## GERMAN LABOR NOTE IS NOT CONSIDERED

ALLIED COUNCIL OF FOUR SENDS REPLY TO COMMUNICATION FROM GERMAN ENVOYS.

Paris.—The council of four has declined to consider the note from Count von Brockdorff-Rantzau, chief of the German peace mission, relative to international labor legislation. In a note sent to the German delegation M. Clemenceau, president of the peace conference, says "that the allied and associated governments are of the opinion that their decisions give satisfaction to the anxiety which the German delegate professes for social justice, and insure the realizing of reforms which the working classes have more than ever a right to expect after the cruel trial to which the world has been subjected during the last five years."

Berlin.—The declaration by Chancellor Scheidemann in the national assembly that the peace terms were "unacceptable," brought the members of the assembly, the spectators and those in the press gallery to their feet in a hurricane of cheers and applause.

The chancellor reached the climax of his statement on the peace terms a few minutes after he began. He paused in his address and then thundered out the word which announced the German government's rejection of the Versailles conditions.

"This treaty," he said, "is in the view of the Imperial government, unacceptable, so unacceptable I am unable to believe that this earth could bear such a document without a cry issuing from millions of throats in all lands, without distinction of party. Away with this murderous scheme."

With the exception of the independent socialist, led by Hugo Haas, all factions in the assembly arose and cheered vociferously.

After the chancellor's speech, the leaders of the various parties, with the exception of the Haase group, made speeches in which they declared they backed up the government.

The chancellor described the peace treaty as a "dreadful and murderous" document. "He said it would make an enormous jail of Germany, in which 50,000,000 persons would have to labor for the vicious in the war. The chancellor said German trade would be strangled, should the peace terms be accepted."

He criticized President Wilson and said that the president, by his attitude, had deceived the hopes of the German people.

The chancellor said that the occasion was the turning point in the life of the German people, as the assembly was to decide the attitude toward "what our adversaries call peace conditions."

### Wozencraft Heads League.

Sweetwater, Texas.—After adopting various resolutions and electing officers the seventh annual convention of the league of Texas municipalities adjourned to meet next year at this time at some city to be chosen later by the executive committee. The newly elected officers are: President, Mayor Frank W. Wozencraft of Dallas; vice president, Mayor W. J. Nichols, Texarkana; E. L. Wells Jr., city manager, San Angelo; J. B. Rector, city attorney, Austin.

### U. C. V Unable to Find Reunion City.

Fort Worth, Texas.—General K. M. Van Zandt says that he has nothing definite to give out at this time on the difficulties encountered by the Confederate veterans in finding a city in which to hold their 1919 reunion. If no satisfactory arrangements could be made, he said, the reunion scheduled for this year might of necessity have to be postponed, but at present the committee had reached no definite conclusion.

### Inside Electricians Quit Work.

Dallas.—Eighty-five Dallas inside electricians and several hundred members of the same craft located in Paris, Wichita Falls, Denison, Sherman, Greenville, Cleburne and other north Texas towns have walked off their jobs, striking in sympathy with the Dallas linemen, who have been out for the past nine weeks.

### Presbyterian Elect Layman Moderator.

St. Louis, Mo.—J. Willis Baer, Pasadena, Cal., has been elected moderator at the 131st general assembly of the Presbyterian church in the United States in session here. This is the first time in history that a layman was chosen at the highest officer of the church.

### Wheat is Threatened By Rust.

Oklahoma City, Ok.—Wheat is in the head in parts of the wheat growing section of Oklahoma, but continued cool and wet weather and lack of sunshine has been favorable for development of red rust, and it has appeared in all parts of the state.

### Warned Not to Sign Treaty.

Paris.—Messages threatening violence if they sign the peace treaty have been received by the Chinese delegation from various parts of China.

### Propose Awarding Airplane Contracts.

Washington.—Contracts for at least 500 airplanes of the very latest type would be awarded American manufacturers under plans prepared by the army air service and sent to Secretary Baker for his consideration.

## HINES DISCUSSES NEW RAILROAD PROGRAM

OUTLINES CHANGES WHICH HE BELIEVES ESSENTIAL FOR SUCCESS OF ROADS.

### HAS MUCH PRAISE FOR TEXAS

Declares No Section of Country More Vitaly Concerned in Solution of Rail Problems Than Texas.

Dallas.—A comprehensive analysis of the railroad situation in America by the director general and a program proposed for the solution of the railroad problem of the United States by Walker D. Hines, director general of railroads, as an individual, was presented to the business men of Dallas and adjacent towns. More than 300 men prominent in the commercial life of Texas gave strictest attention to Mr. Hines' forceful delineation of the situation and warmly applauded his recommendations for a courageous and speedy working out of standards by which private initiative in the management of railroads may be approved.

In the personal judgment of Mr. Hines, these things are desirable for the successful management of the railroads of the United States:

Crystallization of public opinion. The adoption of a decisive and comprehensive railroad program or policy.

The statutory declaration of definite principles that will give railroads a fair financial return.

The return then of the railroads to private management upon a definite valuation appraisal by the government.

The absorption by the strong of weaker railroads and the preservation of competitive railroad operation by the operation of from twelve to twenty large systems serving the three great sectional divisions of the nation.

The consolidation to be compulsory and not voluntary.

Government representatives on the boards of directors of railroads and representatives of these government directors in the regulating bodies.

A standard of earnings that shall be agreed upon as fair and equitable and government participation in all returns above that standard.

Prompt action, but a thoroughgoing and courageous solution of the problem before the railroads are turned back to private management.

"I esteem this trip to Texas and this visit to Dallas a privilege," he said, "and during the other days when I was connected with the Santa Fe I always enjoyed coming to Dallas and renewing my acquaintances among your citizens. There is no place more vitally interested in the railroad problem than is Dallas with its commercial achievements and promise of the future."

### Removal of Body of Edith Cavell.

Brussels.—The body of Miss Edith Cavell, the nurse who was executed by the Germans, which is being sent to England for burial in Norwich Cathedral, has been removed from Brussels. There was a most impressive ceremony and the streets were draped in mourning. Dense crowds stood the curbs while military honors were rendered by British, American and Belgian troops.

### Physicians Elect Officers.

Waco, Texas.—The following officers of the Texas State Medical Association have been elected: President, T. T. Jackson of San Antonio; vice presidents, Dr. M. E. Taber of Dallas, Dr. G. H. Lee of Galveston and W. L. Crothwait of Waco; secretary, Dr. Holman Taylor of Fort Worth; treasurer, U. L. Allison of Fort Worth.

