mr. and Mrs. Will Anthony and family visited the Gene McIntyre home Saturday night and Sunday.

Mrs. J. B. Gamble left Saturday morning for an extended visit with her parents and friends in Iowa.

Uncle Sam has again called on every man, woman and child under his jurisdiction to come to his rescue, and we know that every true American citizen stands ready to do his utmost in this great struggle for freedom of the world.

Randall county now has more than 250 boys at the front and in the camps. The \$50,600.00 that this county is asked to lend the Government will not maintain the Randall county boys three months.

The committee that has the sale of the Fourth Liberty Loan in charge, of which County Judge Fleisher is chairman, are very busy men and every person knows what his duty is, that is every person in Randall county must purchase Liberty Bonds of the Fourth Issue in proportion to the way the American Boys are fighting at the front for us, anything less will be too little.

It will be too much to ask a few persons to make a canvas of the entire county and see every person and ask him to subscribe for a Liberty Bond, therefore we are asking every head of a household, man or woman, which ever the case may be, that live within the boundary of the Canyon City Independent School District to come to the Corridor of the Court House on Saturday, September 28th, and give your subscription for a Liberty Bond. Every person not able to purchase a Liberty Bond is requested to also come and Register their name, with the Committee.

Every person that failed to come and subscribe for a Liberty Bond or Register will be notified at once to appear before the committee and show cause why they did not subscribe for a Liberty Bond or Register.

Every person living outside of the Canyon City Independent School District are required to see the trustees of their School District on that day.

AMERICA TO BE MADE 100 PER CENT FOR RED CROSS

The Christmas membership drive of the American Red cross, which will be held from December 16 to December 23, inclusive, will have for its object the enrolling of every American in the world. The quota in each district will be limited by the adult population. The total membership in the American Red Cross today is 22,000,000, exclusive of 8,000,000 members of the Junior American Red Cross. The coming campaign should not be confused with one for money, as it merely is to obtain members. Half of the membership fee of \$1, will be retained by the local chapters for expenses and the care of soldiers and their families, while the rest will be turned over to the national treasury.

Lieutenant John Younger is home on a furlough before going over-seas; he is in the Aviation service.

Ruel Mitchell, Mrs. Jarrett's brother from Calgary, Canada visited her from Sunday until Tuesday. Mrs. Jarrett accompanied him to Granbury, Texas, to visit their parents.

Mrs. O. N. Gamble is enjoying a visit from her mother, Mrs. Williams.

Mrs. Angell, Mrs. Dodson, Mrs. Gamble, Mrs. Sheffy, Mrs. O. N. Gamble and Mrs. Williams were among those who enjoyed Lieut. Jno. Younger's talk at the Normal college chapel Tuesday morning.

John Mathis of Amarillo was in town Tuesday.

The Fourth Loan is the Fighting Loan.

As the campaign for the Fourth Liberty Loan approaches the American Army in France moves on toward Berlin. Under our own leaders the great American Army has won a notable victory.

The Fourth Loan must be a great success. THE FOURTH LIBERTY LOAN IS A FIGHTING LOAN.

When our soldiers on the battle front are braving death, each one offering to make the supreme sacrifice for his country and the great cause, we who remain safely at home surely should give them every support, should make every sacrifice to strengthen them. If we cannot fight ourselves we can make our dollars fight.

It is a great cause for which America is engaged in this war; it is a great struggle in which the very hope of the world is bound up that is being waged in Europe and on the high seas. It is an honor to have a part in it and all Americans, all of their lives, will be proud of the part they had in it or ashamed of their failure to do their part.

THE FOURTH LOAN IS A FIGHTING LOAN. EVERY SUBSCRIBER TO THE LOAN STRIKES A BLOW FOR LIBERTY, FOR VICTORY

Customers who wish to convert their 4 per cent Liberty Bonds into 4 1-2 per cent bonds will please notify us at once and we will gladly assist in making the exchange. The conversion privilege of 4 per cent bonds for 4 1-2 per cent bonds will close November 9, 1918.

The Army and Navy

Paul Richards Writes of Trip

Sept., 19, 1918.

Dear Pearl, Alice, Bill and all the rest, Will try to tell you what a time I had on my trip. You see we stopped several times on our way to take exercises. We left Ft. Sill Friday about one and the first stop was at Boonesville, Ark. We marched around quite a while there, but we were anxious to get started again. The next stop was at Bowling Green Ky. We intended to stop off at Memphis and go up to the Y. M. C. A. and take a big swim in the pool, but we were some four or five hours late and it was night when we passed through.

We certainly were treated nice in Bowling Green. Talk about pretty girls, but we sure saw them there. We were served fruit and they gave us all kinds of pretty flowers. Next we stopped at some place in Ohio, I forget the name. My! My! the people on the streets sure did cheer us. We stopped off at two large places in Ohio and were treated well at both places. It rained most of the day Tuesday, so we didn't get off at Buffalo N. Y. but stopped at the depot and served lunch. I certainly praise the Red Cross, we stopped several times that we didn't get off, but always found the Red Cross waiting to serve lunch or fruit. Of course we had our regular meals on the trans too.

When we got to New York it was still raining and the Red Cross served us lunch in the Depot. So we gave them a little band music and some songs.

Mother, I believe you and Dad would feed just a little proud of your Soldier Boy if you could see him marching up and down the streets of some of the cities I spoke of. And to see the great crowds of people cheering, kinda makes a fellow feel just a little proud himself.

Talk about the pretty country, but I have sure seen some. I only wish you all could have been with me. I saw some that beats the plains. I believe. Saw some fine crops also. I fell in love with Ky. I believe we would all like that country. 'Set some odd sights traveling that way, and sure had lots of fun. I'll never forget the trip.

Say girls I saw the Edison Factory. We took the Ferry at N. Y. went several miles and then took the train again. Saw several tall buildings but it was so foggy I couldn't see very far. I also saw Lake Erie. It gave us an idea of how the waters will look.

It is some cooler here than it is back in Texas just now. But I guess we will soon get used to it. I like the looks of the camp fine. Don't know just how long we will be here, but not very long I fear.

I suppose you saw the account of the train wreck in Mo. we heard that it was a part of our bunch but haven't heard for sure. You see there were thirty thousand boys to leave Ft. Sill when I left. It seems that

Doing Y. W. C. A. Work Among Women in India

DR. GURABAT KAMARKAR

Recently she attended a meeting held in New York by the War Work Council of the Young Women's Christian Association. She has returned to her native country to work among the women there under the direction of this association.

Uncle Sam means business yet. Sure it will take all the men before it is over.

Harry you must take good care of the cattle while I'm gone.

Well I believe I have told you about all I can think of. Would like to know just how every thing is going on at home this morning.