### Not Trying to Maintain Meat Prices.

Washington.—Secretary Baker denies there was any relation between any attempt to support the prices of meat supplies in this country and the tentative arrangement reached by representatives of the war department and the packing industry for the disposal abroad of 250,000,000 pounds of canned meats.

### Dallas Bank Deposits Break Record.

Dallas.—The bank deposits of this city are the largest on record. Statements issued by the ten banks, in response to calls for national banks and from the state banking department for state banks, showed total deposit of \$82,872,454.27 and total resources of \$109,726,412.05.

### Notaries Must Qualify in June.

Dallas.—Notaries public appointed by the regular session of the legislature are required by law to qualify during the first ten days in June, unless they can show that they were prevented by illness or by absence from the county.

### Baptists Increase Ministers' Relief.

Atlanta, Ga.—The Southern Baptist convention has authorized the establishment of a \$5,000,000 fund for relief work among aged and infirm ministers, with insurance and benefit features.

### Not Yet Asked to Release Kaiser.

The Hague.—Reports that the Dutch government has decided to surrender the former kaiser are untrue. The question has as yet been brought only before the German government.

## When you have a house to rent

Give it a coat of good paint before you tack a sign on it. It won't cost as much as repairs will later. Also, a well-painted house always rents more readily than a shabby one—rents for more money too.

## DEVOE Lead and Zinc Paint

The Guaranteed Fewer Gallons—Wears Longer  
It is just as essential to use good paint on a house you own and rent as on the one you live in. Therefore, paint with Devoc and increase the value of your property.

We guarantee Devoc because we know it is pure and because we know that it always gives our customers satisfaction. It contains no whitening, silica, china clay or other adulterants. Devoc is guaranteed to take fewer gallons and wear longer. We are always glad to show attractive color combinations. Ask for booklet—Keep Appearances Up and Expenses Down.

## S. V. WIRT, Wall Paper and Paint

### PAINT DEVOE PAINT

#### Should Right This Wrong.

The following letter addressed to Governor Hobby by R. E. Huff, prominent member of the West Texas Chamber of Commerce and President of the Wichita Falls Chamber of Commerce, sets forth the principal reasons for a senatorial re-districting in order that West Texas may receive representation in the state senate proportionate to its population:  
Dear Governor:

On behalf of Wichita County and West Texas generally, I wish to ask you to submit to the next session of the Legislature, the question of re-appointment of Texas for senatorial representation. The present apportionment is very unfair and unjust to this section of the state.

The population of Texas by the census of 1900 was 3,048,710. By the census of 1910 the population had grown to 3,896,542, showing an increase of 847,832, or 27.8 per cent for the whole state. Nearly half of this increase is shown to be in four senatorial districts, the twenty-fifth, twenty-sixth, twenty-eighth and twenty-ninth, which showed an increase of 412,459 in the ten years, or 108.8 per cent over four times the increase of the rest of the state.

Counting as West Texas that part of the state lying west of the 98th meridian, and making in the other two districts, the twenty-third and twenty-fourth which lie in West Texas as so defined, the population for these six districts amounted in 1900 to 558,015; in 1910 to 1,063,618, showing an increase of 505,603, or 90.6 per cent for the six districts.

The average senatorial districts in Texas on the basis of the 1910 census should have a population of 125,824. With the above figures before you, you can clearly see that West Texas; which is practically the territory covered by the above districts, are entitled under a reapportionment on a basis of the 1910 census, to eight senators. Now we have been denied our senatorial rights for the past nine years, and we do not want this injustice passed on any longer, and then perhaps perpetuated after the census of 1920.

The present senatorial apportionment is based on a population of only 24,886 in El Paso County, whereas in 1910 it was 52,599, and by some special census that was taken last year it was probably doubled, though I have not the exact figures. Wichita County then had only 5,086, Potter only 10,820, Taylor only 10,449, and other western counties in like proportion.

I call your attention to the message sent by Governor Colquett to the Legislature in 1911, and to the figures given there, although he bases his figures on the number of voters, while I am calling your attention to the number of people. As the figures above show, the six western districts now have an average population of 177,269; while the population of the first senatorial district is only 83,325; of the second, only 99,921; of the third, only 102,524; of the twelfth, only 101,551; of the fifteenth, 106,847; of the nineteenth, 82,724; I use these merely as illustrations.

Now I know that the argument will be used that we will have another census next year, and a reapportionment in the year following. But because there was an injustice perpetrated on the West for nine years, it is no reason why it should continue for another three years. There are many questions which come up affecting the interests of West Texas, where the wishes of our people are disregarded, and their interests adversely affected because we are denied the representation we are entitled to under the constitution and the law.

The constitution provided that the Senate shall consist of thirty-one members, and shall never be increased above that number. It also provides that the Legislature shall, at its first session after a United States census is taken apportion the state into senatorial and representative districts. Now while this has been disregarded, there is no excuse for the continued disregard of this constitutional provision upon the part of the Executive and the Legislature. There is no question more important than to provide for equal representation to the people of all the state of Texas, and I sincerely trust you will promptly submit the question at the coming special session.

Respectfully yours,  
R. E. HUFF.

### NEED OF EDUCATION FOR THE HOME

The popular demand that our schools give training for the home is based upon the significance of the home in the life of every individual, and upon the value to society of a wholesome life. The home is important in the life of the individual because the physical, mental, and moral welfare of children, the chief product of the home, depends largely upon the conditions which prevail in that home. The home is also an educational institution and the place where characters are made or marred. The atmosphere and the teaching, conscious or unconscious, of the home determines in a large measure the child's attitude toward all other institutions and toward all the relations of life. But a good, wholesome home has a wider influence than upon the individual members of that household. The home maker's interest must go beyond her own home and include the welfare of the community. In America the home is the most important of all institutions, and it means vastly more than the house. The house is not the home as the body is not the spirit. So house-keeping is not home making; the

former deals with the material things and processes of the household, while the latter has to do with the spiritual things related to the members of the family. Home making is a profession or at least it may be made one and certainly ought to be so considered. To call any work a profession implies the existence of a certain body of related facts or principles—the inheritance of the ages. But when we begin to examine the province of home making we are at once struck with the immensity of the field. As the home is the unit of society, so home making relates to all human activities.