Now you must some of you write just as soon as you get this letter, so I can hear from home once more any way before we go over, still we may be here some time.

Your loving son and brother,
PAUL J. RICHARDS
Battery A. 127, 4. A. Camp Upton Long Island New York.

Experiments in laundering shoes are being conducted at various camps by the conservation reclamation division of the quartermaster corps. The method used is the same employed by the American expeditionary forces.

A solution composed of one quart of strong disinfectant to 50 gallons of water was used to wash about 200 army shoes in a standard laundry machine. The solution used is germicide, antiseptic and deodorant. After 14 minutes' washing, the shoes were removed, dried for about an hour and then resoled. The results were found to be highly satisfactory. After the shoes are laundered and repaired they are greased with dubbing to make them more pliable and at the same time to preserve the leather.

"Man Wanted"

Man power, we are told, is winning the war for the Allies. The new draft law will naturally make a big hole in the available number of men in the United States. The "man wanted" advertisements in the daily newspapers tell many interesting stories. Statistics available in Washington are, however, more specific. From these it appears that the war industries of the United States are at the moment short between 300,000 and 400,000 common laborers. The shortage in skilled labor is almost as acute, and the war plants of Connecticut and Maryland alone are undermanned by 35,000 skilled workmen. One of the largest munition plants, turning out heavy caliber guns, is short 2,000 machinist. The employment service of the Labor Department is trying to solve some of the problems occasioned by the above conditions; and one of the methods for getting more labor is to declare certain vocations as non-essential. Undoubtedly if all the non-essentials could be put into the productive class it would go a long way towards solving labor troubles; but in such an event a whole lot of gentlemen with soft hands and polished finger nails would get mused up considerably. Special attention is being given by the new employment service conducted by the Government to cities of over 20,000 population, although the rural districts will be covered as exhaustively as possible.

No-Covenanted Peace With Germany
America, unless we repudiate civilization and abandon humanity and put a premium on savagery and brutality, can make no covenanted peace, no peace by agreement or negotiation with Germany. It would be a covenant with hell, a partnership with infamy.

Nor would such a peace secure peace, except so long as it suited Germany. We can judge the future only by the past, and to Germany sacred treaties are scraps of paper only. Germany's whole history is a record of national treachery, national bad faith, national dishonor, national murder, and national infamy.

Article 56 of The Hague Convention to which Germany solemnly subscribed, is: "Family honor and rights, the lives of persons and private property, as well as religious convictions and practice, must be respected. Private property can not be confiscated."

The world knows how Germany has observed this article. There are millions of individual witnesses to her flagrant breaches of it. Every acre of foreign soil Germany has occupied bears mute, but unimpeachable evidence of it. There is plenty of German evidence of it, too.

"The goods of different sorts seized in the enemies' territories are in such large quantities that the difficulty of knowing where to put them increases day-by-day. At the request of the Prussian minister of war, all chambers of commerce have been asked to give all possible information with regard to storehouses, sheds, etc., which could be used temporarily to warehouse the spoil." (From the Frankfurter Zeitung, January, 1915.)

The German papers have been crowded with advertisements of sale of property taken from France and Belgium. Members of the Reichstag have boasted of, others have censured, the amount of booty brought to Ger-

many from the occupied territory, and the destruction has been far greater than the confiscation.

Of the old men and children murdered, of the women and girls ravished of the noncombatants taken from their homes and deported to work for their conquerors of the merchant-ships sunk and passengers and crews murdered, of the hospital ships sunk, the hospital and unfortified cities bombed, of the mutilation and murder by crucifixion and otherwise of wounded and captured soldiers—all of this beastliness there is plenty of evidence, that no one can disbelieve.

The best answer to German peace propaganda is sinking more U-boats, sending more men to France, sending up our work along every line, and a heavy subscription to the Fourth Liberty Loan. Peace must mean the triumph of right and justice, the defeat of Germanism, not a truce with it, not a compromise with it.

Our soldiers in France are gloriously doing their part toward victory; the Liberty Loan subscription must show them that the people at home are doing theirs.

\$\$\$

Bonds speak louder than words.

\$\$\$

What Won't They Do?

Intent only upon further looting helpless Russia, Germany is exchanging invalided tubercular prisoners for sound strong German prisoners who are a drain on the economic resources of Russia and takes in return Germans capable of strenuous fighting on the west front.

"Germany has a committee here choosing their own men to be exchanged," says a Young Women's Christian Association secretary in charge of the Blue Triangle Club. "They choose only the most fit and will not let Russians exercise a like privilege."

The condition of the returned Russian soldier is alarming. They are skeletons, physical wrecks. Over sev-

enty per cent are in the last stages of tuberculosis.

"The poor fellows are stunned by changed conditions in Russia. They are filled with utter scorn for those responsible for Russia not doing her part, and they want to go back and fight. So after all, Germany, missing the spirit, seems to be defeating her own purpose by returning the fiery spirited wrecks who are setting the souls of Russia against the oppressors."

And when, from their inspiration, Russia fights up her loins and returns to the fight, Germany will, perhaps, finally realize that those she sent home to spread disease and death, stirred the soul of the country to throw off the oppressor."

\$\$\$

Play Fair With Uncle Sam

"They have learned how to use coal economically in Europe—through having to pay all the way from twenty to ninety dollars a ton for it. The man who is paying that does not need any fuel administration to urge him, on patriotic grounds, to stop wasting coal. He develops the keenest interest in that subject without prompting; and he saves the coal."

"If our Government took its hand off the fuel situation to-day there would be no wasting of coal next winter. The price would go to such a height that every man who burned a ton of coal would make it his personal business to see it was burned to the best advantage."

"The Government will not take its hand off. It wants poor people to have a chance at fuel too. It gives the people the benefit of a not exorbitant price. They ought to show their appreciation by using the coal just as carefully as though they were paying the European price."

\$\$\$

It's billions for defense or billions for indemnity.
Dig up the coin and bury the Hun.

Sun Never Sets on American Soldiers

Once it was stated that the sun never set on the British flag. One year after America is in the war the sun cannot set upon the American soldier. They are in France, and they are in Germany, across the border in Alsace. They are in Italy. American soldiers are in Archangel, Russia, up under the Arctic Circle. They are also in Vladivostok.

American soldiers are in the Philippines, Hawaii and Samoa. American soldiers are in Panama and one of the Central American republics. They are in Haiti and San Domingo. When the American soldiers landed in Vladivostok and Archangel, they were in the same empire, but they were 8,000 miles apart.

This gives you some idea of the colossal size of Russia.

The Arctic Circle runs a little north of Archangel.

Archangel is on an arm of the White Sea; and, before the outbreak of the present war, was thought to be frozen over almost the entire year. There is a railroad running direct down through Russia to Moscow.

After the outbreak of the war the Russian attempted to build another railroad to an open port on the Arctic ocean. This port is called Kola and is open the year around.

Great things may come of the establishment of the American army in Archangel. The people of North Russia are not tainted with Bolshevism. They are loyal Russians and, if properly supported, they will rally to the Allies.—Memphis Commercial-Appeal

"Come across" or the Kaiser will.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 60c.

WILL SUSPEND PAPER

In last week's issue of the Glazier Review, Miss Farrell announced that, owing to the fact that her aged mother needed her, she would be compelled to suspend the publication of the Review for the present. She will go to Bellvue, Iowa, to spend the winter and the issue of September 28th will be the last until such time as she may be able to return.

Miss Farrell has been giving the people of the Glazier country a newsy little paper for several years past and her cheery "boosts" for all the good things they do as well as sympathy for their troubles, will be greatly missed. She is intensely interested in her work and the country she has chosen as the field of her endeavor and never misses an opportunity to say a good word for the Plains.

It is unfortunate for Glazier that there is no one to take over the Review and keep it going during Miss Farrell's absence. Doubtless, it would not be difficult to secure some one to do the writing but printers are few and far between these days and help in the mechanical department is almost impossible to get. Now, while the girls are taking so many places once thought to be out of their sphere, would be an excellent time for some of them who do not especially care for short hand or type writing or bookkeeping, to learn to set type, "make up" forms and get a newspaper ready for press. Many women are doing it these days and "making good."

We shall miss the Review and regret that circumstances should seem to make its suspension imperative.

—Southwest Plainsman

R. L. Blankenship of Wise County, has been here the past week, looking after property interests. He purchased one and one-half sections southwest of town last spring.

For Foch and freedom; buy Bonds.

Amarillo, Texas

Phone 724

Vetesk Market

PHONE 12

To our good people of Canyon City and Randall County:

We wish to announce that we are now in position to offer BEEF as well as pork at much reduced prices. Because not only do we do our own slaughtering and buying, but we have our own pasture as well as feed, therefore cutting out the Middle Men's Profits and thereby giving our customers the benefit in reducing the price of fresh meats.

We have on hand a nice bunch of calves and yearlings that we offer at the following prices:

Fancy small front quarters	15c per lb.
Flat rib roast at	17 1-2c per lb.
Flat rib stew at	17 1-2c per lb.
Fleshey Stew at	20c per lb.
Fleshey roast	25c per lb.
Dry Salt Bacon	30c per lb.
Compound,	\$11.40 per can, or 28c per lb.

Come in or call on the phone and arrange for one of those front quarters.

VETESK MARKET

For Indigestion, Constipation or Bloating
Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

Honeyed White Grapes
Select grapes carefully, remove stems and wipe dry. Make a slight incision with embroidery scissors and remove seeds. Make a syrup of one cup of honey to one cup of water, bring to a boil, add grapes and let it simmer a few minutes. Pack fruit into hot sterilized jars, fill with syrup, adjust covers and sterilize under boiling water 22 minutes for pint jars. Tighten covers and test for leaks.

Has Fine Feed Crop
Frank Naylor residing on a farm in the Griggs community brought to this office this week some samples of the finest kaffir corn and white maize we have seen this year. These heads were selected from Mr. Naylor's crop in that community and are doubtless as fine as can be grown anywhere.—Texhoma (Okla.) Times.

If you are looking for a sure-thing investment that really pays you'll find it in War Savings Stamps.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Subject to Change Without Notice

COUNTY CORRESPONDENCE

WAYSIDE ITEMS

Ideal fall weather prevails. Wheat sowing and gathering row crops is engaging the attention of the farmers. A great scarcity of help, is prevalent and there is an urgent call for hands throughout the country. The few who come in seem to expect exorbitant prices.

Wayside School progressing nicely under the management of Miss A. Naason as principal and Miss Cora May is primary teacher. Enrolment up to date is 38 pupils.

Misses Olive May Johnson and Miss Artie Lowery of Beverly community are attending Wayside school. The former boards with Mrs. D. L. Adams, while the latter will ride from home until the weather is colder. The distance is about ten miles.

H. R. Adams left last week for Kansas City to attend an auto school, Success to you Rowland.

Rev. Zoro Birtle filled his appointment last Sunday, preaching at Beverly in the afternoon also. One more time completes the conference year with us. We trust he will be returned by the conference which meets in Lubbock the last of October.

Rev. Lindley will be with us next Sunday, the 29th at 11. We bespeak for him a full house. Brother Lindley is no stranger among us and is well liked by everybody.

CAMPBELL NOTES

Grant Belles, Gus Thomas and Frank Clark will ship cattle to Kansas City Saturday.

Everyone is busy putting in wheat and cutting feed.

Henry Sanders from Washburn stayed at the Gordon-Cumming home last Friday.

Frank Clark is buying hogs for C. O. Keiser.

On the 22nd inst. the Joel school had a Service Flag raising in honor of the eleven boys who have joined the army and navy from that district, besides there was a very interesting program which everyone enjoyed.

C. Gordon Cumming and family went to the Joel school last Sunday.

Mr. Birch Campbell and wife and Mr. Forgeson and wife motored to Tulsa last Saturday.

Grant Belles and family visited Mr. Burgan Sunday.

Every sign proves that home-canners have reached the goal, 1,500,000-000 quarts. This, by the way, insures the home pantry, for the Government needs most of the Commercial pack for the Army.

The sacrifice of the American home, added to the efforts of the American farmer, have removed fear from the minds of our Allies, for this year, at least.

PERSONAL MENTION

If you have guests in your home, please phone the News. If you are going away on a visit, call No. 41.

W. S. Gober was in Amarillo Tuesday.

M. S. Stone was in Canyon on business Monday.

Miss Rose McNeil has been off of duty on account of illness.

Worth Jennings and family spent Sunday visiting in Plainview.

Roy Cullum of Amarillo was a business caller in Canyon Monday.

Mrs. B. S. Arnold of Amarillo was a guest at the Shirley home, last Saturday.

Clifton Jarrett and T. V. Reeves were business callers in Amarillo, Tuesday.

Miss Clara McLaughlin of Ralls, Texas, came to Canyon Sunday to enter school.

Miss Mabel Gass of Hereford visited with her sister, Mrs. McIntyre the first of the week.

The name of John Daniel Leverton, Canyon, Texas, 446, was registered since September 12.

Miss Jennie C. Ritchie, Miss Malone, Judge and Mrs. Ritchie spent Monday at the Club Grounds.

Miss Almyra McComas of Plainview has been visiting the past week with Imogene Cummings.