What should this training for home-making consist of? The home maker should know the needs of the body and how to supply the daily food; she must have a scientific interest in the problems of house-keeping, sanitation, and hygiene; she must know how to furnish a home simply, beautifully, and in good taste; she must develop a love for work through the habit of working successfully; she must learn how to administer a home efficiently and economically; she must be educated for service in the home and in society; she must have a proper balance between theory and practice; finally she must have a keen sense of appreciation of her privileges, duties, and responsibilities.

Where are our girls to learn these things so essential to an education for the home? Many mothers do not have time to teach these things. Thousands of mothers have not received this instruction and do not know how. The home life has shifted to the public school so many responsibilities that we must now look to the schools to furnish training for home making. The girl has become school-minded; she learns other subjects by the school-route; so she should be given an opportunity in school to learn home making. If the school can increase her interest in and respect for the home and its activities, it will have rendered a very valuable service to society. — Jessie E. Rambo, Head of Home Economics Department, West Texas State Normal College.

### EFFECT OF THE WORLD WAR UPON HISTORY

If there ever was any doubt as to the relative value of history in the school curriculum, certainly such doubt has been removed by the World War. The history being made so rapidly today can be understood and interpreted properly only in the light of the past. Historical events do not take place singly today which affect small localities, or even the life of a nation as a separate nation as has been true of the past. The world today is living very close together in one great neighborhood and its people think and act in terms of each other's welfare, or in terms of each other's detriment. The degree to which they will think and act in each other's interests will be determined largely by their relations in the past. Thus the World War by forcing the nations closer together has made history more real and more important. It is no longer a dry mass of facts, static and without life, but to the child it has become a real, living, moving subject and he finds himself in an environment in which he can re-live it easier than ever before. It becomes easy and interesting now for him to see why the early Grecian peoples made repeated attempts to form a league of the city-states in Greece, why Rome attempted to maintain her mastery of the world, why nationalism has failed to keep the world at peace, and why the nations are still attempting to form some sort of unity that will insure peace and security in the future.

Not only is history more easily understood and interpreted as a result of the war, not only has it been made more real, but it has aroused a new interest in the past, not for the past's sake to be sure, but because it is here that an explanation of the present is to be found. The past has a new meaning for the child that it did not have before. His attitude toward his immediate environment is changed from a passive to an inquiring mind. He sees a man of his own acquaintance brought before the courts for trial and sees justice meted out to him by his fellow citizens. If he has merely a high school knowledge of history he traces this back to the habeas corpus act of the seventeenth century. He begins to inquire into his own town, city, or county government and he is at once led back to the local colonial governments of America, and to the county and municipal governments in England and on the Continent during the Modern and Mediaeval periods. And so it is with all of the institutions with which he is surrounded. Through the avenues of the past, the present begins to have a new, a broader, and a deeper meaning. The child is thus led to see that he is not only a part of his immediate surroundings, but also that his group is one that goes to make

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy, and never sore, tender or irritated.

# EDUCATION

is the key word to success in the life of every young man and young woman in Texas. If it were not true before the war, it certainly is true now.

The West Texas State Normal College, though primarily a teachers' school, offers every advantage from the Kindergarten to the College Degree to the boys and girls of the Plains and Panhandle.

Courses as follows are offered:

- Agriculture
- Band
- Bookkeeping
- Bacteriology
- Botany
- Business Law
- Chemistry
- Chorus
- Domestic Art
- Domestic Science
- Drawing
- Economics
- Education
- English
- Expression
- French
- Geography
- Government

- History
- Latin
- Library Economy

equipment and also something toward equipment and buildings. It is proposed to appropriate \$500,000,000 for the scheme.

### Planning County Fair This Fall

In order to stimulate agriculture and livestock raising, the Commissioners' Court has agreed to offer prizes in various branches of farming and stockraising. These prizes are to be awarded at a County Fair to be held some time next fall. The planning of the fair has been placed in the hands of the Wellington Commercial Club.—Wellington Leader.

### Before The Advent Of Woman's Gladness

Women Who Know Take Precaution  
Against Suffering.

Before the arrival of the Stork, women for over half a century have learned the wisdom of giving nature a helping hand. Nausea, nervousness, bearing-down, and stretching pains in the abdomen and muscles are entirely avoided by the use of Mother's Friend, according to the testimony of thousands of mothers who have used this time-honored remedy. Mother's Friend lubricates the fine network of nerves beneath the skin, and by regular use during the period the muscles are made and kept soft and elastic. They can then expand gently and easily when baby is born and pain and danger at the crisis is naturally avoided. Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe and should be used regularly during the entire period before baby comes. Write to the Bradford Regulator Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood Book, and obtain a bottle of Mother's Friend from the Druggist. You will find it the greatest kind of help.

## YOU OUGHT TO KNOW Something about the Refrigerator you buy

Don't make the mistake of thinking that one refrigerator is as good as another.

The famous Gurney, for which we are exclusive Amarillo agents, is designed and constructed by "Refrigerator Engineers" and therefore it is built scientifically.

Refrigeration must be accomplished according to the laws of atmosphere. In designing the Gurney thousands of tests were made to develop a cooling system that would—

### Save Food and Save Ice

Half of the summer sickness comes from spoiled food; this is especially true of children and therefore it is mighty important for you to appreciate the advantages of the Gurney Refrigerator.

The famous Gurney refrigerator can be purchased in Amarillo only at the Cazzell Bros. Furniture Company. They cost no more than unknown makes.

### MAKE AMERICANS OF OUR BOYS

To many of the American people, one of the dread phantoms of the future is the spread of Bolshevism in serious content to America. It would indeed be reason for apprehension, if it were not for the high standard of intelligence of the American people. Forewarned of the danger, such precautions are being taken that there is little or no chance for the movement to grow in America. If Bolshevism were to grow in the future, its membership would necessarily have to be augmented from the youths of this day. Therefore, it is necessary that we make good Americans of little Americans. To reach the ten million youths of the land who will make the nation of tomorrow, some concerted action is necessary. They must be reached through some organization, which will appeal to the boy's ideals and arouse the best there is in them. From its wonderful influence exerted on the boys of America in the last decade and the great service the boys of the nation rendered under its leaders in the war the Boy Scout organization has been found to fill the bill.

The army of boys in the ranks of the Boy Scout organization rendered an invaluable service during the war. They have aided in every war relief campaign and sold many Liberty Bonds and Thrift Stamps. They have set an example of good Americanism that would put many of their seniors to shame. And now a membership campaign is to be waged to enlist ten million youths in the ranks of the Boy Scout organization in this country, which will guarantee ten million good Americans to safeguard our future Democracy. The campaign should have the support of men in every walk of life. They should invest a little of their time and interest in the growing generation. The leaders of these boys are chosen for their moral standing and good influence with the boys.