George Hutchings and wife of Plainview, attended the Baptist Laymen's meeting here Sunday.

Misses Mary Dorcus Cullum and Ina Jordan who teach at Friona were visitors in the city last Sunday.

Mr. and Mrs. Charles Stephenson, of Amarillo, visited with Mrs. Stephenson's parents, Mr. and Mrs. W. C. Baird, over Sunday.

Miss Ada Terrill has returned to Austin to attend the state university.

Miss Jessie Rambo spent the weekend with friend in Amarillo.

Liberty Bonds or German bondage. The soldier gives; you must lend.

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited a awful death from lockjaw or blood poison to use a drug called freestone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freestone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue of skin. A small bottle of freestone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your drug store hasn't any freestone he can get it at any wholesale drug house for you.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get special sleep after the first application. Price 6c.

A. R. Dean has bought C. H. Miller's place in the Lucy community, Torrance county, N. M.

H. T. Akers has bought of Mrs. Effie A. Bell, 240 acres in Hale county.

Backache is a Warning

Canyon People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Canyon testimony.

Mrs. A. R. Crank, W. Evelyn St., says: "At times my back was weak and ached constantly and my kidneys were disordered. I was bothered this way terribly until I began using Doan's Kidney Pills. Now it is very seldom I have any of these symptoms and when I do, I use Doan's and almost get good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Crank had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. 26-27

A Historic Bale of Cotton

H. L. Hyman, who lives eight miles north of town, brought in the first bale of cotton this week which weighed 600 pounds and was stored, pending getting the gin ready for operation, which the gin men think will be Monday week, providing, some of the machinery which is still out comes in. Anyway, his bale comes first, and he will be apt to get a nice premium, as it will be the first bale of cotton ever ginned and marketed in Brownfield.—Brownfield Herald.

Terry Will Hold a Fair

There was a meeting of our representative citizens at the Court House Saturday afternoon at four o'clock, at which it was decided to hold a fair October 10 which is Thursday, and to make it the best that Terry ever had, and we can do it easily, by a little energy and a small amount of cash, that will not hurt any of us.—Brownfield Herald.

**NOTICE TO CONTRACTORS
FOR STATE ROAD AND
BRIDGE CONSTRUCTION**

Notice is hereby given that sealed proposals for the construction of highway improvements in Randall county, will be received at the office of county clerk, at Canyon, Texas, until 2 o'clock p. m., September 30th, A. D. 1918 and then publicly opened.

Description of Work to Be Done

Approximate quantities—
105,173.62 Cu. Yds. Excavation.
371.29 Cu. Yds. 1-2-4 Concrete.
27.65 Cu. Yds. 1-2-3 Concrete.
3.27 Cu. Yds. 1-3 Concrete.
31,807 pounds of Reinforcing.

County Randall, Detailed plans of the work may be seen for examination, and information may be obtained, at the office of the county clerk at Canyon, Texas, and at the office of the State Highway Department Capitol Building, Austin, Texas.

A certified check for Twenty-five hundred dollars (\$2,500.00) made payable to C. R. Flesher, County Judge of Randall county, must accompany each proposal.

The right is reserved by the party of the first part to reject any and all proposals and to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked, "Bid for the construction of the Highway No. 9 in Randall county."

Proposals may be sent by mail, and when sent by mail shall be enclosed in an additional envelope properly marked as indicated above.

All proposals otherwise submitted will be rejected as irregular. Only sealed bids will be considered.

All bids received will be retained by the department and will not be returned to the bidders.

Proposals must be approved by the Highway Department and official notice given before any work is commenced. 25-2t

County Randall, Detailed plans of the work may be seen for examination, and information may be obtained, at the office of the county clerk at Canyon, Texas, and at the office of the State Highway Department Capitol Building, Austin, Texas.

A certified check for One Thousand Dollars (\$1,000.00) made payable to the order of C. R. Flesher, County Judge of Randall county, must accompany each proposal.

The right is reserved by the party of the first part to reject any and all proposals and to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked, "Bid for the construction of the Highway No. 9 Road in Randall county."

Proposals may be sent by mail, and when sent by mail shall be enclosed in an additional envelope properly marked as indicated above.

All proposals otherwise submitted will be rejected as irregular. Only sealed bids will be considered.

All bids received will be retained by the department and will not be returned to the bidders.

Proposals must be approved by the Highway Department and official notice given before any work is commenced. 25-2t

Let all get on the bond wagon.

BRIEF WAR NEWS.

The war situation for Tuesday is summarized by the Associated Press as follows:

In both Macedonia and Palestine the entente allied forces are giving the already badly beaten Bulgarians, Germans and Turks no rest, while in France the British and French are continuing to draw their net more closely about the St. Quentin and the remaining elements of the Hindenburg line in this immediate region.

In Macedonia the situation of the Bulgarians and Germans daily grows more critical as the allied forces steadily maintain their pressure against them. In Turkey the latest operations of the British and Arab tribesmen friendly to the allied cause seemingly forecast the complete destruction or capture of the Ottoman troops in Palestine on both sides of the River Jordan.

St. Quentin, through the latest advances of the British and French is all but enveloped and to the north the strong enemy line protecting Cambrai has been further encroached upon by Field Marshal Haig's men. Along the one hundred mile front in Macedonia from the region north of Monastir to Lake Doiran the entente armies have pressed further forward against the demoralized Bulgarians and Germans whose reinforcements have not been able to stiffen the line for a face about.

North of Monastir the important strategic position Prilep has been occupied, thus giving control of the numerous roads radiating from it to the French cavalry; in the center the Serbians have pushed their wedge further in between the enemy's western and eastern armies, while on the extreme eastern flank the British and Greeks have advanced along both sides of the Vardar to a depth averaging about ten miles over a front of 20 miles. Nowhere are the entente commanders permitting the Bulgarians and Germans to lose contact with the advancing troops, who are harassing them vigorously.

So badly has the 100-mile line been penetrated or battered that immediate dire calamity seemingly faces the enemy unless the enemy is fleet enough of foot to outdistance the allies on the wings of the drive and reconstitute his front to the north, with its center resting on Uskub or thereabouts. Even if such a maneuver is possible doubtless it will be necessary for the enemy to straighten his line westward through Albania to the Adriatic sea.

That the allied flanks are moving swiftly to prevent the separated armies from joining up is indicated in the capture of Prilep and the advance of the British to the north of Lake Doran. These maneuvers point to an attempt at rolling up movements of great proportions by the allies.

In Palestine, the British on the coast have taken the important towns of Pafra Acre, while east of the Jordan the Turks are everywhere in retreat, hard pressed by the British and the tribesmen of the king of Hadjas. Inside of the big sack, the neck of which was sewed up by the British in their initial drive, many more prisoners have been taken and the aggregate now greatly exceeds the 25,000 officially reported.

To the west of St. Quentin over a front of over four miles running south from the Omignon river the British have materially advanced their front, notwithstanding the desperate resistance of the enemy and taken about 800 prisoners. Hard fighting is in progress at Selency, a scant two miles from the western outskirts of St. Quentin. Around Epehy and further north in the Cambrai sector the British positions in front of the Hindenburg line have been bettered. In Flanders, the British have recaptured a portion of their old trench system south of Ypres.

That the Germans, even though the weather conditions, preclude infantry activity are fearful that the Americans anticipate a further attack is indicated by their almost continuous bombardment of the American positions with heavy guns along the Lorraine front.

**GIVE "SYRUP OF FIGS"
TO CONSTIPATED CHILD**

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile quietly moves out of its little bowels without crying, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Announcement

To our Patrons and the People of this County:

We have decided to go on a strictly cash basis October 1st.

In making this change in our business methods we have many regrets, for the reason that we will work a hardship on some of our customers and friends, who have been loyal to us through thick and thin.

Please remember, we have been doing business together for a long time, and our business relations have always been very pleasant. Present conditions, owing to War Times is the only thing that prompts this move. The excessive prices we are compelled to pay for goods has caused this turn to cash.

Future business is problematical at best, and we must trim our ship to weather every storm.

We want you to continue to trade with us, and we will strive to show you every courtesy as we have done in the past.

Under these conditions and by being able, on a cash basis, to discount all invoices in buying goods, we will be in a position to make you a better price on the goods you buy than you have received in the past.

With every good wish for your success, and with very best regards,

HOLLAND DRUG CO.

P. S. Under our new ruling it will be CASH to EVERYONE, and there will be no exceptions and no favorites.

Feed A Baby Beef

"Feed a baby beef." That is to be the slogan of a campaign that will soon be begun by L. W. Hillam, county agent, among the boys' agricultural clubs of Oldham, Randall and Potter counties. He will receive cooperation in his efforts from the extension division of Texas A. & M. college and local bankers.

During the next few weeks Mr. Hillam plans to scour the rural districts of the three counties in order to obtain the names of prospective members of the "Feed a baby beef" club. It is believed that between 50 and 100 lads will be enabled to join the club.

After the names are secured, the bankers will go through the list and select the names of those persons whom they believe will be interested in the work have the proper farm surroundings and right home conditions.

Then the bankers will ask the cattlemen of the community to furnish these boys good full blooded calves to be taken care of. It is planned for the boys to feed these calves for several months and eventually have

them brought to this city for the Buyers' and Sellers' stock sale. These calves that have developed into unusually good looking stock probably will be entered in the International Live Stock show at Chicago.

Every boy that is selected to feed a calf will be placed on the mailing list of the Texas A. & M. college extension division in order that he may receive special bulletins and letters regarding proper feeding. Tentative plans call for feeding the calves on products that are raised in the Panhandle country. It is desired by the sponsors of the movement to show to the nation just what fine stock can be raised in this section.

There are already fifteen boys that are feeding baby beves now, according to Mr. Hillam. He expects to visit all the rural schools and fully explain the terms of membership in the club. C. C. French, state pig club agent, was in the city Thursday conferring with Mr. Hillam about the work. He probably will return this fall to help Mr. Hillam carry out the plans.

In discussing the prospective club, Mr. French declared that it is not

believed that the fruits of their work will be come very evident this year, but that results would surely justify the efforts next year.

Not an Entire Failure

The Lorraine Gin Co. has been ginning this week. With two gins running and 77 bales of cotton up to Sept. 14, which sold for 33 cents, having already come in, it seems we are not having an entire failure, regardless of the sun-baked country round about.—Lorraine News in Colorado Record.

Raised Fine Pie Timber

The Packing House Market has on exhibition a large pumpkin, weighing sixty pounds, raised this year by Mr. D. F. Furr, one of our industrious farmers living nine miles west of Post.—Post City Post.

RED CROSS RHEUMATIC REMEDY

The great advantage over other rheumatic medicines lies in the fact that it does not disturb the stomach. Many cases have been permanently cured by this remedy. This and more than one hundred other Red Cross Remedies sold and guaranteed only by

BURROUGHS & JARRETT

MILITARY TRAINING

at the

West Texas State Normal College, Canyon, Texas

The following are the facts about Military Training as offered in this institution: Lieut. R. B. Wight, Military Inspector of Colleges for S. A. T. C. units, inspected the West Texas State Normal College Monday, September 23rd, and pronounced the institution A-1 for purposes of Military training. His report to the War Department was highly complimentary and he is recommending that the government very greatly enlarge its plans for using this institution for war service. He left with us the following instructions:

1. Boys may be housed in units of not less than twenty-five men.
2. Men will not be messed in groups of less than fifty.
3. There is no limit to the number of limited service men who may be admitted to the S. A. T. C.

4. All who registered September 12th, and who have as many as 12 1-2 high school units, or who can pass college entrance examinations, are entitled to enter.
5. Athletic sports are to be encouraged between teams within the unit, and teams of the unit with other convenient units.
6. Suggested Program:

Breakfast—6:30 a. m.
Class-work—8:00-12:00 N.
Mess—12:15 p. m.
Class-work—1:00-2:00 p. m.
Military Drill—2:30-4:30, four times per week.
Inspection—Saturday morning.
Supervised study at least one hour per day.
Sleep—8 1-2 hours per day.

Boys who have finished a first-class high school will have no difficulty entering. Boys who have finished a second-class high school will have 11 of the 12 1-2 high school units and should prepare to take examination on 1 1-2 units September 30th at Canyon, Texas. Boys who have finished a third-class high school course will have 7 of the 12 1-2 units and may get into the S. A. T. C. only by making 5 1-2 units on examination. Holders of First Grade State Teachers' Certificates may enter by taking examination on 1 1-2 units.

Enrollment is for the duration of the war, and pay and treatment that of a private.

This College Furnishes Free Text-Books.

ARRANGEMENTS ARE BEING MADE TO CARE FOR 200 MEN.

Vocational training can be had at present, only at the University of Texas and the A. & M. College. Application should be made to the Local Draft Board. Only a limited number can be accommodated at these institutions, and boys should investigate before going to these vocational schools.

RAISE A FALL FRIER AND HELP WHIP THE KAISER

By F. W. Kazmeier, Poultry Husbandman, Extension Service, A and M. College of Texas.

Every possible agency is now being called upon to help increase the meat supply of the country.