Canyon should be behind this movement. We have many boys between the ages of twelve and eighteen, who are eligible and need their spare hours

this summer turned to some good end. If their energy is turned into the development of Scoutcraft much mischief that has been a source of worry to parents will be eliminated before it leads into serious trouble.

A boy scout patrol will furnish many boys in Canyon just the opportunity they have been longing for. It will bring the boys together in friendly rivalry in sports and in contests that will build them up physically, mentally and morally. The Boy Scout is taught thrift and responsibility in execution of daily tasks. They are issued uniforms similar to those in use in the U. S. army, which they must buy with money earned by their own efforts. The boys become little brothers to the grown up soldier. And mothers may rest assured that the organization does not lend toward militarism. It merely makes them better prepared for the defense of their nation when its defense is necessary. The membership and service is voluntarily like any other local boys' club. The enforcement of its laws lies within the boys themselves.

The News is interested in seeing a local patrol organized. The Rev. Garner, Archbishop of the Plains, in the Episcopalian church, recently moved to Canyon, is the district-Scout master and will assist in organizing the patrol. All boys interested and wishing to see this patrol organized will please leave or send their names to the News office. A meeting of the boys will be called at an early date.

Speaking of inconsistencies: The official organ of the Ferguson crowd is fighting the Proposed amendment to be voted on Saturday to raise the Governor's salary. When the former governor found it so hard to pay his grocery bill on the present salary, he should be willing to see temptation removed from the reach of future incumbents of the office. We believe the governor of as large a state as Texas should be paid a larger salary, but perhaps \$10,000 is a little large.

### "MUSIC HATH CHARMS"

The people of Canyon love music. This has often been demonstrated by the turn out at musical numbers of lyceum, Chautauqua and home talent programs. It has been further demonstrated the past month by the fact that a local firm has placed 13 talking machines and 1,500 records in Canyon homes.

## SOCIETY

### MISS RAMBO ENTERTAINS.

Miss Jesse Rambo entertained the ladies of the Normal faculty and wives of the college professors from 3:30 to 6:00 o'clock Tuesday evening at the C. M. Ackerman home. The evening's entertainment was further enlivened by vocal solos by Miss Clark, numbers on the piano by Miss Brigham and readings by Miss Michel. A three course luncheon was served.

### RECITAL AT GUTHRIE HOME

The Junior recital of May 14 was given at the Guthrie home.

This was one of the most enjoyable of the recitals as the wee ones gave their program from memory showing exceedingly remarkable skill and ability for their years. The following little gentlemen and ladies helped to make glad the parents and friends by their performance: Carmen Dunn, Carrie Guthrie, Bonnie Foster, Mildred Gregory, William Fleisher, J. F. Gamble, Johnie Bess Richards, Louise Guthrie, Ruth and Mary Matney, Chas. Money, Henry Moriarty, Wilhelmina Oberst, Naomi Masters and Jake Harrison.

At the close of the program, Hershel Coffee rendered a number of violin solos which entertained the little people and their guests.

### MISS EDITH HARRISON GIVES INTERESTING RECITAL

Saturday evening, May 17, Miss Edith Harrison gave a recital at her home to which friends and relatives were invited. She was assisted by music class. The following program was rendered and greatly appreciated by all present. Twilight, Guy; All Smiles, Lieurance; Success Mazurka, Bachmann; At Sunrise, Hoffman—Miss Edith Harrison.

O Sanctissima, Spindler—Miss Dorothy Burrow.

Valse in E Flat, Durand—Tip Bradford.

By Moonlight, Krum—Louise Guthrie.

Dream Ships—J. D. Gamble.

Heigh Ho March, Roife—Jake Harrison.

Brass Band March, Lamartine—Carrie Guthrie.

Heathen Rose, Kunkel—Mary Slack.

Dance Ukraine, Kirchner—Edith Harrison and Sarah Park.

Song of the Sirens Arabesque, McDowell; By the waters of Minnetonka, Lieurance; The Lake of Wallenstadt, Listz; The Morning Call, Harve—Miss Edith Harrison.

After the program was over the following guests were invited to play and gave added enjoyment to the gathering: Little Carmen Dunn, Leta and Henry Moriarty and Hastings Ackley.

The organization of a third party in Texas is gaining some headway and a State meeting for this purpose has been called to assemble in August. The new party is to be known as the "People's Democratic Party," and its leaders are composed of the anti-prohibitionist and anti-woman suffragists. Among the prominent leaders is Joe Lee Ferguson, of Hale County, a brother of former Governor J. E. Ferguson.—Panhandle Herald.

Mrs. T. R. R. Atkins has recovered from an attack of the influenza.

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

## CHURCHES

### ALL SAINTS' EPISCOPAL CHAPEL

Sunday School—10 a. m.  
Bible Class—11 a. m.

There will be a Prayer service and address by Archdeacon Garner, every Wednesday evening at 8 o'clock during the summer months, to which everyone is kindly invited.

Bishop Temple will be at Canyon and preach at the chapel on June 8th, of which further notice will be given.  
WM. GARNER, Rector.

### REVIVAL SERVICE AT THE FIRST BAPTIST CHURCH

The Baptist summer revival opened in Canyon last night under the direction of the local pastor, Rev. B. F. Fronabarger. He will conduct the services nightly assisted by Herbert Reynolds a gospel singer. The services are held at the First Baptist Church.

### METHODIST CHURCH

Sunday School—9:45.  
Preaching at 11 o'clock at the High School building.

As heretofore announced, we will call in our night services and worship with our Baptist brethren in their revival meeting. We desire to have our people together especially Sunday evening to get final report on the Centenary Movement.  
R. A. STEWART, Pastor.

### ALUMNI BANQUET SATURDAY NIGHT

Because of the presence of an unusual number of members this year, the annual alumni banquet was converted into an informal reception. The central theme for the evening was "Our Home-Coming in 1920". The musical program consisted of numbers by Misses Bumgardner, Guenther and Brigham, Mrs. Millard Word and Mr. Clark. The speakers for the evening were Dr. Ingham, Miss Marcelette Hall and President Hill. Charles Keffer was elected as a delegate to the Young Men's and Young Women's summer conference at Hollister, Mo., by the Y. M. C. A. and Elsie Hall, Lorine McGehee and Madge Day by the Senior Y. W. C. A. Annadel Guenther was elected as delegate to the Junior summer conference.