The Poultry Division of the Extension Service is conducting an extensive campaign to induce Texans to raise 500,000 fall chickens. A large number of these have already been pledged. A careful record is kept of the number of chickens pledged and reared in each county. Everybody is expected to do his or her share. We don't want any "slackers" among the poultry raisers.

Fall hatched chickens can be raised at a profit and are economical necessity on every farm and back lot. Show the proper spirit by raising a flock of fall chickens. These fall chickens will enable us to export more of the pork and beef to our armies and allies.

You can do much to help win this war by raising a flock of fall chickens.

A flock of fall chickens is an important and patriotic possession, and will enable you to purchase Liberty Bonds and War Savings Stamps.

If you can not go across, come across, and rear a flock of fall chickens.

Every boy and girl too young to fight, and every man and woman too old to fight are urgently requested to join the army of fall chicken producers.

Just think of how much our boys would appreciate fried chicken occasionally.

We do not ask anybody to raise a large number of fall chickens, but everybody can rear between 50 and 150, depending on area of land available.

See your County Demonstration Agent for additional information. In the meantime, enlist by signing and sending to the Poultry Division, Extension Service of the A. and M. College of Texas, the pledge card given below:

Name _____
Address _____
Number of chickens I am going to raise _____

Auto Wreckers Under \$5,000 Bond
O. C. Spetter, Guadalupe Lopez and Antonio Romero who are alleged to be responsible for the wreck on the Portales road three miles south of Clovis were yesterday, placed under \$5,000 bond each to appear before the District court. In the car with John Hoover who lost his life in this wreck were Buck Lipscomb, John Etchison, E. F. Tate, Bessie Wallace and Dollie Baird.

O. C. Spetter, who drove the car that is alleged to have been the cause of the wreck claims that the lights of the car driven by F. T. Tate so blinded him that he could not see where he was going. Tate claims that his lights were dimmed.

In the car driven by Spetter were found a number of flasks of whiskey. —Clovis (N. M.) Journal.

Be one of the millions to lend the billions.

TO CONSERVE SPACE IN PACKING HOUSE SHIPMENTS

Mjr. General George W. Goethals, Chief of the division of purchase, storage and traffic of the general staff of the Army, has commissioned Arthur A. Hammerschlag, President of the Carnegie Institute, and Lieut. Col. J. W. McIntosh, Subsistence Division, Q. M. C., N. A., to cooperate with the Chicago packers in experiments which may save up to 40 per cent of the tremendous cargo space now required for shipping fresh beef. President Hammerschlag and Col. McIntosh have already reached the stock yards and the experiments have begun.

The experiments contemplate not only the conservation of shipping space, but also the problem of having the packers small enough to be handled by the class of labor available at unloading ports overseas and the quick and convenient issue at supply depots in France.

They range from the mere cutting of the carcass into more convenient sizes and shapes to the entire boning of the carcass to be packed in boxes. It is estimated that if the plans prove practicable a saving of from 15 to 40 per cent of the room now used in transporting the same amount of beef will be made possible. Since fresh beef constitutes a considerable part of some 350,000,000 pounds of beef and pork products now sent monthly to allied countries, the saving by the new method may prove to be considerable if found practical. The bones and surplus fats salvaged by the operation will be converted into various by-products.

The chief difficulties encountered so far have been the necessity of obtaining enough labor sufficiently skilled in this particular work and the providing of facilities necessary to handle the quantities required without interfering with production of other meat products being prepared for our armies and those of our allies.

Merchant shipping After The War.

Edward N. Hurley, Chairman of the United States Shipping Board, says that there will be something like 25,000,000 tons of merchant shipping to be employed within the next two years and the shipping Board is already looking around for cargoes, both in this country and abroad. In order to enlighten the vague understanding of people who do not make measurements in ship tonnage, Mr. Hurley has very kindly explained that 25,000,000 tons of merchant shipping would represent in a single voyage all the livestock, dressed meats, packing house products, poultry, game, fish, wool hides and leather carried on our railroads in one year. In less than five trips his ships would carry our whole yearly railroad haul of grain, flour, cotton, hay, fruit, vegetables and other farm products; and in three and one half trips, all our coal and coke.

Farmers Get The Coin

More than 51,000 farmers have obtained loans through the Federal loan system, and the amount they have received amounts to \$117,249,000. The loans average \$2,200 each. The Federal Farm Loan Board has done a lot of good, as most of its loans have been of a class that could not be through local banks and other channels. Representatives of local power and lighting companies who have been "up against the real thing" for money, have not been told to "go see your local bankers." The "local bankers" have been referring them to the local Courts, who have been prolific in furnishing receiverships.

The more bonds you buy the fewer boys will die.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

Industrial Awakening

According to Secretary of Commerce Redfield, 30,000 factories in the United States have been turned over to war work. A great many things that it was once deemed impossible to secure outside of Germany are now in wholesale production in the United States. Among these commodities are dies, and our own factories have made such progress that Germany will never again be recognized in the industry. All our optical glass was imported from Germany before the war. Now there are two plants in the United States, and we are forever free of dependence from Germany for our lenses and other fine glass.

All Farmers Are Invited

"A great agricultural school" is the verdict of those who have attended the annual sessions of the International Farm Congress. This organization, which also stages the great International Soil Products Exposition, will be held at Kansas City, Missouri, October 17-18-19, the Exposition dates being October 16-26. The Exposition will be held in and adjacent to the great Kansas City Convention Hall, which will also accommodate the sessions of the Congress.

The program of the Farm Congress sessions includes addresses, many of them illustrated, by the leading agricultural experts and educators in the world. It is moreover, a real farmer's forum, and there is ample time allotted to discussions. These discussions always arouse intense and widespread interest and bring out facts of the greatest importance. The headlines on the speakers' program will include some of the most noted men in the world.

The Exposition is unlike anything ever before attempted. Here the visitor may see the very cream of the products of many states, arranged by expert hands, every item in every exhibit carrying its lesson in better agriculture and all planned to secure the highest possible educational value.

The United States government and the various states have spent many millions of dollars in the last few years by way of experiments in agriculture and allied pursuits. The results of these experiments are assembled for this Exposition at large expense, and arranged in most convenient and striking form for the benefit of all who attend. At no other time or place in the history of the world has such a wealth of valuable and interesting information relating to agriculture ever been collected, or made so easy of access and understanding. The samples, models, charts and other object lessons built and shown by the Department of Agriculture and the various federal and state experiment stations constitute within themselves an exhibition which it will pay any progressive farmer to travel far to see and study.

It has been well said that this Congress and Exposition comprises "the farmers' own show." Certainly any observant farmer or stockman should be able to derive very great benefits, as well as entertainment, by attending it.

HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite and makes work a burden.