Mrs. C. W. Warwick has received a message from Mr. Warwick that he has sailed from France and will probably arrive in New York the latter part of this week. Mrs. Warwick will leave Saturday for Montezuma, Iowa, where he will soon join her.  
Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

## WAYSIDE WARBLINGS.

(Mrs. Ida Sluder, Correspondent)  
The weather continues cool, clouds threatening, but rain is delayed to the satisfaction of all, as open sun shine is greatly desired.  
Misses May and Naasson closed a very successful term of school last Friday and Saturday nights. Large crowds were out both nights and the programs were well rendered and enjoyed by the large crowds present. They have been employed by the trustees to teach the next school.  
Miss Naasson is spending the week with Miss May at her home near Vigo Park. They will attend the ball game at Wayside next Saturday, after which Miss Naasson will go to her home in Mississippi to spend her vacation.  
Rev. Z. B. Pirtle of Silverton and Mr. Swepton of Tulia are expected at Wayside Tuesday night to lecture on the Centenary Movement Drive. Everyone is invited to be at the school house.  
Community meeting next Thursday night to discuss the Prohibition and Woman Suffrage subjects. All are invited.  
The ground is dryer, which has improved wheat. It is looking well, some heading.  
W. R. Franklin, wife and Roy, W. C. McGehee, wife, mother and daughter, M. C. J. S. and Grace Sluder, with their mother, Mrs. Ida Sluder, J. C. and Miss Ruby Payne were entertained by Mr. and Mrs. Wm. Payne to dinner last Sunday.

## UMBARGER NEWS.

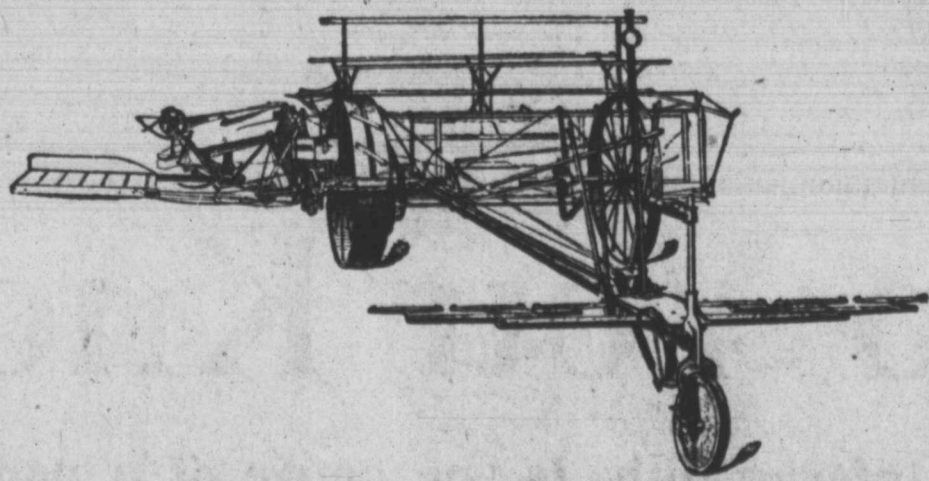

(Lois Skypala, Correspondent)  
The dance last Saturday night in Umbarger was a dandy one.  
Mr. and Mrs. Otto Potanny visited with Mr. and Mrs. Joe Beckman Sunday.  
Mr. Anton Sommer, Jr., of Schulenburg, Texas, arrived here last week and is visiting his sister, Mrs. Fritz Friemel.  
Mr. C. Williams is at home for his furlough and he is looking good.  
Ben Hess and John Batenhorst were in town Thursday on business.  
Mr. and Mrs. John Bedink were in Canyon Friday.  
Miss Ottiala Poeffel visited with Miss Frances Beckman Thursday.  
Sunday guests at the P. Friemel home were Mr. and Mrs. John Begrin of Canyon and Paul Arthur and Joe Grosh.  
The young folks were entertained Sunday at the Erdman home. Ice cream and cake were served.  
Mr. and Mrs. E. J. Friemel called at the Joe Friemel Sunday.  
Mrs. Herbert Miller and Mrs. E. J. Friemel went to Hereford Monday on business.

## PRESENTATION OF HIAWATHA'S WEDDING FEAST BY THE NORMAL CHORUS

One of the finest musical features ever enjoyed in Canyon was given Thursday night, May 15, at the Normal auditorium, when "Hiawatha's Wedding Feast" was presented by the W. T. S. N. C. chorus and orchestra, conduced by Prof. W. R. Clark.  
The program given by the orchestra, previous to the cantata, as well as the entire orchestra, showed both the work and efficiency of its members.  
It is difficult to fully appreciate the splendid work done by the chorus, and only under the direction of such an able conductor as Mr. Clark, could such a program have been enjoyed at this time. Mr. Clark not only showed himself a conductor, but also in his solo, "The Song of Chibiabos", the audience realized more than ever his ability as an artist.  
Canyon is indeed fortunate to have such musical numbers as have been afforded her the past winter and spring and we feel that they have indeed been a credit to the school as well as the entire community.

## MANY CANYON PEOPLE ATTEND I. O. O. F. MEETING

The following Odd Fellows and Rebekahs from Canyon visited the Panhandle Association of Odd Fellows and Rebekahs in Amarillo Tuesday and Wednesday:  
Messrs. C. M. Ackerman, W. J. Fleisher, Mesdames C. M. Ackerman, I. C. Jenkins, N. A. Croson, Ola Ridgway, Misses Columbia Redfearn, Mildred and Blanche Croson.  
Miss Columbia Redfearn won a gold medal for the best rendition of the Chaplains charge. She was also elected treasurer of the association for the coming year.

We still have some Deering and McCormick Harvesting Machines not sold, now is the time to place your order while they are to be had. Indications are that all available Machines will be sold in a few days. If you have a Machine look it over for the needed repairs and get them so as to be ready for the big Harvest. Repair department may be over run when the Harvest comes and make it very hard to get the repairs wanted.

**Starting A Dairy Herd With Calves.**

Young calves from good dairy cows are a satisfactory foundation for starting a dairy herd, in the opinion of specialists. Ordinarily the method advanced is to grade up common cows with a pure-bred bull, requiring a number of years of patient selections and breeding—a period sometimes discouraging farmers, who want results too quickly, to change breeds.

It is expensive to buy mature dairy cows that are free from disease, that have good breeding and show desirable productive ability. Often, especially in new dairy sections, a farmer buys nature stock without being properly prepared to care for it, and many discouragements follow. To a great extent most of this difficulty can be avoided by buying good grade heifer calves from herds of well-established milk production. In some dairy regions it is a common practice to sell the heifer calves for veal. These calves, while only grades, are usually from good producing ancestors, and carry a productive ability much greater than common cows.