To regain your strength nothing has ever equaled or compared with Scott's Emulsion; its blood-enriching properties give energy to the body while its tonic value sharpens the appetite in a natural, permanent way.

If you are run down, tired, nervous, overworked or lack strength, be sure to get Scott's Emulsion today.
Scott & Bown, Bloomfield, N. J.

To Check Up Results

In order to get definite information as to the results attained from the high grade cows distributed last winter by the Dallas, Texas, Chamber of Commerce, a detailed survey will be made by C. O. Moser, County agent, and J. T. Orr, President of the Dallas County and Texas Dairymen's Association. They will visit every man who has one of these Holstein cows and ascertain what their experiences with the Wisconsin animals have been. Mr. Moser believes that many additional Holstein cows will be distributed this winter and that the demand for them will be much greater after a report has been made and the success attained by those who have these high grade cows now.

A "Triumph" For Government Control

The champions of Government ownership claim the new national mileage books to have been "impossible under private owned railroads," and they assert that their appearance is a proof the Government control of the railroads is a tremendous success. Of course there is an absolute failure to omit reference to the fact that there has been a steady upward curve in railroad charges for freight and passenger service of from 30 to 40 per cent. When the railroads were operated under private control their managers agreed to meet every requirement of the Government and the public if given an advance of about 15 per cent.

Mothers of Texas, Prepare!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many women in Texas would testify just as do the following:

HOUSTON HEIGHTS, TEXAS.—"My mother used Dr. Pierce's Favorite Prescription. She was in very ill health, was all run down and it seemed like she could not get anything to do her any good until she took this medicine. It did her more good than anything she tried and I am always willing to recommend it to friends who need a fine tonic."—MRS. JULIA STINSON.

FORT WORTH, TEXAS.—"I can recommend Dr. Pierce's Favorite Prescription to any woman suffering from woman's trouble or nervousness. I was very nervous and losing weight so fast I became alarmed over my condition. I could not do any housework. A friend told me about the 'Favorite Prescription' so I tried it and began gaining in weight at once."—MRS. LIZZIE EPPENSON, 1229 Gould Avenue.

Dr. Pierce's Favorite Prescription is not a secret remedy for all the ingredients are printed on the wrapper. All druggists. Liquid or tablets. Tablets, 60 cents. Send Dr. V. M. Pierce, Buffalo, N. Y., 10 cts. for trial package.

Stork and Cupid Cuning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it

Cupid and the stork are held up to veneration they are called as cunning plotters to herald the coming of the little sunbeam to gladden the hearts of all brighten the homes of a lack of happy families.

There is a most remarkable preparation, known as Mother's Friend, which has been used by women for over half a century before the arrival of the stork. This is a penetrating external application for the abdomen and breast. By daily use throughout the waiting months, strain and tension is relieved. The muscles are made elastic and pliable so that when baby comes they expand with ease and the pain and danger at the crisis is naturally less.

Then, too, the nerves are not torn and drawn with that usual wrenching strain, and many distresses, such as nervousness, nausea, bearing down and stretching pains, are among the discomforts and debilitating experiences women who have used Mother's Friend and know from experience that it is one of the greatest contributions to healthy, happy motherhood.

Write to the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Motherhood Book." There is a wealth of instruction and comfort to be derived from reading this little book. It is plainly written just what every woman wants to know. Get a bottle of Mother's Friend from the drug store today, and thus fortify yourself against pain and discomfort.

If you can't fight, your money can directly to available meat exports.

Improve Pinto Beans by Selection

The greater proportion of the planting of pinto beans has been done with little or no seed selection. Sufficient experimental work has been done to show that as much progress may be made from selection with pinto beans as is sometimes done with corn in the corn belt. The bean plants are mostly self-fertilized, thus, if a good strain is once obtained, no further selection within the strain is necessary, because the strain is a pure line and breeds true. Every pinto bean grower who is making a business of bean production should start a seed patch. The start should be made by selecting plants in the field. In making selection, the following points should be watched for:

1. High individual plant yield.
2. Early maturity.
3. Uniform ripening of pods on the plant.
4. Freedom from disease.

To make a seed plot, the seed of each of these selected bean plants should be planted by itself in a row. These rows are really comparative tests of the value of the selections.

The high-yielding rows which are produced represent the mother plants, which it is desirable to keep. All the seed from high-yielding rows having other desirable characteristics should be saved. If one strain should prove to be very much better than all others, this should be saved for seed and increased to the fullest extent possible. In this way the entire bean acreage will soon be planted from this high-yielding, early-maturing, even-ripening, disease-free strain.

Preliminary work with bean selection shows that it is easily possible to increase the yield 25 per cent by selection alone. To increase the yield this much would pay for all extra work of starting a seed patch and testing out in comparative tests the various selections, thus enabling the grower to pick out the highest yielding strain of his crop from which he may eventually plant his entire crop. It will pay to hand-select seed to get seed of uniform marking, uniform size and freedom from disease, even if time and conditions do not permit the better work of the selection of pure, high-yielding strains.—The Bean Raiser.

Liberty Bonds or German taxes

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so the lemon pulp gets in, then this lotion will keep fresh for months. Every young woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Cotton Growers Organize

A meeting of the cotton growers of the valley was held yesterday afternoon with an attendance of about 25. The meeting was called for the purpose of effecting an organization and resulted as follows:

T. E. Williams, Carlsbad, president; H. F. Christian, Carlsbad, secretary; board of directors: C. W. Beeman, Malaga; W. E. Rose, Loving; Caesar Grandi, Otis; J. W. Lewis, Carlsbad; F. G. Tracy, La Huerta. The directors will meet in the near future and elect the remaining officers of the organization.—Carlsbad (N. M.) Current.

Grove's Tasteless Chill Tonic destroys the malarial germ which is transmitted to the blood by the Malaria Mosquito. Price 50c.

Following is the Normal student attendance at the different Sunday Schools last Sunday:

Methodist—Boys 39, girls 44; Baptist, boys 28, girls 38; Church of Christ, boys 8, girls 11; Presbyterian, boys 6, girls 14; Christian, boys 4; girls 10; Catholic, boys 0, girls 5.

Walter Word, one of our former students, left Tuesday for Austin, where he will take military training.

Miss Ellen Smith spent Monday in Happy. Misses Mildred Livingston and Fay Marlin spent Sunday and Monday in Lockney.

Miss Ruth Hood, one of our last year's graduates, who now teaches the Kaffir school, spent the week-end at her home in Canyon.

The Sophomores held a Class meeting last week. The following officers were elected: President, Fay Steen; vice president, Ira Younger; secretary, Miss Harris; treasurer, Mrs. Morse.

Robert Hill of Plainview, came up Sunday to see about enrolling in the S. A. T. C. He will return Friday to enter school.