The buying of such calves to start dairy herds has been tried in several states with excellent results. Of course, the cost of small calves is much less than mature animals, and the danger of disease is also greatly lessened. In general shipping is simpler. Calves may be shipped by express at from two to four weeks of age, depending upon the distance, with good results if they are properly cared for upon arrival.

In buying it is important to deal only with dairymen. Do not buy from men who purchase calves at stock yards to ship back to the farmers, because it is not always possible to determine the breeding of the calves; and calves that are physically unfit may be shipped.

In some cases shipments are made c.o.d. which enables the buyer to see the calves before paying for them. A man who sells calves in this way makes a special effort to please his customers. It seems desirable, especially in sparsely settled sections, that more attention be given to perfecting a satisfactory system of distributing dairy calves to farmers.

Advantages in buying small calves as a foundation for a dairy herd are summarized as follows:  
 Small investment—  
 Better breeding—  
 Greater freedom from disease—  
 In case of accident loss is smaller—  
 Raising calves stimulates interest and in consequence causes better care of livestock.

A satisfactory herd can be established more rapidly than by grading up common cows.—Ft. Worth Livestock Reporter.

**Railroad News**

W. B. Lemaster, real estate and insurance man of Ochiltree, was a visitor to Hansford on Tuesday. Mr. Lemaster says the Ochiltree Commercial club was endeavoring to learn something definite about our railroad when construction work would be resumed, etc. The Club recently sent a telegram to Walker D. Hines, director general of railroads, and in reply Mr. Hines stated that the government had just recently granted the Santa Fe company permission to complete the road to Spearman, but had not agreed to operate same. The Company would not likely care to operate this short line while its main lines are under government control, and so we are still up in the air. If President Wilson finishes attending to the affairs of Europe, comes home and calls a session of Congress to meet early in June, as has been intimated that he would do, this congress may return the management and control of the railroads to the owners, along with the telegraph lines. In this case the Santa Fe company would very probably complete the Shattuck line in time to move out this year's wheat crop.—So mote it be.—Hansford Headlight.

The Conway Record, of Conway, Iowa, published the following notice of the marriage of Mrs. Lottie M. Bowen. We give this because of the number of friends Mrs. Bowen has here. For several months she was associated with our school people. Following is the announcement:  
 On April 16 occurred the marriage of H. I. Emmitt, of near Conway, and Mrs. Lottie Bowen of Amarillo, Texas, the nuptial ceremony taking place at St. Joseph, Mo.

Mr. Emmitt is our popular hardware proprietor, and also owns one of the fine farm homes east of Conway and is well known in this vicinity and in this county, where he has been a successful farmer and stock raiser for many years past.

The bride, Mrs. Lottie Jenkins Bowen, was a former resident of this locality and is quite well known by many of our readers.

Mr. and Mrs. Emmitt are now "at home" at the fine Emmitt residence east of Conway, where they will be pleased to welcome their friends.

**Old Two Toes a Dead Wolf**

Mr. and Mrs. Howard Brite of Cold Springs were in town Monday exhibiting the head and skin of Old Two Toes, a famous loafer wolf that has been making his home in the county for a number of years and has eaten many calves and lambs for the ranchmen. He had perhaps been caught in a trap at some time as he was minus two toes on his left front foot. The ranchmen have been seeing his tracks for years and have found many calves that he had killed. A coyote will kill a calf and live on it until it is eaten up, but a loafer eats only the blood and liver of the animals it slays, and never returns to the carcass after it has once left it.

Mr. and Mrs. Brite had started to Kenton in their Ford Sunday when they discovered the wolf in Dick Wilson's pasture trying to catch a calf. Howard shot at him and missed and he had to take the hinge rod out of his jitney hood to get the shell out of his gun with. He then shot again and missed, so finding that he had only one cartridge left, he gave chase in his Ford Mrs. Brite driving and Howard holding the gun ready to shoot when he was close enough to be sure to not miss. After an exciting chase of about two and a half miles they ran on to the wolf close enough that Howard got him. Something was said about buying Howard a new gun as a reward for killing the wolf, and we understand that some of the ranchmen chipped in five bucks around. Howard has killed 13 loafers since he has lived here. He shot two, trapped one and poisoned one caught the others with his saddle rope.—Boise (Okla.) News.

**TO MAKE AMERICANS**

With all the unrest that has assailed the various nations of the world during the past year, from which even our own country has not escaped, as witness, the May Day uprisings and the recent sending of bombs through the mails, American men and women are being brought face to face with a condition which they have either consistently ignored or half-heartedly deplored, in the past. The jolt that the war gave them has opened their eyes and made their minds receptive to the dangers that

lyrk in the insidious propaganda that is being spread throughout our country by the Bolshevist, I. W. W. and kindred organizations and all loyal Americans are casting about for some way to offset their pernicious influence.

Most people are agreed that the best and only sure way to accomplish this end is to inculcate in the boys and girls of the present time, the principles of loyalty, kindness and brotherly interest that will make them impervious to the dangerous doctrines of these world destroyers. Certainly no better way of doing this could be devised than the method adopted by the founders of the Boy Scout movement and the faithfulness with which the boys of their homes are not encouraged to join. Not only are the Scouts taught the duties, obligations and highest conceptions of American citizenship but they are given much useful knowledge and training that they do not get anywhere else.—Southwest Plainsman.

President Wilson has, by proclamation, set aside the week June 8 to 14 for a drive for memberships for this organization. Of the 10,000,000 boys in the United States between the ages of 11 and 21, only 375,000 belong to the Boy Scouts. Everyone of the 10,000,000 should belong and every American father and mother is gravely derelict in parental duty, to say nothing of their obligations to their country, if the boys of their homes are not encouraged to join. Not only are the Scouts taught the duties, obligations and highest conceptions of American citizenship but they are given much useful knowledge and training that they do not get anywhere else.—Southwest Plainsman.

The Happy Oil Co. will spud in within the next three weeks.

The Amarillo Typewriter Exchange buy and sell typewriters. 15 years in the business. Work guaranteed. J. Leslie Williams, Mgr., 107 West Fourth St., Amarillo, Texas.

**A Coated Tongue? What it Means**

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order. PROF. HEMMETER says: "The liver is an organ of secondary importance only to the heart."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom. The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation. A blockage in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take a pleasant laxative. Such a one is made of May-apple, leaves of aloe, jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

STOCKTON, CALIF.—"For constipation, sick headache, an inactive liver, indigestion and biliousness there is nothing to equal Dr. Pierce's Pleasant Pellets. I have tried other things but like the 'Pellets' best of any."—Mrs. F. CAMPBELL, 329 S. Grant Street.

**Cheap, quick way to stop rheumatism**

Try toning your digestive and eliminative organs with NR. Free your body from poisonous waste and relief is quick.

**One Day's Test Proves NR Best**

Are you willing to be convinced that sore, stiff, aching joints or muscles can be relieved and rheumatism greatly benefited if not entirely conquered, for the insignificant sum of 25c. Sounds too good to be true, doesn't it, yet thousands of people who had rheumatism have found that it can be done, and thousands more are doing it today. You've tried the high priced and expensive things, found that they failed,—you still have your trouble, why not try this simple, economical, yet sensible plan, and let results speak for themselves? Just get a 25c box of Nature's Remedy (NR Tablets) and begin taking it tonight. It acts on the digestive and eliminative organs, improving digestion and assimilation and cleansing the body of accumulated waste, impurities and poisons. With good digestion and assimilation, the body is nourished and vitality and natural

power of resistance against disease greatly increased. With the kidneys and bowels acting vigorously and regularly and the body freed from irritating poisons, relief must come. Nature's Remedy (NR Tablets) through mild and gentle in action, does its work thoroughly and quickly. There is nothing harmful in it, nothing to upset the stomach, and no gripping, pain or any discomfort. The only result is pleasant, glorious, welcome relief and benefit. Try it—you take no risk in doing so for Nature's Remedy costs only 25c (enough to last twenty-five days), and is sold with the distinct understanding that it must relieve and benefit or money back. More than one million people in this country are using Nature's Remedy today. Five million boxes are used every year. What better proof of its great merit could be offered? It is sold, guaranteed and recommended by your druggist!

## When You Can't Sleep

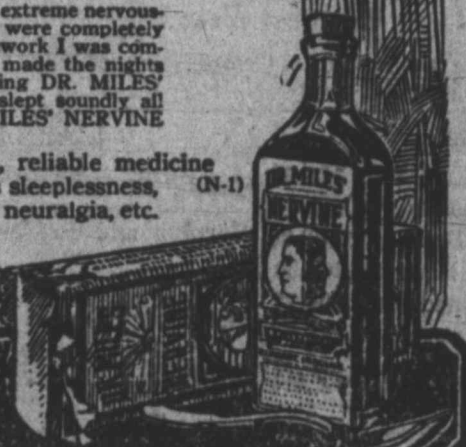

and you get up as tired as when you went to bed, it is a sure sign that your nerves are out of tune. If this continues long, a nervous breakdown and a train of ills are bound to follow.

The experience of Mrs. H. L. Redman, of New Haven, Conn., will interest you. She says:

"For several months I suffered from extreme nervousness and sleeplessness. My nerves were completely unstrung. After doing light housework I was completely fatigued, and loss of sleep made the nights long and tiresome. I began taking DR. MILES' NERVINE and the first night I slept soundly all night. I can truthfully say DR. MILES' NERVINE completely cured me."

DR. MILES' NERVINE is a safe, reliable medicine for all nervous disorders, such as sleeplessness, nervousness, hysteria, headaches, neuralgia, etc. It is non-alcoholic and contains no harmful drugs. It has been helping nervous, distracted, discouraged sufferers back to health for 30 years. Ask your druggist about it.

**DR. MILES' NERVINE**

The spudding in of the Nee-No-She well, which had long been delayed first by non-arrival of the necessary

material, and afterwards by impassable roads, took place this afternoon. —Quah Tribune-Chief.

### PRESIDENT CABLES MESSAGE

Washington, May 20.—President Wilson's cabled message outlining legislation for the extra session of the new congress was read separately in the senate and house today by clerks and arrangements were made by congressional leaders for immediate consideration of the last legislative program with the equal suffrage resolution to come up tomorrow in the house.

Major recommendations of the president were for early return to private ownership railroads, telegraphs and telephones; for repeal of war time prohibition insofar as applying to beer and wine, for women suffrage, retaliatory tariffs, protection of the dyestuff industry and labor and employment measures. The president announced his intention to turn back the railroads at the end of the calendar year.

Republican leaders met the president's proposals for early return of public utilities by statements that such legislation already was planned. As to the prohibition recommendation both republican and democratic dry leaders joined in vigorous statements dissenting from the president's suggestion and predicting that no beer and wine repeal would be passed. Opinion in both senate and house as ascertained by leaders was general that the ban on beer and wine would not be lifted. Presentation of the president's message—the first ever transmitted to this country by cable—was the principal business of today's session. Neither the senate or house was in session much more than an hour, the senate adjourning until next Friday and the house until tomorrow. Until the president's message was read the house was advised to take up the suffrage amendment. Its adoption before adjournment is planned. Leaders promised action in the upper body probably early next month.

### FLAINE OIL NEWS

The Palo Duro Oil Co., which has its derrick up for the first well on its holdings 26 miles southwest of Amarillo in the Palo Duro canyon, expects to spud in by the first of the month, the tools having been shipped from Wichita Falls a few days ago.

The rig has been moved from the Haggood gas well to a location about two miles south of the gas well and Mr. Haggood stated Monday that he hoped to start actual drilling before the end of this week.

The material is being hauled from Panhandle to construct the derrick on the Purvines tract 10 miles north of St. Francis, and the rig and drilling tools are on the side track at Panhandle. This well should be spudded in within the next 30 days.

Contracts have been signed for two wells on the Dawson ranch near Channing and the derrick for the first one is now being built. The well is located two miles southeast of the old XIT headquarters and about four miles from Channing.

Drilling is progressing rapidly on the No. 2 gas well on the Amarillo Oil Co. holdings at the foot of John Ray Butte, 29 miles north of Amarillo, and material is being hauled out for the rig on No. 3. It is hoped that a gas well will be completed early enough so that the supply will be sufficient for the laying of a pipe line to Amarillo before winter to furnish that city with natural gas for fuel purposes. A proposition is now before the city commission for a franchise for this purpose.

Lee Bivins has signed a contract for a deep test on his ranch just north of Amarillo, work to commence as soon as a rig can be put on the ground.

A contract has been signed between the Glen Rio Oil Company and Lenix-Harter, drillers, whereby the latter parties are to drill a test well on the Glen Rio holdings. The contract calls for a thirty-five hundred foot well and drilling must be commenced within the next ninety days.