Mr. and Mrs. E. B. Ritchie of Mineral Wells, who have been visiting their sister, Miss Jennie C. Ritchie of the faculty, left Tuesday morning for their home.

Word comes from Mr. W. B. Mahan, a former member of our faculty, that he is very happy in his work in the Naval Officer's Training School at Great Lakes, Illinois.

Mr. Sheffy is now teaching the young ladies' class of the Methodist church that was formerly taught by Mr. Cousins.

Mrs. Jessie West of Canadian, is visiting her son, Jesse, who is here for the S. A. T. C. work.

Miss Kathleen Jennings spent the week-end with her cousin, Miss Mildred Redfean, in Plainview.

The Senior class of 1918-19 met last Friday for the purpose of electing officers. The following were elected: president, Bill Gibson; secretary, Mary Bradford; treasurer, Brunette Frances.

Nellie Francy and Helen Mann visited homefolks at Happy last Sunday and Monday.

Miss Stella Hanna, former Normal student, was in Canyon Saturday and Sunday visiting Ols Hanna.

Several of the Normal students enjoyed Saturday afternoon on the North Creek at a weenie roast.

Lieut. R. B. Wight, representing the War Department, is here making arrangements for the organization of a Student's Army Training Corps.

The surgical dressing room is now open, and work has begun. In answer to a call made in chapel for Red Cross workers every girl in the institution agreed to spend at least one period a day in the Red Cross room.

Miss Malone is in Dallas this week attending a meeting of the state librarians.

Mr. Duffot went to Dallas this week in the interest of the Y. M. C. A. work.

Our Service Flag has been sent to the manufacturers to be enlarged. Several new stars have been added recently.

Four sailors from San Diego, California: Hud Prichard, Henry Prichard, Elmer Dooley and John Downing, visited chapel this week.

Miss Gussie Parson, a former student of the Elementary school, visited friends and relatives in Canyon last week.

Agnes Goode entered school this week.

Richard Battenfield, a former student of the W. T. S. N. C., was in the city last week.

The Misses Dodson received a telegram Saturday from their brother, Virgil, a former student of the Normal, who is stationed at Norfolk, Virginia, stating that he might be home Monday. A second telegram was received Monday saying that he could not come because his camp was quarantined.

Lieutenant John Younger of the Aviation Corps spoke in Chapel Tuesday on the different phases of aerial life.

On Saturday evening of last week President and Mrs. Hill were at home to the members of the faculty and their families.

For Sale

FOR SALE—1280 Acres, Agriculture land grazing land, at \$15.00 per acre. Newly improved, with house, garage, chicken-house, barn and sheds. Has 75 acres fenced for farming, and 85 acres of this is plowed and in sod crop. Has excellent well and windmill, with galvanized surface tanks, and overflow lake, where hundreds of cattle can water at once. Is an exceptionally good well. These two sections control six sections leased land, making eight in all, under one fence. Four good mules, three good saddle ponies, two wagons, harness, tools, etc., can be had at very reasonable figures also. Location, 25 miles East of Dalhart, Texas. This is your opportunity to get a hold in the cattlemen's country. Trade with the owner. —A. Ray Wiseman, Phone 2148. 1005 Vanburen, St. Amarillo, Texas. 1t

Friona, visited friends in Canyon Sunday afternoon.

Miss Eula Tucker has withdrawn from school and accepted a position to teach near Turkey, Texas.

Miss Ina Tucker is teaching in Lipscomb county.

The Guinea That Does Not Affect the Head
Because of its tonic and laxative effect, **LAXATIVE BROMO GUININE** is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 20c.

Citation on Application

THE STATE OF TEXAS,
To the Sheriff or any Constable or Constable of Randall county, Greeting:

You are hereby commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Randall county, a copy of the following notice:

THE STATE OF TEXAS,

To all persons interested in the estate of Susan Mooney Rose, deceased. John W. Sherman, administrator has filed in the county court of Randall county an application for an order to sell the following property of said estate, situated in Randall county, Texas, to-wit:

Survey No. 44, certificate 15-3561, original grantee H. & G. N. R. R., containing 640 acres.

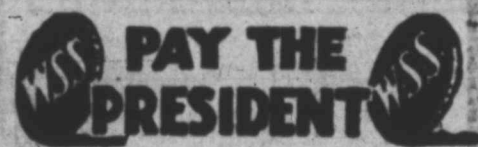

Also survey No. 559, certificate No. 45, original grantee John H. Gibson, situated in Yoakum county, Texas, containing 640 acres, which will be heard at the next term of said Court, commencing on the First Monday in October, A. D. 1918, the same being the 7th day of October A. D. 1918, at the Court House thereof, in Canyon, at which time all persons interested in said estate are required to appear and show cause why such sale should be made, should they choose to do so.

HEREIN FAIL NOT, but have you before said court on the first day of the next term thereof this Writ, with your return, showing how you have executed the same.

Given under my hand and the seal of said Court at office in Canyon, this the 5th day of September A. D., 1918.

T. V. REEVES,
Clerk County Court, Randall county, Texas.

A true copy, I certify.
WORTH A. JENNINGS,
Sheriff Randall county, Texas.

Probate Notice

To the Sheriff or any Constable of Randall county—Greeting:

You are hereby commanded to summon all persons interested in the Estate of Amelia Dietrich, deceased, by publishing this notice each week for ten days in a newspaper of general circulation, which has been published continuously, regularly in Randall county, Texas, for a period of one year to this date.

THE STATE OF TEXAS:

To all persons interested in the estate of Amelia Dietrich, deceased, that J. J. Bauer has filed in the county court of Randall county, Texas, an application for an appointment as administrator with the Will annexed, of the estate of Amelia Dietrich, deceased, which will be heard October 2nd, 1918, at the Court House of Randall county, Texas, in the city of Canyon, at which time all persons interested in the estate of Amelia Dietrich, deceased may appear and contest said application.

Therein, fail not, under penalty of law, and of this writ, make due return.

Given under my hand and seal of office in the City of Canyon, Texas, this the 19th day of September A. D. 1918.

T. V. REEVES,
Clerk county court, Randall county, Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original citation now in my hand.

WORTH A. JENNINGS,
Sheriff Randall county, Texas. 25-2t

Frewitt & Armstrong bought Happy Orion Cherry Boy, the best boar at the show of the Panhandle Swine Breeders Association at Clarendon. The boar was consigned by all the best breeders of the state to easily be a Grand Champion this fall at the State Fair.

ADVERTISE—If you have a horse, cow, buggy, wagon, stove, bedstead, table, or anything else, you want the cash for, advertise it in The News columns. If you want to buy something used about the house, or on the farm, cheap, advertise for it in The News.