This company has 40,000 acres along the state line in Texas near Glenrio, and it is stated that a second well will be contracted for at once.

The officers of the company were elected some time ago and are as follows: Henry Nobles, president; Judge Madden, vice-president; H. C. Pipkin, secretary-treasurer; Lee Bivins, P. H. Lancorin, Will Herring and Henry Nobles, directors.

A road is being built south from Romero a distance of 18 miles to a location for a well on the leases of an Amarillo company, and as soon as the road is finished a rig will be put up and actual work begun. This is in Hartley county.

### Produce Infertile Eggs

Poultry experts in a position to know whereof they speak estimate that \$15,000,000 are lost annually because of the production of fertile eggs during the summer months.

Fertile eggs will not keep in warm weather at a temperature above 60 degrees, and few in the rural districts are in a position to keep their eggs below this temperature. Infertile eggs will keep for about two weeks in edible condition, which gives time to gather the eggs and get them to market.

Furthermore, during the spring and summer when eggs are plentiful it is customary to eat eggs morning, noon and night until one can scarcely stand the sight of an egg, simply because they are plentiful and may spoil.

It would be much better to save these eggs for use when the hens are not laying so plentifully, at which time eggs are at a premium.

This may be done by producing infertile eggs. Drive the rooster from the flock. This will not interfere with the production of eggs. In fact expert poultrymen seem to feel that it helps the production. Kill the scrub roosters, and isolate the pure breeds until fall. Do not place them in a small pen, but rather in a roomy, shady enclosure, where they may get plenty of exercise, grass and insects.

Eggs may be preserved in water glass and used during the winter.

May the 29th has been set aside as the day to banish the rooster from the flock and introduce the great drive for the production of infertile eggs in order to save Texas' proportion of the usual annual loss.

### GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of crushed white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the crushed white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

"That's just what I've always wished a cigarette would do — satisfy"

The feature of Chesterfields is that they begin where other cigarettes leave off.

In other words, besides pleasing the taste, Chesterfields go 'em all one better—they satisfy! Just like a long drink of cold water satisfies when you're downright thirsty.

No other cigarette can give you this new thing in cigarette enjoyment because none can copy Chesterfield's blend.

It's a blend of the finest TURKISH tobaccos from Xanthi, Cavalla, Smyrna and Samsoun and several varieties of the choicest DOMESTIC. And the blend itself—the skill with which these tobaccos have been proportioned—is a real discovery in cigarette making.

*Liggett & Myers Tobacco Co.*

**Milch Cow Sold at \$150.**  
W. I. Rains sold 17 grade milch cows and a bull last week to L. F. Gregory of Clarendon, at \$150 around. And thereon hangs a tale. It's the first time in Mr. Rains' twenty-one years of married life that he's been without a milch cow, and his family is growing fearful of the consequences. They say he hollers "So, Bossy" in his sleep, and grabs a milk pail and looks wild just the minute he gets his belt buckled every morning. —Hedley Informer.

**GROWING HOGS.**  
For a hog to be profitable he must be kept growing from birth to marketing age. He cannot be profitable unless he is healthy. He can always be in a profit-producing condition if he is fed B. A. Thomas' Hog Powder. We positively tell you that this remedy prevents cholera, removes worms and cures thumps. If the powder does not make good, we will.

**IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED**  
Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

**You Do More Work.**  
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, listlessness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, know it brings color to the cheeks and hair; it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Cod Liver Oil, Purify it and ENRICH it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

**TO SAVE BABY CHICKS, PUT THIS IN THE DRINKING WATER**  
Most people lose half of every hatch and seem to expect it. Chick cholera or white diarrhoea is the trouble.

This loss is needless and easily stopped, by putting Avicol in the drinking water. We prove it by this offer:—

Call at our store for a 25c or 50c package of Avicol. If you don't find that it promptly stops your chicks dying, cures white diarrhoea and all other bowel diseases of poultry, your money will be refunded.

Avicol revives the drooping chicks and helps them grow and develop rapidly. Shows positive results in 48 hours. Easily used and inexpensive.

(Continued from Page One)  
into her family as her favorite child, you must prove your right to a place in her royal palace. Nor will destiny mark you for her own. Common sense, sound judgment and energy stamp every successful career. The judgment of our fellow man is a severe tribunal before which you must appear, not as the accused merely,

but as the condemned. Nerve your heart and strengthen your arm to meet life's issues. You ought to experience keen joy in the hope of honorable contest."

We regret that our limited space forbids us reproducing this most appropriate talk in full. Those in attendance Monday morning were fortunate.

J. C. Barnett took his daughter to Fort Worth the first of the week where she has undergone an operation for appendicitis and is now on the road to recovery.

**HAPPY NEWS**

(Continued from page one)  
grandpa and grandma and the Chas. Hage family.

Mrs. Lester Dillon returned Sunday from Canyon where she was visiting Mrs. R. L. Dillon and children for several days and attending the commencement exercises at the Normal.

Chester Ric visited his mother in Amarillo over Sunday.

J. B. Knox went to Plainview Sunday to visit his father in the sanitarium there. He is doing nicely and is able to sit up.

Born May 15, to Mrs. Mose Wesley a big girl. Mother and babe are doing fine.

H. L. Starr of Canyon was on our streets Friday. He will be remembered here as he taught our school last year.

Mr. and Mrs. Ben Hage and son Ralph left last week for Wichita Falls and other points to visit relatives and friends for some time.

Born, Thursday, May 15 to Mr. and Mrs. C. L. Goad, a big girl, all doing fine.

J. J. Bawer and E. F. Arnold left Monday for Pampa to attend the tractor demonstration.

Word has been received here that Sgt. James Gurley has been discharged from camp Travis. He is expected in any day, he having stopped over at Dallas to visit a sister.

Word was received for Jake Gazaway saying he would be home in June from France.

Mrs. Charles Innis and Miss Gladys Neff will entertain their Sunday School classes Thursday night with a party at the P. J. Neff home.

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 20c.

**NOTICE.**

A meeting of the share holders of the First State Bank of Canyon, Canyon, Texas, will be held at its banking house in Canyon, Texas, on Monday the 30th day of June, 1919, at 3:00 o'clock p. m., for the purpose of voting on increasing the capital stock of said bank by at least 25 per cent thereof.

GRADY OLDHAM, D. A. PARK, J. W. REID, Directors. 5-9tc

**CALOMEL SALIVATES AND MAKES YOU SICK**

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.
